Matriculation.

Candidates for matriculation will be examined, at the close of the College year, or on the day before the opening of the first Term, in Arithmetic, English Grammar, Geography, English, Grecian, and Roman History; and in Algebra, as contained in the first six books of Davies' Bourdon—or an equivalent.

They must be thoroughly acquainted with the Latin and Greek Grammars, and be able to translate and parse accurately two books of Cæsar, two books of the Æneid of Virgil, two Orations of Cicero, and two books of Xenophon's Anabasis.

No Candidate will be admitted unless he has completed his fifteenth year.

Candidates may enter advanced Classes after undergoing satisfactory examination in the previous studies of the Course.

Department of Theology.

The Course of Instruction embraces the following studies :—

- 1.—The Hebrew Language and Literature.
- 2.—The principles of Biblical Criticism and Interpretation, illustrated and applied in exegetical exercises on portions of the Hebrew and Greek Scriptures.
- 3.—Theology in its various branches.
- 4.—Ecclesiastical History, with special regard to the Christianity of the first five centuries, the Reformation from Popéry, and the rise and progress of the Baptist Denomination.
- 5.—Ministerial and Pastoral Duties and other subjects, in courses of Lectures.
- 6.—The composition of Sermons. Students in the Theological Department are required to furnish written sermons or skeletons of sermons, and essays on theological subjects, during the whole course.

Candidates for the ministry, who are not members of the College, may enter the Theological Department, with this proviso, that they will be subject to all the regulations of government and discipline which may be in force in the College at the time.

It is desirable that students in the Theological Department be recognised by the Churches to which they belong as suitable candidates for the ministerial office.

DAILY RECORD.

The value of each student's recitation in class is regularly recorded by the Professors. For a perfect recitation the number is 10; for a less perfect one, a smaller number; for a deficiency, 0. If the deficiency is not satisfactorily explained, a mark of *demerit* is affixed to the name.

Unexcused absence from morning or evening prayer, or from class, incurs a demerit of from 2 to 10.

Should the demerits of a student, during any Term, amount to 50, a communication to that effect will be made to his parent or guardian, or to the owner of the Scholarship under which he studies.

Should they amount to 100, expulsion from College will be incurred.

At the close of each Term a general average is drawn, and the Students are divided into three classes. Those whose averages are 7.5 and upwards constitute Class 1;—those whose averages amount to 5, but are less than 7.5, constitute Class 2;—if the averages of any are below 5, they may lose the Term, or be required to leave the College.

At the close of every Term, the standing of each student is ascertained, and a report of the same, together with a statement of the number of absences from prayers, or recitation, is sent to his parent or guardian, and to the owner of the scholarship, the benefit of which he enjoys.

DISCIPLINE.

Extracts from the "Laws and Regulations for Students":—

The Students shall occupy such rooms as shall be approved by the Faculty. Room-rent, tuition, fuel and library fees, must be paid in advance at the commencement of each Term.

If any Student joins a Class after the commencement of a Term, he must undergo examination in the previous studies of the Class during that Term.

Inattention to study, and misbehaviour of any kind, will subject the offender to private or public reproof, a record of demerit in the weekly report, the loss of a Term, or suspension, at the discretion of the Faculty.

All the students are required to be present at Morning and Evening Prayer, and to attend some place of worship, in the village or its vicinity, every Lord's day.

No Student is allowed to be absent from the College for a night, during Term, (residents in the village excepted) without the permission of the President, or, in his absence, of the senior Professor.

The use of intoxicating liquors is absolutely prohibited.

No person is allowed to use gunpowder on the College premises.

LIBRARY.

The Library of the College is accessible under proper regulations to members of the College and Academy.

The College is provided with proper Apparatus for Experiments in Natural Philosophy, Chemistry, Surveying, &c. Also a commodious Cabinet well furnished with contributions from various parts of the world, illustrative of the departments of Geology and Mineralogy, in which the rich deposits of Nova Scotia bear a conspicuous place.

EXAMINATIONS.

FIRST,—Of all the Classes, at the end of each Term, on the studies of the Term.

SECONDLY,—Of candidates for the degree of A. B., on such studies of the course as the Faculty may from time to time select.

ANNIVERSARY.

A public anniversary is held in the month of June in every year, when Candidates for Degrees deliver public exercises;

addresses or essays may be given by persons connected with the College, or otherwise selected for this purpose; a meeting of the Governors takes place; and Degrees are conferred.

Exhibitions of original compositions are also given publicly at the close of the first term.

DEGREES AND CERTIFICATES.

Honor Certificates will be given to those Students who sustain satisfactory examination on the studies of the Honor Course. That Course is open to all advanced Students, after the first Term of the Freshman year.

The Degree of Bachelor of Arts is granted to those Students who sustain a satisfactory examination on all the studies of the Course.

The Degree of Master of Arts may be received at the expiration of three years after the bestowment of the first Degree—subject to such regulations as the Faculty, with the approval of the Governors, may from time to time establish. Applications for this Degree must be sent to the Secretary six months before the Anniversary.

Certificates of standing and attainments will be given to such students as may leave the College during any part of the Course, and are entitled to honourable dismissal.

The fee for the Degree of A. B. in course, including Diploma, is four dollars, payable in advance; for the Degree of A. M., six dollars.

TERMS.

The First Term commences on the 1st of September in each year, and ends on the 20th of December.

The Second Term commences on the 6th of January, and ends on the 24th of March.

The Third Term commences on the 28th of March, and ends on the 6th of June.

VACATIONS.

First, from 20th December to 6th January. Second, from the 6th June to the first of September.

EXPENSES.

Board is provided at the Academy Boarding House for 12s. 6d. per week, in which is included washing and the necessary care of the Studies and Bed Rooms. There are other Boarding Houses in the village, where, if approved by the Faculty, Students may obtain accommodation : but no arrangement for boarding must be made without first consulting the President.

ROOMS.

Apartments for a limited number of Students are provided by the College, for which a rent is paid by each occupant towards a fund for the general repairs of the College buildings.

SCHOLARSHIPS.

There is no charge for tuition to students entered on the foundation of a scholarship in the Endowment fund.

In other cases, the tuition fee is £6 per annum, or at that rate per term.

MORAL AND RELIGIOUS GUARDIANSHIP.

The utmost care is designed to be taken in the education of the Students, to promote their moral and religious, as well as intellectual culture.

All members of the College are expected to attend public worship regularly on the Sabbath ; and parents and guardians are requested to give instruction as to the place of worship they wish the Students under their care to attend.

Acadia Athenæum.

The object of this Society is the improvement of the members in discussion and public speaking. It meets weekly.

Arrangements are made for a Course of public Lectures during each College year.

There is under its control a Reading Room, where may be found a select variety of newspapers, provincial and foreign.

The Athenæum is under the sole management of the Students of the College, subject to the approval of its laws and regulations by the Faculty. Graduates may become honorary members.

 Rev. S. W. DeBlois, A. M.

ANNUAL REPORT.

The Executive Committee of the Associated Alumni of Acadia College beg leave to submit their Sixth Annual Report. The society numbers at present 68 members. The names of 20 persons have been dropped from our list of membership—not having paid their dues or been heard from for several years. On the other hand we have had additions to the number of ten, the most of whom, we are glad to say, have been from the graduating classes of the few previous years.

By the Treasurer's Report herewith submitted, it will be seen that the sum of fifty-nine dollars has been received from subscribers during the past year. But as usual a large balance remains unpaid for arrears. In accordance with the Bye-laws of the Society the President, Vice President, Secretary, Treasurer, together with all of the Directors, go out of office at the present time, all of whom, however, are eligible for re-election.

All of which is respectfully submitted.

NOTE.—By the report of a Special Committee adopted at the last Annual Meeting, membership in this Association is henceforth limited to Graduates of Acadia College, with the exception of non-graduates, now members, and the object to be kept in view by the Association is declared to be the renewing around the portals of the College, the friendships of Collegiate life, and rendering permanent, feelings of attachment to the College, and by such auxiliary means affording a guarantee of the life-long devotion of the members of the Association to the interests of the College and through her to the cause of Education throughout the Province.
