

GAYEST WEEK OF THE SEASON

Ascot Sunday on the Riviera - All Grades of Society Were Out.

(Canadian Press Despatch) NEW YORK, June 23.—A London cable says: This is likely to be the gayest week of the season. Ascot Sunday is always spent on the Riviera, and yesterday was certainly the greatest up-to-the-river day of the year. All grades of society were on the water and a record number of craft, 1,600 to be precise, passed through Boulogne's Lock. Today the Prince of Wales celebrated his nineteenth birthday. The King and Queen will attend the opera at Covent Garden to-night to hear Melba and Caruso in La Boheme. This is really a command performance, as the Queen has expressed a wish to hear these famous singers together in her favorite opera. Tomorrow the Prince, as representative of the King, welcomes the French President at Portsmouth. The Prince of Wales and President Poincaré will travel together and his suite will be received by the King. Wednesday is "Alexandra Day," when London will be a city of roses. Artificial and wild roses are to be sold for charities in which Queen Alexandra is interested, by 20,000 women dressed in white with wreaths of wild roses in their hats. Queen Alexandra will, during the afternoon, drive around London to visit the centres where the roses are sold. Thursday's great event will be the "magnificent" State ball at Buckingham Palace. Several private dances are also fixed for this event.

HEATED AIR MADE EXPLOSION

Theory in Connection With Terrible Fatality at Montreal.

(Canadian Press Despatch) MONTREAL, Que., June 23.—That the wall which fell during a fire here yesterday in the sash factory of Bizeux and Sarrazin, and killed four firemen and injured five others, was blown out by an explosion of heated air, was the statement issued by Fire Chief Tremblay this morning. He estimated that the damage done by the fire, which did not start until it is believed, by a cigarette butt, carelessly flung into a pile of shavings. All the injured men were reported as doing well this morning. A civic funeral will be given the dead firemen on Wednesday and services will be held in the Roman Catholic and Protestant churches. A benefit in aid of the Montreal women's benevolent fund, which was to have been held to-night, has had to be cancelled, but the newspapers have opened their columns free for the acknowledgement of subscriptions.

Mohawk Car Service.

The city street car service to Mohawk Park has been withdrawn and the Grand Valley cars, which run down there every hour, all which are now being conducted between the city and the park. The matter will be taken up by the proper authorities in the near future.

Building Permits.

Building permits have been issued by the City Engineer's office to Wilson Payne for the erection of a brick cottage on Grant St. costing \$1,000. William Sutch, for the erection of a brick cottage on Rawdon St. to cost \$1,000.

Sad Word.

News was received in the city this morning of the death in Toronto of Mrs. Georgina King, a daughter of the late Mr. George King, all formerly of Brantford. The funeral will take place in Brantford, and further particulars will be announced later.

Seriously Ill.

Many friends will regret to learn of the very seriously illness of Mrs. Snyder, wife of Rev. A. I. Snyder, pastor of Sydenham St. Methodist church. The family have all been summoned and have arrived in the city.

McManus Released.

Word reached the city this morning to the effect that Louis Cook, Manager of the Guelph team had released Fisher McManus for not complying strictly to the rules and regulations of the club.

Take a Rest.

There will be no practice of the local lacrosse team to-night. The boys are going to take a rest until Wednesday night, and they deserve it after what they did to those Cockneys on Saturday.

NEW COMPANY IS LAUNCHED

The Ideal Brick & Tile Company, Limited, a new concern recently established at the head of Stanley and Grey streets, in the east end of the city, will commence operations this week. There is a fine bed of red clay there, with adjacent sand, natural water facilities, and the Goderich branch of the G.T.R. is only a few yards distant. The plant is most modern and includes an artificial dryer, which allows brick to be dried under all weather conditions, and 36 to 40 hours suffices, whereas under the open weather plan the time runs from one to three weeks. The plant will be \$25,000, and some 20 hands will be employed. The market for both brick and tile is already assured. At full capacity 35,000 brick can be turned out each day, and orders will be filled about the middle of July.

ATTEMPTED TO WRECK TRAIN

Another Militant Outrage Reported in Old Land Today.

(Canadian Press Despatch) LONDON, June 23.—What is suspected to have been a militant suffragette attempt to wreck an express train from London to Plymouth in the tunnel near Devonport on Saturday is reported to-day. A motor belonging to the London and Southwestern Railway, while proceeding through the tunnel along the rails came in contact with a heavy obstacle. The motorman made a search and discovered two heavy sleepers wedged between the tracks over which the train was due to pass. The sleepers were removed just as the long train thundered through the tunnel.

Auto Crash

Pretty Young Woman Killed in Accident in New York.

(Canadian Press Despatch) NYAC, N. Y., June 23.—The death of Gertrude Wilkins, a pretty young woman who was killed last night when thrown from an automobile going at high speed through the village of Piermont, near here, was described by the coroner to-day as purely accidental. It was reported last night that the young woman leaped from the machine after having protested in vain against the high speed at which the car was driven. The coroner, however, does not hold this theory. Miss Wilkins was riding at the time with William H. Harbeck of Nyack, who recently came into a large fortune. He had known Miss Wilkins since they were in school together when she won several prizes in beauty contests. Recently she had been a model for a New York artist.

Wedding Bells

MERTZ-KEIRL. The Colborne St. Methodist parsonage was the scene of a happy event at high noon to-day when Rev. T. E. Holling united in marriage, Miss Henrietta Keirl to Mr. Philip Mertz Rupert of Dunkirk, N.Y. Mr. and Mrs. Rupert leave this evening for a trip down the St. Lawrence. After July 1, they will be at home at 747 Park avenue, Dunkirk, N.Y.

Arrested for Burglary.

WINNIPEG, Man., June 23.—William Bay, recently from Halifax, N.S., was arrested yesterday, charged with a series of burglaries and hold-ups here.

Is Home

City Treasurer Bunnell has returned from a trip to the West.

Early Sunday Morning Chase.

John Stelfox, a laborer, was remanded at Lewes, on Monday charged with breaking into a shop occupied by Stanley Richard Swenson and stealing a quantity of watches, pearls, and neckties. Police-constable Steer deposed that at 12.30 on Sunday morning he heard smashing of glass, and saw two men running away. He gave chase through side streets and over garden walls. A sergeant joined in the search and the accused was found among the flowers in the back garden of a hotel with part of the stolen property in his possession. The drop over the garden wall was fourteen feet. The other man had not been caught.

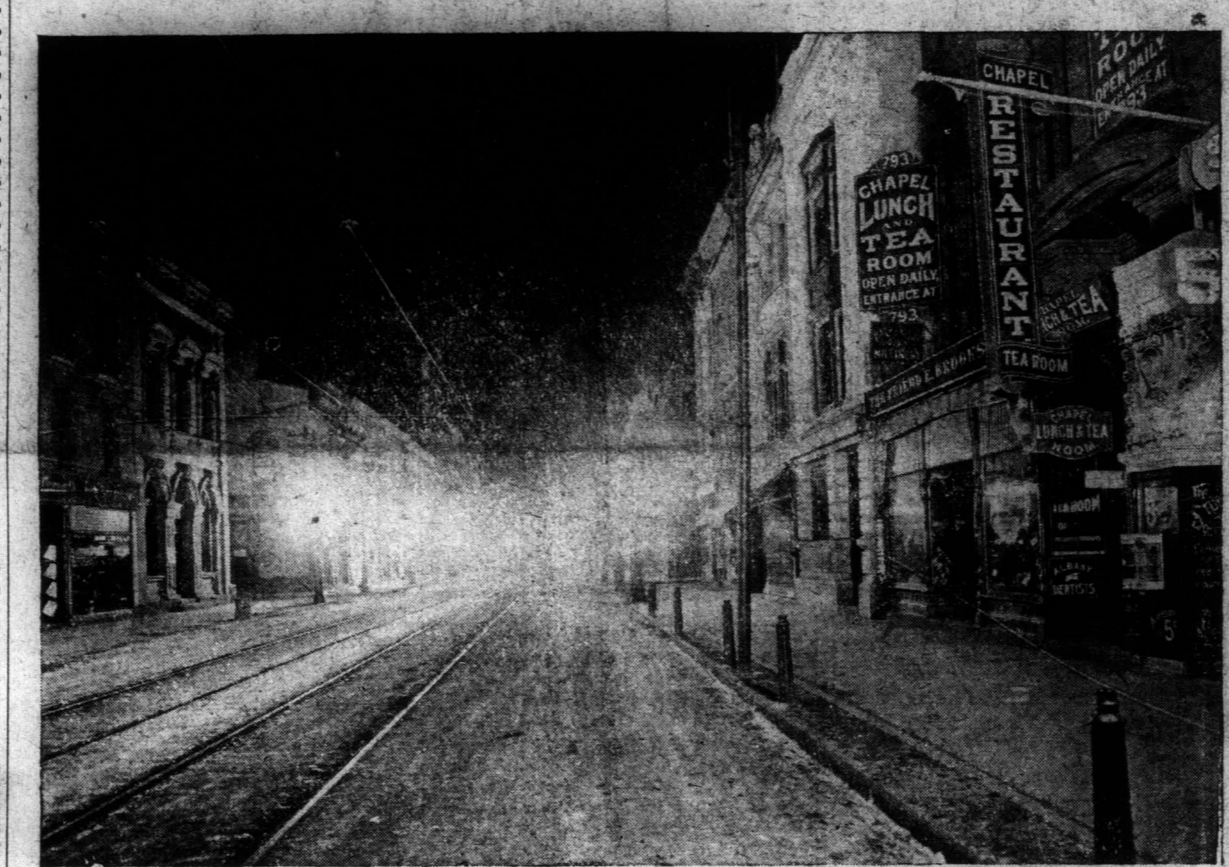

Sunday Trading at Bournemouth.

Bournemouth, Town Council have decided by seventeen votes to authorities intimate to the police their opinion that no further steps should be taken to deal with Sunday trading in the borough.

World's Best Wheat.

ROSTERN, Sask. June 23.—Sergeant Wheeler, winner of the Shaugnessy prize for the world's best wheat at New York, has five pecks of Khalikov winter wheat headed out. The grain stands 27 inches. His Marquis Early Red wheat and six-rowed barley is in shot blade.

THIS STREET LOOKS PRETTY WELL LIGHTED

The above night photograph shows the illumination of Chapel street, New Haven, Conn. This street is illuminated entirely by magnetic arc lamps of the same type which it is proposed to install on the business streets of Brantford, and no other source of light was used in taking this photograph. The high type of illumination is brought out particularly well by the fine detail shown in the buildings in the foreground. The absolute uniformity of the illumination on the sidewalks and roadways should also be noted, and also the entire absence of shadows or dark spots. A feature which will appeal to business men is the manner in which the fronts of the buildings are illuminated, the globes being so shaped as to project the light right to the tops.

ATTEMPTED ABDUCTION OF GIRLS MADE AT MOHAWK INSTITUTE ON SATURDAY NIGHT

The Authorities Had a Lively Chase With Mrs. Rose Blankin - Two Indian Girls Were Captured - They Had Tickets For Hamilton.

At the Mohawk Institute on Saturday night the authorities had a very exciting experience in recapturing two girls who were being taken to Hamilton by friends. A little after eight o'clock, two girls, one 14 and the other 15 years of age, were reported missing, and while search was being made for them, a little girl who lives near by ran in to say that two Indian girls were at the home of Mrs. Blankin opposite the front gate of the institution. The principal and duty officers immediately proceeded to the house and were informed by the woman that no children were there; however, a glimpse of one was seen through the window and the house was at once surrounded. A hurry call was sent in for High Constable Kerr, but he was not at home. It was then discovered that the girls had been taken to the home of Mrs. Blankin, who refused to give the children up and kept maintaining that they were not in the house. After a few minutes the two girls attempted to climb out of a back window and ran into the arms of one of the officers, who was able to take care of one of them, the other succeeded in getting out of another window, aided by her mother, who tried to hold the officers back, and gave the boys, master and principal a good two hundred yard dash in the dark over fences and through back yards, until she was finally captured by the boys' master. Tickets for Hamilton were found in possession of one of the girls, and just as the authorities were

taking the children back to school, a hack drove up, it having been ordered by Mrs. Blankin to take the girls to Hamilton. The last seen of Mrs. Blankin and her Indian friend was at Murray St. bridge when they boarded the 10.45 car for Hamilton. It is not known for what purpose the girls were being enticed away, but the circumstances are very suspicious. Action will be taken against the women concerned. It was only a couple of months ago that a man died at the Blankin house, under unusual circumstances, and an inquest was called for by The Courier, but denied. An effort will now in all probability be made to clean the house up, the place having a notorious reputation in the district.

Sad Event

Letter Found on Girl Tells of Her Suicidal Intention.

(Canadian Press Despatch) THREE RIVERS, Que., June 23.—The finding of a letter on the body of young Olsen, the Swede who jumped with his sweetheart into the St. Maurice river on Saturday night, June 14, and whose body was found on Friday, has further established the theory of suicide on the part of the girl and throws more light on the mystery which enshrouded the tragedy. The letter, which was in the handwriting of Miss Litzzen, and addressed to her lover, after assuring him of her faithfulness, declared her intention of ending her life with his photo in her possession. It now appears that Olsen plunged into the river immediately after the girl and the coroner's jury has returned a verdict of accidental death.

Was Killed

An Accident at London on G.T.R. This Morning

(Canadian Press Despatch) LONDON, June 23.—Charles Smith, a sectionman of the Grand Trunk, who resides at Hyde Park, was instantly killed this morning by stepping in front of Grand Trunk express No. 64. He was at work in the middle of the westbound track, and at the approach of a freight stepped to the other track without looking up. The other members of the gang shouted to him, but he was hit before he could make a move. Smith was about 40 years of age, and is survived by a wife and two children.

Petition on File.

A petition is on file at the city clerk's office, addressed to the mayor and City Council, and signed by a number of ratepayers, residing on Wellington street between Charlotte and Alfred streets, complaining about the south side of this portion of the street being almost continually blocked, and requesting the Council to look into the matter.

BRANT HATCHERY

The Ontario fish hatchery at Mt. Pleasant is being rapidly improved as a beauty spot with miniature terraces, flower beds, and so on. The three basins are crowded with tiny fingerlings of this season's production, and Supt. Edwards estimates that there are over 100,000 of them in each sheet of water. Another pond for bass is under construction, and two ponds for trout are also to be added. The place these days is visited by many anglers, rig-driving parties and cyclists, who find very much to interest them.

Not Found

Bodies of Two Boys Swept Through Whirlpool Rapids.

(Canadian Press Despatch) NIAGARA FALLS, N. Y., June 23.—Thus far all efforts to recover the bodies of Hubert Moore, nine years old and Donald Roscoe, 12 years old, the two boys who were swept to their death, when a small boat in which they were playing was carried through the whirlpool rapids, on Sunday afternoon, have proved unavailing. Throughout the day the friends of the family have stood guard at the whirlpool in the hope that the bodies would be washed up at this point as is the driftwood and debris that passes through the maelstrom of water above.

Drowned at Peterboro.

PETERBORO, Ont., June 23.—Joe Ryan, a waiter with the Barnum & Bailey circus, was drowned on Sunday, when, in attempting to change his seat, the canoe in which he and a companion were riding was upset. He came from New Haven.

Narrow Escape.

TORONTO, June 23.—Just as the benediction had been pronounced and the people were leaving Wesley Methodist church last night, a huge cornice of plaster came hurling down and dashed among the pews, scattering debris in every direction. If the accident had occurred a minute earlier somebody would surely have been killed, as a great many people were sitting in the neighborhood. One lady had her hat knocked off and her dress torn by a flying missile, but nobody was injured.

Passed Away.

Mr. and Mrs. Daniel J. Burdett, 74 Wallace St., mourn the loss of their infant daughter, Geraldine Mary, aged 5 months, who passed away this morning. The funeral will take place to-morrow afternoon. The sympathy of many friends is extended to the parents in their sad loss.

HIS BODY IS EXHUMED

The rhinoceros of the Barnum & Bailey circus, which realized, after seeing Brantford, that there was no other place of beauty in the world for him, and so turned up his toes here, is, after all, to be sent to Toronto. He was an exceptionally fine specimen, and the heads of the University in that city are very anxious to have his bones mounted in their museum section, and by telegram and letter they have instructed Dr. Cutcliffe, city veterinarian, to superintend, under sanitary conditions, the digging up of the remains which were buried. The work has been proceeding all morning, and has proved quite a task, as the defunct rhino tipped the beam at 3400 pounds. He goes to the Queen City this afternoon via a special freight car on the T. H. & B. Railway.

MUCH INTEREST IN PELKEY CASE

Pugilist's Trail for Manslaughter is being Continued Today.

(Canadian Press Despatch) CALGARY, Alta., June 23.—Interest in the case of Arthur Pelkey, the pugilist who is charged with manslaughter in causing the death of Luther McCarty in the prize ring here May 24 last, increased this morning, when at the resumption of the trial it was predicted by many associated with the case that all evidence would be in the hands of the jury before night. Testimony intended to refute that presented by the Crown in support of the contention of the prosecution that McCarty's death came as the result of a blow to the jaw, was introduced by the defence. Several prominent medical men, who testified for the defence shortly before the adjournment Saturday, were expected to take the stand and give the concluding testimony of the defendant's case.

Paris News

PARIS, June 23.—After an illness of some years duration, but which only confined him to his bed for the last six weeks, Mr. William Fraser passed peacefully away yesterday. Born in Caledonia, N. Y., in September 1840, of Highland Scotch parents, Mr. Fraser came as a boy with his parents to Canada and settled in Painsch Tp., Wellington County. Later he moved to Hamilton, coming from there to Paris in 1866. For over 30 years he has been assessor of the town. In 1869 he was married to Margaret Coleman, who predeceased him six years ago. A family of six sons and two daughters survive. They are William of Ottawa, Gordon of Kenora, Allan of Toronto and Archie Aylmer, and Lorne of Paris, Miss Flora E. of Brantford and Mrs. Williams, Springate, of Paris. The late Mr. Fraser was the oldest surviving member of Grand River Lodge, No. 93, I. O. O. F., and on more than one occasion had been elected, by the Grand Master, and until a few weeks ago was financial secretary of the local lodge. The funeral will be held on Wednesday at 2.30 p.m.

Law Suit Over Cards.

MONTREAL, June 23.—A game of cards between a few friends formed the basis of an action in the Circuit Court, and judgment was given to-day to the effect that one must refuse to accept cheques in payment of gambling debts. The plaintiff, J. Antonin Greiner, claimed seventy-seven dollars from Charles De Veve, the latter being the issuer of the cheque. He produced the cheque, which was duly signed by De Veve and endorsed by Henri Moquin, to whose order it had originally been made. The cheque had been passed to plaintiff in the ordinary course of business, but there were not sufficient funds in the bank to cash it.

A Funeral

All that was mortal of the late Mrs. Margaret Broughton, whose death occurred so suddenly on Saturday morning at her daughter's residence, Mrs. James Marks, Grey St., while on a visit here, was sent by G. T. R. at 10 o'clock this morning to Lockport, N. Y., for interment in the deceased's home. Rev. J. T. Rose conducted largely attended services at the residence of her daughter. Many beautiful floral tributes were received.

At Rest.

Mr. and Mrs. John A. Bawtinheimer, 5 Henrietta St., mourn the loss of their only son, John, aged one month, who passed away Saturday. The funeral took place this afternoon to Mt. Hope cemetery. Many friends will sympathize with Mr. and Mrs. Bawtinheimer in their sad loss.

MANY CRIMES AMONG CHINESE

All Sorts of Things are Unearthed in San Francisco Colony.

(Canadian Press Despatch) SAN FRANCISCO, Calif., June 23.—Blackmail, murders, opium smuggling and smuggling of coolies across the border were revealed in letters and documents taken yesterday upon the arrest of Wong Do King, head of the Bin Kung Tong, according to information given out to-day by Federal immigration officials. Death, the immigration men say, was the penalty to all who opposed or attempted to betray the schemes of the hushhiders. The deportation of Wong will be sought, and other powerful Chinese will be prosecuted. Wong, for 20 years has been head of the Bin Kungs, the most warlike and powerful of the Chinese gangs. Widespread levying of blackmail, said to be the principal activity of the Bin Kungs, was made effective by a score of gunmen, on salaries with bonuses for killing "big men." The gunmen also protected gambling dens and owners of Chinese and American slave girls, the letters show. Many letters bear upon the recent long war, which extended the length of the Pacific coast, some of them giving specific instructions for the killing of various men. One of the letters was a catechism for smuggled Chinese, preparing them for questions by immigration inspectors if apprehended.

APPLIANCES AT THE RIVER GRAND

Chief Lewis Urges That Lifeboat be Placed at River.

The Courier has always contended that a lifeboat should be placed on the river bank near Lorne Bridge during the summer season. It was only on Friday last week that a fatality in the vicinity would have been avoided had this precaution been taken. Chief Lewis, when seen to-day, emphatically endorsed the Courier proposal. He said that he favored keeping the present lifeboat where it was for accidents up the river or at Mohawk lake, but a second boat, with a man in charge, should be placed near Lorne bridge. Moreover, a space should be reserved for bathing, and anyone who went outside of the proper limits should be subjected to a fine. This was the Chief's opinion, and he proposed to make such a recommendation to the City Council.

Golf Notes

The result of the Brantford vs. Hamilton match on Saturday afternoon was 15 points in Hamilton's favor. The course was in splendid shape, the water all that could be desired and in all the events, was most enjoyable. Messrs. Champion, Wehling and C. A. Waterous were those who won their match for Brantford, while Mr. A. C. Towers, after a very strenuous struggle succeeded in splitting all even with his man, reflecting the greatest credit on Mr. Towers' science and tenacity. The next event of importance will be a match with the Buffalo Park Golf and Country Club on July 1st, when quite a large aggregation of local players will make the journey to play on their attractive Park Club links. This is one of the most enjoyable features of the season's programme.

A Party of Eight or Ten couples will motor to Galt to-morrow to play mixed foursomes.

WANT AD HORSCOPE

It is difficult to understand a person born on this date and oftentimes a person of this birth date goes through life a puzzle and an enigma to his or her friends, and to himself. These people come under the sign "Cancer", and if you look at the symbolic pictures of the Zodiac, you will find that this nativity of Cancer is represented by the crab. Some of the greatest people of the world have come from this sign and some of the weakest.

The strong characteristic of this birth date is determination which amounts to stubbornness in many cases.

It is useless to argue with persons of this birth date. They are extremely nervous and irritable and often want to get away from their surroundings.

This birth date has much to overcome, but strength and success follow individual effort.

The period following this date will be found to be well favored for teamsters, travelers, automobilists and sales of motor boats through the Want Ads.

The Want Ads should be studied for the finding of rooms, Summer cottages and hotels.

Terrible Salisbury Tragedy.
Frederick Charles Jefferies, bookseller and stationer, was committed for trial at Salisbury charged with the wilful murder of his daughter, Dorothy, in Castle Street. The man gave himself up at Salisbury Police Station, saying that he had murdered the girl with a razor, and the child was found on a bed in his house with her throat cut. Several witnesses were called by the defence to speak of the depressed state of the accused prior to the tragedy. He appeared to be suffering from a delusion that he had injured himself whilst on a cycling expedition.

In a letter to his wife the prisoner wrote: "Cannot call you wife, as I am not worthy the name of husband. What made me do such an awful thing to dear little Dollie, whom I loved best of all? It was an awful sudden impulse, and I have brought ruin and disgrace amongst you all. Forgive me if you can. I am doomed and shall go to hell, and it serves me right. Kiss the children for me."

Old Age Pensioner Drowned.
"Found Drowned" was the verdict of a coroner's jury at Jarrold relating to the death of John Casson, aged seventy-four, whose body was found in Jarrold Slake. Mrs. Elizabeth Casson, the widow, who resides in Primrose Street, South Hylton, said her husband was an old age pensioner, and for two years they had lived apart, he residing with his stepson in Oak Street, Jarrold. Sergeant Richardson, who described the finding of the body said that Casson's overcoat was neatly folded and laid on the embankment, with his cap on top of it. In his pockets were found his old age pension book, a shilling, and a pipe and tobacco.

Obituary

The Late Mrs. Thomas.

There was a large attendance at the funeral of the late Mrs. T. H. Thomas, which took place Saturday afternoon from her late residence, 96 Wellington St., to Greenwood cemetery. Many of those who attended were old friends of the deceased. Rev. G. A. Woodside, pastor of the deceased, conducted impressive services at the house and grave. While speaking at the house, Rev. Woodside made mention of the fact that the late Mrs. Thomas was at ways cheerful and had a pleasant word and smile for all. The pall-bearers were Messrs Robert L. Foulds, J. E. Waterous, George Abernethy, T. R. Logan, Richard Bean and Alderman John H. Spence.

The late Mrs. Thomas was in her 73rd year and came to this city in 1852 from Herwickshire, Scotland, and has resided in this city ever since. Deceased was a member of Zion Presbyterian church, and was an active worker until some seven years ago, when owing to health she was compelled to give up much of her church work. She had been a sufferer from paralysis for many years. For the past five years she had been an invalid. During her long illness the late Mrs. Thomas had been a patient sufferer—was always cheerful and glad to have her many friends visit her.

She leaves to mourn her loss, besides a sorrowing husband, one daughter, Miss Isobel, at home, and one son, David C., of New York City, and two brothers, Mr. David Webster, of the Waterworks department in this city, and Mr. Alexander Webster of London, and a host of friends, who will share with the family in their great loss. The late R. H. Thomas, New York city, was also a son.

The following list of floral tributes testify to the esteem in which the late Mrs. Thomas was held: Pillow, family; cross, Mr. and Mrs. David Webster, and David; anchor, employees foundry department Waterous Engine Works; wreaths, Mr. and Mrs. C. H. Waterous, Dr. Frank E. Slocum, New York; Mr. and Mrs. William Ottewill, New York; Doris Lodge, A. F. & A. M.; Mr. A. E. Burk, Mrs. Wm. Bould and family, Sprays, officials of the Waterous Engine Works Co., Mr. Alex. Webster and Miss Emily Webster, London, a friend, Mr. and Mrs. David J. Waterous, Mr. and Mrs. Fred Syer, Mr. and Mrs. T. R. Logan, Mr. and Mrs. J. Scott Anderson, Miss Kate Thomas, Paris; Mrs. J. B. \$100 REWARD \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional dis-

case, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors

have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY and CO., Toledo, Ohio. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

To-day's Impressions To-morrow's Sales
Many a September purchase is really decided in July.
Many a woman is gathering information to-day that will influence her selection of a stove two months hence.
Many a man is thinking right now about the store he will patronize for his Fall suit and overcoat.
Many an October piano purchase is really determined on the porch of a summer hotel or home in August.
How unwise, then, to put off the Advertising of these and similar articles until the actual time of their use arrives.
One advertisement seldom makes a sale. It is the repeated impressions created by Advertising that develops purchases by a discriminating public—and these impressions are seldom built up in a day, a week or a month.
Yet some manufacturers and merchants still procrastinate until the first nip of frost is felt—and then besiege the public with belated announcements of Fall clothes, kitchen ranges, home furnishings, winter underwear, and other articles usually purchased in the Fall.
Purchased in the Fall—oh, yes—but decided upon in the Summer. Decided in favor of the goods that are continuously advertised.
It's the Advertising read in July that bears fruit in September and October. For to-day's impressions inevitably lead to to-morrow's sales.
Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association Room 608 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.

AS TO TORONTO.

The London Advertiser has been criticizing Toronto as the most self-conceited community in Ontario and the Advertiser is right.

The Queen City as such constitutes a great community, there can be no doubt at all about that, but for native born men there, one has to just about look in vain.

Men of deserved prominence have generally come from other places, such as Hon. George Foster, Sir E. Osler, Senator Lyman Jones and so on. The talents of their own native born are most decidedly conspicuous by their absence and local men there who secure leading municipal and other posts, would for the most part in other communities scarcely be able to run for pound-keeper.

To attend a banquet there and listen to after-dinner speeches by the purely "native born" makes a funeral dirge, by comparison, seem like a lively two-step. Whether it is that the range is too large for the proper sizing up of individual merit, or whether men of brains are too busy to bother with public advance, the fact nevertheless remains.

And on top of it all the average Torontonians attempt to be of a most patronizing demeanor. At one recent tournament in which scores of men took part there was an after gathering at which the best addresses and songs most certainly did not come from the Queen Cityites, yet at the close the chairman (himself from that burgh), made some final remarks in which he said: "From what we have heard to-night, the brains of Ontario are not exactly all centered in Toronto." And this benighted gentleman was actually in earnest.

They have some delightful men as individuals, but the general attitude is boorish. Take for instance the recent fact that one of the High Court judges there intimated that Toronto lawyers in Court conducted themselves in a self-assertive, not to say impudent manner, such as he found in no other place, and that in future he would not stand for such procedure.

Toronto is broadening out commercially and industrially; her citizens also need to do so, both mentally and attentively. As before related, the best men they have they secured from other places and that fact ought to act as a reduction of their high stomachic attitude.

CANADA'S FIRE LOSSES

The loss by fire in Canada last month was \$2,128,868, making a total since the beginning of the year, as estimated by the Monetary Times, of \$11,256,017.

The Dominion last year headed all countries per capita, with the exception of Argentina, where insurance is at all general, and it begins to look as if it might do so again this year. Here are the comparisons for 1912:

Table with 3 columns: Country, Loss, Per Capita. Rows include United States, England, France, Germany, Ireland, Scotland, Italy, Russia, Austria, Canada, Belgium, Norway, Sweden, Switzerland, The Netherlands, Argentina.

undantly demonstrated that he is splendidly equipped for both branches of Empire service.

The history of Egypt possesses many varied phases, some of great antiquity. The more modern features comprise the landing there of Napoleon in 1798 when he speedily subjugated the people. The French who were left in possession, were subsequently attacked by the British and finally both nations jointly agreed to evacuation. During the nineteenth century French and English influence alternated, but during a serious riot in Alexandria under Arabi Pasha 350 Europeans were killed, and when France refused to co-operate, John Bull on his own account, captured Alexandria and after Wolsey's decisive victory at the battle of Tel-el-Kebir, Arabi was banished to Ceylon and the Old Land has since held control.

As in all other instances under the grand old Union Jack, said rule has been of a most beneficial, liberal and widespread nature. The magnificent resources of the land have been most notably developed and order and respect for authority have become most marked. In fact Lord Kitchener in his latest advices says in part:

"There has been a marked diminution of party feeling and party strife, and I notice indications of greater confidence in the Government, particularly among the silent mass of the people. I hope I am not too optimistic in considering these to be signs that in the near future the population will again be closely united, and while placing personal interests aside, will endeavor to work loyally for the common good and further the real interests of their country."

Egypt has an area of 175,130 square miles or over 50,000 more square miles than those of the British Isles, and it is practically the bed of the great Nile which of itself and by comprehensive plans of artificial irrigation, waters one of the most fertile regions in existence. The population of the country must have been large at the earliest period, as 100,000 men for years were employed in the construction of the great pyramid alone.

For commerce she is at the present day splendidly situated, standing where the communications by land between the Eastern and Western worlds are reduced to a single route—the Suez Canal. England's administration has been a God send to the country and is evidently still further destined to still further magnificent progress under Kitchener.

THIS GREAT COUNTRY.

Old Country and continental papers and magazines, still continue to feature Canada; its great development and glorious future. In an "Empire" edition of the London Financier, there is this synopsis of the last Canadian budget sent by H. H. Macrae, managing director of the British and Colonial Land and Securities Company, Toronto:

- 1. A trade of over one billion dollars.
2. A surplus over consolidated fund of 55 millions.
3. A reduction of over 23 millions in the National Debt.
4. An increase in revenue of 32 millions.
5. An increase in imports and exports of over 105 millions.
6. Two years' revenue would pay the National Debt.
7. Debt per head of population, forty dollars.
8. Wealth received in the country from the United States through 140,000 immigrants estimated at 140 millions.
9. Three-fold increase in immigration from Britain since 1908.
10. Total immigration from all countries, 402,000, or 1,200 a day.

NOTES AND COMMENTS

Let Brantford own her street railway and extend the same.

Miss June continues to have blues of the right sort—the heavenly dome brand.

That's a pathetic story of those two little boys, who, after shaking hands, went bravely to their certain death in the whirling Niagara waters.

They now have Sunday cars in Galt, and it will be increasingly difficult to remain virtuous there amid all the allurements of that jolly town.

So Brantford is going to part with that rhino after all. Perhaps it is just as well, for centuries hence some explorers might dig up his carcass, and then, looking up at the present city hall (still, of course, in existence) would conclude that the venerable pile was his place of residence in order to afford easy access to the canal.

The Stratford Beacon and other Hydro-Electric opponents of the hydrophobia order are freezing at the system because of two recent breakers. Such narrow-minded critics would like to see this great scheme for the people go out of existence, but it won't. As a Beacon light in this matter our esteemed Classification City cotem, is about as dark as Brantford's illuminated clock.

A man in the Old Country is to start a 65-day stunt without food, at the Crystal Palace. They ought to put a petticoat on him and then follow with an enrollment in the militant suffragette Land. He seems to have the same sort of grey matter, and would save prison officials a whole heap of worry.

What the Other Fellow Thinks.

The Next Parliament

St. Thomas Times: The ratio of parliamentary representation is fixed by the Province of Quebec with its stationary sixty-five members. Under the census of 1911 this allows one member for approximately every 30,800 people. The redistribution would therefore fix the representation as follows:

Table with 2 columns: Province, Members. Rows include Ontario (82), Quebec (65), Saskatchewan (15), Nova Scotia (15), Manitoba (14), British Columbia (12), Alberta (12), Prince Edward Island (11), Yukon (3).

Ontario will lose four members, Nova Scotia three, New Brunswick two, and Prince Edward Island one. British Columbia will gain five, Alberta five, Saskatchewan five, and Manitoba four. The provinces east of the great lakes will lose ten members and the western provinces will gain nineteen.

A Good Appointment

Toronto News: When Mr. Hanna decided to create the position of Inspector of Feeble-Minded, it was a natural sequence that he should seek Dr. Helen MacMurphy to perform the duties. In the first place Dr. MacMurphy is an authority on mental cases. But there is far more than this behind the creation of the office and the selection of the incumbent. The position also carries with it the title of Assistant Inspector of Hospitals. It may be assumed that Dr. MacMurphy's activities will cover a wide range, and one may be permitted to guess that she will continue to pursue, with the support of the Provincial Government, what have been her most absorbing activities.

Toronto Has Paid Dear.

Guelph Mercury: Toronto city council is prepared to hand over \$100,000 to some expert who will tell them what the street railway and electric light plant is worth. Toronto has paid out several other \$100,000 blocks for advice, and that's as far as it went.

The Lesson of the Titanic.

Hamilton Herald: The lesson of the Titanic disaster has been learned. The Impetator, the largest ship in the world, which has just arrived in New York carries 32 large lifeboats, affording room for everybody on board. Two of the lifeboats are motor boats with powerful engines which are capable of towing all the others, and equipped with wireless telegraph. Ocean travel is safer now.

Bourassa's Ideals.

Brother Bourassa's ideals are thus clear. He wants Canada to be first of all a sponge. She is to sponge for protection on Britain, and if that won't do, she is to sponge on the Monroe Doctrine and the United States. Lofty thoughts! Wonder how this country would get along if all of its people were Bourassas?

Autos in Saskatchewan.

Monotary Times: Few kinds of business have taken such strides as the automobile industry, and it is due in no small degree to the large importations of automobiles that the customs receipts have swelled as fast as they have done during the past few years. The province of Saskatchewan has benefited both directly by the license fees collected, and indirectly by various ways, amongst which might be mentioned the demand for better roads which the use of these vehicles tends to create, and also the ever-increasing number of those employed in the trade. For the years ended February 28, the amounts collected for motor licenses were:

Table with 2 columns: Year, Amount. Rows include 1907-08 (\$220), 1908-09 (\$400), 1909-10 (\$1,490), 1910-11 (\$5,320), 1911-12 (\$13,040), 1912-13 (\$24,648).

A Warning—To feel tired before exertion is not laziness—it's a sign that the system lacks vitality, and needs the tonic effect of Hood's Sarsaparilla. Sufferers should not delay. Get rid of that tired feeling by beginning to take Hood's Sarsaparilla to-day.

In making a long trip on the train always remember to take along a folding coat hanger, which will be found useful when the porter brings you a paper bag to put your hat in. Ask for two bags, put your coat on the hanger and slip a bag over it and hang it up in your berth out of the way. The other use for your hat.

With the City Police

There was a heavy grist of cases before the magistrate this morning at the police court. Dan Donohue was charged with being drunk. Dan appeared to be repentant and as this was his first offence, he was allowed to go.

George Lynch was also charged with imbibing too much of the amber fluid, but as he had been up before, he contributed \$3 to the coffers of the state.

Robert Judson was charged with vagrancy. Chief Stenin stated that the man would not work and was a loafer. Judson declared that he wanted to go to Hamilton, and the magistrate agreed to let him migrate to the Ambitious City.

Joseph Seagon charged Frank and Wm. Clouse with assault. Joe had an overcoat which Frank Clouse claimed belonged to him. When he went to get it Joe declined to surrender the apparel, and according to Frank, grabbed him by the shoulders, and upon which Frank became angry and struck Joe. They shook hands soon after and Frank Clouse was surprised by receiving a summons. There was a heated argument as to who started the trouble, and the magistrate dismissed the case, stating that since they had shaken hands he would have nothing to do with it.

Freeman Staats, who lives on the Reserve, was charged with cruelty to animals. Constable Kerr stated that Staats had severely beaten and mangled a valuable bay mare. Staats denied this and said that the horse would not work unless it was whipped. Wm. Jamieson and his son declared that they saw Staats beating the horse with a heavy stick, while the constable who examined the horse said it was badly cut and scarred. Staats declared that he had handled horses all his life, but this was the first time he had been in any trouble. Mr. McEwen appeared for Staats and told the magistrate that he thought it was a put up job to be revenged on Staats. His Worship decided, however, that Staats was guilty and fined him \$4 and costs amounting in all to \$12.91.

Military Notes

The Dufferin Rifles band are holding their usual practice to-night at the Armories.

The B.C.I. Cadets are holding a meeting to-morrow night at 7 o'clock at the armories to complete arrangements for the camp at Niagara-on-the-lake, July 2-6. Sergt.-Major Oxtoby reports that there are a few vacancies which are open to Boy Scouts, who wish to go. Application can be made to the Sergeant-Major.

Years of Suffering

A Desperate Case of Catarrh in the Head. "My father had catarrh in the head for a long time. It was such a desperate case that he didn't know what to do, but his friends recommended Hood's Sarsaparilla. He got a bottle immediately, and as soon as he commenced taking it he felt relief, and after the use of two other bottles he was completely cured. He was so well pleased he has ever since recommended Hood's Sarsaparilla." Delle Alne Begun, Lewis, E. Q. Get Hood's Sarsaparilla today. Sold by all druggists everywhere.

A Trip West.

Mr. and Mrs. C. F. Verity leave on Saturday for Western Canada and the coast, and will be absent from the city several weeks. Mr. and Mrs. Verity will travel a portion of the journey by steamer from Port McNicoll to Port Arthur. The return trip will be made via Salt Lake City and Denver.

Stereopticon Lecture.

Temperance Sunday was observed at Sydenham Street Sabbath School yesterday, when the superintendent, Mr. I. Hewitson gave a lecture, illustrated with stereopticon, on "Ten Nights in a Bar Room."

Private Dance.

A private dance is being held in the pavilion of Mohawk Park this evening for which the Empire orchestra will provide the music. Cars will leave for the park twenty minutes after the house.

SERVICE WAS BEAUTIFUL ONE

Sons of England Attend Divine Worship at Grace Church.

Last evening the local lodges of the Sons of England, Salisbury No. 42 and Wolfe No. 103 accompanied by juvenile members of the lodges, and visiting brethren from Simcoe and Paris held their annual church services at Grace church when they were addressed by Rev. H. F. D. Woodcock, M.A., rector of St. Jude's church, Oakville and formerly curate at Grace church.

The Line of aMrch.

About 270 lined up at the lodge rooms on Dalhousie street, including the 25th Brant Dragoon band under Lieut. Dr. Pearce, which rendered excellent music. The local lodges turned out to the number of about 200, including 23 junior members.

Headed by the band the Sons of England left their lodge rooms and turned down George to Colborne, up Colborne to Brant avenue and up Brant avenue to Church street to the church. Returning they marched along Church street to Brant Avenue, down Brant Avenue to Dalhousie street and along Dalhousie street to the lodge rooms.

Welcome.

Ven. Archdeacon Mackenzie heartily welcomed the Sons of England, and Rev. Mr. Woodcock expressed his pleasure at assuming the pulpit for the services. He said that when the Sons of England came to an Anglican church, they came to their church home. Mr. Woodcock preached an excellent sermon, and it was with pleasure that the large congregation heard the former curate of the church.

The Music.

During the rendering of the anthem, "Praise the Lord (Turner), Miss Edith White and Mr. W. Hurst rendered a duet. Reginald Sparks a young lad who had last evening spent but three days

in Canada rendered the solo "Dream of Paradise," in good voice. Dr. F. C. Thomas, organist at the church and a member of the order had charge of the musical service. The order of the service was beautiful and was heartily enjoyed. After the sermon the congregation joined in singing "God Save the King."

The following are the committee who had charge of the preparations for the service and to whom much of the success of the service was due: J. Stonehill, P.P., chairman; A. J. Stevens, P.P., G. Thomas, P.P., B. H. Benning, P.P., Hy King, W. H. Jones, P.P., J. W. White, P., W. Lewis, P., R. W. Edwards, P.P., C. Greenman, J. Collins, C. S. Noble, P.P., Geo. Macklin, P.P., A. B. Lee, secretary.

After the services, speeches of welcome to the visitors were made and suitably replied to. The juveniles, who turned out in such large numbers, were rewarded by being treated to ice cream at the Tea Pot Inn.

The lodges were pleased to have among their Paris visitors Brother Hon. J. H. Fisher, M.P.

**RIDDLE—SNYDER**

OTTERVILLE—One of the prettiest weddings of the season was solemnized at the home of the bride's parents, Mr. and Mrs. Albert E. Snyder, when their only daughter, Alice Louise, became the bride of Dr. R. Riddle of Norwich.

The bride accompanied by her father, entered the drawing room to the strains of the Lohengrin Bridal Chorus, played by Mr. P. F. Cunningham of Stratford, formerly organist of Chalmers church, London, and met the groom beneath a canopy of green, with streamers of white satin ribbon and flowers.

The ceremony was performed by Rev. C. R. Morrow of Cainsville. The bride was handsomely gowned in Imperial Luxor satin, entrain with trimmings of gold and silver sequins and real Irish lace. She wore the customary bridal veil, which hung to the side of her gown, and was caught with a bandeau of pearls and a large chip diamond, and carried a sheaf of bridal roses, tied with white satin streamers. She also wore a beautiful pearl necklace and sunburst, the gift of the groom. Her only attendant was little Doris Carpenter, of Toronto, who wore a dainty French lingerie dress, caught with blue satin bows, and carried the ring in a basket of marguerites and roses. The groom's gift to the flower-girl was a large pearl and turquoise ring, and to the pianist gold cuff links.

After the ceremony and congratulations, the guests sat down to a dainty luncheon served by Caterer Harrison of Woodstock. The house was artistically adorned with green and white.

The bride received a number of handsome and costly gifts, among them being a case of silver from her parents.

The bride's mother received the guests gowned in black satin and wearing white roses. She was assisted by Miss Annie Makins who wore a gown of pink satin, hemmed with French knots.

The bride wore a gown of white with heavy lace and pearl ornaments. She also wore white roses.

Among the guests at the wedding from a distance were: Dr. and Mrs. Johnson, Burgessville; Mr. and Mrs. Schuyler, Waterford; Mr. Childs and Miss Ellie Childs, Toronto; Mr. and Mrs. Wilson, Norwich; Dr. and Mrs. Downing, Otterville; Miss Doris Carpenter, Toronto; Miss Makins and Mr. Cunningham, Stratford.

The bride and groom left on the 4:20 train amid showers of rice and confetti, for a short trip East. The bride travelled in a suit of stone grey whipcord, with Bulgarian trimmings, and grey hat, with touches of burnt orange. On their return they will reside on Washington avenue, Norwich, and will be at home to their friends after September 1st.

**DARWEN—KELLUM**

A pretty wedding was celebrated on Saturday, June 21st, at Charlton Avenue Methodist Parsonage, Hamilton, when Miss Etta V. Kellum, of Buffalo, N.Y., daughter of Mr. Herbert Kellum, was married to Mr. James Darwen, manager Darwen Piano and Music Co. of this city. The ceremony was performed by Rev. W. J. Smith. Mr. and Mrs. Darwen will shortly take up residence in the city.

**Church Notes**

In the absence of the pastor, Rev. W. E. Bowyer, B. A., the pulpit of Calvary Baptist Church was occupied by the Rev. Neil Parson, who preached to good congregations, both morning and evening. The text for the morning service was taken from Isaiah, 12th Chapter and 2nd verse, "The Lord Jehovah is my strength and my song, he also is become my Salvation." The theme for the evening was "The cancelled debt Dept. Philemon." "I and 18." "He hath wronged thee, or oweth thee ought, put that on my account." Mr. Parson is a strong and forceful preacher and delighted the people who heard him. Mr. G. Pickles assisted the choir in the evening and sang a fine solo in his usual able and pleasing manner. Miss Bertha Sayles also sang a solo at the morning service which was much appreciated.

**AT WESLEY CHURCH**

Yesterday was Epworth League Sunday in Wesley Methodist church. The music was furnished by the Epworth League. In the morning short addresses were given by Mr. Lloyd Tomlinson, T. McLloyd Miller, while in the evening the address was given by Mr. A. Bennett, a prominent Epworth Leaguer of Galt. Solos were sung by Miss Eva Goult, Miss Huxley and Mrs. L. Brown. The services were helpful and instructive, and Wesley League are to be congratulated on the success of the day. They intend making it an annual affair.

**The Late Mrs Geddes**

The funeral of the late Mrs Arthur C. Geddes, whose death occurred so suddenly at her home, took place Friday afternoon from the family residence, 84 Ontario street, to Mt. Hope. There was a large attendance of relatives and friends. Rev. Elliott, who is at present supplying for Rev. Liddy of Wesley church, conducted very impressive services, both at the house and grave.

The pall-bearers were Capt. M. A. Colquhoun, Color-Sergt. W. Bolt, and Messrs A. E. Day, I. Moyer, Edward Passmore and Roy Collins. The floral tributes were numerous and beautiful, and testified in no small way to the esteem in which the deceased was held.

**The Late Thomas Forsythe.**

The remains of the late Thomas Forsythe were taken to Port Hope this morning for burial. The Orangemen of that place will meet the remains and conduct the burial service of the society.

A very large gathering of sympathizing friends, including members of the Orange order, Loyal True Blues and Canada Order of Foresters assembled at the home of his brother-in-law, Mr. George Douglas, 31 Fair avenue, last evening to pay their last tribute of respect to the deceased, and their respect at the sudden ending of a bright young life.

Rev. Mr. North and Rev. Mr. Loney had charge of the services. There were many beautiful floral tributes including an Arch. L. O. L., No. 742; triangle, L.T.B., No. 15; wreath, Telephone City C.O.F.; cross, Colborne St. Methodist church; wreath, boy chums; sprays, Mr. and Mrs. F. Smale; Mr. and Mrs. Chas. Carson; Mr. and Mrs. N. Sturgess; Mr. and Mrs. C. Flaherty; Mr. and Mrs. Will Bowman, Sr. and Mrs. Henry Duncan, Mr. and Mrs. Jas. Cooper, Mr. J. White.

Mr. and Mrs. Douglas, Mrs. Sturgis, Miss Douglas and Mr. J. White accompanied the remains to their last resting place.

**Equivalents**

Sixty drops equal one teaspoonful. Three teaspoonfuls equal one tablespoonful.

One cupful of liquid equals two gills or half a pint.

One heaping tablespoonful of sugar equals one ounce.

One rounded tablespoonful of butter equals one ounce.

One cup of butter or sugar equals one-half pound.

**JUNIOR RECITAL**

A very pleasing and instructive recital was given by the junior students of the Brantford Conservatory of Music at the Conservatory Recital hall on Saturday afternoon. The young musicians played their pieces in a way which reflected much credit on their teachers and showed that many promising musicians are being brought up in Brantford. Those taking part were: Kathryn Ogilvie, Grace Ogle, Franklin Lyons, Leone Sager, Jeane Milne, Marjorie Huff, Leone Wallace, Doris Tipper, Dorett Hess, Lucille Higgins, Alice and Aileen Harley, Florence Verity, Robert Ellsworth, Gwendolin Bier, Marjorie Boles, Sarah and Carl Shalit, Gertrude Blanchard and Norman Andrews.

This is the first of five closing recitals the pupils of the Conservatory are giving. More advanced recitals are being given on Monday, Tuesday and Wednesday evenings and Saturday afternoon. All persons interested in music are invited to attend these recitals.

**SASHES DOMINATE NEW COSTUMES**

Whatever else is left out, on the modern frock, the sash must not be neglected, for its presence—indeed, its obvious presence—is essential to the smartness of the costume. This gown of taupe colored lansdowne has two sashes; a long, looped-up one at the back, made of the taupe lansdowne, and a smaller one of strawberry pink crepe de chine knotted in Oriental fashion in front. The strawberry color is repeated in the facings of the three-cornered cuffs. This practical street costume for summer days is accompanied by a malines-trimmed hat and buttoned oxfords of patent leather.

Brantford and London surely provided a great battle on Saturday, and Southpaw Heck and Harry Donovan had some argument between them from the pitcher's mound. Donovan's second run gave London their one man on first Harry walked three batters in a row, forcing one run over. Outside of that inning he pitched a beautiful brand of ball. Heck had his spitball working overtime, and the Red Sox could do little with his offerings. The farther he went the better he got, while four of the eight hits off Donovan were made in the last three innings. It did London good to win the game.

That a shake up of the Brantford ball club is due to-day, goes without saying. The arrival of Pitchers Gero and Kellier means the departure of Lefty Smith. It is not known how the infield problem will be solved. Cassavant, the new man is ready to break into the game. In the outfield one new face is reported as a result of Kane's trip. McGill is said to be some ball player. At any rate fans are expected to see a changed team for the remainder of the season. The club has been playing such bad ball.

Everytime Brantford has had a Saturday in London there has been a big excursion out of the Forest City. It looks as if our ball team drove the natives out of town. There were said to have been 6,000 people out of London Saturday. There were 1,400 at ball park. In spite of excursions the London club should be a bread-winner.

There is likely to be a meeting of Canadian League magnates right after July 1, to settle the charge that

the salary limit is being broken. It is openly asserted in official circles that Guelph and St. Thomas are above the limit. Both these clubs last year threw themselves on the financial mercy of the other clubs and were held up last year. If the charge can be sustained that they are above the limit this year, there should be no mercy shown whatever. The owners should be put out of organized baseball. There are honest men in each city who could conduct the sport honestly.

Mr. Shaughnessy and his Senatorial aggregation is here for a three-day stay, his last of the season. One of the new pitchers is likely to work.

Manager Kane is expected to arrive home to-day. He was in New Hampshire yesterday in the hope of landing a new outfielder.

The Red Sox won three out of five last week, but they were woefully weak with the stick in the two games at London.

London beat us at baseball on Saturday but the lacrosse boys evidently evened up things and then some.

Outfielder Hett was released Saturday night. He was not good enough, which is a pretty good reason.

DONOVAN PITCHED FINE GAME—LOST IN ELEVENTH

Red Sox and Kockneys Played Stellar Ball on Saturday at London, but Southpaw Heck Proved Invincible.

LONDON, June 23.—One of the best exhibitions of baseball was seen at Tecumseh Park which opens today when Bobby Heck, the most consistent pitcher, a southpaw, held Brantford to five widely scattered hits, winning out in the 11th by the score of 3 to 2. Donovan held London to five scattered hits till the final inning, when London secured three hits and sandwiched in with a sacrifice hit and scored the winning run. Up to this time both teams were unable to get their hits bunched as London's only clustered bingles came in the last inning. By the Tecumseh winning Saturday's game and the losing of a double header by the Guelph Maple Leafs, London and Guelph are now tie for second place. The Saints are three full games ahead of London, and Guelph at the present time, and the three-game series which opens today between the locals and the St. Thomas club at the Railroad City, will create much interest.

Heck in Grand Form. Bobby Heck gave a grand exhibition of control, only walking four men during the 11 innings, two of which were responsible for the runs made by the Red Sox. Nine strikeouts were also credited to the local portside. The game was a battle of two great pitchers and undoubtedly served the distinction of having twirled the finest game of ball seen thus far this season. Out of the 15 men faced by Heck during the sixth, seventh, eighth and ninth innings, seven men were struck out, London's two runs were scored from Donovan's wildness in the first and fifth, although several chances to score by the locals were thrown away by reckless base running.

Matty Walked Three Times. Matteson walked in the first and crossed the plate with London's first run when Bierbauer tripled to center field over Slemm's head. In the fifth Myers opened with a single and stayed at first base while two men were put out on fly balls but scampered home when Donovan walked Matteson. Bierbauer and Clickenger in succession. Tesch walked in the third and went to second on a sacrifice hit and scored from third when Stewart dropped Durham's fly. With one out in the fourth Ivers drew a base on balls and scored when Slemm hit for two bases out on the left field foul line, and went to third on the throw to the plate to catch Ivers. After this the Red Sox never threatened as four hits all they could get in the remaining seven innings.

Linneborn's Hit Scores Run. The winding run came in the 11th, when Reidy singled and went to second on Myer's sacrifice bunt. Heck next beat out a ball hit to Tesch while Reidy scored when Linneborn tore off a smashing grounder between first and second. The score: BRANTFORD. A. R. H. O. A. MILE TRACK FOR RUNNERS PLANNED NOW FOR BRANTFORD

That Brantford will be one of the places to complete the Canadian Racing Circuit within the next year was the statement made by a well-known sporting man to the Courier on Saturday. It is announced that a Toronto syndicate of racing men is behind the move, which will involve the purchase of a large tract of land on the outskirts of the city and the construction of a mile track, having suitable railway facilities. Brantford, coming between Hamilton and London, would just complete the Canadian Racing Circuit, and is regarded as excellently situated for excursions from Toronto, Hamilton, London and other places. The city itself is considered big enough to assure a large daily attendance for two summer meetings. The land said to be most favored as a site is that near the first toll gate on the Paris road, where a railway switch could be put in and radial connection given. London and Ottawa this year join the circuit, and it is felt desirable to make it more compact by adding Brantford thereto.

Big Meeting at Hamilton

Manager Evers of the Chicago National has suspended Heine Zimmerman, third baseman, and fined him \$200 for a row with Roger Bresnahan during Friday's game with the St. Louis team. The suspension is indefinite. The hundred dollar bill offered by a fan for continuous good conduct, one half of which Zimmerman held, will now also be but a vanished dream.

Jackson's Lead on Cobb

CHICAGO, June 23.—C. McDonald, the Boston infielder, is leading the National League batters, and his consistent hitting shows his leadership is not a fluke. Unofficial averages given on Saturday show him to be hitting at the rate of .370. Titus of Boston is next with .358 and Cravath is third with .350. Then comes Wagner of Pittsburgh who is slowly advancing towards the top. Wagner's figures are .347 and he is just two points ahead of his team mate Hyatt. Manager Huggins of St. Louis is sixth with .342. Jackson of Cleveland, is the only .400 hitter still facing the major league pitchers. His average is .407, and he is still several laps ahead of Cobb, who is batting .380 for second place in the American League. Schlang, the Athletics' recruit catcher, is third with .370 for twelve games; Collins, Philadelphia, fourth with .365 and Speaker of Boston, fifth with .363.

Hans and Senators Each Win Oone Game

HAMILTON, June 23.—Hamilton and Ottawa broke even in a doubleheader here Saturday, when Hamilton led the opening event with Donohue opposing Lill in the box by the score of 2 to 1. The second game was an Ottawa victory by the score of 5 to 1. Renier held the locals to three scattered hits, while the Senators bunched their hits off Smith and Garlow.

BRANTFORD WON LACROSSE GAME

Ample Revenge was Taken on London Team Here Saturday.

In a fast, but rather rough game, on Saturday, the Brantford lacrosse team defeated London to the tune of 11 to 3. The London boys did not seem to hit the stride in the first quarter and as a result Brantford scored six. In the latter part of the game however, London spruced up and kept the locals hustling. Heavy body and cross checking featured the game which was brilliant in parts. Manager Slattery is certainly to be congratulated on the fine showing the team made. For the home team Slattery and Hearn starred, each scoring 4 goals. Duncan and Campbell scored 2 each, while Woodley scored one.

There was little to choose between the two teams, London was a trifle nervous at the start, but when they settled down their passing, checking combination and general work was hard to beat. For London, Anderson was the star scoring 3 goals, while Holley scored one. Ernie Doyle of Newmarket handled the game in a most satisfactory manner.

Four Hits off Baker; Berlin Loses Another

BERLIN, June 23.—The Canadian League leaders showed up the tailenders here on Saturday afternoon when St. Thomas defeated the locals by a score of 10 to 1. Heavy hitting on the part of the visitors and the inability of the Dutchmen to find "Wild Bill" Baker's delivery was responsible for the humiliating defeat. Bramble started to pitch for the Keenanites, and got off to a good start but two or three raw decisions on the part of Umpire Halligan netted the big pitcher and hits became numerous, especially in the fourth and fifth periods. In the latter inning Auld was sent to Bramble's rescue and during the next three frames held the Saints rudderless and hitless. In the ninth a single by Kopp and triples by Kustus and Wright netted two more runs.

Football Results

Results of Saturday Games S. O. E. 3, All Scots 1. Dragons 3, St. Andrews 0. Cockshuts 4, Tigers 1. Cop Tie Game Tutela 5, Dufferin Rifles 2. Cup Tie Game

In the Cup Tie game for the John Hill Charity Cup, the Tutela eleven sprung a surprise on the Dufferin Rifles, and defeated them quite handsily by the score of 5-2.

Both teams turned out as selected, Tutela won the toss and decided to play towards the city.

Phillips started the ball rolling for the Duffs. After some mid-field play the park break away and attack the Duffs goal. Clark tried a shot which went wide. The Duffs then took matters in hand and after some good play Humphries tested Glenwill.

The Tutela forwards are very fast on the ball, and during this half scored another two goals, while Humphries added another for the Duffs, scoring for a penalty. Half time, Tutela 3, Duffs 2.

On resuming play, one could not have wished to witness a harder fought game. Every man on the field was doing his best. The two goals scored by Tutela in this half were cleverly obtained, and were only made possible by the unhesitating seizure of their chances. They adopted the right tactics in front of the goal. They shot at every opportunity and they kept the ball low, two valuable points in a game of this distinction.

But with all this advantage, the fact remains that Tutela was fortunate to win by three goals to two.

The Duffs played up to their reputation. They were a clever designing line, who passed the ball with accuracy and skill. The Duffs struggled gamely to the end, but what little bit of luck which is essential in a cup tie, was denied them.

There was no choice of the players on either team, all playing well, and Tutela ran off victors of the tune of 5 goals to 2.

Music and Drama

At the Gem. At this strictly select theatre for particular people nothing but the very highest grade of photo plays are presented and patrons will agree that pictures are projected on the screen with brilliant clearness. The electric light for use in moving picture machine is manufactured on the premises, and no expense is spared to ensure absolutely flickerless pictures.

For the first three days of this week the management are presenting one of the strongest bills of the season, "The Balkan Traitors" an up-to-date war special depicting scenes in the struggle in European Turkey "Slavery Days" (from the Rex Studio) an extremely fine picture.

Reconstruction of Red Sox Takes Place This Week—New Players

The shake-up of the Brantford team comes this week. With the arrival of the new pitchers, Gero and Kellier, and a new outfielder McGill, there will be some releases. Brundage is slated for removal as he has fallen off woefully in his hitting. He accumulated a great average in his first week, but the average he secured is not recognizable at this stage. He is just hitting that's all, and the Red Sox need the hitters at present more than anything else. There is a possibility of Duff Slemm assuming his old duties as travelling secretary of the club, although Duff has played fine ball in many games. He has only hit, however, around .225, and this is not considered strong enough for an outfielder. Still Slemm will always be available. The pitching staff will be Gero, Kellier, Donovan, Clermont and Coose, with Chubby kicking around as spare catcher.

The arrival of the new infielder puts a premium up to the management. If Casavant can hit he will cinch his job, and either Tesch or Duram will be let out. Both these boys have played fine ball in the field during the past week and Tesch is considered a sure fielder than Lou Courtney. Had the team shown good batting strength it is not likely the change would be considered with either Durham or Tesch, as they cover their territory in fine shape. The club, however, needs the pinch, and it is for this that the reconstruction is framed.

The management has done some real hustling during the past week in order to strengthen up for the important games this week and next with Ottawa and St. Thomas. If the Red Sox can get going this week local fans can expect some grand fighting before the season is over.

FOUR FIREMEN DEAD: THREE ARE INJURED

A Serious Factory Fire in Montreal

MOST DISASTROUS IN YEARS.

John C. Forsythe, twenty-eight years old, Patrick Hamill, thirty-four, John McDermott, twenty-two, Webster Molson, twenty-five.

MONTREAL, June 23.—Four Montreal firemen lie dead at the morgue, and three are injured, one seriously, in consequence of a fire in which the large brick shaft and blind factory of Messrs. Itzwey & Sarazin, facing on Duvernay and Lewis street and Fabian avenue, Ste. Cunoigne, was demolished Sunday. The large ice warehouse of the City Ice Co. on Fabian avenue, in the rear of the burned factory has been in flames since the fire started in the interior. The front walls of a row of flats from 105 to 243 Duvernay street, opposite the ash and blind factory, are scared and blackened from fire and smoke, windows and doors being destroyed and in many cases the front rooms gutted.

This is the result of the most disastrous fire that has visited this city since the burning of the Board of Trade building, thirteen years ago. A general alarm called the fire apparatus from every station in the city and the ambulances from every hospital. The fire started presumably from a burning match or lighted cigarette thrown carelessly by a passerby into some shavings lying in the Fabian avenue doorway. The ignited shavings in the open doorway were quickly sucked into the building by a draught, and the blaze trailed its way immediately to a bin in the centre of the building, which was packed with excelsior and other flimsy material. This bin of refuse served as tinder for the creeping flames. From the refuse box to the dry kiln on the floor above in the east wing of the building, a room filled with closely piled lumber, was the path of the flames. The intense heat from the burning of the kiln literally melted the floor from under the dry kiln, precipitating part of the tons of lumber into the raging furnace beneath, which loosened the piles sufficiently to cause a draught. All this happened before the firemen arrived on the scene. Wall Collapses, Men Barely Escaped. Captain Enlow, with five men, were fighting the blaze with two streams at the place of its origin in Fabian lane, directing their efforts against the dry kiln. Suddenly a

"The Mystery of Agatha Webb"

By KATHARINE GREEN

Copyright, 1900, by Katharine Green

Dr. Talbot, though he stared a little at the young man's confessed theft, took the slippers Abel was holding out and carefully turned them over. They were, as Sweetwater had said, grievously torn and soiled and showed, besides several deep earth stains, a mark or two of a bright red color quite unmistakable in character.

"Blood," declared the coroner. "There is no doubt about it. Miss Page was where blood was spilled last night." "I have another proof against her," Sweetwater went on, in full enjoyment of his prominence among these men who, up till now, had barely recognized his existence. "When full of the suspicion that Miss Page had a hand in the theft, if not the murder of Mrs. Webb, I hastened down to the scene of the tragedy. I met this young woman issuing from the front gate. She had just been making herself conspicuous by pointing out a trail of blood on the grass plot. Dr. Talbot, who was there, will remember how she looked on that occasion, but I doubt so much as remarked the faded flower the silly boy had stuck in his button-hole."

"I did not," ejaculated the coroner. "Yet that flower has a very important bearing on this case. He had found it, as he will tell you, on the floor near Batsy's skirts, and when I saw it in his case, I bade him take it out and keep it, for gentlemen, it was a very uncommon flower, the like of which can only be found in this town in Mr. Sutherland's conservatory. I remember seeing such a one in Miss Page's hair, early in the evening. Have you that flower about you, Abel?"

"Abel, indeed, I am filled with importance, too, showed it to the doctor and to Mr. Fenton. It was withered and faded in hue, but it was unmistakably an orchid of the rarest description. "It was lying near Batsy's," explained Abel. "I drew Mr. Fenton's attention to it at the time, but he scarcely noticed it."

"I will make up for my indifference now," said that gentleman. "I should have been shown that flower," put in Knapp.

"So you should," acknowledged Sweetwater, "but when the detective instinct is aroused in a hard-boiled man to be just to his rivals. Besides, I was otherwise occupied. I had Miss Page to watch. Happily for me, it had been decided that she should not be allowed to leave town till after the inquest, and so my task became easy. This whole day I have spent in sight of Mr. Sutherland's conservatory, and the nightfall I was rewarded by detecting her and a prolonged walk in the garden by a hurried dash into the woods opposite. I followed her and noted carefully all that she did. As she had just seen Frederick Sutherland and Miss Holliday disappear up the road together, she probably felt free to go as she liked, for she walked very directly to the old tree we have just come from and, kneeling down beside it, pulled from the hole underneath something which rattled in her hand, with that peculiar sound we associate with fresh bank notes. I had approached her as near as I dared and was peering round a tree-trunk when she stooped down again and plunged both hands into the hole. She remained in this position so long that I did not know what to make of it. But she rose at last and turned toward home, laughing to herself in a wicked but pleasant way that did not tend to make me think any more of her. The moon was shining very brightly by this time, and I could readily perceive every detail of her person. She held her hands out before her and shook them more than once as she trod by me, so I was sure there was nothing in them, and should find the money still in the hole. "When I saw her enter the house, I set out to find you, but the courthouse room was empty, and it was a long time before I learned where to look for you. But at last a fellow at Brighton's corner said he saw four men go by on their way to Zabel's cottage, and on the chance of finding you among them I turned down here. The shock you gave me in announcing that you had discovered the murderer of Agatha Webb knocked me over for the moment, but now I hope you realize, as I do, that he could never have had an acing the fact that one of the stolen bills has been found to have been in that wretched man's possession, for—and here is my great point—the proof is not wanting that Miss Page visited this house as well as Mrs. Webb's during her famous escapade, or at least stood under the window beneath which I have just been describing a footprint can be seen there, a very plain footprint, and if Dr. Talbot will take the trouble to compare it with the slippers he holds in his hand he will find it

BOYS MET THEIR FATE LIKE LITTLE HEROES

Shook Hands and Waved to Officials as they Drifted Into the Whirlpool Rapids—Third Swam Ashore.

NIAGARA FALLS, Ont., June 22.—A sad boating accident ending in a double fatality occurred here on Sunday evening at 5.30 o'clock. Three boys, Donald Roscoe, eleven years old; Hubert Moore, twelve years, and George Thompson, thirteen years old—all of Niagara Falls, N.Y., left their homes about 3.30, and proceeded to an old bathing place on the Niagara River, half way between the two bridges.

Upon arrival they noticed an old flat-bottomed boat tied to the land, into which they got and started to play, when, without warning, the boat suddenly started down the river. Thompson, who was the first to notice it, jumped into the water and swam ashore, but the other two boys, Roscoe and Moore, paralyzed with fear, delayed too long, and the boat, being caught in the current, swept towards the rapids at a speed of be-
