NINETENTH YEAR

THE NAPANEE BANK ROBBERY

A New Witness Was Introduced Yesterday But Nothing Startling Came Out—The People of the Town Are Agitated and Demand Justice.

Napanee, Aug. 5.—(Special.)—"Hope deferred maketh the heart sick" is an adage that has come true in this town with reference to the bank robbery.

That there are persons in the community who are carried to the hearts or heads of the people. The general opinion is expressed in "I wonder what next Tuesday will bring forth." It is a courageous man that has any opinion in this town upon the case. If a statement is made that can by any possibility be construed into favoring the crown's side of the case, they will shun you as if you were contagious. If you propose an argument to support the defence, you are called nonsensical and "sickly sentimental." However, you think you are perched on the honor of a deity. The most sensitive portion of the community is the police. A more tolerant class of men it has not been your correspondent's lot to meet. And one might go out of the way to say that both Detectives Wilkes and Dougherty are manly men, away about sneaking practices. Yet even the police have no license to be offered if, for the ends of justice, their every act is scrutinized. To be accused is not to be found guilty. A fullness man accused counts the fullest and freest inquiry. That there are persons in town that devoutly hope that Ponton will get off, guilty or not guilty, there is no doubt. But they are the closest friends of the prisoner, or girls of tender years, whose charming personalities will pardon them for their lack of logic. There may be just a dash of "sickly sentimentality" in this quarter, but to apply that caustic criticism to the thinking portion of the citizens is a gross calumny. The citizens want justice done, no matter who suffers. That the proceedings elicited nothing sensational. The chief feature was Mr. Porter's able cross-examination of Ericson Pare, whose memory for details is phenomenal. The crown thinks that the long examination of the defence is putting Pare through strenuous prosecution. But the defence claims it is weaving a web from which it will take both truth and ingenuity to extricate Pare. The crown claims that Pare's knowledge of the presence of Government bonds in the bank is positive proof of inside information. This is considered the strongest point advanced to date.

It is stated that lawyer J. N. Macdonald of Toronto will be added to the defence staff on Tuesday.

A NEW WITNESS.

Inspector Burke of Boston Gave His Testimony at the Request of Mr. Osler.

At the opening of the court this morning Mr. Osler asked the privilege of introducing a new witness, who desired to return to his duties in the United States, and Inspector Burke of Boston was called as the first witness. He is a hearty-looking Irishman, who speaks with a pronounced brogue. He gave his evidence in terse style. His story ran in this wise: "I am inspector of police in Boston, Mass. I have known the prisoner, Ericson Pare, for three or four weeks. I was one of the arresting officers. I think he was arrested three weeks ago last Wednesday. Messrs. Falconer and Thornhill were with me when the arrest was made. There were some children in the room. In a moment his wife came in. Then he said, 'You may be a little better off, money, take this.' He handed her some money in a purse, but the officers took charge of the money and conveyed their prisoner to the police station. I found money on the prisoner, I then made a search of the house."

The witness here opened a cigar box and exhibited the bills and coins taken from Holden on his arrest. The money was found in a small traveling bag. When it was opened a stocking containing 14 silver pieces was found. The coins were not current in the United States, but were of various states and countries. One coin was a five-franc Belgian piece of 1870, marked in the crown with four indelible ink marks. The coins found in the purse were foreign, with the exception of an American dollar. Some of the coins are rare and old. One bears the date of 1022.

Then the witness told how Mrs. Holden said there was no more money in the house, but she pointed out a trunk in a closet, and told the officer to search it. When I went to the trunk she who held the key poked the fire. I called for assistance, and Thornhill took a bundle of money from the fire, saying, "Just as I anticipated."

Searched Money in Evidence. The money was produced in court, and was searched considerably. There were 10 Dominion Bank notes unaccounted for, numbered 46,000. Burke rescued the unburnt balance of four other notes, three four were by pieces of bills. One fragment had the number 46,440, another 46,450, a third was an unaccounted note and its number appeared to be 46,000 and over, the hundreds being burnt off.

The fourth was an unaccounted Dominion Bank note. A piece of burnt paper that was around the money when thrown into the stove was exhibited.

"What did Holden say?" asked Mr. Osler.

"Chief Inspector Waits talked to him the next day. Holden said that the money was put in his house by some one."

"I said, 'I saw your wife put the money in the stove.'"

"What do you say to that, Holden?" Waits asked.

"I don't know anything about it," said Holden.

The statement was described clearly by witness. Holden's family occupied that flat of the roof. There was no connection to the other flats except by stairs.

Then in open court Inspector Burke delivered the exhibits to Chief Adams and High Constable Sils.

T. H. Preston, Q.C., put the witness through a short cross-examination, eliciting a little added information, but distinguishing the evidence in no one particular.

What Holden Had on Him. When Burke arrested Holden he found a knife, a cheque for \$400 and \$17 in American money. The \$17 Burke gave to

THE NAPANEE BANK ROBBERY

Seven Pleasure Seekers Struggled for Life in Lake Couchiching and One of Them Went to a Watery Grave—Efforts to Recover the Body Were Unsuccessful.

Rams, Ont., Aug. 5.—(Special.)—A cad drowning accident occurred here about 8.20 this afternoon. A party of excursionists sailed on an outing, in the direction of Geneva Park, Lake Couchiching, about seven miles from the city. The party divided, eight of them going in an old sailboat and the remainder in a steam yacht. About half way across the lake the sailboat started to leak, and the men tried to bail her out as fast as the water came in, but could not keep her afloat, and she went down in a few seconds, throwing the whole party into the water. All but one could swim, and when the boat came up they hung on.

Started to Swim Ashore. Young Robinson, a son of Neil Robinson, farmer, said he would swim to the shore, and one of the men asked him if he could help him. He said, "No, I am all right." The man, who was swimming at the time, turned to see how young Robinson was getting along, but he saw him just as he was going down. He was about 22 years old, and a good swimmer.

The steam yacht returned to shore and the crew called the men clinging to the partly sunken craft, but a rowboat, manned by a party of fishermen from the park, put out and gallantly rescued the seven men, bringing them to shore.

A brother and sister of young Robinson, it is said, were in the steam yacht. The spot where the young man went down was about half way across the lake, and it is very deep—about 40 feet.

Several young men from the camp went out to try and get the body, but they were unsuccessful, and arrangements are being made to grapple for it.

Russia is Assuming an Aggressive Attitude in the East.

The Lion May Have Occasion Again to Drive the Bear to Its Lair—All London is Uneasy Over the Chinese Situation—Russia Said to Be Scheming for a Port on the Persian Gulf.

London, Aug. 5.—There is great uneasiness on all sides here in view of the Chinese situation, which is regarded as bringing an open conflict between Great Britain and Russia within measurable distance, and it is universally felt that the Marquis of Salisbury's invertebrate yielding to Russia's aggressiveness is responsible for the dangerous complication, which can only be overcome by the most prompt and most firm intimation that Russia's open opposition to British commercial concessions must cease.

In connection with this, a curious story is current. It is now said that the Princess of Wales hurriedly departed from England in response to a despatch from her sister, the Dowager Empress of Russia, bearing upon the Anglo-Russian relations. It is well known that the Dowager Empress is strenuously working to conclude a definite understanding regarding Anglo-Russian interests in the Far East, and it is said that great importance attaches to the meeting of the sisters at Copenhagen.

Mr. Curzon Talks About It. London, Aug. 5.—Replying to a question tabled in the House yesterday, the Parliamentary Secretary for the Foreign Office, Mr. George N. Curzon, said that the Government was endeavoring to obtain a port on the Persian Gulf. Two-thirds of the trade of the world is British, he said, and it is the duty of the Government to be specially interested in the matter.

The steamer mentioned, it is said, is Russia. An order despatch says: The Anglo-Russian war is a scare is spreading. It is reported that the Archbishop Walsh, who is in preparation and trying to force an issue in the East.

ARCHBISHOP WALSH WAS SLATED. Would Have Been the Canadian Cardinal—But He is Reported to Be Regretful.

London, Aug. 5.—A High Catholic official informs the Associated Press that the Vatican had decided to make Archbishop Walsh of Toronto a cardinal. His death leaves the question of the succession to Cardinal Tuckey open. The Catholic Government and heard that a great power was endeavoring to obtain a port on the Persian Gulf. Little Village Has Grown Into a Hustling City of Thousands.

Price of Everything Except Gold Has Increased—Government Officers Are in a Deploable Condition—An Interesting Letter—Other Notes From the Capital.

Ottawa, Aug. 5.—Mr. Boyle, who, along with F. Slavin, spent last winter here, having come from Dawson City, and who has now returned there, writes here: "The little village of tents and log cabins that I left last fall had grown into a hustling city of thousands. Hotels, restaurants, saloons, stores of all sizes and kinds, brokers, lawyers, doctors, real estate and mining exchange offices in plenty, street vendors, newboys, bootblacks, and last, but not least, the lusty-lunged 'chechako,' disgruntled with the place in general and himself in particular, roaring out the articles of his outfit for sale at slaughter prices."

"There is no night in Dawson now, it is just as light at 12 midnight as at 12 noon; just as many people about and near by as much business being done, with the exception that it is a sort of cat and dog existence with the legitimate business houses as dogs and the saloons and 'chechako' as cats, and the cats have the night and the dogs the day."

"Everything in Dawson has increased in price excepting gold, which was taken in trade last year at \$17 per ounce, while now it only goes for \$16."

"The different offices of the Government are in an almost deplorable condition, it being next to impossible to get anything accomplished at any of them."

"The Gold Commissioner's office is closing from 5 in the morning till 10 in the evening at night, being never less than from 30 to 40 men in line, and it is a three hours' job to get in and out. No matter at what hour you start to get into the post-office, you are here if you get in that day."

Boyle also says there are a great many people there who are unfit for the country. Carrying on negotiations with Mr. T. W. McDermott for the purchase of the Yukon, the property will be used as a home for aged priests of the diocese.

Yukon Official Report. Capt. Constantine of the Northwest Mounted Police reports that the Yukon territory is in an almost deplorable condition, it being next to impossible to get anything accomplished at any of them.

Debate on the Address Was Full of Interest Yesterday—Vigorous Speeches by Col. Matheson, Mr. Garrow and Dr. Barr.

The debate on the address at the Legislature, since Mr. Whitney's submission of amendments on the subject of the defeated Ministers and since Mr. Hardy's back down of Thursday night, has assumed a decidedly new tenor. Now the defeated Ministers instead of the poor constables have become the storm-centre.

Col. Matheson led off the debate yesterday. Like his leader, he shows a marked improvement in debating power. After Mr. Garrow had replied, Dr. Barr, a new member, but one not entirely stranger to the Legislature, continued up till 6 o'clock, adducing some very good arguments and occasionally producing volumes of laughter.

Mr. Straton moved the adjournment of the debate and the Attorney-General, of the Government members have now turned to begging the Opposition to take advantage of Mr. Hardy's half-right-about and to help shorten the session.

The Colonel's Criticism. Col. Matheson was never in better fettle. The financial critic began with a few kindly congratulations to the speaker. But it might not perhaps have been deception, for even the Globe had not been led into the critics in defence. The members of the Opposition, however, were not so easily deceived. They were in the preparation for him of his brief in that he had not been given an inkling of the Government's intention of testing to get a reform bill. But they were not so easily deceived. "He that is Stricken cannot forget His eyesight lost"

Blindness Prevented By the Pin-Hole Test

THE PIN-HOLE TEST will determine if your eyes are becoming diseased. Take a card, make a small pin-hole in the center, place the card close over the eye and look at the clear, blue sky. If the field of vision looks clear, the eyes are not diseased. When the field of vision is smoky or hazy, the appearance often accompanied by spots or the appearance of a fungus growth, no time should be lost in obtaining treatment if blindness is to be prevented.

There is no diseased condition of the eye that cannot be permanently benefited BY THE ORIGINAL BEMIS ABSORPTION TREATMENT NO KNIFE—NO RISK

It has cured cases long pronounced hopeless, and prevented blindness, which was being brought on through ignorance and habitual misuse of the eyes. The most advanced ideas of to-day ridicule the free use of the knife, producing as it does, such terrific shock to the nervous system.

Our Successes Prove Our Claims. Our references are those whom we have treated. Representative people from all parts of the United States and Canada endorse this institution. If you cannot visit us, Our Home Treatment will prove of incalculable benefit to you.

Write us fully about your case and we will gladly advise you what to do.

Our pamphlet is sent free, fully describes the early symptoms of all diseases of the eye and how to successfully treat them.

THE TORONTO WORLD ONE CENT MORNING PAPER. No. 25 YONGE STREET, Toronto.

PUSILLANIMOUS AS WELL AS TRICKY. Hardy's first proposition was to have the Legislature pass an act to legalize the constable vote. This was too outrageous and his supporters threatened to bolt. His next proposition is to ask the Legislature to pass an act to hold new elections in those constituencies where the Liberal members would be unelected if the votes of constables were declared illegal. That is to say, in constituencies where the constable vote, as polled, does not affect the result there will be no election; in constituencies where the constable vote, as polled, forms the pivot on which the election turns, according as the vote is allowed or disallowed, there will be a new election. The further Hardy proceeds the clearer it becomes that he is making it his business to get into the mire. The principle underlying his latest proposal is even more objectionable than that involved in his first proposition. What he says is this: "I didn't understand that constables had not a legal right to vote when I brought on the general election last March. I learn now that they have not the right. What I propose is that we hold the elections over again after I have passed a law making it clear that the constables have a vote." Although Mr. Hardy's last proposal does not affect the Opposition so seriously as his first proposition, yet the principle involved is even more outrageous, and it will be opposed even more strenuously than his proposal to legalize the vote as already polled. The last proposal involves retroactive legislation just as much as the first, but for trying the game over again, Mr. Hardy can produce any semblance of a precedent, although he was able to bring forward a spurious precedent for legalizing the constable vote. Mr. Hardy's first coup was at least audacious. His last act savors of cowardice and pusillanimity. Mr. Hardy says in effect: "Please fellow-citizens, please, O judges, please everybody, do not discharge us. We never expected you were going to turn on us. We are poor, we do not know what will become of us if we get the sack. Everybody, please help us. O, what our sires! We have to give up our homes!" An ordinary workman, a bricklayer or a clerk would receive his discharge with more dignity and less whining than Hardy has exhibited in regard to the notice to quit that has been served upon him by the people. If Mr. Hardy had any self-respect he would neither whine nor resort to trickery to keep himself in office. "Why on earth cannot the man take a licking like a gentleman?" is the exclamation of the Montreal Star, and it is the exclamation that everyone throughout the country is making.

WHERE TO SPEND CIVIC HOLIDAY. Everybody asks everybody else just now, "Where are you going Civic Holiday?" and no one seems at all certain as to where the happy spot of visitation may be. Perhaps the hesitancy is caused by the variety of choice. This could easily be, for there is not a boat in the bay but sails on Monday for some place of pleasure. Our local railway will keep in constant touch with the parks and picnic grounds in and about the city, and both the G. T. R. and the C. P. R. have made extensive arrangements to pour Toronto's populace into sister towns and cities.

Every course all clannish Chaldeans will be on hand at Exhibition Park, where the annual games will be run off, while the sportsmen will flock to the various resorts similar to that at the Woodbine. Lovers of professional sports will have an ample opportunity to witness a first-class tennis match at the Mount Pleasant and Long Branch courts. The Cornwall and Toronto lacrosse teams will meet and a warm game is expected. As for the horse races, the racing season will be in full swing, and the Toronto and Wilkes-Barre races will clash. The island will be a popular place on Monday, and everything that's bright and attractive will be seen there. Among the many points at which Toronto people will pass the annual holiday, the Star will do a big day's work in transporting pleasure-seekers there.

Orilla's Hotel Accommodation. Editor World: I reading my morning paper I noticed your article and the high encomium on the town of Orilla and surroundings, but you quite fail to mention the excellent quality of the hotel accommodation. What Orilla requires is a first-class hotel, with all modern sanitary conveniences, with each room overlooking the traveling public will stop off on the shores of Couchiching, instead of proceeding north to Muskoka. W. Sterling. When in Buffalo stop at the Pilmor House, Buffalo, N. Y. Carrol, one block from the Erie and Grand Trunk and two blocks from the T. H. & B. depots: rates \$1.50 per day. 216

A Plague of Sand Flies. Niles, Mich., Aug. 5.—Traffic was blocked last night by myriads of sand flies, which swooped down on the city. Merchants were compelled to close their stores and the authorities put a gang at work shovelling flies into the river. They lay six inches deep on the streets. The Roof Garden. This popular place was filled last evening, when the Willis Stock Company gave a bill of minstrelsy and comedy. The minstrels are to be repeated next week, with new jokes, etc., and followed by a bill of minstrelsy, a short comedy, full of fun. Four performances will be given on Monday, commencing at 2 and 8 p. m.

There are many thousands of wise women in this country who, when they find that they are suffering from weakness or disease of their distinctly womanly organs, promptly write to an eminent and skillful physician with a world-wide reputation, instead of trusting their cases to some obscure physician who, with limited practice and experience. There are many reasons why a wise woman follows this course. The chances are that an obscure physician of small practice will not diagnose troubles of this nature properly. If he does, he will insist on the obnoxious examinations and local treatment from which every sensitive, modest woman shrinks. The specialist referred to is Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Thirty years ago he discovered a wonderful medicine for diseases peculiar to women, that may be used effectively in the privacy of the home, and does away with all necessity for examinations and local treatment. This medicine is known as Dr. Pierce's Favorite Prescription. It acts directly on the delicate and important organs concerned in wifehood. It makes them healthy and vigorous. It allays inflammation, heals ulceration, soothes pain and restores the system to its normal condition. It insures the little new-comer's health and an ample supply of nourishment for the mother. Thousands of women have testified to its marvelous merits. Medicine dealers sell it. It is a druggist's business to give you, not to tell you, what you want. Any wife who may write to Dr. R. V. Pierce, Buffalo, N. Y., and get free advice. By enclosing 21-cent stamps in her letter, to cover cost of stamps and mailing charges, she may secure a paper-covered copy of the "People's Common Sense Medical Adviser." Cloth bound, 50 stamps.

TORONTO AS A SUMMER RESORT. Toronto is becoming more and more popular as a summer resort with the people of the Southern States. This year hundreds of Americans are passing the season in this city. Toronto has acquired a reputation among quite a number of the southern cities as a pleasant, cool and delightful retreat from the heat of semi-tropical America. We do not know of any city on the continent where the summer can be passed more pleasantly than right here in Toronto. Situated as it is on the margin of one of the great lakes, the climate is always tempered and equable. The lake acts as a radiator which sends forth its heat to the adjoining land in winter, and as a refrigerating coil, which cools the atmosphere in summer. The people who are accustomed to the southern island cities find Toronto much more agreeable than the residents of the city itself. This summer business has not come exactly of its own accord. Interested people have been cultivating it for a few years back and the result, we are glad to say, has been very satisfactory. The visitors themselves form an excellent advertising medium for increasing the number of our summer guests, but a well directed advertising policy would have a wonderful effect in enlarging this most desirable business. Let the Americans be told of the beauties and attractions of our outdoor life in Toronto, and we will secure a still greater increase in the number of our summer visitors.

THE INDEPENDENT TELEPHONE MOVEMENT. Independent telephone companies are springing up like mushrooms all over the United States. Probably the most formidable competitor which has yet entered the field against the Bell interests is the Kinlock Telephone Company of St. Louis, which has laid 100 miles of line in that city. It has already installed 5000 instruments, and its service will commence within a few weeks. The telephone construction companies are working night and day filling orders for the new competitive companies that are coming into existence. As soon as a new plant is installed in any town, connection is made with the nearest towns having independent exchanges, being established concurrently with the local exchange. The spontaneity of the new movement is one of its most characteristic features. The companies are established on a sort of mutual or semi-co-operative basis. The exchanges work in co-operation with one another, and the local companies are for the most part independent of the Bell interests. The further progress of the movement will be watched with interest by the people of this country.

EVERYBODY ASKS EVERYBODY ELSE JUST NOW, "Where are you going Civic Holiday?" and no one seems at all certain as to where the happy spot of visitation may be. A New Atmosphere

There's a new atmosphere in the "Slater Shoe" store—more sprightly enthusiasm.

The new management coincides with Slater methods throughout.

The Slater style means public confidence—in store methods as well as shoes.

It's a Slater Principle that an ill-fitting shoe is the worst kind of shoe investment—this principle is laid down hard and fast at 89 King Street West.

There are 14 shapes, 11 sizes and half sizes, 5 widths, and every color of shoes there.

The "Slater Shoe" is made to fit all kinds of feet and we are here to sell the shoe that fits you.

The only store in Toronto selling genuine "Slater Shoes."

Sole agents for the "SLATER SHOE."

The Citizens' Shoe Co., 89 King Street West.

Life is Great

When we rise to its highest responsibilities. There is no responsibility so great as the care of loved ones—that our removal by death shall not cause them undue suffering such as an involved estate would do. Life insurance is one of the greatest safeguards against this kind of calamity. The plans of insurance of the North American Life—"Solid as the Continent"—meet every case. May we—or our agents, who are almost everywhere—help you choose one that will suit your needs.

NO MORE CARS TO WESTON.

So Decides the Toronto Suburban Railway Co.—Will Not Be Displaced by Village Council. The petty quarrel which has been going on for the past three years between the Weston Village Council and the Toronto Suburban Electric Railway has at last come to a focus. Up to the present the Weston Council has been on the aggressive, and although no bonus was given to the village, the Council has insisted that the railway company must build the line through the village, or stay out of it altogether. Now, the Electric Railway is to have its innings, and to-day will issue a proclamation which says:—

According to the terms of judgment, dated March 16, 1898, and which by express instructions of the Weston Council are to be adhered to, the cars of the Suburban Electric Railway Company will cease running through Weston on and after the 10th inst.

A Successful Medicine.—Everyone wishes to be successful in any undertaking in which he may engage. It is, therefore, extremely gratifying to the proprietors of Farmacia's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsement of this pill by the public is a guarantee that a pill has been produced which will fulfill everything claimed for it.

Special Attractions at Munro Park. Next week will be the beginning of a new departure in Munro Park. Heretofore the management has been content to give a series of first-class concerts by the military bands of the city, all of which have been successful. For the week commencing on Monday next, Aug. 8, special attractions will be given on the grounds every evening, with matinees Monday, Wednesday and Saturday afternoons, at 2.45. A fine new stage has been erected, additional lights put in, and other improvements are also in progress, all of which will make the grounds more attractive than ever. The program includes performances by the following famous artists from the Haun and Marlow congress of novelties: The original and only Mocoella, slack wire artist, equilibrist and juggler; Campbell and McConnell, the celebrated acrobatic comedy artists in their original sketch, "A Clown's Trip to Zuluana"; the Patino Brothers, their funny aerial talking act, for laughing purposes only, and the Valetta brothers, the

darling and sensational double trapeze performers and Spanish web artists. In addition to these Senor de Fonseca, a Cuban refugee, who is renowned as a soloist, waltzer and mandolin player, has been secured, and also the Gardiner children, "boy and girl," the prettiest and youngest dancing pair of the day. There will be new features every day. Monotony and vulgarity never have a chance. It is and will remain the picnic and pleasure grounds of the people of Toronto.

Scott's Sons of Exhibition Park. The Sons of Scotland are sure to have the most successful gathering on Monday at the Exhibition Park. The occasion is the annual picnic and games of the society and the program one of the very best. The games begin at 1.30 p. m.

Mr. Beatty's Position. Mr. W. R. Beatty, M.L.A., did not attend the Liberal caucus, as stated in the press the other day. He was not invited by the Liberals. Nor did he attend the Conservative caucus.

Preparations are already under way for making 1890 Cleveland Models. H. A. Lester & Co., with their usual thoroughness, have a number of wheels undergoing a course of the hardest tests to ascertain if there are any weak points or possible defects in their construction.

NOW IS THE TIME to get your children's eyes examined, before school opens. Our optician is particularly skilled in testing children's eyes most accurately. There is no guesswork in his methods. Examination free.

An American Colony in Stylish Jarvis. The Southern States Well-to-do People Treasure Into City—All Are Delighted with Attractions. The large number of brightly dressed Americans have been conspicuous of days past all along Jarvis street. The "I reckon" "antiques" and the gay din of their charges told of the date or the palm. Most Toronto people do not realize that the fact of their coming to this city, booming American villages, is an addition of 40 rooms to the city's population. The American ladies sitting on the street and flowers of the "Home," just below Carlton, are playing tennis on the lawn of "Glenholm," the address of a few doors further down; and the "Berwick Hall," or prominent grove, surrounding the "Marlborough." Enquiries made at number of the street revealed the fact of a perous American summer village, composed entirely of Southern, Louisiana, Alabama, Arkansas, etc., and the courtesy of the Southern city have found the city for the marital fever of no footing here, nor the tropic heat. When feeling the heat of last Sunday and the courtesy of the Southern city have found the city for the marital fever of no footing here, nor the tropic heat. the day. There will be new features each  
day. Monotony and vulgarity never have  
and never will be tolerated in Munro Park.  
It is and will remain the picnic and plea-  
sure grounds of the people of Toronto.

Scott's Sons at Exhibition Park.  
The Sons of Scotland are sure to have a  
most successful gathering on Monday in  
the Exhibition Park. The occasion is the  
annual picnic and games of the society and  
the program one of the very best. The  
games begin at 1.30 p.m.

Mr. Bentley's Position.  
Mr. W. R. Bentley, M.L.A., did not attend  
the Liberal caucus, as stated in the press  
the other day. He was not invited by the  
Liberals. Nor did he attend the Conserva-  
tive caucus.

Preparations are already under way for  
making 1898 Cleveland Model. H. H. Aldrich  
& Co., with their usual thoroughness,  
have a number of wheels undergoing  
course of the hardest tests to ascertain if  
there are any weak points or possible de-  
fect in their construction.

Now is  
THE TIME  
to get your children's eyes  
examined, before school re-  
opens. Our optician is par-

## TORONTO'S LATEST INVASION

An American Colony Has Sprung Up  
on Stylish Jarvis Street.

The Southern States Four Their  
Well-to-do People and Their  
Treasure Into Canada's Queen  
City—All Are Delighted With To-  
ronto and Praise Its Climate and  
Attractions.

The large number of colored nurses, with  
highly dressed American children in tow,  
have been conspicuous objects for some  
days past all along Jarvis and Church-  
streets. The "reckon" of the jaunty old  
"aunties" and the gay dress and vivacity  
of their charge told of the South as surely  
as do the date or the palm tree.

Most Toronto people don't know that a  
real, booming American village has sprung  
up on Jarvis-street, but this is a fact, as  
anyone can verify it for himself. Walking  
south down Jarvis from Carlton there are  
in one block four large mansions, each  
overflowing with Americans; across the  
street a large red brick house is putting up  
an addition of 40 rooms for the conven-  
ience of Uncle Sam's general people, and  
nearly every house down to Wilton avenue  
has its quota of boarders. One saw merry  
American ladies sitting contentedly among  
the shrubs and flowers of the "Avenue  
House," just below Carlton; rich picture  
daughters playing tennis on the grassy  
lawn of "Glenholme," the fine old mansion  
of the South on the innoxious verandahs of  
"Berwick Hall," or promading in the  
shady grove surrounding the baronial look-  
ing "Marlborough."

Enquiries made at numbers of places on  
the street elicited the fact that this pros-  
perous American summer village is com-  
posed almost entirely of Southerners. Doc-  
tors, lawyers, planters, judges, clergymen,  
merchants are here with their families  
from Tennessee, Louisiana, Texas, Georgia,  
Alabama, Arkansas, etc., and in this north-  
ern city have found the things they sought  
for. The malaria fever of the South has  
no footing here, nor the Yellow Jack of  
the tropical heat. When Canadians were  
feeling the heat of last Sunday the Ameri-  
can ladies were putting on their wraps  
before venturing out on the verandahs.  
Then again, Toronto is not only a cheap  
place to live in, but is the centre of a dis-  
trict renowned for its scenery. The Ameri-  
can colony say that they have not seen  
Grimsby, Muskoka, etc., from Toronto as  
from no other starting point. In the city  
are for his assistance in the promotion of  
cultural gardens, the street car service  
and the courtesy of the police. The colony  
is growing, too. When Canadians were  
acquired, the story was that the number of  
visitors this year was larger than ever.  
Ladies also declared their belief that in  
a year or two more nearly all Jarvis-street  
would be annexed to the American village.  
The credit of giving the chief impetus to

the incoming of the American visitors and  
nursing the Southern trade largely be-  
longs to Manager Taylor of the Elliott  
House, formerly a New England newspaper  
man. So far this summer 600 Americans  
from the South to a unit have registered  
on this coast hotel, and the number will  
run into the thousands before the season is  
over.

One has only to go up Jarvis-street to see  
that the residents know how to thoroughly  
enjoy themselves. The street is brilliantly  
lighted, music strikes up and merry laugh-  
ter and dancing speeds the evening away.

Lord Aberdeen at Winnipeg.  
The Civic Demonstration to the  
Count and Countess Did Not  
Arouse as Much Enthusiasm as Expected.

Winnipeg, Aug. 5.—Lord and Lady Aber-  
deen left for the coast this morning.  
Yesterday was a day of receptions. De-  
scribing the events of the day a Tory mor-  
ning paper says: "It is regrettable that it  
should be necessary to even appear to  
apologize for the loyalty of the people of  
Winnipeg, but the miserable fiasco which  
went by the name of 'civic demonstration'"  
to Lord and Lady Aberdeen yesterday even-  
ing demands, if not an apology, at least an  
explanation. It is most unfortunately true  
that the crowd which assembled around the  
City Hall yesterday evening was not as  
large as is frequently drawn by a itinerant  
patent medicine vendor. It consisted chief-  
ly of children, drawn by the band and red  
coats of mounted escorts. The response to  
the call made by the Mayor for cheers for  
the Governor-General, upon completion of  
the Governor's reply to the civic address,  
was comparable only to the cheers of a  
social crowd in the performance of an in-  
ferior company of barn-stormers.

The so-called reception was an even worse  
fiasco than the demonstration. An explana-  
tion of the whole fitness of the reception  
is that when the present civic rulers have  
been in office it has been a foregone conclu-  
sion that the public will take little or no  
stock in it, and hence our vice-regal visitors  
were given a wrong light. Had the recep-  
tion been in the hands of the citizens in  
general things would have been different.  
The Manitoba Club dinner was marred by  
long-winded speeches, contrary to the good  
taste displayed in this respect by the Earl  
and Countess. The people in general have  
a great respect for Lord Aberdeen and his  
wife, but had little use for the men at  
present managing the reception. The Free  
Press on Monday referred to Lord Aber-  
deen as an unconstitutional ruler, and in  
this way further embittered some of the  
Fupperites.

A Woman's Sympathy  
For the Sufferings of Her  
Sex.

Dear Sirs—I have recommended Dr.  
Ward's Blood and Nerve Pills to a great  
many of my friends, because they did me  
so much good. They have not cured a  
single case that they have not cured in  
all my experience. They are the best  
rest for female troubles I know of. I  
used many others, but found none so  
good as Dr. Ward's. My mother has  
used them for these many years, and  
finds them splendid. For the only  
two common troubles affecting our sex,  
I know of no better remedy, and they  
are in addition the best remedy I ever  
used for weak and run-down conditions  
of the system. Yours truly, Miss C.  
McEachern, Toronto, Ont.

Dr. Ward's Blood and Nerve Pills are  
sold at 50c per box, 5 boxes for \$2.00  
by druggists, or mailed to you for  
free by The Dr. Ward Co., 71 Victoria-  
street, Toronto. Book of information

Thanks to Mr. Mulock  
For His Assistance to the Cause of  
Penny Postage—Chamberlain  
Says Newfoundland Ought  
to Join Canada.

London, Aug. 5.—(Telegram Cable).—At a  
meeting of the British Empire League a  
resolution was passed thanking Hon. Wil-  
liam Mulock, Postmaster-General of Can-  
ada, for his assistance in the promotion of  
penny postage.

Sir James Winter, Premier of Newfound-  
land, had a short interview with Hon.  
Joseph Chamberlain yesterday, in which  
the Secretary of State for the Colonies sug-  
gested that Newfoundland would gain much  
advantage by becoming a province in the  
Dominion Confederation.

In reply to a question put by Mr. Mc-  
Arthur in the House of Commons today,  
Mr. Chamberlain replied that the reduced  
tariff offered by Canada to importations of  
sugar applied only to raw sugar produced  
in Great Britain and her colonies. Mr.  
Chamberlain further said that he was  
aware of no endeavor to neutralize this  
concession.

The executive officers of the Dominion  
Alliance will meet in Secretary Spence's  
office on Tuesday afternoon, Aug. 8.

THIS CERTIFICATE  
Brings Forth a Story.  
BOWMANVILLE, ONT.  
We, the undersigned,  
certify that the health  
of the Rev. R. A.  
Billey has for months  
been deteriorating,  
and that he is now  
suffering from severe  
nervous prostration,  
and urgently requires immediate  
and prolonged rest. J. W. McLaughlin, M.D.,  
A. Beith, M.D., L. Holland Reid,  
M.R.C.S., etc.

THIS INTERVIEW TELLS IT.  
A reporter called on the Rev. R. A.  
Billey, rector St. John's (Episcopal)  
Church, Bowmanville, Ontario, during  
a church function, and on congratulating  
him on the great change for the better in  
his appearance, the reverend gentleman  
said, "It is due entirely to Dr. Ward's  
Blood and Nerve Pills."  
"I suffered for over three years from  
extreme nervousness, weakness and pro-  
stration, and could not obtain relief. A  
few months ago it became only too ap-  
parent that extreme nervous prostration  
had set in, as I lost flesh and appetite  
rapidly. Three of our four medical men  
pronounced me in urgent need of immedi-  
ate and prolonged rest in order to build  
up my nervous system, giving me a cer-  
tificate to that effect. About this time,  
through accident, Dr. Ward's Blood and  
Nerve Pills were brought to my notice.  
I decided to try them, and on doing so a  
decided change for the better took place  
at once. I have since continued taking  
the pills, with continued and marked ben-  
efit and improvement. My appetite has  
returned. I am gaining in flesh, strength,  
and my general health is now good.  
Further, I am sure that these results  
are due to the action of Dr. Ward's  
Blood and Nerve Pills, and I have every  
confidence that they will do for others all  
that they have done for me."

Dr. Ward's Blood and Nerve Pills are sold at 50c per box,  
5 boxes for \$2.00, by druggists, or mailed to you for free by  
The Dr. Ward Co., 71 Victoria Street, Toronto. Book of in-  
formation free.

### Our Store News.

The Simpson store news is  
unique. So is the store. The  
store makes the news, and we  
print as much of it as we can  
afford to pay the printers for.

But, unlike the general mass of advertising, this column tells  
of goods you want rather than of goods we are over-anxious  
to sell. It is news—starcely an item in to-day's batch, that  
needed to be printed to ensure the sale of the goods. Simply  
fair notice of articles you want—notice gotten to you in time  
before the best of them are gone.

August finds us ready with new goods of many different  
sorts for fall. The progressive merchant's dream being  
realized here. The several stocks are reaching perfection.  
Test them and you'll not find us wanting at any proper point.  
These opening days are only incidents of trade. Most  
of the choosing and buying and selling comes later.

## STARVATION IN LABRADOR.

Expedition Finds Four Hundred  
People Distressed From  
Lack of Food.

Halifax, N.S., Aug. 5.—The Schooner  
Cambridge, which sailed from this port  
June 6 to explore the coast of Labra-  
dor, returned to-day. The expedition  
was fitted out by Capt. J. M. Chay and  
Dr. Morris, whose object was to ex-  
plore the Newfoundland-Labrador  
coast in search of gold and lumber.  
The schooner went as far as Hamilton  
Inlet, but as Lewis Inlet, the party di-  
vided. Their mission was unsuccessful.  
Capt. Chay told a reporter to-day that  
from the Straits of Belle Isle, as far  
north as Hamilton Inlet, there is no  
gold, nothing but a granite streak and  
veretile timber. Capt. Marv's expedi-  
tion which left here on the schooner  
A. Hardy, Capt. Chay said was equally  
unsuccessful. When Capt. Chay reached  
Lewis Inlet he found the 400 people  
there in a state of starvation. They  
apologized for the fact that they could  
not leave their crude beds. Even the  
dogs had so emaciated that they could  
hardly crawl around. The people are  
suffering tremendously on account of  
the excessive duties levied by the New-  
foundland Government on food stuffs.  
Dr. Morris did good work in alleviating  
the suffering of the people attending to  
the sick at night and day. The Labra-  
dor fishery is this year a complete  
failure.

Circular to Public School Inspectors  
Hon. G. W. Ross, the Minister of Educa-  
tion, has sent out the following circular  
in framing regulation 57, as found in the  
revised regulations of 1896, the object was  
to meet the different conditions of various  
parts of the province. In a few inspec-  
torates, some difficulty was experienced in  
obtaining a sufficient number of properly  
qualified teachers, while in other localities  
the number of teachers appeared to be in  
excess of the demand. It is desirable that  
all successful teachers, having completed  
their standing, should be encouraged to obtain  
official certificates. It is found that in  
many counties the supply of teachers is  
warranted the Board of Examiners in refus-  
ing to grant renewals of any kind, while  
in other places renewals have been granted  
only to those holding junior leaving stand-  
ing, and who have proved themselves suc-  
cessful teachers.

At an outcome of this action, the number  
of applicants for admission to the Normal  
School is greater than can at present be  
accommodated. Under these circumstances  
the County Board might fairly consider the  
desirability of granting a renewal, under re-  
gulation 57, to teachers holding junior  
3rd-class certificates, who have the neces-  
sary junior leaving standing, provided ap-  
plication to gain admission into either  
junior or senior school is made, and in  
opposition to the consequences of a condition  
which they may not themselves, from no  
fault on their part.

At the Police Court.  
Joseph P. Vesina, who was brought from  
Montreal by Detective Burrows, got a  
year's term for stealing \$80 from Louis Du-  
bois, and is also wanted in Montreal for a  
similar offence.

Dr. young men, J. Murray and Charles  
Gallagher, were remanded till the 12th. The  
girl is also charged with stealing a quan-  
tity of silk from the affair.

While Clements, charged with stealing  
a bicycle from T. W. Doll, was once more  
remanded.

Harry Hoffman was dismissed on a charge  
of stealing clothing from M. Grossman.  
Peter O'Connell, charged with keeping  
liquor on his premises, was fined \$50 and  
costs, and on the second charge was re-  
manded till the 12th.

John Laird, charged with stealing \$55  
from W. O. Hall, 25 Adelaide-street east,  
got a remand till Wednesday.

Mrs. Margaret Daly was committed for  
trial on the charge of procuring a young  
girl for immoral purposes.

Liquor on the Boats.  
Inspector Dettler, a number of late  
visitors before the magistrate yesterday  
for keeping liquor on board their vessels.  
Robert Clapp, J. McGiffin and Harry  
Stromes of the Niagara Navigation Com-  
pany were each fined \$50 and costs and  
George O'Brien of the Empress of India  
Steamship Company was fined \$25 and  
costs, and the Captain Wigle of the  
Lanadide paid \$80 and costs on two con-  
victions.

Civic Holiday at Leslieville.  
St. Joseph's Church annual picnic and  
games will take place on the Civic Holi-  
day at Leslieville Grove, cor. Jones-street  
and Queen-street east. A first-class pro-  
gram of games has been arranged by the  
committee, for which valuable prizes will  
be given. Among the various amusements  
will be a grand tug-of-war between the  
St. Joseph's and St. John's teams, and  
also take place, commencing at 2 o'clock,  
Messrs. Dunlop and Lochie will give  
two special athletic performances, after-  
noon and evening on the trapeze. Mr.  
Fussell's famous London Punch and Judy  
show will amuse the young with their  
and the old with young hearts. The  
Knights of St. John, uniformed com-  
pany, will arrive on the grounds at 2 o'clock.  
The result of the bicycle competition will  
be made known at 11 p.m. The Ladies'  
brass band will furnish the music for the  
day.

Wounded in the Hand.  
William Barcroft, an employe of Pea-  
son's Elevator Works, while driving a nail  
into a block of wood yesterday morning,  
received a painful wound. The block split  
and the spike ran right through the centre  
of his hand. Barcroft bravely withdrew  
the nail from the flesh and refused to have  
professional aid summoned. He returned to  
his home at the Junction, where the hand  
was treated.

Divine Healer Has Vanished.  
Schroter, the Divine Healer, has left the  
city. Some days ago Acting Municipal In-  
spector Vaughan sent a man in plain clothes  
up to see him, and he was told that the  
healer would leave town in a boat that  
as it was not his custom to stay more than  
a few days in any place. Therefore, the  
police took no action in the matter.

A SPARK DOES MUCH DAMAGE.  
Sets Fire to Farm Buildings and  
Destroys Them—No Insurance.

Barrie, Aug. 5.—At 11 o'clock yesterday  
the barns and outbuildings of Mrs. Jona-  
than Hickling, Crownhill, were destroyed  
by fire. A steam thrasher was working  
there and a spark from an engine started  
the blaze. All the contents of the buildings  
were burned, and included 100 bushels of  
fall wheat, 20 tons of hay, 1 horse, 7 pigs  
and the threshing machine. Some of the  
men narrowly escaped being burned to  
death, and, as it was, lost their forks and  
coats. It was with difficulty that the dwell-  
ing house was saved. There was no insur-  
ance on any of the property, and the neigh-  
bors at once subscribed a large amount of  
money to help the unfortunate woman bear  
her loss.

HAPPENINGS OF A DAY.  
Items of Passing Interest Gathered in and  
Around This Busy City.

The General Sunday School and Epworth  
League Board will meet on Thursday, Aug.  
13 at 10 a.m., at the Wesley Buildings.  
The steamer Greyhound will make a re-  
duction on Wednesdays and Saturdays dur-  
ing the balance of the season to Oakville  
or Lake Park to 25c.

Civic Holiday will be celebrated at the  
Sand Bar by the campers in a way that  
will prove an interesting athletic games  
and sports will be held.  
Judge Morson went over to the jail ves-  
terday to enquire into the actions of an in-  
mate, Harry Beardon, who imagines that  
the earth is on fire. The judge certified to  
his insanity.

Remember Van Every's cheap excursion  
to Cleveland Civic Holiday, Aug. 8. Parties  
wishing to secure berths, etc., should kind-  
ly send in their names as soon as possible  
to 29 Yonge-street.

The Allan Line steamship Parlatan, that  
left Liverpool, Thursday, July 28, arrived  
at Quebec yesterday, and will reach Mon-  
real at noon to-day. A full list of pas-  
sengers is on board.

The Colborne-street employe of the  
Copp-Clark Company, Limited, instead of  
having their annual excursion and picnic, per-  
formed their duties on Saturday, August 6,  
at Prospect Park, Ontario, on Saturday, Aug. 25.  
The remanded charge of Mrs. Duff,  
against Dr. Bowie, in connection with a  
claim of six benefits against the Company  
of the Ancient Order of Foresters, came  
up yesterday morning, and the matter has  
been adjudicated on by the society as  
being in the position of the doctor. The  
Magistrate suggested that the complainant  
use in the Division Court for the amount  
claimed by her.

great advantage of study. He is a gradu-

far-famed Dublin University, and was for-

the leading and best colleges and hospitals

It is any wonder that with all these ad-

achieved his enviable reputation for curing  
chronic diseases and obstinate cases which  
have been given up as incurable?

Altogether, Dr. Sprule as a man is truly  
upright, conscientious and charitable. As  
a physician he is thoroughly competent,  
earnest and successful, and any and all  
persons who may be suffering from any  
form of chronic disease will do themselves  
an injustice if they do not write him of  
their ailments and describe them accu-  
rately. The doctor will answer their letters  
carefully and tell them just what he  
would charge for treatment.

Address: Dr. Sprule, English Specialist  
in Chronic Diseases, Newport, Vermont.

#### Wages Over \$100,000 a Month.

It will be seen that a thousand men are employed in developing the mines of Rossland, and that over \$100,000 is paid to them every month. The figures do not include men doing assessment work.

In addition to miners, eight hundred men are working on the widening of the Columbia and Western between the smelter and the smelter, many are engaged in transporting ore and several hundreds are at work on street grading and other civic work. Hundreds of men in the building trades are busy in the construction, among others, of the following new buildings: New ore reduction works, No. 2, R. depot and terminal building, church house, Presbyterian church, No. 2, Montreal, E.A.C. headquarters, engine house, etc., on the War Eagle. The Government has several gangs of men working on trails and roads, including a large gang which is constructing a wagon road around Rossland. There is work for every man in Rossland.

A conservative estimate of the number of men drawing pay in Rossland today is 2500. In salaries and wages over \$200,000 a month is paid.

At Trail smelter nearly 20,000 tons of Rossland ore is awaiting treatment. When operations begin, which will be within two weeks, over four hundred men will be employed in the reduction of ore and refinement of mineral.

Le Roi is shipping 220 tons to Northport smelter every day. The War Eagle sends 175 to 200 tons daily to Trail, the Centre Star ships 275 to 300 tons a week, and Iron Mask, Monte Christo, Giant and Sunset No. 2, are making regular shipments. Rossland is all right.

### MINES AND MINING STOCKS.

Cariboo and Victory-Triumph in Demand.

Transactions on the Toronto Mining Exchange Yesterday—Rossland News—Silver Bell Reorganization—Word From Michipicoton—Notes and General News.

Mining stocks were active on the local Mining Exchange today. Cariboo Camp McKinley and Victory-Triumph were the special features. One hundred shares of the former stock changed hands at 80, but bids of that price failed to bring out any more offerings. Brokers say 100 will be paid for Cariboo within a fortnight on the strength of the reorganization of the company. Victory-Triumph was in a way a still greater feature of the day's session. At the opening of the board 11,000 shares were transferred, and during the morning 25,000 shares in all of this stock changed hands at 9 to 9 1/2. The close was at 9 1/2 bid and 10 asked. The demand was, no doubt, partially due to the information lately furnished by The World's Rossland correspondent. Virginia was in demand again, being asked for largely in Toronto. Monte Cristo a bit easier and there was some enquiry for Iron Coll and also for Good Hope. Deer Park was nominal and Montreal Red Mountain sold at 22. Closing quotations yesterday were:

#### It's Closed on Sunday.

The Velvet, under the management of James Morrison, is one of the few properties in Rossland camp where work is suspended on Sunday. The whole crew, with the exception of the pump man, takes a rest on that day.

#### Bonanza Ore.

H. H. Anderson, who has been prospecting on the west side of Christina Lake, and reports that he has five promising claims there. These are the Francis J., Dollie K., Heather Bell, Bonanza and Eureka. The ore from the Bonanza is similar to that from the famous Republic, being a decomposed blue quartz, carrying large values in gold. The vein from which the ore was taken was only an inch or so in width on the surface, and has widened out to 14 inches at a depth of 27 feet. Mr. Anderson feels certain that it is a property of merit in the group, as the ore is evidently of high grade and of the free-milling variety.

#### Rossland Mountain Properties.

The Rossland Miner on July 27 observed: "The Ruth-Esther Company was working its properties, the Ruth and the Esther, on Rossland Mountain, consequently netted a fortnight ago, when operations were

stopped, as the company was out of funds. It is, however, free from debt, and is in good shape otherwise. About 220 feet of work has been done, including a prospect tunnel 150 feet long and a drift on the vein for about 45 feet. There is a good showing of ore, and assays have been obtained ranging as high as \$57 in gold and silver. The company hopes to resume work shortly.

### New York Gossip.

Henry A. King & Co., 12 King-street east, received the following despatch from New York to-day: "The market was strong to-day, with a tendency to broaden. There were occasional reactions, due to profit taking, but the variety in the leading industries and gains in prices were general. The feeling regarding the political situation was responsible for further accumulation of the Grangers, with B. Q. again the leader, with an advance of about 2 points. There was a lively speculative contest in sugar. The price rose over 2 per cent. after a short break. Rubber stocks, after an early break, advanced materially. People's Gas was strong on rumors of a settlement of the dispute over Indiana Natural Gas. American Spirits stocks rose on the new trade combination just arranged. The market closed strong. In Government bonds, the bids for the new issues advanced 1/4 per cent, and reduced 1/4 for the three.

### The London Markets.

New York, Aug. 5.—The Evening Post's financial cable from London, says: "The London market here was stagnant in tone and dull. The price of gold was steady, but the market, which caused a fall in consols. Spanish securities kept fairly good on the peace prospects. Americans have been easier in sympathy with the market, but closed good in the street. It is generally believed in the city that nothing serious will come of the political situation, which, however, is admitted to be rather critical. The Paris market was nervous on the political outlook."

### R. G. Dan's Trade Review.

The week at Montreal has been without any very marked features. The general business. The 4th was a pretty heavy day for retailers' payments in the dry goods line, and though the fall returns at this point are not made up at the moment of writing, it is calculated that a good fall average of paper has been met. The market in this line is nearly all through their 30 fall retail at the moment. Woolen goods are reported busy, and a tendency is noted towards the country. The general class of goods that the cheap stuffs in much in demand of late years. French and certain styles are an advance in silk goods. Wholesale grocers report a steady distribution of goods, and the market is rather a better jobbing demand for cases, though the retail trade is not so brisk as in this line somewhat. Receipts of cement have been large this week and were needed, as stocks were well run down. Government contracts absorb some \$200,000 barrels received. Lambkins have advanced to 40c; hides and calfskins show rather slow demand, with some accumulation in the latter line, but dealers are apparently content to hold on to their stock. Leather is not particularly active, but improvement is looked for during the month, as shoe jobbers cannot longer delay the placing of their orders. Heavy metals are quiet. Dressed oils, paraffin and other specialties in the most market, call are still available in any quantity at 4 per cent.

### Low Rates to the Seashore via New York Central, Aug. 18th.

### BACKACHE! BACKACHE!

Plenty of Bad Backs Being Eased and Cured in Brockville, Ont., BY DOAN'S KIDNEY PILLS.

The kidneys cannot talk except in one way. That is by making our backs ache. But people can talk about the kidneys and how to cure kidney trouble and that is just what Mr. S. D. McEathern, the popular vice clerk of the Grand Central Hotel, has done. "I have suffered for some years with pains in my back, extending over my shoulders, dizziness, headaches at times and other troubles too numerous to mention. "I suffered very greatly indeed, and have taken many kinds of medicines which seemed to do me no good. One box of Doan's Kidney Pills which I got at Curry's drug store has given me the greatest relief I have ever felt and now I feel as sound as a trumpet. "I can recommend Doan's Kidney Pills very highly to those afflicted as I was. Doan's Kidney Pills never fail to cure backache, dropsy, Bright's disease, gravel and all kidney and urinary troubles. Sold by all druggists or sent by mail on receipt of price, 50c. a box or 3 boxes for \$1.50. The Doan Kidney Pill Co., Toronto, Ont.

The Demand for the Cash Article

and for Immediate Delivery Was Good - Northwest Not Selling Freely - Corn and Provisions Rallied - Gossip.

Friday Evening, Aug. 5.

The speculative wheat market at Chicago was very strong to-day. Cable news of advances on transatlantic boards was the chief factor, but other important inducements were the large clearance of the wheat primary receipts, the good cash demand and the apparent reluctance of the west to sell. This month's delivery touched 70c, and all options showed a gain of about a cent.

On the Liverpool Board to-day, wheat manifested strength. The spot article rose 1/4 cent, and the September option 1/2 cent, and the December option 1/2 cent. Paris wheat rose 20 centimes at to-day's session.

Trade in Ontario wheat continues dull, but the situation was stronger to-day, with new red and white quoted around 62c and 64c at north and west points.

On the Chicago Board, corn and provisions were steady to-day. At Liverpool, spot corn called 1/4 cent and the options 1/2 cent. Lard advanced 1/2 cent at Liverpool, and the December option 1/2 cent at Chicago.

New wheat declined 1/4 cent on the Liverpool Board.

September wheat puts at Chicago to-day, 62 1/2c; calls, 62 1/2c; corn puts, 22 1/2c; calls, 22 1/2c.

Total clearances to-day: Wheat and flour equal to 743,000 bushels; corn, 446,493 bushels.

Exports at New York to-day: Flour, 3282 barrels and 11,880 sacks; wheat, 210,625 bushels.

Argentine wheat shipments the past week, none, against none last week and none the corresponding week of last year.

Argentine corn shipments the past week only 128,000 bushels, against 628,000 bushels last week.

Liverpool receipts in the past six days, 660,000 bushels of wheat, of which 128,000 bushels were Argentine.

Primary receipts of wheat to-day, 412,000 bushels, against 847,000 bushels the corresponding day last year, 445,000 bushels, against 642,000 bushels.

Primary receipts corn to-day, 458,000 bushels, against 325,000 bushels the corresponding day last year, 370,000 bushels, against 542,000 bushels.

Toledo receipts of wheat to-day, 84, against 217 cars the day last year.

Corn receipts of grain at Chicago to-day: Wheat 87, corn 430, calls 252. Estimated for Saturday: Wheat 125, corn 450, calls 250.

Receipts of wheat at Minneapolis and Duluth to-day, 88 cars, against 210 cars the day last year.

St. Louis receipts of wheat to-day, 60,144 bushels, against 62,284 bushels the same day last year.

Stocks of wheat at Duluth and Minneapolis are expected this week to show a decrease of 850,000 bushels.

Some Crop Reports.

A Paris cable says: Crop news from Russia very discouraging on both wheat and rye.

The Marche Francis says: It is apparent that in spite of the foot-and-mouth epidemic, the yield of wheat will be abundant everywhere.

Modern Miller says: The winter wheat crop continues its disappointing development. Wet weather has retarded ripening in some localities, but it is clearly evident the entire result will fall quite short of expectations. Another bumper crop of bumper crop is falling in line, and the yield figures are gradually showing contractions for a final estimate.

Thomas says: Present returns make the condition of crop about 90 per cent. on the same date last year. This month's returns make the condition of crop 84.2 per cent. for the whole harvest, against 87.2 per cent. on the corresponding date last year and 90 per cent. on Aug. 1, 1917.

It is said that the Orange Juice Farmers' crop report for August, 1918, shows a production of corn at 85, against 90.5 last month, which is equivalent to a loss of 100,000 bushels in the crop outlook, suggesting a yield of 1,900,000 bushels, instead of 2,000,000,000 bushels, as estimated last month.

The World's Wheat Reserves.

According to the Liverpool Corn Trade News, the world's reserves of wheat in commercial channels on Aug. 1, to-day, are undiminished six years, were:

Barley in the West.

A Milwaukee commission house reports on the barley crop in Minnesota, Wisconsin, Iowa, Nebraska and South Dakota, containing what we reported, yesterday, that with a general small decrease in acreage, the quantity will be about the same as last year, and of a quality much better. Last season the market opened with a premium on old barley, because of the inferior quality of crop of 1917. This season opens with old barley neglected because of better quality of crop. Some cars of the latter are arriving, and some at from 32c to 30c per bushel, and occasionally up to 40c. For No. 2 September delivery, 41c was bid and 42 1/2c asked.

Quebec's Big Hay Crop.

The Province of Quebec has an immense hay crop, and it is estimated the exportations in 1918 will be 200,000 tons. The quality is excellent, but prices have been depressed during the week, owing to the over-supply of old hay coming into the market.

Apple Crop of 1918.

The Montreal Trade Bulletin says: Although the abundant snow of blossoms last spring caused many to jump to the conclusion that the 1918 crop of apples would be the largest in the history of the trade, subsequent conditions have modified this opinion. The crop is expected to be smaller than last year, but from more recent estimates of parties in the trade since the fruit of the orchards has developed, it is normal size, the prospects are favorable for a fair average yield. All over sections of the province complaints are heard of the fruit being dwarfed and gnarled, but in the whole the crop is expected to be about last year, with quality fair. Regarding the English crop, the Bulletin writes as follows, under date of July 18, 1918: Judging from the reports so far received, England, Scotland and Wales will have a short crop, and will require large quantities of Canadian and American apples during the coming season. The Continent will have a fair crop of early fruit, but late fruit is not expected to be heavy.

News from New York state that the Western and Southwestern States will have a short crop, while the Eastern States will have a much larger crop than that of 1917. If New York State has the abundant yield that is predicted, it will be a real measure for the short crop in the West.
