THREE PERFECTIONS GAINED PREMIER ROSS' MAJORITY IN FOUR

Influence of Grand Trunk Credited With North Perth Victory, While Accusations of Corrupt Practices Come From Every Riding—Leader of Government Considers He Has Confidence of the People.

N. Perth—Brown (Lib.) Maj. 221
N. Norfolk—Little (Lib.), Maj. 56
N. Grey—MacKay (Lib.), Maj. 236

In North Perth the turn-over is attributed to the use of money and the alleged support of the Government candidate by the G.T. In North Grey the Liberal victory is placed at the door of local issues that drew the attention of the electors away from the political issues. Money is also said to have been used.

In North Norfolk, the rural districts show Liberal gains over the general election returns. The charge is made that money was lavishly used and that old-time machine practices were in vogue.

Taking into account the Liberal victories in the by-elections, the two parties stand today as follows:

Number of seats	98
Liberal Members	40
Conservative Members	56

VACANT SEATS.
North York (L) (Agreed).
North York (L) (Agreed).
PROTESTS NOT DECIDED.
East Middlesex (L).
PETITIONS TO BE HEARD.
Centre Bruce (C).
Sault Ste Marie (C).
APPEALS ENTERED.
Lennox (C).
South Oxford (C).

Majority of 56. Dr. Snider's majority in the May election was 23. The town of Simcoe polled practically the same vote to-day, giving the Conservative candidate a majority of 104, as against 100 last spring. The Liberals gained 88 in Middlesex Township, 50 in Waterford, and 47 in Townsend Township. The Conservatives gained 58 in Windham Township and 42 in Delhi.

There was great excitement in the town during the evening, while the returns for this and the two other ridings were coming in. The Liberals are elated at their victory, while Mr. Whitney's supporters are naturally very much disappointed at the result, though by no means disheartened.

The majorities are as follows:

Middlesex Tp.	82
Townsend Tp.	50
Waterford	54
Simcoe	104
Windham	58
Delhi	90

Majority for Libs. 350 294

Charges of corrupt practices are being made. The work was done in the rural districts.

McKay in North Grey.

Returns Incomplete, But Majority Will Go Over 250.

Owen Sound, Jan. 7.—(Special)—MacKay, the Liberal candidate, is the victor in North Grey. Taken together it was one of the most remarkable battles in the history of the riding. Both parties went to work at 9 o'clock this morning, backed by the most perfect organization. Aside from the well-established fact that money was freely used, the vote of the electorate was influenced by MacKay by a series of local issues that drew attention away from the political issues. The people are glad that the fight is over, for both parties are thoroughly tired of the political campaign of the past nine months. Owen Sound gave MacKay 56 majority, which was a turn-over of 103 votes from the last election, when Boyd had a majority of 137. The town of Meaford gave only 50 for MacKay, a slight falling off from the figure of 55. St. Vincent Township gave Boyd 40 majority, loss of 15 votes. The township in which the four Boyd ballots were spoiled after they had been counted by the returning officer. The Conservative candidate was 20 last May. When the returns are complete Mr. MacKay will have a majority of 250 or more. With several places to hear from to-night, the Liberal majority is 250. The victory is naturally jubilant over the improvement in their fortunes. It was a desperate struggle, and those who were not so well informed as to the strong influences at work fully counted on Boyd winning. There is a strong feeling of sympathy for him, but as the sympathy did not amount to a substantial testimonial in the shape of a majority of votes, it is useless to dwell on this feature of the election. Both parties had the riding over to a great extent, and every doubtful elector was thoroughly canvassed. It is suspected that there is a good deal more money in the riding to-day than there was a few weeks ago.

HIS POSITION IMPROVED.

GEORGE ROSS: I just called to say that I've got an advance at Toronto and don't need that Ottawa job just now.

SIR WILFRID BACK HOME ASKED FOR HIS MOTHER

Gained No Flesh, is Alert and Vigorous and Voice is Again Strong—Greeted by Friends—Reached Ottawa Last Night.

Montreal, Jan. 7.—"Well, I am glad to see you, and pleased to be home again. What news have you, and how are the friends?" was the hearty greeting extended to the group of personal and political friends who went to Bonaventure depot this evening to welcome the Prime Minister of the Dominion back to Canadian soil.

As the hour of Sir Wilfrid Laurier's arrival in Montreal was unknown to many, the reception was limited to the close friends of the leader. There were present: Hon. Senators McKay and Dandurand, Judge Lavergne, Hon. P. Boudier, General Manager Hays of the Grand Trunk, Mr. Morse, the same company, Mr. Arthur Danereau, Private Secretary Boudraut, Mrs. Langlois of LaPatrie and the Misses Danereau.

The train bringing Sir Wilfrid and Lady Laurier arrived shortly after 4 o'clock. The Prime Minister gave a hearty handshake to all who requested his car. All of course, were interested in the Premier's health and satisfaction was expressed when it was seen that altho the Liberal leader had apparently gained no flesh, he seemed alert and vigorous and that his voice had regained its wonted strength.

He said he was ready to go to work on Monday at 10 o'clock, beyond extended greetings to his friends.

They drove immediately to their home on Theodora-street.

Sir Wilfrid Laurier described the beauties of the southern climate he had left behind, "Give me Canada," he said he would probably return to Montreal Monday next, and also pay a visit to Quebec.

The Premier then spoke of his aged mother, whom he had not seen for some time, and said he must pay her a visit.

The leader of the government made reference to political subjects, and his friends followed their chief's example. At 4:10 the Premier left for the capital.

GO TO THEIR HOME.

Ottawa, Jan. 7.—Looking greatly improved and to all appearances in good health and spirits, Sir Wilfrid Laurier reached the capital to-night on his return from Hot Springs, Virginia, where he went for rest and health.

His car was attached to the C.A.R. evening train from Montreal, and while no formal reception was tendered him, there were quite a number of people who specially requested that no reception be tendered him. Among the cabinet ministers to greet him were Messrs. Preston, Mulock, Fielding and Scott.

Messrs. Belcourt, M.P., and March, M.P., and a few other prominent Liberals accompanied the ministers. Sir Wilfrid and Lady Laurier wasted no time at the station, beyond extended greetings to their friends.

They drove immediately to their home on Theodora-street.

NORTH PERTH.

Grand Trunk is Blamed for the Turnover in Stratford.

Stratford, Jan. 7.—(Special)—The streets to-night are being paraded by howling mobs. The enthusiasm of the Liberals knows no bounds. The victory of John Brown, unexpected as it was in some quarters, has sent his supporters wild with delight. A big Liberal procession was the culmination of the party rejoicings.

The Conservatives made their headquarters for the day at the City Hall, and the big audience chamber was thronged this evening to hear the results announced. In the Opera House the Liberals held a gathering similar in purpose, but more cheerful in tone.

Stratford did the Trick.

As has already been indicated in the World, the result of the election was largely on the verdict of Stratford. Stratford's verdict was for Brown. The Conservatives at their meeting did not hesitate to say that the verdict was purchased, not only by money, but by other more despicable means.

Mr. Brown, who was the Liberal candidate, said one of the speakers, but even more emphasis was laid on the allegation that the Liberal candidate had done his part in defeating the Conservative candidate, in spite of the promise from headquarters that no coercion would be used.

It was freely stated that Conservative money was used to get out their voters, while Liberals were allowed to get out their voters naturally.

The truth there may be in this, the wild cheering of the big audience indicated that the citizens accepted the result as a fact.

The Conservatives report one case of persuasion in Stratford.

Robbed of Thousands.

A strange story comes from the north part of the riding. It is said that a man who has appeared in Stratford, claims that he is robbed of some thousands of dollars, which sum was used in the election. The Liberal candidate, who is in the riding at present, is not dispirited over the result of the election by the tremendous cheering which greeted Candidate Brown's appearance on the platform at the City Hall.

He said that he was beaten, but not ashamed, for he had fought honestly, and his party had fought honestly. There must of course, be something strange about the turnover in Stratford, and evidence would be collected before any definite statement would be made.

A. W. Wright, Conservative organizer, declared that if it were proven that any corporation were attempting to influence the election, the Conservative party would know how to deal with that corporation. Speakers were: A. P. MacLennan, M. James Stock, President Stratford Conservative Association; J. C. McKinnon, J. Coughlin, S. J. Mallon, E. S. Strain, and others. Candidate Brown and others spoke to an uproariously enthusiastic and large audience at the Opera House.

Premier Ross' Work.

A glance at the figures so far obtained is instructive. In Lennox, where Premier Ross spoke, a Conservative minority of 52 was changed to a majority of 52. It was Stratford which won the day for Brown. A majority of 92 for Montclair in May was turned over to a Brown plurality of 128. Reports from elsewhere indicate a dead set on the towns, and signs of a general change in this city. The Grand Trunk manœuvre are said to be responsible for a share of this, but the attitude of certain voters is mistakenly indicated that to stay at home was a wise price.

A full investigation of the alleged corrupt methods is to be made, and also of the happenings in the Grand Trunk shires.

An estimate of the vote in North Perth gives the following majorities by municipalities, that will likely be the result of the election:

Stratford—Brown, 138
Listowel—Montclair, 52
North Easthope—Brown, 250
Ellis—Brown, 13
Montclair—Brown, 122
Wallace—Montclair, 98
Mornington—Brown, 16
Total—Brown, 498; Montclair, 245.
Majority for Brown, 221.

SEVEN KILLED IN TRAIN WRECK

PASSENGER BATTERS FREIGHT

Extra Freight Failed to Clear the Main Line as Signals Indicated.

Pittsburg, Jan. 7.—As a result of a collision between a passenger train and the rear end of a freight train on the Monongahela Division of the Pennsylvania Railway to-night at Cochrane station, just above Duquesne, several men were killed and one is dying, and five others are injured.

The dead: C. E. Stroud, baggage-master accommodation train, Homewood.

C. M. Boehner, brakeman of accommodation train, Pittsburg.

John Stewart, passenger, residence unknown.

Two unknown foreigners, killed outright.

Two unknown foreigners, died on way to hospital.

Among the injured is T. D. Cook, conductor, accommodation, who will probably be discharged.

The passenger train in the wreck was the west Elizabeth accommodation, which left Pittsburg at 8:20 p.m. It was on time and had a clear track, according to the signals displayed. At the station at Cochrane it ran into the rear car of an extra freight which had taken the siding, but failed to clear the main line. The freight was the coal train of the Erie Railroad, and the failure of Patrick Quinn, the train warden, to clear the main line, was the cause of the disaster. His train had fully cleared the main line, but he had not been located.

When the passenger train came along the freight was in the way, and the main line engine, which was forced back on the combination baggage and smoking car with terrific force. The passengers were jammed against the rear end of the car, and almost a solid mass. Three of the victims were apparently killed outright, but the defence witnesses were called, and it was proved that both men were seen on Saturday in places other than Middleport at the time that the robbery is said to have taken place, so that it would be impossible for them to be guilty.

The Crown was satisfied after a few of these witnesses had been heard that the wrong men had been apprehended, altho it was believed that the Watson brothers honestly thought that they were the men. The authorities think now that they know who the guilty parties are, but on account of the positive identification already made by the Watsons, two material witnesses against the perpetrators are lost, and it will be a very difficult matter to secure a conviction.

Raye and Hanley were honorably acquitted, and the judgment was received with applause by the large crowd of spectators who gathered in the court room.

TWO BUTCHERS GET OFF EACH PROVES AN ALIBI

Edward Raye and Alfred Hanley Honorably Acquitted of Robbing Watson Brothers.

Montreal, Que. Jan. 7.—(Special)—The trial of Edward Raye and Alfred Hanley, the two Ancaster Township butchers who were charged with robbing James and Samuel Watson near Middleport, took place to-day, and they were honorably acquitted by Justice of the Peace Leitch this afternoon, the case being abandoned by the Crown authorities.

A good deal of evidence was called by both sides, the status of the Watson brothers being to the effect that they recognized beyond the possibility of a doubt the two defendants as the men who robbed them. The men were masked, but they knew them by their voices, their clothes and their actions.

"For the defence witnesses were called, and it was proved that both men were seen on Saturday in places other than Middleport at the time that the robbery is said to have taken place, so that it would be impossible for them to be guilty."

The Crown was satisfied after a few of these witnesses had been heard that the wrong men had been apprehended, altho it was believed that the Watson brothers honestly thought that they were the men. BONUS TO SHAREHOLDERS

NEW STOCK ALLOTMENT

Bank of Montreal Decides to Issue \$2,000,000 Worth of Additional Stock.

Montreal, Que. Jan. 7.—At a special meeting of the shareholders of the Bank of Montreal, held to-day, it was unanimously decided to issue \$2,000,000 worth of new stock.

Senator Drummond, vice-president of the bank, announced that the intention was to allot the new stock to the shareholders at 70 per cent premium on its par value.

As this will mean a distribution of one share for every six now held, and as several shareholders of Montreal stock were to share in the new stock, it was also decided to apply for legislation to subdivide the entire capital stock into shares of \$100 each, instead of \$200, as at present, and to change the date of the annual meeting from June to December.

Boston, Jan. 7.—Dr. D. E. Salmon, Chief of the United States Bureau of Animal Industry, expresses his belief that before the end of this week, all cattle suffering from the foot and mouth disease in Massachusetts will have been destroyed. It is expected that within two weeks, the cattle embargo will have been lifted from New England.

LEADERS ON THE RESULT.

Premier Ross Elated, But Whitney Not Ready to Talk.

Premier Ross was, of course, elated when informed by a World representative that the three constituencies had returned him victorious. "I think you can say," he remarked, "that we were very confident of carrying North Perth and North Grey from the very start. Until we got our candidate in North Norfolk we were not so confident of that riding, but after Mr. Little went thru the constituency our prospects improved steadily thereafter. We latterly expected a majority there larger than the results have shown, but in any case, it is very gratifying, considering that Mr. Little had to contend against a man so thoroughly identified with the riding as Dr. Snider, who had carried it before. In the other ridings the Liberal party worked with unbounded enthusiasm from the very start, and the organization, so far as I know, was of the most perfect. We ever had. You might naturally expect me to consider the whole result a very satisfactory proof of the confidence of the people in the government."

J. P. Whitney, leader of the Conservative party, was naturally very much disappointed at the result. He said that the Liberal party had returned Liberal members. He did not wish to say anything of an official character until he had the definite results of the elections and the conditions attending the day's voting.

FOSTER IN NORTH ONTARIO.

Nominated to Contest Vacancy Caused by Death of Mr. McLeod.

Beaverton, Jan. 7.—The Liberal-Conservative convention was held here to-day to select a candidate to fill the vacancy in the riding of North Ontario, caused by the death of the late Angus McLeod.

The chair was taken by President Dr. Gillespie, who was surrounded by the platform by the following gentlemen: Mayor McGillivray, O. M. Armstrong, J. E. Godwin, J. H. Brown, Reeve of Beaverton; William Gibbs, County Commissioner; Major Patterson, James Glenister, and L. A. Hugh Wilson, W. Cooper, William Shier, Jesse Cook, Reeve of Scott, Alex. McEwan, Charles Kelly, Dr. Hon. G. E. Foster.

The nomination was given to the Hon. G. E. Foster.

WORLD TO GO TO THE COUNTRY.

The World was informed yesterday that a decision was reached on Tuesday by the leaders of the Liberal party in Ontario, to make an immediate appeal to the Province.

This decision, so the World was informed, was a free structure, and was not to be reconstructed, and some new policy to catch the temperance vote is to be introduced, and Rev. Mr. Macdonald, who is credited with having invented the referendum, is to be the special champion of it in the Liberal newspaper.

The World tried to obtain a verification of this report, but did not succeed. One man whose opinion might be worth something said: "I am looking for some kind of a surprise."

HOTEL BURNED TO GROUND.

Village of Hiderston Suffers a Loss of \$35,000.

London, Jan. 7.—The Paisley Hotel at Hiderston was burned to the ground at an early hour this morning. The blaze is believed to have started in the four room or pantry. The hotel was a free structure, and was composed of brick, and among the finest in the country. The stables were attached to the hotel, and a brigade of the village prevented their destruction. The loss on the hotel will be about \$35,000, and the stables suffered a loss of several hundred dollars in the furnishings, together with the contents of the building. The fire escaped from the building without serious injury.

FAILED TO ROB TRAIN.

Two Men Forced Way Into Mail Car, But Got Nothing.

Waterloo, N. Y., Jan. 7.—An unsuccessful attempt to rob the United States mail was made on a Rome, Watertown, and Ogdensburg train near Gouverneur, to-night. Two men, who boarded the train at Gouverneur, made their way into the mail car, and commanded Clerk Stack to surrender the postal valuables. The clerk called for help, and the express messenger responded, when one of the robbers jumped from the train, which was moving at 50 miles an hour. The other was captured and lodged in the Canton Jail. The identity of the would-be robbers is unknown. Late to-night the fugitive bandit was not captured.

THREE STRIKERS KILLED.

Twelve Men Attack One Who Used Revolvers With Effect.

Eureka, Nev., Jan. 7.—J. V. Traylor, manager of the York and Nevada Copper Company Mine, near Ely, White Pine County, was attacked to-day in the company's office at Key-stone by 12 men, said to be members of the Miners' Union, who intended running him out of town. They caught Traylor and threw him down, but he managed to break away, and commenced shooting, killing James Shaggs, Sam Johnson and J. S. Smith, and wounding three other members of the party. A strike has been on against the company for several weeks on account of a reduction in wages ordered by Manager Traylor.

Two men, who boarded the train at Gouverneur, made their way into the mail car, and commanded Clerk Stack to surrender the postal valuables. The clerk called for help, and the express messenger responded, when one of the robbers jumped from the train, which was moving at 50 miles an hour. The other was captured and lodged in the Canton Jail. The identity of the would-be robbers is unknown. Late to-night the fugitive bandit was not captured.

THREE STRIKERS KILLED.

Twelve Men Attack One Who Used Revolvers With Effect.

Eureka, Nev., Jan. 7.—J. V. Traylor, manager of the York and Nevada Copper Company Mine, near Ely, White Pine County, was attacked to-day in the company's office at Key-stone by 12 men, said to be members of the Miners' Union, who intended running him out of town. They caught Traylor and threw him down, but he managed to break away, and commenced shooting, killing James Shaggs, Sam Johnson and J. S. Smith, and wounding three other members of the party. A strike has been on against the company for several weeks on account of a reduction in wages ordered by Manager Traylor.

THREE PERFECTIONS GAINED

Majority of 56. Dr. Snider's majority in the May election was 23. The town of Simcoe polled practically the same vote to-day, giving the Conservative candidate a majority of 104, as against 100 last spring. The Liberals gained 88 in Middlesex Township, 50 in Waterford, and 47 in Townsend Township. The Conservatives gained 58 in Windham Township and 42 in Delhi.

There was great excitement in the town during the evening, while the returns for this and the two other ridings were coming in. The Liberals are elated at their victory, while Mr. Whitney's supporters are naturally very much disappointed at the result, though by no means disheartened.

The majorities are as follows:

Middlesex Tp.	82
Townsend Tp.	50
Waterford	54
Simcoe	104
Windham	58
Delhi	90

Majority for Libs. 350 294

SEVEN KILLED IN TRAIN WRECK

PASSENGER BATTERS FREIGHT

Extra Freight Failed to Clear the Main Line as Signals Indicated.

Pittsburg, Jan. 7.—As a result of a collision between a passenger train and the rear end of a freight train on the Monongahela Division of the Pennsylvania Railway to-night at Cochrane station, just above Duquesne, several men were killed and one is dying, and five others are injured.

The dead: C. E. Stroud, baggage-master accommodation train, Homewood.

C. M. Boehner, brakeman of accommodation train, Pittsburg.

John Stewart, passenger, residence unknown.

Two unknown foreigners, killed outright.

Two unknown foreigners, died on way to hospital.

Among the injured is T. D. Cook, conductor, accommodation, who will probably be discharged.

The passenger train in the wreck was the west Elizabeth accommodation, which left Pittsburg at 8:20 p.m. It was on time and had a clear track, according to the signals displayed. At the station at Cochrane it ran into the rear car of an extra freight which had taken the siding, but failed to clear the main line. The freight was the coal train of the Erie Railroad, and the failure of Patrick Quinn, the train warden, to clear the main line, was the cause of the disaster. His train had fully cleared the main line, but he had not been located.

When the passenger train came along the freight was in the way, and the main line engine, which was forced back on the combination baggage and smoking car with terrific force

FUNERAL OF N. L. STEINER
Impressive Service at the Grave of the Late Ex-Alderman on Wednesday.
The funeral of the late N. L. Steiner, ex-alderman, was held at the Mount Pleasant Cemetery yesterday afternoon. The elements interfered in no way with the carrying out of the impressive Masonic ceremony at the grave and the service was enhanced by some beautiful vocal music.

GERMAN QUARTET SANG SWEETLY
Owing to illness in the family, the Funeral Was Private—Beautiful Floral Tributes.
A blizzard was blowing sharp little bits of snow and hail into the cheeks and ears of about 92 mourners as they stood ankle deep in the snow and watched the casket containing the remains of the late ex-alderman N. L. Steiner lowered into the grave in Mount Pleasant Cemetery yesterday afternoon.

ONE VALUE.

And in dental work there is only one value—the kind that is the best work gives.

NEW YORK REAL DENTISTS
COR. YONGE AND ADELAIDE STREETS.
DR. C. E. KNIGHT, Prop. TORONTO

Why Funeral Was Private.
There were illness in the family only a few immediate friends viewed the remains in the home. On account of this illness it was the sincere desire of the family that the funeral should be strictly private and but for the publicity given to this wish it is almost positive that the funeral would have been one of the largest ever held in Toronto. As it was, however, there were so many friends of the deceased who could not stay away, that it took a score of carriages to convey the cortege.

Simple Services.
The funeral services at the home were simple. Rev. James T. Sunderland, pastor of the Jarvis-street Unitarian Church, officiated. Mr. Steiner was a prominent Mason and the funeral was under the auspices of St. John's Lodge of that body. The deceased was for over 40 years a member of that lodge and his Masonic brethren, many of them well up in years, turned out in regalia to pay their last respects. They were his pillars and carried the casket from the house by the hearse, from the house to the conservatory, in Mount Pleasant Cemetery, and from the conservatory to the grave.

Last Look at the Dead.
In the conservatory the casket was placed on a catafalque surrounded by beautiful rare plants and the lid was withdrawn so that all the mourners might take one last look at the still features which were much the same as they were in life. Rev. Mr. Sunderland said a few words in the form of a service and then in a prayerful prayer reviewed the usefulness of the life of the deceased, his main motto being to the effect that the one who had passed away had made a success in business, life and had highly respected in the esteem of his friends. He had worked hard in the more than 40 years of his life and had been a faithful servant of his country. It could be truthfully said it was an example.

Beautiful Floral Tributes.
Seldom in Toronto have there been so many beautiful floral tributes as those which covered the coffin and filled the hearse. There was a rich and complete array from the Misses, a magnificent wreath from the Lederkrantz and a number of beautiful designs from the German Benevolent Society. Scores of friends expressed

STATEMENT OF BANK OF HAMILTON ON THE OAKVILLE FAILURE

Statement Apparently Inspired by the Bank Printed in Hamilton Times.

Oakville, Jan. 7.—The depositors of the Anderson bank await with considerable impatience the effort of the assignee and the committee to begin legal proceedings against the Bank of Hamilton to force that institution to disgorge the \$110,000 assets which it took to secure an alleged claim of \$30,000 against the Andersons. The first light cast on the situation by the Hamilton Bank came to-day in the form of a statement in the Hamilton Times, which is apparently inspired by officials of the bank, giving their views of the relations between the two banks, it is as follows:

"The sensational statements with regard to the relations between the bank of Hamilton and C. W. Anderson & Son, Oakville, are quite false of the truth. The leading residents of Oakville community described the Andersons as a respectable and their private bank as a state institution, firm as any chartered bank. The annual statements of Anderson & Son always showed an increasing surplus. It was not the duty of the bank of Hamilton to audit the books and the business of the Oakville bank. The very first move in that direction would have damaged the credit of the Andersons and brought on the crisis, if everything was not right. How, then, could the bank of Hamilton know that Anderson's bank was insolvent?"

"The loans by the Bank of Hamilton to Mr. Anderson were all secured by collateral, and when the time came that satisfactory security could not be supplied for further advances, the Bank of Hamilton refused to lend. That is all the Bank of Hamilton had to do with the Oakville suspension. It is true that the bank took a mortgage on Anderson's real estate, which was promptly registered, the reason for doing being that Mr. Anderson was confident of his ability to pay it off, and he had a sentimental objection to an encumbrance appearing against a property which had been in the family since 1812. But no mortgage is under legal obligation to register a mortgage. There is not the slightest probability that one dollar was deposited in Anderson's bank which would have been deposited there if that mortgage had been registered. No intending depositor goes to the Registry Office and has a search made and an abstract made of the bank's titles to real estate. And it is further to be noted that the Bank of Hamilton's security for its loans to Anderson was complete without the mortgage, as Anderson talked over for the bank took the per-

SUICIDE NOT SUSPECTED

Brothers of John Cardwell Think He Died From Heart Failure.

A PREACHER'S GLASSES BROKEN

Timely Gift to a Man Arrested for Vagrancy, From an Old Admirer.

Hamilton, Jan. 7.—The inquest on the mysterious death of John Cardwell, who was found unconscious at the corner of Simcoe and Bay-streets last night, and died a few minutes later, was begun at the City Hospital at noon to-day. After the jury had examined the body, Coroner Griffin ordered a post-mortem and adjourned the inquest until Friday evening. The examination of the body revealed no sign of violence, but there were a few scratches on the face and neck. Cardwell's brothers came from Toronto this morning and are not of the opinion that death was due to suicide. They know of no reason for his brother's death, but the letters were written in a happy home, and to the best of their knowledge, was without serious troubles. Furthermore, they say that Cardwell was subject to weak spells, due to heart trouble, and they believe his death was caused by one of these. Also that the letters were written when he was first seized with the spasm. Preparing for Remission. The Street Railway Company has originally ten miles of track in the city, in anticipation of a big rush at the time of the Old Boys' reunion, which will be held at the old City Hall on Friday night.

CALL FOR INVESTIGATION

Creditors of A. L. Pentecost & Co. of Hamilton Want an Accounting for Assets.

INDEBTEDNESS AGGREGATES \$33,500

Firm Sold Out on Dec. 18 and Available Proceeds Amount to Only \$5500.

The creditors of the firm of A. L. Pentecost & Co., dry goods merchants, Hamilton, who closed their doors on Dec. 18, will call for an investigation into the financial condition of the firm. This investigation will be held in the course of a few days, probably in Toronto. The creditors, who number 20, include half-a-dozen Toronto wholesale houses, and will be represented in part by George Kerr of this city, and Barrister Gibbons of London. According to a statement furnished by Mr. Pentecost, his total indebtedness aggregates nearly \$33,500. So far as known, all that is available for the creditors is \$5,500, and are five notes for \$1100 each, and whatever balance may be found to be payable when the stock-taking has been completed. Mr. Pentecost, finding that his business was running behind, decided to sell out, and on Dec. 18, last, entered into an agreement with Edward Wilson of Toronto, to sell him his stock-in-trade and fixtures at a price agreed upon, being 60 cents on the dollar for the general stock of dry goods, 25 cents for millinery, and 40 cents for toys, novelties, etc. The sum of \$2200 was to be payable on Dec. 22, \$1100 on Dec. 29, \$1100 on Jan. 5, and \$1100 on Jan. 12, 1903. The approximate liabilities were \$33,000, and assets \$15,000. Mr. Pentecost was, until four years ago, a member of the firm of Campbell & Pentecost. Upon the dissolution of partnership, he received the sum of \$2200, and the balance of the firm showed a surplus of \$2000. The last report showed a deficit of \$2000.

WANT A RURAL DELIVERY

Farmers of South Oxford Will Petition Dominion Government for It.

NEED OF IT FULLY SET FORTH

Past Year Most Successful One for Farmers of Canada.

Woodstock, Jan. 7.—At a meeting of the South Oxford Farmers' Institute, held in the Town Hall at Norwich, it was decided to memorialize the government to adopt a rural mail delivery for the county. This question was introduced by Mr. Shaw, and was supported by a majority of those present. It was pointed out that the State of Michigan the system had already proved a success. The mail carrier there had been collecting and delivering satisfactorily. The memorial was addressed to Sir Richard Cartwright, with the request that he bring the same to the attention of the ministers. According to the speakers, the year just ending had been a most successful one for the Canadian farmers. Speeches were made dealing with the crops and farm poultry, and were to the effect that all were progressing satisfactorily.

MADE MILLIONS IN CHEESE

Dairymen's Proud Boast

At Annual Convention of Eastern Ontario Dairymen

Derbyshire Showed Value of Products Last Year to Have Been \$45,000,000.

Ottawa, Jan. 7.—The thirty-sixth annual convention of the Dairymen's Association of Eastern Ontario began at the Normal School here to-day, the president, D. Derbyshire, in the chair. There was an attendance of about 150 delegates, which is, perhaps, a record attendance for an opening meeting. Among those present were: Hon. John Derry, Minister of Agriculture; Mr. J. A. Riddick, leader of the dairy branch, Department of Agriculture, and Mr. A. R. Creelman, superintendent of Farmers' Institutes of Ontario. A Record to Be Proud of. In his annual address President Derbyshire said: "Very few in this division realize the importance of our work. We made about 2,500,000 boxes of cheese in 1902, valued at \$21,000,000, and 1,500,000 packages of creamery butter, valued at \$10,000,000. So our make of cheese and butter in 1902 came to \$30,000,000, consisting of what we exported from the first of May, 1902, to the first of May, 1903, and had on hand at that date not counting what we consumed. If we add our hog products, \$15,000,000, to our cheese and butter, which should be done, we have a nice sum of \$45,000,000 that our dairymen have produced in 1902. We had a record of \$1100 per cow, and we are certainly in a fine position to do better work in 1903." Derbyshire stated that the services of Mr. Pablow as instructor in cheese-making in the Dairy School, had been highly satisfactory, and the association recommended his continuance during the coming season as well as the continuance of Mr. Hart as butter-maker. Minister of Agriculture Praised. Mr. Derry, in his address, commended the dairymen for their industry and the quality of their products. He stated that the government was doing its best to assist the industry by the production of the best possible articles to suit the demands of the foreign market.

PROF AGAINST COAL FIRMS

Chicago Manufacturers Have it in Plenty, It is Said.

Chicago, Ill., Jan. 7.—Proof of an illegal combination of coal dealers, which has been collected by the Illinois Manufacturers' Association, will be submitted to State Attorney Deenon this afternoon. Prompt investigation by a special grand jury is likely to follow, and officers of the Manufacturers' Association believe that indictments against members of some of the largest and richest coal firms in its city will be returned, perhaps before the end of the week. The special committee of five manufacturers was appointed by Vice-President Bernard A. Eckhart yesterday. It is said positively that the blame for forcing a coal famine on the people has been traced to ten or twelve of the largest coal dealers in Chicago. These men, it is said, control far more than half of the coal shipped into the city, and hold 95 per cent. of the contracts with the large concerns, such as manufacturers and office buildings. Some of them have boasted openly of this, it is said, that they have conspired to bring about the situation, and even said that higher prices are to follow the first heavy run of coal.

FED THE PROFESSOR

This One Had 'Dreams More Terrible Than Visions of 'The Comet.'

You must feed the professors and teachers right or they can't do justice to pupils. They should, of all people, possess a healthy, nervous and mental organization. The teacher with weak nerves cannot obtain as good results as the one who has a perfect mental poise. "I had been for me a most difficult problem," said a professor connected with a prominent college of the South, "how to keep the nerves in proper condition and the brain in good working order. Lack of proper opportunity to take exercise, an irregular diet and improper food brought on a general break-down in health. I became irritable and restless and at night would dream of more terrible things than any of Dr. Holmes' visions of 'The Comet.' Upon the suggestion of a friend, who is a busy business man, I commenced to eat Grape-Nuts every day and found in a short time a great improvement in my health; the food contented just the right kind of nourishment for my body and brain that was lacking. The restlessness disappeared, my stomach ceased to disquiet me, mental vigor returned and I am now able to do more and better work than ever before. "When friends express surprise to find me so well, it is necessary only to mention the merits of Grape-Nuts. Names given by Postum Co., Battle Creek, Mich.

Upon the suggestion of a friend, who is a busy business man, I commenced to eat Grape-Nuts every day and found in a short time a great improvement in my health; the food contented just the right kind of nourishment for my body and brain that was lacking. The restlessness disappeared, my stomach ceased to disquiet me, mental vigor returned and I am now able to do more and better work than ever before. "When friends express surprise to find me so well, it is necessary only to mention the merits of Grape-Nuts. Names given by Postum Co., Battle Creek, Mich.

WON, BUT HOW?

Secure in the possession of North Grey and North Perth with large majorities, and with a safe lead in North Norfolk, the Ross government emerges from the by-elections with its prospects of existence materially brightened.

How the elections were won does not affect the immediate prospects of the government. It may be argued that, pending proof of the contrary, the public should assume that the seats were honestly won.

In less desperate straits, the Ontario government was protected in office by desperate measures. Revelations in West Elgin and North Waterloo showed what party agents were prepared to do to save the ministry at a critical moment.

The North York incident supplies still further reason for questioning the honesty of the verdict of North Norfolk, North Grey and North Perth.

Analysis of the returns from the three constituencies establishes a suspicion, at least, it is noticeable that Stratford carried North Perth for John Brown, while Owen Sound was the determining factor in the success of the Liberal candidate in North Grey.

But, by fair means or foul, the Ross government has carried the by-elections. It has a majority of five in the legislature, which may or may not be menaced by developments in open constituencies and from pending protests.

ONE LAW FOR ALL. A number of gentlemen connected with the Lord's Day Alliance waited on the Attorney-General on Ontario on Tuesday and asked for an order stopping Sunday cars on the Kingston-road, adjacent to Toronto, and also to stop the cars on the Berlin & Bridgeport Electric Railway.

MECHANICAL CARE FOR DRUNKENNESS.

New York Herald: When a person is picked up in the street by the police, confined in a cell as a drunkard, taken afterward to a hospital, kept in the institution two days and then dies of a broken neck, which was not recognized during life, it is pertinent to inquire why such things are possible.

TO INQUIRE WHY SUCH THINGS ARE POSSIBLE.

The victim, notwithstanding his plea for medical aid, was confined in a cell for fully four hours, with a police diagnosis of intoxication. Worse than this, he was taken to Bellevue and treated for "hysteria" apparently in default of a proper and thorough examination of his case.
