Warsaw Is Now In Immediate Danger

Fall of Brest-Litovsk, the Last Fortress Guarding the City, Reported Bolsheviki Smash Their Way Through Polish Lines Towards Warsaw—Attack to the South Pending—Hostilities to Continue Until Tomorrow.

Warsaw, Aug. 3.—(Associated Press)—Brest-Litovsk, the last great fortress guarding Warsaw from the east, has apparently fallen before a tremendous assault by the Russian Bolsheviks.

Over a front of 120 miles, Polish armies are being pounded to pieces before the rush of Bolshevik hordes, which are being hurled into the battle in a desperate attempt to capture Warsaw before the conclusion of the armistice conference at Kobryn.

Reinforcements are everywhere being hurried to the front by the Russian Bolsheviks, and it is expected a terrific attack will be launched there for the purpose of capturing Lemberg before an armistice is declared.

**PROVINCIAL RED CROSS SOCIETY HOLDS MEETING**

Dr. J. W. Robertson Speaks on Peace Time Policy—Hon. Dr. Roberts Outlines Work Being Done in Province.

A meeting of the Provincial Red Cross Society was held yesterday afternoon in the Red Cross Depot in Hazen avenue, when Dr. J. W. Robertson of Ottawa, chairman of the executive of the Canadian Red Cross, spoke on the peace time policy of the society and how it was evolved. Dr. J. G. Fitzgerald of the University of Toronto, and Hon. Dr. W. F. Roberts also spoke on different aspects of Red Cross and public health work. R. T. Hayes, the chairman, presided at the meeting.

Dr. Robertson gave an account of the formation of the league of Red Cross societies at the meeting in May, 1919, at Geneva, and said the league, which embraces practically all of the civilized world, was formed to prevent diseases, meet emergencies and strengthen other organized societies in their work of public health interests. He pointed out during the war the work of the Red Cross was entirely auxiliary to the government in undertaking the restoration of public health and in assisting in its programme.

Dr. Robertson also told of the terrible distress in Central Europe and said that an appeal would be made for this cause during Armistice week, throughout the Dominion. He spoke of the national consultative committee of the federal board of health organized to stimulate societies which exist and to organize societies where they did not exist to further public health matters. The organization of children's branches of the Red Cross he urged strongly.

Dr. J. G. Fitzgerald spoke of the amount of money that public health required in government grants. He complimented New Brunswick on being the first province to establish a ministry of public health. He said from an expenditure of \$1,600 for preventive work the province had now arrived where it appreciated the seriousness of public health matters and was spending \$81,000.

Hon. Dr. Roberts gave an outline of the work being done in the province by the department of public health and expressed the hope that the Red Cross Society was going to be a very material aid to the department.

On the motion of Colonel Murray MacLaren, which was seconded by Mrs. M. B. Edwards, a very hearty vote of thanks was extended to each of the speakers. Dr. MacLaren asked that copies of Dr. Robertson's address on the peace-time policy should be sent to all the provincial branches. As convener of the committee on education he told of the excellent work being done by Miss Bertha Riddick, who has just returned to St. John from a lecture tour in the northern part of the province. He said Miss Riddick brought a most gratifying account of the work. At almost every place where she had spoken she was urged to make a second visit.

C. P. Allan moved that the committee on activities and progress, which is pre-

**LEFT FOR FREDERICTON.** (After visiting the provincial headquarters of the Red Cross Society and the Boy Scouts Association, Dr. James W. Robertson left today for Fredericton, where he will confer with the government regarding the co-operation of the Red Cross and other voluntary organizations with the department of health.)

A CRYING NEED.

The need of a superintendent of neglected and dependent children for the province of New Brunswick has been urged upon the government for some years, but not with sufficient force to get results. That such an officer should be appointed, to organize Children's Aid Societies throughout the province, is painfully obvious to all those who have to do with child-welfare in a general way.

DR. ROBERTSON'S VISIT

Conservation of natural resources, conservation of health, and conservation of boy life are the causes to which Dr. James W. Robertson has elected to devote his time hereafter. His enthusiasm in relation to them is infectious. It is impossible to hear one of his addresses without feeling a sense of personal responsibility in relation to the cause he advocates.

THE PREMIER'S SPEECH

Premier Meighen delivered an address at Fort George La Prairie yesterday. The keynote was "get together." He declared that all the people of Canada "cheer up and get together." He was wanting to do that for some time. They desire to get together and elect a new parliament, and if Premier Meighen will give them that opportunity they will no doubt cheer up at the same time.

BANGOR COMMERCIAL

"A New York grocer, who accumulated 200,000 pounds of sugar in various warehouses, has been found guilty of hoarding and the presiding judge has imposed a sentence of two years in prison. It was shown that this culprit had accumulated sugar much in excess of the normal requirements of his business and the facts were plain. It is satisfactory that the court did not content itself with a fine. The hoarders do not particularly mind a fine as such can be paid from the profits, but a prison sentence is something very different and will tend to discourage profiteering as fines will not."

A PROHIBITION STORY

Commuters on the roads which lead out through rural New Jersey have been commencing to complain of a new nuisance in the country which city dwellers have. Almost every night, and sometimes in the day, a number of men, in groups or singly, wandering in the fields which skirt the tracks, searching about in a botanical way and offering great clusters of white elderberry bloom. Housewives in the little towns have also noticed this and have kept an eye on their own neat garden patches. But their flowers and fruit have been, as they at last discovered, no danger at all. It was a seasoned city man coming out to the country for a week-end who had been told by a local farmer that the reason for this sudden influx back-to-the-land.

72,679 MORE AUTOS

New York, Aug. 3.—There are 72,679 more automobiles in New York State today than a year ago. Up to July 31, 1919, 400,000 from car and chauffeur's licenses had been received at the office of the secretary of state. It is predicted there will be 600,000 cars in the state within the next few months.

SELLS BONDS AT HOME

(Toronto Globe.) It is possible that another western province will become more independent of the east in the matter of provincial loans. This is British Columbia, where the government recently disposed of a bond issue of \$2,800,000 to a syndicate of British Columbia bond houses in competition with eastern firms and a few days later another issue of \$1,000,000 to a British Columbia syndicate. Such transactions managed by local institutions has raised the question in the province as to whether the people of British Columbia themselves could not supply the money needed by the government instead of selling the bonds outside.

The defendants were given various sentences, most of them getting from one to five years in the penitentiary, a few being given fines in addition and several were sentenced to one year in jail. Lloyd got the heaviest sentence, being given one to five years in the penitentiary and a fine of \$2,000 in addition.

**SANE DRESS CAMPAIGN**  
London, Aug. 3.—(By Canadian Press) A campaign against diaphanous dress among women church-goers is being conducted by high church dignitaries in England, and it is understood that the question of "society" women's attire may be taken up shortly by a big church association.

Monsignor Jackman, of Westminster Cathedral, said that some women attend places of worship in clothes which are not in accord with Christian principles. No rule about wedding dress is laid down, however, the matter being entirely one for the taste of brides, he said.

The campaign is also being strongly waged in France and Belgium by the clergy in those countries, and several high dignitaries of the church have spoken strongly on the subject.

**RECENT WEDDINGS**  
Miller-Matthews.  
On Thursday at the Wesley Memorial parsonage, Moncton, Miss Martha Matthews, daughter of Mr. John Young and Stanley Miller, both of Moncton, were married. The young couple left on the afternoon train for Halifax. On their return they will reside in Moncton.

Robinson-Waldron.  
On Wednesday, at the home of the bride's parents, Tower Hill, Charlotte county, Florence Loring Waldron and John Nesbitt-Robinson, Goshen, Queens county, were married by Rev. K. Murray Vallis. After the wedding supper was served and the happy couple left for St. John to spend a few days with Mrs. William White, 35 Millidge avenue before leaving for their home at Goshen.

Duffy-Crawford.  
A very quiet wedding was solemnized in St. Rose's church, Fairville, yesterday by the Rev. Charles Collins, when Helen Christina, daughter of Mr. and Mrs. John Crawford, was united in marriage to Frederick James Duffy, a popular employee of the C. P. R. The bride was becomingly attired in a suit of broad cloth with hat to match and seal cape, which was the groom's present to the bride. She carried a bouquet of roses and lilies. The bride was attended by her sister, Miss Katherine Crawford. The groom was supported by Thomas Kitchen, his cousin. The popularity of the young couple was shown by the number of beautiful presents received. Mr. and Mrs. Duffy will be at home to their friends in Manawagonish road after August 15.

**RECENT DEATHS**  
Thomas Hughes.  
At Oromocto, Saturday, Thomas Hughes died, aged seventy-six years. He resided for many years with his brother carried on a painting business throughout the province. He was a former resident of St. John. He is survived by two sons and one daughter, George R. John D. and Mrs. Levi Akreley, all of St. John. Two brothers and one sister also survive. Hugh and Richard of Oromocto and Mrs. Robert Hughes of St. John.

**RECRUITING IN ENGLAND.**  
London, Aug. 3.—(By Canadian Press) Recruiting for the Territorial Army in England is now increasing steadily in nearly all parts of the country. The modification of the conditions of service which permit trained men enlisting for twelve months and renewing their engagements from year to year, has brought into the ranks a considerable number who found it difficult to commit themselves for a period of three years. A further concession which has now been sanctioned will enable men who served for six months or more before the war, and are fit for general service, to enlist, even though they may not reach in all respects the physical standard required of other recruits.

**ST. JUDE'S OUTING.**  
The choir of St. Jude's church enjoyed a very pleasant outing to Lovellville, last week, when about twenty-four of its members were taken in automobiles to Lovellville. Supper was served on the beach and a big bonfire was lighted. After supper the party gathered round the fire and sang familiar melodies. The evening could not have been a more perfect one and every one present enjoyed every minute of the outing. Heartfelt votes of thanks were extended to F. M. Wetmore, one of the church wardens, who had planned and organized the picnic, and to J. W. Carleton, W. L. Fenton, W. L. Harding, Dr. Kenney, E. R. Taylor and E. F. Treuman who kindly loaned their cars. The party returned to the city by moonlight.

**NEW PASSENGER RATES.**  
Washington, Aug. 2.—The new passenger fares probably will become effective August 20, and the advanced freight rates August 25, according to a programme outlined tonight by Alfred P. Thom, general counsel for the association of railroad executives.

Simultaneously with the effectiveness of the passenger fares, the increased charges for Pullman travel and the new rates on excess baggage and milk also will be put into force.

**Death Reveals Effacement  
From His Profession —  
Reasons Unexplained.**

(New York Evening Post.)  
Police today are making efforts to communicate with relatives of Harry E. Campbell, believed to have been formerly a prominent physician of Pittsburgh, Pa., but who has been employed as a dishwasher in Shanley's restaurant for the last three years. The man was found dead last night in a rooming house at 305 West Fifty-sixth street. Death was due, according to the medical examiner, to a cerebral hemorrhage.  
From the dead man's effects, found in his room, there was evidence of his self-effacement from his rightful sphere in the world for reasons known only to him and his relatives.  
In a bureau drawer were two medical certificates, bearing the name of Dr. Harry E. Campbell. One was issued by the Jefferson Medical College, Philadelphia, dated 1888, and another from the Allegheny County Medical Association, dated April 22, 1878. Another document showed that Campbell had held the post of attending physician at the Municipal Hospital in Philadelphia.

**Daughter a Singer.**  
The police also found a letter addressed to Miss F. Lulu Findlay at Kiltarnish, Pa., signed by Campbell, in which he wrote that his daughter, known by her stage name of Eleanor Corcoran, was going to sing in that city. He asked Miss Findlay to attend the concert and give him a report as to how his daughter was received. Also found among his effects were two complete medical kits of the latest type, consisting of scores of expensive instruments.  
Campbell had two wardrobes, search revealed, one of which gave an insight into his former life. He had evening clothes of fine texture and a number of business suits of the sort prosperous physicians wear. The other wardrobe consisted of working clothes, stained from the labor he performed as a restaurant dishwasher at \$18 a week.  
Mrs. Johanna Hanley, proprietress of the rooming house, who found the body, said that Campbell was about sixty-five years old. He was a well-to-do man, she said, but had told her that his daughter was educated in Europe and had gone on the stage. He said he lived for a time at 516 Federal street, Pittsburgh, and came east when his wife and daughter went to Europe.

Helped in Influenza Epidemic.  
With the discovery of a clipping from a newspaper published in Pittsburgh on October 10, 1918, in which there was an appeal for physicians to fight the influenza epidemic, Mrs. Hunting recalled

that Campbell packed up his belongings at that time and went to that city for ten weeks.

"I felt that Mr. Campbell was too highly educated to be employed as a dishwasher," said Mrs. Hunting. He took such care of himself. I felt that he had been prosperous at one time."  
"Mr. Campbell rarely spoke of himself or his family, but he admitted to me upon one occasion that he was a physician. His personal appearance was extremely good. He had a Van Dyke beard, which he kept carefully trimmed and at times, when he was feeling in good humor, he quoted freely from classical literature."  
At Shanley's restaurant the manager expressed surprise to know that Campbell was a physician and added that he "was the best dishwasher we ever had."  
He said Campbell never associated with other employes, but kept to himself. "He was always courteous, but never encouraged familiarity," the manager said. "He received a salary of \$18 a week."

A despatch this morning from Philadelphia said that Dr. Harry E. Campbell was graduated from the Jefferson Medical College in 1892 and became immediately thereafter resident physician for the Philadelphia General Hospital, in which capacity he served one year. The last given residence, the Philadelphia despatch said, was Allegheny City, Pa. The United States Medical Directory in 1917 gives that place as his address.

**SOLVING HOUSING PROBLEM**

(Manchester Guardian.)

Until quite recently Halifax, Eng., had made no real progress towards the provision of the 1,200 dwellings which it needs for the housing of its overflow population. The lowest tender which had been made by private builders for a non-parlor house was £1,040, but the council was unwilling to pay this, especially in view of the statement made by Mr. Lord, the borough engineer, that a house of this kind could be built for £775.  
Feeling that the town was, in a manner, being held to ransom, the Housing Committee agreed to receive a deputation from the local Building Guild, which offered to build the thirty-six houses on condition that it was allowed to tender for the next batch of houses which are to be erected. Their conditions were accepted.  
That was a month ago, and already a number of dwellings are nearly completed. Several houses should be ready for occupation within four or five weeks. The Guild has—under the oversight of a clerk of works—the management of the scheme, and so far the Housing Committee is delighted with the manner in which the Guildmen have applied themselves to their tasks. Even those who were not at first favorable to the Guild idea, and were profoundly sceptical as to its practicability, are said to be impressed by the fine spirit with which the men are entering into their work.

**The N.B. Telephone Company, Ltd.**

**Long Distance Telephone Rates**

The new schedule of Long Distance Rates as ordered by the Board of Commissioners of Public Utilities of New Brunswick, will go into effect on August 1st, and in order that the public may understand and take advantage of the different classes of service available, the following information is given:

**Station-to-Station Calls**—Make your call for the number wanted; or if you do not know the number, give the name and address of the subscriber to the toll Operator and tell her you will talk with ANYONE there.

This is the simplest form of toll call and carries the lowest rate. There will be no charge for it unless connection is established with the TELEPHONE of the subscriber wanted. In most cases, this form of toll call will be found satisfactory and will save about 25 per cent. as compared with the person-to-person rate.

The station-to-station rate is computed on the basis of 5 cents for each six miles, up to 24 miles, and 5 cents for each eight miles beyond that distance, with a minimum charge of 10 cents from 0 to 12 miles.

**Person-to-Person Calls**—Where it is absolutely necessary that you speak to some particular person, tell the Toll Operator so.

The operator will endeavor to establish direct communication with the person wanted. If the call is completed, it will be charged at the person-to-person rate. If the particular person called for cannot be reached, the Operator will so report to the person calling; and if no further particulars can be supplied which will enable the Operator to locate the called person, and the order is then cancelled, there will be a report charge for the service rendered, approximately, one-fourth the station-to-station rate. If the caller desires, the Operator will continue her efforts to locate the particular person at any one toll center during the same day with but one report charge. If communication is finally established the same day on which the call was filed, the charge will be the regular person-to-person rate and there will be no report charge.

Person-to-Person calls require greater effort and, therefore, are charged for at a rate about 25 per cent. higher than the station-to-station rate. The minimum charge for such a call is 15 cents.

**Collect Calls**, that is calls on which the charges are to be reversed or paid for by the called party, are charged for at the person-to-person rate. The charges on a station-to-station toll call cannot be reversed.

There are also two special classes of person-to-person calls, **Appointment Calls** and **Messenger Calls**.

(1) **Appointment Calls** are person-to-person calls which provide that communication is to be arranged for establishment at a specified future time. The rates for appointment calls are approximately 50 per cent. higher than the rate for station-to-station messages between the same points or approximately 25 per cent. higher than the corresponding person-to-person rate to provide for the greater operating effort required to complete them. The report charge is applicable on this class of call.

(2) **Messenger Calls** are person-to-person calls on which the called person is not available at a telephone and on which the telephone company undertakes to notify him, by messenger or other means, that communication is desired with him by long distance telephone. Messenger service is furnished at cost on guarantee of payment by the calling person and the charges for such service are, in every case, in addition to the regular rates for messenger long distance calls which are the same as those for appointment calls, as explained in paragraph (1) above. The report charge applies to this class of call.

**Reduced Rates for Night Long Distance Calls**—Reduced rates for night service apply when the calls are on a station-to-station, person-to-person, appointment or messenger basis and are effective between 8.30 p.m. and 7 a.m. (Atlantic Standard Time). The night rates are approximately one-half of the day rates. The minimum night rate is 25 cents. Day rates apply on calls made at night when the charge is less than the minimum night rate.

**EXAMPLES:**

	Station to Station Rate	Person to Person Rate	Appointment and Messenger Call Rate	Report Charge
St. John to Fredericton—Day Rate	.40	.50	.60	.10
Night Rate	.25	.25	.30	.10
St. John to Moncton—Day Rate	.60	.75	.90	.15
Night Rate	.30	.40	.45	.15
St. John to Newcastle—Day Rate	.85	1.05	1.25	.25
Night Rate	.45	.55	.65	.25
St. John to St. Stephen—Day Rate	.45	.55	.65	.15
Night Rate	.25	.30	.35	.15
St. John to Sussex—Day Rate	.35	.45	.50	.10
Night Rate	.25	.25	.25	.10
St. John to Hampton—Day Rate	.20	.25	.30	.10
Night Rate	.10	.15	.20	.10
St. John to Rothesay—Day Rate	.10	.15	.20	.05
Night Rate	.10	.15	.20	.05
St. John to Westfield—Day Rate	.10	.15	.20	.05
Night Rate	.10	.15	.20	.05

These rates are for an initial period of three minutes; overtime per minute is approximately one-third of the initial rate.

The rate for Two-Number No-Delay service from St. John to Rothesay and Westfield is 10 cents for three minutes and 5 cents for each additional two minutes.

If any further information is required as to long distance rates call Exchange Manager.

### THE RESULTS OF PHYSICAL TRAINING IN THE SCHOOLS

Report of New York High School Shows Many Defects Corrected.

The recent report of health activities through the health office of the department of physical training of the Erasmus Hall High School, New York, bears out what has been said many times before, that to carry out successfully the follow-up work in correcting physical and hygienic defects, a health officer must be in charge, with a free period each day for purposes of consultation. What holds true of Erasmus, holds equally true of other High schools, where health officers have time at their disposal to confer with students referred to the health office with physical defects, experts agree.

Attention is also directed by class teachers to the plan of requiring students excused from participating in physical training activities to attend gymnasium classes, at which time they are given a reading course in hygiene. At the end of the term, a written examination is held, and if the student passes, he is given credit for work in physical training. In other words, this practice does away with the "cutting" of physical training periods with the idea of

### MAGIC BAKING POWDER

having a free period for study in other subjects. The report follows:

"No one who has watched a class of girls during a formal lesson and has seen the alert attention, the muscle inhibitory control, the quick response and vigorous muscular movements, ever questions its value. No one who has watched a class during the dancing lesson and has seen the training in muscle coordination, in rhythm and balance and has noticed the flushed cheeks from the exercise, ever questions its value. Nor does one who has watched a class during the game period, and has seen the training in leadership, obedience and co-operation, in addition to the hygienic value and enjoyment of the game, ever question its value. But the value of the 'follow-up' work of physical training is not so evident. So few people are reached at one time and so little of the work is in evidence, that it is only when the results are tabulated, that one begins to realize that it is one of the most important

phases of the physical training department.

"The gymnasium classes are so large that it is impossible for the teacher to do the follow-up work during that period. With classes before her that vary anywhere from 75 in the small gymnasium, to 225 in the large gymnasium, the teacher works with numbers, not with one individual. The corrective posture work can be done on the floor, but not the other features of the work. To accomplish real results, the health office is a necessity. When the health office is obtained, the success of the work is assured.

**History of Follow-Up Work.**

"The history briefly told of the follow-up work of last term will speak for itself. During the month of September 2,597 girls were examined by the physical training teachers and the results

recorded on the girls' physical record cards.

"The cards of the girls who had marked defects in eyes, skin, teeth, nails or hair were separated from the other cards. In the corner of these cards was marked the girls' study period. These cards were then sorted into the seven study periods and filed in the health office.

"The girls when examined were told of the defect and advised to consult a dentist or oculist as the case might be. About a month was allowed for clearing up the cases, and then in the second week of October the real follow-up part of the system began.

"Thousands were alphabetized and the teacher sent for the first few girls in her pack. A note was placed in the box of the girls' official class teacher, asking that those pupils report on the following day in the health office instead of in their study halls. The pupils were then questioned about what they had done

to remedy the defect. If it were eyes, and glasses had been obtained, the glasses were tested by the eye chart and a note of the pupil's vision with glasses made on her cards. If it were teeth, they were re-examined and the dentist's 'O. K.' noted on the cards. If nails, the improvement or lack of improvement was noted. All pediculosis cases were excluded from school till cleared, so only one interview was needed in those cases. If nothing had been done, the pupil was urged to expedite matters. The eye cases were cleared up much more quickly than the teeth cases. The next day ten more girls were sent for. As fast as the defects were cleared the cards were changed to the O. K. pack.

**Co-operation of Parents.**

"If nothing had been done by the second interview, a note was sent to the parents. Although the co-operation of the parents was excellent, occasionally a parent was found who would much prefer her daughter's vision to remain at 20-100, L. 20-10, rather than have her wear glasses. The amazing thing was that so many girls had a vision of 20-100, 20-10, or even 20-200, and were totally unconscious of it.

"Nail biting was one of the hardest defects to completely cure. Improvement would be shown, but seldom a total cure.

"Many cases were cleared in one interview, many in two and three, but some dragged on to five and six, and

"The health officer was not devoted solely to the follow-up work. It was supplied with health pamphlets published and with hygiene books. The doctor's certificate was required for girls who were permanently debilitated from physical training, and the girls who were temporarily unable to do the floor work reported to the health officer in their physical training period. A card catalogue system of their attendance was kept. They each selected a book from the list and during the period read a chapter in it and made ten summary of it. At the end of the period the papers were collected and examined by the teacher.

"A typewritten list of the girls who had eye trouble was sent to each subject teacher that she might send those girls in the front of the room. A realization of the seriousness of the eye defects alone and the lifelong harm done if glasses had not been obtained shows how useful this part of the physical training work has been and how important it is that the health office remain a permanent part of the department."

### A NEW WARDEN FOR PENITENTIARY AT DORCHESTER

Prince Albert, Sask., Aug. 2.—William McEighen of this city, who was deputy warden of the Edmonton penitentiary when that institution was closed, has been appointed warden of the penitentiary at Dorchester (N.B.). He is a brother of Premier Arthur Meighen. He began his career in the service as an accountant at the Prince Albert penitentiary and is said to have made a great success of his work.

### BOY SCOUTS CAMP.

H. A. Eaman, accompanied by L. W. Narroway was in the city yesterday returning from the scout camp near Hatfield's Point. He took up with him on Saturday most of the camp equipment and he goes back today with the remainder and also with that important personage, the cook. The main body of scouts goes up on Thursday. There are at the camp already engaged in preparing for the arrival of the party, G. H. Estabrooks, of Oromocto, the recently chosen Rhodes scholar, and Scouts E. Jenner, G. Adams and E. Adams. When the camp opens there will be about seventy-five boys from Moncton, Sussex, Fredericton, Woodstock, St. John and other points in the province.

### ARE CARRYING OUT HIS INSTRUCTIONS

Commissioner Jones Speaks on Inspection of Plumbing Fixtures.

Employees of the water and sewerage department have resumed their inspection of the plumbing fixtures in dwellings in the south end of the city. Early in the spring the inspectors made a tour of all sections of the city and in many places where water was running due to purpose of defective plumbing those responsible for the trouble were asked to make repairs. It is for the purpose of ascertaining whether or not these orders have been respected that the inspectors are again making their rounds. They report within the past few days that with but few exceptions householders have carried out the instructions given them or were doing so.  
 The present supervision is confined to the eastern end of the city where it is reported the greatest wastage of water was found last winter. The inspection will be extended to the north end and west side within the next few weeks.  
 Commissioner Jones expressed the hope that a ready assent will be yielded by all citizens to the orders of his inspectors whose only object is to render it possible for every user of water to obtain a generous supply during the winter months when so many persons are deprived of it through the indifference or neglect of others who have made a practice of letting their taps flow to prevent freezing.

## MASSACHUSETTS MAN FOUND DEAD

Andrew Smith Discovered Hanging at Coal Company's Wharf

Clear Case of Suicide, Says Coroner—Reason for Deed Not Known—Tax Bill Identifies Victim.

With a piece of paper pinned to his forehead, the body of "Andrew Smith" scrawled in rude characters, the lifeless body of a man was found this morning the Dominion Coal Company's wharf hanging by a rope from a rafter. It is thought he belongs to Framingham, Mass.

When about his work at 7.30, one of the employees of the coal company was horrified to see the body of a man dangling over a coal pile with his head drooping and having all the appearance of death. A hasty inspection disclosed a heavy rope fastened to a support and carried over a rafter with a body hanging from a noose. Life had apparently been extinct for some time.

A number of men were soon on the scene and Coroner F. L. Kenney was notified and gave permission to move the remains, which were taken to the undertaker's room. In conversation with a Times reporter this morning, Coroner Kenney said that it was a plain case of suicide and it was doubtful if an inquest would be necessary.

The place at which the tragedy occurred is known as Starr's Slip. The base-work of the large coal-pockets is made of heavy rafters which run vertically and obliquely the length of the wharf. To one of the uprights a rope about an inch and a half in thickness had been fastened and then carried over one of the rungs of a ladder which was resting on a beam overhead. From there the rope ran down to the noose. When found the body was hanging over a pile of coal about eight feet from the edge of the wharf and was barely clear of the ground. Owing to the network of ties the body could be observed only at close range. Complete mystery surrounds the unfortunate occurrence. The man was not known to any of the employees about the wharf, and it was not until a thorough examination of his pockets had been made that a tax bill was found which identified him as Andrew Smith of Framingham, Mass. So far as is known he had no relatives in this city, and an effort is being made to find out if he had any in Framingham. He was apparently between forty and fifty years of age.

## WILD CAT GETS AWAY WITH TWO TRAPS

The residents at Crystal Beach and that vicinity were annoyed by a wild-cat that disturbed the calm and quiet of the vicinity recently. It was finally decided by the young men of the place that the annoyance must cease. A couple of traps were secured and baited for cat, but were not fastened securely. The cat fell into both the traps and walked off with them. In the course of his retreat was the tent in which some young ladies were camping and the traps got entangled in the ropes so that the cat had to pull the tent to shreds before he could get away. The protestations of the inmates tended to accelerate his movements so that he got away. It is unlikely that the cat will ever again disturb the residents of Crystal Beach and it is quite as unlikely that the owner of the traps will ever recover his property.

## BY-LAW CASES

Edward B. Carleton was reported for having a defective sewer in Southwark street and his case was taken up in the police court this morning. Sergeant Rankine, who made the report gave evidence. The defendant said the defect was in Lombard street and had been caused by workers of the city public works department. The case was postponed until the commissioner of public works could be conferred with regarding the matter.  
 George Hatt was charged with exceeding the speed limit in Douglas avenue. Sergeant Rankine and Provincial Constable Crawford made the report and the accused pleaded guilty and paid the fine of \$10.

### The Living Room Might Be Defined As The Heart of The Home

Let memory take you back to those homes where you were glad to visit because you always felt at ease. Then, mentally compare their furnishings and environments with those of your own home. Place yourself in the place of the visitor or friend, who drops in for a social call, or an evening of cards or music, and imagine to what extent the furnishings of your Living Room convey your ideas of comfort, coziness and hospitality. If mental comparisons suggest possible improvements, a visit to this establishment will reveal the very things needed to add to the comfort—increase the coziness and lend the desired air of hospitality to your living room—the heart of the home.

HAVE YOU SEEN THOSE WOODEN BEDS YET?

### Most Any Woman Would Give \$3 for an \$18 Hat—Yet We Still Have Some

Still a few light straws and Silk Plush Hats here for women at the clearance prices we inaugurated last week; and if your size is included you are indeed fortunate. Please remember that these hats are NOT shop-worn or old stock, but this year's goods bought for this year's selling and the link from the pen of Dame Fashion still fresh on the design. Only one or two to a size or design and rather than carry over to another season we take this means of effecting quick movement. Original prices ran as high as \$21. Sale Prices run as low as \$3.

**Betty Wales Dresses**  
 Neat trim little dresses of Gingham, Figured Voile and Organdy at a third to a half of the original price. Only a few sizes are represented and only a few to those sizes.

**Straws for Men at Half**  
 Which will suggest to any far seeing man that even though he has a perfectly good straw for this year, this will afford an opportunity to put a new one away for 1921.

CHEMISTS IN SESSION HERE ELECT OFFICERS

Annual Meeting Opened This Morning — Dr. Bigelow Is President — Those Present.

The annual meeting of the Maritime Chemists' Association was held this morning at the Natural History Society rooms in Union street. The meeting opened with A. F. Blake in the chair in the absence of the former president and founder of the association, Professor E. McKay, who died a short time ago. A resolution was passed unanimously expressing regret of the death of the former president and many glowing tributes were paid to him. It was decided to form the maritime division of the Society of Chemical Industry, which has its head office in England, since the association in the maritime provinces now has the required number of members to form such a branch.

THEFT CASE IN POLICE COURT

Evidence Taken on Charge of Stealing Dental Goods from Armory.

The police court sheet this morning was marked "all." A postponed case against Walter Matchett, charged with stealing a quantity of gold plate and some teeth, the property of H. M. The King, was resumed and four witnesses examined. Dr. J. M. Magee, officer commanding the dental corps, finished his evidence and said that the value of the missing goods was estimated at \$240. Dr. F. A. Godsoe, who was with the dental services at the armory at the time of the theft, told of going to the dental offices about December 22, 1919, and on being informed that the dental cupboards had been entered, investigated and found that some gold plate, teeth and a typewriter had been taken.

HAD A CLOSE CALL

St. John collector of customs, was motoring into town Friday evening from the Country Club with Sir Robert and Lady Jones, Sir Robert Bruce, Mr. Stewart of the Standard, and Mr. Stewart of the World as his guests, he met a car running very rapidly on the wrong side of the road, and narrowly avoided a head-on collision by swerving sharply to the right when he saw that the other car was not going to its own side of the highway. The fool-driver was apparently very drunk. It was a close call.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

WORD'S FAMOUS TENOR IS HERE

Stanislas Berini and His Nova Scotian Bride Is Appearing at the Opera House. The music lovers of Saint John will be delighted by the announcement that the Opera House that Stanislas Berini and Louise Tosier are to appear there tonight, Wednesday and Thursday. Mr. Berini and his Nova Scotian wife are not strangers here, already having many friends in our city through previous concert engagements. Mr. Berini, now aged 40, established himself as one of the world's greatest tenors, coming direct to America from his triumphs at the Royal Opera, Warsaw, Poland. His career in North America has been a brilliant success, equalling his European achievements. In the past two years he has confined his activities to the concert field and to the fulfillment of his contracts with the manufacturers of phonograph records. Probably no other European opera star is so well known in homes of the people as Mr. Berini. His records, in every tongue, including English, have carried his magnificent voice through the medium of Columbia, Pathe and Emerson records into millions of homes.

Louise Tosier, Mrs. Berini in private life, is a Nova Scotia girl and has just finished a successful season at the Metropolitan Opera, New York. In addition to her operatic career she also holds an enviable position in the concert field where she has been named the Nova Scotia singer of old Scottish songs. Her rendition of the old Scotch melodies has added to the popularity of these favorites.

Their vaudeville offering is a refreshing programme of solos and duets and is one of the choicest entertainment treats of the season.

A GOOD BILL AT OPERA HOUSE

Five Bright New Acts Direct from Broadway — Should Make a Big Hit — Last Episode of "Daredevil Jack."

The new bill in the Opera House tonight should be an exceptionally attractive one and gives promise of attracting a large audience. The bill is as follows: Mildred Parker, a class violinist; Bobsey and Richmond, in comic songs; "Two Nuts," a comedy not entitled "A Shirt and a Tie" and "The Millionaire in a Hat," a grand opera—the Nova Scotia singer in Scotland songs; the Three Ramonays, in musical comedy; "Daredevil Jack," a popular episode of the "Daredevil" picture; and "The Heavyweight Pugilist of the World."

PERSONALS

Miss M. A. Dwyer and her sister, N. G., arrived from Montreal yesterday at noon on the C. P. R. to visit their mother, Mrs. Agnes Dwyer, of Simonds street.

THE MAYOR OF DARTMOUTH IS SUED FOR ASSAULT

Halifax, N. S., Aug. 3.—H. O. Simpson, mayor of Dartmouth, is named as the defendant in a suit brought by J. E. Westall, a Dartmouth grocer, for \$1,000 for alleged assault.

RAIN DELAYS GOLF MATCHES

The eighth annual meeting of the Maritime Provinces Golf Association opened this morning on the links of the Riverside Golf and Country Club. The thirteen clubs forming the association are represented by seventy members. This is the first time the meeting has been in St. John since 1913, when the meet was held on the St. John Club links. The visitors expressed themselves yesterday as being pleased with the links which are in excellent condition owing to the untiring efforts of the president, Andrew Jack, and the secretary, James MacMurtry.

LEAVING FOR THE WEST.

Frederick Gleener—John T. Harvey on Saturday evening severed his connection with the local post office, where he had served since his return from overseas. On Friday he will leave for the west accompanied by Maurice Vanwart. Mr. Harvey is a son of Mrs. J. Harvey and served overseas, having enlisted in 1914 and returned home in 1919. His "answer" is a son of Mr. and Mrs. W. H. Vanwart.

NEGROES THINK BROOKS WAS KILLED BY MOB

National Guard Called Out to Quell Disorders in Miami. Miami, Fla., Aug. 3.—Florida national guardsmen were called out last night to protect the city from disorders threatened by 400 negroes, natives of the Bahamas Islands and British subjects who have been aroused over the death of Herbert Brooks, one of their number, having with assaulting a Miami white woman. Brooks was arrested at Ormond, Florida, Saturday, and reported to have been killed in a leap from a train taking him to Jacksonville for safe keeping, but the other negroes said to believe instead that he died at the hands of a mob, made a demonstration and threatened to obtain vengeance when his body was returned to Miami. Troops were patrolling the negro residential section last night.

FIRST OF ITS KIND IN NEW BRUNSWICK

Absolute Divorce Granted in Jewish Case at Fredericton. Fredericton, Aug. 3.—For the first time in the history of New Brunswick divorce court an absolute decree of divorce was granted to a Jewish resident of the province. The decree was granted this morning by Mr. Justice Crockett in the case of John Sheppard vs. Ethel Sheppard, an adjourned case from the July sitting.

WHEAT ADVANCES

Chicago, Aug. 3.—Wheat made a steep advance in price today as a result of increased speculative buying stimulated by European war talk. In little more than a single hour an extreme upward swing of fifteen cents a bushel had taken place, March delivery touching 2.30, as against 2.15 at yesterday's finish. New York, Aug. 3.—Sterling exchange weak; demand, 367; cables, 367 3/4; Canadian dollars, 68 1/2. Sharp new advances in the price of wheat took place today, owing, more or less, to rumors that European war complications might bring about enlarged demand for food supplies from the United States. Speculative trade continued to broaden and this morning was materially in excess of what it was a few days ago. On the other hand, hedging business was relatively light.

PARIS BOURSE

Paris, Aug. 3.—Prices were steady on the Bourse today. Three per cent rentes 58; francs 8 centimes. Exchange on London, 40 francs 10 centimes. Five per cent loan, 87 francs, 60 centimes. The dollar was quoted at 13 francs 82 1/2 centimes.

LEFT FOR HAVANA

Mr. and Mrs. Judson C. Manzer of Havana, Cuba, who have been visiting friends and relatives at Andover and other parts of the province, have returned home. Mr. Manzer is trade commissioner for New Brunswick in Havana.

DR. CROCKET HAS RESIGNED

Thirty-Two Years' Service With Victoria General at Fredericton — A Record Month.

(Special to Times.) Fredericton, Aug. 3.—Dr. W. C. Crockett has tendered his resignation from the medical board of Victoria Public Hospital in this city after thirty-two years service. A plan for a bond issue for extension of the hospital has been outlined by Mayor Reid and will be followed.

A record month for the number of patients was established by the hospital in July. Rapid progress is being made with the erection of the Fraser memorial building.

LOCAL NEWS

BOARD MEETING. The regular monthly meeting of the board of health was held this afternoon and general routine matters dealt with.

IS IMPROVING. John McDougall of Prince Edward Island, who was injured by falling from a train and brought to the General Public Hospital, was reported this afternoon from that institution to be improving satisfactorily.

SOUTH END PLAYGROUNDS. The motor truck was on the south end playground last evening, but only three shovellers turned up and they were driven off by the rain after a little work had been done. There were plenty of ball-players and onlookers, as usual.

STILL HERE. The three men, Frank Gomez, Bernard Peronny and Thomas Souzeau, who were arrested by Sergeant Scott and Policeman McNeil last night regarding the steamer Sheridan at Campbellton, are still being held by the police here and orders are now being awaited from Campbellton regarding their disposition. It is thought, however, that they will be sent back on the maritime express tonight.

DIED IN MANITOBA. Word was received yesterday by Mrs. John Sliney of the death of her daughter-in-law, Mrs. Philip J. Sliney of Oakville, Man., on August 1. Mrs. Sliney was the daughter of the late Mr. and Mrs. John Kennedy of Boston, Mass. Besides her husband, she leaves three sisters, Mrs. George E. Hayes and Miss Anna Kennedy, both of Seattle, and Mrs. James Scanlan of Portland, Me., to mourn their loss.

ARNOLD ROLSTON DEAD. Many friends will regret to hear of the death of Arnold, son of Mr. and Mrs. Arnold Rolston, 123 Rodney street, West St. John, which took place this morning at the age of sixteen years, after a short illness. Besides his parents he leaves one brother and one sister. The funeral will take place on Thursday afternoon from his parents' residence. A large circle of friends extend sympathy to the bereaved ones.

HAS PASSED EXAMS. Arthur N. Carter, son of E. S. Carter of Fair Vale, recently passed the final examinations for the B. C. L. degree at Oxford University with very high standing. After a brilliant career at the University of New Brunswick, Mr. Carter was selected as Rhodes scholar for his native province in 1913. When the war broke out the following year he volunteered, and while in the army won promotion.

HE RESUMED HIS STUDIES AT OXFORD after the armistice, and in spite of the interruption in his studies won high distinction in the Final Honour Schools of Jurisprudence. This year he has had similar success with his examination for the degree of B. C. L. His many friends wish him success when he returns to Canada to enter upon the practice of his profession.

WHEAT ADVANCES

Chicago, Aug. 3.—Wheat made a steep advance in price today as a result of increased speculative buying stimulated by European war talk. In little more than a single hour an extreme upward swing of fifteen cents a bushel had taken place, March delivery touching 2.30, as against 2.15 at yesterday's finish. New York, Aug. 3.—Sterling exchange weak; demand, 367; cables, 367 3/4; Canadian dollars, 68 1/2. Sharp new advances in the price of wheat took place today, owing, more or less, to rumors that European war complications might bring about enlarged demand for food supplies from the United States. Speculative trade continued to broaden and this morning was materially in excess of what it was a few days ago. On the other hand, hedging business was relatively light.

PARIS BOURSE

Paris, Aug. 3.—Prices were steady on the Bourse today. Three per cent rentes 58; francs 8 centimes. Exchange on London, 40 francs 10 centimes. Five per cent loan, 87 francs, 60 centimes. The dollar was quoted at 13 francs 82 1/2 centimes.

LEFT FOR HAVANA

Mr. and Mrs. Judson C. Manzer of Havana, Cuba, who have been visiting friends and relatives at Andover and other parts of the province, have returned home. Mr. Manzer is trade commissioner for New Brunswick in Havana.

LADIES, PLEASE ATTEND!

### AN OPEN SWITCH CAUSE OF CRASH

This is General Opinion of Those Who Testified at Inquest into Deaths of Megarity and Irvine — Verdict Likely Tonight.

The inquest into the death of William M. Megarity, driver, and Fletcher L. Irvine, baggagemaster on the Hampton suburban train, was conducted last evening in the county court rooms by Coroner F. L. Kenner, but on account of the number of witnesses to be examined, it will be continued this evening when the jury will give its verdict. There were thirteen witnesses examined and the general opinion seemed to be that the cause of the accident was the fact that the switch had been left open onto the west main line with the result that a shunting train projected over the main line and was side-swiped by the engine of the incoming suburban. According to most of the witnesses, it is a brakeman's duty to look after the switches, although there was no evidence to show which brakeman of the four trains, which had been running in that vicinity near the time of the accident, was responsible for the particular switch that had been left open.

The first witness called was L. R. Ross, terminal agent, who was merely asked to identify certain plans of the yard around the scene of the accident and to testify as to the time-table and standard rules of the C. N. R.

Lawrence O'Neil, freeman of the suburban train, the next witness, said his train had left Hampton on time, that William Megarity was the only person in the engine cab with him and that on leaving Torriburn the train was about four minutes late. He had been a freeman for about seven years. He could not say what speed the train was going when it left Coldbrook. The driver had blown the whistle when approaching the crossing and the only other signal he remembered seeing was something in front of the stop signal. After the signal was given he jumped from the left side. The driver had put on the brakes before witness saw the signal. When witness recovered his senses after jumping Megarity was caught between the shunting engine and himself about a car and a half from the wreck. He thought the tender of the shunting engine was projecting about three feet over the main line. His train had the right of road over the shunter. When asked by W. M. Ryan, appearing for the attorney-general on behalf of the crown, he said that Megarity had put on the brakes and told him to jump. There was no station agent up at Coldbrook at that hour.

W. H. McBride, freeman of the shunting engine on the morning of the accident, said that Firemen Morris had got into the cab of his engine and into the yard, and that when approaching the switch, he heard Morris say something about the switch being wrong, so he jumped out of the cab and ran towards the switch onto the west main line as it was pointing to the straight track. He was unable to get the krepers of the switch out. It was the brakeman's duty to see that the switch was closed. He had heard Driver Arthur Milne blow his whistle once, but he did not hear the suburban blow. Questioned by Mr. Ryan he said the shunting engine was moving slowly towards the west main line when he got off. The fact that the switch was open caused the tender to project over the west main line and in his opinion caused the accident.

A. E. O'Brien, brakeman, said that it was his duty to look after the switches and to look after the coupling of cars. He was about ten cars from the shunting engine when he saw that the switch was turned wrong and he gave the signal for the train to stop. It was the duty of all hands to look after the switches but particularly the duty of the brakeman. One train had come in at 6:40 and another freight had left the yard about 6 o'clock. He thought that the freight was the last train out over the switch in question. In his opinion the position of the switch caused the accident.

Frank W. Morris, freeman, said that he was on the left side of the suburban, standing on the track when the accident occurred. He had signalled for the train to stop as he saw that the switch was wrong. He was about thirty cars away from the scene when he gave the signal. He had said, "The point of the switch are wrong. Put your brakes on, engineer of the shunter. He added that Driver Milne had acted very promptly and he thought that the position of the switch had caused the accident.

W. J. McGourty, yard foreman, said that he was about 1,000 feet away at the time and could give no direct evidence. R. C. Lawlor, yardman, was called but said he did not see the accident. He did not see anybody get off the freight which left at 6:05 to attend to the switch. Conductor Reuben L. Hunter, of the suburban train, said the train was nearly on time when coming into the yard. He had received no order except a clearance order at Hampton which meant that there was nothing to interfere with his train.

### IMPERIAL CONTINUES LITERARY PICTURES

"The White Dove" of William J. Locke, Another Splendidly Picturized Novel—H. B. Warner, Noted English Star, in Leading Role.

"The White Dove," to be seen at the Imperial Theatre again today is one of the most important pictures of the year. Founded upon the famous novel of the same name by William J. Locke, the celebrated English writer and novelist, H. B. Warner the means of rising to the greatest heights of his career.

The broad appealing human element which is in "The White Dove" alone would make it a surpassing picture. But added to this is one of the most unusual and daring themes, unusual plot construction, and cleverness of action.

### N. B. BOY SCOUTS BRANCH FORMED

A. C. Skelton, Commissioner, and S. E. Elkin, N. B. Provincial President.

With Dr. James W. Robertson, chief commissioner of Boy Scouts in Canada, presiding, a provincial branch of the Boy Scouts' Association for New Brunswick was formally organized at Scout headquarters yesterday afternoon.

The formation of provincial branches was authorized in a resolution passed at the annual meeting in Ottawa which also confirmed, ratified and approved all those done by those who were acting as a provincial council.

In the constitution of the new provincial association the patron, commissioner, president and assistant provincial commissioner are to be appointed annually by the chief Scout, His Excellency, the Duke of Devonshire, on the recommendation of the provincial council. The other officers are to be elected annually by the provincial council.

The election of officers resulted as follows: Lieutenant-Governor William Pugsley, patron; A. C. Skelton, commissioner; Hon. W. H. Thorne, honorary president; S. E. Elkin, M.P., president; H. O. Hannan, assistant provincial commissioner; R. D. Paterson, J. P. Atherton and J. T. Tophill, vice-presidents; F. W. Hewitt, secretary; E. H. Turnbull, treasurer; R. Ingletton, Colonel F. V. Wedderburn, Rev. H. A. Cody, Rev. J. G. A. M. Beidling, Thomas Slingson, F. W. Daniel, J. A. Tilton, C. H. Peters, J. H. Kimball, W. P. Jones, P. W. Watson, J. N. Bell, F. L. McCafferty, Chief Justice McKeown, W. S. Allison, H. V. McKinnon, F. B. Ellis, Dr. H. S. Bridges, T. H. Estabrook, H. P. Roblin, F. P. Starr, Dean Gandy, Dr. Murray McLarsen, F. M. Thompson, Rev. B. H. Loveth and S. G. Olive.

PRESENTED WITH PIPES  
Members of the Proceuro Club met at the residence of one of the club members at Grand Bay, last evening, in honor of Donald G. Smith, who is soon to leave this city. Mr. Smith has been for some time with the Ford Motor Works but has severed his connection with that concern and will go to Windsor (Ont.), to enter business with his father. Last evening, the president of the club, W. Edgar Campbell, on behalf of fellow members, presented Mr. Smith with a handsome case of pipes, suitably engraved. Mr. Smith, although taken by surprise, thanked the donors in a suitable manner. Following the presentation a programme of music was enjoyed. David Hamm, of Grand Bay, contributing several numbers. Refreshments were served, and the gathering broke up at an early hour this morning. The party returning to the city by automobile.

EXPLANATION OF RETURNED MEN'S INSURANCE ACT  
An explanation of the returned soldiers' insurance act, passed at the last session of the parliament at Ottawa, was given by Captain C. E. Stanford at a special meeting of the Great War Veterans' Association held last night. The address was most interesting to all and a standing ovation was tendered the speaker at the close, and a unanimous motion passed to have the address printed for the benefit of the other members of the association who might not be familiar with its text.

## Double Enjoyment Because of Two Flavors

The famous yellow and gold packet contains "Really Delightful" peppermint Chiclets—popular for a generation—refreshing as piney breezes from snow-capped mountains.

The new pink packet contains the most delicious confection surprise you have ever known—luscious Fruit Flavor Chiclets, chock-full of memory-bringing flavor of all the wonderful fruits of the world.

But be sure you get genuine Adams Chiclets. You will know them by their shape, by their daintiness, by the goodness of the candy-coating, by their enjoyable flavor—by all the qualities that made Chiclets beloved from coast to coast by young and old. ## EXPLANATION OF RETURNED MEN'S INSURANCE ACT

After spending Sunday quietly attending various church services the students and faculty gathered in college parlor Sunday evening and enjoyed hour of sacred music. This morning studies were started again in real earnest as tomorrow evening diplomas and certificates are to be awarded.

This evening Dr. and Mrs. Wigle were at home to the summer school students and faculty, a very pleasing time being spent in social chat.

A. A. Gregg, of St. John, left today to attend the training camp for Y. M. C. A. workers at Lake Couchiching (Ont.), and F. M. Milligan, of Sydney (N. S.), left for New Campbellton (C. B.), to attend Christian workers' conference. Dr. King also leaves for New Campbellton tomorrow.

ten, fifteen or twenty years at the option of the insured.

The speaker took the example of a veteran who insured at the age of thirty-five, for the amount of \$5,000. At death the beneficiary would receive \$1,000 in cash and a life annuity of \$240; or an annuity guaranteed for five years of \$228; for ten years, of \$215; for fifteen years, of \$202, or twenty years of \$223, and payable thereafter until the death of the beneficiary. Another plan calls for the payment of \$1,000 cash on the death of the insured and an annuity of five years of \$800, or ten years, \$493, or fifteen years of \$390, or twenty years of \$294. The insurance is primarily for the benefit of the wife and children of the insured and may be directed to the future wife or future wife and children of the insured. The premium rate ranges from \$1.24 a month for life insurance at twenty-five years, to \$6.16 for a ten year policy at fifty-five years of age. The insurance is unassignable and cannot be attached by creditors. The scheme is supplementary to the Pension Act.

The act comes into force on September 1 this year, and applications will be received for two years following that date, when the right to insure is withdrawn.

## MISS BINNEY A SUCCESS

Last night saw the first presentation at the Unique Theatre of "Erstwhile Susan," in which Constance Binney makes her initial appearance as a Reeler star. The picture is notable for dramatic suspense and strong heart interest. Interspersed through the main theme are touches of quaint comedy. The scenario combines the most striking incidents of the play which was Mrs. Fiske's starring vehicle two years ago. In the role of Barnabette, the sassy heroine of the story, Constance Binney has created a screen characterization that insures her success.

"Erstwhile Susan" is the story of a modern Cinderella. The heroine is Barnabette Dreary, the only daughter of Barnaby, a stern, brutal farmer of the Pennsylvania-Dutch colony of Reinhardt. Left motherless at a very early age, Barnabette has known neither love nor laughter; her time is too occupied with serving her father and her two loutish brothers. Later, however, Barnaby marries again, and it is the stepmother who helps the girl blossom into glorious, beautiful young womanhood.

ALL ADVANTAGES WITH DEFENDER

Local Yachtsman Thinks Defender of America's Cup Should Face Same Conditions as Challenger

Suggests Transatlantic Trip for Resolute - Boston Paper's Opinion Some Years Ago That Race Was Not on Equal Terms.

The following interesting article was submitted to the Times by a local yachting enthusiast, who has taken a keen interest in aquatic events for many years.

The America's Cup have been successfully defended, as usual, we expect to hear from across the border, a great deal about the superiority of American yachts, and American seamanship. It must be remembered, however, that the races for America's Cup are sailed under rules and conditions which leave all the advantages with the defender, and it is hardly fair to say that American supremacy in yachting is proved by the results of these contests.

We are not alone by any means in our belief that the rules and conditions governing these contests leave all the advantages with the defending yachts. The Boston Advertiser, discussing one of Sir Thomas Lipton's challenges for the Cup, a number of years ago, had the following editorial:

"Primarily the cup races have become the amusement of millionaires. None others need apply... what a contrast between this... of things and the time when the America was first sent across the ocean by a party of yachtsmen who went into the venture for the sake of the sport."

"There is a worse feature about the cup races, in that the spirit of the deed of gift has been indignantly violated. It was provided that the challenging vessel should sail across the Atlantic, this provision being meant to insure that only sea-worthy boats should compete for the cup."

"The British have been kept rigidly to this contract. What of the Americans? Since the days of the Vigilant, has there been one cup defender that even an experienced yachtsman would dare to take fifty miles from land in a hard blow? Would any sensible man agree to cross the Atlantic in the Columbia, unless attended by a steamer for rescue purposes?"

"Before the days of the Defender, the Americans kept up to their side of the implied contract. The Burgess boats were well built and are as good today as they were when they started in the trial races. Yachts built on Burgess models have been sent to the finishing banks with perfect safety. The delicate racing machines which are now chosen to defend the cup are the fastest yachts afloat, but they can be floated only in sheltered waters. It is neither sportsman like nor even decent to compel British yachtsmen to bring over their sturdily built yachts to compete with these delicate racing machines. Let both sides have fair play."

"If racing machines are to compete for the cup, let both sides have them. If the cup is a prize for ocean cruising yachts let it be decided so, and enforce the decision. As matters stand the New York Yacht Club for years has been putting up a huge bunce game upon British challengers. In doing so they have disgraced the fame of American sport. They have degraded what was once the greatest yacht race of modern times, not a confidence game in which the British can never stand any chance of winning and any American millionaire can purchase a victory, merely by signing a cheque."

The above editorial applies today, since, so far as we are aware, no changes have been made in the rules. The original trust deed of gift to the New York Yacht Club was by Commodore J. L. Stevens and his associates, the original owners of the schooner yacht America, the vessel which captured the cup in 1851. The British had nothing whatever to do with the provision of this deed of trust.

Mr. Morris proved to be a good sportsman and made himself many friends among the shooters. Mr. Haystead, of Halifax, a new shot, took part in the regular and made a good showing. The score:

Regular Fifty-Bird Event. O. J. Killam 46, F. H. Morris 43, J. W. Andrews 43, George Blizard 41, J. L. McAvity 41, W. E. McInlyre 38, H. W. Berry 37, H. D. Payson 37, Mr. Haystead 36, J. Russell 36, J. Gillis 36, A. Gundry 34, F. Stults 34, W. Fairweather 32.

The special event of fifty targets between Morris, of Montreal, and Killam, of St. John, resulted as follows, with three other shooters in the squad: Killam 46, Morris 43, Andrews 42, McAvity 42, Blizard 40.

In the shoot-off Killam won by breaking ten straight, Morris won nine. The five-man team chosen for Yarmouth will be as follows: O. J. Killam, J. L. McAvity, H. W. Berry, George Blizard and J. W. Andrews.

The sport is getting more popular every day and on Saturday a good amount was subscribed towards the erection of the new club house. The tournament which will be staged by the St. John Trap Shooting Association next Monday and Tuesday is attracting a lot of interest and the various events look as if they will be well filled.

GENERAL SEELEY TO VISIT CANADA

(Canadian Press Despatch) Montreal, Aug. 2—It was learned today from an authoritative source that Major-General, the Rt. Hon. J. E. B. Seeley, will be a visitor to Canada some time in September. General Seeley was British secretary of state for war from 1912 to 1914 and commanded the Canadian cavalry brigade from 1915 to 1918. He is now the vice-president of the British air council.

THE NEW IRISH BILL

London, Aug. 2—The cabinet at today's session is reported to have virtually completed the new Irish bill, providing for trial without jury in Ireland and giving the military and police wider powers for approaching suspected persons. The inability of the government authorities to arrest criminals and obtain juries in South and West Ireland caused the breakdown of the Crown courts and, said, to resort to the juryless court system.

### MOTOR CYCLING.

New Record.

Toronto, Aug. 3.—Harold Cole, motor cycle champion of Canada, broke the Canadian dirt track record for five miles at Exhibition Park yesterday, his time being 5.39. This is eight seconds better than the previous mark.

### TENNIS.

Tennis in England.

At Wimbledon yesterday the spectators saw the doubles game of lawn tennis as it can be played by the modern masters. Nobody who has not witnessed such a match as that between John-Stein and Tilden on the one side and Gobert and Laurent on the other can conceive the speed, force and subtlety in combination of which lawn tennis is capable. This was a match to dispose once for all of the idea that lawn tennis is a game for staid old men, and which men not at the height of physical fitness can excel. A French player expressed the opinion the other day that the Americans would not get a set against the French exports. Yesterday it seemed as if the Frenchmen might be beaten after all. They rallied magnificently, however, after two sets; indeed, the answer to the American tactics and made a wonderful match of the game. Little wonder that Wimbledon is crowded when the game has become so quick, so spectacular and so filled with excitement at its every stroke.—Westminster Gazette.

### THE PISTOL.

U. S. Team Leading.

Brussels, Belgium, Aug. 2.—Incomplete reports of today's pistol and small bore rifle events of the Olympic shooting contests, in which Canadians participated, show that the United States team gained first places for individual and teams in both events.

Canada's only entrants in the target shooting events, J. Bos and G. M. Lehan shot in the pistol match. Bos scored 438 and Lehan 425.

A re-check of the targets in yesterday's shoot-off of the tie in the six-hundred metre team event shows that the United States, instead of gaining second place, was again tied with South Africa. The second shoot-off was held today, the United States team winning it with a score of 284 against the South African 279.

### Wilson Wins.

Buffalo, N. Y., Aug. 3.—Johnny Wilson of Boston, middleweight champion, knocked out Steve Choyinski of Milwaukee in the fifth round of a scheduled ten-round bout here last night.

### Injured in Bout.

Bridgeport, Conn., Aug. 2.—Frank Conroy of New York, known as the "fighting fireman," broke his left arm near the shoulder during the fifth round of a scheduled ten-round fight with Chick Simler of Scranton, Pa., in this city, last night.

### DIGBY MAN DROWNED.

Emil J. Gaudet, of Little River, Digby county, who was drowned in French brook, was buried yesterday at Little Brook. Gaudet was a carpenter.

### K. OF C. DONATES \$437,380.

Money to be Used for Recreational Work in Military Camps.

(N. Y. Times).

William J. McGinley, Supreme Secretary of the Knights of Columbus, announced yesterday that the K. of C. had donated \$437,380 to the War Department to aid in financing the department's educational and recreational work in the camps. The sum is the organization's share of a total of \$2,000,000 pledged to the department by the agencies participating in the United War Drive conducted in November, 1918.

In acknowledging receipt of the money Major Gen. William C. Haan, General Staff, said he wished, on behalf of Secretary of War Baker, to express deep appreciation, and may I here reiterate our appreciation of the splendid manner in which the Knights of Columbus have supported the conduct of this new undertaking in our new army."

### "SKY CLERK" AT HOTEL TO GREET AERO GUESTS.

New York, Aug. 3.—The first house-top landing for airplanes in Manhattan will be constructed on the roof of the Hotel Astor this summer, according to an announcement of the hotel, which says the plans are nearly completed. The landing will be sixty-two feet wide and 250 feet long. In addition to the landing, a special service for airplane guests will be provided. Passengers will register on the roof and receive their room keys.

Hotel Porter at \$18.90 a Year.

Vienna, Aug. 3.—(By Canadian Press)—A major-general, three majors and twelve captains recently applied for the vacant post of door-keeper at a big hotel.

The advertised pay was about \$18,900 a year. In the topsy-turvy condition of Austrian finances, this is not much. Doorkeepers in this city receive \$17,100 a year, while magistrates, whose scale of pay has not altered since the war, only have just over \$4,500.
