First Day of New Drive Sees little Gain; Instead Heavy Losses For Hunns

Allies Well Satisfied With Way Crown Prince is Held

"The Greatest Artillery Battle Of The War"—Only Gain Is In Centre While Elsewhere The Allies Make Progress—Failure Of German Attempt To Break Line

Paris, June 10—Summarizing the morning newspaper comment on the new German drive, the Havas Agency notes that the commentators are unanimous in pointing out that the first day of the new attack was far from securing for the enemy the gains which he sought.

"The Petit Parisien declares that while foolish optimism should be avoided there is every reason to hope that this time the enemy will be unable to realize much advantage from his enormous effort.

Without forecasting the future, says Le Journal, it would be difficult not to be satisfied with the outcome of the first day's fighting.

HEAVY FIGHTING LAST NIGHT

Paris, June 10—The new German attack on the front between Montdidier and Noyon, continued last night with undiminished violence, the war office reports that on the French left wing further German attacks made time after time were broken down by the French fire.

In the centre the enemy, bringing up reinforcements, made further progress, reaching the southern part of Ouvilly Wood and Rezonans-sur-Matz.

French and American troops, continuing their attacks in the region of Bruyeres, on the Marne front, gained more ground and took prisoners.

On the French right wing along the front of the new attack bitter fighting continues. The French took more than 500 prisoners in various engagements.

Prisoners report unanimously that the losses of the Germans thus far in the battle which began yesterday morning have been extremely heavy.

AMERICANS SUCCESSFUL

With the American Army in France, June 9—(By the Associated Press)—Attacks by the Germans in the Marne sector have been repulsed by the Americans, who inflicted heavy losses on the enemy.

The French repulsed two attacks against Hill 204, west of Chateau Thierry, the first at ten o'clock last night, and the second at three o'clock this morning. French troops captured a wood south of Bussieres last night.

A new German division, the Fifth Grenadiers, was identified by the Americans for the first time yesterday.

REPULED BY BRITISH

London, June 10—German troops last night attacked a British post in Arveley Wood, to the north of Albert. The war office announced that the enemy was repulsed.

IMPROVEMENT IN BRITISH LINE

With the British Army in France, June 10—(By the Associated Press)—A considerable local improvement in the British line took place on the Somme yesterday, the result of a slight advance carried out in the neighborhood of Bouzencourt.

Otherwise the night was generally quiet and the situation unchanged. Raids and outpost actions comprised the remainder of the infantry activity.

The enemy shelling, which was so heavy on the British right wing on Saturday night and Sunday morning, preceding the attack against the French has again dropped to normal.

French Hold Courcelles

Paris, June 10—The French official statement follows:—"The German attack was continued yesterday and last night with the same ferocity.

"On the French left wing violent attacks were renewed on several occasions, but they were broken by the French fire and counter-attacks by our troops. The town of Courcelles was captured and recaptured and finally remained in our hands.

"On the right the French forces maintained their positions to the southeast of Yille. Here there was bitter fighting. The French took more than 500 prisoners in the course of these various engagements.

"On the centre the enemy endeavored, by bringing in fresh forces, to continue his progress. He was successful in reaching the southern edge of Cuvilly Wood and Rezonans-sur-Matz, on the plateau of Bellignies. Farther to the east the fighting was continued in Thiescourt Wood.

"According to the unanimous reports of prisoners, the battle, up to the present time, has cost the enemy enormous losses.

JAPAN AND RUSSIA

Opposition Leader Against Intervention But Says Alliance With Germany Unthinkable

London, June 10—Viscount Takaki Kato, former Japanese foreign minister, speaking as leader of the opposition in an interview with the Tokio correspondent of the Daily Mail, said he was personally not in favor of intervention in Russia, although if actual danger threatened Japan would intervene, whether the Allies agreed or not.

In commenting on the view that Japan ought to do more in the war, Viscount Kato contended that she already had done her part nobly. That she had not done more was due to distance, the lack of an impelling motive and limited finances.

"Japan's policy," he added, "should be in continued alliance with Great Britain and to cultivate the friendship of the United States so far as possible. If these things happen the isolation of Japan, which I consider idle talk, is not possible. In any case a German-Japanese alliance is unthinkable."

Viscount Kato declared he had complete confidence in the final victory of the Allies, but believed the end of the war was not in sight.

London, June 10—Although signs do not seem to point to intervention in Siberia, developments in the Harbin zone may possibly force Japan to act, says the Tokio correspondent of the Daily Mail, under date of June 1.

Bolezhik is sweeping eastward and threatens to pass Harbin and extend in the direction of Vladivostok.

The defeat of General Semenov, anti-Bolshevik leader, opens the way for the spread of Bolshevism in the Far East, Japanese authorities believe.

It is added, "It is not possible to afford to ignore it. The correspondent concludes: "My belief, founded on good information, is that the Far East may witness a dramatic development."

MITTEL EUROPE PLAN OF GERMAN OFFICIAL

Amsterdam, June 10—Permanent economic and military union between Germany and Austria-Hungary, with the gradual disappearance of customs duties and frontiers," is proposed by Friedrich Von Myer, imperial vice-chancellor of Germany.

Included in this scheme is a middle Europe under domination of the central powers of Russia, Poland, Bulgaria and Turkey.

The vice-chancellor says that with this union once effected, the peace of Europe would be in the hands of the Teutonic allies, the settlement of vexing problems arising from the war would be made more easy, and the solution of internal questions would also be facilitated.

ARRESTS IN ALSACE-LORRAINE DENOUNCED IN REICHSSTAG

Copenhagen, June 10—In denouncing the arrests of thousands of peaceful citizens of Alsace-Lorraine by the German military authorities, Herr Wendel, Socialist deputy, declared in the Reichstag on Saturday that the military had alienated the sympathy of the majority of the people of Alsace-Lorraine with the result that today they favored France.

Wendel was cheered when he said: "Alsace-Lorraine must have the same rights as the German federal states, namely home rule."

ELECTION RESULT BLOW AT THE GERMAN RULERS

London, June 10—A despatch to the Exchange Telegraph from Copenhagen says that the election of Korfatis, Polish candidate for the Oppeln-Lubinitz (Silicia) district to the Reichstag was a rebuke to Germany's Polish and eastern policy.

Korfatis received 8,000 more votes than the candidate of the Centre. He is a strong critic of Germany's war policy.

TALK OF BULGAR BLOW AT GREECE

London, June 10—A prospective Bulgarian offensive against Greece under the command of General Liman von Sanders and the Bulgarian commander-in-chief is discussed by German papers.

WOMAN WINS WAR CROSS

Paris, June 10—A woman automobile driver attached to the army medical service has just received the war cross. She is Madame de Subigny, who brought in wounded from the battlefield on several occasions under fire.

The long range bombardment of the Paris district was continued today.

GUNNER JENNINGS OF EAST ST. JOHN IS IN CASUALTY LIST AGAIN

Mr. and Mrs. P. L. Jennings of East St. John have received word that their son, Gunner Edward O. Jennings, has been admitted to a hospital in France suffering from shell gas.

This is the second time his name has appeared in the casualty list. On a former occasion he sustained a wound in the head. Gunner Jennings is a brother of Lieutenant Frank Jennings, who is in France with an artillery unit. Another brother also is in the war.

Gunner B. L. Journey.

Mrs. L. M. Journey of 165 St. George street, West St. John, was advised on Saturday that her son, Gunner B. L. Journey, a member of a heavy battery, had been admitted to No. 8 Field Ambulance, France, suffering from shell gas.

Gunner Journey is about twenty-nine years old and prior to going overseas was employed in the car sheds in West St. John as a repair man.

SAYS HE WAS DONE OUT OF \$5,000 AT CARDS

East Angus Store-keeper Was First Allowed To Win \$260

Montreal, June 10—Charged with defrauding A. Beaudin of East Angus, Que., in a card game, the police yesterday night in St. Lambert. They are said to have gone to Beaudin's home and buy his store. He went with them to a Sherbrooke hotel, where they allowed him to play cards for a week.

Overjoyed at the win Beaudin drew \$5,000 from his bank and it was all won by the store-keeper, including the cards. He then lodged a complaint with the police. The men will be taken to Sherbrooke for trial.

WEDDING GIFT OF SILVER TO MR. SINCLAIR OF BANK OF N. S.

W. C. Sinclair, assistant manager of the Bank of Nova Scotia, Prince William street, left today for Charlottetown, P. E. I., where his wedding to Miss Marion Ross will take place on Wednesday.

His departure on this interesting mission was marked this morning by the presentation of a handsome sterling silver service and serving tray and a set of fine Crown Derby cups and saucers. The presentation was made by a speech by H. H. Anderson, manager of the bank, on behalf of the members of the staff, and Mr. Sinclair made a brief but appreciative reply.

VOYAGE OF PREMIER TO ENGLAND PROTRACTED

Sir Robert Borden Makes Statement in London as to Canada's War Spirit

London, June 9—(Canadian Associated Press)—Sir Robert Borden arrived in London on Saturday afternoon accompanied by three Canadian ministers, Messrs. Meighen, Calder and Rowell.

There were also in the party the premiers of Manitoba, Saskatchewan and Alberta, and the Australian and New Zealand representatives to the conference.

An uneventful, but protracted voyage ended late on Friday night. Every member of the party was well. Sir Edward Kemp and Sir George Perley greeted them in London and admiralty and colonial office representatives were also present.

Premier Borden said: "I am happy to know the work of the imperial cabinet and conferences begins early next week. There are matters of importance in Canada awaiting our return and we are anxious to accomplish the mission with the least possible delay."

The spirit of the Canadian people is still resolute and indomitable and will go on to the end. Certain disturbances in Quebec were greatly exaggerated by the press. The people of that province have, in recent months, become more thoroughly awakened to the gravity and meaning of the situation. The young men in Quebec are coming forward both voluntarily and to their duty in a cause which they regard as involving the future of the country.

The splendid valor of Canadians of French origin has been proven under the severest tests during the present war. No braver or truer men are to be found in the Allied armies than those who flock to the colors from Quebec."

NEW APOSTOLIC DELEGATE TO CANADA

Mgr. Pietro de Maria Successor to Mgr. P. F. Stagni

Montreal, June 10—A cablegram from the Vatican to Cardinal Beaudry announces the appointment of Mgr. Pietro de Maria, Bishop of Catanzaro, in Calabria, Italy, as being nominated by the Holy See apostolic delegate to Canada and Newfoundland, to succeed Mgr. P. F. Stagni.

CANADA'S NET DEBT \$315,441,858 MORE THAN IN MAY, 1917

Ottawa, June 10—Canada's net debt on May 31 amounted to \$2,948,745,482. Liabilities amounted to \$2,248,745,482 and total assets \$1,044,509,965. On May 31, 1917, the total net debt of the dominion was \$1,448,572 in last Mal and \$1,235,781 in May 1917.

Revenue on consolidated fund account declined somewhat during May, as compared with the same month last year. Last month's revenue was \$22,708,912 and expenditure \$28,888,074.

The net debt of the dominion was \$1,448,572 in last Mal and \$1,235,781 in May 1917.

BORDEN TAKING UP MATTER OF A FRENCH CANADIAN BRIGADE

Montreal, June 10—P. R. Du Tremblay, M. P. for Laurier-Outremont, received a cable this morning from Sir Robert Borden in which the premier limited that he was taking up with Sir Edward Kemp, minister of militia overseas, the question of a French-Canadian brigade.

Mr. Tremblay had an interview with Sir Robert before the prime minister left Canada and Sir Robert promised consideration. Recently when General Mevburn, minister of militia, denied that he had announced in Quebec that a French-Canadian brigade would be formed, the member for Outremont-Laurier renewed the prime minister by cable.

FINE CROP OF APPLES BUT PEACHES SCARCE

Niagara Falls, Ont., June 10—A canvass of prominent fruit growers of this section indicates that the peach crop this year will not be more than a quarter crop. This is largely owing to the severe winter when most of the wood was killed by the frost. Other fruits, particularly apples, are a fine crop.

MURDER CASE IN MONTREAL

Montreal, June 10—Called to 1001 Alma street, the house of Armas Desnoyers, on Sunday afternoon, the police found the body of Henri Berthelot, who, it is alleged, had been killed in a quarrel. It is reported that, following a birthday celebration on Saturday night, Berthelot had called again on Desnoyers on Sunday afternoon. A dispute ensued in which the former was, it is said, struck over the head by the latter with a heavy iron bar. Desnoyers is held on a charge of murder.

HIGHER WAGES FOR THE POLICEMEN AND FIREMEN

Increase of \$10 a Month Recommended \$50 MORE FOR CALL MEN

Resolution Will Be Dealt With By Common Council on Wednesday Morning—Talk of Permanent Paving For Marsh Road

Increases of \$10 a month for all policemen and permanent firemen and \$50 more for call men, were recommended to the council by Commissioner McLellan at a meeting of the council committee this morning.

The commissioner said that the increases were necessary to enable the men to meet the higher cost of living and also to protect the city from the loss of the men, as they could earn more than their present pay as common laborers. The matter will be decided at the next meeting of the common council, on Wednesday morning.

An estimate of \$10,400 as the cost of paving the north side of Marsh road, between Cooper's corner and the One Mile House, with the same class of road as that now being laid by the provincial government beyond the city line, was presented by Commissioner Fisher. The latter also suggested permanent work be done on the adoption of a permanent roadway policy. No action was taken.

Considerable routine business was disposed of. Mayor Hayes presided and all the members were present.

Street Improvements. Commissioner Fisher asked the council to consider a policy for street improvements and the policy of collecting a portion of the cost from the property owners which reap the benefit. In new streets taken over by the city, he suggested that the cost should not be expected to pay the cost of filling, excavating or retaining walls. He suggested that, if a new policy was adopted, property owners who had contributed to street improvements should be credited with the amounts spent on the work.

A report prepared by the city engineer on the cost of paving work on the north side of Marsh road was presented by Commissioner Fisher. He reported that work of sixteen feet of roadway would cost for sixteen feet of asphalt \$29,000 and for gravel shoulders \$1,400, a total of \$30,400.

Commissioner Fisher recommended that the city should undertake permanent work and that a concrete base should be constructed in this section so soon as conditions would permit.

Commissioner McLellan believed the work on the south side of the road was of a type good enough for the north side for the present. He thought \$100,000 could be spent to better advantage elsewhere in the city than on this road.

In reply to the mayor, Commissioner Fisher said it would cost \$3,000 or \$4,000 to complete the work on both sides of the road of the same type as on the north side.

Regarding the amount of money available from the motor-car tax, Commissioner McLellan said that 2,400 cars were registered in the city last year and there were nearly 3,000 this year. At an average of over a car, this would bring in more than \$12,000.

No action was taken.

Salary Increases. Commissioner McLellan remarked that the time had arrived when all departments had to meet the demands of the employees for enough to live on. Since he had taken office, the employees in the department had received only two increases, totalling \$10 a month. Against this the average cost of living had advanced about \$250. He was recommending increases as high as he could, although not as high as the men might desire. He asked authority for increases of \$10 a month for permanent firemen, two salvage corps members and the policemen, and \$50 a year additional for call firemen.

The amount of the increases per year would be: Permanent firemen—40 at \$10 per month \$4,000 Salvage Corps—2 at \$10 per month 240 Call men—100 at \$50 per year 5,000 Policemen—30 at \$10 per month 3,000 \$12,240

To Commissioner Bullock, Commissioner McLellan said a traffic policeman could not be provided at the foot of King street, with a force of only fifty-six men. The same applied to having a traffic man at the station in the early morning.

To Commissioner Hilyard, he said that he had asked for additional policemen every year. Commissioner Hilyard said they never saw a policeman in Douglas avenue, where there was more delinquency than in any other part of the city. He would be glad to vote for two or three additional policemen.

Commissioner Fisher said he was disposed to support the increases, but would like to see them considered. He also wanted to know if the city could get along with fewer policemen or call firemen.

An application from the Dunlop Tire Company for permission to erect a lamp post for use in connection with their free air service, was recommended to council.

An application from the N. B. Power Co. for permission to erect a pole in Brydon street was approved. A communication from the Williams Machinery Co., Ltd., asking for damages for a window broken by a stone hurled from the street by an automobile, was referred to the commissioner of public works and city collector.

To Commissioner Hilyard, the mayor said that the weighing scales in Adelaide road had been abandoned because they could find no one to care for them. Regarding a fire alarm in that street, Commissioner McLellan said that it was impossible to get the boxes; other places were as far from the alarm boxes.

Commissioner Bullock submitted a report by the city engineers on the public wharf at Indiantown. Mr. Hare found the wharf to be in a bad state and recommended repairs at a cost of \$2,500. The matter will be taken up at the next meeting of the council.

It was agreed that a council meeting should be postponed from Tuesday afternoon to Wednesday morning.

Black Smallpox Rages Among Krupp Workmen

London, June 10—A despatch to the Times from The Hague quotes a neutral who has arrived there from Germany as stating that an epidemic of black smallpox is raging among the workmen of the Krupp plant at Essen, with four or five fatal cases occurring daily. Vaccination of everyone is being compelled. The outbreak, the despatch adds, is attributed to under feeding and unsanitary conditions.

POOL ALL THE RESOURCES IN STATES TO HELP WIN THE WAR

Washington, June 10—A plan for pooling all the resources of the United States and its co-belligerents into one vast economic and war machine, on which government officials and allied representatives are working, will be submitted soon to President Wilson.

SEIZURES BY THE FISHERY INSPECTOR

Frederickton, June 10—Fishery Inspector H. E. Harrison seized some thirty pounds of striped bass here on Saturday. The fish were what is left of a shipment of 100 pounds from a firm of fish dealers in Miramichi waters. The local dealer said that he had accepted the shipment under the belief that the sale was legal. Inspector Harrison will report to the North Shore wholesaler.

Netting of bass is prohibited; angling for bass is permitted.

During an eight day tour of inspection on the lower waters of the St. John river the inspector covered Grand Lake, the Washademoak, the Bellisle, the Kennabecasis and the main St. John. Twelve shad nets were seized, a four year close season for these fish now being in force. Foreigners employed on railway construction work were found to be frequent offenders.

All fishing in the St. John river this season has been poor. Gasparreux and salmon did not run in the usual quantities and the shad run has been poor so far as is known.

FUNERALS

The funeral of John Dolan took place this morning from his late residence, 344 Haymarket square to the Cathedral, where high mass of requiem was celebrated by Rev. A. P. Allen, assisted by Rev. William Duke as deacon and Rev. Francis Walker as sub-deacon. Interment was made in the Catholic cemetery in Golden Grove. The pall bearers were six nephews, Martin and William O'Leary, Charles McGuigan, William Higgins and Henry and Gerard Dolan.

Out-of-town relatives in town for the purpose of attending the funeral were Mrs. T. Shea and her daughter Margaret of Fall River and Mrs. C. J. Higgins of Providence, R. I. The funeral was attended by many friends, and there were many floral offerings.

The funeral of Mrs. Eleanor Beck who died in Toronto and whose body was brought here for burial took place yesterday afternoon at the residence of her son-in-law, Michael Gilliland, Somerset street. Services were conducted by Very Rev. J. Walsh, V. G. Interment was made in the new Catholic cemetery.

Government to Decide

Ottawa, June 10—The case of "Yennu" Cote has been submitted to the department of justice, and action by the government is expected soon. She was sentenced to two years for posing as a nun.

The matter was allowed to stand until Tuesday.

An application from the Dunlop Tire Company for permission to erect a lamp post for use in connection with their free air service, was recommended to council.

An application from the N. B. Power Co. for permission to erect a pole in Brydon street was approved.

A communication from the Williams Machinery Co., Ltd., asking for damages for a window broken by a stone hurled from the street by an automobile, was referred to the commissioner of public works and city collector.

To Commissioner Hilyard, the mayor said that the weighing scales in Adelaide road had been abandoned because they could find no one to care for them. Regarding a fire alarm in that street, Commissioner McLellan said that it was impossible to get the boxes; other places were as far from the alarm boxes.

Commissioner Bullock submitted a report by the city engineers on the public wharf at Indiantown. Mr. Hare found the wharf to be in a bad state and recommended repairs at a cost of \$2,500. The matter will be taken up at the next meeting of the council.

It was agreed that a council meeting should be postponed from Tuesday afternoon to Wednesday morning.

A PROTEST. To the Editor of The Times.—Sir, Sunday morning two individuals paid a visit to every house in Fairville, circulating a pamphlet called 'The Morning Messenger,' published at 143 Donald street, Winnipeg, for 'The Promotion of Christian Knowledge' and devoted to 'The Principles of Religious Tolerance and Christian Liberty.'

It accuses the Pope of being in league with the Kaiser when it says, 'The Papal Head and the Kaiser have an understanding.' Further it warns the Americans to beware of the subtle power of the Papacy, working under cover to control America through its various channels and organizations. I shall not refer to it at great length, as space will not permit, but the above quotation is quite sufficient to call for a protest.

To a Catholic and to a Canadian Catholic nothing is so repulsive, ignorant and insulting as to insinuate or say the head of the Roman Catholic Church is already laid down their precious lives in this great and awful war, and in the name of the mourning mothers, wives and sisters of the dear lads who sleep beneath the waves or in the cemeteries of far-away France.

I protest in the name of our Catholic brethren who are still toiling on the blood-stained fields of Europe. In the name of others waiting to reinforce the lines held by a Haig or a Foch. In the name of our British Union Jack, I protest. And would conclude by asking the Canadian government, through our St. John representatives to see to it that in the future the 'imprimatur' of the Canadian censor

will not be given to things so objectionable to Roman Catholics or to those of any other creed. Is the censor permitting the circulation of 'Hun' literature? Thanking you kindly for publication. Sincerely, MARY E. O'BRIEN, Fairville, N. B.

PERSONALS Mrs. Penwick Fraser fractured her left arm and dislocated her wrist in a fall yesterday. Miss B. June Brides McGuire-Ashe. Miss Gladys Agatha Ashe, daughter of Mrs. David Corcoran, of 149 Paradise row, and Thomas Harold McGuire, son of Mr. and Mrs. Thomas McGuire, of Dorchester street, were united in marriage this morning in St. Francis' Cathedral, Santa Fe, New Mexico, where the groom has been for the benefit of his health. The bride wore a beautiful costume of white silk with veil and wreath of orange blossoms. She was attended by Miss Louise de Fana, daughter of Senator de Fana, and the groom was supported by Mr. Smith. Following the ceremony the bride and groom left for an extended honeymoon trip through California, thence to Western Canada coming here via Calgary, Winnipeg, Niagara Falls and Toronto, Montreal and Quebec. Their wedding tour is expected to last until August. While in Santa Fe the bride was a guest of Senator and Miss de Fana. Many friends here will have hearty congratulations for Mr. and Mrs. McGuire on their marriage.

Porter-Earle. A pretty wedding was solemnized on Friday evening at the bride's home, East St. John, when Miss Lillian, eldest daughter of Mrs. Victoria and the late John Earle, was united in marriage to the Rev. Howard Warding to William B. Porter, son of W. Porter, all of this city. The bride was attended by Miss Porter and the groom was supported by D. Earle, brother of the bride. After the wedding ceremony, refreshments were served and a very pleasant evening was spent.

EARLY REPORT ON NEW OFFENSIVE

Attack Farther North Suffers Check on First Day

SOME PROGRESS IN CENTRE

Drive Launched on Noyon Sector—French Take Care of Wings Without Calling on Reserves—British Bombed Heavily but no Infantry Attack

London, June 10.—The French troops appear to be putting up a splendid resistance to the Germans on the Noyon sector, especially on the two flanks of the attacking front where the heaviest fighting continues. The Germans have made some progress in the centre, where they claim the capture of the heights of Gury, while the French admit the loss of the villages of Resons-sur-Matz and Mareuil.

It was generally expected that the new German attack, launched on Sunday, would come between Noyon and Montdidier, thus seemingly resuming the direct thrust for Paris. Simultaneously with the bombardment on the Noyon sector the British front was subjected to a heavy fire, including gas shells, which seemed to herald another attack. According to the latest accounts, no infantry attempt developed against the British lines.

There is little news yet from the German side as the German official statement, issued on Sunday afternoon, referred only to the operations of Saturday.

Check on First Day. Paris, June 10.—"It was a perfectly satisfactory day," said Premier Clemenceau last night. In these words the French leader accurately summed up the prevailing impression.

Latest advices from the battle front show that on the whole the enemy clearly suffered a check on the day's operations. The enemy gained a slight advantage in the centre on a front of three and three-quarters miles, about a fourth of the entire line of attack. On the wings he was stopped with such losses that five divisions have been put out of commission, or about one-third of the divisions identified up to the present as having taken part in the attack. This was done without the French reserves being called on.

The Germans had to bring up their troops at the last moment in order to avoid giving alarm to the Allies. As the columns arrived they were compelled to deploy from the column of march into the line of attack. This operation, which takes some hours, exposes the men to an unpleasant artillery fire unless the element of surprise is preserved.

The German attacking troops continued to envelop the heights of Boesens and Riquemont, dominating the Matz Valley, offered a splendid target to the French gunners. The enemy had to throw in division after division before he was able to drive his way forward to Resons-sur-Matz and Mareuil along the Roye road which was swept by French fire.

Resons-sur-Matz is a central position from which the enemy can direct attacks southward to Estrees St. Denis or southeast to Compiègne. He is being strongly counter-attacked, however, and will be able to develop his advantage only at heavy cost, if at all.

Henry Bidon, military critic, says: "Let us be wary at the beginning of an important offensive of forming judgments, but without prejudging the future it is difficult not to be satisfied with the first day."

The feeling which fairly represents the general sentiment is expressed by

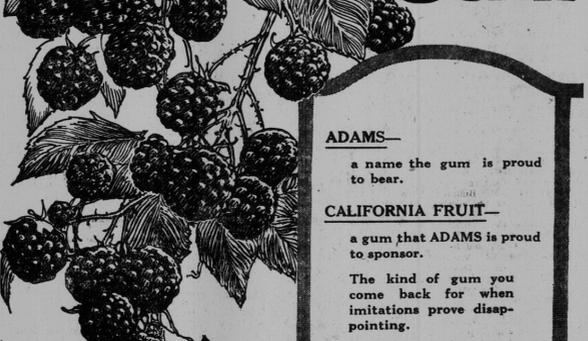

WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's Vegetable Compound.

Winona, Minn.—"I suffered for more than a year from nervousness, and was so bad I could not rest at night. I would be awake and get so nervous I would have to get up and walk around and in the morning would be all tired out. I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong."—Mrs. ALBERT SULTZ, 608 Olmstead St., Winona, Minn.

L'Oeuvre in the caption: "This time we have not been surprised," but perhaps the Boches will be. It is to be expected that the enemy will strive hard to enlarge the point driven into the centre at Resons-sur-Matz. Upon his success will depend his further action. Should he succeed in forcing back the French right he is likely to hurl all his forces toward Paris by way of the Compiègne road, turning the French line at Villers Cotterets. Should, however, the French left give way, the enemy would attempt a diversion northward with the object of capturing Amiens and rolling up the British flank to the sea and separating the British and French armies. It is far too soon to attempt to see ahead, but the latest news from the front justifies confidence that the German staff will never get a chance to attempt either alternative.

ROBBERS GET MORE THAN \$50,000

Melbourne, June 9.—(Via Reuter's Ottawa Agency)—Two treasury clerks, conveying £14,000 sterling to the government printing office for the payment of coupons there, were held up by masked men with revolvers. The robbers escaped with the booty, but dropped a bag containing \$50,000 in the course of a hot pursuit. The acting officer in charge of the Victorian Railway Union has been arrested in connection with the robbery.

BATTALION OF WOMEN FOR WORK OVERSEAS

London, Ont., June 10.—A campaign has been started here to raise a women's battalion for overseas services, similar to the one recently organized in Winnipeg. Already there have been scores of applicants, and it is expected that 1,000 will be enlisted without any trouble. The object is to carry on work in France similar to the British Women's Auxiliary Service.

NINE BOILS

Kept Coming on Neck One After The Other. Anyone who has ever suffered from boils knows how sick and miserable they make you feel. When you think you are about cured of one, another seems ready to take its place and prolong your wretchedness. All the poultices and fancies you may do will not cure them and stop more coming. Boils are simply bad blood bursting out, and the bad blood must be made pure before the boils disappear. Burdock Blood Bitters is the greatest blood purifier known. It cleanses the system and removes every particle of food material from the blood, then never another boil comes and the cure is permanent. Mr. Geo. Ayers, 302 Gloucester street, Ottawa, Ont., writes: "I wish to tell you what I know about your wonderful Burdock Blood Bitters. In the spring I suppose my system needed cleaning out, for I had nine boils come on my neck one after the other. I quickly got a bottle of B.B.B., and before it was half finished I felt a great change, and it certainly put an end to my boils, otherwise I might have had a lot more. I recommend B.B.B. to all I can, for I know it to be a great remedy."

BURIED ON SUNDAY

The funeral of E. Percy Shaw took place yesterday afternoon from his late residence, 24 High street. Rev. Neil McLaughlin conducted the services, and burial was made in Fernhill cemetery. The flowers were numerous and beautiful, and there was a large number in attendance to pay their last respects to the deceased. The funeral of Matthew Mercer took place yesterday afternoon at 2:15 o'clock from his late residence in St. James street. Rev. Hammond Johnson read the funeral services. Interment was made in the Methodist burying ground. The funeral of Mrs. Mary E. Daley

James S. Friel Is Commissioner

Moncton Barrister Will Investigate Charges Against Hon. William Currie

Fredericton, June 9.—James S. Friel, K.C., of Moncton, was selected by the local government on Friday last as the royal commissioner to hear the evidence and report upon the charges made against Hon. William Currie, M. P. P. of Westigo, speaker of the Legislature. These charges were made toward the end of the session by J. B. M. Baxter, M. P. P., and were based upon an affidavit by a man who formerly was a government scaler. The premier at that time refused affidavits by Mr. Currie and the president of the lumber company of which Mr. Currie is manager denying the accusations in toto. Hon. Mr. Foster announced that a complete investigation would be made under oath, and the appointment of Mr. Friel to hear the evidence and report upon it is the result. Mr. Friel is one of the best known of New Brunswick's barristers, a man of keen legal ability and long experience, and it is felt that in his hands the charges will be probed to the bottom.

and in educational work. Not the least notable of his achievements was the placing of the Acadia educational institutions at Wolfville, N. S., on such a greatly improved financial basis during his term as president. Rev. Dr. Trotter's activities in this respect made him a visitor at all important centres of the provinces and St. John has more than once listened to his vigorous appeals.

Checked at the Marne, the Germans under command of the Crown Prince, are trying to open a road elsewhere to Paris. As predicted last week, the place chosen is the Noyon sector and the blow falls on a front of about twenty miles width. As has always been the case when great masses of the enemy have been launched against our lines there has been a bending back, but early reports today were that little ground had been given in the centre, and that a check had been given the enemy on the very first day of the new drive.

Each new crime committed by the Germans, whether by submarine, or in bombing hospitals, or in practically murdering prisoners, makes more clear the call to the rest of the world to crush the Teuton and prevent such a calamity as has befallen the Allies. This is a war of ideals, and those which command the devotion and fidelity of the Anglo-Celtic races must prevail. The world stands aghast at what would follow a German victory. The iron heel of the Kaiser would crush human liberty out of the world. A Germanized country is a slave-pen.

NINETIETH YEAR OF PORTLAND S. SCHOOL

The ninetieth anniversary of the Portland Methodist church Sunday school was celebrated last evening with a special service in the church. Addresses were given by the superintendent, Mayor Hayes and the pastor, Rev. Neil MacLaughlin, and an excellent programme was carried out by members of the school under the direction of H. W. Bromfield, Miss E. Huse, Mrs. J. Howe, Miss Bell and Miss Irvine. In the course of his address, Superintendent Hayes announced that the total enrollment for the year just ended was 790 pupils and the receipts totalled \$1,900.65. Among those taking part in the programme were: Laura Pollins, Mildred Killam, Emma Chown, Helen Rowley, Margaret Hayes, Florence London, S. A. Kirk, Jean McIntosh, John Cowan, Mary Kirkpatrick, Caroline Perry, Etta McKinney, Mabel Chown, Vivian Armour, Bertie Bronfield, Isobel McKeith, Margaret Holdreid, Doris Corbett, Lena Gregg, Mac Reid, Vicars McLaughlin, Annie Pike, Luella Sargent, Margaret Pollins, Jennie East, Caroline Perry, Gerald Williams, Ernest Godner, Ralph Kirk, Kenneth Lawton, Robert Colner, Herbert Mowry, Ralph Williams, Miles Ring, Ernest Colner, Gerald Williams.

A memorial service was held at St. Botolph's church, Bishopgate, for fallen members of the Honorable Artillery Company.

CELERY TRENCHES

Now that the potatoes are safely in the ground the next move to be considered is the preparation of the celery trenches. A good amateur gardener shy of this vegetable, thinking it too troublesome to handle but those who go in for it usually find that their labor has been well repaid before the season is out. To prepare the trenches, set a line the length desired. Mark along this line with a spade and move the line fifteen inches. Dig out the trench to a depth of nine inches, piling the soil on either side of the trench. If more than one row is required, the space between the lines to a depth of nine inches, piling the soil on either side of the trench. This space can be utilized for growing lettuce, cauliflower, radishes or other early crops that it will be possible to clear off before the celery is ready for marketing. Put some manure in the trenches and dig in. The celery trenches should be left for some days before the plants are put in. The day before planting they should be flooded with water. A very important factor in the successful culture of this popular vegetable is a plentiful supply of water. In its wild state the celery is a bog plant and it is, therefore, naturally a water lover.

RECENT DEATHS

Rev. Thomas Trotter. The death of Rev. Thomas Trotter, D. D., LL. D., professor of homiletics and pastoral theology at McMaster University and for ten years president of Acadia University, is announced in Toronto. He had been in ill health a long time.

He was born in Leicestershire, England, on Aug. 11, 1853. In 1870 he removed to Canada with his parents, Mr. and Mrs. S. Edwin Trotter. He was educated at Woodstock College, Toronto; Toronto University, McMaster University and Queen's University. He received the degree of Doctor of Divinity upon him and Queen's, Dalhousie and Acadia the degree of Doctor of Laws.

He was pastor of the Baptist church of Woodstock, Ont., from 1878 to 1889 and of the Bloor street Baptist church, Toronto, from 1889 to 1890, when he became professor of homiletics and pastoral theology at McMaster University. He resigned in 1895 and the following year became president of Acadia. During his 22 years' incumbency here he became widely acquainted with the Baptists of the maritime provinces and the eastern states. He was eloquent, forceful and popular as a speaker and broad-minded and sympathetic as a man. When he resigned as president of Acadia in 1909 he became pastor of the Ashland avenue Baptist church, Toledo, O., remaining there until 1909, when he returned his old chair at McMaster.

In 1887 he married Miss Maud Freeman, daughter of the late Hon. J. M. Freeman of Canning. She had been principal of the ladies' department of Woodstock College.

Rev. Dr. George B. Catten, president of Acadia, says of the late Rev. Dr. Trotter: "The Baptists of the maritime provinces will feel keenly the death of Dr. Trotter, which occurred in Toronto. He had a very high place in the denomination, and was much beloved by his many friends. He came to Acadia at a time when it seemed that the denomination was in a state of stagnation. His institution were almost beyond repair, and before leaving raised sufficient funds to pay off all debts and increase the endowment. He was undoubtedly the man for the hour."

Lemon Juice For Freckles

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of each a white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Four grocers has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how soft and white the skin becomes. Yes! It is harmless.

MORNING NEWS OVER THE WIRES

The Deutsche Tage Zeitung of Berlin reports that there will be a unity of military command in Germany, Austria, Bulgaria and Turkey.

An American steamer Pinar Del Rio was sunk seventy miles off the coast of Maryland Saturday morning by a German submarine. The captain and fourteen of his crew are missing.

Rev. J. Stanley Durkee of Brockton, Mass., has accepted the presidency of Howard University, Washington, D. C. He was born in Carlton.

The Winnipeg telegraph building was badly damaged by fire Sunday morning and the printing department burned out. The loss is about \$100,000. The newspaper will be published elsewhere until repairs are made.

The Maritime Linen Mills, Limited, has been incorporated with head offices in Moncton and capital stock of \$200,000, to take over the plant and business of the Eastern Linen Mills, Limited, formerly of Dorchester and more recently of Moncton.

A resolution calling on the church to affirm its conviction that religious education should form part of the educational systems of the provinces, that the co-operation of other denominations should be sought and that the ministers of education should be communicated with, was presented to the Presbyterian General Assembly on Sunday. The resolution will be dealt with later.

The N. B. and P. E. I. Methodist Conference has opened its sessions in Sackville. The ministers' conference continues until Wednesday and the general conference opens on Thursday.

A new star, the brightest discovered in several centuries, was detected last night at Leander McCormick observatory at the University of Virginia, by C. I. Olive, professor of astronomy. He described it as a bright blue star, of magnitude 0.5 degrees, located in the constellation Aquila, a star that makes it nearly the largest and brightest in the sky during the present month.

Separation Allowance to Soldiers' Wives Wherever Located

News of the Soldiers

Orders have been received from Ottawa to effect that a decision had been reached extending the payment of separation allowances to dependents not living in Canada. Hitherto such separation allowances have been paid only to relatives of soldiers actually living in Canada.

Lieutenant G. H. Currie, who has been recruiting officer in New Brunswick for the Canadian Engineers, railway construction and skilled railway employees corps, has been given additional duties, and is now the recruiting officer for the maritime provinces.

Captain Kenneth Marr, son of Archie C. Marr, a former resident of Barton, Digby County, N. S., has won distinction with the flying corps of the United States army. He brought down an enemy monoplane.

Casualties.

Mrs. J. G. Kirkpatrick of Grand Falls, has been advised that her brother, Private H. Chester Taylor, has been severely wounded in the face. Private Chester is a son of H. W. Taylor, collector of customs in Grand Falls.

Mrs. J. W. Pike, 218 Queen street, West St. John, was advised yesterday that her son, Gunner Harry Pike, M. M., had been admitted to a hospital in Boulogne, France, on June 2, suffering from gas burrs. Gunner Pike is a South African war veteran. He went overseas with Major Mackay's heavy battery. Two brothers are in France.

The names of six New Brunswick men appear in the midnight casualty list.

BIG STADIUM FOR SOLDIERS

England Will Offer Boxing and Athletic Contests to Entertain Americans.

Toronto, June 9—After supervising aerial gunnery instruction in England for some time, Major William A. Bishop, V. C., D. S. O., Canada's noted air fighter, has had his wish granted and has gone to the front in command of a "circus" Artillery Det.

A draft of 100 men from No. 9 Siege battery left for other training quarters on Saturday night.

NORWEGIANS CATCH UP ON SUBMARINE LOSSES

London, June 9—Construction of Norwegian merchant shipping in May exceeded for the first time during the war the tonnage destroyed by submarines during the same month. The tonnage sunk was 17,800 while the new construction amounted to 18,217.

NEW PERFECTION OIL COOK STOVE

Thousands Testify to the Lasting Benefit Derived by This Marvelous Preparation.

The country is simply wild over the wonderful cures of chronic asthma that are being made every day by Catarrhose. It is a scientific surprise, a perfect marvel the way it brings old chronic cases back to health. You will say so yourself after you have used it once, say so after the very first time. Ever since people first began to have asthma, Catarrhose is certainly the best remedy discovered.

Creighton E. Thompson, well known in Calgary, writes: "Nothing too strong can be said for Catarrhose. I suffered four years from asthma in a way that would baffle description. I went through everything that man could suffer. I was told of Catarrhose by a clerk in Finland's drug store and purchased a dollar package. It was worth hundreds to me in a week, and I placed a priceless value on the benefit I have since derived. I strongly urge every sufferer to use Catarrhose for Asthma, Bronchitis and Catarrh.

The one-dollar package last two months; small size, 50c; sample size, 25c; all storekeepers and druggists, or The Catarrhose Co., Buffalo, N. Y., and Kingston, Canada.

GIRL UNDER FIRE

Evelyn G. Brown of Ottawa Awarded The Military Medal

Miss Evelyn G. Brown, who has been awarded the military medal, a decoration hitherto conferred only upon men, is a daughter of the late Gordon Brown and Mrs. Brown, of Ottawa, and a niece of Sir Percy and Lady Sherwood. She was decidedly popular in Ottawa before going overseas.

The news of this unusually significant distinction was received in a cable sent to Miss Brown's sister, Mrs. Louis White.

Miss Brown went to England early in October, 1916, with her mother, who is now commandant of the Canadian V. A. D's in France and of the Nursing Sisters' Rest Home in Boulogne. There she took a motor course, passed the test, and was the first girl to become attached to the Army Service Corps. For eight months she was chauffeur to Col. Godson-Godson, officer commanding the London area, and on New Year's Eve of last year left for France, where she is now stationed at St. Omer with the First Aid Nursing Yeomanry Convoy. In the German advance in March, the "Fanyers," as the members of this branch of the service are more commonly known, were under fire and obliged to wear gas masks and helmets. Lieutenant Brown, Miss Brown's only brother, was killed in action over a year ago.

Athletes
Rothsay Wins Cup
The intercollegiate meet held at Rothsay Saturday afternoon between athletic teams from the St. John High School and Rothsay Collegiate school was very interesting and keenly contested, despite the fact that the Rothsay team entered one side. The Rothsay boys won by a total of 74 1-2 points to 14 1-2. Their victory not only marks the Rothsay team as champions but in addition they became the permanent custodians of the magnificent silver trophy put up by the St. John High School Alumni.

Weather conditions were ideal for the meet and hundreds of sports fans were present to witness the sports. Flewelling of Rothsay College was the individual star and won 23 1-2 points for his team. He succeeded in establishing a new record for the shot put when he heaved it 38 feet three inches, one foot and eleven inches better than the record. He could have done much better in the sprint events, but seemed desirous of securing the honors with team mates.

100 yards dash—Cudlip, Rothsay, 1st; Flewelling, Rothsay, 2nd; Diago, Rothsay, 3rd. Time—10-4-5 seconds.
High jump—L. Diago, Rothsay, 1st; Coster, St. John, 2nd. Five feet one inch.

The events and the winners follow, five points allowed for first place, three for second and one for third:

FOES "BOOTY" EXAGGERATED.
London, June 8.—The shortage of metals in Germany continues to give anxiety to the authorities there. The demand does not seem to have been met by the capture of "booty" about which so much has been said in the German communiques. The Germans appear to have taken the stories of the war lords so literally that the authorities responsible for the metal supply have had to issue an official statement on the matter. It reads:

"It is a mistake to imagine that our large captures of raw materials during our offensive in the west could in any way interfere with the mobilization of these metals which can be spared. The reports about this great booty are not based upon accurate assessment, but resulted from a high estimate. The metal which is to be confiscated does not merely to the army, but has to satisfy the whole needs of the war. The navy, the railways, the post and our war industry in the widest sense, have to be provided for."
The official statement adds indignantly that the demand for these "precious metals" especially copper, continues to be so great that it has been necessary to issue new "confiscation" orders.

"GUNNER LEWIS' ONE WITH 'GENERAL STAFF'"

Blunder in German Translation of Account of Death of Famed Enemy Airman

Amsterdam, May 4.—(Correspondence of The Associated Press).—The German semi-official press bureau made an amusing blunder in an account of Baron von Richthofen's death which was published in all the German newspapers. In translating an account from the English newspapers it stated that the German airman was brought down by "Gunner Lewis." This being a careless translator's rendering of "Lewis gun." It was not until two days later that the German newspapers discovered the mistake.

The Cologne Gazette says editorially: "The news of the death of the famous German pilot, Baron von Richthofen, was a great loss to our country. To whoever the honor of Richthofen's defeat belongs, it certainly is not Gunner Lewis, for he owed his existence only to a mistake in the translation, and the bullet was fired by a Lewis gun."

Gunner Lewis, however, will adorn a modest place in the history of the war, where he will be able to converse about the dangers of too rapid translation with "General Staff," who was one of the famous German newspaper blunders of the war of 1870.

London, May 5.—The official Australian correspondent at the front in France gives the following account of Australian machine-gunners claim to have participated in the shooting down of Baron von Richthofen:

"About eleven o'clock on the morning of April 21 the troops along the Somme and Ancre had heard distant popping from two flocks of British and German airplanes which had been fighting high over the German lines, when a German plane was seen diving after a British machine. Both guns fired a burst.

"When about a hundred yards away from the nearest Lewis gun the German plane, which at first had been obscured by the British plane, was now sufficiently close to enable the guns to fire on it without risk of hitting the British machine. The German plane was now wavering unsteadily to one side, banked up and veered in a sharp circle to the left, then shot in a line sheer down a steep long angle to the ground about 400 yards from the Lewis gunners.

"When the burst was fired an officer told me he clearly saw fragments of the wood or metal flaked from the machine.

The voting of the sums set down in the estimates is the proper occasion when the members are afforded practically the only opportunity for intelligent discussion of the business of the several departments. There is no department that comes closer to the people than the post office. There were many matters concerning that department which members desired to discuss. The post office estimates were never taken up during the session until an hour and a half before the time fixed for prorogation. In that short time the house was asked to vote about twenty million dollars for that department, besides many millions for other services, and to dispose of the numerous motions incidental to the closing up of the session.

One newspaper says the house voted over sixty million dollars in as many minutes! If the house had found itself at the close of a very long and wearisome session, some excuse—not a good one even then—might have been found for what happened. But there was no such excuse. There had been a long session. So far as time

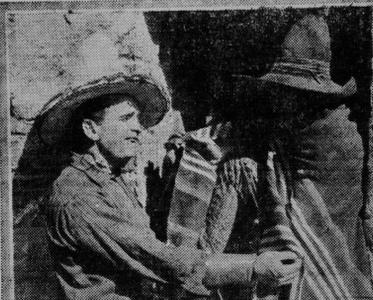

COMMENT ON THE SESSION AT OTTAWA

(Montreal Journal of Commerce.)

The work of the recent session of the Dominion parliament was in most respects creditable to the union government. Many measures of an important character were passed. The huge appropriation for the war service was voted without dissent in any quarter. The supplementary legislation respecting military service was carried on division, without any protracted opposition. The new taxation was accepted with but little dissent. The Women's Suffrage Act and the Civil Service Act were notable measures. Seldom, if ever before, was so much important legislation enacted in so short a time.

Where there was so good a record in this respect, all the more pity that it was marred towards the close of the

OFFICIAL ENGLISH.

The following letter, written in "perfect departmental style," which has been sent to a matron of a small auxiliary hospital, in England, has been sent by the latter to the Times:

"The attached Army Form B178 is returned to you for favor of disposal in accordance with the instructions contained in Appendix 77 of A.C.I. 485 of 1917 (d) and (f), as amended by A.C.I. 23 of 1918—namely, to the officer commanding as named in the schedule to general instructions 2, issued with A.C.I. 1, 40 of 1918—i.e., the officer commanding the depot."

"So far as I can make out," adds the matron, "the translation into commercial English is as follows: 'Attached form should have been sent to the officer commanding the depot.'"

An oil film floating on the Passaic river near Kearny, N. J., ignited, covering the stream with fire for a distance of half a mile, burning scows and setting a bridge alight.

Four members could go away, and there would still be a large brigade to attend to duty. To drive the house and committees for many days from ten o'clock in the morning until the early hours of the next morning, and then at the last stage throw a week's business into a couple of hours, going through the face of voting a million dollars a minute without discussion, was not a creditable winding up of a session which, under former conditions, would have left a fine record of efficient legislative work.
