OPPOSITION FAR FROM BEING TALKED OUT

ong Way to go Yet on Grand Trunk Matter

NEW MINISTER IN HOUSE

Henry Drayton Quickly Falls into Ways of Old Stagers—Sir George Foster Uses French—Hon. Mr. Fielding on Fraser River Fisheries Treaty

(Special to Times) Ottawa, Ont., Oct. 21.—The Opposition here are far from being talked out of the Grand Trunk matter. Mr. Robb Liberal whip, says they have still a long way to go before they will roughly expressed themselves on the wisdom of the government's proposal...

Getting Ready to Try The Kaiser, Says Law In House of Commons

British Parliament Resumes Work Today

Strength of British Army, Now 750,000 Men, to be Further Reduced—Troops in Ireland Number 55,000, Declares Secretary Churchill

London, Oct. 22.—That all necessary preparations for the trial of former Emperor William are being made was announced in the House of Commons today by Bonar Law, government leader. The request by the Netherlands government for the surrender of the ex-emperor, he explained, could not be made until all the powers had signed the peace treaty.

BOTH SIDES ARE FIRM ON THE SOFT COAL QUESTION

Washington, Oct. 22.—There was little hope of averting by government mediation the strike of bituminous coal miners set for Nov. 1 when representatives of the miners and operators today resumed their joint conference with Secretary of Labor Wilson.

Germans at Riga Fire on British Warships and the Latter Retaliate

Copenhagen, Oct. 22.—German artillery at Riga fired on British warships at the mouth of the harbor on Sunday, according to a report of the Lettish general staff, and on Monday the battleships returned the fire, shelling German positions near the city. Riga is being bombarded by heavy German artillery, which is using gas shells. Great damage has been done in the city and many civilians have been killed or wounded.

COLONEL LYNCH HECKLED BY SINN FEIN IN BOSTON

Bit of Storm at Meeting Last Night in Tremont Temple

THE COMMON IN DANGER

(Special to Times.) Boston, Oct. 22.—Col. Arthur Lynch has come over here from Ireland to give his views on the question of Irish independence and the fact that he does not believe in physical force is not to the liking of the Sinn Feiners. That was shown last night when he was heckled and hissed frequently in Tremont Temple by small groups evidently there for such a purpose.

PLANNING VIGOROUS START OF THE VICTORY BOND CAMPAIGN IN CITY

The Victory Loan campaign, which will open on Monday, will be marked on its first day by a demonstration which will force itself upon the attention of practically every citizen.

HELPS ORPHANS IN ALASKA

K. of C. Provides Buildings For 1,000 Indian Children in Nome

New York, Oct. 22.—All of the buildings and recreational equipment of the Knights of Columbus in Nome, Alaska, have been turned over to 1,000 Indian children, whose parents were victims of the influenza epidemic. A recent survey was made by the Knights to ascertain how many army posts would be operative during the winter months in the frigid country.

OUR WATER POWERS At the last session of the New Brunswick Legislature a bill relating to the development of water powers was introduced by the government but was not finally dealt with by the house.

The Water Powers Commission which the Foster government appointed and which has been making a careful and valuable survey of the available water powers in the province has learned that there are water powers within comparatively easy reach of centres of population like St. John, Fredericton, Bathurst and others which can be harnessed to supply cheaper power than is now available.

The bill to be introduced by the government will encourage private enterprise while it will also protect the public interest. That is its strong feature. The water powers belong to the people and should not be alienated. They serve the purpose of developing the province in an industrial way, and the rights of the people must be protected.

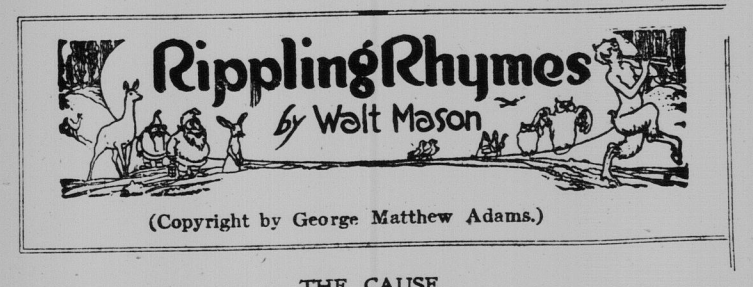

LOVE ABIDEETH With Mr. F. L. Potts as chief undertaker the opposition party in this city met last evening to make arrangements for the long delayed funeral. After the obsequies there will be things done. New occasions bring new duties, and Mr. Potts is out for reform.

The greatest educational congress in session in Winnipeg promises to be of even more value to Canada than its promoters anticipated. When the full report of its deliberations is available for study it will have a very marked effect upon public sentiment in regard to the whole question of education in this country.

A QUESTION OF EFFICIENCY. The long delayed appointment of a vocational training board for this city has been made, and the way is clear for a forward movement. The city is greatly handicapped because it has no suitable building such as they have in Woodstock, and the new board must therefore content itself with a very modest beginning.

The jockeying in Ontario has already begun. Mr. Dewar, the Liberal leader, claims the premiership, and Hon. Adam Beck is also suggested. The United Farmers have not yet spoken.

Premier Lloyd George again impresses upon English agriculturists the utter need of increased production. District Judge Batten traveled in an airplane from Freeman, N.B., to Schuyler, 30 miles west, to hold court. Judge Batten said that with good weather and no accidents he would continue the circuit of his judicial districts, which include several counties in the province.

THE CAUSE All the world is in commotion, forty kinds of dust we raise; every gent with crazy notion has an audience these days; all the people's rise and clamor for new avenues to tread; every fellow has a hammer, and he'd dash another's head.

RETURN OF HON. MR. HUGHES TO AUSTRALIA

Notable Triumph is Scored
By "The Little Digger"

Had Put Honor and National
Life Before Party in the
Empire Crisis Brought by
War—His Fine Record.

(Christian Science Monitor)
"From the day that the war broke out I put party interests aside, and put those of the nation in their place to follow a course which, in my opinion the welfare and honor of the nation demanded. I have severed the ties of a life time and have broken with the most powerful organization ever established in Australia. I thought party a mean thing to consider when honor and national life were at stake." The attitude of Mr. Hughes, prime minister of Australia, outlined in a speech delivered at Geelong in the December of 1916, explains many things. It explains the tremendous enmities which he aroused against himself during the war and during the peace negotiations in Paris. It explains also his final triumph and the veritable whirlwind of acclamation with which Australia received him, all the way from Fremantle to Melbourne, when he recently returned to the great southern commonwealth from the Peace Conference.

Those who knew Mr. Hughes and knew also the Australian people were not surprised at this outburst. Again and again, in the course of the last five years, great numbers of people in Australia have disagreed with Mr. Hughes. They have growled at what they described as his autocratic methods; they have denounced him as a traitor to his party; they have leagued themselves together against him to bring about his political overthrow; and they have made their voice so much heard that the careless listener might have thought that there was in Australia no other voice. In spite of it all, however, the real Australia, the Australia that could rise to Mr. Hughes' high standards and count it a mean thing to think of party when national life and honor were at stake, this Australia never doubted Mr. Hughes and Mr. Hughes never doubted this Australia.

From the first moment that Mr. Hughes took over the reins of government from Mr. Fisher, in 1915, Australia knew that it had a war leader indeed. Every impediment went down before his tireless energy. Thus he found the German, naturalized or unaturalized, in complete possession of the Australian metal industry, and he never rested until the whole vast industry, upon which so much depended for the Commonwealth and, indeed, for the world, had been swept clean of German influence. He threw himself into the work of recruiting with tremendous vigor, and as army corps after army corps crossed the 11,000 miles of sea to fight for the cause of righteousness in Europe, Mr. Hughes, and all Australia with him, could take pride in the fact that they went, as he put it on one occasion, "Australian from head to heel." They went wearing clothes woven in Australia from Australian wool, marching in boots of Australian leather, armed entirely from Australian factories, and fed with Australian products forwarded in Australian ships.

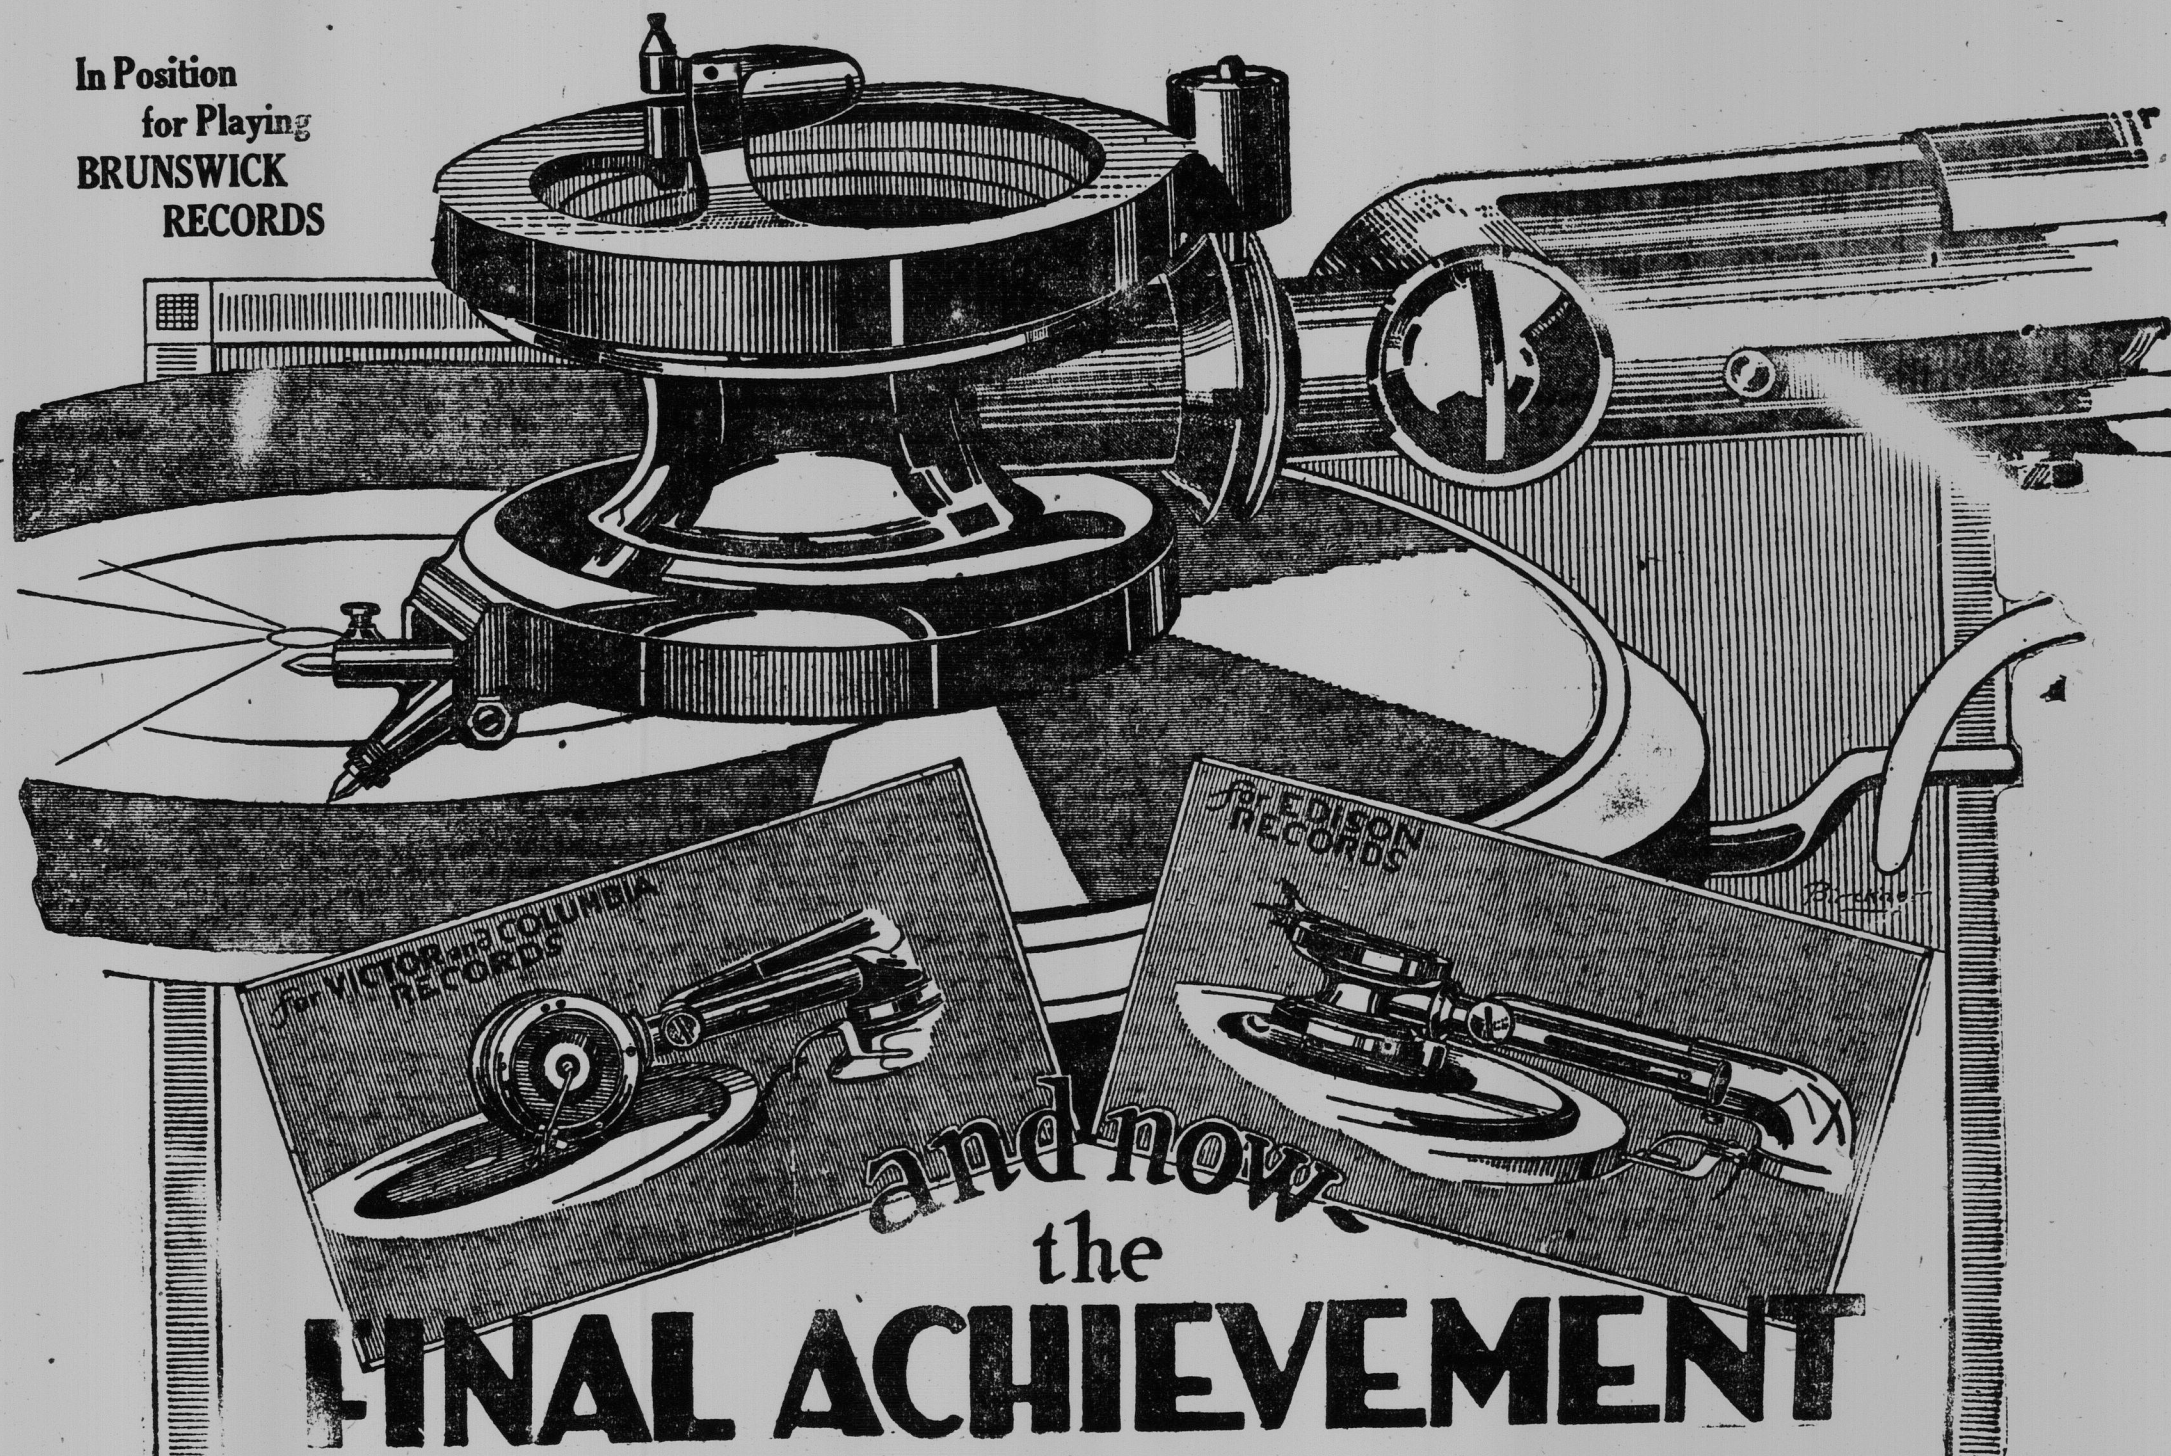

Then when Mr. Hughes had set the great machinery at home, he went to England, "home" as the Australian still fondly calls the mother country, to see for himself what needed to be done, and what further Australia could do. He was everywhere hailed with enthusiasm. Arriving at a time when the country, he faced the grim determination settling down upon the people with a new enthusiasm. He plunged into the arena, as one writer at the time said about him, "bringing with him that atmosphere of energy, of capacity to get things done, of swiftness and decision, which is the supreme virtue in time of war." Then, having heard and seen all there was to be heard and seen, on the battlefield of France and in the council chamber in London, Mr. Hughes returned to Australia. He was convinced that neither Australia nor any other part of the British Commonwealth could afford to fall short of the utmost effort, and, as a consequence, launched his first conscription campaign. Official Labor rose in arms against him. He was expelled from his party, together with all who agreed with him. Many of his former friends became his most implacable enemies. But Mr. Hughes triumphed over all difficulties. Conscription was defeated, as it was again a year later when he returned a second time to the attack, but in spite of it all, after it all, Mr. Hughes was found more firmly established than ever in the confidence of his fellow countrymen.

The closing months of the war found him, once again, in England, helping to block at every turn, with all his old energy, the machinations of the pacifist, disclosing the dangers of a "negotiated peace" and insisting on the importance of seeing the great struggle through to the very end. Then, after the signing of the armistice, in due time, Mr. Hughes went to Paris, and his record there is the story of yesterday. It was not exactly a peaceful record. More than once the Prime Minister of Australia was the forefront of the fight. Now it would be the German colonies in the Pacific, and now the threat which he saw to a "white Australia" in the proposed racial equality amendments in the League of Nations covenant. But all the time, he shouldered his share of the work, spared himself nothing, and saw the task of peacemaking past its first great achievement, the Treaty of Versailles.

And now Mr. Hughes has returned to Australia. And all the way from Fremantle to Melbourne, Australia has shown him just what it thinks of him. All differences were forgotten. The great achievements of the "Little Digger" overshadowed everything. The man who had set country and mankind above party, came into his own.

Yesterday afternoon was held a meeting of the executive of organization, which have adopted Canadian standard efficiency training. The executive: Chairman, A. B. Crookshank; vice-chairman, E. E. Thomas; secretary, F. I. Wood; worthy members, Rev. R. T. McKim and Hunter Parsons.

BRUNSWICK
RECORDS

Here, at last, the "all-in-one" Phonograph that is absolute. The new BRUNSWICK method of Reproducing is the Final and Supreme Sensation. This "ULTONA" reproducer revolutionizes ancient standards—it frees the phonograph and old style talking machine from all their admitted handicaps. The ULTONA is an amazingly simple contrivance—and the wonder of it is that some manufacturer has not developed it before this. But here it is for you to see—and hear—only on the BRUNSWICK, which has already met with such phenomenal success that the old style "standard" type talking machine people have their backs to the wall.

Always Ready—Nothing to Adjust

The ULTONA is a distinctly new creation. At the turn of the hand you adjust it to play any record. It is not an attachment—nothing to take off or put on. The real diamond for the Edison, the real sapphire for Brunswick or Pathe, the steel or fibre needle for other records always there. There is nothing like it in the Phonograph world today. We want owners of other phonographs to come in and hear the Brunswick play the records they use and are familiar with. Remember, we claim that the BRUNSWICK plays all records better. All that you can have in any phonograph, all that you can possibly imagine that you want, is to be found in this pre-eminent Musical Instrument.

Acoustics of Every Style Record Solved

The ULTONA, coupled with the BRUNSWICK all-wood throat and sound chamber, solves the gravest problems of acoustics—all tone values are now given a naturalness hitherto unattained. And it plays all and every record according to its exact requirements. The proper Diagram is presented, the exact needle, exact weight.

Find Out for Yourself—Investigate

Just what is it that makes everyone who hears the BRUNSWICK want one? Why have hundreds of owners of the old-style talking machines traded their instruments in for a BRUNSWICK? Is it the tone? Is it the appearance? Is it the price? Or is it "all-in-one"?

Just you hear the Brunswick

NEWS NOTES ABOUT PROMINENT BAPTISTS

(Maritime Baptist.)
Rev. H. M. Manzer, pastor of the field at Southampton, N. S., with his wife and son, passed through St. John recently. He is spending some weeks of vacation in this province. For the most of the time at his old home near Millville, N. B.
Rev. I. B. Colwell and wife have been spending a vacation period in this city. The work at Hopewell is showing the influence of his consecrated ministry. Rev. E. B. McLatchey has been supplying during the absence of the pastor.
Rev. S. J. and Mrs. Perry of Dawson, Albert Co., are enjoying a deserved vacation. Part of the vacation will be spent at Sussex, where a son is living. Two weeks will be spent at Hantsport with their daughter, Mrs. J. A. Van Wart.
Rev. V. B. Brown has closed his work at Keswick and has removed to Ontario. His removal is sincerely regretted by the churches on the Kewick field. His new address is 144 Barrie street, Kingston, Ont.

after a trip through the Annapolis and Cornwallis valleys, re-creating in the beauty and promise of the laden orchards. Of course Wulville was included in his itinerary, and he reports all our institutions full to overflowing and almost embarrassed by the number needing to be lodged and fed.
Rev. Neil MacLean has recently returned to his field at Blazer Rock, N. B., from a three weeks' vacation spent in his native town, Sydney Mines, N. S. During his stay there Mr. MacLean supplied for one Sunday the pulpit of the Clyde avenue church. He also spent one Sunday with the Calvary church, North Sydney.
Rev. W. S. Jacobs has become pastor of the First Baptist church of Chelsea, Mass. This is a strong and influential church and in its service Pastor Jacobs will find ample scope for his energy and talent. It was with this church that Dr. Francis W. Bakeman spent thirty-one years as pastor. Dr. Bakeman passed to his reward last June. We hope that the pastorate of Mr. Jacobs may be as long and as successful.
Rev. R. S. Gregg, pastor of the Oranville field, writes elsewhere of the certainty which so suddenly befell that church. It is evident that assistance is urgently needed. It would be fatal to our work in all that section to permit the work at Oranville to languish. Under the leadership of Pastor Gregg, the whole field was making substantial progress. We hope that many churches and individuals will respond promptly, and

have doubtless given to relieve the general distress. But the ministry of the church and its services is a permanent and supreme need. The burden of rebuilding is too heavy to be borne by the few families who support our work at Oranville, some of whom have suffered the loss of their own homes.
Rev. Geo. G. Kincaide is now settled as pastor of the Free Baptist church at Gardiner, Maine. This is one of the strong churches of Maine. Last year 290 were received into fellowship. The church conducts city mission work at a hall in another part of the city, and an assistant pastor will be secured for the work of the coming winter. The prayer meetings are largely attended.

Rev. W. H. Smith, Acadia '02, recently paid a visit to his boyhood home at Sixth, N. B. Mr. Smith is now living at Gardiner, Me. We are sorry to report that again, because of a nervous breakdown, he has been compelled to give up for a time the work of the pastorate. The friends made during his ministry at Florenceville and Maugeville will be especially interested in hearing of him.

SENATOR DEFIES "O'S AND MAG'S IN" DEMOCRATIC PARTY

Williams, of Mississippi, Says Tradition of Irishman's Fighting Qualities is Largely a Myth—Threats of Association.

(N. Y. Herald.)

Washington, D. C., Oct. 16.—Senator Williams, of Mississippi, one of the administration's chief spokesmen in the Senate, drew considerable attention to the ranks of the Democratic colleagues today by undertaking to read the Irish out of the Democratic party.

His bold attack upon the Irish voters caused something of a panic among some of the Northern Democrats, whose constituencies contain a large Irish element. Senator Hitchcock, the administration spokesman, vainly tried to call him off, but the Mississippi Senator persisted until he had exhausted nearly all his adjectives in denouncing the Irish. Senator Phelan, of California, and Senator Gerry of Rhode Island, both Democrats, hotly retorted to Senator Williams, staging a lively skirmish within their own party.

Lauds Confederate Veterans.

Senator Williams began by moving over to the Republican side of the chamber and flourishing a copy of the resolution recently adopted by the Confederate veterans endorsing the League of Nations. He then delivered a glowing eulogy upon the Confederate veterans and assailed the Johnson amendment giving the United States as many votes in the league as the British Empire as a "Sinn Fein proposition."

Then he recalled that someone had recently given the Irish credit for defeating the South in the civil war.

"As a matter of fact," he shouted, "the Irish never whipped the South at all. They could not whip the South in one county. It is a part of the bragging nature of the Irish. I am tired of this vanity and nonsense. I do not care how many Irishmen vote for the Democratic ticket."

At this juncture Senator Hitchcock, in alarm, moved over to the Republican side also and taking a seat beside the Mississippi Senator, tried to persuade him to desist. His efforts were futile.

"I am prepared to support the Senator from Massachusetts, Mr. Lodge, against the Senator from Massachusetts, Mr. Walsh, in an appeal to every man not an Irishman, in Massachusetts, and at a proper time I shall do it, because I rather prefer men who bludgeon us than men who poison us," Senator Williams continued.

"I am tired of the whole Irish pretence. They never won the War of the Revolution, as they pretend they did. I am tired of this eternal lie. I am tired of the intimations that received at my office for three or four months. A great

MANY JEWS FROM STATES IN THE WAR

American Committee Notes That of 200,000 Citations Were Received by 600

New York, Oct. 22.—The thirteenth annual meeting of the American Jewish Committee, a national Jewish organization, instituted in 1906 for the purpose of combating the infringement of the rights of Jews in any part of the world, was held at the Hotel Astor.

The annual report of the committee, in considering the question of the restriction of immigration, said it was inconceivable that the United States would close its doors against those whose sole desire was to better their position in life and to become good citizens of this country.

The report said that although there were less than 3,000,000 Jews in the United States, nearly 200,000 fought on the battlefields of Europe. Some of these, it was said, had not been here long enough to take out their second papers. The killed and wounded, to say nothing of the deported, among the boys from the East Side, was stated as well as among their co-religionists elsewhere in this country, spoke for their valor.

A report of the activities of the committee during the past year dealt largely with the economic situation of the Jews in various parts of Europe. It set forth that as many as 125,000 had been massacred and that while reports may have been exaggerated that the suffering of the Jew had been widespread and intense. The German press, it was said, is replete with anti-Semitism.

According to a report presented by Julian Leavitt, Director of the Office Jewish War Records, which is maintained by the American Jewish Committee, of the 150,000 Jewish soldiers and sailors recorded by the office to date, New York state leads with more than 60,000. Pennsylvania follows with more than 14,000, and other states are represented proportionately. The army is represented by 114,275 men, the navy by 13,386, and the Marine Corps by 2,160. The total number of commissioned officers listed so far is 8,005, including one Brigadier General in the Marine Corps, one Rear Admiral in the Navy, 69 Colonels, and Lieutenant Colonels in the Army, 370 Majors, 1,263 Captains, and 5,224 lieutenants.

PLAN TO BUILD 400 HOUSES

Springfield, Oct. 22.—Owing to an unprecedented shortage of new houses in this city prominent members of the Chamber of Commerce have launched a housing movement and will petition for a charter to organize a corporation to erect 400 dwellings, including two-family apartments, during the coming year. The corporation will be incorporated for \$1,000,000.

rent proffering is now indulged in to such an extent that public-spirited men believe it is high time to put a stop to the practice.

HARVESTING ROOTS FOR SEED GROWING

(Experimental Farms Note.)

The last few years' experience has taught us that field root seed raised in Canada compares very favorably with imported root seed and under the circumstances it would be to the interest of farming, were more root seed produced in Canada than there is at present.

It should be clearly understood, though, that the value of root seed produced in this country depends to a very great extent on the quality of the roots from which the seed is to be raised. The roots set aside for seed production should represent a uniform type, that is to say they should be of the same general shape and of the same color. If they are mixed types, as far as shape and color are concerned, they are liable to produce a class of seed which, when sown, will in turn give rise to a crop of mixed, and on that ground inferior quality. It is therefore of paramount importance that roots which are to be used for seed production be as uniform as possible. The seed produced will also be perfectly sound and free from diseases.

It is of less importance of what size they are, but, generally, medium-sized roots are to be preferred because, as a rule, they are better in storage during the winter and therefore are apt to produce healthier and more vigorous seed plants.

The roots which are selected for seed production should be handled very carefully and all bruised roots should be rejected. In the first place, roots that are bruised, or cut, or broken in harvesting, may rot during the winter and in doing so, may cause damage to the sound roots stored with them. And, besides, even should they come through the winter, they will most likely produce weak seed plants, unable to form and ripen seed of best quality. Roots selected for seed production must, therefore, be stored away intact; that is to say, their lower ends and rootlets must not be cut off, as is done when roots are harvested for feed.

Roots that are expected to develop seed-bearing stalks after having been stored during the winter must not be topped too closely. Remember that the seed stalks sprout from the crown of the roots. It follows, then, that if the roots are topped so closely that their crowns are cut off or injured, there will be no chance of any seed stalks developing. Consequently, roots selected for seed production must have their crowns perfectly intact. And for this reason it is recommended that all roots selected for seed production be topped well above the crown, say anywhere from half an inch to two inches, so that their ability to develop vigorous seed stalks may not be impaired.

The roots selected should of course be stored in the best manner possible, so that losses through rotting during the winter may be avoided. The storage methods are many and vary with the winter conditions. In case there is any doubt as to the best manner of carrying the roots through the winter in a satisfactory condition, the undersigned will be pleased to render advice based upon years of experience.—M. O. Malt, Dominion Argostologist, Central Experimental Farm, Ottawa.

N. B. HISTORICAL SOCIETY MEETS

Officers Elected — Treasurer Tells of Slump in Funds and Campaign May Be Started For \$3,000.

The annual meeting of the N. B. Historical Society was held in their rooms in the Union street last night, Dr. J. Roy Campbell, occupying the chair. The business of the meeting consisted of the reading of various reports and the election of officers for the coming year, which resulted as follows: president, J. Roy Campbell; 1st vice-president, R. B. Emerson; 2nd vice-president, Rev. Dr. Hutchins; treasurer, A. Gordon Leavitt; curator and corresponding secretary, William McIntosh; recording secretary, W. L. McDiarmid; librarian, Frank B. Ellis; members of council, E. H. Estabrook, James A. Estey and W. F. Burditt.

The report of the treasurer, submitted by A. Gordon Leavitt, shows that the funds of the institution have decreased \$1,677.88 at the close of the year 1918-19 to \$697.80 at the close of 1918-19. Mr. Leavitt greatly regretted the fact that the society is not meeting with the support from the public to which it is entitled, and advocated that a campaign be started at once with a view to raising the sum of \$3,000, which amount is necessary for a new roof for the building and other work. The society should have no trouble getting this amount as it must be remembered that its work is free to all and of a highly educational character.

The report of the curator, William McIntosh, referred to the grading of sphagnum moss in the museum rooms by forty-one circles working for the

SUGGESTS VACATION FOR EVERY WORKER

(Forbes Magazine.)

Are factory workers as much entitled to vacation as clerks in stores, stenographers and other office workers? Nobody wants to work fifty-two weeks every year. Everybody likes to look forward to a treading spell, to getting off the chain, to being one's own boss and following one's own sweet will for a week or more once a year.

Is there not a relationship between strikes in large plants and the absence of annual vacation?

Some strikes which have occurred lately indicate that the employees were simply tired of working without a break and that they resorted to a strike as the only means of obtaining a good rest or a fling at recreation.

John Lethbridge introduced it at one of his Industrial Democracy plants a number of years ago with very great success. The workers received either whole or half pay, according to their length of service.

It is a question, however, whether it would not be best to pay even daily wage earners for the annual week off—that is, all those on the payroll for a year or more. There does not seem to be very much more reason for giving almost every other class of workers an annual vacation, with pay, and denying both vacation and pay to those who work in industrial establishments, in mines, on railroads or other plants. The week's rest would bring the men back with renewed vitality, with renewed vigor, with greater enthusiasm. Moreover, generous treatment along this line could scarcely fail to improve the morale and intensify the loyalty of a force.

EMBARRASSMENT, THE RESULT OF COUGH

You've seen it often—just as the singer, preacher or great actor reaches the climax and the audience is keyed up to the highest pitch of anticipation, there comes that uncontrollable cough or sneeze from somewhere in the audience. How embarrassing for the victim who knows that the pleasure of many has been spoiled.

You can avoid being in a similar position by always carrying a box of Dominion C. B. Q. Tablets (in the red box). One or two doses will stop a cold before it gets seated, or break up a hard cold in short order. Get a box today. National Drug & Chemical Co. of Canada, Limited.

Simple Way to Get "Pep," to be Put Right on Your Feet

When a man has lost ambition to "dig in" and stay at things—when he complains of headache, faintness in the right side, pains in the shoulder blade—it's purely a case of "Liver."

These symptoms invariably indicate a clogged, inactive liver. The body can't get rid of its wastes, and the whole system is half paralyzed.

Dr. Hamilton's Pills stimulate the liver into activity in one night. Being a mild vegetable laxative they produce results in a few hours. The bilious headache and constipation are cured, spirits rise, complexion clears, animation returns. Nothing in the calendar so efficient for that tired, lazy feeling as Dr. Hamilton's Pills. Very mild, don't interfere with work, invariably do lots of good. Try a 25c. box, all dealers.

Question Being Much Discussed in England and Press Generally Approves Plan in Preference to General Levy on Capital - France Must Borrow Heavily For a Few Years.

Atlantic City, N. J., Oct. 20.—British financial delegates to the international trade conference which opened here today, told their American conferees that they sought no support, credit arrangements, or government intervention, but simply asked that business transactions go on as before.

Levy on War Profits

London, Oct. 20.—The movement for the payment of part of the war debt by a general levy on war profits has grown to such volume that it promises to command much attention from parliament, which will assemble on Wednesday.

Several of the chief newspapers, headed by the Times and the Financial Herald, have taken up the idea.

While the project may seem revolutionary finance, the country appears to be gaining the conviction that some radical measures, other than more attempts at economy, must be adopted to meet the financial situation.

The actual churches are as human as are the men and women who come to them from the clubs, boards of trade, and trade unions, where they meet for other purposes.

NEW LOAN WILL BE FOR MINIMUM OF \$300,000,000

Ottawa, Oct. 21.—Sir Henry Drayton, minister of finance, today made known the terms of the forthcoming Victory Loan. The prospectus will ask for a minimum amount of \$300,000,000 with the right to accept all or any part of subscriptions in excess of that sum.

As in previous years, subscribers will be given a choice of maturity five year bonds, due November 1, 1924, or fifteen year bonds due November, 1934. The securities will carry interest at the rate of 5½ per cent per annum, payable May 1 and November 1 and the issue price will be one hundred and accrued interest for both maturities, making the income return 5½ per cent per annum. Purchasers may pay in full on application, or in five installments, as follows: Ten per cent on application; twenty per cent December 9, 1919; twenty per cent January 9, 1920; twenty per cent February 10, 1920; 31 21 per cent March 9, 1920. The last payment of 31 21 per cent covers thirty per cent balance of principal and 1 21 per cent representing accrued interest at 5½ per cent from November 1 to due dates of the respective installments. As a full half year's interest will be paid on May 1, 1920, the cost of the bonds will be 100 and interest. If payment is made at the time of application the price will be 100 flat. After the initial payment subscribers have the privilege of paying in full on any due date thereafter with accrued interest computed at the rate of 5½ per cent per annum.

Installment System.
 Arrangements have again been made with the banks for the purchase of bonds by small subscribers on the installment card system, spreading the payment over ten months. Up to their capacity the banks will also accept bonds from small investors for safekeeping without charge, for a period of one year.

As in 1918, bearer bonds will be available through the banks for delivery at the time of application to subscribers making payment in full. Bonds registered as to principal only or both as to principal and interest in authorized denominations will be delivered, subscribers making payment in full as soon as the required registration can be made. Bonds with coupons will be issued in denominations of \$50, \$100, \$500 and \$1,000, and may be registered as to the principal. Fully registered bonds, the interest on which is paid directly to the owner by government checks, will not be issued in denominations lower than \$500. The subscription lists will open on October 27 and close on or before November 15, 1919.

Not Tax-exempt.
 As previously intimated by the minister of finance, the bonds of the new issue will not carry the tax-exempt privilege which was attached to the issue made during the war. This means that in disposing his dominion income tax the holder of the new security who is subject to the tax, will be required to include the interest as part of his taxable income.

CURLERS' FAIR.
 There was a very large attendance at the West Side curlers' fair last evening. The door prize, a load of coal, was taken by ticket 1086 and Miss Blanche Parks held the lucky number. The ladies' air gun prize was a bread mixer which was won by Mrs. Herbert Robson, and the gentlemen's air gun prize, an umbrella, was taken by Curtis Wills. The excellent prize, a mahogany boudoir mat fell to Cecil Strange, while a ham, the prize for ten pins, was won by Albert Clarke.

The purposes of the loan which are set out in detail in the official advertisements and literature of the campaign, are described in general terms in the prospectus as follows:
 "The proceeds of the loan will be used to pay indebtedness incurred, and to meet expenditures to be made in connection with demobilization (through the authorized war gratuity to our soldiers, land settlement loans and other purposes connected with their re-establishment into civil life) for capital outlay upon shipbuilding and other national undertakings forming part of Canada's industrial reconstruction programme and for the establishment of any necessary credits for the purchase of grain, foodstuffs, timber and other products and will be spent wholly in Canada."

CHANGE IN LEADERSHIP FORECASTED BY MR. POTTS

Opposition Whip Tells Delegates New Leader is Needed

SUNDAY SCHOOL MEN NOT WANTED

Policy of Coming Provincial Opposition Convention Indicated by Local M. P. P.—Delegates Selected by Small Gathering—Will Try to Induce Ladies to Serve.

In preparation for the provincial opposition convention which is to be held next month, the supporters of that party were summoned to meet last evening to nominate delegates from each of the city wards. About 100 men and two ladies answered the call to assemble in the Seaman's Institute. The routine work of selecting the delegates was partially completed, the representatives of the wards present nominating two men from each ward. The third place on the ward representations was left vacant, with the intention that each chairman should arrange, if possible, for a woman delegate; failing this, one of the substitutes will act.

The proceedings only became interesting when F. L. Potts, M.P.P., undertook to instruct the delegates in their duties and to tell them what must be done about the leadership of the party. His pointed remarks concerning the prospective resignation of the present leader and the description of the kind of leader which the party did not want, as contrasted with the characteristics which he deemed essential to successful leadership, left little room for doubt regarding his expectation that there will be a change of leaders. As Mr. Potts is chief whip of his party in the legislature, and as he appeared last evening in the role of the local leader, this speech may be accepted as, at least, a semi-official declaration of the intentions of those members of the party who are on the outer fringe of the inner circle. With scarcely one hundred present to represent the party strength throughout the entire city, the gathering hardly could be called representative numerically, and with respect to those who did attend it may at least be said that they did not include many of the more solid and substantial citizens who formerly were the bulwarks of the party.

The ladies of St. John did not respond to the urgent invitation to attend, although Dr. J. Roy Campbell, M.P.P., said that special efforts had been made to secure their co-operation. Several came to the doors of the hall, looked over the assembled gathering and departed. Only two had the courage to identify themselves with the opposition party.

It was 9 o'clock when sufficient electors had gathered to make those in charge feel justified in proceeding with business. After a request from Mr. Potts that the men should establish a precedent in ward meetings by refraining from smoking, in deference to the two ladies present, Dr. Campbell welcomed the representatives, and expressed his pleasure in seeing so many present.

He conveyed to the gathering the regrets of L. P. D. Tilley, M.P.P., who, he said, was unable to be present. Mr. Potts then announced the purpose of the meeting and asked the various ward chairmen to gather for a private conference before proceeding with business.

When this whispered consultation had been completed the electors present assembled in groups, by wards, and elected delegates to the convention and substitutes, as follows: Sydney—Delegates, W. Alward, Robert Atcheson; substitutes, H. C. Martin, J. McCarthy. Dukes ward—Delegates, C. B. Ward, Isaac Mercer; substitutes, Allan Wetmore, H. B. Coleman. Queens—Delegates, James Sproul, P. A. Dykeman; substitutes, William Pearson, S. W. Palmer. King—Delegates, M. E. Agar, Thomas Dean; substitutes, T. C. Simpson, J. A. Anderson.

Wellington—Delegates, J. A. Winchester, J. Christie; substitutes, S. M. Olive, J. Starr Tat. Prince—Delegates, Christopher Spang, Walter S. Knowles; substitutes, James G. Lowe, Frederick Nobles. Victoria—Delegates, J. Harold Wilson, R. R. Patell; substitutes, W. S. Clawson, Allan E. Agar. Dufferin—Delegates, W. E. Demings, G. A. Stubbs; substitutes, Frederick Daley, T. A. Graham.

Landow—Delegates, G. Earl Loren, William L. Brown; substitutes, George Appt, Charles A. Cunningham. Lorne—Chairman elected, Walter Logan; Delegates, A. T. Case, I. W. Hutchinson; substitutes, Gilbert McMullin, H. S. Estabrook.

Guy—Delegates, James Brittain, Charles Hamm; substitutes, Willis Waring, Albert Dykeman. Brooks—John Amos, elected chairman. Delegates, George Cobham, Chas. Hughes; substitutes, Charles Amos, Frank Cobham.

Following the election of delegates, Dr. Campbell again spoke briefly, thanking those present for their attendance. He referred respectfully to the result of the general elections in Ontario, but said that, since governments are falling, it might be the turn of the present New Brunswick government to fall at the next election.

Mr. Potts then took the floor and instructed the delegates who had been chosen in their duties and responsibilities. Speaking of the question of leadership which would be dealt with at the coming convention, he said that H. S. Murray was their leader at present and was entitled to the respect and support due to the occupant of that office until his resignation was placed before the convention.

"It is our duty," he said, "to seek as leader a good, honest straight man who can lead us to victory. We do not want a leader who whispers things in lodge meetings that he will not say outside. We want one who is not afraid to say what he means."

"I am not afraid to say here," he continued, "what I have said before, that we should have one language in New Brunswick, and that language English. I am not going to let Quebec dictate to me how things should be run in New Brunswick; if that goes on we would have to get out. If you are going to sleep, why go on sleeping; but we want progressive men in the next government, we will lose the opportunity of our lives."

"When we come to pick out our next leader, we want a man who can tell us where our revenue is coming from, and what he is going to do with it. We have had too many of these Sunday school leaders, with all respect to the Sunday schools, all, or most of them, men who went quietly along until they placed us where we are today."

The gathering dispersed without formality. There were no cheers and the national anthem did not figure in the proceedings. It was a quiet and rather subdued atmosphere that marked the meeting. The blow to the Conservative hopes in Ontario had had its effect and the chilling news from nearer home, regarding the results of the municipal election, did not make for cheerfulness and optimism. There was a certain amount of routine party work to be done and it was done by the old standbys who value their party affiliation above all else—who came at the call of their leaders and who seemed glad to get away as soon as they could.

Defence alleges Case of Blackmail. One Criminal Case Before the County Court at Hampton and True Bill is Found on One Count. Hampton, N. B., Oct. 21—At the adjourned session of the Kings county court opened here today. His Honor Judge W. B. Jonah presiding. One criminal case is on the docket, the King against Guilford Humphreys of Renfrew, who is charged with having relations with a girl under the age of fourteen years. There are three counts in the indictment preferred by the crown, the lesser of the three charging indecent assault. The defence has intimated that they will show that an attempt to blackmail is back of the charge. The case for the crown is being conducted by Geo. H. Adair, clerk of the court, Ralph St. John Freeze and K. A. Wilson for the defence.

Owing to the very late arrival of the maritime express by which the judge and some of the court officials were coming, court was not opened until about 11:30 standard time, or an hour and a half late. And as some of the jurors had come in by early trains which are still running by daylight time and others had driven in from a considerable distance in order to be ready to answer to their names at 10 o'clock, there were noticeable signs of impatience. With one exception the grand jurors who had been warned, were present, and the following eleven answered to the names, W. Kings Arthur Ask, W. E. S. Wetmore, Norman Sprague, J. D. McKenna, Wm. Bradley, Harry Morton, David Wiley, Edward Hartt, T. Haver and Charles Dunfield. His honor consulted the grand jurors regarding the hour of adjournment for dinner and by a show of hands a large majority favored an early adjournment in order to satisfy their appetites. The jurymen retired and elected Harry Morton, of Sussex, as foreman, after which they were duly sworn. Court then adjourned for dinner. Afternoon Session. His honor in charging the grand jury took occasion to refer to the changed methods of selecting jurors under the bill on the last count only and no bill on the other counts but as they had not

Your Country's "Promise to Pay"

WHEN you buy Victory Bonds you hold Canada's solemn promise to repay you their full face value in money at the time stipulated in the bond with interest every six months.

THEREFORE, in point of security, Canada's Victory Bonds are in the first rank of the world's investments because—

—the principal and interest are as certain of payment as anything can be—backed by the whole assets of Canada—the pledge of honour of Her people—and all the assets of all the people of Canada.

—Victory Bonds are also the most "liquid" form of investment. Without trouble or delay they can be converted into cash at any time.

—Victory Bonds pay a good rate of interest—more than any other investment having equal security—nearly twice the interest paid by Savings Banks.

FOR the investment of estate funds, trust funds, sinking funds and all other money which by law or other necessity must be placed only in unquestioned securities, Canada's Victory Bonds are the premier investment.

EXECUTORS, trustees, municipalities, public service corporations, officers of lodges and

fraternal societies, and all others with trust funds to invest, can further their own and their country's interest by investing their funds in Victory Bonds.

AND because of the good rate of interest which Victory Bonds pay, together with the supreme security behind them, there is every reason to believe that Canada's Victory Bonds, 1919, will increase in value in the open market, as have Victory Bonds of all previous issues.

BUT Victory Bonds, 1919, are much more than a sound money investment. They are vital to the continued prosperity of the country. The proceeds of the Victory Loan, 1919, will furnish the means of retaining our great export business, by bringing to Canada foreign orders for agricultural and industrial products, which mean the continued prosperity of every citizen. The Victory Loan, 1919, will also enable Canada to carry out her necessary plans of demobilization—fulfill her pledges to her fighting forces—and to readjust the country from War to Peace conditions.

IN HIS PERSONAL INTEREST— —to obtain an investment of unrivalled security —to secure an investment yielding a high interest return

AGAIN IN HIS OWN INTEREST AND THAT OF CANADA— —to ensure the continued prosperity of the nation —to enable Canada to discharge her duty to her soldiers —in order to finance Canada's period of readjustment from War to Peace

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the fingertips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy and soft, and look and feel a hundred times better.

Court then adjourned for dinner. Afternoon Session. His honor in charging the grand jury took occasion to refer to the changed methods of selecting jurors under the bill on the last count only and no bill on the other counts but as they had not

heard all of the witnesses for the crown Mr. Adair asked that they be sent back to hear the others which he considered important and this was done. After hearing the other witnesses, however, they reported the same finding as before and this was unanimous. They were then thanked by the judge and excused from further attendance. No time was wasted in the selection of the petit jury. There were only two or three challenges and the following

MOVES AMENDMENT TO DELAY ACTION ON GRAND TRUNK

Pointed Out That Time is Too Short to Give Proper Consideration to Matter and That Liability is Too Heavy to Assume Just After Heavy War Expenditures.

Ottawa, Oct. 21.—Opposition objections to the adoption by parliament at the present session of the Grand Trunk bill was set forth in an amendment moved by D. D. McKenzie, Liberal house leader, at the close of a long speech tonight. It was seconded by Hon. W. S. Fielding. The amendment which declares that it would be both imprudent and inexpedient to put the legislation through the house this session is as follows: "That the bill be not read a second time, but that the house do come to the following resolution: "That the bill proposes an uncertain but very large addition to the debt of the Dominion at a time when existing obligations, arising out of the war and from other causes, are so vast in excess of all previous obligations as to give much cause for anxiety on the part of all who are concerned in the financial position of the Dominion and the maintenance of the public credit. "That a measure of such wide-reaching character and large importance requires a study by the house and the people that cannot possibly be given in the closing days of the session. "That the present session of parliament was called for a special purpose which has already been accomplished. "That on Wednesday, October 8, the honorable minister of trade and commerce, acting as leader of the house, in the absence of the prime minister, stated that the government's expectation was that the session would close within the then current week. "That under such circumstances the introduction by the government of a measure of such great importance as the acquisition of the railway and property of the Grand Trunk Company of Canada is imprudent and inexpedient. "That for these reasons the further consideration of the bill be deferred until a future session of this parliament."

During the course of his speech Mr. McKenzie gave figures which he said made it clear that the total annual amount for which the Grand Trunk is liable and which Canada will assume is in excess of \$47,000,000 per annum. The net balance on operation last year he put at less than \$10,000,000 and the yearly deficit at upwards of \$88,000,000. For all government roads he placed the annual deficit at over \$86,000,000. Mr. McKenzie maintained that when the government could not afford to give more money to the soldiers it should not be purchasing old railway systems. Rowell Defends Proposal. Replying to the opposition leader, Hon. N. W. Rowell declared that the whole railway situation in Canada had arisen out of the bedeviled condition of privately owned roads. Public ownership, he said, was already an established fact in Canada, but the government has an incomplete system which made it a good business proposition to acquire the Grand Trunk. By government ownership the country would escape the bad influences for which railway corporations have been responsible in the past. This would be a good thing for the country even if money was lost in connection with the operation of the roads. In closing Mr. Rowell said that delay would give opponents of the government's proposition time to organize their opposition. There would, he said, be no advantage to delay. After Mr. Dennis had spoken in opposition to the bill and Francis McCree of Sherbrooke, had criticized government ownership, R. L. Richardson moved the adjournment of the debate. The division on Mr. McKenzie's amendment will take place tomorrow night or Thursday, after which it is said the opposition may move another amendment.

SALVATION ARMY VISITORS ATTEND WELCOME SERVICE

Dominion Officers Spend a Pleasant Day in City, Leaving for Halifax in Evening.

The Salvation Army visitors in the city yesterday were most cordially welcomed. Among the party which included the head officials of the Army for Eastern Canada and Newfoundland, were Commissioner W. J. Richards of Toronto, Col. John McMillan, chief secretary, and Col. Chandler, newly appointed social and military secretary. They arrived on the Montreal train and left again in the evening accompanied by about twenty St. John officers, delegates to the annual congress of the maritime provinces, which the party will attend in Halifax. In the evening the distinguished visitors were present at an impressive and largely attended service in the Charlotte street citadel.

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting tired of hearing and fear catarrhal deafness, go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.

A splendid programme of music and recitations was given and stirring addresses were delivered by the pastor, Rev. George Morris, and others of the city clergy. The ladies' aid provided refreshments which met with the hearty approbation of the large gathering. Some spirited and amusing games occupied the remainder of the evening after the refreshments had been served. Many of the items on the programme were greeted with such hearty applause that encores were insisted upon. The items on the programme were given as follows: Piano duet Mrs. Arthur Robertson and Mrs. Raymond; address, Rev. George Morris; pastor; reading, Miss Ethel McGinley; address, Rev. Closing Session of United Baptist Convention Held Last Night at Woodstock

A STRONG SOCIAL SERVICE REPORT

Contains Opposition to Separate Schools and Deals With Other Important Problems and Urges Ministry to be Conversant With Labor Matters - Premier to be Memorialized Regarding Registration of Women.

Woodstock, N. B., Oct. 21.—The afternoon session of the United Baptist Convention showed still further thinning of the ranks. The matter of teaching scripture in public schools was again considered. Dr. E. D. King spoke of the value of the Bible in education and moved that the whole matter be referred to the New Brunswick Association for consideration and action. He held that this body representing three provinces had no jurisdiction in the matter. Rev. Z. L. Fash reported for the committee on the matter of entertaining the convention in the University Buildings at Wolfville. The committee reported the willingness of the board of governors to make suitable arrangements provided the convention meet while the schools are not in session. Tentative propositions look toward this matter, which however, were tabled to be considered next year. Rev. C. R. Freeman reported for the committee on correspondence the reference of correspondence to suitable committees.

showed the greatest advance regarding social matters ever marked by the convention. The report follows: Your committee on Social Service, begs leave to submit the following report: 1.—In view of the large number of mental defects in these provinces, especially among the children, the time has fully arrived when this serious and dangerous state of affairs must be corrected in the interests of our future manhood and womanhood. And we urge this convention to take the matter before the responsible authorities so that proper buildings may be had and the necessary institution treatment needed given such unfortunate.

2.—In view of the increasing neglect on the part of parents towards the welfare of their children, often leading to delinquency and crime, we urge the necessity of a court of domestic relations presided over by trained and competent officials to deal with such offenders thus obviating the necessity of bringing such offenders before the ordinary courts of justice which by reason of their associations tend to degrade rather than reform.

3.—In as much as the moving picture has come to stay we recommend that every effort be made by the religious leaders of our denomination to use their influence to see that pictures of a questionable nature are not allowed to be shown and will further the endeavor to have pictures of an educational and helpful nature exhibited. 4.—Your committee would recommend the great need of providing in the provinces additional accommodations for the care of dependent Protestants, where they may be brought up in the principles of our faith. And would commend the practical co-operation of Baptists of these Maritime Provinces to such movements and organizations as have this for their objective.

5.—In view of the increasing number of separate schools in these provinces, thus subverting the principal and fact of our free school acts, we desire to place ourselves on record as unalterably opposed to separate schools under government control and pledge ourselves to the support of a free school law with compulsory education efficiently and effectively enforced.

6.—Because of the industrial unrest there is so prevalent your committee recommends—(a) that religious leaders familiarize themselves with the conditions causing said industrial unrest; (b) that they also acquaint themselves with all legislative enactments and regulations governing labor bodies, that they may intelligently deal with the principals of issue; (c) that all settlements should be urged on the basis of equity and the principles of the golden rule.

7.—Your committee also recommend that the Dominion government control directly the manufacture and importation of all alcoholic liquors for medicinal, mechanical, industrial and sacramental purposes, and that each of the provinces of Canada be compelled to secure its supplies from that source. 8.—That this convention express its great satisfaction at the splendid victory won by the temperance forces of

Rev. S. S. Poole reported that the Rev. W. C. Machum had been secured as chief organizer for the inter-church government and it was tentatively arranged that Rev. E. S. Mason would be assistant.

Rev. Z. L. Fash reported for the finance committee as follows, the committee heartily commended the work of J. W. Dimock as treasurer of denomination funds. Amount asked from the churches for the year, \$70,000; Nova Scotia, \$88,500; New Brunswick, \$29,000; Prince Edward Island, \$2,000.

Closing Session. The closing session of the convention was held this evening. It might be called the rump session as the majority of the delegates had left for their homes. Vice-president I. A. Corbett presided and Rev. H. G. Millicock conducted devotions. The total registration of attendance was 240. Dr. David Hutchinson reported for the committee on resolutions. The first resolution recorded thanks to Almighty God for a righteous termination of the war. Further resolutions touched the registration in economic and religious life, the entertainment so generously provided. The Protestant orphanage in St. John was heartily commended to the churches. Thanks were offered to the retiring president for his services during two years.

The convention resolved to memorialize Premier Foster regarding the appointment of a special day for the registration of all women voters within the province. This becomes necessary because of the uncertainty of the present condition of this matter. It was also resolved to memorialize the premier regarding the necessity of legislation dealing with sale of essences, extracts and tinctures. Rev. W. R. Robinson, L. W. Simms and W. G. Clarke were appointed a committee to deal with this matter. Rev. W. C. Machum, Sunday school secretary, was empowered to select representatives for the executive of the Maritime Sunday School Association to be organized in Amherst next week.

Proposes Referendum. Rev. W. D. Wilson spoke on his favorite theme, prohibition of the liquor traffic. The election in Ontario has determined whether Canada shall be wet or dry. It has also warned the practical politician that his sun has set. Every step of progress is stained with the blood of martyrs. Within the next few months New Brunswick will probably be called to determine whether the province shall be wet or dry. Leading citizens say the best things that ever came to this country is the prohibitory law. We have before us the most strenuous fight ever fought in this province. Religious leaders in India have created serious missionary problems. The missionaries have stood solid for British institutions. The report says the Indian army to man and the Indian police, despite attempts to promote insubordination and indiscipline, remained without a single unpleasant incident. The report reviews all the fields and departments of the work in India and in Bolivia. The report shows sixty-seven missionaries in India, 776 native workers, seventy-five churches, 1200 baptisms, present membership 11,522; 323 day schools, ten boarding schools. In Bolivia, three in our cause. We must not get panicky. The man who goes where he ought to go is sure to meet trouble but there he must go.

Rev. F. W. Patterson, D.D. of Winnipeg, spoke of the work in western Canada. Dr. Patterson said that Mr. Wilson needs the support of Christian people from today on as he never did before. Every force of hell will be called on in the interests of the liquor traffic. Woodstock, Oct. 21.—The first matter before the United Baptist convention last evening was the report of the board of ministers' annuity. The receipts on current account were \$7,105.20, of which \$5,025.53 was paid to annuitants. The capital now amounts to \$69,842.22. Garfield White presented the proposed new scheme for ministers. J. Edgar Smallman, of Dartmouth, presented the case of the Dartmouth church which had their house of worship and parsonage destroyed in the Halifax explosion. It is proposed to erect a building suitable to the needs of the future. A modern church must be provided. Help is needed to provide this church. Rev. F. E. Bishop moved, seconded by Rev. D. Price, that the convention approve the appeal of the Dartmouth church for aid and that the delegates present undertake to create a sympathetic attitude toward the appeal. The resolution was adopted. Following this came the platform educational meeting where Rev. H. T. Dewolf, D.D., was the first speaker. He spoke on the definition of education. Among the Greeks a man was liberally educated who was fitted to perform all the duties of the state. Any education which was not fit one to perform the functions of a free man in a free state cannot be called a liberally educated man. This implies knowledge of economic and social conditions. Rev. H. R. Boyer spoke briefly in the interest of the Canadian Bible Society and thanked the pastors for the assistance given him while secretary for the Bible Society. Resuming business the discussion of the five year programme committee was resumed when the allocation of the proposed financial objective was first discussed; Ministers' annuity, \$100,000; home missions, \$50,000; foreign missions, \$50,000; Grand Ligue western missions and Sunday school board, \$50,000. The expenses of the campaign are to be a first charge on the fund raised. Rev. E. E. Stillwell presented the eighth annual report of the Canadian Baptist Foreign Mission Board. This report referred to the resignation of Rev. J. G. Brown, D.D., as secretary, and the appointment of Rev. H. E. Stillwell as his successor. H. D. Warren has become treasurer. The board proposes a memorial to the late Rev. J. E. Davis who died in the lazaretto at Tracadie. Special reference was made to Rev. and Mrs. W. Higgins who have thirty years of missionary service to their credit, and who are now at Colorado Springs, U. S. A., in ill health. The report proposed the creation of a national executive for all the Baptist churches of Canada. The disturbed conditions in India have created serious missionary problems. The missionaries have stood solid for British institutions. The report says the Indian army to man and the Indian police, despite attempts to promote insubordination and indiscipline, remained without a single unpleasant incident. The report reviews all the fields and departments of the work in India and in Bolivia. The report shows sixty-seven missionaries in India, 776 native workers, seventy-five churches, 1200 baptisms, present membership 11,522; 323 day schools, ten boarding schools. In Bolivia, three in our cause. We must not get panicky. The man who goes where he ought to go is sure to meet trouble but there he must go.

of a national Baptist executive was heartily supported by Revs. A. Colborn, D.D., David Hutchinson, D.D., and F. W. Patterson, D.D.

Record Receipts. The report of J. W. Dimock, treasurer of denomination funds, showed a total contribution of \$11,739,989. This came in receipts by the denominational treasurer as above \$7,458,222; receipts by treasurer for American fund, \$28,900; receipts by treasurer for chaplain fund, \$3,697,410; receipts by mission bands \$274,367; total, \$11,739,989. This is the highest point yet reached in the convention's history. This shows an advance of about \$21,000 over last year. Rev. R. J. Colpitts reported for the committee on pastoral supply and registration showing the changes in the list of ordained ministers. During the year ordained C. W. Cook, J. Stanley Millett; from beyond convention Rev. C. W. Coney, Rev. F. Stewart Kinley; from other bodies Rev. H. R. Bell, Losses: Died, Rev. Josiah Webb; removed from convention, Revs. A. F. Brown, R. M. Brown, F. R. Doleman, W. R. Greenwood, George Kincaid, G. A. Lawson, S. W. Stinchouse, F. H. Wentworth and I. W. Williamson.

Dr. E. D. King reported for the social service committee of Nova Scotia indicating that the council had dealt with prohibition, feeble minded, defectives and other matters. Mr. Thompson of Halifax, a traveler who visits all the leading towns and hotels of the maritime provinces and Newfoundland, asserted out of his observation that prohibition does prohibit and that since prohibition came into force that hotels are greatly improved. On motion of Rev. B. H. Thomas, it was ordered that hearty congratulations of this convention be sent the referendum committee of Ontario on the notable victory won in the referendum vote in Ontario on Monday.

Rev. R. J. Colpitts reported as editor of the year book W. C. Cross spoke in the interests of the Maritime Baptist stating that it goes into about 5,500 Baptist homes out of about 22,000 such homes in the maritime provinces. Dr. DeWolfe reported for the board of religious education. The report referred to the appointment of Rev. W. C. Machum as field secretary, and to the work done by him since April 1. Rev. O. N. Chipman is treasurer. The importance of the observance of rally days is stressed. Thirteen teacher training certificates have been granted. The summer schools of methods at Wolfville and Sackville were strongly commended. The report recommended that negotiations be entered into with the American Baptist Publication Society looking to the publishing of a Canadian edition of their periodicals. Receipts of the board \$150,507; expenditures, \$142,699. Rev. W. D. Wilson read a telegram announcing the sweeping victory for prohibition in Ontario yesterday. This was received with thanksgiving to Almighty God.

QUILTING PARTY. The Central Baptist senior mission band met last evening at the residence of Mrs. D. J. McPherson and held the second of its weekly quilting parties of this season. Each year the band piece and makes quilts for sale to support a missionary in India. At the quilting parties much work is accomplished but all members also appreciate the gatherings as pleasant social events. Last evening there was a large attendance and everyone had a very good time.

The Seamen's Institute

THE SAILORS arriving here in our merchant steamers have no home in the city; they lead a hard and rough life and so are glad to have a comfortable home like our Seamen's Institute thrown open to them where they can spend a pleasant evening, but this costs money for upkeep, light, heat, attendance and amusement.

CITY TEAMSTERS PRESSING FOR AN INCREASE

Matter Left to Discretion of Commissioners, Mr. Fisher's Reply

In the absence of the mayor, Commissioner Bullock presided at the regular meeting of the common council which was held yesterday afternoon. All the other commissioners and the common clerk were present. After the reading of the minutes of the last meeting, the report of the committee of the whole was adopted. It recommended that the city take three pages of advertising in the city newspapers at a cost of \$68 per page to assist the local Victory Loan committee in its work; that the salary of Miss Dorothy Nixon, who has been appointed by the chairman of the assessors as a permanent clerk in the assessors' office, be fixed at \$600 per annum; that the amount of the estimate of the cost for renewing the cross wharf between the North and South Rodney wharves be further increased by \$100 and that the final estimate of the city engineer on Richard R. Lee's contract, amounting to \$885, be passed for

payment by the controller when sufficient time has elapsed that no liens may be against the work; that the offer of \$200 from S. C. Tippet for a conveyance in fee simple of Lot No. 1 on the Manawagonish Road as set out in the plans of city lands, be accepted, Mr. Tippet having agreed that the lot will be built on within a reasonable time and that the cost of the proposed house will not be less than \$5,000 and will be located on the lot according to the lines prescribed by the Town Planning Commission. On the recommendation of Com. Bullock the lease now held by Peter Chagnar of a lot on the northern side of Rodney wharf, which expires on Dec. 1, was renewed to him for another term at an advanced rental of \$800 per year under the same conditions as the present lease. A letter from J. H. Beatty, secretary of the Teamsters and Chauffeurs' Union, was read complaining that the members of that union who were employed by the city had not received the recent advance authorized by the common council to city employees. Com. Fisher said that apparently it was not understood by the writer that the resolution passed by the council authorized the commissioners to grant the increase at their discretion and he moved that a copy of the resolution be sent to Mr. Beatty. If they were not then satisfied that they had been treated fairly, Com. Jones said he was in favor of having the matter up with the head of their respective departments before referring it to the council as a whole. A letter was read from the St. John

A Positive Way to Cut Costs

The most progressive manufacturers employ efficiency experts to lessen the cost of production. These experts charge large fees, which are willingly paid because they usually return the expense incurred a hundred-fold.

In Canada there are many manufacturers who could wisely and profitably employ an efficiency expert; many of them are paying for power which they never use and they do not realize that their present equipment is stealing part of their profits.

It is to give expert service on Transmission Belting that we maintain a Service Department, absolutely free to manufacturers, as a means of cutting their cost of production. The services of these experts are available through any of our Service Branches—that your present power waste may be eliminated, that the majority of your transmission troubles may be done away with, that you may learn the benefits to be derived from our

Trades and Labor Council, urging the council to ask for an investigation by Mr. O'Connor into the cost of the necessities of life here. On motion the letter was referred to the mayor. Mrs. Florence M. Frink wrote the council to say that in January and July she had written the council in regard to the matter of encroachments on her property in North Market street and asked for an acknowledgment. This was ordered, the common clerk stating that the matter had already been taken up. On motion of Com. Fisher, Morrison & Newlands were given until July 1, 1920, to complete their contract of supplying granite curbing to the city. Mr. Fisher pointed out that the contractors were supplying this material at the rate of \$1.10 per foot and had encountered some trouble in fulfilling the contract on time. Recently the lowest tender submitted for the same curbing was in the vicinity of \$2 per foot. It was decided to give the contractors the desired extension. In this connection Com. Fisher also stated that Frank Wade, who had the contract for laying the curbing would

be unable to complete his contract within the specified time on account of the delay in delivery of the material and it was decided that his time limit be extended and that he be paid in full for the work done in 1919 and \$100 of the \$250 deposit on the whole contract be returned to him. A bill from the St. John Iron Works for \$284.44, for new tubes placed in the boiler, needed to heat the police court building was ordered paid.

DEWART FEELS HE SHOULD BE ASKED TO FORM CABINET

Raps Lieutenant-Governor For Intimidating He Could Call on Anyone

WILL TOLERATE NO NONSENSE

Sir Adam Beck, is Suggested by Mayor McBride, of Branford, to Lead Administration—Latter to Stay at Post For a Time—Will Not Talk About Leadership.

Toronto, Ont., Oct. 21.—H. Hartley Dewart, K.C., Liberal leader in Ontario, handed out a statement this afternoon in which he rapped the lieutenant-governor, Sir John Herdrie, for having intimated to the evening newspapers here that His Honor "believed that under the circumstances he could call anyone in the House or out of it and ask him to form a government." Mr. Dewart stated that the person to whom the lieutenant-governor should look to form a government is himself, "the successful leader of the Liberal party."

Dewart's Statement. Mr. Dewart's statement follows: "The election returns clearly demonstrate that the people of the province of Ontario will no longer tolerate the Hearst administration. My advisers are that there will be a larger Liberal contingent of members than in the past legislature. And with the U. F. O. numerically in the lead, its quite apparent that the Conservatives will not have as many members as the Liberals, and therefore have no representative to continue the business of the country. "When the House dissolved there were just two parties in the House. The Hearst administration has been overwhelmingly beaten, and the principles that the Liberal party has fought for been vindicated by the election of a controlling group of Liberals, Soldiers, Farmers and Labor representatives. The principals of their policies they hold largely in common. There can be no reason why they should not get together. They have the same object in view—the accomplishment of sound, progressive and democratic government for the province. The problem is one that should not be difficult of solution. "It is rather easy for the lieutenant-

governor, in an inspired interview, to suggest where he will look for a leader, or how he will deal with the situation. His natural course is to call upon the successful leader of the Liberal party to form a government. It will be time enough to discuss the question of an outsider when it appears it will be impossible for the groups to get together in the common cause of establishing popular government. "The people of the province of Ontario are not in the humor to tolerate any further manipulation of the business of government, no matter what source it comes from."

Will Carry On. "I shall certainly carry on until a new Ontario government is formed," said Sir Adam Beck, chairman of the Hydro-Electric Commission, in an interview here today. "What I shall do after that cannot say."

Sir Adam was asked what his attitude would be in the event of his being called upon to form a government and thus succeed to the premiership of the province. He declined to commit himself. Premier Hearst will arrive from the Sea tomorrow morning and a cabinet meeting has been called for the afternoon to consider the extraordinary situation arising. The government as at present constituted has power to continue in office until dismissed by the lieutenant-governor or by the legislature at its next session. The customary procedure, however, when a government meets defeat at the polls, is for it to resign within a very few weeks.

Dry Two to One. Referendum figures published by the Ontario referendum committee tonight show that the province is going "dry" by more than a two to one vote of the people and that Toronto voted "No" on all four questions.

The latest returns from the province show that the fourth question was the stumbling block for many who would otherwise have given a straight majority. "No" mandate to the coming legislature to do away with liquor.

Suggests Beck As Leader. Branford, Oct. 21.—Sir Adam Beck, as the leader of a joint U. F. O. coalition, which would attract sufficient Liberals to give a working majority. Such is the personal suggestion of Mayor MacBride, elected to the legislature yesterday, who was on the I. F. ticket, as a way of settling the apparent deadlock in the Ontario legislature.

Dies at Wedding. Quebec, Oct. 21.—The wife of Hon. Judge Charles Langelier, of Quebec, dropped dead this forenoon in the Basilica, here while signing the parol records at a wedding she was attending.

A First Word To All New Brunswickers

HAVE YOU THOUGHT how greatly the future comfort, happiness and prosperity of every New Brunswick man, woman and child depends on the 1919 Victory Loan? Have you thought how greatly your own business interests, the business interests of those with whom you trade and those who trade with you are dependent on that Loan? You know that our prosperity depends upon our ability to send abroad the products of our farms, our fisheries, our forests, our factories and our mines. You know that war has made it impossible for our European customers to pay in cash. They must have credit or they will buy elsewhere. Under present conditions only the government can provide the credits, and the government can do it only if Canadian people lend the money.

HAVE YOU THOUGHT what our failure to lend means? It means that our farmers lose their markets and the prices of grains, fruits, and other agricultural products drop. It means our fishermen will be cut off from their foreign markets and deprived of the opportunity to sell their catch. It means that our lumbermen would cease to operate, because their export trade was killed. It means our coal mines would curtail output and reduce their pay rolls. It means that skilled and unskilled labor would find it more difficult to get employment. It means that a slackening of effort injurious to the country, every shopkeeper, every trader, every worker.

THIS IS NO EXAGGERATION. It is exactly what would happen and it is the reason why the welfare of every New Brunswick family, every New Brunswick citizen is bound up in the success of this year's loan. Self Interest calls for aid to the utmost limit of our ability in keeping the machinery of prosperity humming. The factory chimneys must be kept smoking. The ocean and lake ports must continue to bustle with activity that the products of Canadian farms and factories may go to foreign lands.

SELF INTEREST should inspire the enthusiasm and hard work which means success.

CONFIDENTLY we look for the support of the New Brunswick people, but thorough organization is the essential of success and thorough organization is possible only through every good citizen taking his full share of the work.

PUBLIC SPIRITED men in every county of the province are now at work perfecting their county organization. Place yourself at their service, help them in their efforts and make New Brunswick's last war effort the greatest of New Brunswick's war successes.
