

Knit-to-fit
Combination Suits
 Ladies delight in these perfect fitting undergarments. They are knitted all in one piece—not cut to fit—and have no clumsy seams to irritate the skin. The special weave at throat and around the waist (as illustrated) shows how the Knit-to-fit Suits prevent that uncomfortable "bunching." Silk hand crochet around neck and down the front, cuffs and ankles.

All sizes—all weights—in all fabrics from silk to cotton. Write for illustrated catalogue if your dealer does not handle Knit-to-fit.

THE WEAPONS OF MYSTERY
 BY JOSEPH HOCKING.
 Author of "All Men are Liars," "Fields of Fair Renown," etc. etc.

(Continued)

My faculties were rapidly returning to me, yet I stood as one in a dream.

"You say, Mr. Justin Blake, that you do not know where Kaffar is, yet you hold in your hand his knife, which is red with blood. Here is his scarf, which has evidently been stained, and on it are spots of blood, while all around are marks indicating a struggle. I say you do know what this means, and you must tell us." I reeled under this terrible shock. What had I done? Could it be that I had murdered this man? Had I? Had I?

"I do not know what it means," I said. "I think I am ill."

"Men usually are when they have done what you have done," he said.

"Why, what have I done?" I said, in a dazed kind of a way.

"Done!" he repeated. "You know best about that, in spite of the part you play. Nevertheless, Kaffar has not gone without a friend behind him, and you will have to show how you came by that—pointing to the knife, which I had dropped into the pocket, and holding up the marks on the scarf, you must explain these marks—pointing to footmarks near the water's edge. The marks which you will have to produce my friend."

A terrible thought flashed into my mind. I had again been acting like a wily Egyptian knew too much for Voltaire, and so I was made a tool whereby he could be free from troublesome obstacles. The idea maddened me. I would produce the story to every one. If I were hanged I cared not. I opened my mouth to tell Tom the whole truth, but I could not utter a word. My tongue refused to articulate, my power of speech left me. My position was too terrible. My eyes wrought nerves yielded at last. I felt my head whirling around, while streams of icy water streamed down my face and legs. Then I fell down at Tom Temple's feet.

For some time after that I remembered nothing distinctly. I have some idea of stumbling along, with Tom on one side of me and Voltaire on the other, but no word was spoken until we came to Temple Hall. Then I heard Tom say:

"He's better now. You go into the drawing-room as if nothing happened, and I'll take him quietly up-stair to bed."

I entered the silent house like one in a dream, and went with Tom to my bedroom, where I undressed like a weary child, and soon sunk into a deep dreamless sleep.

CHAPTER XII—A MIDDNIGHT CONFERENCE.

Some one was knocking at the door.

"Who's there?"

"Tom Temple."

I sprang out of bed and let him in. He looked very grave, very worried. Instantly everything flashed through my mind in relation to our terrible meeting of the night before.

"It's nine o'clock, Justin."

"Yes, Tom. I suppose it must be," I said confusedly, "but I have only just awoke."

"I thought I must come; I want to talk with you."

"Thank you, Tom; I am glad you have come."

"How are you this morning? Is your mind clear?"

"Fairly. Why?"

"I must have some conversation with you about last night. Everything is confusion. I can explain nothing."

"Neither can I."

"He looked at me keenly and sighed. "Were you with Kaffar last night after he had so abominably insulted you and left the house?"

"I do not know."

"Do you know where he is now?"

"No."

"No idea whatever?"

"Not the slightest."

"Justin, my friend, this looks very strange. Everything is terribly suspicious."

"I tried to tell him all I knew; tried to tell him of my mad passion, and the scenes through which I seemed to go; but I could not. My mind refused to think, my tongue refused to speak, when that was the subject."

"I suppose Voltaire has told every one the circumstances of last night?" I said at length.

"No."

"No one?"

Fashion Hint for Times Readers

DRESSY BLOUSE OF LACE AND RIBBON.

This pretty blouse suggests a charming method of using a bit of handsome black lace of which there is not enough to build a whole waist. The lace is sewed in broad panels to black satin ribbon of simple quality, and the sleeves are finished with the top of the blouse and big satin-covered buttons make a smart trimming. Such a waist, made up without any lining, may be worn over a slip of black tulle or—as in the illustration—over a dainty white guimp.

HER CIDER WAS THE REAL THING

Sussex Men Could Get That "Joyful" Feeling on Mrs. Greensted's Cider—Sussex Town Elections.

Sussex, N. B., Jan. 5.—Mrs. George Greensted, of the parish of Springfield, was before the police court the greater part of the day charged with violating the temperance act. She was convicted for keeping for sale intoxicating drinks and was fined \$50 and costs or 90 days in jail. It is said that she will pay the fine.

In the evidence taken it was not only proved that she was keeping for sale but was manufacturing intoxicants. Mr. and Mrs. Greensted were defended by Messrs. Dyer, George Slipp and John F. Ross. Heber Sinnott and Geo. S. Dryden were elected, each polling the same number of votes. Everything passed off quietly.

The new council will hold their first meeting on Monday next.

THE WOMAN AS A WORKER

The Conflict of Sex in England at the Present Time—The Cry of Competition—Mary Mortimer Maxwell Explains Why Women Work.

Actually a woman earn her own living? The question is being seriously asked, seriously disputed in this year of grace 1926 in up-to-date, advancing, progressive England. As well ask, should a woman eat? Should she have a job just on her feet, a gown to wear, a lodging wherein to shield herself from the inclement weather?

Let us start with the premise that she really has need of these things, and has not inherited the wherewithal to provide them, which in the case of many young women in England, is the case. For the life of me I cannot see any other way for her to provide herself with the necessities of life than to work for and earn them. How else, do you dispute concerning woman's sphere?

Now comes your answer—and you are making me a witness of what you English people call a foul crime, but which I call a deed that must be avenged.

"I do not understand you."

"Ah! Miss Forrest, we Easterners are not like you English people. You are cool and considerate; we are warm and impatient. Kaffar was not one that could be loved by you cold people; but I loved him. We were more than brothers, we were as close as my hand to his. I know he dared the anger of your English giant, but I did not think it would come to this."

"Of course what I am saying is egotistical. I will say no more."

"I will not say," replied Voltaire, "I will not wound your tender nature; I will not tell you a tale of villainy; I will not cause a ripple on the even stream of your life. Retire to rest, sweet lady, and think that what I have said is a dream."

"Villainy!" cried she. "Tell me what it is. Yes, there is villainy, I think, who he answered? Tell me the truth!"

"Even Voltaire was cowed by her words. He stood and looked at her for a minute as if in doubt what to do. Then he burst out passionately:

"Yes, I will answer you. I will tell you now what all the world must know to-morrow. I had hoped to spare your feelings, but the tone of your demand makes me speak."

"He has no proof for what he is going to say," I said.

"Proof!" cried Voltaire. "There is sufficient proof for an English court of law, and that law is terribly hard on murderers."

"Murderers!" cried Miss Forrest. "What you mean?"

"This!" cried Voltaire. "You saw Kaffar challenge Mr. Blake in the drawing-room."

"I saw him insult Mr. Blake. I saw that Mr. Blake refrained from crushing him beneath his heel like a reptile. I saw that!" she cried excitedly.

"Just so," said Voltaire. "Then Kaffar went out, and Mr. Blake went after him."

"After him? Where?"

"Mr. Temple and I did not like the look on his face, and we followed him. I traced his footsteps along the high-road for a long while, and then we lost sight of them. We knew not where to go, when Mr. Temple thought he heard voices away in the distance. We went in the direction of the sound, and came to Drearwater Pond."

"Drearwater Pond? That terrible place to which we rode the other day?"

"The same, gentle lady."

"And then?"

"When we came there we found Mr. Blake in a reclining position, with a bloody knife in his hand. I recognized it as belonging to Kaffar. I saw something lying on the ground, and on picking it up, found it to be a scarf which Kaffar had been wearing on his neck. It was twisted and soiled, and on it were spots of blood. Footmarks were to be seen on the edge of the deep pond, indicating a struggle; but Kaffar was nowhere to be seen."

"It cannot be! It cannot be!" said Miss Forrest. "But what then?"

"I asked Mr. Blake questions. I accused him of many things, but he denied nothing."

"Denied nothing?"

"Nothing, Miss Forrest. He tacitly admitted everything. I wish I could tell you otherwise but oh, I am afraid my friend, my old friend, lies murdered at the bottom of Drearwater Pond, and murdered by Mr. Blake."

"It cannot be!" cried Miss Forrest. "Mr. Blake could never, never do so. There is some mistake."

(To be continued.)

Palpitation of the Heart.

One of the first danger signals that announces something wrong with the heart is the irregular beat or violent throb. Often there is only a fluttering sensation, or an "all gone" sinking feeling; or again, there may be a most violent beating, with flushings of the skin and visible pulsations of the arteries. The person may experience a smothering sensation, gasp for breath and feel as though about to die. In such cases the action of Milburn's Heart and Nerve Pills in quieting the heart, restoring its normal beat, and imparting tone to the nerve centres, is, beyond all question, marvellous. They give such prompt relief that no one need suffer.

Mr. Sylvester Smith, Hampton, N.B., writes:—"I was troubled with palpitation of the heart and doctor's medicines, but they only gave me temporary relief. I heard of your Heart and Nerve Pills and bought two boxes and before I had used them I was completely cured and could recommend them to all similarly afflicted."

Price, 50 cents per box, or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

FIRE IN A HOTEL AT NIAGARA FALLS, N. Y.

Seventy Guests Were in the House But All Escaped—Two Servants Injured.

Niagara Falls, N. Y., Jan. 5.—Fire was discovered early today in the Columbus Hotel, a five-story brick structure. The 70 guests all got out safely, but two employees, Lydia Billings, an Indian, aged 16, and Mary Swiasecz, aged 17, were found later lying unconscious in an alley where they had dropped from a rope by which they were endeavoring to descend from the fourth floor. Miss Billings legs were broken and she was injured internally. Mary Swiasecz was badly injured about the ankles and feet.

The fire was discovered by a man who registered yesterday as William Bailey, but did not give his residence. He disappeared after giving an alarm and has not been seen since. The property loss is about \$15,000.

A PRIEST ELOPES WITH YOUNG GIRL

Rev. Fr. Siani, of New York, Ran Away With Julia Testa and Married Her.

Newark, N. J., Jan. 4.—The Rev. Filomena Siani, assistant priest at St. Rocco's Roman Catholic church, this city, and Julia Testa, seventeen years old, disappeared simultaneously last Thursday, and today her father received a letter from the priest saying that they had been married in New York and would not be heard from again.

The Rev. Father Siani had been a curate in the church for two years. He had heard the confessions of the girl with whom he eloped, many times and had called frequently on her home. Rev. James Zucconelli, rector of the church, said today he would take steps to have the eloping priest unfrocked. Bishop O'Connor has been notified.

SHORTER HOURS OR A REDUCED FORCE

Minister of Railways Shortened the Hours on the I. C. R. Rather Than Lay Off Men.

Ottawa, Jan. 5.—In explanation of the reduction in time from ten to eight hours a day, with a corresponding decrease in wages, which has been determined upon in the case of mechanical employees of the Intercolonial, Hon. Geo. P. Graham, minister of railways, says the reduction is merely temporary and that probably in a month or so full time and pay will be restored.

"In reducing the hours of employment," explained Mr. Graham, "we are acting in deference to well known union principles. The unions have frequently urged that in periods of scarcity of employment it is preferable to divide the work there is to be done among the entire staff, rather than reduce the staff and continue the usual hours of work, with full pay to those kept on. Were the Intercolonial a company-owned railway, I fear the men would, under similar circumstances, have to submit not only to fewer hours and less pay, but to a reduction of staff as well. However, the new order is but temporary and in a month or so full time and pay will be restored."

LIFE SENTENCE FOR A RUFFIAN

Heavy Handed Ontario Justice Imposes This Dose on Man Who Robbed and Beat Women — A Chinaman Hanged.

Toronto, Jan. 5.—Alex. Rose, who escaped from Toronto jail some time ago with five other prisoners, was arrested in West Virginia, brought back here and this afternoon sentenced to life imprisonment at Kingston penitentiary. Rose was convicted of beating and robbing women. He was brutal in his methods and one shop girl he assaulted had her nose broken.

The Grand Trunk Pacific may now collect a subsidy of \$240,000 cash and 3,000 acres per mile of road west from Fort Williams, Ont. William Wright, vice-president; Edgerton Tait and Engineer Wood appeared before the railway board this morning and convinced them that all the terms of the act of 1904, when a subsidy was voted by the Ross government, had been fulfilled. A message was also received from F. H. Kester withdrawing the objections of Port Arthur and the board issued certificates to the auditor to pay the money. Another stretch of about 80 miles remains to be built under similar terms.

OFFICERS INSTALLED BY BRANCH 134, C.M.B.A.

At the weekly meeting of Branch 134, C.M.B.A., on Tuesday evening the following officers were installed by Grand Deputy Thomas Kieckhafer for the year 1926:

President—Joseph Harrington.
 First vice-president—Chas. P. O'Neill.
 Second vice-president—Wm. J. Magee.
 Recording secretary—Arthur S. Goscoe.
 Assistant recording secretary—Dan B. Griffith.
 Financial secretary—Richard J. Walsh.
 Treasurer—Louis McDonald.
 Marshal—James E. O'Brien.
 Guard—Henry T. Bridge.
 Board of trustees—Thomas Gorman, Thomas Kieckhafer, John T. Kelly, Wm. J. Goscoe, Thomas Caples.

Excellent speeches were made by the officers. After the installation the members were given a surprise, when the president informed them that the newly elected officers had planned to have a musical programme and smoker, the members to be the guests of the officers, as also were members present from Branch 133, Carleton, and Branch 134, Fairville. The following programme was carried out in pleasing manner: Piano solo, Arthur S. Goscoe; vocal solo, Dr. Thos. H. Lunnery; piano solo, Ed. McCourt; vocal solo, Joseph Stanton; vocal solo, John T. Kelly. Songs were passed around and speeches were made by Hon. R. J. Ritchie, Timothy Donovan, W. Armstrong, J. Butler and L. Armstrong.

The meeting then adjourned with the singing of Auld Lang Syne and it was the feeling of all present that a very enjoyable time had been spent and that the year of 1926 would be a banner one for the C. M. B. A.

On May 31 the branch will celebrate its nineteenth anniversary.

THE MIGHTY POWER OF MI-ONA

MI-ONA, that extraordinary and perfect stomach tonic will relieve dyspepsia in twenty-four hours. It will cure and is guaranteed by Chas. Wasson to the readers of The Evening Times. MI-ONA was the most plentiful cases of dyspepsia, if taken according to directions.

MI-ONA tablets not only cure dyspepsia, but all stomach disturbances, such as vomiting, pregnancy, sea or car sickness, and the stomach sickness after excessive indulgence.

MI-ONA cures by strengthening and invigorating the flabby stomach walls and by a course of MI-ONA treatment, constipation, if there is any, will entirely disappear.

Mrs. S. Keast, of Clarkburg, Ont., says: "A bad stomach trouble that had bothered me for years, baffled and puzzled skilled physicians, was nicely relieved by my using MI-ONA. My trouble was on account of food not digesting but fermenting in my stomach, forming a gas that gave me untold suffering and pain and also made me weak, nervous, irritable and unable to rest. Since using MI-ONA I can go to bed at night and sleep and wake up in the morning refreshed. I cannot speak too highly of MI-ONA."

MI-ONA is a most economical treatment. A large box of tablets only costs 50 cents at Chas. Wasson's, 100 King Street, and the dyspeptic, nervous or otherwise, who does not give them a trial is losing an opportunity to regain health."

HARBOR REVENUES SHOW A PRONOUNCED INCREASE

Ald. McGoldrick Presents Two Statements to the Board of Works—Board Shows Credit Balance of \$80 on Street Work and More Than \$2,000 Available for Sidewalks.

At the monthly meeting of the board of public works held last evening the chairman, Ald. McGoldrick, submitted a statement of the expenditures for street work, etc., for the year ended Dec. 31, 1919, showing a balance of about \$80 to the credit of the department on street work account and more than \$2,000 still available for asphalt sidewalks.

The question of providing work for the unemployed was discussed and it was decided to defer taking action until the report from the Salvation Army had been heard before the treasury board on Thursday evening next. The matter of the fire in the provincial hospital was discussed and Alderman Frink was sent to the scene as a special messenger on behalf of the city to take whatever steps he deemed necessary to help the relief work.

The chairman appointed himself, Ald. Lewis, Willett and Sprout to act with the recorder, Mr. C. L. L. Peters. It was agreed the committee should report to the council next Monday, if possible.

The director was authorized to procure two lamps for the boiler house of the new hospital at a cost of \$2. It was decided not to pay the watchman of one of the warehouses for the night being occupied by the fire.

The statement of expenditures for street work, etc., up to Dec. 31, 1919, was submitted as follows: Streets general—\$1,841.61; Sidewalks—\$1,941.20; Street cleaning—\$2,252.37; Sewerage work—\$1,425.68; Street plant—\$1,140.03; Street lighting—\$4,445.78; Pavement—\$1,780.48; Salaries—\$1,310.21; Fuel and oil—\$1,215.97; Repairs and maintenance—\$1,411.49; Street plant—\$1,140.03; Street lighting—\$4,445.78; Pavement—\$1,780.48; Salaries—\$1,310.21; Fuel and oil—\$1,215.97; Repairs and maintenance—\$1,411.49.

The chairman said he thought it was very satisfactory to be able to show that the department had kept \$80 within its estimates. Ald. Frink remarked that it was the first occasion since the union that the works expenditures had been kept within the appropriation.

A BOY'S STRUGGLE FOR LIFE TWICE DELIVERED FROM DEATH

Mr. S. J. New of 154 Baldwin St., Toronto, says: "I can trace my son Harold's trouble to when he had the measles five years ago, from which he never really recovered. Some of the best physicians attended him, but with months of suffering he in turn contracted whooping cough, bronchitis, and then pneumonia."

"MY POOR BOY WAS REDUCED TO A SHADOW." "Month after month went by that we shall not soon forget; months of sleepless nights, fearful coughs, weakening night sweats, left my boy a mere shadow. He had no appetite, and my heart ached to see how he was wasting away. He spent one whole summer in the Lakeside Home for sick children, and came home greatly improved, but the cold winds of October took him off his feet again. The doctor advised me to send him to Muskoka, but heavy doctor's bills had depleted my financial resources and such a step seemed out of the question. Scores of friends advised the use of PSYCHINE, but I was inclined to place PSYCHINE on a par with many advertised remedies and cheap nostrums. However, my friends proved such strong advocates of it that I at last consented to try it."

"HUMAN LIPS CANNOT DESCRIBE THE CHANGE." "We tried PSYCHINE and human lips cannot describe the change that took place. No words can express the thankfulness of his mother and myself when we saw the crisis was over and realized that our boy was fighting his way back to life and health. PSYCHINE had failed to check Day by day Harold grew stronger and all through although continually out of doors he failed to take cold, and he put on flesh very quickly. By the spring my son was completely cured, and developed into a strong, sturdy lad."

HAROLD AGAIN FALLS A VICTIM TO DISEASE. "About last Christmas he was again attacked, this time with diphtheria; and had this dread disease very badly. After spending some time in the isolation hospital he returned home cured of his illness, but oh! in such a pitiable state of emaciation. The latest struggle with the grim monster death had reduced him to a skeleton almost, and the boy could scarcely stand, he was so weak."

PSYCHINE AGAIN GIVES GOOD SERVICE. "Again we began to give him PSYCHINE and before one bottle had been used he showed a marked improvement. We continued the treatment, and in a very short time Harold was as strong as ever and able to go to school. We haven't any need for a doctor in our home since we started using PSYCHINE. It is certainly a wonderful remedy. Can you wonder that I am never tired of proclaiming its merits? I think not in such a marked degree, I may say that my other children have been greatly benefited by this medicine. It saved my boy Harold's life without doubt, and no suffers should despair until they have given PSYCHINE a trial."

PSYCHINE is the greatest strength restorer and system builder known to medical science. PSYCHINE regulates and tones up all the vital organs. It cures stomach troubles, aids digestion, destroys disease germs in the system. The greatest of tonics, it makes the blood pure, rich and healthy, giving renewed vigor and energy to those who are weak and tired and run down. BEWARE OF THE BACKACHE NOW

More people succumb each year to some form of kidney trouble than any other disease. The slightest form of kidney disease, often develops into Bright's disease, diabetes or dropsy, and if either of these diseases are suspected the sufferer should at once seek the best medical attention possible. Consult only a good, first class physician.

There are many of the lesser symptoms of kidney trouble which are often overlooked. Such as backache, pain in the region of the kidneys, weak bladder, dropsy, frequent urination, etc. If you have any of these symptoms, you should at once seek the best medical attention possible. Consult only a good, first class physician.

Backache is nature's signal notifying the sufferer that the kidneys are not acting properly. "Take care of your kidneys," is now the physician's advice to his patients.

BOYS SENTENCED TO GO TO CHURCH

For excessive profanity over a victory at football a company of boys at Monroville, Pa., has been sentenced to twenty-five Sundays at church. This punishment is unusual. In the present state of church affairs it cannot be judged cruel. The boys might have lived and suffered in one sermon arranged under sixty-eight heads and four of them hardly less generous proportions. Such a sermon as these boys were to hear would have been a long and tedious affair.

A THEATRE BURNED

Springfield, Mo., Jan. 6.—The Baldwin Theatre, which was empty, was destroyed at an early hour today by a fire which broke out in a room used for storage of a number of smaller structures. H. L. SPENCER'S POEMS

The announcement that a volume of poems by H. L. Spencer, the veteran poet and journalist, will, in a few weeks, be issued from the press of John A. Bowes, will be received with pleasure by a great number of readers in the provinces.

MUST HAVE THE MEN

In the last analysis, good civic government depends more upon men than upon methods. The most perfect system may fail in results because of faulty administration.

WEDDINGS

Arnold-Hallett

Of the wedding of James W. Arnold, of St. John, and Miss Ethel L. Hallett, of Somerville (Mass.), the Somerville Journal says:

One of the social events of the week on Clarendon hill was the wedding of Miss Ethel Leona Hallett, daughter of Mrs. Mary Ellen Hallett, who was made her home at 10 Farragut avenue for the past six years, and Jarvis Wilson Arnold, son of Mrs. Caroline Arnold, a prominent resident of St. John (N. B.). The bride has lived in this city since early childhood. She is a graduate of the Pope school, and a member of St. Thomas' Episcopal church, Union square, where she was the soprano soloist at one time. The groom, who is the maritime representative of John Taylor & Co. of Toronto, is well known and popular in his home city, St. John.

The ceremony was performed at 8 o'clock in St. James' Episcopal church, Broadway, by the rector, Rev. Charles L. Slight. A bank of white roses at the altar was added to the Christmas decorations. The bride was handsome in a gown of white messaline, over white tulle, trimmed with baby Irish lace; her veil was caught up with orange blue by Mrs. Tom Robertson, formerly of this city. She carried a shower bouquet of lilies of the valley.

She was escorted to the altar, where she was given away by her mother, by Guy P. Duffield, of Hingham, son of Rev. Silas P. Duffield, former rector of St. Thomas' church, this city. As the guest attendant, Organist George Melville rendered "Oh, Promise Me an Hour of Flowers, and Lobster and Mendelssohn wedding marches preceding and following the ceremony.

Miss Maud A. Hallett, sister of the bride, wearing white Brussels net, over blue silk, and carrying a shower bouquet of white roses, was maid of honor, W. Ewing, of Montreal, was best man. Miss Margaret Duffield, of Hingham, and Miss Kathleen Hillyard, of 12 Cameron avenue, dressed alike in white muslin, pink sashes, and carrying suspended by ribbon from the neck, baskets filled with rose petals, which they scattered in front of the bridal party as they passed up the main aisle to the altar, were flower girls. The ushers were James F. Jones, of Wintrop; George Sargent, of this city, a student at Harvard; and Guy P. Duffield, of Hingham.

A largely attended reception followed at the home of the bride's mother, which was decorated with festoons of smilax and mistletoe, cut flowers, and potted plants. Mr. and Mrs. Arnold received under a handsome floral arch. They were assisted by the best man, maid of honor, Mrs. Hallett, the bride's mother, and Miss Helen Arnold, of St. John, sister of the groom, who will visit in this city a fortnight. The latter wore a gown of dove-colored broadcloth, cut empire, trimmed with green and silver embroidery. Mrs. Hallett's gown was light gray tulle silk, cut empire, trimmed with bands of hand embroidery.

The couple were liberally remembered with handsome and costly gifts, which included considerable silver and cut glass. They will enjoy a two weeks' trip through Canada, and will be at home after April 1 in St. John, where many more gifts from relatives and friends of the groom await their arrival.

"A piano was the groom's gift to the bride; the former's employers contributed a mahogany case of silver, and Mrs. S. Pillsbury, of Cameron avenue, this city, presented the wedding dress."

"Don't Neglect a Cough or Cold."

It can have but one result. It leaves the throat or lungs, or both, affected.

Dr. Wood's Norway Pine Syrup is the medicine you need. It is without an equal as a remedy for Coughs, Colds, Bronchitis, Sore Throat, Pain in the Chest, Asthma, Whooping Cough, Quinsy and all affections of the Throat and Lungs.

A single dose of Dr. Wood's Norway Pine Syrup will stop a cough, soothe the throat, and if the cough or cold has become settled on the lungs, the healing properties of the Norway Pine Tree will proclaim its great virtue by promptly eradicating the bad effects, and a persistent use of the remedy cannot fail to bring about a complete cure.

Do not be humbugged into buying so-called Norway Pine Syrup, but be sure and insist on having Dr. Wood's. It is the trade mark, and price 25 cents.

Mrs. A. Ellis, Inisfail, Alta., writes: "Last spring I had Typhoid fever and Bronchitis, which left me with a terrible cough. I tried doctor's medicine but got no relief until my husband got me a bottle of Dr. Wood's Norway Pine Syrup, and before I had finished it my cough was cured. My husband also uses it whenever he has a cough. I would not be without it."

A BANKER'S BELIEF IN THE FUTURE OF CANADA

(Mail and Empire) At the 14th annual banquet of the Chamber of Commerce of the State of New York, Mr. Byron E. Walker, president of the Bank of Commerce, delivered an address upon the industrial future of Canada.

He began by explaining why in the matter of population and industrial development the United States is so far ahead of this country.

After this plain speaking, Mr. Walker went on to show why he and all other Canadians have faith in the future of their country.

Mr. Walker concluded: "Finally, we are a contented people with the high standard of living we have attained, and we are willing to learn the lessons in forestry that our universities are desirous of teaching.

After mentioning our great industries of dairy and stock raising, our wonderful waterways and water powers, our climate and growing manufactures, Mr. Walker concluded: "Finally, we are a contented people with the high standard of living we have attained, and we are willing to learn the lessons in forestry that our universities are desirous of teaching.

FIRE IN ASYLUM DOES IMMENSE DAMAGE; 400 PATIENTS ESCAPE

The Patients Were Marshalled Into Wards at a Distance from the Fire and There Was Absolutely No Panic - The Whole Centre Wing of the Building Was Destroyed, but Main Building Was Not Damaged - The Water Supply Was Very Poor.

Fire raged for hours last night in the centre wing of the Provincial Hospital in Lancaster, thousands of people gathered about the grounds and roads to watch the work of destruction, while within the big main building Dr. Anglin and his staff kept careful watch over the 400 patients in the institution and, alive to the grave dangers because of the affliction of those whose home is in the hospital, early marshalled them to the end wings—the women to one, the men to the other—where they could be seen out of view of the fire.

All about the grounds, from the city, from Carleton and from Fairville. In spite of the heavy rain, thousands remained interested spectators of the work of destruction. The laundry roof and walls were still standing, though the interior was a seething mass of flames. The part of the wing next to the laundry was also on fire and in great masses of burning wood were seen continually falling on to the floors below.

About 7:45 the laundry roof gave way and fell, followed soon afterwards by the walls. The heat was intense and the steam ascended in clouds from the wet surface of people who were standing thirty feet away. Half an hour before the firemen had renewed a determined struggle to stop the progress of the fire towards the main building and the firemen were reared against the windows of the upper wards and soon three streams of water were pouring on the fire.

Meanwhile, however, the engine house next to the laundry—a wooden building with a brick exterior—was on fire. The boiler, engine and dynamo were in the basement of this, while overhead was the amusement hall. It was not long before the roof and walls collapsed. The flooring was quickly consumed and the valuable machinery of the power and lighting plant was destroyed.

A series of crashes indicated that the roof of the main part of the brick wall was giving way. Meantime the flames were eating all before them in the amusement hall at the extreme outer end and it soon became apparent that the engine room underneath with its valuable pumping and electric generators was doomed. The walls, which were of brick with a single thickness of brick, began to crack and large pieces and several lengths of hose which were stretched around the building were moved in the nick of time.

With loud crashes the walls came tumbling down in sections, sending clouds of sparks over the firemen and spectators. Despite the warning given by Carleton had had his heel struck by a falling beam, he was not hurt. The fire was brought under control by the firemen, but the damage done was very serious.

On the north side of the main building, a narrow escape, and at one time it seemed as if the whole institution would be levelled to the ground, the firemen were able to confine the fire to the wing. The fire was extinguished by the firemen, but the damage done was very serious.

The fire broke out at 8 o'clock and even after that it was a hard fight. The laundry was a wooden building near the end of the west wing sheathed with steel within and without. It was of two stories and a basement in which were the house and dryers. On the other floors were the sewing room and the rooms for the attendants.

The Red, White

And other constituents of your blood are powerfully enriched and vitalized by Hood's Sarsaparilla. It increases the red corpuscles and makes strong the white corpuscles, and thus protects and restores the health.

Premier Hazen was early on the scene of the fire. He said afterwards that he consulted with Dr. Anglin, Dr. Travers, Patrick Toke and other members of the staff of the asylum of the patients and all arrangements were made in case of necessity to take them to the annex where they could be taken care of.

The assistance of the police, salvage corps men and others had been offered and accepted and backboards and other vehicles were held in readiness in case of need. Fortunately there was no necessity to remove the patients.

As to the report of a frozen hydrant on the grounds he went on, the engineer of the institution denied it was frozen, but he would give no explanation. Hon. Mr. Hazen expresses his thanks to Chief Kerr, the fire brigades of Fairville, Carleton and the city for the prompt manner in which they responded to the alarm and for the efficient work they performed at the fire and to the police and salvage corps. He also spoke highly of the efficient work of the staff of the institution.

In conclusion Mr. Hazen said that he had the highest praise for the firemen, chief commissioner of public works, asking him to come to St. John at once as the work of repairing the buildings must be proceeded with immediately.

Daniel Campbell, chief engineer at the hospital, when asked for details of the fire, said that the water supply, which was connected with both the old and new mains from Spruce Lake supplied the water to the laundry building and to the pumps. Branches of the same sized pipe led to two hydrants, one in the courtyard and the other in the south wing. Both hydrants had been tested last fall and were in working order. The hydrant near the south wing was frozen last winter and had been repaired last fall by the Union Foundry. He was unable to say whether the hydrant near the courtyard had been tested.

With regard to facilities for fighting fires Mr. Campbell said that a 4-inch main which was connected with both the old and new mains from Spruce Lake supplied the water to the laundry building and to the pumps. Branches of the same sized pipe led to two hydrants, one in the courtyard and the other in the south wing. Both hydrants had been tested last fall and were in working order.

During the night many exaggerated reports concerning the fire were circulated in the city. Among these stories was one which stated that some of the patients had been taken to the annex in coaches. Another was to the effect that a woman who was in the kitchen had been killed by the fire. Others asserted that two of the patients had been burned to death, while still another placed the fatalities as high as twenty. The maximum number reported during the evening at the newspaper offices and great relief was expressed about the ground and what remained of the upper walls soon came toppling to the ground.

ACTOR'S WIFE IS DEAD IN HOSPITAL

Mrs. William Howatt Passed Away Yesterday Morning as the Result of Overdose of Medicine.

Mrs. William Howatt, aged about thirty years, wife of one of the men named in the General Public Hospital yesterday morning from, it is believed, an overdose of medicine. It is stated that Mrs. Howatt last took twenty-three emmenagog pills on Sunday night last at the residence of Mrs. Jere McAuliffe, 31 Orange street, where she was a guest. Coroner Berryman has the case in hand.

As far as could be learned last night, Mrs. Howatt and Mrs. McAuliffe had taken tea at a friend's house on Sunday evening and returned home in the early evening. Mrs. Howatt went to her room upstairs and Mrs. McAuliffe, who was downstairs, was surprised to hear a sound as of a body falling. Going upstairs she found Mrs. Howatt apparently in convulsions. A doctor was called and prescribed but Monday morning found her dead. Her body was taken to the hospital, where she died early yesterday morning.

It was learned that she was in delicate health and in her nervous condition had taken twenty-three of the pills named, which would be a terrific overdose. It is said that Mrs. Howatt was grieved at the necessity of separation from her husband, due to his having to go to Halifax with the company. She was, it is reported, in very nervous condition.

Mr. Howatt arrived here from Halifax last evening. He will likely take the body of his wife to Salem (Mass.) for interment.

Coldwater, Ont., Jan. 5 (Special)—Two brothers, William and Louis Warriner, aged 19 and 22 years respectively, were burned to death in a fire which destroyed their log camp in the township of Matchedash, the charred bodies being found in the ruins. The cause of the fire is unknown. The remains were buried here.

REV. HUGH PEDLEY HEARD LAST NIGHT

Eloquent Montreal Clergyman Addressed Week of Prayer Meeting. Owing to the inclement weather the week of prayer service in Germain street Baptist church last evening was not very largely attended but those who did leave the elements heard an eloquent and interesting address by Rev. Hugh Pedley, of Montreal. All who listened to the talented speaker were delighted at his clear and forceful manner of expounding the gospel.

Rev. James Crisp, president of the Evangelical Alliance, presided and Miss O'Brien officiated as organist. Miss Annie Edwards sang a solo.

The preacher took for his text John 20-29 and his subject was "The Blessings of Believing." After a few introductory words in reference to the disposition of St. Thomas and his skepticism as to the fact of the resurrection, he went on to speak of two moods that were more or less common in his age, which treats faith as a matter of indifference, and those which exclude doubt about faith. While

the negative argument was used, the fact of the resurrection was used. The heart of man has a need of faith and the loss of it leaves the life with a distinct sense of privation. Quotations were given from the writings of such men as Bacon, Clifford and G. J. Romanes.

Then followed the positive argument. Faith is a force favorable to the production of the nobler forms of character. Belief in Christ brings in the three great dynamic motives of fear, hope and love, all of which are mighty in shaping the destiny of the soul. Even when noble characters were found in the case of unbelievers this may have been due to the lingering effect of ancestral faith. The visible cause has vanished. Belief is also a marvelous inspiration towards the highest form of human activity, that which looks to the welfare of humanity. The great leaders, such as Luther, Knox, Cromwell and Wesley, men who have been instrumental in giving an upward direction to human history, were men of faith.

The preacher, in concluding, pointed out the great need there was in Canada for men who had faith, which would make them witnesses for the real realities and stand firm for the nobler ideals of national life.

BURNED TO DEATH BEFORE HUSBAND. Peabody, Mass. Jan 4-Mrs. James Walsh, the mother of seven living children, was burned to death before the eyes of her husband this evening, through the accidental ignition of her dress. Mrs. Walsh had lighted a kerosene lamp with a piece of burning paper, and threw the latter behind her, with the intention of having it burn out in the stove. It was carried to her light cotton dress, however, and before her husband could extinguish the flames with a mat, which he had seized, Mrs. Walsh was enveloped in flames. She was 48 years of age. Her children range from three to twenty-nine.

OFFICERS INSTALLED

At a meeting of St. John Lodge, No. 2, P. & A. M., held last evening, the following officers were installed by Dr. H. S. Bridges, past deputy grand master, assisted by Dr. W. A. McAlpine, as director of ceremonies:

Wm. H. Kennedy, W. M. W. S. Clawson, S. W. Clement & Rutherford, J. W. Arthur W. Sharp, Treas. Theo. H. Bridges, Sec. Alex. L. Haining, S. D. Harry H. Bissett, J. D. Thomas E. Powers, F. S. Rupert W. Wigmore, J. S. Roy E. Crawford, D. of C. James A. Fitzgerald, I. G. Allen P. Crawford, Organist. Robert Clarke, Tyler.

The installation was followed by a banquet with speeches and songs, and music by the lodge orchestra. It was one of the most enjoyable functions ever held in the Masonic hall.

Speaking of the engagement of the Princess Maria zu Ysenburg and Budingen to Admor Robinson of Baltimore, a leading Austrian paper says "This is the first time that a real German princess goes as bride to the dollar land."

HOCKEY PLAYER IS FINED FOR ASSAULT

"Mike" Murphy's Jolt to Windsor Man Cost Him \$14

Halifax, Jan. 5.—"Mike" Murphy, one of the New Glasgow hockey team, was arrested in Windsor last night for assaulting Frank Brown during the league game at Windsor. The case came up for trial today, when Murphy was fined \$5 and costs, a total of \$14. "Mike" pleaded "not guilty."

Among the witnesses were Forsythe, goalkeeper for Windsor; Frank Brown, the man who was assaulted, and Dr. Morris, who dressed Brown's cut in which he put two stitches. The witnesses for the defendant were the prisoner and Donald McLearn. They both in effect swore that the "jolt to Brown" was unintentional.

Last year at Sydney Justice Russell gave a hockey player three months in the county jail for a similar offence.

DORANDO WINS

Rochester, N. Y., Jan. 5.—Dorando Pietri, the Italian runner, was an easy victor tonight in a ten mile relay race in the Army here, defeating a team composed of three men by about half a mile. Dorando's time was 58:47.5.

She—"Darling, do you love me?" He (blaming her rapturously and repeatedly)—"Do I? I wish you were a two-headed girl. That's all I can say."—London Tit-Bits.

THE NEW HOME MISSION DISTRICT

A meeting of the Baptist home mission committee was held yesterday. The question of laying off a new district, with Moncton as a centre, was left with Rev. David Hutchinson and Rev. Dr. McIntyre. They will visit Moncton and interview those interested. It is said there is some objection to the proposition, as it would necessitate interfering with several existing fields.

A meeting of the laymen's missionary committee, of the same denomination, was held last night. P. M. Hobson, of Gush (Ont.), was present. Arrangements were made for a four or five weeks tour of New Brunswick and parts of Nova Scotia in the interests of the movement, by Mr. Hobson. He will be accompanied by Rev. W. Y. Higgins, J. W. Spindon, of Fredericton, and Rev. C. W. Corey, of Northville. The campaign will open at Wolfville and Apohaqui.

The following officers of Clan MacKenzie, No. 90, O. S. C., were installed last night: H. J. McGowan, chief; James I. Carmichael, chaplain; Wm. Cameron, secretary; Roy H. Cameron, financial secretary; John White, treasurer; E. B. MacDonald, S. H.; Geo. S. Shaw, J. H.; Dr. James Christie, physician; J. D. Gordon, seneschal; Jno. Bloch, warder; J. A. Murdoch, sentinel; N. S. Cruikshank, piper; W. P. Grant, trustee for three years; R. H. B. Tennant, trustee for two years; F. Neil Brodie, trustee for one year.

E. Blake Robertson, of the department of immigration, who is on a tour of inspection, arrived in the city yesterday. He said this was not a favorable time of year for immigrants and but few were arriving. The total number last year was smaller than usual on account of the business depression over the continent. This, however, had not interfered with the influx of settlers from the United States, who were the most desirable class. He expected that the number would largely increase this year. Mr. Robertson left on the Halifax train last evening.

George Welsford, of East Boston, and W. J. Welsford, of Wolfston (Mass.), arrived in the city yesterday to attend the funeral of their mother, Mrs. Amelia M. Welsford, which was held yesterday afternoon from the residence of her son-in-law, E. W. Paul, corner Hazen and Dogfisher streets. The service was conducted by Rev. Samuel Howard and Rev. Dr. Mansfield, and the choir of Bromfield street Methodist church sang. The body was placed in the vault in Fernhill.

GET BUSY, DOCTOR!

In a recent issue of the American Journal of Clinical Medicine, the editor takes occasion to remind physicians of a number of instances, common to the practice of all, when quick, decisive action is necessary. Among other recommendations, it says:

"Get busy when a patient comes to you with a cough. It may be only a cold, but then a cold may be the precursor of pneumonia, or the cough an early symptom of pulmonary tuberculosis." To break up a cold quickly and cure any cough that is curable, there is no more effective remedy than the mixture of two ounces of glycerine with eight ounces of good Whisky and a half-ounce of Virgin Oil of Pine. Take a teaspoonful every four hours. This formula is as inexpensive as it is effective, because the mixture provides a quantity sufficient to last the average family an entire year. Where Whisky is not readily obtainable, five ounces of liniment of Cinchona compound can be used instead with equal effect. It is better to purchase the ingredients separately and prepare the mixture at home. The genuine Virgin Oil of Pine is a combination of the active principles of the Pine and Santalwood, retaining the well-known healing properties of those trees. To insure its freshness and purity, it is put up for dispensing only in half-ounce vials, each vial securely sealed in a round wooden case. Be sure to use the genuine prepared only by Leach Chemical Co., Windsor, Ont.

TEMPERANCE MAKES GAINS IN ONTARIO

Toronto, Jan. 5.—Twenty-two new places carried local option in Ontario yesterday, and ten rejected it. Fifty-one licenses were out of by the vote, and two places that repealed the bylaw will probably restore five licenses.

The bylaw was defeated in nineteen places through not having a three-fifths majority, as required, and sixty-one licenses are retained thereby. Twenty-nine municipalities voted against the repeal of the bylaw, and one vote on repeal is not yet received.

Teneriffe, Canary Islands, Jan. 5.—An earthquake shock lasting twelve seconds was felt here today. It overturned furniture and set bells to ringing in the houses. The people rushed into the streets in a state of alarm, but no damage was done.

OBITUARY

Mrs. Chas. A. Dodge Mrs. Margaret Dickson Dodge, widow of Charles A. Dodge, died yesterday at the advanced age of eighty-six years. She is survived by one son, Frederick T., and four daughters—Mrs. E. H. Robinson and Mrs. George E. Day, of St. John, and Mrs. Fannie Stackhouse and Miss Sarah Dodge, of Boston. The funeral, which will be private, will be held at 2:30 o'clock on Thursday afternoon from the home of her son-in-law, George E. Day, 247 Douglas avenue.

W. S. Hutchinson Digby, N. S., Jan. 5.—(Special)—A telegram received from Halifax this afternoon announcing the death of W. S. Hutchinson has cast a gloom over the entire town. Mr. Hutchinson was taken ill with appendicitis at his home here Friday noon. Monday he was taken to Halifax, accompanied by Dr. L. P. Morse. He was operated on last night, but it proved too late to save him. The deceased, who was about 55 years of age, was survived by a wife, three sons and two daughters. He also leaves three brothers, John, in New Hampshire; Fred, in Montana, and George D., department of public printing, Ottawa; also one sister, Miss Frances, who resides in Digby. Mr. Hutchinson had been in jail here since 1898 and was very popular with all the court officials. He was an enthusiastic yachtsman, being a charter member of the Digby Yacht Club.

OFFICIALS SUSPENDED Halifax, N. S., Jan. 5.—The agent of the marine and fisheries department of Halifax, has instructions to suspend C. T. Schmidt, boiler inspector; Chief Engineer Stuart, of the cruiser Aberdeen, and Assistant Engineer Leath, of the same government steamer, which is now at Halifax. Wm. Sutherland has been appointed chief engineer, and John Beauland, of the dockyard staff has been appointed acting assistant engineer. The Aberdeen was to have left this morning for Beaver Island, but was delayed by the thick weather.

J. W. Cassidy, treasurer of the Seaman's Mission Society, acknowledges with thanks the following contributions: St. David's church collection, \$47.83; Wm. Thomson & Co., W. H. Thorne & Co., each \$20; L. G. Crosby, Schofield Paper Co., Ltd., J. M. Humphrey & Co., Vassie & Co., T. A. Estabrook, Jones & Schofield, J. A. Likely and W. F. Hatheway, M. P. P., each \$10.

The four lads caught on Saturday afternoon burglarizing a cottage on the western Arm, Halifax, were committed for trial on Monday. The prisoners are of low type.

"The physician attending me prescribed, on my rallying from an attack of rheumatism, your Scott's Emulsion, which I have been taking every winter since. I find it most valuable in strengthening and building up one after a severe illness. I have not had rheumatism since the time mentioned above and I owe it to your most valuable Emulsion. It is my life now, and makes me strong and healthy."—R. PICARD, Grand Ligne, Quebec.

Scott's Emulsion is modernized Cod Liver Oil; the purest and best oil partly predigested, made palatable and suitable for the most delicate child or invalid. It enriches the blood, tones up the entire system, and drives out rheumatism. ALL DRUGGISTS Let us send you a copy of Mr. Picard's letter and other literature on the subject. THE GREATEST SALE Of Men's and Boys' Clothing and Furnishings IN TWENTY YEARS

THIS GREAT SALE STARTS SATURDAY with the largest display of goods ever seen in a special sale in these parts. This sale is being held in commemoration of our Twentieth birthday, and which we celebrate with great pride. From a small beginning we have built up the largest clothing business in Eastern Canada. Our methods need no introduction; they are too well known to all. Selling under others, cheerfully refunding money when purchases are not satisfactory, and giving good service and good attention, have brought about our great success. The values during this sale will be so extraordinary that every customer will readily recognize that such a sale would not be possible except on rare occasions—in fact, no such sale has ever been known.

LATE LOCALS

The 62nd band will meet this Wednesday evening in their rooms, Canterbury street, at 8 o'clock. Every member must be present. Business of importance.

St. John Millinery Store, catering to the finest trade, wants a competent trimmer, one who can design and take charge of workroom. Only first-class party considered. State full particulars regarding experience, which will be strictly confidential. Address: Milliner, care Daily Telegraph, St. John.

As no arrests were made yesterday by the police, there was no dock for the magistrate this morning. Between 8 and 9 this morning Sgt. Baxter arrested Timothy Burke on Water street. Burke was liberated from jail on New Year's eve in the forlorn hope that he might execute a resolution to abide by for 1908.

Attention is called to the ad. on page 2 of tonight's Times. This property and good will of the Marr millinery business of Moncton, N. B., can be purchased with or without the stock, to suit the purchaser. The reason for selling this valuable property and business is that Mr. Marr wants to devote all his time and attention to his St. John business.

Coroner Berryman is undecided today relative to the advisability of holding an inquest into the suicide of Mrs. William Howatt, the actor's wife, who died at the home of Jere McAlulife, her husband's employer. The infanticide case of last week has baffled the police and the coroner, who have been unable to secure a clue to the mother of the infant so heartlessly thrown on the streets. A burial permit was issued for burial of the little body, subject to investigation after inquest.

The Men's Baraca Class of Leinster street Baptist church held their yearly banquet in the church vestry last night. President Sullivan occupied the chair and the programme comprised two selections by the male quartet, vocal solos by John Wood and Mr. Bennett, reading by James Riley and a piano solo by Miss Finley. There were toasts to the King, Our Country, Our Class, The Ladies, Our Class Motives, and Our Past Presidents. Hon. Robert Maxwell responded to the toast of Our Country, and Rev. Wellington Camp to Our Class Motives. Votes of thanks were extended to the talent and to the ladies.

AN INTERESTING TALK ON LUMBER INDUSTRY

The monthly meeting of the Natural History Society was held last evening, the president, Senator Ellis, in the chair. The following members were elected: Regular, F. E. Williams, Hon. J. D. Hazen, Dawson, MacIntyre, associates, Mrs. R. E. Coupe, Mrs. A. E. Wilson, Mrs. Charles Lordly, Mrs. F. E. Williams, Mrs. D. McKeenrick, junior, associates, Misses Nellie and Mabel Williams.

The following articles were presented to the museum: A large collection of objects, including carved gourd vessels, Swazi, Zulu and Basuto assegais, from Africa; a collection of several hundred shells and a living tortoise, from Mauritius; botanical specimens collected by the late K. P. Starr, presented by F. P. Starr; minerals from Ireland and polished granite from St. George, by Mrs. Elsie Chase, Youngs; Indian basket work, by Miss Hoyt; 82 Silurian fossils, by A. Gordon Leavitt; five examples of MacIntyre's Indian baskets, by Mrs. H. R. Wilson, of Orange (N. Y.), and a volume to the library by C. J. Newell.

The lecturer of the evening was Prof. R. B. Miller, of the U. N. B., who fills the new chair of forestry in that institution. With the aid of views displayed for instruction of the audience he placed before them in a very practical way the industries of the pine forest, the spruce, Georgia, the tapping of the trees for resin and turpentine, the cutting and manufacture of the lumber called "hard pine" and which is brought here in quantities from the southern states.

Among the latter slides shown by Prof. Miller were a number showing the lumbering industry in New Brunswick, with its scenery of spruce forest white with snow, its lumber camps occupied by hale and sturdy young men and the numerous trails through the forest leading to and from these busy winter scenes.

Among the audience were seekers for additional knowledge on the subject of forestry and their utilization, who asked questions of the professor which his intimate acquaintance with the subject enabled him to answer to their satisfaction.

On motion of Recorder Skinner a cordial vote of thanks was given the lecturer.

A paper by Prof. Ganong on the subject of conserving our forests was read. He suggested what he considered a suitable organization for a commission to control and conserve the various resources connected with the forest, as the lumber, game, fisheries, furs and water powers. This paper was placed in the hands of the publication committee and will probably be published.

FUNERALS

The funeral of Mrs. Amelia M. Wedford was held from the home of E. W. Paul, Hazen street yesterday afternoon. Service was conducted by Rev. Samuel Howard, and Rev. Dr. Flanders, and the body was placed in the receiving vault in Fernhill, and will be interred in the spring.

The choir of Exmouth street Methodist church rendered the hymns "Jesus Lover of My Soul," and "Rock of Ages." Among the chief mourners were the deceased's three sons, William J. and George Wedford of Massachusetts, and Walter G. of this city.

WILL HEAR EXPERT ON TUBERCULOSIS

Canadian Club Arranging for Address on Fight Against White Plague—Other Speakers in View.

The Canadian Club, in conjunction with the Halifax Canadian Club, is negotiating with a Montreal tuberculosis expert with a view to securing him to speak on the white plague, in both cities, under the auspices of the clubs, thereby eliminating the expense which would be entailed in separate trips. The local organization, has had the matter under consideration for two months, and the delay has been due to the delay of their brethren in the sister port in reaching a decision. The clubs have joined with others in the humane crusade to at least decrease the numbers afflicted with the dreaded disease and alleviate the suffering of the victims by proper care. The action of the club in arranging for the services of an authority who will familiarize the people of the city with the most efficient measures for the campaign, is entirely commendable. No date has been appointed for this speaker's appearance.

The secretary, the communicating with F. S. Spence, formerly controller of Toronto, and it is expected that within two weeks he will speak here on the system of civic government in force in Toronto, namely, the board of control.

Prof. Stephen Leacock, of McGill University, will be the orator on Feb. 2. Mr. Leacock's previous address delighted the members who were fortunate enough to be in attendance.

REV. R. P. MCKIM ON CHURCH METHODS

Rector of St. Luke's Delivers a Verbal Address on the Bazaar and Kindred Subjects.

"Worldly Methods in the Church" was the subject of Rev. R. P. McKim, rector of St. Luke's church, in an address in the Victoria street Baptist church last night, in connection with the week of prayer. He advocated spiritual rather than worldly methods of church activity. He referred his hearers to the fourth chapter of St. Matthew as bearing on this subject. The devil was no fool; he does not attempt the impossible. He knows he cannot sweep the church away; the promise is the gates of hell shall not prevail. So that the devil will try to do the next thing, a by-path for the church's energy, a faithless, heretofore, brightness, and uncertain sound in the trumpet. The devil had tempted the Lord in the wilderness to go aside from the path. The tempters will persuade us to leave out the way of the cross and will teach us we can reach glory by another way. The devil will suggest worldly men for the vestry, the board, the committee. The question should be asked, is he a godly man, full of faith and the Holy Ghost? The choice of the worldly man might result in success at first; but utter failure will be the ending.

The devil would suggest worldly money, and suggest an easy way, a short cut. Money was raised by concert and bazaar. Does God want that money; is he not rather grieved. He closed by asking that there be prayer, that the church for which Christ gave himself, see only those methods which honor him.

ALL IS NOT HARMONY

Some of the Members of the Reorganization Committee Not in Sympathy With Its Object.

It is possible that the reorganization committee of the common council may have a meeting on Friday evening, when a vote will be taken on the choice of an engineer for recommendation to the council on Monday next. It is understood that the committee took a vote recently on the name of a local engineer, and while a couple of the members refused to vote, the others were in favor of the man. It is generally admitted that there are some members of the committee who are not in sympathy with the scheme for reorganization, and their presence is a hindrance rather than a help in trying to arrive at an agreement in the matter.

WEDDINGS

McMullin-Johnson

A wedding of special interest in the north end was solemnized in St. Luke's church at 8 o'clock this morning, when Miss Sophia Evelyn Johnson, daughter of the late Captain Alexander Johnson, of Norway, was married to Frederick Robert McMullin, son of Captain John McMullin. Rev. R. P. McKim officiated and only the immediate relatives were present. There were no attendants. The bride was given away by her brother, Lawrence Johnson, wore a handsome director's travelling costume of blue chiffon brocade, and a blue picture hat, and carried a bouquet of bridal roses, lilies of the valley and maiden-hair ferns.

Mr. and Mrs. McMullin left at 7 o'clock for a honeymoon trip to Boston and New York.

They will return via Niagara Falls, Toronto and Montreal. They will be at home after January 20th at 47 Main street.

Among a handsome array of gifts were included a substantial check, a silver service and fine mahogany rocker, the gift of the operators of the N. B. Telephone Exchange. The groom is a member of the firm of Titus & McMullin.

OBITUARY

Miss Margaret Maloney
(Montreal Star.)

At the Royal Victoria Hospital took place yesterday the death of Miss Margaret Maloney, of 50 Guilbault street. She leaves one brother, Mr. M. T. Maloney, of the Allan line winter staff at St. John, N. B., and four sisters to mourn her loss.

Mrs. R. A. Temple

Mrs. Temple has been received in Halifax of the death, in Cleveland, Ohio, on December 28th, of Mrs. Temple, widow of Rev. Dr. R. Alder Temple, an honored minister of the Nova Scotia Methodist conference, whose own death occurred less than a year ago, on January 23rd, 1908. The news will be a sad surprise to the friends of the family in this city. Death was due to an attack of pneumonia, Mrs. Temple passing away after three days' illness. Mrs. Temple is survived by four daughters, all of whom were at her bedside when the end came, by one son, Herbert S., resident in Montreal. The late Herbert Harris, of Vancouver, and the late James H. Harris, of Halifax, were brothers of Mrs. Temple.—Halifax Mail.

PIDGEON'S PRICES... MEAN ECONOMY

If you are buying at higher than PIDGEON'S PRICES, you are paying for something that won't give you more quality. Always remember, that it's quality you are buying—not expensive fixtures. Pidgeon's attractions are High Qualities and Low Prices.
