1500 MEN WENT ON STRIKE AT SPRINGHILL THIS MORNING

Every Workman Out and Officials are Keeping the Machinery Going—No Attempt to Mine Coal—Both Sides in Determined Mood—Railway Not Yet Affected

The miners and mechanics in the employ of the Cumberland Coal and Railway Company at Springhill went on strike at seven o'clock this morning, and the prospects are that there will be a long fight between the men and the employers before work is resumed.

SPRINGHILL, N. S., Aug. 9.—At a meeting of the members of the U. M. W. held here last night by a vote recorded by a show of hands, it was decided to go on strike tomorrow.

The following resolution was then put and unanimously carried: "Whereas, We, the mine workers of Springhill, have various grievances which we have endeavored to have adjusted by and through the machinery of conciliation, and whereas the various boards of conciliation have failed to give us the desired relief, we, the mine workers of Springhill, cease work Tuesday, August 10th, 1909, and remain idle until the Cumberland Railway and Coal Company grant the following demands:

1.—Recognition of the union. 2.—That 1.70 lb be the standard weight of a box of coal, as decided by the Patterson board; that the miners be paid by the ton. 3.—The establishment of the proper government of mutual interests. 4.—The establishment of a fair docking system.

In accordance with this resolution the men walked out this morning at seven o'clock, and as the day advanced not turn up to go to work the mines stand idle. About 1500 men are involved in the strike, including miners and mechanics. The latter are the firemen, engine drivers, foremen, etc.

This leaves the mine without a workman, as all the employees are members of the U. M. W. Efforts are being made today to prevent disaster by keeping the pumps working, and the other necessary machinery going by the aid of the officials and office staff.

No attempt is being made at present to mine coal as there are no miners available. So far there has been no intimidation of the day the railway operated by the company, but it is possible that sympathy with the miners may lead the railway men to take action later.

General Manager Stewart in conversation with the Star today, stated that their position in the matter had been fully stated before the Longley Board of conciliation a fortnight ago when they submitted their case to the decision of the board. As the miners had returned to be governed by the finding of the board there was nothing that the company could do to avoid the trouble. The present situation had not changed their views one iota, and they intend to adhere to the stand they have taken. The company intends to fight to a finish, but Mr. Stewart today refused to state what steps they intended to take.

It is not expected, however, that any attempt will be made to bring in outside workers at present and while the present situation continues no serious trouble with the strikers is anticipated.

The announcement was made today that all men who wish to do so may return to work under the old conditions, and that if they do not do so when the strike is ended and the men return a reduction of ten per cent. in wages will be made.

The fact that the town of Springhill is almost entirely dependent on the mine workers for existence, the strike is a very serious matter to the citizens. The men claim that they are in a position to endure a long period of idleness, and they have been promised the support of the U. M. W. As the company is equally determined the prospects are that the strike will be a long one, and the immediate future looks very gloomy to the people of Springhill.

BIG DECREASE IN ALASKAN FISHERIES

SEATTLE, Wa., Aug. 10.—Detailed reports from Alaska salmon canneries show that in the Bristol Bay district there is a decrease of 116,285 cases this year, as compared with last year. The 1909 pack, however, shows an increase over that of 1907 of 247,000 cases.

WAS NOT ANXIOUS TO MARRY A CHINESE

So Toronto Girl Gains Undesirable Notoriety.

Pathetic Fatality at Guelph—Man Fall Six Stories Down Elevator—Verdict of Accident in Cobalt Affair.

TORONTO, Ont., Aug. 10.—Morris Jackson, an employee of the Stewart Howe and Meek Co., was terribly injured yesterday afternoon by a fall of six storeys down the elevator shaft. Every rib was broken and he had severe internal injuries. He will probably die. Jackson was unmarried.

Tom Lee, a Richmond Hill Chinaman who recently changed a dishonored bill car down to the city and then gave Miss Hattie Delaney in charge of the police, saying she stole \$10 from his bill, failed to put in an appearance yesterday as complainant, and a warrant was issued for his arrest. The police say Tom wants to marry the young lady, and that on Saturday last he made every effort to secure his liberty on bail so as to induce her to go through a ceremony. Miss Delaney would not hear of it so Tom must answer for having her arrested.

Daniel Murphy, a laborer, was yesterday found guilty of an unremittable offence against a small boy and sentenced to five years in the penitentiary. It was his second conviction for offences of the kind.

COBALT, Ont., Aug. 10.—The coroner's jury brought in a verdict of accidental death in the case of Francis Crane who was killed on Saturday by a stone which fell down the shaft of the York-Kerning mine, striking him on the head. Crane whose home was in Ottawa, was unmarried and had been an employee of the mine for some months.

GUELPH, Ont., Aug. 10.—Thos. Webster, a night watchman, employed by the Valve Fitting Company was drowned yesterday afternoon by a falling rowlock who when he stepped with his two companions. It is thought that he must have struck the rowlock as he was in the act of repairing a pathetic feature of the accident is the fact that his wife and child were to leave England on Friday to join him here. He had been in Canada a year.

BRIDGEVILLE, Ont., Aug. 10.—Frank Hogan, a laborer, is in jail here charged with indecent assault on little 5-year old Viola Ledy. He pleaded not guilty and will be tried next week.

TORONTO, Ont., Aug. 10.—Several hotelkeepers who lost their licenses recently have taken out restaurant licenses and on Sunday did a big business supplying the city with beer with two per cent. beer with or without sandwiches. The Lord's Day Alliance is taking action to bring the question as to the legality of this proceeding before the courts.

THOUGHT A BROKEN RIB WAS APPENDICITIS

Baseball Umpire Missed His Guess—Young Pitcher Will be Well Paid for Wrecking.

CINCINNATI, Aug. 10.—Law Moran, a pitcher with the Philadelphia team, has had a new offer by his father. Instead of getting a crisp \$100 bill for every game he wins the youngster will receive \$500 for every game in which he beats the Cubs. The elder Moran lives in Pittsburgh and he is so anxious to see the Pittsburgh club win the pennant that his new offer was made.

MEMPHIS, Tenn., Aug. 10.—After working two weeks thinking he was a victim of appendicitis pain, Southern League Umpire Dan Fitzgerald submitted to medical examination yesterday, resulting in the discovery that several ribs had been broken. A foul tip in a game in Birmingham caused the injury.

FORCED TO USE TWENTY YEAR OLD PIPES

On Account of Rush of Business New Material Cannot be Secured for Gas Line in Ontario.

PITTSBURG, Aug. 10.—Because all the pipe mills of the country are too rushed with orders to accept new business for immediate delivery the Union Petroleum Co. of Buffalo, has purchased eighty miles from the National Supply Co., of Pittsburgh. This pipe was made about 20 years ago and was laid in the Port Wayne field of Indiana about 18 years ago. The pipe, however, is in perfect condition. The pipe will be laid from the Chatham gas field in Ontario to Sarnia, Ont. Only two companies bid on the order.

HARVEST DAYS FOR THE COMPETITORS

This is the Time for Bringing in the Sheaves

During the Present Week Subscriptions are Worth More Than They Will be at Any Later Period in the Contest

These are your harvest days now. Since the announcement of Bargain Days for last week and continuing through this week in the Sun and Star's Popularity Contest, everyone is eagerly watching developments. Not only the candidates themselves are busy comparing notes, seeing who has made a greater or less advance than themselves each twenty-four hours, but you may hear outsiders talking it over. "So-and-so is doing good work. Look what a gain they have made since yesterday. I think my votes had better go to them."

Everyone likes to back the winner, and is best pleased to help those who help themselves. You never should be idle a day now, but should feel that you have not given yourself a fair chance unless each night find you with a material advance over the one before.

Candidates should remember constantly that subscriptions during this week are worth more than at any other time during the contest. Be sure to see all who are interested in your candidacy, and secure subscriptions from them while this offer lasts.

A systematic canvass of your friends every available vote now, you may be defeated. It is an easy matter to secure votes when there is an offer like this made. Don't hold back the subscriptions until the last day of this special offer, but bring them in early this week and avoid the rush. The votes can be cast at any time during the contest.

LOOKS LIKE FAILURE FOR SWEDISH STRIKE

Street Car Employees May Return to Work

Newspapers Getting Out Hand Printed Sheets—Steamers Bringing Their Own Stevedores.

STOCKHOLM, Aug. 10.—Perfect calm prevails throughout the country this morning and there are further evidences that the general strike inaugurated a week ago will result in failure. The answer, the organ of the trades unions, is the only newspaper published this morning in regular form. The regular journals have issued small hand-printed editions. Efforts are being made with some success to improve the local street car service and the street car employees have called a meeting to consider a proposal to return to work. The company has given them until noon of tomorrow to take up their old positions. The merchants of Stockholm have announced their intention of running their delivery wagons, and it is expected that the cab service shortly will be resumed. Foreign steamers are overcoming the dock strike by bringing with them their own stevedores. There has been a big demonstration of 20,000 strikers at Gothenburg. In this city the labor leaders are without a vehicle. Physicians requiring an ambulance to remove a patient to hospital are referred by the police to the labor headquarters.

ZEPPELIN IS IN THE VERY BEST OF HEALTH

BERLIN, Aug. 10.—The rumor emanating from London that Count Zeppelin, the inventor of the dirigible balloon which bears his name, had died, is without foundation. He is not only living but he is entirely recovered from the effects of the minor operation which had been performed for an abscess on his neck. The daring aeronaut had so far recovered that he was out walking yesterday.

Rebekahs Present Regalia to Past Presidents—Reports of Officers Received—Wednesday's Program.

The Grand Encampment of the Maritime Provinces and the Rebekah Assembly met in annual session, the camp in Oddfellows' Hall and the Rebekahs in the Keith assembly rooms, at ten o'clock this forenoon. The Encampment register shows an attendance of seventy-five delegates, while one hundred and thirty are present at the assembly.

W. S. MOOPER, FREDERICTON, Deputy Grand Master.

The Assembly meetings. The camp is presided over by Grand Patriarch Alex. S. Stalker of Moncton, while Mrs. Margaret S. Peters occupies the chair in the Assembly. In both gatherings this morning was devoted chiefly to the reception of new members, organization and the presentation of reports. This afternoon new business will be taken up and officers of the Assembly elected.

The camp convention will conclude this afternoon and members will be free to witness the degree work to be put on this evening in the Seaman's Mission Hall, Prince William street by the team from Jewel Rebekah lodge of Carleton.

The delegates to the Grand Lodge will nearly all be in the city this evening, though some few will not arrive until tomorrow. An unusually large attendance is anticipated, which will be augmented on Thursday by the arrival of a large party from Halifax who will spend the whole day here. An excursion party from Canton Worcester of Worcester, Mass., will arrive here on the Prince Rupert on Wednesday evening and will be met by a delegation from Canton LaTour. The visitors will be entertained to an extent and dinner on the river on Thursday by the local Patriarchs Militant. They leave for home on the Calvin Austin on Saturday evening.

GRAND ENCAMPMENT. On the opening of the Grand Encampment this forenoon the reports of officers, and other committees were received. Twenty new members were given the Grand Encampment degree. Various other reports as printed hereunder, were adopted, and the Encampment proceeded to the election of officers. This resulted as follows: Grand patriarch, F. G. Crockett of Hopewell, N. S.; Grand high priest, J. M. Ross of Ross of Moncton. Grand senior warden, Philip Bridges of Charlottetown. Grand cerber, Melville McKean of Antigonish. Grand treasurer, Charles A. Sampson of Fredericton. Grand representative, A. D. Fraser, Sydney Mines. Grand representative H. L. Hart of Halifax retains office for another year. Grand junior warden, R. H. Marshall, Windsor, N. S.

The officers appointed will be named this afternoon, when installation takes place. Several resolutions were offered, one of them by H. L. Hart of Halifax, touching indirectly on the suggested division of the provinces into two jurisdictions. The meeting will close this afternoon.

The Rebekahs had a very large attendance this morning. Only one hundred and thirty-five delegates being present. On the opening of the session after the report of the credentials committee had been received, fifty-five new members were given the Rebekah degree. The committee on regalia reported, presenting handsome new regalia to five past presidents. Only three of

these were present, Mrs. L. M. Robinson, of St. Stephen, Mrs. Grace Head, of Lunenburg, Mrs. Hattie Bayes, of Halifax. The others will receive the regalia later. The officers' reports were received and adopted as were those of various other committees.

Selection of officers takes place at four o'clock this afternoon. (Continued on Page 4.)

Deposition Taken Last Night by Magistrate Holyoke and J. C. Hartley—No Hope for Recovery—Murderer Still at Large Despite Vigorous Search—Assyrian Held as Witness

The dying deposition of Michael Lagany fixes the crime of attempted murder on a comrade named Sandy Manali. The wounded man is still alive and rallied slightly this morning but no hopes for his recovery are held out, and by the time the assailant is captured it is likely that he will have to face the charge of murder. At a late hour today Manali had not been apprehended, but a well organized search is in progress and every effort will be made to capture him and bring him to justice.

J. C. Hartley was authorized last night to act for the crown in the matter by Attorney General Hazen who is now at Fredericton. He in company with Magistrate A. D. Holyoke who took the deposition, and Chief Kelly proceeded to the hospital to take the statement of the dying man, in accordance with his previously expressed wish.

The wounded man is in a very serious condition and gave the information required with great difficulty. His statement was to the effect that he was a native of Italy but had been living in Boston for some time before coming to Carleton County about two years ago. Since then he has been in the employ of the C. P. R. as interpreter. On Saturday evening he went about a dozen other men were gathered at the house of Wallace de Merchant at Beechwood. The name of the girl Ketch was mentioned and Manali took exception to the remarks of Lagany and drawing a revolver shot at him three times. One bullet entered his abdomen, another his shoulder, and the other his arm.

Sandy Manali is positively charged with the shooting, and Sandy Larossa is mentioned as a companion of the assailant. Lagany describes Manali as of typical Italian appearance and could identify him if he saw him again.

The wounded man is under the care of Dr. Grant and Dr. Rankins, but their utmost efforts are only palliative to keep him alive and they expect that his end may come at almost any time. After the shooting Mr. de Merchant locked the doors to prevent the escape of the occupants of the house. Manali did not attempt the doors but jumped through the window, taking a portion of the frame with him. He has not been seen since. The search for him is being actively carried on by Sheriff Armstrong, Miss McRae and Constable Brown. It is believed that he has made his way across the country to the G. T. P. construction camp, a distance of twenty miles, and will seek safety among the multitude of his fellow countrymen employed there. A close watch is being kept on the railway and the camps are being searched in an effort to locate him.

A young Assyrian named Louis Nicolaia who was in the room at the time of the shooting was arrested last night by Constable Green. There is no evidence to incriminate him, but he is being held as a witness.

'YOUNG GRIFFON' IS BEATEN BY WHISKEY

Arrested for 13th Time and Sent to Bridewell Prison on Charge of Disorderly Conduct.

CHICAGO, Aug. 10.—"Young Griffon" at one time featherweight champion prize fighter of the world, who was released from the Bridewell Prison Saturday, was arrested again Sunday and was sent back to the Bridewell for the thirteenth time. Griffon was arrested on a charge of disorderly conduct and yesterday he was fined \$15 and costs. Being unable to pay his fine he was sent to the Bridewell. "Whiskey has got the best of you, hasn't it?" Judge Gen. will asked the prisoner.

"Yes," he replied.

Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which, if not treated, leads to an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. P. J. CHENEY CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for Constipation.

SUBSCRIBERS PREPARE FOR WEDNESDAY

A large number of persons witnessed the boat race at Sea Side Park last evening between two crews composed of street railway employees. A crew of conductors composed of Alexander Long, Ralph Coleman, Leonard Black and Robert Mahoney, were victorious over a crew of motomen. In the latter crew were Benjamin Wallace Anderson, Harold Collins and Thomas Kerrigan. The course was one and a half miles long and the race was rowed in pilot's dingys. The conductors won by 200 yards.

In the police court yesterday afternoon Charles O'Brien of the Westmorland road was fined \$50 for selling liquor to James Holland, who was intoxicated. The case was previously before the court, and Policeman Finley, who laid the charge, had given evidence of seeing Holland's confederate from O'Brien's saloon intoxicated. Mr. O'Brien was the only witness yesterday, and testified that he was not aware that Holland was intoxicated when he sold him a bottle of gin.

Four drunks were arrested yesterday. One of the quartette is Mrs. John Murphy of 23 White street. The woman was crazed with liquor and threatened to kill her children. She caused a great disturbance both in her house and on the street, and about 10:30 o'clock last night was placed under arrest by Policeman McNamee. Mrs. Murphy has been a resident of the city only a few years, having come from Maine, and since her arrival has become quite notorious. On one occasion she tried to commit suicide by jumping from the Suspension bridge and was caught as she was about to make the plunge. A few months ago she was badly injured during a drunken row in a White street house and had a narrow escape from dying as the result of her injuries.

All members of the 62nd Band are requested to meet in their rooms this evening for practice and business at 8 o'clock.

The split in the management of the Marathon baseball team, which has left D. B. Donald with entire control of the team, will in all probability result in the formation of a St. John team with C. F. Tilley as manager. Mr. Tilley informs the Sun that dates with Glace Bay will take Utopia teams will be arranged at once. Glace Bay starts on a four week week and will cover the Maritime Provinces. The team will be a picked one. The Lake Utopia team is composed of players from New York schools and has been trimming the teams around Charlotte county. Should the teams be brought to St. John good games are expected.

A man named Graham was the victim of an unfortunate accident which occurred yesterday afternoon, at Barnhill's farm on the Manawanogish Road, about a mile out from Fairville.

Mr. Graham was working on the farm and while riding on a horse back, the animal threw him to the ground, and then kicked the man with both his feet. Mr. Graham escaped with receiving only a broken leg, as it was only by accident that the horse's hoof did not land on his head or some other part of his body. The ambulance was summoned and Mr. Graham was conveyed to his home where the bone was set.

BANDSTAND READY TO BE HANDED OVER

Presentation to the City Will be Made in a Fortnight - Donations Acknowledged.

The following letter was received yesterday by Mr. Connolly of the City Cornet Band:

Welsford, N. B., Aug. 9, 1909.
James Connolly, Esq.,
Manager City Cornet Band,
St. John, N. B.

Dear Mr. Connolly—Duly appreciating the very satisfactory way in which the band has in the past served the musical-loving people who have attended the "Foresters Picnic and Blue-berry Excursion," at Welsford, it gives me much pleasure, on behalf of the friends in charge, to ask you to accept the enclosed check for \$10.00, as a small contribution from them, towards your King Square band stand fund.

Yours very truly,
(Signed), H. W. WOODS.

The City Cornet Band also acknowledges a receipt of \$20.00 from Mr. J. P. Murphy, of Excoxa, Washington, as a contribution to the King Square band stand fund.

Speaking to a Star reporter last evening, Mr. Connolly stated that about Wednesday or Thursday of this week he would have a circular letter containing the amount received toward the erection of the band stand, and the detailed cost of same, showing the exact deficit. A special effort will be put forth for the next week in order that the deficit might be done away with, and Mr. Connolly stated that he expected the whole affair to be wound up in about ten days. He also stated that within two weeks time the band stand would be handed over to the city. The presentation will likely take place on a Saturday afternoon, when a programme of a formal nature consisting of addresses, etc., will be carried out. It will be interesting to note that the erection of the band stand was completed a year ago last Monday.

QUINCY, Mass., Aug. 9.—Three children were buried alive in a cave-in in the Liberty street sand pit today and although two of them were extricated by their mothers, who dug frantically with shovels, the third lost his life. JEFFRIES READY TO DROP SIDE BET

If Johnson Cannot Raise It—Big White Champion Sails for Europe.

NEW YORK, Aug. 10.—James J. Jeffries has sailed for Europe on the steamer George Washington without waiting to have a personal interview with Jack Johnson. Neither did Jeffries show an inclination to make a hurry about signing articles. He declared that he would leave everything to his manager, Sam Berger, who has absolute power to arrange every detail with the big negro.

GRIFF TO JOHNSON; AN IMAGINARY INTERVIEW

"So You're Mistah Jack Johnson, eh?"

"Yassah, I'm Jack Johnson, champion heavyweight pugilist of the wide world."

"Well, I'm going to criticize you, Jack J. Just give you a little friendly advice, so to speak."

"All right, sah, let her rip."

"Well, you know, Jack, that you're not as fast on your feet as you might be. You don't jump away from a left foot back into the hollow of your right foot as you should. Why don't you take a back spring, instead of getting away flat-footed? What you don't know what the back spring is? Well, the back spring is the quickest and best way to get out of reach of an opponent's lead known to scientific boxers. You simply bring your left foot back into the hollow of your right foot, and the spring comes naturally. By doing this you are always in position and can never be knocked out of your balance."

WORLD'S RECORD BROKEN.

GREENSBURG, Pa., Aug. 9.—The world's record for rowing trotters on a half-mile track was broken here yesterday, when Captain Denny, by Major Higginson, owned by the Upland Park Farm, rowed the half-mile in 1:13 flat, at the Greensburg Driving Club's meet.

ARE ALL TIED UP.

Eastern League Players Are in Great Demand.

According to stories in the eastern papers, American league managers and scouts poured into Newark and Jersey City in the early part of the week. A half-mile track was broken here yesterday, when Captain Denny, by Major Higginson, owned by the Upland Park Farm, rowed the half-mile in 1:13 flat, at the Greensburg Driving Club's meet.

SPORTING NOTES.

Manager Kelley contracted a heavy cold in the rain at Providence. Toronto's claim they were robbed of the ten-hitting game of Providence Wednesday, at least six decisions being given against them unjustly by Umpire Finerman, who up to this time all four clubs have all pretty nearly been snapped up by this time, however.

Osborn and Holly are two other likely candidates for the big show. Catcher Crisp, of Newark, is thought to be the most valuable player in the Eastern circuit, but this is only a guess. The stars of the big league scouts will probably find, have strings attached.

Both Jim Jeffries and Jack Johnson talk well, but the question is, Do they mean all that they say? We have our doubts.

THE SCIENCE OF BASEBALL.

Synopsis of Canadian Northwest Land Regulations

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon acquisition of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 30 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section of available land homesteaded. Price \$200 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$200 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$200.00.

HER APOLOGY.

The local singer was resenting mildly to the hostess the large amount of praise which he usually was bestowing upon the visiting vocalist.

"They don't applaud me that way," he complained.

"Oh, well, you know," she said apologetically and sympathetically, "he is a visitor who we don't hear often, while we think of you as the Billie."

"The poor, we have with us always."

"Then she was very much hurt because she refused to accept her apology and left the house in a huff."

VASTLY DIFFERENT

As will be seen, it makes a great difference how one uses the muscular resources at his command. A member of an athletic club, after swimming the length of the large tank in the basement of the institution, came out puffing and blowing, apparently exhausted.

"You don't manage your breathing right," said the swimming instructor. "I ought not to tire you so. As to the upper part of your body, including your arms, you use exactly the same muscles and in very much the same way in swimming as in sawing wood."

"No, sir!" gasped the swimmer. "When it comes to sawing wood I use the muscles of some other man."

HURD PETERS, FOR MANY YEARS CITY ENGINEER, IS DEAD AT AGE OF 78 YEARS

The death of Hurd Peters, C. E., consulting engineer of the city, took place last night at about 9 o'clock. Death had been expected for some time as Mr. Peters was at the advanced age of seventy-eight and had been subject to heart trouble for some time.

Engineer Peters was at his office at the City Hall on Tuesday last attending to his duties as consulting engineer when he began to feel unwell. He was seized with an acute attack of heart trouble which confined him to his home on Paradise row. On Thursday his illness was complicated by a slight stroke of paralysis. Soon afterward all hopes of preserving his life were abandoned.

The late Mr. Peters during his lifetime was most closely connected with the advancement of the city of St. John, holding public office from April, 1881, until the time of his death. His death will be regretted by all as bringing to a close a long and useful career.

The deceased is survived by a widow, one daughter and one son. These near relatives were with him at the last. They are Mrs. A. J. Gregory of Fredericton and Ralph Dowling Peters residing at home.

HOTEL PROPRIETOR TAKEN SUDDENLY ILL IN STORE

Louis Nelson Dies Three Hours Later—Had Been Apparently in Good Health.

Mr. Louis Nelson, proprietor of the St. John Hotel, died very suddenly early last evening.

Mr. Nelson was in excellent health, and about 5 o'clock, while in a store at the corner of Charlotte and St. James streets, he was suddenly taken ill, being seized with what was apparently a stroke of paralysis. All possible medical assistance was given the man, but all seemed useless and death appeared to be inevitable. Mr. Nelson passed away three hours later at 8 o'clock last evening.

Mr. Nelson had been proprietor of the St. John Hotel for some time, and was well known. He was upright in his character, and was well liked by his many acquaintances. The deceased leaves three daughters, two sons and two brothers.

GENERAL PLAN AGREED UPON

Each Dominion Will Consult Directly With the Admiralty.

LONDON, Aug. 9.—The other day a delegate to the Imperial Defence Conference said: "Things are going the wrong way." Yesterday a delegate said the results already obtained are "extremely practical."

It is understood, however, that regarding military and naval defence, a general basis for working has been agreed to, and a sub-committee of military experts has been appointed under the presidency of Gen. Nicholson, chief of the general staff, and they have been engaged at the war office working out the technical details.

A preliminary plan agreed to in principle by the Imperial Defence Conference. When these are concluded they will be referred to the conference.

Regarding naval defence, delegates and naval experts, each dominion will consult directly with the admiralty. The first of these meetings took place today, when the Canadian delegates met Hon. Reginald McKenna, Sir John Fisher and other high admiralty officials.

AMUSEMENTS

BUSH FAMILY QUINTETTE SCORE BIG HIT.

The Bush family string quintette, which opened a season of mid-summer musicals at Nick's Theatre yesterday, received an ovation from thousands. The reception was all the more complimentary because it came from the people of St. John as a whole, not from a class or coterie of music lovers. Mr. Bush and his four children simply surrounded their hearers, the artistic rendering of the string music by the juveniles; their almost perfect technique and freedom from nervousness being a matter of common comment. Their opening number was Sweden's dreamy Romance. This followed Master Melvin Bush's solo Brindisi, by Alard. A number of applause greeted the lad for this effort, and he returned the favor with Berceuse, a Slav-Slavic craze song that the quintette dashed into Raymond Overure, by Thomas, with the fervor and ease of old professionals, eliciting another call, Mascagni's Intermezzo to Cavallera Rusticana.

Robert Buchanan added greatly to the pleasure of the day and evening with his solo in the Garden of My Heart, one of the rendings being accompanied by the Bush family. There were a fine lot of pictures, including Italian, French, English and American subjects—all new and interesting—and in the evening the orchestra discoursed a rich bill. Today the Bush family will be heard at 4:30 in their own number, at 4:30 with Robert Buchanan and three times in the evening—7:45, 8:45 and 9:45.

A GREAT SHOW AT H. H. H.

The new show at the H. H. H. yesterday certainly made a hit. Popular songs had a splendid programme of duets as follows: Excelsior, The Laughing Gypsy, and How Many Have You Told That To? Yesterday number from The Time, The Place and the Girl. Prof. Hampton's miniature circus was declared a splendid one. Also, the educated goose is a wonder, so patrons say. He told the time, the days of the week, the days in the year and other difficult facts. Willie, the champion somersault dog, justified his name. Dare Devil Spike loops the loops in an automobile. To tell all the tricks the dogs do would take too long, but go and see them. The pictures are Under Richelieu, the Actor of Man, and The Good Hearted Policeman. Send pictures today; new ones tomorrow. Same pictures today; new ones tomorrow. Send the children to the matinee.

GREEK FLAG LOWERED FROM CRETAN BUILDINGS

Protest of Four Protecting Powers Carries Weight—Situation Improves.

ATHENS, Aug. 9.—The Greek government today handed to the Turkish minister a formal reply to the Porte's note, which asks Greece to express her disapproval of the annexation agitation in Crete and formally to declare that she had no ambitions regarding the island.

The reply confirms Greece's intention to maintain an attitude of neutrality with regard to Crete, but declares it will be ultra vires (beyond her lawful capacity or power) for Greece to make any announcement respecting the future of Crete, which matter rests entirely with the protecting powers. In official circles, it is regarded that the situation has materially improved.

ST. JOHN, N. B., AUGUST 10, 1909.

TWO CONVENTIONS.

St. John is this week the meeting place of two important organizations. It is apparent that these sessions are of very considerable importance to the members of the societies they represent, and certainly St. John people as a body are more or less interested in the business affairs under discussion.

The Temple of Honor is holding a world's convention, the first of this nature in St. John, and there is no doubt but that this session will result in a quickening of the enthusiasm in temperance and moral reform in this province. The Temple has not enjoyed in New Brunswick in the past that strong popularity nor has it displayed that activity and progressiveness which has characterized it elsewhere.

The Oddfellows of the Maritime Provinces, representing the strongest fraternal organization in America, are also here in annual session. While this body devotes itself particularly to the relief of the destitute, the care of the widowed and orphaned, and the comforting of those who suffer, it is as well a potent factor in the campaign against intemperance and vice, for its principles include many of those objects to which more direct attention is given by other organizations.

In view of the magnitude of the work carried on by the Oddfellows in relief and those other paths of fraternity, the annual session of the Grand Lodge becomes each year an event of more and more importance. The hundreds of visitors now in the city see St. John at its best. We admit that this best is nothing to brag about, for the city is one of the ugliest in Canada, and cannot be so. Yet it is a solid old town, and its people are of a happy and hearty disposition. They unite in welcoming the strangers, and will endeavor to make the week an enjoyable one.

THE PULP MILL SMIELLS.

General Manager Clarkson of the Partington Pulp Mill, very kindly offered yesterday to show a representative of The Star through the mills and explain the process by which pulp is manufactured, and the methods adopted by the company to prevent any unpleasantness being experienced by those living in the vicinity of the plant.

As a result of this invitation a story of the visit appeared in yesterday's Star. This paper appreciates Mr. Clarkson's courtesy and certainly entertains the necessary regard for the efforts put forth by the company in respect to preventing those nuisances of which The Star spoke a few days ago. It was apparent on the visit that the company has gone to a very considerable expense in endeavoring to overcome the unpleasant odors which necessarily arise in an industry of this nature. But Mr. Clarkson willingly admitted that this expense had been undertaken in the financial interests of the company and not exactly for the benefit of those who might be the sufferers. As he pointed out, every cubic yard of small emanating from the mill means so much financial loss. Now nobody in St. John is anxious to see the Partington Company losing money—this should be qualified, there may be one or two who are anxious and to the troubles of those who endure the present odors will now be added the painful knowledge that while these smells prevail the Partington concern is dropping money. Thus brief becomes an additional burden.

Mr. Clarkson went on to explain that the odors are not injurious, that on the contrary they are healthful to both animal and vegetable life and as regards vegetation he was certainly able to furnish convincing proof. In respect to humanity it may readily be believed that most men would prefer their existing state of health to an improved condition for which a combination of chemical odors is responsible.

On discharging the digesters the heavy fumes, it was shown, are passed through tanks of water, by which much of the solid material is retained. The gas, however, is not wholly purified and that which is released from the water causes the unpleasant smell of which complaint was made. Now that the company has gone to such an expense in economizing in the method of manufacturing, might it not spend a few dollars more to further economize, saving a larger proportion of what is now waste matter and at the same time putting an end to the existing nuisance. If the gases were passed through one or two more tanks might they not be sufficiently purified to lose that sickening odor which they now possess?

MANILA CIGARS NOW ENTER U. S. DUTY FREE

First Shipment Taken Out of Bond Without Payment—Old Law Would Have Exacted \$20,000.

SAN FRANCISCO, Aug. 10.—By telegraphic order from Assistant Secretary of the Treasury Reynolds \$9,000 Philippine cigars were released from bond yesterday and admitted free of duty under the new tariff laws. This is the first importation from the Islands to fall under the new customs provisions relating to Philippine products. The former duty of Philippine cigars was \$16 a thousand. Under the new law \$10,000 cigars will be admitted duty free. The shipment released yesterday has been held in bond pending the settlement of the tariff question. The duty collected under the old tariff would have amounted to \$20,000.

MONSTER DEMONSTRATION FOR SAMUEL GOMPERS

Washington Labor Unions Plan Parade and Convention in Honor of Return of Nated Leader.

WASHINGTON, Aug. 10.—In honor of the return in October of Samuel Gompers who has been in Europe studying continental labor conditions and problems, all the labor organizations of the eastern states will unite in a monster parade in this city, if the plans adopted by the central labor union in this city at a meeting last night are carried to completion. Oct. 15 is the day fixed for the celebration. The labor union of Philadelphia, Baltimore, Richmond, Wheeling, Harrisburg and other cities will be invited to send as large delegations as possible to be in the line. The day will culminate with a meeting in Convention Hall which will be a rallying point for many men who have gained reputation in the field of organized labor. The address of Mr. Gompers on this occasion is anticipated with great interest by the thousands of people who will discuss labor conditions as he has seen them abroad.

NO FREE TRAINS FOR JAPANESE VISITORS

N. Y., N. H. & H. Railway Explains That They Have No Connections for Japanese Business.

SEATTLE, Wn., Aug. 10.—As a result of the refusal of the officers of the New York, New Haven and Hartford Railroad to haul free of charge the special train bearing the delegation of Japanese business men who are to visit America next month, 40 in all, along the line of the road in New England will be cut off from the itinerary of the excursion.

HUNDREDS HOMELESS IN CHICAGO FIRE

A Score of Residences Destroyed This Morning—Believed That No Lives Were Lost.

CHICAGO, Aug. 10.—Hundreds of persons were driven from their homes early today by a fire that destroyed two rows of frame houses in Superior and Buffalo avenues, South Chicago. More than a score of homes which were cottages and two-story buildings of frame construction were burned to the ground. For several hours it was believed that at least six persons had been burned to death in the buildings. The police is seeking among the excited residents who were foreigners, generally unable to speak English, could not account for many who were in the buildings when the fire originated. It is believed, however, that all escaped the flames. Many of the residents were carried from the buildings by firemen while others were injured in falling from windows or buried under the walls.

DUKE OF ABRUZZI MAKES RECORD CLIMB

Reached Height of 24,600 Feet in Indian Mountains.

ALAHABAD, India, Aug. 10.—The Duke of Abruzzi has established another record in mountain climbing. He ascended Mount Godwin Austin to a height of 24,600 feet. Perfect weather was encountered during the ascent and the members of the party have arrived at Bandipur in excellent health. Godwin Austin is the name given in 1858 by the Royal Geographical Society to the Himalayan Peak K 2 in 35 degrees, 53 min. north, 76 degrees, 34 min. east, in honor of the first explorer of the mountains of this region. It is the highest known summit in the world except Mount Everest, altitude 28,265 feet.

Personal Paragraphs

Mrs. R. Macdonough leaves by the Calvin Austin tonight after spending a few weeks with her mother, Mrs. C. Gleason. She will join Mr. Macdonough in Boston and they will leave for a trip to Yelley Stone Park and Seattle Exposition. They will be absent five weeks before returning to Boston.

CRIMINAL ASSAULT WAS THE MURDERER'S MOTIVE

CAMP AND ASSEMBLY IN SESSION TODAY

Autopsy Demonstrates Truth of Police Theory—Victim Fought Fiercely and Was Only Overcome When Choked into Insensibility

ROCHESTER, N. Y., Aug. 10.—After a night of ceaseless activity the police this morning were without a doubt beyond doubt that criminal assault was the motive for the crime and that the victim fought her assailant with all her strength, succumbing only when his fingers closed about her throat and strangled her to death. At 10 o'clock this morning Coroner Kintner opened an inquest in the case. Relatives of the dead girl, the constables who discovered the body, and the man left were present. No suspicion attaches to him, as he left the locality before the girl went to the cemetery, before the girl went to the cemetery.

TELL OF LIVELY SCENES IN MAGISTRATE KAY'S COURT

Enquiry Continued by Commissioner Teed—Lawyers Describe Magistrate's Peculiar Methods—Had Accused Hon. J. F. Sweeney of Being an Agent of Free Speech

MONCTON, N. B., Aug. 10.—Enquiry into police court matters by Commissioner M. G. Teed was resumed this morning. Frank P. Murphy was the first witness called, and cited instances to show Magistrate Kay's general demeanor towards barristers in his court. Mr. Murphy said that on one occasion Magistrate Kay had refused to grant bail for Daniel Madden who was arrested on a warrant charged with tampering with a witness, and was obliged to stay in jail from Saturday night to Monday morning. Another time the witness was argued a case between Magistrate Kay and the police court clerk, which a number of barristers heard. On another occasion, Mr. Sweeney said, Magistrate Kay had referred to him as the agent of Free Speech, but he had disclaimed any connection with that journal. Sweeney said that he had taken his business out of Mr. Kay's court as the magistrate was trying them on opinions he held of himself (Sweeney).

BANK PRESIDENT RECEIVES PARDON

His Five Year Term Would Have Expired Next Month—Was Jailed for Embezzlement.

AUBURN, N. Y., Aug. 10.—Manning C. Palmer, former president of the American Exchange National Bank of Syracuse, was discharged from Auburn prison this morning on a pardon granted to him by President Taft. Palmer was convicted of misappropriation of the bank's funds and on January 1, 1906, Judge Geo. Ray, in United States district court, held in this city, sentenced Palmer to spend five years in Auburn prison. His term would have expired in the regular way, September 7, Palmer desired the pardon, as he felt that it partially removed the stain from his name. He was met by his son-in-law, James A. Newell, a Syracuse attorney, who accompanied him to Syracuse this morning. Palmer declined to discuss his future plans, except to state that by intending to take a long rest with Mr. Newell.

WILL NOT BE BUMPER CROP

WINNIPEG, Aug. 9.—All the West is throbbing with interest just now over the condition of grain. It is a source of general conversation, for every line of business between the Lakes and Mountains depends to very considerable extent upon the grain crop of the prairie provinces. The yield will not be a bumper crop. This statement in times past has been regarded in the prairie section as the highest form of disloyalty, but now it is the West is modifying many ideas and this is one of them. Farmers have suffered from crop boomers, as have business men generally almost every year, and the crop boomer, the man who knows that the yield is to be enormously increased, etc., is becoming unpopular. It is being put up into the same basket with the man who insists that while Manitoba produces the best No. 1 hard wheat in the world, it never gets colder in winter than a mild frosty morning. Crop conditions throughout the West are good, very good, and business as a result is out of all proportion to facilities and equipment, but the yield will in no event exceed an average crop, and it may be slightly under last year's. This condition is due entirely to lack of early moisture in many districts, but in others, and excessive moisture late in the season elsewhere.

BADDECK NO. 1 TO FLY TODAY

TORONTO, Aug. 9.—It was dusk to-night when on Baddeck No. 1 was completed at Fateswara and McCurdy and Baldwin decided not to try flight tonight. The big Aerodrome was wheeled out of the shed and several photographs taken of her. Flight is now fixed for tomorrow morning. Speaking to a military expert this morning your correspondent was told that for the next few years heavier-than-air machines would be of little value as weapons in warfare. "Supposing," said he, "that aircraft was one thousand feet in air—and she would have to be that height to be out of range—considerable time, months or even years would have to be spent training officers to judge distances so they could drop shells on the required point. Aeroplanes are more of a scouting machine and for that purpose will be used. England is experimenting with heavier-than-air machines and will benefit by what they learn.

CANADIAN NEWS TOLD IN BRIEF PARAGRAPHS

TORONTO, Aug. 9.—Morris Jackson, killed by the Cross near Frog Lake, Alberta, in April, 1885. They were buried where they fell, two of them in the shed where they were buried. In 1885 the bodies of two of the victims, who were Roman Catholic priests, were removed, the other eight remaining unburied until this summer, when their bones were taken from a revolver at an Italian named Audette. One of them placed his hand on the other's forehead and said: "I am sorry for you, Jimmie." St. Marie's tombstone is in the cemetery at Frog Lake, Alberta. It is being systematically searched for by the police.

PORT WILLIAM, Ont., Aug. 9.—Five hundred freight handlers employed in the C. P. R. sheds at Port William, are on strike. They demand an increase from 17 1/2 cents an hour for day and 12 cents for night, to 22 cents and 25 cents.

MONTREAL, Aug. 9.—Hibernians from different parts of Canada and the United States will meet at Grosjean, 27 miles below Quebec, next Sunday, to assist in the collection of a Celtic cross to the 10,000 Irish immigrants who died at that spot of shipwreck in 1847. Speeches will be made by Sir Charles Fitzpatrick and Hon. Charles Murphy, Secretary of State, Archbishop Beagin, of Quebec, will officiate.

MONTREAL, Aug. 9.—The hot wave is having a gruesome effect on infant mortality in this city. Last week out of a total of 184 deaths, 125 were of children under five years of age. During the same period there were 256 births.

OTTAWA, Aug. 9.—The way the veterans' land grants have been taken up leads to the belief that not many are left to be certified to by the department of militia.

Up to July 31 warrants located by volunteers totaled 281, by substitutes 1,094, certificates issued by the militia department numbered 6,375 and warrants issued by the interior department were 4,139.

While about 8,000 Canadians went to South Africa at different times a large number were men who served twice. This was especially noticeable in the last contingent. A little over 2,000 warrants are off the market for good, 281 being located by volunteers and 1,781 registered by substitutes. Between the decreasing number for sale and the advance in the price of C. P. R. lands \$2 per acre there ought to be a rise in prices in the near future.

CANNO, N. S., Aug. 9.—A drowning accident occurred at 4 o'clock this afternoon, when Philip Lumsden, three year old son of James A. Lumsden, was drowned, by falling overboard from his father's wharf, while watching some children bathing nearby. Lumsden was working at his fishing gear only a few yards away, and immediately rushed to his rescue. Although the child was in the water only a few minutes life was extinct.

SYDNEY, N. S., Aug. 9.—At Port Hawkesbury on Saturday evening, William McQuarrie, a clerk in the mercantile establishment of Peter Paint and Sons, was drowned while swimming. His heart gave out. He was 26 years of age, and unmarried.

OTTAWA, Aug. 9.—The mounted police have just completed a task which brings back memories of the days when Canada was engaged in the Northwest rebellion. Ten men were

MISS SUTTON CALLS OFF GAME OF LOVE

LOS ANGELES, Cal., Aug. 9.—Miss Sutton, a champion tennis player of the world, and Harry R. Ham, son of George I. Ham of the City of Mexico, whose engagement was announced in July, have had a racket—not a racquet—and the score no longer is love-all.

Tennis Champion Breaks Match With Harry R. Ham

"Was a dandy game Mr. Ham and I started," Miss Sutton said today, "I would have finished the match but, la la and dearie me, men are such funny things, and, besides, it isn't fashionable for a girl to marry before she is 25."

"After I defend my title in southern California I am to tie away to the East and forget there are such things as engagements. It's nice to be fancy free again."

"Why didn't I finish the set with Mr. Ham? Well, now, you would like to know, wouldn't you, Mr. Reporter? But Harry's mad and I'm glad, and I ain't a-going to please him."

Her eyes were gaily defiant, showing nothing except a bright reflection of the perfect weather they looked out upon, so the reporter knew she would tell nothing more.

Miss Sutton's friends say that Mr. Ham has been playing too many matches on the side in home town contests with at least two girls and sent flowers to many others. Some one told her, they whisper, that he was "just the gayest thing that ever taught a girl what moonlight was made for."

JUST A LAWYER

"Has your son had any success as a lawyer?" "Well, now, to tell the truth, he hasn't. He has been practicing now for nearly eleven years and he has never been elected to the legislature or been appointed receiver for anything or even become president of any railroad company. It begins to look as if he may have to give up a living just practicing law."

GIRL IS KIDNAPPED IN PITTSBURG STREET

Middle-Aged Woman Aids Two Men in Early Morning Abduction

PITTSBURG, Aug. 9.—What is believed to have been one of the boldest acts of kidnaping ever performed in this city occurred at about two o'clock this morning in Seventh avenue between Liberty avenue and Smithfield street.

It was witnessed by a young man who did not realize the seriousness of the situation until after he had heard a muffled scream and saw a cab hurried away up the avenue toward Grant street with a young girl he had observed only a moment before walking away from the Union station with a middle-aged woman.

The girl appeared to be about 18 years old. She was pretty and stylishly dressed in a blue costume and hat of a lighter color, trimmed with red.

The other woman was dressed in black and had the appearance of being 35 years of age. When they reached Seventh avenue they were waiting, and a man, a woman and a child were

JUNIORS TURN OUT IN FORCE

Mass Meeting on the West Side

TEMLARS HEARD

Inspiring Addresses Delivered by Rev. Dr. Woodruff and Others

The meeting of the Supreme Council, Temple of Honor and Temperance, yesterday took the form of a mass meeting of the juniors held in the City Hall, West Side. There was a large attendance of members of the Junior Sections and their friends, who listened to excellent addresses delivered by Rev. C. S. Woodruff, D.D., M. W. Recorder, Mrs. Woodruff and others.

The room in which the mass meeting was held was decorated for the occasion with red, white and blue bunting and American and British flags. At the rear of the platform was the motto, "Canadian Juniors, T. of M. and T. Welcome World Leaders."

The members of La Tour Section assembled at the Carleton City Hall. The city and visiting sections gathered at the Temple building, North End, and proceeded to West Side by electric car.

The chair was taken by Worthy Archer Bissett of La Tour Section.

The addresses of the evening were delivered by Dr. Woodruff, Mrs. Woodruff, Rev. W. H. Robinson, Dr. W. F. Roberts, James Hicks, P. M. W. T. of Massachusetts; Charles H. Oakes, G. W. T. of Connecticut; F. W. Peske, G. W. T. of Massachusetts; J. L. Engler, D. M. W. T. of New Brunswick; Chas. P. Smith, M. W. G. of Rhode Island, and S. B. Logan, D. G. W. T. of La Tour Section.

During the evening Miss Crosby of La Tour Section, read a history of the

Section in original verse. A piano solo by Miss Stewart, and a cornet solo by Mr. Ring were also enjoyable features of the programme.

The addresses of the evening were directed toward encouraging the younger members of the order to persevere in the work of temperance and reform. The address of Mrs. Woodruff was particularly enjoyable. It graphically described her labors among the convicts of Ohio state prison and among the lepers of Porto Rico.

Several weeks after the pair took possession of their handsome home, Mrs. Warburton suddenly departed for West Philadelphia, where her husband's counsel says she still resides and that she refuses to return to her husband. The house is now occupied by Henry A. Warburton, brother of the plaintiff.

The marriage took place in February, 1904, and it is alleged that she left her husband in August, 1906.

Under an order of the Circuit Court Mrs. Warburton will be required to appear in the court on or before September 22 next to show cause why the divorce should not be granted. It is understood that Mrs. Warburton has engaged Omar D. Crothers, a nephew of Governor Crothers, as counsel, and that she will fight against a divorce.

Chas. W. Warburton is one of the best known men in Cecil county. He is prominent in business affairs. His father, Chas. E. Warburton, is a leading member of the bar and is president of the Second National Bank of that place.

SUES FOR A DIVORCE; SAYS WIFE LEFT HIM

Husband's Brother Occupies \$14,000 Home Built for Bride

BERTON, Md., Aug. 7.—Alleging abandonment on the part of his wife, who was Miss Clara V. Thompson, of West Philadelphia, Chas. E. Warburton, of this city, has instituted a suit for divorce. The pair were married five years ago and made their home here after an extensive wedding tour.

The Thompsons lived in Chestertown, Kent county, and the love affair of the young people was of long standing. Mr. Warburton built a \$14,000 residence here, and while it was being constructed the bride made her home with the husband's family.

Several weeks after the pair took possession of their handsome home, Mrs. Warburton suddenly departed for West Philadelphia, where her husband's counsel says she still resides and that she refuses to return to her husband. The house is now occupied by Henry A. Warburton, brother of the plaintiff.

The marriage took place in February, 1904, and it is alleged that she left her husband in August, 1906.

Uncle Walt The Poetic Philosopher

Free! On an island, away in the sea, far from the bores in this land of the free!

There I would live in a cave by the shore; never a paper would come to my door; never a "scare-head" would keep me awake,

never an "extra" announcing a fake. I am so weary of Evelyn girls, wearing short dresses and flittinghood curls! Weary of Gingles who gingle in court, telling a story too free to report; tired of the Indies who, filled with remorse, mourn that they married, and asked for divorce; making their oaths, with a courage sublime, that they were sought by the law.

I am so tired of these one-sided trades, whereby the blooming American maids, loaded with wealth that their fathers amassed, marry cheap prices of poverty vast. Alas for the damsel who marries a lord! Dukes are so cheap that they sell by the cord. I am so tired of the mills of divorce, tired of the evidence, sordid and coarse; marriage is now, in the eyes of the law, less of a bond than a fetter of straw. O for an Isle in the sea, far away, where one may doge all the "news of the day!"

There is a world of meaning in the three words; OPPORTUNITY, EFFORT, REALIZATION. To deal with each of them, individually, we will take first OPPORTUNITY. The SUN and STAR is granting to its readers the opportunity of their lives to win a prize of unmistakable value for an infinitely small amount of work (we use the word guardedly). As for the EFFORT, we have repeatedly said (and the number of votes recorded each candidate in this contest will bear us out) that it will not be necessary for you to neglect your business in order to be a winner of one of these prizes. You will never know how very easy it is to secure subscriptions to the SUN and STAR until you have given it a trial. Then after you have been declared a winner in this contest, will come the REALIZATION of an absolute satisfaction in having won something by your own efforts. You will never cease to praise the SUN and STAR for having made this possible, and we shall rejoice with you in your proud ownership. In this paper today we show you the names of all who have entered, and you can easily see by the list that there is plenty of room in each district for a wideawake candidate to enter and win one of the prizes offered.

Took J. P. Morgan's Tip and Made Large Profits.
Agents Buy 50,000 Shares—German Royalty Also Speculating in American Stocks
That Recently Have Been Bullish.

NEW YORK, Aug. 10.—Speculating in the stock of the United States Steel Corporation, King Edward, of England, has just cleared more than a million dollars at the heavy market for the steel issues, according to a story told yesterday.
The story was given out yesterday in Wall street, and much comment was made on the significant fact that the King's agents placed his commission immediately after a visit paid him by Mr. J. Pierpont Morgan, who is known considerably about steel.
Not only has the crowned head of England profited by the speculation in Wall street, but it became known that German royalty has been buying steel and other American stocks, such as New York Central, Union Pacific, Southern Pacific and Northern Pacific, all of which have made substantial advances to the material benefit of the royal coffers.
It was three months ago when King Edward's agents went into Wall street for steel. A short time later Mr. J. P. Morgan had visited the King at Windsor and during the interview is supposed to have given King Edward a tip on stock. Shortly after the interview a big brokerage house in Wall street received heavy orders from the King's agents to purchase steel common.

At that time Steel Common was purchasable from \$80 up, in the King's account 50,000 shares were acquired. During the three months that followed American stocks had a big boom and on the advancing wave of prosperity the price of Steel Common rose steadily. Last night it closed at 76 1/4.
Wall Street sharp figures that the ruler of the British Empire has cleared in the months' dabble in one stock something over a million dollars.
In addition to the twenty-point gain the financial district considers the extra dividend declared by the Steel Trust during the last quarter of a year.
While no such large sums are reported in the case of German royalty dabbling in American industrials and railroads, it is understood that the latter speculations were very satisfactory.

First it was Steel, then it was Union Pacific, now it is New York Central. One by one prominent stocks reveal the favorable attitude of millionaire manipulators and railroads, and also taken in hand by another set of speculators. Rock Island has been hoisted on dividend prospects, Colorado Fuel and Iron on no one appears to know what, C. and C. on cross-country branching out by Edwin Hawley, and the minor steel and iron securities under cover of the rise in United States Steel.

But all this speculating is bringing very little wood in the form of public participation. The patience of the manipulators has been put to a severe test already, and the end apparently is not yet. Therefore, the final outcome remains in doubt. Maybe, August will bring some grist to the professional since investors throughout the country will no doubt, be cheered by the successful gathering of the year's major crops and the attendant circulation of many millions of dollars throughout the country.
It must be remembered, however, that existing securities will have to contend with numerous issues of large amounts and unusual attractiveness. Both here and abroad there is quite enough to go round.
When the Pennsylvania Railway directors next meet, in September, they will probably decide to issue about \$100,000,000 of \$100,000,000 will be needed for refunding purposes.
The formal transfer of the Rio Grande, Sierra Madre and Pacific Railway to Dr. F. S. Pearson and associates, who recently purchased the property, has taken place.
The line is to be extended immediately from Casa Grande to the lumber region of south-western Chihuahua.
Despatches to R. G. Dun and Co. indicate that less conservative market future operations in the business world while current trade broadens.

MADE PROFIT IN POOR YEAR.
Although 1934 was one of the poorest on record in regard to the salmon industry, the British Columbia Packers' Association made a profit of \$100,000, paying a dividend of 3% per cent, adding the balance to the working capital after providing for depreciation and other deducting charges and dividend on preferred stock, \$473,820 was carried forward from the year.
Stock of salmon on hand on June 30 was valued at \$68,000, and stock of frozen fish in the hands of 400,000 cases, 50,000 cases less than last year, and fifteen canneries will be operated on the Fraser River and seven in the northern part of British Columbia.

CANNERIES ARE PREPARED.
Ten canneries and one cold storage plant were operated, the output being 151,673 cases of canned salmon and about 220 tons of mild cured salmon, while the usual quantities of salmon, halibut and other fish were frozen, and about 100,000 pounds of fresh halibut shipped. As this is the year of the big run, preparations have been made for a pack of 400,000 cases, 50,000 cases less than last year, and fifteen canneries will be operated on the Fraser River and seven in the northern part of British Columbia.

PROBATE COURT.
Estate of John Clark, clerk. The passing of the accounts in this estate was before the court again today. The accounts being of a very intricate nature and extending over some twenty years the court some time ago appointed Mr. Paul F. Blanchet, auditor, to examine the accounts and report. Mr. Blanchet produced his report, including some dozen different statements, and after giving evidence thereon the opposing counsel stated that they were willing to accept the report as presented, but they would claim interest upon the various sums advanced to the executors from time to time which would necessarily mean a large amount. The case is still before the court. Before recess the executors produced their securities in court showing the same to be intact. Mr. J. R. M. Baxter, K. C., advocate for the executors. Mr. J. A. Belyea, K. C., advocate for the executors of the Rev. John A. Barry, a son, Mr. J. A. Barry advocate for a beneficiary under the will of the Rev. John A. Clark.

JOHN CUNNINGHAM FOUND LYING DEAD IN A FIELD

Near the Suspension Bridge, Death Believed to be Due to Heart Failure, But Inquest May be Held
Near the railway track at the Suspension bridge on a Hill, the body of John Cunningham was found this morning about 10.30 o'clock. The man is supposed to have dropped dead from heart failure. Sergeant Kipatrick was notified and reported the finding of the remains to Coroner Roberts. The latter drove to the spot and gave permission for the removal of the remains to the undertaking rooms of P. Fitzpatrick.

Tragic Accident at Montreal—Milkman's Daughter Causes Fever Epidemic
MONTREAL, Que., Aug. 10.—Two nuns of the Convent of the Good Shepherd at Bordeaux on the other side of the island were crossing the C. P. Railway bridge when the Mountain train caught up to them. They stood back against the railing to let the train pass but wearing the long robes of their order the suction of the train as the rear end passed threw them to the track, rolled them over and over, and finally off into the river fifty feet below. The bodies had not been recovered yet. The bodies had not been recovered yet. The bodies had not been recovered yet.

After the case of Ronald McAllister charged with disorderly conduct on the I. C. R. train July 31, was then dealt with.

Police Magistrate Ritchie had a busy time this morning with a varied assortment of prisoners. The case of Wm. Harding charged with assaulting Geo. Merlock, colored, caused considerable amusement. After the case of Ronald McAllister charged with disorderly conduct on the I. C. R. train July 31, was then dealt with.

PROVINCIAL RIFLE MEET OPENED AT SUSSEX TODAY

SUSSEX, Aug. 10.—The annual meet of the Provincial Rifle Association opened this morning at 9 o'clock. Unfavorable weather conditions made the shooting difficult and soon after the start rain began to descend. The jury met at 10 o'clock. Col. Sergt. Dorman, 6th Regt., and Lieut. Clark, 7th Regt., shot for first position with 33 points. It has been decided that they will shoot off at 100 yards this afternoon. The prize in the match is a handsome rifle donated by Major McAvity, as well as \$50 in cash prizes offered by the association. Other records in the matches were as follows:

VICTOR SECORD LOSES HIS INJURED EYE

Hurt in Sham Battle of 62nd Regiment—Suit for Damages May be Brought.
Victor Secord was operated upon by the physicians at the General Public Hospital this morning and his left eye was removed. The young man received serious injuries in the recent 62nd regiment sham fight. He has been confined to his home for several weeks. Several specialists had been consulted, but the eye could not be saved. Young Secord is a C. P. R. operator and has incurred heavy expenses in the treatment of his eye. It is said a suit for damages may be instituted against the regiment unless the expenses are allowed.

HARVESTERS START FOR THE WEST TOMORROW

Estimated That 4,000 Will Leave St. John—Six Special Trains Required.
Plans have been completed for the harvesters' excursion, which leaves this city for the west tomorrow. There will be a large contingent from the Maritime Provinces. W. B. Howard, district passenger agent, estimated the number at 4,000. Six trains will convey the harvesters from the city. The first train will depart about seven o'clock. All day tomorrow special trains with harvesters will reach the City Cornet Barn. There is a very large crowd coming from Prince Edward Island.

PICNICS CALLED OFF BECAUSE OF BAD WEATHER

The disagreeable weather necessitated the postponement of the St. Peter and Holy Trinity picnic today. One train left the Union Depot for the grounds at 10 o'clock. Soon afterwards rain began to fall and a consultation between the terminal agents and the picnic committee was held. It was decided to call the train from Sorebyburn. The necessary orders were given and the train reached the city shortly after twelve o'clock. The children's procession to the station this morning was a splendid one. About 600 children walked, headed by the City Cornet Band. Rev. Father Duke had charge of the procession. The same plans for the picnic will prevail and the outing will probably take place tomorrow.

RICHARD GOLDEN DEAD; WAS WELL KNOWN HERE

NEW YORK, Aug. 10.—Richard Golden, the actor, died suddenly today on board the houseboat Stroller in Gravesend Bay, where he was the guest of John Newton Porter.
During the procession to the Union Depot this morning considerable excitement was created by the actions of the leading miners today and the injured that the strike would be a fight to a finish between the U. M. W. and the Cumberland Railway and Coal Co. The best of order is prevailing in the town and a large number of the young men are now preparing to go west on the harvest excursion, which leaves tomorrow for the west. Probably the largest excursion that ever took place in Springhill will be witnessed tomorrow on the harvesters' excursion.
Mr. Covans refused to state anything with regard to the situation this morning, but it is understood that he utterly refused to give any concessions whatever to the U. M. W. or to recognize that body in any way whatever. The merchants of the town are greatly depressed concerning the outlook and it is now considered that they intend to conduct business on a cash basis only during the strike period and not to carrying credit accounts as in a previous strike. One of the leading officials whose name your correspondent is not at liberty to say, stated that he did not expect to see another ton of coal ever taken out of the north slope. It has not been paying for years owing to the large percentage of duff or slack produced, but it has been worked to furnish the men with employment. There is no doubt but that the whole future of the town is threatened.

YACHTS ON LONG CRUISE
VINEYARD HAVEN, Mass., Aug. 10.—The New York Yacht Club fleet left today for the coast of Maine on the longest squadron run in which the club has planned in twelve years. The start being at East Chop and the finish 157 miles at the Cape Elizabeth Lightship off Portland.

1500 MEN WENT ON STRIKE AT SPRINGHILL THIS MORNING
(Continued on Page One)

SPRINGHILL, Aug. 10.—Never in the history of Springhill has a strike assumed such far-reaching proportions. Every employe has already abandoned work with the exception of about 100 men belonging to the Brotherhood of Railway Employees, and the strike will soon affect them, because of the fact that if the mines are tied up it will leave nothing for the railway men to do, and they will be idle if they are willing or not.

A representative of the Amherst Daily News interviewed a number of the leading miners today and the intimated that the strike would be a fight to a finish between the U. M. W. and the Cumberland Railway and Coal Co. The best of order is prevailing in the town and a large number of the young men are now preparing to go west on the harvest excursion, which leaves tomorrow for the west. LOCAL NEWS

New stylish summer suits at half price. See C. B. Pidgeon's store at the corner of Main and Bridge.

The band concert which was to have been given this evening at Seaside Park has been postponed on account of the rain.

The Calvin Austin docked this morning about nine o'clock, landing four hundred and sixty passengers. Many delegates to the Temple Honor convention arrived and upwards of fifty more are expected within a few days at a meeting of the ladies auxiliary held last evening.

The ladies auxiliary of the A. O. H. have kindly offered their assistance in making arrangements for the fair to be held by the A. O. H. this fall in their hall on Union street. Committees have been appointed to assist in making arrangements for the fair.

A large quantity of water has come up through the ground from a spring on Princess street, near the corner of Carleton. The water has been oozing from the ground for about ten days and an enormous quantity has worked its way into the cellars. A gang of men were put to work yesterday to pump out the water and discover its source.

TEMPLE OF HONOR WILL OPEN THIS EVENING

More Delegates to the Meeting Arrived Today—Excursion on the River This Afternoon.

In the Temple Building this evening, the World's convention of the Temple of Honor will be held. The first business session will be held at 7 o'clock and J. W. C. Whitaker, Most Worthy Templar, in the chair.

Delegates are reaching the city by rail and steamboat lines and there will be over fifty visitors in attendance this evening.

Hon. Mr. Farrell and Hon. Mr. Robinson, of Massachusetts, were among the arrivals on the Calvin Austin this morning to attend the sessions of the convention.

The visitors are being entertained this afternoon by the local templars. The party left on the steamer May Queen about 1.30 o'clock and stopped over at Watters' Landing. During the afternoon games will be played and sports will be indulged in. A feature of the river excursion will be the fancy drills, in which the members of the junior sections will participate. The members of the order with the Canadian and American flags will be used in the drills. The return to the city will be made about seven o'clock.

MRS. JAMES HANNAY IS DEAD AT FREDERICTON

Many in this city will regret to learn of the death of Mrs. Margaret Hannay, wife of James Hannay, who passed away at Fredericton this morning. She had been suffering since March with cancer and had gone to New York to consult a specialist. Apparently she died in a fit of the visit, as her sufferings grew worse.

Mrs. Hannay was well known throughout the province and was a most worthy woman. She was in her sixty-second year. The deceased was a daughter of the late Elias T. Ross of this city, and was born on August 22, 1847. She married Mr. Hannay on January 23, 1864. Besides her husband, two adopted daughters, Mrs. H. R. Edmunds, of Moncton, West Ass., and Mrs. W. J. Bright, of New York, survive.

The funeral will take place from her late residence, Regent St., Fredericton, on Thursday, at 3 p. m.

MAY ANSWER IN COURT FOR ABUSING HORSE

The abusing of a horse on Murray street yesterday afternoon caused considerable commotion for a time. Chas. McCrackin, with a team of horses belonging to Alex. Clark, of Murray street, to which was attached a very heavy load, started to drive the horse. The load was apparently too much for the horse. McCrackin got down from the wagon and with a board abused one of the animals in a most wicked manner.

A gentleman who happened to pass by noticed what was going on, and tried to prevent McCrackin from striking the horse with the board. Fortwith McCrackin imagined himself affronted with all sorts of pugilistic powers, and was going to demonstrate them.

McCrackin, unable to get along with the heavy load, was forced to place the horses back in the barn and leave the load where it was.

The police were notified of what had transpired, and as a result McCrackin has been reported for cruelty to a dumb animal. It is understood that Mr. Wetmore, secretary of the S. P. C. A., is also going to take a hand in the case, and the whole matter will be aired in the police court in a few days.

ORDINATION AT THE CATHEDRAL TODAY

Napoleon Papineau Will be Raised to the Priesthood Tomorrow—Will Go to St. Joseph's.

The Cathedral of the Immaculate Conception was the scene of an interesting ceremony this morning, when His Lordship Bishop Clavey ordained Rev. Napoleon Papineau of Montreal, deacon. The ordination took place in the presence of a large congregation, the seven o'clock mass. His Lordship was assisted in the ceremony by Rev. A. W. Meahan, pastor of the Cathedral, and Rev. S. O'Keefe, Revs. William Duke, Michael O'Brien, L. V. Broughall and Father Guertin were also in the sanctuary.

At the church tomorrow morning Rev. Mr. Papineau will be elevated to the priesthood.

The new clergyman has been studying at St. Joseph's University. After his ordination, he will return to St. Joseph's where he will remain for an indefinite period.

SONS OF ENGLAND TO HAVE DECORATION DAY

Will Visit Fernhill and Cedar Hill on Sunday Next—The Names of Dead Members.

The Sons of England, Marlborough Lodge No. 297, will decorate the graves of their deceased brethren on Sunday, 15th inst., going to Fernhill cemetery in the morning. There they will decorate the graves of J. Alston, Jr., D. E. Stewart, J. H. Murray, J. H. Wood, and J. J. Scammell. In the afternoon at Cedar Hill cemetery they will decorate the graves of R. T. Jackson, Geo. Fie, C. G. Knott, F. W. Simmons, R. Rawlings, W. R. Brown, J. B. Stubbs, Wm. Boone and L. Thoroughgood. They appeal to their English fellow citizens, also relatives of deceased and other friends for donations of flowers, which can be left with Gibson and Hiltz, 1 Simonds St., on Saturday, 14th inst. St. Mary's Band will play the lodge to Cedar Hill.

VICTIM OF SHOOTING AN ITALIAN COUNT

Romantic History Ascribed to Noholas Lagary—Came to America for Wealth to Restore Family Fortunes.

The history of Nicholas Lagary, who lies in the Woodstock Hospital at the point of death while the country is being scourged for his murderer, is an interesting and romantic one.

It is told on good authority that he is a member of a distinguished and noble Roman family of ancient lineage and that in his own right he possesses the title of count. As is the case with many of the old Italian families, their financial circumstances were greatly straitened and Nicholas with the intention of restoring the family to its former position of wealth and splendor, set out to America to make his fortune.

Like many another immigrant he was disappointed to find that riches cannot be picked up in a day and after trying various forms of work, he was glad to get work with the C. P. R. as an interpreter, a position for which his superior education especially fitted him.

Since he arrived in Carlton County he had borne an excellent reputation among the people with whom he came in contact by his superior manners and evident education as well as his excellent character. So far it has not been possible to learn from the wounded man the names of his relatives in Italy in order that they may be notified and it is probable that he may die without his family learning of the sad end of the gallant effort of Lagary to restore the fallen fortunes of his distinguished house.

WESTFIELD PLANNING A GLORIOUS CELEBRATION

Biggest Event Yet Projected Takes Place Saturday in the Form of Sports and an Illuminated Parade.

Saturday will be a gala day at Westfield. A splendid series of water sports will be conducted in the afternoon and in the evening a brightly illuminated parade will take place. Plans are progressing favorably in the hands of the sailing committee and nothing will be spared to make the day a crowning one in the history of the place.

Subscribers are still taking of the great success of the illuminated parade last year, but the parade on Saturday will surpass it in every point. Ovens of craft are now busy preparing their boats for the procession. The yachts will be handsomely decorated with flags, bunting and Chinese lanterns. Prizes will be awarded for the ones making the best appearance.

W. A. Church, secretary of the sailing committee of the Westfield Outing Association, informed the Star today that complete plans would be formulated during the course of the next few days. The boats in the procession will be divided into two strings, while tugs will tow them about the river. Scores of yachts, motor boats, pleasure craft and canoes will take part in the parade. The Royal Kennebecensis Yacht Club fleet will be strongly represented. The procession will start at Westfield wharf and will go down river as far as Ononette, returning on the opposite side of the river to Woodman's Point. The regatta on the shore will also be illuminated. Bon-fires will be started in various places and there will be a grand display of fireworks.

The water sports in the afternoon are also attracting keen interest. Several interesting events have been arranged and there is a large entry list.
