

MC2465 POOR DOCUMENT

THE GRANITE TOWN GREETINGS

LOCAL AND SPECIAL

White's drive went through the Canal last week.

Part of the Pulp Co.'s drive is in the main river.

The river, which has been at freshest pitch for some time, is falling off.

There is a greatly decreased demand for fish this season as compared with last.

A ten per cent. cut in wages, went into effect in the St. Croix cotton mill Monday.

Several parties of anglers are at Utopia. Owing to high water small catches are being made. Smelt are beginning to go up the brooks.

The catch of herring remains small, owing to this fact and the state of the roads business with the merchants is somewhat dull.

Mr. Frank Murphy has opened a grocery, fruit and confectionery store in the Irish building. His adv. appears in another column.

This week the bustling contractor will begin the framing of the new church. The foundation wall is nearly finished and everything is ready for the carpenters.

Commencing Monday 11th inst, the Shore Line service will change, the trains leaving Carleton at 8.10 a. m. and St. Stephen at 2.30 p. m., due in Carleton at 6.50 p. m.

Mr. E. Holt, of Boabec, has added to his farm equipment a handsome pair of Dutch oxen, purchased in Nova Scotia. They attracted much attention going through town from the train.

The country roads which have been in the worst condition of recent years, are improving, so far as mud is concerned, but there are many holes caused by frost and heavy rains, making it dangerous after nightfall.

The stone masons on the new church took advantage of the rainy weather Saturday and went fishing. They caught or brought home several fine strings of trout which they very generously distributed among their friends.

Arthur Brown has taken out the kerosene lamps with mantle burners and his store is now lighted with acetylene, which is giving good satisfaction, and is much more illuminating than the improved system, as many "mourners" can testify.

Ottawa, May 6.—In the house this afternoon, Mr. Ganong was told by Mr. Pagsley that the estimate of the cost of a public wharf at Welchpool, Charlotte Co., N. B., was \$10,500. The question of asking for an appropriation in the supplementary estimates was under consideration.

Messrs. Ambrose Sullivan and E. N. Nesbitt enjoyed two days fishing at Utopia last week. They returned to St. Stephen Friday, with a box of speckled beauties as evidence of their skill with rod and reel. Messrs. J. W. Lyvott and Edw. O'Neill who were in the party also got a fine string.

There was a large attendance of members of the Int. Brotherhood Maintenance of Ways at the regular meeting Friday evening. Employees from all over the N. B. Southern were present, and in addition to the regular order of business, some important matters were dealt with.

Chas. E. Starr, manager of the Letete, N. B. Gold and Copper Mining Co., was in Eastport last week, on business in connection with the above named company. Mining experts have reported that the owners of the Letete mine are in possession of a very valuable property, and the prospecting done within the past year by the company is said to have substantially borne out the opinion.—Eastport Sentinel.

The home of Mr. and Mrs. John Rogerson, of Leonardville, was the scene of a pretty wedding Sunday, when their grand-daughter, Hazel Davis, was united in marriage with Mr. Horace Richardson of Richardson. The bride looked charming in cream cashmere and carried a bouquet of pinks. She was attended by Miss Hattie Conley, who wore cream muslin veiling. Roscoe Poland acted as best man. They received many costly and beautiful gifts showing the esteem in which the young people are held by their many friends. They will make their home in Richardson.—Courier.

LOCAL AND SPECIAL

Some of the young men are talking of a ball and social entertainment in Drageorian Hall Friday evening.

Mr. F. A. Flewelling who has for the past two weeks been in charge of the new jewellery store, left on Monday for Hampton.

See James McGarigles advertisement in this issue. James announces himself ready for the road and prepared to trade on a large scale.

The Granite Manufacturers met on Monday night. It is rumored that steps will be taken for a settlement with the workers and it is hoped the threatened strike in June will be avoided.

Miss E. Pauline Johnson, who is an eloquentist of merit will be here on the 18th. She is assisted by Mr. Walter McRaye and an evening of amusement and instruction may be expected.

Women the world over are engaging in every line of business and man is being driven from lines of trade once his sole prerogative. Several young ladies in town are enlarging their bank accounts by the raising of fat hogs and the sale of hams.

The summer time table of the Viking is out. The steamer leaves Blacks Harbor for St. Stephen Mondays and Wednesdays at 7 a. m.; Saturdays at 6 a. m., calling at L'Etete and Back Bay, returning leaves St. Stephen Tuesdays, Thursdays and Saturdays.

The volume of water rushing over the falls make a scene—grand in its power, and terrific in its swiftness. The water appears of a yellow, angry hue and the dashing spray, hurled hundreds of feet in the air creates hundreds of rainbows and gives a magnificent display of colors.

The local Telephone Company will shortly place telephones in a number of stores and private residences, among others the following: Stores of H. V. Dewar, H. McGartlan, and Hanson Bros., and the residences of G. McCre—The Carleton House—A. C. Gillmor and Thos. Kent.

Now that the Board of Health notices are up regarding back yards and cleaning round generally, it is in order for the street committee to have some attention paid to the public roads, gutters and sidewalks. A few days work on them would add greatly to the appearance of the town.

Word was received this morning of the death of Mr. William Sheehan of St. Andrews. Mr. Sheehan died suddenly of heart failure. He was well known throughout the county and leaves a widow—formerly Miss Margaret Lynott of St. George and two sons, telegraphers—one in Lunenburg and the other in Montreal and one daughter, a trained nurse at present in Boston, all children of a former marriage.

Schooner Ruth Robinson, Captain Theal, cleared for Norwalk on Saturday, loaded with pulp. Capt. Theal was accompanied by his wife—in the recent fire in Chelsea, Capt. Theal lost his home. Everything in the house was burned and Mrs. Theal and her mother had difficulty in escaping with their lives.

Saturday brought a large number of fishing parties down the river from the lake. The good old days of big fishing at Etopia are not yet a memory for every party had strings of speckled beauties. The fish were all of a very large size and were of the kind that made a man wish for the "call of the wild" and scent the odor of bait and hear the swish of the line as it bends the rod and turns the reel.

J. W. Webster, Jeweller and Optician returned from Hampton on Monday. He brought with him a large assortment of jewellery. Mr. Webster has made a special study of the eyes, persons troubled with headaches would do well to give him a call—his eyes cause headaches, properly tested glasses will cure the sufferers. The store occupied by Mr. Webster is certainly a credit to the town and deserves a liberal patronage.

A bigot gets more credit for his stubborn nature than the open-minded man gets for his sympathy. Never argue with a fool. Contention is a plane. The wise man is pulled down to the level of the fool, but the fool can never be raised to the attitude of the sage.

Jealousy is the only passion that can never be reasoned with or convinced. The logic of truth appeals to anger, to envy and even to hatred. But jealousy, the green-eyed monster, looks you straight in the face and calls you liar.

Not Seemly

The critics who are blaming the Government for having appointed Mr. Justice Cassels to investigate the charges made by the Civil Service Commission against certain unnamed officials of the Marine Department, ought to remember, when they ask why the inquiry was not entrusted to the Commissioners, that it is not usual, nor is it seemly, for a person or a tribunal which makes a charge to act as judge of the truth of that charge.—Ottawa Free Press.

Dollars are Dollars Now-a-Days

and you should insist on full value for your money. Absolutely the fullest value in good clothes for men are the

20th Century Brand

made-to-measure garments. This is not an irresponsible advertising statement. We stand behind it and are prepared to prove it in every particular.

Made-to-Measure Suits, \$12.50 to \$25.00

Never before have we offered anything like the same amount of style and make in Ready-to-wear suits as this Spring. The fit and general appearance of Picadilly Brand Ready-to-Wear Clothing is away ahead of much that is made to order.

These prices will suggest, but a visit will demonstrate beyond a doubt where to come for up-to-date clothing.

Men's Ready-to-Wear Suits, \$6.50 to \$18.00

Men's Ready-to-Wear Pants, \$1.50 to \$5.00

Nothing like our Boys' Clothing

Good fitting, nice styles, hard wearing and moderately priced. The ever fresh conundrum in buying for a boy, is to get neat clothing that's strong enough to stand real hard wear. We pride ourselves on having just that kind.

The Lion Brand

Footwear prices are low

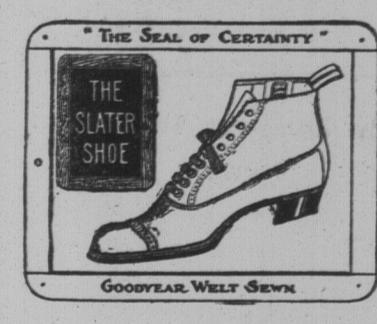

Values are good. In selecting a line of up-to-date shoes, we have endeavored to secure something different from the ordinary styles that are found in every store. Something that would appeal to the wearer at sight, and is backed with a reputation
