240,000 GERMAN MINERS NOW ON STRIKE

Berlin, Jan. 20, 4 a. m.--The Vorwarts this morning estimates the number of strikers in the coal mining districts at 240,000. The news from the scene of the strike shows no change in the situation.

COMMERCIAL TRAVELLER INJURED AT SACKVILLE

Sackville, N. B., Jan. 19--(Special)--G. C. Lees, traveler for Mander Bros., paint and varnish dealers, was run over by a span of runaway horses about 4 o'clock this afternoon and knocked insensible. He was taken to the Wry House and medical aid summoned. His injuries are not serious. The horses were attached to an empty sled and belonged to the Ladies' College.

SHOT FIRED BY IMPERIAL GUARDS AT CZAR

WAS THERE A PLOT TO KILL HIM? St. Petersburg Much Agitated Over the Affair--Soldiers Confined to Their Barracks Pending an Investigation--British Case and Russian Defence in Hull Outrage.

EMPEROR NICHOLAS II OF RUSSIA

St. Petersburg, Jan. 19--The ceremony of the blessing of the waters this year was accompanied by an event more mysterious, unprecedented and extraordinary than any afforded by the annals of Russian history. For a Russian sovereign to fall killed by the hand of an assassin is no new thing in Russian records, but that the emperor should narrowly escape death by a shot from his own artillery while he was engaged in a solemn religious rite, surrounded by priests of his church, is so difficult to realize as to be almost incredible. Yet this is what happened today and the Russian public is left wondering and mystified.

MINER OFFICIALS WITNESSES FOR HURL CHARGES TUCKER TANGLED

John Mitchell Accused of Selling Out the Colorado Strikers Several Greatly Confused on Stand by Prosecuting Attorney... AN ANGRY SCENE THOSE BLOOD STAINS... Friend of Prisoner Declares That He Was With Him When He Cut His Finger, and That's How the Spots Got on His Clothing--Experts Finish.

Indianapolis, Jan. 19--The management of the Colorado strike was bitterly argued today on the floor of the national convention of the United Mine Workers. Delegate Robert Randall, of Wyoming, took the floor and spoke more than an hour. He charged that President Howells had sold out the miners' organization in the recent Colorado strike, and attacked the financial integrity of the president. His speech was a personal attack on that day, and the delegates tried to silence Randall but President Mitchell rapped for order and insisted that Randall be heard.

Where Shots Intended for Czar? St. Petersburg, Jan. 19--The annual ceremony of blessing the waters in front of the Winter Palace was performed by Emperor Nicholas this morning. During the ceremony several shots were fired from across the Neva and bullets entered the windows of the palace. No one was hurt.

Women Testify for Smoot. Washington, Jan. 19--Two prominent gentle women of Utah, one a member of the legislature that elected Mr. Smoot a senator, were witnesses today in the Smoot inquiry before the senate committee on privileges and elections. Both women gave Senator Smoot an excellent reputation and testified that they would not vote for a polygamist. The counsel for Senator Smoot exhausted their list of witnesses here, but expect several witnesses will arrive in time for the hearing tomorrow.

Rosseau Indicted. New York, Jan. 19--Gesler Rosseau, charged with sending an infernal machine to the Canada dock a year ago last May, was indicted today by the grand jury under the section of the penal code which makes a felony to send dynamite or other explosives to a steamship or railroad without label or other sign of its character. It is expected that Rosseau will be extradited from Philadelphia.

Bullets Followed Blessing. St. Petersburg, Jan. 19--Performing the annual recurring blessing of the waters of the Neva with all the accustomed brilliant ceremonial, Emperor Nicholas today wore the uniform of the famous Prusobrensky regiment. He looked in excellent health and walked with an elastic step and erect military bearing and greeted each regiment with the salutation: "Good (Continued on page 7, fifth column.)"

John Charlton Critically Ill. Toronto, Jan. 19--(Special)--Word was received here that Hon. John Charlton is critically ill at his home at Lynedoch (Ont.), having suffered another stroke of paralysis. This is the second attack during the past few months and Mr. Charlton's friends despair of his recovery.

Women with Weak Kidneys suffer agonies; yet often never realize why causes the trouble. The sharp shooting pains in the back, the dull aching across the loins, the throbbing headaches, the sleepless nights, loss of appetite, pallid skin, and general debility are all indications of dangerous kidney trouble. Women with weak kidneys should take SUN KIDNEY PILLS. They have saved many a woman from hopeless suffering.

HOPWELL HILL. Hopewell Hill, Jan. 18.—The Albert county council, who were in annual session on Tuesday, finished business on Friday and adjourned on Saturday. By a vote of eight to four, it was decided to discontinue the county road fund, and to place the responsibility on the shoulders of the municipalities. The January session of the supreme court opened at the court house at the shire town yesterday. Judge Gregory presiding. The numbers of the legislature presented today were: Sir David Dixon, W. A. Trueman and A. W. Bray. The attendance was not large, owing, doubtless, to the severity of the weather, and the fact that there was nothing of special interest before the court.

KINGSTON MACDONALD SCHOOL TAXED TO ITS CAPACITY. Pupils from All Sections of the Province in Attendance, and Many Are of Mature Age. Kingston, Kings county, Jan. 18.—Kingston Consolidated School reopened on Monday, Jan. 18, with a large attendance. The seating capacity of the school is now about taxed to its utmost. Pupils from different sections of the province continue to arrive, but very few more can be admitted. Nearly every available pupil of school age belonging to the consolidated section is in attendance; and there are many over twenty-two years of age who are now returning to school after an absence of several years. Some of the pupils of the school are now about to commence a business in this school, and with children many years younger in age. Among those who began this week are Miss Lulu Kelly, Sister Mountain, Kings county; Miss Lura McDonald, Queens county; and Miss Lura McDonald, Kings county. The school has many visitors each day, the number of which of winter do not lessen the cold. Light winter days, which are very comfortable, are being put on the stove. The children are in the school, and many are of mature age, and the vans arrive in good time every morning.

We Will Buy

A 50c. Bottle of Ligozone and Give it to You to Try.

We want you to know about Ligozone, and the product itself can tell you more than we. So ask you to let us buy you a bottle—of a full-size bottle—to try. Let it prove that it does what the medicine cannot do. See what a tonic it is. Then you will use it always, as we do, and millions of others. Ligozone—like a mass of oxygen—is death to the germs that cause disease. It is the only way known to kill the germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease. Ligozone does it. It is the only way known to kill the germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease. Ligozone does it.

We Paid \$100,000

For the American rights to Ligozone. We did this after testing the product for two years, through physicians and hospitals, after giving it to thousands of different people. It is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

50c. Bottle Free.

If you need Ligozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the freight ourselves for it. This is our free gift, made to convince you; to show you what Ligozone is, and what it can do. In justice to yourself, please, accept it today, for it places you under no obligation whatever.

Ligozone costs 50c. and \$1.

CUT OUT THIS COUPON. For this offer may not appear again. Fill out the blanks and mail to The Ligozone Co., 450-464 Washab Ave., Chicago.

My disease is... I have never tried Ligozone, but you will supply me a 50c. bottle free I will take it... Give full address—write plainly.

SIX DEAD IN BRITISH RAILWAY WRECK. London, Jan. 19.—An alarming collision, in which three trains were involved, including two Scotch expresses, occurred on the Midland Railway, near Barnsley, early this morning. Four passengers and two railway men were killed, and a score were injured, of which seven were seriously hurt. The accident occurred in a fog, the train running into the wreckage resulting from the first collision. The cars of one of the Scotch expresses burst into flames, and were soon ablaze from end to end. There were not many passengers on the train, or the casualties must have been far heavier, as the impact was so great that the cars were telescoped and splintered into a matchwood. Among the injured is Robert Brown, the artist.

CHARGE OF CARD-PLAYING AND OTHER MATTERS IN JAIL TO BE INVESTIGATED

County Council Appoints Committee, Councillor Bullock Having Made Allegations--Councillor Christie's Views on Clergymen's Work in Prison--Farewell of Councillors Maxwell and Lowell.

At the quarterly meeting of the municipal council Tuesday, jail conditions were sharply criticized by Coun. Bullock and an investigating committee was appointed. In place of the proposed automobile bill to apply to St. John city and county it was decided to ask the government to pass one to apply to the province as a whole. Councillors Maxwell and Lowell, who were invited to the broader field of provincial politics, bade farewell to their fellow councillors. Warden Macrae occupied the chair and the full council was present. ... Speaking on the improvements in the jail, he thought the additional expense was to some extent due to the new heating apparatus which, however, was giving much additional comfort to the inmates. ...

Changes in Connection With the Jail.
Coun. Bullock made a complaint as to the prisoners in the jail not being classified. He said they were all huddled together, the first offenders with the more hardened criminals and the matter was most serious. He wanted to know if an advisory board would be an advantage. ...

The Automobile Question.
The secretary read the draft of the proposed bill for the regulation of automobiles in the city and county. Coun. Maxwell thought the purpose of the bill would interfere with the rights of the city, as a proportion of the fees should go to keep up the roads in the city. ...

Coroner's Fees.
A protracted discussion was carried on respecting a request for a reduction on the assessment of certain property at Masquah owned by F. Carmen, which had suffered from the forest fire in 1903. ...

The "Hook Candy Mine" Crew.
Coun. Lewis made a comparative statement of the convicts in the jail. In November, 1902, there were 50 inmates; in June, 1904, the number was 33, and today there are only 21. ...

MESSRS. MOONEY DR. A. B. WALKER WOULD BE A MOSES TO THE COLORED PEOPLE

City Must Deal With Them Before Controlling Mispick Stream

NO FIGURE NAMED YET First of Probable Series--Surveyor Reports Messrs. Mooney Have Power Enough to Light Whole City, and Three Times More Than There is at the Mill.

Messrs. Michael F. Patrick and Edward Mooney have to be reckoned with before the city can utilize the Mispick pulp mill property, or more properly speaking, utilize the water power of the Mispick stream and which is everything to the mill. There was talk of claims by property owners along the stream at the time the purchase by the city was in contemplation, and it was calculated that several would have to be dealt with, but Messrs. Mooney's is the first to receive public notice.

It having been learned by a Telegraph reporter that they were having survey work done by the vicinity of F. W. Holt, C. E., M. F. Mooney was asked last evening if this had any bearing on the city's position as new owner of the property. Mr. Mooney said he and his brothers owned land on both sides of the stream above the mill. The land carries control of the water rights in the stream in front of the survey report, which, as they are verifying to ascertain just what was the head of water there and what it would cost to develop it, having in mind a lighting plant. The result showed three times the power which the stream gives the city at the mill and power sufficient to light the whole city. ...

British Artist Found Dead.
London, Jan. 19--G. H. Boughton, the artist, was found dead in his studio, Campden Hill today, where he had been working alone on a picture commencing a month or so ago. He had been ill for several months for heart disease.

George Henry Boughton was born at Norwich, England, and from the age of three until 1890 was a resident in the United States where he received his education at the High School, Albany (N. Y.). As an artist he was self-taught, but before 1892 spent a couple of years in Paris studios. The following year he exhibited at the Royal Academy, was elected A. R. A. in 1879, and Royal Academician in 1899. He was a great lover of nature and among his publications may be mentioned Sketching Rambles in Holland, published in collaboration with E. A. Abbey, A. R. A. in 1883.

Edward T. Kelly.
Friends of Wm. J. Kelly, I. C. R. baggage master, will deeply sympathize with him in the death of his fifteen-year-old son, Edward T., early Thursday morning. The boy retired to bed in his usual health Wednesday night and the first known of his death was when a brother went to call him for school yesterday. ...

COMPENSATION ACT J. King Kelley Discusses Matter Before Conservative Club

Reviews Legal History of Question of Remuneration for Injuries Caused Workmen, and Speaks of Present Law in New Brunswick.

J. King Kelley, B. C. L., during the course of a very instructive and highly interesting address on the workman's compensation act, in the Conservative rooms, Brown's Corner, Tuesday, advocated the adoption, by the New Brunswick legislature, of the workman's compensation act, as passed in England in 1897. He also suggested changes in the present New Brunswick act, notable among which was his suggestion to have the word "steamship" in our act replaced by the word "whip," so as to make the term sufficiently general to include injuries on vessels of all characters. ...

What the Idea Is.
"The African Civilization Movement" is perhaps best set out in the syllabus as follows: The chief object of this movement is to bring the whole continent of Africa and the whole African race within the pale of Anglo-Saxon civilization, and we propose to do this by founding in some part of British Africa, not already largely occupied by white people, a colony of an intelligent, educated, industrious class of English-speaking negroes drawn from English-speaking countries.

Dr. A. B. Walker, of this city, has laughed his side when he has seen the British colony of educated English-speaking negroes in Africa with the idea of ultimately bringing all Africa within the pale of Anglo-Saxon civilization. ...
