

THE EMBARGO ON FRUITS LIFTED

PRELIMINARY PEACE TERMS ARE ABOUT COMPLETED

Concern Over German Conditions is Uppermost At Paris

INDEMNITIES WILL BE BETWEEN TWENTY-FIVE AND FORTY BILLIONS.

PARIS, March 5.—(By Fred S. Ferguson).—German officials will be called to Paris to receive the terms of the preliminary peace within a week or ten days after President Wilson's arrival, according to a belief expressed in certain official quarters today.

The conditions of the separate treaty were said to have been worked out to an extent where formal approval of President Wilson, Premier Lloyd George and Premier Orlando would be obtained within a remarkably short time after they had undertaken the discussion of its terms.

While the details of dealing with the German delegates have not been worked out, it was assumed that enemy emissaries would first be called to Versailles to receive the terms, which they would then submit to their government, as was done with the armistice. After the German government had ratified the treaty, the enemy delegates would proceed to Versailles a second time, when the pact would be signed.

In the event that this procedure is carried out, it is probable that only one special committee will receive the German emissaries on their first visit, a plenary session of the peace conference being called when the signatures are affixed.

President Wilson will find an entirely new atmosphere when he arrives here. Concern over what is going on in Germany will be top-most among the anxieties.

The French view that the Allies are entitled to German money is appreciated, but it is pointed out, and the French realize, that unless the German situation is relieved, chaos is certain to result.

The Reparations Committee will have decided on the amount of indemnity Germany is able to pay, probably between \$25,000,000,000 and \$40,000,000,000.

In addition to the frame work for the military, naval and air terms of the preliminary peace being completed, the report of the Committee on Internationalization of Ports and Waterways will be ready and strong indictments will have been drawn up by the Responsibilities Committee.

ALLIES MAY DEMAND THREE BILLION DOLLARS

LONDON, March 5.—The Paris correspondent of the Morning Post wires, on good authority, that the Allies propose to demand from Germany \$3,000,000,000 a year for 50 years.

It is estimated that this would leave to Germany a possible revenue of \$1,400,000,000 a year for her internal needs.

200 GERMAN CITIZENS WERE TODAY DROWNED

TRAIN RAN INTO THE MARITIME CANAL

LONDON, March 5. (British Admiralty Wireless).—More than 200 German men and women were drowned when a special train, in which they were returning from a visit to the German military cemetery at Zeebrugge, ran into an open bridge over the Maritime Canal, according to information obtained by a Daily News correspondent.

The cause of the disaster is said to have been that the engineer did not see the signals at the bridge.

JAPS AND CHINESE SAY LEAGUE OF NATIONS WILL SETTLE ORIENTAL PROBLEMS

PARIS, March 5.—Japanese and Chinese representatives issued statements to the press today agreeing that the league of nations will settle Oriental problems but taking contrary views regarding the individual aspirations of their respective countries.

C.M.A. MAY BUY DAILY SAID TORONTO NEWS IS TO BE TAKEN OVER

REORGANIZATION IS NOW UNDER WAY

TORONTO, March 5.—A persistent but as yet unsubstantiated report is in circulation here that the Toronto Daily News will shortly experience another change in ownership and pass into the control of wealthy interests, closely associated with the Canadian Manufacturers' Association and in future become a high protectionist organ and to a large extent the official mouthpiece of the protectionist group of manufacturers.

The change is understood to be due within a few days and it is said that to secure larger quarters for carrying on business the News will lease a portion of the World building.

Strachan Johnston, President of the Board of directors of the Daily News, stated that the News Publishing Co. is being reorganized but that there has been and will be no sale of the newspaper.

ALL KINDS MAY HEREAFTER BE IMPORTED

OTTAWA, March 5.—There is no embargo now in operation against the importation of fruits. Strawberries and pineapples can come in as of yore but are probably still too expensive for fruit dealers to take chances on.

SAPPER W.E. MORRIS HOME.

Sapper W.E. Morris of the 256th Regt. arrived home yesterday afternoon on the 3.30 train and was accorded a right royal reception. Although enlisting in the Forestry Battalion, Sapper Morris served active service and when the Armistice was signed was at the front. During one of the engagements he was wounded in the knee at the time four of his companions were killed outright. He was confined in a hospital in England for some time and on being able to leave the institution embarked for home. He is feeling fine and glad to be back in Canada again.

ENJOYABLE DANCE.

The Orpheus Hall and the Harmonie Hall were the scenes of two large and jolly gatherings last night dancing being indulged in by the Twin City's young people. At the former hall, Krug's Orchestra delighted the merry dancers while at the Harmonie Hall the Dominion Rubber System Orchestra supplied a musical program that was all that could be desired.

Colonel Machin Attacks O. T. A. In House

Act is Being Ruthlessly Enforced. CLAIMS IT IS AN INFRINGEMENT OF INDIVIDUAL RIGHTS.

TORONTO, March 5.—Colonel Machin M.P.P. of Kenora yesterday dressed down the Ontario Temperance Act and the manner in which it is enforced.

The Kenora member in an hour and a half address attacked the Ontario Temperance Act from two sides first because it had no fiscal effect on the business of the liquor people without compensation and secondly because it was an infringement on the rights of the individual. In the latter connection he uttered a warning against what he considered the growing tendency in the province to restrict individual liberty—the growth of Phariseism of a selfish type as that which Christ himself had condemned two thousand years ago. In every part of the province the "sin-bound" was on the trail of the man who wanted to live his life in his own way. Col. Machin declared that he was not in favor of return to the old open bar but he was equally convinced that some arrangement would have to be made by which the man who wanted to have liquor in his home might have it. How that could be accomplished without bringing back all the evils of the old system was a problem but he believed that a solution could be found. He offered his own—a distinctly ingenious one. It was simply this: that every municipality should have the right to declare by a majority vote whether it desired the establishment of a Government liquor store in the municipality. If the voters so decided the store would be established. Then every bona fide resident and householder could go to the Government store, prove his identity and secure a license to buy liquor. With this license he could secure enough liquor for his legitimate needs, but he could not use it to purchase one he left his own municipality.

In commencing his attack the Kenora member explained that in 1916 when he was training his battalion for overseas he made a hurried trip to the Legislature, having heard that the Government proposed advanced temperance legislation. He had opposed it then in caucus, but since he had been overseas he had had an opportunity of making his position clear in the House. The present opportunity was the first he had had since then. Continuing, he voiced the opinion that the Government was confiscating the business of the liquor people after having encouraged them in the belief that they would be kept within the law they would be allowed to continue, should have been fair enough and British enough to have compensated them. Coming to the passage of the Act, Col. Machin declared that the people of the province had been willing to submit to any legislation, no matter how arbitrary in order to help in the winning of the war. Act ruthlessly enforced. "I think," he said, "that our friends, the prohibitionists, took a most unfair advantage in inflaming the minds of the people, already strained by the horrors of war, on the subject of prohibition and stamped the Government into passing the drastic legislation which they did. But I say, Mr. Speaker, that if an unfair advantage was taken then, an honor of the savagery, the brutality and the offensiveness with which this Government and its officers have prosecuted the people of the province for breach of the Ontario Temperance Act, and it speaks marvels for the self-control of the British subjects of this province that they have submitted to the state of affairs in the way they have done."

Col. Machin read several extracts from newspapers dealing with the search for liquor. Continuing, he declared that the soldiers had gone overseas to fight for democracy and for human liberty and were coming back to find their liberty as British subjects and individuals taken away from them.

"I say to every honorable member here," he said, "assert yourself. Be men and not mice, and vote according to your conscience on this matter." The Kenora member repeated his charge that a wave of fanatical Puritanism, fanned by certain men and women, had convinced the Government and that they were a majority. He admitted that he might be taking his political life in his hands in making the address he was making, but he was willing to pay the price.

Able Address By Gifted Toronto Lady

Interest of Independent Labor Party

The organization by the ladies in the interests of the Independent Labor Party is under way. Mrs. Singer of the West Branch, Toronto, is in the city and will remain for a few days, in order to meet some of the local ladies who may be interested in the party. Last evening Mrs. Singer addressed a public meeting held in the Trades and Labor Hall. Mrs. Singer is a gifted speaker and made a deep impression on her hearers. Her eloquent style and her pleasing personality besides her thorough understanding of the subject held the audience in rapt attention.

The speaker alluded to the unrest in the country at present and said this was the natural sequence to the state of political affairs and she blamed the labor people themselves for this condition. However she said she was glad to see the people so active in the present condition.

THE KNIGHTS HAD A PLEASANT NIGHT

ONE OF THEIR NUMBER IS THE CENTRAL FIGURE.

Who's Next?

Knights of Pythias to the number of fifteen gathered at the home of Mr. Walter Hartung, 92 Samuel Street, last evening, the occasion being the anniversary of his birthday. After some music (and near music) several tables of cards were set. After all was said and one, Mr. L.H. Wilson was accredited the honor of first prize winner, with Mr. Art Stuebing a close second, the booby prize winners being E.C. Greb and F.H. Omand with a "minus" score to their credit. Refreshments were indulged in quite frequently, mostly sandwiches, the pickles being monopolized by Table No. 1. Mr. E. Wahl acted as caterer and was kept very busy by the large crowd present. In fact he complained of being tired very early in the evening and was asked to take a much needed rest.

A feature of the evening was the presentation of a gold-headed cane to Mr. Hartung, Mr. A.F. Klug man with a few remarks expressing the sentiments of those present. Difficulty was experienced by the speaker in pronouncing some of the names.

and that they were beginning to recognize that there was only one course to follow, namely to secure labor representation in parliament.

The necessity of better education for the children of the laboring man was alluded to by her, she impressing the fact that one must look to the betterment of the conditions of the rising generation, and any man or woman, who deserved to be called such, was deeply concerned with the welfare of his or her children.

Reviewing the organization and the growth of the Independent Labor Party Mrs. Singer said that the accomplishments in Toronto, Brantford and St. Catharines were remarkable.

In Brantford for the election of Mayor and several aldermen. Regarding the granting of women's franchise, Mrs. Singer said that all the credit for this franchise should go to the Independent Labor party, who for years, she said, had asked for this reform. Woman's franchise was only granted by the submission of the demand by the people, she remarked.

Mrs. Singer criticized the Government regarding the preparation for the after war period. Unemployment in Toronto among other places was rampant. Preparations avoid this should have been made before the war ended when members of the government were away from their post of duty. The men should have been provided for as soon as they came back to this country.

Col. Machin said that all reforms desired were to be gotten through constitutional means.

The appeal to all was to think of the responsibility of each and every one to mankind. "Be one that is willing to shoulder that responsibility—Dare to be a Daniel."

After the address ways and means of organizing were considered. Mrs. Singer suggested interesting a few ladies in the city and predicted that from these small beginnings big results would accrue. While here, she will also speak in Waterloo.

ATTACKS CANADIAN COMMAND AT THE FRONT.

OTTAWA, March 4.—Gen. Sir Sam Hughes, always successful in stirring up excitement when he takes the floor. Today was no exception. Gen. Hughes took a fling at the Union Government, for which he has no love, hanged Sir Joseph Flavelle and took a sly dig at Sir Thomas White. The most sensational feature of his speech was an attack on the Canadian command at the front.

He then referred to his early com-

ments on the Military Service Act. It did not require anyone of great legal sagacity, he said, to see in the act opportunity to every man to say at home who wanted to. There were various forms of government, Sir Sam proceeded. But there was only one form which should be encouraged, the form of responsible Government—government by the people, through the people, and for the people. Sir Sam went on to refer to the composition of the government of Sir John A. MacDonald, in 1878, of Sir Wilfrid Laurier, in 1896, and of Sir Robert Borden,

in 1911. These, he said, formed a legitimate coalition, as compared with what he termed "the machine" made affair of Sir Joseph Flavelle and the City of Toronto, a remark which aroused loud cheers from the Opposition.

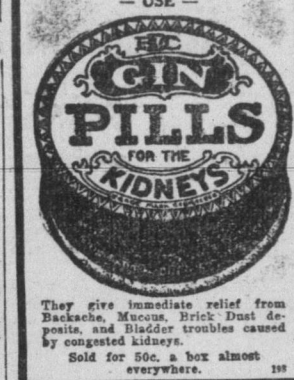

Attacks W.M. Act. Referring to the War Measures Act, Sir Sam declared he had yet to see the necessity for any departure from responsible Government. He had yet to see wherein any country a War Measures Act had advanced the interests of the country.

He could not see that the food control business was of any use in Canada—it was some times a con-founded nuisance—or that coal control was on any utility except to add three to five dollars a ton to the cost of coal in many instances. If Canada was to have autonomy in war time, then why not autonomy in peace time?

"If this is to be so," went on Sir Sam, "let us, in the name of heaven, send for the Kaiser and establish him in power here."

These things were not necessary and Sir Sam would challenge any

DON'T COMPLAIN!

man to show him the necessity of one single movement of autocratic Government.

There were those who went around saying they took no stock in politics. Sir Sam had never seen such a man, but had come to the conclusion that he wanted watching.

Need Watching. Sir Sam went on to say that he had made a careful study of human nature and he had never yet seen one of these gentlemen, preacher or no preacher, who did not need to be watched.

There was, he said, a spirit of independence abroad on both sides of the House. The Government could have its hands full to cajole, bribe, bully, push, down and out-track gentlemen on its side.

Sir Sam said that amongst the difficulties he had to overcome in 1914 in raising the forces was prejudice, jealousy and envy on the part of some of his colleagues. Sir George Perley seemed to think that it was his duty to conspire in 1915 to overthrow Gen. Hughes.

He also found himself handicapped by certain news papers in Montreal and Toronto, one of which was edited by a brother of Sir Thomas White, and who had since been rewarded by being appointed head of the Dominion Public Information Bureau.

He caused a good deal of laughter by referring to the Toronto Empire Club meeting in 1916, at which, he said, it was stated that "Borden had no backbone, and would have to get out." There were canvassers at the meeting, representing financial and insurance organizations.

The aspirations of Sir Joseph Flavelle, canvassing against Borden and demanding that he make way for another man. He said that the agents or friends of these organizations, under the same auspices, had a conspiracy in 1915 to overthrow Gen. Bertram and the shell committee and control munitions in Canada.

Meat Contracts. Gen. Hughes said that Sir Joseph Flavelle finally became head of the munitions department and then they found this distinguished citizen ge-

ting contracts for meat in the United States and in Canada and making large profits. They had heard about the profits in Canada, but nothing had been heard about the operations in the United States. Sir Sam asserted that Sir Joseph had got \$5,000,000 a month for contracts through his influence as head of the munitions board. He declared that Sir Joseph Flavelle had made \$100,000,000 during the four years of war.

Says Advice Asked. Sir Sam stated that he had been invited by Premier Borden to meet him at the close of the 1918 session, just before the premier departed for England. Sir Robert, the speaker said, had asked him at this meeting to advise him as to what course should be pursued in the administration of the Canadian army.

He declined to give any advice on the matter, telling the premier that he was no longer one of his advisers and was therefore not in a position to give him counsel.

The magnificent influence of the Canadian High Commissioner had exercised its power over Sir Robert Borden ever since the war started, said Sir Sam.

The former Minister of Militia then went on to speak of protests which he had made against the waste of Canadian boys' lives in unnecessary stunts on the battlefield. He read a letter which he wrote to Sir Robert Borden, urging that the prime minister demand that this waste of valuable life immediately cease. The letter follows:

"Ottawa, Ont., Oct. 1, 1918. 'Dear Sir Robert: 'Once more I desire to draw your attention to the needless massacre of our Canadian boys as has needlessly occurred at Cambrai. Mark you, I am not one who thinks wars can be won without the loss of human life, but Gen. Foch has shown the world, what I have always claimed, that mind conquers matter."

The Motive Alleged. "I have on other occasions drawn your attention to the massacres at Lens, Passchendaele, etc., where the only apparent object was to glorify the general in command and make it impossible through butchery and have a fifth and sixth division and two army corps."

"In the present case, however, around Cambrai it seems simply a case of 'bull head' and sending up our gallant lads against positions swarming with machine guns and without our boys being properly supported by tanks or guns to destroy these machine gun positions."

"I have no details other than general and special reports, but I know the locality thoroughly, and any general who would undertake to attack Cambrai by suburbs or street fighting should be tried by court-martial. The only way is to go around the dam thing, as the American attaché said to General Butler at Colono."

"I think the time has arrived when you should assert yourself along positive lines, demand the removal of incompetents and have this needless slaughter—for I call it nothing else—of our Canadian lads stopped."

"You should secure returns of the losses by brigades and battalions during each year or tenure of command, and what each brigade accomplished, and it will be found

that, in many instances, the brigades and battalions that have accomplished the most have suffered the least. Claimed Incompetency. "Bull-head and incompetency are traceable by the horrible casualties rolling up into eight and ten times the total force of a battalion or a brigade. Anyone can sit back and simply order battalion after battalion to go forward to certain death. General Foch does not want that sort of thing. Neither do the people of Canada."

"Faithfully, (Signed) 'Sam Hughes.' He had, said Sir Sam, received a reply to this letter from the prime minister. The latter was out of town when it reached Ottawa. He had sent copies to General Foch and Haig, and it was noticeable that after it was sent the allied armies pursued the policy of surrounding towns and villages in the path of their advance rather than taking them by frontal attack.

Allen Theatre Wed. and Thurs. MATINEE AND EVENING. D. W. Griffith's Newest Artcraft Picture "A Romance of Happy Valley"

When the critics say: "It's another D. W. Griffith triumph," the public KNOWS and GOES.

MR. GRIFFITH is quite alone in his mastery of creating film dramas. His 'Romance of Happy Valley' is a splendid example of how the wand of direction may make an exceptional attraction out of a simple story-fabric. —New York American.

"D. W. Griffith has turned from war to peace. Robert Harron's impersonation adds to the already accumulated evidence of his versatility as a screen actor." —New York Times.

"The mechanism of the story is simple, but rippled with humor and leads to a novel tangle at the end that is cleared up with a surprise and a few revolver shots. Lillian Gish, looking prettier than ever, is bound to be a hit with feminine audiences because of her ridiculous costumes." —New York Sun.

"Film at Strand like Barrie play. 'A Romance of Happy Valley' charms by its naturalness and simplicity. It's Griffith in a new vein. It charms and touches you, it is a genuine romance and it embodies some of Mr. Griffith's best handiwork." —New York Morning Telegraph.

"One of the best pictures seen at the Strand in a long time." —New York Evening Post.

"Treatment exceptional and the picture much better than the average photoplay." —New York Evening Sun.

"Homely humanity, vivid action, laughable in details and tense in effect. George Fawcett reaches a climax in the last scene which is one of the strongest pieces of acting of the screen." —New York Evening Telegram.

"It needed only the announcement of a new photoplay staged by D. W. Griffith to crowd the Strand Theatre yesterday at every showing on a 'A Romance of Happy Valley.' Mr. Griffith has succeeded again in displaying his genius. Suspense, thrills and surprises everywhere in the swiftly unfolding tale." —New York World.

"Enter Mr. Griffith again with another photoplay de luxe! With his rare understanding of human nature and what audiences demand, Mr. Griffith maintains suspense throughout and delivers a well directed and effective punch in the final reel. I recommend 'A Romance of Happy Valley' as a refreshing and worth-while picture." —Mae Tinee in the Chicago Daily Tribune.

THE MUNICIPAL WOOD FILE
Owing to the war suddenly ceasing and the weatherman having given Ontario an imitation of a Florida winter, the city finds itself loaded up with wood.
Anthracite had in January last become so plentiful that it was deemed wise to discontinue the coal distribution office. With hard coal readily available, city wood did not appear so desirable.
On the urgent recommendations of the Dominion Fuel Controller and other public bodies, this and other municipalities purchased wood at Algonquin Park. In view of the Federal Fuel Controller then restricting us to 70 per cent of our normal supply of hard coal, this city ordered 3,000, Hamilton, 6,000 and Guelph 1,000 cords.
Hamilton will try and dispose of 3,000 cords this winter and allow the remainder to remain until next winter in Algonquin Park. Guelph will leave 500 cords there. This city has or will bring down 500 cords and endeavor to sell 2500 cords at wholesale, to a lumber company located near the Park. Failing this, it will be carried over at the Park until next winter.
With a plentiful supply of coal available, it is recognized that it will be difficult if not impossible to sell this 500 cords at cost, as was intended.
The city is faced with a loss on the whole cut. Four-foot wood, which in January was fetching \$18, has recently been selling at \$12 on the market. This shows the market's trend.
In January the Fuel Committee had fixed a price of \$14.75 for four-foot wood. This at a time when the market price was \$18.00. Soon afterwards the prevailing price dropped to \$14.00. The city's wood should then be partly credited with having brought down the price, first by \$4.00 and later \$6.00 per cord. All who purchased wood, were saved from \$4 to \$6 through the city having a wood supply.
With the changed fuel conditions which have come since January, wood must now be estimated, not as a substitute for coal but in its relation to coal as a fuel. Few householders would, were their prices identical, prefer a cord of hardwood to a ton of hard coal.
The Fuel Committee, taking this into consideration, recommended and the City Council adopted the suggestion that Algonquin wood be sold to the citizens at \$10 per cord. This for uncut wood. A half cord will be sold for \$5.00. A cord, cut into foot lengths, can be purchased for \$11.50.
The Council recognizing that a loss must be taken, believes the first loss is the best and intends to enable the ratepayers who will shoulder it to benefit by being enabled to get cheap wood.
That the war would end in November and that the mild winter in the memory of the present generation would follow it, could not have been foreseen in the Spring of 1918, when the wood was ordered. Wisdom direct that the ratepayers make the best of an uncontrollable circumstance.

THE G.T.R. AND ITS TROUBLES
From Ottawa comes a report that the G.T.R. will be obliged to default \$500,000 interest on its Grand Trunk Pacific section. The bonds on which the Company finds itself unable to pay the interest are partly guaranteed by it and partly by the Government.
Were parliament to decline to pay this interest, the G.T.R. would probably default on its G.T.P. bonds and throw that section into the hands of a receiver. The G.T.R. is interested to the extent of \$45,000,000 and Canada about \$40,000,000.
At the 1918 session of parliament, the G.T.R. was helped to the extent of \$7,500,000 on interest account and afterward, was along with other railways, permitted to increase its freight and passenger rates 25 per cent. Seemingly this increase has not served to pull it out of the hole.
The object of the company is to unload the unprofitable Grand Trunk Pacific onto the country and retain the G.T.R., which though not a profitable system, has been able to worry through, by paying dividends on its preferred stock.
Parliament would be remiss in its duty to the taxpayers of Canada were it to acquire the G.T.P., which is admittedly a white elephant, and allow the G.T.R. to retain the parent system. The whole outfit should be taken over, the better with the poorer, and an effort made to co-ordinate this transcontinental system with the Canadian National Railways. This step was recommended by Messrs Dryden and Acorth.

BY THE WAY
There is to be issued a new and smaller Canadian cent piece. Possibly it may be made smaller to represent its lessened value. Seriously speaking, Canada should also issue a two-cent piece, in a more popular size than the old penny.
Hon. Frank Carvell, Minister of Public Works, declares that the appropriation for the improvement of the harbor at Port Dover must wait. He says the Dominion's enormous financial expenditures preclude for at least a year, the work being undertaken. Ouch!
Through an error in a telegram, a Halleburg man, who had been on a visit to Ottawa, was met by his sons and an undertaker when he reached home. He was able like the late Mark Twain to declare that the report of his death, was "grossly exaggerated!"
Complaining of an alleged failure of the Civil Service Commission to exclude favoritism, when making appointments to the federal service, Mr. Hocken, M.P., of Toronto, urges that members be again allowed to make recommendations. Patronage has been the bane of M.P.'s lives. Merit, in the taxpayer's opinion, should be the sole standard. It is machine politicians who most desire the old way restored. That they have found a member to voice their objections to the new method is proof that it shuts out undesirables from the leaves and fishes.

Extracts of Exchange
INTERNATIONAL LABOR PROBLEMS
Ottawa Journal: So ponderous are the difficulties and far-reaching the complications that must be overcome before an international leveling of labor conditions can be accomplished, that the statement of Hon. Mr. Baines in a Paris interview, to the effect that the International Labor Commission has almost completed its work, that workable plans for the carrying out of the commission's purpose—along the lines of

the British proposals—have been devised and that even such questions as the raising of wages to a standard in ill-paid countries and the consequent elimination of the unjust and undesirable competition between ill-paid and well-paid countries, had been solved, seems almost too definite to be accepted without scepticism. But when one considers that the scheme for a League of Nations so recently conceived has already been put into definite form and is practically accepted and believed in by the world, one is in no position to deny the possibility of hitherto ethical ideas on labor or any other matter being now accepted as practical and drafted into operative form. The world is moving fast these days. Old, respected difficulties and time-honored barriers are melting away before the new "point of view" and what yesterday seemed wholly idealistic to-day becomes feasible.
Mr. Baines withholds information as to the manner in which the labor congress has accomplished its task as the charter of the International Labor Commission is not to be made public until after it has been discussed at a plenary session of the Peace Conference, so that there is nothing upon which to base an opinion of the character of the plan, but one thing that is certain is that its success would be so tremendous in achievement as to stagger the imagination. The basis of the plan is the united concentration of the thought of the world's labor leaders upon the labor problem of the world. To facilitate this a permanent international commission is to be set up with a secretariat located at the headquarters of the League of Nations. The possible results of such united thought and effort may not be visualized. And the labor leaders of the world will have the assistance of the statesmen of the world. Incidentally the removal through the establishment of an international wage standard of one of the considerations on which trade competition operates—the difference in the wage end of the cost of production—would help to solve some other problems, among them that of the protective feature of customs tariffs. With the cost of production equalized there would be less necessity for tariff protection.

Sounded Queer
A Quaker attended the wedding of a young lawyer of his acquaintance and he being presented to the bride, whom he had never seen before, he surveyed the young woman critically and remarked: William, I think thy bride has shown more judgment in her choice than thee has—"
That seemed rather a backhanded compliment for the bride until the old Quaker added: "Because it takes some penetration to discover thy good qualities but he's can be seen at a glance!"—San Francisco Chronicle.
"Where are the songs of yesterday?" asked the temperamental person.
"Over at my friend Dubwaite's house" answered Mr. Glipping.

The mother was putting her little child to bed.
"If you will be real quiet," she said, "I will tell you the story about the prince who killed a dragon and rescued a beautiful princess."
"Oh, mother," protested the child "that story is too undemocratic for the present day. Tell me the fairy tale about the Government official who killed the profiteer and rescued the ultimate consumer!"—San Francisco Argonaut.

Justice in Wrong
A celebrated barrister undertook a trade-mark case that looked hopeless for his client. The client went abroad leaving his telegraphic address, with instructions that he was to be notified of the decision.
He won the case and the barrister cabled "Justice has triumphed!"
The client wired back: "Lodge immediate appeal!"
What He Put On the Horse
"Can any boy tell me what harness is?" asked the teacher.
Not a single boy knew.
"Well," she continued, "is there any boy here whose father works among horses?"
One small boy stood up and answered "Yes teacher mine does!"
"Well," said the teacher "what does your father put on the horse every morning?"
"Please, teacher, every cent he has!"

Friendship
Friendship is a strong and habitual inclination in two persons to promote the good and happiness of one another.—Spectator.

L. L. Hooks Says The Troubles Are Over
Tanlac Built Him Up So He Is Now Working Hard Every Day.
"When I weighed the other day I found I had gained thirty-five pounds, and that's only a part of what Tanlac has done for me," said L.L. Hooks, of North Roswell, Ga., in relating his experience with Tanlac.
"I suffered from such an awful case of stomach trouble," he continued, "that I could hardly eat a thing, and nothing tasted right. The little I forced down didn't give me any strength and at times I would almost choke from the gas that formed in my stomach. I was so weak and miserable I just couldn't do any work at all and was just about all in."
"I commenced to take Tanlac because I saw the good it was doing others, and I could feel all the difference in the world right from the start: it simply made me feel like a new man. My troubles are all over, and I am working hard, using pick and shovel every day, and never have any more trouble with my stomach."
Tanlac is sold in Kitchener by E.O. Ritz & Co., in Galt by R.W. Meidham, in Hespeler by Jno. R. Pina, in New Hamburg by W. H. Boulton, in Milbank by R.B. Hamilton, in West Montrose by A.E. Richert & Co., in Preston by H.L. Frick, in Waterloo by A.B. Learn, in Doon by L.C. Bullock.

Many wives of British premiers have played a considerable part in politics, and added much to the social reputation of their husbands. Probably the most notable example was Lady Palmerston, who was as indefatigable a politician as her husband, and used all her social prestige in his political service.
Queen Mary is one of the hardest working women in Britain. She opens and reads all the letters addressed to her personally, a task that requires an hour or two each morning. The remainder of the forenoon she usually gives to private interviews. After luncheon comes a round of social engagements that keeps her Majesty busy until near the dinner hour. In the evening the Queen writes her private letters, reads the evening news papers and so many books as she can find time for, and usually goes to bed before eleven o'clock.
At Montreal the Protestant Ministerial Association passed a resolution supporting the petition for Dominion prohibition.

IF YOUR EARS RING WITH HEAD NOISES
If you have roaring, buzzing, noises in your ears are getting hard of hearing and fear Catarrhal Deafness go to your drug-gist get 1 ounce of Perminol (double strength) and add to it 1 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.

Under-Currents

By The Duchess

"I feel that I must thank you at once, Uncle Gregory, for your kindness to us," says Miss Dysart gravely, still standing.

"Ay, ay. You acknowledge that," says he quickly. A sudden change comes into his manner, his lips twitch, he glances eagerly with his brilliant eyes from one sister to the other. "I have been your best friend after all, eh?"

"You have given us a home, continues Miss Dysart in tones that tremble a little. "But for you—"

"Yes, yes—go on. He thrusts out his old miserly face as if thirsting for further words, and rubs his hands together. "But for me you would both have been cast upon the world's highway, to live or die as chance dictated. I know! I know that! Dye think I haven't said it over to myself, syllable by syllable, hour after hour, and dwell upon it through many a dreary night? To me, to me you are indebted for everything. You owe me much. Each day you live you shall owe me more. I have befriended you, I have been the means of saving you from starvation.

If so corpulent a face could show signs of excitement it shows it now, as he seeks to prove by word and gesture that he is their benefactor to an unlimited extent. The hateful emotion he betrays raises in Griselda's breast feelings of repugnance and disgust.

"You have been very good; but, even if you had acted otherwise, we should not have been cast upon the highway to starve," she says calmly, but with a curl of her short upper lip.

"No?" he turns his piercing eyes on her. "And may I ask you would have lifted you from it?"

"We have friends—Griselda is beginning, but a low laugh breaking from him checks her—a laugh so unimprudent, so cynical, so contemptuous, that it makes her shrink.

"Friends! Your youthful trustfulness is beyond expression charming; but will you permit me to remind you that children and fools are frequently to be found catalogued in one class? And now again his mood changes, and sullen fire seems to flash from beneath his bent brows. "Be grateful, girl, for what I offer," he exclaims harshly.

"We are grateful," responds Vera gently. She feels as a hand had closed upon her heart with a suffocating pressure. What a home-coming it is! What a welcome!

"See that you keep to that," says the old man with a snarl. "See that you appreciate my bounty. I hope, with a sharp glance at Griselda—who is looking pale but still mutinous, "you look for no luxuries here, that you do not expect to live a life of the lotus-eating school. You have no doubt been bred in the belief that I am a rich man; if so, undecieve yourself at once. I am poor—miserably poor. I am barely live. Yet with all that I have been willing (foolishly) to sacrifice myself with two useless creatures (or the remainder of my life. Come, confess now, you thought that I was rich?"

"We certainly did hear so," said Griselda slowly.

"There was some truth in what you heard," says he, looking down now, and fumbling restlessly with the buttons of his shabby old coat. But some men have calls on them that bring their wealth to naught—this property—of which your father said I robbed him—has it brought me comfort, think you? I tell you no, no. He tears at the coat still in angry fashion, until at length the button gives way and remains within his palm. Holding it there tightly for a second he then drops it to the ground. "You understand now how it is with me? I am a poor man—poor because honest. He spreads wide his beautiful hands, and looks from one to the other of them with a touch of suspicion in his gleaming eyes. "Your father—he has spoken to you of me? he is now addressing Vera exclusively.

"Very frequent.

"With keen affection, of course? with another low, evil laugh. "Brotherly love was quite a passion between us, eh? Have you no word, girl, that you sit there like a stone? The truth now! the truth! He said I wronged him? Swindled him out of his house and property? Was that it? Said I was his worst friend—I— who have, after all his foul slandering, taken his two penniless children to my hearth, to waste, my poor means on the sustaining of them.

Again, that strange excitement seizes upon and shakes his feeble frame, as once more he dwells with a feverish insistence on his newfound role of benefactor. It is almost terrible to see so frail a "tenement of clay broken up by such a burst of vehemence; yet it is remarkable that, while his passion lasts, he seems to grow in strength, and the small fine hand clasping the arm of his chair holds it with a grasp of iron.

"BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for woman's ailments I ever saw."

Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio.

Mrs. Shaw proved the merit of this medicine and wrote this letter in order that other suffering women may find relief as she did.

Women who are suffering as she was should not drag along from day to day without giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its forty years experience is at your service.

Cleaves Your Hair Makes It Beautiful, Thick, Glossy, Wavy

Try this! All Dandruff disappears and hair stops coming out

Surely try a "Danderrine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderrine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderrine dissolves every particle of dandruff, invigorates the scalp stopping itching and falling hair. Danderrine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating stimulating and life producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair and lots of it, if you will spend a few cents for a small bottle of Knowlton's Danderrine at any drug store or toilet counter and try it as directed.

Fretted the pygmy body to decay.

"I have consented to adopt you, he goes on presently, having subdued himself, his cold voice now cutting like a knife. "But do not expect much from me. It is well to come to a proper understanding at the start, and to save future argument. Honestly, as I tell you, has made me poor. Were I as others—You have been, I hear, accustomed to lead a useless, luxurious existence. Your father all his life kept up a most extravagant manner, and, dying, left you paupers. He almost hisses out the last cruel word.

Griselda starts to her feet.

Why They Are Buying WAR-SAVINGS STAMPS

The housewife is economizing in comfortable ways and investing in War-Savings Stamps at \$4.02 each this month. In 1924, when these stamps are redeemed at \$5.00 each, every dollar will have greater purchasing power.

The business man is cutting off small and unnecessary expenditures and buying War-Savings Stamps. He knows his money is available any time he really needs it, with added interest of \$5 for \$4 in five years is an excellent return on money otherwise idle.

School children are buying Thrift Stamps at 25 cents each and are filling their Thrift Cards in order to acquire a War-Savings Stamp. They are helping their country and acquiring the habit of Thrift.

Men on the farms are buying W.S.S. because the Government uses the money to finance export orders for the food raised on Canadian farms. This makes their market sure.

Men, women and children of all ages and conditions of life, are investing in W.S.S. because it is a convenient way to "build a bond". The security is absolute and the interest is unusually high. Some day they will look back with great satisfaction to the day when they bought their first War-Savings Stamps.

TALKING IT OVER With Lorna Moon

KIMONOS AND PARASITES
"I gasp when I think how many hours I used to spend wearing a kimono," the speaker crossed her legs and crossed her arms in a boyish manner, and smiled broadly at the recollection. She was the least kimono-like person that you

could imagine, with her tight-fitting olive drab uniform with its jaunty knee length coat and breeches. "I believe I HAVE a kimono to my name," she added, "but I give you my word that I haven't seen it for eighteen months." "But just wait until you get out of uniform," predicted the Gay Canteener, "then you will let a relapse of Kimonos again—see if you don't!" "If I DO it won't be a blouse wrapper affair, it will end at the knee and be supplemented by pink satin leggings, in all probability!" "With Army Service Corps written across the ankle, I suppose," suggested the Feminist. "Or, Lie in Bed Till Noon Brigade," who was piling an extra supply of

whipped cream on the raspberry short cake for the boy who had been across. "Not that, I seat it!" said the Soldierette, drawing herself to attention with mock solemnity "do you know that I never saw the sun rise until I went into this woman's army. I cheated myself out of the best part of the day for twenty-four years. I never knew what it was to really enjoy my breakfast until I had to get up at six o'clock and work two hours before eating it. Parasite women! It's Kimonos that breed them! If women had breeches and leggings to don in the morning you couldn't keep them in bed after sunrise."

ELMIRA EVENTS

Mr. and Mrs. Arthur Ruppel and son were visitors here with the former parents over Sunday. Mr. and Mrs. Geo. L. Ziegler and family were visitors here for a few days with relatives and friends. Mr. Ziegler has just returned back from France where he had joined the Air Force having participated in several air fights. On his arrival here on Saturday noon the Elmira reception committee were with many Elmira friends at the Station to greet him. Geo. is looking fine and his many friends are glad to see him. May he and his family be spared to live and enjoy many years of health and prosperity. George is one of our Elmira boys who has made good and of whom we feel proud. Mrs. M. O. Kitchener was a visitor here on Saturday. Mrs. A. Devitt of Waterloo was visiting her over Sunday with her daughter Mrs. Fred. Ruppel. Mr. Otto Scheinholz of Toronto was here visiting a few days with his parents. Rev. Duppernell of Petersburg, assisted Rev. A. Gallmer here on Sunday. At communion service

"Brother Feels Sick! He Wants a Candy Cascaret"

To Mothers! You will avoid worry and trouble by giving your children Cascarets instead of nasty Castor Oil, Calomel and Pills. Children look upon Cascarets as Candy and never refuse them even when sick, bilious, feverish, constipated. Besides Cascarets cost only 10 cents a box.

Nothing else works the bile, sour fermentations and poisons from a child's tender stomach, liver and bowels like good old harmless Cascarets. They never gripe, never injure, never disappoint the worried mother. Give Cascarets to children aged one year and upwards. Directions on each 10 cent box.

and also occupied the pulpit on Sunday evening preaching in English.

Fred Nobinsky was a business visitor to Rock Island and other points in the states. Mrs. Will. Steamagle, and Mrs. Miller and daughter Ruth were visitors to Kitchener on Wednesday. Mrs. Geo. Ratz has sold her fine residence to Mr. Miller on Park street.

Mr. Clarence Weber was a business visitor to Toronto for a few days last week. Now that the war is over the Elmira citizens and the travelling public are thinking it is a ripe time that we have a new G.T.R. Station. This has been a long felt want, and we feel that Elmira has shared well in patronizing the trunk, and we sure hope the Railway authorities will soon erect a new station for Elmira. We don't feel like begging for anything that we think we deserve especially in such an enterprising town and community.

The Elmira citizens had the good fortune of hearing the Dominion System Minstrels from Kitchener on Saturday evening. The opera was crowded to the doors, many having to stand but nobody regretted the time as the programme was right up to the mark both in excellence, and display. The Orchestra rendered selections appropriate and fitting. Prof. Zeller sure had the performers at his command who all took their parts well. Those men kept things lively. The solos by the ladies and gentlemen were of high order, and well rendered. The ladies deserve special mention for the numbers and selections. In all everyone attending was well pleased and extend to our Kitchener friends our congratulations and anytime when they are again prepared to give us such a treat we will patronize them.

Born to Rev. and Mrs. A. Gallmer a daughter, Feb. 24, 1919. Mr. and Mrs. Thos. Sherrington and daughter were visitors to Brantford last week. Miss Hattie Ruppel was a visitor to Kitchener on Thursday. Mr. J.H. Ruppel and Fred Nobinsky were visitors to Kitchener on Friday.

Mr. J.H. Bowman of Kitchener was a visitor here with his mother last Wednesday.

Gunner Charles Weichel was a visitor to Toronto last week.

Mr. Henry Ruppel was a business visitor to Toronto on Saturday and also visited with his son Will. over Sunday.

Miss Hilda Fischer was a visitor with friends at Hanover for a few days.

PARENT COMPANY ANXIOUS TO UNLOAD G.T.P.

OTTAWA, March 3.—A report that the G.T.P. is defaulting in about a million dollars of maturing interest due today, was around Parliament to-night, but while members of the Government had heard it none had any official information with regard to it. The payment is due in London.

The Government has been assisting the company, but it has shut down, particularly since negotiations looking to purchase have failed. The parent Grand Trunk Company and the Government are guarantors of bonds, but in this instance the obligation is on the former. It is anxious to get rid of the G.T.P., but not of the main line. Default, if such there be, would probably result in a receivership, which would call on those making the guarantee to put up.

Should the report be accurate the whole railway situation will be affected.

ST. AGATHA.

St. Agatha is progressive in a small way. The newly opened branch of the Molsens' bank promises to be permanent. A quasi garage, lately started is doing brisk business. Now is added the lux of movies in connection with the Sunday school or Parish hall, lately completed and elegantly equipped with projection machines for cards, photos, lantern slides and movies. Quite an audience enjoyed the first public performance Sunday evening. Illustrated lectures on Bible history subjects are promised during Lent.

Born to Mr. and Mrs. Emil Strub, on Feb. 25th a daughter. Congratulations.

Mr. and Mrs. Adolph Stoerer and family of Kitchener spent the week end with Mr. and Mrs. Chas. Stoerer.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

LEMONS BRING OUT THE HIDDEN BEAUTY

Make this lotion for very little cost and just see for yourself.

An attractive skin wins admiration. In social life and in business the girl or woman whose face and hands show evidence of constant care enjoys a tremendous advantage over those who do not realize the value of a healthy skin and a spotless complexion.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoother and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin.

PRINCE LEOPOLD, THREATENED WITH INTERMENT AT HOME, IS ALSO THERE.

VIENNA, Sunday, March 2.—(Delayed.)—Former King Ludwig of Bavaria, a former commander of the German army on the Russian front, and other members of the former Bavarian royal family have arrived in the Austrian Tyrol.

The former King, it is said, intends to live in the Oetz Valley. Prince Leopold will live at Reuss. Prince Leopold is said to have left Bavaria because he was threatened with internment.

MOST EVERYONE USES THEM FOR THE STOMACH.

They Act Quickly, and Make You Feel Lively as a Kid.

A crowning curative triumph in medicine is now given to the world, and all who have been sufferers from stomach ailments, indigestion and headache can be cured by a purely vegetable remedy.

Calomel, salts and such like are no longer necessary. They are harsh and disagreeable. Science has devised something far superior, and you can today go with 25c to any druggist and buy a box of Dr. Hamilton's Pills, which are considered the very quickest and safest cure for the stomach, bowels liver and kidneys.

Half sick men and women who scarcely know what ails them, will be given a new lease of life, with Dr. Hamilton's Pills. Depressed spirits disappear, headaches, gottens, appetite increases, purified and enriched, pain at base of the spine are gone, the nerves are toned up, and a new work is increased, and day by day the old time health and vigor return.

A trial only is necessary to prove how beneficial Dr. Hamilton's Pills are to all who are weak, nervous, thin, depressed or in failing health.

A Spring Message To The Canadian Public

THE Signing of the Armistice relieved some of the most pressing demands for shoes. But it did not, and it could not, increase the supply of leather. It released thousands of men from military duty, but only gradually will they find their way back into their old occupations. So, until an actual shortage of leather is turned into a surplus and the supply of labor becomes somewhere near normal, we cannot expect any marked change in conditions, and the price level must continue high.

Leather is not a product of manufacture, but of natural growth. It takes time to produce a skin, and no process of "speeding up" will hasten it. The demands of the war, and the destruction of war, so depleted the world's stock of leather that, as we told you last fall, it was a big problem to produce enough good quality shoes to go around. Now we must simply wait for a new supply of leather to grow.

Labor is another problem which will take time to solve. Many men, fresh from life spent largely out-of-doors, will not go back to factory work again. Many others bear honorable wounds which unfit them for it. Here again, we expect no immediate return to normal conditions. So in this, our Spring message to the Canadian public, we say:—

"Prudence in buying is still necessary. You can help to bring about more normal conditions if you will continue to exercise it. Buy for service and see that you get *real value* for your money.

"And now especially you should see that the manufacturer's trade-mark is stamped upon the shoes you buy. Unbranded shoes may be reduced in quality to make the price seem low—with the end of the war as a plausible excuse. But no manufacturer will jeopardize his reputation by stamping his trade-mark upon a product which he is ashamed to acknowledge. Remember this, and look for the trade mark. It is the best assurance you can have of real value."

Get This Booklet

We have prepared a booklet "How to Buy Shoes" which we think will help you. It contains advice which you will find of value, whether you buy A.H.M. Shoes or not. We shall be glad to send you a copy with our compliments if you will address our head office at Montreal.

Increase Production: Maintain Wages

Half a million war veterans and war workers must be re-established in civil pursuits. Between 1,500,000 and 2,000,000 people, out of a total population of 8,000,000, are affected vitally by the cessation of hostilities. If Canada is to escape unemployment, unrest and depression, agricultural and industrial production must be maintained and increased.

"Wealth lies in production," Lloyd George has told the British people, "and production can be enormously increased."

"Unemployment is due to underconsumption," says the Reconstruction Committee of the American Federation of Labor. "Underconsumption is caused by low or insufficient wages. Give the workers just wages and their consuming capacity is correspondingly increased. A man's ability to consume is controlled by the wages received. Just wages will create a market at home which will far surpass any market that may exist elsewhere, will prevent industrial stagnation, and lessen periodical unemployment."

The Canadian Reconstruction Association believes that increased production is essential to national prosperity and that good wages ensure efficient labor, the maximum of production, and the most extensive development of the home market.

SAVE YOUR DOLLARS FOR DOLLAR DAY, WATERLOO.

ROBBERY ATTEMPT NEAR WINDSOR NETS THE DESPERADOES LESS THAN NOTHING.

WINDSOR, Mar. 3.—A daring attempt to burglarize the home of Mr. O. E. Fleming, K.C., on the river front between Windsor and Sandwich, was frustrated early to-day when members of the family were aroused by breaking glass in the basement. The thieves drove away in an automobile but collided with the M.C.R. bridge and left their wrecked car behind. The police found that the telephone wires into the house had been cut so that no alarm could be given.

Spirit of Industry

A policy of "wait and see" caused the downfall of a Government.

Applied to business, the same policy is equally fatal. Whereas, action generates progress. Our business is barometrical. It presents an absorbing study in creative human nature.

The first evidence of a creative mind at work is apparent in the demand for Power Transmission Equipment. And creators have been remarkably active since the Armistice was signed.

This new Spirit in Business has not been confined to war plants.

Other men have sensed the close of an epoch, and the birth of a greater industrial future.

We are proud that many of these firms have hastened to

avail themselves of our experience as power transmission engineers. They realize that the gigantic work we have done in the past four years has had its effect upon our spirit. They know it has made us more efficient.

We rendered magnificent service to customers during the war; but we see now that that was merely a preparation.

The latent possibilities of our organization were a revelation to us; and we do not intend that the high mark of service rendered in 1915, '16, '17, '18 shall be lowered.

Victories of peace are second only to victories of war in their demands upon human energy. But Canada will rise to the occasion, and we are translating this faith into action for every firm that calls upon us.

It takes a joint of beef to make a bottle of Bovril

Bovril contains the goodness of the beef.

THE vital elements that give beef its special place and value as a food are concentrated and stored in Bovril.

Just as the equivalent light of 32 candles is concentrated in one electric lamp, so the vital elements of beef—of many pounds of beef—are concentrated in a single bottle of Bovril.

But Bovril is not merely a precious food in itself; it possesses the peculiar power of enabling you to extract more nourishment from other foods. This gives Bovril its wonderful body-building power, proved by independent experiment to be from 10 to 20 times the amount taken. Bovril, therefore, in the true sense of the word, is a Great Food Saver.

Always keep Bovril in the house.

Bovril stands alone

St. Paul's Young People at Elmira.

The St. Paul's Young Peoples Association were the guests of the Elmira Young People last night. There were about thirty local young people there and they were taken up by Doerr's truck. They were entertained at the Theatre by the Elmira young people who had prepared a play. Mr. Geo. Blinck gave the young people a fine speech to welcome before the play started.

The snow on the way home was welcomed rather than rain. The trip was made without a hitch except a break down on the way up.

Is Not yet Decided.

Rev. Father Zinger when questioned by the Record regarding the report that he would visit Rome, stated that he had made no decision and that it might be a matter of two months before he would decide.

Barbers Met.
The Union Barber Shops Association held their monthly meeting last night. A new Union barber Mr. Julius Migowski it might be stated, has started a shop in the North Ward.

Sends British Gas Mask.
Corporal C.M. Finlay has sent a British gas mask to Mr. O.C. Boll, barber South Queen st.

Arrested At London.
An alleged fraudulent alteration of a discharge certificate is said to have led to the arrest in London of a young man named Donald Paisley of Galt by the military Police. He presented himself at the Galt Soldiers Aid office posing as a wounded veteran, it is alleged.

Born to Dr. and Mrs. C.H. Little, Waterloo, March 5th a daughter, (Margaret Ellen).

Born in Kitchener, March 5th to Mr. and Mrs. Alfred Kaufman, a son.

Decision on Friday.
In Police Court yesterday afternoon the charge of having liquor on a place other than private property against a young man Arthur Randall was again heard. The magistrate found the defendant guilty but let the matter of imposing penalty over until Friday.

This is the case where a jug of strong cider was found in a barn by Constables Kraft and Farrell.

Guelph Order Quashed.
Mr. Justice Ross has reserved judgment on a motion by J.M. Ferguson for an order quashing the order of the magistrate of Guelph declaring that the Berlin Lion Brewery had forfeited its brewers' license under the Doherty Act. This act provides that such a license is forfeited on a third offense where liquor is shipped into a province in contravention of the laws of the province.

Mr. Ferguson argued that there would not be a third offense unless in the proceedings the brewer's license were set out and the prosecution was as of a third offense.

Mrs. Singer will address a mass meeting of Ladies in the T. & L. Hall Friday evening—men invited.

Investigating Identity of Two Young Men.
Daniel Armitage and Harold Delaney, last evening were taken into custody by the authorities on a charge of vagrancy, pending an investigation.

A number of farmers residing in the vicinity between here and Bright claim that two young men, claiming to be returned soldiers and representing themselves as selling agents for the War Standard publication under the auspices of the Great War Veterans Association, 219 Carleton St., Toronto, approached them and made sales of the book, various signatures were used by the men, among them being Peronn, Ross and Houser, being on the receipts they gave for money collected. Among the receipts presented was one for a subscription to a daily newspaper of an Ontario city. A preliminary enquiry of the Great War Veterans Association at the street address in Toronto as given above brought the reply that the Association had no men selling the publication for them.

A number of the farmers this morning stated that the men who solicited their orders used threats against them, reflecting on their patriotic sentiments. It is stated that about one thousand dollars worth of orders were secured throughout the various sections of the county.

This morning the farmers appeared in the Court but no evidence was heard.

The whole matter was adjourned until Saturday.

In the meantime the Crown is making investigations at the Great War Veterans Office, Toronto. As stated above the charge against the two men is only that of vagrancy.

Dance
Owing to a restriction order of the Galt M.P.H. there will be no special car to Kitchener after I.O.D.E. Dance on Friday night March 7th.

Woodmen of the World
Will hold their regular dance in Wesloch Hall on Wednesday, Feb. 5th, at 9 p.m. Regular meeting at 8 p.m. Everybody welcome.

For European Trade.
Standardization of products was necessary if Europe in dairy produce and live stock which would be developed in the course of the next few years. C.F. Bailey recently returned from an agricultural mission to Europe made the declaration at Brantford Holstein Breeders' Association.

Deepening of the Thames.
A deputation of Chatham went to Windsor to discuss with the Government engineer the plans for the dredging of the Thames River to a fourteen foot level. Surveys were made about three years ago, and the Department of Public Works intimated at that time that the work would be undertaken when the war closed so an effort is now being made to have this included in the estimate of this year.

John Geko and Pete Perchun were sentenced to ten years each and Steve Ormick to seven years when they appeared at the County Court Sarnia for sentence on a charge of robbery. They were arrested at Wallaceburg last week.

The accused in company with three other foreigners, George Tokor, Nick Kutsuk and Alex. Gavriluk, employees of the Pere Marquette Railway were living in a working car at Courtwright. Ormick, Geko and Perchun held up the other occupants of the car it is alleged, relieved them of their valuables \$135 in cash and a Victory bond valued at \$50 and decamped. Ormick was arrested in the foreign colony at Wallaceburg and when confronted with the facts admitted that he was implicated in the robbery. He had his possession a 22 calibre revolver, which was promptly taken. In company with the Wallaceburg police, Detective Stringer arrested the other pair. A 44 calibre revolver was also found in their possession. They had purchased new clothes and were all dressed up besides having about \$50 in cash.

OBITUARY
The funeral of the late Mr. Wesloch who died yesterday after a brief illness will be held on Thursday March 6th at 2 p.m. from the family residence 82 Weber St. E. to Mount Hope Cemetery (private funeral no flowers).

The deceased who had been a resident of this city for almost 25 years leaves a sorrowing wife one son and eight daughters.

Baptismal Services tonight at Pentecostal Assembly Hall.
Scott street, Evangelist Chambers will speak on "Why Baptism is essential in the Church." After which baptism will be administered to those desiring the same. These services will continue each night this week. 7:45. All Welcome.

Further Charges against youths.
Several other charges have arisen as a sequel to the charges of attempted highway robbery against several youths in the city a week and a half ago. William Beckstein, who is one of the accused, has had a second charge laid against him, the authorities preferring a charge of assaulting Turkey Ludwig in the County goal in an attempt to escape.

Charges of a conspiracy to escape have also been preferred against William Beckstein, Albert Lemanski, Fred Fisher and Percy Flood. The last two being from Galt. Their charges will be heard on Friday.

BEAVER BOARD WALLS & CEILINGS

For New Walls or Old

Use BEAVER BOARD Instead of lath and plaster. It comes in large, strong panels that can be nailed to joists and studding in new building or over old, cracked plaster walls.

BEAVER BOARD is easily and quickly put up without dirt or litter, never cracks, makes house warmer in winter and cooler in summer. It is never pestered over as you get more beautiful, durable and sanitary effects by painting.

BEAVER BOARD is sized on both sides (double sized on back). Protected against changes of climate and temperature; saves time, labor and money in painting.

Will Organize Club Before Week End

APPLICATIONS FOR MANAGER-SHIP RECEIVED

The organization meeting of the new Baseball club at which officers will be elected, will be held on Friday night. The delay has been caused by the absence of several of the backers.

Owners of the franchise here in the Michigan-Ontario League will leave no stones unturned to coral a smart aggregation of ball tossers to keep them up in the race for leadership as they entertain hopes of repeating their 1911 performance of winning the first pennant the year the Canadian league was organized.

The selection of a manager will be dealt with at Friday meeting. Numerous applicants have been received for consideration among them are Jack Beatty, of Chicago, and Frank Boyte of Waterloo. Messrs A.A. Eby and E.O. O. Ritz will probably attend the organization meeting of the league at Flint this weekend.

The proposal of aiding the public parks board here in the erection of a new grand stand and bleachers at Victoria Athletic Park is meeting with encouragement.

Those Left In The Three O.H.A. Series

One of the most successful and highly interesting seasons enjoyed by the Ontario Hockey Association several years is rapidly drawing to a close. Hamilton and St. Patrick's remain in the senior series. Collingwood and Kingston are the intermediate finalists, and while Cornwall are only one goal down in their round with University of Toronto schools it is felt in well informed circles that U.T.S. and Woodstock will do battle for the junior trophy.

SENIORS' BANQUETED LAST EVENING

The local O.H.A. seniors attended, "a wake" banquet tendered by Mr. Reinhold Lang in Bridgeport last night at which a sumptuous repast was partaken.

The color scheme was white with black borders with green stripes. It was unanimously agreed to make an early start to regain the lost laurels next winter and the erection of a new artificial rink will be one of the enterprises to be considered in the meantime.

HAMILTON, March 4.—It is likely that the question of ownership of the Hamilton franchise in the Michigan Ontario League will be settled before the organization meeting to be held in Flint next Sunday. Some of the shareholders in the Hamilton Club of the defunct Canadian League feel that the territory is still theirs and an effort is being made to settle the matter. Some of the men who carried the financial burdens of the Hamilton Club after Knott's Lee and his partners sold the franchise are willing to back a club here in the new league, and a meeting will be held the latter part of the week to discuss the matter and to select the man to go to Flint.

Mr. Ballantine believes that Frank Shaughnessy would muster a winning team for Hamilton, as he did for Ottawa four years in succession, and if he has a say in the matter he will make a strong bid to secure the services of the Ottawa man.

Johnny Dundee, of New York, defeated Johnny Mesley of Philadelphia in a six round fight at Philadelphia last night. Mesley was knocked down twice in the second round.

Jim Coffey of New York outfought Larry Williams, of Bridgeport, in a eight round bout at Jersey City last night. Coffey weighed 196 pounds and Williams 182. Williams fought game battle, but Coffey who had both height and reach, held the advantage throughout.

Willie Ritchie (Gearhart Steffen) former lightweight champion and Miss Ethel Pierce of San Francisco were married in the coast city last night. After a wedding tour in the east, Ritchie and his bride will return to make their home in San Francisco.

ONE MORE FOR R.C.Y.C.
Marblehead Mass., March 4.—The Royal Canadian Yacht Club, of Toronto, has purchased from Allen C. Jones the sloop Nutmeg III., which has been sailing under the Corinthian Yacht Club colors. The craft which won the Lipton Cup in Class P in 1916 will be shipped into Toronto soon and will be used to train yachtsmen. The purchase was announced as in memory of members of the Canadian Club who fell in the war.

The Nutmeg III was built in 1911 and is 54 feet over all.

Time was when many of our citizens used the derisive expression: "You poor prune!" But they don't use it nowadays after ordering prunes in a restaurant.

Hopes to Reduce

SCHEME TO BE TRIED IN PARIS.
PARIS, March 6, (By Jol. Gandt)—The French Government started an offensive against profiteering, with the expectation of lowering the cost of living in Paris forty per cent within a fortnight.

Fifteen large sheds, located in public squares, were opened for sale of government-controlled goods. More will be opened as possible.

These supplies consist principally of food bought from inter-allied countries already in existence. State will transport them from the provinces.

Bonar Law Speaks on World Situation

Allies Will Not Army to Russia

THOUGHTS ON INDEMNITIES
LONDON, March 6, (By Jol. Gandt)—Repeating debate in the house of commons on foreign affairs, Right Hon. Bonar Law, government leader, said that few people had any illusion as to the situation. He agreed that something must be done for Russia but none would recede from the necessary for quelling the anarchy there.

The Government realized that country expected to get the possible indemnities from Germany. He emphasized the point that Great Britain's business to get penny it could, but it was useless to hope that indemnities would wipe out the country's immediate debt.

He agreed that it was urgent peace quickly because there was danger of Germany sinking into anarchy. Moreover, there was the necessity to get their own industry restarted. Therefore, sooner the blockade was ended the knowledge that they could upon another weapon, the Allies would be for Britain and the Allies.

Scale of Gratuities for Soldiers Announced

ALL WHO SERVED ONE TO GET \$25

TORONTO, March 6.—The scale of gratuities for soldiers, who served in the Imperial force, was announced today from Ottawa.

Every private, who has year's service, provided he has an actual theater of war, out of United Kingdom, will receive a minimum of \$25. A lance-sergeant or bombardier will receive at least \$30; while the minimum for sergeants is \$40.

For every month over one year, the man in the ranks will receive an additional \$5 and if actually in a theater of war during that time, an additional \$1.25 per month.

Imperial residents in Canada discharged before December 9, 1918, should apply by letter to the late regimental paymaster in England for the balance of their gratuities. Soldiers discharged later than that date need not make application.

Russian Bolsheviks Aiding Spartans

TRYING TO COORDINATE EFFORTS

LONDON, March 6.—The soviet plan to aid the German revolution, according to dispatches received here today from Hel. President Shmyeff of the Russian commune, addressing that he March 1st, was reported to have declared that the Bolsheviks "are in communication with the Spartans, and our actions will be coordinated."

The Moscow Ivestia reported 17 high Bolshevik officers, in two generals and 5 colonels, were shot on February 26, by order of special committee, alleged to be charge of the wholesale execution of officers in the Ukraine and Don that were suspected of favoring the Allies.

Queen Marie of Rumania, married by her daughters, has been reported to have been in the city.
