Normal car No. 78, in charge of Motorman Rattray, crashed into a big moving van filled with furniture at the corner of Central avenue and Waterloo street last evening, causing considerable damage. The impact swung the moving van clear around, and hurled it against the curbing, where it overturned with disastrous results to the furniture. Many pieces, it was stated, were broken. The van was owned by W. A. Broughton, of 97 Carling street. The driver escaped unhurt.

A Remarkable Demonstration of Women's Newest Suits

at \$22.50

It is our aim to make the present week the most notable in the history of our business. In conducting this event we have three objects in view-the proving of our leadership in women's ready-to-wear apparel, to offer the most desired and scarcest merchandise at unusual savings, to emphasize the pre-eminence of our service.

Fortunate purchases from leading Canadian and American houses bring to us suits for shopping, traveling, afternoon and general wear that are certain to please from the standpoint of style and all round merit. Nowhere else will you find equal. values, quality considered.

Restoratives-not Drugs

Backache is evidence that your kidneys are weak, that there is not sufficient vital force to keep them properly active. Drugs in such a case can only irritate. It is strength that is wanted, and that strength must come from the living battery of vitality we call the nervous system.

That is why Dr. Cassell's Tablets are so unfailingly effective in the cure of backacre and other results of kidney weakness. They nourish the reserves, and so restore health to the kidneys by supplying that vital force upon which the activity of the kidneys and of every other bodily organ

papers. LAST YEAR LONDON CONTRIBUTED OVER \$71,000. CAN WE DO LESS THIS YEAR WHEN THE NEED IS GREATER? From the Wotherland To the People of Ontario

To SIR JOHN HENDRIE,

Lieutenant-Governor, Province of Ontario, Toronto: I have the honor to inform you that the British Red Cross Society, and the Order of St. John, are once more proposing to appeal throughout the Empire, by street and other collections, upon "Our Day," which has been fixed for the nineteenth of October. The money received will be devoted to our wounded soldiers and sailors from Home and Overseas, at the various seats of war.

The generous response which we received last year from all parts of the King's Dominions encourages us to hope that the constantly increasing demand for our help may be met by a corresponding increase of generosity throughout the Empire.

We shall be truly grateful to you if you will assist our work by organizing an appeal and sending the proceeds to us for our sick and wounded at the Front. I shall be greatly obliged if you will communicate the contents of this cablegram to your Ministers, and recommend the proposal to their favorable consideration. Their Majesties the King and Queen, and her Majesty, Queen Alexandra, are giving us their gracious patronage, and I trust you will also see your way to help us in the same splendid manner as you did last vear

Red Cross needs increase as the Day of Victory dawns

The following cable has just been received by his Honor the Lieutenant-Governor of Ontario, from Sir Robert Hudson, Chairman Finance Committee, British Red Cross:

"The urgent need of to-day is for money to carry on the general work of the Red Cross at all the battle-fronts. OUR WORK INCREASES DAILY, BOTH IN IMPORTANCE AND IN COST. Our expenditure is now five thousand pounds a day. Earnestly hope the Province of Ontario will help us this year with the same HUDSON." generosity as last year.

The whole Empire joins in Red Cross work this week

Nothing short of a concerted effort on the part of every man, woman and child in the British Empire will give the Red Cross the financial assistance it stands in

That effort will undoubtedly be made, and the sympathy and generous help of Ontario will again shine forth amongst the gifts of the Empire.

Let the spirit of Thanksgiving move us all at this time, that there are those who work eagerly, untiringly and efficiently, to save those we fain would help, but

If you have a brother, husband, son or friend amongst our Defenders—and who has not in these days ?—you cannot refuse your aid to an organization that stands ready at a moment's call to assuage the pain and suffering of your loved one.

Stiff Workout For Western Rugbyists

Art Smith Put the Boys Through the Mill at Tecumseh Park Yesterday After noon-Twenty Men in Uniform at Best Practice Yet.

It will not be the fault of one Arthur Smith if the Western University rugby football team does not wallop and otherwise lay waste the Guelph O. A. C., when the two teams meet in the Royal City Saturday afternoon. He has been putting the boys through stiff workouts for the past ten days, and bopes to have them in shape when the roll is called in Guelph.

Hard Practice Yesterday.

Yesterday afternoon he chased the boys through a good hard practice, and they seemed to enjoy it. Over 20 of the 'Varsity squad were present, and they worked with a will. Art believes in a good tackling team, and special attention was paid to this branch of the game. The ball was punted to the half-back aspirants, who ran it back as far as they could in the face of the Aggies should get around the West-

ST. LOUIS, Oct. 16.—President Schuyler Britton of the Cardinals, agrees with Ban Johnson's suggestion to adopt popular prices for world series games.

"I believe the highest cut should be a double increase for the season's prices," he said today. "I am going to make this suggestion at our meeting this winter. If I ever win a pennant, I will only double the bleacher prices." The Cardinals' park has the largest bleacher seating capacity in the major circuits. Britton has 10,000 two-bit seats.

"The Cardinals, agrees were high-ball hitters, but in the inning that Lewis made a double and Gardner a home run, he pitched to each just the ball the batter wanted and could hit with all his might."

A cheap piece of machinery, like the boy with a little knowledge, is sometimes a dangerous thing.

Men are buying better and better lawn mowers and reapers and printing presses and gasoline engines and pumps.

Why? Because they find it pays.

Probably there's no better example of this in the case of automobiles than Chalmers cars.

Figures show that over 75 per cent of men who have bought Chalmers cars this year previously owned a low-priced car.

And the great big increase in Chalmers sales (792

ENEMY'S PROGRESS AT ONE POINT ONLY

LONDON, Oct. 17.-According news received in London during the last twenty-four hours the Austro-Germans have made progress at onl one point on the Rumanian front, but the Rumanian side of the Gyimes pass which leads from Northeastern Transylvania in to Northern Rumania and is traversed by the railway, the Ger mans have reached Agas, ten miles within the Rumanian frontier. In the other passes the situation i virtually unchanged. Meanwhile the Russians have been heavily engaged in many places attacking fiercely wit the object of preventing the with drawal of any of the Austro-German troops for action against Rumanian On the Macedonian front, it is an-

Monthly Throng for QUPPOSE you knew for certain that when your earning days are over

your present income would be replaced by another-one which would be adequate for the support of yourself and of your family! And suppose you were sure that income would continue as long as the need for support exists! Can you imagine anything more comforting?

For Yourself in Old Age

TINETY-FIVE out of every hundred men who live to be sixty years of age are then dependent upon their daily earnings or upon charity for their support. It was this condition that caused Lord Rothschild, the eminent banker, to say that "while it required a great deal of boldness and of caution to amass a fortune, it required ten times greater wit to keep it."

But you can easily escape the misfortune of being dependent in your old age. Simply invest a portion of your earnings for a few years in an Imperial Monthly Income Endowment. Then, beginning when you are 55 or 60, or at whatever age you choose, we will send to you-regularly-each month—for the rest of your life—a cheque to provide for your comfort and independence.

If you should die before the policy matures the Monthly Income will be paid to whomever you have named as your beneficiary. And these Monthly Income payments will be made to you or to your beneficiary for not less than 20 years, no matter when your death may occur.

For Your Wife in Widowhood

TOUR salary will stop with your pulse. But your widow and children will still require shelter, food, clothing, education.

You can provide now for these needs by means of an Imperial Monthly Income Policy. Then after you're gone we will send to your widowregularly—each month—a cheque for \$25, \$50, \$100, or whatever sum you may choose. These Monthly Income payments will commence immediately after your death. They will continue as long as your widow lives. Should she not live to receive at least 240 Monthly Income cheques, the balance of that number will be paid to her estate.

There is no other provision you can make for her that is so sure and, at the same time, so convenient. Just think! She will have no worry or bother or expense in looking after the investment of her legacy. She can't lose it. Neither can she be swindled out of it. And it will earn a rate of interest far beyond what could be secured by an inexperienced investor, without danger-great danger—of losing the principal sum.

OW - while you are insurable and can spare the money - ask us to tell you how small a yearly saving will put an Imperial Monthly Income Policy between

between your family and a life of hardship. Just fill in the information called for on the coupon at the side and mail it to us and we will send you full particulars without delay.

It will cost you nothing to learn all about this most modern form of life assurance. Sign the coupon and mail to us to-day-to-morrow may be too late!

Policy between you and a penniless old age-

[Canadian Press.] Paris, Oct. 18-11 a.m.-Every act

of Vice-Admiral Du Fournet, com-mander of the Allied fleet in Greek waters, respecting control of the Greek administration has, by direction of the Allied Government, it is explained here, been made, with the sole object of safeguarding the communications of the Entente armies on the Macedonian front. According to the view expressed here, the safety of the Entente armies, now fully occupied in the campaign against the Bulgarians has been imperiled by what are regarded as the pro-German leanings of the king, the cabinet, and the commanders of the army and navy.

King Not Trusted. Such offers as King Constantine recently made to join the Allies were not trusted. It was felt that to accept them might have been to arm and finance a potential enemy, for the king's offers were always conditioned upon being amply supplied with money and fighting equipment. About one-quarter of the Greek armies' fighting material recently was surrendered to the Bulgarians, and it is regarded by the Allies as unwise to provide equipment and pay for the troops.

OATS SCARGE ON LOCAL MARKET; PRICES JUMPING

Wheat Remains Steady in Spite of Increase in Larger Markets. A continued rush of fall work on the arms is making small local markets. Fall plowing and silo-filling are keeping most of the farmers busy. Oats are particularly scarce, selling for \$1.90 to \$2 a cwt. for old, and \$1.65 to \$1.75 for new. Although wheat has jumped on the larger markets, no change was noted here today. It sold for \$1.50 a bushel, for new, and \$1.38 for old. Barley was steady at \$1.35. Hay was sold for \$1.20 to \$2 acts of the formal strong and closed 28 to 31 American points higher. Bullish dispatches are being received from the south. LONDON STOCK EXCHANGE. London, Oct. 18.—The stock market was dull and fregular today. Gilt-edged shares dropped from lack of support, and Greek bonds and Rumanian oil stocks were weak, while Brazilian tractions and rubber and mining shares were firmer. American securities were uninteresting and closed dull.

The sales of exchequer bonds and treasury bills last week amounted to £32,000,000. Reports that another Allied loan is being arranged in America caused a little surprise here in view of the large purchases of bonds and bills being made.

WALL STREET.

New York, Oct. 18—Wall Street, 10:30 a.m.—Specialties, particularly those comprising paper and leather groups, were again the standard features of today's early operations, advances ranging from 1 to 3 points. Shipping shares, Industrial Alcohol, United States Rubber and some of the coppers also scored material gains, with General Electric and American Linseed Issues. United States Steel improved fractionally on its first offering of 5,000 shares, but allied issues were barely firm. Among rails, Chesapeake and Ohio and Atlantic Coast Line were conspicuous, rising over a point, with 1-point gains for Union Pacific, Norfolk and Western and Reading.

Noon.—Standard stocks reacted sharply before the end of the first hourselling variably under yesterday's final figures. The movement, which savored strongly of a bear drive, based presumably on prevailing market uncertainties, was readjusted. Union Pacific, Illinois Central, Reading, Lehigh Valley and Norfolk and Western guided the list to higher levels. Steel, which had yielded over a point, made almost complete recovery. Fertilizers in general followed the lead of linseed issues and coppers, petroleum, Alcohol, Harvester Corporation, National Biscuit and Pacific, Telephone were appreciably better. Bonds were strong.

1:30 p.m.—Alcohol, Distillers Securities, Crucible Steel and Sugar and Biscuit shares were conspicuous during the mid-session at extreme gains of 2 to 8 points. Representative stocks were were strong but comparatively duil.

The farmers are getting \$1.80 per hundredweight for their milk at the cheese factories, and the whey back. Why go to a lot to trouble to make butter when they can make just as much money with half the labor? It has been stated to me by several farmers that they will get \$2 per hundredweight for their milk next month. All this means that the big creameries have to pay higher prices of cents. It's up to them."
