ATTEMPTED SUICIDE

W. G. Jackson Attempts to take Contents of Bottle Alleged to Contain Carbolic Acid—Down on His Luck

A sensation was created on Monday evening when a young Englishman, W. G. Jackson, by name attempted to commit suicide at the Lansdowne hotel.

Between seven and eight o'clock in the evening he went into the bar and asked for a drink of whiskey, but being refused he took a bottle from his pocket and poured some of the contents into a glass, saying if they wouldn't give him whiskey he could drink other stuff. As he was about to drink the bartender dashed the glass from his hand and it appears that the contents must have been carbolic acid. After this incident Jackson left the bar, and the police were notified. Corp. Hogg, of the Mounted Police arrived shortly, and finding Jackson in the basement of the hotel placed him under arrest. His clothes being searched, a bottle was found in which was a small quantity of car-

bollic acid. Jackson then broke down and cried. He was placed in the city cells awaiting trial. When Jackson first came to Regina he was with the Finlayson Co., and for a time he worked in the east end store. Later he became clerk at the Lansdowne hotel, leaving this to work for the Trading Co. at the abattoir. On the Trading Co. going out of that business he was taken into the office at the departmental stores. A short time ago he resigned his position to again work at the Lansdowne. A week or so later he left the Lansdowne to work for the Waverly hotel until Carnegie Flood took that hotel over again. Since then he has been doing nothing, and has been quite down on his luck. Shortness of funds, and not very good prospects, it is believed, led him to do the deed.

BELL TELEPHONE SYSTEM PURCHASED BY MANITOBA

The System is to be Operated by a Commission—The Price Was \$3,300,000—Premier Roblin Speaks on the Purchase

Winnipeg, Jan. 4.—On January 16, 1908, the Bell Telephone system in Manitoba passes into the hands of the government, the price to be paid being \$3,300,000, for the entire plant and business of the Bell company, the payment to be made in forty years at four per cent bonds payable at par. At the market price of government bonds, the price really being paid for the system at the present time is in round figures about three millions. The government has also purchased from the Bell company, supplies and equipment to the value of a thousand dollars.

Premier Roblin interviewed said: "We hope to take charge on January 15. With regard to operation and to be consistent as a Conservative government in harmony with the policy of R. L. Borden, we will have to operate the government system by a commission which will be free from all partyism. Personally, I am very

strongly of this opinion, though the government has not formally dealt with the matter of operation as yet." "We purchased the Bell system," said the premier, "for the purpose of avoiding the necessity of having a dual system in the province, and in that way preventing the waste of several millions of dollars of capital as well as the extra cost to the telephone user. I believe, also, that it is a good commercial proposition and whatever profit there is in the operation of the telephone system from this time on will belong to the people of Manitoba rather than to a private company. I am also proud of the fact that we have been able to secure for the people of Manitoba the first complete system of government owned telephones on the continent of North America, and am sure, from information secured that the result, as years go by, will prove more and more beneficial to the people."

THREE STRETTENS DEAD

Mother Follows Close After a Daughter and Son—Pneumonia the Cause

Once more death has entered the family circle of the Strettons at Bratt's Lake (Buck Lake) this time Mrs. Stretton, relic of the late Thomas Stretton, aged 78 years, being called away. This makes three from the same family within a short time, first Mrs. J. Reynolds, next John F. Stretton, and now Mrs. Stretton, mother of the two former. The deceased had been ill but a week with pneumonia.

The deceased lady came to Regina district in the early '90's with her husband and family from near Strathroy, Middlesex county. They settled at what at that time and until recently was known as Buck Lake at which place they have lived ever since.

The late Mrs. Stretton was an industrious, warm hearted, generous, honest, thrifty person, and the vacancy caused by her removal will be deeply felt.

Death took place on Monday morning. The funeral was held yesterday to the Regina cemetery. A ceremony being held in the Presbyterian church at one o'clock.

CITY COUNCIL

Committees for the year are selected—Alderman McDonald sent to Winnipeg.

All the members except Ald. Peverett were present at the first meeting of the council for 1908 which was held in the city hall. Not much business was done, however.

The rules of procedure for last year were adopted for 1908.

The following committees were struck, the first two named being chairman and vice-chairman respectively:

Finance: Aldermen Peverett, McDonald, Kramer, Ball and Sinton.
Works: Aldermen Gillespie, Sinton, Wilkinson, Kusch and Wright.
Markets: Aldermen Kramer, Ball, Peverett, Gillespie and Sinton.
Waterworks: Alderman McDonald, Kramer, Wilkinson, Wright and Thomson.

Fire, light and power: Aldermen Ball, Kusch, Peverett, Gillespie and Thomson.
City hall: Aldermen Wilkinson, Thomson, Kusch, Ball and McDonald.
Health and relief—Aldermen Thomson, Wilkinson, Kramer, Wright and Gillespie.
Parks and Boulevards: Aldermen Wright, Peverett, Kusch, McDonald, and Sinton.

Cemeteries: Aldermen Kusch, Gillespie, Peverett, Ball and Thomson.
Reception: Aldermen Sinton, Wright, Wilkinson, Kramer and McDonald.
Ald. McDonald was appointed a delegate to go to Winnipeg to assist the board of trade delegation place Regina's case with reference to the freight rates before the railway commission.

JAPS AT VANCOUVER

Japanese Attack Three Firemen for No Good Reason—Tall Slashing With Knives—Merchants Try to Make Amends

Vancouver, Jan. 1.—Three city firemen named Frost, Anderson and McDonald were set upon by a mob of armed Japanese early this morning and left for dead at the corner of Powell street and Gore avenue, two blocks from the police station. The men were clothed in distinctive uniforms with brass buttons, which makes the attack of the Japanese all the more serious. By accident, Frost fell against the window of a Japanese store, breaking the glass. Instantly the proprietor rushed out and many of his countrymen came to join the fight, which happened in the heart of the Japanese district. The firemen were athletic young men, but were overpowered after a fight, during

WHY YOU SHOULD USE

"Young Tom" WASHING POWDER

BECAUSE—"Young Tom" will soften the hardest water.

BECAUSE—A solution made from two teaspoonfuls of "Young Tom" contains as much dirt-dissolving strength as a solution made from twice the quantity of any other soap powder.

BECAUSE—By putting a solution of "Young Tom" in a tub of water and placing ordinary washing in the tub over night to soak, there is no need of using a wash-board next morning. Simply boil the clothes in fresh water having in it another solution of "Young Tom," then, after "soaking" them thoroughly, hang them out to dry.

BECAUSE—"Young Tom" will not injure the most delicate of fabrics, yet will dissolve the dirt and lessen labor.

BECAUSE—When using most soap powders the hands become hard, sore and dry—"Young Tom" leaves the skin perfectly soft and velvety.

BECAUSE—In washing dishes and glassware "Young Tom" thoroughly cleanses and gives them a bright clear finish—ordinary glass looks like cut glass.

BECAUSE—"Young Tom" cleans carpets.
BECAUSE—"Young Tom" is positively "For purifying and cleansing, unexcelled."

Attempted Suicide

(Continued from page 1.) Jackson, the young man who attempted suicide in the city on Monday evening, appeared before Magistrate Grant yesterday afternoon, and several gentlemen, among whom were Rev. G. C. Hill, J. F. Bole, M.L.A., and S. S. Scott, having interested themselves in the case secured Mr. J. F. L. Embury to appear on Jackson's behalf. The case was made out by the police and the accused pleaded guilty. Mr. Embury, however, stated that those who had taken up the case would like to see the accused given an opportunity and would vouch for his behavior. In view of this Jackson was let go on suspended sentence and later his friends secured for him a position in the city.

EARL'S COUSIN SUICIDES

Cousin of Canada's Governor-General Suicides in New York—Claims His Father Was Cruel.

New York, Jan. 6.—C. H. Grey Duberly, claiming to be the son of Captain James Grey Duberly, of the English navy, and cousin of Earl Grey, governor general of Canada, committed suicide today in the Hermitage hotel, Seventh avenue and Forty-Second street, by swallowing narcotic poison.

Among other letters including one to Earl Grey which the suicide left on the table of his room, was the following: Captain James Grey Duberly, R.N. West Canons, West Caister, Great Yarmouth, England. Jan. 6, 1908.

To my dear father.—By the time you receive this letter I shall be no more. You killed my mother, and you have compelled me to commit suicide. May God have mercy on your soul. Had you treated me as a father should treat a son, things would have been different. I do not want to die cursing you. I forgive you, as I hope God will forgive me. I only hope that you will treat the rest of the children better than you have me.

Your Son, Harry Grey Duberly. The letter to Earl Grey is held in custody by Coroner Cooley.

MORE WIRELESS STATIONS

Marconi May Go After Inland Business and Erect a Wireless Station at Winnipeg.

Halifax, N.S., Jan. 7.—The question of erecting wireless stations in Vancouver and Hong Kong, by which messages could be practically flashed all round the world, is one reason that is taking Signor Marconi away from his experiments at Glace Bay and before starting for England on the Allan Line, the inventor told when he returned to Nova Scotia, which would be in about two months, he would have a definite announcement to make. Whether a station will be located in Winnipeg and an attempt made to capture inland business, is one of the questions which will be decided by the present trip of Marconi. "There will be absolutely no difficulty in transmitting messages from Glace Bay to Vancouver," said Signor Marconi, "and the erection of a station in Winnipeg will depend upon whether we decide to compete for inland business."

Mount Royal Safe

London, Jan. 6.—The missing steamer, Mount Royal is reported of Fastnet, Ireland. The C.P.R. is sending a steamer to tow her in.

Queenstown, Jan. 7.—The long over-due Canadian Pacific steamer Mount Royal has been signalled passing Old Head of Kinsale, she is slowly steaming towards this port.

Montreal, Que., Jan. 7.—The Mount Royal is steaming into Roches Bay, Queenstown harbor, this morning.

Queenstown, Jan. 7.—The long over-due steamer, Mount Royal steamed slowly into Queenstown today and the news of her safety was received with gladness in shipping circles. She had not been heard from in many a day, having been last reported of Lizard, Dec. 10, and watch was being kept for her on both sides of the Atlantic, and as far south as Bermuda.

The Mount Royal belongs to the C.P.R. Atlantic service. She left Antwerp, December 7 for St. John, N. B., with 300 Bulgarian immigrants and a crew of about 100. She was first definitely sighted on Old Head of Kinsale, 16 miles west of this port early today. She was then proceeded slowly under her own steam and signalled that she was coming in here. She declined the help of a tug that was sent out to assist her, and came in alone.

The Mount Royal had trouble with her boilers and was compelled to put back. Shortly after leaving the British

const she encountered a series of heavy gales. She battled with heavy weather for a fortnight, until Christmas eve, when serious trouble with her boilers developed.

The engine room staff ultimately succeeded in obtaining a moderate supply of steam but the weather was such that the captain reluctantly decided it was best to make for the Irish coast. The steamer was headed about and steamed slowly into port. The passengers and crew are all well.

TURGEON ELECTED

Confirmed in his seat but Majority reduced—Of 131 appealed votes 29 were allowed

Prince Albert, Jan. 6.—Alphonse Turgeon was declared elected Saturday by a majority of 54. The count of the appealed ballots was held by Judge Johnstone in chambers, with only the representatives of the two candidates present. The election was held on Oct. 15, and 131 votes were appealed to the judge at the court of appeal. Only 39 of those whose right to vote was protested, were appealed, and only 29 of these had their votes allowed. Of this number twenty were disputed by attorney general Turgeon, and nine by Bradshaw, and the count of ballots showed twenty marked for Bradshaw and nine for Turgeon. The attorney general's former majority was 85, and it is now reduced by 11 in the final count. The attorney general says that he appreciates the majority, and will have the present election law changed before the general elections.

A booklet written by ex-Lieut. Governor Mackintosh on the "Potential Resources of British Columbia" has just come to our desk. The work is the result of a prize offered by A. C. Flumerfelt, president of the British-American Trust Co., Ltd. The booklet is written in a concise and readable form and the information given is no doubt reliable. The booklet is being distributed very freely in America and Europe.

Ed. Hanlan, the famous Canadian oarsman, died at Toronto last Saturday night. Pneumonia was the cause of death.

In order to secure a test case proceedings were brought against H. A. McEwan on Friday before Justices Glasen and Hamm. The charge was advertising a lottery the case arising from the sale of pictures of Gabriel Dumont recently. With each picture was given a free coupon en-

titled the holder to one chance for 700 prizes, among which were an automobile gasoline engine, and farm machinery of different kinds. The draw was held on Tuesday night Dec. 17, in the town hall and was quite fair, a committee of citizens being appointed to see that a square deal was given to everyone. In the examination the witnesses swore they bought the pictures and were given the coupons. Mr. McEwan was sent up for trial. The defendant was represented by McCraney & Hutchinson. The case will be watched with considerable interest as a goodly number of Rosthern citizens bought pictures and are concerned in the outcome of the case.—Rosthern Enterprise.

Those in need of soft coal are directed to the announcement of J. D. Traynor which appears in this issue. Mr. Traynor has moved into town and will devote his time to the coal business. His office is in the Mickleborough block.

DOMINION STOCK COMPANY

Scene from "My Nephew's Wife"

To play Raffles.

The sensational success of two continents, the clever dramatization of the widely read novel, "Raffles, the Amateur Cracksmen" will be presented by the Dominion Stock Company at the opera house here every way, barring the one little divergence of his being a thief, which is an accidental hereditary trait. Even art he contrived to invest this Raffles, a thief, an immoral person, of

whom no religious playgoers can logically approve, into such a fascinating and favorite fellow. He replied, "Oh, I don't know. As a matter of fact, Raffles in the book is a jolly fine chap you know—one whom you can't help liking and admiring in every way, barring the one little divergence of his being a thief, which is an accidental hereditary trait. Even art he contrived to invest this Raffles, a thief, an immoral person, of

The gentlemanly traits of courage and self control are always admirable, hence in my opinion the popularity of Raffles, the Amateur Cracksmen. This interesting and thrilling detective play will be given an elaborate production with close attention paid to every detail of the setting. The company is well cast and a performance considerably out of the ordinary is looked for.

A Wise Policy

What will go down in history as the outstanding features of the Roblin administration will be their railway and telephone legislation.

The Saskatchewan government should follow the example of the sister province and in co-operation with the government of Alberta the question could easily be worked out.

It is evident that the west is taking the lead in the matter of public ownership of the utilities in such a way as to discourage private enterprise where a monopoly is sought.

Are Satisfied

The friends of the government are gladdened through the exploitation of the interior department, and as far as the timber resources are concerned, the minister of the Interior has arranged new regulations whereby tenders will not be tampered with in the department.

The opposition in parliament have unearthed scandal after scandal in the Interior department and brought the matter home to the members of the House.

take up the investigation of the Interior department preparatory to handing the lands over to the province, much of the blanketed timber limits now held by the government pats for speculation will revert to the Crown.

Another Session

There are indications at Ottawa that the government after arranging to hold the Dominion elections in June, has flunked owing to the general trade depression and the failure of Mr. Slifton to execute the all red project as an election issue.

In any case there will be no election now until the next crop reaches a stage when its success or failure is assured. After the bold steps taken by the government in bringing out their nominations, and in the face of their repeated statements that the country is prosperous, it is really amusing to note the way that they are back peddling.

No Money Yet

The financial stringency has not yet been relieved much in grain circles for wheat consigned to Fort William six weeks ago has not yet found a buyer.

Consistency

Consistency! Has the government organ ever learned what that word means? It certainly does not imply that a paper can assume one principle today and an altogether different one tomorrow.

Star, which since the last federal elections has hardly given the Conservatives an independent support.

What the Star says may be used as the expression of an independent paper, but it cannot be quoted as the voice of a paper supporting Mr. Borden.

Losing Ground

Certain Liberal papers throughout the country describe Centre York as "a former Tory hive" and argue that under the circumstances the Liberal candidate did well in the by-election.

Worked as Expected

The result of the election court at Prince Albert after the lapse of time between the election and Judge Johnstone's court. If his lordship had ruled that attendance of witnesses was not necessary after their votes were allowed by the court of revision Mr. Bradshaw would have been awarded the seat.

Balance of Trade

In connection with the financial stringency prevailing the country is hearing a great deal about the balance of trade being against Canada to a very serious extent, and that the hardships we are experiencing must be accounted for to some extent by this fact.

more than they have sold and are out of pocket. The whole country is in the same position. The Canadian trade returns show that the Dominion has imported so much more than she has exported, that the country is hard up.

FARMERS GOVERNMENT Grain Growers Convention of Elevators

Some time ago The West that the grain growers of three provinces were co-operating in holding a provincial convention at Regina.

A member of the Grain Association writing to me from Brandon a few days ago some information which the Tribune to secure information of a very important nature.

The Dominion grain act measure covering all grain in the three provinces. Were the local government to take over the elevators, it would still be within the jurisdiction of the Dominion act and it will be evident that result would be far from satisfactory.

Some of the members of the committee, considering the question, reached the decision that the difficulties were of a nature and it was decided for the present the provincial ownership of elevators should be done as a matter of course.

FARMERS TO FORCE GOVERNMENT'S HAND

Grain Growers in the Three Provinces to Meet in Convention at Regina and Discuss Nationalization of Elevator System--Delegation to Ottawa.

Some time ago The West announced that the grain growers of the three provinces were considering the advisability of holding an inter-provincial convention at Regina to further the organization, strengthening their position and consolidating their policy. The following article from the Winnipeg Tribune shows that the scheme has now reached a further stage of development.

A member of the Grain Growers' Association writing to the Tribune from Brandon a few days ago, gave some information which has enabled the Tribune to secure further information of a very important character. It will be recalled that when the Grain Growers' executive met in Winnipeg some days ago, they waited on the local government and discussed with its members the proposed changes in the Grain Exchange act, as well as other questions which have been hanging over the grain growers and the local government for a year or more. The question of the local government taking over the elevators in the province and administering them was discussed very fully and as stated in the press at the time, Mr. Roblin pointed out the difficulties, which on examination will be apparent to every lay mind.

The Dominion grain act is a federal measure covering all questions relating to the grading and handling of grain in the three western provinces. Were the local government to take over the elevators in the province, it would still be under the jurisdiction of the Dominion grain act and it will be evident that there would be constant friction, and the result would be far from satisfactory.

The members of the executive, after considering the question for some time, reached the decision that the difficulties were of a very serious nature and it was decided to abandon for the present the idea of provincial ownership of elevators and see what could be done with the Dominion authorities.

It will be remembered years ago, when the question of handling grain became such an important one in the west, that the agitation resulted in the passing of the Dominion grain act. Some far seeing people took objection at the time, saying that it

The alterations to make them acceptable to purchasers were made and in their new form they were voted on on Friday last.

Memories

You die, old year! your sun is set,
 Your knell tolls in the midnight sky.
 Why linger o'er you with regret,
 Why watch you passing with a sigh?

You cover with your funeral pall
 Dear joys that cannot come again;
 You take fond hopes, dreams, pleasures—all;
 But, ah, the memories that remain!

WANT C. N. R.

Farmers Have Much Grain to Ship and Want C. N. R. to Supply Them with Accommodation.

The following petition signed by over one hundred grain growers in the districts northwest of Regina, has been forwarded to officials of the Canadian Northern Railway:

"We, the undersigned farmers of Stony Beach, Cottonwood and Fairville districts, being extensive grain growers and shippers and having no railway and elevator facilities, being at such a distance from a railway that it greatly adds to the expense of marketing our products, and as such railways would draw from fifteen townships of the most productive and thickly populated districts in western Canada, which is now producing annually more than 2,000,000 bushels of grain all tributary to such line as we require, request your company to build a line of railway from Regina in a north westerly direction through the above mentioned districts of approximately twenty-five miles in length during the season of 1906."

Cough Caution

Never positively never poison your lungs. If you cough—ever from a simple cold or—runny throat, chest, and ear—the distressed human child, don't blindly suppose it is a simple coughing cold. Don't let it get into your lungs. Really come about. For twenty years Dr. Shoop has consistently saved people from taking cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now a little late though—Gauguin says "Put it on the label, very good!" Hereafter for this very reason, mothers and others should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's label—and none in the medicine. Make no mistake. Get particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks, there. You can always be on the safe side by demanding

ANOTHER RAILWAY WRECK

Several Westerners Lose Their Lives—Broken Rail the Cause—The Sad Case of Mrs. Ben. Sloan, of Fielding, Sask.

North Bay, Jan. 3.—Another fatal wreck occurred a mile and a quarter east of here this morning. The No. 2 eastbound express being derailed by a broken eighty pound rail. The baggage, colonist and coach left the track and were turned on their sides. Mrs. Sloan was killed, Alex. Ross of Dundurn, lost his right hand; Wm. Reynolds of Montreal; Lewis Hardie, Deloraine; E. Perkins, Port Arthur; Davd Lindsay; Ed. McDougall, Paynton, Sask.; Dan McDougall, St. Almon, Ont., and A. Gilchrist, Glenora, Ont., suffered severe cuts on their heads; Robert Matthews, Moose Jaw had his back hurt. Jas Hale and Jas. Stanley, C.P.R. employees at Chapleau, were also injured.

The passengers in the forward cars were panicked in, and the work of extracting them by the trainmen, and fellow passengers was speedily begun. The worst horror was the finding of a woman's body in the lavatory, where she was crushed to death, her head and arms protruding through the broken side of the car, and her body swaying in the water of the creek, which covered the floor of the car for several feet. It was impossible to release the remains for several hours, but death must have been instantaneous. The unfortunate lady was Mrs. Ben. Sloan of Fielding, Sask. Shortly before she had spoken of the surprise she would give her sister in Lindsay, Ont., who was not

JANUARY MEETINGS

A large number of Farmers Institute meetings to be held this month—The speakers at different places.

The circuit for farmers' institutes to be held in the province during January has been arranged, and lists containing particulars as to the dates of meetings and the speakers who will be prepared to lead in the discussions have been sent by the government to various parts of the province. J. Bracken, superintendent of fairs and institutes, suggests that advertisements by newspapers and posters should be early attended to. At places where live stock topics are to be discussed, the speakers will be prepared to give demonstrations on the live animals if the agricultural society will arrange for a satisfactory place of meeting and secure suitable animals.

The calendar of events for the month is as follows: Lipton, January 15. Cupar, January 16. Nokomis, January 17. Yorkton, January 21. Saitcoats January 22. Speakers: W. R. Metherell and Duncan Anderson.

CANADIAN MINT

Earl Grey formally opens Canadian Branch of the Royal Mint at Ottawa

Ottawa, Jan. 3.—The Canadian branch of the Royal Mint was formally opened yesterday afternoon by Earl Grey. The governor general turned the lever which stamped the first coin. It was a silver fifty cent piece and was presented to Countess Grey.

Immediately after the ceremony, which was witnessed by three hundred persons, a cablegram was sent to the deputy master of the royal mint at London informing him that the Ottawa mint was in full operation. An important announcement was made today in the statement that a refinery will be established in connection with the new royal mint. It is understood that it will prepare gold, silver and copper by the electrolytic process sufficiently pure to allow of coinage. It is also stated that it will be established by the Dominion government.

TWIN CITIES' CASE

Port Arthur and Fort William Place Their Case Before the Railway Commission.

Port Arthur, Jan. 5.—The cities of Port Arthur and Fort William jointly placed a strong case before the railway commission yesterday, in support of the Canadian Northern railway company in the matter of freight rates on coal to Winnipeg, and particularly in the matter of the Great Northern's request for an order compelling the Canadian Northern to concur in a rate of \$2.50 per ton. Committees representing the city councils, and boards of trade were present, as well as solicitors, F. E. Kessler for Port Arthur and F. R. Motis for Fort William. Barrister Wilson of Winnipeg represented the Great Northern. Great interest in the matter was evidenced by the attendance of a large number of citizens.

What Diversion Would Do. The representatives of the cities presented facts, showing the effect of the diversion of the coal traffic which

they claimed would be most detrimental to the Canadian west, to the grain producers of the west and to these two cities. They proposed that as Port Arthur had given by way of subsidies to the development of the harbor and the construction of the C. N.R. and C.P.R. and a site for a coal dock in the last twenty years, as much as \$300,000, and that in the making of a national harbor, expenditures had been made by the government to the extent of two million dollars, and with known further expenditures amounting to double that.

It was pointed out that 800,000 tons of coal had been handled at Ft. William last year, that Port Arthur had handled 500,000 tons. Two years ago none was handled in either city. Only half that amount was handled the year before last. Work is now under way to double the present capacity. It was shown in addition that Canadian boats could not transport coal to Duluth. That the merchant marine is growing rapidly owing to the demand for coal cargoes for up the lakes, and wheat for down, that the Canadian Northern handled more wheat last year than ever before, and that the results of coal cargoes for the west procured by boats was lower than the freight rates on grain going east.

Reference was also made to the amount of wages paid out in the handling of coal at seaports, which was over twenty cents a ton for putting it in cars, and also contributed largely to the support of clerical forces, train crews and others. It was argued that it would be a national calamity to discriminate against the national ports or divert trade. Judge Killam will go to Winnipeg to take further evidence.

THE MORMON FAITH

Thirteen Articles of the Mormon Faith—Believe Zion will be Built on American Continent.

The Calgary Herald reports that the Mormons are anticipating opening missions in that city and in giving an account of the work of the advance elders who are springing out the land, prints the articles of faith of the Mormon church. For the benefit of our readers, who have not before read them we reproduce the articles herewith:

- Articles of Faith. 1. We believe in God the Eternal Father, and in His Son, Jesus Christ and in the Holy Ghost. 2. We believe that men will be punished for their own sins, and not for Adam's transgression. 3. We believe that through the atonement of Christ, all mankind may be saved by obedience to the laws and ordinances of the gospel. 4. We believe that the first principles and ordinances of the gospel are first, Faith in the Lord Jesus Christ; second, Repentance; third, Baptism; by immersion for the remission of sin; fourth, Laying on of the hands for the gift of the Holy Ghost. 5. We believe that a man must be called by God, by "prophecy" by those who are in authority, to preach the gospel and administer in the ordinances thereof. 6. We believe in the same organization that existed in the primitive church—namely, apostles, prophets, pastors, teachers, evangelists, etc. 7. We believe in the gift of tongues, prophecy, revelations, visions, healing, interpretation of tongues, etc. 8. We believe the bible to be the word of God, as far as it is translated correctly; we also believe the book of Mormon to be the word of God. 9. We believe all that God has revealed, all that He does now reveal, and we believe that he will yet reveal many great and important things pertaining to the Kingdom of God. 10. We believe in the literal gathering of Israel, and in the restoration of the Ten Tribes; that Zion will be built upon this (the American continent); that Christ will reign personally upon earth, and that the earth will be renewed and receive its paradisaical glory. 11. We claim the privilege of worshipping Almighty God according to the dictates of our conscience, and allow all men the same privilege, let them worship how, where or what they may. 12. We believe in being subject to kings, presidents, rulers and magistrates, in obeying, honoring and sustaining the law. 13. We believe in being honest, true, chaste, benevolent, virtuous and in doing good to all men; indeed, we may say that we follow the admonition of St. Paul, "We believe all things, we hope all things, and we are able to endure all things. If there is report or praiseworthy, we seek after these things."

On his way out to the King Edward Sanatorium, so named by permission of His Majesty King Edward VII—the Governor-General's car was stopped in its progress outside the Canada Cycle & Motor Co. by a large crowd of its employees. A contribution of one hundred dollars was handed the Governor-General, a donation to the Toronto Free Hospital for Consumptives.

"Twas a kingly gift" said His Excellency in making acknowledgment. "I will tell the King."

Addressing the large audience that attended these opening exercises, referring to this event, Earl Grey said: "Ladies and gentlemen, when the workmen of Canada are setting an example of this character, I hope you will not be slow to follow, and I trust that the example of the Canada Cycle & Motor Co. may be followed, as I am sure it will, in every factory and manufacturing industry throughout the land."

We carry these words to the people of Canada in our appeal to-day on behalf of the Muskoka Free Hospital for Consumptives. An institution that has never refused a single applicant admission, because of his or her inability to pay. Seventy-five patients can be cared for to-day. Accommodation could be provided for three hundred if the required money were forthcoming. To make this possible, our appeal is for \$50,000, to be used in extension of buildings and maintenance of patients.

the several municipalities may be drawn up and submitted to the parties concerned. Until the government is informed as to the different requirements and the contracts entered into no further steps can be taken by the commission.

OXBOW WANTS FARMER

A Gathering of Farmers at Oxbow Declare for a Farmer Candidate—A Convention to be Held Later.

A convention of farmers met in Oxbow last Saturday and declared in favor of a farmer candidate for that constituency. Those present signed the following declaration:

- We the undersigned electors of the district of Oxbow, in the Electoral district of southeastern Saskatchewan, do pledge ourselves: 1. To support any candidate nominated by a convention of farmers irrespective of party politics. 2. We also pledge ourselves to do our best to bring about an organization having for its aim the consolidation of the different parts of this electoral district into an Independent Farmers' Organization, whereby we hope to secure the election of a farmer for the federal house at the forthcoming general elections. 3. That we will give our undivided support to work up a convention that will meet at some place at some future date, yet to be decided, and to select from the delegates appointed from each polling division a suitable candidate to represent the farming community in the House of Commons at Ottawa. 4. That after a convention is formed and a candidate nominated, that we, the undersigned electors, will not agree to vote for the candidate, but that we will all become workers, every man a canvasser, and every man one vote.

The Northern bank has had no branches east of that lake. It was this state of affairs that brought the officials of both banks to consider the advisability of extending their respective operations in these parts of the Dominion and the amalgamation was thus brought about to save the duplication of branches where one was ample to do the banking business.

The Northern bank was in a position to carry out the amalgamation under the provisions of the bank act, which provides for the purchase of the assets of another bank without applying to parliament for a special act.

It was therefore agreed that the Northern bank should purchase the assets of the crown bank and the former will allot shares to the shareholders of the crown bank to the extent of their present holdings.

BANKS - AMALGAMATE

Northern Bank Purchases the Assets of the Crown Bank—Business of Crown Bank taken over after April 1st.

An agreement has been reached whereby the Northern Bank will take over the assets and liabilities of the Crown Bank after April 1. This agreement has been under consideration by the officials of both banks for some time past, and on Saturday it was given out that a satisfactory end had been reached.

The Northern bank has had no branches east of Lake Superior, and

Buffalo, Jan. 5.—After passing through campaigns in India, fighting with Lord Kitchener before Khartoum, and with Lord Roberts all through the Boer war without a wound, Lieut. Col. John C. Cartley, retired, whose winter headquarters were at the Grand Union hotel in Toronto, was killed here as he stepped off a main street car. He was struck by a car traveling in the opposite direction, and the mangled body was carried 130 feet before the car could be stopped. The body will be shipped to a brother in Baltimore for burial.

A repetition of the Chinese boxer uprising which occurred over in China a few years ago almost happened in Bladworth last Sunday afternoon, says the Bladworth Progress. When Long Mo, our local Chinese laundryman rushed from his place of business with a large knife in one hand and a hammer in the other, and was about to end Sid. Notley's career, and would probably have succeeded had not some of Notley's friends come upon the scene and took the knife away as Long was about to strike. This evidently made the Chinaman more angry for he immediately telegraphed to Hanley for the police. On Monday morning of the case was disposed of. Both parties were fined \$1 each for their mix-up which they paid.

Rev. J. A. Macdonald, managing editor of the Toronto Globe has been committed to stand trial on four charges of criminal libel preferred by Dr. Beattie Nesbitt. The case arose out of articles which appeared in the Globe referring to an incident at Stratford some two years before in which it was stated that Nesbitt was drunk and got into trouble over insulting a lady.

Sir Charles Hibbert Tupper has been asked by a delegation to stand for election to the House of Commons for Vancouver.

NO MONEY AND NO FRIENDS

A Sad Story of Consumption in a Canadian Town

The Local Hospital—Unable to Care for the Patient, and the query is What to Do?

In a little booklet issued by the National Sanitarium Association under whose auspices has been established the Muskoka Free Hospital for Consumptives, we have the story told of a sad case of consumption. A young woman, apparently friendless, came in on a train reaching Fort William, and immediately procured work as a domestic. A doctor was called in to examine her case, as she appeared to be a consumptive, and she was at once pronounced a bad case of tuberculosis.

She was placed in the small local hospital of the town, and everything possible for the moment is being done to help the patient. But writing to the Secretary of the National Sanitarium Association, the Secretary of the Board of Health asks: "Is it possible to make room for this patient in the Muskoka Free Hospital for Consumptives. The local hospital is crowded for room, and there is really no place for this poor girl."

Continuing, the Fort William official adds "I may say that as far as being able to pay is concerned, she, as far as we can learn, has no friends who can afford to pay for her in an institution. It is to meet just such cases as these that the Muskoka Free Hospital for Consumptives has been opened. The official reports of the past year show that more than half the patients who entered the institution were absolutely free—their maintenance not costing them a single farthing. The others only paid a nominal sum ranging from \$1.50 to \$6.00 a week, only a few paying the larger amount. The average of each patient was less than 50 cents a day. The actual cost of maintenance to the institution is over \$9.00 a week so that our readers can readily see how strong a case is made out by the Trustees in their appeal to make provision for just such a patient as that from Fort William—only one of scores who are constantly seeking admission.

G. M. Annals, of Moose Jaw, was in the city on Saturday.

The C.N.R. station at Lumsden was gutted by fire last Sunday.

Regina had buildings to the extent of \$1,177,940 erected here in 1907.

L. J. McDonald, of Toronto, is in the city on a visit to his brother, J. G. McDonald.

During 1907 there were 2,034 home-stead entries made at the Regina lands office.

Mr. Rolleston, of St. Paul, has succeeded Mr. A. Lewis, as manager of the King's hotel.

Dr. Christner and family returned from the east and will take up their residence here again.

The A.O.U.W. held their annual ball and "at home" in the I.O.O.F. hall on New Year's night. It was a distinct success.

The I.O.O.F. hall in the J. W. Smith block was dedicated on Monday evening. There was a large attendance of the brethren.

J. L. Strothard, of the Northern Bank staff at Hanley, spent Sunday in the city, the guest of Mr. and Mrs. Sanders, Albert street.

Frank Kennedy, of Balgonie, who has been undergoing treatment in the hospital here for concussion of the brain, returned home last week.

The convocation of the University of Saskatchewan is being held in Regina today. The evening session will be held in the Methodist church.

J. M. Young, one of the directors of the Moose Jaw Nurseries, was in Moose Jaw on Friday attending a meeting of the stockholders of that concern.

Attention of prospective builders in the city is directed to the advertisement elsewhere in this issue of J. Mair & Sons, of Lumsden, who have sand, gravel and stone for sale.

Tracksell, Price, Anderson & Co., have sent around a little booklet entitled, "Tips on Fire Insurance," which contains some important and valuable information.

The American Abell Co., have completed the addition to their building on South Railway street. They are now able to store a good many more threshers which other years had to stand out.

The marriage of Ada May, daughter of Mr. and Mrs. Neil Martin, to J. F. Forbes of Grand Coulee, took place at the home of the bride's parents, Kelowna, B.C. on New Year's day. The many friends of the contracting parties will be glad to extend good wishes.

The government of Saskatchewan having accepted the plans submitted by Messrs. E. & W. S. Maxwell, the Montreal architects, for the provincial parliament buildings, have decided to proceed with the getting of the material on the ground. It is likely that gravel and sand will be hauled this winter.

Principal Perritt of the Normal school returned from Moose Jaw Friday evening having opened the third class normal session which has been started there. This is a new policy for the department but is only an experiment. There are about 27 pupils in attendance. Only the second class normal is held in Regina.

At a meeting of the Sons of England held on Monday evening, Bro. A. McDonald, W.P.P., was presented with an illuminated address and a suitably engraved gold watch. Mrs. McDonald was also the recipient of a gold bracelet. Mr. McDonald has been an able officer of the lodge for some time.

On New Year's Day twelve Doukhobors marched from the house where they live in Fort William and walked absolutely nude for more than half a mile through the city streets. The party of six men and six women were finally herded into a bowling alley in Simpson street, and were placed in cabs and escorted back to their house by Chief Dodds, and a guard placed over them. The parade caused great excitement. The Doukhobors have been very quiet and orderly up to the present and have been working around the city.
