Ottawa, March 12.—(Special.)—The Government has advised that the Majesty's Government will select Tuesday, June 21, as the day on which to hold the official celebration of the Diamond Jubilee, and the Ministers are consequently considering whether it is advisable to accept the day for official celebration in the Dominion, or to hold it in the United States.

Special Issue of 3-cent Stamp. Ottawa, March 14.—(Special.)—Here is good news for postage stamp collectors. When the sale is stopped the present 3-cent stamp will be put in circulation again.

THE TEACHER'S DREAM.

In a recent issue of the Educational Journal appears an article contributed by Mr. Frank Cornell of Wallington. The title is "The Teacher's Dream," and the conception, particularly happy one for, as worked out, it combines entertainment and instruction in a most pleasing way.

At the close of a lovely June day the teacher falls asleep at his desk and in the dream sees the various books on his table organize a meeting, electing the dictionary chairman, and proceed to discuss their individual merits as educators of the young.

History, Arithmetic, Grammar and the Fourth Reader each in turn delivers an address, and the discussion is concluded by a Report of the Minister of Education, which had been lying on the desk for a few days.

This little paper covered volume begins by saying: "I wish you were filled with large ideas of your own importance. But have any of you ever stopped to consider what you would be without another important factor of the school-room, the teacher?"

Of the speaker, "I wish you were filled with large ideas of your own importance. But have any of you ever stopped to consider what you would be without another important factor of the school-room, the teacher?"

LAKE STREET.

Wm. T. Stevens has had men and teams engaged hauling logs to the saw mill at Delta.

The Millwright on our street has fallen in with a millionaires and reports say they are likely to form a partnership and buy out Rossian.

Rumor says that Wm. T. Stevens is as frisky as a kitten this winter. He has been feeding on trout and venison, and as feeding is running short he is looking around Lyndhurst lake for a fresh supply.

There will be a number of important changes on our street this spring. John Scofield has sold his farm and will move to Lyndhurst and run the Berney hotel there.

Clinton Scofield has moved to J. E. Knapp's factory, where he will make cheese the coming season.

Wm. Young is moving on to Byron McCallan's farm.

Ed. Thomas is spending his honeymoon at Wm. T. Stevens, but expects to move to his new quarters in a short time.

ELBE MILLS. Sunday, March 7th, being Epiphany Sunday, a large number of the young people were baptized by the pastor, the Rev. Mr. Scanlon.

Our Sunday school was re-opened on Feb. 21st with Mr. R. E. Cornell as pastor.

Prayer meeting was held at the residence of Mr. Byron Brown on Saturday evening last, with a large attendance.

Mr. J. Bealey has purchased the farm of Mr. M. Coon. We wish you success, Mr. A.

Mr. A. Empey of Easton's Corners has been visiting his many friends and relatives in this place for the past few days.

Miss Edythe Bates, who has been visiting friends and relatives at Lyn, has returned to her home here.

Our young people of Elbe and Woodford attended the Royal Temperance Lodge at Delta on Thursday evening last, and listened to a very interesting program, rendered by the members of the Addison Lodge.

Miss Addie Brown has returned from a flying visit among her many friends at Delta and Phillipville.

There seems to be considerable attraction in this place for one of Athens's young men.

The Elbe creamery will be run this season by Messrs. Bates & Brown, proprietors of the Elbe Cheese Factory.

ELBE CHEESE FACTORY.

A joint meeting of the patrons of Johnson's creamery and the Elbe cheese factory was held at the Elbe school-house on Monday evening, 8th inst., and was largely attended by those interested.

Mr. E. J. Rowson was appointed chairman. Messrs. Bates and Brown informed those present that they had used the Johnson creamery and proposed running it in connection with the cheese factory.

Mr. John Webster, cheese-dealer, Brockville, was present and gave a practical address on the dairy question. He advised not to make much fodder cheese, and thought better making process and thought better making process and thought better making process.

Mr. B. Bates and G. F. Osborne were appointed assessors. Mr. E. Bates, treasurer; J. E. Cornell, secretary; E. J. Rowson, Joseph Greenham, and the butter and cheese makers a committee to test milk.

Mr. Webster and the chairman were tendered a vote of thanks. Mr. Alford Johnson has been engaged as butter-maker and Mr. Theodore Mustard as cheese maker. It is expected that in combining the factories, the patrons will get good returns.

A Journalistic Tribute. For several weeks past Rev. W. Warren Giles has been preaching with great acceptance to large congregations in Carleton Place, Appleton, and other points in that district.

His final sermon at Carleton Place, delivered on the 7th inst., is published in full by the Central Canadian, and respecting the speaker and his theme that journal says:

"It is not easy to analyze his power as a preacher, for, like a mighty river, he flows in grandeur to the sea, it is fed by innumerable rills of character, temperament, aspiration and inspiration. By one swift act, Sunday evening, he liberated men from doctrinal thralldoms, and declared that no man should be a slave to his opinions, and that those who were so were to be freed from their thralldoms."

He is now in Carleton Place, and is expected to be in this place for some time.

This is the season of big things in the hen fruit line. During the winter months the hen is a modest, retiring, almost bashful bird, but when the spring time comes she can cackle as loud as the best of the birds, and not without reason, for when she lays herself out to do something extra in her particular line she generally makes a big success of it. As evidence of this latter statement, Mr. Geo. Tickner, of Pine Hollow last week, showed the Reporter an egg weighing 41 oz., and measuring 8 1/2 by 6 1/2 inches, which was produced by a common hen.

The Chas. Johnston estate.

The claims of Stanley Johnston and Alva Johnston against the estate of Chas. Johnston & Son, referred to Judge McLean for adjudication, were decided last week.

The former sought to recover on two promissory notes made by insolvent, one for \$540, dated Dec. 1st, 1892, and the other for \$3,000 dated April 2nd, 1895. The judge held that the \$3,000 note was not enforceable, but that it must have been included in the \$540 note when the latter was taken. His Honor allowed the \$3,000 note with interest on \$2,300 from April 2, 1895, to June, 1895, and on \$3,000 from the last mentioned date.

Alva Johnston claimed \$220, but at the hearing abandoned \$100 of this. The Judge allowed him \$52.22 in all, the claim to be preferred, being for wages. The cost were fixed at \$10 which claimant was ordered to pay.

LYN PRESBYTERIANS.

The Twenty-first Anniversary of Lyn Presbyterian Church Daily Commemorated—A Large and Interesting Gathering.

Twenty-one years ago the small congregation of the Presbyterian body in Lyn met to dedicate the beautiful little stone church, a cut of which appears above. The chairman at that occasion was Mr. John M. Gill of Brockville, who performed a like pleasant duty at the annual anniversary tea and entertainment held on Tuesday evening last, 16th inst.

At the dedication service in 1876, the Rev. Jas. Smart of Brockville was present and spoke feelingly on the change that had taken place since he had first visited the Village of Lyn, then known as "Coleman's Corners". He also referred to the fact that as far back as October, 1811, he preached his first sermon in the ball room of Bronson's tavern, but it was in the year 1860 before any attempt was made to organize a congregation or to settle a minister. In 1874, under the pastorate of the Rev. Archibald Brown, a move was made to build a church, but it was nearly two years before the edifice was completed and dedicated. The first trustees were John Halliday, James Hamilton, Arch. Davidson, Robert Brown, J. C. Cumming, and James Bullitt. A memorial tablet was placed in the church last fall in memory of the Rev. Arch. Brown, the first pastor, who died during 1895, in Chicago.

The service on Tuesday evening, besides a large number of adherents of the Lyn church, representative Presbyterians were present from Brockville, Athens, Mallorytown, Gairton, Painfield, and other places. A beautiful spread was laid by the ladies in the public school hall, the room being crowded to excess from 7 until nearly 9, by those who seemed to vie with each other in making the night the most enjoyable gathering of the season.

Teams were in waiting to convey all who wished to the church, where the chair was taken by John M. Gill, as above related, who briefly referred to the past.

Several Americans are said to be already looking accommodation at Charleston for salmon fishing.

The sugar social held in Ashwood hall, Addison, on Friday evening proved to be a very pleasing event, and despite the unfavorable weather a vast number of people were present.

Mr. W. H. Leavitt, who will conduct Cedar Park hotel next season, reports 17 inches of ice, and thinks it will be the middle of April before the spring fishing will commence.

A bill is before the Ontario Legislature to amend the law respecting the registration of deaths. The object of the bill is to provide that where a death takes place in a township registration may be made with the coroner and not with the registrar of the district.
