Galt's HOLIDAY.—The train this morning from Berlin contained a large number of excursionists from Galt on their way to Toronto, where they intend to spend the day. Tickets, good for the day, were provided for \$1.25 each. The Guelph cricketers play a game with the Galt team to-day in the latter town.

A PLEASANT EXCURSION .- Raymond's A PLEASANT EXCURSION.—Raymond's employees leave by the morning train to morrow for the Queen City, having made an arrangement with the G. T. THE HERD LADDIE .- Mr. Wylie, who has been puzzling and delighting the checker-players of this town by his unommon skill in the game, is fifty-three years of age, and when born at Kilman-ock, Ayrshire, where he graduated as a ock, Ayrshire, where he graduated as a "herd laddie." At an early age he displayed great skill at draughts, and before he was sixteen years old he had played and defeated most of the crack players of the neighborhood. For many years past he has lived at Severn, in Fifeshire, where his family carry on the grocery business. Mr. Wylie is in appearance a quiet, pawky Scotchman, one who when playing a game appears to be wrapped up in its mysteries. He rarely passes a remark, but occasionally, when he has an officious or conceited opponent, the old gentleman works him into a hard corner, and quietly chuckles over his discomfiture.

An Outside Opinion .- Says the Orangeville Advertiser:—The Guelph Men-CURY, in speaking of the trial before the Judge of the Amaranth voters' appeals, says that it trusts that Judge Macdonald says that it trusts that Judge Macdonald will personally conduct the scrutiny, "for we can assure him that if it is done by another the people will be dissatisfied." We agree with our cotemporary in this. The decisions of the Junior Judge are not likely to give satisfaction, as it is extremely difficult to know upon what principle he acts. The general opinion is that his decisions are neither according to law nor common sense.

THE CIVIC HOLIDAY.—By a resolution THE CIVIC HOLIDAY.—By a resolution passed at the Council meeting last evening, it was decided to observe Monday next as the annual Civic Holiday. The idea of erecting arches has on this account been given up, unless Mr. Higinbotham, who so generously offered to take the work in hand, is assisted by the citizens. The material for arches has been offered freely, to be laid down where required, and we would suggest that when this is made public there will be a movement on the part of our townsmen to make the display in this respect worthy of Guelph. The town of Stratfod, we understand, exceted no less than seven arches on the Governor's visit to that town, and certainly we should do something in that line.

Guelph, August 1st. 1874. To the Public.

I take this opportunity to let my old friends and customers know that early this Fall I intend opening up one of the most extensive and varied stocks of Staple and Fancy Dry Goods to be seen in Ontario. I have had crected for my own special retail business a most complete arranged store, and from my long experience in the mercantile business, I feel and know that I will present for the inspection of my old patrons and others not only the most choice selection of Fancy Goods, but goods that will in reality be of such a character as to give to the purchaser the most entire satisfaction. The value will form one of the most important features of my establishment; the fact of going direct to the fountain head for my whole stock, and buying all for the ready money, and in addition having no old stock to palm off, is of itself a positive guarantee that my establishment will preready money, and it adaction rateing no out since to plan dy, is of itself a positive guarantee that my establishment will present inducements to the purchaser that none other in Guelph can approach. I carnestly request my old friends and customers to pay a visit to my establishment, when the old motto that I used for so many years to their advantage will again be adopted, viz: the best goods in the Irade at the smallest possible profit. Good goods and Cheap goods. One price and no abatement. No misrepresentations, and the interests of the public doing business with me strenuously watched.

Yours truly,

JOHN HOGG.

Kate Stanton, of Rhode Island, the well-known lecturer, is spending the summer abroad. Here is an extract from one of her letters to a friend:—"On Sunday evening I heard Joseph Arch preach. He seems to me to go down deeper into the real character of Christ and practice his precepts better than any preacher I have ever heard. His sermon was carnest, simple, and full of pure elequence. His dectrine is humanity and love, 'Never condemn, but convince people of their errors,' is his method of moral discipline. There was a thread of gold running through his discourse. My friend Mre. Lucas (sister to John Bright) and I were afterwards introduced to him. He gave us a cordial welcome. Surely he is leading the laboring class out of bondage—and is a grand, noble character.'

Wesieyan Missionary Society.

The fifteenth annual general meeting of the Missionary Society of the Wesleyan Methodist Church in Canada, was held in the Wesleyan Church, Oshawa, on Wednesday. There was a large attendance. James Gooderham, Esq., of Strectaville, was called to the chair.

The Rev. Dr. Wood read an abstract of the report, one of the most cheering aspects of which is the record of the baptism and admission into the Church in Jeddo, Japan, of two well-educated Japanese young men. These are the first fruits of the labors of the Ravs. George Young and Dr. McDonald, Wesleyan Missionaries in that land of idolatry. The following are some of the principal statistics:—In Br.tish Columbia and Red River there are fourteen missions and fourteen missionaries; amongst the Indians in the Saskatchewan, Hudson Bay Territory, Br.tish Columbia and the Provinces of Ontario and Quebec, there are 40 missions and 41 missionaries. On the 161 domestic missions in Ontario and Quebec, there are 190 missionaries; to the French in Quebec, S missionaries; to the Germans in Ontario, 6 missionaries; to the Germans in Ontario, 6 missionaries; to the Germans in Ontario, 6 missionaries, and 2 missionaries to Japan, making the total number of missions 205. There are also 31 schools, supported by as many teachers, among the Indians, and 25 interpreters; exhibiting a paid agency in the mission work of 320.

The Rev. Dr. Lachlan Taylor read the financial statement, which showed a very gratifying increase on last year's income. The total receipts for the year ending 39th June last, are \$118,600, being an advance of more than \$10,000 over last year. Of this large income, \$18,326 were collected and presented to the society by the Sabbath School children. The expenditure for the year now closed exceeds the income by \$5,001.

now closed exceeds the income by \$5,001.

A gratifying case of liberality to the Society's funds was announced, in the receipt from an anonymous donor, from Quebec, of the sum of \$2,200.

The report was adopted, and a resolution was very cordially adopted, expressive of the high estimate in which Dr. Taylor's services were held by the Committee and by the entire Wesleyan connection. Dr. Taylor had previously placed his resignation before the Committee, in view of his immediate departure for Europe, where he will, during the next two or three years, advocate the cause of emigration to the Dominion of Canada, under the auspices of the Government of Ottawa.

The en'ire amount to be allotted by the Society will probably exceed \$120,000.

Piles.—The lives of thousands are made miserable by the sufferings from this dreadful disease. If every one knew that he could be cured for from one to five dollars, how readily he would pay it. Yet such is the case. Fowle's Pile and Humor Cure is an almost infallible cure. We warrant every bottle, and if it does not cure and afford perfect satisfaction, the money will be refunded.
