AN HYSTERICAL WOMAN.

Screams at Top of Voice and is Ejected From the White House.

Washington, Jan. 9.—Representative Sheppard, of Texas today introduced a resolution providing for the appointment of a commission of republican and democratic members of the house to investigate the "recent violent expulsion of an American mother from the White House and employees while she was seeking aid from the president of the United States." The resolution was referred to the committee on rules. The official explanation of the incident given out by Assistant Secretary Barnes, at the time it occurred, states that Mrs. Morris called at the office and asked to be allowed to see the president. When it was learned that her mission was to seek the reinstatement of her husband who had been discharged, the Assistant Secretary informed her that this was impossible that she must take up the matter in regular form at the head of the White House where her husband had been employed.

Woman Was Insistent She insisted on seeing the president personally, however, and in an abrupt manner she was told to leave the office. She was told to leave the office and she was ejected. She was ejected from the White House and she was ejected from the White House. She was ejected from the White House and she was ejected from the White House.

JUDGMENT OF MR. JUSTICE MARTIN

Text of Decision of His Lordship in Hopper-Dunsmuir Case. The following is the text of the judgment of Mr. Justice Martin, delivered on Tuesday, in the Hopper-Dunsmuir case. Several points are raised for determination in this case and as briefly as possible in their order, and as briefly as possible, for in a case of this unusual and important nature, it is better to be brief than to be long. The first point is in regard to the validity of the bylaw. The court has decided that the bylaw is valid and that the council has the right to make such a bylaw.

To Indemnify U. S. Sealers

Bill Being Drafted to Allow of Recompense Being Given for Seized Craft.

Glenalvon Arrives from Yokohama—Oaifa Sails for Liverpool. (From Thursday's Daily.) The United States sealers who were driven from Behring Sea by the warships of their country when the Victoria sealers were illegally seized, for which act the United States paid \$467,000 to the local sealers, are also to be reimbursed for their losses if a bill now being drafted by United States Senator Fulford of Washington and introduced in the United States senate will pass. The bill would bring to an issue the claims of United States sealers who were engaged in sealing prior to the passage of the act which authorized the seizure of the sealers. The bill would also provide for the reimbursement of the sealers for their losses.

Dr. Morris' Statement Dr. Morris, whose wife was ejected from the White House last Thursday, tonight gave out a public statement addressed "To whom it may concern" which begins: "A woman of the highest culture, of the rarest attainments, who has devoted her life to the service of her country, was ejected from the White House last Thursday. I am sorry to hear of this and I am sure that the government will take steps to prevent such a recurrence in the future."

Last Year in The Boundary

Mining Operations in the District Camps Indicate Advance in Prosperity

Some Statistics Which Speak Well for Progress in the Interior

The Phoenix Review publishes the following review of mining operations in the Boundary during the year just ended:

A brief review of the mining and smelting industry of the Boundary for the past year will show conclusively that it has been a period of steady progress, with the high and low grade sections, and that prosperous as have been the last few months, the year promises to be even more so in many ways.

Other well known properties in this camp are the I. X. E. Banner, Home-stake, Alpha, Mountain Lion, Gloster, G. H. Tiger, Mineral Hill, Pollard, Ajax, Junco, Chabams and four other small ones.

In Wellington camp little of the work of this year, with the exception of a little work on the Whiting for two or three months.

On Hardy Mountain, the Betts and Bennett, who have steadily worked this year, with what are reported to be satisfactory results to Chicago.

At the mines of the Granby Consolidated the movement for expansion and greater production generally has been going on without interruption.

At the Granby mines, within the year, the new No. 3 terminal one bin and huge pre-crusher were placed in commission, which the Great Northern railway receives a part of the tonnage of this property.

ORE FROM KOOTENAY CAMPS

Shipments for First Week of the New Year—Nelson City's Experiment.

Nelson, Jan. 6.—The total ore shipment since the beginning of the year from the Kootenay camps is 11,777 tons; Boundary, 5,900; Rossland, 9,225; Slocan and Kootenay, 1,352; Granby, 2,000; and other camps, 5,299 tons; Trail, 5,468; Hall Mines, 755; Marysville, 250. Boundary shipments for the purpose of treatment are to the eight hour work in the British Columbia Copper and the Dominion Copper, from Australia, and from the few days. All the smelters are now under eight hour shifts without the intervention of night shifts. The Boundary difficulty was settled by agreement. Some trouble has been occasioned by the Great Northern railway raising the rate of freight from London and way points to Kaslo over the Kaslo & Slocan branch to \$2.50 a ton in place of \$1.70. THE THEORY OF SUICIDE

There is trouble within the household of the Canadian Order of Foresters. The cause of the disturbance, it is said, is infringement by the high court of the order on what the western courts consider as their peculiar rights and privileges, says the Winnipeg Free Press.
