What Ho, the Dinner Bell---and Dan-Dee!

Father may be slow about carving the meat, mother too busy piling plates to eat herself, but nobody fusses, nobody fumes. Everybody spreads butter on a slice of Dan-Dee Bread and who cares what happens.

Dan-Dee Bread is a meal by itself especially when spread with good butter and eaten with milk. Dan-Dee itself is made of milk, with cane sugar and with more shortening than other breads.

And O! so good---you'll consume every crumb! Tell your grocer how much you'd like to try it!

IT PAYS TO QUOTE FIGURES

The advertising that counts is the advertising that tells the customer what he wants to know---not only what the dealer has for sale, but also what prices he offers. In fact the latter is the important point. The average person knows what articles are for sale in a drug store, grocery, hardware or dry goods store, or any

other store, and he doesn't take much stock in the announcement that "their goods are the very best and the cheapest." It is when you quote him figures that he begins to take interest. The great department stores know this and their advertisements bristle with figures.

At New Glasgow, word has been received that the directors of the Maritime Bridge Company have decided for the present not to rebuild their plant which was recently destroyed by fire.

The first Chinese baby ever born in Digby was brought in by a stork on Wednesday morning. Mr. and Mrs. Peter Hum are the proud parents.

BRIDGETOWN CLUB'S ANNUAL OUTING

Twenty of Bridgetown's Business Men Enjoyed Themselves at Karsdale, Wednesday Afternoon

All the officers and twenty members of the club left Bridgetown Wednesday afternoon in autos for Karsdale. After a very pleasant drive to River-view Cottage a good programme of games and sports was carried out. Some enjoyed motor boating, participating in a trip between Goat Island and Annapolis with Capt. John D. Purdy, of Deep Brook, while others enjoyed an extra automobile run to Port Wade to meet and return with an old friend who had neglected to get off at Karsdale. The latter was greeted with cheers on their return and his popularity could not be questioned. The prize winners were as follows:

Baseball--Capt. C. B. Longmire's nine defeated Capt. J. A. Myer's nine, 6-5. Alden Walker, umpire, whose decisions were always final.

50 yard dash--Joseph Moses, first.

100 yard dash--H. S. Magee, first.

220 yard dash--J. A. Myer, first.

An excellent dinner was served at River-view Cottage from 6 to 8 o'clock, the menu consisting of fish chowder, fried fish, hollid green corn, ripe tomatoes with a full course of vegetables, followed by dessert, cakes, etc.

The officers and members were loud in their praise of the hospitality extended them at the River-view.

After dinner an unofficial programme was carried out in which betting on the various contestants was very popular.

Some of the cars got away at about 9 o'clock while others remained until a later hour, the latter enjoying ice cream and phonograph music in the moonlight.

The officers of the club are as follows:

Hon. Pres.--M. W. Graves
Pres.--O. S. Dunham
Vice Pres.--A. F. Little
Secy.--H. S. Magee
Treas.--J. A. Myer

BASEBALL GAMES

Middleton and Yarmouth Will Compete for Championship Friday Afternoon

A large number attended the championship game at Middleton last Wednesday afternoon at which Yarmouth defeated the home team with a score of 6-3.

On Friday Middleton defeated Yarmouth at Yarmouth, score being 6-3.

Next Friday Middleton plays Yarmouth at Bridgetown for the final decision of the championship between the Valley and South Shore leagues. This game promises to be a good one and if the weather is favorable the attendance will no doubt be larger than at any game played in this town this year.

The games at Bridgetown Labor Day are expected to draw a large attendance. In the morning the Bridgetown Juniors play the Middleton Juniors and in the afternoon the G. W. V. A., Halifax, plays Middleton.

WEDDING BELLS

HALL--SMITH
Clarence Baptist Church was the scene of a pretty wedding Wednesday morning, Aug 25th, when Miss Evelyn Smith became the bride of Mr. Bradford Hall, B. A., of St. Croix, N. S. The young friends of the bride had very prettily decorated the church for the occasion. Promptly at ten o'clock to the strains of the wedding march played by Mrs. V. B. Messenger, the groom took his place under an arch of green and yellow followed immediately by the bride in the arm of her brother, Mr. Floyd Smith. She was very tastefully dressed in white crepe de chene with mesaline trimmings, wearing a bridal veil and carrying a pretty shower bouquet. The ceremony was performed by Rev. Walter Smith, pastor of the church. The ushers were Misses Belle Marshall, Vesta Jackson, Edna Kelley and Marguerite Marshall. Immediately after the ceremony the guests repaired to the home of the bride where a reception was held. Money to the value of \$100.00 was received besides other varied and useful gifts. The groom's present to the bride was a beautiful chain and pendant and to the organist a piece of china. After a dainty luncheon had been served Mr. and Mrs. Hall took the train en route to Wolfville where a few days will be spent, before going to Parraboro where Mr. Hall has been engaged as Principal of the school there. The bride's travelling suit was navy blue and she wore a white hat. Mrs. Hall was a successful teacher for three years and one of our most popular young ladies. She will be much missed in the Church and community. The best wishes of their many friends followed them to their new home.

The freight train service of the D. A. R. has been cut down.

THE WORKING CLASS PAY (New York Evening Sun) Signor Giolitti, the Italian Premier, laments the strike mania in his country because as he points out, it is not capital that suffers, but the middle classes. He might have gone further. The worst victims are always the poor. The working class pay for every strike, and in the long reckoning, pay its entire cost.

A REAL LIVE TESTIMONIAL Given to Professor Hamilton, of Hampton, N. S. Maviletto This is to certify that our little baby when three months old took diarrhoea and kept on until it became chronic. Tried two doctors the last one helping a little. Just the same we kept on for 22 months. He was getting weaker every day and we could see him going fast. We would not have him long if not cured so we took him to Prof Hamilton and the professor treated him and gave us medicine to give. The next day his bowels moved once only, and a natural color, and regular every day since, sleeping good, gaining strength and beginning to walk and now we feel confident that we will have a strong, healthy boy. We are very grateful to the professor for what he has done for us in saving our baby boy. MR. & MRS. GARDY DEVEAU

BLACK CLEAR THROUGH A colored woman recently lost her son, and she immediately swathed herself in black, even to the extent of buying, at quite an expense for her, black underwear. Isn't that overdoing it a little, Ellen? asked her mistress—"wearing black underwear?" "No, ma'am; no, ma'am," said the bereaved mother. "When Ah mourns, Ah mourns clear though."

Berwick, Ont.—"I had organic trou-
ble, and after taking Lydia E. Pink-
ham's Vegetable Compound and Blood
Medicine all my troubles passed away.
I was made strong and well and have
been ever since. Now we have a fine
baby six months old, and I know
that I would not have this baby and
would still be suffering if it had not
been for your remedies. My husband
and myself are taking them now. I
recommend them to my friends, and I
of my aunts is taking them now."
Mrs. NAPOLEON LAVIGNE, Berwick,
Ontario, Canada.

Among the virtues of Lydia E. Pink-
ham's Vegetable Compound is its ability
to correct sterility in many cases.
This fact is well established as evi-
denced by the above letter and hundreds
of others we have published in these
columns.

WHY BEAUTY FADES
A Condition Due Entirely to Poor
Watery Blood

The girl who returns home from
school or from work thoroughly tired
out will be fortunate if she escapes a
physical breakdown, because this get-
ting tired so easily is probably the
first warning symptom of a thinning
blood that must not be disregarded
if her health is to be preserved.
When the blood becomes thin and
impure, the patient becomes pale, hag-
gard and angular. She not only
tires out easily but suffers from
headaches, palpitation of the heart,
dizzy spells and a loss of appetite.
This condition will go from bad
to worse. If prompt steps are not
taken to increase and enrich the blood
supply. To make the rich, red blood
that brings the glow of health, no
other medicine can equal Dr.
Williams' Pink Pills. If given a fair
trial their use brings rosy cheeks,
bright eyes, a good appetite and good
spirits. Dr. Williams' Pink Pills have
made thousands of pale, languid
girls active and strong. On the first
sign of poor, thin blood mothers
should insist upon their daughters
taking a fair course of these pills.
They will not only restore health, but
will save further doctor bills.

Dr. Williams' Pink Pills can be
obtained from any dealer in
medicine or by mail at 50 cents a
box or six boxes for \$2.50 from The
Dr. Williams' Medicine Co., Brock-
ville, Ont.

CARRIES TANLAC
ACROSS ATLANTIC

Dreaded to Put To Sea Without
Medicine That Relieved His
Stomach Trouble.

Before starting on his last trip
across to Gibraltar, with a load of
\$640 quintals of fish, Captain Fred
Hollett, of Burin, called in at Connor's
Drug Store in St. John's, to get six
bottles of Tanlac, as he expected to be
away for some months.

"So long as I've got Tanlac with me
I don't fear the trip," said Capt
Hollett, "but I've been such a sufferer
from stomach trouble that I just
dread putting to sea without it for
Tanlac is the only thing that ever did
me any good. Mine was a pretty
bad case. I don't believe anyone ever
suffered more than I did without going
out of his mind. For eight years I
never touched a meal without severe
distress and stomach pain after-
wards that fairly doubled me up. I
never seemed to get any good out
of my food and always seemed play-
ed out and weak. I had such head-
aches that they made me lightheaded
and I often had had dizzy spells. I
never slept well of a night and would
get up in the morning with a bad
taste in my mouth and feeling so sick
that I couldn't touch a bite of break-
fast. I got advice both in European
ports and here in Newfoundland, and
was told that I had catarrh of the
stomach. I took lots of medicine, but
it was all money thrown away for all
the good it ever did me.

"When I came in from my last
voyage, everybody seemed to be talk-
ing about Tanlac, and after reading
of several people I knew who had
got help from it I decided it was just
about what I needed. And sure
enough Tanlac fixed me up all right.
Why I can now eat anything the cook
puts before me and it never has any
bad after effects whatever. I enjoy
breakfast which is a thing I haven't
done for years and I sleep just fine
every night. I'm on deck for duty
every day without fail and to tell you
the truth I feel a different man
entirely."

Tanlac is sold in Bridgetown by S.
N. Wear in Middleton by Clifford A.
Mumford and in Bear River by L. V.
Harris.

STANLEY PARK, VANCOUVER, B.C.

English Bay Road, Stanley Park.

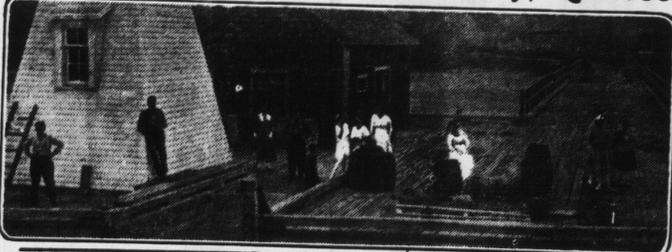

Vancouver would be famous if it had only the attraction of "Stanley Park" was the opinion of an English tourist who had circled the globe. That peerless playground of 1,000 acres of virgin forest, with many acres of priceless waterfront and over six miles of marine panoramas of park foreshore, is the greatest municipal park on the continent. It is fringed by English Bay which abounds with mirrored reflections of forest trees and birds of every shade and plumage bank on the surface. No bulwarks or ocean wall mars the beauty, no roaring billows disturb tranquility, but there is all the beauty and majesty and novelty of its placid surface with a soft calling of the waves.

The park is picturesque with its magnificent firs and cedars, and is largely in its natural state, yet with touches of the conventional in that it is encircled by a perfect motor road which affords the pleasure of enjoying the innumerable points of interest in this wonderland. The unique brilliancy of the exquisite scenery in the distance where mountains of grace and stateliness form a group of peaks, grey and green and rose-colored, call one again and again by their enchantment. Down their pine-clad slopes, sylvan streamlets wind their way. A variety of enormous trees, spreading their branches on the green lawns, greet the eye, creeping ivy decorates the base of these giants of the forest. Walks through the park reveal picturesque retreats where the aroma of nature in all her bewilderment of luxuriant growth, sweetens the out-of-doors. The "Lions", the "Sleeping Beauty", "Siwash Rock", the grave of the Indian Princess Poostah, Pauline Johnson, who cast over the lovely surroundings, a gracious mantle of romance, are some of the points of interest.

The Largest Trees in North America Grow in Stanley Park.

Lovely Spots in Pontiac County, Quebec

- (1) The Harbour at Fort William, P.Q.
- (2) Water Falls at Des Joachims, along the Ottawa River.
- (3) On the beautiful sandy beach at Fort William, P.Q., there are hundreds of log seats.

The Province of Quebec is dotted with many beautiful landscape and water scenes. Some of these are well known, but many of them have been little heard of. For years Quyon and Campbell's Bay, Fort Coulonge and Bryson have been known to lumbermen and sportsmen. These sportsmen have fished and hunted, and have kept serenely still about their exploits. But that sandy beach at Campbell's Bay, and that new camping ground at Davidson fairly cry out for visitors, and if we know the signs, it won't be long before dozens of families follow the example of the few Montrealers who have kept this Pontiac country a carefully-guarded secret.

In spite of its comparatively exclusive appeal, the Waltham of Pontiac county is easily accessible. The train service on the Canadian Pacific Railway from Ottawa is excellent. The whole line is eighty miles long, or just half the distance from Montreal to the end of the Laurentian line. Almost all the way it skirts the Ottawa River, which furnishes pike, pickerel, and bass and delightful bathing pools, and it will be a message of cheer to the suffering scratchers to learn that there are no mosquitoes here.

Fort Coulonge and Campbell's Bay have good hotels, indeed "Coulonge House" is a model of cleanliness and homelike atmosphere — so mothers who are weary of housekeeping cares

can pack up the family and fare forth to one of these quiet villages, confident that the children will grow brown and fat, and that they themselves will have no worry over household problems.

It is a country of low green hills, of many sparkling lakes, of silvery rivers, the Ottawa and the Coulonge — there are steamers and ferries to carry one across the river — steamers to Pembroke and ferries to Calumet and Renfrew. Beyond Waltham, the end of the line, is the well-known resort of Fort William, Quebec, just across the river from Petawawa. Ontario. Near Fort William is Des Joachims, where there is a pretty waterfall. The swaggering lumbermen and the picturesque hunter have largely vanished from the villages. From Quyon to Waltham is a country ideal for summering, new in this capacity, and taking all the pleasure in its new character that an experienced actor takes in mastering the

details of an unfamiliar play.

When Home Seems Good

A BLIZZARD OUTDOORS—warmth and comfort within. There is nothing in the home so necessary as a good furnace. Stoves and base burners are unequal to the task—they choke the air with dust and only warm parts of the house.

And buying a furnace is a matter of knowing how. The warm air heating system is the least costly. It is the most effective and healthful too. The

ENTERPRISE BLAZER WARM AIR FURNACE

will keep every corner of your home delightfully comfortable in all kinds of weather. It draws in the pure fresh air from the big outdoors, warms and moistens it and sends it on its way to you. Stoves and radiators can only heat the same air over and over.

Every part of the Enterprise Blazer Furnace is made just a little bit better than is necessary—the grate bars a little stronger—the fire-pot a little heavier. These are the things that enable us to guarantee that the Blazer Furnace will give you entire satisfaction.

Go fully into the matter with your dealer and write us for our free booklet "Warmth and Comfort"

WE know the sale of the Chevrolet Light Delivery Wagon depends on the satisfaction it gives in actual service. We also know that its valve-in-head motor eliminates fuel waste and delivers fullest power, that its ample bearings cut friction to a minimum, that its perfect balance—strength without weight—insures stability and makes a maximum of power available for actual hauling. These are only a few of the obvious reasons for Chevrolet ability, durability and economy.

Ten Years After

Ten years ago the first packages of KING COLE TEA were packed and put on the market. The time that has elapsed since then has been filled with hard work and with many difficult situations to be met and overcome. But withal, it has been a period of unquestionable, steady and persistent progress. KING COLE TEA has never looked back. Every year has brought its increase. Today its sale is ten times greater than the first year's business. This is the public's remarkable tribute to the worth of KING COLE TEA. It speaks for unusual service.

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Notice to Automobile Owners

As there are a great number of autos coming into town on open nights it has been suggested that the cars be parked on one side of the street so as to prevent any accidents. Queen street being too narrow for parking of autos on both sides. Therefore owners of autos are requested to park on the East side of Queen St. or on any of the back streets.

CORRESPONDENCE

SPORTSMANSHIP (I)

To the Editor of the MONITOR

DEAR SIR—We have heard a great amount of talk during the past about clean sportsmanship and why certain teams in various towns were eliminated from taking part in the Valley or other league games of baseball.

We always admire every team that puts up first class baseball, winning or losing as the case may be providing the usual amount of arguing with the Umpire and between players is absent.

The latter part of the above statement we are sorry to state is in the majority of cases present, especially when one team is gaining ground upon the other, or if one smart fellow thinks he can carry a bluff.

We know of no team in the Valley League that has not practised this sort of thing. Who is the Umpire and what is he for?

Is he not in the field for a definite purpose or is he there to be dogged about by one or more who think they can play and umpire the game at the same time. Remember the umpire holds the most difficult and thankless position in the field and his decisions must be received as given.

Arguing on the field destroys the sport of this most popular of games and lowers the respect that baseball fans have hereto held towards the teams.

Speaking of sportsmanship and clean playing, brings us to another point and that is that teams or other managers should be men of their word.

I refer to the arrangements made with a certain Valley team by the Bridgetown management for Labor Day celebration in the latter town.

The necessary arrangements were completed that said team should

come to Bridgetown on above date playing one or two games with one of the fastest teams in the Maritime Provinces. The agreement was that the expenses of the team should be paid.

Arrangements were then completed with the G. W. V. A. of Halifax that their team should play this Valley team under similar conditions.

Later we learn that the valley team backs down on their agreement and calls for fifty dollars in addition to their expenses. The Valley team has fifteen miles to travel, the Halifax team one hundred or more and the latter team will not take more than their expenses.

We call these men sports, the Valley Team from our sister town you may call anything you care to, but they certainly are not sports. Turn the table likewise upon them and hear the squeal.

We take it for granted because one or more men of this Valley team has recently received fifty dollars for a home run that they must be out of the ordinary—a class by themselves.

We are not squealing because of the payment of fifty dollars but we are just comparing sportsmen of one town with so called sportsmen of another.

We do not want such material as that in our future Leagues, for we are seeking men who can fairly call our "Brothers" in the game, without feeling that the other fellow is a mere grain of sand, a mere nothing, compared to us, the would be future winners of the "World Series".
