The copy filmed here has been reproduced thanks to the generosity of:

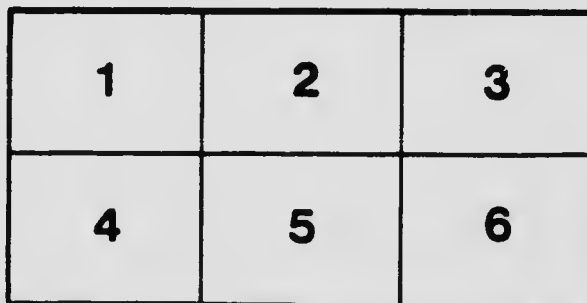

Vancouver City Archives

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

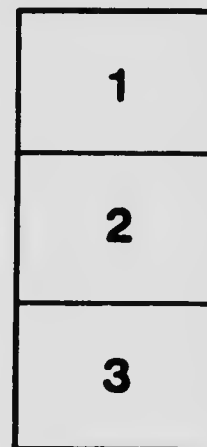

Vancouver City Archives

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

FINE ORDERED WORK OUR SPECIALTY

153 CORDOVA STREET, EAST

VANCOUVER, B. C.

Every Horseman

knows that chopped feed is beneficial to horses.
¶ Hand-power hay cutters are not easy to operate,
and in consequence of this, the question of chopping
feed and hay is often neglected, with the result that
many valuable and faithful animals become afflicted
with heaves.

An Electric Motor

solves the problem. Every up-to-date stable
manager should have an Electric Motor for chop-
ping feed; also for operating the clippers.

¶ Information on this subject will be cheerfully sup-
plied on application to Manager —

A Little Talk About Our Store

OURS is a store for everybody—a great institution. It is permeated with an atmosphere of honesty—honesty in merchandise quality—honesty in prices—honesty in method of dealing with our patrons. Ours is not a business built for to-day only, it's being built for the future too.

We Live to Grow.

That's our ambition, and it's being realized with each and every day.

To-day finds us past the portals of the season of Spring, nearing the season of sunshine and flowers—of cooler garments, brighter fabrics. Already the spirit is apparent at this store. The counters for summer dress goods and shimmery weaves are piled high with mountains of rare beauty waiting your choosing. The racks in the ladies' ready-to-wear department are drooping with the weight of the hundreds of charming suits, jackets and blouses specially purchased for Summer wearing—and the same readiness is apparent in the boot and shoe section and the gents' furnishing sections. Yes, everything is in readiness, and visitors to the Horse Show are invited to view the exposition. Wander where you will and when you will, in and around the Big Store, and be your own judges of the winners of the "Summer Apparel Show"—the grandest, most exclusive and distinctive gatherings of exposition merchandise ever shown in the West.

Come, we bid you welcome.

 I have made
Money for many,
why not for you?

IT'S simply a matter of coming to a decision. Decide while you are reading this article that you will see me to-morrow and find out how I can help you.

I have turned a little money into a little fortune for scores and scores of clients. I have helped equally as many others to improve their financial circumstances materially, without their taking any risks.

If you are interested in speculation or investment, I would like to meet you. The advantage will be mutual.

Vehicles, Harness and Automobiles

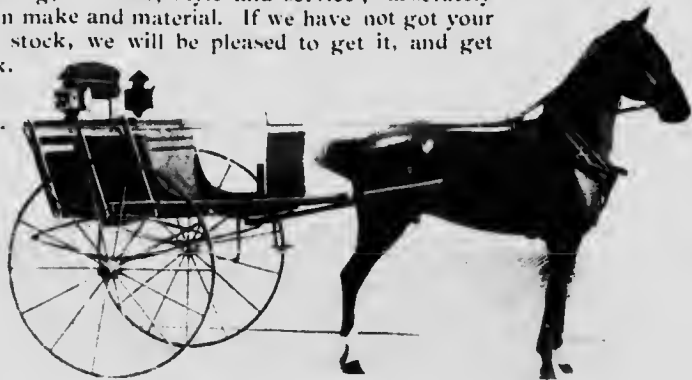

STOREY & CAMPBELL

have sized up the wants of this community in Vehicles, Harness, Automobiles, Electric Trucks, Etc., Etc., and are prepared to meet them.

You Want the Best!

Are you ready for it this season? There is nothing superior to what we are showing, in taste, style and service; absolutely honest in make and material. If we have not got your style in stock, we will be pleased to get it, and get it quick.

HARNESS and SADDLERY is what we have built our reputation on, through employing the best workmen on the continent and using the best material manufactured. For all kinds of Harness, Stock Saddles, English Saddles, and everything required for the horse. Our guarantee is at the back of it.

VEHICLES We are sole agents for the celebrated Studebaker Wagons and Carriages, which are used all over the world. They have the reputation simply because they deserve it. We also carry a very extensive stock manufactured by The Wm. Gray & Sons Co., Ltd. The finest turned out in Canada.

AUTOMOBILES and ELECTRIC TRUCKS As in every other case, we are at the top, having secured the agency for the automobile with a reputation behind it. The name Studebaker is a sufficient guarantee. Call on us, or drop us a line; we will be pleased to send you catalogues and price lists.

Millinery Fashion Report

AS a sun-ray heralds the approach of the beautiful season, even in the heart of winter, so we come out with the Spring Models.

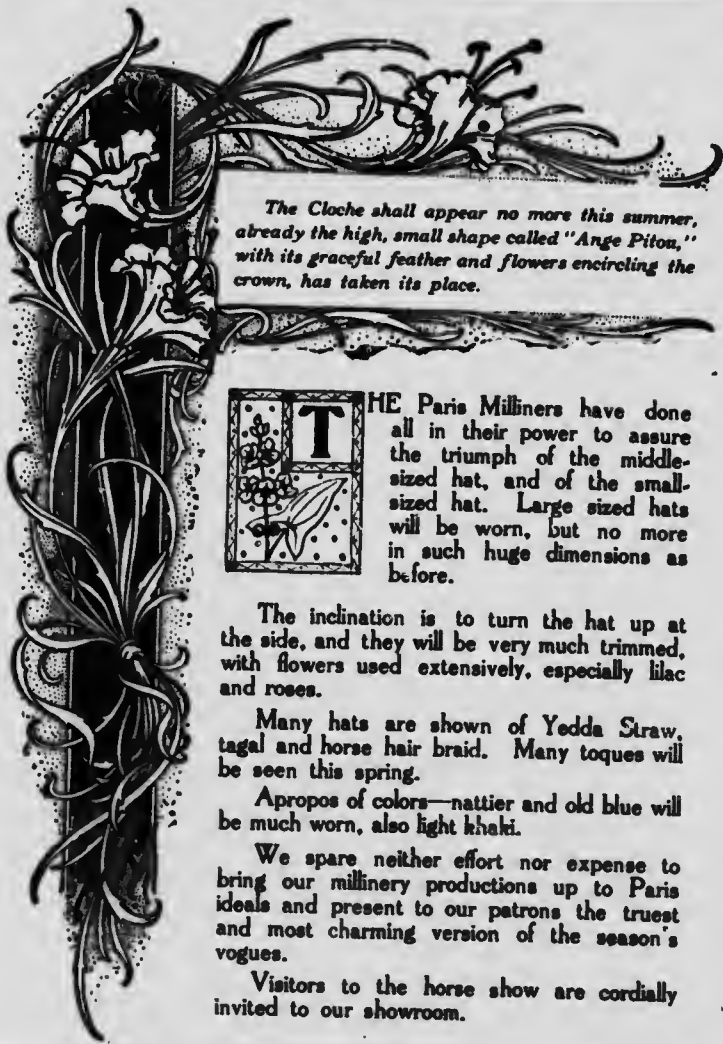

The clever fingers of our Milliners are at work already on the newest creations which invade our show rooms.

Originals and reproductions of the most becoming Millinery from the world's creative centre—Paris, are assembled here for your admiration and approval.

PARIS SAYS

The Cloche shall appear no more this summer, already the high, small shape called "Ange Pitou," with its graceful feather and flowers encircling the crown, has taken its place.

THE Paris Milliners have done all in their power to assure the triumph of the middle-sized hat, and of the small-sized hat. Large sized hats will be worn, but no more in such huge dimensions as before.

The inclination is to turn the hat up at the side, and they will be very much trimmed, with flowers used extensively, especially lilac and roses.

Many hats are shown of Yedda Straw, tagal and horse hair braid. Many toques will be seen this spring.

Apropos of colors—nattier and old blue will be much worn, also light khaki.

We spare neither effort nor expense to bring our millinery productions up to Paris ideals and present to our patrons the truest and most charming version of the season's vogues.

Visitors to the horse show are cordially invited to our showroom.

HYGIENIC MILK COMPANY

A GLASS OF MILK MAY BE a deadly dangerous thing if handled in the ordinary way. Heretofore the milk of Vancouver has been handled in AN ORDINARY WAY.

That is, bought anywhere from anybody; the dirty mixed with the clean; the pure with the impure; then peddled in a wagon exposed to dirt and bacteria unsightly, unhealthy and unclean.

State Boards of Health, Provincial Health Inspectors, and City Health Authorities have protested against this sort of thing, but private action alone seems able to suggest the remedy, and Vancouver people are now in earnest.

A Company has been formed which has acquired an option on the Crink-shank Farm at Matsqui. Modern buildings will be erected, five hundred cows kept, and from the purchase of the cows and selection of the feed until the time the milk is delivered into the hands of the consumer the production will be handled with the care and watchfulness which science alone can throw about the making of a product.

This industry should be profitable. People are willing to pay the price for a product truly worth the money—the Hygienic Dairy Co.'s product will be such.

In the company which has been formed—capital \$250,000—10,000 shares are now offered for public subscription at \$10.50, including a premium of 50c. per share, the whole payable as follows:

On a block of TEN shares, which is the minimum subscription

Payable on application, \$15.00, being 10 and the premium of 50c. per share
Payable on allotment, \$10.00, being 10 within one month of application
The balance, \$80.00, being payable in eight equal monthly installments of \$10 each

There are no Preferred, Deferred, Promoters or Founders' Shares.

Every man and woman in the City knows that there is immediate demand for the entire product of the **HYGIENIC DAIRY COMPANY**. Nowhere in Canada is cow-feed produced cheaper than in the Fraser Valley, and the price paid for ordinary milk is higher in Vancouver than in any Eastern city.

Eastern milk companies selling at six cents per quart have paid large dividends. One cent a quart profit on the product of the **HYGIENIC MILK COMPANY** means twelve per cent. dividend on the invested capital.

With assets of such a nature that in the ordinary course of business they are continually increasing in value, and with an assured market for the entire product at a paying price, whether times are good or bad, investments in the **HYGIENIC DAIRY COMPANY** are in the nature of deposits in a savings bank, but sure to pay large interest.

If you are interested to learn how ample dividends are assured, call at the Company's Office, 332 Cambie Street, Vancouver, B. C.
