Ask You to Hear **MISCHA ELMAN**

One of the World's Greatest Artists

## Elman's Matchless Qualities

The "Elman tone" is distinct and individual. There is none like it in the world. It is human in its inflections and colors; it throbs with red blood, it caresses with silky softness, it thrills with hot passion, it soars and sings and whistles. His technical skill is the envy of all violinists. His insight is of the keenest, and no artist ever combined such life, vitality and sheer beauty in his interpretations.

## DR. SHEARD WOULD EXCLUDE CHINESE

Opposed to Importation of Asiatic Coolies to Replace British Labor.

The annual elections of the Ward Two Liberal-Conservative Association, held in Victoria Hall last night, were very quiet. Only one office, that of first vice-president, was contested, and all the other nominees went in by acclamation. Fred Hamby was elected president for the ensuing year.

Dr. Charles Sheard, M.P., who addressed the meeting, went on record as unambiguously opposed to the importation of Chinese labor into the country. "The emergency is not pressing enough to make it necessary to open the door to Asiatic coolies," he said. "I am not going to sit down quietly and see the ranks of labor tied down by Japanese and Chinese."

The recent elections showed that the people in the main are tired of old-time party politics, added the member-elect.

Liberals charged the Conservatives with having brought politics into municipal affairs. "The result has been that the Conservatives have always gotten the worst of it at the city hall," said the alderman. That was the only reason why he had contested an office.

Ald. Beamish charged the Liberals with having brought politics into municipal affairs. "The result has been that the Conservatives have always gotten the worst of it at the city hall," said the alderman. That was the only reason why he had contested an office.

## EVIDENCE DIFFERS AT STONE INQUEST

Girl's Ante-Mortem Statement Points to Use of Instrument. DOCTOR MAKES DENIAL

## Detective Found Prescription, But Druggist Had No Record of It.

The third sitting of the jury inquiring into the death of Marion Stone, who died recently in the General Hospital, as the result of an illegal operation, said to have been performed by Dr. R. McP. Turner, 361 Bloor street, took place at the morgue last night. Several witnesses giving evidence as to the condition of the girl during her illness.

Dr. MacIntyre, house surgeon of the General Hospital, stated that the girl was brought to the hospital in a toxic condition on Dec. 22. After the girl's admittance, he said, he inquired into the history of her illness and the girl had told him that Dr. Turner had used an instrument on her and that she had been given chloroform on Dec. 20.

Dr. MacIntyre, acting on instructions received from the police, told the girl her serious condition and that she had no chance of recovery. The doctor said that the girl seemed emotional, but was largely in possession of her faculties. Her condition was very weak," he added.

"Did she answer all questions put to her?" asked the crown.

"Not all," was the reply. "The doctor stated in answer to a query that he had questioned the girl for half an hour and that all the questions and answers had been taken down at the time by a crown attorney. The witness could not say whether or not the questions had been read over.

## HAMILTON NEWS

### WAGE CRUSADE UPON HOARDERS

Coalless Householders in Hamilton Urge Drastic Measures to Get Fuel.

Hamilton, Jan. 14.—Threats that unless immediate relief is forthcoming there will be an outbreak of coal thieves, are daily reaching the office of Mayor Hooker. He is sticking them on his file. Some of the householders whose "cellar bins" are barren, assert that those in need should organize and wage a crusade against those who are hoarding. The statement that some efficient citizens, now spending the winter in Florida, has thirty tons of coal in his cellar, is being hourly recalled to the mayor, and he is asked what he intends doing about it.

### SCORE'S "BALACLAVA" SLIP-ON TOPCOAT.

This is a coat of distinction—especially designed and made to the very highest class tailoring. Made to individual measures from very superior materials. The rich selection of exclusive patterns and colors. All sizes. In stock or made to your measure. The man who discriminates in his dress, the "Balacava" is the ideal.

### REST HOME PROVIDED FOR CANADIAN NURSES

Lady Perley Officially at Important Ceremony in England.

Canadian Associated Press Cable. London, Jan. 14.—In the absence of the Princess Patricia owing to indisposition, Lady Perley today opened the Canadian Nurses' Rest Home at Ennismore Gardens, presided by Col. and Mrs. Gretton. Col. Bryan presided. Sir Edward Carson, overseas minister, remarked that every body in England spoke most highly of the Canadian nurses, whose friends in Canada would rejoice to know that there were people here who were so generous as to provide them with such bountiful gifts.

## WAR SUMMARY

THE DAY'S EVENTS REVIEWED

Owing to the collapse of Russia, Germany will gain 1,400,000 extra troops for service against Britain, France, Italy and the United States, and to meet all emergencies until the United States develops her full powers in the field. Britain will need 420,000 to 450,000 more conscripts this year. These facts came out in the speech of Sir Auckland Geddes, British Director of Recruiting, in the house of commons yesterday. The enemy will gain from the east 350,000 German troops and 650,000 Austrian troops. These figures are much larger than those allowed by previous unofficial estimates. These had placed the maximum enemy strength available from the east at fifty divisions.

They had left Austria out of their calculations, after the fashion of certain politicians who speak of Austria almost as if Britain were at peace with her, and she were a negligible factor.

Sir Auckland Geddes made it clear that, although the enemy would receive this large reinforcement, if the worst does come, the allies need stand in no fear of him, for they have resources in men and materials sufficient still to win the victory. Excluding Russia from the calculations, the allies have a substantial superiority in fighting and ration strength over the central powers. Britain will form the chief bulwark of allied defence until the strength of the United States approaches its maximum in the firing line. Enough men are available in England and Scotland to supply this year's recruits for the central powers, and all their places with older men and women. Ireland will escape conscription at least for another year.

The chief effect of the Russian collapse on the strategy of the war is to change it from a duel, instead of a struggle, into a contest of attrition. The allies called for a conscription measure to meet the central powers from all points in the east and the west. Present conditions resemble the conditions at the outbreak of the war before full Russian mobilization. The Germans then felt themselves free to throw their full weight against France. The French army, assisted by a small British army, broke the German onset. France has now not only her own splendid army, but a powerful British army to resist the coming German onset. Britain and her dominions have contributed 7,500,000 men to the war; Britain alone 4,500,000. With the strong British armies in the field the British and French war are outnumbering the Germans by about ten to six or seven at the beginning of the war.

The peace negotiations between the Russians and the Germans at Brest-Litovsk have again resulted in a deadlock, and the conference has adjourned without the fixing of a date for its re-assembling. The Bolshevik delegates presented written demands. They sought the evacuation of occupied territory, and the Germans as determinedly refused their concession. The Germans also protested against the presentation of fixed terms in writing. The Cologne Gazette has announced that the German government is planning to discredit the peace negotiations by refusing to come to terms and the Bolsheviks are holding conferences with the political leaders in Berlin and German socialists believe that their country will come under a military dictatorship. Von Hertling, used by the German militarists to weaken the Russian position, will probably have to resign. Having performed his service of inducing a Russian armistice and peace conference,

the Kaiser has no further employment for him. Raiding operations form the chief activity in changing but when the British are more aggressive than usual before their own lines, but the Germans are the more aggressive on the French front. The enemy has discovered the presence of Austrian howitzers along the western front. These guns came from Italy and probably also from the Russian front. The enemy has selected his best men from the armies in the east for service in the west and has left the residue, composed of German boys of 18 on up to Austrian men of 55, to watch the east as fifty divisions. The propaganda of the Bolsheviks is said to be making strong attempts to prevent any more fraternizing. They are probably trying to restore the fighting spirit of their troops, in view of a probable offensive against Russia.

When German aircraft bombard British cities they fly at darkest midnight when the moon is changing but when the British bombard German cities in reprisal they fly by broad daylight as they did over Karlsruhe yesterday. The raid carried out under conditions enabling accurate dropping of a ton and a quarter of phosphorus and the causing of bursts on buildings and signs of the main railway junction in the centre of the town. The returning aviators report that their bombs struck a large fire in the factories alongside of the railway, and other firms who remained to take photographs brought back snapshots of the conflagration. The German aerial defence received the visitors with a heavy fire, but the barrage did not prevent them from achieving their aims.

American Consular Reports Show Complete Success of Blockade.

Several applications for an increase in salary were made by teachers from schools in different parts of the city to the finance committee of the board of education at its meeting yesterday. It was suggested that the salary schedule be approved of and the teachers be allowed the increase, but after some discussion it was decided, in view of the fact that several other teachers of this kind would have to be attended to, to call a special meeting for that purpose for next Friday.

The deputation from school section 15, Fairbank, which appeared at the last board meeting in regard to the question of allowing the children from that section to attend Humewood school was heard again at the meeting yesterday and the matter was settled. According to Chief Inspector Crowley there have been 72 non-residents attending Humewood school and that last December there were 62. The members of the deputation stated that they understood that there were only 40. Chief Inspector Crowley said also that an extra room was needed for the city children and that if the non-residents were taken away it would relieve the situation very much. It was then decided that the children from Fairbank could not be accommo-

dated. The deputation then asked if they might put a portable school on the Humewood school site and supply their own teacher, but they were advised to build a school in their own section. It appears that the principal of Humewood himself did not know where the children were coming from as Trustee Noble had received a letter from him in which he stated he could not get a map and so could not find out from which district the children came. The children had been attending the school without paying the regular fees, some of them for several years and in consequence the deputation was asked to pay the arrears and as they were willing the account will be sent in to the school board from that section.

The deputation consisted of E. Birch, John Wilcox and M. McMann of Fairbank.

**School Collection.**  
A communication was received from Mrs. Van Koushnet, convener of the women's committee for collections in schools for the Patriotic Fund, asking that collections be taken in the schools on next Monday, Tuesday and Wednesday for the Patriotic Fund campaign. Trustee Dr. Noble was very much opposed to this saying that he had just drafted a motion to have no collections whatever taken in the schools. The matter was referred to the board.

The Ontario Safety League which has been doing a great deal to prevent accidents to children coming from and going to school and around the schools, sent a letter stating that during the past year they had spent \$586 on advertising and asking the board to grant them at least \$600 this year for carrying on their work. The matter will be held until the estimates are being prepared.

A returned soldier named Cooper who lives on Salmon avenue, which is outside of the city, asked that his children be allowed to attend Glenhill school, which is inside the city, free of charge. The request was granted.

The principal of Manning avenue school appeared on behalf of his former kindergarten teacher, Miss Sutherland, who is now working overseas with the voluntary aid department,

Kingston, Ont., Jan. 14.—The first train to arrive in Kingston since Saturday night was a C.P.R. train from Belleville at 10 o'clock this morning, another around five p.m. having left Toronto at 8.15 a.m. These were the only trains arriving and none departed.

All the trains on the C.P.R. and the C.N.R. are tied up. Passengers going out on the C.P.R. trains have been waiting since Saturday night to make the trip, and many have taken accommodation in railway coaches. It was expected that a snow-pow, which had been stalled at Purville, would reach there tonight, followed by a train. A party of 50 Kingstonians have been stalled at Harrowsmith since Saturday night. They were on their way home from Ottawa. W. F. Nickle, M.P., and Lt.-Col. R. J. Gardiner are among the stranded passengers.

**INAUGURAL AT CORNWALL.**  
Special to The Toronto World.  
Cornwall, Jan. 14.—At the inaugural meeting of the city council today J. G. Harkness was reappointed clerk and treasurer; R. S. Cline and J. E. Tallon auditors; W. Gibbins member of public library board; P. E. Campbell member of the high school board; R. E. Smetinger, J. E. Chevrier and A. A. Fournelle members of the board of health; Reeve Stiles acting mayor; W. A. Craig assessor; Constables Crites and Seymour sanitary inspectors. Chairmen were appointed to the standing committees for the year.

Kingston, Ont., Jan. 14.—The Royal Military College has reopened with 184 cadets. Naval work will commence Feb. 15.

**FARMERS GOT THE GOAL.**  
Special to The Toronto World.  
Kingston, Ont., Jan. 14.—The coal situation in the Village of Sydenham is becoming acute. Many of the people are without fuel, and there is apparently no coal in sight. Several farmers, who have excellent wood lands, were allowed to draw away coal from the last car which was unloaded in lots of six, seven and eight tons, while many residents of the village were unable to procure any coal.

**QUEBEC SCHOOL SCORCHED.**  
Quebec, Jan. 14.—Fire broke out in the cellar of the Provincial Agricultural School at St. Anne de Poitiers. The damage is placed at \$2000.

Washington, Jan. 14.—Germany's imports of food have been stopped, not only by prohibition of re-export of food supplies sold to neutrals, but also by allied control of products used in shipping foods grown wholly within those countries, according to consular reports today.

Advertisements for German twine appearing recently in Danish papers revealed that exports of preserves to Germany had been shut off because twine used in the packing was sold by the allies under agreement that it should not be re-exported. German twine had to be obtained before orders could be filled.

Similarly condensed milk shipments were stopped by forbidding re-export of cork tops. Wood eventually was substituted.

All dairy products sold to Germany have been reduced in quantity by shortage of cattle feed, which necessitated slaughtering.

Ottawa, Jan. 14.—Many complaints have been received by the Dominion fuel controller because of the failure of the Canadian Northern Railway to make deliveries of coal from the Drumheller Mines to various points in Alberta and Saskatchewan. C. E. Peterson, assistant fuel controller, stated today that all possible efforts are being made to secure the so-operation of all the railways in carrying this coal from the mines. The trouble is due not so much to lack of equipment as to the poor state of the railway's roadbed. The Canadian Northern line which serves the mine, he said, will probably have to be practically rebuilt in the spring.

COUNCIL MEETING IS BUSINESSLIKE

THE MAYOR'S ADDRESS

Importance of Preparing for Taking Over Railway, Key-note of Inaugural.

With the council chamber gaily decorated with flags and flowers, Toronto's fourth war-time council held its inaugural meeting yesterday.

The Grand Trunk today is lachrymose and apologetic, but a few years ago it rode rough shod over the people of Canada. It is less than ten years since the present premier denounced the Grand Trunk for its insolent interference in the political affairs of the country.

But the point is not what the Canadian Pacific did in the 'twenties or the Grand Trunk did in the 'fifties. Neither is tinkering with the railway rates the duty of the hour. We are not here to reward or punish this railway or that.

Our reasons for this belief we have set forth many times. In working out the details of the scheme we are sure the stockholders of the Canadian Pacific will be dealt with justly and that the stockholders of the Grand Trunk will be dealt with, not only justly, but generously.

We are glad to welcome to the platform the Toronto Globe. The Globe says it has been on the public ownership of railways platform for many years, but it managed in some way to escape observation.

The Free Press several weeks ago began a series of articles upon "Possible Solutions of the Railway Problem." It set out upon this task, we believe, without prejudice, and welcomed expressions of opinion from all quarters.

It is quite beyond the powers of this corporation to pay its own way. It assumed in connection with the Grand Trunk Pacific Railway, the burden being shifted to the Canadian people, is one that cannot be entered upon for better and for worse.

Subway From Stock Yards.

Ald. Ryding moved that the commissioner of works be requested to make arrangements with the Union Stock Yards, the Swift Canadian Company, Gunns, Limited, and the Harris Abattoir Company to have a subway constructed from the stock yards to the north of St. Clair avenue for the public safety and for the distribution of cattle by the firm named from their own grounds, in order to prevent accidents.

Ald. Beamish brought in a second resolution to increase registry office fees, and also asked that the city be given a representation on the social service commission.

Ald. Hiltz moved that the works commissioner be instructed to poll the property owners of Danforth avenue with a view to ascertaining the number desirous of changing the name of Danforth avenue to Bloor street.

The citizens had spoken in no uncertain terms for the acquisition of the street railway. He would have a commission to operate the line on the plan of the hydro-electric commission or the harbor board.

Must Buy at Fair Price. We must buy the Metropolitan franchise at a fair price or not at all, said the mayor.

He expected that the street cars ordered by the railway board would be in operation some time during the year, as well as the new civic cars now being built.

Speaking of the Bloor street viaduct the mayor said: "This work has now been taken over from the contractor by the city. The viaduct is open for pedestrian traffic, but not for vehicles. The city's part of the work will be rushed in the spring as soon as the weather is favorable. I think instructions should be given to work night and day on this, in two shifts, until the work is completed."

After-the-War Committee. A committee should be appointed to meet after-the-war conditions, advised his worship.

The school and library board finances should be placed in charge of Finance Commissioner Bradshaw. In addition a larger revenue should be obtained from secondary education, including the technical school.

The mayor also made a plea for assessment reform, control of the streets, and the continuance of the fight at Ottawa for this privilege, and for the taking over of all suburban lines within the city limits.

CIVIC YARDS ALLOWED. Toronto's Own Fault It Is Not in the Coal Business.

Referring to statements which have appeared of late to the effect that the Ontario Government did not allow the City of Toronto to engage in the coal business, Premier Sir William Hoar yesterday denied that such was the case.

Legislation had been passed, he said, permitting the operation of municipal fuel yards and some municipalities had taken advantage of it and were now selling fuel.

"Toronto made application but did not follow it up," he said, "if they have not entered into the coal business it is their own fault."

FALLS FROM LORRY. When he fell from a Dominion Transport Company's lorry yesterday afternoon, Fred Hart, 34 Claremont place, received several fractured ribs. He was removed to the Western Hospital in the police ambulance. He was reported last night as resting comfortably.

## PREPARE THE WAY FOR YEAR'S LABORS

First Meetings of New Councils Held in Western Ontario.

Special to The Toronto World.

Guelph, Jan. 14.—The inaugural ceremonies of the Guelph City Council were held at 11 o'clock this morning, and passed off very quietly. Mayor John Newstead, in his inaugural address, referred to the great struggle now going on in Europe, and expressed the hope that this would be the last year of the war. He urged the people to do all they could to assist in patriotic endeavours, and promised that the civic authorities would be as careful as possible with the people's money. He also dealt with the work of the various committees for the year, and hoped they would co-operate with each other in promoting the best interest of the city.

The chairmen of the committees for the year are as follows: Finance, Ald. F. Howard; fire and light, Ald. McHugh; railways and manufactures, Ald. S. Rundle; bylaws and markets, Ald. G. M. Henry. At the evening session representatives were appointed to the Guelph Junction Railway Board and the Guelph Radial Railway Board.

While no official address was presented today it is understood that the finance committee will have a surplus of about \$5000 in the year's business.

## APPEALS FOR HARMONY

Kitchener's Mayor Urges Liberal Giving to the City.

Special to The Toronto World.

Kitchener, Jan. 14.—Mayor Gross opened the inaugural meeting of the city council here today with a message and appeal for harmony in the city so that the community may stand in a better position to do its full share in the Empire.

The mayor also brought before the attention of the council the Cross and patriotic funds with the continuation of the war, and urged the citizens to contribute to the fund.

The report of the Assessment Commission was received and adopted. It showed an increased assessment for 1917 of \$27,450. The population increase was 215.

The following committees were appointed by the council: The members of the finance committee are the entire council, with Ald. Utley as chairman and Ald. Elzer as vice-chairman.

The members of the board of works and the garbage and sprinkling committee are: Ald. Campbell, Hizer, Amussen, Goffin and Lippert. Ald. Amussen is chairman of the board of works and garbage and sprinkling committees.

## SAINTS SURPRISE FANS WITH VICTORY

### Defeat University Schools Handily in Opening Prep. College Game.

The first real surprise package of the local hockey season was unwrapped at the Arena yesterday afternoon. University Schools were four to one favorites before the opening prep. college game, but St. Michael's College swamped the good blue and white outfit and won 9 to 6. The performance of the Saints was one of the best seen at the Arena this year and they earned their victory handily.

The Saints outskated the U. T. S. squad right from the start, and used a withering check that stopped any attempt at combination by the losers. Five out of the six players are new to the arena, but they were not given protection, so fast were the Saints' forwards killing in.

Stan Brown was the outstanding man for the winners. He has had senior O. H. A. experience and it was to be expected that he would shine. McIntosh, the Saints' centre man, packs a wicked shot and checked like a fiend. Beaudont, at right wing, was the man that stopped the University School boys when they staged a rally in the last period. He checked with a will. Kelley, Brown's partner on the defence, is a good puck carrier and blocks well. O'Brien in goal was good. With little more polish he will class with the best. The secret of the Catholic College win was the back-checking and the combination of the forwards and defence. Dug Munro was the best for the losers. He rushed repeatedly, but his team mates could not get in line owing to the back-checking, and it was useless. Little Sullivan played a good game in the nets, but he was not given protection, so fast were the Saints' forwards killing in.

They opened with a killing pace and in the first minutes it was evident that the Saints were a mighty good outfit. They broke three scores and had a right in the back-checking was good to look at. Parade got one from a scramble after ten lively minutes. Munro evened it up with a lone rush. The Saints came again and they ran in three in short order, and it ended 4 to 1 for St. Michael's.

The second period was another rousing session. The University School boys, but the Saints bored in better and grabbed two goals to U. T. S.'s one. It was then six to two against the Saints.

Both teams tied in the third period, but the Saints hung on gamely when U. T. S. made their comeback and their back-checking saved them from having a close score. St. Michael's out-scored their opponents five to one and the final score was 11 to 5.

The Saints have a nicely balanced team and with a little polish will give any team a hard tussle.

The teams:

St. Michael's College (11)—Goal, O'Brien; defence, Brown and Kelley; centre, McIntosh; right, Beaudont; left, Parade; sub, Galloway.

U. T. S. (5)—Goal, J. Sullivan; defence, Murray and Boulter; centre, Agnew; left, Jeffers; left, P. Sullivan; sub, Gunn.

Referee—F. C. Waghorne.

## FORGOT TO CHECK; SENATORS VICTORS

### Torontos Fail to Show Form and Are Defeated by Three Goals.

Ottawa, Jan. 14.—The Torontos went down to defeat tonight before the Ottawa by a score of 3 to 6, in a match which was spectacular at times, but did not compare in brilliancy with the contest staged here two weeks ago between the same teams. The Senators were a much stronger aggregation than when last the teams met in the capital, while the blue shirts lacked much of the aggressiveness that marked their play on that occasion.

The Torontos were largely to blame for the slow-up of the contest, as the forwards persisted in playing the fire side and not coming back with the puck when the puck was in the hands of the Senators, who were marked by numerous penalties, and on two occasions the Torontos supply of sub was exhausted and the Ottawa were forced to drop a man to even up, while the crowd was treated to a fast exhibition of one-man hockey. The penalties were many there were few chances of offence, the only untoward incident occurring when the Senators checked Hyland in the final period and the latter punched him in the face, both men were sent to the penalty bench.

The Ottawa started off with whirlwind speed and notched three goals in less than nine minutes of play. They stood over the Torontos and it looked as if the contest was to be a one-sided one. Then Captain Gerard strained one of his arms and was retired for the night. Shortly after this Crawford was injured and he also was sent to the dressing room. These losses had a depressing effect on the Senators, and the Torontos, who up to this time had been playing in spots only, began to show their ability and before the period ended they had the score 6 to 3 and had bright prospects of pulling the game out of the mire. The second period found the blue shirts playing in even terms with the home team and divided honors, each team scoring a goal.

The third period saw brilliant play and the checking became very strenuous. Hyland scored for Ottawa and then Corbett, Denny, who was a one-sided one, the visitors, notched one for his team. A shot by Darragh was given a goal, although the puck did not stay in Crawford's hands. The visitors protested strongly, but the goal stood. The Senators then had a six to three string, the contest was practically over. Noble tallied the final goal of the game.

Hyland and Ritchie played a splendid game for the visitors, and Hyland's shooting was particularly good. The Senators, Gerard played wonderful hockey while he was in the game. Denny was almost the equal of his brother on the opposing team. Denny, Darragh, and Ritchie were the brunt of the fray for the visitors.

The line-up:

Ottawa (9)—Goal, Denny; defence, Benedict, Point, Holmes, Shore, Denny, Denny, Denny, Denny, Denny; centre, Denny; left, Denny; right, Denny; sub, Noble.

Toronto (8)—Goal, McKenney; defence, Harvey, Pulford, Judge of Play, Charlie McKenney.

First Period—Ottawa, 3 Toronto, 0

Second Period—Ottawa, 2 Toronto, 1

Third Period—Ottawa, 1 Toronto, 5

Final Score—Ottawa, 6 Toronto, 3

Play in the Ontario Tankard primaries in the two Toronto groups, Nos. 4 and 5, takes place today, starting at 9 a.m., as follows:

Group 4, at Queen City—High Park, Lakeview, West Toronto and Richmond Hill. W. Phil, umpire.

Group 5, at Lakeview—Queen City, Toronto, Aberdeen and Granite, Umpire, J. Macdonald.

Parkdale, that is not organized this winter, was the winner last year in No. 4, the other clubs being Grand, Lakeview and West Toronto. Queen City won No. 5 last season, defeating Aberdeen in the preliminary and Toronto in the final. High Park was the fourth club. The groups are changed around considerably this winter. Owing to the fact that the Ontario Tankard is being held at Agincourt, Hill Thursday. The clubs are Agincourt, Markham, Stouffville, Scarborough and Thornhill, Umpire, G. A. Davidson.

Agincourt Heather won the final in this group last year, beating Thornhill in the final. Stouffville and Richmond Hill fell in the consolation.

The forty-third official handbook of the O.C.A. appeared yesterday, with the new information, indispensable to Ontario curlers.

## MAJOR LEAGUE SCHEDULE MEETING IS CALLED OFF

### Chicago, Jan. 14.—Owing to crippled transportation conditions, President B. B. Johnson of the American League announced tonight that the major league schedule meeting, set for Dover, Pa., this week, had been called off.

## FORGOT TO CHECK; SENATORS VICTORS

### Torontos Fail to Show Form and Are Defeated by Three Goals.

Ottawa, Jan. 14.—The Torontos went down to defeat tonight before the Ottawa by a score of 3 to 6, in a match which was spectacular at times, but did not compare in brilliancy with the contest staged here two weeks ago between the same teams. The Senators were a much stronger aggregation than when last the teams met in the capital, while the blue shirts lacked much of the aggressiveness that marked their play on that occasion.

The Torontos were largely to blame for the slow-up of the contest, as the forwards persisted in playing the fire side and not coming back with the puck when the puck was in the hands of the Senators, who were marked by numerous penalties, and on two occasions the Torontos supply of sub was exhausted and the Ottawa were forced to drop a man to even up, while the crowd was treated to a fast exhibition of one-man hockey. The penalties were many there were few chances of offence, the only untoward incident occurring when the Senators checked Hyland in the final period and the latter punched him in the face, both men were sent to the penalty bench.

The Ottawa started off with whirlwind speed and notched three goals in less than nine minutes of play. They stood over the Torontos and it looked as if the contest was to be a one-sided one. Then Captain Gerard strained one of his arms and was retired for the night. Shortly after this Crawford was injured and he also was sent to the dressing room. These losses had a depressing effect on the Senators, and the Torontos, who up to this time had been playing in spots only, began to show their ability and before the period ended they had the score 6 to 3 and had bright prospects of pulling the game out of the mire. The second period found the blue shirts playing in even terms with the home team and divided honors, each team scoring a goal.

The third period saw brilliant play and the checking became very strenuous. Hyland scored for Ottawa and then Corbett, Denny, who was a one-sided one, the visitors, notched one for his team. A shot by Darragh was given a goal, although the puck did not stay in Crawford's hands. The visitors protested strongly, but the goal stood. The Senators then had a six to three string, the contest was practically over. Noble tallied the final goal of the game.

Hyland and Ritchie played a splendid game for the visitors, and Hyland's shooting was particularly good. The Senators, Gerard played wonderful hockey while he was in the game. Denny was almost the equal of his brother on the opposing team. Denny, Darragh, and Ritchie were the brunt of the fray for the visitors.

The line-up:

Ottawa (9)—Goal, Denny; defence, Benedict, Point, Holmes, Shore, Denny, Denny, Denny, Denny, Denny; centre, Denny; left, Denny; right, Denny; sub, Noble.

Toronto (8)—Goal, McKenney; defence, Harvey, Pulford, Judge of Play, Charlie McKenney.

First Period—Ottawa, 3 Toronto, 0

Second Period—Ottawa, 2 Toronto, 1

Third Period—Ottawa, 1 Toronto, 5

Final Score—Ottawa, 6 Toronto, 3

## NEW FORWARD FOR QUERRIE'S BLUES

### Adams, of Sarnia, Secured Irish and Dentals Battle Again Tonight.

Manager Charles Querrie did not accompany his team to Ottawa yesterday, when the blue shirts went down to defeat. Charlie was on a much more profitable job. The Toronto leader spent the week-end in western Ontario angling for a forward, and came home last night with a satisfied smile on his face.

The player in question is no other than Jack Adams, now with Sarnia. Adams played a game with St. Patrick's in the senior O.H.A. ranks last year, and is a star of the first water. He signed with the pros. yesterday, and will likely be in the game Wednesday night against Ottawa. Adams has been wanting to make the jump for some time.

The second meeting of the champion Dentals and St. Patrick's takes place at the Arena tonight. The Saints gave the Allan Cup holders a stiff battle on their last meeting, and it was worth going many miles to see. The Irishment expect to have McAvoy, the former Port Colborne player, in uniform tonight, and he will add to the scoring ability of the forward line. This was the only thing lacking by the Saints, and with a goal getter up in front they are just liable to hand the champions a trimming.

The weather has moderated considerably. The O.H.A. suffered again last night in the matter of postponed games. Secretary Hewitt of the association received word late yesterday afternoon that the Kitchener senior team, officers and supporters, were stalled in Stratford, and they reached on Saturday on their way back to Kitchener. The Hamilton senior team, which was scheduled to play at Kitchener last night, but the game has been postponed.

Given Sound were scheduled to play at Markdale last night, but could not get to the latter town. Jack Moxon of Toronto, who was to officiate, was also unable to get a train out of Toronto for the north. The line between Penetanguishene and Victoria Harbor is snowbound, and the junior teams of those places did not play last night. Stan. Burgoyne was to have handled this game, but went to Cobourg instead, where the Oshawa Cuburs played.

## THREE CLOSE CONTESTS FOR MILITARY LEAGUE

### Three close games of indoor baseball were staged at the transportation building gymnasium, Exhibition camp, last night, when the C.A.D.C., Machine Gun Section and Headquarters teams were winners over the 76th Battery, A.M.C. and 71st Battery.

The Dentals trimmed the 76th Battery, but his support was weak. Zim, McNeil and Hall, of the Dentals, had a long drive. Howard pitched well for the Dentals until the sixth, when the arm of the 76th Battery came in. The M.G.C. v. A.M.C. was by far the best of the night, and was good as has been seen this season. Christianity of the A.M.C. and Mountain of the M.G.C. staged their opponents came from the crowd on their toes all thru the game. M.G.C. succeeded in obtaining the decision 5 to 4.

The Headquarters v. 71st Battery game, while not so close as the second game, was a very exciting contest, being well supplied with home runs, splendid catches and good fielding. The Battery had the H.Q. team apparently beaten in the fifth, with the score at 10 to 4, but in the sixth their opponents came back with several home runs and basehits that netted them nine runs. The Battery came back in the seventh with five runs, again taking the lead, but in their half the H.Q. scored the passy, five runs to win the game, finishing 16 to six.

Tomorrow evening the Military Basketball tournament for members of the C.E. will be held, and a good night's sport will be witnessed by the soldiers.

## MANY GOOD BOUTS AT BIG MILITARY SHOW

### An excellent card has been arranged by the Sportsmen's Patriotic Association for their big boxing show in Massey Hall on Wednesday, Jan. 23.

The sportsmen's division of the weight-division will meet Soldier Bartfield in the feature bout. Lewis needs no introduction to local fans and Bartfield is a better of the first water. Lewis has met Bartfield before, but has never got any satisfactory decision over the soldier boxer. Bartfield is after Lewis with his eye on the welter crown, and can be relied upon to put his best efforts forward.

Frank Bull, a former city champion, and A. Jones of the Royal Flying Corps, who made a hit at the Massey Hall show, have been matched to box six rounds as one of the preliminaries.

The proceeds of the show will be turned over to the Canadian 2nd Depot Battalion, 1st C.O.R. Several other soldier bouts will also be on the card, which is the most attractive ever arranged for local lovers of the ring game.

The line-up:

Ottawa (9)—Goal, Denny; defence, Benedict, Point, Holmes, Shore, Denny, Denny, Denny, Denny, Denny; centre, Denny; left, Denny; right, Denny; sub, Noble.

Toronto (8)—Goal, McKenney; defence, Harvey, Pulford, Judge of Play, Charlie McKenney.

First Period—Ottawa, 3 Toronto, 0

Second Period—Ottawa, 2 Toronto, 1

Third Period—Ottawa, 1 Toronto, 5

Final Score—Ottawa, 6 Toronto, 3

What it means to raise \$3,000,000 in 3 Days

It means that an average gift of \$5.00 must be received from every man, woman and child in Toronto and York County.

\$5.00 in a year is not much if you figure it down—it's less than 10 cents a week.

But if you have a wife and two children it makes your contribution, as head of the family, about 40 cents per week—say, \$1.50 per month. Does your conscience tell you that's a very moderate amount to pay for the honor of helping those who are helping you—yes, even with their life's blood?

10 cents a week per head for each family is, however, a minimum contribution. Yet many families, it is sad to say, could not honestly afford to give even that much.

For this reason, those of us that can, should give as liberally as the world has prospered us, to make up the average contributions of those not so well favored.

Moreover, the method by which we may spread out the payment of our gift is such that it should not strain our pocketbooks.

In other words, while it might be a strain to give \$12.00, \$25.00, \$50.00 or \$100.00 in a lump sum, twelve monthly installments of \$1.00 or more, in proportion to one's promise, doesn't make it hard to contribute a generous donation.

Look at it from another point of view.

It is a good thing for our citizens as a body to raise this fund. It is "the outward physical manifestation of the inward spiritual grace," as the preacher would say.

Then, too, we must not overlook the fact that in 1914, 1915 and 1916, when we were urging our men to volunteer and uphold Toronto's share in Canada's fight, it was very deliberately pointed out to them that their families would not only receive separation allowance from the Government, but that each family would be entitled to, and would receive, an allowance from the Patriotic Fund.

Thus, the moral obligation made then, stands now. In fact, it is greater, because living costs are higher, and the loneliness and weariness of soldiers' dependents is infinitely more.

Furthermore, do not overlook the fact that one-third of the money raised is applied to the needs of the Canadian Red Cross—and this need grows greater every day—particularly now that our Citizen Army is preparing to fight.

Everybody Pays Every Month

The workers for the 50,000 Club Department of the Fund will try to canvass every office, warehouse and factory in the city.

When you are called upon to make your contribution, remember not to limit your donation to what you can afford to give at the moment. Instead of giving \$12.00 at once, give, say, \$35.00 or \$60.00 at the rate of \$1.00, \$3.00 or \$5.00 a month for the next twelve months.

A greater truth was never written than that "It is more blessed to give than to receive," especially when giving it for the magnificent joint cause of the Canadian Red Cross and the Patriotic Fund.
