Ottawa Government Says Daylight Saving Is Provincial Government Matter

**CONVENTIONS DEBATE
INTERNATIONAL RAILWAY
COMPANY'S CREATION**

**Opposition Criticizes—Cahill
Believes System Would Be-
come Political Machine.**

CHARGE OF CRAFT

**Against D. B. Hanna Over
Railway Rearrangement
Bearing on Real Estate.**

Ottawa, April 11.—Hon. J. D. Reid's
resolution on the bill bringing into ex-
istence the Canadian National Railway
Company, the organization which will
manage the government-owned rail-
ways of the Dominion, was the chief
subject of debate in the commons to-
day. The government's plan met with
considerable criticism from the op-
position, more particularly by D. D.
McKenzie and F. S. Cahill, the mem-
ber for Frontenac.

Mr. McKenzie asserted that instead
of organizing the company, as pro-
posed, the national railway system
should be operated in the same way
as the I.C.R.

Mr. Cahill expressed the view that
the minister would have the right to
appoint directors and that the system
would become a political machine. Mr.
Cahill alleged that 23 engines and en-
gines' crews had been moved from
Calgary to Hanna because D. B. Hanna,
chairman of the C.N.R. board was in-
terested in real estate at Hanna.

Challenge to Cahill
Dr. Reid challenged Mr. Cahill to re-
peat in the press his charges in re-
spect to graft, and asserted that if the
honesty of such men as Mr. Hanna is
to be impugned public ownership of
railways would not prove to be a suc-
cess in Canada.

Hon. Rodolphe Lemieux moved an
amendment providing that there shall
be no money paid out by the minister
of finance to meet deficits except with
the approval of parliament.

This was rejected by a vote of 25 to
16 and the resolution was reported.
The bill creating a department of
public health was read a third time,
and then to the second reading.

The house went into committee on
a senate bill to amend the juvenile
delinquents act, 1908. The bill, Mr.
McLighan said, merely defined the term
"Roman Catholic," as used in the act.
Sir Sam Hughes took the ground
that juvenile delinquents, no matter
what their religion, should be taken
care of by the state, and not by re-
ligious institutions. He intimated
that the great war had been precipitated
by the influence of the Roman
Catholic church which desired to in-
crease its power in Europe.

Incorporate C. N. R. Co.
The house then took up a long re-
solution, preceding a bill to incor-
porate the Canadian National Railway
Company, which will operate the Cana-
dian Northern system and other
Canadian government lines.

Mr. McMaster argued that the
government should state its policy in
regard to railways. "Are we going
to have a policy of government or of
private ownership?" he asked.

Dr. Reid replied that the govern-
ment was now in possession of about
12,000 miles of road. The bill would
merely provide a means of operating
the roads more efficiently.

Dr. Reid said, "that there is any
chance of transferring our present
railway system to private owner-
ship. But we have got to find some
means of operating what we own."

Replying to Mr. McMaster, Hon.
Arthur Meighen said that the govern-
ment policy in regard to railways has
been stated over and over again. The
government had no intention of turn-
ing over to private ownership the rail-
ways which it now owned. The policy
in regard to the C.P.R. and G.T.P. had
been stated. The government had also
not intimated to parliament any in-
tention of acquiring the C.P.R.

Lasting Record of Gallantry And Endurance of British Army

London, April 11.—In a despatch
dealing with the concluding stages of
the fighting in Mesopotamia, Lieut-
General Sir W. R. Marshall, com-
mander of the British expeditionary
forces, says that the actual captures
since the beginning of the campaign,
which lasted just four years, amounted
to 45,000 prisoners and 45 guns, to-
gether with vast quantities of war ma-
terial of all descriptions.

HOUSE "PASSES THE BUCK" ON DAYLIGHT SAVING

When Railway Board Puts It Up to Parliament, Govern- ment Passes It on to Provincial Legislatures.

Ottawa, April 11.—Following the
judgment of the railway commission
on daylight saving, parliament this
evening adopted Ottawa time for the
sittings of the house. Just before the
house adjourned, Hon. Arthur Meighen
who was leading the government, rose
and stated that the effect of the
adoption was that the setting of stan-
dard or local time was a matter for
provincial jurisdiction. That being the
case, he suggested that the house when
it adjourned tonight, should meet
again at three o'clock local time on
Monday.

BOARD CANNOT PASS ON DAYLIGHT LAW

Railway Commissioners Say "No Jurisdiction"—Now Matter for Parliament.

Ottawa, April 11.—Daylight saving
is a matter for parliament and the
board, having no jurisdiction, cannot
pass upon the merits of the issue one
way or the other, says Sir Henry
Drayton, chairman of the railway
board, in a judgment handed down to-
day regarding daylight saving.

Hon. W. B. Naantel, the deputy chief
commissioner, adds a statement to the
judgment, and concludes as follows:
"In view of the evidence given at the
hearing in this matter, I for one would
be willing to report favorably, as I
think in advancing their time they
(the railways), have acted for the
benefit of the public in general."

Sir Henry Drayton declares there
is no Dominion law giving the board
power to pass on which to fix railway
time.

Public Safety. "It is un-
fortunate that the question of public
safety has become interwoven with
the discussion of the question, unfor-
tunate that unless summer time be
adopted in Canada more or less dan-
ger will result to the Canadian travel-
ling public."

The commissioner expresses the
view that in considering what "public
safety" means, the act should be
viewed in the light of the fact that
it is no doubt whatever that the act should
expire with 1918.

NAME FOUR CANADIANS TO SIGN PEACE TREATY

Borden, Foster, Doherty and Sifton Are Appointed Plenipotentiaries—Announcement is Recognition of the Status of the Dominions at the Peace Conference.

Ottawa, April 11.—An announce-
ment by Hon. N. W. Rowell, president
of the privy council, in the commons
this afternoon, that Sir Robert Bor-
den, Sir George Foster, Hon. C. J.
Doherty and Hon. Arthur Sifton have
been appointed plenipotentiaries to
sign the peace treaty on behalf of
Canada at the conclusion of the peace
conference, marks a new step in the
development of the status of Canada
and the other overseas dominions.
The order-in-council which was
tabled by the minister in the recog-
nition of the status of the dominions
at the peace conference. H. P. Whid-
don of Brandon asked if there was
any information as to when the peace
treaty would be ready for signature,
and if there was a possibility of set-
ting aside a time for consideration of
its terms by the house.

Sir Thomas said he had no official
information as to the date on which
the peace treaty would be signed. He
was not aware that the date had been

FULL CONFERENCE ADOPT REPORT OF LABOR COMMITTEE

Governments Requested to Nominate Delegates for Per- manent Organization.

MANY AMENDMENTS One Proposes Modifications in Countries Subject to Ad- verse Conditions.

Paris, April 11.—The report of the
committee on international labor legis-
lation, which drafted a program to
govern international regulation of em-
ployment conditions, was adopted by
the peace conference today with
amendments proposed by George Nicoll
Barnes, minister without portfolio in
the British cabinet, and one of the
representatives of his country on the
labor committee.

Mr. Barnes offered a motion approv-
ing the draft of a convention to create
a permanent organization for the
promotion of international labor condi-
tions and requesting the various gov-
ernments to nominate delegates forth-
with.

A series of amendments proposed by
the British members also was presen-
ted by Mr. Barnes. One of them would
extend the period for ratification of
labor proposals to eighteen months
instead of one year.

May Modify Conditions.
Another of the amendments fol-
lows:

"In framing an act, recommendation
or draft of a convention of general ap-
plication, the conference shall have
due regard to those countries in which
climatic conditions, the imperfect de-
velopment of industrial organization,
or other circumstances make the
industrial conditions substantially dif-
ferent and shall suggest modifications,
if any, which it considers may be re-
quired to meet the case of such coun-
tries."

The proceedings were largely formal
with speeches by Mr. Barnes, M. Col-
lard and J. Vandervelde, represent-
ing British and French and Belgian la-
bor interests.

In moving the adoption of the
report, Mr. Barnes said it was
anticipated that the first meeting
of the permanent organization would
be held at Washington next October.
An announcement was made that
Mr. Barnes would be present at the
conference.

COMPANIES TO DREDGE FOR GOLD IN YUKON

Dawson, Y. T., April 11.—Confidence
in Yukon resources is exemplified by
two new post-war enterprises an-
nounced this week, just consummated.
One is the Forty Miles Power and
Dredging Company, capitalized at \$5-
000,000, backed by New York capital-
ists. The company has acquired
ninety miles of river claims and has
hydraulic benches along the famous
Forty-Mile River, near Dawson.

The second enterprise is headed by
Lewis Titus, pioneer Yukon dredge
man, and Archie McVicar of Seattle,
who has secured a dredge which he
will take from the McQueston River
this season to dredge the Highest
Creek placers. All old-time dredge
and hydraulic companies in the Klondike
are preparing to start the sea-
son's operations next month. How-
ever, there is plenty of labor now
available here.

Zealand, as follows: For prohibition,
3850; against prohibition, 15,859.

London, April 11.—There are 15,000
New Zealand soldiers in Egypt, in
France and at sea, whose votes have
not yet been recorded.

Wellington, N.Z., April 11.—The vote
on the question of prohibition for New
Zealand stands on the returns so far
received as follows:

For continuance of the present
license system, 220,602.
For prohibition, 233,596.

There are still a few home returns
and the votes of 40,000 soldiers to be
received.

sequibo, which docked at Portland

FIVE MILLION FOR SCHOOL BUILDINGS

Is Sum Needed for Next Five Years, Says Chief Inspector.

Five million dollars will have to be
spent in Toronto on public school
buildings within the next five years
to keep the overcrowding from get-
ting worse. This was officially stated
by Chief Inspector R. H. Cowley to
The World yesterday afternoon.

"One million dollars a year will
barely keep up with the present re-
quirements," said Mr. Cowley, "and if
the rate of increase becomes as rapid
as during the boom period before the
war, one million dollars a year for
buildings will not keep pace with the
requirements."

"The nine hundred thousand dol-
lars asked for this year's building
operations will not relieve the con-
gestion," said the chief inspector. "It
may prevent conditions becoming
more serious."

The schools are more
overcrowded each month. Sixty of
the Toronto public schools have not
donor class. Conditions are worse
than were at the reopening of the
schools in January.

FIFTY-FIVE MINUTES HAMILTON AND RETURN

An interesting note in connection
with the strike of the employees of the
Canadian Express Company is the fact
that yesterday Blaine Irish of the
Globe Times admitted delivering a num-
ber of films to Hamilton by airplane
from Toronto, the trip to Hamilton oc-
cupying 31 minutes, and being made
against the wind. The return trip oc-
cupied 24 minutes, the entire trip oc-
cupying 55 minutes straight sailing.

McBRIDE'S FIRM STAND CHECKMATES SIR ADAM

Board of Control Will Not Recommend to City Council Proposal to Parallel Tracks of T. & Y. Radial Up Yonge Street.

Only because of the firm stand taken
by Controllers McBride and Cameron,
the board of control, at its special
meeting yesterday afternoon, did not
recommend to the city council the
adoption of Sir Adam Beck's propos-
al to place the tracks of the Toronto and
York Radial Company within the city
limits on the centre of Yonge street
and the construction of another track
by the city parallel with that of the
company's A. E. Parsons, and Chief Engineer
Gaby of the Hydro-Electric Compa-
ny to present with elaborate
sketches of what the appearance of
Yonge street would be if their pro-
posal were put in effect. An ex-
ceedingly large deputation from North
Toronto, headed by R. L. Baker, filled
the committee room, and for a greater
part of the discussion maintained per-
fect order; however, towards the close
of the meeting several loudly de-
clared that North Toronto did not
want to deal with Sir Adam's proposi-
tion. Sooner than see such a deal go
through, they declared that they would
prefer to see the Metropolitan remain
as it was. At last the mayor was forced
to adjourn the meeting in order to clear
the room, and warned them that they
were there only on invitation and that
he could clear the room with the police.
After the noise had subsided a little
his worship told those of the deputa-
tion who were still present that if
they would preserve order they would
be allowed to remain.

Mayor Church submitted a motion
that the council be called for a special
meeting on Tuesday afternoon to
consider the draft agreement of the city
officials be presented; that Sir Adam
Beck's proposals also be presented to
the council. He further moved that
the board after giving the matter due
consideration be to recommend that the
Hydro-Electric's proposal be
adopted.

To the last clause of the motion
Controller Cameron fiercely objected.
"I never saw this report until this af-
ternoon," said he, referring to the pro-
posal of the Hydro-Electric, "and I
have not had time to read it care-
fully." He further stated that unless a
private meeting of the board, at which
he had not been present, had been
held, none of the other members of the

RETURNED SOLDIERS HOLD UP IMMIGRANTS

Threaten Force to Prevent Entry of Pacifist Hutterites Into Western Canada—Situation Serious—May Close International Border to All Incomers From United States.

Special to The Toronto World.
Ottawa, April 11.—An alarming situa-
tion has developed at Emerson, the
point in Manitoba thru which most
immigrants pass coming from the
United States to western Canada.
Train loads of Hutterites are coming
in and the returned soldiers are de-
termined that they must stay out. The
Great War Veterans' Association have
made strong representations to the
government and tonight prominent G.
W. V. A. officials are on their way
west. It is feared that a situation
may develop at Emerson which will
border on an insurrection and possibly
lead to grave complications with the
United States.

It is understood that yesterday an
order-in-council was passed canceling
all exemptions from military service
heretofore granted to the Hutterites.
However, the veterans are insist-
ing that the Hutterites be kept out
of Canada, and armed men, it is
said, are making their way to Em-
erson, fully determined to check the
incoming immigrants.

Western Members Confer.
Hon. J. A. Calder, minister of im-
migration, has been in conference
with the western members all day
and some drastic action is expected
by the government. The immigration
department cannot deter immigrants
because of their religious beliefs,
but it is within the power of the gov-
ernment to close the whole interna-
tional border west of Lake Superior
to immigrants. This would have the
effect of shutting out many desirable
American settlers as well as the
Hutterites and others who may be no
more desirable.

One thing is certain, and that is
the government face a serious situa-
tion. It is common gossip that that
was said to the Hutterites by a
member of the Dominion senate, who
in turn acquired it from a member of
the government.

A telegram was despatched to the
president of the Canadian Club at
Winnipeg by G. W. Allan, Unionist
member for South Winnipeg. The
text of the telegram follows in part:

R. W. Craig, president Canadian
Club, Winnipeg, Man.: With other
Winnipeg members and Whiddon of
Brandon, discussed this afternoon
with minister of immigration for up-
wards of two hours whole problem re-
lating to Hutterites. It appears that
in 1899 federal government passed
order-in-council granting immunity
from military service to all Hutterites
who entered Canada at any time
after that date. This contract or
agreement was reached with delegates
who came to Ottawa at that time.
Cory's letter of February 7, 1918,
which is so frequently referred to,
had reference only to military situa-
tion existing at that time, as Ameri-
can citizens, any Hutterites entering
Canada during the war would not be-
come Canadian citizens for a period
of five years, and consequently under
order-in-council could not be compelled
to serve. Cory in his letter was careful
to intimate that a convention was in
contemplation between Great Britain
and the United States, the effect of
which would be to compel Americans
in Canada to serve if the convention
so stated. Besides, regardless of this
letter, as former federal government,
by order-in-council already men-
tioned, had granted immunity.

The order, so far as newcomers are
concerned, has been canceled, as of
date, April 10th. Hereafter, all Ameri-
can citizens will be prevented from
setting up a claim for military exemp-
tion on conscientious grounds. These
orders are made known to all boundary
inspectors, and agencies in the United
States government after fully con-
sidering the whole situation and es-
pecially its international bearings can-
not see its way clear to debar entry
to Canada by any American citizens
because they belong to a particular re-
ligious sect. This situation is to be
met by absolutely closing all Cana-
dian ports of entry in western Canada
to all American citizens, but we hesi-
tate in advising this course, if any class
of American citizens are to be shut
out from Canada demands will be made
immediately, notwithstanding present
agreements to shut out only
Chinese and others. This might involve
serious international difficulties at a
time when peace conferences are deal-
ing with the same subject.

LEAGUE OF NATIONS DECLARED A SHAM

Criticism of President Wilson in the Sinn Fein Parliament.

Dublin, April 11.—The Sinn Fein
parliament today discussed the league
of nations. Professor Edward De
Valera said that Ireland was ready to
become a constituent unit, but only
on the basis of the equality of rights
of all nations, great and small. The
present league covenant was not de-
mocratic; it violated the principle of
equality, and would set up a greater
tyranny than before.

The member of the parliament for
Monaghan attacked President Wilson,
and called him "the Machiavelli of
the new world, intent on forcing a
sham league of nations on prostrate
humanity."

Other speakers criticized the
American president, but Arthur
Meighen, founder of the Sinn Fein,
said President Wilson was at the
present fighting England, France and
Italy, and that Ireland would support
him in his conflict with the old dip-
lomacy.

MONROE DOCTRINE IN LEAGUE COVENANT

Amendment Adopted by Commis- sion After Opposition Had Been Manifested.

Paris, April 11.—Discussion of the
Monroe Doctrine amendment to the
league of nations commission is de-
scribed by those present as having
been of a dramatic character, conclud-
ing with a speech by President Wil-
son deprecating the opposition which
had been expressed, and upholding
the doctrine as one of the great bul-
warks against absolutism. The Brit-
ish attitude had been in doubt until
last, but Lord Robert Cecil turned
the tables by announcing that he saw
no objection to the amendment in the
form presented by the president. M.
Larnaude, of the French delegation,
followed Lord Robert with objections
to inserting the Monroe Doctrine.

The Chinese also offered objection
to the amendment, on the ground that
its language was so extended that it
might violate certain principles and
claims affecting Chinese affairs.
There was no vote, and when there
was no further remarks, the chair-
man of the meeting said the amend-
ment would be considered adopted.

Bitter criticism has been aroused
in French and Belgian quarters over
the choosing of Geneva as the capital
of the league of nations. The fact
that President Wilson's speech in be-
half of Geneva was wholly respon-
sible for the choosing of the Swiss
city as against Brussels is greatly re-
sented.

Fifteen Million Acres Under Crop in the West

Calgary, Alta., April 11.—Grant
Hall, vice-president of the C. P. R.,
said here today that the C.P.R. would
absorb all the labor offered. He esti-
mated that 15 million acres would be
under crop in the west this year.

AYEARSTIGNORANT OF HOMER PLANS

Denies Stating Department Issued Bogus Cheque for Liquor.

Sweeping denial of all the allegations laid against him was the feature of the evidence submitted to the O.T.A. commission before Sir William Meredith by Chief Licensor A. A. Ayearst at yesterday morning's sitting. Mr. Ayearst swore positively that he had no knowledge of the plans arranged by the detectives to capture the illicit vendors, and that he was certain that he had never made the statement that the department had supplied the cheques for the purpose of buying the liquor. Witness strongly denied that he had had anything to do with the manufacture of the bogus cheques, and said that his knowledge consisted solely of the fact that his men were going to Homer to seize the illicit shipment and the vendors. Mr. Ayearst, in reply to questions from Peter White, K.C., stated that he was a private citizen at present, but previous to this commission he had been chief provincial inspector. Chairman J. D. Flavelle and himself, declared the witness, were the only two individuals in the department who had any previous knowledge of the contemplated round-up of liquor agents at Homer by the operatives of the "Employers' Detective Agency."

Mr. Ayearst said he first heard of the Homer affair about the end of January, when M. E. White of the agency consulted with Mr. Flavelle and himself, although no action beyond telling White to report further was taken. "White came to me again about Jan. 27, when I told him to put his men on, and go to work," stated the witness. "The next time I heard about the transaction was by a phone message to Walkerton, where I was staying, that the 'transaction' was to be sprung that day, Feb. 5."

Knew of Shipment. Witness stated that he knew the shipment was being made to Homer, and he expected to have his men at the old hotel there and arrest the dealers. The plan did not work out according to the arrangement, and witness then left the entire affair in the hands of Inspector King of St. Catharines.

Asked about the "mysterious" cheque, witness replied: "At the trial I said nothing about the cheque because I did not know about the cheque."

"Did you say anything about a detective agency?" "I said, 'there is no such agency in Toronto as the White Agency,' or words to that effect."

"The impression was gained that this money came from the department—the license commissioners?" "It is wholly impossible. I know of nothing I said that would lead to this impression."

"Was there any effort to conceal the whereabouts of the cheque?" "I made no effort at all to conceal this. It was my own money."

"Has any idea come to your knowledge that the liquor was sent to Homer, then used in connection with the by-election?" "Absolutely nothing."

White Agency. There was no attempt made to conceal anything but the identity of the detective agency, declared the witness. Asked by Mr. McKay why he had inquired at the trial when one of the detectives declared he was working for the "White Agency," Mr. Ayearst stated that he did not want a falsehood to go down in the evidence.

Witness could not explain the failure of the agents to find the men and the source were both missed and also the source of the liquor in Toronto. Mr. Ayearst told of the difficulty in enforcing the act of the various combinations which had pitted themselves against him when he tried to enforce it.

Mr. White sprung a surprise on the court when he sent Harold Duffin into the box. Duffin is the young man who drove the truck on the day in question to the hotel at Homer. Witness denied positively any knowledge of the goods carried by himself that day, and was censured by the commissioner, who hinted that he did not believe his evidence.

The evidence in the Homer version of the alleged improprieties of the O. T. A. came to a close when P. E. Cronin, a reporter for The Toronto World, went into the box. Mr. Cronin was the reporter who wrote the articles which met with such sweeping denials in the hands of Mr. Ayearst, at an earlier sitting of the commission. Asked by Mr. White as to the purpose of his trip to St. Catharines, witness replied that he was there for the purpose of writing special articles on the by-election for The World.

Political Significance. Mr. Cronin stated he heard of the liquor seizure at Homer when he reached St. Catharines, when he immediately interviewed the chief of police to ascertain if there was any "political significance" to the seizure. Asked by Mr. Ayearst, witness replied "absolutely nothing," and that all the articles which appeared in The World from his pen were written with an open mind. Witness admitted that as far as he knew he was the only reporter who had made the suggestion that liquor had been brought into the constituency for election purposes.

The headlines of one of the articles in question came under the fire of Mr. White, who asked the witness if the "Government Employers Ordered Cases of Whiskey Sent to Homer," had Mr. Cronin's approval. Witness replied that it had, and further, in his opinion, "it was a public scandal to send whiskey to Homer during the election with the knowledge of the license department."

Used Pressure. Witness told of his unsuccessful attempts to get the license department to inform him fully of the "White Detective Agency" when this in-

formation was refused, pressure was brought to bear through the articles to bring out further information. "Is the article an attempt to make the department and Ayearst look ridiculous?" "No." "Is it blackmail or is it not?" "It was to bring pressure."

"The question is insulting." "The commissioner, sternly—'Answer the question. Was it blackmail or was it not?'" "It was decent fearless journalism."

Believed the vendor, the next subject of attack was the cheque for \$2,000, which Cronin tried to get some information regarding the progress of the trial, but he could get no sight of it from any of the people concerned in the case who were in the courtroom at the time.

Regarding the article of February 22 witness admitted that it was a contradictory statement in the article. "Then you accepted the word of a self-confessed illicit vendor against the sworn statement of a man out to entrap him?" "Yes."

Mr. Cronin, however, declared that he did not think that Smith was drunk at the time he gave the cheque. Asked why Ayearst had been singled out for attack witness stated that Ayearst was the only representative of the government at the trial, and "Ayearst was a public servant, it was the duty of The World to get this information from him."

The commission will sit again next Tuesday when Mr. Cronin will again go into the box, but as far as can be ascertained he will not give any further information regarding the Homer affair.

EATON CHILD GYMNASTS EXHIBIT THEIR SKILL

The Arena Gardens last night echoed to the tread of many youthful gymnasts and dancers, when the boys and girls of Eaton's Recreation Club came together for a big demonstration of their powers in the athletic direction, before an audience which made even the huge arena seem crowded. From the beginning of the grand march to the conclusion, the "stunts" featured were effective in the extreme, and did justice to the club of a year's duration, and to the workers who made the whole idea possible. The latter, in the persons of Miss Jean Russell, secretary of the club, Miss Elsie Sims, and Miss Laughton, were assured of a hearty appreciation when they were presented with appropriate bouquets by three charming little girls.

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the certain amount of indigestible material, and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

THE DAY AT OTTAWA

By TOM KING

Ottawa, April 11.—Everybody seemed to be up on his ear today, and trouble being the order of the day, the members, and probably the western cabinet ministers, were walking the floor over the Mennonite invasion of western Canada. The government, under strong pressure, cancelled an order-in-council passed in 1909 exempting Rutter's lands from military service. It was a wrench for them to do this, because it meant that the western Mennonites would have to pay the same taxes as the rest of the country. The acting premier promised to set apart a day next week for the discussion of the subject on the floor of the house, but it will probably be on Tuesday.

The western members are out-footed for a fixed price for the 1919 wheat crop. They say that seeding is being delayed, while the farmers are waiting for action by Ottawa. In vain Donald Nicholson of Prince Edward Island suggested that the price of wheat be fixed at 75 cents per bushel. The western members took the bit in their mouth, and headed by Chairman Henderson of the agriculture committee, marched in a body to Sir Thomas White. The result of the interview, it is said, was that the acting premier promised to set apart a day next week for the discussion of the subject on the floor of the house, but it will probably be on Tuesday.

No sooner had the house got under way this afternoon than Sir Sam Hughes, owing to the absence of the speaker, the gallant general not only crossed the floor, but swam the Tiber, marched up the stairs, and smashed in the front door with a resounding thump. He said he did not agree with the piffle in the press about religious questions having no place in the debates of parliament. He proposed to call a special session of the agriculture committee, and thereupon made some astounding charges against the Pope. "The hidden hand" of Rome was, in his opinion, responsible for the invasion of the invasion of Belgium in Germany. Then when Germany conquered the

board had perused it either, and for that reason he was opposed to making a recommendation.

Despite the mayor's repeated threats that the legislature would close before the city council could take any action, the city council, on Monday afternoon, defeated, Controller Robbins voting with Controllers McBride and Cameron.

As the situation now stands, the city officials will submit a report to the board of control on Monday regarding Sir Adam's proposition, and a recommendation will then be made to council and a special meeting will be called for 2.30 on Tuesday afternoon for a consideration of the entire Metropolitan purchase question in council.

The proposal submitted by Sir Adam Beck is the moving of the Metropolitan tracks from the present position on the south side of the city, and the laying down by the city of two tracks, one on each side of the city, in order to provide for the difference between the gauges of the city's and company's tracks.

The Metropolitan tracks would be 16 feet. The city's tracks would be 14 feet. The cars on the outside of the city's tracks, the cars on the inside of the city's tracks, would run on one overhead wire, thus making the lead car, no matter how slow, the regulator of the service on the other track.

Sir Adam also made reference to having heard that the city had contemplated running a line up Mount Pleasant road. Provision was made by the Hydro-Electric Commission's proposition for turn tracks. It is understood that the proposition calls for the moving of the Metropolitan tracks to the centre of the road, and all other incidental expenses, including paving, connected with their tracks, to be borne by the company.

Mayor Church said he would take the responsibility, when asked by Controller McBride who had suggested the Hydro taking the matter up again.

The controller said that he would soon take the legislature close, which would mean that an act respecting the purchase of the Metropolitan could not be brought in to see such a proposal as that suggested by the Hydro-Electric company. If a city official had made such a recommendation, Controller McBride said, he would have resigned. The whole proposition he characterized as a "high-handed piece of work that it should be passed through the city council, and that it should be heard, brought in by the Hydro-Electric company, and emphatically stated that the city officials must have control over their own streets.

Sir Adam Beck pointed out that a similar scheme to that suggested was operating in San Francisco, but the controller shot back that it was Toronto they were dealing with, not San Francisco, and that it was Toronto where it was probable that this was the

A SPRING TONIC GREATLY INCREASES YOUR EFFICIENCY

Lay the Foundation of Good Health Now by Building Up Your Blood and Strengthening Your Nerves.

The good old fashion of taking a tonic in the springtime, like most of the customs of our grandparents, is based upon sound common sense and good medical practice. No matter how mild the winter it is a trying time, even in the most favored climates, for those who are not in rugged physical health. Many men, women and children go through the winter on reserve strength they have stored up during the sunny summer months, and grow increasingly pale as the spring days approach. A tonic for the blood and nerves at this time will do much for such people, by putting color in the cheeks and banishing that tired feeling that worries thousands at this season of the year.

You can not be energetic if your blood is thin and weak, or if your nerves are frayed or shattered. You cannot compete with others if you do not get refreshing sleep at night, or if you are losing weight. You need a tonic at this time to add to your efficiency now, as well as to save you from suffering later on. And in all the realm of medicine there is no safer or better tonic than Dr. Williams' Pink Pills for Pale People. These pills make new rich, red blood, which circulates through every portion of the body strengthening jaded nerves and run-down organs, and bringing a feeling of new strength and energy to weak, easily tired, despondent men, women and children.

CURED BILIOUS HEADACHES.

Mr. D. C. McClure, Hettley Creek, B.C. says: "As a spring tonic I know of nothing else that can equal Dr. Williams' Pink Pills. Last spring I felt weak and run down, and suffered a great deal from bilious headaches. I got a half dozen boxes of Dr. Williams' Pink Pills, and after taking them I felt like a new man. The headache from which I suffered had disappeared. I had a better appetite, and was in every way stronger and better than before I began the use of this medicine. Almost everyone needs a tonic in the spring, and for this purpose I can strongly advise Dr. Williams' Pink Pills."

HAS A BETTER APPETITE.

Mrs. M. D. MacLeod, Caledonia, P.E.I. says: "I have used Dr. Williams' Pink Pills as a spring medicine with satisfactory results. Before I began their use I was subject to weak spells, but these have now disappeared. I find that my appetite is better, and I have every confidence in your pills as a blood builder."

NEVER FELT SO WELL.

Miss Beatrice Bishop, Ferndale, N. B. says: "I have never felt as well as I do since taking Dr. Williams' Pink Pills. When I began their use I was very much run down. I had no color, no appetite, could not go upstairs without stopping to rest on the way. I had frequent headaches and a feeling of despondency. I took Pink Pills regularly for about eight weeks and while I felt a benefit from them almost from the first, at the end of that time I was in better health than I had ever enjoyed before. I freely give you permission to publish this letter, as my experience may be the means of pointing the way to new health to some other weak and run-down girl."

GAINED WONDERFULLY.

Mrs. Herbert Hanson, Lower Hainesville, N.B. says: "I have the very highest regard for Dr. Williams' Pink Pills. Before I began their use I suffered greatly with sick headache, dizziness and a feeling of depression and tiredness. A short treatment with the pills fully restored my health. My daughter, Blanche, was suffering from anaemia, and through the use of six boxes of Dr. Williams' Pink Pills gained wonderfully in weight, strength and general health. We think so much of Dr. Williams' Pink Pills that we are never without them. In the house, and I consider them my best friend."

STRONG AND WELL AGAIN.

Mr. H. H. McKelvey, Orono, Ont., says: "My experience with Dr. Williams' Pink Pills has been of the most favorable kind. At the time I began their use I was so weak and run down that I could hardly go about. My stomach was also out of order and the food I took did not seem to do me a bit of good. Then Dr. Williams' Pink Pills came to my rescue, and under their use my stomach grew better, my general health improved, and I was soon as healthy and vigorous a man as I had ever been. Dr. Williams' Pink Pills, with the use of Pinklets as a laxative when needed, is now our family medicine, and we would not be without them."

BUILD UP YOUR BLOOD.

The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing and they do it well. They are, for this reason, an invaluable remedy in diseases arising from bad or deficient blood, such as anaemia, rheumatism, neuralgia, pains in the back or side and the after effects of influenza or fevers. If you are suffering from any troubles due to weak, watery blood, or shaky nerves, a fair use of these pills will restore you to full health and strength. Dr. Williams' Pink Pills are sold by all medicine dealers or will be sent by mail, postpaid, at 50c a box or six boxes for \$2.50, by The Dr. Williams' Medicine Co., Brockville, Ont.

G. A. C., Army and Navy Vets., and Naval Vets., Confederate.

Four soldiers' organizations, the G. A. C., His Majesty's Army and Navy Veterans, the Army and Navy Veterans of Canada and the Naval Veterans' Association last night formed what is to be known as the Veterans' League of Toronto, an associated body of veterans which is in no way an amalgamation, each organization having its own autonomy and complete individuality, associating together in all matters of vital interest to the soldier or sailor in Toronto and representing the opinions of these four organizations. Any other chartered body may join and be represented by five representatives by applying for membership.

The confederation was formed at a meeting held in the rooms of the G. A. C., at 1 Elm street, and Comrade G. R. Sweet, of the Army and Navy Veterans of Canada was elected president; Comrade W. J. Carmichael being elected first vice-president. The following comrades were elected to office: Recording-secretary, R. B. Hawtreay, and executive, Comrades G. R. Sweeney, A. J. McCausland, A. W. C. Macdonald, R. O. Hastings, R. O. Hawtreay, A. M. Hunter, all of the Army and Navy Veterans of Canada; W. J. Carmichael, Hugh McLeod and A. Ross, all of the G. A. C.; C. Waka, H. J. Sweet, P. G. Walker, G. R. Burn and J. S. Dymond, all of His Majesty's Army and Navy Veterans; C. Allen, J. J. Francis, W. Robinson, M. E. Douglas and W. S. Hill, all of the Naval Veterans' Association.

COLONEL MACKLEM ENTITLED TO RANK

Charged With Maintaining a Charities Office Contrary to the Laws of the Country.

The case of Colonel O. L. Macklem, touched upon in the press of yesterday, has aroused interest among returned men. It was pointed out by many returned men that there was apparently a disposition to belittle his title in the reports of the latest worry suffered by the inventor. From interviews given by the Colonel yesterday, it was practically confirmed that Colonel Macklem's claim to the title he bears has been confirmed by the Home Government. He is entitled to him on the strength of one or two important inventions which proved of invaluable service to the allied cause.

MEREDITHS INJURED.

Harold Meredith, president of West Toronto G. W. V. A., his brother and others were injured Thursday night in a disfiguring accident at the intersection of Montrose Avenue and Bloor street, when two cars collided. Harold was hurt in the face and at the knee, and his brother Bob sustained a deep cut on the lip. It is understood that Bob may never again be able to play the cornet, his favorite instrument. The accident occurred while the brothers were en route for the West Toronto G.W.V.A. grand concert.

SENATOR BLAIN IS SANGUINE UNIONIST

Tells Ward Four Liberal-Conservative Government Will Ride the Storm.

Senator Richard Blain has sanguine hopes that the Union government will pretty well run its full term. Speaking at a largely-attended meeting of Ward Four Liberal-Conservative at Broadview Hall, Spadina avenue, last night, he declared: "Some people venture to say the Union government is no longer very well, I am here to give an emphatic denial to that statement. The Union government, as far as I know, is as unshakable as it was when it was formed. While I am not a prophet, I venture to say that the Union government, as referred to by Sir Robert Borden in 1917, will live out its full term, if not its five years in this country." Previous to his speech, Senator Blain remarked that if he were wanting a platform for the Conservative party, he would say: "It is the credit of the Liberal-Conservative party that our government and our leader were able to lay down a policy that was so good that it invited from the ranks of our opponents some of their strongest men, and they came in with a willingness to change the policy one iota."

The speaker devoted considerable attention to what had been said and was believed that in ninety-five cases out of one hundred the returned men would say the government had done well for them. As regards land settlement, he said, 1265 soldiers in Canada had taken advantage of the legislation, with allowances out of the treasury of \$1,668,105. The pensions board, he also declared, employed in the city of Ottawa 375 people in their offices, 749 being returned soldiers or dependents of soldiers.

Certain Criticism. Maj. J. T. Hart, M.L.A., E. Simcoe, said there was certain criticism of the Healey administration. One fault alleged was that the government had brought in such measure as the Ontario temperance act without giving the people an opportunity to vote. It was the intention of the government at the time to allow the people to vote on the issue, until there was a request from those who were interested in the business. The referendum was delayed until the soldiers came home. It was a war measure, brought in from the States, but he believed it was a good thing for the province during the war. He considered the question as to be put in the coming referendum were fair. As regards the first question, as to the repeal of the Ontario temperance act, to mind here were very many people in the province, not even the men engaged in the business, who wanted to go back to the old conditions.

Referring to by-election results, Major Hart said he was not in the running for a candidate, but a camouflage candidate was brought out. "Oh, no; he followed me," he was an independent returned man, he said. "This country does not owe us a living, but this country does owe every returned man an opportunity to make a living."

SOCIETY

Conducted by Mrs. Edmund Phillips.

Major-General Sir Frederick Maurice, K.C.M.G., C.B., gave an illustrated lecture last night in Massey Hall to an extremely good audience and a breathlessly interested one. The speaker was introduced by General Gunn, who brought on as a surprise Thomas Holmes, V.C., the youngest Canadian to achieve the cross for valor. A band played at intervals. A few of those present were: Mrs. E. Gooderham, Mrs. H. D. Warren, Misses Van Sunrop, New York; Mr. and Mrs. Walsh, Miss Walsh, Colonel and Mrs. Bruce Macdonald, Mrs. W. Cameron, Mrs. James George, Mrs. Edward Sullivan, Mrs. Alan Sullivan, Mrs. Lorne Campbell, Miss Campbell, Mr. Jones, Mr. Harry Hees, Mr. and Mrs. Fetherstonhaugh, Mr. and Mrs. Newton Brock, Mr. and Mrs. Plewman, Mrs. Oliver Macklem, Mr. Hedley Macklem, Mrs. Hamilton Burns, Mrs. W. The Old Boys' dinner at St. Andrew's College last night, the first since the war, was a very large one, 176 being present. The tables ran the length of the dining room, and the speaker's table included with unshaded candles, silver bowls of arum, lilies, catkins and daisies; flags on the wall; the Cross of St. Andrew on the wall at Dr. Macdonald's back, which was also repeated on his table. Mrs. Macdonald was the only woman present, and one other. Those at Dr. Bruce Macdonald's table included Mrs. Macdonald, Col. Alan Taylor, Major J. Macdonald, Prof. Kilpatrick, Mr. Finley, Dr. Hamilton, Mr. A. Campbell, General, P. J. Robinson, Capt. Macdonald. Dr. Macdonald read the list of those who fell in battle, the guests standing. The toast of "The King" was drunk standing, and then the speeches commenced.

General Sir Cecil Lowther has arrived in town from the west and is the guest of Mr. W. D. Matthews and Miss Ena Matthews, George street, who gave a dinner for him last night. Next week ten or twelve officers and troops of the P. C. E. will arrive in Toronto and commence recruiting for the regiment, with Major Tyndal as the commandant. They will probably be stationed at Stanley Barracks.

Mr. George Bestor is giving a small dinner tonight for Col. Adamson and Col. Hamilton Gault. Mr. A. D. Dymond and Mr. Stephen Haas are also giving dinners for them. General Gunn gave a luncheon yesterday at the Toronto Club for General Sir Frederick Maurice, K.C.M.G., C.B. Mrs. George Henry, wife of the minister of agriculture for Ontario, is giving a luncheon of thirty covers at the Queen's Hotel on Wednesday. Sir John Eaton and his two sons from school have joined Lady Eaton in Atlantic City, where they will spend the Easter holidays.

Mr. D. E. Donaldson had been in Montreal this week attending the executive meeting of the General W. A. of the Church of England in Canada. Miss Mary Cayley has returned to town from Santa Monica, California, after spending a fortnight in Chicago on route.

A., up till yesterday noon, had secured 152 new members since the last meeting was held a week ago last Monday, and at least 25 more new ones are expected to join up between now and next Monday night. A hundred and five members were initiated at the last meeting, which will make a total of approximately 250 for the whole month. The nearest approach to this figure is Riverdale, with 273 members at a recent monthly meeting, and Parkdale, with 247 reported at Parkdale's last general meeting.

HYDRO MAKES HOUSEWORK LIGHTER

THERE is no servant problem in the electrical home, for electricity is the most willing, tireless and economical servant that a housewife can employ. Electricity takes the drudgery out of the housework. Instantly available when wanted.

Electricity is as obedient and responsive to a woman who touches a tiny button in the home as to a man who throws a monster switch in a factory.

An Electric Washer cleans clothes quickly without back-breaking work; an Electric Iron permits continuous ironing and saves expensive, needed fuel; an Electric Vacuum Cleaner is a vast improvement over the broom, and an Electric Sewing Machine is a wonderful convenience. An "Electric Home" is easily kept up and span with plenty of time left for other duties. The low cost of Hydro Power makes it economical to use.

HYDRO Quality Lamps are tested in the laboratories of the Hydro-Electric Power Commission of Ontario. They give their full rated lighting power at a definitely known current consumption. Their durability is assured.

SATURDAY MORNING, APRIL 12.

The Yonge Street Proposals.

At the meeting of the board of control yesterday to consider the plan proposed by the Hydro-Electric Commission for the relief of North Yonge street, no definite action was arrived at.

The new plans, which the commissioner of works said had been considered four years ago and rejected by the commission on transportation, provide for the extinction of local passenger traffic under the Metropolitan franchise, and its transfer to the city.

The tracks are to be removed from the side of the street and placed in the centre, but instead of turnouts as at present, the Metropolitan will be given double tracks. The city tracks and the Metropolitan tracks will be laid so that half the Metropolitan will be within the civic track, separate wires being provided, as in San Francisco and other places where the system is in use in congested districts, and with success.

It is not proposed as a permanent method, but as one that will give immediate relief, that deals with all the real disabilities of the situation, and can readily be changed at any time the surrender of the Metropolitan franchise can be arranged.

When the franchise matter is arranged it will be easy to lift the Metropolitan rails which are outside on either side, fill in the pavement with asphalt, and have the civic line in perfect order.

There will be an 18-foot roadway on either side of the street car tracks, and Yonge street will be widened to 76 feet.

The board of control will meet in the beginning of the week to hear the views of the civic officials on the Hydro proposals, and send a recommendation to council. The legislature will be closing in a few days, and if authority is to be had for the construction of the road so as to operate by fall, immediate action must be taken to get consent of the legislature.

Harry and Peter.

Peter Wright has made more friends during his stay in Canada than any other man ever did in the same time. A public man in Toronto said yesterday that the one man who deserved well of the British Empire above all others was Harry Lauder. Mr. Lauder's services have been very remarkable. His speaking tours in the United States and elsewhere have effected results which, perhaps, could not have been attained in any other way. And they have been very results, Peter Wright, in his work under the auspices of the Navy League of Canada, has come a close second, if not equal with the famous Scottish singer, and has burning eloquence, fiery from the depths of his own experience, has flamed across the Dominion. Mr. Wright is a sailor man, and knows the sea as a bird knows the air. He represents the seaman's union of Great Britain and all the injustices that Germany perpetrated on the merchant marine are the white hot texts of the speeches that have aroused several nations.

The meeting in Massey Hall on

Monday night is one that should be representative in the fullest sense, and if an overflow meeting could be managed, it would be justified to do honor to Peter Wright, the tribune of the merchant marine.

More people, perhaps, have heard of Harry Lauder than of Peter Wright. They are two great Scotsmen, and no one who has appreciated Harry will fail to applaud Peter.

Liquor Vendor Proves Stubborn

Refuses to Detail Private Business at O. T. A. Accounts Probe.

Further information concerning the commercial features of the O. T. A. stock of seized liquor came out yesterday before the public accounts committee; but the probe struck granite with Chairman Charles McCrea's ruling that Mr. Woods, one of the Toronto vendors, was not obliged to answer questions relating to his private business.

Accountant Mowat produced more papers. James O'Brien, "inspector of the board" had seized 37 barrels in Guelph. Two were marked "sent to O. A. C.—meaning Ontario Agricultural College.

Mr. Dewart pointed out that the statement of the accountant did not specify the goods. Two items indicated that the lots had been returned to owners. The Guelph seizure was distributed among hospitals, asylums and the O. A. C.

Fred. W. Woods, acting for the Woods' vendor store, said the business is now conducted as a company. Witness deposed: "Since I was in charge we would receive notice from the board that there was a shipment coming, and when it came we placed it in the corner of the warehouse. On the following day or so we would value it. One of the inspectors would come up and when it came we placed a price on it and valuate it, then we make an inventory of it and set aside as part of our stock and later pay for it." Mr. Jarvis would make the valuation.

"In some cases the labels were off, in others the inland revenue stamp was broken or missing, and in some could not be offered for sale as being a particular brand."

What Disposition. Mr. Dewart asked what disposition was made of it. The chairman: As to the manner in which he carries on his own business that should not be gone into. Mr. Dewart: But the way in which the seized goods were handled.

"If the witness cares to answer he may," said the chairman. Mr. Dewart: Do you want to answer or not? "I do not think I should answer," replied Mr. Woods.

Damaged goods were bought at a reduced price. There were shipments in the list of goods from the government from March 4 down to last of May and the list was dated June 1. Mr. Dewart: Now is it right the prices were not fixed till after the first of June? Mr. Woods: "On that may be right. Mr. Woods would not answer a question as to whether the labels were taken off the bottles received and their own labels put on."

"It is not a matter that this committee is inquiring into," stated Mr. Woods. Mr. Dewart: There is a lot of whiskey which sold at \$9 a dozen. That is pretty poor whiskey at that price. The witness did not express an opinion.

Weak Whiskey.

"On May 18 you were still taking over 127 bottles 40 u.p., local bottling, and 12 quarts of brandy, local bottling, at \$7 a dozen. Pretty poor, eh?" "I would say it was weak."

"What became of it?" "I can explain about the brandy. It was brought up to standard proof."

"Take an item of June 21, 24 quarts of L.M.M. local, reputed quarts. What does that mean?" "I think it was a private label of some kind."

Mr. Dewart suggested it meant Italian Model Market and was a whiskey manufactured in Montreal, regular "bootleggers" whiskey. Witness said it had been brought up to strength and sold as draught as 40 u.p.

Mr. Dewart wanted to know how the mixing was done. Witness said he couldn't see the motive of the investigation.

"We are trying to find out the mode in which you treated whiskey."

The chairman ruled in favor of the witness.

Doctored Goods. Mr. Dewart: It is a matter of the utmost importance to the people of this province whether or not they are getting "doctored" goods or whether they are getting pure goods.

Mr. Dewart argued that questions should go on the record, but said he would avoid any references to witnesses' private business.

The chairman gave the opinion that witness should not be asked questions about his private affairs.

One lot of 23 dozen of Golden Sheaf (40 per cent. under proof) was bought at \$2.25 a dozen.

Mr. Dewart: I understand you received complaints about the quality of whiskey you were selling? Witness did not reply.

Mr. Woods decided last August they would not buy any more stuff from the department.

THE PROMOTER'S WIFE

By JANE PHELPS.

Neil Refuses to Tell Bab Where He is Going.

CHAPTER LVII.

That night Neil came in to dinner, changed his clothes, and went out without speaking, save when I asked him why he was going out.

"Because I choose to," he had said, then deliberately closed the door of his dressing-room.

I was too proud to go to him and try to coax him to remain with me; too angry still to feel as hurt as I otherwise should. But after he had gone I would have given anything to have called him back, and questioned him. I would now have another long, lonely evening alone. Then came a thought—a clever one, I imagined: I would assure myself that Neil was not with Blanche Orton! I would call her up to tell her I was alone and ask her if she didn't want to go over to Lorraine's and have a game of bridge. I couldn't quite make myself ask her to my own home, feeling as I did.

"Mrs. Orton is out." It was a maid who answered.

"When do you expect her in?"

"Not till late. She's gone to a dinner party. Who shall I tell her called?"

"Never mind, it doesn't make any difference. You don't know where she went, do you?" The blood rushed to my face at the question, put to a servant.

"No—I didn't hear."

I hung up. Pierce jealousy possessed me. Neil had come home, and gone out dressed for the evening and, because he was angry at me, would tell me nothing of his plans. Blanche Orton was also out for the evening. They were very likely together, having a good time while I was sitting alone twiddling my thumbs. It was unbearable. I must do something to stop it. But what?

Blanche Orton had not loved her invalid husband—at least no one believed she did. I knew that—got many women, brilliant women of her type, attractive, beautiful, rich, went thru their lives without finding some man whom they loved. Perhaps she loved Neil, and that was the reason she had nothing to give poor Orton?

I had a sudden, almost uncontrollable desire to make trouble for Blanche Orton. I wanted to fight her with some weapon that would hurt and maim her in her tenderest spot. Nothing seemed then to count but that. It wasn't Neil—even though he were faithless—whom I wanted to hurt, but her, the woman who had tempted him.

Women are as a rule cruelly hard toward each other. I was no exception.

I was delighted when the telephone jangled and Lorraine said that she would run over for a chat. I bathed my swollen eyes, and tried to obliterate all traces of the emotions thru which I had passed in the last 24 hours.

Lorraine was such a keen observer, and so apt to talk, that one had to be very careful what one said and how one looked when she was around. Yet I liked her immensely.

"What do you think Blanche Orton did tonight?" she asked in her impulsive fashion.

"I am sure I don't know." I had no slightest intention of letting Lorraine know I had telephoned Blanche.

"She has gone out with the funniest looking man. Such a common looking fellow. I drove by her house at just 7 o'clock, and they came out and got into her car. He looked like a street-car conductor dressed up for the occasion. I can't see what she finds in such creatures to interest her. Cleave men I should call them. I should imagine from his appearance and from that maid's description that it was the same sort she had at her dinner party that night. Queer taste, to say the least."

Lorraine could not know how relieved I was at her gossip. Mrs. Orton was not with Neil. He had not left the house until half past seven, and Lorraine had seen Mrs. Orton go out with some man at seven.

The evening passed quickly and pleasantly after that. And when Neil came in at 11 o'clock, Lorraine was still there, so he took her home.

SONS OF SCOTLAND REUNION DINNER

The ninth reunion and dinner in connection with Sons of Scotland, Alexander Fraser Camp, No. 179, was held last night in the Walker House.

34 members and their lady friends sitting down to table.

Hugh Macdonald, chief, presided, and Rev. C. A. Webster, M.D., for 30 years a medical missionary in Asia Minor and for over four years a prisoner of war in the hands of the Turks, was the guest and chief speaker of the evening.

Letters of regret for non-attendance were received from Hon. Justice Sutherland, Justice Riddell and Colonel J. A. Currie.

The speaker dwelt in scathing terms of the terrible atrocities of the Turks who, urged on by Germany, were responsible for the murder of two and a half millions of people, and the deliberate starvation of hosts of others. "The King" and other loyal toasts were honored.

RAILWAY CLERKS CONSIDER STRIKING

Demand Adjustment of Work and Wages—Twenty-Four Hour Ultimatum.

Another railway organization which may strike before the middle of next week is the International Brotherhood of Railway Clerks, Freight Handlers and Station Employees, of which James Miller is the Toronto business manager. Mr. Miller has been in communication with the representatives of the Canadian Railways for some months, and has waged a strong fight for recognition. The major demands of the employees relative to the adjustment of wages commensurate with the decrease in the working day from ten to eight hours have not been met. The officials of the union are demanding a board of conciliation, a demand ignored by the companies. All negotiations are being made between the chiefs at Montreal and the union, and Mr. Miller stated last night that the companies would be given 24 hours to meet the demand for the board of conciliation. The brotherhood which is purely international, controls 120,000 employees of the three systems. The three railway systems claim that they are ready to deal with committees of employees not affiliated with outside labor bodies, and the fight is being waged upon this issue.

EXPRESS EMPLOYEES THOROLY DETERMINED

The employees of the Canadian Express Company still affirm their intention of maintaining the strike, and held another meeting last night at Victoria Hall to further consider ways and means. The men point out that it would take three months to serve the needs of the company, this being specially the case with certain departments. The superintendent of the company stated that the men would need two days' training before they proved useful. Officials of the Dominion Company admitted that much trade had diverted to their offices, but stated that they could handle still twice as much.

A sympathetic strike will be resorted to only in case of emergency. It would involve at least 14,000 employees.

A sympathetic strike will be resorted to only in case of emergency. It would involve at least 14,000 employees.

McMASTER FACULTY LOSES PROF. MATTHEWS

Prof. I. G. Matthews has resigned the chair of Hebrew and Old Testament exegesis at McMaster University and accepted the pastorate of the First Baptist Church in New Haven, Conn. He is also under appointment to lecture on the Old Testament in Yale University.

Our Hand, or Our Fist, For Lenine?

General Foch's first thought in the face of Hungary's surrender to Lenine seems to have been to meet the challenge with the sword, build an allied barrier against Bolshevism from the Baltic to the Black Sea and, in the words of Gen. Mallerre, "finish the job by a thunder-stroke." President Wilson and Lloyd George, on the other hand, seem to have taken the position that military measures, however effective against the Bolshevik armies, would prove worse than useless against Bolshevism itself which might break out with increased strength in the rear of an allied military cordon.

There is much divergent opinion on the proposal to recognize Lenine which the Washington Post characterizes as "one of the most sinister developments of these strange times," adding that the American people "are at war with Bolshevism and will not compromise with the enemy for any reason whatever."

Baseball Leafs Open at Newark Apr. 30

CHASING HIGH ONES LEAF'S FIRST WORK

Chill Wind When Manager Gibson Trotted Candidates Out at Island.

Mooney Gibson slipped one over on the weatherman yesterday. The dispenser of the daily stuff handed out a raw east wind and heavy clouds yesterday, but the Leaf leader was not to be stopped, and hiked across the bay with his hopefuls and pulled off the first work of the spring training campaign.

It was a success in every sense of the word. Mooney hustled the boys along for two hours, and they forgot that it was chilly. He put them all out in the field and made them chase high ones until they got up a real sweat. The wind was a gale around the track three times, and it helped the wind grains.

Fifteen men took part in the practice. Given the right weather today, something more useful will be attempted. Manager Gibson would like a sliding hit made in deep centre field, and then he could give the boys the proper idea of how to beat the throw to the bag.

Next week Manager Gibson will divide the squad into two teams, and each will be the order each afternoon. This is the most practical way to get the candidates doing things right, and will give the manager a true idea of their worth.

It is expected that Wagner, Purcell, Whitman, Snyder and Holden will arrive at the week-end, and then the Leafs will be in shape to work out at their proper positions. Yesterday's squad of fifteen included seven pitchers.

The men out yesterday were: Catchers—Manager Gibson and Geo. (focal boy) Pitches—Heck, Herche, Peterson and Alche, of last year's team; Quinn, from Bayonne, N.J.; Hanson, from St. John, N.B., and Sharp, a local boy; infielders—Eddie Onslow and Buss, the Cleveland semi-pro; outfielders—Foster, Westlake (the local lad), Breckenridge and Harmon.

Word was received from Morton, the Montreal outer-gardener, that he has been laid up with tonsillitis, and would be along on Monday.

Hillside Boys C. C. Elect Their Officers

A meeting of the boys of the Broadview Cricket Club was held last night at the residence of C. St. Clair Willis, 43 Shaddell avenue, when a boys' cricket club was organized to be known as the Hillside Boys C. C. They will have two teams, junior and intermediate, the former to play in the boys' League in connection with the T. & D. Officers were elected as follows: Hon. president, H. Rutley; president, F. Hoshi; vice-president, Geo. Baxter; secretary-treasurer, C. St. Clair Willis; delegates, T. & D. meeting next Tuesday, Geo. Baxter and the boys.

Another meeting will be held April 21 when any east end boys desiring to play cricket will be welcomed.

Next Tuesday the cricketers' final rally will take place in Templars' Hall, Dufferin and Bloor, when the juniors and seniors are expected to attend in great numbers.

READING IS EIGHTH CITY IN LEAGUE

International Circuit is Announced—Leafs Open Season at Newark.

Newark, N.J., April 11.—The International Baseball League completed its eight-club playing circuit here today by awarding the Syracuse-Hamilton franchise to Reading, Pa.

Major Edward H. Filbert of Reading and a syndicate of business men securing the franchise by purchase, but President Fultz did not name the purchase price.

The Newark franchise was awarded to Pat Donovan, former manager of the Syracuse, but he has declined it. It was stated authoritatively that Donovan had obtained strong financial support from both sides of the street, but Donovan said he would manage the club himself.

The club would be announced after a meeting to be held here next week.

The local club has leased the old Federal League grounds at Harrison, and will play the opening game of the season there against the Toronto team on Wednesday, April 30. On the same day the other six clubs will begin the season, as follows:

Buffalo at Jersey City; Rochester at Baltimore; and Birmingham at Reading.

The season's playing schedule, after some necessary changes had been made to suit the Reading Club, was adopted last night.

It will be published on April 21.

Jack Dempsey and his flock of wrestlers, sparring partners and managers, is expected to arrive from Buffalo early this morning. They will put up at the King Edward Hotel. While Dempsey is of course the headliner on the card tonight at Massey Hall and is drawing down big money for his exhibition bout, the card the S.P.A. has arranged to draw a big house if Dempsey was not on at all. Dempsey will make three appearances—once in evening clothes to be introduced to the crowd, once in his exhibition bout, during which he will go through training stunts and illustrate the way he handles his "Kayo" punches, and once more as his referee of the Red Gallagher-Scotty Lister 10-round affair, which winds up the night's performance. The first boxing will start at 8.30. Then ten 10-minute wrestling bouts and then Dempsey will go on with his exhibition bout.

EVERY CLASS OF HORSES

Private Sales TUESDAY AND FRIDAY

All of this great list of horses are reaching us fresh from the country and the most of them will be in stable ready for the earliest buyer on Monday morning.

Every week's consignments are the same week as they come in, not later than the first auction sale after they come in. No waiting around with horses in the Repository, and no desire to get any prices other than what the public make. A bidder buys what he sees.

We are sure for next week of as big a run of Good Horses as we have had this season, and these are picked country horses, from which purchasers should easily select themselves. A straightforward warranty with every horse sold—and each horse guaranteed by us to be up to warranty, otherwise the transaction is cancelled, which can place to a purchaser.

APPROACHING SPECIAL SALES

A CONSIGNMENT OF LUMBER WOODS HORSES From Mr. J. Macdonald, Elmsdale, Ont.

Will be sold at The Repository, Unreserved, on Tuesday, April 22nd, their full money's worth out of these horses, which are all fit and ready to go into work again for any new owners.

ONE OF TORONTO'S BIGGEST LIVERY SALES—VERRAL'S LIVERY (Near of Rosedale Hotel)

Have instructed us to sell at The Repository ON WEDNESDAY, APRIL 30th, AT 11 O'CLOCK P.M.

THEIR EXCELLENT LIVERY STOCK

As follows:

30 Horses, in thoroughly nice condition, really good livery horses or drivers; 10 Saddlers, 10 Broodmares, 15 Vintennes, 3 Buggies, 2 Express Wagons, 10 Sets of Double Harness, 10 Sets Single Harness.

Also these Automobiles: 2 Ford Sedans, 1 Napier Landauette, 1 Standard Landauette.

Together with Robes and Buses, Blankets, and in general, all kinds of Livery and Double Harness, and it is a high-class livery stock, and will be found to be in tip-top condition, more of it as good as new for actual use.

Not many sales of this class come along, and it is well advertising it in good time, so that parties who can take advantage of the sale may have every opportunity to know of it.
