WOMEN TO BLAME IF RIOT RIOTS, SAYS TRIAL JUDGE

Story of Street Battle is Related in the Winnipeg Court. Canadian Press Despatch. Winnipeg, Dec. 12.—That women have themselves to blame should happen to them when they are present at a riot, was the assertion of Mr. Justice Metcalfe at the trial today of R. B. Russell, who is accused of seditious conspiracy. His lordship on the question of the presence of women at the place where the rioting in the city occurred, June 10, cropping up, took occasion to make the following declaration: "In these days, when women are taking up special obligations and assuming equal privileges with men, it may be as well to state now that the women are just as liable as men to ill-treatment in a riot. They can claim no special protection, and are entitled to no sympathy, and if they stand and resist the officers of the law they are liable to be cut down."

Plans of the strike committee for running one of the big wholesale houses in the city during the strike were disclosed by E. C. Marrin of Jobbin, Marrin, wholesale grocers. Tries to Pour Ridicule. In an attempt to pour ridicule on the whole affair, E. J. McMurray questioned Mr. Wherry as to whether he had seen men drilling, marching about with rifles and preparing generally for battle, but was cut short by the judge, who said that no charges had been made by the crown as to strikers being seen marching about with guns, and as to people being hanged on poles. R. A. McLean and S. A. E. Clayton, employees of the Canada Bread Company, testified to intimidation at the company's place of business and declared that the plant had been closed because of it. The plant was reopened "by permission of the Bakers and Confectioners' Union," according to a notice posted on a window.

Story of Big Riot. The story of the big riot near the city hall, in which the general strike culminated, was told by Sgt.-Major Blinning, who was in charge of the mounted police squad that was in the trouble. He stated that there had been firing from the crowd for three minutes before his troops got orders to fire. He said that the crowd was cleared as a result. He was sharply cross-examined by Mr. McMurray and replying to one question, made the statement: "There is no firing in the Royal Northwest Mounted Police."

Shift City Government. Capt. C. F. Wheeler gave an account of one of the strikers' parades, headed by R. F. Bray, one of the accused. An attempt was made to overturn an auto in which were a couple of ladies. He recalled a remark made to him by one of the strikers, who wanted him to get the delegates of the Imperial Association, and Jugo-Slavians in January. It is considered probable the soldiers are going to these districts in connection with the coming plebiscites.

BRITISH TO OCCUPY PLEBISCITE AREAS London, Dec. 12.—Seven British battalions have been ordered to make preparations for proceeding to Silesia, Schleswig-Holstein, Bohemia, and Jugo-Slavia in January. It is considered probable the soldiers are going to these districts in connection with the coming plebiscites.

MEXICO REPIES ON OIL QUESTION Claim That Production Has Risen Over Four Hundred Thousand Barrels. Mexico City, Dec. 12.—Despatches from Washington to the effect that the Mexican government's forced curtailment of the petroleum production is a menace to the American merchant marine have brought a prompt statement from official sources. The petroleum department is quoted as declaring that from the potential daily production of roundly 1,600,000 barrels of petroleum last February 28, the production has increased to nearly 2,018,000 barrels and also that petroleum companies have been able to export only about 11 per cent. of their production.

Kingston Orders Vaccination Pupils and College Students Kingston, Ont., Dec. 12.—(Special)—The board of health is now going to wait for smallpox to reach Kingston. This afternoon it passed a resolution requesting the school authorities and the senate of Queen's University to put the vaccination act into effect so that all pupils and students in schools and university may be vaccinated between now and the reopening after Christmas vacation.

70 PER CENT. OF MINERS HAVE GONE TO WORK

Coal Restrictions to Be Modified Soon and Train Service Restored When Situation Warrants—Some Operators Critical of Settlement Terms. Washington, Dec. 12.—Regional directors of railroads were given authority tonight by Director General Hines to remove restrictions on the use of light, heat and power derived from coal as soon as the fuel situation improved. The regional directors also were authorized to restore train service removed or curtailed to meet the coal shortage due to the bituminous miners' strike, as soon as the fuel supply in the various regions justifies.

Planned to Kill Bavarian Cabinet Munich, Dec. 12.—At the trial today of Alois Linder, who is accused of having shot Herr Auer, former minister of the interior, in the diet last February, the testimony was given principally by former ministers of the Bavarian cabinet. This tended to show that Kurt Eisner, the former Bavarian premier, who was assassinated, and his followers, not only intended to shoot Auer, but had planned a wholesale murder of all the Bavarian ministers.

TO CONTINUE SALE OF THRIFT STAMPS Some to Be Withdrawn and Replaced by a New Savings Certificate. Canadian Press Despatch. Ottawa, Ont., Dec. 12.—The government has decided to continue the sale of thrift stamps and saving certificates at banks, postoffices and other agencies, it is announced by the minister of finance, Sir Henry Drayton. However, as a means of eliminating unnecessary expenditure, the national war savings committee and the different provincial committees and head office officials are relieved of their duties from January 1, 1920, on the investment.

BETTER FEELING IN LONDON. London, Dec. 12.—The conference in Downing street on international financial problems and the definite announcement that the gold standard of interest on loans to the allies had been postponed three years, created a better feeling on the stock exchange today, where the quotations on most of the securities improved. French exchange also eased slightly, but American exchange did not respond. The market was less wild and the feeling in exchange circles was more confident.

IRISH QUESTION RAISES ROW IN UNITED STATES HOUSE COMMITTEE Delegation Appears For and Against Bill to Send Diplomatic and Consulate Representatives to "Republic." Washington, Dec. 12.—The claim of the Irish Republic to recognition as an independent government was brought to congress again today and was debated in brilliant fashion through a tempestuous all-day session of the house committee on foreign affairs. A crowd which jammed the committee room and blocked adjoining corridors, during the proceedings, presented their arguments, and many times threw the session into disorder by yelling gratuitous advice to the committee and witnesses. It included many leaders of the cause of Irish freedom in this country, and manifested the National Federation of Presbyterian Patriotic Societies, and others.

ADD THREE SHIPS TO LIST IN DISTRESS Disabled in North Atlantic—Report Tug Bison Safe. Canadian Press Despatch. Halifax, N.S., Dec. 12.—Tonight three steamers were added to, and one subtracted from the long list of vessels which have fallen victims to the series of gales now sweeping the north Atlantic. The three steamers added to the list are: The Ed Kingsley, enroute from Montreal to Halifax, in ballast, ashore at White Head; the West Lofts, which had the disabled Davidson County in tow, ahead and making for the nearest port; and the Sheba, which is calling for assistance from a point 330 miles east of Halifax. On the other hand, the United States shipping board tug Bison is reported safe at Port Hastings, after having been given up for lost since Tuesday. No further particulars are available regarding the "Hastings," a British steamer in distress near Sable Island, with her fires out; the Chetopa, which reports herself as unmanageable owing to a damaged propeller, 250 miles off Halifax; and the Mercian, a Leyland liner, reported to be on 35 miles south of Cape Race.

URGENT DEVELOPING POWER IN ONTARIO Deputation Points to Shaw Falls as Ready for Work to Start. Deputations from municipalities east of Kingston waited upon the Ontario cabinet yesterday afternoon asking that Hydro-Com be instructed to proceed with the development of power at Shaw Falls at the St. Lawrence River, and further that they be given representation on the Hydro-Com, naming Mayor Lewis of Brockville.

Canada to Collect Royalties On Petroleum and Natural Gas Ottawa, Dec. 12.—Provision for the collection of royalties on petroleum and natural gas, which have not hitherto been made in an earlier in-council amending section of the regulations governing disposal of oil and gas rights in certain sections of the west. The sales of such product are now subject to a discount may from time to time be fixed by the governor-in-council.

TO SPEND FIFTY-FOUR MILLION POUNDS ON BRITISH AIR FORCE London, Dec. 12.—Expenditures of the air force for the year ending March, 1920, amount to \$4,000,000 in estimates made public today. The personnel of the air force is given as 35,000 men. GENERAL BOMBED IN MOSCOW. London, Dec. 12.—A Bolshevik wireless communication from Moscow reports an attempt to assassinate General Barotoff. The general, says the despatch, was wounded in both legs. The assassin threw a bomb into his motor car.

PROVINCE MUST CONTROL HYDRO, DRURY DECLARES

Monster Deputation Meets Premier—Drury Questions Wisdom of Making Commission Chairmanship Permanent—Many Tributes to Beck. Ottawa, Dec. 12.—(Special)—This government will make an announcement tomorrow on the revision of the tariff. Another important announcement restricting the importation of labor is also expected. During the coming winter it is expected that the government will insist on all immigrants having considerable money before they will be permitted to come here. Although employment is less than normal, it is not the intention to give any immediate opportunity for a big influx of the unemployed of Europe.

C. P. R. RECOVERS SOME OF ITS LOSS New York Reports That Canadian Investors Are Buying Stock at Premium. New York, Dec. 12.—Canadian Pacific recovered some of its loss yesterday on reports coming from Montreal, that Canadian investors were buying the stock in this market in spite of the fact that they have to pay a 10 per cent. premium in view of the depreciation in exchange in this market.

WHAT WILL C. P. DO? Montreal, Dec. 12.—Canadian Pacific stock was stronger today, following its extreme weakness yesterday. Among the various explanations offered for the late ten-point break, involving liquidation for London and European account, with the object of checking the further decline in sterling, and the sensational break in New York exchange on Monday, etc., the first named seems the most probable. It is withstanding its denial by a prominent banking firm in this connection, there are reports of considerable selling of American securities for the purpose of stabilizing exchange.

MISSION TO CAIRO ARRIVES SECRETLY All is Quiet But Burning Resentment Underlies Apparent Tranquillity. Cairo, Dec. 12.—Secrecy surrounded the arrival on Sunday of the British mission, which has not been acknowledged by the British government. The party was driven to a hotel before the population was aware of its presence. Detachments of troops were about the station in the rain, but they were such familiar sights in Cairo that the natives did not suspect the reason for their presence.

ASK ABANDONMENT OF PROFIT FIXING Winnipeg Retailers Requested Commerce Board to Change Policy. Canadian Press Despatch. Winnipeg, Dec. 12.—Twenty members of the Retail Merchants' Association, appeared before the board of commerce today and told that body that it was going about its business in the wrong way in securing the objects of the board were to enable the public to purchase necessities at the lowest price consistent with cost of conducting business; on the contrary, its object was to detect persons charging undue profits. Asked if what he was requesting, practically was not that the board should be abolished, Mr. Loftus replied that he supposed that that is what amounted to, but O'Connor told him he had appeared before the wrong body; he should go before the government.

IN GOOD ACCORD WITH CLEMENCEAU SLEEPING SICKNESS DEATH IN HAMILTON British, in Negotiations, Reported to Show Conciliatory Spirit. London, Dec. 12.—M. Clemenceau went to Buckingham Palace this afternoon, where he had tea with King George and Queen Mary. In the evening he dined with Earl Curzon of Kedleston and Lady Curzon, and later visited a theatre.

FATAL CASE OF DREAD MALADY Also Reported at Fruitland. Special to The Toronto World. Hamilton, Dec. 12.—Two deaths, one at the city hospital last Thursday, and one at Fruitland yesterday, which have been attributed to leishmaniasis, or so-called sleeping sickness, gave intimation that the malady which has scourged the west is getting a foothold in Ontario. Acting upon instructions from Dr. McCullough, provincial health officer, local physicians will not report cases of sleeping sickness to Dr. Robert Roberts, M.O.H. The case at Fruitland was that of a school girl. The attack came on with a violent headache and the girl became drowsy. She then fell into a deep sleep which ended in death.

BRITAIN'S LOAN TO BELGIUM. Brussels, Dec. 12.—According to The Independence Belge, a Belgian loan of \$50,000,000 has been concluded in Great Britain. The first instalment, says the newspaper, was paid today. \$45 WINTER OVERCOATS FOR \$32.50. The Dineen Company, 140 Yonge street, have on sale today sixty-nine heavy winter overcoats. The remarkably low price of \$32.50 per coat is made from choice materials, lining and workmanship. The very best Meltons, Frieses, Naps, etc., in plain greys, browns, etc. These coats were ordered to be delivered in September and through some trouble in the factory were only delivered yesterday—hence this reduction. Every coat is valued for \$45. If you want a bargain in a winter overcoat call into Dineen's today.

THE EXCHANGE SITUATION. British pound (\$4.88) in New York, \$3.65, discount, 24 3/4 per cent. Canadian dollar in New York, 90 1/4, discount 9 3/4 c.

INQUEST DOES NOT EXCULPATE DRIVER

Jury Return Non-Committal Verdict in Nathan Coates Case.

At the conclusion last night of the resumed inquest on the death of John C. Lawson, the returned soldier who was struck and killed by an automobile at the corner of York and Adelaide streets on the night of November 28, the coroner's jury, after an hour and a half's deliberation, found that Lawson here had been injured received, and added that the evidence pointed to the fact that the car which had killed Lawson resembled the one driven by Nathan Coates.

When Constable Greenie's car reached John street, the car, he claimed, was in sight, and shortly turned along West Queen street, where it was stopped on a street it turned down Peter, and in a few moments he came upon the car which he alleges struck Lawson, which had stopped on Peter, near Richmond.

At the previous hearing of the inquest, Plainclothesman Greenie testified to having witnessed the accident, and to having pursued in another car the car Lawson was struck with, which did not stop, but put on its lights and continued along West Adelaide street, turning up John street, when it was last sight of.

At the examination last night centered almost entirely on Coates' condition when he was brought to the police station. Five witnesses connected with the police force, who were at the station when he was brought there, were called and testified that they had seen Coates' breath at the time and did not smell liquor. The other three witnesses testified that they had seen liquor on his breath. All agreed that the prisoner at that time was sober, but could not say he was drunk.

ORIENT CHAPTER EXALTS BRETHREN.

The regular convocation of Orient Chapter Royal Arch Masons was held last night in Riverdale Masonic Temple. First Principal Ex. Comp. David S. J. MacDougall presided. The work of the evening was the execution of 14 brethren to the H.R.A. degree, which was carried out with full musical ritual by Eastern District Masonic Choir. Ex. Comp. Rev. W. M. Kamma-winn delivered an interesting and instructive lecture on the symbolism of capital masonry.

STOP SCREENINGS FOR SIX WEEKS

Announce None Available for Cattle Feed, Either East or West.

Canadian Press Despatch. Winnipeg, Dec. 12.—There will be no more screenings available for either eastern or western Canada until the end of January, at least in any case, the additional amount available out of the remainder of the 1919 crop will not be large.

It has developed that the demand for both east and west is much greater than anticipated. The eastern societies have placed all of the 3,500 tons allotted to them and would like to have an additional 1,000 tons, and the west would like 4,000 tons, but even if 10,000,000 bushels of wheat should pass thru the terminals between now and the end of February it would not yield more than 1,200 tons of standard screenings or stock food so that it will turn to other foods to supply immediate needs.

The present crop has yielded a smaller percentage of screenings than usual. In addition to this, of the 67,000,000 bushels of wheat inspected to December 1, only about 52,000,000 bushels have reached the lake terminals, the balance being milled in transit or at western points.

CRIPPLED SOLDIER STRUCK.

Richard O'Brien, aged 30, an amputated patient at Christie Street Hospital, was injured internally at 3:15 p.m. yesterday when he was struck by a westbound Dundas car, driven by motorist No. 1506. The police ambulance removed O'Brien to the Christie Hospital.

MAY BE NECESSARY TO ISOLATE ONTARIO

Says Dr. J. A. Amyot, in Discussing Outbreak of Smallpox.

Canadian Press Despatch. Ottawa, Dec. 12.—It may become necessary, in the near future, for the adjoining provinces to isolate the province of Ontario, and the United States may act even more promptly, said Dr. J. A. Amyot, C.M.G., deputy minister of the federal health department, in an interview this morning regarding the smallpox epidemic which centres in the city of Toronto. "If all were vaccinated," he said, "in two weeks the epidemic would be at an end, but with so many centres now existing it is likely that it will continue until most of the unvaccinated are picked out by it."

RESERVE JUDGMENT IN HULL WINE CASE

Is First Stage in Legal Battle of Dominion-Wide Importance.

Canadian Press Despatch. Ottawa, Dec. 12.—Magistrate Askwith reserved judgment today in a liquor case involving the seizure of a consignment of wines to the Country Club, Hull. The first stage in a legal battle, which, it is expected, will be of Dominion-wide importance, was reached in police court this morning, when Inspector McLaughlin charged the Canadian Express Company with transporting into Ottawa, a prohibited area, intoxicating liquor contrary to the provisions of the order-in-council passed on February 24, 1919. Messrs. Norman Guthrie and Redmond Code of the firm of Pringle and Guthrie appeared for the defence, while Inspector McLaughlin conducted the prosecution.

PROF. M. W. WALLACE AT ELECTRIC CLUB

Considers Decreasing Production Primary Cause of Industrial Unrest.

Prof. Malcolm W. Wallace, Ph. D. was the speaker at the Electric Club yesterday, and his subject was, "Stabilizing Influences in a Democracy."

The primary need was greater production, and what they saw was decreasing production. In eastern Europe there was stagnation, and an upathy and despair which was stifling.

The mother left with a child had formerly been separated from it at she was unable to support it and it was put into an institution, and she was considered to be more or less disgraced.

False Philosophy Gone. The laborer derived their philosophy very largely from those who possess one. It was false philosophy that a man's welfare depended on the amount of goods he possessed.

That men unselfishly gave their lives for the sake of ideal conditions indicated the existence among men of a desire for better conditions, and the willingness to sacrifice to obtain it.

The great obstacle to democratization was the obstinate individualism and the blind idea that ability will somehow emerge. Many men held as their private philosophy of life that a man could begin as an apprentice, rise in his business and marry his employer's daughter.

Unless government could show its ability to take charge of the world as a whole, anarchy in some form of collectivism would extend itself more and more.

Carlyle, Ruskin and Arnold did not conceal their contempt of democracy. The young men who will have to face the new conditions will be free of the fixed opinions of these great men.

They have pondered these questions face to face with reality and for the best of our youth the war has provided an effective education.

The moral well-being of the masses of men was the true goal of all collective effort. The politician promised material well-being, but the real need was moral, and in the wider spread of education, the war had revealed the truth not previously recognized.

Men's work must be made more interesting to them. It was not the fault of the men that they wandered from one occupation to another. Our amusements should be made more attractive. Nothing could do so much to introduce contentment into the lives of the people as making their amusements intelligent, and the people able to appreciate them.

High School of Commerce Presents Diplomas and Prizes

Last night a large audience attended the exercises of the high school of commerce on Shaw street, when prizes, medals, scholarships and diplomas were distributed, a fine program presented, and a tablet unveiled to the memory of the twelve boys who fell overseas. On behalf of the board of trade, Kenneth J. Dunstan presented the gold and silver medals for first and second in the business course to Henry N. Nolan and Hally A. Sward.

Smallpox Closes Libraries

Notice that the public libraries of the city will be closed from Monday night, Dec. 15, until Jan. 2, has been given by the library board. The board states that this step has been taken as a measure in combating the smallpox outbreak.

BRING ON YOUR SANTA CLAUS

EARLY shoppers ain't got nothin' on me. I'm prepared, same as I always is—even to the mystic red tissue and holy ribbon in everything.

Then for real economic uplift what could be better than a quilt made out of old sweaters and stockings. Nobody wants a home-made quilt, but you should care. Give somebody one anyhow.

Harold M. Lavis, Wood street, was arrested yesterday afternoon, charged with the theft of a watch from a roommate, Roy Jenner.

James McLeod, Shaw street, was arrested yesterday by Morality Officer Kerr on a charge of bigamy. McLeod is alleged to have gone thru a form of marriage with Eleanor Pelzner.

The board of control, by the votes of Controllers McBride, Cameron and Robins, yesterday decided to recommend to the council the resignation of G. F. W. Price to fill the position of city architect.

The Great War Veterans were granted by the city yesterday \$200 to each of their ten branches as a contribution towards a Christmas tree for widows and children of soldiers.

The city will give to the various hospitals, the council agrees, the sum of \$231,852 towards their maintenance and take the money out of the 1920 taxes.

The board of control has decided to advertise for a manager of the civil abattoir. No mention will be made as regards salary, this being left to the suggestion of candidates for the office.

VEILED THREAT STIFFENS ALDERMEN

Dr. McCullough Does More Good Than Harm by Menace.

Dr. J. W. McCullough's veiled threat, published yesterday in regard to the issuing of a proclamation regarding compulsory vaccination, has done more harm than good, if it is possible to judge from the expression of opinions heard around the city hall yesterday.

There have been 614 persons discharged as cured since the epidemic started, including 33 Thursday. The number of homes under quarantine is 548, from 47 of which patients have been removed to hospital.

It is said Alderman Morgridge will take the advice of his best friends and put himself up for alderman next year, and not for controller.

The harbor board will spend some \$4,000,000 on harbor improvement during the coming year.

The harbor board will spend some \$4,000,000 on harbor improvement during the coming year. A big amusement park is to be established at Sunnyside.

The old Bay street fire hall is to be put in repair and used for a public building for the city and harbor board.

The harbor board will have plenty of work to give out in the spring and there should be a little heard of unemployment.

The city hall press gallery held a general meeting yesterday afternoon to receive nominations for the various positions of management.

Attorney-General Raley has asked the board of control to raise the salary of the judge of the juvenile court from \$2,500 to \$4,000.

The Aero Club of Canada have received a proposition from a municipality in Canada, the name of which they will not divulge.

Colonel John Z. Fraser of the Canadian Wheat Board was asked by The World yesterday to express an opinion as to the effect of the Hitting and the United States embargo against Canadian wheat and flour upon the Canadian farmer.

It is a good deal better business, said Colonel Fraser, than exporting Canadian 5-1-2 per cent gold bonds, which sold for Canadian dollars at a stiff discount, and must be redeemed in United States dollars.

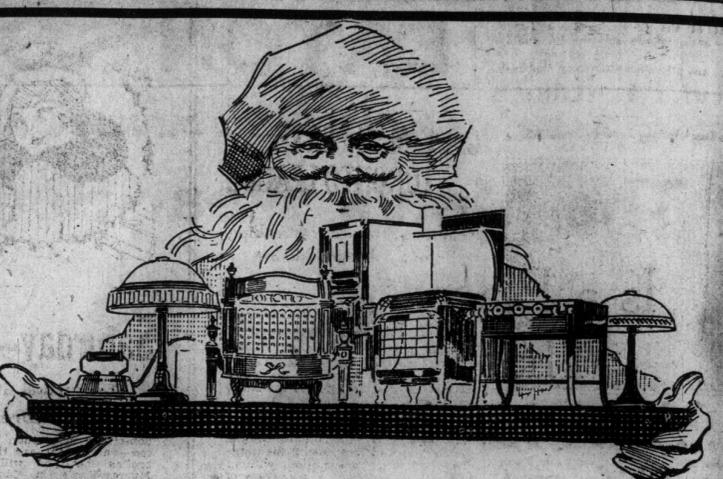

At the regular meeting held last night, Lodge St. Albans, S.O.E., elected the following officers for the year 1920: Immediate past president, J. Jones; worthy president, J. COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once. Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, a large bottle, at little cost, at the University of Toronto, 100 Queen's College, Toronto, Ontario.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair, taking one small strand at a time; by morning another application or two, your hair becomes beautifully dark, glossy, soft, and luxuriant, and you appear years younger.

HAD RHEUMATISM FOR FIVE YEARS

No Return of the Trouble Since Taking "FRUIT-A-TIVES"

MR. JOHN E. GUILDERSON

P. O. Box 123, Parrsboro, N. S.

I suffered with Rheumatism for five years, having it so badly at times I was unable to get up without assistance.

I tried different medicines I saw advertised and was treated by doctors in Amherst, also in my home town, but the Rheumatism came back.

In 1916, I saw in an advertisement that "Fruit-a-tives" would stop Rheumatism and took one box and got relief, then I took them right along for about six months and the Rheumatism was all gone and I have never felt it since.

Anyone who would care to write me as regards "Fruit-a-tives" I would be glad to tell them what "Fruit-a-tives" did for me.

ASSISTANT MASTERS FIGHT APPOINTMENT

Alleged Illegal Assumption of Principals Stirs Tutorial Toronto.

That the alleged illegal appointment of Peter Munro by the board of education to the principalship of Ryerson School will be fought to the last ditch was the determination of the Toronto Assistant Masters' Association in a meeting assembled at the Y.M.C.A. building, College street, last night.

H. A. Halbert, secretary, stated the reason for the association's action for press publicity as being the real issue in the coming election of school trustees.

"For in whatever other respects the board members of the board may have erred it is surely their crowning act of iniquity to have so arbitrarily and autocratically opposed the rights of the staff," said Mr. Halbert, "as to force them into a struggle in the courts. It is a bylaw of the board that all promotions to principalships of public schools be made from members of the staff who have served for a period of three years and that the promotion be based on merit. The bylaw was incorporated in the agreement signed by the teachers with the board. Mr. Munro was not a member of the public school staff and his appointment has resulted in a general shuffle of the teachers and has not only blocked the promotion of members of the association, but has caused the removal from their positions of men who were occupying principalships. If the men in our ranks are not fit for promotion they should not be allowed to remain on the staff," declared Mr. Halbert.

"We believe that if the Munro appointment stands other outsiders will be given appointments over our heads."

A Vicious Principle. "The vicious principle of patronage is being driven out of the civil service of the Dominion and provincial governments; it should not find a refuge in our schools and we appeal to the electors on January 1 to elect to office men who are fit for the position," said Mr. Halbert, who concluded his remarks by pointing out that some trustees stood firm for the assistant masters in the matter.

In the discussion which followed it was felt that the organization should fight the matter to the finish, although it was pointed out that the members had no personal feelings against Mr. Munro, but a principle at stake.

C. C. Goldring, Bolton; D. D. Brown, Clinton; H. E. Cavell, Kent; H. A. Scofield, Ryerson; J. D. Williamson, Queen; H. J. Jesso, Ketchum; F. Atkinson, Earlscourt; C. A. Vickery, Dufferin, and others took part in the discussion.

Radical Changes in English Universities Due to War

Prof. A. A. Newton, M.A., D.Lit., B.Sc., F.S.A., professor of imperial history at the University of London, told at the Empire Club yesterday of radical changes that have been brought about in English universities by the war.

At the University of London commercial training and a commerce course no longer be established, and it was said that he enters a profession. Prof. Newton said that he would like to see a chair of geography in Canadian universities, and Sir Robert Falcon Scott, in proposing a vote of thanks for the need for a chair of geography in the University of Toronto, saying there was not in the Dominion.

G.A.C. MAY LEAVE TORONTO LEAGUE

Relations Strained to Breaking Point by Alleged Misuse of Name.

Relations between the Grand Army of Canada and the Toronto League of Veterans are strained, and it is rumored on good foundation that a withdrawal from the league by the latter association will be effected within a few days.

While officials of the G.A.C. are reticent in regard to the matter, it is understood that the Toronto League of Veterans have been using the name of the former association, without their official sanction, in a canvass of the city for funds. This action is highly resented by the G.A.C., who have vigorously protested to the league.

It was brought to the attention of the district command of the G.W.V.A. some time ago that their name was also being used by the league in a canvass of the city, and District Secretary J. V. Conroy immediately took action to have the impression corrected.

In the event of the withdrawal of the G.A.C. there will be but two chartered associations within the league, namely, the Army and Navy Veterans and His Majesty's Army and Navy Veterans. The "Originals" Club declined to affiliate with the league at their last meeting, for the reason "that the policy in operation, outside of the actual consideration of soldier grievances and rights, appeared to have a preponderance in their draft constitution."

The G.W.V.A., also taking part in a round-table conference at one of the meetings of the league, also declining to affiliate because of their being opposed to the method of representation.

Gen. Turner, V.C., Speaks Out About Re-establishment Needs

Winnipeg, Dec. 12.—That he did not consider the soldier re-establishment scheme broad enough in its provisions, that it should include a housing scheme and assistance to the man with a small business, and that action must be taken at once else Canada would be confronted with grave problems of far-reaching consequence was how Lieut.-General Sir Richard Turner, V.C., K.C.M.G., who passed thru Winnipeg on his way east, summed up the soldiers' settlement situation.

Sir Richard, who has been some time in the west, said he would submit several important recommendations to the government for its consideration when he got back to Ottawa.

Officers Reorganizing Militia Hold Meeting in Kingston

Kingston, Dec. 12.—The militia reorganization board, consisting of Gen. Sir William Otter, K.C.B.; Gen. Sir W. Morrison, K.C.B.; Gen. W. G. Swatkin, C.B. C.M.M.G.; and Brigadier-General McNaughton, who were in conference here today with the officers of the different units in military district No. 3 in regard to the reorganization of the militia with a view of perpetuating the fighting units of the district. Among the C.E.F. units prominently mentioned in the reorganization scheme is the fifth field company, Canadian Engineers.

G.A.C. OPEN MEETING

Parkdale Post of the G.A.C. will hold an open meeting at the King's Theatre, College and Manning, at 8 o'clock on Sunday night. Capt. J. F. Tupper, J. F. Marsh, Dominion organizer; R. C. Strutt and other speakers will attend the meeting.

IF BACKACHY OR KIDNEYS BOTHER

Eat Less Meat; Also Take Glass of Salts Before Eating Breakfast.

Uric acid in meat excites the kidneys; they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated, and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous uric acid salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia water drink, which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

A HARD CHASE

Alleged Thief Leads Policeman and Soldiers Merry Chase Over Fences.

Nicholson Amnesty was arrested after a chase over back fences and a fistful combat with Detective William Elliott yesterday afternoon. Amnesty is wanted in Montreal on a charge of stealing a typewriter. When Elliott, who was sent to the Knights of Columbus Hostel, West King street, approached his man on the fourth floor, the prisoner ran for the stairway. Four soldiers tried to stop him, but Amnesty put his head down and butted them to one side.

Elliott followed him to the street, when Amnesty leaped over a wire fence with the detective and several soldiers following. After scaling several fences Elliott drew his gun and threatened to use it. Amnesty stopped and Elliott handed his revolver to a soldier, while he went to handcuff the alleged thief. Amnesty struck Elliott and the pair fought with their hands for many minutes. Elliott was too much for Amnesty, who got the worst of the encounter, and was taken handcuffed to Court street station. The Montreal police will be notified to come for their prisoner.

FOUNDED 1880. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

SAURDAY MORNING, DEC. 13.

Mr. Drury and Hydro.

Premier Drury was sufficiently definite in his reply to the Hydro-Electric deputation at Queen's Park yesterday morning. He avowed himself heart and soul in favor of Hydro. The waterworks of the province, he declared, must be devoted to the needs of the factories and the farms. He had no fear that as long as the United States took coal from eastern and western Canada that Ontario would be deprived of her share, but for economic reasons the development of Ontario's waterpower was essential.

He was particularly interested in the supply of power to the farms, and Sir Adam Beck had a plan which in this respect met his, the premier's, views. There was no friction whatever, he asserted, between himself and Sir Adam Beck, and he recognized the great services of Sir Adam to the province.

He felt that the Hydro organization should be under the control of the province, and, therefore, under the government. He would not, therefore, undertake to appoint a permanent chairman of the Hydro Commission, but he thought it only reasonable that Sir Adam Beck should be assured of some stability in office. He was quite sure Sir Adam and he could come to an agreement on this point which would be mutually satisfactory to them.

He also thought it reasonable that the municipalities should desire to be represented on the Hydro Commission, and he promised consideration on this point.

Appointing an Architect.

Yesterday's decision of the board of control, however arrived at, and whether conscientiously dictated by concern for the public interest, or on the recommendation of those desirous for personal reasons, of seeing the appointment made that was recommended, is not in the public interest. No one identified with the former period of incompetency and disorganization of the architect's department is a suitable subject for promotion to the control of the department. It is said that if the appointment now recommended be confirmed and conditions are again found unsatisfactory, a change can be made. It took years to reform the department and bring about the change in 1914, just as it took years to bring about a change in the treasurer's department, and in the street cleaning department. The city cannot take any chances in facing a similar period of confusion and attempted reorganization.

Lieut.-Col. Moorehouse, who has been strongly recommended by the architects and engineers of the city, is fully qualified for the position by experience, by academic distinction, and by character. His executive and organizing ability are emphasized, and the service at the front was not only distinguished and recognized by the bestowal of French and British military honors, but was of a nature to prove his suitability for such a position as that of city architect. Both in architecture and engineering his qualifications are unquestioned, and such as the city cannot afford to be without.

Without such qualifications, which place him ahead of any other proposed candidate, it would be unwise to urge his service at the front. But it is unaccountable that the board of control, which has professed so much interest in the returned soldier, and makes a great to-do about giving a petty appointment to a returned man, should hesitate when a fully qualified veteran is eligible for a senior post. The soldiers of the city have not pressed their claims unduly, and they have relied on merit in seeking appointments.

If the aldermen do not reverse the decision of the board of control on Monday, they need no longer protest that they seek either the welfare of the city or the recognition of the service of the city's soldiers.

A Tariff Policy Needed.

In June Sir Thomas White's budget speech promised a ministerial commission of inquiry into the tariff. A few days later Sir Thomas retired from the government, and Sir Henry Drayton holds the purse in his stead. The tariff inquest has not begun, and it is said that the board of commerce is likely to be the government's tariff eye. This will satisfy nobody.

The farmers are assailing the tariff. Under the far-flying generalship of Mr. Cramer, who has jumped from the west to New Brunswick, and will disburse to the United Farmers' con-

vention in Toronto next week. The necessity for Canadian financial control of Canadian industry has no place in the Council of Agriculture platform. The president of the U.F.O. has been elected to the house of commons for North Ontario after a campaign in which the farmers nailed the free trade flag to the mast.

Champions of the Macdonald National Policy see in the apparent surrender of the Canadian packing industry to American control an abandonment, by large financial interests, of the fight for Canadian fiscal independence, which inspired so much of the campaign against the reciprocity agreement of 1911.

When the Canadian dollar is worth less than ninety cents across the line it is high time the whole question of our economic strength were probed and illuminated. If the government has a fiscal genius this is the perfect hour for him to disclose his resources.

Coal Puzzle; Coal Muddle.

There seems to be a glorious confusion about old King Coal in England. The cable flashes word that a bill to reduce mine-owners' profits to twenty-eight cents a ton until the end of next March has been introduced in the British House of Commons. The bill at the same time brings report of a discussion in the commons on Nov. 24, during which the president of the board of trade announced a reduction of ten shillings a ton in the price of household coal.

This, compared with a former half-promise to reduce by six shillings, and a subsequent declaration by the minister that that was an impossibly large drop equally delighted and muddled the public and parliament. The simple explanation seems to be that such huge profits are being made on exported coal that domestic rates can easily fall spectacularly.

To propose limitation of profits, after so great a decline, frightens the owners' friends and makes the miners' leaders in parliament more eager than ever for nationalization. Both factions and their friends write in condemning the government, and much trouble seems to be laid up in store. But a ten-shilling reduction by government direction gives you furiously to think on what can be done.

WINTER FAIR RECEIPTS WELL UP TO AVERAGE

Guelph, Ont., Dec. 12.—(Special)—Secretary R. W. Wade, of the winter fair, this morning expressed himself as delighted with the attendance during the week. He said the skeleton train service no doubt had its effect on the attendance this year, but taking everything into consideration it was most satisfactory. The total receipts for the week amounted to \$4,347.50, which compares very favorably with other years. In 1912 the receipts were \$3,700; 1913, \$4,000; 1914, \$4,200; 1915, \$4,500; 1916, \$4,800; and in 1913, when the flu was so bad, they dropped to \$2,800. With a return to good train service in 1919 Mr. Wade expects to break all records.

Senator Ross Issues Writ Against Paper Controller

Ottawa, Dec. 12.—Senator Ross of the Port Frances Pulp & Paper Co. has taken out a writ against the paper controller, Mr. A. Fringie, K.C., the minister of justice, and the Manitoba Free Press, which, from its nature, is most important, not alone to the Port Frances Company but to the Dominion at large. The writ, which has been issued by Messrs. Pringle and Guthrie, will raise the question as to whether or not the Dominion law measures act is now in force. There have been different views expressed upon this question, and as to who is right is now up for judicial determination.

Present Annual Statement Sherwin-Williams Company

Montreal, Dec. 12.—The annual statement of the Sherwin-Williams Company of Canada, Limited, prepared at the 123rd annual meeting of the shareholders, showed earnings for the twelve months period ended August 31 last of \$99,919, compared with \$1,152,921 in the previous year, which was the record one, and \$945,272 in the preceding one. The year's surplus of \$1,152,921, at the rate of 8.7 per cent, on the common stock of the company outstanding, compared with 14.7 per cent. a year ago and 9.8 per cent. in 1917.

Guelph Deputation to Discuss Winter Fair Matters in Toronto

Guelph, Ont., Dec. 12.—(Special)—At a meeting of the board of directors of the Chamber of Commerce this afternoon, a special committee, composed of Messrs. George J. Thorp, W. A. Mahoney, J. Kennedy, and J. Simpson, and Mayor Carter, was appointed to represent the chamber at Toronto next week, when matters pertaining to the winter fair will be discussed with the executive of the fair. The Guelph Fat Stock Club and the Guelph Poultry Association will also be represented.

HONOR GALT PRINCIPAL

Galt, Ont., Dec. 12.—(Special)—Principal William Linton, of Victoria School, who is about to retire after 45 years' service in the profession, was tonight presented with a gold watch by the teachers of the city, at a banquet given in his honor at St. Andrew's School.

PROVINCE TO CONTROL HYDRO, DRURY SAYS

(Continued From Page 1.)

ours, and should be kept for the people and for the service of the people. (Applause.) On the future development and distribution of that power depends in a great measure the industrial and agricultural prosperity of the country. There is no doubt about that.

"My ideal of Hydro," the premier went on, "is not to stop at towns and villages by any means. Perhaps being a farmer I see the rural viewpoint." He did, however, want to see the power for various reasons. He did not think there would be an end to coal coming from the United States, but as they had not to him (Mr. Drury) the factories and farms of the province. He wanted it to develop until every farm could have it as common as electricity to him (Mr. Drury) as he had outlined to the Hydro-Electric Commission. He wanted to see a scheme by which he hoped to distribute the rentals of water powers for the province. He was in entire accord with that.

On the first request of the deputation regarding representation of the municipalities, Mr. Drury said it was a reasonable one, but he was not going to make any promise. He was not going to make any promise, because some objections might develop which he could not foresee. If such representation involved increasing the number of members that would have to be done. He wanted to see commissioners on the job not once or twice a year, but all the year.

"Regarding the chairmanship of the commission," Mr. Drury went on, "I feel absolutely that there is no friction between this government and Sir Adam Beck. Personally he and I are on the best of terms, and I regard him like Niagara, as a great force for the good of the province and its development. As to appointing him permanently I am not prepared to say that would be wise. Whatever he is to do, I think it is better that he should be appointed to the Hydro. I think you will agree with me on that line. I do realize that great personal injury and inconvenience is suffered by Sir Adam not having a continuity of office. I think that can be remedied satisfactorily to him, the government and the people of the province. He is a great force, and we want to use him as long as he will work on that line.

"I think," the premier said, "that Hydro is something for the people greater than any one man, and that what that one man is called away Hydro will go on. On the other hand, we want to consider some term of appointment to let Sir Adam know where he stands, I think we ought to do that. It is only fair. I do not think the precedent would be a wise one to let a permanent chairmanship, but it will be given due consideration. I think we can reach a solution satisfactory to all concerned. Sir Adam Beck and I have talked the matter over sympathetically from both sides. We are not in discord. We are in accord, and I think we will to some extent be able to meet your wishes in a satisfactory way." (Applause.)

Radial Railway Project.

Mr. Drury said the radial railway project had not been mentioned in the report, but it was likely that it would be discussed by the cabinet and the legislature. Since the radial scheme was first brought before the public, circumstances had changed. There was the national question of railway, the G.T.R. would undergo to become a Canadian National line, and such Ontario was vitally interested in the financial success of the line. He would like to know whether in view of the fact of the probable electrification of parts of the G.T.R. there would be any radial duplications or parallel lines.

He was assured that there would be no duplication. He intended to carry on the affairs of the province in a strict business-like way. If in the fortunes of war he did not carry them long it would not be a vital matter. He could not go home happy, however, if he knew that he had committed the province to any undertaking that would involve a million round his neck. He was glad of the free expression of opinion on Hydro that day. It would do a great deal of good and clear away popular misconceptions. He hoped before long to get in touch with the Dominion government on the railway question. He had already taken certain steps with that end in view and believed there was a solution. They must look out for the danger of being over-railed.

Mayor MacBride suggested that a committee should be placed at the disposal of the premier to advise him or consult with him on various matters. This will be done, and Mr. Drury expressed his gratitude. Willoughby Ellis declared this was the first deputation at which he had ever received any satisfaction.

T. J. Hannigan, secretary of the Hydro-Electric Municipal Associations, submitted the following resolutions: "That the municipalities of Ontario engaged in the distribution of electrical energy as a public undertaking have in conjunction with the present success of the present system of power-distribution to the sections of the province so served; and

"That these municipalities have a very large investment in this project as well as a very heavy capital liability in connection with the work of the power transmission system and the immense sums that are being guaranteed in connection with Hydro-Electric railways; and

"That those municipalities, although bearing all the financial responsibility, have no direct representative on the board of commissioners who are trustees of this great enterprise; and

"That owing to the increased operations of the Hydro-Electric Power Commission and the immense investment involved, we feel that it is desirable that the board as now constituted should be a temporary nature, and that a more permanent character to insure the continuity of service and policy of the Hydro-Electric system.

"Therefore be it resolved: "That the board of the Hydro-Electric Power Commission should consist of members, appointed for such terms as would ensure the continuity of the board; and

with the prospect of another \$50,000,000 in the next five years, and it was thought that, so far as the administration was concerned, the municipalities should have some voice as to the project. It was decided that at no time should all the members of the commission drop out at one time, and also that Sir Adam Beck should be given every chance to finish his work. (Applause.)

Beginning of Hydro. J. W. Lyon, president of the Hydro-Electric Association, recalled that he was a member of the deputation that saw Sir James Whitney, who did what was promised, and that was the beginning of the Hydro, which had grown to such enormous proportions. The reason it had grown was on account of their leader, Sir Adam Beck, who was the master-builder, and in whom the people were loyal and true. It came now that Sir Adam must either rearrange his affairs in London or hand Hydro over to someone else. In the opinion of the municipalities, Sir Adam was not recognized in such a way permanently, but it was possible that there would be continuity in the chairmanship of the commission. In these democratic days, people were more and more getting their rights. There were 244 municipalities using Hydro, and they had the right to say "No" to any resolutions. In the absence of coal, they must have Hydro, in which every dollar was invested. "Let Beck finish his work," emphasized Mr. Lyon, in conclusion.

Beck the Best Man. Willoughby Ellis, Hamilton, president of the Ontario Municipal Electric Association, believed Sir Adam Beck was the best man to see the Hydro business thru, and should be allowed to finish his task. "Beck has worked hard," he said, "and we are behind him to a man. This is not a project that is going to stop tomorrow. The first thing we know will be that Ontario will be Hydro-Electric from north to south, east and west." D. Derbyshire, Brockville, secretary of them were old partisans, "but," he added, "we get licked and smile. We say God bless you and go to." (Laughter and applause.) All they wanted was equal-handed justice, as there were millions of power in the east uninvested. "Water powers must be controlled, harnessed and owned by the people. The members of the deputation all seemed delighted with the result of their visit.

EVER TRUE TO BERKMAN. New York, Dec. 12.—(Special)—Separated from Alexandra Berkman, her companion of years, Emma Goldman announced tonight thru her attorney that she had abandoned her legal fight in the supreme court to prevent her deportation to Soviet Russia with Berkman and some eighty other radicals.

W. H. Brown, Bruce County, pointed to Hydro as the greatest undertaking in Ontario. Mr. Elliott of Kingston spoke strongly in favor of Sir Adam Beck being appointed permanent chairman of the commission, and urged representation for the municipalities. Mayor Winter, Windsor, spoke on similar lines, claiming that Sir Adam had done wonderful work for the people. T. J. Mahoney, of the Ontario Municipal Electric Association, also supported the resolution. "Respectively of our previous political affiliations, whether Liberal or Conservative, I believe I am voicing the sentiments of this great representative body of the government. We are bigger and broader than any single party and for Ontario first, last and all the time."

Mayor Duncan of Peterborough said his town was behind behind Beck. Mayor MacBride of Brantford believed the undeveloped principle of the new government was to give service to the people, and said Hydro had been an unqualified success in every particular. The whole industrial development of Ontario was wrapped up inseparably with Hydro, and he claimed that Sir Adam Beck was the only man to carry the Hydro project to further success.

WRECKED LIVES

CHAPTER 60.

The doctor left at dawn, satisfied that the crisis was past for the time at least. Louise went to her room and fell asleep from pure exhaustion, and Mr. Driscorn went down to his study, where he found left over by her a letter and tried to build a small fire. He had paced up and down the halls during the night, smoking innumerable cigars.

"The doctor had given Mrs. Driscorn something to make her sleep, assuring them that everything was all right for a time and that he would come back in the afternoon. Very late in the morning, Louise dressed and had breakfast with her father downstairs. "I am supposed to go away to Chicago," he said. "But I called up the office and put it off for a while."

Louise nodded. She had very little idea what her father's business was, but she simply knew it had always supplied them with more money than they could possibly use. "I am sure some time ago that there was something weighing on your mind," Louise said. "He thought I might help her by finding out what it was and adjusting it. At last, after a long time, she told me better if she shared with me. But she won't tell."

"That's like her, isn't it?" Mr. Driscorn said. "I never knew a woman with so much determination of character." There was almost a touch of pride in his voice. "Of course, I can imagine it's something between you two," Louise hesitated to say it, but the nearness of death the night before brought them to the real facts of life. "Where Louise would never before have dared mention this great mystery, she now had but the slightest hesitation. "Let your mother tell you if she wants," Mr. Driscorn said. "If she doesn't and if she doesn't live—I'll tell you. But I don't think it will relieve her mind any to talk about it."

Louise went up wearily to the sick room. Her mother was awake now, but looking in the clear daylight, as the moon had died the night before, her gray hair had an appalling quality. Louise felt chilled when she looked at her. "Was that man's footstep outside in the hall your father's or Harry's?" she asked abruptly. "Father's," Louise answered. "I thought it might be Harry," her mother said in the curious half-smothered voice she had used for the last few days.

Monday—Tragedy. "You don't want Harry around, you know," Louise reminded her gently. "No," the other woman answered. "I didn't want you to marry him, and I didn't want you to go back to him. But you love him and I suppose it's the best thing for you to do after all. But if you do, I want you to let your father give you enough money to live on comfortably. You must promise that. I have none to leave you, but your father has plenty. Then you will have at least the comfortable life I have had."

"Go on," urged Louise gently. "That's all I've had, physical comforts, and you. My married life began as yours did. I was not as young, but I lived away in the country and saw very few people and I was more foolish than you were a year ago."

"But didn't you love father?" Louise asked. "Yes, I idolized him, I was mad about him. He was handsome, rich, he had charming manners, he was the only such man I ever known. I loved him too much, with a blind, furious sort of passion that must burn itself out in time, in a short time. "The doctor said for breath, but presently hurried on, as the afraid she might not finish the story. "In the city as he kept growing richer and our friends increased, he was made much of by men and women too. Some of it went to his head. He liked to go about with people; I wanted to stay home with him. I was jealous and afraid. That's all it's the usual story. It wrecks eight marriages out of ten. "Fretted, then nagged, then quarrelled. One day he told me his dirty love me any more. I told him I hated him. We didn't speak for weeks."

"Did you hate him then?" Louise asked. "No, but I thought I did. He thought I did. And by and by we did love me any more. He began to live at his club. I forced him to come home once a week because I said you had to know your father by sight at least. I did it because I knew it hurt him to come. "And so," she went on, "everything that makes marriage a success went little by little. All I had was the material comfort of a house, and I had those, at least, when the other thing goes. "But it won't go, I still love Harry," Louise protested. Her mother simply smiled grimly.

Fair Prices for Clothing Are Listed in Chicago Chicago, Dec. 12.—The first "fair prices" of clothing were listed today by the Chicago clothing sub-committee of the Illinois fair price committee to show that dependable merchandise can be bought at reasonable prices. The prices were not fixed as maximum or minimum figures. As long as "present" stocks last, women's suits can be purchased as low as \$25, dresses at \$15.25, sport coats at \$4.95, men's shoes at \$4.95, suits and overcoats at \$24.50 each. These prices were made by the sub-committee consisting of five executives of Chicago's large stores and their statement said the figures were "fair prices for serviceable articles in the various lines mentioned," but the "replacement orders at the present prices would increase these figures."

**GRANT ASKED FOR STOCK FAIR PRIZES**

Breeders Are Hopeful After Interview With the Ontario Cabinet.

A deputation of live stock breeders interested in the Toronto winter fair, waited on the Ontario cabinet yesterday, asking for an annual grant of \$30,000 for ten years towards the prize lists.

Premier Drury raised some objection to the first amount, feeling that if the show became self-sustaining the government would not then be asked to contribute. He also took exception to the provision that if the profits exceeded \$10,000 at any time the surplus was to be divided by the Winter Fair Association to encourage smaller contributors.

Hon. E. C. Biggs, minister of public works, took exception to the arrangement by which Toronto—which is to provide \$1,000,000 for the buildings for the fair—is to receive \$10,000 annually for lighting, heating, etc. He thought Toronto should be generous enough to give that without any strings.

W. A. Dryden joined in the argument, but Mr. Drury headed it off by suggesting the fluctuating amount again.

Messrs. Dryden and Pepper explained the plans of the association by which the funds were being raised. The federal government was prepared to give \$30,000 towards prizes and a similar amount was being sought from the Ontario administration.

## Toronto Hockey League Will Fight for the Rinks

The Toronto Hockey League, the largest outdoor organization in the world, held an important meeting last night, when every member of the executive was present, also delegates from over 100 clubs. The meeting was the most important in the league's career, as the league decided unanimously on legal advice, that the Toronto Amateur Hockey Association could not control the city outdoor rinks, and decided to fight same for the citizens' rights. The following resolution was adopted:

"That at a meeting of the executive of the Toronto Hockey League, we deprecate the action of the parks commissioner in proposing to have the municipal hockey rinks put under the control of an organization recently formed and known as the Toronto Amateur Hockey Association, which is not representative of the entire hockey organizations in the city. That the Toronto Hockey League, being the largest body and having controlled outdoor hockey successfully for the past 11 years, should not be compelled to be put under the ban of an association which in reality is scarcely organized and not representative to control the sport.

"That by the resolution at the annual meeting of the Toronto Hockey League held recently it was, by a vote of the representatives of over 100 clubs, decided

not to recognize such an organization, for at least this year, and that any action taken in connection with the affiliation would have to come before the annual meeting of the league, which will not be held for another 12 months.

Further resolved that all members of clubs being composed of taxpayers and sons of taxpayers have an equal right to use the municipal hockey rinks. And further that it is contrary to law and ultra vires of the representatives of the city to delegate their powers to any body whatsoever to keep players off the rinks supported by the funds of the taxpayers, and that the best interests of hockey are served by all boys and small clubs not affiliated with any league having the privilege of using the city hockey cushions.

## VARITY AND DENTS.

Tonight Varsity and Dents meet in the senior S. P. A. series. The Dents, as holders of the cup, have already been seen in real action. Varsity, an challenger, are regarded as one of the strong teams on the O. H. A. list. Next Wednesday Argonauts have a try at the trophy, and tomorrow week Kitchener.

## GREENLEAF BILLIARD CHAMPION.

Philadelphia, Dec. 12.—E. Ralph Greenleaf of Wilmington, Del., won the pocket billiard championship of the United States tonight by defeating Edward J. Ralph, Nighthawk, N. J., 125 to 83 in the national American pocket billiard tournament. Greenleaf has one game to play, but even though he should lose this match he would still win the title. He has won eight straight.

## GUELPH UNIONS ARE READY FOR SEASON

Guelph, Ont., Dec. 12.—(Special.)—The annual meeting of the Guelph Union Curling Club was held this evening at Victoria Rink. There was a fair attendance, and the following officers were elected: President, J. A. Lillie; vice-president, L. Watts; secretary-treasurer, W. W. Stuart; executive committee, W. B. Taylor, F. R. Johnston, T. Sanders, J. Smith and T. Spalding. Plans were discussed for the season's curling, and an effort will be made for a series of games with the Royal City Club.

## SUSPENDED PLAYERS HAVE SOME SUCCESS

Of the suspended players the cases of the Ontario Branch, A.A.U. Smith and Farr must stay out a year, while McCaffrey will get his certificate. Newmarket was reinstated. The senior clubs were grouped as follows:

- Games to be arranged by O.H.A. executive. Clubs—Hamilton, Dentals, Aurora Lee, Varsity, Balm Beach.  
 Group No. 1—Games to be arranged by the O.H.A. executive. Clubs—Kitchener, Argonauts, Parkdale, Don Ewing Club.  
 Parkdale Ice Skating Rink, Dundas street at Dufferin, is fast getting into shape and will be ready for skating shortly.

## HOCKEY GOSSIP

At an enthusiastic meeting held recently the Dominion Bank organized its hockey club for the coming season, and has entered a strong team in the Bank Hockey League. This bank has always had a notable hockey record, and during the past twenty-five years or more has had many outstanding players on its teams. At present it holds both the senior and intermediate cups, emblematic of the championship of the Bank Hockey League.

## BASKETBALL

Last night, on Baracas floor, Christ Church defeated St. Stephens, last year's Inter-Church league champions, in a league basketball game, 23-14. The game was featured by close checking and the dazzling speed and combination of Christ Church, offset the advantage of their heavier opponents, who, although defeated, seemed to come from the first, fought to the last minute. Christ Church were without the services of their star defence man, Pete Barton, who was previously injured. The lineup was as follows:

Christ Church (23): Forwards, G. Thompson, D. Hooper; centre, N. Fotts; defence, M. Howard, E. Thompson, and D. North.  
 St. Stephens (14): Forwards, W. West, J. Moore; centre, Penstone; defence, Young and Duffie.

Inter-Church League basketball, midweek series, last night: Bathurst Street Methodist 43, College Street Presbyterian 24.

## Lawn Bowlers' Fivepin League Elect Officers

The Toronto Lawn Bowlers' Fivepin League held its third annual meeting last night, when the following officers were elected:

Hon. president, T. H. Lister; president, Norman Brown; secretary-treasurer, H. G. Howatson; executive committee, J. T. McKinlay, Dr. J. T. Phair, F. L. Barcard, H. W. McCurdy.

The league is a very strong one, the lawn bowling clubs of both the east and west parts of the city being represented. The Kew Beach Club won the first championship, and their sister club, Balm Beach, was declared the victors last year, but the men of the west say that the web-footed swamp dwellers from the Don will be "also rans" this season. Three schedules will be played. The first is in September. It is the feeling that the Rusholmes pretty nearly giving them their heads in the last game. The second schedule started last Monday night, and a cup will be competed for, which in the future will be emblematic of the Toronto Lawn Bowling Fivepin League championship.

## RINK OF BOWLERS READY FOR THE OLYMPIC GAMES

It has not been yet announced that a lawn bowling competition is to be an Olympic program, but if so Dr. Gallanough, the champion skip, winner of the Water trophy, will likely send a rink to Switzerland, where he is sure to find keen opposition from British teams that would be sure to take the trip.

## O. R. F. U. ANNUAL TODAY.

The annual meeting of the Ontario Rugby Football Union is to be held this afternoon at the Central Y. M. C. College street. President DeGruchy will call the delegates to order at 2.30. The majority of the officers will be filled by acclamation. The most important item on the program is the amendment to change the date of the annual meeting to early in September. It is the feeling that the holding of the annual after the season, as at present, is wrong, as all interest in rugby is forgotten and the delegates do not attend as they should. With the annual meeting in September, the report of the secretary will show the past season a good one in the matter of club competing and games played, while there is a balance on the right side of the ledger to start next season.

## SOCCER NOTES.

The Crescent F.C. meet Linfield Rovers at Frankland School today for the juvenile championship of the T. & D. League. These teams met last Saturday at Lapan avenue with the Crescents coming out winners by 3-2. They expect to run thru Linfield, providing it's a good day, and are expecting their star full-backs, J. Gray and H. Frost, to hold the Linfield forwards at bay. The lineup for today will be: A. Gray, Frost, J. Gray, Martin, Cook, Addis, McGregor, Stokes, Berry, Simpson, Jackson, Rees, Harvey, Holden, Coulter.

Linfield Rovers and Crescents will play their final game today at Frankland School grounds, kick-off at 2.15. Linfield Rovers will line-up as follows: Barrett, Brodie, Davis, Bullock, Heintzman, Williamson, Helegh, Graham, Waywood, Woolcott, Tiley, Prescott, Trapman, Clarke, B. Waygood and Harrisman, Referee, A. Kerr.

The first game meet of the Toronto Swimming Club will be held Monday evening at 8 o'clock in Harrison Baths, Queen and McCaul streets.

## THE WM. DAVIES CO., LTD. REPRESENTED IN HOCKEY.

At a recent meeting of the Wm. Davies Football Club, which had a most successful season, and in the morning a complete reorganization took place, a new organization taking its place, under the name of the Wm. Davies Athletic Association, embracing all branches of sport.

## De la Salle worked out again yesterday.

Scotty Cawkel is showing improvement with each practice. At the return of the team looks like the following: Goal, not chosen; defence, Griffin and Cawkel; forwards, Malone, De la Salle, and Harrington and Turner the spares.

## Kitchener play an exhibition game in Port Colborne tonight.

Frank Knight was out with Argonauts yesterday, and has not decided just where he will play this season. He may land with Dentals. Moffat, the western player, joined the double bus last evening and the squad was divided into two

Paris, Dec. 12.—Georges Carpentier today issued a challenge to Jack Dempsey for a bout for the heavyweight championship of the world. The French heavyweight addressed the challenge thru his manager, Descamps, in care of the secretary of the International Boxing Union. Carpentier offers to meet Dempsey at any place for the best purse offered, at any time mutually agreed upon. Manager Descamps, it is announced, has deposited the sum of fifty thousand francs with a Paris sporting publication as a guarantee to bind the matter and a pledge of Carpentier's sincerity.  
The direct challenge issued by Georges Carpentier to Jack Dempsey to fight for the world's heavyweight championship virtually assures a match during the coming year. The American titleholder has expressed his willingness to face the French boxer, and there remains only the agreement on the terms and conditions to govern the contest.

**Large Purse.**  
When the articles of agreement finally are signed it will be found that former purses and similar inducements given to championship heavyweights in the past will have been dwarfed into insignificance by the sums to be handed to the boxers for the first international ring battle of importance in many years. Johnson and Jeffries divided \$101,000 for their Reno bout, and the Willard-Dempsey purse at Toledo amounted to almost \$150,000. Dempsey and Carpentier are quite likely to battle for a purse approximately twice as large as that offered for the Willard-Dempsey match. The division probably will be arranged upon a sixty and forty per cent basis, the larger share to go to the winner of the present titleholder as the agreement may call for.

Several American and European fight promoters of strong financial standing are already endeavoring to sign the two heavyweights to binding contracts. The contest to secure their signatures promises to be a bitter and exciting struggle, in which sums running into hundreds of thousands of dollars will be offered in turn by rival promoters.

**Mid-summer.**  
The date of the bout can be set down for mid-summer, but the location of the ring is a matter of much speculation. Owing to the intense French pride in the ring achievements of Carpentier, France probably would supply a record gate, but there is some doubt whether Dempsey would agree to box Carpentier there unless certain restrictions were placed in the articles of agreement.

The impression appears to be growing in America that Carpentier will prove to be one of the best opponents to face the champion since the latter donned gloves. The Frenchman, a ring veteran of long experience, is credited with being an exceedingly clever boxer and fast, two-handed, hard-hitting fighter.

**NOT OFFICIAL YET.**

Los Angeles, Cal., Dec. 12.—Jack Kearns, manager of Jack Dempsey, said today he had not heard directly from Georges Carpentier, who was said by a Paris despatch today to have issued a challenge to Dempsey for a bout for the heavyweight championship of the world.

**Boxing Draw Tonight**  
**For Massey Hall Show**

Everything is in readiness for the preliminary bouts in the city championship tournament at Massey Hall tonight. On account of the length of the draw, the first pair will answer Referee Lou Marsa's call at 7.30, and there will be a little delay as possible between the different events. There are fifty-seven entries, all sold, and all the bouts will be seen in action tonight, including Newton, Bull, Freeman and the other champions. Three heavyweight contests are being Musgrave's orchestra will be in attendance, and special accommodation will be made for ladies. In addition to the medals for the winners and runners-up in the final, a cup, known as the "Cockcock Cup," will be given each night to the "best loser" of the evening, as named by the judges. The draw for tonight is as follows:

**VALE WANTS GUY NICKALLS.**  
New Haven, Conn., Dec. 12.—Guy Nickalls was invited today by the Yale Board of athletic control to become head crew coach at the University to succeed Prof. Mather Abbott, who has left Yale. The appointment of Nickalls was recommended by the graduate rowing committee, which had received assurances from Nickalls, who is in England, that he would accept the post. Nickalls coached Yale's crew for four years, and is leaving to enter the engineering corps of the British army, in which he served until the end of the war. Before coming to this country he had gained prominence in rowing at Oxford, and as coach of the Leander crews. He held the world's scull championship.

**AN ARMED TRUCE,**  
**SAYS COMISKEY**

Chicago, Dec. 12.—Whatever peace may exist in the American League as a result of the meeting in New York, may be described as an "armed truce," Charles A. Comiskey, owner of the Chicago Americans, said today on his return from the east.  
Comiskey is a member of the faction opposed to President Johnson. The business of the league is at a standstill, and another meeting will have to be called to lay plans for the 1920 season, according to Comiskey.  
"We have no schedule committee, nor have we transacted any other business usually cleared up at the December meeting," Comiskey said. "I have not changed my mind in any way about the American League, and I am convinced it will do no good to talk compromise. What will be done hereafter remains to be seen."  
"I have been quoted as having suggested a peace proposition. I never did any such thing. Neither did I vote for myself as vice-president of the league."

**Jess Willard Getting Too**  
**Much Money Out of Cordwood**

Kansas City, Mo., Dec. 12.—A federal warrant charging profiteering in the sale of cordwood, a violation of the Lever act, was issued late today for Jess Willard, members of a fuel committee of Fred Robertson, United States District Attorney for Kansas, Willard will appear before O. Q. Claffin, Jr., United States Commissioner, in the federal court in Kansas City, Kansas, tomorrow. Mr. Robertson said, Willard, who was at his home near Lawrence, Kas., when notified by telephone of the federal action, said that he would appear voluntarily tomorrow to answer the charge. The warrant names W. O. Anderson and J. E. Wilson, members of a fuel committee of Topeka, Kas., as having purchased cordwood from Willard. It is alleged that Willard asked and received \$12.50 a cord for wood on the stump from a place near Topeka. That amount, the district attorney asserts, is double what it should have been. Attorney-General Palmer has been notified of the action taken. Mr. Robertson said.

**The Leafs and What**  
**They'll Do in the Spring**

President McCaffery of the Toronto Ball Club returned from Cuba and the New York meeting yesterday. He thinks Ban Johnson has the upper hand and that the Yankees, Boston and Chicago will have to eat crow. The president is well satisfied with his selection of Hugh Duffy as manager and hopes to land the championship. The Leafs will train in George, starting the season in the east April 21, and coming home for the opening May 15. The Toronto roster this early contains pitchers Herche, Justin, Peterson, Shea and a new left-hander, Harry Burke, recommended by Jeff Tesreau. Catchers Sandberg and Hadock, infielders Onslow, O'Rourke, Anderson, Billy Furtell, Gomasies, and Outfielders Schulte, Rellly and Whitman.

**McCAFFERY HOME AGAIN**  
**FROM BALL MEETING**

President James McCaffery returned yesterday morning from the baseball meeting at New York, which followed his trip to Havana. The trip did him a world of good physically, and his partner, Loff Solman, added whole pounds to his weight.

Binghamton Club. When Akron was awarded the Binghamton franchise, Fultz decided that all its players also belonged to Akron, and so awarded them. His decision was reversed.  
Outfielder Bill Holden has been sold by Akron to Buffalo.  
Naturally, the president is well pleased with having secured Hughie Duffy as manager.

**ANNUAL SALE OF LUMBERWOODS HORSES**  
Our shippers will all be in with full loads of Heavy Horses for this sale. We will have the most complete stock of Heavy Horses, weighing from 1450 to 1700 pounds, all young and sound, that has been gathered together for years. On account of the large consignment and the consequent competition amongst our dealers, buyers will have the advantage in price from this competition, as these horses will have to be sold, as they are all bought and shipped in here for absolute disposal at this sale.  
In addition to these shipments of Heavy Horses we will be well supplied with General Purpose Mares and Geldings, Express and Wagon Horses, Drivers, etc.  
Serviceable City Horses will be much in evidence at our auctions, at this time of the year, as Teamsters, Express Men, etc., are disposing of their surplus stock.  
Remember the date of the Annual Sale of Lumberwoods Horses.

# THE STRIKE IS OVER!

With This Week's Number The Literary Digest Resumes Its Regular Method of Publication

120 Pages—Many Entertaining Pictures

**A**BOUT nine weeks ago the pressmen employed in the publishing business in New York City presented demands to their employers for increased pay, and other conditions so radical that they were necessarily refused. The employing printers offered a temporary increase of \$6.00 a week in wages, instead of the \$14.00 asked for, and expressed a willingness to submit all demands, including that of wages, to arbitration. This was refused by the pressmen, and a general walk-out ensued. A few days afterwards the typesetters, in sympathy with the striking pressmen, left their employment ostensibly upon a "vacation." The result was a tie-up of practically every magazine published in New York City, with the exception of THE LITERARY DIGEST, which, as an emergency measure, resorted to the photo-engraving process of publication, and the magazine has appeared ever since in typeface.

Now the compositors and pressmen have returned to work upon the terms originally offered by the employing printers---the submission of all demands to arbitration.

Consequently THE LITERARY DIGEST, commencing this week, December 13, resumes its old familiar appearance.

It is interesting to know that the "Digest's" experiment in typeless printing has started more than two score inventors to work along this line to perfect methods that may make typesetting superfluous and render Guttenberg's famous invention of movable types an outworn device. Some of the interesting news-articles in this week's "Digest" are:

# RECORD PRICES ESTABLISHED AT TORONTO LIVE STOCK SHOW

## Grand Champion Sold for Seventy Cents a Pound, and Will Be Shipped to England to Show What Canada Can Do—Hogs at \$50 a Hundredweight.

The Toronto Fat Stock Show scored a notable success yesterday when high records for practically all classes of live stock were made at the Union Yards.

The greatest interest of course, centered around the sale of "Black Hector," the grand champion, sold under the hammer to H. P. Kennedy, Limited, at 75c per lb., live weight, and realizing nearly \$1,000 in hard cash.

Mr. Kennedy subsequently stated to The World that this splendid animal will go far overseas with a big shipment of high-class cattle, three or four loads of them per annum. The champion steer will be used as an object-lesson and shown in various parts of Great Britain and later turned over to the company's representative there and sold, the funds to be given to some charitable movement.

The H. P. Kennedy, Limited, bought George Rowntree's carload lot of champion steers for shipment overseas, paying 21c for them.

The same firm sold for J. K. Featherstone of Strathville a lot of eight prize hogs at 50c a lb., a record on the Canadian market, and netting the breeder something like \$100 in cash.

Big Prizes for Lambs.

And there were just as big prizes for sheep and lambs shown by the fact that one firm, McDonald & Halligan, sold a bunch of 10 to C. E. Meggs of Paris, Ont., at 25c a lb., and another lot at 36c. McDonald's 7 Halligan sold 10 hogs, weighing around 225 lbs. apiece, at \$4.50, and another bunch of 10 at \$4.75. These prices are all indicated in the accompanying sale list, but The World is only emphasizing the big prices paid.

Quinn & Hisey and George Rowntree (Squacale Farm), 15 steers, the champion dehorned lot, to the H. P. Kennedy, Limited, at 21c per lb., a splendid sale and well worth the money. Another sale by this firm was a heifer, 850 lbs., to the Swift-Canadian at 30c a lb.

Another heifer sold by the same firm, shown by W. P. Dodge & W. L. Swift-Canadian at 23 1/2c per lb.

They sold a heifer for E. R. Nightingale of Craigvale at 21c.

# RECOVERY FOLLOWS IN GRAIN MARKET

## Traders, Wary of Government Crop Report, Even Up Trades.

Chicago, Dec. 12.—Anxiety to even up trades so as to avoid any price rise in the government crop report called the corn market today from bearish effects of disturbed financial conditions. The close, however, was unsettled, ranging from 3/8 net decline to a like advance, January at \$1.35 to \$1.34 and May at \$1.32 to \$1.32 1/2. # ON CHICAGO MARKET

Hughes, Harcourt & Co., 307 Royal Bank building, received the following wire from the close of the Chicago market yesterday: Corn opened lower, with considerable selling by locals, who were bearish on the larger receipts and demoralized condition of foreign exchange rates. On the break, however, the commission houses absorbed the offerings, and when shorts tried to cover, the market advanced to over yesterday's closing prices. The market again proved today that overconfidence of short sellers on breaks will result in an oversold condition, and that such declines prove temporary.

**Books A Man Reads**

Today, intelligent men are reaching out for good reading. Life is so strenuous they demand the best. Simpson's sets forth here some of the recent works a man would enjoy.

**The Best From England**

Critics are wondering where Archibald Marshall gets a skill—"absent from English Literature since Trollope's death." There is an irresistible charm in his novels. Read "Sir Harry" ..... 1.75

**The Evolution of a Man**

People who fatalistically believe that "climbing" in character and success is not practical, should read "The Undeclared"—J. C. Snaith, \$1.60, written by a man who has climbed to writing fame through simple human stories.

**Something Happened**

It is current among book reviewers that something unusual has turned the ideas of Jerome K. Jerome to serious themes. The humorous vein is not obvious in "All Roads Lead to Calvary," \$1.75. Quite an excellent story by an artist.

**Far Away Stories**

These are told by Wm. J. Locke, who has delighted you so often with his whimsical and lovable characters. This book (\$1.50) provides a sequel to an old romance, and holds sunshine and tears.

**Canadian!**

It is gratifying to see Canadian writers making fame in the writing of novels. "The Touch of Abner," by H. A. Cody (\$1.50) is a pleasing sprightly story that will appeal to thousands who know community conditions.

**Idealism Clashing With Duty**

The story of the battle in a young girl's soul between duty to her family and love for an idealistic youth, charmingly told in "The World of Wonderful Reality," by E. Temple Thurston, \$1.75. A splendid book.

**Use a Transfer Card**

Have your first sale put on a transfer card. This means you give your name and address only once and pay for all your purchases at the one time.

**The Shirt's the Thing**

The young man doesn't talk much about Christmas presents, but he believes in them all the same, and has a particular liking for a nice shirt if he would confess to you. A necessity, and yet a vanity.

For shirt quality and reasonable price, you will find the best selection here.
