## CAN GEN. WHITE HOLD OUT? IS THE WIDE QUEST NOW.

**Boers Are Trying to Cut Off the Railway Between Ladysmith and Pietermaritzburg—Shells Still Being Sent From the Hills by the Boers.**

**How Col. Carlton's Column Suffered Before Falling Into the Hands of the Enemy—60 Killed and 240 Wounded—Is Buller's Army Mobilizing at De Aar, Cape Colony?—Fake News Printed in Europe.**

Further news has been received at the War Office from Gen. Sir Stewart White giving details of the loss of Lieut.-Col. Carlton's column on Monday. When the column was forced to surrender six officers had been killed and nine wounded. There were also 54 non-commissioned officers and men killed and 231 wounded. The list of the officers killed and wounded has been forwarded to the War Office.

The report comes from Rome that Portugal will permit the landing of British troops at Delagoa Bay. This coincides with the opinion that the British invasion of the Transvaal will be made from that point.

Another despatch says that extensive preparations are in progress at De Aar, Cape Colony, for the concentration of General Buller's army.

The bombardment of Ladysmith is still going on. The Boers are back in their old positions, and have remounted big guns. Little damage has been done since the engagement of Monday. The question is: Can Gen. White hold out for ten days, even if the railway to Pietermaritzburg is cut by the Boers?

Some startling stories have been circulated in Europe regarding alleged Boer victories at Ladysmith. One despatch says that the Boers have taken Gen. White's headquarters. Lord Lansdowne stated that these stories were utterly baseless.

**60 KILLED, 240 WOUNDED.**

**What Gen. White's Unsuccessful Plan Cost Great Britain at Ladysmith on Monday.**

London, Nov. 3.—Gen. Sir Stewart White has called the War Office to the attention of the engagement at Farquhar's farm, near Ladysmith, on Oct. 30, when Lieut.-Col. Carlton's column was compelled to surrender. Six officers were killed and nine wounded. Among the non-commissioned officers and men the casualties were 54 killed and 231 wounded. Gen. White promises a list of the missing later.

At 12.40 a.m. the War Office issued the text of the despatch which is dated Ladysmith, Nov. 2, 10 a.m., giving the list of casualties among the officers which is as follows:

**ROYAL ARTILLERY.**  
KILLED—Lieut. J. T. McDougal, Lieut.-Major John Hawkins, slightly wounded, Lieut. Harold Betcher, severely.

**KING'S ROYAL RIFLES.**  
KILLED—Major W. T. Myers, Lieut. H. S. Marsden and Lieut. T. L. Forster. WOUNDED—Major Henry E. Buchanan-Riddell and Lieut. H. C. Johnson, both severely.

**ROYAL IRISH FUSILIERS.**  
WOUNDED—Captain G. B. H. Rice and Captain W. B. Silver, both severely.

**GLOUCESTERSHIRE.**  
WOUNDED—Capt. S. Wheeler, Capt. R. O. Fyfe and Capt. F. S. Stuyver, all severely.

**NATAL MOUNTED RIFLES.**  
KILLED—Lieut. William Chapman.

**MEDICAL CORPS.**  
KILLED—Major Edward Gray.

The list of the names of the non-commissioned officers and men killed and wounded is promised to-morrow.

## FIRST INDEPENDENT STORY Of the Cutting Off of Carlton's Column Sent to the London Daily Mail.

London, Nov. 3.—The Daily News has a despatch this morning from Ladysmith, dated Tuesday, 10.30 a.m., which gives the first independent account of the cutting off of Lieut.-Col. Carlton's column in the engagement at Farquhar's farm. The correspondent says: "The column was sent out on Sunday night, made a wide detour, and reached the spur of the Drakenberg before dawn. Col. Carlton stormed the heights with the battery, and maintained his position against great odds until his ammunition was exhausted and surrender had become inevitable. Nearly 200 had then been killed and wounded."

**LORD LANSDOWNE SPEAKS.**  
Secretary of State for War Speaks on the Attitude of the Colonies in This Crisis.

London, Nov. 2.—The Marquis of Lansdowne, Secretary of State for War, was the chief speaker at the House of Commons this evening, the function being discharged by the usual distinguished assemblage. Replying to the toast to Her Majesty's Ministers, he went over the usual ground in explaining the cause of the war, and defended the heights of the Drakenberg, which were not the result of the Boer ultimatum followed by the military preparations which were not the result of the negotiations. He said: "The diplomatic messages went by wire, the reinforcements by ship. Moreover, in order to keep abreast, the army and navy would have had to commit most provocative and threatening acts. The Boer ultimatum followed British mobilization and Great Britain had mobilized earlier the ultimatum would have been earlier."

**Enemy Had the Advantage.**  
Lord Lansdowne explained the promptness of the mobilization, which had enabled the cavalry regiments, ten batteries and thirty battalions to get away on the sea. During the earlier operations the enemy, he went on to say, had great superiority of numbers, and the advantage of a choice of ground. This phase of the situation, he hoped, was approaching its conclusion, for in less than a week, the first instalment of the Boers' forces would arrive at Cape Town, to be followed at a steady rate by the remainder.

**No Anxiety as to Result.**  
"I do not think," continued the Secretary of State for War, "that there need be any anxiety regarding the result. There has been nothing in history to compare with the patriotism of our colonies, who will take no denial, their attitude will impress upon the civilized world two great truths:—

"First—That Great Britain is not an empty phrase; and second—That such a large measure of voluntary support would not have been accorded unless we were fighting in a just cause."

In conclusion, Lord Lansdowne expressed, on behalf of the Government, "profound admiration for the heroism of our troops, who have achieved the reputation of the British soldier in South Africa—a great gain, which, to my mind, outweighs the heavy losses we have sustained and outweighs even the sad disaster which has occurred to an accidental cause."

**Lord Charles Bessford.**  
Rear Admiral Lord Charles Bessford, replying to the toast to "The Imperial Forces," praised the transport arrangements. Referring to the surrender of the Irish Fusiliers and the Gloucestershire Regiment after their ammunition was exhausted, he said it was an honorable surrender. He expressed the opinion that the Government was not sending men enough to South Africa in view of the probability that the Cape Dutch would join the Boers. Discussing the general question of military armament, he observed that there were only two really patriotic nations in the

## FAKE NEWS FROM NATAL. Extraordinary Despatch From Cape Town Which Has Been Disproved.

The morning papers are divided in opinion as to whether Sir George Stewart White's latest list of casualties includes the losses of Lieut.-Col. Carlton's column before the surrender. The preponderance of opinion inclines that they are not included, since, if they were, Gen. White would probably have mentioned the fact.

**PRINCE RANJI PROTESTS.**  
Wants to Know Why Charges Were Not Made Before He Left.

London, Nov. 3.—Prince Ranjitsingh, the famous Indian cricketer, writes to The Times, protesting against the Metropolitan Police charge of disloyalty brought against himself and the other members of his team. The charges, he says, were caused solely by ill-timed and unjust charges, which he declares are without foundation, were not made before he left America.

## THE FRENCH PASSED OVER DAVIS, ANDERSON AND THE MOLSONS BANK ROBBERY

Yesterday's Proceedings in the Assize Court at Winnipeg Were Prolific of Sensations—The Detective's Career in Chicago Alleged to Have Been Not Real Good.

Winnipeg, Nov. 2.—(Special.)—The sensation of the Molsons Bank robbery case was sprung this afternoon, when Davis, the young man who played detective on the accused, Anderson, was placed in the box. Davis swore that the money was hid, Anderson demurred to showing the spot, as he believed the bank still had detectives on the case. Witness then told Anderson to go to work at McClary's as usual on Saturday evening, stay there after turning out the gas till about midnight or 1 a.m., and then they could go to the spot, near Louise Bridge, by a roundabout way.

**Davis Bought a Shovel.**  
Witness bought a shovel in a second-hand store and, as agreed between them, on the night of the robbery he struck the fence twice, and Anderson came forward. Being afraid that someone might follow them, they hid in the bushes till daylight. Anderson took the shovel and hid it in the spot where the \$22,000 was hid. Witness said Anderson at first said Galt, an employee of the bank, had stolen the money. Anderson was disguised as a tramp the night of the escape, and the clothes were produced and identified. On the Sunday following Anderson confessed that Galt was not the man who robbed the bank, but he (Anderson) had done so. He had heard that Galt was dead, thus it might be blamed on Galt and he could not prove his innocence.

**\$2000 Which He Forgot.**  
Davis here related that Anderson had told him he had hired a rig on the night of the robbery. He kept the \$2,000 in his room and he was terribly excited and forgot about the valise, so he dug another and put into it the \$2,000 which he had hidden in the tree where he hid the horse, and got into the rig. He kept the \$2,000 in his room all Saturday night, in consequence of rain, and did not bury it till Sunday. The valise was produced in court and Davis swore that it was identical with the one he pulled out of the ground. The money was returned to the Molsons Bank. The \$2000 was never found.

Sensation followed sensation for the next hour and a half in the crowded court room, amid peals of laughter and murmurs of disbelief.

**Hazel Bakes Davis.**  
Mr. Hazel, counsel for the prisoner, took

## THE FRENCH SAVED THE LIBERALS Yet They Were Thrown Overboard Just as Soon as the Elections Were Over.

Montreal, Nov. 2.—(Special.)—La Presse, whose daily and weekly circulation reached last week no less than 429,495 copies, has a leading article to-day, headed, "The Ross Government and the French-Canadian." "For the first time since Confederation," says La Presse, "the Irish have two seats in the Government and they have, as in the past, thrown overboard those who have kept the Government in power at the two last general elections the Irish vote was equally divided, while the French electors don't save the existence of the Ontario Government."

**Mad Thrown Overboard.**  
After referring to Mr. J. J. Fox, Q.C., as a distinguished Irishman, who was sent to combat the Hardy Government, La Presse goes on to say that "in Ontario, in spite of their fidelity to Sir Oliver Mowat and Mr. Hardy, the Irish party has constantly and systematically thrown the French-Canadian overboard as soon as the elections were over. Not only have the Irish of the Ontario Government always rejected the claims of the French-Canadian but they have ostracized them, not even permitting them to aspire to Cabinet representation. In other words the Ontario Liberals do not recognize that the French-Canadian have any voice in the representation of the Ontario people. The Irish went outside the House to give a portfolio to Mr. Hartly and at the same time passed over the head of Hon. Mr. Ewart, who was the vestry of the Catholic representative of the Legislature."

**Another Insight.**  
"To-day the Ross Government has thrown another insult in the face of the French-Canadian, by the appointment of the Government in the county of Russell at the last general election. Not only has the Ross Government, like its predecessors, thrown aside Mr. Ewart's right of seniority but it has gone further with the insult by taking in two Irish Catholics, one of whom was quite a stranger to public life and did not even have a seat in the House."

**Ewart Must Be Speaker.**  
La Presse says that Mr. Ewart's entry into the Ross Government would have no more than rendered justice to the element he represents. He adds that the French-Canadian are seeking to get over the wrong committed by the Ross Government under Mr. Ewart's leadership, and that they are in the present mood of mind to support any Irish-Canadian who would be Speaker of the Legislature."

## FOOL STORY ABOUT CRESCENT. Report in New York That the Flagship Had Been Blown Up—S.S. Daniel Ashore.

Hull, Nov. 2.—A story published in New York to-day, stating that an attempt was made last night to blow up Admiral Sir J. Bedford's flagship Crescent of the British navy, is absolutely without foundation.

The officers of the ship deny it in the most emphatic terms.

**Big Steamer in Trouble.**  
A special from White Head says: The steamer Daniel, before reported ashore at Mosquito Bay, is said to be in a good position and may be got off. There is six feet of water in her hold. She is six feet of water on the starboard side. The depth of water on the starboard side is thirty feet. It was twenty minutes after 12 o'clock that the ship was sighted. The weather was very thick, with strong southwest wind and heavy sea. It is the general opinion here that had the ship struck on one of the outer ledges or rocks not a soul would have been saved to tell the tale. The wind changed from easterly to southwest this morning, and has been blowing a strong breeze all day from the quarter, which will cause the water to become smooth. The Daniel is a ship of over two thousand tons, and has a crew of twenty-five crew members.

## WILL BE THERE TO LOOK AFTER AMERICAN INTERESTS DURING THE WAR.

**SCHLEY WILL COMMAND.**  
The Attitude of the United States Towards Great Britain is Again Considered.

**BLOOD IS THICKER THAN WATER**  
And This Axiom Will Prevail if There is Any Continental Attempt at Interference.

Washington, Nov. 2.—(Special.)—There is no longer any doubt that Rear Admiral Schley will, upon taking command of the South Atlantic squadron on the 14th inst., be directed to proceed immediately to South African waters. Any official intimation of this intention on the part of the Government is cordially welcomed by the State Department and Navy Department officials. It is learned, however, that this intimation will probably be broken as soon as the elections that take place in several states next week are over. For the present the administration does not wish to announce its intention to send a fleet to South African waters for fear that an advance intimation would be had on the elections.

**To Protect U. S. Interests.**  
The impression in administration circles is that more would be gained than lost by letting it become known that the United States proposes to make any demonstration at the scene of the disturbances between the British and the Boers. For it has been semi-officially announced that President McKinley does not wish to interfere in any way in the international difficulty between the British and the Boers. It is certain, despite this announcement, that steps will be taken to protect American interests in the Transvaal, and it does not mean that the United States will take part in any European scheme of mediation or forcible intervention.

**Attitude of the U. S.**  
The real attitude of the Washington administration at present is not clear. The United States must remain perfectly neutral as long as conditions remain as they are. A demonstration of any kind must be made so long as American citizens in American interests are not in jeopardy. However, it is so grave that the United States would not be following the Transvaal, and it is so grave that the United States would not be following the Transvaal, and it is so grave that the United States would not be following the Transvaal.

**Blood Thicker Than Water.**  
While the attitude of the United States regards the British and the Boers is one of strict neutrality, there is no doubt among those who are interested in this country in as large a degree as America had England's support during the Spanish war of 1898. The United States became so serious, additional importance has attached to this re-organization.

**Seven or Eight Months.**  
At least two or three months more than was originally intended will be assigned to Admiral Schley's squadron and his command will probably consist of at least six or seven very serviceable ships. It is uncertain whether Admiral Schley will be ordered to the Texas will be granted, the demands of the Asiatic station, on account of the war in the Philippines are so great that it is possible that the Texas will have to go out of commission in order that her services be despatched to the Philippines to all vacancies in the American fleet and Spanish vessels of the patrol service captured from the Spanish fleet from the Philippines.

**Not a Surprise.**  
The decision to dispatch the South Atlantic squadron to South Africa has not been regarded with surprise in Washington. The administration has from the first recognized of war in that part of the world, taken the greatest interest in the situation, and this was plainly shown several months ago, when Rear Admiral Howland was instructed to go there and make such observations for the information of his Government.

HAWKWOOD GADGETS FOR THE COLLEGIATE

The Internal Management Committee of the Board of Education Approve the Idea, BUT CAN'T STAND THE EXPENSE.

Police Must Pay for Their Instruction-Canadian Club Dinner. Hamilton, Nov. 2.—(Special).—At a meeting of the Internal Management Committee of the Board of Education this evening a sub-committee was appointed to consider the advisability of forming a cadet corps in connection with the Collegiate Institute. The suggestion was made by Drill-Instructor Parkhill, and the members expressed themselves in favor of it, but were afraid they could not stand the expense, \$425, this year. The request of Dean Forner that Latin be taught in the Public schools was refused. It was decided to purchase a new typewriter for the Central school, the cost to be \$30. Police Commissioners. The Police Commissioners met this afternoon, but transacted very little business. Special Officers' hours on Saturday were reduced for the winter months. He will be on duty in the day from 4 a.m. to 1 p.m. The secretary of the Y.M.C.A. wrote offering the Board a cut-rate for physical instruction in the Police. The letter was returned to the "bobbies," who must pay their own expenses. Canadian Club Dinner. The Canadian Club, this evening began a series of public dinners, at which the board of directors of the club will be brought in to address the members. At this evening's dinner, which was held in the Royal Hotel, the theme was newspapers and newspaper men. The address was largely attended, and successful in every way. Kirwan Martin, president of the club, was in the chair, and C. B. McDevitt, vice-president, presided. A number of newspaper men of Toronto and Hamilton were the guests of the club, and they imparted to their hosts much information that was both interesting and novel. The speeches were bright and well delivered, and highly applauded was frequent. The toast of "The Queen and Canada" was then proposed, and replies were made by the newspaper men. THE SLOVAC MINERS' STRIKE

A Crisis Has Been Reached, Owing to Importation of Italians from Coast States. SANDON PEOPLE ARE INDIGNANT.

Will Appeal to Both Governments and Demand Enforcement of Alien Labor Law. Vancouver, Nov. 2.—W. L. Hagler, secretary of the Sandom Miners' Union, has sent the following telegram to the local press: The strike in the Slovac country has reached a crisis, and the Silver Lead Mine Owners' Association has commenced importing Italian laborers from the Pacific coast States. The first consignment arrived today for the Payne mine from Seattle, being sent in under contract by a Seattle employment agency to the Silver Lead Mine Owners' Association.

The citizens of Sandom and members of the Miners' Union of Slocan are very indignant, and will take steps to have the alien labor law enforced. Sir Wilfrid Laurier and Hewitt-Bostock, M.P., for the Yale-Cariboo, will be appealed to. The British Columbian Ministry will also be asked to operate in enforcing the enforcement of the law. No disturbance is looked for, but the miners make frequent mention of the belief that the imported laborers are brought in for the purpose of inciting them to violence.

ROYAL GRENADIERS INSPECTED.

A Note From General Hutton Concerning the Soldierly Appearance of the Contingent. The Royal Grenadiers were given their annual inspection at the moments last night. The regiment turned out 455 strong, with all the officers present. Major Young, acting D.O.C., examined the regiment in company drill and in manual and firing exercises. A week from next Thursday will inspect the regiment in battalion drill. The presentation of prizes won at the rifle matches held at Long Branch will also take place this night. The lecture in the Grand Hall next Thursday night, there will be no parade of the Royal Grenadiers. The regimental orders of the Grenadiers, issued last night, contains the following: "Convey to your district that His Excellency has been pleased to express his cordial satisfaction at the soldierly appearance and discipline at embarkation of our contingents of the Grenadiers and the Special Service Battalion of the R.C.M.I. yesterday. Express my congratulations to all concerned in the successful event in Canadian military history." The orders state that 12 new men have been taken on one strength of the regiment, and 9 given their discharge. The recruits will be inspected tonight.

A FILIPINO PROCLAMATION

Aginaldo Expects the United States Congress to Take Action Regarding the "Bloody War." Americans Hold Hells, But the Insurgents Are Digging Trenches Outside the Lines. Manila, Nov. 2.—Aginaldo has issued a proclamation announcing that the American Congress meet in December to decide whether "The Imperialist policy" and "this bloody war" are to be continued. He exhorts his soldiers to conduct themselves so that Congress will consider the worth of independence and request the priests to abstain from politics and to redeem the church from the bad name the misdeeds of the friars have given it. A crisis in the Filipino Cabinet is predicted by the Philippine press. The resignation of Paterno and Buencamino. The Filipino leaders who have lost the confidence of the people are expected to resign. Some Filipinos who attempted to come to Manila with the Spanish commission received a message from Aginaldo, who said they should remain with him. The party included five Filipino canon. For a long time past they have been building trenches between the two lines, who was assassinated by the guard of Aginaldo's house, with his family and the Filipino Secretary of the Treasury's family. The families returned to Tarlac.

FOR CHRISTIAN UNITY.

Canadian Society Discussed the Matter Yesterday—Too Many Narrow-Minded Men in Churches. There are too many narrow-minded men in the churches of Canada was the opinion of Rev. R. P. Howles of the Metropolitan Church, who held their annual conference in St. James Hall yesterday, and the bickering of the churches is a serious matter. He said more harm spiritually than their preaching in the churches did good. What was needed was more liberal-minded preachers. The excellent addresses given by Rev. Herbert Spence, Rev. R. P. Howles, Rev. W. H. Lucas on "Obstacles to Christian Unity" and Rev. Dr. Macdonald on "Canada as a Field for Unity," yesterday afternoon, all dealt with the loss of good fellowship between the churches. It was shown that there were enough Christians in Canada to do all the work in Canada, but on account of their narrow-mindedness, the work of God was getting ahead of it, often in a small way. Three ministers would be seen, who were to be seen in the evening. In the evening Hon. G. W. Ross, M.P., for the Ontario, Rev. R. P. Howles of the Metropolitan Church, New York, gave addresses. Rev. Dr. Chown of Toronto was elected president for the coming year.

ACTIVITY AT ESQUIMAULT.

Special Instructions Received From the Government to Have Warships in Proper Shape. Vancouver, B.C., Nov. 2.—(G.N.W. dispatch).—Great Britain is displaying the same activity at her North Pacific station as she is doing elsewhere. "Special instructions" are said to have reached the officials at Esquimault. It is stated that H.M.S. Arctura, which was to have returned to the station on Nov. 1, has been ordered in. All the warships in the station are to be put on a war footing. The warships are to be ready to receive the enemy, and are to be taking their turn at the dry dock for a cleaning.

INJURIES WERE FATAL.

Mr. John Tanton of London Succumbed to Injuries Suffered About Twenty-Four Hours. London, Nov. 2.—Mr. John Tanton of the firm of Tanton, Adams & Tanton, flour and feed merchants, died at his home in Piccadilly street at a late hour tonight. Mr. Tanton's horse took fright and ran away from him, and he fell from the West-ern Hotel on Richmond street, the sudden jolt throwing Mr. Tanton over the horse's head, a distance of over 20 feet. He struck his head first against the edge of the flagstone walk and was rendered unconscious.

MAUD BANKS BOOKED HERE.

Miss Maud Banks, a young actress who within the past few years has come rapidly to the front, and who will one day, her admirers believe, occupy a position at the head of the theatrical players in this continent, will be seen in this city for the first time next week. Miss Banks, although not yet old enough to have a vast amount of experience, has distinguished herself in the past seasons as a New York favorite, and has had the principal roles in several of the latest dramatic productions of the metropolis. She was brought most prominently before the public by her performance in the play "The D'Arriagnan" in the league's production of the Broadway Theatre, New York, with east entirely composed of feminine players. Miss Banks gained a great deal of fame because of her dramatic interpretation of the part, and when Owen Davis wrote his great play, "Through the Breakers," the young actress was asked to take the leading part in it. In this new role of Maud Banks, she is to be seen next week at the Toronto Opera House.

Grand Opera House.

Patrons of the paragon will admire a strong play presented by a powerful company will undoubtedly enjoy witnessing the production of "The Broken Heart" which will be seen here at the Grand Opera House next Tuesday and Wednesday evenings. The play is a masterpiece of the pen of the great dramatist, and is one of the great plays of the period. It is not a play of the western border, as people are apt to think, but a play of the east. It is a story of a young man and a young woman, who are in love, and who are separated by a cruel fate. HOW "JACK TARS" SHOOT.

The Gunners Are Skilled Men From the Schools at Portsmouth and Devonport. Editor World: Regarding the splendid gun practice made by the blue jackets at Lady Smith, kindly allow me to make a few remarks. The gunners of the British Army are skilled men from the gunnery schools of Portsmouth and Devonport. They are trained in the art of gunnery from a very young age, and are highly skilled in their profession. They are the pride of the British Army, and are highly respected by their fellow soldiers.

WHO SIGNED THE CHEQUE?

R. N. Gooch's Name Was on It, But It Is Traced to Another. On Oct. 7 last a cheque for \$25, payable to the order of the Imperial Bank, and, although the signature was clumsily executed, the money was paid out. When Mr. Gooch detected the cheque, the cheque was handed in at the Queen and Yonge street branch of the same bank by a small boy, who said he was sent to have it cashed. Payment was refused and an officer was called up from Police Headquarters. The boy told by whom he was sent, and as a result, Alfred George Smith of 277 Elm street was taken into custody by Detective Davis. The prisoner at one time was in the employ of Mr. Gooch. Smith only last week assisted his father to do some cashing at the Agnes-street station.

ARE THESE THE MISSING RINGS?

Two Boys From Toronto Arrested in Chicago Possessing Valuable Diamonds. Several telegrams passed last night between the local police and the authorities of Chicago respecting the arrest in the American city of two Toronto lads, who were captured with a quantity of diamonds in their possession. The prisoners are Alfred Nolan and William Schmidt and are at present held simply on a charge of vagrancy. It is known that they left this city on Sunday night last, but as yet the local police have not connected them with any robbery in this city, although they suspect that the valuables found on the men are stolen from Mrs. Cox, wife of Mr. Fred Cox of the Imperial Life Insurance Company. The extensive theft of the Cox diamonds took place on the morning of Aug. 22 last. Mrs. Cox was summing up at her hotel in the city, and during the time of her absence from her room the rings and the valuable settings disappeared. The local detective force put forth every effort to recover the costly articles and sent out all the big centres a circular giving a description of each ring. A reward of \$200 was also offered by Mr. Cox for the return of the glittering circles. The rings, including the diamonds stolen, were valued at \$500.

A MORAL OBLIGATION.

LIFE INSURANCE is a paramount duty. When a man lies dangerously ill, he thought that he has left his wife and family unprotected for a depressing effect and seriously lessens his chances of recovery.

On the other hand, the remembrance that he has provided against this contingency by taking a policy in the Manufacturers' Life greatly increases his chances of convalescence and restoration to health.

Life is so uncertain, even to the strong, that no one who is insurable should neglect to take out a policy.

Health, Comfort and Happiness demand the performance of this duty.

It is a moral obligation.

We will be pleased to provide you with rates and full particulars. A post card giving your name and address will bring them.

SUSPECTED GRAIN THIEF

Captured After a Hot Chase and Revolver Shots, and Landed in Brantford Jail.

FLEEING SUSPECT WAS HIT ONCE

He Was Pretty Clever, But Constable Shaver Was Clever Enough to Catch Him.

Brantford, Nov. 2.—Wallace Slaght, a small farmer who lives in Teeterville, was arrested yesterday for theft by Constable W. H. Shaver and Mr. Joseph Silveira, after a desperate fight, in which revolvers were freely used.

A few days ago it was reported that a man who had been suspected of stealing grain had escaped from Fairfield. The man visited the premises of Mr. John Shillington, who lives near Fairfield, and had evidently come prepared to take away a big load of grain, for he brought a wagon and a team of horses. While he was at this work, however, he was discovered by Mr. Shillington, who gave the alarm. A chase followed, but the thief mounted the back of one of the horses, and, taking the other horses, galloped away.

The thief was evidently afraid that his appearance at his home riding the horses would lead to detection, and he accordingly left them a short distance from Teeterville, and sent them on across the country. The animals went to their barn and Slaght made his appearance in the village shortly after.

Acted Like a Desperado. Slaght's actions, as soon as he learned the mission of Mr. Shaver, were those of a desperado. He dashed the horses with the whip, and, drawing a revolver from his pocket, commenced firing at the two men. Shaver was not behind in getting out his weapon and an exciting fusillade followed. The horses attached to Slaght's wagon ran away after seven or eight shots had been fired. Slaght jumped from the wagon and ran for the woods, which were close at hand. He was closely followed by the constable and an exciting fusillade followed.

Caught in a Pig Pen. Slaght evidently fled the gangs, however, until he had crossed three concessions. Then he found that he was surrounded and he took refuge in a hog-pen. The pursuers came up in a very short time and found the man concealed there. He turned no resistance, and was brought to the jail here yesterday afternoon. While he was running he threw away a revolver and a knife, and these could not be found afterwards. A search was made for them. Slaght has a wife and a family of small children in Teeterville.

UNCLE SAM'S FINANCES

The Money Bags Are Well Filled and the Debt Decreased Slightly.

Washington, Nov. 2.—The debt statement issued yesterday by the Treasury Department shows that in October the debt of the United States decreased \$2,276,133. The interest-bearing debt increased \$170; the debt on which interest had ceased decreased \$500; the debt bearing no interest decreased \$515,411, while the cash in the Treasury increased \$1,885,427.

The debt on Oct. 31 stood: Interest-bearing debt, \$1,046,049,020; debt on which interest had ceased, \$1,210,030; bearing no interest, \$38,762,000.

Total, \$2,294,841,050. The cash in the Treasury is up on the following items: Gold, \$21,210,000; silver, \$49,400,000; paper, \$9,885,000; other cash, \$88,000,000; total, \$100,375,000. Gold certificates, \$102,458,110; silver certificates, \$40,000,000; interest on deposits, \$31,650,000; treasury notes of 1890, \$40,825,250; other liabilities, \$49,000,000.

The balance in the Treasury, including \$160,000,000 gold reserve, amounted to \$282,321,000. The Treasury surplus of about \$3,000,000 for the first quarter of the current fiscal year was more than doubled during October, the surplus for the four months ending Oct. 31 was \$7,040,012.

Although uncertain on account of military establishments, it will be unusually heavy during the next few weeks, the Treasury officials believe that the surplus as it stands at present will not be entirely wiped out.

The receipts of the Government in October were very heavy, being \$47,003,088 from all sources, as against \$39,830,000 in October of last year. The disbursements were \$44,174,028, the surplus for the month being \$3,829,060. In October of last year the disbursements were \$43,992,276, a deficit of about \$14,000,000 resulting.

The receipts during the last month from the several sources were as follows: Customs, \$18,070,000; interest, revenue, \$26,455,433; miscellaneous, \$2,270,335; the expenditures on account of the War Department amounted last month to \$12,471,305.

Their Winter Overcoats. A silvering policeman threw out a hint to Sgt. Hales at the Court-street station, hearing that there was a chance of getting near their overcoats. Little did he think his few words would put the officers in mind that it was the last of November, but it did, and this policeman is now receiving the thanks of his many comrades on the night relief. The order allowing the day by Chief Griest and the good news went the rounds of the seven divisions so quick that the constables paraded last night comfortably clad, although it was not expected that the order would go into effect till to-day.

Germany in Samoa. Berlin, Nov. 2.—The Vossische Zeitung says: "We learn from a well-informed source that the Samoan negotiations for a definite settlement are drawing to a close. Germany has made strenuous efforts to secure the main island, but the hopes of success are very slight."

Germany must learn to reconcile themselves to the idea that it is impossible to keep Samoa. The Dutch residents of the Gilbert and Solomon Islands in compensation, the whole Micronesian group, except Guam, will be given to the British. The Guinea protectorate by the addition of this group would become a valuable possession, which could not be exchanged for Samoa.

Another Loyal Britisher. Kingston, Nov. 2.—H. S. Munro, 1476 Lexington-avenue, New York, formerly sergeant of the 5th Field Battery, Kingston, hearing that there was a chance of another contingent going out to the Transvaal, volunteered for the front. He has been written to by Captain Corbett, offering his services.

CAN GEN. WHITE HOLD OUT? IS THE WHOLE QUESTION NOW

will be formed at Portsmouth, consisting of experienced men for inland service in South Africa.

WHERE GERMANY MUST STAY.

Cannot Pluck Chestnuts Out of Great Britain's Fire for Other People.

Berlin, Nov. 2.—The Vossische Zeitung publishes an appeal signed by the commander of the German corps in the Transvaal, calling upon Germans to contribute to the support of the families of "Those German volunteers who have taken up arms in a just cause."

The Hamburgische correspondent in the course of a semi-official article, which many a conflict with Great Britain, says: "Germany is not going to pluck chestnuts for other people out of Great Britain's fire. Such a policy would drive Germany so closely into the arms of Russia that she would hardly be able to breathe."

HOWARD VINCENT'S OFFER

Against the Regulations to Send Volunteers Abroad or Enlist Them for Less Than 2 Years.

London, Nov. 2.—Mr. George Wyndham, Parliamentary Under Secretary of State for War, has replied to Col. Sir Charles Howard Vincent's offer of 1000 volunteers as marksmen for South Africa, that it would be against the regulations to send volunteers abroad, or to enlist them for a shorter period than three years. He adds, however, an assurance, that in the event of a crisis requiring a large increase of the home garrison, of which, at present there is no sign, the volunteers will be used and enlistments will be permitted for a short term.

The Fleet at Gibraltar

Gibraltar, Nov. 2.—The British channel fleet, comprising eight line-of-battle ships and two cruisers, arrived in Gibraltar Bay to-day and is awaiting orders. The cruisers Arrogant and Furious have been detailed to cruise in the Atlantic Ocean.

Russian Papers Hostile

Moscow, Russia, Nov. 2.—The tone of Russian press comment on the Transvaal war is increasingly hostile to England. The papers whose sympathies are most strongly on the side of the Boers are even insulting in their references to Great Britain.

BLUE JACKETS WERE LATE

If They Had Been Summoned Sooner the Result Would Have Been Different.

London, Nov. 2.—A despatch to The Daily Telegraph from Ladysmith, filed Monday night, giving a description of the battle, says: "A similar mistake occurred to Lieut. Col. Grimwood's column on the Bulwan side. The ammunition was lost, but our infantry quite held their own. It was a serious misfortune that the powerful blue jackets were not summoned sooner, as the result of their engagement would have been different."

BOERS USED THE DOCTOR WELL

Was Hunting for a Body When They Discovered Him and Treated Him Kindly.

London, Nov. 2.—The correspondent of The Daily News at Ladysmith, telegraphing Tuesday, says: "Dr. Ilorabrook, while searching for the body of Lieut. Clapham, on Umbulwana Hill, which was in possession of the enemy, met many Boers. On stating the object of his quest, he was kindly received. The consensus of opinion among the Boers, he thinks, is that they are sick of fighting and would like to throw up the sponge. They said their loss yesterday was heavy and due chiefly to our artillery fire."

870 British Prisoners.

London, Nov. 2.—A special despatch from Ladysmith says 20 British dead and 100 wounded have been counted since the Boers crossed the Tlokoeng, while 870 prisoners were sent to Pretoria.

Captured by the Boers.

London, Nov. 2.—Another list of casualties at Dundee is occupying parts of the Daily News. It gives 82 non-commissioned officers and men of the Dublin Fusiliers missing, including the Boers captured as many Fusiliers as they did Hussars.

Boers in Zululand.

Pietermaritzburg, Nov. 2.—It is reported that the Boers are occupying parts of Zululand, and that they have taken 10,000, 50 miles from Greytown.

Another Hospital Ship.

London, Nov. 2.—The Princess of Wales has agreed to donate the Red Cross Society a considerable sum of money—the balance of a fund collected at the time of the South African war. The ship, consisting of a hospital ship to be designated by the Committee of the Princess of Wales, Lady Wontage and the Marchioness of Lansdowne. The committee is making arrangements to secure the steamer, the Midway Sun, which will be reserved for the Princess of Wales. Her Royal Highness will personally contribute £1000 towards the equipment.

British Warship Fires.

Lisbon, Nov. 2.—News has reached here that a British warship in Delagoa Bay fired on a sailing ship. The vessel fired the harbor without having displayed a flag. The vessel proved to be British, but there is some question here as to the right of Great Britain to do police duty in a Portuguese port.

MAY BE A DUTCH RISING.

Half the Dutch in Bechuanaland and Griqualand May Join the Boers, Says Mr. Harmsworth.

Hope Town, Cape Colony, Nov. 2.—Magistrate Harmsworth has arrived from Klipdam, and reports that there are six thousand Dutch in Bechuanaland, and that all the roads are strictly patrolled. He says the Boers are strong enough to Kimberley to see the searchlights, and was informed that the defenders of Kimberley were so tired with activity and hoped that a relieving force would soon arrive.

Stories of Boer veterans have spread rapidly along the western border, and Magistrate Harmsworth estimates that over half the Dutch residents of Bechuanaland and Griqualand will join the Boers after the declaration of annexation.

THE RAILWAY OF RHODES.

A Traveler Tells of a Trip by Rail From Buluwayo to Cape Town, Stopping at Mafeking en Route.

Big Game Shot From the Train—A Trip That Existing Circumstances Make Noteworthy.

On the ste of King Lobengula's kraal, in the heart of Bechuanaland, there stands to-day the newly built terminus of the Great South African Railway.

"It is a picturesque scene on the part of Cecil Rhodes, the builder of the very spot whence a few short years ago the savage king hurled defiance at Great Britain and the chartered company," said Lieut. Frank Edmond de Bevoise, who accompanied me on this trip to this part of the world. "The last trip I made to South Africa, before sailing for England, was from Buluwayo to Cape Town—all the way by rail. The journey was a mighty curious one in many respects. It began with, let us take Buluwayo itself. The name signifies 'The place to slaughter,' and it was just four years ago Lobengula's pet locality for executing his enemies and subjects. Nowadays the town is a thriving city of 10,000 inhabitants. It has a population of 3000 or 4000, and since the railway has arrived the place has become a busy center of the recent savage attack. The journey by rail from Buluwayo to Cape Town was made in three days, where formerly it took weeks and even months."

When the railway was first planned it was not intended to be a simple line, but a line of iron, and the railway was started from Kimberley, through what was then British Bechuanaland, to Buluwayo. The railway was built by the Cape Government, but the line was not completed until after the war. The railway was built by the Cape Government, but the line was not completed until after the war. PHILIPINOS CANNOT GOVERN

Until They Have Been Properly Educated Under the Suzerainty of the United States.

REPORT OF THE COMMISSION.

Intellectual Capacity is Good, But the Broadening Influence of Education is Necessary.

Washington, Nov. 2.—In accordance with the understanding reached at the conference at the White House yesterday, the Philippine Commission to-day submitted to the President the preliminary report which it had promised to prepare. The commission tells how it concluded the task entrusted to it, hearing statements from all classes of people in Manila as to the capacities of the Filipinos for self-government, and the habits and customs of the people, and also the establishment of municipal governments in many towns.

The report states: "The Filipinos are not a nation, but a variegated assemblage of tribes and peoples, and their loyalty is still of the tribal type."

Concerning their intellectual capacities, the commission says: "As to the general intellectual capacities of the Filipinos, the commission is disposed to rate them high, but, excepting in a limited number of persons, these capacities have not been developed by education. The masses of the people are uneducated. Their intelligence is not developed by education. Their intelligence is not developed by education."

"The most that can be expected of them as a nation, and under the administration of general affairs from Manila as a center, and to undertake, subject to American control or guidance (as may be found necessary), the administration of provincial and municipal affairs. In this way American sovereignty over the archipelago will prove a great political boon to the people."

"Should our power by any fatality be withdrawn, the commission believes the Philippines would speedily lapse into anarchy, which would excite, if not necessitate, the intervention of other powers, and the eventual division of the islands among them. Only through American occupation, therefore, is the idea of a free, self-governing and united Philippine Commonwealth a conceivable one."

"The commission gives a general view of the islands, their richness in agricultural and forest products, their mineral wealth and their commanding geographical position. It states that the Philippine Islands should soon become one of the great trade centres of the east."

"Out control means to the inhabitants of the Philippines internal peace and order, a guarantee against foreign aggression, and against the dismemberment of their country, commercial and political unity, and the language of a free, self-governing and united Philippine Commonwealth."

"From Vryburg to the Cape nothing of interest occurred, and I accomplished my journey in ninety-five hours without mishap or fatigue."

A CURE FOR ASTHMA. Asthma sufferers need no longer leave home and business in order to be cured. With a single inhalation of the medicine that will permanently cure Asthma and all diseases of the lungs and bronchial tubes. Having tested its wonderful curative power in thousands of cases (with a record of 90 per cent. permanent cure), and desiring to relieve human suffering, I will send free of charge to all sufferers from Asthma, Bronchitis, Catarrh, Croup, and Nervous Disorders, the medicine that will permanently cure Asthma and all diseases of the lungs and bronchial tubes. The language of a free, self-governing and united Philippine Commonwealth."

KING QUALITY SHOES FOR MEN.

We present to you to-day a cut of one of the latest fall styles in Men's Up-to-date Shoes. This Men's Shoe is made specially for us by the J. D. King Co., whose 30 years' experience in making Men's Shoes and the reputation their shoes have won make the King Quality Shoe pre-eminently the best Men's Shoe to buy. That's why we sell them and recommend them to you.

Kind of Leathers. We show this Men's Shoe, made from box calf, fine selected young calf skins, chrome tanned and willow calf; a light shade tan leather, also made from young calf skins.

Weight of Soles. The soles are heavy—two thicknesses oak tanned, which are sewn together by the Goodyear welt process, same as hand sewed, and we will sew free of charge any sole that rips.

Style of Toe. The style in Men's Shoes is much wider this fall, the coin and long narrow toes having entirely gone out. The Military Toe is a graceful, full toe, which allows each toe to lie in a natural position. In shape The Military Toe is the nearest to the natural foot of any style yet made.

Price \$3.50, in black or tan, with duck lining; \$4.00, in black box calf, with leather lining; \$5.00, in willow calf, tan shade, with calf lining, pearl shade, sizes 5 to 11, widths B, C, D and E.

Out-of-town Customers can order by mail and be fitted as well as if buying at our store by simply sending size and width required. We pay express charges to any point in Canada.

See Our Window Display of Men's Shoes. It may help you in making a selection and you're welcome to try on any shoe we have in stock whether you wish to buy or not.

The Woman's World...

Devoted Speciality to the Interests of our Women Readers.

Conducted by Katherine Leslie.

There is no limit to the meanness of some men in money matters, and there is equally no limit to the misery of women who are dependent on such men.

Some over her. Often we have looked at the quiet endurance written on the face of a woman who has patience under the yoke, her sweetness, but some women are like that—the more they are tried, the deeper the waters of humiliation through which they must wade.

Of a quieter, more seemingly class is the man who is mean to his wife. However much he is typical of his class, I happen to know, and it grieves me to record that he is a Canadian.

What is known as "mail order business" is growing by leaps and bounds, and as a consequence the question of cheap transmission of money from place to place is one of deep interest to the community, rich and poor alike.

Something which the housekeeper, and particularly the suburban housekeeper, should keep on hand is a supply of small macarons.

The money order issued by the associated banks to compete with the express companies is a very convenient one.

TRANSMISSION OF MONEY.

Enormous Growth of the Mail Order Business in Canada by the Postal System.

BANKS AND EXPRESS COMPANIES.

Money Transmitted Safely and Cheaply From Buyer to Seller—Up-to-Date System in Europe.

What is known as "mail order business" is growing by leaps and bounds, and as a consequence the question of cheap transmission of money from place to place is one of deep interest to the community, rich and poor alike.

Both postal note and money order are guaranteed by government, but the former is only on the case, and a delay of in some cases six months.

The postal note is rapidly gaining in favor, and is being paid, as the Toronto postoffice at 1000 a day.

By Bank. The money order issued by the associated banks to compete with the express companies is a very convenient one.

The directors of the Suspension and Interlocking Companies were successful in their suit with the Grand Trunk Railway for passes over the road under a trunk line.

FIGURES IN BASEBALL.

Nick Young's National League Statistics—Present Season's Record. Many a Shut-Out.

From President Young's mathematical history of the past baseball season the following random statistics are culled: The first table indicates that 347 players participated in games played by the twelve major league teams.

Arthur Irwin's Explanation.

Conservative and far-seeing management views on this erratic policy of shifting and experimenting with the pitching season, and the folly of such a method is seen in the disastrous tail-end finish of the Washington team.

The Number of Players.

The number of players, according to clubs and position in ball, participating in last pennant race:
