

Of Interest to Women

Maude Adams' New Play.

It is not only to a boy's character that Maude Adams returned to the Empire Theatre, New York, when she made her first bow as Chicot in John Raphael's translation of Miguel Zamacois' play, "The Jesters," but again she returns to an atmosphere as charming as a fairy tale, as dainty as an exquisite jewel, as fantastic and airy as a child's dream.

For the first time since she became a star under the management of Chas. Frohman, Miss Adams is supported in "The Jesters" by a permanent organization, known as the Maude Adams Company, some of the members of which are Frederick Eric, Gustav Adolf Seyffertz, William Levers, Edwin Holt and Madam Cotterly.

THOUSANDS VIEW BODY BUT NO ONE IDENTIFIES

Name of the Man Found Dead Near Chatham Still Unknown.

CHATHAM, Jan. 15.—(Special)—Up till 6 o'clock this evening no one had identified the remains of the young man whose body was found in a deserted shanty on the Bloomfield-road yesterday afternoon. The body was brought to the city yesterday afternoon, and it was viewed by thousands to-day.

Coroner Bray's report recommends no inquest, for the reason that there is no evidence on which to base one. A bullet hole in the left breast, round which there was a smudge of powder, was seen on the deceased either committed suicide or was shot at close quarters by someone else.

A curious circumstance in connection with the finding of the body was that there was no money in the dead man's pockets, which were good, and his general appearance would indicate that he was well-to-do. He had dressed himself of all papers, jewelry, etc., which might identify him, before he killed himself, or in the event of his being arrested.

The annual convention of the Dairy-men's Association of Western Ontario opened this morning in the opera house, with a much larger attendance than was expected for the opening session. Delegates have been coming in by every train and great interest is being manifested.

Johnson of Minnesota brought action for recovery of \$100,000 on a bond guaranteed by Accident Co. for \$100,000, the amount of an insurance policy, on the estate of Augustus and stock-taking, in September, 1906, at Jaffray, B.C. JOHN CHURCH VERY ILL

Has Been Resident in Toronto for Nearly Sixty Years. John Church, father of Ald. T. L. Church, was seized with a paralytic stroke yesterday afternoon at the residence of his daughter, Mrs. Byfield, on Chester-avenue, lakefront, Balm's Beach, and is in a precarious condition.

He is 75 years of age, was never sick before, and since 1902, having in that year seen the burning of the parliament buildings in Montreal. He is one of the most respected residents of the east end, and has been a life-long Conservative and Orangeman.

Since his retirement from business fifteen years ago, he has lived a retired life. He caught cold going to vote for Capt. Tom Wallace in the by-election in Centre Court, and, notwithstanding being sick, voted in five wards in the municipal election. His wife, Elizabeth Langton, pre-deceased him in 1901. He is a native of Sligo, Ireland, and is a member of the Veterans' Association, having been at Ridgeway with the Grenadier in the Penian Raid, and one of the old members of "the old Toronto volunteers" fire brigade, when the main part of the town was around St. Lawrence Market. He has been a life-long member of the Church of England.

MAPLE LEAF FLOUR MILL DESTROYED BY FIRE

Result of Two Years' Work at Kenora Burned in a Couple of Hours. WINNIPEG, Jan. 15.—The Maple Leaf Flour Milling Co. at Kenora, headquarters in Toronto, lost its great plant, consisting of mill, elevator and 300,000 bushels of wheat, by fire last night. Loss one million dollars, fully covered by insurance.

The wiping out of the industry, the loss in taxation and the loss to the municipality of the revenue which would have been derived from the electrical power which the town was under contract to supply to the Maple Leaf Milling Co. will hit Kenora hard.

A strong wind prevailed during the conflagration and there was no hope of saving anything. The north and south mills have fallen, and a fierce fire is still raging between the grain stores and the east wall of the mill, which is liable to fall at any moment. At present it is impossible to get any information as to the insurance or as to the amount of wheat now in the mill. The disaster to the town will make non-effective a revenue producer, almost the whole of the water power development work for Kenora. The town 2000 horse power. This would have given the town a revenue of \$20,000 per year, which by this fire is now cut off.

D. S. Cameron of Winnipeg is president of the Maple Leaf Milling Co. The mill had a capacity of 4500 barrels a day, and was formally set in operation Dec. 12 of last year. It was 165 feet by 55 feet and six stories high.

Mr. Cameron left this evening for the west. It is expected he will return immediately on being apprised of the loss.

BOTH FEET CUT OFF.

Pitiable Accident to a Lowbanks Lad—Crawled to Farmhouse. WELAND, Jan. 15.—(Special.)—One of the most pitiable accidents this district has ever known was that which befel Ennis Furry, a Lowbanks boy of 18 years, on Saturday night. He was run over by a freight train, and his feet were cut off. In this condition he had to crawl on his hands and knees to a nearby farmhouse. When found, he was almost exhausted from the loss of blood.

A freight train going west was flagged by the farmer, 300 yards from the crossing. Furry, who had been sent to Dunville for treatment. By the time he got medical attention he had almost lost his mind. He had crawled on his hands and knees to a nearby farmhouse. When found, he was almost exhausted from the loss of blood.

HIGHWAYMEN PLEAD GUILTY.

In the criminal assizes yesterday George Chambers pleaded guilty to three high way robberies and to three attempts to rob. He was sentenced to three years in a reformatory. Thomas Morgan pleaded guilty to two charges of highway robbery. He was sentenced to two years in a reformatory.

Chambers said he was sorry for what he had done, and that he would try to make good. Morgan said he was sorry for what he had done, and that he would try to make good.

Why Sellers-Gough Are Easy.

"How do you manage to bring so many people to keep up the interest daily?" asked a representative of The World of Mr. Gough of the Sellers-Gough Fur Company. "This store is crowded every time I am in," continued the scribe. "Now, tell us the reason." "Talking about our business is not one of my weaknesses," replied Mr. Gough. "But you have put the question fairly and I don't mind letting you into a business secret. Do you believe it?" he went on in his good natured way. "That our business for January has increased a little over 500 per cent to what it was in the same month, 1907. This was the last year of the regime of Cummings & Sellers, our predecessors. It's a pretty big increase, now, isn't it? Look here are the figures." As he produced a small memo from a vest pocket. "Now, then, this constant increase in our sales can be attributed to our immense stock, our desire to have our customers fairly, and the genuine reductions during the present sale. There isn't a day we're not selling thousands of dollars more furs, and we are bound to come where they get the values. Now, that's the reason, nothing more."

Suicides in Bath Tub.

NEW YORK, Jan. 15.—Inability of her husband to obtain permanent employment is believed to have led Mrs. Louise McClure to end her life to-day. Her body was found lying in a foot of water in the bathtub in their home. The couple were married in Canada two years ago. It was a runaway match.

CO-OPERATION BIG SUCCESS

Butcher Stores in "The Ward" Rushed With Business.

The first of the Jewish co-operative butcher shops was opened at 121 Elizabeth-street and on Chestnut-street, yesterday. They did a tremendous business. When the shop doors opened this morning, at 7 o'clock, a crowd was waiting outside, and the light of the waiting in front of the shops were almost impassable.

Twenty-five beavers or over 500 lbs of meat were under way. They were killed from Leveck & Co., and the others done by the Toronto Junction yards. Other wholesalers did not exactly refuse to sell to the "co-operatives," but raised so many difficulties that the committee was almost discouraged and thought of applying to the courts.

The meat was bought at 7c and sold at 10c a pound. To-day it may be sold at 9c.

"We believe we can even then sell at a profit," said J. S. Granatstein last evening, "and will use the surplus to support the Hebrew school, a Jewish ward in the hospital and other such objects."

It is likely that one, and perhaps two more shops will be opened to-day. The other butchers did practically no business yesterday, and are willing to come to terms, but the co-operatives will ignore them.

Three weeks, under the direction of Rev. A. Caplan of McCaul-street Synagogue, a "free meal" dining-room has been in daily operation at Chestnut and Agnes-streets, some fifty Jews and Gentiles, being fed from bread, meat and other food contributed freely.

The co-operative stores will provide the meat in future.

Clarens-avenue, and adjoining the present church building, had been secured at a cost of \$5000, the total cost to be incurred in 1908. The amount is nearly all subscribed. The committee was re-appointed, with instructions to consider the cost of such, and report at the next annual meeting. The Sabbath school has an enrolment of 226, including its own way, supports a native teacher in India, a pupil at Point aux Trembles, and gives \$50 to congregational purposes to the hundred and ninety members were enrolled during the year. The Young People's Association, membership 80, provides the grand total of \$25 for an organ congregation in Alberta. The Young Men's Association membership is 73. The Ladies' Aid contributed \$125 for the purchase of the debt. The Women's Missionary Society has a home and foreign auxiliary with a joint membership of 100. The mission band has a membership of 80, and weekly meetings with an average attendance of 25. The choir, under the leadership of Mrs. Dr. Watson, is doing excellent work. The following are the names of the choir: J. S. Smith, W. D. Davidson, J. Dunlop, D. J. Washburn, A. Webb, Dr. Watson, J. P. Macdonald, J. H. McNeil, D. Lochrie, D. A. Lochrie, I. Campbell, M. Shand, auditors, T. J. Hughes and J. McNeil. The choir differed from average, 9 above; highest, 31; lowest, 24; snow, 1.

The most important report was the financial statement of the treasurer, C. R. Peterman. While \$1000 had been paid on the mortgage, only \$420 had been collected from the congregation. The weekly offerings amounted to \$672, the decrease of \$20. The liabilities, including the mortgage, amount to \$31,558. Open collections showed an increase of \$23, but the disbursements showed a decrease of \$140, mostly during the last quarter. There were 84 members added by profession and 30 by certificates, 19 deaths and 150 disengaged by difficulties, with 1138 names now on the roll, a decrease of 15. The following were elected to replace members retiring: T. P. Loblaw, C. R. Peterkin, Dr. Tuck, T. A. Wilson, J. Adamson, H. Hancock, A. F. Murray, D. McGill, Dr. J. H. McNeil, J. H. McNeil, Thos. Henderson and J. Gilchrist were elected trustees.

Chalmers.

The report of Chalmers Church showed the church to have had a fairly prosperous year. The treasurer's statement showed a reduction in the mortgage from \$100,000 to \$90,000, the balance due on the mortgage now standing at \$8000. The original cost of the school building was \$100,000, but the cost to the church was \$70,000, the balance of \$30,000 being contributed by the congregation. The school met with considerable opposition, the discussion lasting fully three-quarters of an hour, during which the school was defended by the pastor, Mr. J. H. McNeil, and the school was defended by the pastor, Mr. J. H. McNeil, and the school was defended by the pastor, Mr. J. H. McNeil.

Bloor Street.

The reports at the 20th annual meeting showed total receipts of nearly \$25,000, a membership of 1400, and a big plan for improvements and additions to the Sunday school rooms. During 1907, 63 members were received by certificates, 20 by profession, and 10 by baptism. The Sunday school average attendance (outside of the summer months) was 1385, with 137 in the Bible classes, 107 in the Sunday school, and 107 in the Sunday school. Immigration Debate

IN HOUSE OF COMMONS

Opposition Contends That Bonus of Undesirable People Should Cease.

OTTAWA, Jan. 15.—(Special).—The immigration policy of the government was again the topic of attack in the house to-day. Mr. Cocksbutt (Brantford) presented a resolution declaring that the policy of assisting immigrants should cease, and calling for a stricter inspection of those coming in.

It was a short day for the commons. Under the rules there is no night session Wednesday. After Messrs. Cocksbutt, Oliver and Borden had spoken, Mr. Oliver (Cape Breton) was put up at 5:20 to talk it out. At 5:57 he offered an amendment in these words: "That this house approves the policy of the department of immigration in confining its immigration operations to the encouragement of the coming into Canada of farmers, farm laborers, railway laborers and female domestic servants."

Mr. Wilson arose just as Mr. Speaker left the chair and the question now is whether the resolution is dead or will be reached in good time. "That in consideration of the great congestion that at present prevails in the labor market throughout the country, it is highly expedient that assisted immigration, excepting only agricultural and domestic servant classes, should be discontinued, and that no further bonuses shall be paid to individual agents or companies for sending or bringing in such immigrants. Further enforcement of the law that requires that the time has come for strict enforcement of the law that requires that only financially sound and physically fit shall be allowed to enter this Dominion as settlers."

Changed Word Meant Much. The mover began by referring to the one made by Hon. Frank Oliver the other day of a private letter sent by him to the minister, enclosing a letter written by the latter Mr. Oliver had unfairly attempted to show that he was in favor of employing the tenements of Europe into the City of Brantford. The mover was from an information and employment bureau in Brantford and the minister changed the word information into "immigrants."

Mr. Cocksbutt challenged Mr. Oliver to go to Brantford and read the letter and he would be assured of a good-sized crowd and many a reception. He said he himself right as to the use made of the incident by the Liberal press. He had been accused, as the Hon. C. M. A. of trying to hood the market with cheap labor, whereas he had never been a member of the organization and had always stood for the States. There should be the strictest examination as to whether the im-

THE TORONTO WORLD.

THE DOMINION BANK COBALT STOCKS DULL AT STEADY QUOTATIONS PAYS SPECIAL ATTENTION TO SAVINGS ACCOUNTS. Interest Paid Four Times a Year

CONSERVATIVE OPERATORS ARE REALIZING. World Office, Wednesday Evening, Jan. 15.

A flurry in Winnipeg Electric was the only attraction at the Toronto market today. Considerable of this stock has been recently transferred at 125, but a sudden movement today carried the price to 132.

Why the liquidation and why the advance, can be only explained by those operating the shares in the market. Dealings on the whole today were very similar to those of yesterday.

Small realizing continued in effect, and in sufficient quantity to keep prices advancing. Sentiment on the speculative specialties among outsiders is sufficiently good to warrant increased quotations, framed, as it is, by the Wall-street operations, but the technical situation of the market is evidently prohibitory of this at the present.

There are conservative operators who think that the advance has gone far enough for the present, and to these may be attributed part of the present realizing.

World Office, Wednesday Evening, Jan. 15. The market for Cobalt shares ran into further dullness again today. Transactions on the local exchange were limited to small amounts and to few of the list.

Changes in prices scarcely noticeable. The market was quite a wide apart. Brokers and traders view the position as now at about a deadlock, and only to be broken by a decided increase in outside buying or outside selling.

If the first prices are expected to advance, or in the other event, to decline.

IRISHMEN STRUGGLE. No Reunion Just Yet Between Redmondites and O'Brienites.

DUBLIN, Jan. 15.—The recently discussed reunion of the Redmondites and the O'Brienites is still far from consummation, judging from an incident that took place today at the meeting of the directors of the United Irish League. Two Nationalists from Cork, supporters of Mr. O'Brien and duly accredited delegates to the meeting, entered the hall, but as soon as their presence was discovered, the league officials ordered that they be expelled. The delegates from Cork declined to obey, and after an exciting struggle they were finally ejected by force.

BOARD POSSESSES POWER VIEW OF JUSTICE RIDDELL

Motion of Street Railway to Commit World Editor is Argued.

Judgment was reserved by Justice Ridell yesterday in the Toronto World Company's case to commit the world for contempt of court in respect of an editorial for which Managing Editor W. H. Greenwood acknowledged responsibility.

"Do you not think that it is merely a matter of bad taste and hardly downright contempt?" said his lordship.

"It is distinctly intended to influence public opinion against me, and it is possible to prejudice the board," said Mr. Greenwood's counsel.

"What Mr. Greenwood means is," said his lordship, "that if they don't agree with him they have neither brains nor courage for a turn of it."

"The question of jurisdiction was the main point," said his lordship, "that it would be in the nature of a presumption on my part to interfere with the board's business."

"The question is, can I as an inferior court, without the power to commit?" said his lordship.

Eczema, Salt Rheum.

Eczema or Salt Rheum, as it is often called, is one of the most agonizing of skin diseases.

The intense burning, itching and smarting, especially at night or when the part is exposed to any strong heat, are almost unbearable.

The pre-eminent success which Burdock Blood Bitters has met with in permanently curing a disease of such severity is due to its wonderful blood cleansing and purifying properties.

No other remedy has done, or can do, so much for those who are almost driven to distraction with the terrible torture, as our thousands of signed testimonials can testify to.

Mrs. Jno. R. Keedy, Linton, N.B., writes: "I was so troubled with Salt Rheum for eight years, that I could not work my hands were so sore."
