MASSACRE  
BY THE ARAB  
Armenians Once More Victims of Outbreak—No Confirmation of Murder of Missionaries.

ARMENIANS ONCE MORE VICTIMS OF OUTBREAK—NO CONFIRMATION OF MURDER OF MISSIONARIES.

Berlin, April 16.—A despatch received today at Berlin from Adana says that there has been a massacre since last Wednesday evening and that horrible massacres are being carried out on the streets.  
Constantinople, April 16.—At midnight neither the United States ambassador nor the British embassy had received any further news concerning the massacre, or confirmation of the reported murder of two American missionaries at Adana.  
Consular telegrams received here report that half of the Town of Adana has been burned and the attacks upon the Armenians are extending into the vilayet.  
They say that the British vice-consul at Mesouria, Major Daughy-Wylie, who was ordered to Adana when the first advice of the massacre were received, has been wounded and the district is interrupted, however, and all reports received from there must be taken with caution.  
The Porte declares the disturbances are subsiding. Two additional battalions have been despatched to Adana. Messengers received yesterday evening from the Moslem fanatics against the Christians of Adana has broken out afresh. The Moslem attacks recommenced yesterday afternoon and continued through the night. Large numbers of Christians are said to have been killed. One report says that sixty Armenians have lost their lives and that many houses have been looted and burned.  
The first news of this anti-Christian outbreak said the scene was Mesouria, but this was erroneous. The trouble occurred in Adana, which is about 38 miles inland from the Mediterranean. Messengers received yesterday evening said that only ten Armenians had been killed, that martial law had been proclaimed in Adana and that reinforcements of troops were being sent from Beirut.  
This latest intelligence refers to disorders that occurred after the situation was supposed to have quieted down.  
Not a Political Outbreak.  
Adana is a station of the American Board of Commissioners for Foreign Missions, with a working force of five missionaries and 32 native workers; an out-station of the synod of the Reform Presbyterian Church of North America and a Bible depot and sub-agency of the American Bible Society.  
It is a city of 45,000 people and is the seat of government of the province of the same name. The people are mostly Mohammedans, but there are a considerable number of Armenians and a small Greek community there.  
Anti-Christian rioting in Adana is in no way connected with the political uprisings in Constantinople for the last four days. It involves a recrudescence of the Armenian question, which is religious and racial and has nothing to do with the internal politics of Turkey. The Armenians are Christians and still have an independent church in Constantinople.  
Constantinople Quiet.  
The selamlik today was attended by a great crowd. The sultan was loudly cheered. The sultan offered a prayer invoking the benediction of heaven upon the sultan, the Sheriffs and the empire. His majesty afterwards gave an audience to the ministers and reiterated to them the solemn assurance that he would uphold the constitution.  
Raf Pasha, director of customs, has been appointed president of the council of state.  
The city is returning to normal conditions. Business is being resumed except in Stamboul and parts of the Galata quarter, where many Christian shops still are closed notwithstanding the declarations of the police that the Armenians have nothing to do with the present trouble.  
A better state of discipline in the army is noticeable. The streets are being patrolled regularly and stragglers are arrested and taken to their respective barracks. The soldiers continue to display a revengeful feeling toward the committee of union and progress and many officers belonging to the committee are shot by them when caught. It is credibly reported that many officers whose names were found upon the list seized at the committee's headquarters, already have been down to death.

Majority Is Greatly Cut  
By Election Returns the Lord Provost by 458, Whereas Last Candidate Won by 4100.

LONDON, April 16.—East Edinburgh by-election has resulted in the return of James Gibson, the present Lord Provost of the city, who stood in the Liberal contest, by a majority of 458, over Patrick J. Ford, the Unionist candidate. The poll showed the Liberal vote to be 4527 against 4069 for the Unionist.  
Altho the government has been supported the result reveals a surprising change in popular sentiment. At the general election Sir George McCrae, the late Liberal member, was returned by a majority of 4174, the figures standing 6006 to 2432. The Liberal vote has thus fallen off by 2078, while the Unionist has increased by 1687. The by-election was caused by the appointment of Sir George McCrae to be vice-president of the Scottish Local Government Board.

CUDAHY CO. INDICTED  
605 Counts of Fraud Alleged—Question For Experts.

TOPEKA, Kansas, April 16.—Indictments were returned today against the Cudahy Packing Company on 605 counts of fraud alleged against the internal revenue laws in regard to the use of oleomargarine.  
The taxes involved amount to about \$25,000, and the penalty provided for violation of the law is a fine of from \$500 to \$5000 and imprisonment of from six months to three years for each offense.  
E. A. Cudahy, vice-president and general manager of the Cudahy Packing Co., said tonight:  
"The dispute between the government and ourselves is simply a question of chemical analysis. For some time we have been aware that the government officials have been taking samples of our butterine all over the country, wherever the goods have been on sale. These samples, they say, show the infinitesimal use of artificial coloring matter. We have had similar samples submitted to the leading chemical analysts of the United States, and they have assured us that the butterine was not colored. Every man in our employment in our Kansas City butterine factory, the only place where we make butterine, having known the nature of the manufacture of the goods, has made an affidavit that no coloring matter has been used. As the goods were sold by us as uncolored goods and by our customers to the trade as such, there has been no attempt on our part to defraud the government of revenue."  
Dominion Steel Dividends  
Preferred Stock on Seven Per Cent Basis—Appears to Be Paid.  
MONTREAL, April 16.—(Special.)—The preferred stock of the Dominion Iron and Steel Company has been placed back on a seven per cent basis. There will be paid ten and one-half per cent of the arrears, or equal to three half per cent dividends at the rate of seven per cent per annum of \$600,000, the total amount of the company's preferred stock. These preferred holders will, therefore, receive the fifteen of May the sum of \$500,000, bringing the paid-up dividends down to the first of October, 1909, or in other words, for the last four and a half years of arrears, or 31 1-2 per cent, equaling \$1,575,000 yet to be paid. The directors announced that it is their intention to pay this balance just as soon as income permits, and that the 31-1-2 per cent still owing to the preference will therefore be paid out of the money still owing by the Dominion Coal Company, and they claim that the latter owes them close on to \$200,000.  
Extensions to the plant at Sydney have been provided for by taking two millions from the consolidated bond fund and the work will be carried on at once.

U.M.W. DECLARED  
A MENACE  
TO CAPITAL  
Conciliation Board in Dominion Coal Company Labor Dispute Condemns the International Union.

OTTAWA, April 16.—(Special.)—Secretary of the Dominion Coal Company's Conciliation Board in the Dominion Coal Company labor dispute has declared the U.M.W. a menace to capital. There are two unions to which coal miners in Nova Scotia belong, the Provincial Workers' Association, a local organization, and the U.M.W., a Workers of America, with headquarters in the States.  
The complaints of the employees were: That the men were discharged, or threatened with dismissal, because they were members of the U.M.W. of America; that the Dominion Coal Company's police intimidated members of that union and that the company refused to receive a committee of Workers of America, with headquarters in the States.  
The representative of the employees, Daniel McDougall, declined to concur in the recommendations of the majority of the board, who, however, admit that preference is given to the members of the P.W.A. in the matter of employment by the Dominion Coal Co., but declines this preference was both natural and reasonable.  
The report of the board states that the most important question for consideration was that of recognition of the U.M.W. of America by the Dominion Coal Company. The board claimed the right to approach the managing committee, as is done by the P.W.A., but the company thus found itself face to face with two rival organizations and found it impracticable to deal with both. The board recommended that the company should recognize the U.M.W. as a union, but that it should not be recognized as a foreign organization, having dangerous and unreasonable powers under the constitution. It is true that the U. M. W. is international in membership, but the principal offices of the union are in the United States. The company pointed out that this has a very serious effect on the coal trade of Nova Scotia, inasmuch as American operators are making serious inroads into Canadian markets. It appears that the U. M. W. Dugan that since 1906 sales to the St. Lawrence markets of American coal have been falling off. As the St. Lawrence trade forms the chief market of the Dominion Coal Company, anything that tends to interfere with this trade is a menace to the interests both of the coal company and the miners themselves.  
"The board considered this objection of the coal company a very grave one, because it would tend to prevent the controlling the miners, labor difficulties in the United States would almost certainly lead to complications in Nova Scotia. If for instance, the coal mines of the United States market opened up there for Nova Scotia coal at profitably low rates, the Canadian market would be brought to bear on miners in Nova Scotia to prevent exports of our coal to the United States.  
It is true that the U.M.W. is recognized in Western Canada, but there the conditions are different, because while Nova Scotia is a part of the United States coal in the St. Lawrence trade, the Canadian coal mines of the west not only hold their own markets, but in many cases can afford to export to the United States notwithstanding the duties.  
But the most objectionable clause of the constitution of the U.M.W.A. is as follows:  
"The international officials shall at any time they deem it to the best interests of the union, suspend any district that is idle for just and sufficient reasons other than a suspension of work in any other district or districts that would not in any way impede the settlement of the district affected, provided that such action would conserve to the best interests of the union."  
"This rule makes it quite possible for the executive of the United Mine Workers whose head office is in Indianapolis, Indiana, to proclaim a strike in Nova Scotia if they considered it to be in the interests of the U.M.W. as a whole. \* \* \* The board considers that the coal company is simply justified in refusing to recognize an organization that could exercise such a dangerous and continually menacing power. \* \* \*  
In conclusion the board desires to report that so far as it has been able to ascertain the conditions obtaining at the collieries in Cape Breton are in many respects superior to those in most of the mines in the U. S. While differences of opinion have arisen between operators and the men, they have hitherto been arranged in a mutually friendly and satisfactory manner. Existing unsettled labor conditions have the effect of interfering with business, creating apprehension among the miners, and thereby reacting to a large extent on the welfare of the miners themselves.  
"Without presuming to dictate in which union the men should belong, or as to whether they should belong to any union, we think it is to the interests of the miners to choose for themselves, and the whole community that our labor difficulties, which will always be with us, should be settled among ourselves and not be subject to the control of any outside party. The men must see that their interests are bound up with those of the coal company, and while they naturally expect to share in the prosperity of the company, anything that tends to hamper the efforts of the coal company must in the end prejudicially affect themselves."

High Excitement for the Speculative Wealthy.

But a Menace to the Poor.

NEW ZEALANDERS DON'T APPROVE DREADNOUGHTS  
At Public Meeting of Protest Against Government Offer, Union Jacks Are Torn.

SYDNEY, N.S.W., April 16.—(N.Y. Herald Cable.)—Public meetings of protest are being held throughout New Zealand condemning the government's offer to build two new Dreadnoughts for Great Britain as unconstitutional. Extraordinary scenes took place at Christchurch, where a meeting of the Navy League in support of the government's action degenerated into pandemonium.  
The speakers, including both Roman Catholic and Anglican clergymen, were howled down, and the Union Jack, which they tore into shreds and trod under foot.  
Many free fights that ensued were terminated only when the lights were put out.  
At the proposed conference in London between representatives of Great Britain, Canada, Australia and New Zealand regarding the establishment of an "All-Red" mail route, Australia will advocate that the steamships engaged in the service, both in the Pacific and the Atlantic, be owned by the governments interested.  
Australia's Proposal.  
LONDON, April 16.—(C.A.P.)—The Commonwealth government have made the following proposals on naval defence to the imperial government: To continue the present arrangement until 1913, and employ destroyers for Australian defence, borrow officers from Great England, send Australians here for training outside Australian waters, to put the force in charge of a British officer of the station visited, in wartime to hand over the fleet unreservedly to the admiralty, to maintain a naval base for British ships, not to maintain submarines.  
Hon. Mr. Watt, the Victorian treasurer, suggests inviting Admiral Bessford to Australia to give advice before any definite scheme is undertaken.

SENATOR "PAT" MCCARREN DEBTOR TO EXTENT OF \$100,000 ON ENNIS AND STOPPAN'S BOOKS.

NEW YORK, April 16.—Something of a sensation was created in financial and political circles today when an announcement was made that Receiver Liberty Russell of the failed brokerage firm of Ennis & Stoppan had obtained an order from Judge Holt, in the United States district court, summoning Senator Patrick H. McCarren, the well-known Democratic leader of Brooklyn, to appear before United States Commissioner Alexander next Tuesday to testify at the bankruptcy hearing which is to develop the firm's affairs. The order also provides that he produce such books, records, documents, etc., as may be required by the receiver.  
The summons for Senator McCarren was based on the alleged discovery of expert accountants, who are going over the books of Ennis & Stoppan, entered as "No 339" of that of Senator McCarren, who for years past, has been a close personal friend of both members of the firm. Account "No. 339" it is stated was a very active one and it also showed that the man operating under this name had indebted to the firm to an amount aggregating over \$100,000.  
Representatives of several New York Stock Exchange firms, bank officials, officers of safe deposit companies, the members of the firm, some of their relatives and others have also been summoned. This caused a stir in the financial district. One of the most stringent provisions of the New York Stock Exchange prohibits any member from having business relations with members connected with the Consolidated Exchange under penalty of severe discipline.  
The members of the stock exchange firms subpoenaed include Frank W. Graves and Chas. Stewart of the New York Stock Exchange firm of F. W. Graves & Co.; Frederick D. Holder, Wm. E. Anderson and Lemuel V. Holder of the New York Stock Exchange firm of Schumacker & Co.

ASSAULTED BY THUGS  
New York Woman Robbed and Nearly Murdered in Paris.

PARIS, April 16.—Mrs. Bartells of New York was robbed and nearly murdered in the apartments today by burglars who secured a number of jewels and a quantity of money. Mrs. Bartells occupies an apartment in the Avenue Eyraud. This afternoon three well-dressed men gained entrance to the house on the pretext of desiring to inspect articles offered for sale. They under penalty of severe discipline.  
The members of the stock exchange firms subpoenaed include Frank W. Graves and Chas. Stewart of the New York Stock Exchange firm of F. W. Graves & Co.; Frederick D. Holder, Wm. E. Anderson and Lemuel V. Holder of the New York Stock Exchange firm of Schumacker & Co.

ROSEDALE HEIGHTS.  
Rosedale Heights, the hills overlooking St. Andrew's College and Rosedale seem to be the next high-class residential section to get attention. In the past week Rosens, Limited, have sold 200 feet on Rose Hill and Oakwood-avenue. There is quite a demand for investment purposes on this property on account of the location. The building restrictions call for \$5000 detached residences.

TOM LAWSON'S OPINION.  
BOSTON, April 16.—(Special.)—Tom Lawson, in an interview today, declares that Patten's wheat corner is a conspiracy and urges a public protest. He predicts that riot and bloodshed will occur unless the "corner" is speedily broken.

TO JUDGE THE DRAMAS.  
OTTAWA, April 16.—(Special.)—John Corbin of New York, a well-known dramatic critic and author, will be the judge of the Earl Grey dramatic competitions. He is a graduate of Harvard, afterwards going to Oxford.

ATTACKS ON BIBLE LEADING TO ANARCHY

Hon. S. H. Blake Returns to His Attacks on the Higher Critic in an Easter-time Address.

"Baruch" wrote . . . all the words of the Lord . . . upon the roll of a book.—Jer. xxxvi, 4.  
"When Jehoiada had read three or four leaves he (the King Jehoiakim) cut it with a penknife and cast it into the fire that was on the hearth until the roll was consumed in the fire.—Jer. xxxvi, 2.  
"Thus saith the Lord (concerning Jehoiakim), he shall be buried with the burial of an ass.—Jer. xxxvi, 18.  
"Then took Jeremiah another roll and gave it to Baruch, who wrote therein . . . all the words of the book which Jehoiakim had burned in the fire.—Jer. xxxvi, 22.  
So reads the little page of Hon. S. H. Blake's Easter sermon to the Bible-loving public, issued yesterday in pamphlet form. He refers to the great laymen's congress and asks: "What was the constraining power in the heart of each one in these vast assemblies, which aroused them to a loving sense of duty to be performed? The Bible—the Word of the living God."  
"Dare we be false to our God and His Word and leave our children and our children's children in darkness, letting go the Book which for eight two thousand years has been the light to the people who sat in darkness? He asks, and refers to "The Finality of the Christian Religion" by G. B. Foster, professor in the Philosophy of Religion in the University of Chicago and formerly of Toronto. This, he notes, has been his finished reading and has been "simply appalled by the hideousness of the revelation of the horrible pit into which the Higher Criticism seeks to precipitate its followers."  
"This critic," says Mr. Blake, "so freely uses his knife that he has cut away among many fundamental statements in our Bible the teaching as to a miraculous conception, the Messiah, Jesus, the sinless Saviour, God in Christ reconciling the world unto Himself, and has left us, woful to relate, a man who if it is not admitted was without sin; and about whom a certain glamar was cast because of certain Messianic notions which were preva-

In addition to all of these things there is the usual four page comic section for the children.  
No Canadian reader can afford to miss this number.

MASKED MEN TAKE REVENGE  
Tar Man and Woman Suspected of Blackmailing.

OTTAWA, April 16.—A sensational story was told to the Sun today by Mr. and Mrs. Killingsbeck of Hintonburg, a local suburb.  
They allege that they were seized on the street about 9 o'clock last night by four masked men, bound, gagged and driven out into the country, where Mrs. Killingsbeck was outraged and otherwise abused, while the husband was assaulted and severely hurt. Both were then covered with liquid tar and driven into the city, where they were released.  
The outrage is supposed to be the outcome of a recent action wherein Mrs. Killingsbeck accused a respectable young man of criminal assault, but lost the case in court. It came out in the evidence that the Killingsbecks had secured money from several Hintonburg residents on like claims.  
PATTEN HAS BODYGUARD  
Threats of Violence Due to Increased Bread Prices.  
CHICAGO, April 16.—It was stated tonight that Patten, since the agitation over the advances in the price of bread consequent upon the wheat manure's threatening the safety of the city, has been accompanied by a bodyguard in the person of a large muscular colored man. Also that he is accompanied in his auto car in going to and from his offices by a guard of two men.  
Patten declines to state whether he has been the recipient of any threatening letters.

TRUNK LINES CUT GRAIN RATES.  
NEW YORK, April 16.—(Special.)—To compete with the Canadian route, the trunk lines will reduce grain rates to the metropolis on April 26, and will ship from Buffalo at 4 cents a bushel.

MAILED CIVIL WAR  
LONDON, April 16.—While many fragmentary reports received here point to the imminence of civil war in Turkey thru the efforts of the defeated young Turks to re-establish their supremacy, as yet, there is not much authentic information that would tend to show that the troops are ready to support the committee of union and progress.

BATTLES READY  
MALTA, April 16.—In the event of civil war or other serious developments threatening the safety of the islanders in Constantinople, British warships will be sent to Turkish waters from here. The battleship Oceanus could sail at once, and others are being put in readiness.

CHRISTIANS NOT IN DANGER  
LONDON, April 16.—An official telegram received at the foreign office today says that all foreigners and Christians in Constantinople are being well treated, and that up to the present time their safety has not been endangered. The foreign office also denied the report of a joint naval demonstration.

Ice Jam Still Holds, But Is Not Aggravated. NIAGARA FALLS, Ont., April 16.—(Special).—Conditions are practically the same to-night.

Things have resumed practically a normal condition at the power-house of the Ontario Power Co. The officers of that company today made the formal statement that the damage to machinery would not exceed \$100, but the cost of preparing the generators, which is still in progress, will be heavy.

Word to-night that conditions have not changed since Wednesday and that there is no ground for the alarmist reports circulated to-day, of the town being in danger of flood.

THEY FIXED UP THE POSTMASTER. Dodd's Kidney Pills Cured His Lumbago and Sciatica.

That was Three Years Ago and He Is Still Cured. Why You Should Try Dodd's Kidney Pills First.

ELLINGTON, Trinity Park, Nfld., April 16.—(Special).—Doctor C. C. Dodd's Kidney Pills not only relieved Sciatica and Lumbago, but cured it once and for all, is the experience of Mr. Alfred Crow, postmaster here.

"Yes," the postmaster says in telling his story, "it is three years since I was cured of Lumbago and Sciatica. Dodd's Kidney Pills did it, and I am happy to say the cure was permanent."

"Sharp Pains in my Back, Cramps in my Muscles, Shooting Pains across my Loins, and I often found it hard to get any rest at night, and when I did my sleep was unrefreshing. I was medically attended, but without getting any benefit, and at last I was persuaded to try Dodd's Kidney Pills. I used six boxes altogether and the back and the pains away and quite cured me."

Nearly every cure by Dodd's Kidney Pills told of trying something else first. If you use Dodd's Kidney Pills first you will never need to try "something else." They always cure all diseases of the Kidneys, and all diseases that are caused by sick Kidneys.

WEST END LEAGUERS DEMAND A DRY ZONE

Deputation Tell-License Commissioners to Wipe Out All the Hotels in Wards 5 and 6.

About twenty members of the West End Citizens' License Reduction League and forty or fifty representatives of hotel interests attended a public meeting of the license commissioners at the Temple Building.

On Monday a deputation representing the north end reductionists and C. H. Ritchie, K.C., for the Rossin House, will be heard by the license board.

Mr. Smith and Ald. Keeler argued in favor of a clean sweep of the bar room licenses in the fifth and sixth wards. Kesterson, president of the Blue Ribbon League, protested against the temperance people attempting to dictate to the license board.

Mr. Smith declared that the two western wards were almost wholly residential, but unfortunately the hotel license law was in a bad situation in the south part of Ward Five.

The population there was largely composed of poor workmen, and there were a lot of crime and roysidism and he attributed much of this to the presence of these hotels.

"If the work is not done now it will probably all have to be done over again in years to come. It was not intended that there should be any hotels in this district, but some of them have crept in, and the citizens are now determined that they shall go, and go for good," he concluded.

"You should make some area a temperance one, and as the west end is strong in favor of reduction and temperance, I think that is the area you should clear out," said Ald. Keeler.

"There is not a hotel in the traveling public. They are bars alone. Hotels in the vicinity of Parkdale Station accommodate transients only during the prohibition time.

"It may be objected that this means the crowding together in the central portion of the city of hotels that are hotels for the traveling public. If you wish to make this temperance area, you should all you have got to do is to remove the hotels in the whole area of the city of the bar."

"The people of Wards 5 and 6 are in favor of license reduction, but I venture to say that if we had to take this vote again there would not be the vote against it that we had," said Mr. Kesterson.

"In the shadow of the city hall is a man who has been more often visited for keeping a dive than anybody else in the city, and there is no law to prevent his doing so. The government having legalized the hotel business, licenseholders deserved protection of the law against any reduction of their license."

"You can't stop men from drinking," he said, "but you can stop men from drinking in the hotel."

H. T. Kelly, K.C., said it would be unfair to ask the hotelkeepers of Wards 5 and 6 to reply to the statements made offhand.

The chairman said every hotelkeeper objected to would have due notice and be given a hearing.

Samuel Wallace, on behalf of the Temperance man, said: "I'm a strong temperance man, and to-morrow morning I will vote to hold a bar in the city, but I am here to say a word for this hotel, because for two and a half years I have taken meals there on Sunday. I come unsolicited by anybody. The place is clean and quiet, and as a citizen I feel that this is the kind of hotel we should license."

WARD 3 CONSERVATIVES WELCOME MR. FOSTER

Gathering of 300 Enjoy Annual Banquet and Feast of Oratory at Temple Building.

Hon. G. E. Foster was the lion at the Third Ward Conservative Association banquet in the Temple building last night. Party loyalty being apparently stirred at a time fervor by current events at Ottawa.

Mr. Foster rather disappointed expectations by not being entirely avoiding the important topic, not even mentioning the name of Mr. Pugsley.

It was a great gathering of 300 stand-waiters and President Thos. Hook presided. Among those prominently noticed were: W. C. McNaught, M.L.A., Hon. G. E. Foster, A. C. Macdonald, President Fourth Ward Association, Arthur Van Koughnet, Augustine Foy, Tom Worrell, Jacob Cohen, Tom Hunsard, Thos. R. Gearing, Robert Edgar, John Edworthy, A. H. McConnell, Jos. Shone, Chas. Spenser, John Armstrong and T. A. E. Wood.

Mr. Hook referred in a congratulatory vein to the results of the war for the Third Ward Association in the last campaign. He predicted the coming of the time when a government of "bonapartists" would be hauled from power.

When Mr. Foster rose, the cheering was loud and long. He spoke eloquently to the toast of "Canada and the Empire."

Robt. Edgar proposed the toast of Dominion Parliament, to which A. C. Macdonald responded.

"We're getting closer to the people. We're getting to be a united party from ocean to ocean," he declared. The parliament was in a condition encouraging to the people. It was nothing more or less than a Liberal machine. All the committees were loaded, and the Liberal members voted at the crack of the party whip.

The toast of the local legislature, proposed by John T. Edworthy, was responded to by W. C. McNaught, M.L.A., and John Shaw, M.L.A. Mr. McNaught giving the opinion that every Liberal member should be expelled to take military drill two or three hours a week.

BORDEN BACK AGAIN RECEIVED WITH JOY

Has Been Holidaying—Pugsley Gives a Banquet—Did He Refuse to Resign?

OTTAWA, April 16.—(Special).—R. L. Borden, leader of the opposition, returned to-night on Caledonia Springs, where he has been since the Easter adjournment. To-day his coming into the chamber was the occasion of a great demonstration of affection by his followers, who thumped their desks for these few minutes, interrupted by a couple of staccato outbreaks of a snarl of government bills.

Another evening was a dinner given by Hon. William Pugsley to about forty, comprising 20 Liberal members and a delegation from New Brunswick who are here on departmental business.

Mr. Fleming, provincial secretary of the Hon. (Conservative) government, one of the delegates, had to return home on the early train and could not attend. The reception to the speaker in the house yesterday, Dr. Daniel and Mr. Crocker were invited.

As announced by Mr. Foster yesterday, the assault on Dr. Pugsley will be renewed on Monday, when he will bring up the question of the New Brunswick Railway and Coal Co. It is expected he will be met at every point by obstruction and with authorities to support and by discussion. The opposition, however, are keen to precipitate a prolonged fight, if need be, to bring the Pugsley matter to a focus.

Many are desirous of voting to condemn the action of a dollar of supply bill they have heard a satisfactory statement.

In this connection it is hard to understand the prime minister's position. It is rumored that he demanded the resignation of his minister of public works, and that Dr. Pugsley refused to be sacrificed.

This is borne out in a way by the answers the premier gave to the question of the Premier's enquiries of the past week.

On Tuesday the premier hadn't had a copy of the report of the Wednesday night. He had to read it on Thursday. He had not read the report, but so far as his information went, he had to read it on Thursday.

"The SCARLET LETTER." The remarkable series of Sunday night services conducted by Rev. J. M. Wilkinson in the Grand Opera House this last winter will terminate on Sunday morning in Massey Hall.

The change to the larger auditorium is merely to allow a greater number of people to attend the most important service of the past season.

People have been turned away unable to get a good seat. This in the matter of attendance and religious interest, the special features of the services have been the conducting of the religious service of the pictures and the remarkable beauty and decorum shown by the young men, many of whom are not in the habit of attending the regular church service.

The subject of the pictorial sermon "The Burial of a Donkey," illustrated by 50 beautifully hand-painted slides.

A PITIFUL CASE. Application was made to J. J. Kelso at the parliament building yesterday to have the child of a family named Ribbon, in Orangeville, placed in a home. A year ago the family settled in Orangeville, coming from England. The mother died in May last child died two weeks ago, the youngest child died from exposure, the family having been turned out of the street.

Wanted in Boston. The Boston police will receive Iddor Edgerton, a prisoner released on Monday from the Central Prison. He is wanted here to six months for a daring for robbery on Yonge-street.

BANISH PIMPLES AND ERUPTIONS

Everyone Needs a Tonic in the Spring to Build up the Blood.

If you want new health and strength in the spring you must build up your blood with a tonic medicine. After the long indoor winter months are past most people feel depressed and easily tired. This means that the blood is impure and watery. That is what causes pimples and unsightly eruptions. This means that the blood is impure and watery.

To this same condition are due attacks of rheumatism, the sharp stabbing pains of neuralgia, poor appetite, frequent headaches and a desire to avoid exertion. These troubles can be banished by the use of Dr. Williams' Pink Pills. Every dose of this medicine makes the blood pure and healthy. It drives out impurities, stimulates every organ, strengthens every nerve and brings a feeling of new health and energy to wearied tired ailing men and women. Mrs. Frank Murphy, Clark's Harbor, N.S., says: "A year ago I was completely run down and my work became a burden to me. I felt tired all the time, and could hardly drag myself about. I was advised to try Dr. Williams' Pink Pills and after taking three or four boxes was again in the best of health. I think Dr. Williams' Pink Pills will prove a friend in need to all who are weak and ailing."

Sold by all medicine dealers or by mail on sending a box of \$1.00 to Dr. Williams' Medicine Co., Brockville, Ont.

ATTACKS ON BIBLE LEADING TO ANARCHY

Continued From Page 1.

The Christian may truly and most mournfully say "They have taken away my Lord and I know not where they have hid Him."

Attacking the Old Beliefs. "The old belief is thus dealt with by Professor Foster at page 14 in a note of which I have approved."

Teachers are compelled to recite formally, as they believed them, Bible stories and professions of faith which their intellect and conscience reject.

Preachers delude themselves and their flocks with ingenious sophistries upon the spirals of the inward parts, and simplicity of character shall flourish. Surely the time has come when the hypocrites should be swept out from the temple of the Lord. For these choke prayer and make worship almost a blasphemy."

Why those higher critics who depreciate the desire of Christians to prevent the knife of the higher critic from cutting up the Bible to pieces not that their desire and determination to deny the divinity of the miraculous, the Messiah Christ, the Lord Jesus our saviour and our righteousness, to treat these as falsehoods, and those who believe in them as liars and hypocrites? This is their claim. This is the issue presented. There is no heresy hunting about it. Blasphemy, indeed, comes out into the field and proclaims its issue, and while some in our theological colleges and in our pulpits still think it wrong to walk softly, yet their feet in the same direction, and when the education has proceeded sufficiently far, the "soft walking" will be changed for the more noisy movements of the higher critic."

The Resurrection. Mr. Blake quotes as one of the bad samples "of the chilling, barren, emasculated gospel with which we are supplied to replace our splendid song of praise at Easter tide" this paragraph from page 43:

"The fantastic idea that a dead person should miraculously come to life, and then go back to his grave, is as much as to believe in a pre-existent personal Messiah."

And again, "conceived by a virgin?" "Time was when, at the mention of the name Jesus, many thought of church doctrine, of Christianity, dogma, the old creed, which you like as they thought of the veil, of the wrappings woven by speculation of the deity; of the 'conceived by a virgin Mary,' of resurrection, descent into hell, ascent into Heaven; of return on the clouds; of miracle upon miracle; of the whole church belief in its massive formation with its materialism and its magic. To-day we live in a new age, a new era, a new world, so much as by the absence of any psychological soil in which the fantasies can find nourishment, the Christian religion, that religion 'already an antiquated affair, a relic that is worthless to the cultivated classes of the present age, really signify for many children of our times a sarcophagus of the personality of Jesus and of his religion, and are responsible for the essence of his religion. One cannot cast aside the gold with the dross, and one cannot have the gold without the dross of the dross."

The Suitable Epitaph. Comments Mr. Blake: "They take away from us a stone in its stead. The stone is the foundation of the world. But they offer us a fake Bible composed of the vapors of the rationists of Germany, France, Great Britain and North America, dressed up according to the so-called common sense of him who happens to be the editor of the magazine. The epitaph on such a higher critic on cold scientific lines might well be 'buried with the burial of his own religion, a monument on one beloved risen and ascended Lord let us rather say of all higher critics as they crucify afresh the building of their own religion, for they know not what they do.'"

But you will say, is this a fair sample of the conditions of all higher critics? I do not think so. Higher criticism is a growth. But the difficulty is no clear line of demarcation. It is drawn."

Turning to a work of Prof. John E. McFadyen of Knox College. "Old Testament Criticism and the Christian Church" Mr. Blake says it sets forth, in the first place, the apparently irreparable harm that is being wrought by higher criticism. After setting forth the poison the professor deals with what Mr. Blake conceives to be a total insufficient antidote. In conclusion Mr. Blake says: "The infidel attacks on the Bible in France led to this sacred volume being tied to the tail of a donkey and dragged through the streets of Paris, which soon flowed with the blood shed in the terrible reign of terror that ensued as a judgment upon this unfortunate people. Looking at the aspect of matters in our own country to-day, it appears to me that the infidel attacks in our colleges made upon the Word of God may shake the foundation of law and order, and bring upon us a reign of lawlessness and anarchy that will be terrible to our children. If this teaching be admitted as correct, we shall have to close our Bible societies and Bible departments and cease the annual output of millions of copies of the Book, and have our missionary societies and Bible departments paralyzed for want of that word of the Living God, which is the basis of all our Christian work."

Max God in His goodness avert this catastrophe in our land."

The New School Readers. To guard against an increase in the price of the new public school readers, a clause was inserted in the specifications asking at what price the books should be supplied to the government. The contract will be for ten years. The new will be larger than the old. Most copyright holders have given permission to use their works. A few copyrights were purchased. Among the authors will be, Kipling, Frodoe, Tenneyson, Dickens, George Eliot, Milton, Byron, Carlyle, Stevenson, Agnes

A Dead Heat

Mr. Smith has also trained Miss Rose L. Pitts, the winning Professional Champion; Mr. L. H. Coombes, the World's Amateur Champion; Miss Edith Scott, the 1908 School Champion, Typist, 47.

Taft Meets Labor Men

Conference at White House on a Number of Matters. WASHINGTON, April 16.—President Taft discussed the problems of the labor movement for two hours to-day with the members of the executive council of the American Federation of Labor, which is in session in this city.

The labor leaders were headed by Samuel Gompers, and included the representatives of most of the trades affiliated with the American Federation. They were met by a number of leaders who stubbornly opposed Mr. Taft in his presidential campaign. But he greeted with the executive officers was cordial.

When the conference had reached its close, the president told his callers that he would investigate such of the matters presented which seemed to him to require such action and that he would be glad to help, as far as his opportunities would permit, arriving at a proper solution of the difficulties in which the working people find themselves, while at the same time keeping in interest the whole people in view.

The labor leaders seem pleased with the president's attitude towards the problems, including the matters of injunctions, the eight-hour law, the convict labor, the recent indictment of labor leaders in the south for alleged violations of the Sherman anti-trust law, the danger of a dissolution of all labor organizations under a strict interpretation of the recent decisions of the supreme court, the maintenance of the international peace, labor problems on the Panama Canal, the adherence to the right of asylum in this country for political exiles from other lands, and child labor.

# The Impure Spring Blood Poisons the System

You need no microscope to tell you that your blood is impure. There are indications which you cannot mistake.

You have tired, draggy feelings, lack energy and ambition, have pains and aches in limbs and body, digestion is slow, appetite poor. You are easily irritated and annoyed and out of sorts generally.

The trouble is impure blood and the only means by which the blood can be purified is through the healthful, active working of the liver and kidneys. Perhaps you never thought of it in this way before. Ask your physician and he will tell you this is absolutely correct.

The mission of the liver and kidneys is to filter poisonous impurities from the blood. In the winter they are overworked and spring finds them tired and sluggish in action and the blood loaded with poisons.

Because they act directly and specifically on the liver and kidneys and bring them into healthful activity, Dr. A. W. Chase's Kidney-Liver Pills are the most effective and satisfactory purifiers of the blood which you can possibly obtain.

Most of us of this great medicine this spring and you will find that with the filtering and excretory organs in health and vigor you will escape the depression and discouragement, the weakness and pain which is bound to accompany impure blood.

## Dr. A. W. Chase's Kidney-Liver Pills

By their direct and combined action on the bowels, the liver and the kidneys positively cure chronic indigestion, constipation, biliousness, liver complaint and kidney disease. One pill a dose, 25 cts. a box, 25 all dealers, or Edmanston, Bates & Co., Toronto, Ontario. Dr. A. W. Chase's Ointment cures itching, bleeding and protruding piles.

### NEXT WEEK AT THE THEATRES

**Mrs. Temple's Telegram.** The uproariously funny and mirth-provoking farce comedy, will be presented for the first time in this city at the Grand Theatre for three nights, commencing April 22. Altho one of the greatest successes in London during the past few seasons, the play is a farce comedy of the American school. It was written by Frank Wyatt and William Morris, and which it depends upon absurd situations for its humor, never are the bounds of probability exceeded, while in addition to this fact the lines themselves are exceptionally brilliant. Not figuratively, but literally speaking, each minute of the performance brings some new conception in the most natural way, out of the original fib from which the story takes shape. Until the final fall, the audience is kept in one unending convulsion of laughter. The characters are exceptionally well drawn, and while the plot is consistent there is not one speech even that can be left out without affecting the play, which which about a little fib told by Jack Temple to his wife. This original fib brings about another and another, until there is a literally tangled skein.

love with their actress niece, make him acquainted with the fact that "The Lady Bantock," his great-grandmother, was the daughter of a butcher, then Lord Bantock, who is really a very good chap, asks his wife's uncle's permission to wed his niece, and the uncle, impressed by the manner in which the New Lady Bantock dismissed her retinue of servants, gladly consents to the union.

A clever bit of work is that of the well known actor, Charles Cartwright, as the butler. The entire comedy company has been heralded as the best that the American stage has seen in some years.

At the Alexanders.

Judging from the large advance sale for "The Mimic World" which will be seen at the Royal Alexandra next week Torontoans have evidently realized that they were at last going to see a production of the lighter musical class worthy of their patronage. With a company of nearly one hundred, the stage and an orchestra of thirty trained musicians it will readily be seen that those who attend the week will be well pleased with the entertainment given them.

It is of special interest to theatre-goers here to know that Gertrude Hoffmann, the original and sensational classic dancer in America, and who has been drawing packed houses at Hammerstein's in New York, is to be seen here in "A Vision of Light," Mendelssohn's "Spring Song," and her imitations in connection with the great "The Mimic World," the big Schubert-Pfleiderer musical revue, containing all the hits of 1908, with catchy music, clever comedians, pretty girls and whirl-wind new tricks and comedy.

The new revue is said to be something very original in conception. It takes the principal characters of the big Broadway dramatic and musical successes of last season and welds them into a connected story, which the audience enjoys across the seas to the land of mirth and frolic—France. The following successes contribute one or more characters: "The Witching Hour," "The Wolf," "Yankee and the Boys," "The Girl Behind the Counter," "Nearly a Hero," "The Talk of New York," "50 Miles From Boston," "Mary's Lamb," "Spring Chickens," etc. The scenes of the revue are laid principally in Paris. The first shows the famous Cascade Cafe in the Bois de Boulogne; the second, a section of the race track at Longchamps Grand Prix, and the third shows a scene in Marseville.

The production is the result of the joint work of Lew Fields and Edgar Smith. Among the songs and dances included are: "The Girl Behind the Counter," "The Wolf," "Yankee and the Boys," "The Girl Behind the Counter," "Nearly a Hero," "The Talk of New York," "50 Miles From Boston," "Mary's Lamb," "Spring Chickens," etc. The scenes of the revue are laid principally in Paris. The first shows the famous Cascade Cafe in the Bois de Boulogne; the second, a section of the race track at Longchamps Grand Prix, and the third shows a scene in Marseville.

The great charm of Fanny Ward is a femininity which seems to insist on forcing itself into recognition from behind a foil of the bewitching spryness which the American stage has known in some time. Miss Ward will open a week's engagement at the Princess Theatre, Monday night and her vehicle will be the new comedy by Jerome K. Jerome, "The New Lady Bantock," which which which the final and highest praises from the London critics, thus stamping her as quite the pickiest American girl who has ever courted success in the States has been a triumphant one. Her success in Chicago, Boston, and elsewhere in the States has been so great and declared quite the most fascinating comedienne on the American stage; and her run at Wallack's Theatre, New York, has only just been regrettably terminated in order to permit her to accept of a large offer of her native country prior to her return to London in May to produce a new play.

At Shea's.

The bill at Shea's Theatre next week will be headed by six musical Nocturnes, returning to vaudeville, and they will be given a warm welcome by everyone who remembers the merry "The Mimic World" which has not been seen here in a number of years. For the last four seasons these four pretty girls and two young men have supported His Majesty, King Edward, at the Royal Orchestral Society's Concert, by the special request of His Royal Highness the Duke of York. The concert His Majesty was presented to His Majesty, who congratulated her in the most complimentary language, praising the original number. Canada must be proud of her possession of an artist of such charm of voice and accompaniment to extend beyond the limits of her own country.

In addition to seeing Miss Ward's excellent acting, local theatre-goers will find Jerome K. Jerome's genial wit and excellent satire best exemplified in "The New Lady Bantock." The story in brief is: Fanny Arnold, the daughter of a strolling musician and herself a Gaiety girl, married Vernon Weatherly, without knowing that he is Lord Bantock of Bantock Hall, where 23 of her relatives are employed as servants. Her entrance into the home as Lady Bantock causes at first consternation, as Fanny's mother was supposed to have married below her station, and as Fanny herself had sided not in the same class with her cousins, and, later, a determination on the part of her uncle, the butler, to prepare her for her exalted position. As it happened that Fanny's former manager told her husband that her uncle was a New Zealand bishop and a confession would have put her in a false position besides causing grief to Lord Bantock, whom she sincerely loves, Fanny decides to put up with the presumptions of her relatives. But the 23 other things too far and then things begin to happen. Lady Bantock, driven to exasperation, finally discloses the true state of affairs. Lady Bantock is forced to dismiss her uncle and his children and nephews and niece from the Bantock service, with which they have been identified for three generations; and after the two elderly maiden aunts of Lord Bantock, having fallen in

At the Gaiety.

"The Gay New York Burlesquers," the latest and one of the real successes of this season, will be held upon the affections of amusement seekers, for the reason of its many-sided claims of superiority of construction. With a well developed plot to guide the action of its manifold merriment, it is reputed to possess such novelty of scenes and incidents as would naturally enhance the value of its merriment, and entertain out-of-the-ordinary. Such a pretty girl contingent of players and singers may be relied upon for all manner of certain success, and especially that class of girls who add to their personal charms by being able to give themselves with starting distinction. The Gay New York, with a small army of fun-makers, vocalists and artists in all the various branches of progressive stage amusement and production, will be equipped with scenic devices, will more than likely command substantial recognition at the Gaiety Theatre next week.

**Cosgrave's XXX Porter**

The moderate use of all good things is healthful, helpful temperance. In your selection of good things get the best.

**Cosgrave's XXX PORTER**

Absolutely and unqualifiedly the cream of Canadian porters. The porter of characteristic excellence—the beer for you and your family.

**The Cosgrave Brewery Co. of Toronto, Limited**

**PRESIDENT TAFT IN LINE**

Will Make Opening Speech For American Laymen's Movement.

H. K. Caskey, executive secretary, Canadian Council Laymen's Movement for Missions, returned from New York yesterday. He said a meeting of the national council was held at New York on Tuesday, at which Mr. Rowell and

**FREE TO MEN UNTIL CURED**

Not One Penny in Advance or on Deposit

Are you nervous and run-down? Are you gloomy and despondent? Do you feel the need of new strength? Are there weaknesses which exhaust your vital forces? Does your back trouble you? Have you Rheumatism, Constipation, Kidney, Liver or Stomach troubles?

If you have one or all of the above symptoms; if you realize that your strength is ebbing away; if you are not the man you should be, I offer you in the world-famed Dr. Sanden Hercules Electric Belt, a remedy so safe and natural, so sure in its results that I can afford to give it to you absolutely

**FREE UNTIL CURED**

Not a cent need be paid in advance or on deposit. All I want is some assurance from you that you will pay me when cured, and I will take all the risk. If the Belt fails, return it and that will end the matter. I charge only the regular catalogue prices for the Belts on trial. If you prefer to pay cash you get a liberal discount.

It is my great knowledge of electricity and its effect on the human system, gained through years of experience and study; also my success in restoring to health thousands of men and women in all parts of the world, that makes me so confident I can do the same for you. Let me give you back your strength. Let me give you a perfect blood supply and circulation; a nervous system in harmony with the rest of your body; a stomach that will digest its food properly; a mind alert and active. Let me make you what you were intended to be—strong, happy, confident, brave—a satisfaction to yourself and the admiration of your friends.

If you have time and money to waste you will probably try some of the many drug remedies, but you will come to me in the end. Nearly every person I cure has used drugs without success. No one else has the confidence in his treatment to take your case on the same terms that I do. You can't possibly lose by it. This is no "money back" proposition. If you accept my trial offer you can keep your money in your pocket until cured.

If you need my help, let me take charge of your case at once. The Belt is worn comfortably about the waist at night while you sleep, filling the depleted nerve centres with new life and energy and curing while you sleep. It is the most scientific way of applying electricity.

**FREE BOOK** Write or call for free book on medical electricity, beautifully illustrated. It will give you prices and full particulars and contains much useful information for both men and women. Sent free, by mail, in plain sealed envelope to all who apply. Write or call at once—today. Address,  
**DR. A. B. SANDEN, 140 YONGE STREET, TORONTO, ONT.** Office Hours 9 to 5 p.m. Saturdays Until 9. DINEEN BUILDING, ENTRANCE NO. 6 TEMPERANCE ST.

**WAS A SAILOR BOY**

Interesting Career of an Eminent Visiting Missionary.

It was a coincidence that Rev. S. E. Peck, a pioneer missionary from the Hudson Bay region, should be in the city yesterday at the same time as Dr. Grenfell of Labrador fame.

Rev. Mr. Peck has had an interesting career. He was born near Manchester, England, in 1850. Left an orphan at 13 he went into the navy. Thru a fondness for scripture reading he became imbued with missionary fervor and in his early manhood bought his discharge. About 30 years ago he was sent by the Church of England as missionary to the Eskimos in the remote Black Lead Island in the Hudson Bay. Mr. Peck's visit here was noted by the translating of missionary literature into Eskimo. He will shortly return to Black Lead Island.

**Marie Hall Recital.**

The sale of seats for the Marie Hall concert, which will be given here at Massey Hall, there are many music lovers in Toronto who think this wonderful young English girl more appealing than any they have heard, so that it may be hoped that the same corporate guard which listened to the Dresden Orchestra and German Schutzer the other night will be enlarged possibly into two battalions.

**"A Broken Idol."** which has just terminated its long and successful engagement at the Grand Opera House of musical comedy in Chicago—The Whitney Opera House—is announced as the race week attraction at the Princess Theatre. The company, headed by Otis Harlan, will be brought here in its entirety.

**"Beverly of Graustark."**

Those who have read and were fascinated with Robert Barr's deliciously charming story, "Beverly of Graustark," will be pleased to learn that it has been dramatized and will be seen at the Royal Alexandra Theatre week of April 26, where it will be given one of the most elaborate productions ever enjoyed by a book play. The company is headed by Miss Jessie Busley, lately a star with Charles Frohman and Liebler & Company, and who was last seen here in "The Bishop's Carriage." Others are Horace Vinton, of Eleanor Robson's company; Douglas J. Wood, formerly with Henrietta Crossman, Mrs. Leslie Carter and Mary Mansinger; Eddythe Shayne, formerly of "The Lion and the Mouse" and leading woman with the Savage production of "The Devil"; Mrs. Charles Craig, seen here recently with "The Warrens of Virginia"; Grace Andrews, who succeeded Frances Starr, in "The Rose of the Rancho," and Crossman Brown, a son of Henrietta Crossman.

**At Trinity Church.**

At Trinity Church, 101 King-street the full plaster mission service will be repeated morning and evening. The anthem in the evening will be Martin's "As I Begun to Dawn," the soprano solo being taken by Miss E. C. Wilson.

**Edith Miller, the Canadian contralto,** returns to her native land from her wonderful triumph in Europe, where she has been for the past few years the gas-giving, sweetest vocal in London on March 19, which was under the immediate patronage of His Royal Highness the Prince of Wales and the Duke of York, and many other people of note.

The Toronto World A Morning Newspaper Published Every Day in the Year.

TWO CENTS A MILE GREAT SUCCESS IN ILLINOIS.

The following is an authoritative synopsis of the report of the railroad commission on the operation of the two-cent-a-mile rate legislation in the State of Illinois and shows in a remarkable manner the extent to which passenger traffic has increased. If the criticism is made that Illinois contains a larger population it should also be remembered that it is gridironed with railroads in a way paralleled by no other state of the union.

The application of the two-cent fare law in the State of Illinois shows that the number of passengers carried during the last year of the three cent fare law (1907) the railroads carried 57,218,225. This shows an increase for 1908 of 19,623,696 more passengers. The earnings from passenger service per mile of road for 1908 was \$3.74, and for 1907 was \$2.98, an increase of 456 per cent.

In the above showing several of the leading trunk lines show an enormous increase in the number of passengers carried in 1908 over 1907. Take, for instance, the Chicago and North Western Railway, which in 1907 reported carrying in the State of Illinois 2,450,597 passengers, the report for 1908 carries 5,208,873, an increase of 12,806,466 passengers. The Chicago, Burlington and Quincy Railway reported in 1907 carrying 4,147,833 passengers and in 1908 they report carrying 8,095,241 passengers, an increase of 3,947,408 passengers, and the Chicago, Milwaukee and St. Paul Railway, who furnished for 1907 no statement of the number of passengers carried in Illinois, report for 1908 that they carried 2,017,161 passengers. These enormous increases are accounted for by the fact that in former years these railroad companies made apportionment of traffic handled and their operating and expenses in the State of Illinois on the basis of what the mileage in the State of Illinois bore to the total mileage of their whole system. Thus we find that the Chicago and Northwestern Railway has over 7000 miles of road in its system, and the Chicago, Burlington and Quincy Railroad over 8000 miles, and in former years the movement of their passengers and freight business, their earnings and expenses, as far as the State of Illinois was concerned, was distributed over a large and unproductive mileage in the northwest. For the year 1908, however, these companies seem to have reported the movement of passenger and freight business, their earnings and expenses more nearly in line with actual conditions.

But eliminating entirely these railroads, which have shown such abnormal increases in their passenger statistics, and we find from the reports of all other roads combined that in 1908 they carried 51,199,150 passengers and that in 1907 they carried 50,324,773 passengers, and that the increase for the year 1908 was 874,377.

It must also be remembered that the year 1907-1908 was not a very propitious year for the testing of a rate reduction. Commencing very shortly after the date on which the new law became effective, a very marked depression struck the financial and industrial condition of the whole country and naturally most seriously affected the railroads. These conditions continued during the balance of the year covered by this report. Yet notwithstanding this, the effect of the operation of the two cent fare law seems to have been productive of increased revenue.

The total number of tons of freight carried earning revenue for 1908 was 161,311,175 tons and for the year 1907 was 135,672,228 tons, an increase for the year 1908 of 25,638,947 tons. The average earnings from freight service per mile of road for all the railroads in the State of Illinois, as representing purely intrastate business, was for the year 1908 the sum of \$3.403.00 per mile. For 1907, \$3.351.00 per mile, an increase of \$22.00 per mile of road.

The total revenue from passenger service in the State of Illinois for the year 1908 was \$44,237,189.00 and for 1907 \$41,157,937.00, an increase for the last year of \$3,079,252.00.

The total revenue from freight service in the State of Illinois for the year 1908 was \$112,782,054 and for 1907 \$120,623,799, a decrease of \$7,841,745.00.

comparison as has been already stated, being the year 1908-1907, a year of unprecedented prosperity as compared with the year 1907-1908 which was a year of most serious business depression and when this fact is taken into consideration, it seems a most remarkable showing for the management of our great railroad systems.

Illinois in the matter of railroad mileage still stands the peer of any other state in the union, with main line single track of steam railroads alone of 12,082.23 miles. Second, third and fourth main tracks 2400.39 miles. Industrial track, 646.90 miles. Yard tracks and sidings 648.76. Total steam railroads mileage 21,494.33 miles, an increase over 1907 of 428.17 miles. Add to this the mileage of interurban electric railroads of 1616.80 miles, making a grand total of 23,111.13 miles.

MARMADUKE MATTHEWS' PICTURE SALE. To-day and on Monday there will be on view at Messrs. Charles M. Henderson & Co.'s art gallery, 87 East King-street, a specially fine collection of water color drawings from the easel of Marmaduke Matthews, R.C.A. It practically comprises the whole of his past season's work and none of the paintings have been previously on exhibition. Taken as a whole they are excellent examples of his facile brush and his love for Canadian scenery. The subjects are treated with intimate knowledge and comprise a wide range, covering the quiet beauties of the East and the more magnificent landscapes of the west. Mr. Matthews has always been specially happy in his rendering of rock and mountain and is able to convey vividly the feeling of vastness, depth and sublimity inseparable from our renowned Alpine ranges. The collection contains no pictures of exceptional size, and for that reason should find ready disposal. In handling and technique they are well worthy more than a passing glance, particularly from those interested in the beauties of our own country. Nature is shown in varied aspects and Mr. Matthews' coloring without exaggerated effect is always rich and harmonious. The larger drawings are mostly taken from the Selkirk and Rockies and are firm and massive in treatment, with fine perspectives. Others of smaller scale are full of poetry and interest. All will be offered for sale on Tuesday, April 20, at 2.30 p.m., and this will afford a very favorable opportunity for acquiring examples of Mr. Matthews' craftsmanship.

At the star recital to be given tonight by the Dickson Fellowship, Mr. Lindner will perform on the cello, will play his famous Stradivarius, which he keeps insured for \$10,000. His tone is rich and his execution is firm and his magnificent instrument. The Guild Hall should be too small to hold the crowd to-night.

THOS. TAIT'S SUCCESS WITH PEOPLES' RAILWAY. A tribute was paid by Senator McCall of Australia in his address before the Empire Club to the success of Thomas Tait, the Canadian railway man, who had been engaged to manage the Victoria railways, and had won laurels by converting a deficit of \$5000 a day into a profit.

IN TURKEY. Turkey still has a parliament, but its influence appears to be dead. Many of its members are fearful of entering the doors; those possessing courage enter, but are held only in contempt by the acts and wishes of the reactionary party, which has now obtained control of the state. Nobody dares to predict what a few days may bring forth.

DEAD OF A BROKEN HEART. Street Railwayman Couldn't Beat Under Suspicion. He died of a broken heart, for he had entirely recovered from his wounds in the Empire Club. He was the son of Edward H. Gohn, aged 50, who cut his throat Thursday, April 1, and died a few days later in the Western Hospital.

Gohn cut his throat from ear to ear because he had been discharged from the service of the Toronto Street Railway last fall under suspicion of manipulating the fare boxes, and he could get on other employment.

He had continually declared his innocence of a "spotter's" charges and had tried to force the company to formally accuse or exonerate him. His union offered to pay the expenses of a trial, and he went so far as to instruct a lawyer to act on his behalf, but the company would do nothing. He leaves a widow and two boys aged 2 and 12.

SCOTCHMAN'S MISFORTUNE. Wanders Three Days in Bush—Hands and Feet Frozen. PORT ARTHUR, April 16.—(Special)—Basil Day was brought out of the bush from White River with his hands and feet badly frozen. Day is a Scotchman going thru to Montreal with cattle to the old country. At White River he had a difference with the man in charge of the stock left the trail and lost his way, trying to take a short cut thru the bush. When found he had been three days in the bush without food.

Quakes in California. EL CENTRO, Cal., April 15.—(Both Imperial and El Centro) experienced three distinct earthquake shocks last night at intervals of several seconds.

Mr. C. J. Townsend, auctioneer, has received an important consignment from Holland of Roses, Anemones, Rhododendrons, Lilies, Climbing Vines, Shrubs, Fruit and Ornamental Trees, Lavender, Box Trees, Magnolias, etc., which he intends selling by auction on Monday and Tuesday next at 11 a.m. to 2 p.m.

Real English SUITS and OVERCOATS to measure from \$5.14 to \$20. CURZON BROS. Go to Curzon. The World's Measure Tailors. 405-410 BAY ST. TORONTO.

IN THE LAW COURTS. ANNOUNCEMENTS. Osgoode Hall, April 16, 1909. Peremptory list for divisional court for Monday, 19th inst., at 11 a.m.: 1. D. Devany v. Munro; Munro v. Downey.

Peremptory list of court of appeal for Monday, 19th inst., at 11 a.m.: 1. C. P. Ry. Co. v. Town of Carleton Place; 2. Sharpe v. White; 3. McDonald v. G. T. R. Co.; 4. Caledonia Milling Co. v. G. T. R. Co.

Peremptory list for non-jury sittings: Monday, April 19, at city hall, at 11 a.m.: 214. Royce v. National Trust; 215. Cellius v. Toronto Railway Co.; 216. Golden v. Toronto Railway Co.; 217. Robertson v. Eason; 218. Bay of Quinte v. C.P.R.

Master's Chambers. Before Cartwright, Masier. Ludlow v. Ludlow.—N. G. Heyd, for plaintiff, moved for judgment in interim alimony and disbursements. W. S. Brewster, K.C., for defendant, contra. Order for \$2 a week from the first of March and \$20 interim disbursements.

Braithwait v. Patton.—N. G. Heyd, for plaintiff, moved for judgment on writ of prohibition. W. S. Brewster, K.C., for plaintiff, contra. On plaintiff undertaking to set case down and proceed to trial next jury sitting at Bramford motion dismissed. Costs to defendant in any event.

Hamilton v. G.T.R.—F. J. McCarthy, for plaintiff, moved for judgment on statement of claim. H. E. Rose, K.C., for plaintiff, contra. Order made for particular judgment on statement of claim on common law claim, and until May 10 to enable this to be done. Amyot v. Sugarman.—H. M. Mowat, K.C., for defendant, appeared from the order of the chancellor of Feb. 8, 1908, whereby he reversed the ruling of the registry at Ottawa, who had taxed plaintiff costs on a judgment for \$20 on the county court scale, and ordered them to be taxed on the high scale.

PERIOD WALL PAPERS are a prominent feature in our stocks this season. We have also many beautiful materials at all prices, in many cases designed for the Wall Papers. Some very interesting productions of old fabrics are to be found among them. Elliott & Son Limited 79 King St. W., Toronto

for defendants other than Wilson. E. C. Sperman, for defendant Wilson, called on the jury to be struck out, to be tried with the case of M'Dermott v. Wilson. If jury notice has been served it can be struck out. Costs of this application to be disposed of by trial judge.

Re Lot 7, Township of Barton.—J. H. Spence, moved for an order vacating order of judge of county court for payment out of court. Order made. Pond v. Mielick.—G. C. Thomson (Hamilton) moved on consent for order of confirmation of master's report and for distribution of estate pursuant thereto. Order made.

Re Crozier.—J. T. Richardson moved for an order for the present payment out of \$50 and of \$100, in six months' time for maintenance. J. R. Meredith, for plaintiff, Order made. McCleary v. Holliday.—R. T. Harding, for defendant, moved to strike out jury notice. F. Aylesworth, for plaintiff, contra. Order made.

Turner v. Mas.—J. W. Bain, K.C., for defendant, moved for an order transferring an action from the first division court of Peterboro to the high court. C. W. Kerr, for plaintiff, contra. Action in the divisional court to proceed to judgment and then to stand adjourned to be brought within a week on the counter claim, which is to be withdrawn from the division court action, and to be brought within a week in place of plaintiff's claim. Costs to be disposed of by judge who tries high court action.

Re Thurst.—R. D. Moorhead moved for an order allowing \$100 a year for maintenance, to be paid quarterly. J. R. Meredith, for the official guardian, contra. Order made. Re Charlton.—J. R. Meredith moved for an order for payment out of court. Order made.

Re Casselman.—J. R. Meredith moved for an order for payment out of interest on a debt, and for the third parties to set aside jury notice filed by defendant. I think the rule indicated in the judgment of the divisional court in the case of the defendant should be adopted, namely, that the jury notice should go where the case is one that in the opinion of the judge before whom the motion to strike out the jury notice comes would be tried without a jury. The jury notice will be struck out. Costs of the case.

Trial. Before Riddell J. Smith v. City of London.—E. F. B. Johnston, K.C., and J. M. MacMahon, K.C., for plaintiff, E. E. A. Du Vernet, K.C., and A. H. F. Letroy, K.C., for defendant, J. R. Cartwright, K.C., for defendant, appeared from Ontario. This was an action to have defendant's agreement with the Hydro-Electric Commission in relation to the Electric Company and its subsidiaries in this action were examined at London and the argument of the case adjourned here and reserved.

Divisional Court. Before Meredith C. J. MacMahon J., Pigeon River Lumber Co. v. Moorhead v. Casselman, for the defendant, on appeal from the judgment of Britton J. of Jan. 5, 1909, I. F. Hellmuth, K.C., for plaintiff, contra. Argument of this appeal resumed from yesterday, and in the argument Mr. Cassels contending that the Ontario Government has no right to authorize the construction of works which impede navigation in waters not wholly within the province, but also made to the Dominion Government; also the court held that the attorney-general for the Dominion and of the province must be notified and given an opportunity to appear and argue the question of jurisdiction.

Hamilton v. G.T.R.—F. J. McCarthy, for plaintiff, moved for judgment on statement of claim. H. E. Rose, K.C., for plaintiff, contra. Order made for particular judgment on statement of claim on common law claim, and until May 10 to enable this to be done. Amyot v. Sugarman.—H. M. Mowat, K.C., for defendant, appeared from the order of the chancellor of Feb. 8, 1908, whereby he reversed the ruling of the registry at Ottawa, who had taxed plaintiff costs on a judgment for \$20 on the county court scale, and ordered them to be taxed on the high scale.

Re Thurst.—R. D. Moorhead moved for an order allowing \$100 a year for maintenance, to be paid quarterly. J. R. Meredith, for the official guardian, contra. Order made. Re Charlton.—J. R. Meredith moved for an order for payment out of court. Order made.

Re Casselman.—J. R. Meredith moved for an order for payment out of interest on a debt, and for the third parties to set aside jury notice filed by defendant. I think the rule indicated in the judgment of the divisional court in the case of the defendant should be adopted, namely, that the jury notice should go where the case is one that in the opinion of the judge before whom the motion to strike out the jury notice comes would be tried without a jury. The jury notice will be struck out. Costs of the case.

Divisional Court. Before Meredith C. J. MacMahon J., Pigeon River Lumber Co. v. Moorhead v. Casselman, for the defendant, on appeal from the judgment of Britton J. of Jan. 5, 1909, I. F. Hellmuth, K.C., for plaintiff, contra. Argument of this appeal resumed from yesterday, and in the argument Mr. Cassels contending that the Ontario Government has no right to authorize the construction of works which impede navigation in waters not wholly within the province, but also made to the Dominion Government; also the court held that the attorney-general for the Dominion and of the province must be notified and given an opportunity to appear and argue the question of jurisdiction.

Hamilton v. G.T.R.—F. J. McCarthy, for plaintiff, moved for judgment on statement of claim. H. E. Rose, K.C., for plaintiff, contra. 190 YONGE STREET TORONTO

T. EATON CO LIMITED

in our opinion accounted for the money orders received by him by showing that without negligence on his part they were stolen from him, and he therefore unable to return them. The money orders, even if they had been counterfeited by the appellant himself, would not have been binding on the company, the issued by him, unless the money they represented had been received by him for transmission to the company. We are unable to distinguish this case from Erb v. G. W. Ry. Co., 42 U.C.R., 90; 3 A.R. 446; 3 S.C.R. 172. Again, the money order is not a bill of exchange, but an agreement with the remitter to transmit and pay to the order of the payee of the sum mentioned in it, and neither the payee nor the endorsee of it would be entitled to sue upon it, there being no privity of contract between him and the respondents. For the last two reasons, assuming that there was a breach of the appellant's contract, the respondents suffered no damage by reason of it, as they incurred no liability to the payee or transferee of the money orders. We therefore allow the appeal with costs and reverse the judgment of Latchford, J., and substitute for it a judgment dismissing the action with costs.

List of appeals set down for sittings of court, commencing Monday, 19th inst.: 1. C. P. Ry. Co. v. Town of Carleton Place; 2. Sharpe v. White; 3. McDonald v. G. T. R. Co.; 4. Caledonia Milling Co. v. G. T. R. Co.; 5. Berkenshaw v. Henderson; 6. McNeil v. Stewart; 7. Toronto Railway Co. v. City of Toronto (new lines); 8. Plaunt v. Western Electric Co.; 9. Driscoll v. Ottawa Electric Railway Co.; 10. Lougaker v. Sisters of St. Joseph; 11. Reid v. Michell; 12. Bank B. N. A. v. Warren; 14. Gray v. Electrical Development Company; 15. Lee A. B. in re Estate of; 16. Ross v. Chandler; 17. Brandenburg v. Ottawa Electric Railway Co.; 18. Hill v. Snider; 19. Township of Dover v. Township of Champlain; 20. Auerbach v. Hamilton.

All Pilsener Lager is not necessarily O'Keefe's Pilsener. The word Pilsener denotes the celebrated process of brewing originated in the town of Pilsen, Germany. O'Keefe's Pilsener Lager The Beer with a Reputation is brewed after the true formula. It is the original "Light Beer in the Light Bottle," brewed only from pure barley, malt, choicest hops and filtered water—filtered after it is brewed and pasteurized after it is bottled. Look Out For Substitutes! Look for the "O.K." on the bottle. THE O'KEEFE BREWERY CO. LIMITED, TORONTO

CITY'S POWER SCHEDULE MEANS LOWER PRICES

Manufacturers Will Undoubtedly Benefit by the Rates the City Offers.

General satisfaction will be felt with the figures made public by the city. Various prices have been estimated for electric power under the Hydro-Electric Power Commission scheme...

It has been the boast of the Toronto Electric Light Company and its officials that the whole Hydro-Electric scheme was a misguided delusion which could never be brought to completion...

Table with columns: Maximum in Month, Minimum in Month, Rate per H.P. per month, etc.

The first column merely indicates the probable amount of power a customer thinks he may use. He enters himself in the 200, the 100, or the 2000 horse-power class, as the case may be...

The man who uses 200 horse-power a year, 24-hour power at the \$2.19 rate, gets his peak at \$28.28 per horse-power...

The short time power, the man who runs his factory eight or ten hours a day, especially on account of the "peak load," which occurs when everybody wants power and light in the late winter months...

There are 150 peak hours charged by the city at 6 cents an hour, which means \$9 to be added to the regular rate given in the next column.

Using 8-hour power, say from 9 till 6 or 2400 hours, makes 2350 hours at 7c or \$16.70, and 150 hours at \$2 makes \$22.70 per horse-power per year.

For 2000 horse-power the rate for 8 and 10-hour customers is proportionately favorable at \$21.50 and \$24.50 respectively.

The advertisements set forth by the Electric Light Co. on power at peak hours and steam generation of heat fit out at all touch the essential point in the matter.

For 2000 horse-power the rate for 8 and 10-hour customers is proportionately favorable at \$21.50 and \$24.50 respectively.

Another World's Championship. The most recent typewriting contest for the championship of the world, held last week at Providence, R.I., was won on the Underwood. It has won every contest of recent years.

We have told so often of the high artistic qualities of the Angelus, and quoted famous authorities, that you may think it can play only classic music well.

That, however, is but half the story.

THE swinging two-step, the swaying waltz, the dainty morncau of the day, the sparkling comic-opera selection—all find perfect expression through the Gourlay-Angelus, equally with the Beethoven Sonata, the Chopin Nocturne, the Liszt Rhapsodie.

Most pianists capable of playing the classics will not bother with lighter works. Those who can play dance-music (for instance) well cannot play the classics.

THE GOURLAY-ANGELUS

ENABLES you to render every kind of music well; and makes no excuses nor objections. Mascagni, the composer of "Cavalleria Rusticana," etc., says: "The Angelus is a wonderful virtuoso pianist." Similar praise has been expressed by many other famous musicians...

You can now have this wonderful instrument on very easy terms or we will make you a liberal allowance on your present piano and take it in exchange. But whether or not you are ready to purchase you should make it a point to hear this instrument on your first opportunity.

The New Gurney-Oxford Cabinet Gas Range WITHOUT AN EQUAL BEAUTIFULLY DESIGNED HANDSOMELY FINISHED GUARANTEED TO GIVE SPLENDID SERVICE. The general appearance is most fascinating and great care has been taken to make it thoroughly practical in use. The ovens will bake or broil to perfection—so made that all heat is used in the cooking, not in heating the house. New safety oven lighter—simple yet positive—wood oven handles, always cool—new gas valves of the latest design, fitted so that gas leakage is impossible. That's but a few of the many good points. DON'T FAIL TO SEE OUR STOCK BEFORE YOU BUY. THE GURNEY-OXFORD STOVE STORES Open Sat. Evenings 231 YONGE STREET :: 569 QUEEN STREET WEST. TORONTO

MIGHT MIX THE FUNDS Objection to Trust Companies Doing the Brokerage Business. OTTAWA, April 16.—In the common committee on banking and commerce the question of allowing trust companies power to do a general business in debentures and to receive deposits was discussed on the bill to incorporate the Prudential Trust Co. of Toronto, which is one of the largest trust companies in the province.

KEEP YOUR HAIR ON! Paro's French Hair Grower Grows hair and we can prove it. Positively stops falling hair. Sold only at the following druggists: ROBERT SIMPSON CO., Drug Counter, G. T. TAMBLYN, 183 Yonge St., G. T. TAMBLYN, 207 Ave. and College St., BURGESS-POWELL, 278 Yonge Street.

How To Tell Catarrh An Experienced Physician Says the Following Symptoms Are Sure Signs. You can always tell catarrh by the following well known signs: Eyes red and watery? Difficulty in breathing? Are the nostrils stuffy? Do you sneeze frequently? Is your throat hoarse? Do you have any pain? Is there any oppression in the chest? A ringing in the ears? If you have any of these indications of Catarrh cure the trouble now—stop it before it gets into the lungs or bronchial tubes—then it may be too late. The remedy is "Catarrhose," a direct, breathable cure that places antiseptic balsams and healing medication on every spot that's tainted by catarrhal germs.

### UPON WOODEN SIGNS WHICH MENACE PUBLIC

No More of Overhanging Variety to Be Erected; But Illuminated Ones to Stay.

There will be no more overhanging wooden signs on the city streets if the civic works committee has its way. This attitude of opposition was taken at yesterday's meeting, when the sign engineer gave the opinion that such signs are a menace to public safety.

Mr. Maguire championed the cause of the illuminated signs, which, he said, brightened up the downtown streets. The committee appeared to argue, and Mr. Rust admitted that there was no great hazard from these signs, as they were carefully put up.

There was some talk of issuing an edict that all existing wooden signs be banished, but it was thought this course might be a little harsh and that they would have to be removed in time.

Mr. Rust reported that the Electric Light Company had acquired the habit of making openings in streets for extensions and taking the city's permission afterward. It must stop.

Mr. Rust reported that the Electric Light Company had acquired the habit of making openings in streets for extensions and taking the city's permission afterward. It must stop.

### LUMPS LIKE IRON ON HIS FINGERS

Peculiar Trials of a Westerner That Neglected His Rheumatism

This is no ordinary case—five doctors endeavored to relieve and cure Mr. J. E. Germaine, Port Arthur, and all failed to bring in this awful suffering even temporary relief.

Mr. Germaine, "and as far back as I can remember, I have always suffered from rheumatism. It was principally on the large muscles of my back, but extended to my limbs and made me quite a cripple.

Mr. Germaine, "and as far back as I can remember, I have always suffered from rheumatism. It was principally on the large muscles of my back, but extended to my limbs and made me quite a cripple.

Mr. Germaine, "and as far back as I can remember, I have always suffered from rheumatism. It was principally on the large muscles of my back, but extended to my limbs and made me quite a cripple.

BONDS REMAIN FIRM NEW COMPANY IN FIELD Demand for Corporation, Railroad and Industrial Bonds Good—New Issues on Horizon.

Local bond houses report a quiet week's business after the Easter holidays, the market still remains firm and in the same condition as to supply and demand. The tone of the market has improved, the investing public realizing that no downward movement is likely to take place at present, and that they will have to be content with the present rates of return.

The demand for corporation, railroad and industrial bonds yielding from 4 to 5 1/2 per cent. is good. Some fairly large issues are reported on the margin, which may have the effect of keeping prices at the present level.

There is no change in the condition of the money market. The brokerage house of C. Meredith & Co. of Montreal have made a new departure in that they have opened a bond department with offices at Montreal and London, England. This is expected to prove an important factor in the Canadian bond market. They made their initial purchase last week of \$500,000 City of Montreal 4 per cent. school bonds.

Local bond houses report the following purchases this week: C. A. Stinson & Co. have recently purchased \$70,000 debenture, 5 per cent. Municipal of Oak Bay, B.C.; \$50,000 5 per cent. 30 year bonds, issued for waterworks purposes, and \$20,000 Bay is a suburb of Victoria, B.C. There is a near prospect of the annexation of this municipality with Victoria.

They have also bought \$15,000 4 per cent. debentures of the Town of Inverness, N.S. These are for waterworks purposes and mature in 1915 and 1916 instalments. Interest at 5 per cent. and due in 15 instalments. The amount is to be paid on the construction of a public school.

The Traders' Bank purchased \$15,000 North Bay, Ont. bonds, bearing interest at 5 per cent. and payable in 15 instalments. It is understood that the price paid was on the 4-3-3 per cent. W. C. Brent has purchased \$30,000 Town of Rainy River, Ont. 4 1/2 per cent. bonds due in 30 years, and issued for waterworks.

Also \$15,250 8 per cent. 20 instalment Town of Dauphin, Man. bonds, 20 instalments bonds, issued for local improvements. Brouse Mitchell & Co. have bought \$25,000 City of Montreal 4 1/2 per cent. waterworks debentures due at the end of 20 years.

SPECULATORS OTHERWISE TIED UP. World Office Friday Evening, April 16.

Realizing from those with profits, either insiders or well-posted traders, was about the essence of business at the Toronto Stock Exchange to-day. C.P.R., Sao Paulo and Dominion Steel pref. were liquidated as fast as the market would absorb the offerings. In the reverse direction was a paucity of offerings of Northern Navigation, and a determined demand for a few of the shares was only satisfied by a good advance in prices since the last previous transaction. Despite the apparent freedom of money, it is now believed that many speculators tributary to this exchange are tied up in ventures that distract their attention at present from domestic issues, and that this is mainly responsible for the current dulness on the exchange.

HERBERT H. BALL.

USUAL HEALTHY REACTION SAID TO BE ON AT NEW YORK Wall Street Turns Weak and Quick Dips Result—Stocks Are Dull But Steady at Toronto.

A break on the New York Exchange to-day had no perceptible influence on local securities, which were about as little perturbed by this as they have been by the extensive rise in the New York market. There was no special distinctive feature in to-day's dealings but two or three issues worked against the general apathetic attitude of the market. These were Northern Navigation and two of the mining shares, Tretaway and La Rose.

It is now believed that the La Rose-Lawson deal has been finally completed, and to-day's buying was thought to indicate that this was effected. The advance on Northern Navigation was due to investment buying of these shares, which has considered low on the present dividend return.

The ordinary amount of business was transacted in the usual speculative fashion on the market, but from the action of prices it was evident that the selling was in effect and that the buyers are supporting the stocks. Dulness marked the close and news on the market was about as featureless as the occasion warranted.

Wall Street Pointers. Copper prices rather easier on falling off in demand. Good rain in Kansas and other important areas. Cast Iron Pipe Co. is now operating nearly 90 per cent. of capacity. One tax bill comes up before Minnesota Senate to-day.

London market generally weak, showing nervousness over unsettled Turkish situation. Disagreement again breaks out in U.S. Smelting Board. The known movements of money for the bank statement week ended yesterday indicate an increase in cash by the local banks of \$3,477,000.

LUEBCK, Germany. A sensation was caused here to-day by the suspension of the banking firm of Luckmann & Soltan. Pending further investigation of the affairs of the bank, the suspension of the bank has been ordered for the appointment of a receiver.

Local consumers of wire products as they are getting lower prices than those quoted by the U.S. Steel Corporation and the American Steel and Wire Company result. With the exception of high grade wire products, they are expecting a general reduction in wire prices in the near future. Purchases of agents of railroads who have test-standings on steel rails recently say that the manufacturers are still standing pat and no indication of a reduction until the Payne Bill becomes law.

THE DOMINION BANK VICTORIA STREET BRANCH.

We are occupying our new premises at the corner of QUEEN and VICTORIA STREETS, where a Modern Banking Office has been fitted up. Special Attention Given to Savings Accounts. Ladies will find this a convenient branch for "HOUSE ACCOUNTS," and for cashing cheques when shopping in the downtown district.

# Elk Lake --- Result of Tenders for the Gowganda Town Lots --- Gowganda

## FACTS FOR INVESTORS!

IN OFFERING the stock of the Montreal River Consolidated, Limited, we do so largely on the grounds of its investment possibilities.

The small capitalization (\$500,000) and the large mineralized acreage—400 acres—offer an exceptional opportunity to those of small means to participate in the great mineral wealth of New Ontario. Many investors have already taken advantage of the exceptional offering which we are making.

Until our supply of 60,000 shares of Montreal River Consolidated, Limited, is exhausted we will fill orders at the low price of 50 cents per share, par value \$1.00 per share.

On seven of the ten claims owned by this Company silver values have already been found, and development work during the incoming summer is expected to prove that the Company's properties are the equal of many of the Cobalt mines.

We expect to close out the stock we are now offering in a short time, and applications for the shares should therefore be made without delay.

It is altogether likely that after sinking is done on some of the veins where free silver has been found that the Company will be recapitalized, and holders of the present issue will receive a bonus of four or five shares in the new Company for each share held in the present Company. This would be similar to the purchase of the present issue at about 10 cents per share.

This is a proposition which any one seeking a remunerative investment cannot overlook.

### CALCITE LAKE A RECENT DISCOVERY.

—Photo by Bogart, Cobalt.

Calcite Lake is one of the countless bodies of water that dot the silver fields of the north country. As the reader has doubtless already inferred, the name has been given to the lake since the advent of the prospector, who found calcite there. Hitherto it was an unnamed and unknown lake, except to the Indians, who occasionally trapped or fished in its waters, which abound with trout.

The Oldways called Calcite Lake and Lost Lake the Twin Lakes, both being joined by a little river, which in the spring and fall becomes a roaring torrent. This river is said to be fairly alive with speckled trout.

Whoever discovered Calcite Lake is not known. S. C. McLaughlin, of the Bartlett Mines, and who first discovered silver on those remarkable properties, prospected along Calcite Lake in 1907. Mr. Merrill's prospectors also worked along the lake and located. The discovery of Calcite Lake by white men may be credited to a Mr. Sanderson, formerly of Toronto, who, when prospecting in the north, became separated from his party and got hopelessly lost. He stumbled on Lost Lake in his wanderings, and thus it got its name. He located his cabin on the east shore of Lost Lake, and Sanderson's cabin is a landmark there today. It is said that Sanderson shortly after discovered Calcite Lake by following the little river which runs into Lost Lake at its southern extremity. Calcite Lake lies about eight miles southeast of Lake Gowganda.

MacLaren, D.D., ex-Principal of Knox College, Toronto, Dr. McTaggart's vegetable remedies for the liquor and tobacco habits are healthful, safe, inexpensive home treatments. No hypodermic injections, no publicity, no loss of time from business, and a certain cure. Consultation or correspondence invited.

### SALE OF GOWGANDA LOTS REALIZES OVER \$36,000

Of 450 Lots Offered, 249 Have Been Sold, at an Average Price of \$152

Gowganda real estate is booming. Tenders for the balance of the town lots, issued by the department of lands and mines, disclose some remarkable bidding. The highest price offered for any one lot, the practice in previous sales the department withdrew certain lots where the tender was considered too low.

The Gowganda sales, summed up, show:

March sale—Lots offered for sale, 250; sold, 130; withdrawn, bids too low or no tender, 120; amount for 130 lots, \$17,664.50; average per lot, \$136; prices from \$50 to \$412.

April sale—Lots offered for sale, 200; sold, 119; withdrawn, bids too low or no tender, 81; amount for 119 lots, \$18,507.60; average per lot, \$155.95; prices from \$10 to \$1010.

March sale, \$17,664.50; April sale, \$18,507.60; total, \$36,172.10.

Memo of highest tenders for lots in town plot of Gowganda:

It will be seen that the average price is steadily increasing from \$90 for the sale of Smyth, \$136 on the sale of the Gowganda lots, and \$152.95 on this sale, which is the best ever held by the department. The accompanying table shows the following prices:

Lake-street—Lot 1, A. E. Reekie, Gowganda, \$100; 2, H. H. Strathy, Barrie, \$128; 3, H. H. Strathy, \$128; 4, E. H. Strathy, \$128; 5, E. H. Lowe, Gowganda, \$204; 6, J. P. McGregor, Toronto, \$80; 7, Johnston Cary, Toronto, \$100; 8, Wm. Carroll, Toronto, \$85; 9, J. P. McGregor, \$75; 10, J. P. McGregor, \$218; 11, M. D. Hamilton, Toronto, \$428; 12, Amber & Co., Gowganda, \$200; 13, Karam, Gowganda, \$150; 14, Geo. N. Brewer, Buckingham, Que., \$52; 15, Geo. ... \$52; 16, R. P. Robinson, \$77; 17, Chas. McCrea, Sudbury, \$150; 18, W. A. Dack, Cobalt, \$300; 19, R. P. Robinson, \$77; 20, Chas. McCrea, \$51; 21, W. P. McDonough, Cobalt, \$300; 22, L. Strathy, \$226; 23, David L. Lapralle, Gowganda, \$110; 24, Gordon H. Gauthier, Gowganda, \$300; 25, Mullin & Conroy, Gowganda, \$200; 26, H. Strathy, \$226; 27, Matthew Kennedy, Gowganda, \$220; 28, W. A. Spence, Toronto, \$51; 29, J. P. McGregor, Toronto, \$51; 30, Carter & Wright, Gowganda, \$51.

## Every Dollar I Invite You to Put in Will be a Working Dollar—and a Working Dollar Working for You

YOUR money in the bank is working—for the bank.

You get an insignificant sum for the use of money, which profits you for somebody else.

Your money invested in a membership in

each. Many have already been purchased.

This money is for the purpose of completing the preliminary work necessary for bringing the property to a point where the public can definitely see JUST HOW RICH IT IS.

Stock in the mines will then be placed upon the market—and with what result? It will immediately command a price in proportion to the value of the property, for that value will be KNOWN.

Contrast this business-like method with the usual hazardous plan of floating stock before it has any tangible value. You have seen this done. Which method appeals to your business judgment?

Our crew is on the ground. Much has been accomplished already.

Supplies are on hand for the Summer months.

### GOWGANDA APEX UNDERWRITERS

is also properly put to work, but with this difference—it is put to work for YOU.

The plan is simple and easily followed.

Gowganda Apex Underwriters own three claims in the wonderful new silver district of Ontario—the district which already rivals Cobalt.

These claims give every promise of rich development. Several veins have already been uncovered and an assay shows silver in the surface ore.

Sensational discoveries of native silver on the surface have been made on the same ridge north and south of us. We look for strikes of the greatest importance as soon as the snow melts and uncovers our property.

Here is

But no matter how high that price may be, every membership in Gowganda Apex Underwriters will entitle its holder to 1,000 shares in a company now being formed to take over the mines and operate them.

This company will be known as the Gowganda Apex Mines, Limited. It will issue 1,000,000 shares of stock at a par value of \$1.00 each. Of these, 700,000 shares will go to the holders of the 700 memberships, in payment for the property; the remaining 300,000 shares will be sold as needed for working capital.

### The Result

Suppose, then, that you invest now \$100 in a membership in Gowganda Apex Underwriters. What happens? Every dollar is put to work, bringing the property to a producing stage.

Then you receive 1,000 shares in exchange for your membership—shares in a PRODUCING MINE, not a prospect. We expect to be shipping ore by Fall.

### SEND US THIS COUPON

Cut out, fill in and mail to us the coupon below, and we will send you, free, a special map of the Gowganda mines, showing location of all claims, together with valuable literature describing the district and the property of the Gowganda Apex Underwriters. Do this now. Cut out and send us this coupon.

You will be interested, whether you invest or not.

 YOUNG FELLOW'S CRIME

Ambushes Man Who "Fired" Him and Coolly Shoots Him Down.

ELMHURST, N.Y., April 16.—Joseph McCann, one of Elmira's best known business men and one of the leading meat dealers of the Southern Tier, was shot down on the street in the centre of the city here at 9 o'clock this morning. He is not expected to live.

His assailant was Raymond Gill, who had been employed by McCann and had been dismissed. Late this afternoon he was captured after a struggle in which he drew a revolver and threatened to shoot his pursuer.

Gill last night had been confronted with the fact that he had collected a total of \$28 from customers and had not turned the money over to his employer, who told him he would give him a chance to pay up the money and discharged him.

This morning Gill proceeded to the home of McCann and asked if "Joe" had left for work. Receiving a negative reply, the boy went and seated himself on a horse block, 150 houses east.

Gill waited about five minutes until McCann came down the street on a bicycle, when the boy jumped out in front of the wheel and fired two shots in rapid succession at his head. Both took effect.

McCann rolled to the pavement apparently dead. The boy stood and watched him writhe in pain, only put the revolver in his pocket, seized McCann's bicycle and rode away.

The young man has always shown an

## Gow Ganda King Silver Mines, Limited.

A Word to the Wise is Sufficient.

Bearing in mind that the properties above referred to ADJOIN THE CLAIMS OF THE GOW GANDA KING SILVER MINES, LIMITED, and having a full appreciation of the well-known business insight of Messrs. Timmins & Drummond, we may be excused if we feel pretty confident of our own position, when such men become our next door neighbors.

ST. PETERSBURG, April 16.—Emperor Nicholas has repealed the long standing regulations restricting the marriage of army officers. Hitherto officers under 25 years old were compelled to demand a minimum dowry of \$200.

In connection with the Pan-Anglican thank offering, it is noteworthy that the collective contributions from Manchester and Ireland are all earmarked Canada. The Big new White Star liner Laurentic will sail from Liverpool on April 29 for Quebec and Montreal, insuring the new Canadian service of the White Star Dominion Lines.

-SATURDAY MORNING

# COBALT - Trethewey declares Interim Dividend of 10 Per Cent. --COBALT

## MINING MARKETS ARE STEADY LA ROSE AND TRETHEWEY FIRM

Business Somewhat Narrower—Temiskaming Most Active Stock—General Undertone Firm.

World Office,  
Friday Evening, April 16.

The market for mining shares was stimulated to-day by substantial buying of La Rose stock and Trethewey. Purchases of the former were due to the belief that the Lawson property has ultimately been taken into the La Rose combination.

Purchases of Trethewey were due to the expectation of an announcement of a regular quarterly dividend, the directors of the company having a meeting this afternoon.

With few exceptions the regular active issues on the exchanges were generally firm. Small advances were noted in Peterson Lake, City of Cobalt, Chambers-Ferland, Houston, and Temiskaming was somewhat narrower to-day than has been the case for some time, the market being the most active of the day with a drop of one point from last night's closing. An undertone was firm, offering for the most part well taken, market closed steady, with lower issues.

### TEND ON TRETHEWEY

An Interim Declaration of 10 Per Cent. Made by Directors.

At the meeting of the Trethewey directors to-day an interim dividend of 10 per cent. was declared, payable on May 15 to shareholders of record on May 1. The finances of the company are said to be in excellent shape and a statement will shortly be made to shareholders.

### BETTER THAN EVER

Supt. Houston Says the Camp's Output Will Increase.

Joseph Houston, superintendent of the Right of Way Mine, was in Toronto yesterday. Houston is regarded as one of the most conservative of Cobalters and his opinion is therefore accepted as carrying weight. In discussing Cobalt he said he had nothing new to say, except that things generally were looking better than at any previous period. The output from now on will show a substantial increase.

### WEEKLY LETTER

Forward Movement Expected—Market Shows Comparative Activity.

Heron & Co. in their weekly letter say: During the few days that make up this week's business in Cobalt stocks there was comparative activity, with price movements erratic. The city is an undertone of strength and cheerfulness was apparent, outside participation was disappointingly light and professional attacks on one stock after another where support was not in evidence, with the result that values in the average show a small net loss.

Temiskaming was the storm centre, declining 13c per share in the face of what seemed at times to be exceptionally well informed buying. All reports from the property are highly favorable, and the selling may be explained by the urgent need of cash by some holders who had unwisely diversified into other ventures. City of Cobalt was weak on sinister rumors concerning the mine. The fact that prices are not soaring can be variously explained, but assuredly from the present level an upward movement of wide proportions is most inevitable.

### Sample From Elk Lake Discovery.

A very fine sample of ore from the Elk Lake Discovery Mine, in the Montreal River district, can be seen in The World office. This sample shows the well known and fine nicotite vein, fully an inch thick, carrying rich deposits of silver.

### New York Curb.

Charles Head & Co. report the following prices from New York:

Nipissing closed 10 to 10 1/2, high 10 1/2, low 9 1/2, 100 shares, Bailey, 8 to 9, Buffalo, 2 1/2 to 3 1/2, Bay State Gas, 1 1/2 to 1 3/4, Colonial Silver, 1/4 to 3/4, Cobalt Central, 4 to 4 1/2, high 4 1/2, low 4, Crown Reserve, 2 1/2 to 2 3/4, Foster, 30 to 40, Haig, 30 to 40, Kerr Lake, 7 1/2 to 7 3/4, high 7 3/4, low 7, King Edward, 4 to 4 1/2, high 4 1/2, low 4, McKinley-Dar-Sav, 40 to 50, sold at 45, Silver Queen, 45 to 48, sold at 45, Temiskaming, 12 1/2 to 13 1/2, Trethewey, 13 1/2 to 14, La Rose, 6 1/2 to 6 3/4, high 6 3/4, low 6 1/2 to 6, 2000.

### TAKE ADVANTAGE OF QUICK DECLINES TO BUY COBALT STOCKS

AND OF SUDDEN ADVANCES TO SELL COBALT STOCKS

The market is not in condition for a sustained advance, neither will the bottom fall out of stocks known to be good. It is a traders' market. Ultimately our opinion is that much higher prices will be seen, but there will be opportunities for trading on both sides of the market before a continued advance in the whole market sets in. We have the best facilities for handling your business.

### LIGHTNING IN SAN PAULO BRAZIL

(London Times, March 23, 1909.)

Our Rio Janeiro Correspondent writes on March 1st

The Prefect of the City of San Paulo has granted authorization to a very enterprising national firm of contractors and electrical engineers, Messrs. de Janeiro, San Paulo and Bahia, and representing the General Electric Company of New York, to establish a service of electric power and light in that city to compete with that of the San Paulo Tramway, Light and Power Company (Limited) on condition that the plans for laying down the subterranean plant shall be presented within four months.

The Light and Power Company endeavored to oppose the grant and petitioned for an indefinite injunction under the promise to reduce their prices. The Prefect refused the application in these terms:

"The Municipal Law No. 4107, of 1st July, 1895, established a rule of free competition for the service of distribution of power and light in the city and suburbs, and to this regime the San Paulo Tramway, Light and Power Company submitted categorically by the terms of their contract; consequently their proposal to import into an agreement with the municipal authorities to effect any changes whatever in the services executed by them, in exchange for the exclusive right to perform such services, cannot be taken into consideration and is not and worthy of protection as their interests may be, and however susceptible to injury by the grant of a new concession, these interests cannot prevail to obstruct the legal regime of free competition maintained by the municipal executive."

The San Paulo Tramway, Light and Power Company has already one serious competitor in the San Paulo Gas Company, an English concern providing a splendid service of gas and private illumination, which, it must be confessed, dates from the establishment of the Canadian Gas Company. Healthy competition has since then kept both companies up to the mark, and the new enterprise will certainly bring down the price for electric power applied to all purposes.

At Rio de Janeiro the Canadian company holds the monopoly for electric lighting by virtue of an old government contract with the Belgians Gas Company, bought up by the "Light and Power." The old contractor's prices are still maintained, although the use of hydraulic motive power gives the government the right to insist upon their reduction. That this right has not yet been exercised is a serious blot on the present administration, and the Canadian Company are not wholly responsible. Pending some definite decision in the matter, it is no reason why a temporary agreement should not be arrived at whereby half the present price should be paid, and the balance of the cost of consumption adjusted to an equivalent of the monthly gas bill.

### MEETINGS.

TO THE SHAREHOLDERS

### COBALT SILVER QUEEN LIMITED

The annual meeting of the shareholders of Cobalt Silver Queen, Limited, will be held in the board room of the Traders Bank of Canada, on the third floor of the Traders Bank Building, Yonge-street, Toronto, on Wednesday, April 21st, 1909, at 2 o'clock in the afternoon, to receive the report of the directors for the past year, and for all other general purposes relating to the management of the company's affairs.

### COBALT DIVIDEND NOTICE.

TRETHEWEY SILVER-COBALT MINE, LIMITED.

Notice is hereby given that a dividend of 10 per cent. on the capital stock of Trethewey Silver-Cobalt Mine, Limited, will be made to Shareholders of record on May 1st, 1909, payable on May 15th, 1909.

The Transfer Books will be closed from the 1st till the 15th day of May, both days inclusive.

Transfers are made only at the offices of the Company, 1428 Traders Bank Building, Toronto.

By order of the Board,  
D. A. BREWER, Sec.-Treas.  
Toronto, April 16th, 1909.

### A SILVER NUGGET IN A BLUE BANDANA

Impressions of a Mining Kick in North Ontario—Kipped Fortune With His Toe.

The fellow with the scraggy beard—a "muff" we had called it—unrolled on his knee an old blue handkerchief. Suffering smokes! There lay a mass of silver, pure as a coin—leaf or nugget, I know not which. I had never seen such a thing before. He showed no sign. Slowly he rolled it up again; it was as big as your fist. "Where did you get it?" "On our claim, to-day, knocking around. Who would say? Did luck or pluck win such a stake? He is sure of a \$100,000 for such a strike, this man from Florida.

### Barr's Daily Market Letter

Toronto, April 16.

The one and only active stock on the Standard Exchange to-day was Temiskaming, which was heavily sold and lost three points on this pressure. Heavy selling orders for the stock came into the market from Halsey and the surrounding district, and these offerings have not been absorbed. The action of Temiskaming has been a disturbing influence in the market for days past, and will continue as an unsettling factor until liquidation runs itself out and a rally ensues. City of Cobalt rallied to-day, but the support to the stock did not strike us as being any more confident. Good investment buying in several of the less active issues, and in some cases, stocks were hard to pick up, especially Peterson Lake. The announcement of another 10 per cent. dividend on Trethewey will influence this stock favorably for a few days. The market, we should mention, had a better undertone to-day, and we expect to see an early improvement.

A Demonstration of New York Styles Arranged for Monday

ALL our efforts on Monday will be concentrated upon an exposition of the New York idea in dress this Spring. We are making no claim in regard to New York styles. We leave all the gamut of 1909 fashion here. We simply show you the styles of New York on Monday, and if they do not speak for themselves, then we shall, indeed, be disappointed. We are strong in every section in this New York demonstration, but especially in suits and waists.

Exclusive styles, exclusive colorings, exclusive fabrics. The tailoring is perfect. The coats have the "close-to-the-neck" fitting collars, wide shoulders, and classic, graceful lines—will keep their shape indefinitely. The skirts are well cut and hung, and will not sag or bag.

Combined with this excellent tailoring will be found some of the smartest styles yet exhibited this season. The tones in the greys and ashes of roses are charming, and the long cutaway lines give a very graceful figure.

NEW YORK DRESSES. Silks, Linens and Mulls. The styles, the ideas and the trimmings of these gowns are out-of-the-ordinary. They include all the features of the Paris models for spring 1909, modified and adapted by celebrated New York artists. The prices are moderate. From dainty mull dresses at \$4.95, and linen dresses at \$5.95, and silk dresses \$15, they range right up to the elaborate creations of \$70, \$80 and \$100.

NEW YORK WAISTS. Lawns and Lingerie. The styles are the very latest, the designs and character of the laces and fineness of the embroideries are superior. Very original, too, is the arrangement of the trimmings. Distinctly different to those that have been shown up to the present time.

In both Silk and Lace Waists, in their ones and twos of a design, will be found dainty effects that are worth quite a long journey to procure. The little touches and ideas, and the tones of colors are admirable. The prices are Simpson's through-out, but the waists are New York's latest, starting from \$2.95, right up to \$50.00.

NEW YORK COATS. Long Lace Coats, in white and black; Long Dust Coats in Panama, linen and silk-finished fabrics; Long Coats, in natural silks and satins; Long Coats, in tweeds, broadcloth and checks; Raincoats, in silks and new textures. Prices \$15.00 to \$60.00.

NEW YORK GIRLS' COATS AND DRESSES. Girls' Dresses, in new checked, striped and plain materials, novelty ideas, Princess, Empire, jumpers and other new styles. Some exceptionally smart dresses at \$1.50, \$1.95, \$2.95, \$3.95 and \$5. Ages 10 to 16 years.

GIRLS' COATS, NEW MAN-TAILOR-ED STYLES. The smartest tailored coats yet made. The rage in New York. Quite apart from the ordinary coats. The shape, the hang and fit are essentially mannish. In different fabrics and colorings. Prices \$7.50 to \$18.00.

NEW YORK DRESSING GOWNS. Some exceedingly beautiful and stylish New York Gowns, in crepe and silk, in kimono styles; the colorings are both in soft tonings and in brilliant Oriental shades. Prices \$2.95 to \$18.00.

What People Say About Simpson's Dress Goods

No. 5—The Gentlewoman of Moderate Means TASTE and quality usually associate with high prices. But not at Simpson's! That is the service which this store renders full of tasteful choosing and expert judging.

There are thousands of women in Toronto who have taste in dress equal to that of the very highest in the land. The handicap of economy deprives them of the full exercise of their preference. Our effort tends to level that handicap, and put any tasteful woman on an equal footing with the fashionable women of means.

"I have the most moderate dress allowance of any woman in my circle of friends," laughed a pretty matron the other day. "And if it wasn't for your dress goods department and your 'Simpson prices,' I don't know how in the world I'd get along."

Good taste can make up a great deal of that disparity between wealth and moderate means in this store.

Large shipment of New Broadcloths, gowns, suede blouses, panne finishes, for the draping effects—so much in vogue this season; new blues, browns, greens, taupes, purples, amethyst, wisteria, smoke, stone, coal, gunmetal and other colors. 50-54 inches wide, \$1.00, \$1.25, \$1.50, \$2.00 per yard.

Semi-Made Swiss Robes, \$2.39

300 Semi-made Real Swiss Muslin Robes, Empire design. The embroidered trimming on them is all hand made. The shape is the very latest, and can be made Empire or otherwise. The skirt is beautifully shaped and only requires joining down the back and round the waist, and can therefore be easily made to fit any figure. There is enough material to make the waist, and the whole dress can be finished by any needlewoman in a short time. Just reckon it up—12 yards of material, worth 30c yard; about 6 yards of trimming, worth 20c yard, and the making by a dressmaker at least \$10.00, amounting in all to nearly \$15.00. We give you the whole thing almost ready to wear for \$2.39.

Clearance Sale of High-grade Corsets

IMMENSE corset selling has caused several lines to become broken-sized. We can't sort them up again this season, and so on Monday we have slated them at less than half-price. This section will move into its permanent quarters in a few days, and every pair of these must be sold before we move.

180 only pairs Ladies' High-grade Corsets, C. B. a la Spirite, P. D. F. P. C. C. a la Grace, Corset H. Jewel and D. & A. models. Made of finest white or grey coutil, long or short bust, long or short hips, filled with finest rust-proof steel, wide side steel, strong carriers attached, handsomely trimmed. Sizes 20 to 30 inches in the lot, but only a few sizes in any one model. Regular values \$3.00 to \$4.00. Monday, to clear, at \$1.50 a pair.

Time to Start Planting

COME to our Flower Department. We can supply your hardy perennials and shrubs at much less than you expect.

MONDAY BASEMENT SALE. Having just received a large shipment of Glassware we will sell on Monday all kinds of hotel and bar glassware, also supplies suitable for housekeepers, at from 18 to 35 per cent. off regular prices. These are the lowest possible prices consistent with good quality.

The Season of Housefurnishing Opened

WE want you to visit our new Carpet and Curtain Department. Twice as much space as we had last season, and stocks to fill it. We are making arrangements for special attractions on Monday. The following specified instances are but few of many:
