The Export of Canadian Nickel

Canadian Press Despatch. MONTREAL, Dec. 21.—That the International Nickel Company, the chief exporter of the world's supply of nickel...

The World's articles has forced the above explanation from the nickel trust with headquarters in the States. But it is not satisfactory to us.

We want much clearer evidence than the above statement that the German Government or its representatives or agents are not or have not been interested in the International Nickel Co.'s output.

CERTAINLY THERE IS NOT A WORD OF DENIAL OF THE FACT THAT GERMANY HAS GOT MOST OF THE NICKEL IN HER WARSHIPS AND TORPEDO BOATS THAT HAVE SENT SO MANY BRITISH SAILORS TO THE BOTTOM OF THE SEA, AND THE NICKEL BULLETS THAT HAVE ENDED THE LIVES OF SO MANY BRITISH SOLDIERS, CANADIANS INCLUDED, FROM THE NICKEL DEPOSITS OF ONTARIO!

That being the fact, the supply must stop, not only now, but hereafter, except on terms that Canada and Britain must dictate.

If this means that such a policy "would result in a manner most detrimental to the Canadian nickel industry," then we would hail this condition of affairs gladly rather than be the means of jeopardizing British supremacy at sea and costing, as it has cost, and will cost, the lives of thousands and thousands of British subjects, our own sons included.

And we are not to be satisfied with the statement of a company that only looks at "economic conditions"! You cannot measure the safety of an empire, or the lives of the sons, in dollars, or in work for men, or in tonnage for railways!

Nor can any such assurances as the International Nickel Co. gives as to the destiny of the metal they refine in New Jersey be satisfactory to us. Once it gets to the States, there are a hundred ways to send it here, to send it there, presumably for manufacturing purposes, and yet get it to the Krupp works—the centre of all the Prussian military armaments and warship building—in due course!

No, Canadians are going to wait for an explicit statement from the Ontario Government, the Canadian Government, and from the British Government. We certainly are not going to be glad-handed with any such explanations like the one above printed.

The nickel trust may have influential agents and friends, but their talk will not do for the Canadian people or the Canadian parliament.

We are more insistent than ever on a stop to the whole business and a thro' sifting out of all the business of production and shipments before the war broke out!

Nor must another pound of metal leave Canada, nor another pound be refined outside of our own borders.

We may have to buy out the enterprising company or companies that are in the business; and we, as a nation, are not afraid of the cost or the risk of this controlling the nickel monopoly. Let New Caledonia's mines supply nickel to Germany if they can; but no more from Canada!

The question of German professors in our universities is a little matter compared to this supreme issue!

TEUTON VETERANS ARE SHAKEN BY ALLES' ATTACKS

Enemy, Everywhere on Defensive, Resorts to Continuous Sniping. USING SEARCHLIGHTS

Dread of Night Assaults Shown—Allies Take Scores of Trenches. (FRENCH OFFICIAL)

PARIS, Dec. 21, 11 p.m.—The French war office made public a report of an eye-witness of points along the battle line from Dec. 7 to Dec. 18. It says: "During the period from the 7th to the 15th of December the ascendancy gained by our infantry has placed us in a position to make in various sections of the front progress which seems to have disturbed the enemy."

"The German infantry is more cautious and continuous sniping by them denotes a certain amount of nervousness. The fact that they are using searchlights and lighting rockets more and more reveals also their fears of attacks."

"After the serious and useless experiments of last month, our adversaries seem almost everywhere to be reduced to defensive measures and it is we who on the whole of the front have assumed the offensive."

"Also, in the artillery duels, our batteries are showing more and more their superiority. "Between the sea and the Lyse River the enemy, who from the 7th to the 9th inst. had contented themselves with bombarding our lines, and particularly the City of Ypres on the 10th inst. directed to the south of that city three infantry attacks against our trenches."

"The first two of these attacks were repulsed. The third reached out first line of trenches, but on the following night we regained this position. On the 15th the enemy made another attack, which also was repulsed."

"On the 14th our infantry took the offensive, in spite of the exceedingly muddy condition of the field and succeeded in capturing a German trench several hundred metres in length. Our infantry has held their ground against fierce counter-attacks by the enemy. The next day with our tanks we covered with the mud of the trenches of Flanders. The program consists of songs, monologues, recitations and dances."

"One performance concluded with the singing of popular choruses in French and English. The chorus of the last song was interrupted by different regimental bugle calls, and the audience and performers dispersed precipitately to join their detachments for a despatch to the trenches."

GERMAN REBELLION HINTED IN LETTERS Prisoners at Stanley Barracks Receive Hints of Trouble at Home.

WAR TO END IN APRIL Or German People Will Not Rest Content Under Militarists.

"You will only have to fight until April. The war will be given out, the pledge now being given out by military party in Germany. Government Interpreter J. Goodman, the Russian linguist, who censors the letters to and from the Germans and Austrians interned at the barracks, stated to The World at the Exhibition Camp that the news being sent by scores of Germans to their relatives interned in Canada, uniformly contain the foregoing declaration."

SOME GO FARTHER. A number of the letters go even farther. They hint that if the German Government fails to make good by concluding peace in April, a great uprising will take place, with the object of deposing the kaiser, and establishing a German republic on the model of the United States.

MISS DUNSMUIR TO SERVE COUNTRY AT THE FRONT Daughter of Former Lieut.-Governor of B.C. Will Train For Ambulance Work.

MISS DUNSMUIR, youngest daughter of James Dunsmuir, former Lieutenant-Governor of British Columbia, who said his coal mines to Mackenzie and Mann for \$11,000,000, has decided to serve her country at the front. She left yesterday for London, where she will take a course in ambulance work. She is an experienced motor car driver, and is particularly anxious to drive a motor ambulance in France.

Bulgaria Having Declared Strict Neutrality, Triple Entente Assures Two Powers that They Need Not Fear Bulgar Invasion.

LONDON, Dec. 21.—Following categorical assurances of the Bulgarian Government of its intention to maintain strict neutrality in the war, the entente powers, Great Britain, France and Russia, have given guarantees to both Athens and Bucharest that Bulgaria will not attack Greece in the event of the latter country assisting Serbia and will not attack Roumania should that state actively participate in the war.

This is taken to foreshadow the approaching participation of Roumania and Greece.

MUDDY WARRIORS APPEAR ON STAGE Allies' Music Hall is Barn Near Trenches at Dixmude.

TALENT IS ABUNDANT But Neanness of Foe Prevents Guarantee of Continuous Show.

Canadian Press Despatch. DIXMUDE, Dec. 21.—The "allies' music hall" is half a mile behind the French firing line near Dixmude. In the first barn on the right it is devoted to variety exclusively, but the performances are not guaranteed to be continuous. The directors reserve the right to interrupt or to change the program and substitute artists without notice. Remarks and presentations are obvious to anyone who has heard the German shells so screeching thru the air over the barn.

A candle here and there, stuck on a bayonet, does as well as it can in the place of calcium lights, and ammunition boxes, when one knows how to arrange them, make a very good stage. The performers begin soon after the fall of the curtain. The audience is composed of "allies" of all colors: British, French, Moors, Sikhs, Hindus, Algerians, Senegalese—generally covered with the mud of the trenches of Flanders. The program consists of songs, monologues, recitations and dances."

One performance concluded with the singing of popular choruses in French and English. The chorus of the last song was interrupted by different regimental bugle calls, and the audience and performers dispersed precipitately to join their detachments for a despatch to the trenches.

PATRICIAS HAVE LEFT FOR THE FIRING LINE

Canadian Regiment Given Great Send Off From Winchester as They Sailed Sunday.

Special Direct Copyrighted Cable to THE TORONTO WORLD. SALISBURY, Plain, England, Dec. 21.—Transporta on Sunday afternoon carried the 1st Battalion of the Princess Patricia's Light Infantry of the first Canadian contingent to France. As I called on Saturday they were preparing to leave Winchester. They left there Sunday morning. They were given a great farewell.

BRITAIN IS IRRITATED BY GOETHALS' ACTION Washington Asked to Explain Treatment of Captains of Colliers.

Canadian Press Despatch. WASHINGTON, Dec. 21.—A note of enquiry has been addressed to the state department by the British Government in regard to the charges which that government alleges Col. Goethals has admitted were levied against the conduct of certain British colliers, in the waters of the Panama Canal zone. The communication implied that the British ship captains were harshly treated.

Secretary Daniels has ordered a full report which will be laid before the state department as a basis for its answer to the British note.

BRITON IS RELEASED BY U.S. CONSUL'S AID Sir Cecil Spring-Rice Presents Thanks to Wilson Administration.

Canadian Press Despatch. WASHINGTON, Dec. 21.—Sir Cecil Spring-Rice, the British ambassador, called at the state department today to present the thanks of his government for the action of American Consul Simpkin and Hostetter in Mexico, in securing the release of H. Percy Mooker, the British subject who was imprisoned recently in Sonora by Gen. Maytorena's troops on the charge of having aided the enemy.

SOUTH AFRICAN M.P. NOW UNDER ARREST Wesels Stirred Ire of Loyal Dutch By Pro-German Utterances.

Canadian Press Despatch. ROTTERDAM, Holland, Dec. 21, via London, Dec. 21, 1:15 a.m.—Barend Wesels, member of the South African Parliament, has been arrested here on the charge of having uttered pro-German utterances.

ITALY NOW ON BRINK OF WAR DECLARATION Vienna So Believes—Leading Austrians Are Clamoring for Early Peace.

Canadian Press Despatch. WASHINGTON, Dec. 21.—A despatch from a prominent official in Vienna to his government, of which officials here learned today, it is stated, insists that leading financial and business men of Austria desire peace.

The diplomat in a cipher telegram confirms recent reports from Rome of the dissatisfaction which the Austrian populace feels of the lack of the success of its army and states moreover that indignation has been stirred up among all classes because of the recent reverses suffered at the hands of Serbia.

The same diplomat's telegram states that reports are persistent in well-informed circles in Austria that Italy will declare war against Austria about New Year's Day. These reports emanate, he says, from a state official, but he adds that he has no confirmation that Italy will remain neutral.

CHRISTMAS PRESENTS SENT INTO BELGIUM Letters and Messages From American Children Have Been Removed.

Canadian Press Despatch. ROTTERDAM, Holland, Dec. 21, via London, 3:30 p.m.—The Belgians' allotment of the Christmas presents brought here by the United States naval collier Jason has been divided into three parts and forwarded to Antwerp, Brussels and Liege, whence the toys will be distributed thruout the country.

Unfortunately, owing to the frontier regulations, it was necessary to unpack all the packages and to remove letters and Christmas messages written for the most part by American children.

RUSSIANS HOLD FOES IN CHECK ON ENTIRE LINE

Petrograd Report Declares Germans in North Poland Are Retreating.

FIGHT IN DEEP SNOW Sieges of Arc and Przemysl Are Still Actively Pressed.

Canadian Press Despatch. LONDON, Dec. 21, 10:40 p.m.—In Poland and Galicia battles are being fought between the Russians and the German and Austrian allies amid deep snow in bitter cold. In Belgium and Northern France the Germans, and the French, British and Belgian allies are contesting the thick mud fields as they contend the thick mud fields foot by foot.

No news of any decisive gain came from either arena today. The Russian and German claims continue to be directly contradictory.

The Germans in Poland again are making a forceful attack toward the capital, and the Russians are making a stand against them on the east bank of the Bura River, 30 miles west of Warsaw. The British and Belgians here hold a natural strategic line 50 miles long, running roughly north and south along the east banks of the Bura and Rawka Rivers.

Germans in Retreat. A Petrograd report claims that the German force in North Poland has retreated across the boundary in East Prussia in a northeasterly direction. It asserts also that the Austrian advance in the Carpathian passes to the north has been checked, and the attempts of the Przemysl garrison to break thru the lines repulsed. According to this report, the Austrians have been driven into the fortifications with heavy slaughter.

The Austrians are making communication on the other hand claims successes in the Carpathians, but admits that the Russians again occupy Galicia and South Poland in force. Apparently, therefore, the Czech and Przemysl investments are proceeding and have not been broken.

Serious fighting between the Turkish and Turkish around Erzerum, Turkish Armenia, has been stopped by news six feet deep and its intense cold from which the Arabs are suffering bitterly.

SEARCH OF U. S. SHIPS WILL BE CONTINUED No Definite Agreement Reached With Britain Despite Long Negotiations.

Canadian Press Despatch. LONDON, Dec. 21, 6:30 p.m.—It can be stated positively that no definite agreement has been reached whereby England will refrain from searching ships which leave American ports with statements from English consuls that they are carrying no contraband. England is willing to accept such statements in cases where there is no reason to believe that the cargoes may have been augmented at sea. The long negotiations between England and America, however, have resulted in no positive agreement or understanding between the two countries.

The foreign office is eager to prevent unnecessary delays, and is willing that American shippers have their cargoes examined by authorized agents designated by British consuls, provided they desire to do so, and America approves such examinations. But England insists on a guarantee that under such circumstances cargoes will be exempt from further inspections, if deemed necessary by the admiralty.

CZAR AND FAMILY ARRIVE AT MOSCOW Canadian Press Despatch. MOSCOW, Dec. 21.—After a short halt at Riazan, Emperor Nicholas, Empress Alexandra and their daughters arrived in Moscow at 6 o'clock this evening.

Christmas is in the Air. In spite of the European crisis there are pronounced signs of Christmas being much as usual in Toronto and elsewhere in fact, many who have suffered from pent-up feelings of anxiety will celebrate Christmas as they have never done before. At Dineen's, 140 Yonge street, we understand that this month has been great. The cold weather of the past few weeks has brought hundreds to this store to share in the truly sensational savings that have been possible since the sale opened, and which have been brought to a climax by the further price-cutting of the last few days. There should be no hesitation about buying your furs at Dineen's. Fur values have never been greater in their 50 years' trading.

Business Men Heard. Meeting Was Held Yesterday at Which Civic Finance Was Discussed.

A meeting of business men was held in the board room of the Drovers' Lead, Building and Savings Company yesterday afternoon to hear an address by Controller J. McCarthy, candidate for the mayoralty.

Controller McCarthy explained in detail his ideas for improving the financing of the city, and particularly the proposal to submit the annual budget in December of next year.

AUSTRIANS CLAIM SWIFT PROGRESS

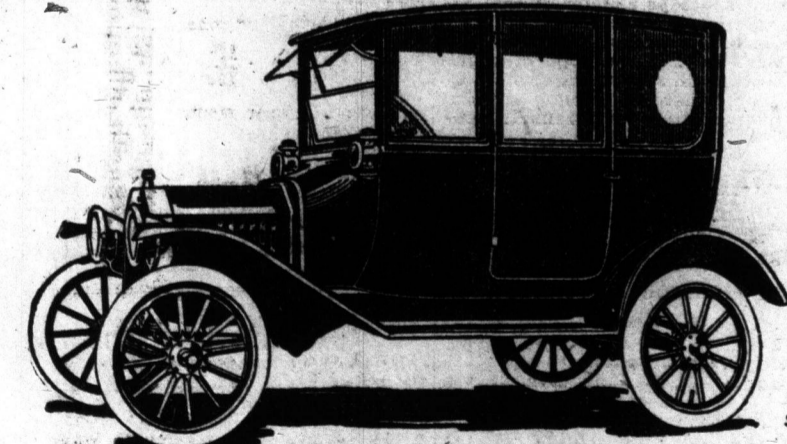

Advances of Thirty Miles Made Some Days in Galicia.

Canadian Press Despatch. BERLIN, Dec. 21, by wireless to Sayville.—While a German bulletin issued yesterday gave only scant details regarding the military operations in Russian Poland, the Austrian official communication supplies data showing that the eastern movement of the Germans thru Poland and the northward movement of the Austrians thru Galicia are proceeding steadily and in some sections rapidly. Special despatches from the Austrian general headquarters say that the Austrians advanced some days as much as thirty miles, yet the official bulletin states that the Russians are retreating on the lower Donauca, in Galicia, where heavy fighting is now in progress. This also is the case in the region to the north of Lupkow Pass, in the Carpathians. The Turks continue to advance their forces across the Black Sea to a point near Batum without encountering the Russian fleet. The Turkish army is said to be supplied with the most modern equipment, including armored trains, automobiles, aeroplanes and heavy mortar batteries.

ROULERS NOT OCCUPIED BUT ALLIES ARE NEAR

Very Important Events Are Expected Soon in the Flanders Battle Zone.

Special Direct Copyrighted Cable to The Toronto World. AMSTERDAM, Dec. 21.—The report that Roulers has been occupied by the allies is not confirmed by later despatches. It is known, however, that the French and British are approaching that point and very important events are expected in the zone of battle in Flanders. The Belgian civilian inhabitants of towns along the coast are extremely nervous.

And Court Upholds Ottawa Man's Claim for Damages for Injuries.

JUDGMENTS AT OSGOODE

Widow Gets Insurance on Man Missing for Seven Years.

Judgments in a number of appeal and reserved cases were handed down at Osgoode Hall yesterday. The court of appeal decided the interesting case of MacMahon versus Laugher, in which the appellant, Laugher, a Californian lawyer, appealed against the decision of Mr. Justice Kelly, who decided in favor of Mrs. MacMahon, the respondent in the present appeal. Laugher acted for Mrs. MacMahon, one of the heirs of the late Mr. Justice MacMahon, of the late Bench, and had stipulated that he should receive one-half of the estate for his services should his client succeed. This was disputed and later upheld by the trial judge. The court of appeal confirming this now says that agreements of this nature are not recognized by the provincial courts. Ottawa Man Wins. Judgment was given by Mr. Justice Middleton for \$2,500 in favor of H. Grills of Ottawa, who claimed damages from the Trustees of the Ottawa Baptist Church for injuries sustained thru falling on the icy pavement in front of defendants' property. It was claimed that the defendant's flooding of a skating rink allowed the water to over-run the sidewalk and by reason of the water freezing it was a source of danger to pedestrians. The judgment held that a nuisance had been created and was liable, as provisions had not been made to protect the public. Injunctions Delay Case. Mr. Justice Britton made his award in the action of Mrs. Linke of Berlin, who claimed \$1,000 from the Canadian Order of Foresters on an insurance policy issued on the life of her husband. The plaintiff was the wife of Carl Linke, who died on November 18, 1905, and directed that the amount be paid to his wife 30 days after his death. She left her husband on July 28, 1907, and has not been heard from since. Mrs. Linke paid the insurance fees for seven years and as she had caused advertisements to be published in Canada and the United States inquiring after the whereabouts of her husband and obtaining no information she asked the court to presume his death and grant her the full amount of the insurance. The defense contended that there was no proof of the husband's death. His lordship found there was enough evidence to satisfy himself of Linke's death and awarded the full amount. Railway Action. In the case of Nicholson versus the Grand Trunk Railway Company, judgment was rendered for the plaintiff, a lumber yard and several buildings adjoining the Stratford station of the G. T. R. against the railway after the company had caused the buildings to be destroyed by flooding arising from an obstruction in a drain passing thru their properties. At the trial the judge dismissed the action against the railway, but the appeal was allowed, and the company ordered to pay damages. The court dismissed the company's appeal and allowed that of Scott.

PRIESTS TO MINISTER TO NEEDS OF SOLDIERS

Pope's Instructions Apply to Material as Well as Spiritual Matters.

Canadian Press Despatch. ROME, Dec. 21, 4:10 p.m.—In the hope of alleviating the discomforts of prisoners of war and the anxiety of their relatives at home, Pope Benedict has instructed all bishops in dioceses wherein are military prisoners to appoint one or more priests who are acquainted with the languages spoken by the imprisoned soldiers. These priests will be instructed not only to offer spiritual counsel, but so far as possible to look after the material welfare of the prisoners.

CANADIAN REGIMENT SERVING IN EGYPT?

Letter Received by Montreal Man From Brother So Indicates.

Canadian Press Despatch. MONTREAL, Dec. 21.—That at least one Canadian regiment is in Egypt would appear to be proved by a letter received today by Honore Bertrand from his brother, Louis Bertrand, a private in the First Royal Montreal. In this letter Private Bertrand describes the life of the men in Egypt and says that they expect soon to be fighting.

ONTARIO MAYORS FAVOR SUFFRAGE REFERENDUM

A meeting of the Ontario Women's Franchise Association was held at the headquarters, 24 Bond Street, Toronto, yesterday afternoon. The report from the secretary regarding the letters sent out to the mayors of Ontario asking that a referendum be taken on the extension of the municipal franchise to married women, showed many favorable replies. It was decided to give Mrs. Hamilton and the captains a tea at the headquarters early in January. The annual meeting was arranged for the first week in February.

The Civic Campaign

Discouraged on every side in their efforts to induce a candidate other than Controller Church, to oppose Controller McCarthy, the interests behind the movement have now centered upon Joseph Russell, and the latter is very seriously considering the suggestion that he enter the mayoralty field. A former controller, who has for some time been mentioned as mayoralty candidate, and whom The World announced days ago, would not enter the race, but would content himself with an endeavor to get back on the board of control, has definitely announced himself as a board of control candidate, and will support the nomination of Mr. Church.

TOM FOSTER for Controller, says:

Committee Rooms, 288 Yonge Street

ing, Abbot street, by William J. Condon.

Ald. Sam Ryding of ward seven, who is back again for re-election, has been three years in the city's service, and the prospects are that he will be sent for a fourth term. He has been a faithful attendant at council meetings and has devoted much time to the service of his ward. He knows the needs of the Junction district as do few men and has always been in the forefront when matters affecting West Toronto were before council.

Alfred E. Burgess, who was a candidate for the majority a year ago and ran third, polling 382 votes, has been watching with some interest the decision of the two men who have been mentioned as opponents of Controller McCarthy for the chief magistracy, and seriously entertained the idea of contesting the position himself. Better counsel has prevailed, however, and yesterday he decided to enter the aldermanic field in ward three. He represented the ward in council two years ago, but gave up his chances for another term for the mayoralty fight.

Ald. David Spence is the only member of the three representatives of Ward Six, who will offer himself for re-election on January 1. He has done very little of a spectacular nature for the western part of the city, but in a quiet way he has accomplished much for the city as a whole. One of the things for which Toronto owes him a debt is the manner in which he stood by the civic abattoir. As chairman of the committee in charge he has spent much of his time in an effort to put the undertaking on a paying basis, and three or four days a week he is found there co-operating with the officials with this end in view. He is a solid man in council, usually to be found on the same side of issues, and Ward Six should return him. He has been four years in council, and is the only one of the candidates now in the field with aldermanic experience.

Albert Wapstaf, the well-known brick manufacturer, was written upon by a number of prominent business men and requested to allow his name to be put in nomination as alderman for Ward One. He probably will do so.

A. R. Jackes has announced himself as a candidate for the board of education in Ward Six. This is Mr. Jackes' first try for public office. He stands for closer relationship between the public and high schools of the city.

CAPTIVE SAILORS OFF TO ENGLAND

Hundred German Survivors of Naval Battle Placed Aboard Steamer.

STURDEE CONFIDENT

But He Deplores Neglect of Warnings of Lord Roberts.

Canadian Press Despatch. MONTEVIDEO, Uruguay, Dec. 21.—German sailors to the number of about 100, who were saved during the fighting off the Falkland Islands December 1, when the British squadron under Admiral Sir Frederick Sturdee defeated and sent to the bottom a German squadron composed of the cruisers Scharnhorst, Gneisenau, Nürnberg, and Leipzig, sailed from here today for England on board the steamer Crown of Galicia. They were brought into port yesterday by the British cruiser Invincible, with Sir Frederick Sturdee on board.

Sturdee is Modest. Admiral Sturdee, replying to an address of welcome, said: "I thank you for this reception. I hope our little victory will improve conditions for British, French, Russian, and probably for Japanese commerce during this titanic conflict which has just begun. We may suffer some reverses, but our sailors will maintain their high reputation, and all will go well with our army and with our French allies."

Lord Roberts recommended military preparations; had he been listened to the war would have been avoided. English business men, fearful of their true interests, employed Germans for reasons of economy, but hope that British merchants and British steamship companies will profit from this lesson."

BRITISH BATTLESHIPS AGAIN AT ZEEBRUGGE?

Special Direct Copyrighted Cable to Toronto World. AMSTERDAM, Dec. 21.—The sound of heavy gunfire can be heard again at Sluis, Holland, according to the correspondent of the Central News at Sluis. It is assumed that the British warships are again bombarding Zeebrugge.

Lest You Forget

We are so extremely busy that we have not even time to write advertisements, but we have thirty trained salesmen here to give our holiday shoppers quick service, and our jewelry factory is working night and day, continually pouring down new jewelry to fill the gaps in our stock and keep it complete for our customers until the last minute.

Don't give a big percentage of your money to the middleman this year. You can save all that by buying your Christmas jewelry direct from our factory, at factory prices.

It means real money saved by making this store your headquarters for Xmas gifts.

WE KEEP OPEN EVENINGS.

CANADIANS LABOR ON CAMP RAILWAY

Men Gain Experience as Navies, Track-Layers, Rod and Chain Men.

TOIL UNDER WAR OFFICE

Sir John Jackson, Contractor, in Charge of Operations—Troops Become Seasoned.

By John A. MacLaren, one of the World's Great Correspondents. SALISBURY, Eng., Dec. 21.—"Well, how do you like being a Canadian wop?" asked a private in the Queen's Own.

"Not so bad," replied his pal. "Never thought I would be in this low level. But being a navvy puts you in good shape. My legs are so sore I can hardly walk, my arms and shoulders ache like fury, but I should worry."

Three months ago no man in this continent figured that he would be a railroad-buider. Such a suggestion would have been received as a joke. Nevertheless the Canadians have assumed the role of navies, track-layers, rod and chain-men, surveyors and engineers in connection with the construction of an eleven-mile strip of road from the present camp to Bedford, where several battalions are stationed in huts. Every man is having a taste of railroading, but of course such a job is accepted with a smile. The Canadian soldier is ready for anything. Handling a pick and shovel is not looked upon as a hardship. It is just part of a day's work. The lawyers, bankers, clerks, farmers, mechanics, students—they're all combined to build a short railway on the plains. This line will stand as a monument to the labor of Canadians.

Roads are impassable. How the men from Canada happen to build a railroad came about in this way: the highways of England are solid as a result of constant traffic and constant repair. There are none here. But until this war broke out there was not the same demand upon them. The motor lorries and transports, hundreds of horses and thousands of troops have broken them up considerably. Crossing ruts and quarries. In some places they have been made impossible. When it was decided to move the Canadian troops, supplies had to be transferred over the road. This was well-nigh impossible, so the military authorities came to the conclusion that that road would be laid. So Salisbury is to have its first railway line, and Canadians are doing most of the work.

Sir John Jackson, a contractor for the war office, is the man in charge. Canadian engineers have had very little to do so far. They are to build, because there are no streams or rivers. The engineers have been practically idle. It is argued that they are all working on the railway every day. Every day what is known as engineers' fatigue, consisting of one battalion, plows thru the mud to the scene of the building operations. Different battalions go on the job every day. They are all having a chance to unload ties and lay them, unload rails and place them, and so forth.

Start Work Early. Early in the morning around six o'clock the troops leave their camp and they do not return until late. The 2nd battalion, consisting of the Queen's Own, Grenadiers and Body Guards, worked on the road yesterday. Some handled picks, some shovels, while others laid ties and still others laid rails. It is not going to be a merry feast of engineering. By no means. But just a road built in a hurry for the purpose of handling freight only.

Work Better Than Laborers. The men do the work better than laborers. They work harder and they sing as much as they please. They may even smoke, which is not the case when on parade. Last night the men returned thru the pouring rain. They did not walk at a lively gait—they were tired. They were just shuffled along. But they were singing.

Everybody sang and kept in step with the swing. The officers whooped it up just like the men. And as they were marching close to their lines, where hot tea and shilly was waiting, they could hear in the distance: "Can't you hear the bugle calling? Rise up so early in the morn. Can't you hear the captain shouting? Dinah, come blow your horn."

THRONGS ADMIRE DODGE MOTOR CAR

New Model Proved Revelation to Crowds of Auto Enthusiasts—Is Marked Improvement—Specifications Reveal Big Strides in Efficiency and Construction.

The first public showing of the new Dodge Motor Car was made on Saturday morning, following the private view on Thursday and Friday, for which three thousand invitations were issued. Never in the history of the automobile trade in Toronto have such preparations been made to introduce a new car to the motor-loving public. The Auto Supplies, Limited, 595 Yonge street, had been beautified by a corps of specially engaged decorators. A catering staff from Dunning's served a dainty luncheon and an orchestra, stationed in an alcove played through the day. The interior with its flowers and decorations presented a very charming and novel appearance. E. P. Clark, Canadian representative of the Dodge Bros., and W. E. Smith, manager of Auto Supplies, Limited, were present to make everybody welcome.

Thousands of Orders. Naturally, the new Dodge Car was the centre of attraction and hundreds of motor enthusiasts inspected it with the keenest interest. The announcement that fifty thousand of these new cars have been ordered in the United States and Canada even before the new model had been created the liveliest curiosity. To say that the new Dodge Motor Car is a revelation to the critics in both construction and style is putting it mildly. In appearance its lines present a grace and contour which are as original as to be instantly noticeable. The general outline presented is one that denotes big strides in improvement over the smaller cars of the past. The first glance conveys a subtle impression of efficiency and power which a close examination of the general specifications amply demonstrates.

It is driven by a unit power plant, equipped with the old reliable crank-cum-clutch and four-cylinder in block motor, with a bore of 3 7/8 inch and a 4 1/2 inch stroke. The engine is water-cooled thru a capacious bronze circulating pump, and the motor is

capable of developing from 30 to 35 horsepower. The radiator is of the tubular type, while the new self-starter gains much favor thru the absence of excessive weight, heretofore a drawback in some of the finest cars, and its simplicity. It is built on the single unit plan and operates on a 12 volt, 40 ampere system.

Three-Speed Transmission. The ignition is high tension, generated by Blenheim magneto of the waterproof type. Gasoline is supplied by pressure feed from a 15 gallon tank at the rear. The transmission, which is of the three-speed selective type, calls for particular notice, as it introduces a new device, whereby on taking up high or top speed there is not an idle gear revolving within the case, the drive being direct and noiseless.

All of the gears are made of the finest vanadium steel, of which Dodge Bros. are the largest users in the world. The elimination of torque rods, equalizing rods and radius rods by the use of a torque tube entirely enclosing the propeller shaft from the rear axle housing to the rear of the car, and the use of a single drive shaft, are taken up, simplifies everything and kills the rattles often noted in high-powered cars after a little use. Timken bearings are used thruout for front and rear axles, while the bearings of the clutch and transmission are the well-known S. R. O. variety.

Many Superior Points. Among other points of great interest is the steering gear of the irreversible nut and screw type, the left hand drive with centre control, the 110 inch wheel base, the genuine grain leather upholstered body, the springs of chrome vanadium steel with every leaf self-lubricated, solid steel crown fenders, wind shield with rain vision, clear vision and ventilating positions, the top or hood of the one-man type with "huffy" curtains, dimmers and automatic focusing device for lamps,

instrument board with everything necessary but nothing superfluous, and the highly-enamelled body, which make the new Dodge car a masterpiece, and the last word in modern construction, power, speed, smooth running, and wear-resisting qualities. Dodge Bros. bring specialists in the manufacture of forgings, point with pride to the forging results which the new car exemplifies. Castings are used only twice in the entire construction, and these for parts of minor importance, that is, with the exception of motor assembly. The motor assembly clutch, in fact all the parts underneath the car, are so turned out that the use of the generally accepted "pan" is no longer necessary. The Dodge car from the point of view of the repair man, or amateur, is particularly accessible and convenient.

Firm's Rapid Growth. Spectacular is the only word that describes the entry of Dodge Bros. into the motor field as sponsors for a car bearing their own name. From a comparatively small beginning in 1910 as specialists with machine and forging departments, their plants, with additions in 1913, covered an area of 38 1/2 acres, while the staff employed next year will run into 14,000 men. Unsettled business conditions have not affected them in the slightest, as the unprecedented response of the American and Canadian trade on the announcement of their first car has more than compensated for the failure of the market in Europe. The firm will be remembered in Canada as Canadians, and the makers of the well-known "E.A.D." bicycle, which old-timers will recall as a most reliable

Everybody sang and kept in step with the swing. The officers whooped it up just like the men. And as they were marching close to their lines, where hot tea and shilly was waiting, they could hear in the distance: "Can't you hear the bugle calling? Rise up so early in the morn. Can't you hear the captain shouting? Dinah, come blow your horn."

Mounted men fully armed have been constantly guarding the horse lines of the camp. Many horses are said to have mysteriously disappeared during the last few weeks. The military police have been completely baffled. Recently a man was completely baffled, he felt that the headquarters of the camp was called out and gave chase over the downs thru the darkness of the night. It was a real wild west melodrama, would have paid a big price for the scenario rights. After galloping over the hills and into the valleys for some little time the thief was captured. He was not a civilian as expected, but a private of a western battalion. He is now being held by the headquarters of the southern command, where the court-martial will take place. The entire camp is now being scoured for stolen horses. Soldiers as well as civilians who are supposed to have purchased the stolen horses are sus-

pected. The camp police force has been considerably enlarged.

Good Soldiers Made.
"Halt! Who goes there?" you hear it in all parts of the plains during the day and night. The raw recruit is being converted into a good soldier in three months. He knows his business, especially when on guard duty. When he goes on guard he receives instructions from the sergeant of the guard.

"Talk to no one," says the sergeant. "Don't smoke. Walk from here to the sentry again. Allow no unauthorized person to enter or leave this camp. Stop every officer and man and ask his business. If anybody gets fresh shove him in the guard tent. If you can't do it by words only, use your bayonet. But be careful. Best of all, get good judgment."

Sentry Guard's Experience.
All over Salisbury the guards pace back and forth, two hours on and four hours off duty. With bayonets fixed on their rifles, they walk up and down the sentry again. At all events the men on sentry-go were instructed to be on the alert even more than ordinary. "You are a card," said the only light that could be seen was the occasional glare from a belated transport car. Presently a man was seen walking in the camp lines. The guard yelled "Halt!" The man paid no heed to the command. He continued at a rapid gait. "Halt!" yelled the sentry again, but to no effect. So now the night watcher was peeved. Instead of shouting a third time, he left the beaten path worn down by many guards before him, and pursued the miscreant at the double and with rifle poised ready for action. He overtook the man who had ignored the order, got in front of him and placed the point of the bayonet very close to him. Of course the prowler stopped short.

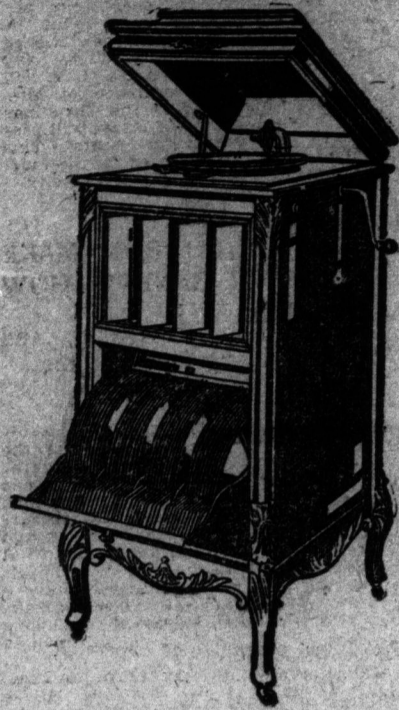

Stopped Brigadier.
"It's all right, young man," said he, "you're a good guard. What's your name? I was just testing the efficiency of the guards." "Turner, V.C., D.S.O.," said the sentry; "but I did not know you were here."

"Oh, that's all right," returned Col. Turner, V.C., D.S.O., brigadier of the Highland Brigade. "You had better return to your post."

So the colonel, somewhat surprised and embarrassed, and yet thankful that he had done his duty, went back to his vigil.

When Col. Turner told the story the next morning he spoke highly of the guard's work. He also admitted that he was almost bayoneted. The colonel is one of the most efficient in the Canadian force, and won the double distinction of the Victoria Cross and the distinguished service order in South Africa, as the result of great bravery. He was then in the artillery and succeeded in saving the

A Christmas Gift to Canada

Why not contribute to the happiness of the whole Dominion as well as to that of a few of your friends, this Christmas?

The very best Christmas gift you can give to the man who is out of work is a job. Sticking to "Made in Canada" goods will give jobs to a lot of Canadians.

It's easier to confine your Christmas shopping to "Made in Canada" goods than your everyday purchases. From time to time you are bound to need something that cannot be obtained of Canadian make, but if the Christmas gift you have in mind is not "Made in Canada," remember there are plenty of other things that are, that will make just as suitable a gift.

The happiness of a great many Canadians depends on the busyness of Canadian factories.

You can keep them busy by making this--

A "Made in Canada" Christmas.

DUKE WELL SATISFIED

Writes to Express Satisfaction With Recent Inspection.

No arrangements for the admittance of the public to Exhibition Park Camp on Christmas Day have so far been made, but the officers commanding regiments will be allowed to use their discretion in regard to permitting the troops from Toronto to visit their homes during the day. This means that in addition to the 50 per cent. of the camp's strength previously announced to be permitted three days leave, a large proportion of the Toronto members will also spend at least a part of Christmas Day at home. The Y.M.C.A. has promised to decorate the buildings occupied by the troops, especially the mess rooms, and special attractions in the way of plum puddings, nuts, raisins and fruits are being provided. The first consignment of Christmas trees to be used in the decorating arrived at the camp grounds yesterday.

Government-General Pleased. Notice has been posted in camp that "Field Marshal, H.R.H. the Governor-General, on the occasion of his inspection of the troops in camp wishes to express his great satisfaction with all he saw. He noticed with pleasure the splendid improvements which must have taken place since the mobilization. He feels that the keenness, enthusiasm and devotion to duty which animates all ranks will ensure their further efficiency and that this will be quickly attained."

The drill of the infantry in camp proceeded yesterday as usual, the heavy fall of snow not being allowed to hinder. Rifle ranges, bayonet exercises, by companies, along the streets outside the grounds, were given and the afternoon battalion drill on the grounds was also in progress. A new feature in the infantry's training was added yesterday, the 12th battalion spending some time in practicing wall-climbing, using an eight-foot fence installed in the transportation building. The men will practice climbing until they are able to scale the wall with full equipment, including rifles.

Lieut.-Colonel Elliott's Lecture. The lecture by Lieut.-Colonel Elliott on "Military Law and Customs of War" in the auditorium yesterday, was well attended by the officers. Col. Elliott pointed out that many of the international laws agreed upon at the general convention had been broken by the German armies, especially the one prohibiting firing upon the Red Cross.

Three Batteries Complete. All the men of the three batteries of Artillery Brigade in training in camp. The third battery, which is now up to strength, is composed of men from Toronto, Hamilton and Brantford, and is under command of Major L. E. W. Irving, D.S.O. of Toronto. This city supplied about 70 members for the battery. Artillery practice with the 15-pounder guns will be held along the lake front soon. Lieutenants of the batteries will be equipped with 15-pounders.

Board of Examiners. A board of examiners for field officers and captains (overseers) will assemble in the dairy building at 9 a.m. on January 4, with Lieut.-Colonel W. C. W. Chadwick, commander of the Mounted Rifles, as president, and Lieut.-Colonel H. D. L. Gordon, and Major W. W. Denison of the Mounted Rifles, as members.

Mere Men Cut Off. An additional list of men discharged from the first contingent, and notice that these soldiers were not to be permitted to join the second contingent, was issued yesterday to officers commanding units. The order states that sixteen of the men had been struck off for medical unfitness, two because they were "not likely to become efficient soldiers," and two for miscellaneous reasons. Two more men have been discharged from the Exhibition Park Camp. One was under age and the other had not his parents' consent to join.

Exams For Officers. Examinations were held at the camp yesterday for the officers who have been recommended by their commanding officers to try for captaincies and majorities.

A Theatre Party. The Ontario Mounted Rifles are to attend Loew's Theatre on Monday night. Captain E. C. Osborne, D.A.C., and Q.M.G. will give a lecture before the officers of the contingent and the Toronto district regiments on Wednesday afternoon in the auditorium upon Army Organization.

Near Full Strength. The Army Service Corps is now within about 170 men of having its full quota at the Exhibition Grounds. Over one hundred members of this corps are still to come from various parts of Canada, and the remainder will be supplied by Toronto Vancouver.

Fourteen men for the Army Service Corps arrived in camp at 5 o'clock yesterday from Vancouver, and will be attached to the transport column, and other detachment from Montreal is expected to mobilize here at the end of this week.

To Write Letters. Rev. Canon Jarvis is organizing a soldiers' correspondence bureau to send letters to members of the Toronto district second contingent and other detachments. The number of men in any one battalion to write for miles, and the arrangement would be a boon would not be excessive, and the extra work entailed would be amply repaid. Canon Jarvis says that no time should be lost in the formation of a central organization to complete arrangements on behalf of such correspondents. Canon Jarvis says co-operation must be established with the postal officer attached to each corps.

Language Students. Privates studying French and German attended lectures at Dunn Avenue Presbyterian Church last night. These classes are being taught by Rev. Canon Jarvis of Toronto University.

SOFT HEART BETRAYED CLERK, VICTIM OF FRAUD

Later He Saw Alleged Swindler on Street and Had Him Arrested.

Henry Plunket, believed to have walked into the C.P.R. ticket office at King and Yonge streets on Saturday last and unfolded a hard luck story—and a ticket clerk. He wanted to go west. The cheque was for \$68 on the Bank of Montreal. Being impressed with the story Snellgrove accepted the cheque and gave Plunket a ticket valued at \$68 and 45¢ change, but when

presented at the bank yesterday the note was refused, the officials stating that Plunket had no account there nor ever had.

Snellgrove was walking along Yonge street last evening when he recognized Plunket, and notifying Constable Snaps (187), had him placed under arrest on a charge of obtaining the ticket and money by false pretences. Plunket will come up in the police court today. The police believe they can connect him with a number of similar frauds on city firms.

NEWS OF SPECIAL INTEREST TO WOMEN

CHARWOMEN HUNGRY CAN GET NO WORK

Help Must Be Had for Mothers No Longer Able to Feed Children.

TALE OF WOMEN'S PLIGHT

Dressmakers Don't Know What to Do—Citizens Must Help Soon.

The report of the employment bureau at the patriotic headquarters, 559 Sherbourne street, shows that up to the 15th of the present month no less than 1653 women out of employment had registered. Of these, 595 were business girls, including graduate nurses, dressmakers, seamstresses, tailoresses, garment workers, operators, finishers, upholsterers and cigar hands. Women with families who applied for housework, scrubbing and similar employment by the day, numbered 324.

Mrs. L. A. Hamilton, who since the announcement of the war has given her entire time to the work of assisting others, has found positions out of town for 40 applicants, and 140 others including 80 domestics, have been placed in the city. In addition, the industries going on at the headquarters occupy from 80 to 40 women daily. These are employed on Red Cross work, such as the making of band shirts for the Christmas trade, the making of children's garments for sale and the making of quilts. The patriotic bureau has incidentally found work for thirty men and four married couples. There are many yet who have not been placed.

One of the most charitable and patriotic agencies open at this moment to business men and others would be to increase their cleaning staff and have their store-rooms, offices and warehouses subjected, where possible, to many additional cleaning days. Applications to 559 Sherbourne street for this sort of labor would be welcomed.

Sad conditions have come to light, for example, many dressmakers who had their own establishments and expected to have them for years to come have been obliged to give up business and are now utterly at sea as to what to do next. Operators, finishers and other trades girls, who as a rule know only one line of work, have been laid off and have no idea which way to turn.

Among the Hebrew people conditions are particularly depressing. Girls are applying at 559 Sherbourne street, and, with the exception of some dozen or who have been taken in to help in stuffing the homemade dolls, there are no openings for them. They feel that they are perhaps one of a family of nine or twelve, the father having had nothing to do for months. Girls of fifteen who come have just left school, for these people are ambitious to have their children educated, and keep them at school as long as possible—and for these girls there is absolutely nothing to offer.

"All I can do," said Miss Bally, who registers the cases at headquarters, is to tell them that if anything turns back in a few days and say, "You did not send me a card, and I am waiting in all day looking for it."

These girls do not take to domestic work, even if it were open for them, which, however, it is not. Unfortunately, there is a prejudice amongst some against employing those who are wrongly termed "foreigners."

There is, of course, the other side, where employers are sacrificing themselves by retaining girls on half time when they might perhaps better close up. Some homes where domestic help was formerly out of the question have now taken a girl at low wages, in order to give her the protection of a home.

The class for which appeal should be strongest is that of the charwomen, and the mothers of little dependent children. Cruel and most pathetic is the condition of these. It seems dreadful for Christians and one civilization that at this time, when that portion of the world can get away for a moment from thoughts of the dreadful war, turns its thoughts to the beautiful season of the children, which is now with us, to find that we are faced with poor mothers who can not

WOMEN WILL CONTRIBUTE GARMENTS TO QUEEN MARY

Her Majesty is to Distribute Clothing to Soldiers and Sailors.

A movement is on foot to ask the women of Canada to make with Queen Mary's Needlework Guild in contributing garments for soldiers and sailors, to be sent to Her Majesty Queen Mary for distribution. Every woman sewing for patriotic purposes is asked to contribute one garment, the aggregate to be termed a New Year's gift from the women of the Dominion.

The Bank of Montreal has instructed its branches to receive parcels throughout the month of January, on account of the guild, and where there is no branch parcels may be sent to the Bank of Montreal at 213 Peel street, Montreal, the sender to enclose receipt for amount of charges paid, which will be returned. To those who can give but their work, a card sent to Miss Weller, assistant secretary, Queen Mary's Needlework Guild, St. Catharines, will result in having material and directions forwarded free. A magnificent response is hoped for and invited.

FIRST NIGHTS AT THE THEATRES

THE FUNNY "DUMMY" TICKLES PRINCESS

Everybody Laughed at Harvey O'Higgins' and Miss Ford's Play.

REAL CHRISTMAS PLAY

All About Detectives and Calgary and Nonsense—Fine!

Harvey O'Higgins and Harriet Ford have accomplished the miracle, and in the detective comedy of "The Dummy," which was produced last night at the Princess, have provided an audience with a thoroughly laughable, enjoyable and ingeniously original comedy. There were calls and more calls after the second and third acts, and there was not a dull moment in the whole four. The scene opens with a first-class grouch, delivered by a detective, which started the audience laughing, and they never had time to think of anything melancholy until the curtain went down. Barney Cook, a Bovey youth in his teens, is the wife in an act, and Ernest Trux displays in it an altogether precocious amount of talent. His dialogue is funny and he makes it funnier by his clever nonchalance.

Joseph Brennan as Walter Babbling, the chief of a detective bureau, is excellent, and in the scene in which he gives an exhibition of detective work, he captures the big audience and held them till the end.

act in a Chicago gambling house, introduces two more of the comically clever company. Rose Hart is played by Jane Oaker, and Spider Hart by Edward Ellis. Miss Oaker has a deliciously droll conception of the gambler's wife, and it is delightful to hear her tell him, "You ain't a bit demonstrative." He isn't, but as smooth as a gambler need be. The little girl who is kidnapped is given a realistic portrayal, especially in the third act. It is in this act that Calgary real estate operations receive notice. The interest is sustained till the last word when Barney tells what he would do first when he got \$10,000. It is a great Christmas show.

PIANO-MOVERS AT LOEW'S HEAD HOLIDAY BILL

All the Numbers Are Excellent—Best Trained Dogs Ever.

Toronto has been favored with many excellent examples of careful and patient training of canines, but none ever offered a more finished performance than that of Sigbee's Acrobatic Dogs at Loew's this week. They introduce many new and novel tests and drill with the quickness and precision of a well-trained company of soldiers.

"The Piano Movers," featuring Edmund Hayes, "the wise guy," who deals out the latest slang phrases, while he instructs his "gang" in the scientific art of furniture moving, is a very amusing skit and was well received. The Dunbars present a smart turn and the mimicry of the male partner is especially clever.

Greenley and Draton received merited applause for a good dance turn, and a young proved herself an expert accordionist. Redland and Farrell, comedy sketch artists, Walker Brown in a solo, The Brightons, covey rag pickers, and Zadora, the sensational aerial picture, conclude a first-class holiday program.

SANTA BRINGS ACTRESS TO THE STAR THEATRE

Santa Claus visited the Star Theatre last night and brought with him for a Christmas week entertainment Harry Le Van, one of the best old-time favorites with star patrons. Le Van still plays the part of Hickey, a mischievous grocery boy. He is assisted by a good company.

Le Van was given a grand reception at both performances yesterday. The Misses Claire, Devine, Helen Delaney and Doris Cherrier put lots of "pep" in the singing and dancing numbers. There are about thirty attractive girls in the chorus.

LOVE, WAR, HEROES AND HAPPY ENDING

Stirring Drama at Royal Alexandra Theatre Last Night.

STORY OF THE ROSARY

Gripping Plot and Well Done Acting Satisfy Big Audience.

The story of "The Rosary" by Walter Howard, which had its initial performance in Toronto at the Royal Alexandra last night, is a play of great beauty and strength, a melodrama filled with refinement and punctuated with picturesque and striking situations. It stands apart from productions of its class in having no impossible incidents or jarring notes in the carrying out of its well conceived plot. The story deals with the love of two cousins, Philip and Paul Romain for the same woman, the Princess Venetia Von Sabrau. At a ball given in Stretsa by the Red Dragons, Philip, who is jealous of his cousin, who he knows is the favorite suitor, determines to try his fortune before deserting on active service in the war, which that night has been declared. Already he is the father of Venetia, who has gambled away his fortune, in his power. He is rejected by Venetia, but makes Paul believe that Venetia will marry him on his return. The duplicity is discovered and Venetia declares her love for Paul, but is discovered and turned out by her father for deserting. Paul takes refuge in the convent chapel where Father Theodore marries them and Paul immediately sets out for the front, leaving his bride in charge of the Mother Superior.

A Persistent Villain. The play deals with the further attempts of Philip Romain to win the love of his cousin whom he still loves, and the action continues just as she is about to take her final vows with those who had befriended her in the third act. It is in this act that Annie Saker as Venetia is beautiful, womanly and capable and through the various scenes reveals a sound and sane heroine, finely portrayed by Walter Howard. An ideal commanding officer is found in Colonel Hildebrand and Father Theodore played by Chris. Walker and Ethel Taaffe as the Mother Superior, sympathize each in their role. The lighter touch is given by George Deamonds as Lieut. Peterkin and Margorie Egan as Wilhelmina, betched, and Philip Gordon as Uncle Winkelman. Vivid military scenes which might be taken from the events of the moment afford striking scenes that give rich and dramatic setting to the beautiful story of the play.

Henrietta Crosman, playing the title role in Daniel Frohman's film production of "The Unwelcome Mrs. Zichen," which needs the bit at the Hippodrome this week, re-establishes herself as a great comedienne and loses none of her perfunctory in the silent drama. As the husband's wife, she is much better off than the woman—cast aside by a false and heartless husband—who secures a divorce and the custody of his child, whose upbringing and education he immediately entrusts to the keeping of "the other woman." Henrietta Crosman is quite convincing. The incidents of her sunny existence, during which she waits faithfully until her daughter finally offers by the husband's marriage and is eventually united with her mother, all form a strong story with the most always well sustained.

The vaudeville bill is worthy the Christmas holiday patronage. Louis Jewell has a unique offering in which cleverly managed mannikins provide entertainment out of the ordinary. Kathryn Cameron and Co. present a foolish little sketch entitled "Katie's Press Agent," full of sparkling lines and funny situations. The four Lukens are acrobats, whose sensational work has been seen here before. Murphy and Klein are clever eccentric musicians. Peason and Louisa have a number of catchy songs, parodies, and Gardner and LeRoy have an excellent singing and dancing program, which, with several new songs, make complete the bill.

MRS. WIGGS RETURNS WITH HER KIDDIES

Popular Character Study Comedy Drama at the Grand Opera House.

FAREWELL ENGAGEMENT

Christmas Day Marks the Fiftieth Performance of the Play in Toronto.

Written by a woman and dramatized by a woman, "Mrs. Wiggs of the Cabbage Patch," which is being presented at the Grand Opera House this week, is an appropriate Christmas offering. It utterly disproves the popular fallacy that women have no sense of humor. The play is thoroughly satisfying, funny in every sense of the word, and the clever lines of the book are heightened to a great degree by the little inimitable touches that only the most clever actors can give and that must be seen to be appreciated. Never has a play been more obviously a character study with the plot woven about it than this of "Mrs. Wiggs," but it is surprising how smoothly it leads from one phase to another, and how interesting even the most commonplace incidents become with Mrs. Alice Hegan Rice's halo of appreciable understanding shining its light upon them. The humor is of the best and highest as it is drawn solely from the little incidents of everyday life that can amuse us so infinitely if we do not let ourselves "get bored" as Mrs. Wiggs expresses it. The development of this commonplace side of things is missionary work, for it reminds everyone how much real amusement can come out of even the most unfortunate circumstances, and gives a code of living that if carried out "would certainly make the world a much better place. Mrs. Wiggs with her pathetically funny philosophy is at once a source of laughter and to the thoughtful a well pointed sermon. There are several words to describe Mrs. Wiggs and her "matrimonial venture," Mr. Frobbie in each case Mrs. Wiggs is absolutely

more ridiculous than in the preceding one, and her appearance is all that is needed to send the audience into uncontrollable laughter. She reveals new comic possibilities in apertness and matrimony. Lovey Mary, as appealing as she is in the book, is made more so in the play. All the characters in the Cabbage Patch are well portrayed and the play is real delight on Christmas Day will mark the fiftieth performance of Mrs. Wiggs in Toronto, and at the Christmas matinee a special scale of prices will prevail—fifty and twenty-five cents. This engagement, it is announced, is the farewell appearance of the play in this city.

"BRICK-TOP CHORUS" MAKE FUN AT GAYETY SHOW

Splendid Fun, Frivolity and Good Singing Entertain the Crowd.

In order to complete the title of his new two-act burlesque, "What Does the Public Want?" Barney Gerrard has gathered a little of everything and compressed it into a riot of fun and frivolity, in which he has featured the three stars of burlesque, Gertrude Hayes, Sam Sidman and Chester Nelson, who led the company at the Gayety yesterday. Sidman and Nelson, Dutch and rube comedians, have a new line of original and clean funmaking. The latter has a way of dispensing his hayseed antics that would melt a staven image.

"The Landlady," a miniature musical comedy, presented by Gertrude Hayes and her six dancing bricktops, may be well termed a feature of the show. The chorus contains a large number of excellent singing and dancing girls.

SHEA'S CHESTERFIELD HEADS SPLENDID BILL

Mono-drama-vaude-ologue is New Stunt—Dolly and Percy There.

A bill that gives pleasure from start to finish is at Shea's this week, the Chesterfield of American actors, Henry E. Dixey, leading in his mono-drama-vaude-ologue. Dixey gives a number of impersonations of noted players, jugglers and others, dances a few nimble steps, makes a speech, and bows himself out with a grace that few could equal. His presentation is clever and attractive. Allan Brooks and his company present "Straightened Out," a little comedy, in which Mr. Brooks, as Philip Fuller, a young gentleman of leisure and wealth, who has evidently had an acquaintance with "spirits" other than good, comes to a health resort to recuperate, performs some clever gymnastic and other feats, and straightens out a domestic comedy with a very happy ending, which, but for him, would have had a very gloomy finale.

Dolly Connolly and Percy Warlich give a series of new songs and piano selections. They are easily among the favorites. "Bert" Wood, as the attorned juvenile Jester, who plays the mouth-organ and sings and dances to the delight of his audience, gains several recalls. Yvette, billed as the Whirlwind Violinist, in a futuristic setting, is dainty and capable. Bowers, Walters and Croker give a rustic vaudeville very cleverly. Barbara and Groves are graceful dancers, who give a novelty dancing act, and the Broders have an unusually daring acrobatic performance with a very effective Snowland setting.

ORATORIO SOCIETY. Dan Beddoe, the famous Welsh tenor, who sings with the Oratorio Society in "The Messiah," on Tuesday, Dec. 29, in Massey Hall, was the cause of a very amusing situation in Toronto some years ago. He had been engaged by what was then known as the Oratorio Society, conducted by J. W. Sheppard, to sing the role of Samson in "Samson and Dallah." He was suddenly taken ill the day of the concert, and the conductor, who could not come, and that set the conductor busy trying to drum up a tenor, but without success, so that the society faced the audience to sing Samson with no Samson present. The conductor made the announcement and intimated that the program otherwise would be gone on with just as advertised. A big voice shouted from the top gallery: "Why don't you take the part yourself, Mr. Conductor?" Which, as the conductor was supposed to direct both the chorus and the orchestra, was manifestly impossible.

THE SEITZ CONCERT. From all indications, not only Toronto, but many outside towns and cities as well, will hear Mr. Ernest Seitz when he comes before the public in Massey Hall on Jan. 20. Enquiries have already come in from a number of towns in Ontario. The manager deems it advisable to announce that all orders accompanied by remittance will be received from now on. CANADIANS WILL GO TO WAR TOGETHER

Contingent Not to Be Broken Up in Units and Brigaded With Line Regiments.

By a Staff Reporter. OTTAWA, Dec. 21.—The first Canadian contingent is not likely to be sent to the front in separate battalions brigaded with British troops.

Major-General Sam Hughes today, said also stated that he would not be surprised if the Princess Patricia's Light Infantry were to be sent to the front in separate battalions brigaded with British troops.

General Hughes, who came back from the maritime provinces today, said that the Nova Scotia regiment, the 25th, recruited for overseas service, had 85 per cent of its establishment born in Nova Scotia; the 24th at St. John, N.B., also had a large percentage of Canadian-born.

The Cape Breton Highlanders were a splendid body of men, and the artillery men mobilizing at Fredericton were fine capable men. The engineers recruiting in the maritime provinces contained many civil engineers and university graduates.

COLLEGE RESIDENCE READY FOR STUDENTS

Fine New Knox College Building Will Be Entirely Occupied in January.

With the opening early in the New Year of the handsome Knox College building west of the south campus and facing St. George street, there will also be thrown open the dormitories which will accommodate 120 students.

The building has been in a state of semi-occupation since the opening of the term in October, but the finishing operations have not been completed.

It will take several months yet fully to fit up the new building. For all practical purposes it is now ready. The allocation of rooms has been made.

The World Acts as Christmas Goodfellows' Agent

The World is again undertaking this year the work of putting the Good Fellows of Toronto in touch with the children who must look to them or have no Merry Christmas.

Arrangements for securing names and addresses from the civic social workers are complete. If you cannot play Santa Claus, The World will do it for you. But you will miss the spirit of the thing if you don't do it yourself.

To join the Good Fellows write a letter to The World, something like this: I live at street. I will be Santa Claus to children (any number you wish).

Baseball Feds to Be With Athletics Next Season? President Boyd Is Optimistic

JACK BROWN TURNS OUT WITH T.R.C.

Has Been Working Out With Pros—Exhibition Games Arranged—Gossip.

The hockey players in the local senior ranks are not settled yet. At least one well-known player will do a flop act within the next few days, and a few more are in an unsettled state of mind.

Jack Brown, with the champion T.R. & A.A. team last year, and who has been practicing with the Ontario, turned out with Toronto Rowing Club last night. Jack will likely stay with the King street scullers.

Argonauts will play in Preston on Dec. 23.

Wanderers look like the team to beat in the pro ranks. The Montreal team showed real class when they trimmed the Quebec-Canadian combination in handy fashion on Saturday night. The Wanderers need only a first-class goaler to round out one of the strongest teams in the pro ranks. They will never miss Art Ross.

J. E. McArthur will referee the Victoria-Midland exhibition game at the Arena tomorrow night. The Vice, switched hours with St. Michaels and got in their final practice last night. All the regulars were out except Hughie Aird.

Molvenaux and Delaney, the new Ontario forwards, made a hit Saturday night.

The schedule for O.H.A. Junior group No. 12 is:

Jan. 1—Markdale at Owen Sound.
Jan. 13—Owen Sound at Markdale.
Jan. 21—Markdale at Owen Sound.
Jan. 27—Owen Sound at Markdale.

The Star Bovers will play the Capital Midgets tonight at 8 o'clock at Victoria rink, West Charles street. All players are requested to be out in uniform by 7:30 p.m.

Wanderers open the N.H.A. season here on Saturday night—Toronto go to Montreal to play Canadien, and Ottawa travel to Quebec.

O.H.A. Intermediate group No. 10 schedule is:

Jan. 4—Alvinston at Watford.
Jan. 11—Watford at Sarnia.
Jan. 14—Alvinston at Sarnia.
Jan. 20—Sarnia at Watford.
Jan. 25—Sarnia at Alvinston.

Peterboro intermediates will play Toronto Rowing Club in an exhibition game here on New Year's Eve.

Tommy Smith has wired that he will report to the Ontario at once. He is expected this morning.

Because the charity game in Montreal drew \$1121 to \$775.50 in Toronto, it does not follow that the former is the better hockey centre. A benefit game like Saturday's was an event in the life and times of Montreal and merely a passing incident with us.

The schedule for group No. 6 of the Northern League is as follows:

Dec. 29—Preston at Elmira.
Dec. 30—Quepich at Waterloo.
Jan. 4—Galt at Elmira.
Jan. 6—Preston at Galt.
Jan. 11—Galt at Preston.
Jan. 13—Galt at Waterloo.
Jan. 13—Quepich at Elmira.
Jan. 13—Preston at Galt.
Jan. 18—Elmira at Galt.
Jan. 21—Waterloo at Galt.
Jan. 22—Waterloo at Quepich.
Jan. 22—Elmira at Preston.
Jan. 25—Quepich at Galt.
Jan. 26—Preston at Waterloo.
Jan. 26—Elmira at Galt.
Feb. 1—Galt at Elmira.
Feb. 3—Elmira at Waterloo.
Feb. 4—Quepich at Preston.

Lindsay has been added to Group No. 2, Junior O.H.A. series, and the following schedule drawn up by Convener J. P. Reid of Peterboro:

Group 2, Junior Series—
Jan. 1—Lindsay at Port Hope.
Jan. 4—Port Hope at Peterboro.
Jan. 7—Peterboro at Cobourg.
Jan. 8—Port Hope at Lindsay.
Jan. 12—Cobourg at Peterboro.
Jan. 15—Cobourg at Port Hope.
Jan. 18—Peterboro at Port Hope, Lindsay at Cobourg.
Jan. 20—Cobourg at Lindsay.
Jan. 23—Port Hope at Cobourg, Lindsay at Peterboro.

Joe Thompson will face the puck at the Wanderer-Ontario game on Saturday night.

Jack Daragh will likely be the Ottawa captain this year.

S. O'DONOGHUE LEADS ENGLISH JOCKEYS

J. B. Joel Again Heads List of Winning Owners for the Season.

The retirement from the English turf of Frank Wootton and Danny Maher, who between them had a monopoly of the jockey championship for the last seven years, has opened the way for a fresh holder of the honor, which has fallen to Steve Donoghue for the flat racing season of 1914, which has just ended.

For several seasons past one of the most capable horsemen, Donoghue has gained a large amount of patronage, and his skillful riding has fully earned him the position at the head of affairs. Although meeting with great success in Ireland, it was not until 1909 that he had his first mount in England, winning the Bridge man stakes at Liverpool.

Donoghue, who has had over 680 mounts this season, which does not include one "classical" winner, is well ahead of his nearest rival, J. Clark, while M. Wing, one of the most promising of the younger riders, is close up at third place.

J. B. Joel is again the most successful owner. His stake winnings reach the large sum of \$154,932. Waldorf Astor coming next on the list, with \$33,052. Other big winners are E. Hutton, \$79,412; Lord Cadogan, \$71,631; King George, \$35,722; Sir E. Cassel, \$35,090; Colonel H. Walker, \$26,742; Lord Derby, \$49,620; Sir John Thurstay, \$46,040; Solby Joel, \$44,870; W. M. Singer, \$40,020; Eucharist, \$38,565; H. Duryea, \$32,250; and H. T. Whitney, \$31,150.

Jubb, who kept goal for Whitley last season, will turn out with the Victorias on Thursday night.

Nick Rawlf, the Winnipeg star, will turn out with the Ontarogs this morning.

FEDERAL PRESIDENT PAYS TORONTO VISIT

Gives Toronto Men Hope of a Team Here Next Year—To Fight Johnson Case.

President Gilmore of the Federal League paid Toronto a hurried visit today to see several local capitalists.

The Federal League is in a state of concern, in much the same as it was last fall. Two hundred thousand dollars are needed to put a team in the Queen City and a man who is well posted on the situation is of the opinion that the necessary money will be forthcoming and that the Feds will be doing business here next season.

President Gilmore thinks highly of Toronto, and says it is time that we had "Big League" times here. He said the Federal League leader, "but Toronto will get the money and will be in before long."

He refused to divulge the names of the local parties interested, but said that the Walter Johnson case will be fought in the winter. "Times are hard," he said, "but the Federal League before spring."

BEACHES LEAGUE TEAMS GROUPED

Senior Series to Be Played on a Covered Rink—How They Are Classed.

The Beaches Hockey League will in future conduct their senior series on an indoor rink. Six of the strongest teams in Toronto outside of the O.H.A. by a unanimous vote last night decided to play at Riverside rink.

The teams who would play in this league at the rink, Aura Lee and West Toronto Victorias could not see their way clear to play in the east and had to withdraw. The other series are not as strong as last year, but they are more expected. E. Philpott was appointed convener of the eastern section of the intermediate series, with the following teams: Beaches, Maple Leafs, Don Rowing Club and Broadviews. L. Asquith is convener of the western section: Grand Trunk, Riverdale, Parkviews, Lodge A.C.

Junior—Eastern, A. W. Fairweather: St. Johns, Balm Beach, East Toronto, Woodbine and Maple Leafs. Western, Mr. Herrington: Broadviews, Aura Lee, Diamonds.

Juvenile—Western, L. Brown: St. Simons, Broadview and Grand Trunk. Eastern, Chas. Wilson: St. Matthews, Balm Beach and St. Johns.

Comments are notified that they have to return to their respective schedules before Dec. 28.

The league would like to hear from a few other good teams to fill out the group. Phone Secretary Law Brown, Beach 1771 or Main 2552. The certificates will be ready for the teams today.

A blow was passed last night putting the league on a stronger amateur basis. In future all players in the junior and juvenile series will be forced to produce birth certificates.

BROKE ANKLE ON SPADINA.
While walking up Spadina avenue last night about six o'clock Katharine McCue, 45, of 196 Spadina, slipped on the icy pavement and broke her ankle. The police ambulance conveyed her to St. Michael's Hospital.

PRESIDENT T. BOYD SLATES JOE LALLY

Athletic Union Head Gives Out Statement on Return to Winnipeg.

WINNIPEG, Dec. 21.—Thomas Boyd, president of the Amateur Athletic Union of Canada, has returned from Ottawa, where he attended the annual meeting and was elected to the chief executive position.

Mr. Boyd says that the cause of amateur sport is stronger in Canada now than it has ever been before and the amateur body is gaining strength every year. The placing of hockey on a solid basis by the organization of the Dominion Hockey Association is one of the forward steps of the year, and the president of the amateur body thinks it will be the means of greatly improving the great winter game.

"All squabbles over rules," he says, "should now be cut out and the championship contests for the Allan Cup will now be conducted in a dignified manner without constant disputes as to the status of the players."

Speaking of the lacrosse dispute over the ownership of the Mann Cup, Mr. Boyd states he was not present at the annual meeting of the Canadian Amateur Lacrosse Association as a delegate, but as an interested spectator. He did not represent Alberta, the interests of that province being looked after by Mr. Ward.

"I think the association made the only possible ruling they could in declaring the Vancouver team Canadian champions. All their players were vouched for by the amateur union, and the cup trustee, Joe Lally, apparently made no attempt to consult the amateur authorities either of British Columbia or the Dominion before declaring Kendall a professional. The lacrosse people are determined to control their own sport, and if Mr. Lally cannot come to an understanding with them regarding the Mann Cup a new trophy will be secured."

Mr. Boyd is confident that the next annual meeting will come to Winnipeg, and the track championships may also be held here next year if the local branch is willing to handle the meet.

Drastic changes in the method of handling administration were approved at the annual meeting. Once a professional, always a professional, will be the rule. Men who play with or against professionals will have to apply to the national registration board. This means that the cases cannot be dealt with by the provincial registration committees. Mr. Boyd thinks this rule will be the means of setting a standard for amateurs all over Canada and will prevent any influence being used to have certain men registered.

Mr. Boyd has appointed a committee, with E. H. Russell as chairman, to confer with the football authorities. An agreement may result between the two bodies. Mr. Russell will also likely be appointed chairman of the national championship committee.

JACK DALTON READY TO JUMP TO THE FEDS.

BROOKLYN, Dec. 21.—Jack Dalton, the Brooklyn National League outfielder, who led the National League in batting for the greater part of the 1914 season, is a hold-out on Charles H. Ebbets, and says he will refuse to sign a contract until Jan. 15. It is understood that Ebbets offered Dalton an increase of \$500 over his salary of last year, but Dalton feels that he is worth more. At any rate, he admits that he has received an offer from the Federal League, and will jump unless satisfactory terms are forthcoming from the Ebbets camp by the middle of January.

THE COLLEGE RUGBY MEN HAVE NO TIME FOR STUDY

CHICAGO, Dec. 21.—Football at the great American universities is the "gross abuse of the modern college system," Dr. Charles Alexander Richmond, president of Union College, Schenectady, N.Y., asserted in an address at the annual banquet of the college alumni from the middle west, here last night.

"The football situation in most colleges is disgraceful," Dr. Richmond said. "Fathers and mothers allow their sons to be exploited in the arena for profit. The college performers or vaudeville actors. Academies are scraped for athletic material, and instruments of all kinds are offered to promising athletes."
