POLITICS AND THE OUTLOOK

What Effect Will Taft's Nomination Have Upon the Prices of Securities.

New York, June 22.—What the effect upon prices of securities, Mr. Taft's nomination will have is a subject of great interest. On the side that makes for pessimism we have pretty widely extended dullness in business, railway earnings bad, occasional unfavorable developments in some of the Gould roads, and recently in Erie, with the passing of dividends, becoming unpleasantly frequent and threatening, and lastly the Bryan disturbance looming in the future. The unfavorable situation in railway earnings is largely due to avoidance of wage cutting and will make recovery here more difficult and more long drawn out. Aside, however, from the effect on the railroads themselves, we have by reason of continuance of high wages, a wider distribution of funds to wage earners, the spending of which helps general business. On the bright side of things we have recovery in some branches and probability that the lowest point has been reached in all others with reasonable assurance that the trend of business volume will be upward. We have unusually large bank reserves both there and abroad and every prospect of the continuance of easy money. The very large amount of July dividends and the reinvestment of them should make a most favorable demand for securities. In 1904 this reinvestment of dividends was the chief making point of the advance then. Politically the nomination of Mr. Taft and assurance of his election is a harbinger of four years of prosperity. Above all, the prospect of an immense harvest, with the rest of the world short of grain and the consequent promise of swelling millions in new wealth as well as renewed activity for railroads in transporting the crop, and certain consequent recovery in business all along the line is a most reassuring argument for the future. We believe that investor's conclusion should be in favor of purchases on recessions, and that this course will ensure favorable results.

THE PAN-ANGLICAN CONGRESS

London, June 22.—The delegates to the Pan-Anglican Congress made a partial holiday of Saturday, although several meetings were held for the discussion of higher social topics and the bishop of Pennsylvania addressed a meeting of 13,000 children. The bishop of Massachusetts, who greatly impressed the congress, preached yesterday at both St. Paul's Cathedral and Westminster Abbey. The feature of the services at the Cathedral was the annual visit of the judges, the congregation including the lord mayor of London, the sheriff and Lord Alton, in addition to a number of leading judges and a large number of delegates. Bishop Wilkins, of Minnesota, known as the Wall Street chaplain, addressed a large open-air meeting in Victoria Park in the afternoon.

New York, June 22nd.—While the bulls may be able to mark up the prices of near months on technical market and spot conditions, and while this may prevent any immediate decline in the crop months, they will find it very difficult to create any bullish enthusiasm while weather conditions remain so encouraging.

SUMMARY.

Summary.—Ann. stocks in London somewhat firmer at fractional advances from Saturday's closing. Money as cheap in London as here. Many expect reduction in Bank of England rate this week. Campaign will probably be run from Chicago. Bryan calls Republican injunction plank a transparent and shows that it was written from the existing law. It is believed that Friday's attack on market increased floating interest.

UPTOWN SENTIMENT.

The best that is expected from the stock market by leading operators is that prices will be maintained very well without, however, experiencing any pronounced advance. No enthusiasm seems to be displayed toward the long side of the market but on the other hand from expressions of leading uptown interests there is not much desire to sell the market short except for a quick turn. It is recognized that the political situation will continue to exert a depressing influence on speculation for some weeks to come. Good judges maintain that the short interest in stocks was somewhat enlarged toward the end of last week and it is thought likely that the attempt of the shorts to cover will result in a moderate improvement of prices this week.

THE ENGLISH MARKET.

Liverpool.—Due one point lower on July 1-2 higher on Aug. and 1-2 higher on late months. Opened quiet at 2 points decline. At 12.30.—Wool dull, net 4 1/2 to 5 points lower on near and 3 to 4 points lower on late months. Spot cotton quiet, 7 points lower. Middlings uplands 8 1/2. Sales 4,000 speculation, and export 300, American 4,000, imports 27,000 including 17,000 American.

HAS KITCHENER BEEN SHELVED

Indications That British Commander in Chief in India is to be Superseded by Another.

A despatch from London to the New York Tribune says: "In terms of office as commander-in-chief of the British forces in India, with a salary of \$50,000 a year and allowance to the tune of half that amount, comes to end two months hence, and he has absolutely declined to accept any extension beyond reorganization of the army in India may continue on the lines laid down by him, the government has decided to consider the possibility of Sir Beauchamp Duff, who, throughout his stay in India, has been his chief of staff, and his principal successor. It is known that while Lord Kitchener is universally admitted by British and foreign experts to have increased ten fold the military strength of the British in India, by his radical reorganization not only of the army itself, but of the entire system of defence, it is known that he is returning home with health impaired by his sojourn in India, and in a very dispirited and grudging frame of mind. In fact, he is understood to consider himself badly used by the present government. Only the other day Lord Grenfell, his junior by several months, has been appointed to be the chief of staff of the entire British army at home and abroad, an office analogous to that occupied by the great field marshal, Count Moltke, in connection with the German army at the time of the Boer war. It is known that Lord Kitchener had been appointed chief of the general staff of the entire British army at home and abroad, an office analogous to that occupied by the great field marshal, Count Moltke, in connection with the German army at the time of the Boer war. ST. PETERS WIN OVER ST. ROSES

Good Game on the Shamrock Grounds--Score Stood 6 to 2.

St. Peter's Win Good Game. The afternoon game on the Shamrock grounds did not materialize, and the spectators gathered in force on the evening contest between the leading teams. Probably 1,500 people saw the game. The contest was a feature of the evening, and the playing on the surrounding hills. The game was fast from the start and there was wild enthusiasm on the part of the St. Peter's supporters whenever the Fairwells were looked like scoring. The game went six innings and was not a slow moment during the whole contest. St. Peter's looked like winning until after the third inning when O'Keefe was found for several hits and St. Peter's scored half of their runs. St. Peter's had two by the time and after the third were not allowed to score, while St. Peter's added three more in the sixth by dint of heavy batting. When the smoke had cleared away at the end of the third inning the score stood 3 to 2 in favor of St. Peter's and St. Peter's players were called on to go in and win. They started the fourth inning well, but were blanked, and St. Peter's met with the same fate. In the fifth, both teams had the bases full and a score was imminent. For St. Peter's J. Dever got safely to first on a sacrifice hit. McCormick fielded to Doherty who made a feature catch. Dever was caught trying to steal second. Calahan drew a pass and F. Mahoney was hit by pitcher. Roger hit safely between short stop and the left fielder, but Howe retired the side by fouling out to O'Toole. Keenan began for St. Peter's by striking out. Quigg was safe on an error by McCormick in left field. O'Keefe sent a hot new through short stop and Kelly, who was returning for Quigg got to third. Downing sent one down to Dever who caught O'Keefe at third, and St. Peter's chance for scoring was gone. In the sixth, F. Dever was out at first. Kelly to Keenan. Calahan was safe on Kelly's fumble and had throw to Keenan. E. Mahoney started a merry-go-round with a Texas league to right field which was good for two bases. J. Dever drove out another two bagger, and Calahan and Mahoney scored. Dever got bases on the throw from McCormick's third one. F. Mahoney struck out. St. Peter's were retired quickly in their half. O'Toole did not reach first, and A. McKinson and Doherty fanned. The teams were:

MIKE "TWIN" IN TOWN

Cambridge Boxer Willing to Box to Two Local Men in one Night--Says Brother Can Trim Ketchell.

Mike (Twin) Sullivan, arrived in this city on Saturday to spend a short vacation. The Boston boxer, who is looking fit and well, spent yesterday at Loch Lomond in company with John T. Power, John O'Regan and Edward Mooney. Speaking to a Telegraph reporter last evening the "Twin" said while he was here for a rest and was not anxious for a bout he had told Mr. Power that he would box any two welter weights six rounds each on July 1 if the affair could be arranged. Fred Flaherty, Dan Littlejohn or Beth McLeod had been suggested and it might get looking going again here. Asked as to his opinion of the fight between his brother, Jack, and Ketchell, Sullivan said he was by no means satisfied with the result. "Jack fought at 135 pounds," he said, "and it was too low. I would like to see them fight again at catch weights. I'm willing to bet any part of \$2,500 Jack can beat him in a twenty round battle. Jack has posted \$1,000 with W. W. McNaughton, of the San Francisco Examiner to show me means business. It's up to Ketchell to make good. In the fight when Ketchell got the

decision Jack claimed a foul in the twenty round, but the referee, either did not see it or would not listen to it. Jack walked to his corner." Asked what he thought of Ketchell, Sullivan said he was one of the greatest boxers that had developed in years. He could hit at any angle and in any position. "He's a fellow," he added, "that will take three to give on every time." If no return match can be arranged with Ketchell, Mike said his brother will meet Tommy Burns or any man in the world. "He boxed Burns twice," he continued, "and beat him the last time in a twenty-round battle. Burns has not met anyone since that is of any account. He's been around picking up lemons like Palmer and Squire. I don't blame him for making easy money but before he can claim the heavy weight championship he must meet and beat Jack first."

Sullivan, in speaking of his own affairs, said he had no matches on at present. Before he left Boston he had an offer to box Harry Lewis there, and another to be taken on was Willie Lewis in New York. The weather was very hot and he wanted to get away. He had sent word that he would meet Willie Lewis towards the end of July if there was a good guarantee. In any case, after a rest he would get into trim to meet any welter weight in the world. He claimed the title by defeating Jimmy Gardner at Jim Jeffries' Club last month in a fight of twenty-five rounds. The monthly sessions of the civic boards and committees, which should have taken place this week, have been postponed. Several of the officials are away on vacation and the meetings will not take place until the first week in July. The council meeting will be held on Monday, July 6.

MONA WINNER OF FIRST RACE

Captures Merrill Cup in Exciting Race at Millidgeville on Saturday--Wabeno Only 13 Seconds Behind.

The Merrill cup race, the first contest of the season under the auspices of the R. K. Y. C., was held at Millidgeville on Saturday afternoon. The race was for Class H, salmon boats, and resulted in a victory for John Froehman's Mona, which beat Geo. M. Blizard's Wabeno by thirteen seconds. The course was from the club wharf to Milkish Chop and return twice over. There were five entries--Mona, Wabeno, R. Church's Chimook, H. D. Smith's Leola, and Louis D. Munro's Defender. All the boats got away to a good start at 2:49 p. m. Defender held the lead and seemed to have the race in hand, but by holding too long on a tack, she was passed by the other competitors. The finish was close and exciting. Wabeno looked like a winner until overhauled by Mona almost on the line. The time was--Mona, 1 hr. 55 min., 32 seconds; Wabeno, 1 hr., 55 min., 45 sec.; Chimook, 1 hr., 57 min., 40 sec.; Leola, 2 hr., 12 min., 50 sec. Defender (no time taken). The time limit was 2 1/2 hours. There was a large crowd to witness the race which was sailed in delightful weather. The officers of the day were--Judges: F. J. Likely, Howard Holder; Timers: E. N. Herrington and J. Rogers.

COLLEGE CREWS FINISH TRAINING

Harvard and Yale Rowing Squads are all Ready for Big Struggle.

New London, Conn., June 21--The hard work of the Yale and Harvard rowing squads which are in quarters up river four miles ended last night and the warm wave which is passing over this section will give the coach and trainers little worry for the men until Thursday when the masters' race will be held. There will be shore daily rows when conditions are favorable, but no grueling spins for a long distance. The "variety" eight are in excellent condition physically and full of courage over the prospects. There is little choice between the two eight in spite of the changes made last week in the Harvard boat when Cutler was moved from the four-oared boat to take the place of Fish, recalled to Cambridge. Individually, both eights are made up of the biggest men who have filled seats in crews sent to the Thames in recent years. Scouting of the rival eights covering the period of practice here shows that Yale has a very strong, smooth rowing boat. The Harvard eight are considered to be in fine shape, and Yale's four-oared and freshmen eight are considered as good as any Yale has turned out.

POLICE AND FIREMEN MAY PLAY BASEBALL

A Game Between Them is Said to be Imminent.

A baseball game between the policemen and the firemen is imminent. William Donahue, driver of the No. 1 Salvage corps wagon is captain of a team composed of husky gentlemen who have their headquarters at No. 3 Engine House and Mr. Donahue has openly expressed his candid opinion that his nine could, figuratively speaking, wipe up the earth with the bluecoats. The police have played baseball before and are not taking Mr. Donahue's assertion in the best part. They think the genial driver should refrain from making any boastful proclamation of the championship of his aggregation until demonstration of the superiority of the said aggregation has been carried to a consummation by the application of a defeat to the policemen's nine. The time and place have yet to be arranged.

GOOD SCORES MADE ON RIFLE RANGE

City Rifle Club Makes 880 in Club Match--62nd Regiment Total 859.

The St. John City Rifle Club and the 62nd Regiment Rifle Club shot in the second match of the C. M. R. League on Saturday. There were only two more matches. The city club made 880 points, a score exceeded by them in only one former match. The conditions for shooting were favorable. The target at the 600 yards range, where a dense cloud of smoke hung over the range making it hard to discern the bulls eye at times, and materially reducing the scores of those unfortunate to be called upon to shoot while the smoke was there. The scarcity of targets was much felt, there being more than seventy men, including the 62nd Regiment, R. C. A. and City Rifle Club, present. The shooting was finished at 8 p. m. before the matches were finished. The following are the scores made by the ten highest in the City Rifle Club:

HAMPTON SCHOOL HAD A GOOD YEAR

Annual Meeting of Hampton Consolidated School Held on Saturday.

Hampton, N. B., June 21--The annual meeting of Hampton Consolidated School District No. 2, was held on Saturday in the Exhibition Hall of the consolidated school, S. H. Flewelling, chairman, and J. J. McNeill, secretary. The attendance of ratepayers was large. The report of the trustees was submitted and adopted. It stated that since the last meeting the building and premises had been completed and progress made in laying out the grounds which were to be finished before the opening of the next school term. The \$25,000 bond issue will prove ample to complete everything and leave a balance of \$63,888 on capital account. Of this fund there is still \$1,183.88 on hand. Fifteen thousand dollars worth of bonds were sold at par, \$2,000 at two cents less than par, and \$8,000 at one cent less than par. The total cost of the sale was \$80. Taxes amounting to \$4,281 had been collected on an assessment of \$4,787.80 and the unpaid taxes, after reductions made by order of the municipal council amount to only \$400. The cost of collecting was two and a half per cent. The old school properties sold for \$430 and \$220 respectively. Arrangements have been made by which a very considerable reduction will be made in the cost of tuition, as the district will unite with Sussex in providing teachers for domestic science and manual training. A piano has been purchased at a cost of \$225, which \$102.40 has been repaid to the trustees from the pupils' concert fund and the school will assume responsibility for the balance. Interest on the bonds was paid in May and a sinking fund of \$800 per year to be accumulated has been arranged with one of the banks. R. A. March reported that he had audited the books of a accounts and found every entry properly certified by vouchers. The new arrangement by which the district elects three trustees and the government two, instead of two and two respectively, as heretofore, met with much satisfaction. This was made possible by the resignation of G. O. D. Otry as a government member and the election of Thomas E. Smith, who was the unanimous choice of the district meeting. Plans prepared by Architect Fairweather for fire escapes for the school building were submitted and after a good deal of discussion it was resolved that the extra expense should be at once incurred with the understanding that the cost should not exceed \$900, of which \$500 is to be taken from the balance of \$983.92 which is shown to be on hand on current account. This showed that \$6,480.70 had been received from all sources, including taxes paid, government grants, sales of property and county fund, while the total expenditures were \$5,788.78. The estimates for the coming year amounting to \$3,000, which is \$1,000 less than last year, were submitted, discussed and adopted, and an order passed to assess the district.

KIERSTADT FREE ON OWN RECOGNIZANCE

The Kierstadt assault case was concluded on Saturday afternoon in the police court and the defendant, Christopher W. Kierstadt, was found guilty and allowed to go on his recognizance, to appear for sentence whenever wanted. In weighing the evidence, Judge Ritchie spoke of the conflicting testimony but said that the defendant was evidently guilty and adjudged him guilty.

The argument of counsel was given in the morning and the court rose at 1:30. At 5 o'clock the judgment was delivered. Judge Ritchie said that in considering the story of the little girl in the case, Gertrude McNamara, it was hardly possible that the story could be the product of her imagination. His Honor also spoke of the alibi and said that, though the witness were evidently trustworthy, yet there was time for the defendant to have visited the house and committed the offense with Lake Baikal and where the usual picnic sports were indulged in. An enjoyable time was spent.

Quite a large number of the members of the congregation and their friends attended the Brussels street Baptist church picnic Saturday. They went on the C.P.R. to Westfield beach, where the usual picnic sports were indulged in. An enjoyable time was spent.

SOLE leather, or apology--which? Can you tell from appearances? Good grade of upper leather--shoe fits well--smart, stylish! But how about vitality--flexibility--shape retention--continued satisfaction? Is the sole of tough, close textured, long fibred leather, which holds the stitches like wax, repels water, bends like buckskin, and wears to the thinness of a wafer without breaking? Or--is it short grained as linoleum, brittle and stiff like cardboard, without clinging to the stitches, and with a chronic thirst for water, like blotting paper? How do you know which kind of sole leather is in the shoe, under the finish? How can you hold the Manufacturer responsible for it--or for value--if the Dealer, not he, regulates the price? There are shoes made to sell merely, and shoes made to wear. The Slater Shoe Makers dare not rob the covered up sole of The Slater Shoe, to give an extra selling effect to the visible shoe upper, because their brand, and price, pledges certain fixed values, from which there is no hedging. The limit of the Makers' direct responsibility is clearly stated--viz--their own prices, \$4.00 to \$7.00--stamped on the soles by themselves. Every pair Goodyear Welting, and the trade mark is a slate frame.

CIRCUIT COURT Case of Gibson vs. McGraw Taken Up This Morning.

The case of Gibson vs. McGraw was continued in the circuit court today. This is an action for \$1000 damages for assault and battery.

Edward Kirk was the first witness called for the defence and he narrated some instances connected with the assault. Mrs. McGraw denied having used abusive language to the plaintiff during the time of the altercation. She was trying to effect an amicable settlement between her husband and the plaintiff. She claimed during the cross-examination that she could prove the plaintiff stole a saw from her. The case is before the court this afternoon. During the afternoon the prisoners in the jail will be brought in and sentenced.

MR. DIGGS SPEAKS TO POLICE JUDGE

An Oration from Alex. Diggs Enlivened Matters in Police Court This Morning.

"Phil" Bustifan, who has been but a week in the matrimonial state, got mixed up with the fine water Saturday and was arrested early Sunday morning by Patrolman James Ross on Carmarion street for drunkenness.

In the police court this morning the affair occasioned an oration of some length from Alex. Diggs, who was among the onlookers and whose name was coupled with that of Bustifan. The patrolman who made the arrest told that the prisoner, who was in the company of Diggs was very noisy.

"Phil" informed the court that it was the first time in six years that he had appeared in the time light.

When Diggs' name was mentioned His Honor asked "Alex" who was on the outside of the jail to come forward. Bustifan had explained that he had been at the house of a colored man on Sheffield street by the name of Terence McCarthy for the purpose of paying a bill. He could not remember where he got the liquor.

"So you were the cause of all the trouble," said Judge Ritchie, addressing Diggs.

"No, it wasn't me," was the somewhat indignant reply of Diggs. "It was this way. I was at the house of McCarthy for the purpose of paying a bill. He could not remember where he got the liquor.

"What time was this?" asked His Honor.

"About 12 o'clock I think," was the reply.

His Honor remarked that it was an unusual hour to make a call, and all Diggs could say was that when one hasn't a time-piece time did fly. "I was taking him home all right when that man," pointing to Ross, "took him away from me."

In reciting his story Diggs said, "Mistah Marshall met us and asked where we were going."

"Oh, Mistah is what they call him now," remarked His Honor, referring to Marshall.

And "Mistah Campbell was standing across the street and they call him Mistah, too, do they?" was the further comment from the court. He was fully capable of taking Bustifan home.

Asked what they were drinking, Diggs replied, "Oh, gin; I always drink gin." "You have got down to gin, have you?" said His Honor. "Now what do you think I should do with him?" asked Judge Ritchie of Diggs.

"Well, now I like to see fair play yer Honor," said "Alex." "This boy is working and I think he might be given a chance."

"Well, a fine of \$3 will be struck, and I will let him go with his father," said His Honor. The elder Bustifan, who was escorted by his son's wife, thanked the court and all three left together.

Joseph Dixon, a common drunk, was fined \$4 for drunkenness, but it was allowed to stand on condition that he go out of town at once.

WILL TRY HIM ON PERJURY CHARGE

John J. Davis in Trouble as a Result of the Ottawa Hotel Liquor Case.

John J. Davis, who was in company with Joseph McDermott when the latter was arrested on Saturday for drunkenness and out of which the Ottawa Hotel was fined \$100 for selling liquor after hours, is now in a rather serious position, being charged with perjury. Davis swore in the fact that he was not in the Ottawa Hotel the night in question and did not meet Patrolmen Scott and Lucas. Scott being sworn this morning.

He told of Davis, McDermott and another coming out of the Ottawa Hotel on the night in question and related the circumstances.

Davis was remanded to jail for three days, when the evidence of Patrolman Lucas will be taken. He will appear for trial before the grand jury the fourth Tuesday in August.
