

GOOD THINGS COMING TO THEATRES OF ST. JOHN SCENE FROM "RECKLESS EVE"

This is another scene from the great musical comedy "Reckless Eve" which is to be presented in the Opera House for one week, starting Friday evening. It has a pleasing plot, special musical numbers and a beautiful scenery with a strong and pretty chorus. There will also be the regular serial and a Pathe weekly review.

THE DIXIE BOYS AT OPERA HOUSE

Present a Whirlwind of Dancing - World's Champion Bag Puncher Also Performs.

Tonight will be the last chance to enjoy the great "Jamboree of Jazz" which is being presented in the Opera House by Mabel Whiteman and the Dixie Boys. They introduce a whirlwind of dancing, which would be hard to excel. Harry Seeback, world's champion bag puncher, gives an exhibition of his skill when he keeps five and seven bags going at the one time. The Jennie Brothers are two of the cleverest athletes that have appeared here for some time and their humorous feats are well executed and thrilling. Mandy and Howard have a pleasing skit, featuring comic songs and repartee; while Oleg Sherman has been winning favor for her high class vocal offering. There is also another episode of "The Veiled Mystery," featuring Antonio Moreno.

AT THE UNIQUE THEATRE TONIGHT

Katherine MacDonald, the most beautiful woman on the screen, will be featured in "Beauty Market," a strong story drama. Charlie Chaplin, the people's ideal comedian, will also star in "Behind the Scenes."

STRIKE TREAT IF JOBS FOR UNEMPLOYED NOT MADE WORTH \$5.50

Great Falls, Me., Feb. 10.—Some of the 2,000 unemployed men here, who were given jobs on city work at \$3 a day, set out to work again today because water works employees, members of the federal union, threatened to walk out unless the emergency employes were given \$5.50 a day.

Every Likelihood Of Expansion of the N. B. Hydro Power Project

Dr. E. A. Smith Speaks of Bright Future—Good Progress at Musquash—Further Development Probable

Hon. Dr. E. A. Smith, chairman of the New Brunswick Electric Power Commission, who was in the city today, said that the work on the development at Musquash was progressing as well or better than had been anticipated. The weather conditions this winter had been greatly in favor of the contractors, and they had taken every advantage of it. Speaking about the distribution of the power which will be developed at Musquash, Dr. Smith said that he had received applications from some of the municipalities between St. John and Moncton. The City of Moncton, while it had not yet asked for a supply of power, was now taking the matter up, he said.

Passengers Glad to See Port of St. John

Staunch Ship Comes Through—Terrific Weather Without So Much as a Rope Parted—Scotch Lassies Among Passengers.

"Thank God to be safely in Canada," was the statement of a passenger who disembarked from the C. P. O. S. liner Kristina, which arrived here early this morning from Glasgow, Scotland. He said there were times when it seemed impossible for the ship to live, so terrific was the force of the wind and waves which struck the vessel over the steel planks of the bridge. The ship's crew, who were all Scotch lassies, were some of the most cheerful and hearty seen in the near future to hear the pleasant ringing of wedding bells. The bride and groom were Mr. and Mrs. J. J. Macdonald, who were married on board the ship.

IN WALL STREET

New York, Feb. 10.—(10:30)—An uncertain tone attended the dull opening of today's stock market, although gains exceeded losses and copper was particularly active. The market was characterized by the completion of the banking syndicate for financing large exports of the metal. Domestic and Mexican Oil strengthened but European issues of steel class sagged. Pressure against shipping was renewed, Atlantic Gulf falling 1/2 points at the outset. Very light dealings in rails were mostly at fractional recessions. Changes among specialties were confusing. American Wheat ending market strength while Strouberg Carburator, Continental Candy and other obscure issues were weak.

OFFERS SELF IN LOTTERY

Detroit, Feb. 10.—John H. Lechance, a Detroit resident, offered himself as a lottery prize for \$15,000. He offered to be mixed up in anything criminal and he will not be a subject for doctors' experiments. He has been a cook on boats and worked in a machine shop. He says he has done almost everything in his life and he is now looking for a job and his mother needs the money.

GOVERNMENT EMPLOYMENT SERVICE WORK

Accomplishing Results—Increase in Placement Work for January over the preceding Month, Both in the Men's and Women's Divisions.

That the Government Employment Service is assisting materially in keeping down the number of unemployed in the Maritime is borne out by a review of January operations of the five employment offices at Amherst, Halifax, New Glasgow, Sydney and Moncton, as reported to the Maritime Clearing House, Moncton. A total of five hundred and sixty-three work seekers both men and women were placed in positions during the month of January by these offices. One hundred women were furnished with employment. Through the clearance system fifteen workers were transferred during the month from one employment office to another and furnished with employment.

The above offices of the present can be considered as abnormal. There is a slight increase in this number as compared with this time last year. The above offices of the Employment Service are co-operating with the Federal Department of Soldiers' Civil Re-establishment in issuing relief to disabled, pensioned and vocationally trained soldiers by furnishing such men, whom the Service is unable to provide with employment, with a certificate to this effect, and they are then turned over to the representative of the Dept. of C. R. in the Maritime.

Comprehending that each employment office for the relief period. Thus any disabled soldier unable to find employment can by obtaining a certificate to this effect from the nearest employment office, receive relief from the D. S. C. representative in that employment office, or from the local D. S. C. office. It has been found that since this relief was put in operation last month that there have been many disabled soldiers taking advantage of it.

New York, Feb. 10.—It costs \$4,000 to turn out a doctor at Columbia, according to the university authorities, who say that of this sum the student contributes only \$1,000. To educate a student in medicine now costs ten times as much as it did thirty years ago. The expense has practically doubled in the last six years.

SOCIETY BUYS SHOOT GRAPS

Jefferson City, Feb. 10.—Society buds and "co-eds" were charged with being continued trap shooters by licensees. Hildie Bots in the House, in support of his bill prohibiting gambling. Society girls and school girls all over the state are shooting traps for money," he said. "No other vice is so prevalent. We want to shut off this vice of gambling."

DEFY BLUE LAWS

Berwick, Feb. 10.—Attempts to enforce hundred-year-old Puritan Sunday blue laws here were a fizzle. Soda fountains, ice cream parlors, news stands and gasoline filling stations reported more business than ever. Shopkeepers are willing to pay the \$1 fine entailed. Pedestrians appeared wearing caps reading, "Permitted to walk on Sundays."

\$10,750 FOR EGG SHOWER.

Mississippi Jury Awards it to Labor Leader Driven From Town.

Sumrall, Miss., Feb. 10.—A rotten egg shower is worth \$10,750 to the man showered, in the opinion of a jury here. They returned a verdict for that amount in favor of Charles H. Francis, former Vice President of the Mississippi Federation of Labor, who was bombed with rotten eggs and other missiles last August as he was forced to leave town after trying to organize a union among negro employees of the J. J. Newman Lumber Company.

CROWN NEED NOT PROVE WHEREABOUTS OF LIQUOR

Bridgeport (Feb. 10)—That it is unnecessary for the Crown under the Ontario Temperance Act to prove the whereabouts of liquor that has been imported, or that an illegal sale has actually been consummated, but on the other hand that failure to produce liquor which has been received constitutes a violation of the O. T. A., was proven in the local court here when Magistrate Memo House fined Henry Saylor of Wiltoughby \$200 and costs.

Officer Burnett of the Ontario police upon consulting the records found that Saylor had received two cases of whiskey. The whiskey could not be produced when a check-up was made, Saylor declared that he had not illegally sold these contents, but his inability to explain their absence resulted in his being found guilty.

FOR ENFORCEMENT.

Washington, Feb. 10.—Enforcement of prohibition is a simple matter, says the Board of Temperance, Prohibition and Public Morals of the Methodist Episcopal Church. "Put none but prohibitionists at work enforcing the Volstead act; appoint no judge who is not for prohibition; no federal attorney who is not in favor of 'no booze' and put on juries none but those who believe in the strict enforcement of the law," says a report just rendered.

The Evening Times and Star

ST. JOHN, N. B., FEBRUARY 10, 1921.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted), by The St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

THE WAY IS OPEN.

Mayor Schofield says the city council has not shut and bolted the door against vocational training. The mayor is willing to be convinced. This is the right attitude, and will be heartily commended even by those who argue that he and the commissioners might have convinced themselves by paying an occasional visit to an evening class.

THE SOCIAL PROBLEM.

The experience of the juvenile court in Montreal has, in the opinion of the judge and probation officers, revealed the need of a court of domestic relations. In the annual report we read: "Every day the court sits brings fresh evidence of the need of a proper court of domestic relations. One of the most frequent causes of delinquency among the young is discord between the parents, especially when it has reached the stage of a separation. Parental authority is weakened, home conditions become unbearable, and the children are left open to temptations which they would not normally have to face."

SOME TIMELY COUNSEL.

Sir Henry Burstall's address before the Canadian Club last evening was of value and importance for two reasons. The first is that we need to realize the value of a trained militia, and the second that the public should not be indifferent to the menace of Bolshevism. The natural reaction after the war was against everything military. The people, wearied by the strain of a long war with all its horrors, were glad to be free of military discipline and stern duties involved in the great conflict.

OUR RAILWAYS.

After a trip over the Valley Railway from Quebec to St. John, a writer in the Maritime Merchant says: "We had heard a lot about the smoothness of the roadbed on the Transcontinental. It was all true. From Quebec to McGivney reminded us of the run from London to Edinburgh before the war. The engineers of the Transcontinental no doubt spent a lot of money, but they certainly made a good job."

ARE WE BABIES OR MEN?

We hoped and prayed that the cost of living would come down. Our hopes and prayers are being fulfilled. Are we whining babies or men? We are all sure and certain that if prices kept on soaring, disaster would overtake us. Now that prices have ceased soaring, we are all sure and certain that still worse disaster will befall us. The truth is that what is happening now is the best thing that could have happened both for our pockets and our souls. We were indulging in riotous living. We are now sobering up. Of course, the process is not pleasant. But we are not acting like babies rather than like men. Let's quit acting like spoiled children and conduct ourselves as full-grown adults.

CALIFORNIA WINTER.

"The winter in this pleasant land, where I have pitched my moving tent, but goods like snow and sleet are banned, and frosts don't function worth a cent. Yet fogs come drifting from the deep and morns and eves are often cold, and shivers through your system creep, and all the air seems damp with mould. And then you'd like to build a fire, a good old-fashioned roaring blaze, such as all moral souls desire, on cold and clammy winter days. But here, where all the prospects please, and you own a cordwood pile. We buy our wood in little sacks which from some distant forest came; with chunks the size of carpet-tacks we feed the grate and gnawly flame. Our coal we purchase by the quart, and burning it seems quite a crime; no fire can roar and rip and snort when fed a pellet at a time. The fog enshrouds this winter night, it pierces through my sweater, my lantern's burning as I write—it's at the front it can afford. But there are countless sunny days when everything is fine and grand, and then I take my lyre and praise the glories of this wondrous land."

THE TREE.

What do we plant when we plant the tree? We plant the ship, which will cross the sea. We plant the mast to carry the sails. We plant the planks to withstand the gales. The keel, the keelson and beam and the keel and the keelson when we plant the tree. We plant the ship when we plant the tree. What do we plant when we plant the tree? We plant the house for you and me. We plant the rafters, the shingles, the floors. We plant the studding, the laths, the beam and siding, all parts that be; We plant the house when we plant the tree. What do we plant when we plant the tree? A thousand things that we daily see; We plant the spire that out-towers the crew. We plant the staff for our country's flag. We plant the shade from the hot sun free. We plant all these when we plant the tree.—Henry Abbey, quoted in The Outlook.

LIGHTER VEIN.

"Son," said the eminent capitalist, "at the rate you are going, you will never acquire a competency." "Why not, dad?" inquired the gilded youth. "You surely don't expect to live forever!"—Birmingham Age-Herald.

DOING HIS BEST.

"I never give money to beggars in the street," said the pedestrian. "But my dear sir, returned the beggar, 'I can't afford an office these hard times. You expect too much.'"

THE MOTTO JUDGE GARY HAS IN OFFICE.

Judge Gary has in his private office a novel device, different from anything I have ever seen in any other big man's office. Raised several feet from the ground, on a neat stand, are arranged large transparent letters which read: "It Can Be Done."

A GOVERNMENT REVERSE.

The result of the election in West, Petersburg on Monday proved very disappointing to the government. The Liberal candidate was elected by a majority of over twelve hundred. The normal government vote was split in two by the candidature of J. H. Burnham, the previous member, who ran as a straight Conservative in opposition to coalition. On the other hand the opposition vote was split by the presence of a Farmer candidate, who polled more votes than did Mr. Burnham.

ROWELL TO SIT IN HOUSE FOR TIME.

Postpones Resignation of Seat in Commons. Defers to Request to be There While Matters Affecting Canada's External Relations Are Under Discussion.

Port Hope, Ont., Feb. 10.—(By Canadian Press)—Hon. N. W. Rowell, K. C. M. P. for the county of Durham, will take his seat in the House of Commons as a Liberal Unionist, during the coming session. He will retain his seat for the time being, and be present in commons when matters affecting Canada's external relations are brought up, particularly of the assembly of the League of Nations at Geneva, to which Mr. Rowell was a Canadian delegate. When these matters are disposed of by the house the member for Durham will tender his resignation.

SERIOUS LABOR TROUBLE THERE.

Outbreak in Rosario Assumes Threatening Proportions—General Strike Called.

Buenos Aires, Feb. 10.—Labor troubles in the city of Rosario have assumed threatening proportions and a general strike has been called and many unions have summoned their men to quit work in support of the striking municipal employees. The strikers have presented their demands for wage increases. The number of discontented unemployed persons is said to be growing daily. Government troops have been posted about branches of the Argentine National Bank, and the police have arrested many strikers accused of attempting to influence young soldiers to desert or to judge themselves not to assist in suppressing the strike orders. Printers have quit work, causing a suspension of newspapers and electrical workers threaten to walk out tomorrow. There is a food scarcity in the city and ice production is limited, entailing hardships for the people on account of the intense summer heat.

FIGHT OVER AN ESTATE WORTH ABOVE \$75,000.

Allegation That Missing Will Has Been Destroyed or Hidden.

New York, Feb. 10.—An alleged missing will, disposing of an estate in excess of \$75,000, said to have been "destroyed or secreted" is the basis of court proceedings instituted here yesterday by Susie B. Hollander, administratrix of the estate of John A. Goodenough, who died in Brattleboro, Vt., in 1909. The plaintiff contends that Goodenough was named sole beneficiary of the estate of his sister, Mrs. Marie G. Wallace of New York, who died three years ago, and that the will drawn up in 1905 was destroyed or concealed. A will made by Mrs. Wallace in 1895, which she bequeathed her entire estate to her husband, Christopher D. Wallace, who died in 1911, Frederick H. Wallace, died in 1913, and the will of the estate of Christopher D. Wallace is named defendant in action filed here yesterday.

Paris, Feb. 10.—Premier Briand will face the delegates of Germany at the London conference on March 1, with a mandate from the French republic supporting the reparations terms framed by the supreme Allied Council in this city two weeks ago. This significant fact was made known when the members of the chamber of deputies began a vote of confidence and a ballot on the ratification of the reparations agreement was approved by a vote of 395 to 88, while Premier Briand was given a vote of confidence that was almost as overwhelming, the count stands 387 to 123.

Ontario Bar Association Makes Recommendations on This and Other Matters. Toronto, Feb. 10.—Appointment of K. C.'s should not be restricted to lawyers who were skilled as counsel before the courts, but "should also include those members of the bar who have obtained distinction as general legal advisers, or who have become eminent for their legal learning either as writers or teachers," according to the view of the Ontario Bar Association, which yesterday passed a resolution to this effect.

THE HAGUE, Feb. 10.—In view of the fact that the Netherlands government no longer considers former Crown Prince Frederick William of Germany as an interned army officer, a committee of the first chamber of parliament has suggested that the government cease paying for his housing at Wieringen.

UNIFIED CONTROL IN BIBLE SOCIETY. One Organization for All Canada is Decision of General Board. Toronto, Feb. 10.—One Bible society for the whole of Canada was decided on here yesterday afternoon at a special meeting of the general board of the Canadian Bible Society, instead of dividing the society into eastern and western sections, as had been suggested. The decision to continue the society as it has existed for the last fourteen years, committee was appointed to report a decision at the biennial meeting in Iowa in April. The financial report showed the total income for 1920 to have been \$225,052, marked increase over the previous year. More than 325,000 Bibles are to be circulated in Canada this year. The report will be printed in 110 languages.

RECENT DEATHS

After an illness of about five weeks the death took place at the General Public hospital yesterday of Mrs. Helen M. Mason, widow of David Mason. She was sixty-three years of age and is survived by one son and three sisters. The son is Charles Mason, of this city, and the sisters are Mrs. Captain Buckman, of Victoria (B.C.), Mrs. Martha Lambert, of St. John, and Miss Fitzmaurice, of St. Stephen. The funeral, which will be private, will be held on Friday.

Frederickton, Feb. 9.—(Special)—Mrs. Minnie Tweeddale, wife of M. A. Tweeddale, died here at 9 o'clock tonight in a sudden relapse from an illness of pneumonia and pleurisy from which she had been suffering for the last few days. Mrs. Tweeddale was fifty-six years of age and is survived by her husband and four daughters—Dorothy, Marion, Alberta and Helene. Before her marriage she was Miss Minnie Howie, and also leaves to mourn two brothers, James Howie, of St. John, and William Howie, of Virginia. The funeral will take place on Friday afternoon.

ARTILLERY AND CADET UNITS INSPECTED

At the inspection of the 3rd New Brunswick heavy brigade last night by Lieut. General Sir Henry Burstall, K.C., B. C. M. G., and A. D. C. to H.M. the King, the Colonial Auxiliary Force (officers) Long Service Medal, was pinned on the breasts of Lieut. Colonel W. H. Harrison, officer commanding the unit, and Major J. T. MacGowan. The general addressed the men and the usual gun drill was carried out in a satisfactory manner. In the afternoon the inspector general carried out the inspection of the St. John and Rothesay cadet corps, both of which made an excellent showing. Governor Pugsley and General Burstall addressed the lads and congratulated them on the good showing they had made. He was accompanied last evening on his inspection by his aide, Major Neilson, Brigadier General A. H. Macdonell, C. M. G., D. S. O., Lieut. Colonel A. H. H. Powell and Lieut. Colonel H. C. Sparling. General Burstall left for Moncton this morning to complete the inspection of the units in this district.

THE CARLETON FIRE

To The Editor of Times.
Sir—I see, by the Times paper, last evening, re fire, at 135 St. John street, West, on Tuesday evening, you put my name in as Vaughan. There was no one there by that name, my name is George Bond and I am sorry to say I have lost my little home, the same as Mr. Haman. We are boarding here, but there are six of us in family and I can assure you, it makes it pretty hard lines. Trusting you will correct same and thanking you, Yours respectfully,

QUEBEC MAN GETS RESULTS FROM DODD'S KIDNEY PILLS

Mr. H. Dinelle Suffered from a Complication of Kidney Troubles and Tells How Dodd's Kidney Pills Helped Him.

Cheneville, Que., Feb. 9th (Special).—"I suffered for eight years from diabetes, neuralgia of the heart and rheumatism. A year ago I commenced to take Dodd's Kidney Pills. "My health is very much improved." In these three concise sentences Mr. Hyacinthe Dinelle, a well-known and highly respected resident here, tells why he recommends Dodd's Kidney Pills. Mr. Dinelle is still using Dodd's Kidney Pills. He believes that his troubles are caused by sick kidneys and that Dodd's Kidney Pills are the remedy he needs. Sick kidneys are the cause of many serious diseases. When the kidneys are not right they fail to do their full work of straining all the impurities, all the acids of disease, out of the blood. There can be no pure blood if the kidneys are wrong. There can be no good health unless the blood is pure. Ask your neighbors if Dodd's Kidney Pills are not the sovereign remedy for sick kidneys.

BIG SEIZURE OF ARMS AND AMMUNITION IN HOUSE IN BERLIN

London, Feb. 10.—Police today seized in a house in the West End of the city of Berlin forty-five machine guns, four thousand rounds of cartridges, and a number of carbines belonging to an organization called the Berliner Heimatsverband, according to a despatch to the Times from Berlin. The head of the organization is Hans Hayl, who has been left for Moncton this morning to complete the inspection of the units in this district.

Millinery For Early Spring

There is a gay simplicity that is both charming and youthful in the new spring millinery. For the most part it is exceedingly original, depending on beauty of straw or fabric, unusual shape and perhaps a skillfully placed flower, pin or ornament, for its charm.

Hats of Cellophane, Silk or Cere, and smart combinations of two or more of these materials are in close fitting and larger shapes featuring many variations of the urban and sailor.

These lovely hats are priced surprisingly low and will be found just the thing to put on and wear now.

TO DISCUSS FUTURE OF JUDAISM IN AMERICA

Buffalo, Feb. 10.—One thousand reform Jewish rabbis and prominent laymen and women will come together from all parts of the country in this city on May 24, 25 and 26, to discuss the condition and future of Judaism in America. Extensive preparations are being made here to entertain the visitors, who will be delegates to the annual convention of the Union of American Hebrew Congregations and its affiliated body, the Federation of Temple Sisterhoods.

The convention will give much of its time to discussion of the problems of anti-Semitism in America, the extension of synagogue and religious school facilities to enable all Jews everywhere in America to participate in Jewish activity, the establishment of a pension fund for rabbis, and the success of the revival and financial campaign conducted by the union. Reports will be given on the work of the Hebrew Union College, at Cincinnati for the training of rabbis. J. Walter Freiberg is president of the union, Charles Shohet, Julius Rosenwald, Isaac W. Bernheim and Ludwig Vogelstein, vice-president, and Rabbi George Zepin, secretary.

TWO WIVES IN SAME STREET; BANKER'S HIDDEN ROMANCE

London, Feb. 10.—An extraordinary real life drama was unfolded in the divorce court here when the wife of Frederick Trenam, a bank manager, at present in prison on remand charged with frauds involving \$200,000, was granted a decree. She told the court how, quite by accident, she became a tenant of a house almost next door to Anna Comwisher, a tenant, \$20,000 in a where her husband had been living with a wealthy woman. In swift succession followed a bigamy charge, the suicide of the bigamous wife, the attempted suicide of the husband, and his arrest on the present fraud charge.

MORNING NEWS OVER THE WIRES

As the outcome of numerous protests made to the civic authorities in Toronto after March 17, 1920, because the Ancient Order of Hibernians at their St. Patrick Day concert in Massey Hall had refused to sing God Save the King or to display the Union Jack, but had given the place of honor to the Sinn Fein flag, the city council passed a resolution to the effect that if such a thing occurred again the city would cancel the Massey Hall tax exemption. On application yesterday permission was given the A. O. H. to hold their entertainment this year provided they apologized to the Massey Hall management for last year's incident.

GEN. BURSTALL APPEALS FOR MILITIA SUPPORT

Before a large gathering of members of the Canadian Club in Bond's restaurant, last evening, Lieutenant-General Sir Henry E. Burrall, K. C. B., K. C. M. G., A. D. C., Inspector-General of Canada, made a strong appeal for better support of the militia of Canada and pointed out the need of a well drilled body of men. The address created a deep impression on those present and gave them a new point of view on the subject. Brigadier-General A. H. Macdonnell and Lieutenant-Colonel E. C. Weyman also made short speeches.

Membership blanks were before the guests and the president, A. M. Belding, occupied the chair, asked the members to present to induce others to join the militia. He also announced that Lieutenant-Colonel McCullough would address the club next week. After an appropriate introduction by the chairman, the speaker of the evening rose and was greeted with an outburst of applause. He said that he had been soldier since 1889 and during that period of thirty years had seen public opinion in regard to the militia vary from antagonistic indifference to great admiration, according to the danger of the country. During the late war, the selling was strong and no sacrifice was so great for those at home to make for the soldiers at the front.

Militia's Value in Peace.
He did not wish, however, to speak of the value of the militia in war time but of its bearing to Canada in peace.

The young man who joined the militia was improved mentally and physically and, as the military unit was increased in efficiency, so the home and country at large increased in efficiency. The discipline and efficiency made the trained man a good citizen, mentally, morally and physically, and also prepared the way for war in case of need. With good militia Canada would be safe from within and without. He did not intend to dwell on the possibility of war but on the hidden things that the casual observer did not see but on the dangers within Canada at the present day.

Danger From Within.
There were enemies within Canada, he said. Many countries had suffered from Bolshevism. He did not believe in treating this subject with silence, as it was a real danger. He pointed out what had occurred in Russia and what was being attempted in other countries and also what had happened at Toronto and Winnipeg not so long ago. It was the duty of Canadians to be in a prepared state to neutralize this danger. The general was confident that

For real "honest to goodness" value you will use Red Rose Tea. The same good tea to-day as for over 26 years.

Bolshevism would never prevail in Canada, but efforts would be made to make it prevail to the extent of killing citizens, destroying property and disrupting trade. Steps must be taken, the speaker said, to prevent this. Summing up, the general asked what was essential for an efficient militia. First, and most important, was the general support of the community; the next thing was the willingness of the young men to train and lastly general support of funds from the government. He said that there would be no difficulty in securing the latter requirement if the people were behind the project. The feeling had changed enormously. At one time it was said that there was too much drinking and too little work done. All this had now changed and while he was not here concerned with prohibition there would be no temptation to drink. In former years parents would not send their sons to the camps on account of the temptation to drink. Now there would be no more temptation than if they were in their own homes.

Asks For Local Support.

His ideal was that the militia of Canada should be free from party politics at all times and should be considered as a national body. He asked the club members to consider the militia of Canada as one of the first planks in the platform of the club. St. John was a vital part of Canada. Seventy per cent of the war material sent abroad by Canada in the late war passed through this port and the militia should be taken more seriously here. St. John had been noted for its go-ahead citizens in all matters of national importance. In concluding the general thanked the chairman and the club for the opportunity afforded him to speak.

General Macdonnell.

General Macdonnell was then called on by the chairman and made a short address. He said that General Burrall had placed before the club in a concise manner the necessity for a good militia force in this country. The members had seen what the militia had done in the late war. They had practically all sprung to arms and the pick of Canadian manhood had gone across in the First Contingent. Had the country three times as large a militia it would have been possible to send across three divisions instead of one at the start. Lieutenant-Colonel E. C. Weyman was called on and referred to meeting General Burrall in England when the latter was president of the general court-martial convened to inquire into the disturbances at camp. The speaker had been assigned to the defence of some of the soldiers, and paid a high tribute to the just and impartial manner in which the

GIVES HIS BLOOD TO SAVE PATIENT

Transfusion Operation in Victoria Hospital, London.
London, Ont., Feb. 10.—Ten medical students in training at Western University responded to an appeal to yield a quantity of blood to save the life of a patient in Victoria Hospital. All were subjected to blood tests at the Institute of Public Health, and three were selected as of suitable type for the operation. The lot fell to Dr. Lewis, who is serving as an interne at the hospital, and a pint of his blood was transfused, under the supervision of Dr. Rankin. The patient, E. Kilminster, of Port Dover, is reported today to be in a fair condition.

ODDFELLOWS' HALL CHANGES HANDS

A transfer of property of considerable value was consummated yesterday by W. E. A. Lawton, when he announced the sale of the old Oddfellows' hall, at the corner of Union street and Hazen avenue, to a local purchaser who intends to remodel the property to meet his requirements. This building is one of the most prominent landmarks of St. John and many different societies have used its large rooms in the upper floors from time to time. It is a brick building of four storeys and attic. Mr. Lawton also announced the sale of the large freehold property at 174 and 176 Union street, known as the Pritchard property. It is a large double dwelling house and was bought by a man who had recently moved to this city.

The cross "with swords" is given only for valor.

STOP DUMPING OF GERMAN DYES

Many Thousands of Tons Imported in Anticipation of Legislation.

(Associated Press Correspondence)
London, Jan. 25.—Many thousands of tons of German dyestuffs were poured into the United Kingdom in anticipation of the coming into force on January 15 of the Dyestuffs Act, which placed an embargo upon the importation of foreign dyes, except under a strict licensing system. This German dumping will now be stopped. The embargo does not apply in the case of dyes entering this country for re-exportation or in transit. The importation of single consignments may be authorized by the Board of Trade which issues a special license for this purpose, in each case subject to the approval of a committee of 11, consisting of three dyestuff manufacturers, five consumers and three persons not connected with the dye industry. Shipments of German dyes under the Reparations Act will not be affected by the new law, and the prescribed deliveries will continue to be made for distribution to the trade here. The productive capacity of British dye manufacturers already exceeds 25,000

tons a year as compared with only 1,000 tons in 1913. During the next decade, British chemists will be put on their mettle to secure for Great Britain a complete independence from foreign producers, for the life for the present act is limited to ten years.

POLICEMAN RESCUES FOUR KIDDIES IN A BOSTON TENEMENT FIRE

Boston, Feb. 10.—Four children, trapped in a small room, were rescued by patrolman M. E. McCarthy after he had forced his way up a narrow winding staircase through flames and smoke at a tenement fire in the north end on Tuesday night. Taking two of the youngsters his arms and instructing the others to cling to his coat the policeman guided them to safety. The blaze, which started in a store on the ground floor, imperiled the lives of a dozen families. Police and firemen assisted fifteen persons to the street.

SOLDIERS FEEL PAIN IN AMPUTATED LIMBS.

London, Feb. 7.—Reports that they feel pains in amputated limbs are being made to English doctors by men disabled in the war. Dr. George Diddoch, of London, declares that he has had frequent complaints of this character. "A man wearing a cork leg often has a feeling that the foot still there. Sometimes the pain is acute, and we are asked to give relief." A small grant has been made at the Royal Infirmary of Manchester to enable Dr. G. Jefferson to investigate causes of pain in what the medical profession here call "phantom limbs."

OPERATION WAS NOT NECESSARY

"Fruit-a-lives" Restored Her to Perfect Health

153 Papineau Ave., Montreal.

"For three years I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist who said I must undergo an operation. I refused."

"I heard about 'Fruit-a-lives' so decided to try it. 'The first box gave great relief, and I continued the treatment. Now my health is excellent—I am free of pain—aid I give 'Fruit-a-lives' my warmest thanks."

moved by a tale of woe—whether that tale was genuine or bogus. I have just received a new Morgan anecdote illustrative of this, and illustrative also of the fact that the famous banker could not be a joke even when he was the victim of a newspaper reporter's desperate hard-up (as reporters sometimes are known to be) made a touching plea for a contribution for a new church which a worthy group of colored

people were pictured as heroically striving to establish. The story was so plausible and so appealing that Mr. Morgan handed them \$400. Before the pair were out of sight, he saw them divide the money! The story goes that for a moment Mr. Morgan didn't know whether to be furious or philosophic, but that he then burst into laughter, called in some of his associates, and told them the joke.

BUSINESS PICKING UP.

Business is picking up. The woolen trade is more active. Cotton goods are being more freely ordered from manufacturers. The garment industry shows some signs of returning life. Shoe manufacturers are increasing their output. Rubber companies are more optimistic as they find that uncombed stocks are lighter than formerly estimated. Auto-

mobile plants are re-engaging large numbers of workers. Copper men are less pessimistic. Europe has been buying wheat. The electrical industry is becoming quite busy. Hat manufacturers are taking back some of their people. Bankers are unlightening the monetary screws. Investments have been doing better. The principal foreign exchanges have exhibited distinct strength. Powerful interests are contracting for future deliveries of materials and merchandise at the readjusted prices now available in many lines. In short, both existing conditions and prospects are improving notably.—Forbes Magazine, N. Y.

SITUATION IN INTERNATIONAL BALL LEAGUE

Prospects for Montreal Team Remote, Says Joe Page, But Outlook for Strong All-Canadian League Good.

It will be remembered that at the close of the baseball season last fall, both Frank Shaughnessy and Knotty Lee of Toronto were supposed to have acquired International League protection of both Ottawa and Montreal by paying the required fee for the coming season.

As a matter of fact in this past season both the local city leagues have furnished the franchise of ball fully up to the standard a league of the above calibre would have furnished. The result of the local leagues with the strong following they have enjoyed this past year would quickly have put a league of this class out of business.

Want \$30,000 For Club. If Messrs. Shaughnessy and Lee really had any idea of trying to put this scheme through, they would have long since turned their attention in a different direction. They attended the meeting of the International League held in New York in December, and were offered the Syracuse franchise and players for the sum of thirty thousand dollars, which Mr. Shaughnessy thought was exorbitant.

While this might have seemed to him, this amount was offered to him, this amount was offered to him, this amount was offered to him, this amount was offered to him, this amount was offered to him.

"Shag" Holds Whip Hand. We understand that Mr. Shaughnessy having paid for the protection rights for the coming season to the secretary of the Minor Association of Professional Baseball Clubs, in any event, have to be consulted in the placing of a team in this city.

BANK CLEARINGS.
The St. John bank clearings this week were \$2,638,907; last year, \$2,782,554; in 1919, \$2,722,240. Moncton clearings this week were \$1,146,454. In Halifax they were \$3,635,217.

HAWKINS-MOORE.
At the Cathedral on Monday morning at 6.30 Rev. A. P. Allen, united in marriage with nuptial mass, Miss Annie Mabel Moore of this city, to William C. Hawkins of Melbourne, Australia. The Witnesses were Miss Agnes Rourke and James K. Bell. Miss Mrs. Hawkins will reside in the city.

FINE FOR SMOKING.
Wm. F. McDonald of Kane & McDonald, paid a \$2 fine yesterday for smoking in the city market. Earlier in the week four men were reported for violating this market rule but not fined. Under new conditions the fine imposed may be as high as \$20. The clerk is not seeing to be automatic in the matter, but, as there are regulations, feels there should be reasonable compliance with them.

MRS. ARTHUR SAPIER.
The death of Mary Ellen, wife of Arthur Sapier, and daughter of Peter and the late Allie Paul occurred at the General Public Hospital yesterday afternoon. She leaves, besides her husband, four small children, her father, one one brother, Joseph, of this city, and two sisters. The funeral will be held on Saturday morning from her late residence, 79 Bridge street, to St. Peter's church.

POOL TOURNAMENT.
Five teams have to date entered in the pool tournament which is to be held in the Y. M. C. I. starting next Tuesday. It is proposed to hold an elimination contest of 100 points, two men a side. Those so far entered are St. Peter's Y. M. A., Knights of Columbus, Irish Literary and Benevolent Society, Ancient Order of Hibernians and the Y. M. C. I.

AT THE DEPOT.
Signs designating track 1, 2 and 9 in the Union Station were placed in position this morning and it is hoped that they will tend to avoid confusion. Strangers seeking information have been instructed that their trains would leave on certain tracks, but there were no signs to guide them and they had to keep asking until they eventually reached their proper destinations. Prior to the collapse of the old train shed the tracks were numbered.

VERY ILL IN IDAHO.
A telegram to his sister, Miss Kate T. Fitzgerald 808 Haymarket square, yesterday, brought the distressing news of the serious illness of Joseph Fitzgerald in Boise City, Idaho. A member of a prominent West Side family, Mr. Fitzgerald made his home in St. John many years ago. He is ill with pneumonia in the sisters' hospital in Boise City and the bride and groom Center supported the groom. Mr. and Mrs. Daye will reside at Cumberland Bay. The groom is a returned soldier and enlisted here with the 118th battalion but was transferred to the 2nd battalion with which unit with the Canadian National Railways. About thirty-five friends gathered at the home of the groom's parents, Mr. and Mrs. Mortimer Daye, Hammond street, the evening before the wedding and tendered the principals a novelty shower in honor of the event. Many beautiful and useful presents were received and the evening was spent in games, music and dancing.

LECTURE ON CONGO.
Under the auspices of the Epworth League of the Carmarthen street Methodist church an interesting address on missionary work in the Congo was given last evening by Mrs. A. H. Langlois of Hillsboro, N. B. Very graphically she described the habits and superstitions of the people. Mr. Langlois has traveled widely in the West Indies, Africa and Europe, and based her remarks on personal experience. The meeting was led by Mrs. Mary Seymour, and a solo by Miss Stella Fox and a reading by Miss Hazel McBeth added much to the enjoyment of the evening.

DAVE-BARTON.
At the residence of the officiating clergyman, Rev. G. D. Hudson, Victoria street, on February 1, Miss Edna Mabel Barton, daughter of Mr. and Mrs. Enoch Barton of Cumberland Bay, was united in marriage to Norris F. Daye of this city. Mrs. James Brown attended the bride and groom's center supported the groom. Mr. and Mrs. Daye will reside at Cumberland Bay. The groom is a returned soldier and enlisted here with the 118th battalion but was transferred to the 2nd battalion with which unit with the Canadian National Railways. About thirty-five friends gathered at the home of the groom's parents, Mr. and Mrs. Mortimer Daye, Hammond street, the evening before the wedding and tendered the principals a novelty shower in honor of the event. Many beautiful and useful presents were received and the evening was spent in games, music and dancing.

COST OF BUILDING.
To Editor of Times.—
Sir,—Much has been said with reference to the probable decrease in building operations during the coming spring. Consequently it would be well for the information of the public generally and those who are wont to make the prophecy I have reference to, to give some facts in figures.

With no desire to be a pessimist, but rather with the view to relieve some information sincerely before the public, I give the following comparative table of material prices per square of 100 feet last year, \$7 this year \$10.
Hardwood flooring last year, \$20, this year \$15 per 1,000 feet.
Sourwood last year, \$20, this year \$20.
Cement, last year, \$9.50 per barrel; this year, \$9.50.
Bricks last year, \$25; this year, \$22.
Lime, last year, \$3 per bushel; this year, \$4.
Many other items in building materials could be quoted also. In making the comparisons I have, so, taking the prices as I found them at the present season last year.

Further comment from me is unnecessary and more than to show that facts and figures are perhaps the truest indications. Thanking you for space, I am, Sincerely yours,
BUILDER.

PLEBISCITE ON DAYLIGHT TIME FEB. 28

This Recommended at Meeting of Commissioners Today

Period About Same as Last Year—Further Work at Newman Brook Recommended—Failure of Engine Caused Ferry Accident.

The city council, in committee meeting this morning decided to hold a plebiscite on the question of daylight saving time on Monday, February 28, the period covered to be about the same as last year—May 22 to September 11—although these dates were not definitely decided upon. The matter will come up for confirmation at the regular meeting in council on Tuesday of next week. In the absence of the mayor, Commissioner Frink presided. The common clerk read the report of the mayor on the matter of daylight saving in which his worship recommended that a plebiscite be taken on Monday, February 28, on the lists prepared for the last civic election, and that all persons whose names appear on these lists should have the right to vote irrespective of whether or not their taxes had been paid; that the common clerk make all the necessary arrangements for the polls, that he give notice of the date and polling places, the same as in a civic election and that the polls be kept open from 8 a.m. to 6 p.m.

The ballot recommended is as follows:
Are you in favor of Daylight Saving Time?
Yes.
No.
The mayor's report was recommended to council. Commissioner Jones asked for permission to get a set of Venturi meters for the Spruce Lake pipe line, consisting of two meters and a double set of recording instruments. The meters at the Silver Falls vault, he said, were in good order, but the recording devices were out of order and required repairs. He explained that the instruments recorded not only the amount of water passing through the pipe but also the different fluctuations in the flow. On Mr. Jones' motion the purchase of two Venturi meters and two sets of recording instruments for the Spruce Lake main, and two sets of recording instruments for the Loch Lomond line at a cost of \$4,000 from the Builders Iron Foundry Co., Providence, R. I., was recommended. The amount is already provided for by bond issue.

Commissioner Thornton asked for authority to purchase 1,000 feet of hose. He said it was useless to call for tenders, as the price of all firms for the kind required was the same. It was about \$1.10 a foot. He said he usually purchased that part of the firm's business in the city. The purchase was recommended.

The Ferry Accident.
Commissioner Bullock presented a report of the ferry superintendent regarding an accident to the ferry last night. He said that Engineer McHeath reported that part of the engine failed to answer the reverse lever, although it had been working all right since. He estimated the damage at about \$1,000. The traffic will not be delayed while repairs were being made. The report was ordered received.

Commissioner Bullock presented a report on the old market building on the West Side. He said it would not be economical to move or repair the building to use it as a repair shop for the harbor department. The shingles on the sides and roof were badly worn. Dr. Frink said the building should either be torn down or repaired and put to some use which might net some revenue. Mr. Thornton said he would investigate the matter and report.

The engineer's report was ordered received.

Newman Brook Work.
Regarding the proposal to take out the bridge over Newman Brook on Adelaide road, the city engineer presented a report in which he said that if this work was carried out it would be advisable further to deepen the brook at an estimated cost of \$8,000. The culvert would cost about \$2,700. The contract price of the work now being done is \$2,000. He thought the brook should be deepened six to seven feet to the pond just below the bridge to give the brook a one per cent grade.

New School Suggested.
Speaking about the drainage of this area, Dr. Frink said that this section was the reasonable place for the expansion of the city. He thought that the next place the school board should erect a school should be in the vicinity of the end of the Bon's Head road and recross the development of the Mill-Edgerville road area.

Mr. Jones said he would bring in a resolution on the matter on Monday. Dr. Frink suggested that the city might carry on the work with its own staff, relieving the contractor, now at work there, of part of the contract.

The city engineer said the culvert should be 150 feet long. Commissioner Thornton said he did not see why the whole matter was not brought up when the first proposal to deepen the brook was made.

REPORTS FROM MARKET POOR.
Advice has been received in the city from a prominent firm in Havana, dealing in produce, that the market there for all kinds of fishstuffs is in a very bad condition. The firm advises that it will not accept consignments.

TAKE TIME BY THE FORE-LOCK, MR. PROPERTY OWNER!

It is false economy not to protect that building of yours from the destructive action of rain and melting snow and ice, by failing to equip it with the Gutters and Conductors necessary to carry away the flow of water. Slowly but surely water will eat into and decay whatever wooden portions of the structure are long exposed to its ravages. Slow up of the process of depreciation and prolong the life of your property by equipping it with our durable Galvanized Iron Gutters and Conductors. Now, before the Spring rains set in, is the time to have this work done. We shall be pleased to submit quotations on any work you may require.

A RUG OF BEAUTY IS A JOY FOREVER!

The enjoyment, the pride, the genuine satisfaction associated with the ownership of a well selected rug vastly outweighs its cost. As a matter of fact a good rug enhances in value with age. As a family heirloom it eventually becomes priceless in the memories it holds.

The introduction of rugs into the furnishings of the home imparts an elegance, a luxury, a charm of environment which no other type of floor covering seems to convey. A good rug is more than a floor covering. It is a picture, eloquent in meaningful symbols, fascinating because of the mysteries that are conjured up in its history.

Just now this store shows very comprehensive displays of rugs—in the large room sizes as well as the small rugs—each rug carefully, intelligently, personally selected for its own individual beauty.

We will welcome the opportunity to show you this very interesting display of rugs and other floor covering and are sure the values represented by virtue of the prices asked will be favorably impressive.
