Germans Attack Again And Again on Allies' Left But Are Repulsed

Official Report Today Meagre But Satisfactory — Austrians Did Not Sink French Warship — Germany Loses More Territory

Paris, Sept. 29.—"On our left wing along the River Somme," the French official statement issued this afternoon says.

Washington, D. C., Sept. 29.—Official denial of the sinking of a French warship by the Austrians for at Caltaro was made today by the French admiralty through the embassy here.

"The French secretary for the navy has made known that this news is entirely false and that there is nothing to justify such a report. Up to date (September 28), no French warship has been touched by an Austrian projectile," said the admiralty's statement, which attributed the report to the Cologne Gazette.

FRENCH TAKE GERMAN TERRITORY Paris, Sept. 29.—"It is officially announced that the French forces in Equatorial Africa have re-occupied the greater part of the Congo territory ceded to Germany by the treaty of 1911," says the Bordeaux correspondent of the Havas Agency.

SHARP FIGHTING IN BELGIUM AGAIN

London, Sept. 29.—An official communication given out by the Belgian government is contained in an Antwerp despatch to the Reuter Telegram Company. It says: "After a sharp fighting, Malines, fourteen miles southeast of Antwerp, the Germans, under cover of night, re-entered the unoccupied town, but have now resumed their march therefrom."

"The Germans have directed the fire of their heavy artillery on the forts of Wavre, St. Catherine and Weillhem, about ten miles from Antwerp, but with a view not justifying their great expenditure of ammunition. Our forts replied and the bombardment ceased. Between the Dendre and the Willemoek canal, west of Wavre, the offensive movement of the enemy was promptly checked. The forts inflicted serious losses on the enemy and completed his retreat."

England and Refugees. London, Sept. 29.—England has come to the relief of the stricken Belgian refugees with such spontaneous magnanimity that the refugees are forever to define the food of offers of shelter.

The authority for this statement is Lord Gladstone, former governor general of South Africa, who is now a leader in the committee work.

Italy Disregards It. Rome, Sept. 29.—"In view of the grave situation now existing throughout Europe," says the Tribuna today, "Italy does not consider that the offer of the crown of Albania to a son of Abdul Hamid, ex-Sultan of Turkey, is sufficiently important to justify intervention."

Rome, Sept. 29.—Rumors that the occupation of Avlona, in Albania, on the Adriatic, by the Italians was imminent, were circulated today. Some of the reports even had it that the occupation had already occurred as an answer to the abnormal conditions prevailing in Albania. Tonight it was officially denied that any expedition was even imminent because it was stated, Avlona had not yet been threatened and also because the question of Avlona was now absorbed in the greater question involving the whole of the Adriatic.

Many Germans in Brussels. London, Sept. 29.—A Reuter despatch from Ostend says that a traveler from Brussels reports the town full of German troops coming from the south.

The Torch in Mausebeuge. Paris, Sept. 29.—A resident of Mausebeuge, who had been made prisoner, but later escaped, says that Mausebeuge was three-quarters burned up by the Germans. The forts resisted for a long time the assaults of 40,000 men.

From Mountain Peak to Fight. Berlin, Sept. 29.—The "highest" re-entrant in Germany called to the colors was the mountain guide named Glatz at Garmisch, in the southern part of Prussia. The order to report for military service was sent to him by mail and reached him at night on the top of the "Zugspitze," the highest peak of the Giant mountains. With alpine stick and hat at midnight he hurried from the mountain top and in five hours was down in the valley boarding a train to Weillhem.

Dead Set Against British. New York, N. Y., Sept. 29.—A despatch to the Tribune from the London

New England Forecasts—Fair tonight and Wednesday; rising temperature, fresh shifting winds.

The Homes of These 13 Babies Sacrificed To The God Of Wars

These three Belgian mothers; these thirteen Belgian babies, are homeless. The roofs over their heads were pulled down to make a clean path for the big guns guarding Antwerp from the Germans. Until the war is over, and for a long time after that, they will have to live in the fields.

Hands Chopped Off Little Belgian Girl And Smaller Brother By Brutal Germans

Guelph, Ont., Sept. 29.—James Pettit, of York Road, Guelph, received a letter today from an aunt in Stratford Terrace, Leeds, England. One paragraph states: "We have in our house to care for a little Belgian girl, aged eight, who had both her hands chopped off by German soldiers. Her brother, a little younger, was treated the same, so that he would never be able to handle a rifle."

RUSSIANS FAST ON THE OFFENSIVE

Enemy in Silesia, However, Greatly Reinforced. AUSTRIANS IN CONFUSION. Galicia Now Almost Completely Cleared By The Russian Forces is Confirmed.

Petrograd, Sept. 29.—The following official communication from the chief of the general staff, regarding the Russian operations, has been given here: "Russian troops are driving fast on the offensive in the forests of Augustow in Russian Poland, province of Suwalki."

"The Germans are using heavy siege artillery in the bombardment of the fortress of Osowetz. A German infantry attempt to close in on the fortress has been checked."

"On the front at Silesia the enemy has been greatly reinforced and shows much activity."

"Sorties by the garrison of Przmyśl have not been successful. Many prisoners, some cannon and some stores of ammunition have fallen into our hands."

"As the Austrian retreat in Galicia continues great confusion is noticeable in their ranks."

Galicia Almost Cleared. London, Sept. 29.—A Petrograd despatch to Reuter states that an army messenger has announced that the Russians have almost completely cleared Galicia of the enemy, who has taken refuge in the passes of the Carpathian mountains. The same source confirms the reports of the progressive destruction of the Austrian army.

An eye-witness states that two German army corps took part in the battle of Jaroslau. The Russians had to take refuge in the passes of the Carpathian mountains. The Austrian retreat in Galicia continues great confusion is noticeable in their ranks."

London, Sept. 29.—An official communication issued at Budapest, according to a Reuter despatch to the Exchange Telegram Company admits that the Hungarians have succeeded in crossing the Hungarian frontier at several points in the Tisza district, despite the fact that reinforcements have been sent against them. Ugs is in the northeastern part of Hungary.

Washington, Sept. 29.—Colonel Golejewski, military attaché of the Russian embassy here, today announced receipt of the following from Petrograd: "In the woods near Argusov, our troops are successfully advancing, keeping up a running fight with the enemy."

Near Osowetz on the morning of September 27, the fire of the enemy's big calibre guns reached considerable intensity. The attempt of the German infantry to get close to the fortress was checked."

"In Silesia the enemy has been considerably strengthened and is manifesting great activity. The Austrian sorties from Przmyśl remain unsuccessful."

"In the retreating Austrian army, considerable disorganization is noticeable; units being broken and mixed up; we continue taking prisoners in large numbers, as well as capturing guns and war material of every description."

THE METROPOLIS. Two officers of the Toronto office of the Salvation Army, Brigadier Miller and Adjutant Calver, reached the city this morning on business in connection with the erection of the new metropole. They will be present this evening at a meeting of the Citizens' Committee, when it is expected that an important announcement will be made regarding this structure will be made.

SHOE FACTORY AND FOUR TIER BUILDINGS IN ST. STEPHEN ARE BURNED

Loss of \$50,000 or More With Some \$38,000 Insurance — Factory Employed 60 Hands and Was Doing Good Business

St. Stephen, N. B., Sept. 29.—About 6.15 o'clock this morning the new shoe factory in King street was discovered afire. Even then the flames had gained considerable headway.

The fire department answered a call promptly, but the building was doomed. The fire started, as nearly as can be ascertained, from a heater in the sole leather department, and spread so rapidly that the entire building was soon a seething mass of flames. As there was quite a breeze at the time the cinders were carried a considerable distance and, as everything was very dry, the roofs of several buildings caught fire.

Those nearest the factory were: John Manuel's blacksmith and repair shop, which was burned to the ground, loss about \$3,000, partially covered by insurance.

Dwelling owned and occupied by Henry Pinkerton; loss about \$3,000, no insurance.

Dwelling owned and occupied by Levert Russell; loss about \$2,000, partially insured.

Dwelling owned by Mrs. J. R. McClure; loss \$1,500, some insurance.

The Calais and Milltown fire departments came to the assistance of the local fire fighters, and by their combined efforts, saved several other buildings which certainly would have been burned but for their timely arrival. The water pressure was good.

The shoe factory was built about a year ago at a cost of about \$17,000, and was a two-story wooden building with concrete walls and basement. It was insured for \$15,000. Clark Bros.—John Clark and James Clark—occupied it and were engaged in the manufacture of shoes, and were doing a fairly successful business. They were employing about sixty hands, and the prospects for the fall and winter business were good. They had a large stock of leather on hand, and some cases of boots ready for shipment. A shipment of about \$5,000 worth of leather had been received by the company only a few days ago. This was also burned. The company's loss will be probably \$35,000, with insurance of \$28,000.

This loss will mean much to the town, for it was expected that a large number of people would be employed in the near future, as the business was rapidly growing. It is hoped the factory may be rebuilt.

Later. There are prospects of Clark Bros. obtaining new machinery and starting operations in the agricultural buildings. Mayor Dinmore has called a meeting of the council for Friday evening when arrangements may be completed for their occupancy of it.

Matter of Winter Mail Service Not Arranged

Board of Trade Gets Notice That War Has Prevented and it Can Not Be Gone Into Even Yet

The St. John Board of Trade, which has been giving close attention to matters in connection with the approaching winter business at this port, has been officially advised that owing to the disturbed condition of affairs consequent upon the war, no headway has been made by the postmaster general in the matter of the ocean mail schedule for winter. The postmaster-general says that so many steamers are being requisitioned by the imperial authorities that it is with extreme difficulty that a mail service is being provided from week to week, and it is quite impracticable to take up at the present time the question of next winter service.

The board of trade has received so many enquiries for detailed information with respect to pit props for British collieries that the secretary has suggested to the Trade and Commerce Department of Ottawa, the advisability of sending its English correspondents, who are crossing the ocean in this connection to St. John to confer with the lumber dealers here. There is no doubt that an unlimited quantity of this class of material can be procured here, and it would expedite the business very much if our lumbermen could be brought in direct touch with the colliery representatives.

The board of trade today received a visit from a property-owner at Grand Bay, who said he could provide an abundance of timber for pit props. A letter, bearing information of a like nature, has been received from a lumber firm at Grand Falls.

NEUTRALITY IN SOUTH AFRICA IS NONSENSE

Botha Puts the Matter Squarely Before His People

London, Sept. 29.—A Reuter despatch from Capetown says that in the course of a speech addressed to 5,000 people at the town of Bank, in the Transvaal, General Louis Botha, premier of South Africa, emphasized the necessity of loyalty to the British empire.

Declaring that the policy of neutrality was absolute nonsense, he pointed out that if a German warship came to Durban and imposed a levy of five million pounds sterling on them, it would help the people very little to say that they were neutral.

General Botha said he was animated through a sincere love of his people and wished to put the position truly before them. There were only two courses open. First, loyalty and help, second, disloyalty and treason. There was no middle course.

CANADA'S CONDITION IS CAUSE FOR OPTIMISM. London, Sept. 29.—Commissioner Lamb of the Salvation Army Emigration department, on his return after a seven week's trip across the Dominion of Canada, sees no cause for pessimism, but thinks that the check on city crowding will act beneficially.

On the land, also, there will be more incentive to an agricultural life, since prices are more favorable and wages lower. He was greatly impressed with the interest, both military and financial, displayed by all classes in the present crisis.

Municipal Tailor Shop. Calgary, Sept. 29.—The Calgary Tailors' Union emphasizes the great need of a clothing factory in this city, and the city council has promised to give the idea of a municipal tailor shop through consideration to determine the feasibility of manufacturing at least the uniforms required by the police force and fire brigade.

NEW YORK POLITICS

Result of Primaries of Yesterday Still in Doubt. Wardworth Gaining on Calder and Davenport Ahead of Sulzer — Glynn is Democrats' Choice.

New York, Sept. 29.—Whether James W. Wadsworth, Jr., or William M. Calder is the republican nominee for the United States Senate from New York and former Governor William Sulzer or Frederick M. Davenport is the Progressive gubernatorial nominee probably will not be known until all the up-state vote cast at the primaries yesterday is compiled.

On the face of the senatorial returns at hand, most of which are from New York city—Calder has a lead, but Wadsworth is gaining rapidly. If he can continue to gain in the up-state counties as he did in late returns last night, he will obtain the nomination by a majority of about 25,000 votes.

Although the Progressives cast an extremely light vote, they have an interesting fight on. With approximately half of the election districts in the state reported, Davenport is leading Sulzer by about 1,000. Late returns show Davenport is gaining up-state and if he can continue to gain as he has, his majority will be about 2,500.

District Attorney Whitman had a runaway race against Harvey D. Hinman and Job Hedges for republican gubernatorial honors, showing surprising strength both up and down state. Out of 2,511 districts, 1,513 of which are in New York city, Whitman has 71,839 votes. Hinman 24,649 and Hedges 24,302.

It appears that practically all of the present incumbents in congress, who sought renominations, were successful.

THE FOXTON HALL BURNED; TWO OF CREW MISSING

Nassau, Bahamas Islands, Sept. 29.—The American steamer Foxton Hall was burned off Walling's Island on September 23. The members of the crew with the exception of two men, who are missing, have arrived here.

The steamer Foxton Hall was the first vessel to take out an American register since the outbreak of hostilities in Europe. She was a Britisher and the change in registration was made at Colon on September 19, on which date the Foxton Hall sailed from the Isthmus for Perth Amboy, N. J. The steamer was commanded by Captain Stevenson and was of 4,247 tons and 368 feet long. She was a built in 1902.

A statement from the war office yesterday says that Duala and Bombari, in Kamerun, a German possession in Africa, had surrendered to the Anglo-French forces. Togoland already has fallen to the allies.

SIR CHARLES JOHNSTON LORD MAYOR OF LONDON

No Pageant and no Guildhall Banquet This Year. London, Sept. 29.—Sir Charles Johnston was today elected Lord Mayor of London for one year, beginning on November 9, 1914. He succeeds Sir Thomas V. Bowater.

Because of the war, there is every probability that the annual pageant on November 9 will be abandoned, and it is probable that the great banquet in the Guildhall also will be omitted.

MAY REOPEN DARDANELLES IN COURSE OF FEW DAYS

London, Sept. 29.—A despatch from Constantinople to Reuter says there is good reason to believe that the Dardanelles, ordered closed yesterday, will be re-opened to navigation in two or three days.

In reference to the closing of the foreign post offices, an understanding has been reached between the British, French and Russian embassies and the Porte, according to which the post offices will close on October 1, but the staffs will be transferred to the respective embassy buildings, where they will continue to receive European mails until October 25, though they will discontinue the dispatch of mail from Constantinople on October 10. The Austrian, German and Italian post offices will close completely on October 10.

THE JAPANESE FLEET IN ACTION

Tokio, Japan, Sept. 29.—An official announcement today concerning the progress of events in Kiao Chau, is as follows: "Japanese forces, during the day and night of September 27, drove the enemy in the direction of Tsing-Tau. The Japanese casualties were 150. The German losses are not known, but fifty men and four machine guns were captured. This action, which was speedier than anticipated, has accelerated the general attack. The fleet has attacked the Hsiao Fort, effectively aided by the army."

THIS MAN MAY AVENGE ABOUKIR, HOGUE AND CRESSY

General Botha said he was animated through a sincere love of his people and wished to put the position truly before them. There were only two courses open. First, loyalty and help, second, disloyalty and treason. There was no middle course.

quick and numerous, short turns, about faces and halts. Combined with these is a little outward kick, with the toe pointing backward. This kick comes at the concluding of the dance, following eight long swift forward strides. In spite of its swift, tense vigor, there's something catchy and graceful about La Russe. Dancing masters predict that it will sweep the ball rooms this winter.

HARD TIMES NOT AN EXCUSE IN LAW

Montreal Justice's Ruling in a Real Estate Case

(Montreal Gazette.)

Hard times and the state of the money and real estate market are not a valid reason in law to hold up the sale of a piece of property, according to a ruling handed down by Mr. Justice Beaumont in the local courts yesterday. S. Greenwood demanded the sale by litigation of a certain piece of property in which he was interested, in common with Dame S. Stern and her husband. He called upon the courts to order the putting into effect of this judicial method of disposing of the holdings, and, in support of his petition, he cited the law which provides for such litigation.

WEDDINGS

Costain-Dollar

Hampstead, Sept. 28.—A very pretty wedding took place yesterday afternoon at 5 o'clock at the home of Mr. and Mrs. John Dollar when their daughter, Lilian May, was united in marriage to Raymond C. Costain of Prince Edward Island. Rev. J. D. Patterson was the officiating clergyman.

The bride, gowned in shadow lace over white silk with blue satin trimmings and white satin slippers to match, carried a bouquet of bridal roses with maiden hair fern. She entered the parlor with her father while "The Voice That Breathed O'er Eden" was played on the piano by Mrs. F. Cameron. The bridesmaid was Mrs. J. Dollar, who wore white silk over pink with pink satin and rhinestone trimmings and white satin slippers. She carried a bouquet of pink and white sweet peas. The groomsmen were Captain J. Dollar, brother of the bride.

The rooms were tastefully decorated with moss, evergreen and cut flowers, while the bridal party stood under an arch of ferns and flowers. After the ceremony a dainty supper was served. The guests were relatives and friends of the bride. The groom's presents included a gold watch, a gold ring, a gold stick pin, the bride received a large number of costly presents including cut glass and silver. Her parents presented her a dining room set and check, the groom's parents a check.

Mr. and Mrs. Costain will leave on Friday for their future home, No. 38 Millidge avenue, St. John. The bride's going away suit was of navy blue with cord and her hat of white plush with white plumes.

MR. GROU OPTIMISTIC OVER LOCAL OUTLOOK

New Superintendent of C. P. R. Receives Many Words of Congratulation

That prospects for the coming winter so far as maritime business is concerned, do not look so discouraging as some would say, is the opinion of H. C. Grou, who has been receiving congratulations in the last few days from numerous friends on the ratification of his appointment to the important position of superintendent of the Atlantic division of the C. P. R. Because of the chaotic conditions at present prevailing, he said this morning it was hardly possible to forecast to any extent just what the ensuing winter would hold forth but he was of the view that there should be large quantities of grain shipped from St. John and if the winter should be the close of the war, it would be accompanied by a heavy increase in trans-Atlantic trade. St. John should naturally share to a considerable extent.

Making this port the depot for shipping remounts to the old country ought also to prove helpful and while it is difficult to say just how shipping might be in the next few months, he believed that sympathetic friends would have optimistic feelings should prevail.

GIRL DIES TRYING TO SAVE BROTHER FROM ATTACK BY UNCLE

Doylestown, Pa., Sept. 29.—Florence Cope, eighteen years old, a pretty girl from Buckingham Valley, near here, was killed by her uncle John Cope, at her home last night, while she was trying to save her mother from being shot by the uncle. Cope escaped to the woods and a large party was out today searching for him.

The girl stepped between her mother and the uncle, who had quarreled over his alleged drinking habits. Miss Cope was a graduate of a high school and was a student at a Philadelphia business college.

FATHER OF MRS. ROSS WOODROW OF ST. JOHN IS DEAD IN MONCTON

Moncton, N. B., Sept. 29.—Archibald McKay, a well known Moncton citizen, died this morning at the home of his son, W. H. McKay, Wesley street. He was nearly eighty-seven years old and death was due to old age. He was born in Malpique, P. E. I., and had been living in Moncton since 1850. Three sons and three daughters survive. The sons are George H. of New York, Archibald N. of Toronto and James G. Scott of Hyde Park, Mass. Mrs. Ross Woodrow of St. John and Ella J. of Moncton.

FUNERAL OF SIR JAMES

Toronto, Sept. 29.—The province of Ontario and representative men of the Dominion of Canada paid their last tribute to Sir James Whitney this morning at an impressive service conducted in St. James' Cathedral preparatory to the removal of the body to the late premier's home in Morrisburg.

At 8:45 the casket was closed and in the presence of an immense throng of silent sympathetic friends was borne out of the legislative chamber in the Queen's park and was conveyed to St. James' Cathedral. The pall bearers were Hon. Dr. Payne, Dr. Reame, W. J. Hanna, I. B. Lucas, W. H. Hearst, Sir Adam Beck and Messrs. Hendrie, Duff and Preston. Members of the late premier's cabinet were headed by Sir John M. Gibson, lieutenant governor, and followed by a distinguished following representing the judicial, scholastic and political life of the province. The Quebec government was represented by Sir Lomer Gouin while Hon. Robt. Rogers, Hon. Frank Cochrane, Hon. W. T. White, Hon. Dr. Reid and Hon. Mr. Roche represented the Dominion government.

A large delegation from the Conservation Associations marched behind the long line of carriages, while thousands of people lined the route of the cortege.

At the cathedral, the procession was met at the gates by Bishop Sweeney, Canon Plumtree, Provost Macklem, Canon Dixon and Canon Jarvis. A deeply impressive service was conducted by the bishop assisted by Canon Plumtree and Provost Macklem.

Sept. 25.

THE BEST QUALITY AT A REASONABLE PRICE

Why Doctors Study Eye Refracting

A very large number of the graduates of medical schools who begin practice in small towns come back to the city a few years to take a post graduate course in eye refraction because they find out that eyes have a very important bearing on general health.

Much ill-health that every physician in general practice is called on to treat can't be cured until the patient is supplied with properly fitted lenses held in place by properly adjusted frames.

Much ill health, including many serious cases, can be prevented by scientific watching of the eyes.

At least once each year you ought to have a competent specialist examine your eyes and act on the advice given.

You'll find such eye specialists at Sharpe's. You can rely on them absolutely. If you don't wear glasses, you'll be told so frankly. But if you do, the glasses they prescribe will be exactly the glasses you require.

STAR'S BRITISH SHOW TONIGHT

For a big musical picture and vaudeville show of unquestioned merit, attend the Star Theatre's patriotic programme tonight, the proceeds of which will be devoted to the Patriotic Fund. There will be four sparkling acts of vaudeville, illustrated songs, motion picture comedies and motion pictures of the St. John soldiers leaving for war, also the Knights of Pythias parade. The admission fee is 25 cents. There will be two shows, at 7 o'clock and 8:30.

TO AID OUR SOLDIER BOYS

Over seventy ladies and gentlemen attended the rehearsal of the patriotic chorus in Stone Church school room last evening and the hours were most profitably spent in preparing for the National Musical Festival of Oct. 15. The Daughters of the Empire of this city, under whose auspices the affair is being held, will start out with tickets about the middle of this week. The proceeds of the entertainment are to be devoted to such patriotic purposes as the purchase of blankets, hospital necessities and comforts for our Canadian soldier boys as suggested by the headquarters military staff. This sort of work is the definite pledge of every member of the Daughters of the Empire and every cent of the proceeds will be devoted exclusively to this purpose.

"TREY O' HEARTS" STORY "THURSDAY"

The second episode of Louis Joseph Vance's wonderful story "The Trey O' Hearts" will be published Thursday evening of this week and succeeding chapters on subsequent Thursdays. The Imperial will show pictures on Friday and Saturday. The installment to be presented this week-end deals with the surprising happenings which follow the rescue of the villainous Judith Trine after her rescue from drowning by heroic Alan Lane.

PRESENTATION

The local employees of the Canadian Express Co. gathered in the King street office on Friday morning of November 24, 25, 26 and 27. The Eastern Dog Club thought it would be for the best interests of the dog showing people to split the two big shows of the country and not have the Boston and New York shows come together in February. With that end in view the Boston club determined to break away from tradition and have its show at the last of November.

FAREWELL TO SALVATION OFFICERS GOING TO FRONT

A rousing farewell was given to Captains McSwain and Forrester at the Salvation Army Citadel last night. These two officers have been accepted for service as chaplains with the Canadian troops and have been instructed to hold themselves in readiness for orders to proceed.

The meeting was conducted by Brigadier Taylor, who was ably assisted by Major Coombs and other officers. A duet, "The Grand Review," sung by the Misses Lane and suitable music was rendered by the No. III Brass Band. The meeting was enlivened by the introducing of army words to the now popular tune, "It's a Long Way to Tipperary," and the large audience sang most heartily.

On the ocean of love and mercy,
To the Homeland I go;
I'm determined to trust the journey
In the safest hands I know,
Good-bye sin and folly,
Farewell worldly care—
For the port of Glory is before me—
And my home is there.

Stirring addresses were given by the departing officers. One of them has served eight years in the navy and fifteen months with Red Cross work in Africa. Rev. Mr. Thompson closed the service with prayer.

CONTRIBUTION OF APPLES FOR THE BRITISH WOUNDED

Arranging For Shipment of New Brunswick Fruit to England

The New Brunswick Fruit Growers' Association is gathering together as many apples as possible to be sent to England for use by the wounded soldiers and sailors of the empire. These apples will be consigned to A. Bowler, the agent general of the province in London, who will make arrangements for their distribution to some of the hospitals there.

The association extends an invitation to any member or apple grower who approves of this idea, to send such apples as he is willing to give, a box, one, two or three barrels, or whatever the amount may be, to A. G. Turney, care of the Cold Storage Company, St. John, freight collect. Not only will these apples be aiding a splendid cause, but their wide distribution will mean a big advertisement for New Brunswick as an apple growing country, so send only good No. 1 fruit.

Those growers who have the experience in proper packing will lighten the work at the cold storage by sending in their contributions well packed in standard Nova Scotia apple barrels, so that the fruit will not have to be repacked before shipping. Other growers who may not be able to do this, can send their contributions along as well as possible and they will repack them at the cold storage.

It is expected that the apples collected in this manner will be shipped along with the New Brunswick government's gift of 100,000 bushels of potatoes, about October 20th; therefore, all contributions should arrive so as to give a week to go over them and get things in readiness for final shipment. Allowing fair maturity for the variety chosen one can send the contribution the easier to have everything in good shape.

It is hoped that the apple growers of New Brunswick will respond heartily to this appeal. If they contribute they are asked to please let Mr. Turney know what they are sending, when and by what route. Almost any variety of apple will be acceptable, except Duchesne, Golden and Ben Davis, but eating apples will perhaps be more serviceable.

The association will be glad to receive cash contributions, no matter how small, from those who have no apples to spare—the money so provided, to be used to meet the general expenses of collecting the apples, freight, cartage, repacking, etc.

"No Alum"

must be the watchword when the housewife buys baking powder.

Alum is well known to be a powerful astringent, and should never be used in food.

Prof. Geo. F. Barker, M. D., of the University of Pennsylvania, says: "I consider the use of alum baking powder highly injurious to health."

Food economy now, more than ever, demands the purchase and use of those food articles of known high quality and absolute purity and healthfulness.

THE WAR TODAY

Good news is now expected from the front at any time. If it comes it will be of immense significance.

"Briefly, then, as it seems to stand now, the situation on the battlefield is this: From the Meuse to the Oise the Germans are either holding their own or retreating a little under pressure.

Since that time the Allies have continued to make progress against the German right, meantime beating back the German attempt to break the allied centre.

HOW LONG?

The gifted editor of the Montreal Journal of Commerce lends the weight of his opinion to that of those who have begun to predict a less-protracted war than at the outset all felt the Titanic struggle of the eight nations would be.

The writer sees that, while Germany yet is strong, her every available man is in the field and every available man is in the field and every available man is in the field.

Everyone will heartily wish to see the war brought to an early termination but the end will come only when the arrogant War Lord has been made to bend his proud head low and say: "Enough."

THE WAR ON THE SEA

An experienced observer reminds the world that it is not necessary to destroy the German fleet in order that the Allies may win a final victory.

The war will be decided on land, but British control of the sea—which is not in any way likely to be interrupted—

will be a tremendous factor, perhaps the most important factor of all. But the importance of British sea control, for practical purposes, would not be greatly increased by the destruction of the German navy at present.

"To guard the British coast is the first mission of the fleet. To lock up the German ports is the second mission. And both can be attained by patrolling the North Sea several hundred miles from the German coast."

The exploit in the Bight of Heligoland was its own justification. Certain German cruisers were enticed within range and were quickly destroyed by excellent gun practice.

The loss of St. Stephen's new boat and shoe factory and several residences by fire today is a severe blow to the border town.

Whatever one believes of seers and their prophecies, not the least interest in today's war news will attend on the German Emperor's state of being. Mme. de Thebes, France's prophetess, predicted that he would die on Sept. 29.

Sir Edward Carson wins Empire applause for his call to his followers to throw themselves "whole heartedly into the patriotic action that the time demands."

If, as complained of at yesterday's meeting of the common council, there is danger of loss of life because of inadequate street lighting in one section of West St. John, action to remedy the condition can not be taken too soon.

The Canadian Club of Montreal has given vigorous expression to its disapproval of the utterances of Mr. Henri Bourassa regarding England and Canada and the war.

GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat Less Meat if You Feel Back-ache or Have Bladder Trouble

Meat forms uric acid which excites and overworks the kidneys in their effort to filter it from the system. Regular eaters of meat must flush the kidneys occasionally.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear.

WANT A SAY IN SCHOOL MATTERS

Calgary, Sept. 29.—As a direct result of the desire of the aldermen of Calgary to have a voice in all expenditures on account of the public schools, which expenditures are now wholly in the hands of the school board, the Alberta Union of Municipalities representing all the city, town and village councils of the province, asks the legislature to amend its former laws and make the school boards submit their educational programmes to the councils which have to provide the money.

HAD NO POWER OVER THE LIMBS

Locomotor Ataxia, Heart Trouble and Nervous Spells Yielded to Dr. Chase's Nerve Food.

It would be easy to tell you how Dr. Chase's Nerve Food cured locomotor ataxia and derangements of heart and nerves, but it may be more satisfactory to you to read this letter: Mrs. Thos. Allan, R. F. D. 3, Sombra, Ont., writes: "Five years ago I suffered a complete breakdown, and frequently had palpitation of the heart. Since that illness I have had dizzy spells, had no power over my limbs (locomotor ataxia) and could not walk straight. At night I would have severe nervous spells, with heart palpitation, and would shake as though I had the ague. I felt improvement after using the first box of Dr. Chase's Nerve Food, and after continuing the treatment can now walk, eat and sleep well, have no nervous spells and do not require heart medicine. I have told several of my neighbors of the splendid results obtained from the use of Dr. Chase's Nerve Food."

pie social, the gross receipts of which will be turned over to the fund. All the expenses will be paid by the Prentice Boys, and Commissioner Wigmore will handle the finances, while Commissioner Potts will wield the hammer.

At the suggestion of Lord Kitchener the American Women's War Relief Fund, originally started for a hospital, has been diverted to the provision of motor ambulances equipped for the speedy transport of wounded soldiers from the firing line.

A rousing patriotic meeting was held in Ottawa last evening when His Royal Highness the Duke of Connaught, Sir Robert L. Borden, Sir Wilfrid Laurier, Sir George Foster and Hon. W. L. Mackenzie King gave addresses attributing great praise to the Canadian troops who had just embarked and expressing confidence in their fitness and ability.

An Austrian who told the ticket clerk that he was anxious to get home to join the army was arrested yesterday here and lodged in the jail for safe keeping. It is reported that the Austrian government has confiscated the C. P. B's securities and moneys deposited in Vienna banks as well as the C. P. B. observation cars running on the Austrian railroads in consequence of the refusal of the company to pay dividends to Austrian shareholders.

A Hammer His Weapon. Anxious to get into the fight against the Germans, the blacksmith of the 6th Dragoon Guardsmen of the British force accompanied the cavalrymen on a charge armed only with a hammer, according to stories told by guardsmen who were in Paris.

These men had fought from Belgium through Compeigne and Senlis and went to the capital for remounts. They declared that in one of their charges the blacksmith grabbed his huge hammer, mounted a horse and rode with them, wielding his weapon with deadly effect.

MUCH PAIN FROM KIDNEY DISEASE

Doctored in Vain Until Dr. Chase's Kidney-Liver Pills Were Used.

Kidney derangements are often associated with disorders of the liver and bowels, and under these conditions ordinary kidney medicines usually fail to effect cure. It is because of their unique combined action on the liver, kidneys and bowels that Dr. Chase's Kidney-Liver Pills are so generally successful, even in the most complicated cases.

HEARTY WELCOME FOR NEW COMPANY

Thompson-Woods Stock Company
An Instant Business in Opening of Second Season—"Bought and Paid For" Admirably Presented
The second permanent stock season for St. John was most auspiciously opened last evening at the Opera House, when the new Thompson-Woods Company presented the well known metropolitan success "Bought and Paid For," a four act comedy drama, to quite an extent problematical. With the exception of the name of the management all was new to St. John, play and players included, but if individual opinion is a criterion of the future this will not be said for long regarding the players at

KEEP LIVER AND BOWELS REGULAR WITH CASCARETS

No More Headache, Bad Colds, Sour Stomach and Constipation

Get a 10-cent box now. No odds how bad your liver, stomach or bowels, how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish bowels—you always get the desired results with Cascarets. Don't let your stomach, liver, and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery. A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All druggists sell Cascarets. Don't forget the children—their little bodies need a gentle cleansing, too.

Easy & Practical Home Dress Making Lessons

Prepared Especially for This Newspaper by Pictorial Review

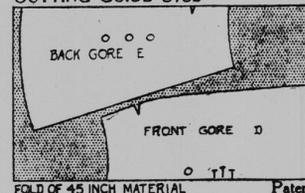

DAINTY BIT OF LINGERIE

All of the new lingerie is developed principally in crepe material, cotton, linen and silk being used, as the dress allowance permits. It is a dainty thing, however, to trim underwear with embroidery instead of lace, even headings being of handwork. Now, this design may be finished simply with a scalloped border, or it may have a more elaborate design. In cotton crepe, though, it is a treasure. For misses and small women the combination required 1 1/2 yard of 48-inch material. In case one has not the time for hand embroidery the trimming required will be: 1/2 yard of 3-inch banding for shoulder strap; 1/2 yard banding for belt; 1/2 yard of 12-inch embroidery for ruffe; 1/2 yard 12-inch embroidery for corset cover and 1/2 yard insertion for the petticoat. For the ruffe 1 1/2 yard of embroidery will be needed. Four parts of the pattern, the front, the back, the lap and belt are laid on a lengthwise fold of the crepe, leaving just the back gore (B) to be arranged on a lengthwise thread. First, turn hem in front of corset cover, at notches. Gather lower edge between double "T" perforations; sew up through center, fall remaining edge over seam. Join gorse as notched, close back seam. Close seam of ruffe, adjust to position, centers and lower edges even. Sew petticoat to belt, centers even, bringing seam to large "O" perforation in belt and sewing in any fullness. Trimmed with pink, blue or white ribbon the daintiness of this design is unequalled even in more expensive materials and trimmings.

5758 White crepe combination neatly trimmed with embroidery and ribbon. The corset cover is in one piece.

KIDNEY TROUBLE AFFECTED HIS SPINE

Suffered For Forty Years Until He Used "Fruit-a-tives"

Bronte, Ont., Oct. 31st. 1913. "For about forty years, I was troubled with Lame Back brought on by Kidney and Bladder Trouble. I was never contented to my bed with the trouble, but it affected my spine and I had to rest for a time. I took advertised remedies which never did me any good. Then I saw "Fruit-a-tives" advertised and decided to try them. They did me more good than any other remedy. My son suffered from the same trouble and frequently had to leave off working, but "Fruit-a-tives" remedied it for him. I would strongly advise anyone suffering from Kidney and Bladder Trouble to use "Fruit-a-tives."

least. This season's stock is going to be popular and there will soon be seen the same air of familiarity and welcome friendliness as were present after the development of the initial venture last year. The presentation of last night's play was a success for the company, individually and collectively, and while it is not possible to judge of the greatest asset of a stock player, versatility, from the first night's showing, it may be said that every member of the cast made a distinctly pleasing impression, while the show itself was particularly well received.

The play was nicely mounted and its successful presentation, while speaking highly for merits of each of the players, also reflects directly upon the ability of Wm. H. Dimock, well known as a director, or one of the most arduous positions in a stock engagement. Besides he played a difficult role, and Robert Stafford, millionaire, a part which demanded careful study, and thespian ability. It must have been no small task to oversee a happy medium between the two extremes. Mr. Dimock found it and gave every satisfaction in his portrayal of the character. He is not, however, Louis Howard, the new leading woman, impressed the audience as an actress of refinement, ability, and charm, responding to the telling demands made upon her as Virginia Blaine last night with delightful skill and grace. She was equally at ease in scenes of lighter vein as in more stirring, emotional, studies. She also has a creditable reputation as a leading stock actress, and there is no doubt but that she will win further laurels in St. John in this regard. Miss French Chapman in a popular ingenue role sprang into instant favor with the audience, making a decided hit, particularly in her comedy scenes with Mr. Howard, when the two aroused hearty laughter. A realistic touch of character was given by Miss Ida Parks as a French maid, she making the most of a small role.

There was only one jarring note in last night's performance, and it was not the fault of players, play, or management. It was the entrance of the "late-comers' brigade" after the rise of the first curtain causing decided annoyance to those who had made a point of being in time. There is only one remedy for this and that is to compel the late arrivals to remain unseated until the fall of the first curtain for otherwise much of the pleasure of the evening is spoiled for the majority of the audience. Aside from this, the large audience presence in St. John in this regard, Miss French Chapman in a popular ingenue role sprang into instant favor with the audience, making a decided hit, particularly in her comedy scenes with Mr. Howard, when the two aroused hearty laughter. A realistic touch of character was given by Miss Ida Parks as a French maid, she making the most of a small role.

THE GIRL OF MYSTERY IS NOW A CAPTIVE IN MEXICO

Gem Theatre Has Provided Another Treat For Its Patrons This Week
The arrival of Lieutenant Gibson, her sweetheart, brings joy to the heart of Lucille Love, Girl of Mystery, as she remains a captive within Hugo Loubeque's hacienda in Mexico for she begins to entertain hopes of escape from his scheming and intrigue to get possession of valuable documents owned by her father. A spy intervenes with her plans, however, and a daring encounter with him is her only salvation. This is a portion of chapter twelve in the great Lucille Love series at the Gem Theatre shown yesterday and today which is equally fascinating as any which have yet been presented.

A charming western story was given in "A Ranch Romance" which was most capably presented. Much fun was provided in an Essanay comedy "The Fable of Napoleon and His Bumps," in which the second Napoleon, much unlike him famed in history imagines himself a general because of a phrenologist telling him he had ability for military leadership, when he had examined his "bump." The fun which ensued was rich and plenty. The orchestra had an attractive programme also.

IMPERIAL BILL PLEASED EVERYBODY

Splendid Drama and Extremely Funny Vaudeville—Fine Dramatic Soprano
It was truly a remarkable programme the Imperial presented its patrons yesterday—remarkable for the character of the various items. There was a most strenuous social melodrama in Shadows of the Past, a bit of up-to-date New York hilarity in the vaudeville act, some absorbing realism in the scenes in Belgium concerning the great war, and a novelty in singing numbers as presented by Mademoiselle Elsa Marie, a dramatic soprano. It would not be amiss to state that each and all of the features pleased greatly.

In The Shadows of the Past, the Vitagraph's best players depicted a powerful story. The Imperial's advance advertising on this subject claimed for it a companion-play to A Million Bid. The people who saw it yesterday seemed to think it really was of the same class and many liked it better. Harry Morsey, E. K. Lincoln, Rogers Lytton, Julia Swayne Gordon, Rose Tapley, Bobby Connelly and other stars took part in the action of the piece with most thrilling. Hearst-Selig Weekly was filled with interesting war pictures, scenes all over. The Biograph Co. supplied the comedy. Mott & Maxfield have started a new kind of amusement for St. John. Miss

CARPET DEPT.—GERMAIN STREET.

Manchester Robertson Allison, Limited

Howard has won an enviable name for himself as a popular stock actor. He has been in western Canada, and, judging by his outstanding success as James Gilley, would-be financier in "Bought and Paid For," he will be a prime favorite with local stage-followers. Although he had but a small "hit" Frank McDonald showed to advantage as Oka, Japanese servant, and he well deserved the applause given him last evening. Of the ladies of the company much can be said in their favor. Miss Lois Howard, the new leading woman, impressed the audience as an actress of refinement, ability, and charm, responding to the telling demands made upon her as Virginia Blaine last night with delightful skill and grace. She was equally at ease in scenes of lighter vein as in more stirring, emotional, studies. She also has a creditable reputation as a leading stock actress, and there is no doubt but that she will win further laurels in St. John in this regard. Miss French Chapman in a popular ingenue role sprang into instant favor with the audience, making a decided hit, particularly in her comedy scenes with Mr. Howard, when the two aroused hearty laughter. A realistic touch of character was given by Miss Ida Parks as a French maid, she making the most of a small role.

Maxfield in particular is a rapid-fire performer of the extreme type. Her line of chatter and songs are along the lines of Bert Fitzgibbon, claimed to be "vaudeville's funniest talker." The sketch is entitled "The Manicure and the Traveler," and the audience is kept giggling from start to finish. There are good songs, nifty dancing and smart dressing. Miss Marie proved a splendid soprano—a singer of the dramatic class. She rendered Herbert Spencer's Joyous Love valise brilliantly with fine finish. Tomorrow the Imperial shows Vitagraph's two-part drama, A Wayward Daughter, which is from the scenario of Miss Blossom Baird, of St. John.

Carson's Plans for Ulster
Sir Edward Carson, leader of the Irish Unionists, announced yesterday that after the war is over he would summon a provisional government, repeal the Home Rule bill so far as Ulster is concerned and enact that it is the duty of volunteers to see that the bill has no effect in Ulster. This is practically a warning of hostilities.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one remedy—Sargol—and that is by constitutional remediation. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and this tube restored to its normal condition, hearing will be restored. Sargol is a scientific preparation which cannot be taken out of the ear, and it is entirely safe. It is not a cure, but it will give you One Hundred Dollars for any case of deafness cured by Sargol. Thin Folks Who Would Be Fat
Increase in Weight Ten Pounds or More A Physician's Advice
A Physician's Advice
"I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is impossible, despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the nutritive processes. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood and its rapid effect is remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by good druggists everywhere and every package contains a guarantee of weight increase or money back.

Caution—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh producing effect, be used by those who are not willing to increase their weight ten pounds or more.

Rheumatism A Home Cure Given by One Who Had It

In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

Council Refuses to Consider Bill of Street Railway Company For Damage by Rioters—Busy Meeting of Commissioners

A fairly energetic protest by Mayor Frink against the payment of a bill for \$15,560, the amount of damage caused to machinery and plant of the St. John Railway Company in the strike riots of July 23, was the chief item in the proceedings of the common council meeting held yesterday. He described it as the most extraordinary bill ever put before them in view of the mutual agreement that had been arranged with Col. H. H. McLean for the directors of the company. The mayor had the warm support of the whole of the commissioners in his stand against the payment of the bill even though legal proceedings be threatened.

There was also an account for \$2,704 for the incidentals of the militia for those two days and nights but this had been reduced to \$1,821 through the deduction of items by the recorder. This was ordered to be paid. The commissioner of public lands recommended the renewal of the following leases, and his report was adopted: Lots No. 470, Brooks ward, to Ezekiel McLeod for seven years from Nov. 1, 1913, at \$9.50 per acre, rental being an advance of 20 per cent; lots Nos. 537 and 538, Queens ward, to George A. Law and Jennie Jenkins for seven years from May 1, 1913, at \$9.50 per acre, rental being an advance of 20 per cent; lots Nos. 459, 460 and 461, Brooks ward, to Theodora A. Lockhart for seven years, from Nov. 1 next, at \$16 per annum, in an advance of 20 per cent.

E. Mooney, of B. Mooney & Sons, appeared before the council to complain of interruptions to their paving contract in Paradise Row. The mayor suggested that the departments each co-operate. The commissioner of public works was given authority to maintain the barrier across the foot of Wentworth street at the exhibition grounds while the militia horses are being shipped. He was also given authority to pave Princess street near the ferry floats at a cost of \$600. The commissioner will try to keep his men employed all winter.

The council will ask the militia department to provide a gymnasium for the soldiers on Partridge Island and the request is not granted the city will undertake the task. The mayor reported on the progress of the harbor development in West St. John and East St. John. Communications were received from Rev. H. A. Collins complaining of the

A BIG CAPABLE STOVE

A STOVE is an important purchase. Choose your stove carefully.

What has the Gurney-Oxford to offer? First of all it's a big, heavy, capable stove. It has the lasting qualities of an heirloom.

It's a capacious stove, the top is broad and deep; the ovens are high and wide.

The grates are constructed to give the fire abundance of air; this means fuel-economy.

There are no cold corners in a Gurney-Oxford oven; the heat goes through divided flues over the oven and to all sides of it.

The Gurney-Oxford Economizer regulates all the drafts and gives you complete control of the fire at all times. Don't buy a stove for price only, or for looks. Come in and let us show you the Gurney-Oxford.

It's the most economical and satisfactory stove ever built, and the best investment you can make for your home.

Jack Daubert is real batting leader of the National league, according to figures including the records of all games up to Thursday. The Brooklyn man led a percentage of 380 and though Swain, Brooklyn, with 348, and Steel, Brooklyn, with 333 precede him they have played in only 20 games each to Daubert's 121. In addition the National's 300 hitters include Dalton, Brooklyn, 324; Becker, Philadelphia, 322; Magee, Philadelphia, 319; Stengel, Brooklyn, 317; Wheat, Brooklyn, 316; Connolly, Boston, 309; Pheasant, Chicago, 304; Burns, New York, 302. Brooklyn and New York lead in team batting with 272 and 262. In home runs, Chicago is ahead, with 18, Burns, New York, leads in stolen bases with 54. Leading pitchers are James, Boston, with 25 won and six lost; Rutledge, Boston, with 29 and 8; Donk, St. Louis, 17 and 6. Ty Cobb's spurt has put him well to the front in the Americans. The De-

TWO NERVOUS WOMEN

Made Well By Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—“I had a severe case of nervous prostration, with palpitation of the heart, constipation, headaches, dizziness, noise in my ears, timid, nervous, restless feelings and sleeplessness. I read in the paper where a young woman had been cured of the same troubles by taking Lydia E. Pinkham's Vegetable Compound so I threw away my medicines the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. Your medicine has proved itself able to do all you say it will and I have recommended it in every household I have visited.”—Mrs. MARY JOHNSON, 210 Siegel Street, Philadelphia, Pa.

Another Bad Case. Ephrata, Pa.—“About a year ago I was down with nervous prostration. I was pale and weak and would have hysterical spells, sick headaches and a bad pain under my shoulder-blade. I was under the care of different doctors but did not improve. I was so weak I could hardly stand long enough to do my dishes. Lydia E. Pinkham's Vegetable Compound has made me well and happy and I have begun to gain in weight and my face looks healthy now.”—Mrs. J. W. HORNBERGER, R. No. 3, Ephrata, Pa.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Best pitchers are Bender, Philadelphia, with 16 and 3; Leonard, Boston, with 19 and 5; and Plank, Philadelphia, with 15 and 7. Williams, Rochester, with 328, leads in the International league. The next three are Providence players, namely, Ondock, 325; Platte, 321; and Shean, 321. In team hitting Providence with 278 and Toronto with 276 are on top. In home runs, Pipp, Rochester, and Jordan, Toronto, are ahead with 14 each. In stolen bases, Gilhooly, Buffalo, sets the pace with 52. Pitching honors go to Ruth, Providence, with 33 and 3; Mays, Providence, 22 and 8; and Bader, Buffalo, 15 and 6.

TURF

Horse Notes
 Earl Jr., seems worn out. Redias, 2:07 1-2, had added five new ones to the list. Cozzes Mobil was flagged in 2:08 1-4 in the 218 pace at Detroit. McDonald, Snow, and Geers have about decided to winter in California. Etawah has finally reached Directum's four-year-old race mile of 2:05 1-4. Cox has reduced Del Rey's record to 2:08 3-4 and that of Camelia to 2:04 1-4. Baron Lassie, by Baron Wilkes, 2:18, is now the dam of two 2:10 trotters—Peter Billiken, 2:09 3-4, and Lady Wanka (2), 2:10. It is believed that Directum I might have paced the first mile of his record race at Syracuse in 1:59 if he had been asked. Clara Mac, 2:05 1-4, is the name of the new champion four-year-old pacing filly outing The Maid 2:05 3-4, after the latter had held the honors fifteen years.

Letta 2:18 1-2, dam of Directum I, 1:58 3-4, is only fifteen, but for several seasons though bred repeatedly has failed to get with foal. She is owned in Winnipeg. Kaval, 2:19 3-4 by Kremlin, 2:07 3-4, has produced a great sextette of trotters, viz: Acheen, 2:12 3-4; Baring, 2:12 1-4; Bistan, 2:12 3-4; Boma (4), 2:18 1-4; Battle 2:18 1-4, and Bangor 2:20 1-4. George Castle of Chicago has offered \$10,000 for Madden 2:18 1-4 the first five-year-old son of Peter the Great, out of Candy Girl, owned in New Bruns-

of Marguerite A, 2:18 1-4 (dam of four) by Axtell. The offer was refused.
 At Columbus
 Etawah, the Geers trotter, broke a world's record at Columbus, O., yesterday by trotting three mile heats in 6:18 3-4, two seconds less than the record held by Hamburg Belle (1908). The results were:
 218 pace \$1,200—Vera (Pittman) time 2:07 1-4.
 Board of Trade 2:06 pace, \$3,000—Our Colonel (Childs) time 2:03 3-4.
 Chamber Commerce 2:07 trot, \$3,000—Etawah (Geers) time 2:03 1-4.

NEW FRENCH GUNS

FIRE DEADLY GAS
 Turpentine is Said to Cause Instant Paralysis of Victims—Kills Entire Lines

London, Sept. 29.—Remarkable tales of novel engines of war are appearing in all parts of Europe, but nothing has yet equalled the reports circulated concerning new guns used by the French in firing turpentine, a substance said to produce instantaneous and painless death for everything living within its reach. Although it is so deadly in its work, turpentine cannot be objected to on the ground that it violates humane principles of war. In fact, it is so humane that it need not be confused with hydride and other explosives which have deadly fumes.

English correspondents have reported that entire lines of German soldiers stood dead in their trenches as a result of the fumes from the mysterious turpentine discharged by the French in engagements along the Marne. The dead Germans are said to have maintained a standing posture and retained rifles in their hands, so sudden and unusual was the effect of the new weapon. Instantaneous paralysis is said to have been caused by turpentine.

A Profound Secret
 The French gun for the use of turpentine is shrouded in as great mystery, as turpentine itself. Experts are required, it is said, for the use of the new ammunition, and the manipulation of the strange gun so recently brought into use in battle.

Military experts are now speculating whether turpentine will lend itself to use in aeroplanes. Lyddite is said to be available for the use of military aeroplanes and Zeppelins. As Zeppelins are capable of carrying guns of considerable size, it is conceivable they might utilize turpentine. However, in the present war military experts don't expect to see any of France's enemies discover enough turpentine to imitate its gases and the guns necessary for its use.

London is constantly hearing stories of the terrible engines of war Germany will send over the British capital, and bombs containing horrible gases are among the weapons it is predicted the Germans may drop upon darkened London streets. But such stories cause little uneasiness because of the experience of Paris with German bombs. A few per-

THREE ARRESTS IN CONNECTION WITH CASE OF MISSING GIRL

Doctor Lionel E. Dudley, 36 years of age; and Alice and Etta Pelletier, aged 22 and 24 years respectively, of Presque Isle, Me., were arrested on Sunday in Boston, charged with being fugitives from Maine justice, accused of performing a criminal operation on Mildred Sullivan, the 17-year-old daughter of Mr. and Mrs. George Sullivan, also of Presque Isle. The girl disappeared on September 4 and has not been seen since. It is feared that she died and her body hidden. Tubes containing strychnine, morphine and cocaine are said to have been found on Alice Pelletier when arrested. She and the doctor have been released on \$800 bail, while the other woman is detained in default of bail. Although those arrested claim to know nothing of the girl, it is thought that it is in their power to clear up the mystery. Ambrose Briggs, a young railroad man who paid attention to the Sullivan girl while boarding with the family, has disappeared also.

(Bangor Commercial)
 With an autumn tinge on the leaves and a chill in the air, denoting early fall, minds of sportsmen begin to turn to their trawls, which will be taken out and oiled in preparation for what promises to be one of the best game seasons in years. From the reports of guides and game wardens who are in touch with conditions there are fully as many deer and moose in the woods as ever before within the last decade or two, and every hunter with a fair degree of patience and a true eye and steady hand will be able to return home with a woods trophy if he goes to the right place.

NAVY SAVES \$480,000,000.

Effective Work of British Fleet Meant Great Saving for People.

London, Sept. 29.—The Naval and Military Record published an interesting calculation showing what would have been the cost to Great Britain had the prices of food risen owing to any failure of the navy to contain the enemy's fleet. The average expenditure per head per week is reckoned at \$2 and the probable rise at \$1, which is a moderate estimate. With a population of 45,000,000,

LOCAL NEWS

TENDER ACCEPTED
The tender of James H. McParland for the stock of the Oil Motor and Manufacturing Co., Ltd., was the highest and has been accepted.

SURPRISE PARTY.
A pleasant surprise was tendered Miss Nellie Quinn last evening when about forty members of Friendship Camp called at her home in Charlotte street and during the evening presented to her a handsome cameo locket with rope chain. The presentation was made by M. J. Cullinan. Those present thoroughly enjoyed themselves with music, games and dancing. About midnight refreshments were served, and in the early morning hours the gathering dispersed with the singing of "Auld Lang Syne."

LITTLE ONE DEAD.
Friends of Mr. and Mrs. William Lilly, of 410 Main street, will sympathize with them in the death of their little son, Robert Henry, which occurred on Monday morning, after a short illness with cholera infantum. He was three months old and a bright little youngster. The little body was buried this morning. Sympathy will be extended to Mr. and Mrs. J. B. Wetmore in the loss of their infant son, Julian Lawrence Wetmore, aged two weeks, whose death occurred today at their home, 85 Sheriff street. Burial will be made tomorrow at Clifton.

HAS UNTIL MONDAY.
In the suit of Charles D. Jones vs. W. B. Johnston, a summons was returnable this morning before Judge Forbes for the purpose of examining the defendant. The plaintiff had secured a judgment in the Supreme Court for about \$800, and the examination was sought for the purpose of disclosing the defendant's assets. It was arranged that if the defendant could pay fifty cents on the dollar before next Monday a complete discharge would be given him, otherwise a commitment would be issued against him. J. D. P. Lewin appeared for the plaintiff and H. F. Puddington for the defendant.

BELGIAN RELIEF

Active Committee at Rothesay Gets Early Results — Clothing Sent From Up River

At a largely attended meeting held in the Presbyterian Hall, Rothesay last evening under the chairmanship of the Rev. A. W. Daniel, a committee was formed, composed of Mrs. W. S. Allison, Misses McMurray, Thomson, Van Brock and Messrs J. M. Robinson, J. H. L. Fairweather and Walter C. Allison, to solicit subscriptions and collect food and clothing among the people of the parish for the relief of the war-stricken Belgians.

Their efforts have already met with most gratifying success. More than \$40 having been received in cash as well as generous donations in new underwear and blankets besides many bags of potatoes and promises of other vegetables from the farmers of the community.

Donations of second hand clothing and bedding in good repair will be most acceptable and may be sent to the committee at St. Paul's Sunday School at Rothesay today or on Friday afternoon. As it is planned to get the shipment away at the end of this week it is requested that donations be sent immediately. The Rev. A. W. Daniel is devoting a great deal of his time to the work.

Some bundles of clothing have come down river the King's Daughters to be forwarded to the Belgians. Arrangements are being made by the King's Daughters to send them along.

GROCERY MARKET.
Conditions in the wholesale grocery market remain unchanged for the most part so far as the more essential staples are concerned. Flour and sugar continue steady, and molasses is firm. Beans are lower, both whites and yellow ones, and the favorite Saturday night dish in many a home will be somewhat cheaper for a time at least, for there has been a drop in pork at well, both domestic mess and clear stocks.

IN FEW WEEKS

Only Some Details at Sisters' Infirmary Remain to be Completed

It is expected that the new infirmary, built by the Sisters of Charity, in Coburg street, will be opened within the next three weeks. The building is now complete with the exception of a few minor details of finishing and inside painting, which are now being rushed along as quickly as possible.

All the furniture and fittings are on hand, all ready for installation just as soon as the hospital is prepared to receive them. This will require but a few days, so there will be no delay from that source.

Sister Patrick, who was for many years in charge of the Boys' Industrial Home at Silver Falls, and who has been placed in charge of the infirmary, is now in the building, preparing for the opening. His Lordship Bishop LeBlanc will officiate at the blessing of the building, assisted by the local priests.

Besides the fine new building that has been erected on the site, the mansion standing on the grounds has been connected with the main building and will be used in connection with the infirmary. The old building are being effected to make it suitable for the work. The names of the sisters who will assist Sister Patrick have not yet been announced, but they will be nearly all from St. Vincent's Convent.

COMMENT OF POLICEMAN DRAWS COURT'S CENSURE

Threat of Jail For Contempt—The Case of Cobell Who Denied Drunkenness

In a case against Tony Cobell, who yesterday pleaded not guilty to being drunk, Magistrate Ritchie this morning gave judgment. Policeman O'Neill and Sergeant Scott who made the arrest swore that Cobell was drunk when they arrested him in Union street on Saturday afternoon. The defendant, who was let out on a deposit on Sunday morning, admitted that he had been drinking but said he was not drunk and his statement was corroborated by Tony Brown, a fellow countryman who gave evidence this morning. Policeman Armstrong this morning said he saw the defendant being taken to the police station and that he was intoxicated. Sergeant Hastings said he was in the guard room when the prisoner was brought in. He said the man was very drunk and almost fell against the stove. In his evidence yesterday O'Neill said that the man was drunk and that he and his friend went up to them and although the friend promised to take the man home, he made no move to do so. He said this morning that Cobell was in jail for five days in jail, but under the circumstances allowed it to stand. E. S. Ritchie appeared for the defendant.

"What is the use of arresting a 'body?" Policeman O'Neill said to the court when the case was disposed of. The magistrate severely censured O'Neill for this remark and threatened to send him to jail for seven days for contempt of court if he dared to make such a remark to him again.

LAURENCE R. WILSON DEAD

Nephew of Dr. Murray MacLaren and J. S. MacLaren of St. John

Friends in St. John will be sorry to hear of the death of Laurence R. Wilson which occurred this morning at the home of his parents, Mr. and Mrs. P. Turner Wilson, 7 Rowanwood avenue, Rosedale, Toronto. He was a grandson of the late Dr. Laurence MacLaren of St. John and frequently spent the summer months here visiting his uncles Dr. Murray MacLaren and John S. MacLaren. His pleasing personality and genial manner had won for him many friends. Although only twenty-one years of age, Mr. Wilson had completed the first year of his medical course at Toronto University. During his summer vacation this year he went on a camping trip with several friends in Northern Ontario and was stricken with typhoid fever about four weeks ago. He is survived by his parents and one brother, James, who had been visiting in St. John until Sunday night when he left to return to his studies in Toronto, not knowing that his brother was so seriously ill.

ANOTHER THOUSAND

A contribution of \$700 to the Patriotic Fund this morning from Robert Thomson brings Mr. Thomson's total subscription up to \$1,000, and advances the total fund to about \$85,000.

The following contributions were acknowledged this morning by the treasurer of the local Soldiers' and Families' Patriotic Fund: Anand Bros. \$15; P. J. Comer, \$2; P. J. Gleason, \$2; Robert R. Cruikshank, \$5; John J. Kelly, \$5.

The tickets for the patriotic entertainment to be given in the Star Theatre this evening are reported to be selling well and it is expected that big crowds will be present at the two shows, 7 o'clock and 8.30. The entertainment will consist of vaudeville by local performers and the proceeds are in aid of the Patriotic Fund.

POLICE MIGHT WATCH FOR HIM

A Carleton woman complains to the Times that on Saturday night between half-past eight and nine o'clock she was on her way to the ferry boat, and when near the bell-tower in Market Square a man caught hold of her and attempted to drag her down the wharf. Fortunately another pedestrian arrived on the scene and the assailant beat a hasty retreat. The man is described as being between forty and forty-five years of age, quite short with a red blotchy face and wearing dark clothes and a black tie. He has been seen there on several occasions.

NEW MANAGER AT OPERA HOUSE

Mr. McKay Goes to States, Mr. Emerson Succeeds Him

The many friends he has made since coming to St. John will regret to learn that W. C. McKay will sever his connection with the Opera House as manager this week, having been transferred by the lessees, the Thompson-Woods Co. to a centre in the states to manage their interests there. He will leave the city on Friday or Saturday. Mr. McKay's successor as local manager will be James E. Emerson, of Brockton, Mass. who is expected in the city today.

Although he has been in St. John only a few months Mr. McKay has won many friends by his courteous manner and attractive personality and they have heard of his pending departure with regret. He has been obliging and pleasant in his managerial office and has become very popular in his city.

Mr. Emerson has had considerable theatrical experience, having for the last five years been manager for the Thompson-Woods Co. in their theatre in Brockton, Mass. Those of his acquaintances here speak most highly of him. Best wishes will be extended to each of them in their changed positions.

THREE LOCAL BALL PLAYERS ARE AWAY WITH CANADA'S TROOPS

Fairville Meeting Soon For Presentation of Trophies—Talk of 1915 Plans

In these stirring times of war and patriotic activities very little attention has been paid in Fairville to other matters of more or less public interest, but now that the fund is pretty well collected in Lancaster, other lines of endeavor present themselves. Among the first to move are the baseball fans who are busy now making arrangements for a meeting some evening next week when the champion Royals will receive the Baxter cup. It is reported that the entertainment is to take place in the form of a smoker, probably in Temperance hall. Besides the presentation of the cup which is the big item, the Athletics are to receive a catching mitt as a result of their prowess in Temperance hall. Summary will come into his \$5 gold piece put up by Councillor Golding for the most home runs. John O'Keefe, one of the Royals who played all season, and good ball at that, is now with the Canadian contingent somewhere on the high seas. Two members of the Athletics, Charles D. Humphries and D. Haulton, are also with the troops, and in the celebration these brave absent fellows should be remembered.

Already plans are being talked of for next year, and indications point to at least one first-class nine representing this section. The work of the Baseball Association has shown that the material is available and perhaps 1915 may tell a different tale for the championship of the city.

SISTER LIVES HERE

Samuel Taylor, Commercial Traveler. Dead in Moncton

Moncton, N.B., Sept. 29.—Samuel Taylor, a commercial traveler, died at his home here early this morning as the result of injuries received some years ago while he was a passenger on a train at Belmont, N.S. Since the wreck he had been able to move about, but recently his ailment became acute and he gradually weakened. He was fifty-five years old. At one time he carried on business in Moncton. He is survived by his wife, two sons, Edwin and Alfred, and three daughters, Etta, Marjorie and Marie. Mrs. T. D. Denham of St. John is a sister.

A Logical Woman She Admits It

Dear John:

I have your letter, and I am so glad that you found everything satisfactory.

When you asked me, before you left town so hurriedly, to buy you a few of the things you needed, and send them on to you, the commission rather frightened me—you are so particular. Shall I tell you what I did?

First, I made out a list of just what I wanted, and then I studied very carefully the advertising columns of the daily newspaper. I compared the prices and values, checking off from my list the things that I wanted, and then I shopped.

And—here is the great wonder of it—I found those advertising pages to be GUIDES! I could never have accomplished what I did without them.

It has convinced me that even experience in shopping is not absolutely necessary if one will only make a close study of the daily newspapers.

Even a woman can be logical! Florence.
