TEN PAGES—ONE CENT

TO ELIMINATE ICEBERGS FROM THE ATLANTIC Congress to Take up Project of Brooklyn Engineer

JETTY ACROSS GRAND BANKS Lay Large Cable as Basis For Sand Deposit—Says Greenland Would Become a Garden and England Surrounded by Current as Warm as Caribbean

(Canadian Press) Washington, Jan. 9.—A plan to do away with icebergs is to be laid before the United States Congress, the New York Board of Trade, and Transportation announces its endorsement of a bill which Congress would pass.

It is declared that this would be sufficient to shift the current so that the warm Gulf Stream and the cold Labrador current would coalesce, melting the ice in the latter, eliminating icebergs, not only from the region of the Grand Banks, but also from the entire Arctic circle.

Greenland, he maintained, would be transformed into a garden, and England would be surrounded by a current as warm as the Caribbean Sea.

SAYS MAN HAS NOT IMPROVED THROUGH AGES Hope For Future Qualifies Gloomy Review of Aged Scientist

(London, Jan. 9.—) Man has shown no improvement, either in intellect or morals, from the days of the ancient Egyptians and Greeks down to the beginning of the latest Dredging, according to a survey which Dr. Alfred Russel Wallace, known as the "Grand old man of Science," completed on the eve of his 90th birthday yesterday.

In his survey in the Daily News he declares that for 7000 years morals and intellect have been stationary. "There has been, of course, a great accumulation of human knowledge, but for all that we are no cleverer than the ancients," he declared.

"There is still most abominable vice and every kind of cruelty to the poor and children, adulteration every where, in every commodity and lies everywhere. The average of mankind will remain the same until natural selection steps in to raise it."

Doctor Wallace qualifies his gloomy remarks with the belief that there is no cause for worry for the future, however, as "the outlook is hopeful."

RUSSIAN EMPRESS AND DOWAGER BOTH ILL St. Petersburg, Jan. 9.—The New Year's reception at the Winter Palace on January 14 has been cancelled, owing, it is understood, to the illness of the Empress and the Dowager Empress.

NEITHER BADLY HURT IN SWORD DUEL IN HAVANA Havana, Jan. 9.—Colonel Orestes Ferrera, speaker of the house of representatives, and Miguel Coyula, of the editorial staff of La Lucha, fought a duel with swords yesterday. Neither was seriously injured.

The duel was the outcome of a dispute over a political article published by the paper.

WEATHER BULLETIN Issued by authority of the Department of Marine and Fisheries. R. F. Stuart, director of meteorological service.

The disturbance which was in Vermont yesterday morning is now off the Newfoundland coast, as a severe storm. Decidedly cold weather prevails generally with another important cold wave spreading into the western provinces.

Probabilities Here. Maritime—Fine and decidedly cold to day and on Friday.

FIRST ZERO WEATHER For the first time this winter the mercury today reached the zero mark. That was the lowest official, though some thermometers had it three below early this morning. At noon it was four above, with a twenty-eight mile northwest wind blowing. The sleighing is good and winter at least is here.

NEW BRUNSWICK INTEREST IN THIS QUEBEC COURT CASE

Matter of Transactions Between George Moffat and W. S. Montgomery (Canadian Press) Montreal, Jan. 9.—The jurisdiction of a Quebec court over that of New Brunswick and whether the interdiction of George Moffat, now in Vendam asylum, is regular, are questions which Mr. Justice Beaudin will have to decide in a testing case involving \$45,000.

The action is being taken by Roland Moffat, curator for George Moffat, his father, who seeks to have certain financial transactions between his father and W. S. Montgomery set aside by the court.

The plaintiff contends that when the transaction took place, his father was unable to look after his own interests, owing to his mental condition, and therefore the transactions were illegal.

The defendant contends that the proceedings in connection with George Moffat's interdiction were irregular, as the petition was taken out in the province of Quebec, whereas Mr. Moffat was a resident of New Brunswick.

PASS 13 MORE HOME RULE CLAUSES

(London, Jan. 9.—) Thirteen clauses were passed today in the House of Commons, which will give the British dominions a measure of self-government.

Hayes Fisher moved an amendment to clause 15, seeking to deprive the Irish legislature of the power to interfere with the operation of the law, either by varying or discontinuing it.

General Samuel's amendment to clause 15, which would debar the British government from interfering with the operations of the law, was also passed.

He contended there would not be constant interference on the part of that house with the policy of the British government.

The amendment was passed by a vote of 107 to 77. The House then passed clause 16, which would give the dominions a measure of self-government.

The House then passed clause 17, which would give the dominions a measure of self-government.

The House then passed clause 18, which would give the dominions a measure of self-government.

The House then passed clause 19, which would give the dominions a measure of self-government.

The House then passed clause 20, which would give the dominions a measure of self-government.

The House then passed clause 21, which would give the dominions a measure of self-government.

The House then passed clause 22, which would give the dominions a measure of self-government.

The House then passed clause 23, which would give the dominions a measure of self-government.

The House then passed clause 24, which would give the dominions a measure of self-government.

The House then passed clause 25, which would give the dominions a measure of self-government.

NEWS FROM WEST

Winnipeg Man, Who Murdered Woman and Shot Himself, Will Recover

FATALITY IN SNOW SLIDE British Columbia Has Avalanche—Manitoba Grain Growers Subscribe Fighting Fund—Electric Power to Farms

(Canadian Press) Winnipeg, Man., Jan. 9.—There is a strong probability that Walter A. Davis, who yesterday murdered Mrs. Alfred Hancock in Doctor Fletcher's office and shot himself, will recover.

FIGHTING BULLS IN STAMPEDE; THREE PEOPLE ARE KILLED

(London, Jan. 9.—) Three persons were gored to death and fourteen injured in a peculiar accident in the bull ring at a ranch at Elvas yesterday.

The bulls were driven to the arena to select every year at this ranch the bulls for the fighting season, and all the animals were rounded up in the arena. A great crowd was watching when the stand collapsed. The herd of bulls, already terrified, stampeded and plunged among the people.

Commission Likely to Have Drawings Today—Show Industry of Imposing Proportions

(London, Jan. 9.—) The preliminary plans showing the amount of room required for the new site for the City of London are to be shown to the public today.

The plans show a large building, which is proposed to be built on the site of the old City Hall, which has been demolished.

The building is to be built on the site of the old City Hall, which has been demolished. The building is to be built on the site of the old City Hall, which has been demolished.

MISS HELEN GOULD TO BE MARRIED NEXT WEEK; WILL BE NO DISPLAY

(New York, Jan. 9.—) The marriage of Miss Helen Gould to Finley J. Sheppard of St. Louis is expected to be celebrated next week. It is said that Miss Gould has fixed the date of the wedding and that invitations will be issued within a few days.

As there are to be no relatives or friends, and a home wedding is decided upon in preference to a church ceremony, the arrangements will be kept as private as possible.

The wedding will be held at Miss Gould's country place at Irvington-on-the-Hudson, the idea of holding it at her Fifth Avenue residence was abandoned because of the publicity that has attached to the announcement of her engagement.

WEST SIDE INSTALLATION; OFFICERS OF C. M. B. A. BRANCH

(New York, Jan. 9.—) The installation of officers in Branch 133 C. M. B. A. was conducted last evening in their rooms in Carlton on a visit from Grand Deputy R. J. Walsh, who was accompanied by J. J. Tully, D. B. Griffith, John Stanton, H. S. Bridge, and Joseph S. Stanton. Addresses were made by the grand deputy and visiting members, who were heartily welcomed, and by Rev. J. J. O'Donovan, spiritual director. The latter delivered a stirring address in which he alluded to his connection with the C. M. B. A. which he said had always been most pleasant and profitable. He made the following interesting announcement that except when absent from the city, he had not missed a meeting of the Branch for two years. His admiration for the association was based upon the incalculable good it had done in the west side. Presumably he believed it was the best Catholic Society in Canada and all his best efforts would be directed towards having every eligible man in the parish a member.

The officers installed by Grand Deputy Walsh and his staff were as follows: Rev. J. J. O'Donovan, spiritual director; J. Frank O'Connell, chancellor; Thomas J. Morrisey, president; A. Goldie, first vice-president; D. Grady, second vice-president; E. A. Graham, recording secretary; W. L. Hoyt, assistant recording secretary; Michael Morrisey, financial secretary; C. Haley treasurer; James Sullivan, marshal; James Lenihan, guard; and Rev. J. J. O'Donovan and Timothy Donovan, trustees.

WIRELESS COMMUNICATION WITH BALLOON HIGH IN AIR

(New York, Jan. 9.—) A cable from Berlin says that wireless communication was established yesterday by engineers of the University of Halle between a land station and a balloon carrying an altitude of four and one-half miles. This is said to be the first time on record that such signals have been transmitted to such a height.

The signals were flashed from the station at Nord Deck, near the North Sea.

ASTONISHING PROFITS OF DIAMOND MINE COMPANY

(London, Jan. 9.—) The report of the Premier Diamond Mine Company, which produced an enormous profit of 600 and 300 per cent dividends on different kinds of stock, attracts the property to the largely increased demand from the United States for diamonds.

RACE FOR SAFETY LOST BY SHIP EYVLIN; SINKS AT LOUISBURG HARBOR ENTRANCE; ALL SAVED

(Special to Times) Halifax, N. S., Jan. 9.—The British ship Eyvlin, 2300 tons, salt laden, ran ashore at St. Esprit yesterday morning during a snow storm. They succeeded in getting the ship off and made an attempt to get to Louisburg for assistance. They arrived at the entrance of Louisburg Harbor this morning and then the ship sank. The crew of thirty-three were all saved.

GRAND TRUNK MAN, FATALLY HURT, GIVES FAMILY FIRST THOUGHT

(Hamilton, Jan. 9.—) Hugh Kelly, G. I. R. car inspector, who had both hands cut off and was otherwise terribly injured in an accident, was fully conscious after being taken to the hospital, and his first thought was for his family. He had not made a will, so he summoned a lawyer to draw one up.

When it came to the signature, he was in a quandary because both hands were gone. He solved the difficulty by taking the pen in his mouth and making his mark instead of a signature. He then settled back peacefully and soon passed away.

YOU'LL SUFFER ALL YOUR LIFE

That's What the Doctor Told Him "Fruit-a-tives" Cured Him

Chesterfield, Ont., Jan. 25, 1911. "For over twenty years, I have been troubled with Kidney Disease, and the doctors told me they could do me no good, and that I would be a sufferer for the rest of my life. I doctored with different medical men and tried many advertised remedies, but none of them suited my case. Nearly a year ago, I tried "Fruit-a-tives." I have been using the fruit medicine nearly all the time since, and am glad to say that I am cured. I give "Fruit-a-tives" the credit of doing what the doctors said was impossible. I am now seventy-six years old, and in first class health." S. W. BARKLEY.

DUCHESS OF CONNAUGHT IS AGAIN STRICKEN

Ottawa, Jan. 8.—The Duchess of Connaught is suffering from another attack of peritonitis, the same illness with which she was stricken last year. She has been removed from Government House to the V. A. Hospital at Montreal by a special train. The duchess has caused a pension of the social functions. The dance to have been given by the military secretary to his grace, at the Chateau Laurier, is called off. The Saturday afternoon parties at Government House continued, and a number of arguments arranged for the week cancelled.

ICE STATION FOR McADAM

Ottawa, Jan. 8.—The county council in afternoon voted a grant of \$300 toward the establishment of a lockup in McAdam. Legislation making McAdam a police district is expected to be passed at the coming session of the legislature. A stipendiary magistrate is to be appointed and the citizens of McAdam will furnish the balance of \$1,200 or \$1,500 required for the erection of a lockup. The attorney-general has ordered that a lockup be established at McAdam and railway and civil authorities have requested such action. The city council last evening decided to hold a plebiscite in connection with the next civic elections on Monday, March 10 next, on the question of whether police control will be taken out of the hands of the city council and given to an independent commission. The report of cases before the police court during the year 1912 has been prepared by Police Magistrate John L. Marsh and shows a total of 238. Of that number 223 were for intoxication on the streets. This number is in excess of the average for drunkenness. A feature of the return is that the number of Scott Act cases from the county and the city was the same.

Little Beauty Chats By BLANCHE BEAGON

Pump Out Your Cheeks if They are Too Hollow for Beauty As one grows older, and to say, the pretty outlines of the cheeks and throat are liable to vanish, leaving one discomfited. Instead of tolerating such a state of affairs, First, my class in beauty must close the lips, then take a deep, full breath. With lips still firmly pressed together, fill the cheeks with air until they look like a rose.

Do as directed above every day for three or four months, and I think your cheeks will become prettily round. This is so much as the toy balloons which the little tots adore. Retain breath in the cheeks for a moment, then allow it to escape through the lips with an explosive sound. Continue in this manner for ten minutes or until your cheeks and throat muscles are decidedly weary of well doing. When you should call a halt. Do as directed above every day for three or four months, and I think your cheeks will become prettily round.

WHEN A LAXATIVE IS NEEDED—"CASCARETS"

Salts, Calomel and Cathartic Pills Are Violent—"CASCARETS" on Bowels as Pepper Acts in Nostrils

Take a Cascaret tonight and thoroughly cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, distended stomach, or have hiccups and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passage way every few days with salts, cathartic pills or castor oil? This is important. Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerful face for months. Don't forget the children.

TORIES ARE ANGRY

St. Andrew's Beacon.—The manner in which the patronage of the county is being exercised is giving offence to many of the stalwart members of the government party. The men who helped to carry the standard of the party to victory have surely a right to be consulted when appointments are to be made, but in the case of some recent appointments at St. Stephen and elsewhere this has not been done. Members of the conservative club in St. Stephen are openly protesting against the methods that are being employed.

Machias Seal Island Light

St. Andrew's Beacon.—The marine department has refused to listen to the protests of pilots and mariners against the change in the Machias Seal Island light, and has decided to do away with the twin lights, which have existed on that island for eighty years, and to substitute a single light. Although this light comes within the jurisdiction of the member of parliament from this county it does not appear that he was consulted in connection with the change, and yet, if any disaster occurs on the island as a result of the change, the responsibility must rest upon the government he supports.

White Enamel Beds

We have about twenty-five sample White Enamel Bedsteads, some are perfect, some have a few chips of enamel off. We marked them all down at a discount of 25 p. c. below reg. price.

PIERROTS AGAIN SCORE OPERA HOUSE SUCCESS

Empress Troupe Have Won General Praise for Clever Performances

Apparently as much at home on the Opera House stage as on board their good steamer, the Empress Pierrots troupe gave their second performance last evening and delighted the audience in every feature of the programme. An hour of minstrelsy passed all too quickly, and was followed with an entertaining sketch in which the physical and comical abilities of the company were well brought out. They sang a chorus well, good time and spirit, and were a ballad more than passing well, and one or two showed skill at instrumental playing; there is also excellent dancing. In all they were a clever troupe of entertainers, who may be assured of satisfied patrons wherever they may appear.

Wabana, 2,676, Starr, Sydney.

Daily Hints For the Cook

PIE CRUST. One cup shortening (lard and butter mixed), 2 cups flour, little salt. Sift the flour, add the salt and rub in the shortening. Use enough hot water to hold together, handling as little as possible. Roll from you. One-third the quantity gives an enough for one pie.

JELLIED APPLES.

Parse 6 or 8 apples, core them and put parings and cores and 3 or 4 more apples cut up in pieces on stove with water enough to cover. Put your pared and cored apples in a steamer and steam until well cooked through, then lift them carefully into a dish. When the parings, etc., are sufficiently cooked drain same as jelly, put back on stove, let boil 10 minutes, then add sugar to taste, and cook the same as you do any jelly. When ready, pour over the apples and put aside to get chilled. These are nice for lunch with cream.

A SURE, QUICK COLD CURE—ACTS GENTLY

Pape's Cold Compound Cures Colds and Grippe in a Few Hours

The most severe cold will be broken, and all grippe misery ended after taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken. You will distinctly feel all the disagreeable symptoms leaving after the very first dose. The most miserable headache, dullness, head and nose stuffed up, feverish, aching, running at the nose, sore throat, mucous catarrhal discharges, soreness, stiff neck, rheumatism pains and other distressing ailments. Take this wonderful Compound as directed, with the knowledge that there is nothing else in the world, which will cure your cold and grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply—contains no quinine—belongs in every home—accept no substitute. Tastes nice—acts gently.

LOOKING FOR A SUCCESSOR TO BONAR LAW AS LEADER.

Montreal, Jan. 8.—The Montreal Witness prints the following special cable from London: "My statement that the Lansdowne meeting of Unionists will decide the fall of Bonar Law as leader of the Unionists is today confirmed, for the general voice of the Unionist press expressed the semi-official announcement that if the Leicestershire Unionists pass a resolution hostile to the foot taxes Bonar Law will certainly resign. The rank and file of the Unionists would welcome Mr. Balfour back as the leader, but the Daily News says the situation is developing along lines which may be found to appeal to Lord Rosebery. There is thus a possibility that backed by the North London, Jan. 9.—Tariff reform, so far as it involves the taxing of food, is on the eve of final disappearance as a plank in the Unionist policy. A representative meeting of Unionists was held in the house of commons yesterday with the object of hearing, if at all possible, the discussions in the Unionist party created by the recent proposal to impose a tax on food imported into the British Isles, and restoring unity in the party. A memorial was drafted and addressed to Andrew Bonar Law, leader of the opposition in the house of commons, advocating the policy of abandoning the foot taxes at the next general elections. How She Obtained Good Bread "I have been baking now for twelve years," writes one house-keeper, "and have never had good bread till I used White Swan Yeast Cakes." Sold at grocers in packages of six cakes for 5c. Write White Swan Spice & Cereals, Limited, Toronto, for sample.

There were 1,653 men killed in and about coal mines of the United States during the first eight months in this year.

YOU TAKE NO RISK

Our Reputation and Money is Back of This Offer

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. We take all the risk. You are not obligated to us in any way whatever, if you accept our offer. Could anything be more fair for you? Is there any reason why you should hesitate to put our claims to actual test? The most scientific, common sense treatment is Rexall Ointment, which are eaten like candy. They are very pronounced, gentle and pleasant in action. They do not cause diarrhoea, nausea, flatulence, griping or any inconvenience whatever. Rexall Ointment are particularly good for children, aged and delicate persons. We urge you to try Rexall Ointment at our risk. Two sizes, 10c and 25c. Remember, you can get Rexall Remedies in the country only at Watson's Royal Stores, King Street, Main Street, and Haymarket St.

GOOD WORK BY SALVAGE CORPS.

Capt. K. J. MacRae of the Salvage Corps received yesterday a check for \$25, from G. S. Fisher & Co., in recognition of the sterling work done by the Salvage Corps in protecting the firm's property at the recent fire. Capt. MacRae made suitable acknowledgment on behalf of his corps.

More than 4,000 buffalo carcasses which the United States government has preserved for 20 years, or since they were worn by the troops in the Indian campaign in the northwest before 1891, are to be used by the soldiers in Alaska.

Wm. S. Merrell & Co. Sole Mfgs. N. J.

A Tea Cup

Contains Over 1 1/2 Grains of Caffeine

A Cup of Coffee contains over 2 1/2 Grains

Physicians recognize this drug to be of poisonous effect upon stomach, heart and nerves. Scientists employed by the U. S. Government found, in the famous Rabbit Case, that an amount of caffeine equivalent to that contained in three and one-half average cups of tea or two cups of coffee killed a rabbit.

What wonder, then, if you are a tea or coffee-drinker, that you suffer from indigestion, heart disturbance, headache and biliousness, sleeplessness, or nerve irritation?

Multiply 1 1/2 grains of caffeine by the number of cups of tea or 2 1/2 grains by the number of cups of coffee you drink each day and you will determine the amount of poison you give yourself daily.

Eminent physicians are protesting against the present use of tea and coffee. (Your family doctor can vouch for this.) The aches and ills of your own body also protest when the burden becomes too heavy. Doesn't your own common sense suggest that you quit tea and coffee now?

The New Food-drink

Instant Postum

offers the easy way This charming table beverage furnishes a hot drink of remarkable palatability. It has a rich seal brown color which changes to golden brown when cream is added. With its delicious flavour and rich aroma, it makes the ideal cup for those who want to get away from tea and coffee troubles.

Instant Postum requires no boiling It is made "quick as a wink" by pouring hot water upon a level teaspoonful of the powder in a cup and stirring until dissolved. Add sugar and cream to taste and you have a very fascinating beverage.

Grocers sell instant Postum, 90 to 100-cup tins, 50c. 45 to 50-cup tins, 30c.

"There's a Reason"

Canadian Postum Cereal Co., Ltd., Pure Food Factories, Windsor, Ont.

The Evening Times and Star

ST. JOHN, N. B., JANUARY 9, 1913. The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening, (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

TEASEMENTS AND COTTAGES There are far too many teasetment houses in St. John. In conversation with the Times the other day Mr. W. F. Burditt, who has probably given more attention to this matter than any other citizen in St. John, pointed out that in the important manufacturing city of Bradford there are no teasetment houses such as we have in St. John, where a man erects a three story wooden box, with a family or more on each flat. In Bradford, the people realize the value of the detached cottage, and they have, therefore, erected instead of the teasetment houses which tend to develop slum conditions. It may have seemed necessary in the past to crowd the present inhabited area of St. John with teasetment houses, in which from two to half a dozen families could be crowded. If the street railway had been extended as it should have been to the outskirts, and an effort made to provide cottage homes for people of small income, the congestion in the city would doubtless have been much less.

Sympathy for H. R. H. the Duchess of Devonshire in her illness is universal throughout Canada. The Duke and Duchess and Princess Patricia during their stay in this country have endeared themselves to the people. The Unionists in the British Parliament have decided to ask Mr. Bonar Law to abandon the advocacy of food taxes. It has been said that if they pursue this policy he will resign the leadership. He must either resign or abandon his former position.

SETTLING THE FARMS It is stated that the farm settlement board expects to have 100 settlers placed on abandoned farms by the 1st of May. This is good news if the farms are all right, and if arrangements are made to keep in touch with the settlers, so that they in turn will not abandon the farms. This question will arise, whether these settlers are native of the province or come here from abroad. Of course the chance will be largely in favor of the natives, should be, if they know anything about farming, for they are familiar with the climate and other conditions affecting agriculture. It is most important that those who take up farming under this plan should make a success of the venture, and the father-ness of the plan will depend very largely upon their experience and their testimony. There is a very large number of abandoned farms in the province which the members of the board should be secured at low cost. A settler should be placed on every one of them, but only such settlers and under such conditions as seem likely to produce satisfactory results.

A KANSAS DISCOVERY The relation of watered stock to the cost of living is considered in a recent report to the legislature of the State of Kansas. The public utilities commission of that state was directed to investigate the physical valuation of the railways within the state, so that the state would have a basis for fixing freight rates. The report states that the actual physical valuation of the lines at present is \$27,297 per mile, and that they could be reproduced for \$35,970 per mile. The state taxes them on a valuation of \$40,890 per mile, but they have to earn dividends on a valuation of \$146,301 per mile. That is to say, a railway which is actually worth only \$27,297 per mile must earn dividends on \$146,301 per mile. The stock has been watered. Its book value is many times greater than the actual value. The people of Kansas must pay freight and passenger rates high enough to pay dividends and interest on this book value. An American exchange, commenting upon the facts in the report, says: "This is a situation which explains the real cause of the difficulties of which the railways complain, when they assert their inability to meet expenses if rates are controlled. It is also an explanation of the high cost of living, for this same over-capitalization exists in other lines of industry than the railways. Excessive capitalization means excessive cost to the consumer."

BRIGHT BUSINESS OUTLOOK The business outlook in the United States is regarded as very bright for the first half of this year. Evidently Democratic rule is not expected to produce any such disastrous results as Republican voters pretended to fear. Broderick says: "Favorable conditions are in the majority as the new year opens. Easily first in this category are basic crop results, which tend to exert a steadily widening influence as they pass into human and animal consumption. To an extent probably never before exceeded, the crops have been gathered, housed or marketed in good condition, and cheaper food, which lies at the base of all industrial effort, seems likely to be one beneficial feature. As to future crops, it may be said that the winter-wheat crop starts out with a better

condition though with a smaller area than a year ago. Orders now on the books of manufacturers and wholesalers are sufficient to keep most lines busy until spring arrives. In lines where bookings run beyond the spring and up to the fall, as in iron and steel and some lines of textiles, raw material prices abroad as well as at home render sharp changes in manufacturing costs unlikely. Active employment for all able or willing to work is not the most important foundation for future good consumptive demand. Conservation of past years of strain has made for cautious buying, and nowhere are bargain-hunters pressing for sale, while activity in trade abroad, with high prices prevailing, precludes dumping of surplus foreign goods coincident with the confidently expected revision of the tariff."

DO YOUR RUBB SCOURING WITH Old Dutch Cleanser

LIGHTER VEIN HIS OMISSION. He boasted lordly of the pie. He dear old mother used to make. He never said a word about. Dyppeppa pills he used to take.

SOMEbody HAD TO SAY IT. "The Pullman Company announces that it made \$40,000,000 over you," said the Old Fog.

AMUSEMENTS IN ST. JOHN; WHAT THE PLAYHOUSES OFFER

NICKEL. Signor Mario Manetta, the Neapolitan operatic artist, who has been attracting so many lovers of the better kinds of music to the Nickel for over three weeks, changes his programme again today. He will sing another number rather than St. John in Love's Torment, an impassioned bit of dramatic tone-writing by Enrico Curoso, the world's greatest tenor, and sing by that great artist with wonderful effectiveness. Signor Manetta will render the number in French, which language he is a fluent user. The Nickel's pictorial attractions today are also of a high order. The Cine-Kleine production of At Napoleon's Command was commented upon yesterday as an artistic and historic success. There are two reels of the subject, dealing with life in the French army at the time of the great European upheaval when the Little Emperor was devastating the land and winning new territory. A strong love story runs through the spectacular piece and richly set up and depicting some magnificent views of a lovely country the silent drama won general approval. The comedy element was supplied in two of these imitable Biograph farces—Host by His Own Petard, and Their Idole. The latter—a merry bit about a German and a French citizen and their wartime heroes (Bismarck vs. Napoleon) was a veritable scream, especially the duel scene.

ROARS OF LAUGHTER AT STAR

Mark Sennett, Fred Macs and Mabel Normand, former Biograph comedy people, Normand, former Biograph comedy people, producing short farces under the trade-mark "Keystones." The first of these "Riley and Schultze" and "Our New Neighbor," were produced at the Star Theatre in Union Hall, North End, last evening, and the outbursts of laughter that greeted them denote the great powers possessed by these funny people for driving away dull care. It was familiar to see these people upon the certain and their novelties in making fun caught the crowds unaware continually. The Biograph Co. (10) (Rex), produced a stirring western love-story called "The Other Girl," introducing incidentally plenty of spirited horsemanship, exciting dashes, and a wealth of grand scenery. The Star has gotten into its winter stride and many novelties are in store in the near future.

STATE OF NEW BRUNSWICK, IN SENATE, FEBRUARY 1, 1913. FRANK J. CHENEY makes oath that he is editor and publisher of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State of Ohio, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every copy of said paper that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY sworn to before me and subscribed in my presence this 1st day of December, A. D. 1912. A. W. O'LESON, Notary Public (State).

HON. MR. PUGSLEY, IN MONTREAL, SPEAKS ON NAVY

St. John and the Building of War Vessels—Strong Opposition to Borden Bill in Maritime Provinces

(Montreal Star). "I am sure that the fight at Ottawa during the coming session will be a strenuous one," Hon. Wm. Pugsley, who is registered at the Windsor Hotel, stated to a Star representative this morning. "What course the Liberal party will take in its opposition to the navy bill, I cannot say," he added. "The question has not yet been even discussed by the party, and nothing has been decided." Questioned as to the attitude in the maritime provinces towards the bill, Mr. Pugsley said: "I think there is very strong opposition to it. The attitude towards the scheme is that in giving three broadbenths as proposed Canada is not assuming her full duty, and the question of a permanent navy should now be determined." "A permanent navy in addition to the contribution," he continued, "is a great step, but it is not unnatural that the people there should feel that a city which once built the best wooden ships in the world might also, with proper encouragement, turn out steel vessels, whether for commercial or naval purposes." "I think it is quite possible to build super-dreadnoughts in Canada. In my opinion, it seems to suggest no reason why the vessels should not be built in Canada at an average cost no greater, or very little greater, than will have to be paid in England. Of course, the initial outlay for the yards and plant would be considerable, but this would not exceed \$4,000,000, and such an investment spread over a period above the ordinary, materially aid to the cost of the ships."

TWO YEARS' DRAMATIC SUCCESS

Tonight's Play at the Opera House Holds Long Record.

When a play has held the attention of New York play-goers for two entire seasons there is every good reason to believe that it is much above the ordinary. Such is the record of Paul in Full, the splendid American drama, to be presented by the

Nellie Gill Players at the Opera House tonight and for the balance of the week. In the past high class plays were only available at high prices of admission, but through the medium of the stock company the biggest successes are now offered in the theatres at popular prices within a year or two after their initial appearance. Only plays which have a standard reputation will be given by the Nellie Gill Players, and Paul in Full should prove a splendid drawing card this evening.

MORNING LOCALS

C. H. McLean, of Tah, McLean and Rive, has returned from Prince Edward Island, where he went in the interests of St. John men who have been negotiating for some time with J. W. Carruthers, of the Smith fox ranch at Montague (P. E. I.) for the purchase of five pairs of foxes, which constitute the stock of the Smith ranch. Mr. McLean says the purchase has been made, with the Smith interests still retaining a large amount of the stock. The price of all grades of refined sugar has declined ten cents per barrel. At a meeting of the St. John Builders' Exchange held last evening, the following officers were elected: President, Hon. J. E. Wilson; 1st vice-president, H. L. McGowan; 2nd vice-president, J. Thomas; secretary, R. M. Thorne; treasurer, J. Birtney; sergeant-at-arms, J. Bernard; Holmes; trustee, S. A. Thorne; W. A. Stepper; J. Sprout and J. Donald. Coroner Breyman has decided that he will not hold an inquest into the Silver Falls case, where some bones were found in a barn owned by A. J. Stephens. Charles Doyle, a longshoreman, was injured while working on the S. S. Letitia yesterday. A hand truck fell on him, striking him in the back. His spine was injured, one thumb was broken and his wrist sprained. He was removed to his home in Fairville.

DRUNKENNESS IN MONCTON

The Moncton chief of police in his report says: "You will note 282 arrests for the year 1911, an increase of eleven. Each person arrested has been charged with drunkenness, to which he procured his liquor, and I believe that 65 per cent of the number brought their intoxicants outside of the city of Moncton."

OPTIMISM MARKS SPEECHES AT THE PLUMBERS' BANQUET

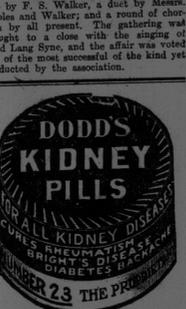

Architects Speak of Building Outlook—Presentation to W. J. Crawford

The banquet hall of the Victoria Hotel last evening held a jolly gathering, when the members of the New Brunswick Society, of Domestic, Sanitary, Heating and Plumbing Engineers, with several guests attended their annual banquet. An excellent menu was provided, and full justice accorded it, after which toasts and speeches were in order, with literary and musical numbers. About forty members were in attendance, and all thoroughly enjoyed themselves, as did their guests. The chair was occupied by George Blake, the president, and the vice-president was H. Dunbrack, who showed his keen interest in the association in attending even though he is not in the best of health. On either side of Mr. Blake sat

F. Neil Brodie, Wm. Howard, plumbing inspector of the board of health; Harry J. O'Neil, representing The James Robertson Co., Ltd., W. Campbell, representing Taylor & Forbes; Mr. Mackenzie, representing a Halifax firm, of which he is a member, and Garnett Wilson.

Each of those being toasted gave a brief lecture, representing a feature of interest in the programme was the presentation of a valuable leather travelling bag with complete fittings to W. J. Crawford, the energetic secretary of the local association, in recognition of the efficient services he has rendered and the able work he has done for the success, not only of the local, but also of the provincial association. Mr. Blake made the presentation, and expressed the appreciation of the members, who desired the secretary to accept the gift as a token of esteem and recognition. The recipient was greatly surprised, but expressed his thanks in a brief speech, in which he referred to the

work done in the past and hoped for still better things in the future. The health of the sister locals was proposed and responses were made by G. S. Dorman, of Moncton, and D. H. Shea and A. R. Farnell, of Fredericton. Piccolo solos by F. S. Walker, a duet by Messrs. Nobles and Walker; and a round of choruses by all present. The gathering was so sociable on its property and success. Auld Lang Syne, and the affair was voted one of the most successful of the kind yet conducted by the association.

MOBBED DOCTOR WHO NEGLECTED THE POOR

Two Killed and Four Wounded in Quelling the Demonstration

Rome, Jan. 8.—The inhabitants of the neighboring village of Roccaforte held a demonstration of protest against a doctor who was accused of neglecting his poorer patients in favor of those who were able to pay larger fees. The mob paraded through the streets and attempted to invade the town hall. The hall was defended by fifty soldiers and thirty carabinieri who charged and succeeded in dispersing the attackers. The mob, however, had not been subdued, and after a short space of time returned to the scene, fired at the guards with revolvers and hurled hundreds of stones. The officer in charge ordered the bugles to sound three warnings to the inhabitants. This was done, but it had no effect. Immediately after the officers ordered the soldiers and carabinieri to fire. Several of the people fell, hit by bullets while the rest fled in disorder. An official account of the affair reports two people killed and four wounded.

Eureka Base Ball Game

This is a new game invented by a professional ball player. It includes practically all the plays made on a base ball diamond. It can be played by any number of players from 2 to 18. We have just received a further supply. Price \$1.50

W. H. THORNE & CO. LTD. MARKET SQUARE & KING ST.

Advertisement for Greater Oak Hall featuring a woman in a fur coat and a list of clothing items with prices. Text includes: 'Our Factory and Wholesale Departments Contribute Wonderful Bargains to Our Mid-Winter Sale', 'Bad weather and other unfavorable conditions caused the cancellation of many orders, and our Factory found itself with a large excess of stock on hand where it should have had little or nothing left. There was only one thing to do—sacrifice the merchandise—and so a great collection of Men's Overcoats comes to us for selling at the lowest prices we've ever known, at this time of year, for such goods.', 'But it isn't the saving alone that should make the strongest appeal to you, it's the clothing itself that should be the chief attraction. It's the best for the price that can be made.', 'Men's Single Breasted, Convertible Collar, Overcoats, brown fancy stripe and bronze tweed, regular price \$8.00 - Clearing Price \$4.40', 'Men's Convertible Collar Overcoats in good weight materials, regular price \$8.50, Clearing Price \$4.95', 'Men's Convertible Collar Overcoats in rough Scotch tweed effects, in brown fancy overcheck and stripes, regular price \$10.00 - Clearing Price \$6.20', 'Men's Chesterfield Overcoats, velvet collar, beautifully tailored, raised seams, centre vent, dark gray with faint stripes, regular price \$15.00, Clearing Price \$10.85', 'SCOVIL BROS., LIMITED, ST. JOHN, N. B.', 'GREATER OAK HALL'.

Prince Arthur Sends Photo

The new Prince Arthur school was opened for educational purposes for the first time on Monday last. It is a splendid building, with large basement, composed of concrete blocks. The building and equipment have cost in the vicinity of \$25,000. On the ground floor, the primary school, the third and fourth grades, and the Grammar school. Two other departments are placed on the upper floor. There is also a large assembly room on the upper floor, which has not yet been completed. The basement contains winter playground, running room and separate toilets. His Royal Highness Prince Arthur of Connaught, who dedicated the school, and after whom it has been named, has sent the school board a large photograph of himself, which will be placed in the hall, opposite the entrance.

KNIGHTS HAVE DRAMATIC PRODUCTION UNDER WAY

Preparing My Friend From India For Opera House Presentation, With Specialties. There is now in the course of rehearsal a three act comedy which has met with success in larger theatrical circles, 'My Friend From India,' to be produced in the Opera House under the auspices of the Knights of Columbus on January 23, 24 and 25. It is a comedy of rare merit, abounding in humor and having numerous amusing situations, the theme being a family of the 'newly-rich' trying to get into the society of the 'old money.' The story is being worked out on the stage decidedly funny, and is a 'sure cure for the blues,' for its narration in dramatized form is nothing more than a succession of laughs, gags, and giggles, and very many of them. The production is being directed by Arthur McCloskey, whose name is already too well known in dramatic circles to need any introduction. The roles are in capable hands and it is expected that they will be enacted of an up-to-date and pleasing nature under the capable supervision of J. Perley Lemmy, who has only recently returned from New York with a store of bright and attractive specialties.

RECENT DEATHS

Boston, Jan. 8. (Special) - Samuel H. Gilchrist, of Beacmont, a builder, died last night, aged 72. He was born in St. John but had lived in Beacmont thirty years. A large number of friends will regret the death of Miss Mary Murphy, who died at her home, 81 Main street, yesterday. The deceased was in her eighty-fourth year and is survived by two sisters - Mrs. J. Russell and Miss Grace Murphy, of this city. Miss Murphy was a daughter of the late Samuel Murphy and was a regular attendant at the Calvin Presbyterian church. The funeral will take place tomorrow from her late residence, service beginning at 2.30 o'clock. The death of Mrs. Isabelle Miller, wife of the late John R. Miller, took place on Tuesday, Jan. 7, at her home, 81 Main street, and was caused by a cerebral hemorrhage. The funeral will take place tomorrow afternoon at 2 o'clock from the late residence, Mrs. Annie Anderson, 93 Newman street.

FAIRVILLE CONSERVATIVES

At a smoker held by the Fairville Conservative Club last evening, C. Eimley, Beacmont, presided, and addresses were given by J. A. Barry, J. B. M. Baxter, Summers, Goding and Bryant, and G. E. Logan. A resolution approving of the Beacmont naval policy was moved by George Eimley and carried by a large majority. Agriculture supports 10,000,000 inhabitants of the German Empire.

MOTHERHOOD SUGGESTIONS

Advice to Expectant Mothers. The experience of Motherhood is a trying one to most women and marks distinctly to each in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism untried for the trial of strength, and when over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results. There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial. Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorant for the female organism. In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong. If you want special advice write to Lydia E. Pinkham Medicine Co., (containing Lydia's Mass.) Your letter will be opened, read and answered by a woman and held in strict confidence.

MONTREAL TUNNEL FOR MAIL DISTRIBUTION

Montreal, Jan. 9. - Electric mail distribution through underground tunnels in small cars, large enough to hold seven or eight bags of mail, forms a project being studied by the postal authorities in Montreal, with every indication of its being carried out. During the last few years the postal business in Montreal has been rapidly leaping outside the range of present facilities, and the enormous business handled during the Christmas season was a lesson to the authorities. There are at present nine sub-postal stations in the city and by the end of this year it is hoped that five additional stations will be constructed, of which the most important one will be situated in St. James street, between Imperial avenue and St. Felix street, near the Bonaventure Station. This station will be used especially for newspapers and parcels, its proximity to the Windsor and Bonaventure stations facilitating their rapid delivery at the railway stations. And this is where the underground electric delivery would come in, according to Assistant Postmaster Gabor, who has recently returned from Boston, where the system is established. He thinks that the project would be quite feasible here. He proposes a tunnel with double tracks, running from the general post office to the projected station, which will be named Sub-station A, near the Bonaventure Station. From there the tunnel will branch off in the direction of Windsor and Bonaventure stations. The little train-cars usually used in the cities in England, where the project has been carried out, are long enough and large enough in circumference to allow a man to lie full length in them.

HEROISM REWARDED

Beacmont - The Canadian government has presented to Chas. A. Moses, a plucky young Deer Islander, who saved the life of Captain Poland, of the schooner Mary M. Lovell, from a watery grave on October 17, 1912, a sterling silver watch. The presentation was made by Thos. A. Hart, M.P., on Tuesday.

A MODERN MIRACLE

He Had Eczema 25 Years and Doctors Said "No Cure" Yet Zam-Buk Has Worked Complete Cure. This is the experience of a man of high reputation, widely known in Montreal, and whose case can readily be investigated. Mr. T. M. Marsh, the gentleman referred to, lives at 101 Desmarais Avenue, Montreal, and has lived there for years. For twenty-five years he has had eczema on his hands and wrists. The disease first started in red blotches, which itched, and when scratched became painful. Bad sores followed, which discharged, and the discharge spread the disease until his hands were one raw, painful mass of sores. This state of affairs continued for twenty-five years. In that time four eminent medical men tried to cure him, and each gave up the case as hopeless. Naturally, Mr. Marsh tried remedies of all kinds, but he, also, at last gave it up. For two years he had to wear gloves day and night so terrible was the pain and itching when the air got to the sores. Then came Zam-Buk! He tried it, just as he had tried hundreds of remedies before. But he soon found out that Zam-Buk was different. Within a few weeks there were distinct signs of benefit, and a little perseverance with this great herbal balm resulted in what he had given up all hope of - a complete cure! And the cure was no temporary cure. It was permanent. He was cured nearly four years ago. Interviewed the other day, Mr. Marsh said: "The cure which Zam-Buk worked has been absolutely permanent. From the day that I was cured to the present moment I have had no trace of eczema, and I feel sure it will never recur." If you suffer from any skin trouble out of this article, write across it the name of the paper and mail it with one cent stamp to pay return postage, to Zam-Buk Co., Toronto. We will forward you by return a free trial box of Zam-Buk.

THREE VALUABLE FREE-HOLD CITY LOTS

60x25 feet, more or less each, making a total of 150,000 sq. ft. or more or less on Prince William street and running through to Water street and adjoining lot purchased by McAlary Mfg. Co. from city. BY AUCTION I am instructed by Commissioner H. B. Schofield, Esq., of Harbor and Land, to sell by public auction at Clubb's corner on Saturday morning, January 19th, at 12 o'clock noon, three very valuable lots of land situated on Prince William street and running through to Water, giving a frontage of 150 feet more or less on two of the principal streets of the city, and being most valuable for manufacturers or shipping purposes, being near by railway and steamboat terminals. For further particulars, etc., enquire at office of H.-B. Schofield, Esq., city hall, or F. L. POTTS, auctioneer. 96 Germain street.

EMPRESS BOYS SEEK FATHER

Michael Stanton, an Englishman, aged forty-seven years, of medium size and dark complexion, is being searched for by his two sons. He arrived in port a couple of weeks ago on the S. S. Empress of Ireland, on which he was employed, but left the steamer and has not been heard from since. His sons, who are late fifteen and seventeen years old, arrived on the S. S. Empress of Britain, on which they work, and have been searching for their father ever since, but without success. In Norway people who are not vaccinated are not allowed to vote at an election.

EVIDENCE OF OCEAN POOL

The existence of a combine to control the steamship trade between New York and South America was revealed by the evidence given before the House Merchant-Marine Committee at Washington yesterday by John C. Steger for several years agent of the Prime Line at New York.

In Ireland a system of six banks constitutes the main banking power. The Bank of Ireland is the chief institution, chartered in 1783.

MOTHERSILL'S after thorough practical tests, is the only remedy for seasickness, motion sickness, and many Transatlantic ailments.

TARIFF MATTERS IN STATES

Washington, Jan. 9.—Talk of trusts of domestic and foreign varieties, of low wages and women toilers in industries abroad that enabled strong foreign competition with American enterprises and of capital's great stake in the tariff tinkering, witnessed the hearing on the earthenware and glassware schedule of the Payne Aldrich law before the house committee on ways and means yesterday.

It was the first of the two days of argument on the second schedule on the existing law. A declaration of Chairman Underwood of the committee, the democratic leader of the house, that he was satisfied with the showing of the keenly competitive conditions in the pottery industry, was accepted as an assurance of an undisturbed pottery tariff.

HOLLOW POTATOES

During the last season there have been a good many complaints from potato growers that, although the yield has been good, many of the largest and finest tubers are found on cutting to be hollow. This is an occurrence which is not uncommon in seasons which have favored the rapid growth of the tuber, and for a similar reason is found more commonly in large tubers than in those of small or medium size.

TWO ST. JOHN CLERGYMEN AMONG THE 30

Church of England Movement In Direction of Church Unity

MANIFESTO ISSUED Matter of Opening Pulpit and Communion Participation to Members of Other Churches—Names of Rev. Messrs. Kuhring and McKim Attached

(Montreal, Wis.) A remarkable movement in the direction of Church Unity is now under way among the clergy of the Church of England in Montreal and Canada generally.

Text of the Manifesto: The manifesto referred to is as follows: AN APPEAL ON BEHALF OF CHRISTIAN UNITY

The undersigned, feeling that the most important problem before the religious world today is the problem of Christian unity, have decided to send you a brief statement of their convictions and of the policy which they desire to pursue.

(1) The Lambeth Conference of 1908, in its evangelical and religious idealism, was a landmark in the history of the Church of England and other communions.

(2) The Edinburgh Conference of 1911 was a landmark in the history of the Church of England and other communions.

(3) It is impossible for us to remain unmoved by the plain undoubted facts about the Reformed Non-Episcopal churches—the fact of numbers, the fact of zeal and the fact of intense devotion to Christ and of rich spiritual experience.

Options on Canadian Steel Companies in Great Trust Reported

It is reported in New York that plans for the amalgamation of the leading Canadian iron and steel companies with some of the chief independent companies of the United States into a gigantic combine are well under way.

REPORT OF COMINATION OF STEAMER LINES DENIED

New York, Jan. 9.—A London cable with reference to the revival of the rumor contained in New York dispatches that a combination of the Canadian and Peninsular & Oriental lines is in process of formation, The Times says: "We have the highest authority for stating that the story is an absolute fabrication."

LUMBER TRUST IN EASTERN STATES IS NOW CHANGED

New York, Jan. 9.—The government's petition for a permanent injunction against the Eastern States Lumber Dealers' Association, alleged to be a combination in restraint of trade, was granted today by the federal district court. Final arguments and against the injunction were heard a few weeks ago.

STRANGE CASES OF WOMEN WHO WERE SOLDERS

Brave Turkish Girl Who Took Brother's Place in Conscription

THREE YEARS IN THE ARMY

Notable Instances in the Civil War in the United States—"Drummer Boy" in Five Big Battles Was a Girl—Balkan War Romance

(London Answers) If coming events are always to be discerned from the shadows cast before, the advent of the woman soldier must be pretty nearly one of the things that are bound to happen; for women demanded to be enrolled as soldiers during the Spanish-American War, and they have made the same claim in the Balkans during the past few weeks.

Writing as an old soldier who has had a great deal of war experience, I must say that I have never known a woman that I would not do as well as a man.

For Her Family's Sake Every woman could not be turned into an efficient soldier, of course, but neither can every man. And I have no doubt whatever as to woman's bravery, powers of endurance, and adaptability to military training; but I must confess to some slight hesitations as to whether the kind of women who have other soldierly qualities would be amenable to discipline.

That individual women have made good soldiers is well known. The cases of Mary Anne Talbot, Mrs. Walsh, Hannah Snell, and others have been written about so often that there is no excuse for telling their stories over again; but there are some interesting instances of women having served as soldiers that are not familiar, and space may well be taken to relate some of them.

There was, for instance, a fine story of a Turkish girl's self-sacrifice brought to light in 1883. In that year a conscript named Ali Reshid, who had served in the army for three years, was discovered to be a woman.

The reason for the girl's assumption of a male identity is full of human interest. There was a real Ali Reshid, and he was her brother. He was the only support of his widowed mother, and she was drawn in the conscription there seemed nothing in front of the family but starvation.

When the end came to Hako, the young man's twin-sister. She could not earn enough money to keep the house together, but she could manage, she thought, to take her brother's place in the army, and leave him free to work for his mother. And she did it, too, keeping up the deception for more than three years.

It was a good thing for that family that the girl's secret was discovered, for the story of her remarkable self-sacrifice got to the ears of the Sultan himself, and he was so touched with it that he ordered her a pension of five pounds two shillings and sixpence a month—a living that put her in the millionaire class in her village—pardoned her deception, and released her brother from any obligation to serve.

Then, also, in the early nineties, there was the strange case of Sergeant Henry Armstrong, a veteran of the American Civil War, who died at Chattanooga, in the State of Tennessee. Armstrong was, and had been for thirty years, a farmer, and was much respected. When he died it was discovered that "he" was a woman whose real name was Myra Lawrence, and who much respected. When he died it was discovered that "he" was a woman whose real name was Myra Lawrence, and who much respected.

That Parting Word In the early days of the great struggle between North and South, Myra Lawrence's sweetheart went to the war. She pinned for his society, until she could not bear absence from him any longer. Then she dressed herself in a male rig, and enlisted in the same regiment in which her lover was serving.

Now here comes the incredible part of the story. She did not disclose her identity to her sweetheart, but he grew strangely attracted to her, and they became fast friends. There came a day when the real man was shot down in a battle. Then the disguised sweetheart knelt down by his side and whispered into his dying ears that she was in fact the very girl to whom he was asking his "friend" to send his last message. There was no occasion to send any last message, she told him, for she was there to receive it herself. The writer finds it very hard to believe that part, but it is the account in the diary of the dead person.

Fanny Wilson was another heroine of the American Civil War. She, like Myra Lawrence, enlisted to be near her sweetheart, and also like Myra, it is said that although she got into the same regiment as her lover, and saw him every day, she had no suspicion of her identity. Then Fanny's young man was wounded, and she got permission to nurse her "comrade." Still she did not let him know that she was the Fanny about whom he was always talking, and it was not until a moment or two before his death that she sobbingly revealed herself.

After the death of her lover, she herself became ill and in the hospital her sex was discovered. This, of course, led to her being discharged from the army, but finding that ballet dancing was harder

A NOTEWORTHY GROUP OF MEDICAL MEN

The picture shows the members of the Dominion Medical Council, with Dr. Roddick in the center. These are, medically speaking, the "Fathers of Confederation," for they have really brought about confederation in medical matters. This picture was taken in front of the parliament buildings at the time of the important meeting in Ottawa in November last which is referred to in the following article from the Canadian Journal of Medicine and Surgery: "The Canada Medical Act, which was passed in 1922, could not become operative until it had been approved of by the legislatures of the different provinces of Canada. This essential having been obtained, the act became law during the past year. The first meeting to organize the Dominion Medical Council under the act was summoned to meet at Ottawa in November 7, 1912, by the Hon. Dr. Roche. Though the Dominion Medical Council is to be attached to the federal department of agriculture, there was a certain fitness in allowing the summons to the inaugural meeting to be issued by Dr. Roche, who, since 1902, had been associated in the necessary legislative work with Dr. Roddick, the author of the Canada Medical Act, and who, subsequently, after Dr. Roddick's retirement from political life, had championed the bill in the house. "In the Dominion Medical Council, the representatives from the provincial medical councils are: Ontario—Dr. W. Spinkie, Wolfe Island; Dr. R. J. Gibson, Sault Ste Marie, Quebec; Dr. L. P. Normand, Three Rivers; Dr. Arthur Simard, Quebec. New Brunswick—Dr. A. B. Atherton, Fredericton; Dr. Walter W. White, St. John. Nova Scotia—Dr. A. W. H. Lindsay, Halifax; Dr. John Stewart, Halifax. Manitoba—Dr. R. S. Thornton, Doloraine; Dr. J. S. Gray, Winnipeg. Alberta—Dr. R. G. Brett, Banff; Dr. John Park, Edmonton. British Columbia—Dr. R. E. McKechnie, Vancouver; Dr. K. Walker, New Westminster. Saskatchewan—Dr. Thompson Young, Prince Edward Island—Dr. MacNeil.

The representatives of the Canadian universities are—Dalhousie—Dr. Fraser Harris, Halifax. Manitoba—Dr. J. R. Jones, Winnipeg. Quebec—Dr. J. C. Connell, Kingston. Western—Dr. H. H. McCullum, London. Laval, Montreal—Dr. E. P. Lachapelle, Montreal. Laval, Quebec—Dr. Dagnosa, Quebec. McGill—Dr. F. J. Shephard, Montreal. Toronto—Dr. J. M. MacCallum, Toronto. The representatives of the homoeopathic physicians are: Manitoba—Dr. Charles E. Sugden, Winnipeg. Ontario—Dr. E. H. G. Hardy, Toronto. Quebec—Dr. E. M. Morgan, Montreal.

The Dominion Medical Council will provide for the qualifications of candidates for registration and examination and will appoint a board of examiners. It will accept the matriculation examinations of candidates which are recognized by the medical councils of the different provinces; but will have the control and management of examinations in purely medical subjects. Persons holding medical degrees from accepted foreign universities or colleges may be admitted to the examinations of the Dominion Medical Council; but no Canadian will be eligible, unless he is also the holder of a license from the medical council of a Canadian province. A medical practitioner holding a license from the medical council of a province of Canada, may register with the Dominion Medical Council, if ten years have elapsed from the date when his provincial license was issued. A practitioner whose provincial license is not of ten years standing, may register after the ten years period has expired. The diploma of the Canada Medical Council will entitle the holder to practice medicine in any province of Canada."

work than soldiering, she enlisted again, this time in a cavalry regiment. Her run this time was short, for she was challenged in about a week after her enlistment, and was accused of being a Confederate spy. She had no difficulty of clearing herself of the spy accusation; but she had to admit her sex, so she was discharged again. This time she stayed out of the army.

With the Balkan Allies In a military hospital during the same war was a drummer-boy, aged twelve, ill of typhoid fever, Charles Martin, though so young had seen a great deal of fighting, for he had been in five big battles and many smaller fights. The nurse in charge was very much interested to discover that the drummer-boy was a girl.

A still more recent example of feminine martial ardour is the case of Miss Sophia Yovanovitch, who fought valiantly by her lover's side in the Serbian army during the great struggle between the Balkan allies and the Turks. At the end of this war this modern Joan of Arc is to marry her lover, if both have survived the bullets of the enemy.

AN EYE TO BUSINESS The prisoner was charged with so trivial an offence that the judge told him that if he would plead guilty he would be let off with a fine. "Before we plead guilty," replied the man's lawyer, "we'd like to know what the fine will be?" "Isn't it rather unusual to attempt to bargain with the court?" asked the judge. "Perhaps it is, your honor," replied the lawyer, "but in this case it is important. You see, the prisoner has only \$12 now as my fee; if you intend to fine him more than \$2."

Build Mile of G. T. P. A Day Montreal, Jan. 9.—A telegram has been received at Grand Trunk Pacific headquarters from Head of Steel, British Columbia, which reads as follows:—"Grand Trunk track-laying gangs commenced laying steel here. Twenty-eight more miles of grade are now ready and the steel will be placed on it during January. Following this bridge gangs will throw temporary structures across streams and further track-laying will then be possible. The head of steel is now at mile 54, 1,008 miles west of Winnipeg. One mile of track a day will be laid."

There are fewer beggars in Switzerland and two-fifths of the adult population have deposits in banks.

TORONTO'S FIRST PROFESSIONAL HOCKEY TEAM

Three boys gave the lively Canadians from Montreal a good struggle in the N. H. A. opening game in the Toronto arena. Right to left—standing—Holmes, Wilson, Neighbour, Jopp, Percy Quinn, (president), Tom Humphrey (coach), McMan, McGillin, Doherty, Stanyon, Frank Carr (trainer). Sitting—Davidson, Randall, Cameron, Foyston, Walker. In front is Bruce Ridpath, manager of the team.

LATE SPORT NEWS

Baseball (ton and W. H. Thorne & Co., Ltd. teams, scheduled for last night, was postponed as the Hampton team did not come down. This evening the Thorne team will meet the Y. M. C. A. clerks in the Y. M. C. A. The game will start at nine o'clock.

Hockey Upper Canada. In the Upper Canadian Hockey games last night Quebec defeated Toronto 10 to 5, the Canadians defeated the Wanderers 4 to 3, and the Tecumsehs defeated Ottawa 4 to 1.

Crescents Get Scott. At a meeting of the M. P. H. A. at Halifax last night it was decided that Harry Scott, the Fort William hockey player, was the property of the Halifax Crescents and not of the Sydney Club.

New Edinburghs Easily Win. (Ottawa, Jan. 9)—The New Edinburghs' swamped Ottawa college in the Ottawa section of the Interprovincial Amateur Hockey Union, last night. More than 3,000 people witnessed the game. The score was 13 to 1. New Edinburghs outplayed Ottawa college throughout.

Wrestling Gotch May Come Opt. Indianapolis, Jan. 8.—If Zyznko is successful in defeating all opponents this season, Frank Gotch has consented to meet the Pole for the world's championship title in the last week in April. Local sporting men are prepared to hang up a \$50,000 purse.

Would Spring Out Of Her Bed. She Was So Nervous.

Diseases of the nervous system are very common. All the organs of the body may be seized, while the nervous system may be affected. Many women become run down and nervous. They have household cares and duties never ending, and sooner or later find themselves with shattered nerves and physical breakdown, do not wait until your case becomes hopeless.

Get a remedy that will quiet the nerves, strengthen the heart, and build up the whole system. Dr. Wood's Heart and Nerve Pills.

Mrs. E. Beers, Upper Main River, N. B., writes:—"I have used Milburn's Heart and Nerve Pills for over three months. I was so nervous I could not sleep. The pills have done me good. I feel better and would spring out of my bed at night."

I tried the doctors, but they did me no good. My brother advised me to take Milburn's Heart and Nerve Pills, which I did, and I can give them the greatest thanks, as they completely cured me."

Price, 50 cents a box; 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

ACCIDENTS CAUSED BY TOO MUCH CARE

Carelessness in factories is not guilty of all the things which it is charged, says a writer in the Survey. If a man is too careful he is bound to get hurt because of his awkwardness. He must learn the motions so well that they become automatic. Then he is likely to get hurt whenever the machine balks. This dilemma is brought out by the United States Bureau of Labor in a careful study of accidents in the metal trades.

Out of 317 accidents studied, 231 were charged to carelessness on the factory records. The report disputes this classification in the case of two groups of workers.

The first group consisted of workers who had been in the shops less than a week. Of these the report says:—"The falling learner is in constant danger. The very intensity of his care is a source of danger; strained attention leads to action by anticipation. Mangled fingers, a lost hand, or greater mutilation may result."

The other disputed group of accidents can be classed roughly as due to "taking risks."

"As practice continues," says the report, "the tension gradually subsides, and the worker attends less closely, but is vastly more able."

"In his case danger intrudes. A very large number of mechanical processes involve a series of operations. Occasionally, after the series of motions starts, the worker sees something wrong with the machine. This may start an entirely new series of actions, but does not stop the one already started. In an entirely involuntary way he is reached to adjust the disordered machine. He will press the treadle and at the same time put his hand under the die."

Had a Dry, Tickling Sensation In Her Throat.

COUGHED ALMOST ALL NIGHT.

A bad cough, accompanied by that irritating, tickling sensation in the throat, is most aggravating. Dr. Wood's Norway Pine Syrup is rich in the healing virtues of the Norway Pine tree, and for this reason it will quickly stop that tickling in the throat which causes the dry hard cough that keeps you awake at night.

Miss Margaret MacDonald, Port Hood, N.S., writes:—"Just a few lines to let you know what Dr. Wood's Norway Pine Syrup did for me. I took a severe cold, coughed almost all night, with that dry, tickling sensation in my throat. The first bottle did me so much good, I thought I would try a second one, which I am pleased to say resulted in a complete cure. It can strongly recommend it to any one suffering from a cough or any throat irritation."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper, 3 pine trees the trade mark; price, 25 and 50 cents. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

RECENT DEATHS

The death of John Singleton occurred yesterday at his home at Kenosha River, N. B. He was eighty years of age, and is survived by his wife, two sons and two daughters.

The death of Thomas Foley, hotel keeper, occurred at his home in Newcastle yesterday morning. For many years he conducted the Miramichi Hotel, and of late years the Commercial Hotel. He was very popular with the travelling public and others. He is survived by his wife, two sons and one daughter.

The death of Miss Alice J. Daley of this city occurred in Roxbury on Monday last. She was a daughter of Thomas L. and Mary J. Daley of this city, and had been visiting her sister in Roxbury, Mass.

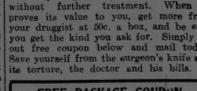

The death of John A. Leaman occurred this week at the home of his son, N. E. Leaman in Onono, Me. His wife, one daughter, and one sister also survive. He formerly resided in New Brunswick.

The death of Mrs. Clark G. Danham occurred yesterday at the home of her brother in Shrewsbury, Mass. She was forty-two years of age and had been ill for about a year. Her mother, three brothers and two sisters survive. She was a native of New Brunswick and formerly resided in Sussex.

FROM GRAND MANAN Boscon—R. R. Black, of Amherst, N. S., passed through St. Andrew's last week, and went over to Grand Manan to see the fine Gurnsey bull, Blossoms Anchor, No. 336. He was so well satisfied with the animal that he bought him on sight to head his herd of twenty-five cows.

PILES QUICKLY CURED AT HOME

Instant Relief, Permanent Cure—Trial Package Mailed Free to All in Plain Wrapper.

The Pyramid Smile. Many cases of Piles have been cured by a trial package of Pyramid Pile Remedy without further treatment. Famous "Pint of Cough Syrup" Recipe

No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing two cups of granulated sugar and one cup of warm water and stir for two minutes. Put 2 1/2 ounces of pure Pinex (fifty cents' worth) in a 16-ounce bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of 12. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the faded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough and croup.

This recipe for making cough remedy with Pinex and sugar syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in quinic acid and all the natural healing principles. Other preparations will not work in this recipe.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

MANUFACTURED SOLELY BY THE CANADIAN DRUG Co., Ltd. ST. JOHN, N. B.

LOCAL NEWS

BAPTIST MINISTERIAL CHANGES Havelock, Kings county, Jan. 8.—Rev. J. B. Ganong and family will leave on Thursday for North Sydney. Mr. Ganong has accepted a call to the Baptist church of that place. The Havelock Baptist church has invited Rev. W. L. Jenkins, of Gibson, to become their pastor. Mr. Jenkins is expected here for Sunday.

IS THIS A FACT?

St. Andrew's Beacon.—A young man from one of the islands passed through here on Friday on his way home from St. John. He said he had gone to St. John in answer to an ad. for "Five Hundred Men Wanted." He had joined three labor unions in the city, paying \$5 to each, and still had been unable to land a job.

FIRE THIS MORNING

The firemen were given another run this morning in answer to an alarm for a blaze in the building occupied by G. S. Connors & Co., Paradise row. The damage was confined mostly to the roof. The alarm was sounded about eight o'clock and it was about three-quarters of an hour before the all-out was rung in. The insurance of \$1,500 carried, it is said, will cover the loss.

PRESENTATION LAST NIGHT.—The members of the Y. M. C. S. of St. Joseph last evening presented to their spiritual adviser, Rev. E. J. Conway, a nurse of gold as a token of their regard for him, and in appreciation of his energetic and efficient work in their interests. The presentation was made in the Palace by George Cunningham, president of the society, on behalf of the members, and Father Conway made a grateful reply expressing his gratitude and the hope that the society would enjoy a most successful year.

ALLAN IS FREED ON SUSPENDED SENTENCE

Craig Sent to Jail For Two Months—Today's Police Court

Several cases of importance were disposed of in the police court this morning. On the regular police sheet two prisoners charged with drunkenness were each fined \$8 or twenty days in jail. Several prisoners who had been in jail on remand were dealt with. George Allan, arrested several days ago on the charge of stealing an overcoat, the property of Lemuel Cowell, from a street car, was allowed to go on suspended sentence. His honor told him that he was liable to ten years in Dorchester, and that if he did not behave properly in the future and abstain from liquor, a commitment would be sent out against him and he would be sent to the penitentiary. He promised to do better.

Samuel Craig, arrested last week on the charge of stealing a case of Scotch whisky from the Donaldson line shed at Sand Point, was sentenced to two months in jail with hard labor.

Alfred E. Gibbs, a young Englishman, was arrested on Christmas Eve on charge of shooting Leo Oulfin in the Pacific House, West St. John, was committed to stand trial at the next sitting of the county court. He gave his name as being purely accidental and that he was sorry it had occurred.

Edward Belanger, a Frenchman, arrested several weeks ago on the charge of lying and lurking near Hon. J. D. Hazen's home in Hantz street, and who had been confined to jail, was brought in this morning and further remanded. An effort is being made to have him deported. He told the court that his home was in Quebec.

TUG TO MUSQUASH IN HOPE TO SAVE ESKIMO

Schooner One of Those Driven Ashore Last Week—May Bid For the Wm. T. Donnell

The tug Wason left this morning for Musquash harbor, where she will endeavor to haul the schooner Eskimo off a reef. The Eskimo went ashore during the heavy gale on last Friday. The work of unloading the cargo of lumber is now going on. Captain Pike and the members of the crew are still at Musquash. It is expected that the Wason will be successful in saving the schooner, and if so, she will probably be towed to this port for repairs.

The schooner William T. Donnell, wrecked at Mace's Bay in the same storm, is practically a total loss. Part of her cargo of lumber has drifted ashore and has been saved, but there is still a large quantity yet on board. Part of her cargo of lumber is now being unloaded at St. John lumberman is at the scene today and will probably make the owners an offer for the complete outfit, schooner, cargo and all. Captain Stout, the owner of the schooner, is now at Mace's Bay looking after the arrangements for the sale of the schooner. Captain Hardy and the members of the crew have left for their homes.

C. M. ARMSTRONG TO ALLANS

Ability of Former St. John Young Man Recognized—Moves to Montreal

There will be interest here in the following from last Friday's Ottawa Journal.—"Charles M. Armstrong, son of E. J. Armstrong, 189 First avenue, who for the last year has been on the staff of the city ticket office of the C. P. R., will leave Ottawa on January 15, for Montreal, where his experience and ability have been recognized by the management of the Allan Shipping Lines, by placing him in charge of the first-class cabin ticket department of their business. In both business and social ways, Mr. Armstrong has made many friends in Ottawa since coming here from St. John, N. B., and they will extend to him their best wishes for his future success."

SEE SATURDAY'S TELEGRAPH

The Telegraph next Saturday will contain an illustrated short story by Richard Harding Davis, and a famous picture by Charles Dana Gibson. There will be a comic supplement for the children, grown up and otherwise.

HONOR PAID LATE REV. DR. T. W. STREET

Many at His Funeral—Tribute by Canon Neales and on Behalf of Bishop Richardson

The body of Rev. Dr. T. W. Street was laid at rest this afternoon in Cedar Hill, after having lain in state throughout the day in the chancel of St. Jude's church, in West St. John, where watch was kept from twelve o'clock to eight o'clock by his brother clergymen, by whom he was held in so great respect and esteem. At eight o'clock this morning the body was removed to the church from his late residence at 231 St. George street. There followed the celebration of holy communion, with the rector, Rev. G. F. Scoville, being the celebrant, assisted by Rev. W. L. Dunham, rector of the Church of the Good Shepherd, Fairville.

After this service the body was conveyed to the chancel of the church, where numerous floral tributes were arranged about the casket, and three clergymen kept watch throughout the day until 2:30 o'clock, when the funeral services were begun by many members of the Anglican ministry from different parts of the diocese were in attendance. Owing to his having been ill His Lordship's Bishop Richardson was unable to attend, much to his regret, but he was represented by Venerable Archdeacon Baymston.

Rev. Mr. Scoville conducted the services in the church and at the grave. Canon Neales of Sussex pronounced an eulogy on the worth of the late clergyman, speaking of his associations with him for many long years, and dwelling at length upon his admirable character, his worth as a man and as a minister, and also touching upon his services to the church and the esteem with which he was held by the clergymen and parishioners in general. At the close Rev. Dr. Raymond in a brief address, spoke on behalf of the bishop, making glowing and thoughtful references to Mr. Street.

The body was then taken to Cedar Hill where interment took place, six of the clergymen acting as pall-bearers. In the cortege were a great number of friends showing their esteem for him. All walks of life were represented. His two daughters, Mrs. Ethel Hovey and Mrs. Carrie Hovey, of Buxton, Mass., were in the city today for the funeral services.

Rev. Thomas Wye Street was the eldest son of the late Rev. S. D. Los Street and was born in Woodstock, N. B., where his father was rector for many years. He graduated at the provincial university (then called Kings College) in 1881, took his M. A. degree some what later and the ecclesia in May last was awarded the degree of LL. D. honoris causa. Dr. Street was ordained deacon by the late Bishop Medley in 1885 and priest the next year, and was in the 28th year of his ministry. He was for some years in charge of St. Stephen's, he removed to Ontario, where he was for six years engaged in educational work, and then returned to his native place to teach in the grammar school. He then went to the United States and served as military chaplain during a part of the civil war, returning to New Brunswick, he for some years taught the grammar school at Richford. He again took up active work in the ministry in 1898 as rector of Bathurst. He became sub-dean of the Cathedral at Fredericton in 1902, and after ten years' service was compelled by advancing years to retire. He had lately lived at West St. John, his wife's former home. Dr. Street was a man of scholarly attainments and fine penmanship, an eloquent preacher and diligent in his pastoral work. His nature was so kindly that his many friends would be provided for. A brother, Warwick W. Street, of San Francisco, is the only member of his family left here who now survives. The funeral of Mrs. Jane Brannan took place this afternoon at 2:30 o'clock in the home of Mrs. George McDermott, in Sydney street. Funeral services were conducted by Rev. R. A. Armstrong and interment was in the Church of England cemetery.

CHANGES IN UNION DEPOT TALKED OF

News Stand Nearer Train Shed And Ticket Office to Take Its Place

It is believed that the department is planning a change in the arrangement of the interior of the Union Depot whereby greater accommodation would be provided in the public waiting room, this being brought about by the removal of the passenger ticket office from its central position. It would be changed to where the Canadian News depot is now located, and this would be removed farther towards the train shed, being placed probably in the hallway opposite the coachman's stand. Just when these changes will take place is not definitely known, but it is believed that they will materialize.

The location of the ticket office in the centre of the inner depot, it is believed, could be improved upon, as there is sometimes a blockade when there is a heavy rush of travel. It is also regarded as being too small for present conditions and for this reason the larger quarters where the news depot now stands, are sought. Considerable improvement would be made where it is proposed to remove the news company's stand in the way of heating, lighting, etc., and it is believed the arrangement would work satisfactorily. There has been considerable work of adding touches of improvement about the interior of the depot during the last week.

SATURNA ARRIVES

The Donaldson liner Saturna with about seventy passengers and a fairly large freight cargo, arrived in port this afternoon at two o'clock and docked at her berth at Sand Point. She will load here for Glasgow.

THE BATTLE LINE S. S. "Himera," Captain Tootee, bound from Pensacola to Buenos Ayres, passed St. Lucia on December 29.
