CANADIAN COAL THROWN OVERBOARD

Citizens of Alaska Town Make Violent Protest Against Importation

TROUBLE ONLY BEGUN

Chamber of Commerce President Heads Mob—Quiet Restored Only in Name of Nation—Another Demonstration When Next Steamer Arrives

(Canadian Press)

Seattle, Wn., May 5.—Private cable advices from Cordova, Alaska, report that a mob boarded an Alaska Steamship Company vessel when it arrived with a cargo of Canadian coal and began dumping the coal overboard.

Among those who participated in the "coal party" were A. J. Adams, president of the chamber of commerce, ex-Mayor W. H. Chase, and Councilmen James Flynn and Chas. Ross.

Richard J. Barry, general agent of the Alaska S. S. Company and the Copper River Railroad, was in his office on the dock and was taken by surprise when the mob swooped down on the property.

It is believed that the trouble is not confined to the citizens of Cordova, but that it is spreading to other points on the coast.

There were twenty-five or thirty fishermen at Lily Lake, during the early hours of this morning and several good catches were reported.

RAILWAY SHOPS FOR THE G.T.P. NEAR QUEBEC

Will Be Outrivalled Only by Those in Winnipeg—Hon. Mr. Parent Shows Plans to Board of Trade—Station Work to be Begun Soon

(Canadian Press) Quebec, May 5.—The greatest railway work shops in Canada, outside of Winnipeg, will be erected within a few miles of Quebec, city in connection with the Grand Trunk Pacific, according to the plans presented to the board of trade yesterday afternoon by Hon. N. S. Parent, chairman of the Transcontinental Commission.

The main facts of the proposition were accepted. It was announced that tenders would be called for the erection of the new station of the Grand Trunk Pacific in Quebec at the end of the month, and the tenders for the work shops would be called soon as details had been arranged.

Among the matters to be dealt with at the meeting of the municipal council on Tuesday next, will be the application of the St. John Railway Co. for permission to extend their line out to the east gate of Ferrisville and along the road at east St. John.

AVENGES HONOR OF DAUGHTER

Philadelphia Man Shoots Another Dead in Crowded Street

(Philadelphia Press) Philadelphia, Pa., May 5.—Avenge the honor of his eighteen-year-old daughter, Frank McMahon, aged forty-eight years, shot and fatally wounded George Leary, aged fifty-three, last night when the latter lunged at his demands for reparation.

The shooting occurred in the presence of a large crowd that had been gathered at 5th and Spruce street by the loud wailing of the two men. Leary had broken away from McMahon and had walked about fifty feet away when the angry father drew a revolver and fired a shot at his back.

IT WAS NOT A BOMB AND THE KAISER LIVES

German Emperor's Guards Thought it all up With Him When Packet Was Thrown Into Royal Carriage

(Canadian Press) London, May 5.—The police of Genoa thought that the Kaiser was dead on Wednesday, but their fears were short lived.

While the emperor and the empress were landing from the imperial yacht Hohenzollern, in which they had arrived from Corfu, to take train for Berlin and were about to enter their carriage, some one hurled a packet in the face of the Kaiser. The detectives avoided the explosion in terror, but the "bomb," which fell in the carriage, was harmless.

It contained a letter from a German resident petitioning the emperor to abandon a farm which the Kaiser's brother-in-law had given to the emperor in 1888. The thrower of the missile is reported in jail.

BRITISH DREADNOUGHT SERIOUSLY DAMAGED

Placed in Dock, Steel Frames Buckle and Force Keel Upward

(Canadian Press) London, May 5.—The dreadnought cruiser Invincible was seriously damaged while being docked at Portsmouth on Tuesday, for an overhauling. The moment the great weight rested on the wooden blocks the steel frames strengthening the vessel's double bottom buckled, forcing the keel upward. The frames were bent like a bow, the immense weight of the ship bulging them out both sides. The dock was immediately refilled and the Invincible floated out. An examination showed the extent and serious nature of the injury and repairs are likely to be long and costly. The Invincible has given continual trouble ever since she was put in commission. Her guns have not been fired for more than a year, owing to difficulties with the electrically operated barbette.

COMMERCIAL TREATY; ENGLAND AND JAPAN. Tokio, May 5.—(Canadian Press)—Ratifications of the Anglo-Japanese commercial treaty were exchanged today. Great Britain and Japan negotiated a commercial treaty, which will come into force on July 17, replacing the existing treaty expiring on July 16.

The new pact removes the opposition of British merchants to the recently adopted Japanese tariff which heavily increased the duty on British manufactures as Japan grants reductions varying from 10 to 30 per cent upon a large number of British imports.

The Evening Chit-Chat

By RUTH CAMERON

"Will you please write and tell me whether it is customary to acknowledge Valentine postcards? I do not know, and I am so anxious to do the courteous thing."

"So a young person wrote me a few weeks ago. I answered her to the best of my ability, but I confess I could not help smiling at that last sentence. You see it didn't seem possible to me that anyone who was really 'so anxious to do the courteous thing' could have written asking a favor without enclosing a stamp, to say nothing of a self-addressed stamped envelope."

"She has many brothers and sisters in this lack of courtesy. Almost daily some epistle comes to me asking help or information or advice, and omitting to do the decent thing by supplying me with the vehicle in which to send what is wanted."

"It seems to me rather like going over to borrow something of a neighbor, and not only expecting her to supply the material and the means of conveying it, but also expecting that you didn't see fit to bring a cup and that she will have to supply that, too."

"Only in the case of a stamp, it is a gift, not a loan, that's asked. Yes, I know two cents is a very little matter. But a hundred two cents is money, and a thousand two cents means a good deal to most of us."

"Incidentally you might be interested to know that I do not supply the stamps, so that my protest is quite an impersonal one."

"And now, while I'm talking to my correspondents, I might as well say one or two things which have been on my mind for some time. I wish you people who write and ask me questions, the answer to which could only be of very limited interest, would sign your names, thus giving me a chance to answer you by private letter, instead of expecting the answer in the column. You see my column is my open letter to many thousands of people, and I do not feel that I ought to take up the space with matters that will only interest one person, or at best a very few people."

"Please do not be afraid to sign your names, whatever you write. I have never published a name, and I never will without the express permission of the writer. I cannot close any talk with my letter friends and acquaintances without once more expressing my thanks to the dear good folks who have sent me words of appreciation and cheer and comfort, and who have sometimes brought me in touch with them, when I so little deserve that wonderful good fortune."

"That you should think such kind things to yourself would be sweet enough to you, but that you should actually take the time and make the effort to put them on paper and send them to me—it is wonderful."

"I often say from the bottom of my heart, 'God bless you and prosper you as you deserve.' May others send your lives with the word of appreciation and encouragement spoken at the right moment, as you have mine."

The Woman's Auxiliary

Fredericton, N. B., May 4—(Special)—The Women's Auxiliary of the Diocese of Fredericton this afternoon apportioned the membership fees as follows: Administration—Grants toward the restoration of the church at Bay Da Vin and the church building at Hartland.

Canadian needs—Grants toward furnishings of hotel at Grand Prairie, Alberta, and the church building at Fruitvale (B. C.). Foreign needs—Grants to a portable organ for Honan, China, and the work of Rev. T. B. L. Westgate, Bugiri, German East Africa.

Tonight the local members of auxiliary entertained the visitors at Bishopscourt.

ST. JOHN BUILDING. Building statistics for the province published in the last number of the Labor Gazette, show that the new work and repairs done in St. John during 1910 exceeded the figures in 1909 by about 20 per cent. The number of permits issued was 164, being an increase of 28 over 1909, and the value of building work done was \$524,475, an increase of \$148,275, as compared with last year. Other parts of the province show a falling off in building. In Moncton the amount expended was \$112,915, as compared with \$239,610 the previous year, and in Newcastle district only about one-third as much work was done as in 1909.

FOR ECZEMA A Treatment that is Guaranteed to Give Relief

ECZEMA is parasitic in nature. It is said to be a contagious disease. Until the parasite or germ hidden in the skin is completely destroyed and removed, eczema cannot be cured. Fully one-third of all skin diseases is in the form of eczema. It affects persons of all ages and classes. It is the most prevalent and most distressing disease of the skin, and is a constant flow of an ill-smelling secretion, one of the intermediary forms, such as ring worms, scabs, pimples, blotches and maculations. Recal Eczema Ointment is very useful in treating ulcers, sores, and itching, insect bites, nettle rash and hives. It is particularly recommended for the treatment of children who are so common with this disease, and who are so liable to become burned, and disfiguring skin disease. I urge you to try a box at my risk. Your money waits until you are not satisfied with the treatment. Two sizes, 50c, and \$1.00. Remember you can only obtain Recal Eczema Ointment in this town at my store—The Retail Store, Chas. R. Watson, 100 King street.

BOYD-LAWSON. A pretty wedding took place last evening at the home of Herbert Francis, Queen street, when Miss Ollie Maud Lawson, of Kere, Kings county, was married to Geo. Elliott Boyd, of Wickham, Queens county. The ceremony was performed by the Rev. W. Camp in the presence of a few friends of the contracting parties. A dainty tea was served and after a brief honeymoon trip the couple will make their home in Bridge street.

DISFIGURED FOR LIFE!

Mothers Should Realize What Neglect of Skin-Troubles May Mean to Children.

A lifetime of disfigurement and suffering often results from the neglect, in infancy or childhood, of minor afflictions of the skin and scalp. A mother overlooks a little rash or eczema, or some simple treatment and in a day, perhaps, the little one is covered with severe eruptions of a similar distressing eruption. Then the struggle for a cure begins. A multitude of remedies are tried, doctor after doctor consulted, and hospitals visited, but too often the suffering extends, without substantial relief, from days to weeks to months and months to years. Added to this is the ever-present fear that the itching, burning and disfigurement will become chronic, marking future welfare and making life miserable. In the prevention of the simple skin troubles from which all this suffering so often arises and in establishing a condition of skin health that makes eruptions impossible, mothers are assured that nothing is purer, sweeter or more effective than Cuticura Soap and Cuticura Ointment. And greater still, if possible, is the success of these simple household remedies in the treatment of the severe skin affections themselves. With the first warm bath with Cuticura Soap and gentle application of Cuticura Ointment, the itching and burning of eczema ceases, the child falls into a refreshing sleep, the mother rests and for the first time, possibly, in many weeks, peace falls on a distracted household. Frequently a single case of Cuticura Soap and box of Cuticura Ointment are sufficient. As evidence of this, a statement, it is justified by more than thirty years of pronounced success. To quote but a single instance: Robert Mann, of Proctor, Minnesota, writes: "Our boy was born in almost perfect health, but at the age of six months he was afflicted with eczema on his face and neck. It was so severe that he was unable to eat, and he was so restless that he would not sleep. I tried many remedies, but all failed. I then bought Cuticura Soap and Ointment, and used them as directed. In a few days the itching and burning ceased, and the eruptions disappeared. My boy is now a healthy child, and I am able to rest and enjoy my life."

SUFFERED THREE YEARS Will Dr. Morse's Kidney Root Pills cure his Indian Trouble

There are few diseases that cause more acute suffering than Kidney Trouble, and Mr. P. A. Thomas, Sudbury, Ont., is one of those who know it. He writes: "For over three years I suffered from kidney disease. First I thought I had sprained my back, but suddenly the pain would catch the small of my back and it would be impossible for me to straighten myself up for several minutes. A dull ache across the back was always present, my mind was unsteady, and I was passing it all in a urine, and I was unable to do any work. I was advised to try Dr. Morse's Kidney Root Pills, and they cured me. I am now a healthy man, and I can do any work I wish to do."

this action of parliament brings within their reach, and they should have no time in impressing upon the provincial government the fact that they will be satisfied with nothing less. The amendment to the bill which was adopted yesterday leaves no shadow of excuse for delay.

ANOTHER WITNESS The Times a few days ago quoted from the Ottawa Citizen, Conservative, to show that it did not approve of the attitude of the party on the reciprocity question. The Victoria Colonist is another Conservative paper and it is published in British Columbia which enters a protest. The Colonist says it does not see the least chance of defeating the measure, and adds: "Neither does there appear to be any probability that a dissolution can be forced before the measure is adopted, and it is open to great question if it is desirable to bring about such a result, even if it could be reached. To defeat reciprocity on its merits will be a serious enough proposition without its opponents handicapping themselves by forcing an election before representation has been adjusted in accordance of the census returns. Under these circumstances we shall not be surprised to learn that the Conservatives will decide to permit the question to come to a vote."

We have been told that British Columbia is "sold against reciprocity." Yet here is one of the most influential Conservative journals of the province advising Mr. Borden to let the question come to a vote, because there does not appear to be any hope of defeating it.

The more the subject is debated the more clear it becomes that the voice of the country is for reciprocity, and that the opposition leaders have adopted a course that is fatal to their hopes of getting the ear of the people.

Col. Roosevelt is right. The alleged dynamites in Los Angeles should be tried in the courts, and not in the newspapers or by irresponsible assemblies of persons susceptible to prejudice.

Britain is to try an experiment in state insurance against unemployment, sickness and invalidity. The measure on its introduction received the approval of both parties. It is a daring experiment of a socialistic tendency, and will be watched with interest throughout the world. The chancellor estimates that the bill will affect nearly fifteen million people.

Mr. Hazen's organ should whisper something to Mr. Hazen. It has been asserting with a loud voice that the suspension bridge was in as good condition as when it was built, and here is Mr. Hazen giving me a summer's job repairing it. What becomes of the new bridge? Why make large expenditures on the old one if the new one is to be built? The only explanation is that Mr. Lovell was right, and that the bridge is in so dangerous a state that the government are not risk it until the new one is built.

BANGOR WOULD APPRECIATE HELP FROM OTHER PLACES (Bangor Commercial.) At a public meeting of the citizens of Bangor, which was called by Mayor Malen to consider the matter of relief to those who were unfortunate in losing their all by the great fire, it was clearly stated that even if no aid should be received from outside, the citizens of Bangor would do their best to supply the wants of those who have lost their all by the fire.

It was the prevailing sentiment that even if no aid should be received from outside of the city, the citizens of Bangor would not permit those who had been unfortunate in losing their all to suffer. But it was also the prevailing sentiment that contributions freely offered from outside the city would be accepted and appreciated, and the following resolution was unanimously passed by the meeting: Resolved, That the city accept all contributions freely made by non-residents of Bangor as well as from our citizens.

THE VALLEY RAILWAY We shall probably hear no more about an electric railroad down the St. John valley, between two points on the C. P. R. The federal government, in the interests of the people of the valley, has agreed not only to operate the valley railroad as part of the Intercolonial system, but to provide the rolling stock. This announcement was made in parliament yesterday by Hon. Mr. Graham, and the bill as thus amended was given its third reading in the house.

There should be no further delay on the part of the provincial government in relation to this railway. The federal government, thanks to the efforts of Hon. Dr. Pugsley and Mr. Carvell has granted such liberal terms that there can be no further excuse for stalling with the C. P. R. or talking about an electric railway. It is only necessary for the provincial government to do its part, and the people will soon be provided with a railway built to the standard of the transcontinental line in New Brunswick, and operated as part of the Intercolonial system.

This is what the people desire. They want such a train service as the Intercolonial would give, they want through connection with the west, and they want competitive instead of monopoly rates. All

INTERVIEWED GOVERNMENT ST. JOHN COURIER.—F. M. Murray, president of the Agricultural Society, accompanied by Mayor Dismore, R. W. Gremmer and Geo. J. Clarke, interviewed the government in Fredericton on Tuesday, relative to the provincial grant for this year's fair and other matters of interest to the society. They were given a favorable reception and it is altogether likely that before long certain financial questions, which have been pending between the government and the society for some time, will be finally disposed of.

NATURE'S CURE FOR A COUGH

Dr. Chase's Syrup of Linseed and Turpentine is the Most Largely Imitated Medicine in the Country

What to give the children for cough and cold is the problem mothers now have to solve. Most of them finally decide on Dr. Chase's Syrup of Linseed and Turpentine, and make it a rule to always have some in the house.

In this medicine are linseed, turpentine and other well-known ingredients of unmistakable value in the cure of colds. It is pleasant to take, so much so that children delight to use it.

So generally is this great medicine used that several imitations have been put on the market. All alike in name only. They are not made from the same formula, nor do they bear the name of Dr. Chase.

You know you can expect to get the use of Dr. Chase's Syrup of Linseed and Turpentine, but you must not mistake much faith in an imitation which is not the reputation of the article it is.

On every bottle of this medicine will be found the portrait and signature of A. W. Chase, M. D., the famous Hoop's Book author. This is for your protection and for the protection of your children. Be sure to get the genuine, even if it costs a few cents more. 25 cents a bottle, family size 50 cents a dozen, or Edman, Bates & Co., Toronto.

HAD KIDNEY TROUBLE

COULD NOT CROSS THE FLOOR PAIN WAS SO GREAT.

Miss Hazel Hess, Winchester Springs, Ont., writes:—"I was troubled with my kidneys for five years. They were so bad, at times, I could not cross the floor for the pain. The doctor advised me to do my own good and health, and I bought six boxes of Doan's Kidney Pills. I bought six boxes and all forms of kidney and bladder trouble.

No woman can be strong and healthy unless the kidneys are well. When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. When how important it must be to see to it that this system of sewerage be not clogged up.

Doan's Kidney Pills are a purely vegetable medicine, realizing quick, permanent relief, without any after ill effects. A medicine that will absolutely cure backache and all forms of kidney and bladder trouble.

## VALLEY ROAD BILL NOW TO THE SENATE

Government Willing to Operate and Furnish Rolling Stock as Part of I. C. R.—Crocket is Silenced

Ottawa, May 4.—It will not be the fault of the dominion government if the Valley railway bill is not passed through the House of Commons before the end of the session.

This afternoon the bill authorizing the government to lease the line and operate it as part of the Intercolonial system, pending the objection, he presented so vigorously against the resolution, that the bill required the government to provide the initial rolling stock before the dominion government could take it over. He claimed that this imposed a burden on the province which had to finance the project by the guarantee of bonds, which would make it impossible for the project to be undertaken.

Hon. Mr. Graham declared that the provision had been put in in good faith to bring the bill into harmony with the New Brunswick legislation. However, Mr. Crocket and the New Brunswick provincial authorities had insisted that the provincial legislation did not bear this interpretation, and he was willing to take their word for it.

All that he, Hon. Mr. Pugsley, Mr. Carwell and the members of the dominion government generally desired was that the road should be built and that the Intercolonial should have the chance to operate it, as it was believed that it would be a good thing for the province of New Brunswick and would prove a valuable feeder for the Intercolonial, which was in need of traffic-producing feeders.

Mr. Graham said that he and the government were willing to have the Intercolonial provide the initial rolling stock and all rolling stock which would be required while the road was operated as a part of the Intercolonial, which he hoped would be a long time. He would therefore move that the words to which Mr. Crocket and the New Brunswick authorities had taken objection be struck out.

This motion came as a surprise to Mr. Crocket, who was in the house and who failed to express any satisfaction at the important announcement by the minister of railways.

The amendment was adopted unanimously and as amended the bill was given a third reading and ordered to be sent to the senate for the final legislative stage.

At the opening of the sitting Mr. Pugsley asked if negotiations were proceeding for better trade relations with Germany.

"There is no truth in the report," replied Sir Wilfrid.

The minister of railways introduced a bill requiring telegraph, telephone and express companies to make the same returns of business and operation to the railway commission which is now required of railway companies.

## Daily Hints For the Cook

**OATMEAL MUFFINS.**  
Sift one and one-half cups of flour, four teaspoons of baking powder, one-half teaspoon of sugar, then add one cup of cooked oatmeal mixed with one-half cup of milk; add two tablespoons of butter or clarified fat and two egg yolks well beaten. Then fold in the two stiffly beaten whites. Bake in a hot oven, in well buttered muffin tins.

**CHEESE SCALLOP.**  
To make a scallop of cheese remove the crust from four slices of bread, cut the ordinary thickness and butter well. Put them, one on top of the other, in a buttered baking dish. Grate or chop a quarter of a pound of tany cheese and season it well with pepper and salt. Beat up four eggs and then add three cups of milk; beat again together. Sprinkle the seasoned cheese over the bread, pour on the egg mixture, and bake all as one would a bread pudding.

**ALMOND HERMITS.**  
One cupful of butter, worked to a cream with two cupfuls of sugar, two eggs three even cupfuls of flour sifted twice with a teaspoonful of baking powder; half a teaspoonful of ground mace; three dozen almonds, blanched, dried and split in half. Having creamed the butter and sugar, work in the beaten yolks, the spice, then the frothed whites and the flour alternately. The dough must be just soft enough to roll out. Make the rolled sheet less than half an inch thick; cut round; wash lightly with the white of egg; press half an almond into the heart of each cake and sift granulated sugar on top. Bake in a quick oven.

## GROW TOO MUCH FOR EAGLES

Spokane, Wash., May 4.—Three bald eagles, housed in the aviary at Manito park in Spokane, were put to flight by a crow in a pitched battle a few days ago. The crow made the attack by ripping the shingles from the roof of the house where the eagles roosted. The eagles showed fight, but were routed by the smaller bird pecking their heads and claws. The eagles flew high into the air and swooped down in the regulation fashion, but the crow was equal to the occasion and dodged cleverly when unable to counter the wing blows and bill jabs, kept busy for some time in getting their plumage in shape.

Easy for Moore.

Pal Moore of Philadelphia had the easiest kind of a time on Tuesday night in defeating Jack Redmond of Milwaukee in a 12-round bout at the Armory A. A., Boston. Not one of the 12 rounds could be credited to Redmond. Moore outboxed the Milwaukee boy in every round and landed a nearly every time he hit. Redmond was willing, but showed nothing that could be classed as clever boxing.

The fastest and most interesting fight of the night was between Mike Stickey of the navy and Frankie Mack of Revere. The boys went six fast rounds, Mack earning the decision. Mack kept Stickey off with a left jab to the face and had Stickey pretty well nussed up in the first three rounds. Stickey tried hard to land, and when he did, it was with his left to the head. In the fourth round he had Mack backing away.

Everett Edridge, of Winthrop, won his first professional bout with a knockout putting Bert Hickey away in the fourth round. Both boxers acted like amateurs and did a lot of roughing. At times it resembled a wrestling match more than a boxing contest. Edridge proved the better wrestler and lighter, and with a hard right to the jaw he put Hickey to sleep.

The main bout for next Tuesday night will be 12 rounds between Pal Moore of Philadelphia and Matty Baldwin of Charleston.

**Kilbane and McFarland Matched.**

Buffalo, N. Y., May 4.—Tommy Kilbane, the Cleveland lightweight, has been matched to box ten rounds with Packer McFarland before the Buffalo Athletic Association in this city on the night of May 12.

**Baseball**

A Long Time in Baseball.

Cleveland, O., May 3.—James T. McGuire, manager of the Cleveland American league baseball club, which resigned on Wednesday, has been in the city for several days and is expected to return to Cleveland for a good many years. McGuire was born in Cleveland in 1863, and is, therefore, 48 years old. After playing for the Cleveland team in 1884, he finished the Cleveland team in 1888, and then entered the major league as a member of the Cleveland team in 1894, but finished the Cleveland team in 1898, and then entered the major league as a member of the Cleveland team in 1900, and then finished the Cleveland team in 1904.

After a year with Detroit he went to Philadelphia and remained there for two years. In 1888 he was back again with Cleveland. During the season he went to Toronto of the International league.

In 1890 he was with Rochester, and in 1891 he played with the American Association team of Washington. He played in Washington from 1891 to 1898, and in 1899 played in Washington and Brooklyn. In 1900 and 1901 McGuire continued in Brooklyn, in 1902 and 1903 he was with Detroit, and from that time to June 7, 1907, he played with the New York Americans.

His best batting average was .338 with Washington in 1897, when he played in 78 games. His best fielding average was .981 with New York in 1904.

He was purchased by the Boston Americans in June, 1907, and was with them as manager. He resigned in the latter part of August, 1908, and was succeeded by Fred Lewis. McGuire was secured by Cleveland, with whom he has been since.

**The Big League.**

National League results yesterday were: Brooklyn 0, Philadelphia 6; Chicago 9, Cincinnati 5; Pittsburgh 17, St. Louis 1; Boston 2, New York 7.

American League.—Detroit 4, St. Louis 2; Cleveland 1, Chicago 7; Boston 2, New York 9; Washington 2, Philadelphia 6.

Eastern League.—Newark 2, Toronto 7; Baltimore 22, Montreal 13; Buffalo 1, Jersey City 2; Rochester 3, Providence 1.

**Provincial League.**

A meeting of those interested in the formation of a New Brunswick Baseball League will be held in Fredericton on Tuesday next. Woodstock, Fredericton, St. John, Chatham, Moncton, Calais and St. Stephen will probably send delegates.

**Bowling**

On Black's Alley.

Last night on Black's alleys, was bowling club night. T. Masters won the first prize, a silver mounted umbrella. D. Fosdy captured the second prize, which was also an umbrella. These were donated by the president of the club. Everyone, however, won a prize of one sort or another. Following the presentation of the prizes the balance of the evening was given up to a social entertainment. Tonight there will be a double header in the commercial league. The Hayward team will play the Emerson & Fisher, Ltd., men will play the R. men will meet Brock & Peterson's aggregation.

**The Turf**

TIZ acts at once and makes tired aching swollen feet remarkably fresh and sore proof.

It's the sure way you know for everything that ails the matter with your feet. It's the surest rest and for swollen, hot, red, and sore feet, corns, calluses and bunions.

"For years I have been troubled with sore and tender feet and suffered from pain. Having heard of TIZ I bought a box of TIZ which worked like a charm. As I have a great many of my friends, I would not be without it. It requires to be known to be universally used."—A. F. Deutzer, Chicago.

TIZ is not a powder. It is a cream and other things that are not so good. It draws out all poisons and exudations which bring a sore to the surface, and it dries every pore and glorifies the feet—and your feet. TIZ is made only by Walter Lather Dodge & Co., Chicago, Ill., and is for sale at all druggists, at 25 cents per box. National Drug & Chemical Co., wholesale distributors for Canada.

**NEW YORK POLICEMEN FORM HUMAN LADDER**

Heroic Work in Rescuing Women and Children at a Fire

New York, May 5.—Policemen Fleming, Singer and Clancy made a human ladder of themselves after rescuing Joseph, Schumacher, 70 years old, and his aged wife, who were threatened with suffocation in the basement of 370 St. Nicholas avenue, during a fire which started in the five-story apartment house in which they live.

Mounting each other's shoulders, the policeman climbed up to the first floor fire escape balcony on the north side of the building. Fleming smashed the windows with his night stick as he went from landing to landing, warning the tenants in the house.

The panic-stricken tenants fled to the fire escape. The policemen worked for work, helping down at least twenty-five helpless and frightened women and children. On the south side of the building where there are no fire escapes, several cool-headed men threw shutters and ladders across the four-foot airway separating the blazing house from the one next door. Men and women and children clambered over these bridges to windows on the other house.

All the tenants were taken out in safety. The building was almost completely gutted, the loss being estimated at \$10,000.

**HE SEEKS A WIFE**

Here's a Farmer With 160 Acres Wants Life Partner Under 35

Spokane, Wash., May 5.—Joseph E. Smith, a prosperous bachelor-rancher, 35 years of age, owner of 160 acres of improved farm land and a comfortable home near Granite, Idaho, wants a wife. He has established headquarters in Suite 22, Symons building, Spokane, where he can be found until May 15, when he expects to return to his ranch.

He called on Mayor William J. Hindley at the city hall here, saying, among other things: "I have lived single all my life, and I'm tired of it. I want you to help me find an affectionate mate, not more than thirty-five years of age. A blonde with blue eyes is preferred. A widow would not be barred."

After examining Smith's credentials, Mayor Hindley, who was pastor of a Congregational church in Spokane before becoming head of the city commission, promised to assist the rancher in his quest, adding: "Whether I find you a wife or not, if you succeed in finding the woman you want and she wants you I will marry you without any charge whatever." The rancher is widely known in the pan-handle of Idaho.

**STAMINA IN MEN AND HOW TO POSSESS IT**

(From "Man's Maladies.")

A prominent physician being asked the question: "What are the things in life a man needs most?" answered, "Physical health, strong nerves, mental efficiency, money and social success." Any man possessing these five attributes is a success. Any man possessing the first three is a success. Possession of a sound body with strong nerves is a real success. It is the foundation of all success. It is the foundation of all success. It is the foundation of all success.

It is the foundation of all success. It is the foundation of all success. It is the foundation of all success. It is the foundation of all success. It is the foundation of all success.

**GARRIE NATION AGAIN**

Threatens Visit to Spokane and to Bring Her Hatchet

Spokane, Wash., May—Following the defeat of the Hayden ordinance, which "to regulate hotels, restaurants and cafes" in Spokane, by a vote of three to two at recent meeting of the city commission, Mrs. Carrie Nation, reformer and saloon-smasher, to E. H. Klein, at whose home she visited during her last stay in this city, advising that she will arrive in Spokane with her hatchet on May 15, health permitting.

The Hayden ordinance was declared to be too drastic by the commission voting against the measure and was opposed by a majority of the electors. Mrs. Frank Atkinson, president of the local federation of the Woman's Christian Temperance Union, and other officers of the organization, declare they have heard nothing of Nation's visit, but they admit it is likely she will come to the northwestern country some time during the year.

**AMUSEMENTS FOR OURSELVES AND OTHERS**

OPERA HOUSE

A packed house greeted the Helen Grayce Company at the Opera House last evening in what proved to be one of the most popular of their performances. The Little Brother of the Rich is a racy offering depicting New York Society life at its best.

Ruth Blake, as the much married woman, shared honors with the star, who also appeared to good advantage and on the whole the production was much enjoyed. Tonight the Squaw Man, which was given last afternoon when Knightwood was in flower is being presented. There is great interest in tonight's performance and a bumper house is expected.

**THE GEM**

Tomorrow afternoon the usual Saturday matinee will be given for the little patron of the Gem. The Gem will receive a dainty souvenir. The bill prepared for the week-end comprises three films announced in their usual places, in which "The Sheriff's Daughter" takes first honors. It is a love drama of the prairie in which the charming daughter of a great old sheriff is in love with a bandit, and when her love is learned by her father, trouble soon brews. Wind follows in particularly sad and touching. The Biograph Co. favorites are to be given in the film, "The Rose of Salem," a story of a group of Puritan pilgrims in the early days of settlement. A ripping comedy of a mistake in valentines sent by a young man to his sweetheart is shown in the Vitagraph hit, "Billy's Valentine." Miss Leola Allen will sing, "When the Robin Sings Again," and there will be new pieces by the orchestra.

**THE LYRIC**

Strong statements were used by the management regarding the act of Kelly and Mallman in advance of their coming, but after their act was presented yesterday any doubt that might have been entertained as to their ability of living up to the reputation claimed for them was fully banished. This team has an act that could easily grace the bill of any night. Neatly captured, with excellent pen analogies and giving place in which the superior tie in dances the boys readily won applause as appreciators of their efforts. They will remain in the usual three days. A Strike at the Mines, by Edison, in the picture in the picture department during the week-end. "Max," a comedy, and "Hugo the Hunchback," an old time story by Selig.

**THE UNIQUE**

For the show at the Unique Theatre for today Saturday, the management claims many features. First of all it will serve to introduce to picture patrons, a new aggregation of talent in the Biograph Co. presenting a breezy defective comedy drama, entitled "Five Hours." It is said to be a charming little play with clean-cut characters an ingenious intrigue and many interesting situations. Second place has been given to the story of a millionaire's downfall—"The Banker's Daughter." To meet the requests of several, the Solax bill

**Her Face and Body Were Literally Covered With "BOILS."**

**Burdock Blood Bitters Cured Them.**

Mrs. John H. King, Johnston, N.B., writes:—"Last summer I was very much troubled with boils, and my face and body were literally covered with them. A friend advised me to take Burdock Blood Bitters. I did this for a few days, and before I had taken all the first one my boils began to go away. I had just taken a few doses out of the last one when they all disappeared. My husband has also used Burdock Blood Bitters, and much benefit."

Boils in themselves, are not a dangerous trouble, but still, at the same time, are very painful. They are caused solely by impure blood, and to get rid of them it is necessary to put the blood in good condition, and for this purpose there is nothing to equal that old and tried remedy, Burdock Blood Bitters.

**The McArthur Inquest**

The inquiry into the death of Wm. McArthur was resumed last night before Coroner Berrymann. Turnkey S. L. Clifford continued his evidence. He described conditions in the jail and the cells. He spoke of McArthur's father coming to see his son, and saying that he had heard he was sick. The turnkey said to him he could not see him without the sheriff's order.

On the night of April 22, he saw McArthur doubled up, sitting on the side of his bed, in great pain. When the cough came the prisoner walked downstairs without help.

Francis Bowers, guard with the chain gang, said that he took orders from Guard Beckett. He handcuffed McArthur to a post on his prison duty, and the man was kept there for two hours through a storm. He had also been punished previously for refusing to work. On March 21, at Beckett's orders, Bowers handcuffed McArthur to a post for refusing. The prisoner had seemed warmly clad, but appeared delicate. When he had complained of being ill at times, he was allowed to go into the shanty for warmth.

Walter Astell, aged eighteen, serving six months for theft, said he did not think the jail gang had enough food for the work they did—"A hunk of bread, molasses and water for breakfast, a hunk of bread, beef and black tea for dinner, and a hunk of bread, molasses, and black tea for supper."

The session was adjourned until Monday, May 15.

**C. P. R. BUSINESS ON BORDER**

St. Croix Courier.—Mr. Bamford, divisional freight agent, and Mr. Howard, traveling freight agent, of the C. P. R., were in town yesterday looking after the interests of the company. During their stay they inspected a barge, to be propelled by gasoline, which is building in Calais and will be used in the transportation of cargoes from Eastport for delivery at the railway's terminals at St. Andrews for transportation to the west and south.

## PETITION TO WIND UP COMPANY

Affairs of A. E. Hamilton Co. Ltd. Before Judge McLeod—Holders of Mortgages in Possession

On behalf of W. H. Thorne & Co., J. H. A. Fairweather today presented a petition to Mr. Justice McLeod for the winding up of the A. E. Hamilton Co. Ltd., S. E. Bastin, for the company, applied for a postponement on the ground that counsel associated with him in the case were at Ottawa and would not return until next Thursday. His Honor granted the postponement and adjourned the case until Saturday, May 13th, at 11 a. m. In the meantime he would appoint Thomas H. Somerville liquidator.

Mr. Bastin said that the mortgagee D. O'Connell, who holds a first mortgage on the property for \$10,000 and directors who hold a second mortgage for \$5,000, went into possession two days before this application had been made.

The provisional liquidator was ordered to take possession of all the property, if any, owned by the company not covered by mortgage; he was also instructed to enter into a bond on his own recognizance to the amount of \$5,000 and to obtain two securities for the amount of \$2,500 each.

The following lawyers represented the creditors:—Cyrus Inches, Chas. F. Sanford, G. Earle Logan and D. K. Hazen. The value of the property was estimated at \$80,000.

## CELEBRATE CROWNING OF KING GEORGE

Meeting of Societies and Organizations Here Planned—The Ferry Problem—The Power Bill

A special meeting of the common council will be held this afternoon to discuss the New Brunswick Power Company's application for letters patent and to deal with the ferry problem. A partial report will be received from the committee appointed to consider the various inaugural addresses and among the recommendations it is understood will be one to provide for calling a public meeting of representatives of societies and organizations to discuss plans for holding a demonstration on the day of the coronation of King George, June 22.

The ferry superintendent has received a telegram in reply to his message asking for additional information regarding the steamer Newport, but it throws very little more light on the subject. It is probable that a representative of the James Fleming Company will be present at the meeting to explain about the probable cost and time necessary to build another steamer like the dignitary.

In connection with the New Brunswick Power Company's bill, a meeting of the council of the board of trade was held this morning and resolutions passed will be forwarded to the council for this afternoon's meeting. The substance of the resolutions is that the company should not be allowed to tear up the streets or put in poles without first obtaining the consent of the city.

**A STILL ALARM.**  
No. 1 chemical factory today had a call yesterday afternoon from Queen street for a slight fire in the home of Douglas King. The police report that no damage was done.

**THE CARPENTERS.**  
James Myles today engaged thirteen carpenters at the advanced rate of \$3 a day, and they are now working. These leave only eight men now out, and they are expected to be at work in a few days.

**NEW BRUNSWICK AVIATOR.**  
Joseph A. Cummings Jr., who arrived in Boston from France a few days ago, is starting a Boston school of aviation. He is a New Brunswick aviator, son of Mr. and Mrs. Joseph Cummings of Kouchibouguac.

**TO HAVE CLAM BAKE.**  
The junior members of the Natural History Society will enjoy their first outing after the winter tomorrow, when they will have a clam bake at Bay Shore. Wm. McIntosh will have charge of the outing. The boys will meet at the breakwater at 7:30 o'clock.

**POLICE COURT.**  
James Ferris was fined \$4, James Mack and Wm. Lavigne \$8, for drunkenness this morning, while Thomas Kane was remanded on a charge of wandering about the streets. Mary Orel, colored, was further remanded on charge of frequenting houses of ill-fame.

**CASE DISMISSED.**  
The case against Louis Corey, charged with assaulting Thomas Hattie, was dismissed this morning in the police court, and his deposit of \$20 was returned to him. E. S. Ritchie appeared for Corey, while D. Mullin, K. C., acted for Hattie. The latter did not appear, and Mr. Ritchie said he had word from Mr. Mullin that the matter would probably not be dealt with in the police court.

**DOG BIT CAPTAIN.**  
The Bangor Commercial says—Capt. Benton Mitchell of the schooner Hebecca J. Monilton, which sailed from Calais for St. John on Saturday last, was badly bitten by Capt. Bert Moody's dog on board the latter's vessel, the schooner Annie F. Conlon. Capt. Mitchell was making a call upon his brother captain when the dog, a big St. Bernard, attacked him.

**GIVES UP HER SCHOOL.**  
Sussex Record—Miss Clara B. Hay, of St. John, who has been teaching on the local staff has resigned. The resignation comes to the board of trustees as a painful surprise, as Miss Hay is highly regarded in local educational circles. It is understood that she will return to St. John and will give up teaching for the present. Sussex is losing a most capable member of its school staff.

**CONSTABLE CASE.**  
The case of Henry McBurnie vs. George Blair, a local constable, will be resumed in the Fairville court this afternoon. It is likely, however, that very little will be done, as J. B. M. Baxter, counsel for the defence, is absent from the city. G. Earle Logan will appear for Mr. Baxter, and will ask for an adjournment of the case until Mr. Baxter's return. Justice MacFarland will preside.

**ST. JOHN FORESTERS.**  
The city courts of the I. O. F. are now housed in their new quarters in the Oddfellows' Hall, where the I. O. O. F. formerly met. The latter have moved to the Foresters' former hall in Charlotte street. On Thursday evening, May 11, Court LaFour, I. O. F., will hold an anniversary celebration in the new hall. A special programme is being prepared and several prominent speakers are expected.

## SOME TROUBLE OVER THE OFFICERS' CLUB'S ROOMS

Janitor Brennan in Court and Regiment Officers, Too—A Settlement To Be Reached

Three years ago the position of caretaker of the Officers' Club of the 62nd Regiment in St. Andrew's Bank building was vacant, and Patrick Brennan and his wife were given the free use of the rooms allotted that dignitary with the understanding that the big room of the club and the stairway would be kept clean. They had occupied the rooms since that time, and Mrs. Brennan attended to the duties of keeping the quarters of the club in order. According to the statements of both parties, there was no question of rent mentioned, but the caretaker's flat was to be occupied by Mr. and Mrs. Brennan in return for the janitor's services performed.

This spring notice was served on Mr. Brennan that he must vacate the premises, but he declined to acknowledge the notice, claiming that "occupation was not servitude," and demanding wages in return for the use of the rooms. He said today he felt was due him. He was arrested this morning on a warrant charging him with non-payment of rent, and a fine of \$20 or two months in jail was allowed to stand against him, after he had promised with much persuasion to vacate the premises within a week.

He said this morning before Judge Ritchie in the police court that there was no assault on Major Frost intended. The complainant, however, asserted that he had put his arm on his shoulder yesterday when he went to the court to discuss the matter. Brennan would not let the new incumbent's furniture be moved in, but agreed to this morning after considerable argument.

When the fine was struck, the wife of the defendant left the court, but returned in a few minutes saying that she could not get into the flat. While the case was being argued in court, some one had secured the door of the premises with a padlock, and they were barred out. It is expected that the matter will be amicably settled as it was left with all hands to arrange.

## RECIPROcity MEETING IN SUSSEX TOMORROW

For the benefit of those along the line of the Intercolonial Railway between St. John and Sussex, who wish to attend the reciprocity meeting in Sussex Saturday evening, it may be stated that where there are ten or more from any station, excursion tickets at one fare can be purchased, and the fare freight with passenger car attached will leave Sussex at 1:35 a. m.

## FALLS INTO RIVER

In his eagerness to procure enough kindling wood to keep his stoves going Samuel Hector, colored, who resides at Indiantown, was given a rather sudden ducking in the icy water at Indiantown this morning. He was picking up some of the drift wood floating about the wharves, and just happened to reach out a little too far for a piece. He lost his balance, and went head first into the river.

The water was just a trifle too cold to suit his taste, so he decided that it was no place for him. He called for help and his shouts were heard by a man named Brophy, who ran to the wharf and succeeded in hauling him out. Outside of being thoroughly soaked, he was none the worse for his ducking, and meandered home to get dried out.

**THE MANUEL R. CUZA.**  
At the office of Peter McIntyre, agent for the wrecked schooner Manuel R. Cuza, it was stated today that the crew were aboard the vessel all day Monday and were therefore in a position to make fast had a tow-boat gone down. It is probable that an effort will be made to get some of the sails off the sunken schooner. It was said that half of the Cuza's masts were out of water at low tide and she is lying in about eight fathoms at low tide.

**OF UNSOUND MIND.**  
Joseph Moore, aged 69, who was arrested yesterday afternoon by Sergeant Caples, has been pronounced of unsound mind by Dr. D. E. Berryman. It is thought he will be taken to the provincial hospital.
