

PERRY DAVIS'
PAIN KILLER

ALMANAC
1888.

NO MORE PILLS.

The leading doctors of the present day are abandoning the use of Sugar and Gelatine Coated Pills, having found that they are unreliable, being insoluble, irritating and disastrous in their effects upon the stomach and intestines, that they are nauseating to take, and that those who use them are obliged to take them in constantly increasing doses to produce the evacuations required to carry off the waste matter of the system; and not only the doctors but the public too have discovered this, and have been for a long time enquiring why Pharmacists who are able at the present time to clothe the most obnoxious drugs in such lovely apparel that he who takes the draft imagines himself taking sweet drops distilled from delicious tropical fruits, why these Pharmacists do not invent some agreeable substitute for the Cathartic Pills of the 19th Century. Observing this great want, we have succeeded in obtaining and offering to the public **CAMPBELL'S CATHARTIC COMPOUND**, A NEW AND ELEGANT ELIXIR, scientifically prepared containing no nauseating or dangerous drugs to irritate and inflame the stomach and intestines, but a mild and painless Elixir, certain in its effect, that can be readily taken by the most sensitive ladies and children.

A sea-captain was brought before a justice in Marseilles, and mercilessly opposed by the lawyer on the other side. When at length he was suffered to speak, he said: "Your Honor, I ask a delay of one week in the proceedings, so that I may find a big enough liar to answer that man." His request was granted.

CAMPBELL'S CATHARTIC COMPOUND is especially adapted for the cure of Liver Complaints and Bilious Disorders; for Acid Stomach and Loss of Appetite; for Sick Headache and Dyspepsia; for Constipation or Costiveness; for all Complaints arising from a Disordered State of the Stomach.

This medicine being in liquid form, the dose can be easily regulated to meet the requirements of different persons, thus making it equally well adapted to the use of the little child as to the adult. Put up in three ounce bottles, and sold by all dealers in family medicines. **RETAIL PRICE, 25 CENTS.**

DAVIS & LAWRENCE CO., Limited, Sole Agents, MONTREAL.

"Well, what do you want here?" remarked Mr. Smith, as he sat up in bed and addressed a robber who stood in front of the bureau. "I want money," hissed the man through his clenched teeth, "and be quick about it too." "My friend," retorted Smith, "I've been looking for that for the last twenty years without success; but go on with your work; I'm sleepy."

BANK HOLIDAYS.

QUEBEC.—New Year's day, Epiphany, Annunciation, Good Friday, Easter Monday, Ascension, Corpus Christi, Queen's Birthday, Dominion Day, St. Peter and St. Paul, All Saints, Conception, Christmas Day.

ONTARIO, NEW BRUNSWICK AND NOVA SCOTIA.—Christmas Day, New Year's Day, Ash Wednesday, Good Friday, Easter Monday, Queen's Birthday.

Also, throughout the Dominion, any day appointed by proclamation for a general Fast or Thanksgiving Day.

A STITCH IN TIME SAVES NINE.

At this season of the year, when Coughs and Colds are prevalent, provide yourself with a good reliable Cough Medicine. Keep it in your medicine closet, and use it at the commencement of the attack—a dose in time will save more than nine, oftentimes it saves a life.

The last place in the world for a man to economize is in buying a cough medicine, yet there are many who will go to their druggist, and, instead of asking for Allen's Lung Balsam, the best cough syrup he has in his store, they will take anything at all (if it is only cheap) that may be offered. These same people would exercise more care and thought while buying bread and cheese for their families, where different qualities were to be had, and would always take the best. Ought they not, where life and death is at stake, exercise at least as much care?

CONSUMPTION.—For the cure of this distressing disease there has been no medicine yet discovered that can show more evidence of real merit than Allen's Lung Balsam. This unequalled expectorant for curing consumption and all diseases leading to it, such as affections of the throat, lungs, and all diseases of the pulmonary organs, is introduced to the suffering public after its merits for the cure of such diseases have been fully tested by the medical faculty. The Balsam is consequently recommended by physicians who have become acquainted with its great success.

A WESTERN paper reports the birth of a male child with wings. Probably nature intended him for a bank cashier.

Read what well-known people say about Allen's Lung Balsam.

DR. P. MEREDITH, of Cincinnati, says:—About one year ago I took a cold, which settled on my lungs. A violent cough was the consequence, which increased with severity. I expectorated large quantities of phlegm and matter. During the last winter I became so much reduced that I was confined to my bed. The disease was attended with cold chills and night sweats. A diarrhoea set in. My friends thought I was in the last stages of consumption and could not possibly get well. I was recommended to try Allen's Lung Balsam. The formula was shown to me, which induced me to give it a trial, and I will only add that my cough is entirely cured, and I am now able to attend to my profession as usual."

S. E. BURWELL, of Fingal, Ont., writes:—"Last autumn I was suffering from a severe cold, which settled on my lungs and produced a distressing cough, for which I gave trial to a number of cough medicines, but without any profit. I at last tried one bottle of Allen's Lung Balsam, which, I am happy to be able to state, gave almost immediate relief, and performed a perfect cure in a short time."

ADAM WALKER, of Tavistock, Ont., writes:—"That, after trying many cough and lung remedies for a severe cold, which he has suffered with for three years, he procured Allen's Lung Balsam and was being much benefited by it." In a letter still later he says "his night sweats are all gone and he was rapidly recovering—his appetite was much better, and he felt like a new man."

As an expectorant it has no equal. It is harmless to the most delicate child. It contains no opium in any form. Directions accompany each bottle.

CAUTION.—Call for ALLEN'S LUNG BALSAM.
50 cents and \$1.00 per bottle. Trial size 25 cents.

INDISPENSABLE.

There are some simple remedies indispensable in every family. Among these, the experience of years assures us, should be recorded Perry Davis' PAIN-KILLER. For both internal and external application we have found it of great value; especially can we recommend it for Rheumatism, Colds, Flesh Wounds or Bruises.—*Christian Era*.

RHEUMATISM! yes, and Neuralgia too, are greatly relieved and often entirely cured by the use of PAIN-KILLER—Try it.

RHEUMATIC COMPLAINTS.—For Rheumatic Complaints, take sixty drops or one teaspoonful of the PAIN-KILLER in molasses in the morning and at noon; at night, take one tablespoonful of crude mustard seed in milk and molasses at going to bed, and bathe the parts affected with the medicine, warming with a flat or otherwise if the pain be severe.

Persons using this medicine must not be surprised (if their stomachs are foul), should it make them sick so as to vomit; if so, take another dose of the PAIN-KILLER in sugar and water and that will settle the sickness.

A CHICAGO young man broke into the room of the girl he loved, to carry her away, as she refused to marry him. She was absent, but left the bull-dog asleep on her bed. The room was dark. The dog didn't bark but worked. In about seven minutes the remains of the young man came out and said he wouldn't marry that girl for \$70,000.

CUTS.—The best thing we know of to heal a cut or wound is to bind up the injured part with a cloth saturated in Perry Davis' PAIN-KILLER.

TOOTHACHE.—Do you suffer with it? Go buy a bottle of PAIN-KILLER and find relief in the twinkling of an eye—for Toothache it is a specific.

BURNS AND SCALDS.—If you are so unfortunate as to injure yourself in this way, we can suggest a remedy that will (we speak from experience) soon relieve you of all pain and quickly heal the wound;—ask for Perry Davis' PAIN-KILLER.

A lawyer says that a convenient way of testing the affections of your intended is to marry another woman. If she don't love you, you will find it out immediately.

PERRY DAVIS' PAIN-KILLER.—Its effects are almost instantaneous, affording relief from the most intense pain. It soothes the irritated or inflamed part, and gives rest and quiet to the sufferer. It is eminently the people's friend, and every one should have it with them, or where they can put their hands on it in the dark if need be.

Sold by dealers in medicine everywhere. Price, 25c. per bottle.

THE razor was dull and the barber had been at the Zion temperance meeting the previous night. The result was that several chips were sliced off Gilhooly's upper lip, and there was an ugly cut made on his chin. "Can you give me a glass of water?" said Gilhooly. "Certainly, sir. Do you feel faint?" said the barber, as he handed the patient a shaving-mug full of ice-water. "No, no," replied Gilhooly; "I just want to find out if my mouth leaks."

EVERY HOUSEKEEPER SHOULD USE

ELECTRO-SILICON,

19 years in household use. The best article known for cleaning and polishing gold, silverware, jewellery, all metals and glass. Produces greatest and most lasting brilliancy. Requires least labor. Is harmless in every respect. Sold everywhere, and sent post-paid, on receipt of 15 cents in stamps. See that full name ELECTRO-SILICON and yellow label are on each box.

CINCINNATI, O.—The long continued sale of Electro-Silicon with us is sufficient evidence of its merits. We think it the best article in the market. C. HELLEBUSH, Wholesale Jeweller.

NORWOOD, Ont.—Speaking of Electro-Silicon, I find my customers are charmed by its magic action. G. DUFFIELD, Jeweller.

HARRISTON, Ont.—Electro-Silicon is the best article I have yet tried for the purposes it is intended. JOHN BURR, Jeweller

Send your address, and we will send you trial sample FREE.

THE ELECTRO-SILICON Co., 72 John Street, New York.

DAVIS & LAWRENCE CO. (LIMITED), MONTREAL, GENERAL AGENTS FOR CANADA.

ROYAL FLAVORING EXTRACTS

are endorsed by the best Hotels and Grocers throughout the country.

Lemon, Vanilla, Rose, Almond, Celery, Orange, Peach, Cinnamon, Ginger, Nutmeg, Cloves, etc., for flavoring Ice Creams, Custards, Pies, Blanc Mange, Jellies, Sauces, Soup, Gravies, etc.

TO HOUSEKEEPERS.—The attention of the heads of families is respectfully invited to the superior quality of these Extracts. They are entirely free from the poisonous oils and acids which enter into the composition of many of the factitious fruit flavors now in the market.

CAUTION.—The *National Dispensatory* says of Tonka Beans: "They are usually covered with a crystal efflorescence of coumarin. Given to dogs in the dose of from seven to ten grains, this substance produced great and even fatal depression; and in man, in the dose of from thirty to sixty grains, it occasioned nausea, giddiness, depression, vomiting and drowsiness." Many of the spurious compounds purporting to be pure extract of Vanilla, are prepared principally from Tonka Beans. Housekeepers who study their interests will demand of their grocer strictly pure vanilla only, and refuse to accept of an adulterated compound, which may render the dealer a better profit.

THE ROYAL EXTRACT OF VANILLA is prepared from selected Vanilla Beans, and is warranted entirely free from Tonka or other deleterious substances. The Royal Extracts are highly concentrated, have all the freshness and delicacy of the fruits from which they are prepared, and are sold retail at the same prices as the inferior makes, viz: 25 cents per bottle for all kinds.

Ask for Royal Extracts. Take no other.

For sale by grocers everywhere.

DAVIS & LAWRENCE CO. (Ltd.), Proprietors,
MONTREAL.

HINDS' HONEY AND ALMOND CREAM,

for Chapped Hands, Face and Lips, Rough and Hard Skin, Chafing, Sunburn, Burns, Scalds, Itching, Chilblains, Sore Nipples, "Hang-nails," Irritations, Scaly Eruptions, Inflamed and Irritated Piles, Sores, Cuts, Bruises, Flesh Wounds, Salt Rheum, Eczema, and all unpleasant conditions of the Skin of like character. Brittle Nails softened in one night.

WHAT IS HONEY AND ALMOND CREAM?—Hinds' Honey and Almond Cream is the happy result of a series of experiments extending over a period of nearly ten years, to obtain a healing lotion for the skin, combined in a neat, elegant and agreeable form. It was our aim to excel all existing preparations of a similar nature, to overcome their various objections, and to make it more positive in its emollient, healing and curative qualities; therefore it should be exempt from greasy or oily properties, which render all such preparations disagreeable and unsuited for use on many occasions.

FOR CHAPPED HANDS, FACE AND LIPS, its action is surprising, and too much cannot be said in its praise. And it is here that we would call especial attention to the value of the Cream, for the reason that so many are afflicted with rough or chapped hands and face, particularly ladies with delicate skin, when exposed to the winds or cold; it prevents chapping when used daily or before exposure to the weather, and positively cures when already in such condition. We have proof of cases of chapped hands and wrists so severe that blood oozed from the cracks under the least pressure, having been relieved in one day, and a cure perfected in less than a week.

SALT RHEUM AND ECZEMA has been cured by the use of the Cream alone, after all other treatments failed to give relief.

FOR SUNBURN.—The great relief obtained from the use of Honey and Almond Cream for Sunburn has made it the most popular preparation for Summer Tourists ever offered. One of its admirers writes:—

"It is the most satisfactory preparation for Sunburn I have ever used, and I have used many. I would not be without it."

When used before exposure it usually prevents the burning; used immediately after injury from the sun's rays, it allays all irritation, however severe, cools and soothes the inflamed skin, and prevents it from peeling.

FOR GENTLEMEN AFTER SHAVING it will be found delightfully soothing and grateful, allaying all irritation, and, as a protection against the weather, preventing chaps, soreness and all infections.

FOR ITCHING, IRRITATION, CHAFING, especially of infants, it acts like magic, giving instant relief, and is the only preparation we know of that can be used with safety and satisfaction in the nursery to keep the skin in a healthy condition.

FOR THE TOILET.—While Honey and Almond Cream possesses in a remarkable degree wonderful purifying and healing properties—the object first sought for—it was soon discovered by ladies of society that it was no less valuable as a toilet requisite, to purify, brighten and preserve the complexion, and is now employed by hundreds, whose caution or prejudice forbids the use of many (if not all) face lotions of the day.

Brittle nails softened in one night.

NASHUA, N.H., August, 1887.
MR. A. S. HINDS—Dear Sir,—Three weeks ago I came home from the beach with my face and arms covered with sores, caused by the sun and salt water while in bathing. A week ago I began to use your wonderful Honey and Almond Cream (after trying several other things without success), and to-day my face is as smooth and soft as one could wish. I think your Cream is *simply wonderful*, and I heartily recommend it to every lady.

Very truly,
 ELLA L. FRIEND.

Sold by all druggists. Price 50 cents per bottle.

Prepared by A. S. HINDS, Pharmacist, Portland, Me.

BRUISES, SORES, ETC.—The way I manage bad sores much swollen and inflamed is, I first wash them in Pain Killer clear, to take out the inflammation, and often put the Pain Killer into the sore to cleanse it; then fill up the sore with finely powdered rosin, and cover it with a salve made of beeswax, rosin and sweet oil; make it about the thickness of cream, and spread the salve on some thin cloth; lay it all over the sore to keep the poultice from getting into the sore; take equal parts of sage, willow and indigo root, make a strong decoction, strain it off, and thicken it with equal parts of finely ground slippery elm and powdered cracker; the poultice made in this way should be large enough to cover the whole inflamed part. If the inflammation runs high, bathe and poultice as above once in three hours, until it abates and the swelling goes down; then cure up the sore by dusting on rosin, and laying on a salve as above. In this way I have had good success in curing sores on myself and many others.

Fishermen, so often exposed to hurts by having their skin pierced with hooks and fins of fish, can be much relieved by bathing with a little of the Pain Killer as soon as the accident occurs; in this way the anguish is soon abated. Bathe as often as once in five minutes, say 3 or 4 times, and you will seldom have any further trouble.

The bites and scratches of dogs and cats are soon cured by bathing with the Pain Killer clear. Great success has been realized by applying this medicine as soon as the accident occurs. Persons badly bruised may find relief by taking a teaspoonful in sugar and water, and bathing in this medicine clear. I used at one time, on a person who had been badly bruised by a horse running away with him, more than two ounces at the first bathing; it took out the bruises beyond all calculation. Dr. Sweet says it takes out the soreness in cases of bone setting faster than anything he ever applied.

SEVERE BURNS.—Dress the sores with Pain Killer and cream if convenient; if not, make a salve of sweet oil, beeswax and rosin, about equal parts, and dress often, bathing with the Pain Killer; this will keep out all humors and proud flesh. Should you take cold, and inflammation set in, pour on the Pain Killer clear; it will make it smart for a few minutes, then the smart and inflammation will go off together. In cases of slight burns, apply the Pain Killer immediately, pouring it on clear, and repeating the application often, and it will almost invariably prevent blistering.

The latest rumour is that Edison is perfecting an electric shirt-bosom pin for the summer hotel clerk.

"PA," said little Blodgers to his parent, "what is paper made of?" "Lies!" roared the elder, "lies, infernal lies, outrageous, villainous lies!" And the innocent boy wrote it down that way in his composition.

A KANSAS school-mistress has introduced a new feature in her school. When one of the girls misses a word, the boy who spells it gets permission to kiss her. As a result, the girls are becoming very poor spellers, while the boys are improving.

THE BEST AND CHEAPEST COUGH OR
CROUP REMEDY.

ALLEN'S LUNG BALSAM.

STRICTLY PURE. IT CONTAINS NO OPIUM IN ANY FORM.

Among the best remedies Allen's Lung Balsam stands pre-eminent. The druggists speak of it in the highest terms, as giving entire satisfaction wherever it is used.

CROUP.—This disease is caused by the formation of a false membrane lining the windpipe, and obstructing the passage of the air and is known by the shrill, croup-sounding cough and rattling in the throat. This membrane must

be moved by expectoration. Take a double dose of Allen's Lung Balsam every ten or fifteen minutes, which will reduce it after taking a few doses. The Balsam will and has saved the lives of thousands of children attacked with Croup, where it has been taken in season.

ALLEN'S LUNG BALSAM in three size bottles—price 25c, 50c, and \$1.00 per bottle. The 25c bottles are put up for the accommodation of all who desire simply a Cough or Croup Remedy. Those desiring a remedy for Consumption or any Lung disease should secure the large \$1.00 bottles.

MUSICIANS are the most notable people of the world.

AN Irish clerk who was snowed up in a train during a heavy storm last winter telegraphed to his employers the next morning as follows: "I shall not be at the office to-day, as I have not got home yesterday yet."

A **BOUNCING** chair for bores has been invented. The pressure of a man sitting in the chair works springs in the floor. After three minutes pressure the door opens, a thing like a man's arm, with a fearful claw on it, reaches in, grabs the occupant of the chair, jerks him up and hurls him down stairs.

MAUD "S." CONDITION POWDERS,

the best and most popular preparation in existence for improving and preserving the health, strength and general condition of Horses and Cattle, and curing Worms, Coughs, Colds, Recent Founders, Hide Bound, Botts, Scurvy, Colic, Stoppage of Water and Bowels, Horse Distemper, Inflammation of Lungs or Bowels, Roughness of Hair, Horn Distemper, Black Tongue, Gapes and Cholera in Poultry, &c.

It is hardly necessary to do more than remind all who have used Maud S. Condition Powders of the great value of this preparation upon the farm, in the stable or the hen-coop. It is the best and most popular preparation for improving and preserving the health, strength and general condition of Horses, Cattle, Mules, Sheep, Hogs and Poultry. The term "condition" is taken from the common parlance of dealers in stock, who declare a horse or other animal to be in "Condition" when it is healthy. It is not only the duty but the interest of owners to keep their stock in good condition, and in offering these Powders we consider that we confer on them a blessing. They are no novelty; certificates from owners of valuable and celebrated horses are on a file in our office, and the popularity which has attended them in all parts of this country and abroad, attest their excellence. They keep the blood healthy, which is as necessary for brutes as for men. Their alterative qualities, combined with their tonic properties, gives vigor, appetite and strength, they relieve functional irregularities, and produce an immediate change for the better. They increase the yield of milk cows, and preserve horses even down to very old age.

COTE ST. ANTOINE, MONTREAL, February 23rd, 1887.

GENTLEMEN:—Please send me at once one hundred packages more of your Maud S. Condition Powders. I do not want to run out, as I would not be without them on any account. I have used them for a long time, and have great faith in their efficacy for the various diseases for which they are recommended. Besides using them for my cattle and horses, I employ them with great benefit in my poultry yard. As you are aware, I raise a large number of hens and other fowl, and I have proved to my entire satisfaction that there is nothing to equal Maud S. Condition Powders for keeping them in a perfectly healthy condition.

JOHN IRVINE,
Milkman and Stock-Breeder.

For sale by all druggists and storekeepers. Beware of counterfeits.

DAVIS & LAWRENCE CO. (LIMITED), GENERAL AGENTS,
MONTREAL.

A REPORTER'S REVENGE.—A reporter on a San Francisco paper wrote the following account of his hated rival's marriage: "The bride was radiant in a beautiful lavender silk dress, with orange-wreath and six-button No. 9 kid gloves, slightly burst in the thumbs. The groom was as straight as a black-cloth suit, constructed by the best tailor on Tehama street, could make him, and as red in the face as was consistent with a pair of boots two sizes too small, and a No. 13 collar encircling his manly 16½ inch neck. Fortunately, before the ceremony was over, the restraining button on the back of his shirt flew out and saved him from strangulation.

SPENCER'S CHLORAMINE PASTILLES

for the cure of Hoarseness, Sore Throat, Bronchitis, Cough, and other derangements of the Breathing Tubes and Lungs. These are absolutely the most pleasant and efficacious Pastilles yet introduced for the relief of the various disorders of the respiratory organs, induced by the changeableness of the climate. As the name implies, the principal ingredient of these Pastilles is Muriate of Ammonia, which is itself a valuable remedy for the cure of many bronchial affections, and is here associated with other medicines, having a powerful calmative influence over the mucous membrane of the respiratory tubes, thereby adding effectiveness to the Pastilles, and extending their range of usefulness. Influenza, Hoarseness, Soreness of the Throat, or any irritation of the throat arising from cold, will almost invariably be relieved by the use of a few of the Tablets. For clearing and strengthening the voice they will be found very serviceable.

DIRECTIONS.—Allow one at a time of the Tablets to dissolve slowly in the mouth, taking from eight to twelve during twenty-four hours.

The Spencer Chloramine Pastilles are largely prescribed by Physicians, the speedy relief from their use giving them a greater popularity, wherever known, than any lozenge prepared for Coughs, Colds, Inflammation of the mucous membranes, etc., etc.

Messrs. John Wyeth & Bro., the celebrated Philadelphia Chemists, say of them :

"In our judgment, the combination is an improvement upon the ingredients in Jackson's Ammonia Lozenges. The formula was devised, we understand, by Mr. Lenher, an operative chemist, held in high esteem in this city for many years ; certainly he has united most judiciously Chloride of Ammonium and Chloride of Potassium, extracts of Dulcamara and Hyoscyamus, as calmative anodynes, the pectoral Balsams, Tolu and Peru, with Senega, Squills and a minimum of Ipecac. In fact, we think more highly of it than of any prescription known to us, our long experience making us familiar with the composition of all this class of remedies. We have no hesitation in endorsing them unreservedly, as likely to prove of more benefit, immediately, than any of the popular cough remedies, being free from all of the many objections attending the use of Syrups and Lozenges, that so often derange the digestive organs, nauseate and destroy the appetite, the effect in these cases being due, usually, to an excess of morphia, tartar emetic, or both, doing harm rather than good."

Price 25 cents per bottle, on receipt of which we will forward by mail.

A GREAT FAMILY MEDICINE.

A mother having the care and responsibility of bringing up her little flock from babyhood to the stature of man, must almost every day do something to alleviate the multitude of sufferings which, through the fall of Adam, her dear ones have inherited. It is at midday and at midnight that mamma's name is called to come and cure.

Many mothers in America have long known the virtues of Perry Davis' Pain Killer, and have found by actual experience how universal its uses are, how many ills it is adapted for. It is not

those we address, but to those who have not yet learned how useful it is in curing complaints such as Colic, Cramps, Diarrhoea, Canadian Cholera, Chills, Sudden Colds, Sore Throat, or, if used externally, Bruises, Burns, Sprains, Cuts, Frost Bites, Toothache, Pain in the Face, Back or Loin, Rheumatism, Neuralgia, and a lot of other kindred disorders which a mother has to prescribe for daily, and no one else can do as well. The Pain Killer is harmless, and can be given to the infant in its cradle without injury as well as to a man. It acts quickly, affording relief in a few moments, and children will cry for it when they learn its virtues. It should not be confined to the use of the family alone, but should have a place in every factory, machine shop and mill, on every farm and plantation in the world.

TOMBSTONE FUN.

HERE are a few good old epitaphs gathered from English churchyards. A pun upon John White is the first :

"Here lies John White, a shining light,
Whose name, life, actions, all were White."

THE following was rather epigrammatic than epitaphic, in regard to the Rev. John Chest :

"Beneath this spot lies buried
One Chest within another ;
The other chest was all that's good ;
Who says so of the other?"

WILLIAM Wilton, buried at Lambeth, certainly did not write the epitaph which bears relation to him :

"Here lyeth the body of W. W.,
Who never more will trouble you, trouble you."

DR. CHANNING'S SARSAPARILLA.

A highly concentrated extract of Red Jamaica Sarsaparilla and the Double Iodides, an effectual Health Restorer and Blood Purifier.

This great remedy is a combination of the Double Iodides (the most effectual alterative known to medicine) with Vegetable Extracts of which the chief ingredient is Red Jamaica Sarsaparilla, forming a remedy combining in itself to the fullest possible extent, Alterative, Deobstruent, Tonic, Stimulant, Restorative, Diuretic, Anodyne and Anti-Scorbutic properties, and as such applicable to the treatment of all Strumous and Cachectic Diseases, a class of affections of a peculiarly troublesome and obstinate character, such as Syphilis, Scrofula, Salt Rheum, Cancer, all Skin Diseases, Tumors, Enlargement of the Liver and Spleen, Rheumatic Affections, Diseases of the Kidneys, Bladder and Urinary Organs, Oppressions of the Chest or Lungs, Leucorrhoea, Catarrh, and all diseases resulting from a depraved and impure condition of the blood. Dr. Channing's Sarsaparilla possesses extraordinary medical virtues, especially as a Blood Purifier, and restorative in the many and ever increasing forms of disease to which the "human flesh is heir." Physicians of eminence have from time to time claimed for this remedy that it exerts a beneficial influence on the lungs, allaying coughs and promoting expectoration, on the Stomach and Alimentary Canal, in restoring the healthy secretions, on the Kidneys, in reviving their activity, and on the Skin, in promoting a healthy perspiration; but while it has been so highly spoken of and recommended in the various diseases above enumerated, the proprietor confines himself to laying especial stress upon its effectiveness as a Blood Purifier. Many persons perfectly free from any constitutional or hereditary taint in the blood, will find it particularly suited to their requirements as a Spring Medicine, or cleanser of the impurities of the system brought on by sedentary habits and improper diet (especially during the winter months); in such cases one bottle will relieve them of impurities, which, if not expelled, will bring on troublesome eruptions of the skin, pimples, blotches, boils, etc., etc.; in these cases it will give entire satisfaction and save much annoyance and misery.

QUEBEC, July 10th, 1885.

I have used Dr. Channing's Sarsaparilla during a very long period with the best success in Scrofula and in different cutaneous diseases, and in every case the results have been most satisfactory. It is a most powerful alterative, and I cannot do otherwise than recommend its use in all cases where the blood requires to be purified.

Your obedient servant, DR. E. MORIN.

LAWRENCETOWN, Annapolis Co., N. S., Dec. 3rd, 1885.

I have used Dr. Channing's Sarsaparilla for a number of years. My sales have been large and are increasing; it has given customers great satisfaction. I wrote you when it was first introduced here for the prescription, which you promptly and kindly sent me. I have since examined the formula and believe the combination equal to any of the fluid extracts or preparations of Sarsaparilla as an alterative for old and young. It is an excellent preparation, and the composition is adapted to salt rheum, eruptive or blood diseases, or in all cases of rheumatism or diseases showing a depressed condition of the blood you will find good results. I like it very much. Yours truly, L. R. MORSE, M.D.

NOTE.—Dr. Channing's Sarsaparilla is put up in large bottles, with the name blown in the glass, and retails at \$1.00 per bottle, or six bottles for \$5.00. Sold by druggists generally, and most country stores. Be sure and ask for Dr. Channing's Sarsaparilla, and take no other. If not readily obtained in your locality, address the General Agents.

This Engraving represents the Lungs in a healthy state.

off the phlegm or mucous; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours time, if not of too long standing. It is warranted to give entire satisfaction, even in the most confirmed cases of Consumption! It is warranted not to produce costiveness (which is the case with most remedies), or affect the head, as it contains no opium in any form. It is warranted to be perfectly harmless to the most delicate child, although it is an active and powerful remedy for restoring the system. There is no real necessity for so many deaths by Consumption, when ALLEN'S LUNG BALSAM will prevent it if only taken in time. Physicians having consumptive patients, and who, having failed to cure them with their own medicine, we would recommend to give ALLEN'S LUNG BALSAM a trial. Sold by all druggists.

WHAT THE DOCTORS SAY.

Amos Wooly, M.D., of Kosciusko Co., Indiana, says: "For three years past I have used ALLEN'S LUNG BALSAM extensively in my practice, and I am satisfied that there is no better medicine for lung diseases in use."

Isaac R. Doran, M.D., of Logan Co., Ohio, says: "ALLEN'S LUNG BALSAM not only sells rapidly, but gives perfect satisfaction in every case within my knowledge. Having confidence in it, and knowing that it possesses valuable medical properties, I freely use it in my own daily practice, and with unbounded success. As an expectorant it is most certainly far ahead of any preparation I have ever yet known."

Dr. Lloyd, of Ohio, Surgeon in the Army during the war, from exposure contracted Consumption. He says: "I have no hesitation in stating that it was by the use of your LUNG BALSAM that I am now alive and enjoying health."

Dr. Fletcher, of Missouri, says: "I recommend your BALSAM in preference to any other medicine for Coughs."

Price 25 cents, 50 cents and \$1.00 per bottle.

THE REMEDY FOR CURING CONSUMPTION, COUGHS, COLDS, ASTHMA, CROUP, all diseases of the Throat, Lungs and Pulmonary Organs. By its faithful use Consumption has been cured when other remedies and physicians have failed to effect a cure. Recommended by physicians, ministers and nurses. In fact by everybody who has given it a good trial. It never fails to bring relief. As an Expectorant it has no equal. It is harmless to the most delicate child. It contains no Opium in any form.

THE WAY IT WILL AFFECT YOU.

It excites expectation and causes the lungs to throw

"HOME TESTIMONY."

Want of space permits us to publish in this book only a few Extracts out of the thousands of testimonials we are daily receiving from all parts of Canada and the world.

NORTHPORT, Ont., Oct. 9, 1886.—I have used Perry Davis' Pain Killer for many years in cases of Rheumatism, Sprains, Pains in the Back and Limbs, etc., and never had it fail to give relief in every instance. In my opinion I consider it the best EVERY DAY remedy in the world, and it should have a place in every household. A. LESLIE.

MONO CENTRE, Ont., March 15, 1880.—Your Pain Killer takes well. Indeed, no house should be without it. For aches and pains it is a splendid antidote. WM. DENTON, Merchant.

BELLEVILLE, Ont., Feb. 13, 1880.—It is with pleasure that I testify to the popularity of Perry Davis' Pain Killer, and the great sale it enjoys here. The large and uniform demand for it is an evidence of its virtue, and when once used it needs no further advertising. It would be impossible to enumerate here the many cures it has effected. We hear of them almost daily. It is evident that the people in this locality appreciate the good qualities of Pain Killer. Very truly yours, L. W. YEOMANS.

BOND HEAD, Ont., March 13, 1880.—In this locality the Pain Killer requires no recommendation. It has stood the test of years, and in every case has given satisfaction. It is welcomed into every family with emotions of delight—banishing pain and giving instant relief.

Yours truly, A. H. CARTER.

"HE a doctor?" said old Chawbacon, speaking of a young practitioner. "Why, he could not cure a ham."

OSHAWA, Ont., March 19, 1880.—We take pleasure in adding our testimony to the popularity and efficacy of that old, time-honored remedy, Perry Davis' Pain Killer. We have been selling it for more than fifteen years, and notwithstanding the fact that the market has become flooded with imitations, it still holds its own, and stands today in the front rank as the most prompt and effective pain killer in the world. We once heard one of the leading ministers of the Methodist Church say that, with a bottle of Perry Davis' Pain Killer at hand, he feared no ill that mortals are subject to. It is a medicine to be relied upon, and after our lengthened experience we have no hesitation in allowing our name to stand on the list as friends of that old stand-by—Perry Davis' Pain Killer. Yours respectfully,

J. HIGGINBOTHAM & SON.

OTTAWA, Ont., March 12, 1880.—We have much pleasure in bearing testimony to the great popularity of Perry Davis' Pain Killer in this part of the country. We find a large and steady demand for it without any effort on our part in recommending it. We consider it one of our staple articles. A. CHRISTIE & Co.

NEWCASTLE, Ont., March 11, 1880.—I have handled and sold Perry Davis' Pain Killer for the past twenty-five years, and my customers who are in the habit of using it, speak in the highest terms of the curative properties and uniform preparation of the same. It has stood a severe test among the many dozens of similar preparations brought out in imitation of the old and genuine Perry Davis' Pain Killer, and to-day stands among the first in my estimation of them all.

R. FOTHERGILL, Pharmaceutical Chemist.

CAMPBELL'S CATHARTIC COMPOUND.

A substitute for Cathartic Pills. A long-felt want supplied.

CAMPBELL'S CATHARTIC COMPOUND is adapted for the cure of Liver Complaints and Bilious Disorders, Acid Stomach, Dyspepsia, Loss of Appetite, Sick Headache, Constipation or Costiveness, and all complaints arising from a disordered state of the Stomach or Bowels. CHILDREN LIKE IT! MOTHERS LIKE IT! Because it is agreeable to the taste, does not occasion nausea, acts without griping, is certain in its effects, and is effective in small doses.

MR. JAS. GILLIS, Head of Tide, N.B., writes us, Nov. 5th, 1886:—It is with great pleasure that I can recommend Campbell's Cathartic Compound to all in need of a medicine for the troubles for which it is recommended. I had no confidence in it until I began to use it myself, and to-day I would not be without it, and I am sure that any one else who will give it a trial will not be long without it either in the house. I have been selling it for three years, and its sales have increased very rapidly with me, and I am sure that it will keep on increasing the more its merits become known.

GLEN SUTTON, Aug. 9th, 1887.—Send me 4 doz. Campbell's Cathartic Compound; if you have it in large bottles, send me 1 doz. This sells like hot cakes.

Yours truly, G. W. BROCK.

DANBY, Que.—Gentlemen:—After suffering for many years from dyspepsia, I commenced the treatment of your Campbell's Cathartic Compound, and I feel proud to say that I have felt like a different man since. I am now able to do any hard work, which I could not do before using the above-mentioned remedy.

Yours truly, THOMAS BEATTIE.

A FEW OPINIONS FROM PROMINENT DRUGGISTS :

All my customers who have tried Campbell's Cathartic Compound recommend it very highly.

W. B. FULLERTON, Gananoque, June 6th, 1887. We find that Campbell's Cathartic Compound gives good satisfaction every time.

JAMES FINDLAY, Pembroke, Ont., June, 1887.

GENTLEMEN:—I have very much pleasure in stating that the demand for Campbell's Cathartic Compound continues to increase. Customers say that they have never been able to obtain a preparation so easily taken and so effective in its operation.

Yours respectfully,
E. D. MARTIN, Chemist and Druggist, Ottawa, June 16th, 1887.

N. J. HALPIN, Brandon, Man., druggist, writes Oct. 19th, 1886:—I take pleasure in stating that Campbell's Cathartic Compound has a very large sale here, and gives great satisfaction to all who use it. It is fast taking the place of Salts, Seidlitz Powders, etc.

The following is from the Mother Superior of Mount St. Mary Convent, Montreal:—We have used Campbell's Cathartic Compound in our institution with very satisfactory results, especially for Habitual Constipation.

MR. I. MCMAHON, of Alliston, Ont., writes:—Send me by express 2 doz. Campbell's Cathartic Compound. It is selling well and giving good satisfaction.

Sold by all druggists and medicine dealers.

Price 25 cents per bottle.

CHOLERA IS HERE.

Are you prepared for it? Read the following testimonial :

“ 39 MUSEUM STREET, LONDON (W.C.), Eng., July 2nd, 1884.

MESSRS. PERRY DAVIS & SON.

“GENTLEMEN :—In view of the possible introduction of the cholera epidemic now raging in the south of France, I beg to bear testimony to the efficiency of Perry Davis' Pain Killer, both as an antidote to and remedy for Asiatic cholera. While engaged in prosecuting exploring excursions in the northern portion of the Sylhet district of India, in the spring of 1877, a sudden and violent outbreak of the disease took place, and, though the authorities promptly supplied me with the orthodox remedies and medical assistance, I found nothing of practical avail but the Pain Killer. The genial warmth distributed over the whole body that immediately follows a dose (of a teaspoonful in a tumbler of hot water as hot as can be conveniently swallowed), not only counteracted the tendency to collapse in the cold stage of the malady, but helped most materially to restore confidence to the sufferers, so much so, that out of 65 patients that came under my hands on that occasion, I lost but seven, and these latter were in a dying condition when brought in. Subsequently, during the terribly violent outbreak that swept through portions of the Khasia mountains in 1879, the Pain Killer proved my sheet-anchor. I attributed my own and servants' immunity from the disease while in almost hourly attendance on the patients, to morning and evening doses of the remedy while so engaged.

“ I may mention that I have administered it with the best effects *per rectum*, when it never failed to stop the griping and purging. Being well known in the districts mentioned, and having had great experience in the treatment of diseases incident to hot weather, I consider it a public duty to make the above known.

“ As a corrective to the diarrhoea consequent on the too free indulgence in fruit at this season, Pain Killer is the only effective remedy, and, moreover, does not induce the semicoma following the exhibition of sedative remedies of which narcotics form part and parcel.

“ Yours faithfully,

OSWIN WEYNTON,

“ Late Sup't Experimental Plantation, Sundai, Jantai Hills, Assam.”

This letter discloses certain points to which we wish to call PARTICULAR ATTENTION.

First, the use of Pain Killer twice a day as a PREVENTIVE. The maxim, “An ounce of prevention is worth a pound of cure,” applies more pertinently to cholera than to anything else we know of.

Next, we beg you to notice that Mr. Weynton states that the ONLY CASES HE LOST “were in a dying condition when brought in.” Had these patients been treated with Pain Killer upon the appearance of the FIRST SYMPTOMS of the disease, their lives might have been saved.

Almost every cholera testimonial we have (and they number many hundreds) includes the statement that WHERE PAIN KILLER IS USED IN THE FIRST STAGES OF THE DISEASE, IT SEEMS TO BE AN ALWAYS UNFAILING REMEDY. This certainly shows the wisdom of ALWAYS having Pain Killer at hand for IMMEDIATE use upon the slightest symptoms of cholera. No other disease is so QUICKLY FATAL. PROMPT ACTION ALONE will save the patient. All authorities agree that when the so-called rice discharges commence no human agent can save the patient.

WYETH'S CRYSTALLIZED LINIMENT.

For the cure and speedy relief of Headache, Neuralgia, Rheumatism, Lumbago, Sciatica, Colic, Sick Stomach, Dysmenorrhœa, Kidney Affections, Weak and Tender Spine, Inflamed Joints, and all Affections of the Nerves and Muscles where Mustard, Capsine, Porous and other Plasters, Liniments or Blisters are indicated, embracing perfectly the remedial effects and virtues of all the well-known Counter-Irritants, without their inconvenience, danger of blistering, or other after-injurious effects upon the skin.

Cones, or Pencils of various composition, have been brought forward within a year or two, as a means chiefly of affording relief to superficial neuralgia. Those composed of menthol, or of menthol and chloral, have been most successful. Thus far, however, they have succeeded only in small part in accomplishing the desired purpose. The most effective of them have been wanting both in power and in permanence of action. Recognizing the exceeding convenience of such a mode of applying remedial agents, we have given to the subject of Cones a most careful and elaborate investigation, to perfect a combination that shall have the required efficiency. We have, we believe, fully accomplished the purpose, and now submit to the medical profession and the public both a Rubefacient and an Anodyne Cone, which, with the necessary degree of counter-irritant action, combines the essential requisite of an efficient anodyne power.

DAVIS & LAWRENCE COMPANY (Limited), MONTREAL,
GENERAL AGENTS FOR CANADA.

A YOUNG mother in despair of ever teaching her idle little girl, aged four, her letters, and thinking that perhaps the child knew more than she would admit, said: "Now, Katie, I won't try to teach you to-day; you shall be mother and teach me my letters." "May I really and truly be mother?" said Kate. "Yes, my darling." Let's begin, then," was the response. "You have been a very good child to-day, and you may have a whole holiday." And Katie shut up the book and ran off laughing.

A CHICAGO man committed suicide, because he found his business increasing so rapidly that he feared he wouldn't be able to manage it. His business was dodging officers of the law.

"You tell me you have not been drinking, when I see beer all over your shirt bosom." "Judge, (hic) that don't come from (hic) drinking beer; that comes from spilling beer."

A WORD TO THE WISE.

REASONS why Perry Davis' Pain Killer is the Best Family Medicine of the Age, and why it should always be kept near at hand :

- 1st. Pain Killer is the most certain cholera cure that medical science has produced.
- 2nd. Pain Killer as a Diarrhoea and Dysentery remedy seldom ever fails.
- 3rd. Pain Killer will cure Cramps or Pains in any part of the system. A single dose usually effects a cure.
- 4th. Pain Killer will cure Dyspepsia and Indigestion, if used according to directions.
- 5th. Pain Killer is an almost never-failing remedy for Sudden Colds, Coughs, etc.
- 6th. Pain Killer has proved a sovereign remedy for Fever and Ague and Chill Fever ; it has cured the most obstinate cases.
- 7th. Pain Killer as a liniment is unequalled for Frost Bites, Chilblains, Burns, Bruises, Cuts, Sprains, etc.
- 8th. Pain Killer has cured cases of Rheumatism and Neuralgia after years' standing.
- 9th. Pain Killer cures Headache and Toothache.

Pain Killer is a purely vegetable preparation, safe to keep and to use in every family. Price 25 cents per bottle, 5 bottles \$1.00.

BLOOMFIELD, Ont.—Having suffered many years with a spinal disease, brought on by an injury, which often caused me great pain, I would like to tell you that I have ever found great relief from freely bathing with Perry Davis' Pain Killer the part affected. I apply the remedy at night before retiring, and always rise in the morning feeling better and often entirely relieved from pain. E. H. VARNEY.

ORILLIA, Ont.—Davis & Lawrence Company, Montreal. I have great pleasure in testifying to the beneficial qualities of your Pain Killer, which has been sold during the past twenty years to large numbers of my customers who have invariably found it a sure and specific remedy for those ailments which it professes to cure. J. W. S. AVEN.

MAITLAND, Ont.—Davis & Lawrence Company, Montreal. I have much pleasure in adding to the numerous testimonials you have already received as to the value of your renowned Pain Killer. I have sold it and used it in my family for twenty years or more, and have no hesitation in saying that it is the best patent medicine I have ever used for the purposes for which it is recommended; and moreover, every person to whom I have ever sold it has been perfectly satisfied with it, and I know many persons who will not go to bed at night unless they are sure there is a bottle of "Perry Davis" in the house. All who have used it once will use it again, it makes friends and retains them. JOHN DUMBRILLE, Druggist.

BRADFORD, Ont.—It is with great pleasure that I speak a good word for your invaluable family medicine known as Perry Davis Pain Killer. I have sold your Pain Killer for the last thirteen years, also used it myself, and have always found it to be as represented, a real killer of pain. J. F. WILLIAMS, Druggist.

PRESCOTT, Ont.—Davis & Lawrence Company, Montreal. The Pain Killer is a very popular medicine in this neighborhood, and gives perfect satisfaction in every case where it is used. I have no hesitation in recommending it to the public. T. R. MELVILLE, Druggist.

BELLEVILLE, Ont.—This is to certify that I have used Perry Davis' Pain Killer in my house for several years with great satisfaction. I was taken with cramps one night in the stomach (from eating green fruit), and after taking the Pain Killer according to directions I was almost instantly relieved. I believe it saved my life. FRASER ASSELSTINE.

NEWBURGH, Ont.—Davis & Lawrence Company, Montreal. I have sold the Pain Killer for many years. I have customers who would consider it unfortunate to be without it. Many use no other patent medicine. All who use it speak highly of it. I could get scores of strongest testimonials speaking of its worth. ALLEN CATON.

No more nauseous and worthless Pills. A long-telt want supplied.

CAMPBELL'S CATHARTIC COMPOUND,

a new and elegant elixir, agreeable to the taste and certain in its effects.

Who is there that has not swallowed a pill, and in doing so nearly lost their temper over the thought that such a vile thing should ever have been invented.

But this is not all. Our observation has been that medicine administered in pill form is not uniform in its action. Exposed to the air they become inert—they grow hard and insoluble, while at one time four or five may be taken without any perceptible effect, at another one pill will be found more than sufficient, and its griping, drastic powers can only be measured by a day or two of real suffering and pain. Observing this difficulty, and wishing to place within the reach of the public an effective, agreeable cathartic medicine, we are enabled to offer, after considerable trouble and delay, Campbell's Cathartic Compound, which is effective in small doses, acts without griping, does not occasion nausea, and is less apt to cause irritation and congestion than any of the usual cathartics administered.

This medicine will not disarrange the most delicate stomach.

This medicine will be readily taken by children.

This medicine is perfectly uniform in its action.

The usual cathartic pills now sold throughout the country are not only disagreeable to take—disagreeable in their action—but doubly disagreeable in their after effect, leaving the bowels and the whole system oftentimes in even worse condition than they were in before taking the medicine. All this is reversed by the use of Campbell's Cathartic Elixir, which is pleasant to the taste, mild and quiet in its action, leaving the stomach and bowels in a healthy condition.

Extracts from a few letters received attesting its merits:

ST. FRANÇOIS, Que., 7th Aug., 1886.

I have great pleasure to state that I have used Campbell's Cathartic Compound with great success. It is a very recommendable preparation.

Yours truly, W. T. FOURNIER, M. D. C. M.

BRANDON, Manitoba, 21st Oct., 1886.

I find Campbell's Cathartic Compound the best article I have ever used for Costiveness or Biliousness, and easy to take.

I am, yours truly, A. N. McDONALD.

Sold by all dealers in family medicines everywhere.

Price 25 cents per bottle.

DAVIS & LAWRENCE CO., Limited, Sole Agents, MONTREAL.

A GOOD parson, who had the happy faculty of saying a kind word for everybody in whose behalf one could possibly be said, recently officiated at the funeral of a farmer who was known as the meanest and most miserly man in the neighborhood. Instead of execrating the deceased for his extortionate and niggardly habits, the kindly-disposed clergyman simply spoke of him as "the best arithmetician in the country."

WYETH'S BEEF, IRON AND WINE.

Extract of Beef, Citrate of Iron and Sherry Wine.

In this preparation are combined the stimulant properties of WINE and the nutriment of BEEF, with the tonic powers of IRON, the effect of which on the blood is so justly valued. For many cases in which there is PALLOR, WEAKNESS, PALPITATION OF THE HEART, with much nervous disturbance, as, for example, where there has been much loss of blood, or during the recovery from wasting fevers, this article will be found especially adapted. The peculiar feature of this combination is that it COMBINES NUTRIMENT WITH STIMULUS. In the majority of cases, along with the failure of strength, and indeed as one cause of that failure, there is an inability to digest nourishing food. Hence it is very desirable to furnish nourishment in a form acceptable to the stomach, at the same time we excite this organ to do its duty. On the other hand, again, wine stimulus although needed, is ill-borne if given by itself, producing headache, excitement, and other symptoms which may be avoided by the addition of nutritious substance, such as the ESSENCE OF BEEF.

Iron also can be taken in this way by the most delicate or sensitive woman or child, to whom it may be inadmissible as usually given. Prompt results will follow its use in cases of sudden exhaustion, arising either from acute or chronic diseases, and will prove a VALUABLE RESTORATIVE FOR ALL CONVALESCENTS. As a Nutritive Tonic it would be indicated in the treatment of impaired nutrition, impoverishment of the blood, and in all of the various forms of general debility. Each tablespoonful contains the Essence of one ounce of Beef, with two grains of Citrate of Iron, dissolved in Sherry Wine. With a view to making the article more palatable, a portion of the beef is in the first place partially roasted, as experience has shown that it is better borne by the stomach, and can be administered for a longer period when this is done.

ADULT DOSE:—One tablespoonful between meals, and when suffering from fatigue or exhaustion.

DOSE FOR CHILDREN should be reduced according to the age.
Sold in pint and five-pint bottles by all Druggists (retail price, \$1.00 and \$4.00.

JOHN WYETH & BROTHER, Chemists, 1412 Walnut Street, PHILADELPHIA.

The heaviest snorer we have heard of is the man whose wife woke him up the other night during a tempest, saying she did wish he would stop snoring, for she wanted to hear the thunder.

CAUTION!—We have reason to believe that our BEEF, IRON AND WINE is being imitated by some (not over-scrupulous) Druggists of the Dominion of Canada. In some cases these imitations are put up in bottles similar to our own in style and appearance, having our labels copied verbatim, omitting only our name, so that purchasers might readily be deceived; it therefore becomes necessary for us to "caution" you, in ordering BEEF, IRON AND WINE, to be particular in specifying our make (WYETH'S), and in seeing that you get the genuine article made by us.

This caution is also very necessary when buying BEEF, IRON AND WINE in smaller quantities than the original bottle, as we know other inferior makes are often substituted for our genuine article.

We claim that the reputation for this medicine was created by our preparation, and we believe it is the one exclusively prescribed by our leading physicians.

In ordering, please specify "WYETH'S."

J. W. & B.

"Now, Sammy, have you read the story of Joseph?" "Oh, yes, Uncle!" "Well, then, what wrong did they do when they sold their brother?" "They sold him too cheap."

FARMERS, PLEASE CONSIDER THIS.—The Perry Davis PAIN KILLER acts with wonderful rapidity and never fails, when taken at the commencement of an attack, to cure Cholera, Cholera Morbus, as well as all summer complaints of a similar nature.

For Sudden Colds, Sore Throat, etc., a tablespoonful of Pain Killer taken at the beginning of an attack will prove an almost never-failing cure, and save much suffering.

For Toothache, Burns, Scalds, Cuts, Bruises, etc., the Pain Killer will be found a willing physician, ready and able to relieve your suffering without delay, and at a very insignificant cost.

For Colic, Cramps and Dysentery in horses, the Pain Killer has no equal, and it has never been known to fail to effect a cure in a single instance. It is used in some of the largest livery stables and horse infirmaries in the world. To resuscitate young lambs or other stock, chilled and dying from cold, a little Pain Killer mixed with milk will restore them to health very quickly.

The Pain Killer is for sale by druggists, apothecaries, grocers and medicine dealers throughout the world.

FARMERS AND MECHANICS.—Provide yourselves with a bottle of Pain Killer at this season of the year, when summer complaints are so prevalent; it is a prompt, safe and sure cure. It may save you days of sickness, and you will find it more valuable than gold. Be sure you buy the genuine Perry Davis' Pain Killer and take no other mixture.

COBOURG, Ont., March 3, 1880.

I have been selling Perry Davis' Pain Killer for the past six years, and have much pleasure in stating that its sale in that time has been larger than any other patent medicine that I have on my shelves, and in those years I have never heard a customer say aught but words of the highest praise in its favor. It is an article that seems to have combined in it all that goes to make a *first-class family medicine*, and as long as I have a house and store, Perry Davis' Pain Killer will be found in both.

Yours, etc.,

J. E. KENNEDY.

SUBSTITUTES.—The public are cautioned against a custom which is growing quite common among a certain class of dealers, and which is this:—When asked for a bottle of Pain Killer, they suddenly discover that they are “sold out,” “but have another article just as good, if not better,” which they will supply at the same price. The object of this deception is transparent. These substitutes are made up to sell on the great reputation of the Pain Killer, and being compounded of the vilest and cheapest drugs, are bought at about half what he pays for the genuine Pain Killer, which enables him, therefore, to realize a few cents more profit per bottle upon the imitation article than he can upon the genuine.

Beware of Counterfeits and Imitations.
Price 25 cents per bottle.

PAPOMA,

or entire Wheat Food. The most healthful and nutritious diet for infants and invalids.

PAPOMA being prepared from the entire kernels of the choicest wheat, by careful torrefaction or roasting, by a peculiar and patented method, it preserves all the nutrient properties of the grain in an easily digestible condition. Hence it is specially adapted to the delicate stomachs of children, promoting vigorous growth, while sick enfeebled adults, or those in the decline of old age, find it invaluable as a pleasant and strengthening food. Physicians, recognizing these facts, and employing it in cases of debility or loss of tone, of the digestive organs, give it a decided preference over the ordinary dietetic preparations, which consist mainly of starchy matter. Its superiority has been amply tested by experience, and will, we are confident, be acknowledged to by all who will give it a trial. It will be found invaluable to those convalescing from fevers, dysentery, and all affections of the intestines; in pulmonary complaints, dyspepsia, and in all conditions of the system induced by disease or chronic invalidism resulting in impaired digestion. There is no food more delicious or milk-producing for mothers nursing, who have not nourishment sufficient for their infants. Retail price, 50 cents per package. JOHN WYETH & BRO., Pharmaceutical Chemists, Philadelphia.

Davis & Lawrence Co. (Limited), General Agents for Canada.

DEATH TO RATS,

Mice, Roaches, Water Bugs, Beetles, Ants, and all Vermin. Hotels, dwellings and granaries cleared in one night. Safe to have round. No Arsenic. Use PARSON'S RAT AND ROACH EXTERMINATOR. It acts upon rats like a terror. They cannot stay and live where it is put, and they never return to the place where it has been used. Try it and be convinced.

With pleasure we recommend to the public the use of Parson's & Co's Exterminator. It is a safe thing to destroy Cockroaches and Rats. It has effectually banished them from our premises without inconvenience to any one. WHEELLOCK & LONG, Quincy House, Boston.

From the Director of the Montreal College.—I hereby certify that, by using Parson's & Co's Exterminator, it has perfectly succeeded in ridding the college premises of Cockroaches, Crickets and such like disgusting insects, which were before very numerous. S. VILLENEUVE, Priest Director of Montreal College.

Sold by the principal druggists and dealers in medicine in Canada. Price 15c, mail 20c.

WYETH'S PEPTONIC PILLS.

Pepsin, Pancreatin with Lacto-Phosphate of Lime and Lactic Acid.

This pill will give immediate relief in many forms of Dyspepsia and Indigestion, and will prove of permanent benefit in all cases of enfeebled digestion produced from want of proper secretion of the Gastric Juice. By supplementing the action of the stomach, and rendering the food capable of assimilation, they enable the organ to recover its healthy tone, and thus permanent relief is afforded. One great advantage of the mode of preparation of these pills is the absence of sugar, which is present in all the ordinary Pepsin and Pancreatic compounds—in this form the dose is much smaller, more pleasant to take, and is less apt to offend the already weak and irritable stomach.

Sold by all druggists, or will be sent by mail to any part of the Dominion on receipt of 50 cents.

A SUDDEN DEATH.—"Judge Smith died suddenly this morning from an attack of Dysentery. Only last night he seemed to be in perfect health, and his friends will be surprised to hear of his sudden death." How many times we hear just such news as the above; and the reason for so many deaths from Dysentery, Summer Complaint, Diarrhoea, Cholera Morbus, etc., is not because these diseases are necessarily fatal, but because people do not know how to treat them, or neglect treatment until it is too late. A teaspoonful of Perry Davis' Pain Killer, in a little sweetened water (hot water preferred), taken every half hour, will cure any case of bowel trouble if the treatment is commenced in time. If the case is unusually severe, or treatment has not been properly commenced, the Pain Killer should be applied externally as well as internally. It has never failed when used according to directions. A bottle in the house may save a life that would be lost while waiting for the doctor.

Too many glasses may make a tumbler of a man.

BOWEL COMPLAINT AND DYSENTERY.—For common bowel complaints, give one teaspoonful of the Pain Killer in a gill of new milk and molasses, in equal parts, stirred well together; lessen the dose for children, according to age. If the pain be severe, bathe the bowels and back with the medicine. This mode of treatment is good in cases of cholera-morbus, sudden stoppages, etc. Repeat the dose every hour.

The quickest way I ever saw dysentery cured was by taking a teaspoonful of the Pain Killer in one gill of milk and molasses, stirred well together, and drank hot, at the same time bathing the bowels freely with the medicine. Let the dose be repeated every hour until the patient is relieved. Make a tea of sage for a constant drink; and for gruel, boil one pint of milk and one pint of water separate, put them together boiling hot, and thicken with rye-meal; give it freely when moderately warm.

A STROKE of lightning generally spares the rod and spoils the house.

CRAMPS are immediately relieved by taking a teaspoonful of Perry Davis' Pain Killer in a little milk and sugar; it takes about two minutes to relieve the worst cases.

Midnight doctors are the most unwelcome visitors—even the Doctor himself curses the luck that compelled him to leave his comfortable bed. Suppose you try our method, and keep a bottle of Perry Davis' Pain Killer in the house, and let Dr. Squills stay in his bed and enjoy himself.

THE cheapest of lawyers—keeping one's own counsel.

STOCO, Ont., February 17, 1880.

We have great pleasure to state that the Pain Killer holds its position in this place as the old reliable family medicine. Although there are a great many other remedies in the market—some bearing nearly the same name—as Pain Relief, Pain Remover, Pain Destroyer, and such like names, we find the people know the difference, and are sure to ask for Perry Davis' Pain Killer. We have been selling Pain Killer for the last fourteen years.

Yours truly,
P. & P. MURPHY.

Sold by all medicine dealers. Price 25 cents per bottle.

CAMPBELL'S TONIC ELIXIR.

In this Elixir are combined the tonic effects of Iron, Serpentina, Orange Peel Bitter, Gentian and Cinchona (Calisaya), with the alterative properties of Rhubarb.

This agreeable yet potent preparation is especially adapted for the relief and cure of that class of disorders attendant upon a low or reduced state of the system, and usually accompanied by Pallor, Weakness and Palpitation of the Heart. Prompt results will follow its use in cases of Sudden Exhaustion, arising from Loss of Blood, Acute or Chronic Diseases, and in the weakness that invariably accompanies the recovery from Wasting Fevers. No remedy will give more speedy relief in Dyspepsia or Indigestion, its action on the stomach being that of a gentle and harmless tonic, exciting the organs of digestion to action and thus affording immediate and permanent relief. The carminative properties of the different aromatics which the elixir contains renders it useful in Flatulent Dyspepsia. It is a valuable remedy for Atonic Dyspepsia, which is apt to occur in persons of a gouty character. For Impoverished Blood, Loss of Appetite, Despondency, and in all cases where an effective and certain stimulant is required, the Elixir will be found invaluable. In Fevers of a Malarial Type, and the various evil results following exposure to cold or wet weather, it will prove a valuable restorative, as the combination of Cinchona (Calisaya), and Serpentina are universally recognized as specifics for the above-named disorders. The Elixir is compounded from carefully selected and pure drugs, especial attention being given to the collection at the proper season of the valuable tonics and aromatics that are represented.

KINMOUNT, Nov. 12th, 1886.

GENTS:—A short time ago I was a great sufferer from indigestion and general impoverishment of the blood. Your agent here, Mr. Graham, recommended Campbell's Tonic Elixir. The result from taking one bottle is remarkable; I cannot say too much in its favor.

MRS. ASEAL CREGO.

It is put up in a new style pint bottle, and sold by all dealers in family medicines.

BENSFORT, Ont., Oct. 29th, 1886.

GENTLEMEN:—Campbell's Tonic Elixir is being used with great benefit by several persons in this neighborhood for weakness and debility.

Yours truly, A. D. GALLOWAY.

Retail price \$1.00 per bottle, or six bottles for \$5.00.

DAVIS & LAWRENCE CO. (Ltd.), Sole Agents.

A STUTTERING coxcomb asked a barber's boy, "Did you ever shave a m-m-m-monkey?" "No, sir," replied the apprentice; "but if you will please to sit down I'll t-t-t-try."

A PHYSICIAN and the father of a family of five children occupy apartments in the same house. Both complain of the high rents. To the man of family the proprietor says: "The rent is high, but remember that you have a doctor in the house." To the physician he says: "The rent is high, to be sure, but then you have a family of five children in the house."

TO OWNERS OF HORSES AND CATTLE.

The virtues of Perry Davis' Pain Killer are not confined to the human race. It is used with equal success for Horses and Cattle, either internally or externally. It cures Lameness, Swellings, Scratches, Old Sores, Cuts and Kicks, Weak Joints, Sprains, Cramps, Colic, Pain in the Limbs, Bruises, Strains, Galls, Rheumatism, Pain in the Bowels, etc., etc.

Every owner of Cattle, and those who travel with horses, should always have a bottle of the Pain Killer with them, to use in case of accident or sudden sickness, as horses and cattle are liable to colic or cramps in the stomach from change of water and food. Many fine horses have been sacrificed, whose lives might have been saved by the timely use of this medicine.

DIRECTIONS.—For Colic or Gripes, give an ounce of Pain Killer in a pint of warm water and molasses (with a little milk if convenient); rub the belly well with the Pain Killer clear. If not relieved in half an hour, repeat the dose.

For sprains, bruises, swellings of body or legs, neck strains, rheumatism, stiff joints, limbs or neck, contraction of the muscles, swelling of the glands, kicks, or any contusion or bruise, rub the parts affected several times a day with the Pain Killer, and the good result will soon show itself.

Scratches and old sores, wash clean with Castile soap and water, and apply the Pain Killer three times a day.

GENTLEMEN:—This is to certify that I have given the Pain Killer to horses for colic, and found it the best remedy ever tried. It gives them ease quicker than any other remedy I ever used. I give, for a dose, half a twenty-five cent bottle, put into a pint bottle of warm water, and drench them with it. I have always cured the worst cases without delay.
Yours truly, JOHN PORTER, Prop. Ripley Hotel.

RIPLEY, Dec. 9.

GENTLEMEN:—I feel it a duty that I owe to the public, to inform them of a successful experiment that I lately recommended. I had a very valuable horse that was violently attacked with colic, and appeared to be in great agony. I made use of every remedy that I had ever heard of, but all to no purpose. I gave him up to die, and, in fact, he was so far gone that he lay and could not raise up his head, or hold it up when lifted. A thought struck me that I would give him a dose of Pain Killer. I poured four or five spoonfuls in a pint of milk and gave it to him, and in twenty minutes was much more, and in half an hour he was on his feet, and in another half hour was perfectly restored and put in the harness.

EAST LIVERPOOL, Feb. 12.

Respectfully yours, STOCKDALE JACKMAN.

MESSRS. PERRY DAVIS & SON,

GENTLEMEN:—Having used your Pain Killer on our horses, and finding it a very good remedy for sores, sprains or lameness, we can recommend it to the public.
Yours very respectfully, ROBE & HAYWARD, Providence, R. I.

GENTLEMEN:—I have for many years used your valuable medicine, the Pain Killer, on my horses, and can testify to its efficacy in curing galls, sprains, bruises, cuts, cramps, weak joints, swellings, colic, etc., etc. I have the utmost confidence in the Pain Killer, and can therefore recommend it to the public as the best remedy for horse-flesh yet discovered. No farmer or owner of horses should be without it constantly on hand. I have had over forty horses in constant use in the omnibus business, and have never known it to fail in any case where I have used it.
LEWIS A. PHILLIPS.

MESSRS. PERRY DAVIS & SON,

MCLEAN, Ill., April 4.

GENTLEMEN:—Having used your Pain Killer myself, and seen it used by others a great many times, in cases of colic in horses, with the best of success, I take great pleasure in recommending it as the best medicine for colic that I have ever used or seen used. For a dose I have generally given about two-thirds of the quantity there is in a twenty-five cent bottle, in a pint of warm milk and molasses.
Yours respectfully, JAMES P. FISHER, of McLean.

A JURY is often a body organized to find out which side has the smartest lawyer.

HENRY'S CARBOLIC SALVE.

The MOST WONDERFUL HEALING EMOLLIENT COMPOUND for the immediate and perfect cure of Wounds, Sores, Cuts, Bruises, Burns, Obstinate Ulcers, Ringworm, Tetter, Eczema, and Skin Diseases generally. As a FAMILY SALVE it has no equal, and meets the wants of every household; none indeed should be without a box ready for use at all times, and a single trial is all that is necessary to prove the astonishing curative and healing properties of this truly invaluable remedy. CARBOLIC SALVE.

CAUTION.—Beware of counterfeits or spurious imitations, and always ask for CARBOLIC SALVE, and see that the fac-simile of the written signature of the proprietor is upon the wrapper of the boxes.

Price 25 cents per box, and sold by Druggists everywhere.

WYETH'S LIQUID RENNET

yields, with milk, the most luscious of all desserts, the lightest and most grateful diet for Invalids and Children. Milk contains every element of the bodily constitution; when coagulated with Rennet, it is always light and easy of digestion, and supports the system with the least possible excitement. The convenience and nicety of this article over the former troublesome and uncertain way of preparing Slip, Junket and Frugolac, will recommend it at once to all who use it. There are few desserts so economical, delicious and healthful.

This preparation, made of the clear, fresh Rennet of the calf, preserved with white wine, excels in purity of material, pleasant flavor, and every desirable quality. Price, 25 cents per bottle. Sold by all Druggists and Grocers.

WYETH'S MENTHOL PENCILS,

AN EFFECTIVE APPLICATION FOR NEURALGIA, FACEACHE, ETC.

These pencils consist of Menthol crystals in a form convenient for local application. Menthol, as is well known, is the solid constituent, or so-called camphor of Oil of Peppermint, and it is to this principle that the pungency and fragrance of the oil are due. Chemically speaking, it is an alcohol. For some years past, it has come into extensive use as a remedy for Neuralgia, Headache, Earache, etc., and from the promptness of its effect, is admirably adapted for application in the form of Compressed Pencils. On rubbing the Pencil over the affected part, a sense of coolness, followed by a slight smarting, is experienced; in a few minutes afterwards the sensation is dissipated, and usually the pain disappears. It is perfectly harmless, and can be used with safety on any part of the body. Ladies use them in place of smelling salts.

Be sure and get Wyeth's. Price, 25 cents each. Sold everywhere; or will be sent by mail on receipt of price. Beware of imitations.

DAVIS & LAWRENCE CO., (LIMITED), MONTREAL, P. Q.,

SOLE AGENTS FOR THE DOMINION OF CANADA.

FOWLE'S PILE AND HUMOR CURE.

(FOR INTERNAL AND EXTERNAL USE).

An INFALLIBLE AND CERTAIN REMEDY for blood and skin diseases of every description, malarial and contagious fevers, piles, leprosy, scrofula, salt rheum, ulcers, cancerous deposits, tumors, tetter, barber's itch, etc., and an EFFICIENT ALTERATIVE AND BLOOD PURIFIER in diphtheria, croup, and diseases of the throat; catarrh, rheumatism, nervous prostration, dyspepsia, and the earlier stages of affections of the urinary organs. For upwards of thirty years has FOWLE'S PILE AND HUMOR CURE been before the public, courting the criticisms and investigation of men of science and experience in every section of the civilized world. It has victoriously stood the test of practical application to every phase of disease having its foundation in Impurity of the Blood, and in nearly every case has effected a triumphant cure. Its fame and the marvellous results it has accomplished are known and acknowledged, not only over every section of the vast American continent, but throughout the towns and cities of the Old World. When first introduced, it met with opposition and distrust from all sides, for at that time the medical faculty of Europe and America were wedded to the deadly theories of poisonous medication; and, consequently, at the very outset, FOWLE'S PILE AND HUMOR CURE had to engage, single-handed, in a crusade against Mercury, Arsenic, and Calomel, and other irritant poisons. But the practical results achieved by this "Cure" as contrasted with the old school practice, soon gained the approval and endorsement of the community at large on both sides of the Atlantic; and we have heard with much gratification of the thousands of men, in all walks of life, in Europe and America, who can testify to the cures performed by this valuable medicine.

THE Duke of Nemours once sent his steward to call upon an artist on whom he wished to confer a snuff-box as a mark of his approbation, to ascertain if such a present would be acceptable. The offer was received with enthusiasm. "Where shall I send it to?" inquired the envoy. "Oh, if you would be kind enough," replied the grateful artist, "to pawn it on the way, you can let me have the money."

One bottle of FOWLE'S PILE AND HUMOR-CURE will cure an ordinary case of Piles. From two to four bottles will cure the worst cases of Leprosy, Scrofula, Psoriasis, Cancer, Eczema, Salt Rheum, Rheumatism, Kidney Diseases, Dyspepsia, Catarrh, and all Skin and Blood Diseases. *It is entirely Vegetable, and perfectly free from all noxious or poisonous ingredients and is used both internally and externally.*

Price, \$1.00 a bottle, or three for \$2.50. Sent by express to any part of the United States or Canada upon receipt of the price. Send for a copy of the new pamphlet. HENRY D. FOWLE, 115 High street, Boston, Mass.

FOR SALE BY ALL DEALERS IN MEDICINES GENERALLY.

FOR CONSUMPTION and all diseases that lead to it, such as
Coughs, Neglected Colds, Bronchitis, Pain in the Chest,
and all Diseases of the Lungs,

ALLEN'S LUNG BALSAM

is the Great Modern Remedy. For Croup it is almost a specific.

ALLEN'S LUNG BALSAM is introduced to the suffering public after its merits for the positive cure of such diseases have been fully tested. The formula from which it is prepared is referred to by the leading medical journals as being equal to any prescription that can be made up for such diseases by the medical faculty. The Balsam is, consequently, recommended by physicians who have become acquainted with its great success.

It excites expectoration, and causes the lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours time, if not of too long standing. It is warranted to give entire satisfaction, even in the most confirmed cases of consumption! It is warranted not to produce costiveness (which is the case of most remedies), or affect the head, as it contains no opium in any form. It is warranted to be perfectly harmless to the most delicate child, although it is an active and powerful remedy for restoring the system. There is no real necessity for so many deaths by Consumption, when ALLEN'S LUNG BALSAM will prevent it if only taken in time. Physicians having consumptive patients, and who having failed to cure them with their own medicine, we would recommend to give Allen's Lung Balsam a trial.

AN Irish priest was addressing his flock on the dangers of intemperance, and concluded his harangue with these words: "Drink, my children, makes you beat your wives, starve your families, and shoot your landlords—ay, and miss them, too."

To prove the efficacy of ALLEN'S LUNG BALSAM for the cure of diseases it is recommended for, we hold hundreds of certificates, and living witnesses to its virtue can be seen in almost every neighborhood in the Dominion, as well as in the United States. It is well known everywhere, and wherever known it is highly praised.

No stronger warranty can be given for the merits of a Lung Balsam than we offer. We say to all who wish to use ALLEN'S LUNG BALSAM that, unless it gives entire satisfaction, they may return the bottle to us after they have used it 48 hours, and the money will be cheerfully refunded. This same warranty has been offered, from the day we offered the Balsam first for sale, and to this time the first bottle has not been returned, and we have received nothing but praise in its favor from those who have used it. The proprietor of this valuable Balsam takes pleasure in calling to it the attention of all medicine dealers, desiring that they procure a supply of it, and recommend it to their afflicted patrons and friends. It will stand the test for merits.

The Balsam is superbly wrapped, with a fine steel engraved label. Price: Large Bottles, \$1.00; Small Bottles, 50 cents, and is for sale by all the leading druggists in the Dominion. Trial size, 25 cents.

(Headquarters of Perry Davis' Pain Killer in Montreal.)

PAIN KILLER.—It cures, when taken internally, Cramp, Cholera, Dysentery, Diarrhœa, Painter's Colic, Bowel Complaints, Pain in the Stomach, Liver Complaints, Sore Throat, Sudden Colds, Coughs, Dyspepsia, Indigestion, etc. When used externally, it cures Boils, Felons, Cuts, Bruises, Burns and Scalds, Old Sores, Sprains, Swelling of Joints, Toothache, Pain in the Face, Neuralgia, Rheumatism, Frosted Feet, etc. For **CHOLERA MORBUS AND CHOLERA INFANTUM**, as well as all Summer Complaints of a similar nature, it acts with wonderful rapidity, and never fails when taken at the commencement of an attack, and often cures after every other remedy has failed. For **SORE THROAT, SUDDEN COLDS AND DIPHTHERIA**, no remedy has ever been discovered so powerful to cure. As a Liniment it has no equal in curing Rheumatism or Neuralgia, Burns and Bruises, and wounds of every description. It is the cheapest and best remedy ever offered to the public. Mothers will find it invaluable in the nursery, and it should always be kept near at hand in case of accident. For pain in the breasts, take a little Pain Killer in sweetened milk and water, bathing the breasts in it clear at the same time. If the milk passages are clogged from cold or other causes, bathing in the Pain Killer will give immediate relief.

Beware of all Counterfeits and Imitations.—The genuine is put up only in panel bottles, with labels finely engraved on steel, the name being also blown in the bottles.

Price 25 cents per bottle.

DAVIS & LAWRENCE COMPANY (Limited), MONTREAL,
GENERAL AGENTS FOR CANADA.

WYETH'S LIQUID MALT EXTRACT,

Containing all the nutrient properties of Malt, with the least possible amount of Alcohol.

Fermented liquids prepared from malted grain have been in use from the earliest times, and have always been highly prized for their strengthening and nutritive properties. Hitherto, however, the large amount of alcohol in proportion to nutritious matter contained in the malt liquors of commerce, has been a serious objection to their use in many of the various forms of dyspeptic maladies, resulting from mal-nutrition, for which malt preparations are peculiarly adapted.

Recognizing this fact, we have, after numerous experiments, succeeded in preparing a Liquid Malt Extract possessing all the advantages of malt liquors, while it is not open to the objections so frequently and justly urged against their use.

It is especially adapted for administration to nursing mothers and children, to patients suffering from nervous exhaustion, chilliness, etc., and particularly to those unable to digest starchy food.

The diastase contained in our preparation of malt renders such foods immediately soluble, by converting the starch into malt-sugar and dextrine, in which form they can be readily assimilated by the system, thus creating animal heat, and aiding the formation of fat.

Probably its greatest value is as a beverage, during lactation, as it not only supplies strength to meet the unusual demands upon the system at that time, but improves the quality of the milk, by increasing the amount of sugar and phosphates, nourishing the infant and sustaining the mother at the same time.

In cases of consumptive tendencies, and in the latter stages of phthisis, it will be found to improve the appetite, and promote the assimilation of carbonaceous food, supplying the waste of elementary matter, fortifying the system, and enabling it to better resist the undermining effects of the disease. It also acts as a roborant in all cases of debility, and is a most valuable addition to the tonic and restorative treatment required in convalescence.

Physicians will find in many cases where Cod Liver Oil and Cream are inadmissible from want of digestive power, that the most susceptible patient can tolerate both, when given in conjunction with this liquid malt, if administered in small doses, gradually increased, as the tone of the stomach is strengthened.

As it contains less than four per cent. of alcohol, it can be given to invalids, children, etc., without danger of the secondary depressant effect so frequently experienced from the administration of spirituous remedies; the ordinary dose of a wineglassful representing less than forty grains of alcohol, and over one hundred and twenty-five grains of nutritious extractive matter, rich in diastase, preserved by our peculiar process of preparation; while in the malt liquors it is rendered completely inert by the boiling to which they are subjected during manufacture.

We claim that our Liquid Malt Extract will be found to contain all the nutritive virtues of the best malt liquors in a higher degree than any of the largely sold liquid malts with which we have compared it, while it is free from the stimulating effect which invariably follows their administration. Pint bottles, \$4.50 per dozen.

At last—a lovely complexion may be had by every lady who uses

RICKSECKER'S FACE POWDER,

which can be used in perfect confidence, without the least fear of detection or injury to the most delicate skin.

Strictly free from Lead, Arsenic, Bismuth, or any other poisonous ingredient so common in face preparations.

It is harmless as water, conceals blemishes, wears the best, and produces the most natural effect, a soft, youthful and beautiful appearance, soothing to the skin, yet modestly invisible. Though but lately introduced, its immense sale, both here and in Europe, attests its wonderful superiority over all. It is not adapted to those who want quantity at the expense of quality, but is designed for refined ladies who wish a delicate beautifier, avoiding the vulgar look following the use of Face Preparations commonly sold.

It is fast supplanting all others, because it is unquestionably the finest, the most adhesive and the safest.

Pure White, Pink or Blonde. Get Ricksecker's genuine, 25 cents, wood box, at druggists, or by mail on receipt of ten three-cent stamps. Canadian Laboratory, 356 St. Antoine Street, Montreal.

DAVIS & LAWRENCE CO., General Agents for Canada.

RICKSECKER'S BAY RUM SHAVING STICKS

A successful combination of Bay Rum with the best possible Shaving Soap, in the form of a round stick, which is encased in a neat, strong, red box, with a hole in one end to push the stick out.

The well-known heating properties of Bay Rum need no comment here. It is incorporated with an elegant saponaceous compound, which will almost instantly make a rich, creamy lather, that does not readily dry on the face.

Thousands of dozens already sold.

"An article of genuine merit."—*American Hairdresser.*

A Soap beyond compare. Absolute Purity, Luxury and Economy. HIGHEST ENDORSEMENTS EVERYWHERE. Patronized by the families of Messrs. Vanderbilt, Keene, Lorillard, Henry Ward Beecher, Drs. Sayre, Spear, and a thousand others, who pronounce it the BEST SOAP MADE.

RICKSECKER'S SKIN SOAP

contains no animal fat, no coloring dyes, no perfume, except that of the balmy vegetable oils from which it is made, no adulterations, no excess of alkali, and is, in a word, the best, sweetest and most unctuous; strictly pure, a pleasure to use, and outwears two cakes of ordinary Soaps, which are made from refuse grease, often the most offensive and putrid, from the soapfat man, colored and perfumed to be made salable; such soaps make the skin rough, red and coarse, and often transmit disease.

Ricksecker's Skin Soap is "milled" five times; lathers abundantly, cleanses quickly, softens the skin.

Extra large Tablet, 25 cents.

ADVICE TO PARENTS.

I would say a few words to parents who have children that are troubled with gripes or bowel complaints. If the child is under one year old, give from ten to fifteen drops Pain Killer in milk and water, sweetened with sugar, every hour; see that it is warm when you give it, and bathe the stomach and bowels with the medicine mixed with warm milk, one teaspoonful to half a gill of milk and water warmed. If the child is over one and less than two years old, bathe with equal parts Pain Killer and milk and water; but if the child is over two, bathe with the medicine clear, and give it every time you bathe as above. You can increase the number of drops according to age. If the child has taken cold, and you wish to give it a sweat, put your Pain Killer in catnip, pennyroyal or peppermint tea, bathe its feet in the medicine, and wrap it up warm. If the throat is sore, bathe after taking it. Mothers can relieve pain in their breast by taking Pain Killer in milk and water sweetened, and bathing the breasts with the medicine clear. It has been used with great success where the milk passages have been clogged and pain ensued, by this mode of treatment. It gives immediate relief, if the parent takes cold, and the breasts creak, after weaning the child. Common colic pains can be cured in a few minutes by taking a teaspoonful of the Pain Killer on sugar, and eating it down.

"YOUR name is Dickie, isn't it? It's a pretty name, and I've called my poodle after you." Dickie doesn't know whether to bow his thanks, or go out and take a look at the hat-rack.

Chickenpox and measles can be brought out by giving the Pain Killer in molasses and water. Ten drops for a child, and more or less according to the age; repeat the dose if occasion requires.

A BROTHER arose in a weekly prayer-meeting and said: "Brethren, when I consider the shortness of life, I feel as if I might be taken away like a thief in the night."

If you have corns, shave them close and bathe them freely with Pain Killer till you can rub them hard without hurting.

DRUMMERS never have to serve an apprenticeship. As soon as they enter upon their business they become journeymen.

Pain Killer has been used with great success in cases of scurvy, by internal and external use, as for other complaints. Lame neck, pained faces and sore throats, caused by taking cold, can be quickly relieved by timely bathing with this medicine. For sudden cold, attended with quinsy and croup, take a teaspoonful in molasses every hour, and bathe the throat and breast with flannel dipped in the medicine, laid on warm, and repeat as often as it gets dry. In this way you will soon find relief.

PERRY DAVIS.

ALLEN'S LUNG BALSAM,

the great remedy for curing Consumption, Coughs, Colds, Asthma, Croup, all diseases of the Throat, Lungs and Pulmonary Organs. By its faithful use Consumption has been cured when other remedies and physicians have failed to effect a cure. Recommended by physicians, ministers and nurses, in fact by everybody who has given it a good trial. It never fails to bring relief.

HOME EVIDENCE.

YOUNG'S POINT, May 31st, 1887.

This is to certify that I have been troubled for about four years with lung disease, and will say without hesitation, the Lung Balsam was the only remedy I could find to give me any relief. I feel quite satisfied that were it not for Allen's Lung Balsam I would be in my grave. I therefore take much pleasure in recommending it to any one troubled with lung disease.

Yours truly,
C. YOUNG.

C. E. KYLE, of Uxbridge, writes and says:—"I certify to the excellent qualities of Allen's Lung Balsam as a remedy for all diseases of the throat and lungs. I know it to be all it is recommended to be."

MRS. CAPT. NORMAN, of Millbridge, Ont., writes:—"Allen's Lung Balsam cured my son of a severe attack of congestion of the lungs. He took no other medicines, the Balsam acted wonderfully, taking away the fever, at once operating on the bowels, and sending matter up from off the lungs, in appearance dreadful beyond expression. There are several others who reside in this neighborhood, and have been cured by Allen's Lung Balsam, who would give certificates if asked."

B. A. MITCHELL, druggist at London, Ont., says of it:—"I have used Allen's Lung Balsam myself and have seen its effects upon others who were suffering from coughs and colds, and can recommend it."

A LITTLE girl who was much petted said: "I like sitting on gentlemen's knees better than on ladies—don't you, ma?"

BRONCHITIS.—Unless arrested, will terminate in consumption. An almost never-failing cure for this complaint is found in Allen's Lung Balsam, which can be had of any druggist. Price one dollar per bottle.

COUGHS AND COLDS.—If taken in time are easily cured—if allowed to continue will result in incurable consumption. Allen's Lung Balsam has the confidence and support of the medical faculty, and it is recommended by all who are acquainted with its virtues.

CONSUMPTION.—Many say that this disease cannot be cured, but the proprietors of Allen's Lung Balsam will satisfy any that it has been cured in very many cases of the worst description. They have hundreds of testimonials from thankful individuals who willingly admit that it has saved their lives.

CROUP.—This disease is caused by the formation of a false membrane lining the windpipe, and obstructing the passage of the air, and is known by the shrill, croup-sounding cough and rattling in the throat. This membrane must be moved by expectoration. Take a double dose of Allen's Lung Balsam every ten or fifteen minutes, which will reduce it, after taking a few doses. The Balsam will and has saved the lives of thousands of children attacked with croup, where it has been taken in season.

WHOOPING-COUGH.—If your children are suffering with this distressing malady and nearly coughing to death, send to your druggist and buy a bottle of Allen's Lung Balsam, and relief, we can confidently assure you, will be immediate and sure.

THE MAUD "S" CONDITION POWDERS

FOR HORSES, CATTLE, SHEEP, PIGS AND POULTRY.

The celebrated Maud "S," until lately owned by Mr. W. H. Vanderbilt, and now by Mr. Bonner, of New York *Ledger* fame, is, without doubt, the "Queen of the Turf." She has made the fastest time on record, viz., 2.8 $\frac{1}{4}$, and by that achievement has attracted more attention and has won more lovers than any other single maid belonging to her much petted tribe. She is an aristocrat of the first quality. She spends her winters in the centre of fashion at New York, living in marble halls and sleeping amid palatial surroundings. She spends her summers at Saratoga, and is courted not by dashing young society men only, but eminent divines, as well as millionaires, who count it a favor to pat her beautiful face and look at her remarkable outlines or features.

TO OWNERS OF STOCK.—The Maud "S" Condition Powders are as far in advance of its rivals as Mr. Vanderbilt's celebrated mare is ahead of her rivals in the estimation of the public. The reason of this is the Maud "S" Powders are no sham made up to sell only, but are prepared from the best material by a thoroughly educated and practical chemist. One package of Maud "S" Powder, we confidently believe, contains more real medicinal strength and virtue than twice its weight of any other powder in the market, consequently a small dose suffices. The Maud "S" Condition Powder is adapted for the cure of worms, loss of appetite, roughness of the hair or coat, stoppage of water and bowels, all coughs and colds, inflammation of the lungs and bowels, recent founders, swelling of the glands of the throat, horse distemper, hide bound botts, scurvy, loss of cudd, horn distemper, black tongue, etc., and will also backen the heaves, and in recent cases effect a cure. In fact, there is no case of disease among Horses and Cattle where these valuable Powders are not called for, and by their timely administration will save the lives of many valuable animals. Sold everywhere. Price, 25c per package, or \$2 per doz. A sample packet will be sent by mail, postage paid, on receipt of 10c to pay postage.

N.B.—We have a beautiful lithograph picture of Maud "S" in a trotting sulky, driven by Wm. W. Bair, as she appeared in making her unparalleled time of 2.8 $\frac{1}{4}$, which we will send framed to any address ordering not less than three dozen Powders.

SHE was plump and beautiful, and he was wildly fond of her. She hated him, but, woman-like, she strove to catch him. He was a flea.

TESTIMONY FROM WELL KNOWN PEOPLE.

ST. JULIE, Que., 17th July, 1886.

I, the undersigned, testify that I have sold Campbell's Tonic Elixir for some time past, and I am prepared to prove that it is the best tonic for Dyspepsia that I have seen up to the present. I consider it a duty to recommend it to the public.

GEO. TURCOT.

MR. G. A. HAMMOND, Kingsclear, N.B., writes, June 10th, 1886: Please send me a further supply of Campbell's Tonic Elixir at once, as the last lot received is completely exhausted, and the demand for this excellent preparation is increasing.

ST. DENIS, 17th May, 1885.

DAVIS & LAWRENCE CO. (LIMITED), MONTREAL.

GENTS:—When I was in Montreal, two years ago, you got me to take upon consignment a small quantity of Campbell's Tonic Elixir. I am well pleased at having done so, as this remedy has become very popular and easy of sale. It is not necessary to seek far for the cause of its popularity, because I know of cases, and I have heard of others, where it has been employed with the best results for weakness, palpitation of the heart, impoverishment of the blood, loss of appetite, and other diseases of the same class. Amongst those who have employed it are persons who would not take a medicine a second time that had not great merit.

I have pleasure in adding to this testimony the certificates of my friends who have been cured or who have received benefit from the use of Campbell's Tonic Elixir.

MADAME FRs. LAPIERRE, of St. Antoine, has been cured of palpitation of the heart in February last, and is well now. Madame Geoffrin, of St. Denis, tried it at the same time with success.

G. CHEVALT.

A MAN with a handful of bills stopped Frank Duffy and said emphatically: "Now, I ask you for the last time to pay this bill for them boots." "Is this the last time, sure enough--no humbug about it?" "Yes, sir, this is the last time." "Heaven be praised!" said Duffy, with a sigh of relief. "I thought I was never going to hear the last of those boots;" and he strolled off to get a cigar.

CAMPBELL'S TONIC ELIXIR.

This agreeable yet potent preparation is especially adapted for the relief and cure of that class of disorders attendant upon a low or reduced state of the system, and usually accompanied by Pallor, Weakness and Palpitation of the Heart. Prompt results will follow its use in cases of Sudden Exhaustion arising from Loss of Blood, Acute or Chronic Diseases, and in the weakness that invariably accompanies the recovery from Wasting Fevers. No remedy will give more speedy relief in Dyspepsia or Indigestion. For Impoverished Blood, Loss of Appetite, Despondency, and in all cases where an effective and certain Stimulant is required, the Elixir will be found invaluable.

Price \$1.00 per bottle, or six bottles for \$5.00.

Sold by all dealers in medicines.

Davis & Lawrence Co. (Limited), Sole Agents, Montreal, P. Q.

BEARINE, FOR THE HAIR. Prepared from the pure grease of the Canada Bear. It is a HAIR BEAUTIFIER, PRESERVER AND DRESSING. This elegant preparation, named from the Canada Bear, from which

its most essential element is obtained, is a scientific compound of real Bear's Grease, and other ingredients, so combined as to retain for a great length of time its original fragrance and purity. Genuine Bear's Grease has long been held in high esteem as a valuable (cheap at any price) article for dressing the hair. It has been highly commended and used by eminent Chemists and Physicians of every country. As a dressing for the hair, nothing can be more beautiful or agreeable than Bearine. It is elegantly perfumed, and renders the hair soft, pliant and glossy. It serves to give it that peculiar richness and color which are so essential to a complete toilet. It is the cheapest, most harmless and best Hair Dressing in the world. Sold by all druggists. Price 50c.

THAT QUEEN OF PERFUMES FOR THE HANDKERCHIEF.

A single drop will perfume a handkerchief or even a room. A new bouquet of exquisite Richness of Odor, distilled from natural flowers. The most delightful, delicate, and lasting per-

fume of the day! The **LOTUS OF THE NILE**, which raises its lovely head above the water of Lake Manzalet and on the margin of the River Nile, has been called "the Rose Embalmed of Ancient Egypt." On great feast days fragrant garlands were formed of this flower, with which the maidens of the East adorned their dark tresses. This chastely beautiful water lily is to be found represented on almost all the ancient monuments of Egypt and Asia. Make your lady friend happy by a gift of a bottle of the **LOTUS OF THE NILE**. Sold by all druggists.

Davis & Lawrence Co., (Limited), Sole Agents, Montreal.

WORMS.

Lozenges pleasantly flavoured. Children take them readily. Require no after medicine. Certain in operation. Never failing. Leave no bad after effects.

R. Morrison, of the Dominion Electrotpe Foundry, 597 Craig St., Montreal, says one dose of Dr. Smith's Great German Worm Remedy removed 13 large worms from his child 4 years old.

Price, 25c per box.

MEDICINAL TOILET SOAPS

for the Bath, Toilet and Nursery, manufactured by the DAVIS & LAWRENCE Co. (Limited), Montreal. PURITY, CLEANLINESS, HEALTH. These superior medical and toilet soaps made by us contain NO ANIMAL FAT, NO COLORING DYES, NO ADULTERATIONS of any kind. They are absolutely pure, made from fresh and pure VEGETABLE oils of a most healing nature. They are endorsed by the leading physicians and sold by the apothecaries everywhere. These soaps being carefully milled, will outwear double their weight of any other kind. They lather abundantly and cleanse quickly. The pleasure in using them is as great in hard as soft water. They leave the skin soft, smooth and white in all kinds of weather.

OUR PALMO-SULPHUR SOAP.—For ages past the beneficial use of sulphur baths by the human family has been too fully recognized to need comment. The effect of Palmo-Sulphur Soap when used in the bath represent in an exaggerated degree all the medicinal effects of a genuine Sulphur Spring Bath. This soap will clear the skin of impurities, it beautifies the complexion, and as a healing agent in all eruptive diseases it is excelled by none. Linens and woollens washed with it are made beautifully white and are disinfected when disease germs exist in the material.

OUR PALMO-CARBOLIC ACID SOAP.—This soap is made of genuine Carbolic Acid, THE TRUE ANTISEPTIC PRINCIPLE IN COAL TAR, united with pure and fresh PALM OIL SOAP. It will be found a valuable preventative of contagion, it destroys all unpleasant odors from the skin, keeping it healthy and free from all irritation, also for washing soiled or infected clothing, furniture, walls and floors. It should be used freely in the sick room, especially where contagious diseases exist; it will be found a most healing, safe and agreeable toilet soap for everyday use everywhere.

OUR PALMO-TAR SOAP is made from pure fresh palm oil, combined with refined Pine Tar and Glycerine; its use is particularly indicated in the treatment of all skin diseases, ulcers, etc., and as a disinfectant and deodorizer it is unequalled. It is indispensable for the bath, toilet and nursery, and is especially recommended for shampooing purposes; it purifies and invigorates the skin, heals it when rough, cracked or scaly, and its constant use realizes the fairest complexion, the softest and clearest skin possible to obtain.

Be sure and ask for the Palmo-Tar or Palmo-Carbolic or Palmo-Sulphur Soap, and take no other, to avoid disappointment. Large cakes, handsomely wrapped, 25 cents per cake.

Sold by all druggists, or will be sent post-paid on receipt of price.

Address

DAVIS & LAWRENCE COMPANY (Limited), MONTREAL.

An old lady, who was travelling on a steamboat, said to a very pompous-looking gentleman, who was talking about steam communication, "Pray, sir, what is steam?" "Steam, ma'am, is, ah! steam is, ah! ah! steam is steam." "I knew that lout could not tell ye," said a smart boy standing by, "but steam, madam, is a big pipe sweating like all creation."

RICKSECKER'S CHOICE PERFUMES.

Space is so limited we cannot even name over the great list of Perfumes made by this celebrated maker and which, owing to their superior merit, are rapidly taking the place of all foreign or imported perfumes. We would particularly recommend the following articles—a trial is the best argument in their favor.

A *chef d'œuvre* in the art of Perfumery is undoubtedly RICKSECKER'S GOLDEN GATE PERFUME. Its elegance, choice bouquet and wide popularity are everywhere conceded. A most charming perfume, meeting the highest praise of the refined all over the world where known. Each bottle contains a bit of gold foil. The *odeur* is distinctively rosy, yet with an exquisite aromatic and charming after-perfume, eliciting the questions continually, "What is that perfume? Where can I get it?" etc. The most refined and cultivated prefer it.

RICKSECKER'S WEDDING PERFUME is a most happy combination of all these favorite bridal flowers: the Rose, Orange Blossom, Myrtle, Stephanotis, etc., with a bit of the famous flower that formed the bridal wreath of the ancient Romans. The whole forms a luscious, remarkably sweet and lovely liquid bouquet, disburbing a wealth of perfume quite unlike anything else. It is handsomely put up in double-sized bottles and appropriately labelled.

Ladies who wish a delicate, clean, fresh, refined odor to surround them rather than a more positive Extract, will find especial pleasure and satisfaction in RICKSECKER'S COLOGNE.

To convince the skeptical at little cost and popularize Ricksecker's Cologne, it is put up in 25c trial bottles, as well as the Dollar bottles, holding five times as much.

The name "Martha Washington" is a synonym, with the ladies of America, for the "top" in matters pertaining to the toilet. Mr. Ricksecker has associated it with a perfume well-worthy her name, as the high repute RICKSECKER'S MARTHA WASHINGTON PERFUME has already gained all over the world of fashion will testify, even Paris joining in the demand for it. It is most luxurious, enduring and distinguished.

Put one of RICKSECKER'S SACHETS, costing 25c, in your *Stationery*, and you will delight yourself and your correspondents with the lovely breath of the letter when opened.

Ricksecker's Face Powder conceals blemishes, is absolutely harmless, and produces the softest and most natural effect. The marvellous beautifier. 25c, wood box. Made only at the Laboratory of Flowers.

WOULD YOU LEARN A VALUABLE LESSON?
THEN REMEMBER THIS:

FEW people appreciate the value of perfect health until they are taken sick. Then they wail and dose themselves with "powder, with potion, and with pill," and by an over-use of medicine do permanent damage to their stomachs. The proverb "A stitch in time saves nine," is never so well illustrated as in the treatment of Sudden Chills, Sudden Colds, Sore Throat, &c. A teaspoonful of Pain-Killer taken at the beginning of an attack will prove an almost never-failing cure and save much suffering. The commonest forms of Summer Complaints; Diarrhoea, Dysentery, Cholera, Cholera Morbus, and Cramps, all can be cured by PERRY DAVIS' PAIN-KILLER, a remedy that is almost as well-known in Europe as it is in America. The PAIN-KILLER used externally, cures Bruises, Cuts, Burns, Scalds, Old Sores and Sprains, Toothache, Neuralgia, Rheumatism, etc. The PAIN-KILLER is sold by Medicine Dealers throughout the world. Price, 25c per bottle.

Ask for the Genuine PERRY DAVIS' PAIN-KILLER and take no other.

BEWARE OF COUNTERFEITS AND IMITATIONS.
