American Journalism

quarterly (67). The State of New York naturally supplies the largest number, 1,818; in the city alone there are considerably over 400. Next comes Pen-[From Our Special Correspondent.] nsylvania with 738, Philadelphia con-PHILADELPHIA, July 16. tributing over 160. Then come Ohio, I have frequently had occasion to Iowa, Missouri, and Indiana, all outnotice the big way in which the Americans do things, and I do not know that model State and outre of entitions ment, Massacha etts, though she is de it would be easy to find an apter illustration of this than that furnished by nearly 359. It is worthy of remark that the West, young and raw by it 's, the "Centennial Newspaper Building," in the Exhibition grounds. Here you seems more go ahead and catery may see any one, or, if you like, all of in journalism than the refined and venthe "8,129 newspapers published regularly in the United States." In Eng. fourth in the number of its dailten. For land a man thinks it cheap if he is given five years six new journals, on on everhis choice of a few score of newspapers age, have been started in America every for a penny; and as our penny is here day; but as old ones die out, the actual increase during that time has not been practically represented, as a rule, by a five cout or even a ten cent piece (the smallest shoeblack, for in pects ten cents (5d.) for shining your boots, a man could scarcely grumble if asked, say a quarter of a dollar, or one shilling, for the run of the 8,000 papers. Democrat, Painted Post Times, P.o. Need it be said that in the Centenn'a! Building he can see them one and all for nothing? He is not only permitted for nothing? He is not only permitted as a favor to see them, but he is invited, may pressed, to confer the favor of entering the building and calling for what paper he likes. As he passes the enterance his eye is caught by some such a few of education and good order." ance his eye is caught by some such kindly and courteous invitation as "Come Gallimatia. in and see a paper from your home." A Connecticut school marm, who was "Write your name in the register, give your card to the superintendent, and make yourself at home." The home into which he is thus cordially welcomed of hard times, is moreover, a very pleasant one. Without any pretensions to imposing archi-

gether, and one of them said: "We keep tectural effect, it is simple, elegant and four servants, have got six horses, and a neat. Its length is 67 feet; its width 46 lot of carriages; now what have you got ?" feet; its height 33 feet. It is admirably With quite as much pride the other anlighted and ventilated by long rows swered, "We've got a skunk under one of windows and a large lantern roof. There is a base ball club in Hartford Open on all sides, it catches every breath called the Potatoe Bugs. Another nine of air that ventures in this weather to has sprung up, who style themselves the stir out, and on one side the air is cooled by passing over the lake, on the border of which the building is pleasantly situated. It is, in fact, altogether about as cool and agreeable a place—quite apart from minated, but they don't believe it. and agreeable a place-quite apart from its literary attractions -- as a visitor to The late Dr. --, being one of the me the Exhibition could wish to be offered derators, did not satisfy by his preaching a chair in. He may at first wonder the Calvinistic portion of his fock. "Why, how among 8,000 papers, among them of hem of the calvinistic portion of his fock." Why, how among 8,000 papers, among them how among 8,000 papers, among them such mighty sheets as the New York mough about renouncing our ain right-

Herald, he is to get at the small, loved print of his home, thousands of miles , never saw any ye had to renounce!" vatio.

The Devil's Agencies.

City, in Wyoming, on the last; but anybody in difficulty has only to apply to Antony Comstock, United States Mail one of the eight superintendents, who, Agent, and representative of the Society "all pineapples of politeness," are for Suppressing Vice, has returned, efter ready to execute his orders as if they an active campaign of one week in the bodily belonged to him. If he would West, where he made several arrests, like to take notes or write, he has, in One of the accused is F. G. Farr, of Intwo galleries which run round the upper part of the building, his choice of some in the Waverley Magazine and other paper, to obtain more victims to his nefarious all provided, of course, gratis; or if he arts. In his establishment there were thirty desks with pen, ink, and paper, has ladies with him, or friends with whom he wants to have a perfectly are whom he wants to have a perfectly priwhom he wants to have a perfectly private chat, there are at his disposal two was held to bail in \$2,000 in the United

yesterday, announcing the retirement of that venerable prelate from the Episcopate, and his formal promotion, with the title of Archbishop of Marinopolis. Bishop Fabre, for some years his coadjutor, suc-ceeds to the pastoral charge of the diocese.

READ THIS TWICE, -Five to thirty drop READ THIS TWICE.—Five to thirty drops of THOMAS' ECLECTRIC OIL, will cure common Sore Throat. It never fails in Croup. It will cure a Cold or Coagh in twenty-four to forty-eight hours. One bottle has cured Bronchitis of eight years standing; recent cases are cured in three to six days. It has restored the voice where the person had not spoken above a whisper in five years. As an outward application in all cases of pain or lameness, nothing like it has ever been known. One bottle will cure any case of Lame Back or Crick in Messrs. Snowball and Thomson then endeavored to ascertain the absentee's where abouts, but though they searched the woods and discharged their guns as signals there was no response. The residents of the locality. Greystone Brook, or Bartingue, were next alarmed and a regular, though fruitless scanch was carried on for a hour or more, after which Messrs.

Tagmson and Snowball returned to town, thereby became known to the missing stateman's friends in town, quite a large number of whom started out the Bathurgh and to assist in searching for him. Of course there were many conjectures as to the changes his disappearance, some of his finings remembering that he was subject to heart disease, ethers suggesting that needs and M. P. P., that there was a treak into which he might have fallen and

I am prepared, faded into a deathly whiteness; the conhave a direct and important bearing upon

The Fall in Wages. One of the most obvious effects of the hard times, is the reduction that has taken place in the rate of wages. If any one somehow the courage and determination Surely there was something more than Canadians are returning home from the States, he will find the information desired in a column of statistics recently publishes

> ment of the average weekly wages in 1370 others, the difference in the rate of pay ten to twenty per cent. in various occupa have suffered are the building trades per week in 1870, now receive from \$18 to tion. The wages of people whose occupa-tions require no particular skill, such as dry goods clerks, have undergone a greater

hard for a scanty pittance and many of them not able to obtain employment even then, is certainly very wretched. The only consolation is that the hard times had the effect of reducing other things than wages. House rent has declined and some of the other expenses of living are so reduced that the deficiency in wages is less felt than it otherwise would be - Citizen.
