"GREAT BRITAIN,
BUT GREATER JAPAN"
This is the Cry of the People
of the East.

Judge Lineberger Foresees War Between
the United States and the
Yellow Races.

CHICAGO, Nov. 30.—That the future
of the Philippine depends on the granting
of free trade in commercial relations
with the United States was the statement
made yesterday by Judge Paul
W. Lineberger, who has just returned
from the Philippines Islands, where he
served five years as a trial judge, and
which position he was appointed by
President McKinley.

Judge Lineberger firmly believes that
the Philippines have been under-rated
and that the resources have been under-
estimated. He declared emphatically
there is an enormous idea prevalent in
the United States that the Philippines
are a draw on the public, instead of a
self supporting nation. Reviewing the
operations of the Japanese in the Far
East since the Russo-Japanese war, he
expressed the opinion that a war be-
tween the United States and the yellow
people is inevitable, because of their
desire to control the commerce of the
countries beyond the Pacific. Already,
he said, the legend "Great Britain but
greater Japan," finds utterance on the
lips of every son of the flowery king-
dom.

Judge Lineberger advocated the es-
tablishment of a foreign trade bureau
under the supervision of the customs
service.

PREMIER STOLYPIN TO
USE THE MUCK RAKE
Draft in "Militia Contract in Russia is
Being Promptly Dealt With.

ST. PETERSBURG, Nov. 29.—
Premier Stolypin has been taken by
Stolypin to deal with the situation
arising out of the militia contract
scandal in which a man named Lad-
villain, then minister of the interior,
and General Protopopov, the premier
has called a special meeting of
the council of ministers for tomorrow
to discuss the affair. M. Guorko has
resigned.

The premier is expected to appoint
an inter-ministerial commission, com-
posed of assistant ministers, to in-
vestigate the case.
Orders have been given to at once
collect evidence and submit to exam-
ination all persons connected with
the affair, and General Protopopov,
governor of Nizhni Novgorod, has been
summoned to St. Petersburg to answer
to the charge of standing sponsor for
Ladvillain. A man named Solokich, an
associate of Ladvillain in buying grain in
the provinces, also has been summoned
by the minister of the interior. He
failed to answer and is thought to be
hiding.

THE TARIFF SATISFIES
MONTREAL PEOPLE
(Special to the Star.)
MONTREAL, Nov. 30.—The new
tariff was well received here. That it
was not so serious objections to it,
and in many cases there was praise.
C. B. Gordon, the organizer and man-
ager of the Dominion Textile Co., ex-
pressed as follows his opinion: "While the
change is not what we were expecting,
it is satisfactory. The only change of
any account is that British prints pay
25 instead of 23 1/2 and bleached 17 1/2
instead of 15 1/2. We are satisfied. As
far as the general tariff is concerned,
it is a good one, considering the pros-
perous state of the country, and should
be well received."
Fuller of Fairbanks protests against
the extra preference to British machin-
ery, and says it is not fair to Canadian
manufacturers or to importers. This
is the only big kick.

CHARLOTTETOWN, P. E. I., Nov.

THE INS AND OUTS OF
WINTER PORT TRAFFIC
Eight Hundred People to Sail
on the Empress.

The Montezuma Lands Over Three Hundred
Foreigners—Sand Point Berths
All Occupied.

The arrival of the new C. P. R.
steamer Montezuma at Sand Point dock
this morning with a large freight and
312 passengers from Antwerp, along
with the preparation for the sailing of
the big C. B. R. Empress of Ireland,
made matters extra busy about the
port. Captain Evans of the Antwerp
boat reports strong westerly winds
during the voyage out, but no damage
was done, and all passengers were
landed hale and hearty. The passen-
gers will be sent west by special train
this morning.

There were this morning at Sand
Point the steamer Alcides for Glasgow,
the Empress of Ireland for Montreal,
the Montfort for Bristol, the Monte-
zuma for Antwerp. At the Corpora-
tion pier is the Parthenia for Glasgow,
and at the I. C. R. terminus is the
Presford for Liverpool.

The winter port business is swinging
into shape and a larger business than
ever is expected this season. The
brought a large number of passengers
who are enroute to Liverpool on the
Empress of Ireland. The section of
the train on which the ocean going
passengers were was detailed at Fair-
ville and passengers with baggage
hastened into west St. John.

In all the ship has about 800 pas-
sengers.

WHO OWNS THE FINES
FROM CUSTOMS VIOLATIONS?
Mr. McAlpine Says They Should Go to the
Government—Recorder Skinner
Up for the City

Some time ago in the police court,
Jas. McCarthy, who was fined \$100 on
two counts for having in his possession
alcohol which had not paid any duty,
was over and the fines paid E. H.
McAlpine, who acted for the Dominion
Government. This morning the
fines should be paid to him for the
Dominion Government. This
morning Mr. McAlpine applied to Chief
Justice Tuck for an order, directing
the magistrate to hand over the money,
C. N. Skinner, who represented the
magistrate, contended that the pas-
senger train be placed into the
fines received by him to the cham-
berlain of the city. He also contended
that the Customs Act the magistrate
was not compelled to pay the money
over to the Government.

Mr. McAlpine held that under the
Customs Act the magistrate was com-
pelled to pay the fines on such cases
to the Government.
Chief Justice Tuck commenting on
the case, said that a very fine point
was involved and on this account he
would refer it to the full bench at the
next sitting.

FREIGHT AND PASSENGER
TRAINS IN COLLISION
MONTVILLE, Conn., Nov. 30.—Wil-
liam C. O'Connell, a New London man on
a Central Vermont freight train, was
killed in a head-on collision between
his train and a north-bound passen-
ger train near the Montville station of
the Central Vermont railroad early today
and several passengers were shaken up
and bruised, but none fatally injured.
The freight train had come to a stop
near a curve and the passenger train
crashed into it while going at half
speed, the engineer on the latter being
unable to put on brakes and jump before
the accident happened. The front of
the passenger train also jumped and
probably escaped death, as the engine
was wrecked by the force of its col-
lision.

A MILLION ACRES FOR
THE SALVATION ARMY
For the Establishment of a Colony in
Rhodesia.

LONDON, Nov. 29.—A report was
current in this city today that the
British South Africa Company has of-
fered the Salvation Army a million
acres of land in Rhodesia, free of charge
for colonization purposes, with the
stipulation, however, that in the event
of the Salvation Army scheme proving a
failure, the land should revert to the
company.

In an interview on the matter Gen.
Booth admitted that there was a cer-
tain amount of truth in the rumor,
but that the plan had been pre-
maturely disclosed.

oners escaped from the Queens County

SYSTEM DEFECTIVE
British Official Says There is
Room for Improvement.

Such Accidents as We Have Here Would
Not be Possible in the Old Country—
Cars Do Not Give Priority

NEW YORK, Nov. 30.—The Times to-
day says:—S. A. Pope, assistant gen-
eral manager of the Great Western
Railway of England, has just finished
a three months' tour of railroad inspec-
tion in the United States and Canada
in the interests of his country. He
sails for England tomorrow on the
Cunarder Caronia. In an interview at
his hotel yesterday, Mr. Pope said:—
"The principal object of my visit to
America was to get the Atlantic steam-
ships to leave their mails at out new
ports on the coast of Pennsylvania. It
is 229 miles from London and the jour-
ney is made in 4 1/2 hours. The Cunard
line with its new steamships can no
longer use Queenstown as a port of
call for the mails. When I came out
of the Lusitania we waited there four
hours and missed landing in New York
on Friday night.

From New York to Queenstown by
the new 25-knot steamer the passage is
scheduled to take 11 1/2 hours; to Fish-
guard 13 hours, and it would eliminate
the channel crossing. That would mean
the delivery of the American mail in
London at least eight hours earlier
than by the Queenstown route. In ad-
dition the Great Western has two tur-
bine boats between Fishguard and
Rosslin, Ireland, making the passage
in two and a half hours. For Man-
chester, Liverpool, and all midland
towns it would also be a great saving.

"One thing is certain," Mr. Pope
continued, "the Cunard line, to com-
pete with the North German Lloyd,
must go to Fishguard or Plymouth."
"I have seen the postmaster general
here and in Ottawa, to discuss our
scheme with them. Yesterday General
Chilwell presented me to President
Roosevelt. I have been much impressed
with all I have seen but the railroad
conditions in England are very differ-
ent to those in this country. In Amer-
ica, freight comes before passengers,
and with us it is the reverse. The safe-
ty signals in America could be very
much improved, and the appalling
number of accidents prevented. As re-
gards carriages, I think the English
people would not stand for the manner
in which passengers are packed into
Pullman cars at night. With us each
person has a compartment and a bed.
I prefer our corridor trains, with side
here. The roadbeds in the east are
good but they are bad in the west.
"America is a long suffering peo-
ple," Mr. Pope continued. "Since I have
been here ten persons have been killed
in one wreck and fifty in another. It
made a stir in the papers for one or
two days, and then it seemed to
forget it." Under the English system
two trains are not allowed to be in
the same section at the same time. I
held up for six hours near Denver to
let freight trains go by. I asked the
superintendent what would happen if
two passenger trains were allowed to
pass in the same section. He said that
he would make an important connection.
He replied, "You'd just have to miss it,
that's all." The freight cars are bigger
here than they are in England, but we
don't use big cars because we don't
have the freight."

Mr. Pope continued, "I have located
nearly all of the 400 people I sent out
here. They are all doing well. Much
talk is heard in England about the far
western cities. I think that New
Brunswick, Nova Scotia and Ontario
are far better places for the immi-
grants to settle in. Living expenses in
Winnipeg, Calgary and other western
cities are too high. The immigrants
should stay in this part of the country
for a while at any rate, until they
have saved enough money to buy a
small farm in the west.

"My people are scattered all over
Canada. Right here in St. John I
have located a young man, to com-
pete with the North German Lloyd,
managing a store here. I sent him to
Canada when he was but a child."
Mrs. Arnold-Forster, who has been
managing a store here in St. John, has
been endeavoring to arrange for the
erection of a training home here.
She leaves today for England, but
wishes it understood that the matter
will not be "dropped." She thinks a
home of this kind is greatly needed.
Hospitals for girls have been built
at Ottawa, Vancouver, Montreal and
Calgary, and Mrs. Arnold-Forster says
there should be one here. She spoke
at some length on the work of the Sal-
vation Army.

"It is the finest charitable institution
in the world. Twenty-five thousand
immigrants will be sent to Canada
next year under the auspices of the
Army."
Mrs. Arnold-Forster will probably
visit Canada again in the course of
a few years. She is registered at the
Clifton House.

CHARGES COAL COMPANY
WITH STEALING LANDS
And With Attempting to Poison a
Government Official—U. S. Com-
missioner Will Have a Busy Time

DENVER, Colo., Nov. 30.—The News
today says: Edward E. Smith, a state
commerce commissioner, on his way
to Denver where he is today he
will begin an investigation into the
charges made against the Union Pacific
Coal Company, that the corporation
has stolen thousands of acres of coal
lands to which it holds no rightful
title.

A. J. Smith, of the Smith-Bradbury
Mining Company, who stands sponsor
for some of the charges against the cor-
poration, intimates that he will charge
the attempted murder of a government
agent by poison during the hearing.
Smith says that it would appear that
an attempt was made to remove
Michael A. Mynderfer, the land office
detective, who testified in Salt Lake
city, on Wednesday, and who men-
tioned two Wyoming senators unfavor-
ably during his testimony.

According to Smith, Mynderfer after
completing his investigation stopped at
a saloon on his way to the Union Sta-
tion. Smith says something was put
into the liquor; that the detective be-
came unconscious and that it was
necessary to take him to a hospital.
It is also alleged that two attempts
were made to poison A. F. Abbott, gen-
eral manager of the Peerless Copper
Extraction Company, who with Smith
and W. H. Caniff, had been largely
instrumental in bringing about an in-
vestigation.

MEXICO CITY, Nov. 30.—William
R. Hearst was interviewed by a mem-
ber of the staff of the Mexican Herald
last night regarding his alleged state-
ment that he would not be a candi-
date for public office again. Mr. Hearst
said he had no desire to run for office
again and would not seek or accept a
congressional nomination. He modified
the utterance recently attributed to
him to the effect that he would never
accept another nomination by saying
that if circumstances made it imper-
ative he would once more be a candi-
date for office. He did not designate
the office.

PRINCE OF WALES OPENS
NEW COTTON EXCHANGE
LIVERPOOL, Nov. 30.—The Prince
of Wales, accompanied by the Princess,
today opened the New Cotton Ex-
change here, a handsome building
which has just been completed at a
cost of \$1,750,000. During the course
of his speech the Prince of Wales re-
ferred to the efforts being made to de-
velop the cultivation of British grown cotton,
with the object of making the British
cotton spinners partially independent
of foreign supplies, and said he had
followed the developments with great
interest and hoped the movement would
be successful.

SPORTING MATTERS. THE RING. HONEY MELLORY CHAMPION. BOSTON, Nov. 29.—Honey Melody, of Charlestown won the welterweight championship of the world from Joe Walcott, of Boston at the Lincoln A. C. tonight.

ROLLER SKATING. VIGOR DEFEATED FOLLIS. MONTCOEN, Nov. 29.—At the Victoria Roller Rink here last night, Harry Vigor, of Waterville, the champion one and three mile skater of Maine, defeated Fred Follis, the well known fast time roller skater, in a one mile race, after a close and exciting struggle in which the time was 3:10. The result was a big surprise to the large crowd present, who have always regarded Follis as a wonder.

WILSON DEFEATED ALWARD. A fair audience witnessed two races at St. Andrew's Roller Rink last night. The first race was between Gleason and Smith. The distance, ten laps was gone over in 2:50. Gleason won, and the result may be different. Saturday night they are to skate in St. John.

FAIRVILLE CHAMPIONSHIP. On Saturday night in the Victoria Rink the championship of Fairville was decided. The men to compete are: Wm. Crossan, Chas. McKinnon, Charles Taylor, John Butler, Joseph Connolly. The men have been talking the race over for some time, until matters are now at a pitch and the race will certainly prove exciting. The men have arranged that a entry fee of two dollars will be posted, the winner of the race getting seven dollars, and the man in second will get the remaining three dollars. The distance will be one mile. There will also be a handicap race, a boys' race and a tug-of-war.

ATHLETIC INDOOR SPORTS. The Marathon Athletic Club have arranged to hold a series of sports in the St. Andrew's Rink on next Thursday night. The chief events of the evening will be a three-mile race and a tug-of-war. Stubbs, who was second in the road race; Stirling, who was third, and Morrow, who also finished, will be competitors in the three-mile race. It is probable that the tug-of-war will be between five policemen and five members from the North End fire station.

WESTFIELD ASSOCIATION. The Westfield Outing Association a few weeks ago appointed a committee, of which W. C. Rothwell was chairman, to prepare suggestions regarding certain matters connected with the association's ball-boat races which are to be held on the St. John river, and other questions to be brought before the association. The committee propose the following:—

YACHTING. All sail boats are to be divided into the following classes: Class "A"—To be boats of the so-called "salmon boat" type, with keel, stern, centre board or ship keel; no outside ballast; keel of wood, not to be more than two inches below bottom. The dimensions of class "A" boats are not to exceed 25 feet over all, 8 feet beam, 40 inches depth amidships (including keel) 2 feet 6 inches draft; and not to be less than 30 inches depth amidships. The working sails are to be mainsail and foresail; or foresail, mainsail and jib. The mainsail is not to exceed in area one-quarter of the mainsail. The jib, if carried, is not to exceed in area one-quarter of the mainsail. Open boats or skiffs, not to be over 25 feet in length. They are to carry no trebleboard or standing keel; no outside ballast to be allowed.

WRESTLING. JOE GILBERT AGAIN. Young Burlingame, of Baltimore, will meet Joe Gilbert, the sturdy Boston wrestler, on the mat at the Columbia Music Hall tomorrow night, after the regular business performance. Friends of the Boston boy are confident that he will win. This is the first of the series of athletic events which Manager Harry N. Warren has arranged for his patrons for the winter. Apparently there are some easy marks in Boston, the home town of Gilbert.

ON THE ALLEYS. IRONS DEFEATED CAMPBELL. On Black's Bowling Alley last night H. Irons defeated Fred Campbell, in a very interesting match. Campbell had played a challenge game on an evening paper and Irons took it up. The men's scores was: 1 2 3 Total Av. Irons 90 90 106 286 95 1-3 Campbell 89 103 84 276 92 On next Wednesday will take place the roll-for the month will take place. Twenty-eight have already qualified.

BANNERMAN IS AGGRESSIVE. Hints That a Way May Be Found to Coerce the Lords on the Education Bill.

LONDON, Nov. 29.—At a special meeting of the general committee of the National Liberal Federation held today the political situation created by the House of Lords in amending the education bill so as to make it unacceptable was considered. A letter from the Premier, Sir Henry Campbell-Bannerman, was read. After referring to the bill as a travesty of the original, the Premier said: "If without prejudice to the cause of education an arrangement may be concluded, well and good. But if not, it will be for us to see that, on this question of education and on all others, a way can be found whereby the wishes of the country may be made to prevail."

This was greeted with a tremendous demonstration, despite the fact that the Premier did not indicate what course he intended to pursue. But there is no known method by which his object can be accomplished, unless his words imply an early dissolution of Parliament that the people may vote on the issue between the House of Commons and the House of Lords.

SHORTAGE OF COAL

FELT AT SPRINGHILL

The Boys From the Mines are Still on Strike—Manager Cowsens Threatens to Close up.

SPRINGHILL, N. S., Nov. 29.—The labor trouble at Springhill, which has kept the colliers in idleness for more than a week, shows no signs of diminishing. The deadlock between the company and the striking boys continues. An effort was made by the boys' committee to revive negotiations, but Manager Cowsens cut the interview short by telling them they knew how they came out of the mine and they could go back the same way. Mr. Cowsens said: "We own the works, we pay the wages, we have some right to say where and how our employes shall work."

The town cannot obtain any more coal from the local company, and a famine is already begun. A number of merchants joined in an order for one car of coal, which is expected to arrive from Chignecto tomorrow.

SALVATION ARMY HAD HARD LUCK IN BOSTON

After Feeding Thousands of Poor People Their Big Building Was Burned

BOSTON, Nov. 29.—Misfortune came to the Salvation Army at the close of Thanksgiving today, for after feeding several thousand people in different parts of the city, the big storehouse and workshop for the unemployed in Roxbury, was badly damaged by fire this evening, the loss being estimated at \$25,000. The building which was a wooden four story affair was partially filled with a large amount of second-hand furniture, while two of the upper floors contained a considerable number of shoes and other goods under manufacture.

The fire will throw several hundred poor people out of employment for several weeks.

The Roxbury barracks of the Army, situated close by the storehouse, was not damaged.

HOTEL GLEK AND BROTHER ARE MADE MILLIONAIRES

Through the Death of an Uncle Who Struck it Rich in Australia.

NEWCASTLE, Pa., Nov. 29.—Thomas McCarthy, a clerk in a local hotel and his brother Michael McCarthy, of Wampum, a suburb, received word last night that an uncle, Timothy McCarthy, had died in Australia leaving them the sole heirs to a fortune of \$2,000,000. The brothers said last night that their uncle went to Australia 20 years ago and had made his fortune in gold mines. They are making preparations to go to Australia and claim the money.

THE TARIFF

There is nothing very surprising about the tariff amendments in so far as changes in the rates are concerned. The advance announcements by Mr. Fielding that no radical alterations were intended, but that an effort would be made in a general way to overcome many minor difficulties and to clarify the system of tariff application has been fully borne out by the report which he has presented. The government policy of moderate protection for a and favors to none has been closely adhered to and the many slight alterations made in the rates will, as they are intended to do, materially aid in the development of Canada's industrial and commercial life. There are three points which stand out prominently in the presentation made by Mr. Fielding. One is the provision of an intermediate tariff to be used in the future with any country which may feel like granting favors to Canada. The second is the fact that the Canadian manufacturers' demands for extreme protection have happily been ignored, and the new tariff built on a basis of generosity not only to the manufacturers but to all other classes in the country. The third point, and one which is of much interest to us in the maritime provinces is that no change is made in the application of the British preference. Evidently this has not yet come when Canada can afford to make an attempt to force British shippers to forward their goods through Canadian ports and in only British bottoms. We may hope for this in the not distant future after the question of nationalization of ports has been settled.

Generally the new tariff will be a strong factor in the development of trade, strengthening the weaker industries, leaving more to their own devices those which through protection in the past have become strong, cheapening to the consumer those articles not produced in Canada, and making easy the way for the establishment of new industries.

SUFFERING SUFFRAGETTES

Certain women who hold the opinion that the franchise should be extended to themselves and to others of their sex have for a time been making a stir in England. A society formed on the same principle also exists in America, but it has not yet attained any marked degree of notoriety. This is probably due to the fact that in the United States where women believe they enjoy a greater amount of freedom than in most other countries, they are coming to the realization that the success is not entirely unmitigated. They are beginning to ask themselves if the gains are worth the candle, and many are of the opinion that it is not. Women's suffrage is to some extent connected with the invasion made by women in the world of labor. It is one stage on the road to full liberty, but in England it is being placed at the beginning of the journey, while in America women have desired to first prove in competition with men that they are worthy of equal privileges. There are a great many more female workers in the United States than there are in England, and the realization of what this life means has rather dulled the desire for further freedom. Women in this country are coming to see what they are losing by their desire to earn livings for themselves. It is true that many are so placed that they are compelled to work, but on the other hand a very large proportion are in different occupations merely through a desire to become independent. They have attained this end, success has brought bitterness. Women entered the field with a desire to prove that she is the equal of man. She has done so, but she forgot that in such a competition no favors are shown by either side. She did not expect to meet coldness, to have her value judged by the ordinary standard, to be regarded as no better than those of the male sex against whom she struggled. She believed that there would still cling to her that idealism, that the deep rooted respect entertained by men would remain, and she is grieved to find that this is not the case. Woman as a working being has seemingly lost many of those qualities which formerly placed her on a pedestal, she is regarded only as one who works, a competitor with man for a daily wage, and in no way superior. In reality, those fine qualities have not been lost, they are only buried under the more dominant traits called into play in the effort toward independence. And they are finding their way to the surface, indicating that woman, successful in proving herself equal to man, does not enjoy her success, but rather regrets having forsaken her proper sphere. They are the cries of defeat in the hours of victory. She misses the deference due, and which would be willingly be shown, to those who by retaining their truer natures deserve it. Woman is now glorying in

the success of her own independence and at the same time mourning the loss of many evidences of respect, the deference, and the protection formerly bestowed on her by men, and indicating a decline in pleasing as it was deserved.

PEACE SOCIETY SEEKS ROOSEVELT'S HELP

Urge the Creation of a Parliament of Nations.

Reduction of Armaments, Codification of International Law and Anything to Avoid War.

BOSTON, Nov. 29.—The American Peace Society made public in this city today a letter which has been forwarded to President Roosevelt in connection with arbitration matters of international dispute and dealing also with the reduction of armaments by international agreements. The letter follows: Theodore Roosevelt, President of the United States. "Dear Sir:—The directors of the American Peace Society, in common with their fellow citizens of the whole country, believe that the foundations of peace among the nations, which were established by The Hague conference of 1899, can be further materially strengthened by the approaching conference of 1907.

"We appreciate the high service rendered by you in taking the initiative in calling the conference when it meets a conspicuous success. It is our wish to support the Government in every way towards this end, and we hope to see the United States representatives in the conference take a leading position in its deliberations.

"The demands of an enlightened public opinion on this great subject have been expressed in many ways, notably through the inter-parliamentary union, the Mohonk arbitration conference, the peace congress and many other organizations. We venture respectfully, on behalf of the American Peace Society, to suggest that the following important subjects should constitute a part of the programme of the conference, and we hope that the delegates from this country may be instructed to use the best efforts to see that these subjects are given careful consideration:

"1.—The further development of the permanent court of arbitration, and the conclusion of a treaty of obligatory arbitration, as general as possible, to be signed by all the powers of the world.

"2.—The creation of a periodic congress or parliament of the nations either by making The Hague conference itself permanent, periodic and automatic, or in whatever other way the wisdom of the conference may determine.

"3.—The limitation and if possible the reduction of armaments by international agreement, as proposed by the British Government and House of Commons, and supported by the Governments of France and Italy.

"4.—The formation of an international commission for the codification of the generally accepted principles of international law, and the study and development of those principles about which there is disagreement; thus raising the law of nations to a higher status than it now occupies, and making it a true body of world law for the better guidance on international relations.

"5.—Provision that differences which nations exclude from arbitration, such as affecting vital interests or national honor, shall, before recourse to hostilities, be referred for arbitration to a commission of inquiry, who shall make a public report of their judgment thereon.

"6.—The immunity from capture of all non-military private property at sea in time of war."

TRIAL BY TELEPHONE

Trial by telephone is the latest from Wisconsin. At Tarrant a justice of the peace retained a charge against a rural resident who failed to appear for a hearing. Straightway the court called up the alleged offender on the phone, and the following dialogue ensued:—"Hello, John," said the court, "I wish you would come down today."

"What for?"

"The town marshal has sworn out a warrant against you for beating him up election day. I want to try you."

"Can't do it, judge. I'm too busy."

"I'll have to send a constable after you."

"But I am busy hauling corn and building a fence about ten feet forty. Why don't you try me now?"

"All right. Are you guilty?"

"Yes."

"Five dollars."

"All right, judge. I will send it down by the rural mail carrier. Good-bye."

O'HARE'S STATUS

The Rev. Samuel McCoomb told a story of one of the choicest Irish bulls on record. A certain man, a traveling Irishman, stopped to inquire of an Irishman who lived in a certain house they were just passing. The Irishman replied: "That is Mr. O'Hare's house, and if he had lived until tomorrow he would be one week dead."

VALUE OF CREMATION

"Cremation is good," wrote the little girl in the examination, "because the person might only be in a swoon, and if he is burned he cannot recover."

FISHING SEASON A GOOD ONE

ST. JOHN'S, N.B., Nov. 29.—Thus far in the present fishing season about 25,000 barrels of salted herring have been taken from the Bay of Islands. It is estimated that the total amount will equal that of last year, but Canadian and Newfoundland vessels are getting larger catches, while American vessels are getting smaller catches than last season.

The training school for nurses in connection with the Moncton Hospital has been opened. Dr. White delivered his first lecture on Friday last on anatomy. These lectures are given in the board room, and will be given twice each week, Tuesdays and Fridays. Four junior nurses have been accepted and are in training. Miss Myrtle Holder, of this city, is head nurse in this institution.

On Tuesday J. Stewart, one of the I. C. R. travelling auditors got on the Canada Eastern express at Penniac. He took over the ticket held by Conductor Yursa, and proceeded to inspect the conductor's work. Tuesday night he got on Conductor Logan's train, and came to Chatham Junction. On both occasions he found everything all right.—North Shore Herald.

BEFORE THE FINAL FREEZE-UP

The sharp turn in the weather last night and the glazed condition of the ponds and lakes about the city indicate a permanent change for the colder weather, or in other words herald the presence of winter. Victoria Rink is soon to be made ready for flooding for the ice season, but before this is done a grand farewell carnival will be held next Tuesday at which thirty dollars will be awarded in prizes: \$15 for masqueraders and \$15 for gate prizes. A night of big fun.

SPECIAL PRAYERS, DEC. 9.

Rev. Dr. Camman writes thus in the last issue of The Wesleyan: In the report on Union adopted by the General Conference, it was requested that a day be set apart for special prayer in our churches for divine direction and watchful care in regard to the proposed union of churches in this country. As the union committee are presumed to meet on Wednesday, Dec. 12, in furtherance and aim of the General Conference, it is recommended that feeling dependence upon God our Father, and trusting in Him alone, fervent prayer for such guidance and heavenly wisdom be offered up by all ministers and people in all Methodist meetings and assemblies on Sunday, December 9th, the Sabbath preceding the union meetings.

The Ladies' Orange Association held a very successful concert last night in Orange hall, Germain street. The worthy mistresses of Dominion, Roxborough and Cullum lodges were seated on the platform, the district master occupying the chair. An excellent programme was rendered by the following: Piano solo, Miss Retailer; solo, Rev. Mr. McLean; recitation, Roy Harding; solo, Miss C. Belys; piano solo, Miss Perry; piccolo solo, Mr. Ross; recitation, Miss Wood, solo, Miss Maboe; reading, Miss Seely; piano solo, Miss Ferguson; club singing; Miss Beville; piano solo, Miss Fox; reading, Miss Legget. The national anthem closed a very pleasant evening.

A one mile race between Harry Vigue of Waterville, one and three mile roller champ of Maine, and Fred Folli, is the surprise which awaits patrons at St. Andrew's Rollaway on Saturday night. To show just how fast Vigue is it is only necessary to say that he has defeated Folli three times in Maine, and again last night in Montreal. It was at Folli's suggestion that Vigue was brought here to skate him, as he is one of very few men who has ever beaten Folli. The latter still believes he can win in Amherst tonight, and here Saturday night. One thing is certain, whoever does win it will be the best race seen here in twenty years, when Skinner and Saunders were skating.

What a Blow

There's a great big hub-bub going on and lots of printer's ink being used in blowing about Shoes. One dealer swears his to be the best; the other his, and so with the third. They're all good. We know it, and so do you. But our Shoes for men, women and children are as good as any in the world and better than many. One thing, however, in favor of ours is that there's a certain style about them that you won't find in all shoes. It's because of their style and their easy and perfect fit that they've won their reputation. All leathers and lasts.

Then there's another point in our favor—it's our prices. Always a little lower you will notice than the other fellows on the same grade. WE think this is THE SHOE STORE after all. Come, see what YOU think.

WHERE THE GOLD IS.

It is a surprising fact that, though for the past fifteen or twenty years the production of gold throughout the world has been steadily rising, the United Kingdom at the present time is bare of gold. Not in a literal sense, for there is always a handsome amount of coin and bullion in the vaults of the Bank of England, but in comparison with other and perhaps more fortunate countries.

The English stock of gold at the Bank of England was \$24,000,000 at the close of the year 1880, in the days of small gold production and much smaller business. It was only \$23,000,000 at the close of 1905, though we have seen that the gold production had trebled in the interval, and business had probably doubled. The highest point reached was in 1885, at the end of which year it stood at \$26,000,000. It is today about \$29,000,000—a dangerously small sum for modern times.

Where England had stood still, France, Germany, Russia, Austria, Italy and the United States have all advanced. In most of these countries trade has been developing far faster than in England, and gold goes where trade is most active. In France, the stock of gold in the Bank of France has risen from \$24,000,000 in 1880 to \$115,000,000 in 1905. It has thus been more than quadrupled, and even today it is \$112,000,000. France has an ample supply, but her bank authorities are careful not to part with their gold when they can possibly prevent it.

Germany maintained in 1880 a stock of only \$2,000,000. In the vaults of the Reichsbank at Berlin, in addition, of course, to the military war chest of only \$2,000,000. In the vaults of the nation can fall back as a last reserve in the hour of war. She trebled this amount between 1880 and 1905, for in the latter year the figure was \$29,000,000, while it is \$38,000,000 today. Where England has stood still, Germany has got the gold. Her ally, Austria, is another great holder of gold, and has recently increased her holding markedly. The Austro-Hungarian Bank in 1880 had a supply of only \$5,000,000, which by the skill of its financiers authorities was expanded to a figure of \$46,000,000 in 1905, and which has been as high as \$49,000,000 in 1904.

In Italy and Russia, though the figures for 1880 are not available, the same attention has been shown to the gold reserve. Russia had at the end of 1905 an amount of \$74,000,000, or nearly three times the British one. Italy had at the end of the same year a supply of \$23,000,000 in gold, which in the present year has been raised to \$28,000,000. In the United States the Treasury at the end of 1905 had gold of the value of \$275,000,000 in its vaults, against an amount of \$24,000,000 in 1880.

Thus France, Germany, Austria, Russia and the United States keep a larger stock of gold than does improvident England. All, or most of them, have increased their stock to correspond with the growth in the gold production. Italy, with infinitely smaller requirements and obligations than the United Kingdom, has certainly quadrupled her stock of gold in the last twenty-five years, while England remains content with practically the same quantity of the precious metal as in the past and trusts to luck to bring her through any serious crisis.

It is not as though the British Empire did not produce gold in immense quantities. The mines of the Rand before the Radicals got to work upon them were turning out \$20,000,000 worth annually. The Australian output last year was \$17,500,000, and the Canadian production \$2,888,000. The United States stood next to South Africa, with a production of \$17,288,000 worth.

THREE ALTERNATIVES FOR CANADA, EARL GREY'S OPINION

We Can be Absorbed by the United States, Can Lose by Our Own Weakness, or Can Become a World Power—It Rests With Ourselves—Foreign Labor Needed.

TORONTO, Nov. 29.—Earl and Countess Grey and suite arrived this morning on a three days' visit to Toronto. His excellency was the guest of honor at the Canadian Club banquet at the King Edward tonight.

After reference to his recent trip west he said he was impressed with the need for cheap labor to develop the country's resources.

"Gentlemen, if you were to ask me what points have struck me as requiring attention from the agreeable business of making your fortune, I would say the chief requisites of Canada appear to me to be the taking of such steps: (1) As will lay firmly and securely the foundations of a future trade with the Orient. (2) As will perfect your system of transportation on east and west and secure to Canada the full benefit of her geographical position. (3) As will increase the supply of labor.

"I am impressed by the evidence which has reached me from every side of the way in which agricultural and industrial developments, besides great public works of construction on which the life of the country depends, are kept back by the difficulty of obtaining labor.

"There is much work requiring to be done which Canadian and Englishmen will not do and for which it would appear that foreign labor must be imported from outside."

There are three alternatives which Canadians have before them, absorption by United States, weak and impotent isolation, and a recognized position in the pan-Britannic federation in which each component part can hope to reach that position of leadership to which it is entitled by reason of its moral and material strength and through which it can exercise influence in the councils of the world.

"I would not have you think, gentlemen, that I am one of those who hold that Canada is not contributing to the strength of the empire because she does not at present contribute to the fleet."

"You are doing great work in making Canada the half way home of the empire, and in straining every nerve by means of your transcontinental railways to shorten transit between England and the Orient, and you have every reason to be proud of what you, with your comparatively small population, have accomplished and are accomplishing."

The speech throughout was most optimistic.

PLUCKY YOUNG GIRL DEFENDED FRIENDS

Shot a Scoundrel Who Deserved His Fate

Ethel Smith Fired Five Shots into Elmer Briggs When He Tried to Force an Entrance to the Smith Home

THORNTON, R. I., Nov. 29.—Ethel Smith, the pretty little 15 year old daughter of Special Policeman Leader Smith, is under arrest tonight at the home of Chief of Police Howland Kimball, charged with killing Elmer Briggs, a resident of this town. The circumstances of the killing were such that after being obliged to arrest the child, Chief Kimball took her to his house, gave her a Thanksgiving dinner and declared that she would not go to jail so long as she was under his jurisdiction.

Today's tragedy was the culmination of an estrangement between Briggs and his wife. About two weeks ago Briggs is alleged to have deserted his wife, leaving her without means to support herself and her three small children. Special Officer Smith, who is a well known farmer, took pity upon the destitute woman and he and his wife received Mrs. Briggs and her children into their home and were arranging to send them to the home of Briggs's brother, who lives in Atlantic, this state. Among the members of the Smith household was a colored servant named Mollie E. Mannel, who was the only man about the premises at the time. Halliday refused to admit him and when Briggs threatened to make trouble, Halliday started to bring Chief of Police Kimball to the scene, leaving in the house Mrs. Briggs and her children. Mrs. Smith and Ethel. The women and children, fearing that Briggs would force an entrance, locked all the doors and windows and built barricades of chairs.

Briggs returned to Thornton yesterday and learned the whereabouts of his wife. This afternoon, during the absence of Mr. Smith, Briggs came to the Smith house. He demanded admission of Charles Halliday, a colored cook, who was the only man about the premises at the time. Halliday refused to admit him and when Briggs threatened to make trouble, Halliday started to bring Chief of Police Kimball to the scene, leaving in the house Mrs. Briggs and her children. Mrs. Smith and Ethel. The women and children, fearing that Briggs would force an entrance, locked all the doors and windows and built barricades of chairs.

After receiving the Mannel woman into his home, Mr. Smith, fearing that the woman's husband might offer violence, purchased a .32-calibre revolver. After Halliday left the house this afternoon, Ethel procured the weapon.

As soon as Halliday was out of sight, Briggs again demanded admittance. This being refused, he drew a large carving knife from beneath his coat and cut away the netting from the screen on the front door. He then smashed a pane of glass in the door, reached his arm on the inside, turned the key in the lock and threw back the bolt. As he started to enter the house, Ethel warned him that she would shoot but he persisted. Briggs paid no attention to the child's words and as he forced the door open the little girl fired two shots at him, both bullets lodging in his body. Briggs hesitated for a moment and then kept on. The child fired three more shots, every bullet taking effect and Briggs staggered back and fell dead on the steps.

A moment later Halliday and Chief Kimball appeared at the house. The chief was obliged to arrest the child but took her to his own home and declared that she would not be taken to jail.

"If there is to be any locking up," he said, "it's going to be in my house. I am not going to put that child in jail so long as she is in my charge."

Nearly all the residents in the neighborhood offered to go on Ethel's bonds. An attempt will be made tomorrow to have the child released on bail pending a hearing on the case.

All of those who were at the house at the time of the shooting were unanimous in saying that when Briggs approached the house he was muttering threats to kill his wife and children.

AN OUTFIT FOR THE SMALL MISS.

4671—They make need new outfits quite as much as older ones and if mother can find time to fashion the little garments at home they will seem all the more attractive. Here are coat, cap and dress all of the latest style and not elaborate. The dress has a round yoke and small bishop sleeves being suited to development in the wide embroidery or any white washing stuff. The coat would be pretty if made of white cashmere or broadcloth while red and blue are serviceable. A silk or washable braid may be used to trim it and the lining should be silk or a soft durable material. The cap is very pretty if made of a soft silk, the crown and headband being embroidered in white. For the medium size 3 1/2 yards of 2 1/2-inch material are needed for the dress, 2 1/2 for the coat and 1/2 for the cap.

4671—Sleeve 1/2, 1, 2, 3 yards.

Our success has been due to judicious, persistent advertising more than to anything else. The Hygeia Hotel never amounted to much until we began spending a lot of money to tell the people about it.—Hygeia Hotel, Old Point Comfort.

WELL PLEASED

Suburbanites Benefited by

Rothschilds Needs New Public Hall—
Good Entertainment—Not Satisfied
With the Mail Schedule

(Special correspondence of The Star.)
ROTHSCHILD, Nov. 29.—Entertainer
Williams, who was in the
teasers of Rothschild College to give a
recital in aid of the funds of St. Paul's
church, had an appreciative and
large audience in its Sunday school
room. His programme was interesting
and his impersonations of the
Rothschild folk do not often have the
chance of listening to so good an artist.
It is not every entertainment that can
be held in a church Sunday school
room, though it has been used for
public purposes once or twice lately.
The small hall Mr. Gilbert fitted up for
the public is at present used as a store
room. For this reason an offer of one
or two entertainments have recently
been declined.

The use of gasoline as a power—a
useful power—has been well illustrated
here the past few days by the Smith
of Hampton, who with a gasoline en-
gine and a sawing machine upon a big
covered wagon has been cutting up
cordwood and making it any length
desired. To save seventeen cords of
wood thus manufactured inside of
three hours occupied the eyes of those
people who only knew gasoline from
its connection with automobiles. From
the appearance of the huge wood piles
it looks as if Rothschild wood sawyers
have lost their occupation. And yet
the coal dealers have a big market
here. Peter Campbell's greenhouse
uses one hundred tons of Scotch an-
thraxite Rothschild colliers 20 tons of all
kinds in addition to 170 cords of hard-
wood, each of the hotels from 20 to 40
tons, to say nothing of the supplies for
private houses.

When the old three and six months
railway season tickets were abolished
last summer and the books of monthly
tickets issued, each book contained 55
tickets, or more than a passenger would
need if he travelled twice over the line
every day. The result was that com-
muters usually had several tickets in
at the end of the month which were no
good to them. This led to kidding, and
now the railway has reduced the num-
ber of passages in a book to 50 per
month and reduced the cost to 75c
from \$1.00. From \$1.50 to \$3.00
from St. John from \$1.50 to \$3.00
Mrs. Yasie and W. E. Foster pur-
chased the land that extends from the
rear of the lots on which their summer
cottages are to the right of way near
the railway track. The Misses Ballen-
tine were the owners, and the pur-
chase price is said to have been a tidy
sum.

Mails, of course, depend almost
altogether upon trains and yet there is
something very wrong in the system
of mail carriage that does not take
advantage of the opportunities offer-
ed by the railway. For example a
business man in Hampton who mails
a letter late Monday evening or early
Tuesday morning to a business man
in Rothschild, the latter might reasonably
expect that if the railway
facilities were taken advantage of he
might get that letter from the Sussex
train, or at least that it might not
reach St. John on the Sussex train and
come to him again on the Atlantic or
C. P. R. express. It is called "a
such thing." That letter comes down
the line in the train that reaches Roth-
schild Tuesday afternoon at 2 1/2. It is
carried to St. John and comes out on
the train that leaves St. John at 7 p.
m., or it may be that it does not leave
Hampton until the afternoon C. P. R.
for the west comes along, and it is
brought direct.

What a time for a
letter to come 13 miles, and yet Hamp-
ton is but an illustration. If there
was a mail chest on the mail along
the valley of the Kennebecasis would
reach St. John at 9 a. m., the same
time as that which comes from Fre-
dericton. It is well known that some
of the postal officials have urged this
course, but with others, and apparently
those in authority, there is no dis-
position to make a change. If the
P. O. inspector would make a trip over
the road and talk with business men
he would find how gladly they would
welcome such an improvement.

It is understood that the Rothschild
Water Company has bought additional
acreage about the source of its wa-
ter supply, so that now practically all
of the land surrounding the head of
the stream and the lakes is in its pos-
session.

SOCIETY

After a season of gaiety almost un-
paralleled in St. John's social life the
extreme dullness of the present week
stands out in marked contrast. The
numerous teas and at home have
come to a sudden stop and for the last
few days there has been practically
nothing going on. A few thimble par-
ties have been held and one or two
small receptions, but not enough to
keep up the excitement. This quiet
period has come as a pleasant rest for
the many functions were becoming
tiresome. During the present week in-
terest has been created by the mar-
riage of Miss Kimball, one of St. John's
most popular young ladies, and Mr. J.
Gordon Dodd, of Winnipeg. The recep-
tion given by the C. M. B. A. was also
an enjoyable affair, but all the impor-
tant event is the St. Andrew's night
celebration which takes place this
evening in York Theatre. It is antici-
pated that seven hundred and fifty
guests will be present.

Mrs. George E. Foster was the hostess
at a delightful little tea yesterday
afternoon, which was given in honor
of Mrs. J. P. Whitney, of Toronto.—Ot-
tawa Citizen.

Miss Laura Bradley, of St. Stephen,
who has been visiting her cousin, Miss
Retta Fitzgerald, of Guilford street,
West St. John, for the past fortnight,
has returned home.

Mrs. Hansard and Miss Hagan will
be passengers for Liverpool on the S. S.
Empress of Ireland today.

Mrs. James Osborne and the Misses
Osborne, of Montreal, are visiting Mrs.
G. A. Kimball.

E. J. and Mrs. Peters, of St. John,
who are at the Carleton Hotel, will
leave on the next Elder-Dempster
steamer for Mexico. Mr. and Mrs.
Peters will spend the winter in Mexico
and California, returning by way of
British Columbia and the West.

Montreal Star: Mrs. W. H. Purdy, of
St. John, N. B., is the guest of Miss
Helen Park, 226 Peel street.

Mr. and Mrs. E. Triffin, of Moncton,
are at the Royal.

Frank Davidson, of Liverpool, N. S.,
is at the Royal.

R. A. Lawlor, barrister, of Chatham,
is registered at the Royal.

S. S. Ryan, M. P. P., of Coverdale, is
at the Victoria Hotel.

Mrs. John C. Winslow, who has been
visiting her daughter in Ottawa, re-
turned yesterday morning and will
spend the winter in St. John, at the
home of C. M. Dostwick, 108 Carnar-
then street.

Mrs. Matthew Edwards will be the
hostess at a small dance on Wednes-
day evening next.

A. McKinnon, of Ottawa, is at the
Clifton.

Miss Isabelle Creelman, of Montreal,
is visiting Miss Elsie McLean, Hors-
field street.

The engagement is announced of
Miss Jean E. Moore, daughter of Lieut.
Colonel Moore, D. O. C., Charlottetown,
P. E. I., to Mr. Charles Herbert Black,
of Pugwash. The wedding is arrang-
ed to take place early in January.

Mrs. Richardson and her little
daughter, Helen, accompanied by Miss
Schofield and Miss Ethel Jones, left
last evening for Montreal to be present
at the ceremonies in Montreal.

Mrs. Guy Dunn was the hostess at
a thimble party on Wednesday after-
noon.

Mrs. Arthur Bowman will entertain
with a tea next Wednesday afternoon.

The Misses McLaughlin, of Lancelot
street, gave a bridge whist at their
home yesterday afternoon.

Mr. and Mrs. T. H. Bullock have re-
turned from Fredericton, where they
were guests at Miss Johnson's wedding.
Miss Dorothy Edgcomb is visiting
friends in Fredericton.

Mrs. Nichols and Miss Nichols, of
Boston, who have been visiting in the
city, guests at the Victoria, left for St.
Stephen on Wednesday, where they
will make a short visit before return-
ing home.

Mr. and Mrs. Guy Chells, who were
recently married in Fredericton, spent
Thursday in St. John.

Miss Hazel Hall was hostess at a
small but very enjoyable dance last
night at her home, Orange street.

Miss Elsie McLean was the hostess at
an informal dance last night, at the
club house at the local golf links.

Mrs. Wetmore Merritt and Miss M.
Peters have issued invitations for an
At Home on Wednesday afternoon
next.

Mr. H. A. Holmes, manager of the
Bank of Commerce, returned last night
from St. John.—Halifax Farmer.

Mrs. L. B. Knight, accompanied by
her niece, Miss Stewart, who has been
visiting her, went to Newport on Tues-
day, where Miss Stewart was quietly
married on Wednesday to Edward P.
Dulley, of New York.

Miss Annie Raymond, of Norton,
spent part of this week with friends
here.

Mrs. L. E. Tapley left on the Govern-
or Cobb on Friday night for a trip to
Boston.

Mrs. D. J. Brown returned on Tues-
day from a trip to Boston.

Mr. J. M. H. Robinson, of the James
Robertson Co., Montreal, was in town
for a few days this week.

Miss Elizabeth Deady gave an en-
joyable thimble party at the home of
her aunt, Mrs. S. Merritt Wetmore,
Tower street, West, on Friday last.

Mrs. Edith Skinner gave a very en-
joyable tea on Saturday afternoon in
New York, to the guests of the
honorable Miss Annie King, of Califor-
nia, who is visiting friends here.

Miss Celia Armstrong entertained her
young lady friends with a pleasant
thimble party at her home Wellington
Row on Tuesday afternoon.

Mr. Holmes, of the Canadian Bank
of Commerce, Charlottetown, spent
Sunday here, the guest of Mr. J. F.
Robertson, Carleton street.

Mrs. G. Sydney Moore, of Amherst,
has been visiting in town, the guest
of Miss Blair, Orange street.

Rev. Canon Symonds, of Christ
Church Cathedral, Montreal, was in
town this week. Canon Symonds
preached in Trinity church Sunday and
again on Monday in connection with
the annual C. of E. Institute service.
During his stay in the city Canon Symonds
was the guest of Mr. and Mrs. Herbert
Schofield.

Rev. E. Bertram Hooper of Moncton,
the new Rector of St. Paul's church,
with Mrs. Hooper, were in town this
week looking for a house. During their
stay in the city they were guests at the
Victoria.

H. A. Powell, of Sackville, who is
coming to St. John to live, has taken
the house at the corner of Wentworth
and Orange streets, formerly occupied
by the late George McLeod.

The first meeting of the season of
one of the numerous whist clubs, was
held at the residence of Mrs. Wm.
Fugaley, Chipman's Hill.

Mrs. J. E. Edgett left on Monday for
Roxbury, Mass., to spend the Ameri-
can Thanksgiving with her sister,
J. C. Campbell.

Mr. and Mrs. W. Malcolm McKay,
and Mr. and Mrs. F. E. Sayre, returned
this week from a trip to Boston.

Mrs. A. Gordon Leavitt has gone on
a trip to Montreal and Toronto.

Miss Zillah Rankine has issued in-
vitations for a dance at her home, Ger-
main street, on Tuesday evening,
December fourth.

The Art Culture Club met on Tues-
day evening with Mrs. George F. Mat-
thew at her residence, Summer street.
The evening was devoted to readings
from Byron and music by Webber.
There were a number of guests and the
evening was very enjoyable.

Mrs. F. A. Hackett and young son of
Blaine, Me., have returned to the city
and are staying at the Clifton house.

Christian Scientist Thinks it Quite Possible
That Mrs. Eddy May Never
Die.

NEW YORK, Nov. 29.—That Mrs.
Eddy may never die is the remarkable
statement made by Mrs. Augusta E.
Stetson, one of Mrs. Eddy's most faithful
students in New York, to a reporter
who had occasion to interview her
recently. In the course of his talk
with the aged disciple of Christian
Science, the reporter chanced to ask
Mrs. Stetson her opinion of the recent
visit of reporters to Mrs. Eddy's home,
after the claim had been made that the
venerable leader of Christian Science
was suffering from the last stages of
cancer, and that another woman mas-
querading as Mrs. Eddy drove about
daily in the Eddy carriage, that Chris-
tian Scientists might continue to be-
lieve in her marvellous preservation.

THREATENED TO
SHOOT ROCKEFELLER

Woman Insisted That He Should Pay Her
a Million for Ruining Her
Husband.

NEW YORK, Nov. 9.—Charged with
threatening to shoot John D. Rocke-
feller, unless he paid her a million dol-
lars, Mrs. Rosa Delina Beauvois Hand-
field, forty years of age, was arrested
today on a warrant issued by a police
magistrate.

At the District Attorney's office, Mrs.
Handfield said her husband had been in
the oil business, but that he had been
ruined by the Standard Oil Company.
Mrs. Handfield is charged with hav-
ing made the demand on Mr. Rockefeller's
secretary last Friday. "It is alleged
that she forced her way into his office
at 26 Broadway, and declared she
wanted a million dollars, and avowed
that if she did not get it forthwith, she
would kill Mr. Rockefeller and burn
down the building, where the com-
pany's office was located. It is
charged she displayed a revolver.

TO HARNESS VICTORIA FALLS,

Electric Power Ahead for Rhodesia and the
Rand—Kaiser Delighted.

BERLIN, Nov. 29.—The long discussed
scheme of harnessing the Victoria
Falls of the Zambesi River will be be-
gun immediately with united British
and German capital. When the works
are completed electric power will be
supplied to the industries of Rhodesia
and the Transvaal, including the Rand.
Probably many railways will be elec-
trified later on, getting their power
from the same source.

The Kaiser is greatly interested in
the undertaking. He has sent a mes-
sage to the London branch of the syn-
dicate expressing great pleasure to find
serious Britons and Germans cooperat-
ing in such an enterprise because it
further the cause of international
peace, which he has so much at heart.
The British have the preponderating
interest in the scheme and will control
it.

SMALLPOX OUTBREAK
AT SPRINGHILL, N. S.

SPRINGHILL, Nov. 29.—The schools
were closed today till after December
on account of smallpox. Luckily it is
the less harmful kind, known as vario-
loid, but very contagious.

The government intends putting
Springhill in quarantine and fumigat-
ing the mails. It is said the disease
was brought into the town by a visitor
from the United States.

POPE MAY YIELD TO FRANCE.

American Prelates Said to Have Advised
Conciliation—Odd Funeral
Doings.

PARIS, Nov. 29.—The church situa-
tion is becoming more sensitive daily.
According to information in reliable
quarters Cardinal Richelieu received to-
day the Pope's definite instructions re-
lative to December 11. There is the
keenest desire to know their nature,
but they have not been published.

Word, however, has come unequivocally
from Rome to some interested circles
that the Pope personally is much more
inclined to a pacific, liberal and
conciliatory attitude toward
France than has been generally sup-
posed or would be judged from his en-
cyclical, but Cardinal Merry del Val is
determined to prevent him from yield-
ing, if possible.

Word has also come on what appears
to be good authority that American
prelates have expressed to the Pope
their belief that France is in a position
to carry out the association law suc-
cessfully and advising against an un-
compromising attitude on the part of
the Pontiff. It is also said that Car-
dinal Sartoli has absented American
ideas to the extent that he has added
himself to those counselling the Pope
to a conciliatory attitude.

The Church and State conflict has
given rise to a curious dispute between
the Mayor and Second Council, the
Department of Lore, where the munici-
pal council, taking advantage of the
law permitting it to manage funerals
as regards the part occurring outside
the church bought a hearse for the use
of the people at a cost of six francs
per funeral until the whole price of the
hearse, 800 francs, should be paid, when
the vehicle could be used without any
payment whatsoever.

The hearse not being consecrated and
not carrying a cross, the Vicar refused
to allow it to enter the church grounds.
To this the Mayor responded with an
order forbidding the church hearse to
enter the streets. Hence at each fun-
eral the council's hearse is used to the
entrance of the church, where the cof-
fin is transferred to the church hearse,
entailing an extra cost of two francs.

After the services the coffin is re-
placed in the council's hearse and taken
to the cemetery.

WILL ARBITRATE
HAMILTON STRIKE.

HAMILTON, Ont., Nov. 29.—The On-
tario railway and municipal board will
begin the arbitration in the dispute
between the street railway and em-
ployees tomorrow. Both sides have
agreed to an unconditional arbitration.

ENGINE HOUSE EXPENDITURE WAS SHARPLY CRITICISED

Bill for \$500 Presented About Which the Chairman Was Ignorant—Director Wisely Will be Asked for an Explanation—Ald. Bullock Holds up Bill for Chief Kerr's Overcoat—Ald. Christie Still Probing.

The question of appointing a permanent auditor was discussed at last night's meeting of the treasury board. The bills of the different boards came in for an unusually careful scrutiny last night.

A bill of \$500 for repairs to No. 3 engine house was discovered, which none of the aldermen had previously known anything about. Director Wisely will be asked for an explanation.

Ald. Vanwart repeated that he was not to blame, and said: "I want the press to put that down."

Ald. Christie said that it was legal that all supplies costing over \$50 should be tendered for.

Ald. Bullock—"Some pretty heavy work is done without contract."

Ald. Vanwart said that the director had told him he only asked for tenders for work costing more than \$100.

Ald. Christie—"Does Ald. Vanwart know that there are four horses at the City road engine house where there is only one supposed to be there?"

Ald. Vanwart—"I don't know."

Ald. Christie—"Will I do?"

Ald. Bullock—"It is true that all the horses are purchased from the one man?"

Ald. Vanwart—"I don't know."

Ald. Christie—"What are you going to do with him—suspend him or discharge him?"

Ald. Vanwart here discovered a bill of \$83 from Douglas McArthur which he said, he had never seen before.

TENNYSON SMITH AGAIN TO FRONT

Has Sharp Argument With Moncton's Magistrate Strong Temperance Worker of Railway Town Criticises Action of English Orator—Excitement High

MONCTON, Nov. 29.—A lively tilt developed tonight at the second of the series of temperance meetings being held here by E. Tennyson Smith, between Magistrate Kay and the famous English temperance worker, who gave rise to a pretty sharp exchange of words between the two.

Some one in the audience, which by this time had worked up to a high pitch of enthusiasm, called out that the commitments had not been issued but that the magistrate had power to issue them.

Jackson Steves, a well known local temperance worker, jumped to his feet and shouted from the rear of the hall.

Smith started to comment on this state of affairs when one of his listeners remarked that the magistrate was in the audience and that he had better be heard on the question.

The citizens of Moncton, he said, were not to be trifled with.

Smith asked if it was not possible to get the information, and Magistrate Kay responded that it would not be right for him to give it and that nothing would be done.

Rev. H. E. Thomas enquired from the pulpit: "Why aren't the men in jail?"

Magistrate Kay—"I beg your pardon, I said I would not give an answer."

Mr. Smith said he was going to find out what he wanted, but Magistrate Kay declined to answer any more questions.

Mr. Smith asked the audience if they wanted the matter sifted, and receiving an affirmative answer, said he would stay and sift it to the bottom.

The mayor and aldermen of Moncton were up against it now, he said, and he announced his determination to thoroughly investigate the matter.

SAD CASE OF NEW BRUNSWICK WIDOW

Mrs. Naramore Gets Pardon for Terrible Crime. Woman Driven Insane by Husband Actions Killed Six Children—Remembers Nothing of Incident

BOSTON, Nov. 29.—Lieut. Gov. Drapeau has pardoned Mrs. Elizabeth Ann Naramore of Colbrook, Worcester Co., formerly a resident of Charlotte Co., N. B. Mrs. Naramore killed her six children on March 21 and attempted to commit suicide. She was never tried, as it was apparent she was insane at the time, and was placed in the Worcester asylum. The woman has been sane for several years and the asylum authorities decided that there was reason for keeping her longer.

She will go to Maine or New Brunswick to visit relatives. Mrs. Naramore has never given the asylum attendants any trouble. She has no recollection of killing her children. Mrs. Naramore became insane after enduring great privation. Her husband failed to provide properly for the family and the sight of the starving children drove the mother to desperation, which developed into insanity.

CHARGES BASELESS SAY ENGINEERS

Mayor had Long Conference With Barbour and Hunter Regarding Christie's Water Extension Charges

MAJOR SEARS has decided not to hold a special meeting of the Common Council to investigate into the charges in connection with the work on the dry lake after having consulted with Engineer Barbour and Engineer Hunter, who had a long conference with him yesterday. During the morning Ald. Baxter was also summoned and joined in the conference.

It is understood that Engineer Hunter was especially wrathful at the charges made against the work by Ald. Christie, and he is reported as saying that he was afraid he would lose his temper if there was a public meeting. Engineer Barbour informed the mayor that the charges were groundless and that it was ridiculous to expect that at the present time, when the pipes are being examined and the work not yet completed, that a full report could be submitted.

Mayor Sears said last night, however, that hereafter he will be more fully informed of what is happening at the works.

YORK AGRICULTURAL SOCIETY OFFICERS

FREDERICTON, Nov. 29.—The annual meeting of the York Agricultural Society was held this afternoon and was largely attended. The several reports received showed the society to be in a most flourishing condition. The treasurer's statement showed the receipts of the last year to amount to \$1,212.50 and the expenditures \$90.33. The balance in the bank to the society's credit is \$1,122.17.

Officers for the ensuing year were elected as follows: President, John A. Campbell, M. P. P.; first vice-president, F. P. Robinson; second vice-president, C. H. Giles; treasurer, J. W. McCready; sec. W. S. Hooper; executive, John A. Campbell, C. H. Giles, F. P. Robinson, C. H. Thomas, A. D. Thomas, W. E. Farrell, F. L. Cooper, J. Fred. Chisholm, William McKay, George Y. Dill, C. N. Goodspeed, Moses Fleming, I. R. Golding, J. C. Gilman, F. W. Hatheway.

At a meeting of the executive held immediately afterwards, C. H. Giles and W. S. Hooper were elected as delegates to the Maritime Stock Association, and F. W. Hatheway and J. C. Gilman as delegates representing the farmers in statute. Deputy Minister of Agriculture Peters announced that prizes would be offered for the best display of fruit at the Maritime Fruit exhibit to be held in January next. It was decided to hold an exhibition here in September next, the dates and other arrangements to be made at a future meeting of the executive.

RECENT WEDDINGS. CULLINAN-McGUIRE. St. Rose's church was the scene of a happy nuptial event Wednesday evening at six o'clock, when a large gathering of the friends of the principals witnessed the marriage of Henry Cullinan and Miss Jennie McGuire. The groom is a resident of Fairville and the bride of Pleasant Point. Miss McGuire, who wore a becoming bridal costume of cream crepe de chine, was attended by Miss Celia Maloney, while William Toole performed a similar service for the groom. Rev. Charles Collins performed the marriage ceremony. Mr. and Mrs. Cullinan, who will reside on Main street, received many handsome wedding remembrances.

ROCKLEY-McKILLOP. The home of James McKillop, at Fort Dufferin, was the scene of a happy gathering on Wednesday evening, when the marriage took place of the daughter, Miss Ida Isabelle McKillop, and Wm. Henry Rockley. The ceremony was performed by the Rev. G. F. Scovell. The bridegroom was a supper, at which the health of the happy couple was honored. They received many wedding remembrances.

WILL RUSH WORK ON EASTERN SECTION G.T.P. QUEBEC, Nov. 29.—Hon. S. N. Parment, president of the Transcontinental, arrived on official business in connection with the Quebec branch of the railway terminals and work on the Quebec section of the Grand Trunk Pacific. He says that next month the railway commission will call for tenders for the building of another four hundred and fifty miles more, and the new sections from Lewis south, one hundred miles from Moncton, forty miles northwards from La Tuque, and about one hundred and fifty miles north of Lake Abitibi.

SUSSEX FIRM OF MEAT DEALERS HAVE ASSIGNED

SUSSEX, Nov. 29.—Miller Brothers, the well known and popular firm of meat dealers, have assigned to Sheriff F. Gardner, of the Ontario Institution for the Blind, was formally opened yesterday, and early developed startling features. The inquiry is being conducted by J. Busel Snow, of Toronto, for the Ontario Government; W. S. Brewster, K. C., of Brantford, is government counsel. The only witness joined in the conference.

It is understood that Engineer Hunter was especially wrathful at the charges made against the work by Ald. Christie, and he is reported as saying that he was afraid he would lose his temper if there was a public meeting. SCHOOL BOARD REQUEST GRANTED

Ald. Bullock brought up the request of the school board to be paid the four months' salary. The committee, consisting of the chairman, the recorder and the chamberlain, reported in favor of the request being granted.

On motion of Ald. Baxter, it was decided to recommend to the council that the request be granted.

SPORAGE RATES INCREASED. Ald. Bullock brought up the question of the low sporage rates in the Sand Point warehouses, resulting in a lot of molasses lying in the sheds all summer. The city collected \$125 instead of about \$600 for the storage during the summer.

Ald. Lantulum agreed with the chairman. Our merchants with their own warehouses should not, he said, be unfairly discriminated against.

The mayor moved that the suggestion of Ald. Bullock be adopted and that the rates should be 10 cents a bushel a month for molasses, 6 cents a tierce and 4 cents a barrel.—Carried.

THOMAS POTTS AGAIN. A communication from Thomas Potts saying that he should not be taxed for the expenditures during the coming year, but should wait till April 1907. He wished his case taken up as a test case. The communication began: "Your letter of 24th."

Ald. Bullock—"What does he mean by favor?"

Mr. Potts' letter continued that if the council would not take up the matter he would invite the opinion of lawyers through the press.

Ald. Baxter—"That would be better than paying a fee."

The matter was dropped, as the communication was addressed to the chamberlain.

GOOD FINANCIAL SHOWING

Ald. Bullock said that the financial showing this year will be the best for ten or twelve years. Partial expenditures on the repairing of the Orange Peel were found to have amounted to \$26,82, while J. S. Gibson, the owner, had assured the board that the whole expenditure would be about \$50.

CHEF KERR'S OVERCOAT. The bill for Chief Kerr's overcoat was again discussed, and on motion of Ald. Rowan it was decided that it should be paid. Ald. Bullock said it would be establishing a precedent and he refused to assent to it.

Ald. Baxter, said that the discussion this evening had brought up the question of the appointment of a permanent auditor. He thought it absolutely unjust to throw the whole burden on the chamberlain. A permanent auditor, he thought, the only feasible method of properly conducting the work.

Instead of an auditor, he thought, a committee consisting of the chairman of the departments, Carried.

HUSBAND IN JAIL AND WIFE STARVING

Sad Flight of Mrs. William Guthro, Whose Case Was Reported to the Police Yesterday

With her husband locked up in jail for drunkenness her children suffering from cold and hunger, and worn out and ill herself, the plight of Mrs. William Guthro, who lives in a squid near the waterfront at 22 North street, is sad.

The poor woman wore her hair as long as possible, but yesterday, being unable to care for her children, she sent word to the police of her deplorable condition.

What little food there was in the house is all gone, and Mrs. Guthro was attacked with heart failure and lung trouble.

When seen last evening, Mrs. Guthro was lying on a sofa, with her youngest child, two months old, asleep in her arms. The oldest boy, aged about five years, was huddled over the kitchen stove, in which a feeble fire was burning.

WANTS DIVORCE FROM HUSBAND, A FORMER HILLSBORO MAN BOSTON, Nov. 29.—Mrs. Mary Cook has petitioned the Suffolk county superior court for a divorce from James E. Cook of Hillsboro, N. B. The Coos were married at Moncton in 1892 and lived for a time in that city. Mrs. Cook was formerly Mary Morris, and she asks for the right to resume the case will be heard early in January.

BUDGET SHOWS GREAT INCREASE IN CANADA'S REVENUE OVER THAT OF 1903

Alterations in Old Tariff Are Numerous, Though None of Them Are Radical.

Mr. Fielding Able to Declare Surplus Larger Than Ever Before, Except in 1903 and 1904—Revenue Shows Remarkable Expansion, Being \$8,956,587 in Excess of that of Previous Year, an Increase of 12.2 Per Cent—Will Continue and Enlarge Dumping Clause—The Principal Changes—To Encourage Tariff Stability,

OTTAWA, Nov. 28.—In moving the house in committee of ways and means, Hon. Mr. Fielding said: I feel sure that I am ready to join gentlemen on both sides, for I am sure that I am ready to join gentlemen on both sides, for I am sure that I am ready to join gentlemen on both sides...

ADHERE TO BRITISH PREFERENCE We adhere to the British preference because we believe it to have been a good thing for Canada and for the British manufacturer and merchant, but that is a question for the British people.

MUTUAL PREFERENCE For the moment there is no prospect of mutual preference being granted, but there is one point upon which I have always had a clear view, and I venture to repeat it today, and that is, that if a mutual preference is desired and if it is desirable for the British people to grant us that preference, then certainly we are now ready to grant to them that preference which they do not regard as consistent with their own good.

A GREAT EXPANSION The revenue shows a remarkable expansion, being \$8,956,587 in excess of the revenue for 1903, an increase of 12.2 per cent. The expenditure needed for 1904 was \$3,200,000, a little over six per cent. There have been only two surpluses larger than this since 1867, and that was in 1898 and 1904. The total net surplus in the ten years since 1898 amounts to \$77,188,884, and during that time there has been but one deficit, that of 1897 of \$13,800,000.

ADHERE TO BRITISH PREFERENCE We adhere to the British preference because we believe it to have been a good thing for Canada and for the British manufacturer and merchant, but that is a question for the British people.

TARIFF STABILITY Our desire is to encourage tariff stability, and we are willing to make changes hastily. Now that we are again approaching a general revision of the tariff we wish to keep in mind this idea of tariff stability. We do not desire to make radical changes, and we feel that the general condition of Canada today is such that no radical changes are called for.

well to put this provision on our statute books without attempting to put it into force at once. In regard to drawbacks by which free admission is given to certain articles used for manufacturing purposes, a complaint is made that these are used for other purposes.

THE DUMPING CLAUSE We propose to continue the dumping clause and enlarge it to some extent. Hitherto it has applied only to dutiable goods and now we apply it to imports which are dutiable or free.

THE INTERMEDIATE TARIFF That column will contain rates of duty somewhat below the general tariff. On articles of thirty per cent, the general tariff will be about ten per cent. In some cases it will be a little more, in some a little less.

Ernest W. Clarke has been appointed assistant engineer of the New York water supply. Mr. Clarke was located in this city up to about a month ago. He was assistant engineer at the Loch Lomond extension, Engineer Harbour having been called to the States, appointed Mr. Clarke to take his place here. About a month ago the latter sent in his resignation, stating that he had procured another situation in the States. He has just been appointed to this position. Mr. Clarke is a native of New York or vicinity.

Tonight the Nannery-Rennie players are to present Tom Taylor's great English moral drama, The Ticket of Leave Man, in five acts. This great melodrama faithfully depicts life in the slums of London and presents one of the greatest moral lessons ever witnessed on the stage. The play will be repeated on Saturday and Sunday. The special matinee on Saturday, The Man of the World will be given Monday, and the first half of next week. The great dramatization of Sir Walter Scott's novel, Rob Roy, will be given with Mr. John W. Dennis as Rob Roy MacGregor. During production several Scotch songs and ballads will be introduced.

WALKED FROM CAMPBELLTON TO GET DRUNK IN ST. JOHN

An Odd Mixture of Prisoners in Police Court This Morning.

In the police court this morning there were three prisoners. Cornelius Murphy said he had tramped all the way from Campbellton and got drunk in St. John. He was sent to jail to tramp 10 days with the chain gang in default of paying a four dollar fine.

ASSYRIAN MISSIONARIES ARE RETURNING HOME

Among the passengers on the Atlantic express this morning were two Assyrian missionaries who have been laboring amongst their people in the Northwest for the last six months. The two gentlemen registered at the Grand Union Hotel, writing their names in the quaint characters of their language. One of the missionaries was a young man of high sound, and the other a couple of high sound, unpronounceable names and smiled when they saw the puzzled look on the people who were standing round. On being asked to spell their names in English they then said Rev. S. M. and Rev. L. B. The reverend gentlemen are bound for Liverpool, from whence they will return to their own country.

BROKE HER LEG WHILE HANGING OUT CLOTHES

Yesterday while hanging out clothes in the rear of her home, Paradise row, Mrs. Thomas Corbett lost her balance and fell from a second story window to the yard below, a distance of about 20 feet. The accident was caused by the breaking of the fastening to which the pulley line was attached. Mrs. Corbett sustained a broken leg and was otherwise injured.

NEW YORK, Nov. 30.—

The improvement in the money situation in London had a good effect on sentiment here, and opening prices were generally higher than the closing level on Wednesday. Amongst the exceptions were Southern Railway, which was depressed to the extent of 1-2 on account of the death of its president. The preferred stock was also down 1-2. Anaconda made a gain of 1-4; Kansas and Texas, Mexican Central and Hilo and Leather preferred about a point, and Reading, Washah and Amalgamated Copper large fractions. Business was on a small scale.

NEW TARIFF WILL NOT MAKE VERY MUCH DIFFERENCE

Merchants Say That the Amendments are Only Slight, But Will Overcome Minor Difficulties.

The amendments to the tariff which have been announced by Mr. Fielding, and the outline of which was published in this morning's paper, have scarcely had time to work their way into the minds of the merchants most concerned, and as a result it was difficult to obtain any expressions of opinion today. James Fender, who is particularly interested in the iron and steel duties and bounties, could not see that there was any great change, but added that it would be necessary to get the full text of the amendments before making definite statements.

C. H. Peters, of Baird & Peters, is of the opinion that there will be no material change in the situation with respect to sugar and molasses. Some slight alterations have been made in molasses, but foreign goods only will be affected. The importers of the cheaper grades will be the ones to feel the difference, but even in their case it will be of slight importance. There have been minor increases on spices and a lot of articles handled by wholesale grocers, but generally these are so small that trade as a whole will not feel the changes.

This seems to be the general opinion amongst all the merchants spoken to by the Star. The amendments are simply a readjustment, and no radical alterations have been made.

Joseph Allison, of Manchester, Allison, Robertson, Ltd., asked to be excused from a comprehensive interview on the new tariff, as it affected his line of business, because through pressure of work today he had not had opportunity to fully look into the new arrangement.

"However," said Mr. Allison, "you may quote me as saying that our house is quite well satisfied with the new tariff. It entitles us to many arrangements of duties which appeared to us awkward, and seems to be generally favorable to our company."

Mr. Allison further said that the house's Custom House man was preparing comparative tables which would clearly show to what extent the Finance Minister's new proportion would affect the business, and other lines of merchandise dealt in by M. R. A. Ltd.

Beyond this Mr. Allison was not prepared to state. In the whole budget, as it affects tariffs is carefully perused, he would not participate.

THE GALVESTON IS QUITE ABLE FOR THE WORK

The dredge Galveston commenced work at the I. C. R. pier this morning. It was thought by a number that the dredge could not do the work required of her here, as she works by suction, and had never before cleaned up anything but man and horse material. The pier is formed of hard mud, and Mr. Cowie of the marine and fisheries department was doubtful as to whether the Galveston could remove it. When the big dredge started work this morning all fears were set aside, and the work progressed favorably.

GUTHRO RELEASED TO CARE FOR HIS FAMILY

The state in which Police Sgt. Baxter and Policeman Ira Perry found Mrs. Wm. Guthro on Pond street yesterday was pitiful. She and her children were without food, and her husband was in jail for drunkenness. The two good natured officers dug into their pockets and separated themselves from what change they had. It was gladly received by the unfortunate woman. This morning Wm. Guthro, who is no stranger in the police court, was brought from the jail. He was given some good advice, and as he said he had taken the pledge to abstain from liquors for nine months he was allowed to go. He was told by the magistrate to hasten home and look after his poor wife and children. Guthro is well able to work, is a young man and in a city where laborers are needed his wife should not starve.

Ice is Forming on Marble Cove and Lily Lake—The Ice Company Preparing for a Big Crop.

Although navigation is all over for the year reports show that the river is still open as far as Gagetown. The only place where there is any ice is in some of the sheltered coves.

Marble Cove has been slightly skimmed over for the last two days and this morning all around the edges the ice had formed a quarter of an inch thick. About the same thickness is also observed on Lily Lake.

President Jack of the St. John Ice Co. says that preparations are being made to handle a large crop of ice this winter. The apparatus which was built on the lake last year for the conveyance of the ice to the storehouses on the Sandy Point road is now being put in good condition and part of it that was taken down during the summer has been put up again. It is expected that everything will be in readiness by the time the ice is of the required thickness. Mr. Jack said that the consumption of ice in the city last summer was very heavy. The company have only about a hundred tons left from their stock and they expect to use all that before the end of the year.

John Watts, the English pugilist, is now the driver of a double seater with a stand on the north side of the King Square. Last night he was not over careful of his horse and has been reported by Policemen Marshall and Totter for allowing the animal to stand in the cold from 7:30 until 11:30 o'clock on the north side of the square, and for not having the animal properly blanketed.

GENUINE JAP "SATSUMA" WARE—

Of a very high class, though our prices are extremely moderate. Ornaments only in such patterns as: Pedestals for Mantels, Rose Jars, Vases and such. "Satsuma" Ware is in deep rich color tones most artistically and intricately hand-painted, and then baked. Worthy of the most exclusive drawing room, and typically Japanese.

"CLOISINE" WARE, MADE BY THE JAPS—

Small pieces, chiefly for ornamental purposes. Made of thin metal, most beautifully hand-worked in superb tints and hues after which it is baked onto the glossy surface. This ware cannot be broken and comes in Vases, Tea Pots, Jars and so forth.

JAP AND FRENCH BRASS WARES—

Plaques, Jardinieres, Tea Pots, etc. Exquisitely worked into unconventional designs and set off with dragons, sea-horses and other fantastic figures. There are two distinct styles represented in these goods, which, as above stated, are of French and Japanese manufacture.

JAPANESE INLAID BOXES—

Directly from the Mikado's Kingdom. In natural wood, round and square shape, variously sized. For collar and cuffs, for trinkets or for buttons. Some people would use them for a Catch-All, or possibly for a Nut Bowl. They have that characteristically Eastern appearance and give forth a pungent odor.

JAP-MADE ANTIMONY BOXES, ETC—

Heavy metal and of rare workmanship. Carved and moulded into most unusual patterns. Boxes lined with Eastern woods, making very desirable receptacles for cigars, tobacco, trinkets, etc. Trays and Vases of the same metal.

JAPANESE SCREENS, VARIOUS SIZES—

From the smallest Fire Screen to the largest Draught Screen with three or four folds to it. Made in Cypress Wood frames, highly lacquered and hand-painted in truly Japanese style.

NATIVE JAPANESE PAINTINGS—

Nicely framed in natural woods, grown in Japan. Reproductions of Japanese scenery, such as snow-capped mountains, lakes, landscapes, etc. Painted on Oriental paper that will not fade out. Excellent for a den or living room.
