

HOW THE CASE NOW STANDS

Much Surprise and Disappointment Over Agreement Matter

Attitude of Mr. Hazen Regretted—Useless to Take Agreement Before Railway Commission in View of Positive Announcement By St. John's Representative in the Cabinet.

No further word was received yesterday with regard to the time when the case of St. John relative to the Gubelin-Osworth agreement will be heard by the railway commission, and this is the date fixed for the agreement to go into operation.

Hon. Wm. Pugsley, when asked yesterday morning what would be the result of Hon. Mr. Hazen's statement on the appeal of the St. John Board of Trade against the L. C. R.-C. P. R. agreement, said that the effect of his statement was not the rates under the agreement would be in operation during the coming season. "Mr. Hazen has declined," Dr. Pugsley continued, "to accede to the request of the Board of Trade that its operation should be suspended pending the decision of the Board of Railway Commissioners and, notwithstanding any decision of the board, the agreement will be operative for this season."

In these circumstances the Board of Railway Commissioners would be asked to decide a mere academic question, and I doubt very much whether they would hear the matter at all. They could probably regard it as a waste of time.

I have no doubt that most of the members of the Board of Trade who were present felt greatly surprised and disappointed at the attitude of the minister. In reply to a question whether, under these circumstances, the matter would be pressed further, Dr. Pugsley said that this would be a matter for the board of Trade to decide, but that, for his own part, he was not accustomed to argue cases in which nothing was to be gained by the decision.

An Ottawa despatch to The Telegraph says: "The government's promise to submit the Bosworth-Gutierrez agreement to the dominion railway board has not yet been carried out. The agreement is intended to take effect on November 14 and therefore tomorrow the Intercolonial will haul a train from St. John to Halifax in ten days. At present the rate is 100 per cent. In view of the agreement there is no surprise that the case has not already been submitted for decision and passed upon."

Hon. Mr. Cochrane, who is none too well, is away from Ottawa, and has been absent for a week. He is not expected to return for ten days. At present there is no need of questions being formulated, or a case being prepared by the government for submission to the railway board to ascertain whether or not the rate of a dollar a mile, given by the C. P. R., constitutes a discrimination against St. John. There is a growing feeling that the case may never be presented for argument.

A decision in favor of St. John's intention would prove a source of embarrassment to the government in its railway programme. It has been decided to give the Grand Trunk Pacific and the Canadian Northern practically the same rate next year, and a decision dictating such a rate constituted discrimination against the latter company. It is felt that the government is afraid to take a chance of getting the aid of a decision it does not want. At present the case had not reached the railway board.

Table with 2 columns: Name and Date. Lists names like Edward, George, and dates from Dec to Apr.

A Halifax despatch last night said: The council of the board of trade adopted a resolution regretting the deal leaving Halifax and expressing the hope that they soon are to be a copy of the resolution is to be sent to Premier Borden and others. It was adopted unanimously.

GREAT ANGLo-FRENCH NAVAL DEMONSTRATION

Forty Battleships to Show the Flag Will Gather Off Pireaus the Later Part of This Month

New Manager of Bank of Montreal, Back in London, Talks of Financial Conditions in Canada—Germany Erects Electric Lighthouses to Guide Air Craft at Night.

London, Nov. 18.—The strength and closeness of the entente cordiale will be demonstrated by the assembling of a French squadron of sixteen warships and a British fighting squadron of 26 vessels off Pireaus at the end of the present month.

Minister of Marine Baudin has expressed the opinion that the traditional influence of France in the Levant should be encouraged by the winning of French prestige. He considered that the morrow of the Bucharest peace was an opportune moment to display the flag in the eastern Mediterranean where France counted friendships that had stood the test of time.

Referring to the interview between Lord Kitchener and Admiral Lapeyere, Mr. Baudin observed that it was a new mark of Anglo-French cordial relations.

Arriving in London from New York on Saturday, Sir Frederick Williams Taylor, the new general manager of the Bank of Montreal, was back at his office in Threadneedle street yesterday, where he received numerous calls and congratulations.

It would be desirable to make any announcement on the situation for the best description would be able to be understood, and I shall wish to pose as being in possession of special knowledge beyond the fact that I have had eight years' experience in London and have also been in close touch with financial conditions generally in Canada.

It seems to me, however, that this is an opportune moment to permit you to send this message to Canada. That mainly in London's attitude towards the dominion lies the key to the situation. Further, it has now come about that the London attitude, though not unfriendly by any means of means, is now watchful to a degree, with enthusiasm in a state of suspended animation."

LADY STRATHONA'S FUNERAL TODAY.

Hon. George H. Peley, who will represent the Canadian government at the funeral of Lady Strathona today, returned from the continent yesterday for that purpose. Sir Melbourn and Lady Holt will also be present. Among the numerous floral tributes received at the funeral are those from Premier Borden, Hon. Mr. Peley, the British government, the High Commissioner's staff, and Secretary Gaultier. The funeral will be held at St. Mark's Church, which is near the Strathona residence, and burial at Highgate cemetery, North London.

GERMAN LIGHTHOUSES TO GUIDE AVIATORS. Arising out of the difficulties experienced by aviators finding their way in the darkness during last year's twenty-four hour race from Paris to Berlin, the German military authorities recently erected a powerful electric lighthouse at Darmstadt, destined to light the surrounding district every night, and more recently another lighthouse has been in course of construction at Johannisthal.

EXCLUSION OF EAST INDIANS WORRIES BRITAIN

Commission Appointed to Inquire Into South Africa's Action—None of the Dominions Willing to Admit Them.

London, Nov. 17.—The question of the British East Indians has again reached an acute stage, nearly every dominion and colony to which these British subjects emigrate either barring them or having legislation which very effectually prevents them from entering or remaining in those places.

The Imperial government, having more to say in the government of the crown colonies than it has in that of the dominions, has taken steps to make the life of the East Indians in these colonies more bearable. A commission composed of a member of the British Indian government and an East Indian of industrial experience, is visiting the crown colonies to which indentured immigration is still permitted for a thorough investigation into the conditions of employment of East Indians, and generally into their position and treatment in these colonies.

In the dominions the Imperial government, which would have Indians treated as are other British subjects, is faced with exactly the same difficulty as the federal government in Washington has to deal with in connection with California's anti-Japanese legislation. The people of the dominions insist upon having "white man's countries."

In South Africa to the many other disabilities imposed on East Indians, another has been added by a decision of the high court. This declares that the wives, even if sole wives, are not wives before the law of the union if they have been made so under the rites which allow polygamous marriages.

Canada's Laws Stringent. In Canada, East Indians are still refused admission, in spite of an arrangement which Lord Harding, Viceroy of India, has stated has been come to with the Canadian government, by which local permits are to be issued to East Indians desirous of visiting Canada. As in South Africa, East Indians who have acquired domiciliary rights in Canada are not allowed to bring their wives and children into the country owing to a provision in the immigration law which requires that they shall reach Canada by an unbroken voyage from British India.

As there is no direct steamship communication between the two countries this provision cannot be complied with, and British Columbia is further embarrassing the Imperial government by creating more legislation to keep out not only British East Indians but subjects of England's ally, Japan.

SUFFRAGETTES BREAK UP LABOR MEETING IN ENGLAND. Howl Down Philip Snowden Socialist M. P. and a Free Fight Ensued.

Sheffield, Eng., Nov. 17.—A wild suffragette disturbance occurred here tonight. Philip Snowden, Socialist member of parliament for Blackburn, attempted to address a "concentration" meeting arranged by the Labor party, but was howled down by suffragettes. Stewards promptly took a hand, and in the scrimmage were attacked also by some of the suffragettes. Some of the stewards were kicked and badly bruised.

In spite of the fact that many of the shot and stoned, the uproar persisted to such an extent that at the end of half an hour the meeting was abandoned. A large section of the audience displayed anger at the chairman for calling the police to his aid, declaring that the working classes had had enough of the police.

UNCLE SAM READY FOR TROUBLE WITH MEXICO

U.S. INFANTRY AT GALVESTON, AIRING THEIR CAMP

INFANTRY DRILL AT GALVESTON

ENGINEERS AT TEXAS OIL

El Paso, Tex., Nov. 17.—Uncle Sam's troops are on duty on the border, ready to jump into Mexico at a moment's notice to save American life and property. Herewith are photos giving latest scenes in the border military camps of infantry and engineers of the regular army. The men are generally in good health, and Major General Carter, who is in command, will give a good account of himself if he is ordered into the battle against revolution to preserve order.

SAYS RAILWAYS ARE MUCH MALIGNED

Sir William Van Horne Tells Toronto Canadian Club That Corporations Have Big Souls and That Dividends Are a Minor Consideration With Them—Public Welfare is Their Aim—Pleads for More Leniency From the People and "Blatherskites"—Hopes No Adverse Legislation Will Be Enacted.

Toronto, Nov. 17.—Sir William Van Horne, ex-president of the Canadian Pacific Railway, made a vigorous defense of the railway corporations, both in Canada and the United States in an address to the Canadian Club here this afternoon.

"You all know that the railways of the United States have for a long time been under attack," he said. "At every session of the legislature, new laws are leveled against them, laws often arising out of political stock jobbing propositions. At all events the public has supported these laws without giving them much thought, and as a result, today the railways of the United States are struggling almost for their very existence, many of them standing on the very edge of bankruptcy."

"I am quite unable to account for the spirit of hostility against the railways there, for the service of the railways of the United States is—saving only Canada—the best in the world; their rates are much lower than any other country in the world—save Canada; they are operated with intelligence and public spirit that you don't find anywhere else in the world; and there is greater regard for public interest and the safety of the individual than in any other country in the world—always, save Canada."

"I don't know the reason for the prejudicial attacks but they have created a dangerous situation. It is this precarious situation of the American railways that is the great cloud overshadowing business conditions in North America today."

USE AUTO TRUCKS IN MAINE WOODS

Big Lumber Concerns Building Macadamized Roads in the Woods to Facilitate the Transportation of Supplies—Will Effect a Great Saving.

Bangor, Me., Nov. 17.—That the automobile is destined to replace the plebeian team in handling supplies for the great lumber operations in the wild land districts of the State of Maine seems to be an assured fact, for the experiments which the Great Northern Paper Company, one of the largest of Maine's paper manufacturing concerns, has been carrying on recently in the northern part of the State. It is not that the horse will be supplanted altogether in the lumbering operations, for conditions will not warrant this, but where the great supply centers for the lumbering industry are located, the horse will be replaced by the automobile.

HUERTA WAITING FOR WASHINGTON'S MOVE

MANY MOURN FOR ANDREW DELANEY

Funeral of Late I. C. R. Conductor at Campbellton Largely Attended

Restigouche, N. B., Nov. 17.—The funeral of Andrew Delaney, late I. C. R. conductor, was very largely attended this afternoon, fellow employees and citizens generally forming in a remarkably long procession. Service was conducted by Rev. Mr. Purdie and interment was in the rural cemetery. Deceased was 47 years of age and had been in the service of the I. C. R. practically all his life, formerly running as conductor on the Dalhousie branch but of late years having charge of shunting and work trains here. He leaves his wife and several sons and daughters.

Rev. J. J. McCordell, St. John's, has accepted an invitation to address the annual banquet of Caledonian Society to be held at the Waverly Hotel on the evening of Friday, Nov. 29.

Another step forward from conditions following the disastrous fire of 1910, has been the moving of the town offices from the second block in King Street to the Murray building in Water Street, which has been leased as a whole by the town. The council met in the new building at its last session and with the removal of police headquarters and the installation of new steel cells in the basement of the building the change is complete.

Philadelphian, Nov. 17.—The groundwork of the investigation by the Interstate Commerce Commission into the anthracite coal roads, to determine whether their rates are reasonable and whether they are observing the Interstate Commerce laws, was laid today with the calling of witnesses before Commissioner Marble to testify as to the facilities of the roads for handling coal.

It was the object of the commission's attorneys to learn how these facilities compared with those for the transportation of other commodities, the labor costs involved and the methods of operation with a view to their relation to the freight rate charged. This testimony will be supplemented later with that of accountants and other officials who will be called to show the cost of the investment of the roads devoted to the transportation of coal. These costs will be checked up with the commission's own figures.

The witnesses who testified today were division superintendents and yardmasters of the Central railroad of New Jersey, and the Reading. They described in detail the methods of handling coal and the amount shipped at the various tidewater terminals.

The commission's attorneys laid considerable stress on the facilities afforded at the terminals of the Jersey Central for the delivery of coal to retail dealers in New York, particularly the firm of Burns Bros. This concern, it was brought out, leased land from the road valued at from \$8,000 to \$10,000 an acre for its retail and coal pockets. It was intimated that the relations of the firm with the Jersey Central and other railroads would be a subject of further inquiry.

The facilities of the Pennsylvania, the Erie, the Delaware and Lehigh and Western will be taken up tomorrow. The hearings will continue until Saturday, when there will be a week's interval before the investigation is resumed.

Ottawa, Nov. 17.—In the Supreme Court this morning judgments were rendered in the following cases: Rindie vs. Miller, Appeal dismissed with costs. Curry vs. King, Appeal dismissed. The Dominion Publishing Company and Chronicle Publishing Company vs. LeTourneau, Appeals dismissed with costs.

EXPECTS BLOCKADE OF PORTS

Rebels Puffed Up With Success Not Eager for Any Help

Manzanillo, Nov. 17.—Organization of President Huerta's new congress was completed late today when enough senators were gathered to form a quorum in the Upper House. General Francisco Proenza was chosen temporary chairman of the senate and a committee on credentials was appointed. A similar committee of the chamber of deputies today began the work of revising the deputies' credentials, and there is nothing to indicate that the formal opening of congress next Thursday will be postponed.

President Huerta talked tonight informally to the members of his staff and a few personal friends regarding the possibilities of intervention by the United States. He intimated he would be ready to resist such a step.

The opinion is expressed in various circles here that the United States will soon inaugurate a blockade of Mexican ports. Rumor has it that President Wilson would be content with such an action and might even permit the embassy to remain in Mexico City until an open rupture occurs.

The German minister, Admiral von Minke, summoned to the legation tonight to discuss the more important German commercial houses, and asked them to give him inventories of shipments expected. He explained that he would then be in a position better to assess their interests in case of a blockade.

Rebels Control Oil Fields. Vera Cruz, Nov. 17.—Rear-Admiral Bush, commander of the United States battleship Louisiana, reports that the constitutionalist General Aguilar has given the town of Tampamulco until next Thursday to surrender. Captain Wood, in command of the battleship Nebraska, reports that Aguilar controls all the country south of the Pompo River. Aguilar, Captain Wood says, professes to desire to protect American property, but is hostile to the English.

The constitutionalist leader at Tampamulco says that in compliance with orders from General Carranza, he intends to control all the oil fields and collect the revenues that now are paid to the federal government and prevent the supplying of oil to the railroads. He has notified the Eagle Oil Company that it must pay \$200,000 down and \$25,000 monthly. The insurgents number several thousands and have garriisons on all the oil properties.

The American women and children at Tampamulco are expected to reach Tampamulco tonight. (Continued on page 8, sixth column.)

ALBERTA MINISTER KILLED BY WIFE

Received His Death Blows from Axe Woman Finally Slew Their Baby With.

Coronation, Alta., Nov. 17.—Rev. Angus Flynn died today from injuries received from blows inflicted by his wife with an axe last Tuesday at Thorne. At the time of the assault Mr. Flynn was endeavoring to defend their baby daughter, whom Mrs. Flynn eventually killed. Mrs. Flynn is held on a charge of murder.

MANITOBA LIBERALS WILL OPPOSE DR. MONTAGUE. Selkirk, Man., Nov. 17.—A. R. Bredin was elected at a Liberal rally here today to oppose Dr. Montague, minister of public works, in the forthcoming provincial bye-election in Kildonan and St. Andrews.

Federal Grant to Lake Disaster Fund. Ottawa, Nov. 17.—It is understood that the dominion government will make a grant to the fund for relief of the families of victims of the Great Lakes storm. It will be separate from the fund being subscribed by the public.

GOVERNMENT GIVES \$25,000 TO LAKES' DISASTER FUND

Ottawa, Nov. 17.—The government has decided to grant \$25,000 to the relief of those dependent upon the sailors who perished on the Great Lakes during the great disaster of last week. An executive council, putting through an emergency vote of that amount was passed at this afternoon's meeting of the cabinet council.

No details have yet been announced as to how the grant will be administered. The last government grant of this kind was made two years ago in the case of the sufferers from the Baginac cyclone.

NOTED MEDICAL MISSIONARY WHO WILL BE BEST MAN AT WHITE HOUSE WEDDING

Washington, Nov. 17.—Sir W. T. Grenfell, the famous Labrador medical missionary, will be the best man at the Wilson-Sayre wedding at the White House.

DR. GRENFELL

House, Nov. 25. Dr. Grenfell and Mr. Sayre are warm personal friends, and President Wilson is deeply interested in the work the physician has done in the frozen north.

House, Nov. 25. Dr. Grenfell and Mr. Sayre are warm personal friends, and President Wilson is deeply interested in the work the physician has done in the frozen north.

Williams, Mrs. L. H. Somers, Mrs. S. L. ... Mrs. W. A. Ferguson, Mrs. F. Jones, Mrs. W. Mason, Montreal, ...

at the Laval University, Quebec, spent a few days in town last week, the guest of his parents, Mr. and Mrs. A. J. LeBlanc.

Miss Lena MacIntyre, of Campbellton, spent a couple of days in town last week the guest of her aunt, Mrs. George E. Mercer.

Miss Stella McKendie spent Wednesday last in Campbellton with friends. Mr. Henry Delaney, of Marysville (N. B.), was in town last week, guest of his parents, Mr. and Mrs. E. Delaney.

Mr. A. L. Eddy, of the Bank of Nova Scotia, Chatham, has been transferred to the Dalhousie branch, and is occupying the position of teller.

Mr. Aloysius Troy, who has been occupying a position with the C. P. R. at Sudbury (Ont.), is spending a few days in town, the guest of his parents, Mr. and Mrs. E. Troy.

Mr. Leo Concan is spending a few days in St. John this week.

Mr. Harry Montgomery, who has been manager of a branch of the Royal Bank of Canada for some time in Vancouver, is spending a few days in town, the guest of his mother, Mrs. William Montgomery.

Mr. R. K. Gourdeau, of the Bank of Nova Scotia, left Wednesday for Montreal, where he has been transferred.

Mrs. James Reid and Mrs. James A. Reid, of Charlottetown, are in town on Saturday evening, Miss Annie McInerney, of Rexton, won the first prize, Miss M. Nelson the second and Miss Rennie Arsenault the third.

Mrs. Ed. Keane, of St. Flavie (P. Q.), arrived here on Wednesday to join his wife and was guest of Mr. and Mrs. James Harquail.

Miss Stella B. Poirer, of Bonaventure (P. Q.), arrived here on Tuesday and was the guest of Mrs. J. J. McKenna.

Mr. and Mrs. McDonald arrived here yesterday from Moncton (Mich.) to visit Mrs. McDonald's parents, Mr. and Mrs. James Harquail.

Mrs. T. T. Scott entertained a few friends at the tea hour on Wednesday afternoon.

St. George, Nov. 18.—A very enjoyable evening was spent in the Baptist vestry on Wednesday, when the ladies of the W. M. A. Society held a crusade meeting.

ST. JOHN, N. B., NOV. 19, 1913.

TAXATION REFORM HERE AND ELSEWHERE.

The discussion that St. John has been carrying on from time to time against the present cumbersome and unfair method of taxation has been attracting attention in other cities.

The discussion that St. John has been carrying on from time to time against the present cumbersome and unfair method of taxation has been attracting attention in other cities.

The discussion that St. John has been carrying on from time to time against the present cumbersome and unfair method of taxation has been attracting attention in other cities.

PLACING THE BLAME

In Nasst's famous cartoon of the Tweed Ring, each one in the circle is pointing aside with his thumb to his neighbor to indicate that one as the responsible person. It is the old story of the other man. Mr. Hasen blames Mr. Gutellus for the iniquitous arrangement by which St. John loses the Empress boats.

It will be remembered that both Messrs. Borden and Hasen took refuge at first in ignorance. They declared that they had no knowledge of the matter. Mr. Hasen's friends have repeatedly advanced that argument in his behalf.

Friday or Saturday the Gutelius agreement goes into effect. Mr. Hasen says it is going to last for six months anyway.

BACK TO A FIRM BASIS. The Nation, speaking of the Imperial navy policy says: "In spite of Mr. Borden's electoral success in Canada, it cannot be said that the idea of an Imperial navy is winning in the colonies."

As a matter of fact Mr. Borden achieved no electoral success on the naval issue. His policy has not yet been before the constituencies.

The experiment of removing taxation from improvements was largely instrumental in the first year in the city of Victoria in increasing the value of building permits from \$4,000,000 to \$8,000,000.

The cities and provinces that have been wise enough to refuse to tax improvements are reaping benefits therefrom.

THE PASSING OF THE SQUIRE.

The land proposals of the British cabinet have been as a first result, the providing of a rift in the Unionist party that promises to issue in a distinct cleavage. Mr. Pugsley says that it means land nationalization and involves the gravest menace to the agricultural interests.

But, more important than any cleavage in the Unionist party that the land policy may produce, is the passing of the squire. The things concerning him have an end, according to the English press.

SAFETY IN THE CLOISTER.

The Church in every age has shown a wonderful flexibility in adapting itself to the changing conditions under which it has to live and do its work. It is to be feared that for the moment Dr. Bland, the principal of the Wesleyan College at Winnipeg, had forgotten that when he said recently, speaking before the Presbyterian Synod: "The Church is taking too much upon itself to ask Christian men to enter Canadian politics, as the strain upon the moral character is too great."

But where is the possibility of improvement if the Christian avoids politics—if the social carcase is left to anticlericalism and a nation cannot be regenerated unless its government exhibits high moral power.

SOME FACTS TO KEEP IN MIND.

Before Mr. Hasen and Mr. Rogers assumed office the Liberal government planned the principal public improvements now being made in St. John and committed Parliament to the necessary appropriations.

The dredging and wharf-building on the West Side. The development of Courtney Bay. The new armory and drill hall. The new post office.

It was Dr. Pugsley who first succeeded in committing the Federal government to the spending of public money for wharves and dredging here, on the ground that the work was essentially national in character.

CHARACTER AS THE BY-PRODUCT OF DUTY.

Character is the by-product of duty performed, not of duty avoided.

On the one hand, and from the uncomfortable feeling that he was profiting by a campaign of fraud and trickery on the other. But in spite of the fact that he promised such an appeal to the people in the event of the failure of his plan of tribute to pass the Senate, he refused any reference to the people either in the form of a general election or a plebiscite.

THE PASSING OF THE SQUIRE. (Continued from previous page) The things concerning him have an end, according to the English press.

EGG FAMINE IN ST. JOHN SERIOUS.

Few Fresh Eggs Could Be Bought in the City Friday. PRICES VERY HIGH.

Farmers Are Neglecting Their Opportunities—Some Quotations of Interest—Beef, Lamb and Pork Plentiful, and Butter is Not Scarce.

St. John is at present experiencing an egg famine. According to local dealers there is a scarcity of eggs, almost unprecedented. In several of the stores it has been impossible to secure eggs of any description during the last three or four days.

Considerable surprise has been caused by the unusually small number of eggs coming into the local market. Dealers yesterday could not explain the cause of it all. It was said by several of them, however, that most of the eggs are being shipped to the United States and to Upper Canada, where there is a more profitable market for them.

One local dairyman yesterday said that a farm on the Loch Lomond Road, which used to provide him each week with thirty or forty dozen eggs, sent in last week only three dozen. The same dealer said that the famine has been threatening for more than a month. The farmers whom the dairymen have been depending upon for their supplies, have been sending in smaller quantities each week, until some of the merchants have been left without any eggs at all.

Butter is not scarce, according to the dealers. Good fresh butter is selling in the dairies at 36 and 37 cents a pound. A second quality of butter can be secured for 25 cents in the dairies. In the same city market butters of various grades are selling from 25 to 32 cents per pound.

NOTE AND COMMENT. Of the political outlook in Great Britain the Ottawa Citizen, Can., says: "Apparently matters are shaping for a struggle between conservatism and privilege on one hand, and progress and the people's rights upon the other."

MONTEAL PASTOR HONORED BY HIS CONGREGATION ON EVE OF HIS DEPARTURE TO LIVE IN ENGLAND. Montreal, Nov. 14.—(Special)—Rev. Canon G. Osborne Troop, father of Rev. Mr. Troop of the Unitarian church, was last night appointed rector emeritus of St. Martin's Anglican church, Montreal, of which he has been pastor twenty-seven years.

ROGERS TO THE RESCUE. (Ottawa Free Press.) Hon. J. D. Hasen, minister of marine, took the Honorable Robert Rogers, "boob politician," down to St. John for the purpose of helping him out of the nasty mess that he has got into in that city in connection with the E. P. R. Atlantic liners. It will require a pile of government money and all Bob Rogers' lines to pull the wool over the eyes of the enraged citizens of St. John.

ABE MARTIN

Anybody that's got time to read all the new books has got entirely too much time. It must be fine to live in a man's pick your milk off the window sill.

THE PASSING OF THE SQUIRE. (Continued from previous page) The things concerning him have an end, according to the English press.

Letters to the Editor

A Word from a Former SUP-PORTER OF MR. HAZEN.

To the Editor of The Telegraph:

Sir - I attended the Board of Trade meeting on Wednesday, arranged for conference with the visiting cabinet ministers respecting the various needs of our development as a national port, and was pleased to hear the minister of public works deal frankly with those matters.

Now is the Time to Enter - Full staff of skilful and experienced teachers. Up-to-date courses of study. Light airy, cheerful rooms. Complete equipment. Absolutely first experience of the needs of the public, and of success in meeting those needs.

restoration in a natural, commonsense way.

I make a little appliance which we will call VITALIZER, because I think that is the best word to describe its strange power.

I don't want you to think of getting one of these VITALIZERS just now, but I would like you to investigate my claims as to what I believe can be accomplished by almost any weakened man who uses this VITALIZER at his own expense.

It is this VITALIZER that has given me an opportunity which has enabled me to compile this very popular and valuable little free book (over a million of which have been sent everywhere to men who wrote me for them), and in a manner to reflect the exact living, breathing experience and needs of real
