A Convict saves his Warder's Life.

(From the London Times.)

A Plymouth correspondent telegraphs a remarkable story in regard to Dartmoor convict prison. A few days ago a party of about twenty-five convicts were at work in a bog some distance from the prison. One of the convicts were at work in a bog some distance from the prison. One of the convicts suddenly picked up some warder in charge, felling him to the ground insensible. The loaded rife which he carried fall from his hands. warder in charge, felling him to the ground insensible. The loaded rifle open at each end. It is about four with harmless additions the carried fell from his hands, is upheld by insulators so arranged the convicts then made a rush is upheld by insulators so arranged dieg argumentation of business trans-

Party.

by shooting them in the legs. The ammunition becoming exhausted, the convict seized the rifle by the barrel wire springs. The telephone wire is cannibalism among the Greely party and knocked over about an equal attached to the base of this rod, runs through a generator run by steam feet in height, and powerful in proportion, he was able to deal powerful phone, and is grounded by being atfrom the boiler, then through the tele-portion, he was able to deal powerful phone, and is grounded by being at-blows with the clubbed weapon. To arrive per S. S. Phoenix, from Antwerp—15 Casks SHEET ZINC. I. J. BURPEE & CO..

To the People of Northumberland, Lumbermen. Farmers. Liverymen, Everybody in want of First Class

I beg leave to announce that I intend to still carry on my business in the town of Newcastle at my old stand, where I intend to keep everything in connection with the HARNESS AND COLLAR business, feeling sure that my past record will bear my out a saking you to still continue your liberal patronage, and by paying strict and prompt personal attention to all orders left. I hope to keep in future as in the past the confidence you have placed in me.

As the great demand for my

CELEBRATED COLLARS makes it impossible for me to keep any great quantity on hand, I shall always be ready and willing to take the measure of your horses, and make collars to suit them, when a GOOD FIT will always be guaranteed or no pay. It is impossible for horses to be gafted in these Collars, as the greatest pains is taken to make them work with ease and comfort to the animal, the proof of which is in the fact of having made and sold two thousand of them in Mirami hi and surrounding districts, and never having any of them returned for burting the shoulders of any horse that wore them. Everyone is made by myself, and are warranted no imported trash, but genuine hand made, wool faced, long straw Collars.

WHIPS, WHIP THONGS, CURRY COMBS, BRUSHES, That by adding two parts of cream of tartar to one part of oxalic acid ground fine and kept dry, in a bottle, you will find by applying a little RIDING SADDLES. MARTINGALES and BRIDLES imported to order. All orders

mptly attended to.

Harness and Collars repaired with neatness and despatch, and at moderate prices. M. O. THOMPSON.
