BEAVER BOARD

If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.

We carry a large stock in assorted sizes.

MAIL ORDERS

We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

Our Office is connected with the N. B. Telephone Co.'s line by two separate lines insuring prompt attention.

Office Hours—8 A. M. to 6 P. M.

TOWN OFFICIALS ARE APPOINTED

By-law Changed and Officials Now Chosen—Assessors Not Named.

A meeting of the town council was held on Monday night in the fire station, His Worship Mayor McKay in the Chair with Councillors Moores, Duncan, St. Onge, Bisset, Wallace, Chamberlain and Patterson present.

The minutes of the meeting held on Jan. 31st, were read and confirmed.

On motion the regular order of business was suspended to hear the report of the By-laws and Legislation Committee.

Councillor Bisset, from the above committee reported that owing to the date of holding our town elections having been changed it would be necessary to change the date for the holding of the annual meeting and arrange a date closely following the town elections. Report received and adopted.

The council then went into Committee of the Whole, His Worship appointing Councillor Duncan chairman.

On returning to the council chamber, Councillor Duncan reported recommending a change in the by-law fixing the date of the annual meeting the first Tuesday in February. On motion, report received and adopted.

On motion the by-law was given a third reading and now declared in force.

Returning to the regular order of business a communication was read from Wm. Savidant asking to be retained as Poor Commissioner—Laid on table.

A communication was read from John T. Reid, Secretary of the Campbellton Fire Brigade, notifying the council at a meeting of the Brigade held on the 28th ult. the following officers and members of the Fire Brigade had been elected and are herewith submitted for approval:

Chief—A. E. O'Donnell.

Assistant Chief—W. J. S. Walsh.

Capt. Ward One—B. O. Bates.

Capt. Ward Two—John Boudreau.

Capt. Ward Three—John Goss.

Secretary—John T. Reid.

Engineer Fire Engine—H. G. V. Farrer.

Fireman—Duncan Chamberlain, J. C. Chatterton, J. T. Reid, S. W. Fraser, Lionel Roy, Peter Savoy, Daniel Dewar, Alex. Robertson, C. A. Alexander, Frank Watson, R. A. Christie, J. C. Scott, Ray Matthews, Robert Burns, Joseph N. Boudreau, Pat Stevens, Hector Smith, R. L. Sullivan, Albert James, Colin MacLaughlin, John Jardine.

Laid on table.

A communication from W. E. Boulle was read in which he complained of being overcharged for light, and requested that a new meter be installed. Referred to Electric Light Committee.

On motion of Councillor Wallace the council endorsed a strong resolution approving of the Campbellton Board of Trade's action in pressing for the erection of a passenger bridge across the Restigouche river opposite Campbellton.

The usual departmental accounts were then gone into and ordered paid.

Councillor Moores from the Fire Committee reported that some \$4,277 worth of the fire equipment ordered by last year's council had been received from the Fire Equipment Co., and that there yet remained some \$495 worth yet to be received under the contract of sale entered into. Considerable discussion took place over the matter in which practically all the councillors took part. It was finally decided to let the matter of making a \$1000 payment upon the contract lay over until the next night of meeting.

The Electric Light Committee was authorized to look into the matter of purchasing a good general work-horse and report back to council.

The appointment of town officers was then taken up when the following appointments were made:—

Deputy Mayor—Councillor Bellefleur.

LIBERALS WIN IN WEST PETERBORO

G. N. Gordon Elected by Over 1200—Want General Election.

Peterboro, Ont., Feb. 17.—The by-election today in the partly urban and partly rural constituency of West Peterboro resulted in the defeat of the government candidate, E. Denne, by well over one thousand plurality.

G. N. Gordon, Liberal, was the successful candidate. He was also in the field, as Labor, a Farmer, and an Independent candidate, namely: Messrs. McMurray, Campbell and Burnham.

Montreal, Feb. 7.—Under the caption "Why Not An Appeal" the Montreal Gazette (Unionist) tomorrow morning will urge editorially upon the federal government the advisability of a general election after the supply bill has been proceeded with.

Chatham Wins Fast Game Against C'ton

Rink Crowded With North Shore Fans and Much Excitement Manifested—Campbellton Played Game Under Protest.

The Chatham special train arrived at Campbellton at 10:30 and the Chatham hockeyists and about three hundred fans, among whom were about seventy-five from Bathurst.

The crowd started to line up at the rink at seven o'clock and soon the large promenade and balcony above was packed to its full capacity. It was without a doubt the largest crowd that ever turned out to see a hockey match, a conservative estimate placing the number at 1800 and the fair sex who were very much in evidence, showed more enthusiasm than the men, if such were possible.

The game was delayed nearly two hours trying to agree on referees. The Campbellton team had official word from the President of the League that Staples was appointed and Chatham brought Brown with them and insisted on double referee system. It was at last agreed to play under protest. Brown acting as a referee, and also against Shorty Veno's name being on the Chatham list of players.

The game started fast and furious from the face-off. After fighting for six or seven minutes Currie, by a nice rush, scored for Chatham, and Spratt showed one in very shortly after, first period ending 2 to 0 for Chatham.

Spratt for Chatham was going very strong and was very fast.

Second period opened fast and both teams working hard to score. Spratt who was always dangerous, shoved in another making it 3 to 0. Matthews who was working hard, shot in a fast one from right wing and McMahon got away again to a good start and notched another for Chatham. Spratt scored again just before close of period, which ended 5 to 1 in favor of Chatham. At one time in this period McMahon and Payne were in the penalty box, leaving Campbellton defence wide open and only Starrak, Thomas and Matthews on the ice putting up the fight of their lives.

The third period was all Campbellton and the boys tried hard to even the score. Pete McLean made an end to end rush and scored, and Matthews scored twice, with that wicked right wing shot of his.

Thomas showed up well and was going strong.

More combination is wanted.

DELEGATION MEETS PROV. GOVERNMENT

Fredericton, N. B. Feb. 9.—(Canadian Press).—New Brunswick has been asked to contribute one quarter of the cost of a proposed inter-provincial bridge over the Restigouche River from Campbellton to Cross Point, Quebec.

What the structure will cost at the present time is not known as it is some time since surveys and estimates were made but the available figures show the probable cost to be not less than \$500,000, of which it is suggested that the federal government pay one half and the New Brunswick and Quebec governments one quarter each.

The proposition was placed before the provincial government here last night by Arthur T. LeBlanc, W. H. Miller and J. Harquail, of Campbellton and Pius Michaud, M. P., for Restigouche, Madawaska.

Premier Foster told the delegation that the government realized the importance of the proposed bridge and promised that the suggestion of the delegation would be given careful consideration.

EARTH OPENED AND SWALLOWED MANY

Missionary's Letter Describes Fearful Conditions After Earthquake.

Toronto, Feb. 8.—In a letter from G. W. Gibb, secretary of the mission in Shanghai, by A. E. Brownlee, secretary of the China inland mission, this city, it is stated that in the recent earthquake in China whole towns were swallowed; hills collapsed; big valleys opened up and hundreds of human beings engulfed; black water gushed from the ground, and whole caravans of camels disappeared in the earthquake openings. Mission property suffered, but so far as was known all the missionaries were safe.

ANNIVERSARY OF I. O. D. E. IN CANADA

Toronto, Feb. 5.—At a meeting of the national executive of the Imperial Order of the Daughters of the Empire here yesterday it was announced that the I. O. D. E. would celebrate its twenty-first anniversary on February 13 in Montreal, where the order was instituted in February, 1900, by Mrs. Clarke Murray.

Charles Smith of the London Times, addressed the I. O. D. E. executive upon the importance of the encouraging interest support of English publications in this country.

NO LIQUOR FOR EXPORT AFTER MAY 1

New Regulations for Liquor Traffic in Province of Quebec.

Quebec, Feb. 8.—No liquor will be exported to other parts of Canada, from the Province of Quebec, after May first, if the new legislation brought down by the provincial government today is accepted by the legislature. One of the officers who prepared the liquor bill, stated positively tonight, that everything connected with the liquor traffic, including the export, will be in the hands of the commission of five members who will be appointed to administer the act.

AIRCRAFT AGAINST THE BATTLESHIP

U. S. Navy to Carry Out Test of Interesting Nature.

Washington, Feb. 8.—(Canadian Press).—Preparations were under way in the United States Navy Department today to decide by actual test the question of the relative superiority of aircraft and the modern battleships. Secretary Daniels in a letter to Secretary Baker yesterday requested the War Department to participate in experiments to be carried out within ninety days, in which the surrendered German battle ship Oeffriedland probably will be used as the object of attack by aircraft, dropping high explosive bombs from the air. Conditions approximating as closely as possible those of battle will be simulated in the tests.

TIGERS WERE TAME FOR CLEMENCEAU

Paris, Feb. 5.—Former Premier Clemenceau, the "tiger of France," found the tigers of India easy game. Writing to a friend about the two he bugged at the foot of the Himalayas in Northern India, Clemenceau said: "These tigers did not put up much of a fight. I shall refrain from killing any more lest I run afoul of the Society of Prevention of Cruelty to tame animals."

MORE REVENUE NEEDED.

A glance at the financial statement of the Town of Campbellton for the year 1920 will convince any ratepayer that some drastic measures will be necessary to increase the revenues of the town if we are to make the revenue meet the ordinary expenditures.

Last year, without taking into account interest on the bonds, the electric light department which a few years ago was a big revenue earning proposition shows a balance so near the zero mark that we can safely figure a deficit.

In the water department the same may be said although the credit figures are considerably larger.

The mere statement as published does not give details but the fact is evident. Despite the very great increase in tax rate, we are not yet collecting enough revenue to meet the expenditures.

We think we are voicing the sentiments of the ratepayers when we say that the tax rate should not be increased. The average small property owner is, in our opinion paying more than his just proportion of the town taxes. How can this be remedied? This is a question for the next assessors, and they should be instructed carefully before they proceed with their work.

If no more revenue can be obtained through direct taxation how is it to be raised?

Some citizens say that we should make a strong pull for a portion of the Auto Tax all of which goes to the local government, and spend any amount we may receive from this source on our streets.

Then the question is asked why should the poor man who owns a cheap car be assessed \$500 on same while the other fellow who owns a new car three, or four thousand dollar car is also assessed on \$500. Hardly fair is it?

There are other discrepancies in the assessing as regards the income of our citizens. Citizens whose incomes are from three to six thousand dollars a year are assessed on one thousand dollars while those of from one to three thousand are assessed on from three hundred to eight hundred dollars.

The need for additional revenue should be considered carefully. We feel that our electric light is being supplied at too low a rate under existing conditions. We know that we

are selling it much below that charged in many other towns.

Then there are other means of raising taxes which might be resorted to, but no doubt our new council will take all these matters into consideration at an early date and set forth a program which will improve the situation.

A WISE COURSE.

Delaying the legislative session until after the courts have dealt with the Restigouche election appeal is infinitely preferable to having the Legislature itself attempt to decide the rights and wrongs of an unfortunate political middle. The issues if there are issues, are legal and the courts should decide them. If the opposition members are entitled to the seats they will get them from this appeal to the courts, and get them in time to attend the first session after the election. If they are not entitled to the seats the court for saying so will rest with the authority, and it is far better that it should rest there than on a partisan legislature vote which must of necessity be the result of a partisan controversy.

The government is following a wise, a commendable course in giving full opportunity for legal consideration of this political dispute. In making it possible for that legal consideration prior to the legislative session, the government is dealing fairly by all interests.—Globe.

FIND JEWELS WORTH \$35,000 IN TAXICAB

Chicago, Feb. 4.—"What will I do with this?" asked Charles Murphy, a taxi chauffeur, as he dumped a haulful of diamonds, pearls, rubies, sapphires, necklaces, brooches and rings upon the desk of his manager.

"Start a jewelry store, would be my guess," replied the manager. "Where did you get it?"

"In my cab. Somebody must have dropped it. It is too large for a tip." Two expert jewelers were called and they appraised the lot as worth \$35,000 or more. Twelve pearl necklaces were part of the treasure. One of them was valued at \$28,000. Murphy could not guess at what hour of night of virtually continuous travel the jewels had been brought into the car. He was sweeping out his cab today, preparatory to going out when he discovered the treasure.

No one has advertised the loss of the jewels and the case resembles in many particulars that of Mrs. Charles Jagger, of Gary, Ind., who found in a Chicago taxicab \$150,000 in Government bonds, for which no claimant ever appeared.

GUILTY OF THEFT FROM THE MAIL

Quebec, Feb. 5.—Louis Philippe Larain, employed as transfer agent at the Levis railway station, pleaded guilty yesterday to a charge of theft of merchandise passing through the mails and was sentenced by Magistrate Lachance to three years in the penitentiary.

END OF OLD STEAMER.

The old steamer State of Maine, formerly of the International Line service between St. John, Maine ports and Boston, is to see her finish in a few days. The old vessel was last sunk at Hog Island, Philadelphia, and as she is a nuisance where she is, she will be raised and broken up for junk. The State of Maine was built in 1882 at the yards of Goss, Sawyer & Packard of Bath (Me.), and made her first trip to St. John early in August, 1882. For many years she ran as a passenger and freight boat between St. John and New England. With the passing of the side-wheelers she was sold to the Joy Line running between Providence and New York, being re-named the Edmont. When the steamer was on the St. John route she was in collision several times and on one occasion she ran ashore near Point Le-

BATHURST LEADS IN BONSPIEL

won Over Newcastle By 36 Points—Some Close Games.

The North Shore Bonspiel held at Newcastle last Thursday and Friday created much interest in curling circles on the North Shore. Each town was represented by four rinks or sixteen curlers and the games started promptly Thursday morning at 9 o'clock and continued each day with only fifteen minute intervals until 10:30 p.m.

The total points scored by each team were as follows:—

Bathurst 226
Newcastle 190
Chatham 179
Campbellton 160
Dalhousie 114

The four rinks from each club were skipped by the following players: Bathurst—E. P. McKay, J. E. Connelly, B. C. Mullin and N. Thibodeau.

Campbellton—J. T. Reid, W. H. Marquis, E. P. Wetmore and H. A. Marquis.

Chatham—S. D. Heckbert, Howard McKendry, C. D. Ruddock and Mel Jardine.

Dalhousie—D. G. Stewart, A. B. MacKinnon, M. MacKay and F. Barberie.

Newcastle—J. R. McKnight, Waldo Crocker, Robt. Galloway, and John Russell.

To the uninitiated it should be explained that one rink of each club plays a game with one rink of each of the other four clubs, and usually all four games are on different sheets of ice as well. Thus, each Campbellton rink played a game with one each of the Chatham, Newcastle, Bathurst, Dalhousie skips.

At the conclusion of the first day's games the scores of the several clubs were as follows:—Bathurst 110, Chatham 92, Newcastle 92, Campbellton 89 and Dalhousie 69 points.

When the final count was taken at the conclusion of Friday night's games it was seen that the same order had been maintained, with Newcastle pulling eleven points away from Chatham during the second day and securing second position. The final scores were: Bathurst 226, Newcastle 190, Chatham 179, Campbellton 160, Dalhousie 114.

The bonspiel was greatly enjoyed by a large number of spectators who were constantly in attendance at the games, as well as the curlers from the several clubs and their supporters who accompanied them. Alfred Crosbie, Chatham's veteran ice maker, had four splendid sheets of ice and the curlers were loud in their praise.

On Thursday night, the visiting curlers and their friends were very pleasantly entertained by the Newcastle club at a banquet in the Town Hall. After full justice had been done to the splendid supper, a most enjoyable programme of music, songs, speeches, etc., was successfully carried out.

The first of the series of North Shore bonspiels was held in Chatham in 1914, when Campbellton, Newcastle and Chatham competed, Campbellton carrying off the honors. The second was won also by Campbellton in 1915 and in 1916 at Newcastle. Campbellton also carried off the honors. It was decided that the victors of 1914 and 1915 would not count for the possession of the trophy but in 1917 at Dalhousie Campbellton won again. Three successive wins gave the victorious team possession of the cup but the 1918 bonspiel was won by Bathurst who were victorious in 1919 and 1920, winning the cup. A new cup has been put up by the North Shore Curling Club to be won under the same conditions as the trophy in the possession of Bathurst.

NO PROCEEDINGS AGAINST DOCTOR

Toronto, Feb. 5.—No criminal proceedings will be taken against Dr. Percy E. Paed, who admitted at an inquest here recently that he had made a mistake in administering diarsenol instead of neidiarsenol to Miss Monica Kenney and Mrs. Emma Bond, both of whom died a few minutes after the drug was administered, according to a statement made yesterday by Assistant Crown Attorney McFadden, following an exhaustive inquiry into all the facts of the case.

A good many people think they have done their duty to a friend when they tell him not to worry.

TORONTO HONORS
BLISS CARMAN

A Fredericton Boy Who Has Made a World-Wide Reputation As a Poet.

Toronto, Feb. 7.—Bliss Carman, the well known poet, who was born in the province of New Brunswick and has been a resident of the United States for twenty-five years, was given a dinner by the Arts and Letters Club here on Saturday night.

Mr. Carman in an address expressed gratitude to the Club for sympathy shown him a year ago when his health broke down. Brief addresses of welcome to the poet were given by Peter McArthur, Prof. Pelham Edgar, Dr. G. H. Locke and Augustus Bridle. M. O. Hammond, Financial Editor of the Globe, Vice President of the Arts and Letters Club, presided.

AN EARLY LENT.

The forty days of Lent began Wednesday and Easter Sunday falls on March 27. Only four times since 1871 has Lent begun before February 9. Not until 1940 will it be so early again. In that year it will fall on February 7.

Advertising his home for rent, T. H. Ashcraft, a Pine Bluff, Kan., banker, declared that the more children in the family of the renter, the lower the price. He let it to a family with six children.

24 FAILURES LAST YEAR.

R. G. Dun and Company's review of New Brunswick business in 1920 made public reports 24 failures with liabilities of \$101,907 and assets of \$84,400 compared with 16 failures in 1919 with liabilities of \$74,800 and assets of \$31,450. It reports business satisfactory and prosperous for the first seven months of 1920 but that since then there has been a falling off in most lines. The report estimates the amount of lumber on hand in New Brunswick at present, suitable for the English market, at about three hundred million feet.

DATE OF ANNUAL MEETING.

The New Brunswick Hockey League has selected Good Friday as the permanent date of the annual meeting. It is the intention to place the organization upon a permanent footing and the selection of a standing date for meeting is one of the methods. The league will continue under N. H. L. rules this season but will adopt the Canadian Amateur Hockey Association rules before 1922 season. Newcastle has been suggested as a central place for the annual meeting. It also has been suggested to meet in the place where the cup is held and make the meeting the occasion of presenting the trophy to the champion team.

DEFICIT ON
C. N. RAILWAY

Said to be \$60,000,000 Due Almost Entirely to Higher Wages.

Ottawa, Jan. 27.—Figures are now being prepared showing the result of last year's operations on the Government railways and will probably be made public within a few days.

It is expected that they will show a deficit of about sixty million dollars including the Grand Trunk Pacific. This is in comparison with a deficit of forty-seven million dollars in the previous year. In both cases, fixed charges are comprised in the deficit.

The increased deficit is ascribed chiefly to higher wages and deferred maintenance. During the war years the roads could not be maintained at their usual standard. Now improvements have to be made at considerable enhanced costs.

JOINT INSTALLATION.

On Wednesday evening, Jan'y. 12th, B. of L. E. Div. 138 and Div. 539, G. L. A., held a joint installation in the I. O. O. F. Hall. After the usual routine of installation, the principal feature of the evening was the presentation to Brother John Devereau, returned Locomotive Foreman of C. N. R. of a purse of money, on behalf of the members of Division 138, B. of L. E., as a slight token of their appreciation of his admirable manner in filling the position and the many favors which the members received in his twelve years of service, as foreman.

Brother Devereau who was completely taken by surprise, replied in a most feeling and grateful manner. After the address and presentation, a dainty lunch was served.

CALL FOR TENDERS.

The New Brunswick Hydro Commission is calling for tenders for the construction of the second of a series of storage dams in the Musquash. The one is to be located at the outlet of Loch Albert, three miles from the dam and will have a storage capacity of some \$1,500,000,000 gallons. Another similar dam at Longfalls on the Esas branch, already has been contracted for and the commission has five or six other dam sites in consideration. At the power site between 100 and 125 men are employed, clearing and grading for the pipe lines.

GERMAN REPARATIONS.
Discussions by the Paris conference on Thursday of the question of German reparation for the war damage in France, Belgium and other countries established that this is the most important as well as the most difficult of the problems between the Allied powers and Germany. France and Belgium require the money Germany must pay to restore the territory devastated. France has already made enormous advances on this account and naturally demands a settlement to adjust her finances. Lloyd George agrees with the French demand that "Germany must pay to her utmost capacity," and says the Allies must stand together to assure this, but he contends that the only feasible way of collecting the debt is through German exports. If she exported too much to the Allies it would mean the ruin of allied industries; if she exported too much to the neutrals it would mean the loss of the Allies of the neutral markets. Due account of these facts must, he argues, be taken into consideration in settling

Suffered Three Years Until She Tried "FRUIT-A-LIVES"

DAME PETER LAMARRE
Pointe St. Pierre, P. Q.
"I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good. Then, I used one box of 'Fruit-a-lives' and two boxes of 'Fruit-a-lives' and my hands are now clear. The pain is gone and there has been no return. I think it is a marvelous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Fruit-a-lives' and 'Fruit-a-lives' completed the cure."

how Germany shall pay the indemnity agreed upon. As a practical solution of the difficult he urged French acceptance of the Belgium suggestion of payments covering a period of years and bearing interest. Although the French Minister of Finance, M. Doumer, who demands a German payment to France of the impossible sum of 212,000,000,000 gold francs, declined to agree to this idea, the French premier, M. Briand, expressed a willingness for six German payments and asked appointment of a committee to determine what Germany could pay. Out of a discussion which at times seemed to threaten a disruption of the conference there emerged a final decision to appoint the committee suggested. The whole night was given over to attempts to solve in a few hours a problem with which the Allied premiers have been wrestling for more than two years. The hopeful tone of the morning despatches indicates a confidence that a settlement probably along the lines suggested by the Bologne conference will be agreed upon as the most practical way of dealing with the war issue which has sorely tried the patience of both French and British statesmen and at times threatened to break the ties cemented by the common sacrifices of French and British manhood.

A CANADIAN FLAG.
Argus, in a recent issue of the Toronto Globe, calls attention to the little interest that the change in the flag of the Canadian merchant fleet excited among Canadians, who apparently by his thinking tamely submitted to the deposition of the time-honored beaver and the substitution of a white cross surrounded by a colored circle, whether red or blue is for the moment forgotten. The reason for the abolition of the beaver, which has come to mean Canada through years of usage and by virtue of the qualities—intelligence, industry, prudence, cleanliness and sturdy self-reliance—that distinguish it, seems to be rather inadequate and a bit laughable when the independence of the Canadian as a whole is remembered, but it is stated that "in some foreign ports the beaver was derisively called a rat.... and the crews presumably rats." This may constitute a good reason for changing an emblem that has become the distinctive mark of Canadian nationality and that has appeared on the buttons and badges of the soldiers and sailors of whom Canada has always had every reason for a justifiable pride. National life is not built in a day and the making of traditions is not the work of

EDITORS MAIL.

Campbellton, N. B.

February 7th, 1921

Editor "Campbellton Graphic."

Dear Sir,—

I notice an article in the "Tribune" setting forth the mismanagement of the finances in connection with our electric light plant, at the time Mr. A. Andrew was in office as Mayor and Chairman of Electric Light Committee. The facts set out were absolutely true. I also heard many favorable comments in connection with same.

In last week's "Graphic" Mr. Andrew attempts to reply, and proceeds to build up his very frail case by using very strong language, such as "Falsification," "Cowardly," "The truth is not his motto," "MY administration of Town affairs," etc. I do not intend to take part in their quarrels, beyond say that I find our Town Blue Book proves the ex-Mayor very much in error. It is very plain that Mr. Andrew is very much peeved over the result of the election, and displays the same shortsightedness and spitefulness that was detrimental to the Town while he was allowed to remain in office.

To be beaten in Wards One and Three by a very large majority (also if one were to take into consideration the number of Mr. Andrew's relatives in Ward Two, the Mayor, Major N. C. McKay, might be considered as receiving a majority there also) goes to show that Mr. Andrew's past "Administration" was not forgotten by the ratepayers. Joseph Duncan, George St. Onge and James Patterson left him far behind. The first named beat him by thirty-two votes, Mr. St. Onge by ninety-seven and Mr. Patterson by seven votes.

As Mr. Andrew states in his letter he can stand all legitimate criticism it may be well to refresh his memory by quoting a few of his acts while in public affairs:

1. When as a Councillor he was largely responsible for the litigation in connection with the illegal shutting off of the water to a small motor, this unwisely and uncalled for act cost the Town over six thousand dollars, besides leaving an unpleasant stigma on our Town.

2. His mismanagement re plank Editor Mail re Andrew No. 2

side-walks cost the Town ten thousand dollars.

3. The sending of a large sum of tax-payers' money to Halifax without their consent. First aid to the extent of say one thousand dollars, and work like Mr. Havelock Sansom did was all that was required, but "MY administration" in order to make a show cost the people four thousand dollars.

4. Then without any authority he got a Montreal architect to stop off at Campbellton, in connection with the Soldiers' Memorial Hospital; plans were obtained that were far from what we needed (these plans have since been changed by a home man at twelve dollars per day).

A more suitable duplicate plan could have been obtained for not over two hundred dollars. This cost the Ladies' Committee a lot of work and the subscribers close to six thousand dollars.

5. Now let's look at the Golden Rule he wants applied. The ratepayers did not forget the false charges he made at a public meeting in reference to an officer, that was fought in France, while he (Mr. Andrew) lacked the manliness or pluck to put on the uniform. He knew them to be untrue when he made them and he was forced while still on his feet to take them back in a most pitiful manner.

6. This same Mr. Andrew clamours about unfair advantage taken of him by the press and that he did not have an opportunity of reply. He evidently does not remember that he scattered a scurrilous sheet the evening before an election not so very long ago, notwithstanding the fact that he was Mayor at the time and under oath to conduct the said election in a fair and impartial manner. This is the man that wants others to observe the Golden Rule.

In closing permit me to say the Citizens' Candidates had the help of the intelligent voters who told Mr. Andrew his services are not wanted,

moment, but it may be that an affection and a sentiment will grow up about the new flag that will appeal to the younger generations as potentially as do the things of yesterday to the generations that have known their connection with the upbuilding of the Dominion.

Some goods pay more profit than others. Usually, the poorer the quality the greater the profit.

When you buy Red Rose you buy the best.

GERMANS MUST NOT GET

London, Feb. 3.—(Canadian Press)

—While offering determined objection to the allied reparation demands, Herr Severing, the Prussian Minister of Home Affairs, declared in a speech at a meeting of majority Socialists that Germany should not decline all the demands in any angry fit, but should try to convince the allies that Germany was doing what she could to satisfy reparation requirements, says an Exchange Telegraph despatch from Cologne to-day.

The Home Minister declared the present demands of the allies meant the economic strangulation of Germany.

Saskatoon, Sask., Jan. 29.—The Lee Wine Company, whose \$150,000 stock was confiscated by prohibition enforcement last week, was yesterday found guilty of keeping liquor for sale within the province of Saskatchewan, and was fined one thousand dollars and costs.

A "spotter" for the Saskatchewan liquor committee testified that so many men had gone in and out of the export warehouse one morning that he thought there was "a street parade."

It is understood the conviction will be carried to the court of appeal.

The incident occurred during the church service, only the coffin separating the King and the ministers.

After the ceremony the ministers made a palpable effort to avoid the King.

Strengthen Your Business "Morale"

Soldiers know what it means when an army's "morale" is shattered.

The fighting spirit is gone, the men invite defeat. What is true of military forces is true of some industrial armies.

At the first serious jolt their morale weakens—hope flies, courage disappears—their fighting spirit is lost. There is no place in business today for the "calamity howler." He is drawing salary or wages under false pretences. More distressing still, he is weakening the "morale" of other workers, and of the business itself.

Strengthen your business morale.

OBITUARY.

George Lewis.

The death occurred at Mount View Hospital, Calgary, Alta., on Saturday, Jan. 29th of Mr. George Lewis, aged twenty-one years.

Deceased after graduating from the Campbellton High School, was employed with the Engineering Staff of the Canadian National Railways, but failing health compelled him to resign this position and a little over two years ago he went to Calgary in the hope that the change of climate might be beneficial.

He was a son of the late Mr. and Mrs. E. W. Lewis of this town, his father being the Principal of the Campbellton Grammar School for many years.

He is survived by his aunt Miss Beattie Harshman, with whom the family have made their home since the death of their parents, and one sister, Miss Gertrude and one brother Ralph.

The remains were brought from Calgary, accompanied by Mrs. Robinson of that city, an aunt of deceased, and the funeral was held on Monday afternoon, Rev. W. Camp of the Baptist Church of which church deceased was a member, conducted the services, Rev. Mr. Boothroy and Rev. Mr. Miller also taking part.

The choir of the Baptist Church attended in a body and led in the singing.

The pall-bearers were Messrs. Sanford Dickie, Douglas McNair, Colin MacLaughlin, W. Richards, Gordon McKenzie and Stanley McKenzie.

Interment took place in the Rural Cemetery.

Many beautiful floral tributes were received from friends and also from the staff of the Campbellton Schools, and the Young People's Society of the Baptist Church.

THE LENTEN SEASON.

Yesterday was Ash Wednesday the beginning of the Lenten Season. At the Church of Our Lady of the Snows on Sunday morning at both masses the regulations for the Season of Lent were read by the pastor, Rev. Father Melanson. During the Season service, will be held every Wednesday and Friday evening in the Church of Our Lady of the Snows commencing at 7:30 o'clock.

IN GOOD HEALTH.

Mr. H. P. Marquis, writing from Boston, to which place he recently moved from Campbellton, says he and his wife are in good health, and that he had removed to that city because he had two daughters living there. He adds that he was not born in Chatham but in Scotland, and was five years old when he came to Chatham, May, 1864.

THE "CONVERSAZIONE."

The premier social event of the academic year at the University of New Brunswick took place Friday night, it being the annual "conversazione" or "coq." About 400 guests were in attendance and the old arts building for the occasion was converted into a scene of beauty and splendor.

As usual, the great majority of the guests were from Fredericton or near vicinity, but other sections of the province were well represented.

The ball opened at 9 o'clock and continued for several hours. There was a dance programme of eighteen dances with three extras. Tennant's orchestra was present and music for the extras was played by Leo Cain, Walter McGinn and Titus.

Cards were employed by non-dancers to while away the time. Supper was served at midnight in the library. The serving was performed by the undergraduates, seventy-five small tables being set.

The "con" is voted the best in recent years and one of the best which ever enlivened the classic halls of U. N. B.

Among those from Campbellton were: Miss Enid McKenzie, the Misses Crockett, Miss Muriel Stevens, Miss Stella Bruce and Mr. B. I. McKenzie.

S. U. S. UNDESIRABLES DEPORTED TO LIBAU

Stockholm, Feb. 5.—Ludwig G. A. K. Martens and fourteen companions deported from the United States as undesirable, sailed from Nothenburg yesterday for Libau. Forty two other Bolsheviks who made the voyage on the steamer Stockholm from New York were detained aboard that vessel, having refused to transfer to the Swedish steamer Soda Striga, on which Martens and his friends will make the journey to Libau, because the vessel was too small, they declared.

THE SYRIANS WERE PLEASED AND HAPPY for the special feast in honor of their Patron, and were yet more pleased to hear that from now on in each year on the ninth day of February they can depend on the same celebration.

Submitted by Anthony Thomas, of Campbellton, formerly of Ehlin Liban of Syria.

JAP OUTRAGES IN KOREAN TOWNS

Washington, Feb. 7.—Japanese soldiers were accused of widespread destruction of life and property in Chientao, during last October and November, in a statement issued here today by the Korean Commission. The statement declared that 8,128 inhabitants of Chientao were murdered, 238 arrested, 76 women "assaulted" and 2,404 houses, 31 school buildings and 10 churches burned. Grain burned and destroyed, the statement said, totalled 818,620 bushels.

"More than 15,000 Japanese soldiers," the statement asserted, "were sent to Chientao last October under orders to blot out the independence movement among the Koreans residing there."

The Chientao district lies west of Vladivostok and north of the Tumen River. Its title has been in dispute between China and the province of Korea since 1885.

THE FEAST OF ST. MARON OF SYRIA

The Maronite Syrians of Campbellton celebrated on the ninth inst., at the church of Our Lady of the Snows, the feast of their Patron Saint Maron. The Syrians were evangelized at the very time of the Apostles by St. James who for thirty years was the Patriarch of Jerusalem, visiting and exercising his holy ministry in Palestine and Syria. His liturgy is still kept, as a matter of fact the Maronites claim to still hold, in the celebration of Holy Mysteries, the language of Syro-Chaldean which is supposed to be the language of Our Lord and of the Apostles.

Persecuted by the infidels the greater part of the Syrians found a refuge, during the fourth century, in the mountains of Lebanon. In the fifth century Pope Saint Martin I hearing that after the most terrific persecutions, they were at last the masters of Mount Lebanon, a territory including all the land from Antioch to Jerusalem, gave them a Bishop named John who was previously monk in the monastery of Saint Maron on the Oronte. John was consecrated Bishop at Botry with the title of first Patriarch of the Syrians of Mount Lebanon. He took the name of John Maronite in remembrance of Saint Maron, the father of so many monasteries of Syria. From there comes the name of Maronite Syrians given to the inhabitants of Mount Lebanon.

All the Syrian Colony of Campbellton were present at Mass in the morning at which in a body they received Holy Communion. In the evening at half past seven the solemn benediction of the Blessed Sacrament was given by the Pastor Rev. Arthur Melanson which ceremony was preceded by an instruction on the Patron of Maronites Syrian, "This page of the church of Syria" said the Reverend Father, "is one of the nicest and most instructive of the history of the Orientals."

GLORIOUS FUTURE AWAITING CANADA

Toronto, Feb. 5.—At the Commercial Travellers' dinner last evening, replying to the toast Our Guests, the Duke of Devonshire stated that in Canada the future could be looked forward to with perfect confidence. The resources, the skill and the industry were here, which could make the future of the country assured. While it might be difficult to forecast just what the immediate events might be, confidence and optimism were justifiable, he said. The greatest hope that could be looked forward to today was based on that great movement taking place in the world and expressed in the League of Nations. "However able the assembly may be," His Excellency stated, "it cannot of itself be of any real value unless it has the sympathy and support of the nations of the world behind it." What was needed, His Excellency added, was a renewal of confidence in the hearts of the people and the assurance that a more glorious future awaited Canada than anything that had been done in the past.
