MONDAY, SEPTEMBER 1, 1834.

**I**N consequence of the absence of the Honorable the Speaker from Saint John's, the House did not meet pursuant to the Proclamation of his Excellency the Governor (hereto prefixed) on Tuesday the 26th ultimo, as therein directed, but have this day assembled for the despatch of business.

At eleven o'clock, the following Message was delivered by Joseph Templeman, Esquire, Usher of the Black Rod:—

*“ Gentlemen of the House of Assembly :*

*“ His Excellency the Governor commands your attendance, immediately, in the Council Chamber.”*

Accordingly, Mr. Speaker, with the Members present, went up to attend his Excellency in the Council Room,

And being returned, and there being only five Members present, the House adjourned until to-morrow, at twelve of the clock.

TUESDAY, SEPTEMBER 2, 1834.

**M**R. SPEAKER addressed the House expressive of the reasons which had prevented his attendance at the opening of the session; and reported to the House, that he, with the Members present, yesterday, in obedience to the commands of his Excellency the Governor, went up to attend his Excellency in the Council Room, where his Excellency was pleased to make a speech, of which Mr. Speaker said, he had, to prevent mistakes, obtained a copy, which he read to the House as follows:

*Honorable Gentlemen, and Gentlemen,*

It is with much regret I have been under the necessity of calling you together so soon after the very long session in which you had been engaged, and at a period when I am fully aware your personal interests require your undivided attention—and which cannot but materially suffer by your absence from your respective homes.

The answers I have received to the memorials praying for pecuniary aid from the Imperial Parliament, which, at the request of the Council and the Assembly, I transmitted to his Majesty's Government, left me, however, no alternative but immediately to call you together that the same may be laid before you,—that you may be enabled to take the important subjects they embrace into your serious consideration, and that, should you deem it necessary to meet the exigencies of the public service by any further fiscal arrangements, you may have an opportunity of doing so at the time of the year when the imports will probably be more extensive than at a later period.

And to enable you to form an opinion of the probable amount of Revenue that will, under existing imposts, accrue for the year ending 1st April next, I shall direct a statement to be laid before you of the amount collected during the previous year, to which will be attached the amount of the expenditure to be provided for up to the 1st April next, under the authority of the Legislature during its last session.

On motion of Mr. HOYLES, seconded by Mr. KOUGH,

*Ordered*, that Mr. ROW, Mr. CARSON, Mr. HOYLES, Mr. KOUGH, and Mr. KENT be a committee to draw up an address of thanks, in answer to his Excellency's most gracious speech.

A Petition of Thomas Ridley and others, Inhabitants of Harbor Grace, was presented and read by Mr. PETER BROWN; setting forth—that Petitioners deeply regret the Parent Government had found it expedient to refuse the aid solicited by the Council and the House of Assembly at its last Session;—that in consequence thereof, to provide for the public service of the Colony for the current year, the Petitioners were apprehensive that an advalorem duty upon all Imports was in contemplation;—that from unproductive voyages,—recent calamitous fires—bad crops—and numerous mercantile failures, the Petitioners humbly conceive, such a measure at the present moment would be impolitic; and humbly pray that under all these pressing and important considerations, some less objectionable mode of preserving the public credit may be adopted by the House.

Also, a similar Petition of William Donnelly and other Inhabitants of Spaniards Bay, was presented and read by Mr. CARSON, setting forth apprehensions of the same nature, and assigning the same reasons to shew the impolicy of fixing an advalorem duty upon all Imports at this critical period, and humbly praying the House will give its serious attention to the Petition, and, upon mature deliberation of the consequences of such a measure, it will resort to some less onerous mode of meeting the demands of the Colonial expenditure for the present year, thereby rejecting a dangerous expedient that would probably end in the ruin of themselves as well as of the country.

1st. That it appears to this committee that, in the absence of any pecuniary aid from the Parent Government, the probable Revenue will not be sufficient to meet the expenses of the present year.

2nd. That it would be impolitic and injurious to the best interests of this Colony to impose at present any additional taxation.

3rd. That it is the opinion of this committee that application should be made to his Excellency the Governor, to ascertain whether his Excellency could arrange to supply such deficiency from any public Funds within the Colony, or by drafts on the Treasury, or otherwise, by way of Loan, on an assurance of this House to make good the same by a suitable Enactment in the next session.

“ THOS. COCHRANE.”

The Governor acquaints the House of Assembly that he has received undoubted information that the Asiatic Cholera has for some time prevailed in Lower Canada, and now exists in Halifax (Nova Scotia) and had, up to the last advices, carried off in that time more than 150 people.

His Excellency is taking every precaution against the introduction of that fatal disease into this colony, but when the proximity of Nova Scotia is considered, and the constant intercourse that is carried on between the two Countries, his Excellency cannot but be alive to the probability of its reaching these shores; and, therefore, submits to the House of Assembly the propriety of making pecuniary provision to meet the expenses which will unavoidably arise in the event of such a calamity occurring; and prevent the necessity of his Excellency a second time calling the Members of the House from their personal concerns, which, at this season of the year, must particularly require their immediate presence.

*Government House,* }

Mr. SPEAKER resumed the chair.

The Chairman reported from the committee that they had made some progress in the business to them referred, and had directed him to acquaint the House that they had come to several Resolutions thereon which, by their direction, he submitted for the concurrence of the House; and having read the same in his place, he afterwards delivered them in at the Clerk's Table, where they were again read, and are as follows:

*Resolved*, that as the Parent Government has determined that the Colony of Newfoundland shall defray all the Civil Expenses of its Government, without the

usual aid granted by the Mother Country, that it is the opinion of this committee a reduction in that expenditure ought to take place to the lowest scale compatible with the means of the Colony and its good Government.

2nd. *Resolved*, that it is the opinion of this Committee, that the annual sum of £6550, reserved by the Imperial Act of 2nd and 3rd Wm. 4th, Cap. 78, towards the maintenance of the Governor, of the Chief, and other Judges, the Attorney General, and Colonial Secretary, is more than commensurate with the present means of the Colony.

3rd. *Resolved*, that it is the opinion of this committee that a Memorial should be presented to his Majesty showing the inadequacy of the Revenue of the Colony to meet the heavy charges with which it is at present burthened, and praying that his Majesty would be pleased to accept towards the Salaries of the Governor, the Chief Justice, the Colonial Secretary, and the Attorney General, the sum of £4000 to be reserved by an Act of the General Assembly upon permanent Funds adequate to the purpose; and that, thereupon, his Majesty would graciously be pleased to concur with the Legislature, in repealing so much of the said Act of the Imperial Parliament as relates to the reservation of the sum of £6550 out of the Revenue of the Colony:—And it is further the opinion of this Committee, that in the said Memorial the House should assure his Majesty of their determination to make provision for the Assistant Judges, during the continuance of the present constitution of the Supreme Court.

4th. *Resolved*, that the expenses of collecting the Revenue of the Colony, amounting to 25 per cent on the aggregate Revenue, ought to be considerably reduced; and that the sentiments of the House be embodied in the aforesaid Memorial to his Majesty, stating that the House is willing to vote out of the Revenue of the Colony the Annual sum of £2350 to the several Officers of the Custom House Establishment—to wit:—

5th. *Resolved*, that it is the opinion of this committee, that the Legislature being now called on to support the whole Civil Establishment of the Colony, it would be desirable that it should have the appropriation of all the Revenue, and that in the Memorial to his Majesty there should be embodied a prayer that his Majesty would graciously be pleased to direct that the Rents accruing from Ship's Rooms and other public Lands, and, also, the monies accruing from the future Sales of Crown Lands should be placed at the disposal of the Colonial Legislature

On motion of Mr. Row,

*Resolved*, that the House do concur with the committee in the said Resolutions.

On motion of Mr. KENT, seconded by Mr. CARSON,

*Resolved*, that a committee of five be appointed to draw up a memorial to his Majesty, embodying in the said memorial the subject matter of the resolutions contained in the report of the committee of the whole House on the state of the Colony, and now unanimously adopted by the House.

*Ordered*, that Mr. KENT, Mr. CARSON, Mr. ROW, Mr. KOUGH and Mr. HOYLES, do form a committee for the above purpose.

Agreeably to the order of the day, the House went into committee of the whole upon the consideration of the bill for amending the Registration of Voters Act.

Mr. SPEAKER left the Chair.

Mr. HOYLES took the chair of the committee.

Mr. SPEAKER resumed the chair.

The Chairman reported from the committee that they had gone through the said Bill, and had made certain amendments thereto, which they had directed him to report to the House ;—and he delivered the Bill with the amendments in at the Clerk's Table.

The said amendments were then read by the Clerk, and, upon the question severally put thereon, were agreed to by the House.

On motion, *Ordered*, that the said Bill as amended be engrossed, and read a third time to-morrow.

Then the House adjourned until to-morrow, at twelve of the clock.

THURSDAY, SEPTEMBER, 18, 1834.

**M**R. KENT, from the committee appointed to prepare a memorial to his Majesty upon the subject matter of the resolutions passed yesterday, presented to the House the draft of a memorial in conformity thereto, which was read by the Clerk, and is as follows :

TO HIS MOST GRACIOUS MAJESTY.

*May it please Your Majesty,*

We the Representatives of your Majesty's faithful subjects of Newfoundland, convened at this time in our Legislative capacity, beg leave most respectfully to address your Majesty, with full confidence that those feelings of consideration and regard to your loyal subjects in this colony are still unabated. We beg to tender to your Majesty in the name of the inhabitants of this Island, our warmest gratitude for the prompt attention which your Majesty paid to the memorial of the House of Assembly on the Financial condition of this Colony ; and although your Majesty in your wisdom did not think it meet to accede to the prayer of that memorial, still the sentiments of affectionate sympathy and advice contained in your Majesty's reply, embolden us to hope that our suggestions for the amelioration of the condition of the inhabitants of this Colony, will receive your Majesty's most gracious sanction.

We beg to direct the attention of your Majesty to an act of the Imperial Parliament 2d & 3d Wm. IV. cap. 78, whereby an annual sum of £6550, was set apart out of the Revenues of this colony, towards the maintenance of the Governor, the Chief and other Judges, the Attorney General, and the Colonial Secretary. While the Parent Government granted some pecuniary aid towards the defrayal of the Civil expenditure of this Colony, a cheerful acquiescence was yielded to the above mentioned reserved sum towards the maintenance of these high Public Functionaries ; but now, as that aid is withdrawn, your Majesty's faithful Commons in Newfoundland, are forced, however reluctantly, to assure your Majesty, that the revenue of the colony is inadequate to meet the heavy charges with which it is at present burthened. Under the pressure of these circumstance, we humbly pray

that Your Majesty would be graciously pleased to accept towards the salaries of the Governor, the Chief Justice, the Colonial Secretary, and Attorney General, the sum of £4000, to be secured by an Act of the General Assembly upon permanent funds adequate to the purpose; and that Your Majesty would, thereupon, be graciously pleased to concur with the Legislature in repealing so much of the said act of the Imperial Parliament as relates to the reservation of the sum of £6550 out of the Revenue of the Colony;—and we beg further to assure Your Majesty, that, in the event of Your Majesty's concurrence in this our unanimous wish, it is our determination to make full provision for the salaries of the Assistant Judges, during the continuance of the present constitution of the Supreme Court of this Island.

To the expenses of the Custom House Department in this Island, we beg to solicit Your Majesty's attention.—By the said act of the Imperial Parliament, 2d and 3d Wm. 4th, cap. 78. the nett produce of all duties levied within the Colony is placed under the control of its Legislature; it is thence assumed by the Officers of the Custom Department that the Local Legislature has no control over the expenses of collection.—The aggregate amount of Revenue collected in this Colony by the powers of Imperial and Local Acts of Parliament, is £16,000; the expenses of collection £4000,—that is 25 per cent on the gross amount.

We beg to submit to Your Majesty, that, as the Legislature of this Colony has from its own revenue to defray the whole of its civil expenditure, so as it would only be a measure of justice towards it to allow it a control over the expense of collecting that Revenue; and to prove to Your Majesty the desire of your faithful Commons to support Your Majesty's Government in this Colony, we are satisfied that a sum not exceeding £2350, should be set aside for the maintenance of the present Custom Establishment in this Island, a sum in our opinion, after mature deliberation, fully adequate to meet all the exigencies of that department.

The rents of Ships' Rooms and other Public Lands, form a source of revenue in this Colony, not within the control of its local Parliament.—These are reasons both of justice and expediency to influence Your Majesty's faithful Commons in praying that they should be placed under the control of the Legislature of this Colony. We feel assured that, under its fostering care, these sources of Revenue might be essentially improved, so as to be productive in many ways to the best interests of the Colony. The removal of every obstruction to the cultivation of the soil, we deem called for, on every principle of policy,—our increasing population requiring this as an auxiliary to our fisheries.—Actuated by these considerations, we humbly pray that Your Majesty would graciously be pleased to direct that the rents accruing from ships' rooms and other public lands, and, also, the monies accruing from the future sales of Crown Lands, should be placed at the disposal of the Colonial Legislature.

Such are the measures of amelioration which the People of Newfoundland, by the unanimous voice of us, their Representatives, crave from your Majesty. These necessities produced, in some degree, by the withdrawal of aid by the Parent Country, force them to be thus importunate; and they are so with confidence, because they know that Justice is one of the most distinguishing attributes in the character of their Illustrious Sovereign.

On motion of Mr. KENT, seconded by Mr. SWEETMAN,

*Resolved*, that the said Address to his Majesty as now read, be adopted by the House.

*Ordered*, that the same be engrossed.

*Resolved*, that the said address be presented to his Excellency the Governor by the whole House, with a request that he will be pleased to forward the same to England, to be laid at the foot of the Throne.

On motion of Mr. Row,

*Resolved*, that the Bill for amending the act for the Registration of the names of Voters be recommitted.

Mr. SPEAKER left the chair.

Mr. HOYLES took the chair of the committee

Mr. SPEAKER resumed the chair.

The Chairman reported from the committee that they had reconsidered the said Bill, and had made an amendment thereto, which he read in his place, and afterwards delivered the Bill with the amendment in at the Clerk's Table, where it was again read ; and on motion,

*Resolved*, that the said Bill, as amended, be agreed to.

*Ordered*, that the same be engrossed and read a third time.

Agreeably to the order of the day the House resolved itself into a Committee of the whole House upon the consideration of the Bill for the issue of Treasury Notes.

Mr. SPEAKER left the Chair.

Mr. POWER took the Chair of the Committee.

Mr. SPEAKER resumed the chair.

The Chairman reported from the committee that they had gone through the said Bill, and had amended the same, which, with the amendments, he delivered in at the clerk's Table, where the amendment was again read.

On motion of Mr. Row, seconded by Mr. HOYLES.

*Resolved*, that the said Bill, as amended, be engrossed and read a third time to-morrow.

In pursuance of a Resolution of the House on Tuesday last, Mr. CARTER presented a Bill for granting to his Majesty the sum of £500, to provide for any expenses that may arise from the appearance and spreading of Asiatic Cholera in this Island, which was read a first and second time.

On motion of Mr. CARTER,

*Resolved*, that the said Bill be now committed to a committee of the whole House.

Mr. SPEAKER left the chair,

Mr. HOYLES took the chair of the committee,

Mr. SPEAKER resumed the chair.

The chairman reported from the committee that they had gone through the said Bill, and had agreed to the same without any amendment.

*Resolved*, that the said Bill be engrossed, and read a third time to-morrow.

On motion of Mr. KENT, seconded by Mr. SWEETMAN,

*Resolved*, that the following address, upon the subject of the petition to his Majesty, be presented to his Excellency the Governor.

*To His Excellency Sir Thomas John Cochrane, Knight,  
Governor and Commander-in-Chief in and over the Is-  
land of Newfoundland and its Dependencies &c. &c. &c.*

*May it please Your Excellency,*

The House of Assembly having passed an address to his Majesty on the subject of the Salaries of the Civil Officers of the Government reserved by the act of the Imperial Parliament 2d & 3d Wm. IV. cap. 78, also, in reference to the expenses of the Customs' establishment, and on the subject of the revenues arising from the sale and rents of Crown Lands in this colony—respectfully request that your Excellency will be pleased to forward the same to England, with all convenient speed, to be laid at the foot of the Throne.

*Ordered*, that Mr. KENT, and Mr. SWEETMAN be a committee to wait on his Excellency with the said address.

Then the House adjourned until to-morrow, at twelve of the clock.

FRIDAY, SEPTEMBER 19, 1834.

**M**R. SPEAKER acquainted the House that his Excellency the Governor had appointed this day, at three o'clock, for the purpose of receiving the House with the address to his Majesty.

The engrossed address to his Majesty upon the subject matter of the resolutions of the House on Wednesday last, was presented and read.

On motion, *Resolved*, that the same do now pass.

On motion of Mr. CARSON, seconded by Mr. KENT

*Resolved*, that a committee be appointed to go up to the Honorable the Legislative Council, and request a search of its Journals as to what progress has been made by them in the bills sent up from this House for their concurrence, entitled "an Act to continue for a limited time an act passed in the 4th year of the Reign of his present Majesty, entitled "an Act for granting to his Majesty certain duties on all Wines, and on all Brandy, Rum, Gin, and other spirituous Liquors imported into this Island and its Dependencies."

*Ordered*, that Mr. CARSON, and Mr. KENT be a committee for that purpose.

On motion of Mr. CARTER,

An engrossed bill for granting to his Majesty the sum of £500 sterling, was read a third time, and thereupon,

On motion of Mr. CARTER, seconded by Mr. KOUGH,

*Resolved*, that the said bill do pass, and that the title be "an Act for granting to his Majesty the sum of Five hundred pounds sterling, to be appropriated and applied towards defraying any expenses which may arise in the event of the introduction and spreading of the Asiatic Cholera in this colony."

*Ordered*, that Mr. CARTER do carry the said bill up to the Honorable the Legislative Council and desire their concurrence thereto.

Mr. CARSON, from the committee appointed to search the Journals of the Honorable the Legislative Council relative to the progress made in the bill for the continuance of the revenue act, reported, that, in obedience thereto, the committee had made search accordingly, and had copied the following minute therefrom, upon the said bill:—

*"Thursday, September 18, 1834."*

"The order of the day for the reading of the bill entitled "an act to continue for a limited time an act passed in the 4th year of the Reign of his present Majesty entitled "an Act for granting to his Majesty certain duties on all Wines, and on all Brandy, Rum, Gin, and other Spirituous Liquors imported into this Island and its dependencies," having been read, it was

*Ordered*, to be read a second time this day three months.

The engrossed bill for amending an "act for registering the names of voters," was read a third time.

On motion of Mr. Row, seconded by Mr. CARTER,

*Resolved*, that the said bill do now pass, and that the title be "an Act to suspend until the year 1835, the operation of an act passed in the last session of Parliament entitled "an act for registering the names of persons entitled to vote at elections."

*Ordered*, that Mr. Row and Mr. CARTER do take the said bill up to the Hon. the Legislative Council and desire their concurrence thereto.

*Ordered*, that Mr. HOYLES and Mr. KENT do carry the said bill up to the Hon. the Legislative Council and desire their concurrence thereto.

Three o'clock having arrived, the House (preceded by the Sergeant-at-Arms) went up to Government House with the address to his Majesty, to attend upon, and request from, his Excellency the Governor, that his Excellency would be pleased to forward the same to England with all convenient speed, to be laid at the foot of the Throne.

And being returned, Mr. SPEAKER reported that the House had been in attendance upon his Excellency, with the address to his Majesty, praying his Excellency to forward the same to England as speedily as possible, and that in reply thereto, his Excellency was pleased to say he would transmit the same in compliance with the wishes of the House.

Then the House adjourned until to-morrow, at twelve of the clock.

### SATURDAY, SEPTEMBER 20, 1834.

**T**HE following written Message from the Hon. the Legislative Council was presented by Christopher Ayre, Esquire, Clerk of the Council ;

Mr. SPEAKER, the Legislative Council acquaint the House of Assembly that, in consequence of the absence of the Master in Chancery, attendant upon the Legislative Council, they have found it necessary to send the Messages communicated to the House of Assembly this day by their Clerk, to which departure from accustomed usage the Legislative Council feel persuaded the House of Assembly will for the reason assigned, take no exception.

*Legislative Council,* }

He then afterwards said—

Mr. SPEAKER, the Legislative Council have passed without any amendment, the several Bills entitled as follows:—viz.

“An act to continue an act to provide for the performance of Quarantine, and more effectually to provide against the introduction of infectious or contagious diseases and the spreading thereof in this Island.”—also

“An act for granting to his Majesty the sum of £500 sterling, to be appropriated and applied towards defraying expenses which may arise in the event of the introduction and spreading of Asiatic Cholera in this Colony.”—also

“An act to suspend until the year of 1835, the operation of an act passed in the last Session of Parliament entitled ‘an act for registering the names of persons entitled to vote at elections.’—also

“An act to authorize the issue of Treasury Notes.”

And then the Messenger withdrew.

A Message from his Excellency the Governor, by Joseph Templeman, Esquire Usher of the Black Rod.

*Mr. Speaker.*

His Excellency the Governor commands the attendance of this Honorable House in the Council Chamber immediately.

Accordingly Mr. SPEAKER and the House went up to attend his Excellency, when his Excellency was pleased, in his Majesty's name, to assent to the several Bills following :

“An act to continue an act to provide for the performance of Quarantine and more effectually to provide against the introduction of infectious or contagious diseases and the spreading thereof in this Island.”

“ An act for granting to his Majesty the sum of five hundred pounds, Sterling, to be appropriated and applied towards defraying any expenses which may arise in the event of the introduction and spreading of Asiatic cholera in this Colony.”

“ An act to suspend until the year of one thousand eight hundred and thirty five the operation of an act, passed in the last session of Parliament entitled ‘an act for registering the names of persons entitled to vote at elections.’”

“ An act to authorize the issue of Treasury Notes.”

And then his Excellency was pleased to make the following Speech to both Houses :

*Honorable Gentlemen, and Gentlemen,*

I avail myself of the earliest opportunity that the public duties which rendered it indispensable to call you together will admit of, to permit you to return to your respective homes, from whence you cannot have been so long absent without incurring considerable personal inconvenience.

*Mr. Speaker and Gentlemen of the Assembly,*

The arrangements you have made to meet the exigencies of the public service will, I hope, prove equal to your expectations ; at the same time I shall use my best endeavours to avoid the necessity of recurring to the expedient which you have provided : and I trust (unless some unforeseen emergency shall arise) that by a strict and rigorous economy, I shall be able to do so, until you shall again be assembled in this place.

*Honorable Gentlemen and Gentlemen,*

It has been my painful duty to announce to you that the disease known by the name of Asiatic cholera has recently visited the neighbouring province of Nova Scotia ; and although every means will be resorted to, which, under Divine favor, may be deemed proper to exclude it from these shores, yet experience has proved that in many other countries no human means have at all times proved successful in that respect.

It is, therefore, my earnest recommendation to you, that you do each, within the influence of your advice or controul, use your best endeavours to prepare for a calamity which we may not be able to avert,—that you will enjoin cleanliness where I am afraid *that* requisite to health and comfort is too much neglected ; and that you will by all means impress upon the lower orders in your vicinity, how essential temperance and sobriety are as a prevention to the approach of this fatal disease, or as a means of overcoming it when unhappily under its influence ;—and that in every Country which has unfortunately fallen under its scourge, inebriety and dissolute conduct, and the neglect of cleanly habits, have afforded by far the greater portion of victims to its desolating progress.

After which the Speaker of the Honorable the Legislative Council, by his Excellency's command, said,

*Gentlemen,*

It is his Excellency's will and pleasure that this General Assembly be prorogued until Tuesday, the 28th day of October next ;—and this General Assembly is accordingly prorogued until Tuesday, the 28th day of October next, then to meet again in this place.

### COPIES

OF TWO DESPATCHES TO HIS EXCELLENCY THE GOVERNOR FROM MR. SECRETARY STANLEY, IN ANSWER TO PETITIONS FROM THE COUNCIL AND ASSEMBLY OF NEWFOUNDLAND PRAYING A PARLIAMENTARY GRANT IN AID OF THE COLONIAL FUNDS.

---

*Downing Street,  
28th May, 1834.*

SIR,—I have the honor to acknowledge the receipt of your despatch No. 11, of the 3d ult., transmitting an address to the King from the Council of Newfoundland, praying that some aid may be afforded by this Country to the Revenues of Newfoundland, which have been found to be inadequate to defray the necessary Expenditure of the Colony.

In my despatch No. 43 of this day's date acknowledging the receipt of an address from the House of Assembly on the same subject, I have stated at length the grounds upon which his Majesty's Government have judged it inexpedient to apply to Parliament for any grant in aid of the funds of the Colony. It is only necessary, therefore, on the present occasion, that I should direct you to acquaint the Council that their address has been laid at the foot of the Throne, and to state at the same time the grounds of the decision which has been formed by his Majesty's Government.

I have the honor to be,

Sir,

Your most obedient humble Servant,

(Signed)

E. G. STANLEY.

Governor

Sir THOMAS COCHRANE, &c.

*Downing Street,*  
28th May, 1834.

SIR,—I have had the honor to receive and lay before his Majesty your despatch No. 8, of the 18th February last, accompanied by an address from the Assembly of Newfoundland on the Financial condition of the Island, in which they bring forward various circumstances in the past policy of the Mother Country as having tended, in their estimation, to impede the prosperity of the Colony ; and they, at the same time, complain of the Rights enjoyed on the shores of Newfoundland by Fishermen of Foreign Nations. They then state that the sum required to defray the expenses of the Government for this year amounts to £27000, and that, with every endeavour to enforce economy, they feel that the whole Revenue arising from Customs' Duties, whether levied under Acts of the British Parliament, or under the Act passed in the Island last year, must be quite inadequate to meet the necessary charges of the Civil Government. The Revenue of the Crown Lands, they remark, is not placed at their disposal. They further state that many public objects of great moment call for an increased expenditure, while, on the other hand, the distress arising out of the failure of two successive Potato Crops, the deterioration of the Fisheries, and the depression of Trade, owing to the state of the chief Markets for the staple commodities of the Colony, render it peculiarly inexpedient at the present moment, to impose additional taxes on the people of Newfoundland ; under these circumstances, they pray that his Majesty will recommend the Imperial Parliament to Grant to the Colony such sum of money, in aid of its proper funds, as to the wisdom of Parliament may seem proper.

I much lament the apprehension of the House of Assembly that the resources of Newfoundland will be inconveniently burthened by the demands to which they are subject for the promotion of those public objects for which the Assembly is now called upon to provide. Nothing can be more desired by his Majesty than the prosperity of the loyal people of this Island, nor could his Majesty suppose, without deep regret, that their welfare could be seriously impaired by the efforts which they may be called upon to make for the maintenance of the Establishments necessary for the administration of their affairs. But I trust no such result is to be apprehended. I must remind you that at the time when a Legislature was bestowed on Newfoundland the increase of the wealth and population of the Colony formed one of the chief grounds on which the boon had been solicited,—at the same time the aid previously granted to the other British Governments in North America had either been withdrawn, or was about to be withdrawn ; and no annual vote now remains, as you are probably aware, except that to the small Colony of Prince Edward's Island, which it is probable will shortly be superseded by arrangements at present in discussion between the Legislature of that Island and his Majesty's Government. Upon a review of all the circumstances, I cannot feel warranted in advising his Majesty to sanction the application to Parliament, which is requested by the Assembly of Newfoundland ; I have, therefore, only to convey to you his Majesty's commands to signify to the House of Assembly his Majesty's regret that he is unable to comply with the prayer of their Petition, and his earnest hope that by judicious measures for augmenting the Revenue, and for limiting the expenditure within the narrowest bounds which the Public interest will allow, the Legislature may be enabled to provide for the charges of the Colony without injuriously pressing upon the resources of the People.

I have the honor to be,

Sir,

Your most obedient humble Servant,

(Signed)

E. G. STANLEY.
