GOVERNMENT TO STAY IN FULL FORCE U.S. Government Continues Order Making Coal Strike Illegal

PROSPECTS REMOTE FOR FINAL TREATY

U. S. Senate Again Launches on Flood of Talk on Peace Treaty.

Washington, Nov. 5.—Plans to wind up the fight over peace treaty amendments miscarried again today, the senate adjourning after six hours of speech-making with three proposed amendments confronting it, while there had been only two in the morning.

The only vote taken was on the proposal of Senator La Follette, Republican, Wisconsin, to strike out the treaty's labor provisions, and after it had been rejected, 47 to 34, two new amendments dealing with the league of nations covenant were prepared by Senator Borah, Republican, Idaho.

The prospect for a final roll call on the treaty still is complicated, however, by uncertainty as to what course may be adopted by the group which is standing out irreconcilably against any sort of ratification.

It had been the expectation of the leaders on both sides to wipe the slate clean of amendments by voting on the Gore proposal immediately after the defeat of the labor amendment today.

Earlier in the day another of the treaty's bitter foes, Senator Borah, Democrat, Oklahoma, had made a speech of more than two hours in which he opposed hasty action and said he would present a proposal for a referendum vote on the question of ratification.

Much bitterness was evidenced during the day's debate, and one of the senatorial marshals interrupted Senator Reid to warn him that he was violating senate rules by comparing reservation senators to "hound dogs."

Forty-Seven Police Injured in Rioting at Alexandria

London, Nov. 5.—Details of the riot which broke out in Alexandria, Egypt, were given the house today by Cecil Harmsworth, under secretary for foreign affairs.

November 27 is Set Apart as Thanksgiving Day in U. S.

Washington, Nov. 5.—President Wilson today signed Thursday, Nov. 27, as Thanksgiving Day in a proclamation which said the country looked forward "with confidence to the dawn of an era where the sacrifices of the nations will find recompense in a world at peace."

Ottawa, Nov. 5.—An interesting situation developed in parliament tonight when Major Andrews, Conservative, moved an amendment to substitute the G. W. V. A. plan for the re-establishment of the G. W. V. A. plan.

Mr. Calder spent the whole afternoon sitting of the house explaining in detail the committee's report. When he concluded at 6 o'clock the appreciation of members on both sides of the house was made manifest by general applause. The minister

REFUSE TO WITHDRAW RESTRAINING ORDER AGAINST COAL MINERS

Government Stands Firm—Action of Federal Court on Saturday Will Be Next Movement in Strike

Washington, Nov. 5.—Organized labor's proposal for ending the coal strike thru withdrawal of the injunction proceedings against officers of the United Mine Workers of America, was bluntly rejected today by the department of justice.

The government's answer to the union's suggestion, advanced by Samuel Gompers, president of the American Federation of Labor, was given by Assistant Attorney-General Ames, who declared the strike in itself was a violation of law, and that as long as it continued the only place to fight it was in court.

Whatever the court does, it in itself is expected to be the next movement bearing on the coal strike.

Representatives of the miners and other leaders said today that while the denial of all proceedings would bring peace to the coal fields within forty-eight hours, Lewis' statement that the miners would be willing to negotiate a new wage agreement "without reservation" meant, they said, that the temporary injunction would be a six-hour day, together with a 60 per cent. wage increase, withdrawn.

CLEARING OF HOPE PRESAGES BREAK IN LABOR STRIKE

Prospect of Conciliation Shines Thru Dark Clouds Forecasting Arbitration.

Copyright, 1919, by Public Ledger Co. Washington, Nov. 5.—The industrial sky is brightening. Prospects of adjusting the relations between capital and labor are brighter today than at any time since the beginning of the strike.

In the first place arbitration of the coal strike is almost sure to come. It may not come in the next few days, but the great excitement of adjusting the relations between capital and labor are brighter today than at any time since the beginning of the strike.

TO SAFEGUARD COAL AND POTATO SUPPLY

Berlin, Nov. 5.—President Ebert and Premier Bauer have made a public appeal to coal miners, farm workers and repair shop employees for intensified efforts to make effective the government transportation embargo and thus safeguard the coal and potato supplies of Germany.

Working Women's Congress Considers a Plan for Permanent Organization.

Washington, Nov. 5.—Preparatory to adjournment tomorrow the first international working women's congress today considered a plan of permanent organization.

The engineers' brotherhood's statement with regard to the injunction in the coal strike is as optimistic as that of the government. It is necessary for the sake of the industry that the coal strike be ended as soon as possible.

Will Be Police Protection At The Big Rugby Game

Will Be Police Protection At The Big Rugby Game

Hamilton, Nov. 5.—There will be police protection at the "Tiger-Montreal" game here Saturday. The Tiger officials tonight requested the police department to send a sergeant and six constables to the H. A. A. to handle the crowd, stating that they would be paid \$1 "bobbies."

C. F. OF L. SOLDIERS RETURN The Pressmen's Assistants' Union in Toronto, part of the national council of the Canadian Federation of Labor, reports that practically all surviving returned soldier members of the union have returned. PHILIP S. DYER HELD IN SENATE BY LABOR MINISTER

In Powerful Speech, Senator Robertson Vindicates Action of Government—Shows There Will Be No Conflict With United States Authorities.

Ottawa, Ont., Nov. 5.—Hon. Senator Robertson, minister of labor, said in the senate tonight he would endeavor to give some of the information that had been asked by Senator Bostock as to the condition of the system the government wanted to take over from the Grand Trunk. He read a report made by Mr. Mountain, chief engineer of the railway commission, stating that in October he had made an examination of the main lines of the Grand Trunk and found them in excellent condition, all repairs ordered by the board having been largely completed.

Senator Gordon noted that the report did not appear to cover the report of the Grand Trunk from Ottawa to Parry Sound. As to the proposed purchase of the Grand Trunk lines in the United States and their operation for the States and government by a company, Senator Robertson said that there need be no fear that the interstate commerce commission or the various state authorities would treat the lines in any other way than they had been treated, or that their competitors had been treated. The fact was that the United States was today operating 202 miles of railway in Canada and the government of Canada was operating two or three hundred miles of the Canadian Northern in either case.

Under the direction of the Canadian government, it had been said that the Grand Trunk lines in the United States were not profitable and that they incurred a deficit of \$1,000,000 a year. That might be true; but it was also true that these lines had a net profit of \$1,000,000 a year. It was said that the Grand Trunk lines in Canada had a net profit of \$1,000,000 a year.

Nothing for Grits or Tories. Some information came out which appeared to be authentic. In the first place the Conservative or Liberal in the next legislature will find a place in the U. P. O. Labor cabinet.

Will of Philip S. Dyer Shows Estate of \$641,475

Hamilton, Nov. 5.—In the local probate court today the will of the late Philip S. Dyer of Mount Arlington, N. Y., was filed. The total estate is valued at \$641,475, but succession duties are only assessed on the Ontario property, which is valued at \$139,550, which is made up as follows: 240 shares Canadian Shore and Tool Company, \$21,000; 50 shares National Paper Goods Company, \$50,000; 733 shares Chipman Hotel Knitting Company, \$109,550. There are no Hamilton beneficiaries.

48-HOUR WEEK IN NEBULOUS FORM

After Long Fight, International Conference Accepts It as "Basis of Discussion."

Washington, Nov. 5.—The five hours of constant discussion of the international labor conference tonight adopted the 48-hour week convention of the organizing committee as a "basis for discussion." But as to exactly what that means the delegates are not agreed. Does adoption of the motion confine discussion to the application of the 48-hour week, or will amendments be admitted for a maximum 8-hour day and 44-hour week? That is the question asked on all sides tonight.

GRITS AND TORIES DEBARRED CABINET

Labor and U.F.O. Alone to Hold Portfolios, is Current Belief. E. C. Drury's efforts in cabinet-making continue to interest politicians of every stripe, Conservative, Liberal, U.F.O., Labor, Soldier and Independent. They also interest some newspapers that appear determined to break in upon the privacy of the premier-elect and force inquisitive attention upon him.

As a matter of fact, Mr. Drury makes no secret of his whereabouts to any one with the ordinary ideas and respect for personal right. He has held conversations with those who will not be included in his cabinet and with an ear to the ground have named among the cabinet possibilities, Mr. Dewar, Mr. H. H. Dewar, Mr. H. H. Dewar, Mr. H. H. Dewar.

Nothing for Grits or Tories. Some information came out which appeared to be authentic. In the first place the Conservative or Liberal in the next legislature will find a place in the U. P. O. Labor cabinet.

Unless the 8-hour day under normal conditions shall be the maximum of the day's labor," declared Mr. Gompers in a bitter attack on the proposal, "you might as well abandon the discussion of this subject for labor in America and labor of Europe and labor of all countries, which has some understanding and some injustice, will not consent to a longer work day than eight hours in each day."

Mr. Gompers states further that if the miners were allowed to work regularly on full time so much coal would be produced that the price would be forced down and the people could all be supplied...

The people are asking themselves why they should suffer. They wonder why they fought to free Europe only to find that at home the capitalist system has so little regard for liberty...

Sketch of Col. Lynch, Who Passed From Fighting for the Boers to the British Parliament Via the Dock.

BY THE SPECTATOR.

THE gentleman who will lecture on the Irish situation in Massey Hall tomorrow night was sentenced on a charge of high treason, to be hanged, drawn and quartered 17 years ago in London...

Time certainly does work great political marvels. Lynch became a British recruiting leader in Ireland during the great war. They say wrongly, I think, that he was a member of the house of commons now...

Not only is that detrimental to good work and results, but in the past there has been more or less patronage, which means that some other than those capable of holding the positions in question, have been appointed to them...

Of course it was treason, just as all rebellion is till it wins. Lynch took his chances of death in the field, and when he was elected for Galway he took other chances, refused to stay in Paris and was arrested...

Dual Control Must Be Abolished

BY IDA L. WEBSTER.

When the new attorney-general steps into office he will have many and various good acts to perform. Indeed, from the list it might well be imagined that the gentleman who is just leaving the position was anything but on his job.

For instance, at the jail and jail farms men and women have been appointed by the government and paid by the city. The result is that when an order is issued by the city hall and it does not happen to fall in with their ideas they merely shrug their shoulders...

Probably two instances of this dual control force strike nearer home than the ordinary appointments do, and those are the pensions which are being paid to an ex-governor of the jail and his deputy. The former is receiving \$1200 a year and the latter \$1000.

Mr. Chambers, the late governor, and the man who is receiving the pension since he resigned, were both Methodists and were appointed by the government before they were appointed by the city. That being the case, why should the citizens of Toronto pay him also?

Other people's opinions. The World will gladly print under this head letters written by our readers, dealing with current topics. As space is limited they must not be longer than 200 words and written on one side of the paper only.

SAVING ARMY CLOTHES. Editor World: The letter published in your issue of this date regarding the high price of clothing prompts the writing of this. Can anyone inform us what reason there is for the ukase which forbids a discharged soldier from continuing to wear his uniform as long as it is wearable?

It is well known to those who are old enough to remember the American civil war that the veterans of this war wore their "faded coats of blue" to the last tatter.

WILL OBEY PEOPLE'S MANDATE. Walter Rolfe stated emphatically yesterday as leader of the Labor Party in the Ontario Legislature that the present government was placed in power by the people, and that, acting upon one of the principles of the Labor Party and the U. He was a visitor in Toronto yesterday and spent some time with friends at the Labor Temple.

FORTY-ONE CASES NOW REPORTED

Board of Control Decide to Delay Steps for Vaccination.

The board of control were evidently against raising a scare in the city and did not take any definite steps to deal with the request of Dr. Hastings and the local board of health that a proclamation be issued requiring general vaccination. It was decided to hold over the question until Friday.

The medical officer of health said yesterday that he did not hesitate to say there were 200 mild cases in the city at the present time and there might be more as the majority of physicians reported by post. During the past 24 hours 18 new smallpox cases were reported and none of them were sent to the hospital, but were quarantined at their homes, making the total of home quarantined cases in the city 27. In the hospital there are 14 cases being attended to, bringing the total cases reported in the city up to 41.

The schools will not be closed unless help in nursing is required, and the M. O. H. feels that the children can be kept under observation by the school nurses and the disease recognized at an early period. The vaccination of the children will begin in a few days when a sufficient supply of vaccine is obtained by the health department.

Prof. J. J. Mackenzie, head of the department of pathology and bacteriology in the Toronto University, is a great believer in vaccination and advises every one in the city to undergo the operation. On the other hand a deputa-tion is waiting on the board of control on Friday to appeal against any order for compulsory vaccination being issued. The deputa-tion will be represented by homeopaths and others who object to vaccination on general grounds.

Some 30,000 Veterans of All Associations to be Represented at St. James' Parish Hall.

The round table conference of all veterans' organizations in Toronto, which is to be held in St. James' Parish Hall tonight, will represent about 30,000 Toronto veterans.

Each of the veterans' associations in the city will be represented by five delegates. This includes the G.W.V.A., G.A.C., Originals' Club, Army and Navy Veterans of Canada, His Majesty's Army and Navy Veterans, and possibly one or two battalion associations. The main discussion will concern the best means of getting together permanently in the interests of the veterans generally. Whether some sort of unity will be established remains to be seen.

ORIGINALS TO CONSIDER REVISION

The matter of considering the revision of the constitution, as recommended by the joint committee of Toronto and Hamilton branches, will be dealt with at a special general meeting of the Originals' Club, to be held on Friday, Nov. 7, in the Sons of England Hall, Col. A. T. Hunter, who represented the club before the parliamentary committee at Ottawa, will make a report and the question of making application for a Dominion charter will be decided. A successor to President A. K. Coulter, who is resigning from office, will also be chosen by the meeting and other general business dealt with.

PARKDALE SEEKS MEMBERS.

Altho the project of a general membership drive in the interest of the G.W.V.A. has been deferred for the present, Parkdale branch proposes to launch a campaign for members in its own district in the very near future. If any fair measure of success is achieved, the remaining branches will not be long in following suit.

CENTRAL COUNCIL MEETS

Ratepayers of Moore and Deer Parks Petition for Re-creation Ground.

At the regular monthly meeting of the central council of the Ratepayers' Association of Toronto, held in the hall a deputation of residents of the Moore and Deer Parks districts made a request that the council take some steps toward providing a recreation ground in those localities where the children and parents could meet to play games, such as tennis etc. and where the children could also play themselves under the supervision of the city. One member of the deputation said it was not safe to allow the children to play in the vacant fields in the vicinity on some people in the neighborhood, and also that since the coming of Davisville hospital the fields in the district needed the supervision of the police. A resolution that the deputation, accompanied by delegates from the council, wait on the parks commissioner in this connection was passed.

Later it was recommended that the photographs of all Toronto soldiers killed in the war be hung in the city hall or some other suitable building, and a letter asking the Canadian Literature Club to affiliate with the central council was read.

Canadian Trade Commission Objects to Rate of Exchange

Ottawa, Nov. 5.—The practice of shipping companies in Montreal in applying the New York rate of exchange for determining freight charges collected in Britain on goods shipped from Canada has brought a protest from the Canadian trade commission. The trade commission points out that British importers naturally believe Canada should be independent of the United States in these matters, and has asked the shipping companies to apply the Canadian rate of exchange.

Grand Army Baxing Show Tonight in Massey Hall

The boxing show at Massey Hall tonight is under the auspices of the Grand Army of Canada. The first pair take the ring at 8.30. All the boxers will be weighed at the ringside. Neither Rocky Kansas nor Eddie Dorsey have ever appeared locally before. Both the Buffalo boxer and the colored champion have met Benny Leonard, Kansas having a draw with the title-holder, while Dorsey was shaded in a ten-round bout. The complete card is as follows:

Kansas (Buffalo) v. Dorsey (Toronto), 10 rounds at catchweights.
Young Ernie (outfitter) v. Bull (Toronto), 10 rounds at catchweights.
Dick Atkins (Toronto) v. Joe Thomas (Buffalo), six rounds at 125 pounds.
Red Gallagher (Toronto) v. Chip Davis (Buffalo), six rounds at 128 pounds.

In addition there will be a wrestling bout between Artie Edmonds and Jack Forbes, which will be the last number on the bill. The G.A.C. Band will also be in attendance. Brigadier-General Gunn and Lieut-General Elmley will judge the boxing bouts.

Possibly Contribution From Siiter or Malcolm

Kingston, Nov. 5.—The Whig, in its sporting column today, has the following: "This talk of a contribution from Rugby Union forcing Coach Shaughnessy from his position at McGill is unwarranted. H. Shaughnessy is a professional football player and his credit to him. Let him remain where he is, and perhaps the day may come when the college rugby authorities may be able to formulate a plan that will eliminate interference on the line. Shaughnessy is showing up the flaws in new rules that were thought to be beyond any question. After having viewed the work of the McGill coach, surely the Intercollegiate stalwarts, claiming E. O. Siiter and Malcolm of Kingston, can counter his trick plays. The fault must lie in the present rules, and not with the McGill coach."

Johnny McKelvey's Story Of the Tiger's Touchdown

Fair-minded spectators will laugh back at Johnny McKelvey, when that player simply laughs at the Argonauts' claim, according to a Hamilton paper, that he crossed the touchline in that try and winning the game last Saturday. The reporter asked Johnny to make a statement, and here it is:

"When the signal was given for me to carry the ball, I was fully six yards from the touchline. I ran forward to throw the first Argonaut player who had to cross the line, or even go near it. If the crowd was on the field, as the Argos claim, how could I have crossed without being blocked? I had a clear field, with the exception of the three Argonaut men who tried to catch me."

"The first man I shoved away, and the other two did not even touch me. The crowd did not come on the field until after I had planted the ball behind the Argonaut goal-line. The fact that I had such a clear field shows that the Argos were caught off their guard, for they were all set for a drop-kick, and they did not expect an end run. Motion enlarged around the short end of the field, even if one had been attempted."

EASY FOR JACK BRITTON

Detroit, Nov. 5.—Jack Britton, welter weight champion of the world, easily out-pointed Johnny Tulman of Minneapolis in a ten-round bout here Saturday. Britton extended himself only in the last round.

LOUGHEED STRONG FOR G. T. PURCHASE

Makes Stand in Senate—Borden Sends Letter Urging Support of Bill.

Canadian Press Despatch. Ottawa, Nov. 5.—Debate on the second reading of the Grand Trunk bill, which was given a third reading in the commons at 2.30 this morning, was proceeded with in the senate this morning. As soon as the bill received first reading the second reading was moved, and Sir James Lougheed, the government leader, rose to speak to the motion. Before proceeding with his argument, Sir James read a letter from Sir Robert Borden dealing with a rumor that Sir James said, has been circulated that the prime minister was not in sympathy with the measure.

Sir Robert, in his letter, which was written under date of November 3, described this rumor as being "utterly unfounded." Had this been the case, the letter went on to say, the bill would not have been introduced in parliament. Sir Robert pointed out that he had himself commenced the negotiations in London two years ago. He did so because the government realized that the national system of railways is so incomplete as to jeopardize successful operation. The negotiations had also been entered into because the only other alternative was to allow the Grand Trunk to pass into the hands of a private company, thereby putting the railways under one company, a situation so dangerous as to constitute a menace.

Borden Urges Senate
Sir Robert urged the senate to support the bill and expressed regret that the condition of his health had been such as to render it impossible for him to remain at his post and take part in the debate on the bill in the commons.

Senator Dandurand rose to observe it had been suggested that Sir James was supporting the bill "with a faint heart."

The government leader retorted with warmth that those who had this view would change their minds before he got thru.

Lynch-Staunton Amendment
Senator Lynch-Staunton of Hamilton interrupted Sir James to state that he proposed at the proper time to move the following amendment to clause six of the bill:

"Provided that if the determined value of the preference and common stock in the aggregate exceeds \$7,414,700 sterling the new guaranteed stock to be issued as herein provided shall not exceed the face value of \$7,414,700."

"Provided further that the arbitrators shall not increase the amount of the award by reason of the fact that the new guaranteed stock is to bear 4 per cent. interest, but shall regard that as equivalent in value to so much gold in coin."

Big Interests Blocking Buy.
Dealing with the question of public ownership, the government leader said that the bill was being opposed by railway presidents, bank managers and big business interests, but parliament represented the plain people who would not be willing to stand aside and let these interests dominate the policy of the government. The great majority of the people of Canada undoubtedly favored government ownership. For himself, he favored acquisition of the Grand Trunk or any other road which would complete Canada's railway system.

Determined to Take G.T.R.
Referring to the Grand Trunk, he said "We are at the crossroads," he said, "and we have determined to take over this road."

The government leader said the government had a mandate from the people for the acquisition of railway systems. Senator Lougheed said notice had been given by Senator Lynch-Staunton of an amendment similar to that passed on the C.N.R. bill limiting the amount of the award.

Views of Senator Bostock.
Senator Bostock, opposition leader, said the details of this agreement had only been before the country for a short time. Even now the country did not know just where it stood.

It was not a question of public ownership and operation of railways, said Senator Bostock, for the country was already committed to that. The best interests of Canada should be considered.

Freshadows Amendments.
At the afternoon sitting of the senate, Senator Bostock, the Liberal leader, concluded his speech in criticism of the Grand Trunk bill, and intimated that amendments would be moved at a later stage of the debate.

Senator Ross of Middleton, in opposing the bill, said that he was actuated in adopting this course solely by a personal study of the bill, and not by any other considerations.

Senator Ross said that in the negotiations the Grand Trunk had been well represented. There was no one in the Dominion government who could get the better of Sir Alfred Smithers in negotiations of this kind.

Senator Ross Criticizes.
Senator Ross said the spectre had been raised by the minister of railways that if the Canadian government had not acquired the Canadian

Northern and did not acquire the Grand Trunk they would be gobbled by the C. P. R. and Canada would be placed under the domination of that railway. How absurd was this contention was shown by the fact that in 1884 a statute had been passed providing that the C. P. R. could not expand at the expense of the Grand Trunk. There were 1,600 miles of the Grand Trunk in the United States and when the boundary was reached Canadian jurisdiction was left behind, and the road became subject to the jurisdiction of the interstate commerce commission at Washington for interstate commerce. There had been no word of any consultation with Washington over this proposal, but there should have been.

CANADIAN PACKERS PROTEST NEW PRICES

Tell Commerce Board Price-Fixing Will Result in Loss.

Canadian Press Despatch. Ottawa, Nov. 5.—The board of commerce this morning listened to the arguments of representatives of Canadian packers, who came to Ottawa to protest against the order of the board fixing the prices of pork products at those prevailing on March 10 last.

The chief contention of the packers was that the margin of profit on pork products was a very narrow one, and that the fixing of prices would result in loss. H. Puddy of Puddy Brothers, Toronto, speaking on behalf of a number of the smaller packers who do not engage in export trade, intimated that some of these firms might be driven to the wall if the order was insisted upon.

Big Packers Explain
The representatives of the larger packers took the ground that the domestic prices for pork products must necessarily be controlled by export prices. If the foreign market was willing to pay higher prices than the domestic, packers dealing in the export trade could afford to pay high or prices for hogs. The producer of hogs naturally preferred to sell to the exporter, and the domestic packer must meet these prices or do without the raw material.

The packing interests were represented by the following: J. S. McLean, Harris Abbotson Company; E. C. Fox, William Davies Company; O. W. Waller, Swift Canadian Company; J. A. Gunn, Gunns Limited; H. Puddy, Puddy Brothers; R. G. Debier, Canadian Packers' Association; and S. E. Todd of the Industrial Development Association, Canadian Packers.

Evidence of E. C. Fox
E. C. Fox of the Wm. Davies Company said that profits were made on certain cuts and losses in others. Sometimes in order to counteract losses in certain cuts it was necessary to advance prices in others. The order of the board, while leaving open opportunities for loss, precluded any advance of price which would insure a reasonable profit.

Mr. Waller told the board that he thought it an impossibility to fix prices on the packing industry.

P. A. Talbot, M.L.A., Manitoba, Might Line Up With Farmers

Winnipeg, Nov. 5.—P. A. Talbot, M.L.A. for La Verandrye, announced today that he would sit at the next legislature as an independent member, if elected, unless the farmers' political movement was extended to Manitoba politics, when he might decide to line up with the farmers. Mr. Talbot was elected to the house as a supporter of the Norris government, but "bolted" on the bilingual issue. Albert Prefontaine, leader of the Conservatives in the provincial house, it was learned, may not run again, his farming interests demanding most of his time.

Labor and U.F.O. to Select Joint Timiskaming Nominee

Englehart, Nov. 4.—Delegates from the various branches of organized labor and from the U.F.O. in the north are to meet here on Thursday next week to select a joint candidate for the federal by-election for Timiskaming, rendered necessary by the death of Hon. Frank Cochrane. Labor and the Farmers have agreed to co-operate and are inviting representatives from returned soldiers and other independent organizations.

Two Lake Superior Freighters Are Day and Half Overdue

Port Arthur, Ont., Nov. 5.—The freighters Glenlivet and Glenmont, en route to this port, light, for grain, are thirty-six hours overdue after one of the heaviest snowstorms and gales ever known on the lakes, and some concern is felt about their safety.

SPANISH SOLDIERS IN DANGER.
Madrid, Nov. 5.—Eighty Spanish soldiers are in danger at Lago Juby, on the northwest African coast, owing to disputes between the Kabyle tribesmen, of whom more than 10,000 are engaged in a quarrel, according to a despatch received from the Canary Islands. The cruiser Infanta Isabel has left Las Palmas, in the Canaries, for the African coast to investigate the situation.

PARIS STAYS IN COUNTY.
Brantford, Ont., Nov. 5.—The Brant county council meeting today agreed with Paris that the town should remain within the county for a further period of five years. It is to pay on an assessment of \$1,800,000 and to pay half a mill for the county roads system.

PLAN SHIPYARDS IN PERU
Washington, Nov. 5.—British, American and Italian interests plan construction of large shipyards in Peru according to information received today by the state department. Three separate yards are planned.

Brantford.—The Brantford Cordage Company has been obliged to close down its plant, owing to a shortage of raw materials. These are held up at New York owing to the longshoremen's strike.

FOUR REASONS WHY SHREWD MEN ARE BUYING VICTORY BONDS 1919

1. Security.

SHREWD men are buying Victory Bonds because Victory Bonds are backed by Canada's guarantee that she will repay the full amount stated on the face of the bond—the five-year bonds on November 1st, 1924; and the fifteen-year bonds on November 1st, 1934. And she not only binds herself to pay the money back, but she pledges all of her vast resources as security for her promise.

2. Income.

SHREWD men are buying Victory Bonds because the interest return is unusually good considering the absolute security. You will be paid 5½% per year on Victory Bonds—2½% more than you can get in the Savings Banks. Unlike many other investments, you have absolutely no worry as to the prompt payment of the interest.

3. Saleability.

SHREWD men are buying all the Victory Bonds they can pay for now and all they will be able to pay for during the next ten months under the instalment plan, because they know that if at any time they should need ready money they can sell them. There will always be a ready market for Victory Bonds.

4. Advancement in Price.

SHREWD men are buying Victory Bonds because they consider them to have an excellent prospect of advancing in price.

ALL of Canada's previous issues of Victory Bonds have advanced. You can sell your Victory Bonds 1917 and 1918 even in this short time—one and two years—and get more than par for them. What will Victory Bonds be worth when the world finally gets back to a normal basis—when interest rates come down—when Canada will be able to borrow again at 4%, or even less?

WAR conditions have created the opportunity for you to buy the very best of Government securities on unusually attractive terms. Do not miss such a good investment opportunity, but buy to your limit.

MEN CONDEMNED BY RED TYPE

G.W.V.A. Consider System of Marking Discharges Highly Unjust.

It has been brought to the attention of the district command of the G. W. V. A. that the present practice of the militia department in the case of a man who has at one time or another committed some offence in the army, is to stamp in large red type on the man's discharge certificate the word "misconduct" and supplementing this by writing the words "discharged for misconduct" in red ink across the document.

Nothing to Show For it One case that has been brought to the attention of the district command is that of a man who enlisted with the original 3rd Battalion in 1914, reaching France in February, 1915. He served almost continually in France until the armistice was signed in 1918. After this period he absented himself without leave, but did not leave France. As a result of the offence he was sentenced to 14 days at Wandsworth and was undergoing sentence along with others when at the instance of the G. W. V. A., the government granted them pardon and brought them back to Canada.

Because a chap happens to have committed a trifling military offence, said Mr. Conroy, "I don't think that that should reflect upon the man's general character or detract from his chances of obtaining employment."

TIME LIMIT SET FOR RETRAINING

Applications for Vocational Course Must Be Within Three Months.

An announcement was made late yesterday afternoon by the department of soldiers' civil re-employment, vocational branch, that is of greatest importance to returned soldiers.

By an order-in-council which has been issued, application for courses of re-training must be made within three months from November 1st, 1919, or within three months from the date of discharge. This means that an S.C.R. patient must apply within three months from the date of termination of treatment in an S.C.R. hospital, and that all others must apply within three months from

date of discharge from the army if such date is subsequent to November 1, and refers only to the time for making application. It is pointed out that this does not mean that the course must be taken within this period.

SAPPER TAYLOR COMING. According to information received in the city by J. H. Flynn, Sapper Taylor, who has been pardoned after being sentenced to life imprisonment by an overseas court-martial, will sail for home on November 10. Mrs. J. A. Taylor, mother of the soldier, resides at 2761 Dundas street.

THE "IONIC" IN A PIANO.

Tastes will differ when purchasing a piano, but of the several beautiful upright pianos made by Ye Olde Firme of Heintzman & Co., Limited, 193-197 Yonge street, Toronto, perhaps the "Ionic" is in the most general favor. In every way it commends itself to the artist and the musician. It is needed, as do all the pianos bearing the name of these outstanding Canadian piano builders.

SOCIETY

Conducted by Mrs. Edmund Phillips.

A private dinner was given at the Country Club, Ottawa, for H. R. H. the Prince of Wales, who left Toronto on Wednesday morning for Ottawa.

The marriage took place yesterday afternoon, the bride (James Broughall), the rector, officiating, at Grace Church, on the Hill, of Anne Gertrude, daughter of Mr. and Mrs. Henry Charles Tomlin, to Mr. Harold Mercer McCoy. The beautiful church was decorated with palms and white chrysanthemums, which were on the altar and pews. The wings of the altar were of blue silk and velvet and the cloth on the table, the altar cloth of white embroidered satin, and the blue carpets and the beautiful east window making beautiful pictures.

The bride's two sisters, Misses Muriel and Mildred Tomlin, were the attendant maids. The former wore a blue silk and over taffeta with velvet ribbon, a black velvet tam with crown of boccade and monkey fur, and she carried Columbia roses.

After the ceremony Mr. and Mrs. Tomlin held a reception at their house, 312 Russell Hill road, Mrs. Tomlin wearing taupe georgette crepe over terra cotta satin, with taupe and silver brocade hat with ostrich and bouquet of yellow roses.

Mr. Dewling presided at the organ and during the signing of the register Mrs. Harkness, St. Catharines, sang, "It is not because your heart is mine."

An orchestra played in the house during the afternoon. The wedding party dined with Mr. and Mrs. Tomlin and afterwards occupied two boxes at the Royal Alexandra to see Kitty Gordon.

Mr. and Mrs. McCoy left later in the afternoon to spend their honeymoon in the Adirondacks, the bride going away in a tailor made reindeer duvetyn with beaver collar, and taupe hat with silver brocade crown, after which they will live in New York.

Miss Aileen Hughes left for New York yesterday.

Mrs. Albert Inglis, who is en route from Port Arthur to Fredericton, N.B. with her husband, is in town for a short time with her mother, Mrs. W. H. Ross.

Mrs. Ferguson Burke is giving a large luncheon today in honor of her sister, Mrs. Arvella Murray, Edmonton, who is staying with her.

Mrs. King is in town from Peterboro, staying with Mrs. Hirschfelder.

Mrs. William Hendrie was in town from Hamilton yesterday.

Mr. and Mrs. Hirschfelder left for London, Ont., yesterday, and will return to Toronto next week.

Mrs. S. M. Ridley and the Misses Isabel and Katherine Ridley, 79 Spence avenue, have issued invitations to an afternoon tea at the home of Mrs. C. W. Pugh, Art Association Galleries, Prince Arthur street, on Friday afternoon.

Mrs. Henry Sprout, 31 Prince Arthur avenue, is giving a tea on Friday afternoon at her home, to introduce her young daughter.

The meeting of the Women's Canadian Club, which was held at the Royal Victoria place yesterday afternoon in the beautiful new hall of the Central Technical school at Central Y. M. C. A., 40 College street, Room 15, at 4.30 p.m., under the auspices of the health section of the Child Welfare council of Toronto, on "The desirability of vaccination in times of epidemic." Speakers, Dr. J. G. Fitzgerald, professor of hygiene of the University of Toronto, and Dr. M. E. Whyte, the director of public health services, department of medical services, department of public health, chairman Mrs. Archibald M. Huestis, convener, health section of the child welfare council. The public are welcome.

KITCHENER VETS CONDEMN JOURNAL

Say Returned Soldiers Indensed at Policy of Ridiculing Their Apparent.

Very strongly by unanimous resolution has Kitchener G. W. V. A. condemned an editorial of recent date in the columns of The News Record, alleged to have held up Britain's hero apparent to ridicule. The resolution reads as follows: "We strongly condemn the editorial concerning H. R. H., the Prince of Wales, published in The News Record of Wednesday, Oct. 22, an editorial which we consider holds His Highness up to ridicule. We therefore demand an apology from the editor."

The returned soldiers of Kitchener and Waterloo request citizens to not subscribe to or publish advertisements in The News Record as they consider its sentiments anti-British.

Just Tolerable! The editorial in question alludes to the prince as a nice, pleasing young man, whose visit to Canada may be tolerated so long as kings and emperors must be retained. Continuing, the editorial expresses its disgust at the humility of people generally in the presence of flesh and blood, clothed with dignity of title. It then berates poor Toronto as the "most English city in the empire" as the worst offender. Mayor Church is also considered as a demagogue who desired to spend \$200,000 to decorate Toronto streets, being patriotic with other people's money.

TWO VITAL QUESTIONS. In the event of the referendum of the G. W. V. A. branches throughout Ontario being countenanced by the Dominion command, the following questions will be asked: "Are you in favor of amending the constitution so as to permit political action?" "Are you in favor of amending the constitution to permit any person who has served honorably in the forces of Great Britain and her allies to become a member of the G. W. V. A.?"

LAKE SHORE G.W.V.A. TAG DAY. The Lake Shore branch of the G. W. V. A. will hold a tag day in their district on Armistice Day, Nov. 11, in order to collect funds for the erection of a war memorial club house of their own. This branch includes the Hamner, New Toronto, Mimico and Long Branch.

FOUR NAMES FOR MANAGER. Four names for the position of business manager of Toronto schools were put before a caucus yesterday afternoon of members of the board of education, which was held in secret.

It is said that Inspector W. H. Elliott, City Architect Pease, Mayor A. C. Lewis and a fourth, a dark horse, are the names that the members of the selection committee had before them for consideration yesterday.

P.P.C.L.I. AUXILIARY SALE. The Women's Auxiliary of the P.P. C.L.I. will hold a sale of fancy work, candy, etc., in the Heliconian Club, 801 Yonge street, on Friday, November 7, from 2 to 7 p. m. Members of the Dumbells Club will give a concert. Funds will be devoted to a Christmas treat for P.P.C.L.I. Club children.

CARETAKERS' WAGES RAISED. Caretakers of the separate schools are to receive a ten per cent. increase in wages. The finance committee is considering the request of the teaching staff for a \$100 bonus.

WORLD'S DAILY BRAIN TESTS. By SAM LOYD. Ten Minutes to Answer This. No. 31. A mathematical flagman says that two trains—one 132 feet long and the other 88 feet long—met and passed in 3 seconds, but when going in the same direction it took the faster train 60 seconds to pass the longer one; so on the strength of those two observations he asks us to figure out the respective speeds of the trains.

When the men were properly arranged, their signs announced: "SALE NOW GOING ON." (Copyright 1919, by Sam Loyd.)

How OXO helped the British Aviators

to make their famous non-stop flight across the Atlantic.

Interesting letter from Captain Sir J. Alcock, K.B.E., D.S.C. "You will be interested to learn that OXO was a great help to us during our Trans-Atlantic Flight; it sustained us wonderfully during our 16 hours' journey. We had found out what a good thing it is when flying in France, and so decided to carry it with us on this occasion, and we can assure you that hot OXO is most acceptable under such cold and arduous conditions. OXO was the only article of its kind which we carried."

OXO steadies the nerves—keeps the brain alert—gives extra warmth to resist cold and exposure—extra strength to fortify against fatigue, and yields an abundance of energy out of all proportion to the amount taken.

WHY EXPERIMENT? Food scientists claim that the leavener is largely responsible for the flavor, texture and wholesomeness of your home baking. That on no other one ingredient does so much depend. It is important, therefore, to use a baking powder that you know possesses the necessary leavening qualities. MAGIC BAKING POWDER Contains No Alum and is the only strictly high class baking powder in Canada selling at a moderate price. Its reputation is built on purity and highest quality. The only well known medium priced baking powder made in Canada that does not contain alum and that has all its ingredients plainly stated on the label. Made in Canada.

SOFT COAL WILL NOW BE RELEASED

Fuel Commissioner Receives Pleasing Information From States.

Altho soft coal consigned to Canada has been held up at the border, H. V. A. Harrington, Ontario fuel administrator, has been advised that shipments will be permitted to come forward for industries on the priority list which are in immediate need.

BIG ESTATE PROBATED

George Morgan Leaves \$199,997 Largely to Hospitals and Churches

Probate of the will of George Morgan, who died in Markham village on September 15 last, leaving property valued at \$199,997, has been applied for by Thomas B. Reeve, Mary Morgan and Ernest H. Duncan.

The deceased left \$5,000 to the trustees of St. Andrew's Cemetery, Markham; to the trustees of St. Andrew's Cemetery, Markham, \$1,500 to be spent on the erection of a vault, and \$500 for the upkeep of the family burial plot.

Deceased also left \$20,000 to the corporation of the village of Markham. The residue is divided between his sister, sister-in-law, four nieces and five nephews. Deceased was a bachelor.

Her Sister's Will Mrs. Anna E. Lackie, sole beneficiary and executrix, has applied for probate of the will of her sister, Miss Mary Augusta Jones, who died in Toronto on September 14 leaving an estate valued at \$4,573.

Deceased also left \$20,000 to the corporation of the village of Markham. The residue is divided between his sister, sister-in-law, four nieces and five nephews. Deceased was a bachelor.

Colonel Lynch Coming. Colonel Arthur Lynch, famous as the soldier who fought for the Boers during the South African war and afterward becoming a British loyalist, is coming to Toronto on Friday.

Colonel Lynch is a member of the British Parliament, and during the war was in charge of recruiting in Ireland. He will speak in Toronto and will tell of the Irish situation.

MEMORIAL SITE DECIDED UPON

York County Committee Favor Design Shown in Illustration.

The York county soldiers' memorial committee met on Tuesday and decided on a site for the memorial and also examined several sketches of designs submitted by Toronto artists.

York County war memorial design passed by the committee from many plans submitted, would cost \$75,000 to execute.

\$1,450 in the bank which made up his estate, to his wife, Mrs. Sophie Podnes, and named her sole executrix.

Judgment Against Toronto Firm Won by Norcross Bros., Mass. In an undefended action brought by the firm of Norcross Bros. and Co., Worcester, Massachusetts, against the Alloy Steel Works Ltd., Toronto, a judgment for \$46,410 against the Toronto firm was signed by D'Arcy Hinds at Osgoode Hall yesterday.

The judgment was over a mortgage on lot 2 on the east side of Logan avenue.

LIQUOR VENDOR RESIGNS

Two Standard Hotel Licenses Cancelled for Breaches of Ontario Temperance Act.

J. G. Cornell, one of the liquor vendors under the Ontario temperance act, has resigned his position, and the vacancy will not, of course, be filled until the new government is in power.

J. D. Flavell, chairman of the license board, announced that the standard hotel licenses have been cancelled of G. A. Franklin of the Savoy Hotel, London, and H. Finch of the Colborne Hotel, Toronto, violation of the O. T. A. being the cause assigned in each case.

The sketch published above is the one favored by the committee. This sketch is the work of W. Stanley Wickens of the E. A. James Company, Limited, and represents a structure of classical design.

The main shaft is 100 feet in height and the semi-circular colonnade is 80 feet in diameter, with space for a museum, a library and other rooms.

It is proposed to locate the monument on the area between Bond Lake and Yonge street, which point is 800 feet higher than Lake Ontario, and quite central for the county.

The memorial to York county fallen heroes will cost about \$75,000 if completed as Mr. Wickens has suggested. No definite action will be taken until the county council meets, three weeks hence.

FOR EXTENSION OF T. & N. O. RAILWAY

Difficulties Compel Survey Party to Abandon Work This Season.

A survey party which set out last spring to find a route for the contemplated extension of the T. & N. O. from Cochrane to James Bay, has been compelled to abandon the work and return to North Bay in consequence of inability to secure proper help for packing supplies, the Indians engaged proving unsatisfactory.

The party, it is reported, had covered about one hundred miles, which is half the distance to James Bay. J. Maher, the engineer in charge of the work, has hopes of completing the work next year, and in the meantime he will prepare and submit a report on what has been accomplished this season.

The survey party, Mr. Maher states, found a fairly good route over the first seventy-five miles, but beyond that the country was very largely muskeg and swamp. Railway building thru that district will be possible, but very difficult.

PUBLIC LIBRARY REPORT

Number of Books Borrowed From Municipal Reference Library Shows Marked Increase.

Books borrowed from the public library during the month of October numbered 125,000. There was a decided increase in the number of books used in the municipal reference library.

The number of books used in October this year cannot be compared with that of October last year because during that month the influenza raged and libraries were closed.

College reports 21,433; Dovercourt, 13,189; Riverdale, 10,993; High Park, 8,985; Church, 8,329; Beaches, 7,865; Western, 6,263; Deer Park, 6,114 (first time in the 6,000 class and shows remarkable growth); Yorkville, 5,762; Queen and Lisgar, 5,683; Earlscourt, 5,750; Wychwood, 5,638; Northern, 5,610; and Eastern, 1,838. Reference, 14,219. Books for boys and girls were 35,000.

MUST HAVE SEPARATE ELECTIONS.

City Clerk Littlejohn has written to the separate school board advising them that it would not be legal to hold the separate school elections in conjunction with the municipal elections and advises them to take whatever steps they deem advisable to hold their own elections.

NO PLACE FOR ROSE GARDEN.

The city wants a place for a rose garden. Early in the year the council appropriated \$1,000 to establish one, but no suitable place can be located. The Rose Association suggested High Park, and Withrow avenue is the choice of other growers, but in both cases the soil is found unsuitable.

Decide Not to Tax Bill For School Building Probe

Shirley Denison's bill in connection with the recent investigation into the building department of the board of education will not, on the advice of City Solicitor Johnson, be taxed. The city solicitor points out that Mr. Denison was engaged 110 days of five hours each in sittings and 33 days in investigations. The account works out at \$27.50 per day, which is not considered exorbitant. If the city insisted on taxing the bill Mr. Denison reserves the right to put in further claims. It was decided by the board of control not to tax the account.

HAVEN OF REFUGE FIRE DIFFICULTIES

Have to Keep All Exits
Locked on Account of
Feeble-Minded.

Fire drill impossible because of the feeble-mindedness of many of the inmates in the main building, impossible to keep the fire escape exits open for emergencies for the same reason, three thoroughly trained nurses, two trusted inmates and the general superintendent to help maintain order and preserve the safety of the inmates; this is the case in a nutshell of the Haven of Refuge now subject of investigation by the fire department.

Yesterday afternoon, following a session of the directorate, it was decided to have several firms dealing in fire appliances send representatives to the buildings at the home (Seaton street, near Carlton street), to investigate as to the remedies needed to fully improve fire precautions on the premises. The directors among whom are Mrs. J. Macdonald, Orley, 22 Yarmouth gardens, and Mrs. Robert H. Ross, 184 Winchester street, waited some time for the appearance of representatives from the fire department, but the latter failed to put in an appearance until the meeting of the board had concluded. Following their arrival a conference was held to thoroughly consider improvements, and chief among these was a system of regulation fire alarms so situated as to attract the attention of those in charge of the girls in the building.

Deputy Chief Sinclair of the Toronto fire department, in his report to Chief Russell, points out that he found every door and window in the place locked, double-locked in some instances, while in other cases windows were closed. There was not a man on the premises at night, but there was a woman who carried the keys of the front door. She was not always at hand.

Witless Firebugs.

Mrs. Hester Shaw, general superintendent of the Haven, in an interview with The World, stated that there were as many as thirty cases of advanced venereal disease in the main building, and many more in the entire institution who were potentially so. Largely featured among the worst cases were women who were very feeble-minded, some indeed nothing less than witless firebugs. With such conditions fire drill was an absolute impossibility. There was one girl, entirely trustworthy, whose responsibility it was to throw down the fire hose along the stairway at the first alarm, thus flooding this stairway and preventing as far as possible any spread of flames below or above.

"You are right when you suggest that the crux of the complaint of the fire department is that exits are so locked that in case of emergency it might be difficult to get the inmates out of the building in sufficient time," said Mrs. Shaw. "That is the contention of the department. However, I must point out that we have a thoroughly trained nurse on night duty in the main building and two trusted girls on the same duty in the nursery building. Suppose we permitted the exits to be open and therefore ready for emergency, what would happen? Feeble-minded inmates would get to the exits and unwittingly fall over into the street before help could reach them. We have these exits locked and the nurses on night guard are entrusted with the keys and with orders to meet every possible emergency. The proposed system of fire alarms will help to remedy the situation, and will communicate with various parts of the building, thus communicating necessary information all along the line. However, nothing has been decided at present, subject to further and thorough investigation at the hands of experts commissioned by the fire department."

For Outcasts.
The Haven of Refuge was inaugurated more than thirty years ago. It is an institution kept up solely to help those "outcasts" by present rules of society. The main building holds girls whose minds have been dreadfully ravaged by disease, and the nursery building holds mothers with babies and babies without mothers.

Conservatives Leading in
Official Election Returns

Official provincial election returns are rather slow coming in. Sixty-one of the 107 contested constituencies received up to yesterday show the total votes for the five parties as follows: Conservatives, 225,083; Liberals, 188,802; U.F.O., 126,250; Labor, 65,870, and Independents, 20,952.

JAMAICA SAILINGS.

A. F. Webster & Sons, general steamship agents at 53 Yonge street, have been advised today of the inauguration of the Pacific Steam Navigation Company's direct passenger service between New York and west coast of South America with the new twin screw mail steamers "Ebro" and "Essequibo" of 8,420 and 14,830 tons, respectively.

The first sailing from New York will be Wednesday, January 7 next, followed by other steamers which will be announced later. These splendid boats, which are fitted up most luxuriously, will call at Kingston, Cristobal, Balboa, Callao and other ports in South America.

On account of the particularly heavy demand for reservations to all points south, it would be advisable for prospective passengers to make their reservations a long time in advance. Plans, rate sheets and all information may be had from Webster's office, a few doors north of Wellington, on Yonge.

ACTORS VISITED HOSPITAL.

Thirty of the latter and fifteen of the former. The institution holds on an average 110 inmates, counting the nursery building. Mrs. Shaw stated that no complaints had ever before been made with respect to the fire arrangements, and that none were made today with respect to any inside fire appliances. She further stated that the authorities of the Haven were willing to spend all the money necessary to so improve the fire escape situation as to thoroughly preserve the health and safety of the girls and the public generally.

AGING COURT FARMER ACCIDENTALLY SHOT

Ralph Horsey Killed When Gun
Exploded While Loading.

Yesterday an article appeared in The Toronto World headed "Farmer Found Shot in Closet," from which the inference has been taken by some that Ralph Horsey, one of the most respected farmers of Scarborough township, took his own life. At the time of going to press only the most meagre data were available, beyond the fact that Mr. Horsey was found dead in a closet with a bullet wound in the body.

Going Out Shooting.

When found he was with his overcoat on, ready to go out. Mr. Horsey went to the closet to get the shotgun, as he had mentioned a few days previously his intention of shooting sparrows about the place. This he had frequently done before. When found the barrel of the gun was held by his left hand, a position consistent with loading, as cartridges were on a stand nearby. Evidently he was in the act of doing so when the weapon went off, the charge entering the head below the ear and the rebound leaving a black mark on the leg. Mr. Horsey was known by his wide circle of friends to be of a very buoyant disposition. He was up to the last day enthusiastically arranging his plans for the coming winter.

ALDERMEN FAIL TO MAKE QUORUM

Large Number of Council
Seem Diffident on Discuss-
ing Assessments.

The special meeting of the city council called by the mayor at the request of some of the aldermen for 2:30 yesterday afternoon to consider the question of applying in Toronto the new assessment act, lasted just thirty seconds. At the appointed hour of meeting very few aldermen were present and the mayor allowed 25 minutes of the legal half hour to expire before ringing his bell. It took some minutes for the aldermen and city officials to get to their places in the council chamber. At 2:58 the mayor began to call the roll. Alderman Honford objected to this being done as there was yet two minutes to spare and another alderman might arise from his stumber during that period and complete the quorum. With both eyes on the clock the mayor waited until the big hand was right on the hour stroke and then with a speed which have done honor to a C. P. R. express ran thru the list and found only fourteen present including himself. As it takes 15 members of the council to constitute a quorum, the special meeting was declared off and rain checks given for a later date in the season.

Those absent from the meeting were: Cameron, McBride, Baker, Birdsall, Cowan, Graham, F. M. Johnston, F. W. Johnston, Macgregor, Miskelly, Nesbitt, Ryding, Williamson, Winnett, and some of them had signed the petition asking for the special meeting.

The opinion got abroad that some of the aldermen were not over anxious to discuss the matter of the assessment act or to register a vote on the subject owing to the near approach of Jan. 1, 1920.

Second Husband Beneficiary Under First Husband's Will

The late George Mathews was a soldier who had been insured by the city and his wife was receiving the usual \$30 per month. She, however, married again, but died in September last leaving a child. Mrs. Mathews' second husband, the named beneficiary by the first husband. He never intended it to be handed over to a second husband, said Controller Robbins. The ward of control vetoed the recommendation that the second husband should receive the balance of \$160.

Offer Made to Lease Or Buy Civic Abattoir

R. Home Smith came before the board of control yesterday at a private meeting to present a proposition on behalf of clients to buy or lease the civic abattoir. No definite offer was made by Mr. Smith and no decision to call a special meeting of the city council at 2 o'clock on Monday next to settle the policy relative to the disposal of the abattoir. A condition of any lease or purchase, if it is made, will likely be that the abattoir business will be continued by the company taking over the property.

G.A.C. OBJECTS TO PRISON LABOR.

The Grand Army of Canada protested to the board of control yesterday against the use of prison labor in Riverdale. "I can state positively," declared Controller Cameron, "that there is a scarcity of labor. I have of only an hour for unskilled labor and cannot get it. No action was taken in the matter."

Women of Canada Who Testify

Tilsonburg, Ont.—"Ever since I can remember Dr. Pierce's medicine has been used in our family at home and they never failed to give good results. The 'Golden Medical Discovery' was used as a tonic and blood purifier and for bronchial trouble, and it proved excellent. I have personally taken 'Golden Medical Discovery' for bronchial trouble, and the 'Favorite Prescription' to build me up when I was run-down and they both were very beneficial. Mother always used Dr. Pierce's Compound Herbs and was very good. I feel safe in recommending all of Dr. Pierce's medicines knowing them to be good."—MRS. CLIFFORD MITCHELL.

Central Butte, Sask.—"I have used Dr. Pierce's Medical Discovery for a number of years and I know of no other blood purifier. I used it for my boy for tuberculosis of the lungs. My neighbors and friends were surprised with the results. In fact, I do not think he would be alive today had it not been for the 'Medical Discovery.' I also took it on hand for coughs as it differs so from other cough medicines, instead of irritating the stomach as most cough syrups do it is good for the stomach. I only wish I had known about Dr. Pierce's medicines sooner."—MRS. GOLDEN WOOD.

When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the earth. Still more, you get a temperance medicine that contains not a drop of alcohol or narcotic of any kind. Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that his remedies always have been strictly temperance medicines.

Catarrhal Deafness and Head Noises

TELLS SAFE, SIMPLE WAY TO TREAT
AND RELIEVE AT HOME.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if caused catarrh of the stomach or bowels, you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home.

Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing, head noises, headaches, dizziness, fainting, etc., should gradually disappear. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest treatment. It is said that nearly ninety per cent. of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment.

THE FAMOUS HAY WAGON PHOTOS OF THE KAISER

It was only a few weeks ago that the civilized world heard that a daring photographer had hidden in a hay cart and secured photos of the ex-tycoon, new emperor and all, as he walked around his garden at Am Spiegelhof. The Kaiser was very angry, and an effort was made to capture the photographs, and when that failed the Kaiser offered to buy them back at any old price. But they were not for sale—in fact, they will appear in the next issue of The Toronto Sunday World Illustrated Section. The above photograph shows a representative of the daring photographer negotiating with the Dutch peasants for the use of their hay wagon and team. Watch for these pictures in the Sunday World. They are the biggest newspaper scoop in a long time.

BEARS HAVE TURN IN WALL STREET

Republic and Lackawanna Steels Particularly Weak— Money Market Uncertain.

New York, Nov. 5.—Widely divergent influences governed the course of today's stock market, the outcome, however, favoring the shorts or bear faction at the extremely unsettled close.

Traders seemed to derive much encouragement from financial, industrial and political events over the holiday, but their optimism was mingled with misgivings regarding the immediate future of the money market.

An advance in discount rates announced by the local federal bank after the close of Monday's session, was obviously intended as a warning against excessive speculation, and affected the sharp reversals which succeeded the almost buoyant opening.

Call loans renewed and held at 10 per cent until the final hour, when the rate advanced by leaps and bounds to 20 per cent, that quotation holding almost to the finish, when the rate fell back to the opening price.

Several movements in the stock market were directly traceable to definite developments. Bulls reflected early strength as a result of authentic information of the statement that they are to be returned to private ownership at the close of the year, and metals improved on restoration of the American smelting dividend.

Steels and equipments, also motors and oils, owed much of their prominence and higher prices to further bullishness, however, supported by favorable trade figures. General Motors was again the spectacular feature, rising 5 1/2 points to the new high of 40 1/2, the showing an actual loss of 2 1/2 at the close.

Steel of Canada touched highest price of year before reacting. While the steel stocks provided as on Tuesday a large quota of the total transactions on the Toronto exchange yesterday the bullish demonstration in the market was largely owing, evidently, to the sinking spot price for steel issues in the New York market.

Steel of Canada set up in the morning a record price for the year at 77 1/2, but in the afternoon the trend was pronouncedly reactionary and the closing price, 75, which was the day's lowest, was half a point below the final quotation of Tuesday.

Domestic iron moved within a narrower range, the closing at 71 was a decline of 3 1/2, and was on offer in the afternoon at 52 1/2 without bids. N. S. Car came out at 4 1/2, the lowest price on record, also the bid for the first time, 22 1/2, was up half a point. Canadian Locomotive at 99 and Steamships at 73 were unchanged on call.

It might be possible to think up a few more things, but those cited above should be sufficient to make traders a bit cautious.

There are "breakers ahead" for the New York stock market in December, according to some prophets, who point out that a number of serious problems will be pressing for solution simultaneously next month.

The coming up is as follows: The labor conference of the league of nations will be in session at Washington, Europe will be entering her most critical period, with shortage of foods and fuel assured and everything dependent on the flow of shipments from America; the domestic Congress will be approaching its crest, winter will be setting in and it will be on the eve of the date set for returning the railways to their owners.

It might be possible to think up a few more things, but those cited above should be sufficient to make traders a bit cautious.

TWENTY-POINT RISE MADE BY HOLLINGER

McIntyre and Lake Shore Also Strong—Peterson Lake Climbs Again.

The behavior of Hollinger yesterday made it evident that a genuine bull movement in this issue is on. Only short time ago Hollinger was selling close to their seven-dollar mark, but steady accumulation has been gradually forcing the price up, and on Tuesday the bid was advanced to \$7.35. Yesterday the opening was at \$7.25, and the price responded to the persistent demand by moving up five points to \$12.25, close to the high record level, and closing at \$12.25.

McIntyre and Lake Shore also showed a strong upward movement, the former closing at \$12.25, and the latter at \$12.25. Peterson Lake also showed a strong upward movement, closing at \$12.25.

Simpson's Home-Lovers' Club Offers Special Privileges to Members

Perhaps the living-room is in need of a new rug, the dining-room chairs frightfully shabby—or the mattress and springs on the guest-room bed a constant worry. Yet, in view of the high cost of living, the question of replenishing can hardly be faced.

Have you thought about the

Home-Lovers' Club?

It solves all these perplexing problems in the most convenient way. You may buy the wanted furnishings at cash prices, and arrange with the Club Secretary to have the payments spread over a satisfactory period. No interest is charged and the articles purchased are delivered immediately upon the first payment. Thousands have tested the merits of the Club. Why not you?
