FOUNDED 1838.

Head Office for Canada, Montreal.

SECRETARY, P. WARDLAW, Esq.

THE BONUSES IN CLASS A.

Are paid in money to the Policy holder himself, commencing at an early stage of the Policy.

The outlay required for the Policies has thus for many years been only from $62\frac{1}{2}$ to 75 cts. (instead of 100 cts.) per \$1 of the premiums, according to standing, and commencing with those due at the end of the sixth year.

due for the

PREFACE.

This, the fourth edition of the Directory, is respectfully presented to the citizens of Ottawa, and County of Carleton, with a sincere hope that it will meet with favor at their hands, and that the compilers will receive that consideration due to an earnest desire on their part to make the Directory as reliable as possible.

The book contains full Alphabetical and Business Directories; historical sketches of the churches; descriptive sketches of the various manufacturing establishments; complete list of names of the several departments of the Civil Service; Government Officials; City and County Officers; the numerous literary, religious, national and charitable societies of Ottawa; and complete list of farmers in the Counties of Carleton and Russell.

res,

ew

We desire to present our acknowledgements to gentlemen connected with Government Departments, for supplying us with such information as enables us to print correct lists of the Parliament of the Dominion, and of the Civil Service at the seat of Government, to Edward Bearman, Esq., County Clerk of Carleton, and to the newspaper press of Ottawa. To our Advertisers and Subscribers our special gratitude is due for the liberal support they have given the enterprize.

We would also respectfully direct the attention of the City authorities to the necessity of numbering the streets.

THE COMPILERS

CONVENT OF OTTAWA.

Boarding School for Young Andies,

UNDER THE DIRECTION OF

THE GREY SISTERS.

This Institution, established about twenty-five years ago, affords the greatest facilities for acquiring a complete knowledge of the English and French languages. Nothing has been neglected that will promote this object; and the testimony invariably borne in favor of the Institution, shows that the effort has been successful.

To cultivate the intellect, and impart a taste for literary pursuits, the young ladies are afforded the opportunity of managing a Post Office and a Monthly Newspaper.

During recreation hours, on certain days, conversation is held in French for such pupils as are learning that language, and in English, for such as desire to acquire proficiency in it.

Every facility is given for the study of Music, so that students can rapidly attain the highest degree of success therein. Musical Instruments in use are the Harp, Piano, Guitar, Melodeon, Organ, &c.

the Harp, Piano, Guitar, Melodeon, Organ, &c.
Oil Paintings, Pastel, Water Colors, &c., together with the various kinds of Drawing, Embroidery, Wax-Work, Artificial Flowers, &c., are taught. The ornamental is not, however, allowed to supersede the useful, all the Pupils being obliged to learn the theory and practice of Domestic Economy.

Washing, Doctor's Fees, Books and Stationery, form extra charges, payable in every case in advance.

No distinction of Religion is made in the admission of pupils. Children of different denominations, though obliged to conform to the order of the House, are not required to attend the religious exercises of the Institution, and special care is taken that all pupils attend the Churches of their own persuasion.

Quarterly Reports of the health, progress, and conduct of the Pupils are sent to the Parents.

OTTAWA, April, 1869.

The Ottawa Times PRINTING AND PUBLISHING CO.,

OFFICE:

38 Sparks Street, Centre Town.

THE OTTAWA DAILY TIMES.

Published every morning, (Sundays excepted,) at Six Dollars per annum.

THE OTTAWA WEEKLY TIMES,

Published every Friday, in time for the morning mail, at \$1.00 per annum, paid in advance, or \$1.50 if paid during the year.

THE OTTAWA TIMES,

Though only three years in existence, has already earned a leading position among Its facilities for obtaining early and correct political information are unsurpassed by those of any other paper in the Dominion, and being published at the Seat of Government, it thus becomes a most valuable journal for all parties throughout the several Provinces who take an interest in political questions. As a GENERAL and RELIABLE NEWSPAPER, no effort is spared to make it such as to deserve the confidence of the public.

During the Sessions of the Canadian Parliament The Times, will contain lengthy reports of the debates on all the great questions which will come up for discussion. The views of the members from all sections of the Dominion will be impartially reproduced and set before its readers, so that a correct reflex of the opinious of every party represented in Parliament may be gathered from its pages.

The usual encouragement (one free copy in ten) will be given to parties getting up clubs, whether for the Daily or Weekly.

Letters, prepaid, and if containing Money REGISTERED, (in which case they will be at the risk of the undersigned) may be addressed.

HISTORICAL SKETCH OF OTTAWA.

THE City of Ottawa, taking its name from the Ottawa or Grand River of Canada on which it is situated, the Outaois of the early French pioneers lies about 120 miles above the Island of Montreal. The latter, some seventy-five years ago was the ultima thule of Canadian civilization, and save rarely by hunters or fur traders, the waters of the Ottawa were undisturbed by the white man; the birch bark canoe of the Indian was the only vessel that navigated its waters. Celebrated as this river is, especially the upper part of it, for its numberless and varied falls and rapids, amongst which the most striking and grand is that named by the early French pioneers the Chaudiere, or as it is generally called, the "Big Kettle." For some miles above this there are numerous chutes or rapids, which indicate how great is the incline of the river, which narrowing at these falls to about four hundred yards is precipitated wildly over a bluff limestone rock, through a gap about 200 feet wide and 300 long, within which as in a kettle, the waters foam and boil, surging in large yeasty masses back and forth from side to side, until eventually it escapes in a mountain of foam, and directly expands into about a width of half a mile just below. The scenery below the heights on the south side where the limestone rocks rise perpendicularly two or three hundred feet, covered with waving hemlocks and dark pines, the undulating banks on the north shore, the abrupt precipices on the south—is very beautiful and only equalled though in a different style by the aspect of Quebec. Here the hunters or traders had in earlier days to pause, for it was impossible to attempt the navigation higher, and here they tramped out a portage on the northern shore, of eight miles in length, across which they carried their canoes &c., to the quiet waters above the Chaudiere and its rapids, to what is now the Town of Aylmer.

About the close of the last century, a Mr. Wright, of Boston, who was either tired of his native town, his native State, or possessed of a desire of gain, wandering in search of "a location," came with his party to the portage of the Chaudiere, and here he determined to settle. Land was cheap in those days, and Mr. Wright easily obtained a grant to large tracts of land upon both sides of the river from the Canadian government.

With the aid of a couple of Indians he explored the land, and decided that that on the south side (the present city) was unfit for town or farm; that on the north side was pronounced better, and about a mile from the portage landing, close to the Chaudiere Falls, Mr. Wright planted his village, and called it Hull. The site once determined, no time was lost by the sturdy pioneers in building their log huts and necessary buildings upon it.

Much privation and continuous toil are usually the lot of new settlements, and Hull or Wrightstown as it was often called, was no exception to the rule. Its nearest market as well as settlement was Montreal; and although this might be easily reached, the current carrying the canoe easily down stream, yet the return trip required a long and a strong pull to get home again. Mr. Wright and his followers did not consign all the trees they felled in their clearings to the fire; they lumbered, and thus became as well as farmers, dealers in pine, as are all the settlers on the Ottawa to this day. An impetus was thus given in this quarter to the timber trade of Canada, and each year immense rafts were floated down, through many dangers, to Quebec in the spring, which were disposed of for necessaries required at the settlement. With the growth of trade, came an increase of immigration, and Hull soon became a "fixed fact;" as before stated, though not appreciating the soil upon the southern shore, Mr. Wright secured a large extent of it, thinking that some day or other it might be useful; but he looked upon the village on the north side as being the only place which could ever be of importance as a town.

Hull steadily grew. The lumber trade was not now confined to the old pioneers. Voyageurs sent by Quebec merchants, French Canadians, English, Scotch and Irish, intent upon cutting pine, thronged up the Ottawa. The trees fell before the vigorous blows of the new-comers, who plied their axes right and left, and behind the town of Hull, untouched, uncared for, and almost unnoticed, towered up the southern hills in sullen dignity.

Cash was scarce in Hull, but there was any amount of credit; and Mr. Wright—or rather the Wrights, for by this time the family was grown up, paid the lumberers in either of three ways for their labor-"store pay," or goods—rum—land. Three fourths of the laborers preferred the two first; the more prudent, one fourth, took the latter. In the course of time Mr. Wright came to a settlement of accounts with a sober, steady workman, who had been for many years one of his ox-teamsters, and on so doing, it was found that two hundred dollars was due to this employee, one Mr. Sparks. Cash was out of the question, nor did the creditor expect it in payment. Land being offered in lieu of it, the question naturally was, where was it located, but on Mr. Wright's informing him that all the land around Hull was taken up, and offering him a tract across the river on the south side, this he refused with great indignation, and the settlement was postponed. Sparks, however, not willing to lose his wages altogether, crossed the river, examined the land, and found as he expected, plenty of rock, plenty of sand, and plenty of swamp. Higher up, however, he found a piece of soil near one of the upper rapids, which he thought he might make something of, so that after some hard bargaining, and the addition of a yoke of oxen "thrown in," he accepted as payment for his arrears, the site of the present city of Ottawa.

to the Upper Lakes, as the St. Lawrence was too much exposed to the assaults of the Americans in event of war ever occurring, inaugurated the scheme of the Rideau Canal. One day, in the year 1823, Mr. Sparks looking down from one of his high precipices, was astonished by seeing a crowd of engineers, soldiers and laborers advancing towards the bluffs. The hills were taken possession of as the ordnance property of the British Crown. The Chief Engineer charged with the construction of the Rideau Canal and its attendant works, was Colonel By. The work went on fast, huts and laborers appeared in due proportion, as did shops and other necessary buildings, and these were built on either side the hills, and by way of joke, were called "Upper Town," and "Lower Town," names retained to the present day. In time, as the straggling "towns" became more united by their buildings, they obtained a single designation, and in compliment to the Chief Engineer, were called "Bytown," not a very high sounding name, but one that gave hopes to Mr. Sparks, who owned all the land beyond the fall of the hills inward. A bridge was thrown across the Chaudiere, connecting Hull or Wrightstown with Bytown, and as the latter slowly grew the other remained stationary.

Years passed away, and still Bytown grew larger and more populous, and suddenly in its prosperity, it became ashamed of its name, and by act of Parliament it was changed to that of the noble river which foamed and roared at its base; money flowed in upon Mr. Sparks, he no longer himself guided the oxen obtained with his land, he sold lots, went into a successful business, and was presently said to be worth half a million of pounds sterling, his town "looking up," and Hull the place

of early promise being dead.

In 1851, Ottawa had a population of 8,000. In 1861, it numbered 15,000. It is now the chief seat of the timber or lumber trade, there being upwards of seventy firms engaged in cutting that article of commerce on the banks of the Ottawa River and its tributaries, and transporting it to Quebec and the United States. A railway connecting the city with the St. Lawrence at Prescott, and the canal connecting it with Lake Ontario at Kingston, greatly facilitate the means of transport. Till those means of communication were provided, all that was not required for local consumption was taken to Quebec. Of the pupulation, a very large number are lumberers, French Canadians, or Irish. From the number of French calëche drivers, Canadian voyageurs, and priests, it has a less English look than the other towns of Ontario. From its situation it is one of the most healthy cities on the continent, but very bleak in winter.

NTED

IELL,

In due course of time the question arose as to which of the towns of Canada should be the chosen site for the new houses of Parliament. The claims of Quebec, Montreal, Kingston, Toronto, were each strongly urged, and it was at last determined to refer the decision to the Queen. Her Majesty quickly and definitely settled it. The long despised hills, it was decided should sustain the Parliament buildings of United Canada. For the erection of these, the sum of £75,000 was voted by the Legis-

lative Assembly, and a premium of \$1000 offered for the best design not to exceed that amount; Fuller & Jones were the successful Architects, and although the design was considered by many as too costly, responsible contractors were found who tendered within the Government vote. Upon examination, however, it was found from the inequality of the ground, that immense excavations were necessary, which made in the solid rock added enormously to the original cost. The Government finding no provision for this work in the grant, and fearing it would cost a large portion of the original sum voted, stopped the works, and for a considerable time matters seemed at a dead lock. A commission of enquiry was appointed, fresh contracts were signed, and the present handsome structure was completed under the superintendence of Mr. Fuller.

In 1861, the Prince of Wales, on his visit to Canada and the United States, laid the corner stone with great ceremony, on which occasion the rejoicings partook of the nature of the place, the lumber arches, and lumberers, being a novelty to most of the visitors, bullocks and sheep were roasted whole upon the Government grounds, and all comers were feasted. The Prince expressed himself very pleased with the locality chosen, and with the welcome afforded him, evincing as it did, the loyalty of the Canadian colonists to Her Gracious Majesty, whom he in his visit represented.

The following description of the Parliament and Departmental Buildings, the best that has been published, gives a very good idea of the structure and its details to those who have never seen them:—

"The Parliament Buildings stand on a high plateau of some 30 acres in area. The buildings form three sides of a quadrangular figure, and are widely detached. The Parliament or main building facing Wellington street; and the Departmental Buildings facing inwards to the square and forming the other two sides of the figure.

The style of the Buildings is the Gothic of the 12th and 13th Centuries, with modification to suit the climate of Canada. The ornamental work and the dressing round the windows are of Ohio sandstone. The plain surface is faced with a cream-colored sandstone of the Potsdam formation, obtained from Nepean, a few miles from Ottawa. The spandrils of the arches, and the spaces between the window arches and the sills of the upper windows, are filled up with a quaint description of stone-work, composed of stones of irregular size, shape and colour, very neatly set together. These with the Potsdam red sandstone employed in forming the arches over the windows, afford a pleasant variety of color and effect, and contrast with the general masses of light colored sandstone, of which the body of the work is composed.

This Building, as you approach from Wellington street, presents a very imposing appearance. The central of the seven towers, which is very rich in design, projects its width from the front of the Building, and when completed, will be about 180 ft. high. The body of the building in front is forty feet high, above which rises the slanting roofs of slate, surmounted by lines of ornamental iron cresting. The building

is 472 feet long; and the depth from the front of the main tower to the rear of the library is 570 feet, covering an area of 82,886 superficial feet. It stands at a distance of 600 feet from Wellington street, so that the quadrangle formed on three sides by the buildings and on the fourth by the street, is 700 feet from east to west, and 600 feet from north to south; thus affording a very spacious square. The ground upon which the buildings stand varies somewhat in elevation, that forming the site of the Parliament Building being the highest. The basement floor of the buildings is assumed to be 160 feet above the ordinary summer level of the river, while that of the Eastern and Western blocks is 135 and 142 feet respectively. The increased elevation, however, improves very much the general effect of the buildings.

The main entrance is through the principal tower, the spacious arches of which admit of a carriage way under them. The piers which support the tower are ornamented with pillars of polished Arnprior marble. Passing through it we enter a large hall, paved with tiles, and also surrounded with marble pillars. Ascending and moving towards the left we come to the Chamber of Commons. The Room measures 82 by 45 feet, the ceiling being over 50 feet high, and formed of fine open work. The skylights above this intermediate ceiling, with the stained glass windows at the sides, throw a plentiful soft light over the whole place. The room is surrounded by large piers of a light greyish marble from Portage du Fort, surmounted just above the galleries by clusters of small pillars of the dark Arnprior; the arches supported by these pillars being again of the light colored marble. The galleries can accommodate about 1,000 persons. The Gallery for the Reporters is situated above the Speaker's chair.

On the right of the main entrance, is the Senate Chamber, alike in every particular to that of the Commons. Along the corridors you see numerous Rooms for Committees, Clerks, Reading and Smoking.

The Library will be situated in the rear of the Parliament Building, and the plan is of a polygon of sixteen sides, 90 feet in diameter; outside of the main room is an aisle of one story high, which is formed of a series of small retiring rooms, where persons desiring a few hours of uninterrupted study can secure it. A corridor will connect the Library with the main building: this corridor will be the picture gallery, but is at present used for the Library. The floors of this building, as well as those of the Departmental Buildings, are made of concrete, perfectly fire-proof; an invention not long since adopted in Europe.

The Eastern Block of the Departmental Buildings is of an irregular and picturesque shape. The west front, or that which faces the square, is 318 feet, and 253 feet on the south front or that which faces Wellington street, and covers an area of 41,840 superficial feet. In this building are found the Governor General's Office, the Privy Council room, the Minister of Justice, the Minister of Militia, the Secretary of State, the Finance and Audit Offices, the Registrar, the Receiver General, the Secretary of State for the Provinces, the Customs and the Inland Revenue departments.

The Western Block is similar in style to that of the Eastern block, but not quite so large and more regular in its construction, being 211 feet long, facing the square, and 277 feet on the south looking on Wellington street. It is also very imposing, although not possessing so grand an entrance as the Eastern Block, a circumstance which is probably accounted for by the fact of the Governor General and Privy Council's rooms being situated in the first described block. The Public Works Department, the Post Office Department, the Adjutant General and Militia Departments, the Marine and Fisheries Department, the Bureau of Agriculture, and the model room connected with the Patent Department, are all located in this building. The west front of this building looking upon the upper town and beyond it towards the Chaudière Falls and Hull, gives a fine view of the wooded lands on the shore of the Ottawa River and the distant range of hills beyond, including a far view of the river and its banks stretching to the south-west in the direction of Aylmer. Similar or still more extensive views are obtained from the west side of the Parliament Building.

The ceiling of the passages and of many of the rooms of the Parliament Buildings are made of pine wood, varnished, which being wrought into ornamental cornices and panels produces a rich and very fine appearance. The same material has been used for the doors. The fillings around the grates and mantle-pieces are of polished Arnprior marble; it is greyish blue marble of very fine grain, and capable of being polished to a high degree. All the floors are supported by rolled iron girders, and filled in between with cement. The stairs in the buildings are all built of blue

Ohio stone, and constructed with hanging steps.

The system for heating and ventilating is on the most approved prin-Under the central court of the Parliament building is the boiler room, in which are six boilers, each twenty feet long and five feet in diameter, furnished with a steam drum, safety-valve, &c., and a steam engine of sufficient horse power to work the pumps and throw 250 gallons of water per minute into tanks placed in the towers, from whence the water is supplied to all parts of the buildings. The heating is effected by steam conveyed in pipes from these boilers to the Senate Chamber, the Library, and the rooms adjoining, by means of a duct sufficiently large for the introduction of an abundant supply of fresh air, situated immediately under a vault in which steam pipes are placed to warm the air on its entering the vault from the duct, through a perforated floor, and before it passes into rooms proposed to be heated, These ducts enter on all sides of the building, and range in size according to the position in which they are placed. Of the ducts, there are 3,600 lineal feet, generally of 2 feet 4 inches high, with sides built of dressed stone, and formed with slight descent where they pass out of the building. The other parts of the building are heated on what is called the coil system, or by direct radiation. For the rooms heated by this system there is an area of 4,308 feet of hot air flues, 24 by 19 inches sectional area, formed in the wall adjoining the committee rooms and other parts of the building heated, exclusive of ninety feet of others of greater dimensions for the larger steam pipes.

The wants of the government and its officials have been most carefully studied by the architects, and the beauty of the situation, combined with the elegance of the buildings, enable the capitol of Canada to compare with any in the world."

One of the most remarkable features in the history of Ottawa, and which has tended materially to add to its commerce and wealth, is the work or works constructed to overcome the difficulties that lumbermen lay under in passing their timber over the Chaudiere Falls. To obviate the destruction and damage, which a considerable portion so passing annually underwent, a contrivance known as "Timber Slides," was invented by the late Ruggles Wright, Esq., of this city. Above the Falls, a certain portion of the river is dammed off, and turned into an artificial wide channel or canal, down which most rapid of all rapids in America, the waters of the Ottawa rush with terrific speed. The head of this slide is placed some 300 yards above the Falls, and terminates after a run of about three quarters of a mile, in the still waters of the river below. As, however, a raft on such a steep incline and hurried along by such a mass of water, would attain a speed which would destroy itself and all upon it; the fall of the shoot is broken at intervals by straight runs, along which it glides at comparatively reduced speed, till it again drops over and commences another headlong rush. Some of these runs terminate with a perpendicular drop of some four or five feet, over which the raft goes headlong and wallows in the boiling water beneath, till the current again gains the mastery and forces it on faster and more furiously than before. More than 20,000,000 cubic feet of timber come down the shoots of the Ottawa in this manner each year. The rafts are generally made of from 15 to 20 logs, with two transverse ones to secure them at each end, and a kind of raised bridge for the lumberers to stand on, who, without such aid would be washed off it, as the mass drops, from shoot to shoot, down these rapids and disappears some few feet under water each plunge.

To go down the rapids of a Timber Slide, is the most exhilarating adventure in all the repertoire of American travel. The immense speed of the whole mass—the rush of the water—the succession of shoots stretching out before you like sloping steps of stairs, the rough long straits in which the raft seems to dive and founder, letting the water up beneath and over it behind, till it again urged forward, whirling madly as if in a swing; the timber snapping and groaning and working like a bundle of reeds, getting a momentary rest with each incline, and again thumping over the straights with sharp uneasy struggles, creates a sensation such as neither balloon nor diving bells afford, and such a whirl as only three quarters of a mile down the great timber shoots of the Ottawa can ever give. All persons desirous of novelty should by all means make one of these trips.

The future of Ottawa, if the mighty project of the Ontario Ship Canal is carried out, is promising of great importance. Standing as she does on the great water highway to the West, with the commerce of the grain

lands of the Saskatchewan and the products of the forest of the Ottawa valley, a mine of untold wealth in itself brought to her very doors, with the collective wisdom of the Dominion assembled in her Legislative halls, with her Cabinet Ministers resident in the Capital, and a population contented and happy from the prosperity they enjoy under the freedom of the Red-cross of St. George, entwined with the Maple Leaf; no other young city ever had such a prospect of greatness thrust upon her.—Crescat eundo be her motto.

CHURCHES.

CHRIST CHURCH, (CHURCH OF ENGLAND).

This Church edifice, situated on Sparks street, is the oldest in the city. It was built about forty years ago, and was enlarged to its present cruciform shape about twenty years ago, during the ministry of the Rev. Dr. Strong. The Congregation speak of building a more ornamental building, suitable to the present position of the Parish. The Clergy of this Parish now are the Rev. J. S. Lauder, M.A., Rector; the Rev. C. F. Street, M.A., Rev. H. Pollard, M.A., Curates.

The hours of Service, Morning, at 11 o'clock; Evening, (free seats), at 7 o'clock. Sunday School at 3 p.m.

THE CHAPEL OF EASE

To Christ Church, stands on the valuable site corner of Rideau and Sussex streets. It is intended for a School House, as soon as an intended Church or Cathedral is built close by. The same Clergy serve this Chapel as Christ Church.

The hours of Service, Morning 11 o'clock; Evening (free seats), 7 o'clock.

ST. ALBAN'S CHURCH,

Daly, corner of King street. This Church, that forms so ornamental an addition to the new quarter of the city in which it is built, was erected two years ago. There still remain to be erected the chancel tower and vestry, when it will be one of the neatest, as well as the most correct Gothic Church edifice in the Province of Ontario. The nave (a temporary chancel being arranged inside of the east end) is used at present, and was opened for Divine Service on September the 8th, 1867. The whole structure, including a splendid basement-story of the same dimensions as the Church (78 by 38 feet), was completed in six months. At present there is comfortable accommodation for 350; when finished it is expected to seat 500. The cost of site, building,

ST. JAMES'S CHURCH, HULL.

The Clergyman officiating in this Church is the Rev. John Johnston, incumbent. This is a beautiful little church of Gothic architecture, and built to replace the old one, burned down in 1866. The finishing inside is exceedingly chaste and appropriate, and the stained window over the chancel with the tablets at each side add greatly to the beauty and solemnity of the interior. The building cost about \$6,000, and is an ornament to the village and credit to the congregation. Capable of seating about 400 people. Hours of Service, 11 A.M., and 7 P.M.

THE CHURCH OF ST. BARTHOLOMEW, (NEW EDINBURGH).

The Rev. Geo. Noel Higginson, M.A., incumbent. Residence,

Dalhousie street, Ottawa.

The corner stone of St. Bartholomew's, a plain but substantial stone structure, was laid on the 9th of May, 1868, by the Right Hon. Charles Stanley Viscount Monck, then Governor General of the Dominion. It was occupied for the first time, for Divine Service, on Christmas day of the same year. The parish, formerly a part of St. Albans, had been organized as separate and independent on the festival of St. Bartholomew (the 24th of August) of the year preceding, and on that day the present incumbent entered on the duties of his charge.

The parish owes its existence, as a separate church organization, rather to the fact that the residence of the Governor General is fixed within its limits than to the demand for church accommodation, as it contained only about fifteen families belonging to the Church of England when first organized.

The church, of Gothic architecture, was erected in accordance with a design by T. S. Scott, architect of Montreal. Its dimensions are 72 by 28 feet, affording comfortable accommodation for 200 worshippers. The estimated cost, when completed, is \$4000, including the site given by the heirs of the estate of the late Hon. Thomas Mackay. The amount contributed up to the present time (February 1869) is about \$3200, with a debt of \$400. This leaves the church however, without any of the external ornament designed. It presents, in consequence, an aspect anything but striking or attractive, but when the towers, chancel, vestry, porches and dormers have been added, in accordance with the architect's designs, this chaste little structure will prove highly ornamental to the neighbourhood, though almost overshadowed by the Hall, from which there is a private way for the convenience of His Excellency and the household.

All the seats, at all services, are free and unappropriated, and the expenses of the church, including the stipend of the clergyman, are made up by the voluntary contributions of the congregation, through the offertory, nor is there any other source from which assistance is obtained for either minister or people.

Sunday services— Matins at 11, Even-song at 3,30. All church festivals and Holy days, observed by special services.

Military Service in the Sussex St. Chapel at 9 a. m., Chaplain, Rev. P. D. PHILLIPS, M.A.

NOTRE DAME CATHEDRAL,

SUSSEX STREET.

This elegant Church edifice, erected in 1841, is of the early English Gothic style of architecture, of cut stone, being two hundred feet long and seventy-two feet wide. It is decorated internally in the Polychromatic style, and within a few years has had a very extensive addition made to the original building, and the basement has been elegantly finished and comfortably seated in almost as fine a style as the main The entire structure will not cost less when finally completed than one hundred and twenty thousand dollars.

The organ, which cost four thousand dollars, was built by Mr. Joseph Casavant, and lately restored and power increased by Messrs. Mitchel & Forté. It is divided into two parts, and appears to be two distinct instruments, but by a neat and ingenious mechanical appliance, the musical powers of both sections are brought under the control of the organist. It has 26 stops, and 16 feet open diapason. The Rev. R. P. D. DANDURAND, Vicar-General, Sussex street.

Hours of Service, 6, 8 and 10 A.M., and 7 P.M., from Easter until St. Michael's Day; 6, 8 and 10 A.M., and 6 P.M. from St. Michael's Day until Easter. Le Chevalier Gustav Smith, Organist.

ST. JOSEPH'S CHURCH,

Situated on Wilbrod street, between Ottawa and King streets. Church was built in the year 1857, and was enlarged in 1866. The Church belongs to the Society of the Missionary Oblates. It is built of stone, and cost about \$20,000. The first parish priest was the Rev. F. TRUDEAU, whose memory is still held in veneration; Rev. F. CORBETT COOPMAN followed, and the Rev. R. P. A. PALLIER is the present parish priest. The Church contains 220 pews, which can accommodate one thousand persons. An excellent choir, under the direction of the Rev. F. DERBURT, is in attendance; Miss RYAN is the organist, and her talent places her among the first-class artists of the country. Mass, on week days, at $6\frac{1}{2}$ and 7 o'clock in the morning; in Advent, $6\frac{1}{2}$ and 8 o'clock mass; in Lent, 6 and 8 o'clock mass; Sundays, 6, 8 and 10 o'clock mass. Vespers, at 7 o'clock in the evening. The congregation is Irish and French, and the preaching alternates in French and English. The Church is most advantageously situated, next to the Ottawa University.

NEW ST. PATRICK'S CHURCH,

(HUGH ST., BETWEEN NEPEAN AND GLOUCESTER STS.)

This fine cut stone building, now incourse of erection will be the largest place of public worship in the city. It was commenced early last spring (1868), and will be completed during the coming summer. The style adopted is English Gothic. It is to have a stone Clere story rising above the aisle walls. The extreme length is 149 feet, width 76 feet, and height to top of spire, 190 feet.

The undertaking and the success that has so far attended it, reflect great credit upon the painstaking parish Priest, the Rev. M. J. Collins, and the people of the parish.

It is being built under the superintendence of Mr. E. A. Mara, architect, of this city.

THE "CATHOLIC APOSTOLIC CHURCH,"

(HULL VILLAGE),

At present holding services of worship and prayer in an upper room of the house occupied by the Chief Minister in charge; but, preparing to erect a suitable bnilding for these purposes, and having funds collected for it to a considerable amount. Rev. Ed. J. Wm. Roberts, (Episc.) Minister in charge, with several priests, deacons, under-deacons, deaconesses, &c., serving under him. The whole congregation numbers about 150 souls. It was organized first in Ottawa, in the year 1855, under charge of the Rev. Joseph Elwell, but placed under the present minister in 1856. In 1860 it was found expedient to remove the Altar and hold the services thereat in Hull.

ST. ANDREW'S CHURCH, (CHURCH OF SCOTLAND).

With the exception of a small wooden edifice occupied by the Wesleyan Methodists, but which has since ceased to exist, this church was the first built in Ottawa. It was opened for divine service in 1828. Originally it was a stone building 55 by 45 feet. But to meet the wants of a gradually increasing congregation, it was enlarged in 1854, and although void of all architectural beauty and ornament on the exterior, is nevertheless a neat, commodious and in every way comfortable Church within.

The first minister of this church was the Rev. John Cruickshank, now a minister of a Parish in the North of Scotland. He was succeeded in 1844 by the Rev. Alexander Mackid, now retired from the duties of the ministry. The Rev. Mr. Mackid was succeeded by the Rev. Wm. Durie, who died after a brief incumbency. Mr Durie was succeeded by the Rev. Alexander Spence, D.D. Dr. Spence studied at the Universities of Aberdeen and Edinburgh, and was ordained on the 22nd of February, 1841, as the first minister in connection with the Church of Scotland in the Island of St. Vincent, West Indies. He was inducted as a Pastor of this Church on the 27th July, 1848, and resigned his charge on the 28th October, 1867. The present minister is the Rev. Daniel M. Gordon, B.D., inducted the 17th December, 1867. Prayer Meeting every Wednesday evening at 7 P.M.

KNOX'S (FREE) PRESBYTERIAN CHURCH,

This Church is situated on Daly Street, and was built in 1845. It is a frame building, 80 feet by 40, and cost about \$3000. It will accommodate between 600 and 700 people. The congregation have acquired the corner property adjoining the present site of the Church, on which they are about to build a fine edifice.

The Rev. THOMAS WARDROPE has been the Minister in charge of this Church since its establishment.

a few weeks

Hours of Service—11 A.M., and 6,30 P.M.; Prayer Meeting every Wednesday evening at 7.30. The Manse is on Stewart street, immediately in rear of the Church.

BANK ST. PRESBYTERIAN CHURCH.

This Church, the second in the city, in connection with the Canada Presbyterian Church, was organized on 27th August, 1865. For some months the congregation worshipped in the Mechanics' Hall, Sparks St., but removed to Bank St., when their temporary place of worship was completed, July, 1866.

A large and handsome stone Church has recently been erected on corner of Bank and Slater Sts., to take the place of the building heretofore occupied by the congregation. The new edifice is an ornament to the city, and speaks volumes for the enterprise and public spirit of the congregation. The Rev. WILLIAM MOORE is Pastor. Hours of Service—11 A.M., and 6½ P.M.; Sabbath School, 3 P.M.

CONGREGATIONAL CHURCH.

This neat stone building, situated in Town Hall Square, corner of Elgin and Albert streets, Centre Town, was erected in 1862, and is capable of accommodating over three hundred persons. The denomination to which it belongs, first appeared in Britain about the beginning of the Reformation, and have ever since occupied the front rank of the dissenting bodies in that country. At present, in England, Scotland, Ireland, Canada, the United States of America, and other parts of the world, they have more than seven thousand Churches in fellowship with one The Church in this city was formed in 1860. Ottawa who were prepared to join in the undertaking, rented the Temperance Hall, in which religious services were conducted till 1862, when, with the generous aid of friends of the cause in England and Canada, their church edifice was erected and opened in the course of that year. In 1865, an effort was successfully made to wipe off all the debt that remained on the building; and a handsome end gallery was erected, an organ introduced, and both paid for. The only debt now remaining on the property is part of the price of the site. The whole will be about \$8,000.

Services are held every Sunday, at 11 o'clock in the forenoon, and 6,30 in the evening; and Thursday night at 8 o'clock.

The Sunday School is under the able superintendence of Mr. W. C. SMILLIE, and meets in the afternoon, in winter, at 3 o'clock, and in the forenoon, in summer, at 9 o'clock.

WESLEYAN METHODIST CHURCH.

This Church, situated corner of Metcalfe and Queen streets, was opened for Divine Service in 1853. It is a plain substantial stone edifice with-

out any exterior adornments, but well finished and comfortably seated in the interior, having a gallery on each side and in front. The Church is about 80 feet long by 55 feet wide, with parsonage in rear on Queen street, and cost originally ten thousand dollars. Services are held at 10,30 A.M. and 6,30 P.M., on Sundays; and Wednesdays at 7,30 P.M. Sabbath School, 2,00 P.M.; Bible Cass, Sundays, 2,00 P.M., in the basement of the Church. Prayer Meeting, on Friday evenings, at $7\frac{1}{2}$ o'clock. Rev. E. B. Harper, M.A., Minister.

METHODIST EPISCOPAL CHURCH, YORK STREET.

This Church was built in 1844, during the pastorate of Rev. James Gardiner, and re-built in (1867). It is a handsome brick building, with white brick corners and window arches, and a basement of stone. It is situated at the corner of York and Dalhousie streets, and will accommodate about 400 persons; is provided with a fine large basement for the use of the Sunday School, and is worth about \$6,000. This Congregation has established branches in various parts of the adjacent country, and organized what is now a flourishing cause at the west end of the city. It is now under the pastoral care of Rev. S. G. Stone.

Hours of Service— $10\frac{1}{2}$ A,M., and $6\frac{1}{2}$ P.M.; Sabbath School, 2 P.M.; Prayer Meeting, Wednesday evening at $7\frac{1}{2}$ o'clock.

METHODIST EPISCOPAL CHURCH, CHAUDIERE.

This Church, situate at the corner of Queen and Bridge streets, is a good substantial frame building, painted white, and capable of accommodating 250 persons. It was opened for divine service on the 25th December, 1864, and is worth about \$3,000. This congregation has succeeded in organizing a very flourishing Sabbath School. It is now under the pastoral care of the Rev. T. W. PICKETT.

Hours of Services—101 A.M., and 61 P.M.; Sabbath School, 2 P.M.;

Prayer Meetings, Thursday evening at 71 o'clock.

BAPTIST CHURCH,

Queen Street (near Elgin), was erected in 1862. The building is of stone, 40 feet by 50, cost nearly \$4,000, and will seat about 300 people. The first pastor was the Rev. J. Mackie, who was succeeded by the Rev. R. J. Langridge. The Rev. Mr. McPhail is the present pastor. The hours of service are 11 a.m., and 6½ p.m. Sabbath School at 3 p.m. in winter, and 9½ a.m. in summer. Prayer Meeting every Wednesday evening, at 8 p.m.

COUNTY AND JUDICIAL OFFICERS.

COUNTY OF CARLETON.

County Town—Ottawa City.—Ira Morgan, Warden, Metcalfe; Z. Wilson, Ottawa, Treasurer; Edward Bearman, Ottawa, Clerk; J. B. Lewis, Ottawa, Solicitor. Dr. J. Sweetland, Surgeon to the Gaol. A. W. Powell, Governor of the Gaol. Wm. Corbett, Inspector of Weights and Measures.

Christopher Armstrong, County Judge, Ottawa; R. Lyon, Deputy County Judge, Ottawa; R. Lees, County Attorney, Ottawa; W. F. Powell, Sheriff, Ottawa: J. Bailiff, Deputy Sheriff, Ottawa; J. Fraser, Deputy Clerk of the Crown, Clerk of County Court and Registrar of Surrogate, Ottawa; R. Lees, Clerk of the Peace, Ottawa; John Wilson, Master and Deputy Registrar in Chancery, Ottawa.

County of Carleton Registry Office.—Edward Sherwood, Registrar, Ottawa; W. Schofield, Deputy Registrar. Office hours from 10 A.M., till 3 P.M.

Prescott and Russell.-James Daniell, County Judge, L'Orignal; E.

Taylor Dartnell, County Attorney, L'Orignal; C. P. Treadwell, Sheriff, L'Orignal; J. W. Marston, Deputy Clerk of the Crown, Clerk of County Court and Registrar of Surrogate, L'Orignal; J. Higginson, Registrar of Prescott; James Keays, Registrar of Russell, and Issuer of Marriage Licenses, Russell; E. Taylor Dartnell, Clerk of the Peace, L'Orignal.

DIVISION COURT CLERKS.

Carleton.—R. B. Eager, Richmond; John Fenton, South Huntley; W. D. Pigott, Fitzroy Harbor; Wm. Cowan, North Gower; Ira Morgan,

Metcalfe, Osgoode; T. W. Harmer, Bell's Corners, Nepean.

Justices of the Peace.—John Bower Lewis, James Cunningham, A. Pratt, John Rochester, Francis Abbott, C. W. Bangs, J. G. Robinson, J. P. Featherston, Henry J. Friel, John Heney, Isidore Traversy, Charles Goulden, E. Martineau, John B. Guerard, W. Mosgrove and C. T. Bate. M. O'Gara, Police Magistrate, Ottawa City. Geo. Hay, Alex. Workman, W. H. Thompson, Thos. Langrell, Donald M. Grant, County of Carleton.

COURTS.

County Court.—Presided over by a resident Judge in each County. Their jurisdiction extends to all personal actions where the debt or damages claimed do not exceed £50; and to all suits relating to debt, covenant, or contract, where the amount is ascertained by the acts of the parties or signature of the defendant to £100; and to all bail bonds or recognizances of bail given in the County Court or any amount; but not to cases involving the title to lands, validity of wills, actions for libel, slander, crim. con. or seduction. An appeal lies to either of the Superior Courts of Law. These Courts also possess equity powers to the amount of £50, subject to an appeal to the Court of Chancery.

Officers of Court.—Judge, Chris. Armstrong; James Fraser, Clerk.
Court of Quarter Sessions.—Chris. Armstrong, Chairman. This Court
is held four times a year for trials by jury in cases of larceny, misde-

meanor, and other offences.

Court of Chancery .- John Wilson, Master and Deputy Registrar for

the County of Carleton.

Surrogate Courts.—The jurisdiction of these Courts relates to all testamentary matters and causes, and to the granting or revoking of probate of wills, and letters of administration of the effects of deceased persons having estate or effects in Ontario, and all matters arising out of, or connected with the grant or revocation of probate or administration, subject to an appeal to the Court of Chancery. The County Judges are also Judges of the Surrogate Court.

Law Circuits.—The Circuits are held twice a year in each county; between Hilary and Easter Terms, and between Hilary and Michaelmas Terms. Clerk of Assizes—Deputy Clerk of the Crown, ex-officio.

Division Courts.—Courts are held once in two months in each division or oftener, at the discretion of the Judge. The Divisions are established

HULL CEMENT, OR WATER LIME

The subscriber would respectfully call the attention of Contractors generally, and all others interested, to the superior merits of the above Cement, and its adaptation for Mason or Concrete work, of all kinds, however much exposed to the influence of water, and has much pleasure in referring to the following letters from parties who have used the same.

WRIGHT

HULL, C. E.

The Hull Cement has been used in the formation of Concrete in these Buildings, and the result has been satisfactory.

PARLIAMENT BUILDINGS, OTTAWA, 4th March, 1865.

THOS. FULLER. Architect.

OTTAWA, April 4th, 1865.

Having had the Hull Cement, or Water Lime, manufactured by Mr. C. B. Wright, extensively used under our supervision upon the new Public Buildings here, in the composition of Concrete, in making floors, and the construction of masonry and brickwork, contiguous with water, we have uniformly found it to fully answer our expectations and purposes, and we can confidently recommend it for any such or similar works, or for Malt Kiln Floors, as equal to any manufactured on this Continent.

WM. HUTCHISON.

This is one of the most complete as well as one of the most useful buildings of its class in Central Canada. It is located in the eastern part of the city, was commenced in 1867 and completed in 1868, at a cost of about \$15,000, including heating apparatus, furniture, &c. It is a substantial and elegant brick structure, and the internal arrangement and general adaptation to educational purposes, are superior to those of any school house in this section of the Dominion. It is 70 feet in length by 60 feet in depth, with a projection in front and rear, three stories high including the basement, and surmounted by a handsome cupola and belfry. The first and second floors, comprise each a spacious hall, two school-rooms 33 x 33 feet, and two recitation rooms 25 x 13 feet, basement contains primary class rooms and a janitor's residence. temperature is regulated by warm air heated on the ground floor, and conveyed through ducts to the most remote corners of the building. The latest improvements in school architecture have been closely observed in the construction and outfit of the whole edifice, desks, chairs, blackboards, fountains, &c., are of a superior style and finish, and are calculated to afford every facility and comfort to both teachers and pupils. 500 children are accommodated in the Institution at present, who are divided and classified into four grades, and presided over by eleven teachers. The names of teachers now employed and their positions are as follows :-

ARCHIBALD SMIRLE, Principal, SAMUEL RATHWELL, Assistant, Employed chiefly in First Division.

JAMES C. STEWART, Master,
MISS ISABELLA JOHNSTON, Assistant,

Second Division.

JOHN P. ROBERTSON, Master,
MISS ELLEN LANGRELL, Assistant,

Third Division (Boys).

MISS GRACE GEDDES, Mistress,
MISS ANNA LIVING, Assistant.

Third Division, (Girls).

MISS SOPHIA HUMPHREYS, Mistress,
MISS HARRIET GILMOUR, 1st Assistant.
MISS SUSAN RATHWELL, 2nd "Fourth Division, (Primary.)

Common Schools.—Officers elected by Board of School Trustees, 1868:—Chairman, James D. Slater, Wellington Ward; Secretary, James Joynt, St. George's Ward; Local Superintendent, William Cousens, Wellington Ward; Messenger, John McCarthy, Wellington Ward.

INDIAN LANDS OFFICE AND OUT-STATIONS.

THE unsold Lands consist of about 300,000 acres in the Saugeen Peninsula, the prices of which vary according to quality and situation, from 75 cents to \$3 50 per acre. The Department has contributed liberally towards opening a main line of road, with its starting point upon the Owen Sound and Saugeen gravelled road, and running northward up the Peninsula towards its most northermost point, at the safe Harbor of Tobor Moray, opposite the southerly extremity of the great Manitoulin

Island. Funds have been provided for carrying the road in the course of next season to its northerly termination. The agency for these lands is at Toronto, under the superintendence of W. R. Bartlett, Esq., who is provided with maps and with lists of the disposable lands. The conditions of sale are one-fifth down, and the remainder payable by four annual instalments, with interest on each as it falls due, and actual and

early occupation.

The great Manitoulin Island has been in part surveyed. Nine townships have been laid out, containing about 270,000 acres; and Townplots also surveyed. At Little Current, now designated Shaftesbury, and at Sheguendah, where are at least three good mill sites. The agent for the sale of lands upon the island is W. Plummer, Esq. The price of farming is 20 cents per acre, and actual and immediate settlement. Oil and mineral lands are charged \$1,00 per acre, cash down, and patents issued without reference to occupation or improvement. On the Manitoulin Island, roads have been constructed from Little Current to Manotowasing, and from thence a Road is in process of formation to Michael Bay, where Messrs. Lyon and J. White. M.P., have erected mills. The Indian office is bestowing considerable attention upon the education and social and moral improvement of the Indians.

cult

The Indian Department holds also for sale in trust for the Indians, lands in the vicinity of the Sault Ste. Marie, Batchewaung Bay, and Garden River, consisting of about 200,000 acres. The agent is Joseph Wilson, Esq., of Sault Ste. Marie, and the terms correspond with those laid down for the Manitoulin Island. The most direct access to both of these localities is by steamer from Collingwood, the Lake Huron termin-

us of the Northern Railway.

On the Lake Superior there are Indian lands also for sale, consisting of about 64,000 acres in the vicinity of Fort William on the Kaministagua River. The Agent is Mr. McVicar, resident at Fort William, and the terms are the same as those for the lands around the Sault Ste. Marie.

The unsurveyed Indian Reserves in Upper Canada, which have not yet been yielded up for sale, are of considerable extent, and some of them contain timber of value, which the Department is prepared to dispose of which can only be cut under official license from the Superintendents, who attend to the local business of the lands under their superintendance.

In Lower Canada, the Indian reserves are of more limited extent, and there are no lands within them at present for sale, but the timber on some of them may be purchased from the Department.

The Indian affairs of Nova Scotia and New Brunswick have likewise been brought under the charge of the Department. d in the course for these lands tt, Esq., who is ids. The coninal and actual and

OTTAWA MANUFACTURES.

AXE AND EDGE TOOL MANUFACTURERS.

Mr. Sexton Washburn, of the Chaudière, Island, is extensively engaged in the manufacture of axes, and gives employment to a large number of hands. One hundred and twenty axes are turned out at this factory daily.

BABY CARRIAGE MANUFACTURERS.

Messrs. H. Whitside & Co., 62 Rideau St., are deservedly known as manufacturers of all sorts of Carriages for the rising generation; they also manufacture Velocipedes, and are the patentees of a new description Spring Matress, which cannot get out of order; a new style of Clothes Dryer, of which they are the manufacturers and patentees, is a most ingenious invention, and as low in price as it is simple in construction. They employ 30 hands, and turn out \$30,000 yearly.

BAKERS AND CONFECTIONERS.

Mr. P. R. Valiquette, the Capital Bakery has been established some time, and is doing a very nice busines. He employs several hands.

Mr. W. Proderick has been established many years and carries on a very extensive business in every branch, he also manufactures Soda Water and other aerated beverages. His place of business is situated on Sussex St.

Messrs. Iliffe, Warnoch, Shouldis, respectively do good businesses.

BLACKSMITHS.

Mr. P. KILDUFF, York St, has been long established here, and does a very good business, he is well known as a first-class workman, having taken first prizes at different exhibitions.

Mr. Evans, Sparks St., has just invented a harrow, which, from the simplicity of its construction, and the perfect manner it adapts itself to every inequality of the ground, is sure to be very popular amongst agriculturalists.

BOAT BUILDERS.

Mr. John Cockburn, foot of Bay Street, has been long established

Medical Hall, 41 Rideau St., Ottawa, Davidson & Daniel.

and is known all over the country as building boats, barges, scows, in fact every description of work in his line of the best material and workmanship. Mr. Wm. Mason, Chaudière Island, is also well known.

BOOKBINDING AND ACCOUNT BOOK MANUFACTURERS.

Mr. G. E. Desbarats, whose magnificent block of buildings, fitted up in the most complete manner, was destroyed by fire, continues his very extensive business in temporary offices adjoining his late building. Fine new buildings will take the place of his late ones, and we sincerely trust that but little time will elapse before he is again in full swing.

ALEXANDER MORTIMER, Esq., Metcalfe Street, south of Sparks; established himself in Ottawa, in 1865. His business has largely increased since his commencement here, and during the past season extensive additions have been made to the establishment in first class machinery imported from the best British manufacturers. The establishment contains the following machines, viz.: one large book cutting machine, three standing presses, two fine ruling machines, a paging or numbering machine, a book rolling or solidating machine, one first-class perforating machine, with other machinery and tools necessary for the turning out of very superior work in blank or account books and general binding. About twenty-two hands are kept in employment.

Messrs. James Hope & Co., corner of Sparks and Elgin Streets, manufacturing stationers and bookbinders, were established in Ottawa, in 1842. They now employ about ten hands, and are doing a good business.

BREWERS.

The VICTORIA BREWERY was established in 1847, by Jas. ROCHESTER. It is now carried on by Jas. Rochester & Co. The brewery is built of stone, three stories high, 56 feet by 32. The malt-house is 80 feet by 27, and is also three stories high. The malt-kiln is 24 feet square. From seven to ten hands are employed in and about the establishment.

Mr. Sterling's Brewery is situated at the foot of the locks.

Messrs. H. F. Brading & Co., Union Brewery, George Street, between Wellington street and Pooley's Bridge.

BRICK MAKERS.

Messrs. BAWDEN & DONNELLY, and Mr. W. H. GOUGH, are engaged in this useful business, and each firm manufactures largely.

BROOM MANUFACTURES.

Messrs. R. & W. Reardon. The Ottawa City Broom Factory, established in York street, in 1862, is a frame building 3 stories high, 60×30 feet.

ell.

Five hands are employed, and their work is excellent, having taken prizes at Provincial Shows—every style and description of broom and brush is made here.

CARDING, FULLING, AND CLOTH DRESSING MILLS.

Messrs. Whitecome & Stevens are this season about to start their new mill at Gatineau Point, Templeton. They will use the latest and best styles of machinery, and will doubtless do a good custom trade as well as manufacture largely.

The Chaudière Carding Mills are situated on Montreal street, and are now carried on by Messrs. Young, Bronsons & Co., they are built of frame, 2 stories high, 49 × 20 feet, and contain two carding machines, fulling mill, napper press and shears. All kinds of cloth is dressed, and considerable business done.

The New Edinburgh Woolen Mills, owned by E. McKay, Esq., give work to about 100 hands, and turn out all descriptions of tweeds, blankets, &c. The buildings, of which there are 3, are $3\frac{1}{2}$ stories high, built of stone, they contain 6 jacks with 1500 spindles, and can produce 700 yards daily, water power is used to propel the machinery.

CARPENTERS, BUILDERS, AND CONTRACTORS.

Messrs. Robertson & Langstaff, have been engaged in business for many years, their office and work shop is on Rideau street, cor. of Ottawa st., they employ a large number of hands, and many of the fine new building lately erected, have been put up by them. They have several large contracts now on hand.

CARRIAGE AND WAGON-MAKERS.

Mr. A. TITUS. THE ONTARIO CARRIAGE AND COACH FACTORY, Sparks street corner of O'Connor, carries on a large business, and makes all kinds of sleighs, carriages, wagons, &c. His work is well put together, and finely finished, his work shop is a frame building, two stories high, 80 x 30 feet, and he employs 5 hands at present.

Mr. L. Duhamel. Ottawa City Carriage Factory, Murray st., has been in business over 20 years, and is justly celebrated for the character of his different vehicles. About 20 hands are employed, and about \$25,000 worth of cutters, wagons, &c., are turned out annually.

The Bay Street Carriage and Sleigh Manufactory, Mr. R. A. SIMS, proprietor, has been in operation some years. It is a frame building, of 2 stories, and attached is the blacksmith shop also of frame, but cased with brick. Six hands are employed, and skeleton buggies, carriages, wagons, sleighs, cutters, in fact every style of conveyance are here manufactured of best material, and certainly of elegant design.

Davidson & Daniels, for Pure Drugs and Chemicals, 41 Rideau Street.

Messrs. Wm. STOCKDALE & BROTHERS, on Rideau street, was established in 1854, in this factory, 26 hands are employed, and an engine of ten horse power; carriages, wagons, sleighs, cutters, &c., are turned out each year, to the value of twenty thousand dollars.

Mr. Peter Dufour established his carriage works in 1832; 13 hands

are kept in constant employment.

CARVING, GILDING, AND PICTURE FRAME MAKING.

The two leading estsblishments are those of Mr. R. Eaton, Elgin street, and Messrs. H. &. J. Gowan, Sparks street.

CABINET-WARE AND FURNITURE.

In the manufacture of furniture, chairs and bedsteads, Messrs. OLIVER & Annable were established on the Chaudière Island in 1860. Their factory is three stories high, 66 by 30 feet. They employ 18 hands, and turn out manufactured articles to the value of about fifteen thousand

dollars per annum.

THE OTTAWA CABINET WAREHOUSE.—GEORGE SEALE, Agent. The furniture kept at this warehouse is manufactured at Kingston by Mr. Drennan, who employs the labor of over 150 convicts at the Penitentiary, manufacturing every description of fine parlor and bedroom furniture. Every description of fancy and domestic furniture of the best quality kept in stock or supplied to order. Designs will be provided if necessary.

Messrs. Angus & Son, established in 1848. Their extensive Show Rooms are in Roberts' Block, No. 22 Rideau street, where they have on hand one of the finest displays of furniture in the Dominion. Bedroom, dining-room and parlor sets, complete, together with all kinds of common and plain furniture, can be supplied at the shortest notice. Parties furnishing hotels, and others dealing largely will find their terms very

liberal.

COOPERAGES.

Mr. John Watchorn, Albert St., established some 3 or 4 years, has put up a new building to replace his former one destroyed by fire. He employs 5 hands and does an extensive wholesale trade. His work is admittedly of the best and most substantial character.

The principal cooperage in Ottawa is carried on by Mr. ROBERT KEN-LY, sen., 33 Sparks street, who has been engaged in this line for a great

many years, and gives employment to a number of hands.

H. Pace, practical Watchmaker. The Black Watch, opposite the Russell House.

CEMENT MAKERS.

HULL OR WATER LIME CEMENT WORKS, Mill St., Hull—CHAS. B. WRIGHT, Esq., proprietor. Originally established by the late Ruggles Wright, who discovered this valuable Cement. It is particularly adapted as a protection for out side works, in buildings which are exposed to any severe weather, also for coating works under water, and is invaluable for cellars, flooring for malt or grain houses; it will not crack or shrink and no stone can be harder. The factory is a stone building 4 stories high, 84×33 —a very large 8 feet centre discharge wheel is used, and the water power is unlimited. Ten hands are employed in the manufacture of this article, which is equal, if not superior to Portland Cement.

ENGRAVING.

Mr. Geo. Cox, cor. of Elgin and Sparks street, carries on the business of seal, steel and copper engraving; as an engraver and designer, Mr. Cox has no superior.

FLOUR AND GRIST MILLS.

The Ottawa Flour and Oatmeal Mills were originally established in 1855. Thomas McKay, Esq., is now the proprietor, and employs about twenty hands. These mills are the most extensive in this section of the country. The flour mill is built of stone, three stories high, 72 feet by 60, and contains six run of stone. The oatmeal mill is also of the same size and height, built of stone, and contains four run of stone. The kiln is a stone building, entirely fire proof, being 25 feet square. There are two store houses connected with the mills—one being a stone building, two stories high, 30 feet by 120, and the other a frame 70 feet by 60. On the premises there is a frame dwelling house, 35 by 40 feet, two stories high. The counting room is a brick building, 25 feet by 21.

Messrs. Young, Bronsons & Co., are now running Thompson's Mills, which are two stories high, and substantially built of stone. It is the oldest Mill in the city, has four run of stones, turns out 100 barrels and about 600 bushels feed and provender daily. The water power is equal to 100 horse power; about ten hands are employed here.

Mr. W. Morrison, Ottawa City Flour Mills, carries on business in a stone building 3 stories high, 953 × 2, has 3 run of stones, turns out about 40 barrels fine flour, and about 500 bushels feed daily. Four hands are employed.

THE NEW EDINBURGH MILLS, Ottawa St., New Edinburgh. Messrs. W. M. CLYMONT & Co., proprietors, were established in 1832, but burnt down

Davidson & Daniel, sole Agents for Rev. E. Wilson's Consumption Remedy.

in 1862, when the present fine stone building was erected, fronting the street; it is 3 stories high, and it has a magnificent river frontage of 5 stories, upwards of 100 feet high. The mill and store house are 130×60 feet. There is also attached an oatmeal mill, 43×38 , 4 stories river frontage, having 3 run of stones, turning out 50 barrels daily. There is also kiln and warehouse accommodation attached. The flouring mill contains 6 run of stones; daily capacity 200 barrels; 10 hands are employed, and water power is used which is unlimited.

Exc

THE SIST

For term

SADD

FORWARDERS.

Messrs W. H. Easton & Co., end of Little Sussex street, Canal Basin, have built a fine storehouse to replace their old stand destroyed last season by fire. It is a very neat and substantial building, built of red brick, three stories in height, 48 by 50 feet, and each floor is 10 feet high and well lighted, cost about \$3,000. They continue the business established by Mr. M. K. DICKENSON, and their fleet this season will consist of 6 steamers and 12 barges. A very large trade is also done by the firm in flour, provisions, wood and general commission business.

THE UNION FORWARDING AND RAILWAY Co., Wellington st. Besides doing a very large carrying trade on the Upper Ottawa, have several fine steamers for the conveyance of passengers through the romantic scenery of the Upper Ottawa. We refer intending tourists to the pamphlet issued by the Company, and R. S. Cassells, Esq., the President, will be happy to give any other information which may be desired.

The Ottawa River Navigation Co., R. H. Shepherd, President. The Montreal and Ottawa Forwarding Co., D. Murphy, Agent, and Messrs. Sincinnes and McNaughton all do a large forwarding business.

FOUNDRIES AND MACHINE SHOPS.

The Vulcan Iron Works, Wellington street, West End, belong to and are managed by Alexander Fleck, a practical Engineer of 30 years standing, and patentee of Fleck's Patent Improved Tyler Wheels, &c., who removed here last fall from Montreal, where he owned and carried on one of the largest Foundry and Machine Shops. The machinery here is of the best description and the latest improvements. The main building, now erecting, is to be of stone, two stories high, 90 feet by 50 feet, and is occupied as a machine shop. The Foundry, blacksmith's and pattern shops are commodious, and well adapted for their respective works, where every description of mill and engine work and steamboat repairs are carried on. There are forty men employed, the greater part of whom are skilled mechanics. The proprietor being determined to turn out first-class work. Great attention is paid here to the repairs of steamboat and other engines.

Thos. Russell & Sons, Watch and Chronometer Makers. H. Pace, sole Agent.

THE VICTORIA FOUNDRY and Machine Shop is situated on Middle street, Victoria Island, and is owned and carried on by Messrs. N. S. Blasdell & Co. The main building is of stone and is 60 feet by 35 feet, three stories high, of which the first and second stories are occupied as machine shops and the third story as a pattern store-room. The blacksmith shop is a one-story building, 60 feet long by 39 feet wide. moulding shop is 50 feet long by 30 feet wide, with an additional storeroom of 80 feet by 30. The pattern shop is 40 feet by 40. Opposite the foundry the firm have a very handsome stone building, with cut stone facings and dressings, two stories high, and occupied as a countingroom and offices. This foundry has been established for many years, and contains the very best kind of machinery-some originally designed and manufactured by the proprietors. They received, in 1861, the Prince of Wales' Gold Medal for their patent planing machine, which is considered the best machine of the kind in America. They employ about thirty-five hands, and manufacture saw and grist mill machinery of every description and other heavy and light castings. In connection with the Victoria Foundry there is a very powerful force pump, requiring a force equal to 80 horses to work; this is fully supplied by the almost unlimited power afforded by the Chaudière Fall. This pump is put up in a suitable stone building in a position where, in case of fire on either side, hose can be attached, and seven streams be made use of. The hose is sufficient to reach any of the main establishments in the vicinity. This pump was manufactured by the proprietors of the Victoria Foundry. It has the capacity of pumping two thousand gallons per minute.

Perkins' Foundry is situated on Sparks st., and was established in 1840 by Mr. Lyman Perkins; the machinery is propelled by two engines of twenty-five horse power; a number of hands are kept employed in the manufacturing of steam engines, boilers and mill machinery.

Mr. W. MITFORD, opposite E. B. Eddy's Match Factory, Hull, uses a 6 horse power engine, and is doing a large business, especially in ornamental iron work. Six hands are constantly employed.

GINGER BEER MANUFACTURERS, &c.

Mr. W. Kipp, Duke St., L.B.F, employs several hands, and makes in the season 100 dozen weekly.

Mr. W. Proderick, Sussex st., who does the largest business in this line is known throughout the city and counties for the excellency of his beverages, his establishment is fitted up in the most complete manner with all the most approved and modern machinery.

Mr. G. Bartlett also does a good trade in these articles.

conv

prominent are those of Mr. George Hay, 21 Sparks, who has been some 21 years established, and does a very extensive business. He imports largely shelf and heavy hardware, guns, powder, shot, plated ware, cutlery of all kinds, house furnishings, fishing tackle, brushes, paint, &c., and has at all times a full and well selected assortment of goods in his line for sale, at a moderate advance on sterling cost. He also does a good trade in stoves and agricultural implements.

Mr. Thos. Isaac, Sign of the Circular Saw, is well known and does an excellent business, which has been established about 15 years. He is sole agent for McLean's celebrated Belting, Metropolitan Washing and Wringing Machine Co., of New York, &c. He has also on hand large stocks of general heavy and shelf hardware, plated-ware, and all articles in that line which he imports, and has specially manufactured.

Messrs. Besserer & Cowan, Rideau St., are well known and do a very extensive business. They import very largely, and always have on hand the newest styles of all goods in their line for sale, at most reasonable rates.

HOOP SKIRT MANUFACTURING.

THE CITY HOOP SKIRT FACTORY was established by Mr. David Millar, in the spring of 1867, at No. 43 Sparks street, Ottawa.

LOOKING-GLASS, SILVERING, AND MANUFACTURING OF PAINTS, COLORS, &c.

Mr. R. Eaton, established business here, in 1860. This firm keep 30 hands employed, and turn out for the trade a large quantity of looking-glasses, such as hanging, toilet, chimney and pier glasses, imitation rose-wood, maple and walnut veneered mouldings, washable guilt moulding, gilt picture frames, ovals, &c. The looking-glass plate is silvered on the premises by first-class workmen. The manufacture of colors, paints and varnishes is also extensively carried on. The factory adjoins Mr, E. B. Eddy's match factory, at Hull. The show rooms and offices are in Elgin st., opposite the Russell House.

LIVERY AND BOARDING STABLES.

Mr. J. STOCKDALE, has been in this business many years, and is so favourably and well known, that we need only add that this season he his made additions to his already large stables and livery.

THE ROYAL HORSE BAZAAR is situate on O'Connor st., in the rear of the Victoria Hotel. Mr. H. Heney the proprietor, who is well known in the city, has every accommodation for Boarding Horses, and having

Fine Gold Watches, H. Pace, the Black Watch, opposite the Russell House.

MARBLE WORKS.

Mr. A. K. Mills, corner of Sparks and Bank Street, employs a good many hands, who are all fine workmen. Mr. Mills does a very fine business, and turns out really fine work, notably monuments, head stones, mantel pieces, besides every other article in his profession.

Mr. W. MACFARLANE, is also well known and does a very excellent

trade.

MUSIC HALL.

Gowan's Music Hall is situated on the south side of Wellington street, and extends into Sparks street, having its principal frontage on that street. It has just been fitted up by the enterprising proprietors Messrs. H. & J. Gowan, and we have much pleasure in presenting our readers with a description of it and in wishing the Messrs. Gowan great success which they deserve, as it supplies what was a great want in Ottawa, and no expense seems to have been spared to promote the comfort and convenience of the public. It is built of red brick, ornamented with white. and externally presents a very neat appearance. The ground floor is occupied by 2 stores, one of which is devoted to the Musical Department of their business, and which is roomy enough to allow Messrs. Gowan to carry on also their picture frame and gilding business in which they do extensively. On the first floor (reached from Wellington st), is the splendid Ball and Concert Room, a fine apartment 80 x 33, and 12 feet high, 600 persons can be comfortably accommodated with sitting It is well lighted and ventilated. The walls are beautifully decorated, and the effect at night, when the room is brilliantly lit up. reflects credit upon Mr. Gowan's taste. On the second floor, there is a spacious supper-room, in size 52 × 33, and it will comfortably hold 300 guests at the tables, in immediate proximity and opening into this room is a kitchen, so that the annoyance of having refreshments prepared at a distance from the supper room is obviated. On this flat are 2 dressing rooms, one for ladies and the other for gentlemen, both are fitted with every convenience, especially with large racks for bonnets (if there are such things now a days), hats, cloaks, &c. We omitted to notice in its proper place a very nice convenient orchestra at one end of the ball room. This Hall is also well adapted for a Lecture Room, as well as a convenient place (from its central position) for public meetings.

ORNAMENTAL PAINTING, GLASS STAINING, &c.

Mr. Wm. McKay established himself in Ottawa in 1864, and has

Tarrant's Seltzer Aperient, at Davidson & Daniel's 41 Rideau St.

since been doing a large business in ornamental painting, glass staining and wall papers; he now employs a large number of hands. The stained glass for the Parliament Buildings was executed at this establishment, which is now at Mosgrove's block, Rideau street. Mr. McKay imports French and English papers direct from the manufacturers.

Mr. A. Mitchell, s s Sparks street has just established himself and has a good reputation as a tasty sign and clever heraldic painter. He also paints flags and banners in very beautiful style.

Is the

DAILY

Po

addition establish affordin

Mr. J. Lang has just commenced in the office formerly occcupied by the Express Co. Report speaks very highly of his capabilities in every department of his profession, and from specimens we have seen, we do not doubt that he will do a successful business.

PHOTOGRAPHIC GALLERIES.

This City is well supplied with the above, amongst the most prominent are those of Messrs. Stiff, Brothers, Sparks street, opposite the British Lion Hotel, they have a well appointed Gallery and have great celebrity in their profession. Their portraits are well worthy of notice, and their patrons may be sure of satisfaction.

Notman's Photograhic Gallery, cor. of Metcalfe and Wellington streets. Mr. Notman who has a world wide reputation, erected this splendid Gallery in the summer of 1867, it is unnecessary to say more than that he has, if such a thing is possible, added to his fame since his establishment amongst us.

Mr. E. Spencer, 24 Sparks street, Ottawa, opened a Gallery of Art here in 1859, since which time his business has largly increased, giving employment now to five artists. The views of the Parliament Buildings and of the beautiful scenery of the Ottawa, taken by Mr. Spencer, are unsurpassed. Strangers visiting Ottawa could not employ an hour to better advantage than calling at Mr. Spencer's rooms and examining his specimens of the Photographic Art.

THE CHAUDIERE PHOTOGRAPHIC GALLERY, Duke street, L. B. F., Mr. L. N. Dorion, proprietor, who is a good operator and is doing an excellent business. His studio is nicely fitted up, and good pictures are produced.

PORTRAIT PAINTER.

Mr. T. Monson has his Studio at No. 25 Sparks street, where he is at all times ready to attend to the wishes of his patrons, and to show visitors to the city specimens of his skill. He is without doubt a very clever artist.

H. Pace, Practical Watchmaker, from London, England, opp. Russell House.

BUSINESS COLLEGE,

Situate on Sparks Street, over the Mechanics' Institute.

is a school of business

For young and middle-aged men, and adapted to meet the wants of all classes in acquiring a good Commercial Education. The method of instruction is most practical in its character.

The only Commercial or Mercantile College in British America for the Practical Education of Young Men on Actual Business Principles.

A course of Instruction, Theoretical and Practical, to meet the demands of the age, and of the greatest importance to the Merchant, Mechanic, Teacher, Lawyer, Physician and in fact to men in every vocation in life.

THE COURSE OF INSTRUCTION

Is so arranged and practically taught as to enable the Student to thoroughly master, in the shortest time possible, the most complete course of business instruction ever introduced into any Commercial or Mercantile Institution in British America, combining Theory and Practice, by means of regular organized Banks of Issue, containing a capital of over \$1,800,000, in beautifully engraved Bank Notes, with Checks, Drafts, Deposit Tickets, Bank Account Books, Certificates of Transfer and Deposit. In short, everything to illustrate Banking in the most approved manner.

Merchants' Emporium, or Wholesale Store, furnished with all sorts of Cloth, Real Estate, &c. Each Student buys and sells, and becomes an actual Book-keeper and Merchant, during the space of three or four months he passes through the experience of an ordinary Business Life Time.

Any man, young or old, wishing to meet with success in a business life, should not fail to spend three or four months in the

OTTAWA BUSINESS COLLEGE.

THE BOOK-KEEPING DEPARTMENT

Is as complete and extensive as that of any Commercial College on the continent, and embraces thorough and practical instruction in Book-keeping by Single and Double Entry, General Mercantile Business, Banking, Actual Business Course, Manufacturing, Mining, Milling, Commission, Forwarding, Foreign Exchange, Jobbing, Steamboating, (Farm Accounts,) Arithmetic, Spelling, Penmanship, Letter Writing, Commercial Law, and everything necessary to impart a complete and thorough Business Education.

A Circular has been published giving a detailed account of the system, regulations and terms, and may be had on application to the College, or by addressing

PARENTS GIVE YOUR SONS A CHANCE

GIVE THEM A BUSINESS EDUCATION.

Intelligent, Energetic and Properly Educated Young Men are every where Required, and are always sure of obtaining Lucrative Situations.

Intelligent, Emergent and Property Educated Young Men are every where Required, and are always sure of obtaining Lucrative Situations.

A Sound, Practical Business Education is the great demand of the age. Canada is rising and pressing onward with wonderful rapidity, and he who wants to maintain his position and keep pace with the times must buckle-to in order to propare himself for his future avocation, and the first step is a course of training adequate to the exigencies of the times and the end aimediat. The old system of copying a set of books will never do in the present stage of commercial activity. The book keeper must be prompt and ready at a moment's call to taske his account book entry, to balance and render his statement of any and every transaction. He must know how to properly draw Checks, Draits, Notes and Bills of Exchange, to determine the responsibility of each party, to make out Accounts, Balance Sheets, Accounts Current, Account Sales, Monthly Statements, in short, all business instruments, and to do so with neatness, promptitude and accuracy. If he fails in his first trials after obtaining a situation, his prospects are damaged; but if he has passed through the course of training pursued in the Ottawa Business College, and has theroughly understood that which he has gone over, there will be no fear of his failing, and his footing is gained at ondo. Since young men so educated are every where and every day required, parents should promptly take advantage of the apportunity now offered them.

We make thoroughness the first grand object to be attained in going through a course of in ruction in the Ottawa Business College, as we think it is money thrown away and time lost to the student if he attends any Commercial College and does not thoroughly understand what he has been studying; and we do not think that it would be doing justice to ourselves or the students were we to pass him to a second set of books without his thoroughly understanding the first student as rapidly as pessible, as we know

TIME FOR A FULL COURSE.

The time in which a student passes through a full course and receives his dip-loms varies, according to the ability of the student, but it seldom takes less than three, or more than six mouths.

Students can enter at any time—No vacation.

This College is open day and evening. As there are no exactions, and classes of different grades being established, the students can enter when most convenient, and most with that individual instruction so requisite in this department of learning.

Though there is no limitateon as to time, yet it is most desirable that each student should go through a full course without interruption. The privilege of reviewing at any time is also conceded to all.

Pure D

PIANO FORTES.

Messrs. J. L. Orme & Son established the Ottawa Music Store, No. 25 Sparks street, about three years ago. This firm being in connection with Messrs. Nordheimer, are the sole Agents for the celebrated "Dunham Piano," which has, in the United States and Canada, for over thirty years, sustained an unrivalled reputation for excellence and superiority, and has elicited from the most eminent professors and critics the opinion that the "Dunham" cannot be excelled. Its qualities, viz., durability, improvement by use, never deteriorating, excelling in workmanship, unequalled in tone, perfect in touch, and having all the latest improvements, render it the most perfect of instruments. Orme & Son are also agents for the sale of the excellent pianos cf Messrs. Steinway, of New York, and Chickering of Boston, besides being dealers in every description of musical instruments, sheet music, and other music; toys, fancy goods, stationery &c. Since their commencement here their business has so increased as to necessitate the building of their present fine place of business situated directly opposite the Russell House, it is a very fine roomy store, splendidly lighted with fine stained glass windows in the rear, it is 76 by 32 and 18 feet in height, and is quite an ornament to the city.

GOWAN'S MUSIC HALL has already been noticed.

Mr. E. MILES, proprietor of the London Music Store, sign of the Big Fiddle, Wellington street, and also in Elgin street, took possession of his present premises in 1867. He is agent for the piano fortes manufactured by the "New York Union," the "Gabler," and Steinway's—the latter he receives direct from the manufacturers. The Melodeons manufactured by R. S. Williams, of Toronto, are sold by Mr. Miles, who is sole agent here. Musical instruments and sheet music are kept for sale.

PORK PACKERS, HAM CURERS, &c.

Mr. Wm. M. Bradbury, By Ward Market, has been established many years and has a high reputation for the excellent quality of his manufacture. He keeps a fine stock and will be found attentive and very obliging. He has also on hand at all times fresh meat of best quality and variety.

Mr. S. Evans, cor. George and Mosgrove street, does a very good

trade.

SADDLERS AND HARNESS MAKERS.

Messrs. S. & W. Borbridge, corner of Rideau and Mosgrove streets, are the longest established in this business in Ottawa, and offer superior inducements to purchasers, having always on hand a very large assortment of goods in their line. They employ a large number of hands and

Pure Drugs and Chemicals at Davidson & Daniel's, 41 Rideau St. 11

turn out great quantities of work in every style, well finished, at very reasonable rates, and manufactured of the best quality of material.

Messrs. Lee & Dawson do a fair business in this line. Their goods are

well finished.

Messrs. Heney & Co., manufacturers of Harness, Saddles, Trunks, &c., have been established since 1844. They now employ ten to twelve hands, and are doing a large trade. The establishment is situated at 24 York street.

Mr. W. S. Hughes, York street, corner Sussex, in business here over four years, manufactures the finer kinds of Harness, Saddles, Ladies' Side Saddles, Trunks, etc. He is doing a good business, and turns out remarkably fine work.

SASH, BLIND AND DOOR FACTORIES, AND PLANING MILLS.

The New Edinburgh Sash Factory, Messrs. J. Maclaren & Co., was established by Messrs. J. M. Currier & Co., about sixteen years ago. The establishment is furnished with machinery of the latest improvement for the manufacture of sash, blinds, door-mouldings, &c. There is also a planing mill in connection. In this establishment, about thirty hands are kept constantly at work during the entire year.

MR. HORACE B. MERRILL'S Planing Mills are attached to the Vic-

toria Foundry,—a number of hands are kept employed.

Mr. Rodney Eaton, has in connection with his picture frame factory a sash factory, established in 1868, and fitted with machinery of the best and most modern description, and turns out great quantities of doors, sashes, blinds, mouldings, &c. His sashes are ready primed and glazed, and there is little risk of breakage, besides saving considerable time. Blinds also can be had ready for hanging. 20 hands are employed.

PLUMBING, STEAM AND GAS FITTING.

Messrs. Blyth & Kerr lately purchased the extensive establishment at No. 25 Rideau Street, formerly carried on by Charles Garth, Esq., of Montreal. The firm gives employment to twenty-two hands, and are doing a very large business in plumbing, steam and gas fitting, manufacturing tin, copper and sheet-iron ware, stove mountings, &c. Hot air furnaces of any size or description are put up to order. They are extensive dealers in general house furnishing hardware.

Messrs. Barnes & Feek, York St., do a very fair business in this

line, and are good workmen.

Davidson

MANUFACTURERS OF SAWN LUMBER.

Mr. A. H. Baldwin, erected a new mill in 1866, at the foot of Head street, Chaudiere Island. The mill is built of wood, with basement story of stone, being 100 feet by 55. It contains four gangs of 120 upright saws, in the aggregate, with a capacity of sawing 120,000 feet per diem—there are also edging and butting saws, a new improved filing machine, &c.; also another building, 80 feet by 40, for the purpose of sawing lath and pickets. Mr. Baldwin commenced operations in the lumber trade in Ottawa, in 1854, another mill joining T. McKay's mill, has 2 gang gates with about 30 saws each, with double edgers and butters turning out 40,000 in 12 hours. In connection with the mills, is a Machine Shop fitted up with the newest and most improved machinery, extensively patronized by all the mills in this vicinity.

Messrs. H. Crandall & Co., are erecting a fine Mill in Hull, adjoining Mr. E. B. Eddy's; it will be in operation this season, one story frame building, 40 x 60, with 2 wings 16 x 60 and 20 x 60 respectively, and will contain 3 gates and 2 slabber gates. The machinery to be put in, is of the most modern construction, and there is capacity to do a very large business. The firm will employ about 50 men, and will turn out about 10 millions. They will also cut laths and pickets.

Messrs, Perley & Pattee were established on Chaudiere Island, in 1859, but were unfortunately burnt out last season. The counting room and offices are on Head street, close to the Suspension Bridge. The new mills just completed, consist of one stone building, 2 stories high, 120 x 48, a wooden building, 82 x 111, with a wing 14 x 40, to which an additional frontage is being added of 20 feet, which has a single gate with 7 gangs of upright saws, containing 185 saws and 12 circulars with edges and butters. In the principal mill are 5 gates—about 25 millions feet of lumber is produced annually. About 400 hands find employment, and 180,000 standard logs will be taken out this season (1869-70). That which is converted in other mills into laths and pickets, is manufactured by this firm into stuff for doors and sashes.

Mr. Levi Young, Middle St., Victoria Island, commenced in 1854. He employs 90 men, turns out 16 millions feet of sawn lumber during the season, and took out this winter, 1869-70, about 100,000 logs. The mill is 60 by 40, has 3 gangs of 60 saws each, besides circulars, edgers, butters, &c. The counting room is east of the Victoria Foundry. It is a 2 story cut stone building, and is used as a dwelling house for the manager.

Messrs. Law & Johnston, Chaudiere Steam Mill—L.B.F., have a mill driven by steam, using a forty horse power engine, and employ about 18 men. They manufacture during the season, about 4 million feet of lumber, and run an improved shingle machine, and saw on an average 15,000 shingles per diem. They have this season made large additions to their mill.

Davidson & Daniel, sole Agents for Rev. E. Wilson's Consumption Remedy.

Messrs. GILMOUR & Co., have been established about thirty years on the Ottawa River and its tributaries. The mills are located on the Gatineau River, about eight miles from Ottawa, and about two hundred hands are employed; twenty-five million feet are turned out during the season. The lumber yard is about three miles from the mills, and a lumber slide is used for the conveyance of the lumber over the rapids to a navigable point on the Gatineau. A large proportion of the lumber manufactured here is shipped to Great Britain.

Messrs. Whitcomb & Stevens are building a very fine mill at Gatineau Point, Templeton, it will be fitted with the best machinery and they will manufacture dimension timber, white pine timber, shingles

laths, &c. The mill will be in operation this season.

Mr. J. R. Booth established his mills on the Chaudiere Island in 1857. One is built of stone, 3 stories high, 114 by 45 feet; one of wood 80 by 60 feet and a frame building, 120 by 70 feet; a building finished this season (1869) for the purpose of handling and culling lumber at night to protect the workmen from storms and rain, is of wood, 90 by 60 feet. There is also a three story stone building used as a warehouse, on Albert Island, 45 by 48 feet. The counting room is also in this building. Two hundred and fifty hands are employed, and about 25 millions of sawed lumber is produced during the season. In use, there are 270 upright saws, two card circulars, edgers and butters.

There is besides a lath and picket mill, turning out about 25,000 daily as well as large quantities of pickets, and additions are being made to

this.

Mr. Booth has recently purchased a large quantity of land at Hull, where he is building a fine dock, which is rendered necessary from the expansion of his business. In connection, there are Docks and Yards at

Rouse's Point, N.Y

Messrs. Bronsons & Weston, were the pioneers of the sawn lumber trade here, having purchased a large tract of land on Victoria Island, in 1852, which they laid out in lots and levelled. This firm employ over 200 men, and have a row of 2 story frame houses attached to their mills, where their hands are lodged. Took out, last season, about 150,000 pieces out of the woods; saw, on an average, about 25 million feet. The mill is about 100 feet square, and contains 7 gangs, comprising about 175 saws, besides edgers and butters, having a daily capacity of 150,000 feet. A lath and picket mill has been added, 40 by 60 feet, and from 50,000 to 60,000 lath, and about 15,000 pickets, are turned out daily. Lath are here sawed by gang machines, and every piece of slab or edging is made of use, and a source of profit to the Company.

Messrs. Wright & Batson, have been established a few years at Hull Landing, opposite the Parliament Buildings. The mill is 120 by 60, and this season an addition has been made of 120 by 22; and also a wing for an Engine and Piling, 110 by 24. There are 10 gangs of saws and turn out about 50 million feet per season. There is splendid wharf

accommoda engine hou power.

accommodation at the Landing, for piling and shipping lumber. The engine house is 40 by 60, containing a splendid engine of 150 horse power.

THE NEW EDINBURGH SAW MILLS were established originally by Hon. Thos. McKay, in 1846, have been carried on by Messrs. J. M. Currier & Co., since 1852, and are now worked by Messrs. J. Maclaren & Co. The power is supplied by the Rideau River, near its confluence with the Ottawa. The mill contains three gates, together with a large circular saw, having a capacity of sawing sixteen million feet of lumber during the season. 150 hands are kept employed in and about the mill.

Mr. E. B. Eddy, of Hull, has now in operation three saw mills, in which he keeps 160 men employed. A large match factory, built of stone, during the last season, in which 150 hands are employed, besides about half the families in Hull, who are kept at work making paper boxes for the matches. Mr. Eddy has also a very extensive factory for the manufacture of pails, tubs, wash-boards, clothes-pins, &c. In this department he employs about 65 hands. Through the enterprise displayed by Mr. Eddy, no less than from 900 to 1,000 men, women and girls, are kept employed, and thus earn the means of subsistence.

SOAP AND CANDLE MANUFACTURER.

JOHN BROWNE'S factory, a frame building, 40 by 80 feet, two stories high, established in 1861, is situated on York St., and a fair business is done.

STAVE MANUFACTURER.

Mr. J. BALLANTYNE of New Edinburgh, carries on quite a large business in this branch. His factory is at Merrickville, a frame building, 80 by 40, built in 1866, using a steam engine of 25 horse power, cuts 1100 cords stave bolts, barrels, headings, and also shingles. He also manufactures flour barrels in New Edinburgh, and employs about 20 hands.

TANNERIES.

THE OTTAWA TANNERY, established in 1856, by James Woodland, now carried on by Richard Woodland. The buildings are above 2½ stories high, 30 feet by 120 feet, and are situated on St. Paul Street, near Canal Basin. An addition has lately been made to the establishment of a frame building, two stories high, 60 feet long and twenty feet wide, in which there is a twenty-horse power steam engine, with boiler and leach room, containing two large leaches on the ground floor; the second story is occupied as a bark mill and heating room, Mr. Wood-

lendid wharf Russell House.

land employs about ten hands, and turns out about six thousand sides of finished leather per annum. He also deals in sole leathers, French calfs, hides, sheepskins, oils, roans and morocco leather.

ROCHESTER'S TANNERY was established in 1848, by John Rochester, jun., Esq., and is the largest in this section of the Province of Ontario. From 15 to 20 hands are employed, and leather to the value of about sixty thousand dollars per annum is turned out. The tannery is situated at the west end of the city, and is 62 by 32 feet.

Mr. W. G. Culbard, Rideau Street, opposite the general Hospital, carries on the business of dressing, preparing and dyeing sheep and lamb skins for parlour and other mats. His manufacture is justly and widely known, as he produces very fine and beautiful goods. He also dresses and dyes all descriptions of skins, furs, &c; several hands are employed.

Mr. J. McCullough, cor. Park and Gloucester streets, has been long established and makes about 2,400 sides of leather annually. The tannery is a frame building, two stories high, 20 by 60. Five hands are employed.

TEA BROKERS, &c.

Messrs. A. O. AUDY & Co., Elgin St., opposite the Post Office, have at all times on hand a very fine assortment of teas and coffees, in which articles they do a large trade.

TIN, COPPER AND SHEET-IRON WARE.

Messrs. Esmonde Bros. (established in 1864), now employ fourteen hands, manufacturing every description of tin, copper and sheet-iron ware. In connection with the large business carried on in the above line, the firm is doing a good business in plumbing and gas fitting. They import stoves very extensively. Hot-air furnaces of the best designs and the latest improvements are put up to order, any size desired.

"CAPITAL" STOVE DEPOT, 35 Sussex Street, Messrs. H. Meadows & Co., proprietors. This establishment has been in successful operation since 1864 and from its commencement has kept pace with the advancing growth of the city; the number of hands at present employed is 15, and at some seasons of the year, this number has to be increased. They are constantly engaged in the manufacture of tin, iron, and copper ware, and in roofing, fitting up eave troughs, hot-air furnaces, &c. In the construction of baths, water-coolers, water-filters, and refrigerators, they have introduced several new and valuable improvements. The firm is also largely engaged in the manufacture and sale of bird cages, of every conceivable variety of style. In coal oil and lamps they do a very large trade, not confined to the city but likewise to the country; but it is in the article of stoves that they excel, they manufacture nearly all the

stoves sold by themselves. Altogether this establishment is a credit to the city.

WOOD TURNING.

Mr. George Newell is engaged in this branch of industry, foot of Head Street, Chaudiere Island. He employs about six hands in general wood turning, and manufactures to the value of about five thousand dollars per annum. Messrs. Stockdale & Bro., and W. A. D. Smith, are also engaged in the same line.

WATCH MAKERS AND JEWELLERS.

Mr. H. PACE, the Black Watch, opposite Russell House, who has just commenced, will doubtless do a good trade, as he comes from a good stock, his father being one of the oldest and best London makers.

Mr. J. Leslie, Mr. J. Tracy, Messrs. Young & Radford are all well established and noted for good taste and excellent workmanship.

VILLAGE OF RICHMOND.

An incorporated village prettily situated on the Goodwood River, in the Township of Goulbourn, County of Carleton, in the midst of a fine wheat growing district. It is called after the Duke of Richmond, who died here from the effects of a bite received from an animal which he was endeavoring to tame. It is distant from Ottawa 20, from Perth 30, and from the Kemptville Station of the St Lawrence and Ottawa Railroad 17 miles. It contains 1,216 acres, of which 855 are cleared. The value of real and personal property is 343,203. Population 600. Mails daily.
