Further Gains By Allies Reported Today; The Enemy Being Hit Hard At All Points

Huns Pressed Back Farther In Artois Region Near Souches

FRENCH TAKE MORE GROUND IN CHAMPAGNE

London Correspondent Expresses Belief That Drive Will Continue Till Enemy is Cleared Out of France and Belgium and Across the Rhine

Paris, Sept. 28.—The new offensive movement of the allies has resulted in a further gain in the Artois region near Souches, the French War Office so announced today.

Additional progress is reported in Champagne. The German counter-attack in the Argonne is said to have been repulsed. The Germans left the ground before the trenches covered with dead.

The Germans are offering determined resistance in Champagne. The positions to which they have retreated are protected by a system of barbed wire entanglements.

REPORT FROM SIR JOHN FRENCH
Paris, Sept. 28.—Sir John French, British field marshal, reports: "To the northwest of Hulluch we have repulsed several counter-attacks and inflicted heavy losses on the enemy. To the east of Loos our offensive has made progress. Our captures now reach a total of fifty-three officers, 2,800 men, eighteen cannon and 32 rapid fire guns. The enemy furthermore abandoned a considerable amount of war material which has not as yet been listed."

A MEMORABLE DAY
London, Sept. 28.—This is the sixty-third birthday of Field Marshal Sir John French. The people are not expecting it to be signalized by any marked fresh advance so soon after the gain recently achieved, but the accomplishments have called forth particularly cordial congratulations for the British commander.

New York, Sept. 28.—The London correspondent of the New York Herald says: "Despite the efforts of the Germans to minimize the great Franco-British victory on the western front, it is in a position to say—though both the London and Paris press deprecate premature rejoicing—that the results achieved are far more potential even than the victory on the Marne. The latest figures report the capture of more than 23,000 men, and all the special despatches from the battle front agree that the German losses were terrific."

"No doubt, as the German communiques reports, there have been very heavy losses in the allied armies, but the result achieved, the establishment of the moral superiority of the Franco-British forces, and the capture of nearly all the points was worth the great sacrifice. More than a week ago, I called that the artillery action along the whole of the front was the prelude to a great movement which I believe has begun and which will continue, according to the judgment of the military experts here until the Germans are driven out of France and Belgium and over the Rhine."

ADVANCE GOES ON
"The French are still advancing in Champagne, while east of Loos the British are going forward. All German counter-attacks—and they have been of the fiercest character, owing to the stinging comments of the Kaiser on the incapacity of his generals—have been broken down, and to the feeling of jubilation which, despite official cautions, cannot be suppressed, favorable news continues to come from the eastern theatre of war, to the effect that the Germans are falling to pieces the farther east they go, and are meeting with disaster among the Russian masses, while General Ivanoff, by retaking Kovel and administering a smashing blow to the Austrians, has compelled them, according to the very latest information, to evacuate Brody."

General Cadorna and his Italian army, fighting amidst ice-cold mountain peaks, also were advancing slowly, but steadily."

BROTHERS FROM ST. JOHN MEET ON FIRING LINE
To meet his brother unexpectedly on the firing line was the experience of which Private Charles J. Damsery of this city tells in a letter to his sister, Mrs. T. Mallory, 56 Chapel street. His brother Fred, who went over with the first contingent, is located at a place only 75 feet from him. They are both well and want to be remembered to their friends.

At the time of writing Private Damsery said that they had spent four days in the trenches, had just completed a six days' rest and were to go back that night.

DUMBA GETS ORDERS
Washington, Sept. 28.—Dr. Constantin Theodor Dumba, Austrian ambassador telegraphed the state department today from the summer embassy at Lennox, Mass. that he had been ordered home by his government and asked that a safe conduct be arranged for him.

Light frosts were almost general this morning in Ontario. The weather is cool and showery in the western provinces.

Fair; Very Cool
Maritime—Decreasing northwesterly gales, mostly fair and cooler; Wednesday, northwest winds, fair and very cool.

New England forecasts—Fair tonight and on Wednesday; frost tonight, fresh northwest winds.

FEARFUL LOSS AMONG ENEMY AS THE FRENCH DRIVE 'EM BACK

Champagne Has Seen One of Bloodiest of Battles

Nothing to Equal It in French History

Whole Companies Drowned as Germans Try to Escape—British Fleet Carrying on Great Operations on Belgian Coast as Part of Plan

Paris, Sept. 28.—News from Champagne tells of fearful carnage among the retreating Germans. This is, in fact, one of the bloodiest of battles and which for the number of victims, surpasses any previous combat in French warfare. On a front of only sixteen miles 80,000 German infantry fell, which, in addition to more than 20,000 prisoners, makes the total German loss more than an army corps.

The suddenness and vigor of the attack are clearly illustrated by the number of guns taken. That the retreat was swift and bloody, especially near the Bessenoire, is shown by the frightful slaughter on a small stream the Dormoise river. The impetuous rush of the retreating Frenchmen, charging with the bayonet, drove the Germans from the crest of the hill and by the neck in a desperate death grip.

It is no exaggeration to say that in a few minutes the rushing stream accounted for several German companies, and at certain points it could be forded across on their bespeared bodies. This hurried retreat, however, was saved from becoming a regular rout by the German batteries, which opened fire from the other side of the river and stayed the onrushing Frenchmen by the important positions conquered, from which their guns could not only sweep the Exmoine valley, but could get the lateral railroad within range. So far as infantry action was concerned, the second day of Champagne towards Thure ended there, and the opposing armies retired to their bespeared bodies, and the British Fleet at work.

While the mighty struggle is proceeding on land, so far favorably to the allies, a tremendous flanking operation is being carried out by the British, which the communiques have as yet made no mention. This development will probably prove the decisive factor in the huge attack now in progress. It is a surprise for the Germans, and another triumph for the British fleet.

An operation analogous to the Dardanelles effort, is being carried out in the shell-sweet sands of what was once the most famous summer gambling resort in Belgium. This is a part of the huge effort the allies are making before winter sets in, to cripple Germany and Turkey on all fronts.

Admiral Jellicoe's fleet activities are by no means confined to the North Sea. Sections of his 8,000 ships with French units, are even now covering operations on the shores of the Aegean and Asia Minor. Everything points to the fact that the allies are delivering the blow for which they were preparing throughout the summer.

FIRST IMPRESSIONS OF A BATTLEFIELD
St. John Man Tells of His Baptism of Fire—Soldiers and Peasants Oblivious to the Constant Fire of Shells

A soldier's first impressions of a modern battle field are given in a letter from G. Wilmot Campbell to his mother, Mrs. Campbell, 90 Kennedy street. He says: "I have had my first baptism of fire and it was not so bad; I did not mind it at all. I don't mind bullets any more than you would flies. The shells keep whizzing over our heads, but as long as they don't burst too handy they are all right."

"Everything goes on in the trenches the same as they would out of them and nobody minds it any. You would not think there was anybody in the field; you would think you were the only person alive, until you commence to move around and see them coming out of the ground, and successfully rout out the ground. Mr. and Mrs. J. Stanton, their son Sydney and others were aboard."

HAD EXCITING TIME
The sail yacht "Robin Hood" reached Millidgeville last evening after having had a difficult time riding through the storm of Sunday and yesterday. She had dropped anchor in the shelter of Mac's Island in the Kennebecasis for safety and successfully rout out the ground. Mr. and Mrs. J. Stanton, their son Sydney and others were aboard."

DEATH OF A CHILD
Mr. and Mrs. Frederick Logan of 124 Chesley street, have the sympathy of their friends in the loss of their youngest child, Martha R., aged one year, whose death occurred yesterday.

May Be a Change

Bulgarian Mobilization Perhaps But Partial

GERMANY SEES DANGER
Bulgars Likely to Assemble Only Four Divisions to Watch Roumania, But Greece Will Not Alter Her Position

Paris, Sept. 28.—The Rome correspondent of the Petit Parisien says he has learned from a former Roumanian minister that the Bulgarian has agreed with Turkey that Bulgaria shall mobilize only four divisions to watch Roumania, if she does, it is said, to avoid action which might justify Greece in feeling she was called upon to intervene under the terms of her treaty of alliance with Serbia. Meanwhile, the Petit Parisien's correspondent asserts, Bulgaria proposed to have 25,000 Macedonian irregulars attack Serbia, but details of this plan became known in Nish and preparations made by Serbia for a possible attack.

London, Sept. 28.—The pacific assurances the Bulgarian minister at Athens have not had the effect of altering the determined position of Greece, which nothing short of Bulgarian mobilization can alter, says Reuter's correspondent at Athens.

"The statement that the allies in Champagne came at the right moment to dispel the last vestige of sympathy for the Central Powers, when men were being ground since the Bulgarian mobilization. The Greek mobilization has had a discouraging effect on the Germans here."

According to trustworthy news from Serbian sources, the Austro-German forces concentrated at the Serbian frontier, along the Pansova-Orova line, do not exceed 300,000 men. They are composed mainly of old men and youths, although they are provided with powerful artillery.

"The projected attack against Serbia is believed to have postponed."

Berlin, Sept. 28.—The Overseas News Agency says: "Reports from the Bulgarians say that the Greek minister to Serbia called on the Serbian prime minister and told him that Greece had decided to offer determined resistance to the passage of foreign troops through Greek territory."

"Budapest newspapers say that the Serbian minister at Sofia, Tcholak Anitch, told Premier Radoloff of Bulgaria that he would depart on leave of absence, owing to ill-health. The premier told the Serbian minister that leave of absence had been granted to Bulgarian consuls in Macedonia."

DELEGATE'S REPORT OF WORLD'S CONVENTION
Rev. W. H. Barracough was the chief speaker at the third quarterly rally of the Methodist Young People's Union, held last evening in the Methodist church. There was a good attendance. The Canticum church branch won the flag for the largest enrollment. There was a total attendance of more than 200 delegates and their friends.

Following the roll call of the unions, Rev. Mr. Barracough, who was a delegate to the world's convention of the Y. P. S. C. E. held in Chicago recently, gave, in an inspiring address, some of his recollections of the big gathering. He pointed out many practical ways in which the young people could help in church work and urged greater efforts on their part.

The executive are planning to take advantage of the enthusiasm aroused to secure more active work from the members of the young people's societies.

whole towns are knocked down, but the few people who are left here do not seem to mind it. I have seen old ladies sitting in houses that have been half knocked down by shells and are still in range of shell fire, liable to be hit any time. You would never know there was a war at all when you look around and see the little children playing almost in line of fire, but nobody seems to be the least excited."

HOLLAND GETS READY FOR EVENTUALITIES
Amsterdam, via London, Sept. 28.—According to the Handelsblad, the government contemplates increasing the army by incorporating, about the middle of December, recruits of the class of 1918. The calling up of the landsturm will be concluded on November 10. No other classes of the landsturm will be called.

GERMAN CROWN PRINCE'S ARMY WAS HIT HARD

IN THE FIGHT

His Right Shattered In Attacks of Friday and Saturday

MAKES A DESPERATE EFFORT TO RECOVER

Counter Attack Yesterday Said to Have Cost Him Heavily—German Divisions Break as They Charge—Assault Renewed Three Times in Vain

Paris, Sept. 28.—Intelligence from the Champagne front, beyond Chalons, which reached Paris today, shows that it was the right of the German Crown Prince's army, which was shattered in the attacks of Friday and Saturday. His centre made furious efforts to counter in the Argonne yesterday, with the result that all railway lines to the east and north, according to French information, were engaged last night in carrying away German wounded.

French officers reckon that the Crown Prince's army lost 100,000 men in this attack and the previous assaults during the summer. The plan of attack of this army has been the sending in masses of two divisions, or about 40,000 men, at a time, against French works. These engagements—each one equal in importance to some of the great battles of history—have been dismissed hitherto with brief references in the French official communiques, because the results were only negative. Germans captured recently testify that the resistance of the French has been as destructive as the offensive, and that their artillery fire of deadly effect a year ago has now attained such intensity as to work demoralization among their opponents.

In yesterday's attack the Germans sent two divisions against the French lines after a preparatory bombardment. The artillery fire did not demoralize the French line, which held everywhere. When the German infantry charged the two German divisions broke, leaving the ground dotted with their dead.

Three times the Germans renewed their assault, making the attacks with extreme courage. Each time they retired, leaving more dead. Many of their wounded are still lying between the lines. Although the attacks of the crown prince have been violent and well organized, French officers say the drive against Verdun is being transformed gradually into a defense of Metz, for the French are creeping slowly and steadily closer to the Lorraine stronghold.

SERBIANS DRIVE AUSTRIANS BACK
Nish, Sept. 28.—An official report issued at the War Office says: "Two attempts of the enemy to cross the River Drina on the night of the 26rd, under a heavy artillery fire, were repulsed, one in the direction of Ratca custom house and the other near Vlasograd Bosnia."

FIRST OF THE WOUNDED ARE BROUGHT HOME
Twelve Reach London From Latest Battle—Many Germans Willingly Became Captives

London, Sept. 28.—The first wounded from the latest battle on the western front reached London at midnight. They were twelve men. They were guarded carefully from a curious crowd at the railway station and were quickly placed in ambulances and removed to hospitals. "It really began on Friday with a heavy artillery action," the Daily Mail quotes one of the wounded officers as saying: "Saturday morning, under a hurricane of shrapnel, the infantry leaped out in short, sharp rushes. The German trenches were at a distance of 600 yards. There were some fine work with the bayonet, and hundreds of prisoners gave themselves up with apparent eagerness. Their willingness to be captured was the most surprising thing of the whole business. Many of them were old men, who seemed crushed and exhausted."

WILL REPORT TO THE BRITISH AMBASSADOR ON MEXICAN AFFAIRS
Vera Cruz, Sept. 28.—Thomas B. Hohler, British Chargé d'Affaires in Mexico City, called last night for Havana and will go to Washington to confer with Sir Cecil Spring-Rice, the British ambassador at Washington, and also will report to him on Mexican affairs.

Chicago, Sept. 28.—A squad of picked detectives was ready to guard members of the Anglo-French financial commission, when they arrive today from New York for a two day visit, as guests of Chicago bankers and business men.

Mad Rush At Enemy
Germans Overwhelmed as the French Charge
Soldier's Stirring Tale
Out of Trenches at Single Bound as "Forward" is Heard—German Artillery Supplied by Fierceness of the Attack

Paris, Sept. 28.—"Infantry attacks began at noon Saturday," said a soldier, wounded in the Champagne fighting, in describing the operations which resulted in an important gain for the French. "My regiment was acting as a support. For three days our artillery had been making an appalling din by day and night. Big guns hurled shells without respite. We, infantrymen, waiting for the end of it, began to get impatient. On Saturday we ate heartily at eleven o'clock and then looked over our arms. Finally at noon our chiefs shouted: 'Forward!' We began to yell like mad men possessed. With a single bound we were out of the trenches. It was pretty hot in front of us. "The boys who had gone ahead were doing good work and were already beyond the German trenches. We marched then in our turn, at the double. The trenches were filled up to the brim with German bodies. Further on, we saw enormous craters in which many German had been buried by falling earth. Here and there a host protruded and we dug at them, to see if any were living, but they were not. We did not stop long, but pushed on. "To our right we saw a strong enemy contingent sheltered in a pit with machine guns. They did not last long for we fell on them with the bayonet. It was a pretty stiff bit of fencing, seeing themselves done for, the survivors bent up their hands. Some, however, although prisoners, still fired at us. My left hand was pierced by a revolver bullet fired point blank by an artilleryman. My captain knocked him down and sat on his chest. "All the wounded who have arrived here were covered from head to foot with chalky mud. Most of them were wearing the new light steel helmets which they declared had saved thousands of lives. One who had no helmet and whose head was cut by a glancing machine gun bullet, said:—"In the thickest of the infantry attack, I arrived with my company at the German artillery positions. Gunners, mixed up with infantrymen, huddled around the pieces. All of them were surrounded. Our artillery had completed, stuffed them."

JOFFRE WOULD GROUND WELL
Paris, Sept. 28.—The people of Verdun show no signs of becoming unduly optimistic as fresh details reveal the full measure of success of the operations at Arna and in Champagne. The public realizes fully that it is only the beginning, but they believe it justifies great hopes for the future. Although the attempt of the German Crown Prince at a diversion in the Argonne failed, it is expected this was only the first of the efforts he will make to regain the ground lost. Military writers point out the strategic importance of the section of Champagne singled out by General Joffre for the smashing blow which was so tellingly delivered. The flat ground permitted the infantry to advance with such speed on both flanks that the German reserves were caught and smashed before they were able to join in the fight. It is asserted that French artillery now must command the railroad built by the Germans to supply their troops around Rheims.

REV. DR. W. E. MCINTYRE DEAD

One of Most Prominent Clergymen in Baptist Denomination in Maritime Provinces

Rev. Willard E. McIntyre, D. D., one of the best known and most highly respected residents in the city, passed away this morning at his home, 840 Main street. He had been ill for some time with internal trouble, but his death came as a shock to many friends, and expressions of regret were heard on all sides.

He was born in Waterborough, Queens County, on September 4, 1832, the son of Alexander and Julia McIntyre of that place. He was educated in the public schools, and then entered the Normal School, which at that time was situated in St. John. After teaching for a few years, he entered the University of New Brunswick and graduated there with the D. D. degree in 1860. He was awarded the Duffin silver medal for English literature. He also won the classical scholarship during his Junior year, and the English and mathematical scholarship during his senior year.

After graduating he went to the University of California, San Francisco, where he was one of the professors in mathematics. Later he became principal of San Lorenzo College, California. He was baptised in the Free Baptist church in San Francisco in the summer of 1861, by Rev. W. M. Knapp, and came to New Brunswick and entered the Baptist ministry in 1862. Two years later he was ordained in the second Springfield Baptist church.

His Pastorate. His first pastorate was in Springfield, where he remained until 1867. He then held a call from the Free Baptist church in Chipman. He remained there until 1893, when he was appointed superintendent of home missions for New Brunswick. He had been secretary of the Home Mission Board since 1894 until his appointment in 1907. He was appointed treasurer of the Home Mission Board in 1903. He was also a member of the senate of that institution for several years.

Dr. McIntyre was also one of the leaders in the Free Baptist and Calvinist Baptist churches in New Brunswick. He was also a member of the committee on the part of the Home Mission Board, which was engaged on a bibliography of the Baptist authors throughout the world, comprising more than 7,000 titles, and which has been published in fourteen volumes, of which three have already been printed.

THE LATE EVAN PRICE.

(Moncton Transcript.) A large number of personal friends all over eastern Canada will learn with regret of the death of Evan Price, superintendent of the North Shore district of the I. C. R., which took place on Monday morning, at his home in Campbellton. He was about sixty-two years of age, has been in the employ of the I. C. R. ever since he was a young man, and was one of the best known railroaders in the maritime provinces and Quebec.

Evan Price was a son of William Price, a well known contractor of Montreal, now many years deceased. He is survived by a widow and two children, Mrs. Alexander Hall, of Hamilton, Ont., and Dr. Joseph Price, M. D., of Campbellton. Two brothers also survive, William Price, of Montreal, and Fredrick Price, superintendent of car service for the Grand Trunk System, Montreal. The letter was in Campbellton at the time of his brother's death.

The deceased superintendent came to the I. C. R. as a young man, and was promoted successively as train despatcher, chief train despatcher, and district superintendent on the North Shore division. He worked as chief despatcher under the late general superintendent, James E. Price, when the latter was superintendent on the North Shore, and later succeeded Supt. Reynolds in charge of what has become one of the most extensive districts on the road.

Mr. Price has been connected with the I. C. R. for about thirty-eight years, more than ten of which have been as superintendent at Campbellton.

FUNERALS TODAY. The funeral of Mrs. Harriet M. Kerr took place this afternoon from her late residence, 254 Bridge street. Following burial services, interment took place in Fernhill.

The funeral of Margaret Burnett took place this afternoon from the Home for Incapables. Burial services were conducted by Rev. J. A. MacKegan, after which interment took place in Fernhill.

News of Russian Victory Most Important if Confirmed

London, Sept. 22.—Discussing the Russian military situation, the morning papers attach considerable importance to the report that the Russians have taken the important railway junction of Kovel. The Chronicle says editorially: "It is a most startling achievement if the news is confirmed." The Times declares: "The report is unconfirmed, but if it is correct, it is the most striking evidence yet of the Russian recovery in the south." Neither special dispatches nor official reports contain anything to support the idea of so rapid an advance.

GERMAN LAND BATTERIES AT RIGA SILENCED

Petrograd, Sept. 22.—An official statement issued by the ministry of marine under date of September 22 says: "During a bombardment of the enemy's land positions on the Gulf of Riga by our ships, an enemy projectile fell on one of our ships, killing Captain Viasevsky and six crew members. Our ships silenced enemy batteries. Our only other losses were five men killed and eight wounded."

THINKS THAT THE 64TH WILL WINTER HERE

Colonel Fowler of the 88th Battalion in City Today on Way to Sussex. On his return to his home in Sussex, after a visit to Ottawa, where he was in consultation with the militia department, Colonel George W. Fowler, M. P., of the 88th, Col. Fowler said that he expected to take up his official headquarters in Sussex very soon and would begin active recruiting immediately. As to what battalion would be stationed in St. John this winter the newly appointed C. O. was unable to say, but ventured an opinion that it would be the 64th. This, he said, was not official. He was in hopes of having the 88th kept in charge of recruiting in New Brunswick and P. E. Island, with headquarters in St. John.

London, Ont., Sept. 22.—Addressing a monster gathering at the Canadian Club at noon, Premier Borden spoke enthusiastically of what Canada has done and of her future in the empire. He was cheered repeatedly when he declared that the recent successes are but small to those that are coming.

He praised in highest terms the work done by the British and urged the people of the district to make ample provision for those who come home wounded. THE WHEAT MARKET. Chicago, Sept. 22.—Opening prices, which ranged from 1-5 off to 1 cent advance, with December at 93 1/2 cent, 94 1/4 and 95, and May at 97 7/8 to 97, were followed by a moderate upturn all around.

SALVATION ARMY CHANGES. Some changes among the officers of the Salvation Army, of interest in St. John, are announced. Major Taylor of the St. John division, is to go to western Canada; Major Barr, of the Halifax division, will come to the St. John division, and Major Coombs, chancellor, St. John, will go to Regina probably next month. The S. A. congress of the maritime provinces will open in Halifax tomorrow.

THE BEST QUALITY AT A REASONABLE PRICE Be Proud of Your Watch Other men are proud of their watches. If you doubt it, just try telling some friend that his watch isn't right. He won't take your word against his timepiece—nor the time of any clock short of a jeweler's chronometer. It's the accuracy of his watch a man prides on, its appearance. But you'll notice that the accurate watch is invariably in a handsome gold case. You'll always be proud of a Howard, Hamilton or Waltham. They're the best American Watches made—have been for generations. And the Decimals made especially for us, is a Swiss watch you'll be justified in bragging about. Come in and price watches. You'll find a watch you'll be proud of in any company at a price you can easily pay. L. L. Sharpe & Son, Jewelers and Opticians 23 KING STREET, ST. JOHN, N.B.

THE WAR NEWS

Today's cables are more emphatic than those of last night in dwelling upon the significance of the victories won by the Allies on the western front. The New York Herald's correspondent is perhaps more optimistic than the situation warrants, but he believes the advance made by the French and British which is still being pressed will be continued until the Germans are driven back across the Rhine. It is pointed out that the desperate counter-attacks made by the Germans have not been able to hold the Allies in check, and that General Joffre has chosen his ground well with a view to following up the advantage already gained.

HAZEN AND FUGLEY

The Standard this morning made a comparison of expenditures on harbor works at St. John in the period since the Conservatives came into power, with a similar period under the Liberal government, and arrives at the following conclusion: "During the time St. John has been represented in Ottawa by the Minister of Marine and Fisheries the expenditures by the government in this port and vicinity have been more than three and one-half times as great as in the last three and one-half years of Mr. Fugley's term of office as Minister of Public Works."

that the 6th, the Maritime Province regiment, was the only one that was not provided with horses. The discrimination would seem to call for some explanation.

If we may depend upon reports that come from the front the morale of the German soldiers is beginning to break down under the strain, while that of the Allies improves as time passes.

News of the death of Rev. Dr. W. E. McIntyre will bring sorrow to the whole Baptist denomination in New Brunswick, and to very many of other denominations who knew of his worth as a citizen and as a religious teacher.

It is announced that a battalion, presumably the 64th, will go into winter quarters at St. John. An Ottawa despatch to The Telegraph says that Colonel Fowler's battalion, the 88th, will be mobilized and spend the winter in Sussex. Halifax will be the headquarters of two battalions. It is also stated that a new battalion in addition to the 88th is to be recruited in that province, unless one is to be brought back from Valcartier. Two battalions could be quartered at St. John if necessary.

There is food for thought in the following question from a speech delivered by Lieutenant Colonel the Rev. Canon Almond in Montreal last Friday, on his return from the firing line: "I saw a man condemned to be shot because he got drunk on duty. He did not complain of the sentence. But he did complain that he, who had volunteered and done months of a soldier's work, should be shot for a lapse under great nervous strain, while thousands of his fellow countrymen could stay at home watching their times, get drunk or do as they pleased, with no sense of their national duties, and not get punished." If there is a sting in these sentences for some young men in the city of St. John their case must be indeed pitiable.

EMPEROR MAY SELL HAPSBURG'S HOODOO

Paris, Sept. 28.—A story that the Emperor of Austria is seeking to banish the Hapsburg hoodoo by selling the famous opal—the colossal stone in his collection—is being circulated in the American colony here. The prospective purchaser of the opal—the value of which is estimated at a quarter of a million dollars and which weighs seventeen ounces—is supposed to be one of the biggest jewelry firms in Holland. The head of the firm went to Vienna a few days ago ostensibly to complete negotiations for the purchase.

Dr. Jackson on What's What in Foods

Cereals should not be pulverized or crushed in grinding. If they are the particles stick so close together that the digestive fluids cannot permeate them and the mass digests only on the surface, working toward the centre. Before reaching centre of mass fat starches have fermented and changed into vegetable acids because of delay in digestive juices reaching them.

THE NEW YORK POLICE

The Standard might also tell its readers what the present government is doing for the port of Halifax. The harbor works which are being carried on in that city make the operations at St. John appear very small.

It is very satisfactory to learn that there is likely to be more winter-port business at St. John during the coming season than in the previous one.

MEN'S AND BOYS' FURNISHINGS DEPARTMENT

**CANNOT SHIP TO BELGIANS NOW; CASH DONATIONS ONLY**

The Belgian Relief Committee has issued a notice that they can accept no more contributions of goods, but that cash gifts still are needed as much as ever. The committee has not been accepting goods for several months, but it is only recently that they managed to forward the last dozen cases which had accumulated. There is now no means by which shipments can be made from Canada to Belgium and it was only by forwarding the goods to New York to go forward with a steamship which the American commission was sending off that the local committee managed to arrange transportation and they cannot depend on being able to do this again. The committee has been advised that the pressing need is not for gifts of food or clothing, but for money which the commission can expend to the best advantage in relieving the wants of the suffering people.

Companies at Fredericton, Woodstock and Sussex—Winter Quarters Arranged For Troops in Canada

Ottawa, Sept. 27.—Plans for the winter quarters of the 46,000 to 50,000 troops who will be in training in Canada this winter were approved by the militia council this afternoon. The work of fitting up the various buildings selected for the winter quarters, and by the middle of next month most of the men will be comfortably settled for the winter either in the various completed armories or in other large suitable buildings acquired by the department. Temporary cooking and sleeping accommodations will be established in each building, thus making outside billeting unnecessary, excepting in a few instances where some of the men may have to be lodged elsewhere.

In accordance with the recruiting plan for rural centres, announced by the minister of militia yesterday, local arrangements will be made for the temporary billeting at local centres of small units as recruited.

In Quebec province the centres will be Montreal, where the Northern Electric building will be used; Quebec and Lévis.

One Battalion in St. John.

In the maritime provinces, two battalions will be quartered at the I. C. R. pier, No. 2, Halifax; one battalion in the St. John drill hall; one heavy battery in the Charlottetown agricultural building; one company in Sussex; one company in Woodstock and two companies in Fredericton.

Western troops will be quartered at Winnipeg, Regina, Moose Jaw, Prince Albert, Fort Arthur, Fort William, Saskatoon, Brandon, Victoria, Vancouver, New Westminster, Nanaimo, Vernon, Kamloops, Edmonton, Calgary, Lethbridge, Medicine Hat and Red Deer.

20,000 Recruits in Five Weeks.

Figures of recruiting in five of the nine military districts in Canada show that no less than 18,000 recruits have enlisted in the five weeks ended with Sept. 11. This does not include the Toronto or London districts, which would bring the total up to over 20,000.

Some Changes in Canadian Commands.

Some interesting changes in the composition and commands of the Canadian army corps, which is now in France, are announced tonight in a cable from General Alderson, commanding the army corps, to General Sir Sam Hughes, minister of militia. Corps troops over and above the two regular divisions have been formed by authority of Sir John French. These include Col. C. A. Smart, cavalry brigadier, the 4th Montreal Highlanders, under Col. Cantlie; the 4th Edmonton Battalion, under Colonel Griebel; and the Royal Canadian Regiment, under Colonel Macdonell. The command of the force will be given to Brigadier-General Mercer, who formerly commanded with great credit the First Canadian brigade.

The place of General Mercer will be taken by Lieut.-Col. Garnett B. Hughes, formerly brigade major of the 10th Highland Battalion. Colonel Hughes, who won his D. S. O. after St. Julien, is a son of General Sir Sam Hughes.

The promotion of his son to be brigadier-general came as a surprise to Sir Sam Hughes, and General Alderson notes in his cable that the promotion was made solely because it was especially well merited and was not suggested in any way by the Canadian minister of militia.

A railroad company in Altoona, Pa., has issued an order that employees are not to discuss the war while at work, because such discussion might arouse dissension among the varied nationalities.

The committee of defence and resources are keeping open their office in Prince William street with good results. Many people call daily in reply to the letters that the committee have sent out and it is felt that the register that is being kept of offers and desires is meeting with success. Yesterday a girl in the city whose birthday falls on Sept. 30, having heard that the committee was spending a large sum on postage, offered to give up the present of a birthday ring to enable her to send the money to the committee to help defray the cost of postage.

The committee very properly ask all young men in the city who have not yet replied to their letter whether they are going to waste the two cents of that young lady's gift.

**NON RUSTABLE D & A CORSETS**

The War tax on corsets adds nothing to the retail price of a D & A or a La Diva Corset.

Because they are Made-in-Canada—But, about fifty cents, out of every dollar paid for imported corsets, now goes for customs duties and profits on them, which add nothing in corset value.

SAVED TWO FINGERS While at work in the St. Lawrence Sugar Refinery, J. V. Beaudry, of 389 Craig street E., Montreal, had his hand badly crushed by the falling of an iron beam. Two fingers particularly were so badly crushed that the doctors, who were called to attend him, said they would be amputated. Mr. Beaudry, however, had heard of the wonderful healing properties of Zambuk, and he refused to have the fingers taken off, instead he had the fingers and they were put on the way to recovery. He had the Zambuk dressing replaced, and by the time he had used a second tin of Zambuk the fingers were completely healed, he could use them as before the injury, and his hand, too, was quite restored.

Allies Retain Ground; Repulse Counter Attacks

Morning Reports Give Further Details of Brilliant Victory of British and French--Germans Less Aggressive in the East

Paris, Sept. 27.—While both in Champagne and Artois the French and British infantry, following up the brilliant successes of their great simultaneous onslaught of Saturday and Sunday, already are hurrying themselves at some points against the second German line of defence up to which the first rush carried them.

At other points they are being called upon to face desperate German counter-attacks bent on wiping out the successes already won. So far, judging from the official reports, these counter-attacks have proved unsuccessful, the Allies holding grimly to the hastily entrenched positions taken before the German second line in face of every gun the Germans could bring to bear upon them. At the same time a German counter offensive in the Argonne, a few miles east of the scene of the great French victory, has been stopped short. Meanwhile fuller and more accurate details of the results of the first two terrible days of the attack which broke through the German fortified lines are given in the official statements.

They alter the position of the lines gained in one or two minor particulars and add to the number of prisoners and booty taken.

Seventy cannon of all calibres, a vast number of machine guns and grenades, trench howitzers and other war material not yet counted, fell in the hands of the Allies, according to the French statement from Paris tonight. This is the number actually known to have been taken and the total may exceed this.

London, Sept. 27, 11.20 p. m.—A British official communication made public here tonight says:

"Northwest of Hulluch we have repulsed a number of counter attacks and inflicted heavy loss on the enemy. East of Loos our offensive is progressing. Our captures now amount to 53 officers and 2,800 men and 18 guns and 22 machine guns. The enemy abandoned a considerable quantity of material which has not yet been classified."

Paris, Sept. 27, 11.40 p. m.—The French official statement made public tonight says that the situation to the north of Arras remains unmodified, and that the fighting in the Champagne continues.

The statement adds that the Germans today began another offensive movement in the Argonne, but that it was completely checked and that the German losses were heavy.

"In Champagne the battle continues without cessation; our troops are at present on a front taken before the second position of the German defence, marked by Hill No. 185 to the west of Navarin Farm, the Souain Hillcock, the tree of Hill No. 193, and the village and Hillcock of Tahure."

"The number of cannon captured from the enemy has not yet been counted, but exceeds seventy field guns and heavy pieces, of which twenty-three were captured by the British army."

Petrograd, Sept. 27, via London.—The German aggressive on the eastern front has become noticeably weaker during the past few days. With the increasing extent of their penetration of Russian territory, the impetuous strides with which the Germans, for a time, made fast headway against the Russians, carrying everything before them, have been gradually shortening up. At the same time the Russian opposition, with the replenishment of the army's military supplies, is growing daily more stubborn, and resort is being had to brief attacks with apparently all the confidence and vigor that carried the Russian arms last winter to the crests of the Carpathians.

The efforts made to trap the Russian armies retreating from Vilna failed, as did the similar efforts made last summer after the taking of Warsaw, notwithstanding that the opportunity for success in the Vilna region appeared much more promising. The assaults upon Dvinsk have been checked by the brilliant defense of General Ruzsky, and the operations here have come to a temporary standstill due to the exhaustion of both combatants after days of battling.

New York, Sept. 27.—A special cable to the Tribune from London says:

"The German Crown Prince will soon be relieved of his command on the western front. If the change has not already been made, according to a German officer just brought prisoner to England."

"The Crown Prince, this officer said, repeatedly ordered attacks known to be foolhardy by other experienced officers but would not listen to advice. On two occasions prominent members of his staff pleaded with him not to sacrifice men, in view of certain repulse, but the Crown Prince paid no heed."

"It is not surprising," the officer said, "that the Crown Prince has broken down, as he was constantly on duty and refused to take proper rest. He was blindly obsessed with the desire to smash the enemy's lines, with the result that a serious nervous condition set in."

"The German officer prophesied that the Crown Prince's place would be taken by Von Mackensen, who would leave the eastern front so entrenched for the winter that the Russians would be unable to force their way through."

since so many men are absent at the front, but it is learned that these will be included in the census to be taken.

**CENSUS NEXT JUNE IN PRAIRIE PROVINCES**

Enumeration is Necessary as Basis of Regular Subsidies—Men at Front Will be Included

Ottawa, Sept. 28.—Preparations are under way for a census of the population and agriculture to be taken in the north-west provinces of Canada in next June. The census is a quinquennial one provided for by statute. As provincial subsidies are paid on a per capita basis, a revision of the population figures thus becomes necessary every five years, and agriculture is included, with a view to utilizing the necessary increased staff to as great an extent as possible. About 2,000 enumerators will have to be taken on for the census, which will probably cost about \$250,000, on the basis of the last one. The objection has been made that it will be difficult to get a correct estimate of western male population.

WAR CLOUDS AGAIN IN THE BALKANS

The black arrows show where the Germans and Austrians are bombarding the Serbian frontier. The shaded arrow indicates the probable direction of the proposed German drive. The Bulgarian frontier is only about thirty-five miles away.

**MAKES SITUATION ON THE MEXICAN BORDER A MORE CRITICAL ONE.**

Strong Force Fires on American Soldiers Pursuing Escaping Raiders

Brownsville, Tex., Sept. 26.—Another critical turn in the turbulent relations of Americans and Mexicans on the lower Texas border was evident today as a result of Friday's raid by Mexicans on the village of Progreso and the casualties sustained by an American army detachment, which finally routed the invaders. All of the Mexicans, probably eighty in number were said to have escaped into Mexico but strong army patrols occupied every foot of the Rio Grande bank to prevent repetition of the raid. In the interior peace officers and citizens renewed precautions to protect isolated settlements and ranches.

The escape of the Mexican raiders was regarded as one of the gravest features of Friday's battle. When the American soldiers pursued the marauders to the river bank it was reported by Major Edward Anderson of the 12th cavalry they were met by a brisk fire from the Mexican side where apparently several hundred Mexicans were concealed. It also was reported that some of the raiders wore khaki uniforms but whether they were connected with the Carranza garrisons which hold the various border towns opposite Progreso and Brownsville could not be learned.

Capt. A. V. P. Anderson of the 12th cavalry and Private Cecil W. Kennedy, who were wounded Friday, were reported Saturday to be in no danger. The body of Private Henry W. Stambler, who was killed by the Mexicans, is being held for relatives.

TO JAIL FOR LIFE

Greek in Lynn Had Killed Sister and Another Greek

Lawrence, Mass., Sept. 27.—Demetrius Pantosopolis, a Greek of 23 years, resident of Lynn, was sentenced to life imprisonment for murder. He pleaded

guilty to the crime in the second degree. Judge O'Connell asked his attorney if the defendant was aware of the fact that with the acceptance of the plea the sentence called for life imprisonment. The attorney said that the defendant was aware of the fact. Pantosopolis shot and killed Dionysius Hadjidakis in Lynn on July 10, and also killed his sister by stabbing her.

The count involving his sister was unfounded, and an autopsy on the body of the girl proved it.

**A Beauty Hint**

For coarse textured skins

If the delicate pores of your skin have become enlarged and coarsened, it is because of cleansing methods unsuited to your skin. You can restore them to their normal healthy condition and rebuild a smooth-textured skin by persistent use of the following Woodbury treatment.

Dip your washcloth in very warm water and hold it to your face. Now take the cake of Woodbury's Facial Soap, dip it in water and rub the cake itself over your skin. Leave the slight coating of soap on for a few minutes until the skin feels drawn and dry. Then dampen the skin and rub the soap in gently with an upward and outward motion. Rinse the face thoroughly, first in tepid water, then in cold. Finish by rubbing the face for a few moments with a piece of ice. Always dry carefully.

Use this treatment persistently for ten days and your skin will show a marked improvement—a promise of that greater smoothness and finer texture which the steady use of Woodbury's always brings.

A 25c cake of Woodbury's Facial Soap is sufficient for a month or six weeks of this treatment. Get a cake today. It is made in Canada and is for sale by Canadian druggists from coast to coast.

**RECRUITS WANTED—ARMY SERVICE CORPS**

Recruits wanted to join the Army Service Corps of St. John (Home Service). After a sufficient number have been enrolled, a course of instruction, lasting six weeks, will be opened at St. John. This will consist of night classes, so as not to interfere with the daily employment of the men.

Men who join this unit and attend this school will, in all probability, get a chance on overseas service at a later date, if desired.

Applications will be received by F. T. Barbour, of G. E. Barbour Co., Ltd., or the undersigned,

H. R. GUNTER, Lieut.  
Officer Commanding,  
No. 7 Co., C. A. S. C.,  
Fredericton.

**HALIFAX HARBOR WORKS**

Dr. J. D. Maher has returned after spending three weeks in Halifax, where he went to attend the exhibition. He brought back with him a splendid photograph of the immense harbor works being constructed there, and it may be seen in the window of A. E. Henderson at the foot of King street. St. John people will be greatly interested in this picture.

**PROBATE COURT**

At the request of Miss Ida M. Piercy, administration of the estate of Matilda Armstrong, late of this city, widow, has been granted to her son, James R. Armstrong, and her son-in-law, Ira D. Thompson. The probate value is \$250. G. E. Keefe is executor.

The accounts of the trustees of the will of the late W. K. Crawford have been passed and allowed and distribution ordered. The executor is Kenneth A. Wilson.

**BURIED TODAY**

The funeral of Miss Ida M. Piercy took place from her parents' residence, 22 Dorchester street, this afternoon at half-past two o'clock. The services were conducted by Rev. W. H. Barreletough and Rev. T. J. Deinstadt. A selected choir sang the hymns. Interment was in Fernhill. The floral tributes were many and beautiful, and included—A wreath from No. 10 Engine Co., and the engineers of the fire department; sheaf, Inspector J. E. Wilson; wreath, S. J. Holt; wreath, Mrs. and Mrs. Belding; basket of flowers, Miss Catherine Sheppard; bouquets from Grandmothers of the Empire; pillow, Mr. and Mrs. James Sterling; and very beautiful sheaves of flowers from Mrs. Whitehouse, Mr. and Mrs. H. Alward, Edna Marshall and Jack O'Neill, Mr. and Mrs. R. H. Cother, and pillow from Mr. and Mrs. James Mills.

**MANY GARMENTS WERE MADE FOR SOLDIERS BY ST. MONICA'S MEMBERS**

**Annual Meeting Yesterday Held Good Reports; Officers Elected—Mrs. James Dever Again President**

At the annual meeting of St. Monica's Catholic Ladies Benevolent Society yesterday afternoon in the rooms of the Knights of Columbus, Coburg street, encouraging reports showing the work done for the last year were presented with indications of a satisfactory season to come, with much of value to be attended to by the members. Officers were elected as follows:—President, Mrs. James Dever; first vice-president, Mrs. D. F. Chisholm; second vice-president, Mrs. J. H. Deedy; secretary, Miss Amelia J. Haley; treasurer, Miss Marion Hogan; executive board, Mrs. Joseph Ritchie, Mrs. Richard O'Brien, Miss A. O'Neill, Mrs. F. H. Foster, Mrs. M. E. Agar and Mrs. M. Bohan.

The report of Miss Haley as secretary showed that the members of St. Monica's had been busy during the year, since the outbreak was particularly engaged in the interests of the soldiers. The report covered the workings of the society since November, 1913, and was in brief as follows:

November, 1913—\$10 awarded to Girls Guild for doll booth at Cathedral high tea.

December—Fifty comfort bags made and sent to Seaside's Mission; bridge held in Keith's, netting \$290.

January, 1914—\$10 awarded to milk and egg Seaside's Mission; Association.

February—\$10 given to Home for incurables for linen.

During February, March and April, interesting lectures were given by members during the sewing meetings of the society.

April—\$50 awarded for a course in business college to young woman anxious to secure office position.

September—Tea held at Women's Council booth, exhibition building, netting our society \$80; \$25 awarded for Red Cross fund.

October—Tea held at residence of Mrs. R. O'Brien, netting \$64; 112 floral hospital articles, made and sent to Red Cross Society.

November—Sent to Queen Mary's Guild, twenty-five hospital shirts, twenty woolen mufflers, four pairs wristlets.

December—230 chamolis cases made, containing rosaries, scapulars, medals, distributed to Catholic soldiers in 26th Battalion.

January, 1915—Made for the Red Cross Society, twenty-five abdominal belts, twelve shirts, thirty-six bags; \$10 given to Christmas tree fund for Girls' Guild.

February—Bridge held in Knights of Columbus rooms, netting \$240.

April—\$50 donated for bed in Duchess of Connaught's hospital at Cliveden.

June, July and August—\$80 given for treatment and aid of tuberculosis patient; \$20 given to the Serbian fund, collected by Knights of Columbus.

The work of the charities committee showed that fifty families had been given assistance with groceries or clothing; thirty-six bounteous baskets had been distributed Christmas, 1913 and 1914; thirty-six pairs of boots were given, six pairs of rubbers and seventy-five orders of groceries.

The sewing committee reported twenty-four webs of flannel, sixty yards each, used in making various articles, with forty-three yards dress goods and 488 garments made up and distributed.

The immigration committee reported having had representatives at all steamers coming to port in the winter season, and that in many cases valuable assistance was rendered.

The membership roll of the society was reported at 167.

**CUMBERLAND HAS SENT THOUSAND**

**Fine Recruiting Record of That Part of Nova Scotia—Maritime Province War Notes**

The Amherst News says—Cumberland has recruited 1,000 men to the colors. So say the reports of Recruiting Officer Major W. A. Fillmore, and the final man of the thousand was enrolled on Saturday. When the fact is taken that the sons of Cumberland have enlisted throughout the world and particularly in western Canada, it can be understood that the twenty per cent bounty has been secured for the county battalion.

While Cape Breton possesses 2,500 volunteers our county has drawn upon before this mark could be reached. County for county Cumberland leads the maritime provinces.

The good work will be kept up until the red blooded sons of a warring mother have achieved victory upon a foreign soil, and the would-be oppressor of humanity and freedom has had his hosts rolled back in their millions, and scattered to the four winds.

**Bank Clerks Enlist**

The Moncton branch of the Canadian Bank of Commerce has been pretty thoroughly cleaned out by the recent recruiting boom in Moncton.

Accountant Fred C. Murray, a brother of Ivor H. Murray, of Shediac, who was killed while fighting in the ranks of the 4th Battalion during the battle of Ypres, has been accepted for service with the 4th Battalion, now mobilizing at Sussex.

Frederick Laurier Emerson, clerk, a son of the late Judge F. W. Emerson and a brother of Gordon Emerson of the 80th Victoria Battalion, who was wounded in France some months ago, has also joined the 64th.

A third member of the staff, L. A. Sands, has successfully passed the Royal Navy examinations and will be given the first available vacancy in the aviation school at Bermuda.

The only officials now left in the bank are the manager, Mr. Lugedin and one clerk.

The Canadian Bank of Commerce has a notable record, over five hundred of its employees having gone on active service in the army and navy since the outbreak of the war.

**Rotary War**

Among the men offering at the Parade recruiting station in Halifax Saturday morning was Cecil F. West of Kothary, N.B.

**Thinks We Fight Redskins**

Private Frank Elliott of Amherst who is with the 6th Mounted Rifles writes that when returning by train after a visit to London an Englishman asked him if the Canadians were not continually accustomed to fighting with Indians and when Private Elliott endeavored to explain that the Indians were a very different class of men he said that he thought it was the experience gained in Indian fighting that made the Canadians such good fighters in Flanders.

**Presentations to Volunteers**

Albert McEivney, of the staff of R. Chestnut & Sons, Fredericton, on the eve of his departure for Sussex to join the 64th, received a military wrist watch from R. Chestnut & Sons and his fellow employees.

William E. Parsons, of the Fredericton Brass Band, received a wrist watch from his fellow musicians. He left for Sussex to join the 64th.

**Have Joined 64th**

Private A. Rockwell, of St. Mary's, who went to Halifax to join the composite battalion, is among sixteen transferred to the 64th at Sussex. Private George C. Machan, also of St. Mary's, is another former member of the composite battalion now with the 64th.

**Indian Soldier Arrested**

An Indian soldier of the 85th Battalion was arrested on Saturday night and yesterday paid a fine of \$5 in the Fredericton police court.

**JUNIOR BRANCH OF THE LANCASTER RED CROSS**

**Organization Elected Last Night at Meeting in Mrs. J. V. Anglin's Home**

A new branch of the Red Cross Society came into being last evening when the Junior Branch of the Lancaster Red Cross Society was organized with a charter membership of sixteen.

The young ladies who have undertaken this work are residents of Fairville, Lancaster and West St. John and will operate under the supervision of the parent society. For the first they will make comfort bags and small articles for hospital supplies, and their activities will increase as the membership grows.

The organization meeting was held at the home of Mrs. J. V. Anglin and the next meetings will be held in the Provincial Hospital until a regular place of meeting for the gatherings, which will be held each Monday evening, has been arranged.

Officers were elected as follows:—President, Miss Marian Cowan; first vice-president, Miss Louise Driscoll; second vice-president, Miss Spears; secretary, Miss Gladys Shaw; treasurer, Miss Cora Bullock, and corresponding secretary, Miss Agnes Donovan.

Miss Vivien Freese and Miss Val. Fenton have charge of the knitting, Misses Keith and Purvis of the sewing, and Misses McNeil and Fox of the pin committee.

**SUDDEN DEATH OF HENRY ALSTON IN LORNEVILLE**

Henry Alston, a well known resident of Lorneville, was found dead in bed yesterday morning. He had been in poor health for some time, but his sudden death came as a shock to many friends. His granddaughter went to the room to see if he desired anything and was shocked to find that he had passed away. He was in the seventy-sixth year of his age, and was a native of Lorneville. He was a fisherman, but during the last few years had been unable to work, owing to poor health. Besides his wife he is survived by two daughters, Mrs. Thomas Cunningham of Lorneville, and Mrs. A. Stanley of Boston, also one brother, James Alston, of West St. John. His funeral will take place on Wednesday afternoon from his late residence in Lorneville.

**NO SETTLEMENT YET IN RAILWAY DISPUTE**

The hearing of the case of the St. John Railway Company vs. the City of St. John is again in progress this afternoon, the argument being continued on the application of the company for a new mandatory injunction to force the city to remove the concrete from their right of way in Main street.

When asked this morning if there was any possibility of a settlement out of court, Commissioner Potts said: "Not that I know of. As far as I know the only way to secure the city's rights is to have the matter settled by the courts so that there can be no dispute in the future."

**To Men! To Young Men! To All Men!**

The days are upon us when the man who wants to keep in the front rank of progress will find his old summer suit a handicap.

Only a very, very confident sort of man, or a man so wealthy or so brilliant that he doesn't need to care (and these are few), or perhaps only a very indifferent sort of man will keep on wearing it.

Then, again, a fall overcoat is a matter of precaution rather than of appearance.

We are not saying this solely because we are ready with such a wonderful stock of new Fall Suits and Overcoats. We say it because 999 out of every 1,000 men know it to be a condition from which there is no getting away, for which they and we must provide.

We have made provision.
