Belgians and Indians Hold Huns in Stiff Hand to Hand Fight

Germans Launching Heavy Attacks in Western Theatre But Gain Nothing—French Hurl Forces at Them in Blinding Snow Storm

Paris, March 9.—Night attacks in a blinding snowstorm, were delivered by French near Perthes in the Champagne district in an effort to roll back the Germans defending a railway line. The French were successful in taking a line of trenches, but German reserves rallied to the support of the advanced troops and the French were not able to advance beyond the German trenches which they had occupied.

Near St. Mihiel, in the Meuse Valley, the Germans lost some of their trenches through a surprise attack by the French. Some guns, small arms, ammunition, provisions and blankets were taken by the French.

In West Flanders the Germans delivered an attack in force against the Belgians and Indian troops holding a line of trenches among the dunes. The attack was launched on Sunday night, and the fighting lasted from nine o'clock till dawn. It was a picturesque battle upon the north coast with the roar of battle mingling with the reverberations of the sea. A land-to-land struggle went on fiercely beneath the fitful flare of burning gun-powder and the wavering rays of searchlights.

Several persons are reported to have been killed in the aerial raid over Ostend.

FAIL IN ATTACK ON ALLIES
New York, March 9.—A Rotterdam special to the London Daily Express and the New York Herald says:

The Germans made a heavy attack on the allies in the dunes on Sunday night. They began by a bombardment of the trenches at half past eight o'clock and followed this up by three infantry assaults. The fighting continued yesterday morning, but there was no indication that the Germans had gained the slightest headway as they repeatedly failed to recover trenches they had lost.

The Failure of German "Blockade" Shown Up By The Admiralty

London, March 9.—Fifteen British steamers sunk out of a total of 8,734 vessels of more than 300 tons, which arrived at British ports or departed from them, from January 21 to March 3, was the record achievement of German submarines, according to figures issued by the admiralty.

Vessels of all nationalities are taken into account excluding, however, those used by the admiralty for naval and military purposes. Twenty-nine members of the crews of the steamers torpedoed lost their lives.

The total number of vessels which arrived at British ports during this period was 4,619, while the number which departed was 4,115.

Twenty-five ships, the admiralty statement says, were unsuccessfully attacked between February 1 and March 5.

Paris, March 8.—The Journal today says that it understands the American reply to the French and British notes of March 1, concerning the blockade of Germany, has been received in Paris and London. Its contents are very much as already announced. It asks the French and British governments for detailed information as to their purposes and particularly what measures they propose to adopt to carry them out.

GREAT NUMBERS OF GERMAN WOUNDED
Paris, March 9.—Evidence given by prisoners is cited in a semi-official note issued by the War Office to prove that German losses in dead and wounded have been very heavy. It is said that one active regiment 6,000 men, lost 700 in an attack on February 16, while a regiment of chauffeurs had all its officers killed or wounded on January 8. The stretcher bearers of a field ambulance have said that every night for three weeks they brought in from 400 to 600 seriously wounded Germans.

Roumania Prepares
Bucharest, Roumania, March 9.—The Roumanian senate has adopted a bill empowering the government to proclaim martial law throughout the country, whenever it deems such a measure to be necessary.

An Illustrous Reservist
Montreal, March 9.—Among a batch of French reservists who left Montreal for New York was Emile Murat, great grandson of Napoleon, brother-in-law of Napoleon and King of Naples. Mr. Murat has been living at New, Alta.

RUSSIAN NAVY HAS STRUCK SEVERE BLOW AT TURKISH FLEET
Petrograd, March 9.—The Russian bombardment of Zungulidisk on the south shore of the Black Sea and the destruction of the docks there, as announced by the Russian naval authorities yesterday, constitute a serious blow to the Turkish fleet, since it is from this point that the Turks hitherto have drawn their chief supply of coal for the navy. Benderegi, forty miles to the west, which is another coaling port, also was damaged.

MORE MIGHTY BATTLESHIPS FROM BRITISH NAVY REACH DARDANELLES AND JOIN IN FIGHT

Irresistible and Majestic Now Help In Cannonading Turkish Forts

Not True That Sixteen Miles of Famous Waterway Have Been Gained—East Indies Fleet Waits Orders to Re-open Bombardment of Smyrna—Fine Example of the Work-together Spirit of The Allies

London, March 9.—Reinforcements have arrived in Turkish waters for the mighty Anglo-French fleet under Vice-Admiral Carden, which is trying to smash its way through the Dardanelles, according to information received here today from Athens. The dreadnoughts Irresistible and Majestic, two of the most powerful warships in the English navy, have joined the international fleet and they are now taking part in the terrific cannonade against the Turkish forts on the Dardanelles and the coast of Asia Minor. The Irresistible is an 18,000-ton ship mounting 12 inch guns and the Majestic, which is a 14,400-ton man-of-war, also mounts guns of 12 inch calibre.

Although official information states that the strong Dardanelles forts of Rumili Medjidieh Tabia, Hamidieh I and the Mount Dardanelles battery have been silenced, it also indicated that the fleet has not been able to penetrate the waterway for sixteen miles, as had been unofficially reported from Athens and Saloniki.

ALL STRUCK BUT NOT SERIOUSLY DAMAGED.
Although Vice Admiral Carden reports that practically all the ships which have been actively engaged in the operations have been struck by Turkish projectiles, the news that none of the warships had been seriously damaged was received with great joy both in and out of official circles. The slight damage to the ships and the lightness of the casualties form a remarkable feature of this mighty action, in which the cream of the British navy is engaged.

According to an unofficial telegram from Athens the double bombardment of the Turkish inner forts on the narrow of the Dardanelles has been resumed with renewed vigor, while the Zeppelin fleet under Sir Richard Pierce is standing off Smyrna ready to reopen the bombardment of that city.

Although struck by Turkish shells, the British superdreadnought Queen Elizabeth has not been damaged badly enough to cause a cessation of her fire. Some of her crew were wounded but none were killed.

THE UNITY OF THE ALLIES.
A despatch to the Morning Post from Petrograd says: "In order to emphasize the solidarity of the allied powers a striking departure from naval custom marked the entrance of the allied fleet into the Dardanelles. The Russian cruiser Askold was invited to take the Russian flag into the strait ahead of the other flags. The ordinary procedure would have been for the British flag to lead because the British force is the strongest and because the whole fleet is commanded by an Englishman."

INVESTIGATING FIRE ON LA TOURNAINE
Passengers All Safely Landed at Havre Yesterday

Havre, March 9.—A rigid inquiry has been begun into all phases of the fire at sea aboard the French liner La Tournaise, which docked here yesterday afternoon, and landed safely all her passengers.

The fire, which was confined to one of the holds, was extinguished at midnight on Sunday.

"Believing that a large part of the cargo might take fire, and finding we were not able to deal with it easily," said Captain Cassoux, "I decided to send out a call for aid. Meanwhile through holes made in the partitions we obtained a view of the fire, which then was attacked with jets of water and steam. On Sunday morning we had mastered the blaze and the danger was past."

The ship shows no external sign of the fire. It was admitted that military supplies were included in the cargo which was threatened.

BURIED TODAY
The funeral of Mrs. Catherine McDonald took place this afternoon from the Home for Incurables. Rev. Gordon Dickie officiated at burial service and interment took place in Fernhill.

Six aeroplanes of the Naval Wing of the Allies yesterday dropped bombs on Ostend on the submarine repair base.

MANY GATHER AT FUNERAL OF REV. CANON HANINGTON
The respect in which he was held not only by the members of his congregation, but by a large circle of friends besides was shown this afternoon when the funeral of Rev. Canon C. P. Hanington was conducted at Norton, with burial in the Church of England cemetery there. The funeral was attended by many friends. The body was taken to the Church of the Ascension where His Lordship Bishop Richardson officiated at the services, assisted by clergymen from various parts of the diocese. The pall bearers were church wardens and vestrymen. The funeral cortege was lengthy and representative.

"Now the Laborer's Task is O'er," "Blessed are the Dead," and "On the Resurrection Morn" were the hymns left by the choir, and as the body was taken from the church on its way to its last resting place the Nunc Dimittis was chanted. Besides His Lordship were present Canon Neales of Sussex, Rev. J. W. Daniel, Rev. W. R. Hibbard, of Rothbury; Rev. J. W. Wilkinson, of Springfield; Rev. Frank Gaskill, Rev. Hamilton Brown, of Upham; Rev. A. H. Crowfoot, of Norton; Rev. F. J. Lathby, of St. Martin; Rev. Chas. Warford, of Johnstone; Ven. Archdeacon Raymond, Rev. H. A. Cody and Rev. G. P. Scovill, of St. John.

The members of the 8th C. M. R. this afternoon will march to the vicinity of Rockwood and undergo training in advance guard manoeuvres. This morning a programme of troop drill was carried out near the armory. The Army Service Corps drilled near their quarters today in West St. John. This unit is now undergoing musketry instruction, and the members are grasping the lessons quite readily.

The 55th.
The feeling seems to be growing that St. John will be the point of central mobilization for the 55th Battalion. Several more recruits were signed this morning, for this battalion as well as for the 28th Battery, 7th Artillery Brigade. Among the officers appointed to this unit is Lieut. R. G. Muirhead of the 3rd Regiment, C. A.

The Halifax Garrison.
Lieut.-Col. Armstrong is today taking names of men wishing to serve in garrison duty at Halifax. This will afford an opportunity for many who, because of domestic or other reasons, are unable to go on foreign service, at their volunteering is considered a worthy act, in that they are serving their country as well as their fellow-citizens. Colonel Armstrong will be pleased to sign on any men desiring to serve in this capacity. There is as yet no word as to the appointment of officers.

Mobilize in Fredericton.
A Halifax despatch to The Times says—It is officially announced here that the 28th Battery, 7th Brigade, Cana-

United States Sends Warships to Mexico To Warn Carranza

Decided Change in Relation to Affairs in The Troubled Republic—He Must Treat Foreigners Differently

Washington, March 9.—American warships were being despatched to Mexican waters today as the latest move on the part of the American government in the Mexican crisis. This action, officials hoped, would bring assurance from General Carranza that conditions in Mexico City, which have become acute, would be ameliorated.

After a conference early today with President Wilson, Secretary Daniels ordered two battleships of the Atlantic fleet from Guantanamo to Vera Cruz.

The sending of war vessels followed vigorous representations to General Carranza recommending prompt improvement in conditions as affecting foreigners and their interests in Mexican territory under his control. Failure to comply, he was warned, would be followed by such action as the American government thought necessary to obtain the desired protection. It was confidently expected today that the latest steps taken by the American government would cause a change in the attitude of General Carranza towards foreigners.

Another Takes Up Task in Greece; Bulgarian Situation a Parallel

Athens, March 9.—M. Gounaris, deputy for Patras, has consented at the request of King Constantine, to undertake the task of forming a new cabinet. It is reported that M. Ekdadjis, who was foreign minister in the Tsoukalis cabinet, has consented to take that portfolio.

M. Gounaris will submit his list of ministers to the king tomorrow. It is understood to contain an agreement that the chamber shall be dissolved if the supporters of the ministry are in the minority, which is considered highly probable. The new premier is expected to favor the continued neutrality of Greece.

ALSO IN BULGARIA
Paris, March 9.—A crisis similar to that in Greece has occurred in Bulgaria, according to information reaching Paris in special despatches. Premier Radoslaoff is reported to have been overthrown by the influence of King Ferdinand and the followers of Dr. Chenevich, former foreign minister, because he desired to take immediate action against Turkey by occupying Adrianople.

RUINED BY WAR; LEAPS TO DEATH

Los Angeles Man Plunges From Hotel Roof—Leaves Wife \$10,000 Insurance

Los Angeles, Cal., March 9.—Letters left by John H. Reid, former manager of a British oil company, who jumped 150 feet to his death yesterday from a hotel roof show that he chose that means to assure his wife a competence through a \$10,000 life insurance policy.

For the second time war had wrecked Reid financially. First the Mexican strife and then the European conflict swept away his investments. Before taking the leap he selected a coffin and a burial plot.

YOUNG SOLDIER IS CHARGED WITH KILLING COMRADE IN ONTARIO

St. Catharines, Ont., March 9.—The grand jury today is considering the case of Frank Hartley, a young soldier charged with the killing of Theodore Burgoyne, his comrade, on the canal guard post of a prominent family in this city. Witnesses will testify that Hartley last summer, after being reprimanded for being late remarked to Burgoyne while several of the soldiers were talking together: "I've a notion to shoot you," and without any further parley, raised his rifle and shot Burgoyne dead. Hartley says he is an Englishman, but further than that he refuses to give any particulars as to himself and some think he belongs to a prominent family.

QUEBEC SENTRY ACCIDENTLY PUTS BULLET INTO HIMSELF

Quebec, March 9.—Private Willis, of the 8th Royal Rifles, was accidentally shot in the arm last night, while doing post duty near the Ross rifle factory on the Plains of Abraham. His own rifle did it.

Canadian Flour to Greece
Winnipeg, March 9.—It is said that a big flour mill has closed an order from the government of Greece for 40,000 barrels of flour.

dian Field Artillery, will be finally mobilized at Fredericton. The provisional officers appointed for this battery are: Major R. Crocker, Millerton, N. B., attached to 12th Battery, C. F. A.; Lieut. T. T. MacDonald, Bailey's Brook, N. S., 18th Battery, C. F. A.; headquarters Antigonish, N. S.; Lieutenants—R. G. Muirhead, 3rd Regiment, C. F. A., St. John; L. M. Richardson, 28th Battery, Halifax Naval College, headquarters, Pictou; supernumerary Lieut. R. P. Harding, 29th Battery, C. F. A., of Yarmouth.

The "Sublime Porte," or high gate of the Turkish governmental palace in Constantinople, from which has originated the term "Sublime Porte" meaning the Turkish government. Formerly the highest office of the government sat within the gate and public dispensation of justice. The term for the Grand Vizier became "sublime porte" and later the expression became synonymous with the whole of the sultan's cabinet, or Turkish government.

AMUSEMENTS

EIGHTH WEEK OF THE YOUNG-ADAMS CO. AUSPICIOUSLY BEGUN

Her Great Temptation Well Presented and Elegantly Costumed—Vaudeville Snappy and Attractive

The opening of the eighth week of the Young-Adams Company at the Opera House last night was marked with a comedy drama "Her Great Temptation" which was well received by a large audience. Applause was frequent throughout, the climax of the third act being particularly effective, and four curtain calls being given. The piece was nicely staged, the settings being most attractive, and it was also elegantly costumed, the gowns worn by Miss Adams being especially handsome. The story won its way to the hearts of the audience and proved of distinctive appealing powers, as presented by this company, each of whom showed to advantage in the role assigned to him or her.

Miss Adams, of course, carried the burden of the piece in the leading role as Queen Montrose and Miss Hense, Mr. Young sharing honors as Lord Walter Huntington, while others of the company aided in the successful performance of the piece included Mr. Hatfield, Mr. Rowland, and Miss Stevenson. The cast was as follows:

Mrs. Montrose... Clara Rose Hubner
Florence Fletcher... Marie Le Clair
Frank Horton... William Loker
Queen Montrose... Miss Hense
Marjie Adams
Earl of Chandos... Harry W. Lyon
John Henry Wilkins... F. J. Gregory
Alice St. Clair... Hazel Stevenson
Clarence St. Clair... Ben Hatfield
Little Eddie... James H. Rowland
Lord Walter Huntington... Margarette Lord Walter Huntington

H. Wilnot Young's bright, snappy vaudeville acts were given, including changes of bill by Hervey, who contributed some features in mid-rehearsal which showed him to be of outstanding cleverness in this respect, and also by Tenney and Allan, juggling the stage and team. Both acts won hearty applause. "Her Great Temptation" will continue until Thursday when "The Gold King" will be the bill.

PRIME VAUDEVILLE ACT AT IMPERIAL FINE PICTURE SHOW

English "Chappie" Act a Great Laugh Producer—Strong Attractions on Certain

Another distinct novelty was introduced at Imperial Theatre yesterday in the English chappie act, Fred Hall "Annoyed" by Helen Stuart. Mr. Hall, who is an old London performer, very cleverly characterized Lord "Algy," the English duke, who could seem to fathom the slang conversation of the political agitator and his dialogue is therefore of the side-splitting variety. This act is interspersed with song and a dash of dancing and is entertaining as well as unique.

The remainder of the Imperial's bill is composed of a two-part Edison secret service drama in which Marc MacDermott, the eminent star, plays the star role with a great deal of dramatic power. The Heart-Selg Weekly is brimful of news photos and the comedies—a Florida Finch Vitagraph and a "Sweeney" Ebsay—elicit plenty of merriment.

On Wednesday another world-known star, Bruce McEae, will be introduced to the playgoers of St. John in the political romance, The Ring and the Man, a powerful production from the pen of Cyrus Townsend Brady. This will be Mr. McEae's first appearance on the screen. His commanding personality and splendid poise fit him peculiarly for the role of Gormly, the man whose bravery and self-possession in the face of crucial circumstances enable him to successfully oppose the corrupt forces of the political ring that is trying to ruin him.

GENE'S DETECTIVE FEATURE IS A REAL THRILLER

Battle of Wits Between Crooks and Sleuth—Pathé Weekly Replete With War Interest

A thrilling story of the strategy and deduction of a clever detective in solving a crime which had eluded the community was told yesterday at the Gem Theatre by the presentation of "The Mysterious Bank" in the Nickel Winter, famous as a sleuth, distinguished himself. The escaping crooks make use of almost every conceivable means of flight, and would probably have gotten away in safety but for the use of an aeroplane in which they are overtaken. The story is in three parts and is capably enacted. It will be given again today.

Another interesting feature, and one which never seems to grow old was the showing of the latest Pathé News Weekly, replete with scenes of importance from the zone of war. The artillery were seen getting in readiness for their moving to the front; the troops of Russia were seen in review by the Czar before moving away to fight; there were many views which proved of profit and interest to all followers of the Allies' progress. The Gem orchestra rendered an attractive programme.

page 3 of this issue, is, by long odds, the most elaborate and extensive in the history of the big Charlotte street millinery establishment which is noted for having all that is newest and best in the world of feminine headwear.

In hats and accessories alike elegance is the keynote, neither time nor effort having been spared in securing the best that the world's leading fashion centres had to offer.

In designs and colorings, the variety is unusually extensive, ranging from conservative effects to the most brilliant creations approved by foremost style authorities.

To early visitors belongs the privilege of seeing the Marr display in its full completeness and beauty.

William S. Bennett, chief of police of Neptune City, N. J., is also superintendent of streets, health inspector, trust officer, license collector and janitor of the borough hall. For all this work he receives the magnificent salary of \$60 a month. The population of Neptune City is about 10,000.

The Evening Times and Star

ST. JOHN, N. B., MARCH 9, 1915.

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

A NOTABLE ADDRESS

While Mr. Adams was able last evening to congratulate the citizens of St. John on the fact that this is one of the first Canadian cities to take practical steps toward town-planning, it cannot be denied that several of the pictures thrown on the screen, showing the least desirable housing conditions, were pictures taken in St. John.

Perhaps the most valuable feature of such Sunday afternoon gatherings is their bringing together on common ground of different races and different creeds from almost every walk in life. Those who were instrumental in starting the People's Forum idea in Winnipeg built even better than they knew.

While the assembly hall of the high school building was not nearly filled last evening, there was an attendance large enough to be very encouraging to those who desire to see a town-planning scheme or schemes adopted.

It must have occurred to many people who were present last evening that it cannot be truly said that we have no public hall in this city. They spent the evening in a very large and excellent hall, that is owned by the public, and is far too little used for their benefit.

The town planning commission of St. John will ask the legislature to approve of the limits of an area to be comprised in the scheme for a Greater St. John.

Mr. Thomas Adams estimates that it will take two or three years to draw up a comprehensive and satisfactory town plan. The advantage of having the limits of the area fixed is that thereafter no subdivision could be developed within it without first consulting the commission.

Mr. Adams also proposed to enter upon any large immediate expenditure in connection with the scheme. Mr. Adams recommends a moderate fixed appropriation for each year, so that the work may be continuously carried on without placing a heavy burden upon the taxpayers.

The visit of Mr. Adams has borne good fruit, and it may fairly be assumed that the town planning commission will press forward the establishment of the area of Greater St. John, and make provision for a beginning of the preparatory work as soon as possible.

One of the significant statements made by the town planning expert was that regarding the width of streets. He made it perfectly clear that it is not only unnecessary but very poor economy where a road six feet wide or even more might be desirable for a main artery in a large city.

Mr. Adams also protested against high buildings of the sky-scraper sort, and against three-story tenements. He would limit factories to certain fixed areas. He would make provision for healthy living and home conditions, and playgrounds, and would supplement the town planning act with a satisfactory housing law.

St. John has taken an important step, and it becomes the duty of every citizen to take an interest in the movement which has been so well inaugurated.

THE PUBLIC FORUM

The Times has more than once suggested that the establishment of a People's Forum in St. John for the discussion of local problems would be of benefit. They have at least two such forums in Winnipeg.

Canadian Finance gives a report of a recent Sunday afternoon meeting of the People's Forum in one of the school buildings, in which the relation of economic problems to health and disease was discussed.

address on The Debt to the Child. He said that a public conscience is necessary for the well-being of the child, and regarded as an encouraging sign of an awakening public conscience in Winnipeg such institutions as the Forum, "organized for the purpose of discussing the living issues of the day by all classes."

THE captain of an Atlantic liner which arrived at Halifax yesterday says that the talk of German blockade of British waters "is all buncombe. It is not even necessary for steamers to follow a prescribed course to and from the port of Liverpool, and other ports on the west coast."

There are entirely too many soldiers under the influence of liquor on the streets of St. John every night. If certain men have respect for the king's uniform or for themselves, is there nothing the authorities can do about it? It is quite true that only a very small percentage of the men assembled at the army and exhibition building forget themselves in this way, but their conduct has a tendency to discredit the whole battalion.

A Washington despatch intimates that the American government is about to adopt a firmer policy in regard to Mexico. The policy of watchful waiting has saved the United States from war, but the conditions in Mexico have not improved.

On the contrary they appear to have been growing worse. If the United States should decide to intervene, the various factions would doubtless come together to oppose the new enemy, and while no one doubts the ability of the United States to conquer Mexico, it is a step should be deemed necessary, yet it would be a very difficult and costly undertaking.

President Wilson has cherished the hope that if left to themselves the Mexican people would gradually settle their differences and form a stable government. Month after month has passed, however, without any evidence of more satisfactory conditions.

The Mexican people are very unwise. Their unwisdom may eventually cost them their independence.

BULK OF VACANT LANDS HELD BY 27 PERSONS

In a supplementary report on the vacant lands in the city, submitted yesterday by S. K. Smith, it is shown that the bulk of the vacant lands in the city are held by twenty-seven persons or estates, this being the number of holders of idle lands valued at \$5,000 or more each.

It is somewhat surprising to find that the largest assessment on vacant land is paid by T. McAvity & Sons, Ltd. for their block on Marsh road, Victoria ward, purchased for bona fide manufacturing purposes. T. L. Morrissey with G. O. D. Otty as a partner in some of the lots, is the second largest taxpayer on vacant land, paying an \$88,700 for the block opposite the customs house.

The Turnbull Real Estate Company, owning 550 acres in Stanley ward, is third with \$87,850; the Hazen estates, including R. M. and Sarah Hazen, Johanna I. Street, Margaret Hansard and Sarah J. Fridick, grouped together, stand fourth in the list with \$86,250 on 92 lots in Kings and the North End wards, besides 107 acres; and Hon. J. Douglas Hazen is the fifth largest owner of vacant land, paying on \$27,800 for 48 lots and 95 acres, mostly in Kings and the North End wards.

Was Troubled for Years With Kidney Disease

And This Treatment Cured Me—This Statement Endorsed By a Baptist Minister.

The great majority of people are complicated cases which defy the action of ordinary kidney medicines. Mr. W. H. Mosher, Brockville, Ont., writes:—I used Dr. Chase's Kidney-Liver Pills, and firmly believe there is no medicine to equal them. I was troubled for years with kidney disease, and this treatment has cured me.

When I began the use of these pills I could only walk from my bed to a chair. Now I can go to the field and work like any other man. Dr. Chase's Kidney-Liver Pills are an excellent medicine. This statement is certified to by the Rev. E. H. Emmet, Baptist minister of Brockville, Ont.

By awakening the action of liver, kidneys and bowels Dr. Chase's Kidney-Liver Pills cure Constipation, Headaches, Chronic Indigestion, Kidney Disease, Liver Complaint and Backache. One pill a dose, 25 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

The Funds For Y. M. C. A. At a meeting of officers and directors in the Y. M. C. A. last evening with J. Hunter White in the chair, it was decided to start a campaign to raise \$8,000 to carry on the work of the institution and meet some current expenses for which there are no funds in sight at present.

Prior to the meeting the officers and directors were entertained at supper and listened to an address by Mr. McAllister, Maritime Secretary of the Y. M. C. A. Horn Fields "Not Gully"

Werner Horn, the German who attempted to blow up the Vancouver bridge, was arraigned yesterday in Bangor on the charge of illegally transporting explosives. He pleaded "not guilty," and was remanded to jail in default of \$10,000 bail.

GOLD NEAR SASKATOON

Saskatoon, Sask., March 9.—Last year, some prospecting work was done in the Beaver Lake district, about 200 miles northeast of here. This at least resulted in demonstrating the futility of one of its promises. Only the other day, however, came news of other two finds adjacent to the route of the new Hudson Bay Railway now under construction, the one being at Herbiak and the other at Wintertown Lake. The latter discovery is said to be a placer, and eight small nuggets were brought into the Pan on 17th inst. Further information is awaited with interest. Old timers confidently predict important gold developments to the north. In the early days, they say, Indians frequently brought in quartz containing free gold in considerable quantities, and occasionally small nuggets; but as there was then no railway north of the original main line of the C.P.R., the remoteness of the source of such samples robbed the proposition of its lure.

"Pivot Steps and Glides Chief Motions in Aeroplane Waltz," Says Joan Sawyer

(Famous Dance Director of New York's Persian Garden)

Joan Sawyer
The "glide step" is the dominant one in the aeroplane waltz.

The aeroplane waltz is not necessarily a professional dance. Smoothness of motion, grace and, above all, alertness are necessary in this dance, which portrays the motions of an albatross in flight.

The waltz step is the basic step in the aeroplane dance, and, though there are many "whirls" and pivot steps, the glide and the swirling movement are the characteristic steps of the "aeroplane." The criss-cross, the double tap, the backward spiral, the wing and the lame duck are some of the steps that tax the agility and certainty of movement in the dance—a shaky, uncertain step spells failure in the aeroplane waltz.

From the "lame duck," which is a typical step in this dance, to the sweeping courtesy, with which it ends, the dance of the aeroplane is one of the most graceful, as well as one of the most original of the many new dances.

Spring Time Brings Flies—Begin Now on Extermination!

A Fly's Autobiography
(Spring brings flies. Flies convey disease—kill human beings—especially babies. Kill the flies.)

"The first thing I remember is before I had any legs or wings and was wiggling and squirming in a nice warm bed of stable filth, where I spent my time eating and drinking the food about me. After a while I began to feel uncomfortable and found that I had grown too big for my skin. Relief came soon and my skin came off, and I ate some more manure and enjoyed it. In a few days more my skin again got too tight, and off it came, and then I went to sleep for I don't know how long.

"When I awoke I was kicking and struggling out of a very dry, hard skin, and after freeing myself I found I was in the open air and had legs and wings and looked and felt very differently than when I went to sleep. I was thirsty, so I tried my wings for the first time and flew to a puddle by the stable, and took a long drink, after which I felt much better.

"Up to this time I had eaten nothing but filth, but I soon found out that there were other things just as good. I saw a lot of other flies, big and little, around an outbuilding, not far from the pile, so I flew over and had a feast.

"It was fun to wade around in your food and find so much that you hardly know where to begin. I'm afraid I'm a glutton.

"I spent quite a while here and then flew out in the sunshine where the white clothes were hanging on a line and walked over the napkins for a while. Wet things are very pleasant for a time, but my feet get covered with

little pieces of food and things that wiggle around and tickle me so I like to wipe them off on a nice white napkin or tablecloth, and then I get around here.

"While I was enjoying the sun I smelled the most delightful smell that had ever come to me. It came from an open window, so in I flew. Things were smoking on a stove and a woman was mixing up some soft white stuff on a table. There were a lot of other flies about, and one that was too busy eating to see his danger got rolled up in the dough and I never saw him again, so I was careful and flew in and out and got a mouthful each time. I got rid of some more filth there, too, for the dough was sticky and pulled it off my feet.

"Nearby there was a bowl of milk which smelled good, so I flew over and took a drink. Here I nearly lost my life, and if I had not been young and active, I am sure I would never have escaped.

"Several of us were drinking when the woman suddenly put out her hand in our direction, and we all made a jump.

"I got hit and fell right in the middle. She hit me, too, but I landed near the edge and struggled out and flew away, but she caught the other two and pinched them and threw them on the floor, and went on mixing her dough, apparently without a thought of what she had killed two of my companions."

To avoid pneumonia:
1. Do not drink alcoholic liquors.
2. Dress warmly, but not too thickly.
3. Do not have your rooms too hot and then go into the open air unprotected by wraps.
4. If exposed to extreme or rough weather wear wet or numb, undressed a warm room, rub off with rough towels until the skin glows, then go to bed and stay there for several hours.
5. Avoid overeating and keep the bowels open.
6. A moderate amount of brisk exercise in the outdoor air daily.
7. Avoid dust and other irritating substances of the upper air passages.

WOMEN'S AUXILIARY HAS RE-ELECTED MRS. McAVITY PRESIDENT

The women's auxiliary of St. John's (Stone) church held its thirteenth annual meeting yesterday. All were well attended. In the morning there was a celebration of holy communion, and addressed by Rev. Victor Jarvis. The president, Mrs. John McAvity, presided at the business meeting held in the school house in the afternoon, which was chiefly taken up with the reception and adoption of reports. Miss Edith Skinner submitted the secretary's report and Mrs. G. F. Fisher that of the treasurer, both of which were considered very satisfactory. The detailed work of the auxiliary was given in the reports of the leaflet committee, read by Mrs. Alfred Morrisey; the Dorcas Society, by Mrs. Clarence deForest; the superintendent of the girls' work, Mrs. George Warwick, and the babies' branch, by Mrs. William McKean. Miss Madeline de Soyres sang a solo and Mrs. W. D. Foster reported on the almsouse work in the past year.

The following officers for the ensuing year were then elected: President, Mrs. John McAvity; first vice-president, Mrs. Leonard Elley; second vice-president, Miss Louise Murray; third vice-president, Mrs. George Kimball; secretary, Miss Edith Skinner; treasurer, Mrs. G. F. Fisher; Dorcas secretary, Mrs. Clarence deForest; leaflet secretary, Mrs. Alfred Morrisey; junior girls superintendent, Mrs. George Warwick; babies' branch secretary, Mrs. William McKean; board representative, Mrs. Raymond de Soyres sang a solo and Mrs. W. D. Foster reported on the almsouse work in the past year.

WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderuff at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.

Marr's Elaborate Exhibit of London, Paris and New York Pattern Hats Opens Today

IF BILIOUS, SICK OR CONSTIPATED TAKE CASCARETS

No headache, bad cold, sour stomach or costive bowels by morning.

Get a 10-cent box now.

You're bilious. You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning by gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets because they taste good and never gripe or sicken.

GOING MAD FROM THE TERRIFIC PAIN

Prominent Merchant Thinks His Life Was Saved by "Fruit-a-lives"

Drysdale, Ont., June 10th, 1913.

"I am a general storekeeper at the above address, and on account of the great good I have experienced from using 'Fruit-a-lives,' I recommended them to my customers. They were a great boon to me, I can tell you, for about two years ago, I was laid up in bed with vomiting and a terrific pain at the base of my skull. The pain nearly drove me mad. Doctors feared it would turn to inflammation of the brain, but I took 'Fruit-a-lives' steadily until I was cured. I have gained fifteen pounds since taking 'Fruit-a-lives.' I verily believe they saved me from a disastrous illness."

AN EASY WAY TO GET FAT AND BE STRONG

The trouble with most folk who wish to gain weight is that they insist on dragging their stomachs over the top of their heads; rubbing on "fish creams," or following some foolish physical culture stunt, while the real cause of thinness, indigestion, cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh builders. Sargol aims through its re-generative, reconstructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Leading druggists of St. John and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Cautions—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.

ADVERTISING VS. CONSCRIPTION

London, Feb. 16, by mail to New York.—It pays to advertise. Ask Lord Kitchener. Ask Winston Churchill. Ask the British government. Not many weeks ago Kitchener was a conscriptionist. He had the man's size job on his hands of getting together an army ten times larger than Britain had ever hoped or planned to have. It looked to him and many another Englishman as if the Kitchener army would, beyond certain point, have to be made up of drafted men.

But all this in an influence was at work that Kitchener did not know much of. Of war and armies and the task of raising colonies no man knows more than Kitchener, but what Kitchener knew about advertising—newspaper advertising or any other kind—was nothing. There was one man in England who knew as much about advertising as Kitchener did about armies, and while Kitchener and his army council were worrying about conscription this man was patiently, and this man's advertising has saved England from conscription.

UNCLE SAM TO TAKE FIRM STAND WITH MEXICO

Washington, March 8.—General Carranza has been informed, in a note from the United States government, that unless there is an improvement in conditions with respect to foreigners and their interests in Mexican territory under his control, such steps as may be necessary will be taken by the American government to obtain the desired protection.

The note is the strongest and most emphatic document that has been sent by the Washington government to Mexico since the correspondence with Huerta a year ago. The contents of the communication were revealed to several of the ambassadors and ministers here, who expressed satisfaction in its language. Some regarded it as an entire change of policy toward Mexico on the part of the United States.

ITCHY NOSE AND RUNNING EYES CURED IN FIVE MINUTES BY "CATARRHOZONE"

Just think of it! Not a drug to take, not an hour to wait for relief—you just simply inhale the pleasant, piny vapor of Catarrhozone and get well quickly. "What Catarrhozone did for me in one week was simply a miracle," writes Malcolm R. McRobb from Sydney. "I had a frightful attack of Catarrh. My ears buzzed and my head was full of noise. The end of my nose was red and itchy—on the inside it was sore and encrusted. I had vile droppings from my throat and was very sick. Relief came quick—so I kept up the treatment and was absolutely cured by Catarrhozone."

TOWN PLANNING; GREATER ST. JOHN PROJECT STARTS

Local Commission to Act Following Visit of Expert AN IMPORTANT DAY

Mr. Adams to Advise in Demarcation of Area — Large Parts of Lancaster, Simonds and Stanley Ward

Definite action towards preparing a comprehensive town planning scheme for St. John and vicinity was taken yesterday which must always live as a red letter day in the town planning annals of this city. The preliminary meeting of the commission on its first day was Thomas D. Adams, an English expert and now adviser to the Canadian Commission of Conservation, who addressed three lengthy meetings besides an address at a noon luncheon given in his honor by the Union Club in a conference with the attorney-general.

The establishment of the area is, of course, but a preliminary step in the drawing up of a plan for this particular area and Mr. Adams estimated the length of the project as being from two to three years. After the area is established by legislation he will give his advice regarding the limitation of the boundaries of the area of Greater St. John. He will make a rapid survey of the area and the surrounding area, and will also make a survey of the automobile tour with Engineer Murdoch today, and if expressions at the meeting yesterday can be taken as evidence it is fairly certain Mr. Adams will recommend the inclusion of a good portion of Lancaster and the Country Bay district, while he has also been impressed with the residential possibilities of the Sandy Point road. Not to make the area too large it is believed that it will not be necessary to include the whole of Stanley ward in the development, as there are in Stanley ward alone about 6,000 acres of vacant land, and large tracts of land in the whole of the model city which Mr. Adams put forward yesterday as having similar conditions to St. John.

Mr. Adams advised against any large initial expenditure in carrying out the improvement of the system of establishing a fixed appropriation each year and instead the use of an English city looking ahead fifty years to spend \$150,000 at the rate of \$3,000 a year. In the afternoon Mr. Adams met with the town planning commission and the council of the board of trustees. President Likely and Mr. Burdett spoke in introduction of Mr. Adams, then took up his theme. He announced that he had already conferred with the attorney-general regarding amendments to the town planning act for which the commission would ask.

Mr. Adams then spoke at some length on the matter of allowing too much space for roadway with the result that the cost of upkeep was increased and the tenant deprived of the opportunity of the use of some of the grassy plots in front of the houses instead of "that wilderness of macadam." In the newer portions of the city or adjoining districts where streets were being laid out there was nothing to prevent some narrow blind streets, which the air space was kept here by setting the building line back fifteen feet from the roadway.

Mr. Adams then sounded a warning as to high buildings. Skyscrapers, and even three-story tenement buildings, served to displace the value of the land of the man whose holdings were further out or possibly who was unable to put up such pretentious buildings. The 1,100 owners of skyscrapers in New York had seriously affected the value of the other 200,000 owners by concentrating offices on a small section and any such congested district made necessary underground transportation. It would be a costly mistake for St. John to tolerate any attempt at putting up high buildings so as to congest the population and make necessary drilling through the solid rock to provide a subway.

HAD ECZEMA BUT!

Mrs. Elgin Cossett, Joggin Brien, St. John, N. B. — My five-month-old daughter was five months old a rash broke out on her face and body. I called in a doctor, who stated that it was eczema, and treated her for it. His treatment, however, did not bring any relief, and the child got worse. I then tried the great medicine and so-called eczema cures, but nothing proved of any benefit. The sores continued to spread, and became one large mass. One day a friend advised me to try Zambuk. I bought one box of Zambuk there was a marked improvement. I continued to use Zambuk every day and by day the sores showed signs of improvement.

Under building by-laws as many as forty to fifty houses were built to the acre. One principle which he recommended was that fewer cross streets should be laid out, but that breathing spaces be allowed in the rear for use in common by the tenants of the houses. He also recommended that heating plants be converted into gas plants with green predominating. Then the new post office would be seen and admired by the people of the city.

MANY MEN IN LONDON, ONT., HAVE OCCASION TO BLESS WM. MATHESON, EVANGELIST

City Mission Which He Conducts Has Done Much For Down-and-Outs This Winter

The nature of the work which is being done by Billy Matheson, Scottish evangelist, in the City of London, Ont., is indicated in the following extract from the "London Advertiser" of Feb. 26. More than a thousand men this winter have had cause to bless Billy Matheson and the City Mission, of which the excitable fighter is the superintendent. It was due to Billy that many a down-and-outer in this city did not have to go hungry, and possibly without a place to sleep. As it was, these unfortunate were able to get three good square meals a day and a bed at night at 121 York street, where a free boarding house has been established in connection with the mission.

Most of the boarders at present are men who either are able to obtain casual employment now and again or are engaged in some industry.

The assembly room of the High School was well filled for the public meeting in the evening when Mr. Adams delivered an illustrated lecture on town planning and housing problems. Mr. Adams said that the objects of town planning are as follows: "1. Industry and external transportation. 2. Healthy living and home conditions."

Windsor Table Salt should be in every Canadian home

Mr. Adams displayed the plan of Ruisling-Northwood, one of the first districts of London to take up town planning, and showed that in the select residential areas only four houses are allowed to the acre, six houses to the acre in another section and in the workmen's section twelve houses to the acre where-

Internal transportation. Market and food supply. Education. Recreation. Civic centres and monumental buildings. Mr. Adams traced the development of conditions which led to the construction of cities in their present form, pointed out the need for changes, showed how easily much good work could be done at little expense by preventative measures as well as the more expensive remedial work. He urged that legislation be secured to give powers not already granted, saying that: "Effective restrictions can be applied, from Britain, provinces."

Bill Passes House in Spite of Demands For Counter Concessions — Sailings For France From St. John

Ottawa, March 8.—In reply to Sir Wilfrid Laurier today, Sir George Foster, minister of trade and commerce, said that tri-weekly sailings between Canada and France were to be arranged for the carriage of war supplies.

Hon. William Pugsley was anxious to know what Canadian ports would be utilized. He was told that during the winter months the sailings would be from St. John and Halifax. After that the majority of the sailings would be from Montreal and Quebec. Should it be desirable to have a number of sailings between Canada and France during the summer months, Sir Robert thought the matter could be arranged with the Admiralty.

War Cannot Slaughter MORE VICTIMS THAN PNEUMONIA.

Pneumonia is described as a preventable disease if taken in time. Pneumonia is the scourge of the able-bodied men and women "a little run down perhaps" but strong in the belief that they can fight off a cold. Colds are not easily fought off in this northern climate.

On the first sign of a cough or cold, our advice to you is "Get Rid of It." The slight cold, the irritating cough, the tightness of the chest, if not attended to, will sooner or later develop into some serious lung or bronchial trouble.

Dr. Wood's Norway Pine Syrup and you will find after the first two or three doses have been taken the cough or cold will quickly disappear. Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; three lines the trade mark; the price, 25c and 50c.

Be sure you see that the name of The T. Milburn Co., Limited, appears on both the label and wrapper. Mrs. Edward Hugo, Moose Jaw, Sask., writes: "My little girl, three years old, contracted a bad cold which settled on her lungs, and turned into pneumonia, and she was given up by our doctor. I decided to try Dr. Wood's Norway Pine Syrup, and by the time she had taken three bottles she was well again. I shall always keep a bottle of 'Dr. Wood's' in the house."

PORTLAND, ME., AND THE WAR

Portland, Me., March 9.—What effect the recent order issued by the German government that the relief ships for Belgium will not be allowed to coal at Wales for that is the meaning of it, but must sail direct for some port in the United States in a very roundabout way, will have on the sending of relief from this port remains to be seen, but the 25,000 bushels of grain taken from here last week will help the starving people of the bravest nation on earth.

There is one fear that the decision on the part of Germany that the relief ships must not coal at a British port may have the effect of preventing the sending of them from here. It is certainly one of the unfortunate incidents of the great war.

Despite the heavy shipments of wheat from this port there was last week nearly 200,000 bushels in the elevators and in unladen cars in the Grand Trunk yards and there was expected a market on the reserve by the first of this week. The forwarding of wheat from the grain ports has now gone on practically without interruption for two months and the reserve is now large enough to ensure a continuing supply for the British steamships from here even if a bridge on the Grand Trunk line were to be blown up, something not anticipated by anyone. The war is in a way helping the commerce of Portland but almost as a matter of course the business of the city is suffering the bad effect of the great conflict.

THE FUNNIEST PLAY I EVER SAW

In Which an Umpire Slides Home, Then Runs For His Life

By George Mullin, Veteran pitcher, formerly of the Detroit Tigers.

I believe the funniest thing I ever saw on a baseball field was soon after I started out in the old Indiana and Illinois league in 1910. There was an umpire named McLoughlin (not Slik) who was a wonder. He used to write letters to himself telling what a great umpire he was, and he always was recommending players to big league managers and showing the players what he had written. You may imagine how popular he was with us.

One day we were playing in Danville, Ill., and McLoughlin appeared on the field in his uniform and a linen duster. We asked him the reason for the duster and he said he was going to revolutionize umpiring and the game itself and that he never again would miss a decision on a close play. He was vague about how the linen duster was going to accomplish these things, but felt certain of it.

In the sixth inning the score was a tie, Danville at bat, one out and a runner on third when the batter hit one down to short and the man on third started home. McLoughlin was behind the pitcher and when the runner started home Mac started after him, gaining at every jump, with his duster flapping out behind. The runner slid to the plate and Mac slid after him, and after sliding across the plate, yelled:

"You're out," although the runner was safe a mile.

The spectacle of an umpire in a linen duster sliding home and then making the worst decision possible was too much for the crowd, and the last we ever saw of McLoughlin was when he disappeared down the street, his duster flapping behind him and the mob chasing him toward town.

UNSTRUNG, UNSTEADY SHAKY NERVES

MAY BE TONED UP BY USING MILBURN'S HEART AND NERVE PILLS.

Mrs. John Harper, Toronto, Ont., writes: "I have used Milburn's Heart and Nerve Pills for the heart and nervous system. I was confined to a grocery store for twelve years, and had to give up business, as I became terribly run down and nervous, and had heart trouble, and I am sure I am gaining very fast now, I feel that nothing did me any good until I tried your Heart and Nerve Pills, and I am positive they will cure me. The nerves of one hand would tremble and then seem to go numb so that I could not write or sew. Now my hand is quite steady, as you can see by my handwriting. This is a big change which delights me so much for I thought all was done that could be done. I was about to give up in despair when I tried this last remedy, and even after I had only taken half a box the change started to come."

Milburn's Heart and Nerve Pills will restore the enfeebled, encrusted, exhausted, overworked system to full constitutional power.

Price, 50 cents per box, 3 boxes for \$1.25, at all dealers or mailed direct by The T. Milburn Co., Limited, Toronto, Ont.

THERE WAS NO HOLD-UP
 Soldier Wrongfully Accused of Presenting Revolver at Woman Shop-keeper and Stealing Money

While many stories have been told about the city of late concerning the actions of soldiers here under the influence of drink, it is safe to say that not all are true and it is pleasing to be able to record one such instance at least.

It became whispered about the streets yesterday that a poor widow keeping a little grocery store to eke a living had been held up at the point of a revolver in her shop by a soldier who had robbed her of what money was in the till. According to the report, he had gone into the store, made a ten cent purchase and tendered a five-dollar bill in exchange. She was placing the \$4.90 in change on the counter when he sought to grab it as well as his own greenback and to make sure of getting it, pointed a revolver at the woman.

Tracing the story, the real facts were told a Times reporter by the woman herself. A soldier had gone into her store on Saturday night to pay her a dollar which he had owed for some tobacco. She knew him very well as he had frequently bought things in the store. They talked for a few moments, and in the course of the conversation the soldier drew a revolver from his pocket, saying that "he could always take care of himself." He brandished it for a few minutes, put it away, and then went out. That is how the story started, but how it grew to the exaggerated reports which followed only gossip's tongues can tell.

TOWN PLANNING EXPERT IS TO VISIT SUSSEX

A deeply interested listener to the address of Thomas Adams on town-planning last evening was Mayor Wallace of Sussex. At the close he had a talk with Mr. Adams, who has promised to visit Sussex in about a month's time. The people there are showing a marked interest just now in town improvement, and, as in the development of the town, no proper provision has been made for parks or playgrounds, nor any definite town plan adopted, a visit from Mr. Adams should prove of great interest and benefit.

As W. F. Burditt observed to Mayor Wallace and a Times man last evening, no town is too small to begin with a well defined and well designed plan for future development.

RAISED \$22 FOR RED CROSS AT WHITE'S COVE

REV. MR. EARLE INVITED FOR ANOTHER YEAR

Quarterly Board of Fairville Methodist Church Meets—Encouraging Reports

The third quarterly board meeting of the Fairville Methodist church was held last evening, Rev. Gilbert Earle presiding. The financial report, submitted by the secretary, Wm. Golding, showed a marked increase in receipts over the corresponding quarter last year, notwithstanding the fact that no revenue whatever is received from the rental of pews, as formerly the board having declared all seats free a year ago.

The healthy condition of the church's finances is reported due, in a large measure, to the systematic method of giving by the congregation proposed by the pastor last year.

The reports from the different departments of work were most encouraging. The board unanimously extended a call to Mr. Earle for the third year. In accepting, Mr. Earle thanked the members of the board, as well as the congregation, for the many evidences of appreciation of his work, and besought the continued interest of all in order to accomplish the end in view.

C.P.R. MEN MAY GO OVERSEAS AS FIRST AID MEN

(Continued from page 1.)

Mr. Justice Grimmer has received a cablegram stating that his son, Donald S. Grimmer, was leaving for France on March 4. He is a member of the C.P.R. in England with her husband, and is to remain in London for some time.

Major Ronald Crocker of the 12th Battalion, C. I., who has been provisionally appointed major commanding the 28 Overseas Battery of Field Artillery, which will be mobilized at Fredericton, is a son of the late Mr. and Mrs. David Crocker of Millerton. He lately finished qualifying course at Kingston, Ont. He previously held the rank of captain with the 12th New-castle Fusiliers. He is about thirty six years of age and has been identified with the 12th Field Battery for the last five years. His father is a cousin of Dr. J. B. Crocker of Fredericton.

FIFTEEN FROM THE 71ST

Fifteen officers of the 71st York York Regiment are now on active service. The latest appointments of the regiment with the overseas forces are Capt. H. P. G. Woodbridge of Fredericton, and Lieutenant F. A. Kirkpatrick of St. John, who have been provisionally appointed officers of the 55th Battalion, making three 71st Regiment officers to complete this battalion. The other officers are Capt. W. J. Osborne, Capt. Woodbridge has been with the first contingent for the last few months. Lieutenant Kirkpatrick is a commercial traveler, a South African veteran and joined the 71st Regiment on his return after the campaign. He resides in St. John. Of the fifteen officers who are now enlisted for active service eleven are with the first contingent, one with the second and three with the third. The officers of the first contingent are: Lt. Col. H. McLean, Lieut. J. A. Winslow, Lieut. Eric McDonald, Lieut. A. Kelley and Lieut. E. W. Sanson. Major James Pringle, quartermaster of the 26th Battalion is the only 71st officer with the second contingent, and Captain Osborne, and Lieutenant Kirkpatrick are the officers with the third.

POLICE COURT

Arthur Emery, who was arrested yesterday in the North Side of King Square on a charge of drunkenness and using profane and obscene language, was fined \$2 or six months in jail by Magistrate Ritchie in the police court this morning.

Six men arrested on drunkenness charges were fined \$5 or two months in jail.

L. Davidik, a Russian, arrested yesterday by C. P. R. Policeman Richard Hogg for trespassing on the railroad property between Mill street and Long wharf, was fined \$5 or two months in jail. The fine was allowed to stand after he had promised not to trespass on the company's property again.

The policeman who made the arrest said that the man had been repeatedly named to keep away from the tracks. Once he nearly lost his life by being run over.

Fred Gaudet, who was given in charge by L. M. Gordon for drunkenness and creating a disturbance in his home in Queen street last night, was remanded. The plaintiff testified that the defendant had been drinking and had used bad language to his wife, Edward LeBlanc, testified that the plaintiff had entered the defendant's room and assaulted Gaudet. The case was postponed until tomorrow morning.

Edward McCann and William Mulcahey, under arrest charged with breaking and entering the liquor store of William Haggarty, Main street, and stealing several bottles of liquor were remanded until Friday morning. Charles Savage, bar-tender for Mr. Haggarty, testified.

Mrs. Elizabeth Reynolds who is in jail on a charge of keeping a disorderly house, was further remanded. The magistrate said that if she could procure anyone who would testify regarding the state of the house previous to the trouble he would consider allowing her to go home to her children.

The Harley case was continued. The defendant testified that Sergeant Rankine will be recalled this afternoon.

A young woman who is in custody on a charge of street walking, was remanded. Enquiries are being made regarding her.

MAY STAY LONGER

Thomas Adams, town planning expert, spent this morning going around the city and its suburbs with Commissioner Wigmore and Engineer Murdoch in the commissioner's car. Since his arrival Mr. Adams has been shown that any comprehensive scheme would have to include districts outside the city limits and it was to inspect these areas that he is devoting his time today. Mr. Adams had intended to return to Ottawa this evening but may remain over to continue the work here.

NOT HEARD FROM SINCE YEAR 1907

J. D. Rankine, Formerly of North End, Regarded as Dead and Estate is Probated

In the probate court today Judge Armstrong took up the matter of the estate of James Donald Rankine, late of Medicine Hat, Alberta, railway employe. He was a son of Alexander Rankine, formerly of North End, lumber merchant now residing in London. The wife, Lettie Rankine, of Medicine Hat, presents a petition setting forth that she and her husband and children formerly lived in Vancouver, but that in 1906, the climate of Vancouver being too damp for the children, she moved to Medicine Hat. The husband subsequently obtained employment in a lumber mill owned by Harry Richardson at Summerside in the Okanagan District, B. C. She says that in August, 1907, in response to advice being sent him by his wife as to the serious illness of one of his children, who subsequently died, he went to his home in Medicine Hat, remained there for a short time and then returned to the Okanagan District, leaving there in November, 1907, and has not since been heard from, though every enquiry and effort has been made to find him.

Under these circumstances the court presumes that James Donald Rankine is dead, and on the petition of the widow, letters of administration were issued to John C. Belyea of St. John, barrister-at-law. There is no real estate, personally, which consists of the decedent's share in the proceeds of the sale of his homestead next to St. Luke's church in Main street, St. John, nearly \$2,000. J. Roy Campbell, K.C., is executor.

In the matter of John Donald Rankine and Gerald Christfield Rankine, infants, only children of James Donald Rankine, and entitled between them to two-thirds of the estate of their father, or about \$600 each, on the petition of the infants, joined by their mother, John C. Belyea of St. John, barrister-at-law, was appointed guardian of their estates. J. Roy Campbell, K.C., is executor.

In the probate court today the will of George Seely, late of Millville, trader, was proved. He gives to his grandson, Walter Samuel White, who, however, died before him, the sum of \$20, the rest of his estate to his wife, Catherine Seely, whom he nominates as executrix. She was accordingly sworn in as such. There is no real estate, personally, including household lot and house in Millville, valued at \$1,400. Messrs. MacRae, Sinclair & MacRae are executors.

BASEBALL WHISPERS ARE HEARD IN FAIRVILLE

Carleton and Perhaps North End Team in the League—Some Players to the War

Now that the days are lengthening, and the ground drying, the fans are again thinking of baseball and plans for the season of 1915. In Fairville last year the sport opened very well with enough teams to make play interesting, but towards the last, popular sentiment grew faint as the Royals' magnificent lead made it an impossibility for the other "nines" to catch up.

The trouble seems to be in getting enough material to form a league of strictly local men, except for the three or four outsiders allowed on each team. To put on a first-class brand of ball, various localities should be represented, so that the general public may become concerned in the chances for the team from their section winning. The advent of a Carleton, or possibly a North End team would seem to fill the bill and intensify the local interest, so the fans regard this as a starting proposition for the league managers to consider when they get together.

The first movements of life are already noticeable along the line of team formation, and Captain Hanlon of the Royals says that his men will be after the trophy again with a good percentage of old players and some new ones. His outfit contributed one man, John O'Keefe, to the first Canadian contingent, and Bobby Keenan is now serving with the 26th Battalion, so their places will have to be filled. It is said that Milford will endeavor to turn out a team this year, and no doubt some of the aspirants from Randolph will attach themselves to that camp.

Last spring the great mistake of the local organization was a late start; consequently, when good pitchers and outfield men were wanted, they had already signed with some city team. This year advantage should be taken of last season's experience.

The Royals are now getting ready, and if the others who are thinking of getting in line want the best material, now is the time to do the scouting and sign contracts.
