DUNDALK TAKEN BY REPUBLICANS

Free State Garrison Surprised and Driven Out.

Jail Captured, Prisoners Taken and Armed to Swell the Forces of Attackers—Inhabitants Flee—Free State Progress in Cork.

(Canadian Press Cable.) Belfast, Aug. 14.—A large force of Republicans entered Dundalk at three o'clock this morning, taking the National garrison completely by surprise. The attack was successful and the town is now isolated with Republican troops patrolling the streets. The Republicans seized a railway engine which was dispatched south with a view to blocking the rear and preventing the Free States from sending up reinforcements.

The Anne street police headquarters, which was occupied by the Nationals, was the first objective to be stormed and taken. The garrison was captured. The jail was next to fall, and all prisoners, who were mostly Republicans, were liberated. These were supplied with arms, and joined their rescuers in the attack on the town, in which bombs were freely used. The railway station and general post office were taken in succession. Many of the inhabitants, especially Free State sympathizers, fled.

Cork, Aug. 14.—The irregulars who evacuated Cork before the advance of the National troops, have apparently been completely routed and are flying to the hills of North-west County Cork. The hills across the border in County Kerry are now sheltering large numbers of irregulars.

The barracks at Fermoy, north of Cork, were burned by the irregulars yesterday.

It is rumored that Daniel O'Callaghan, Lord Mayor of Cork, has been arrested, together with Mary MacSwiney. The whereabouts of Emmett De Valera remains a mystery.

All of eastern county Cork has now been taken by the Nationals.

MANY MOURN THE LATE IRISH LEADER

Body Now Lies in State at Dublin City Hall.

Funeral on Wednesday—Collins Terms His Loss a Calamity for Ireland—Lloyd George Extends Sympathy to Widow and Leader of Government.

Dublin, Aug. 14.—The body of Arthur Griffith, president of the Dail cabinet, lay in state today at Dublin City Hall. Thousands of mourners streamed by the bier, around which was stationed a guard of honor chosen from the troops of the National army.

The body will lie in state until tomorrow night, when it will be removed to the pro-cathedral. Archbishop Byrne will preside at solemn requiem mass at 11 o'clock Wednesday morning, the funeral and burial at Glasnovin, Dublin, northern suburb, immediately following.

In the Protestant churches yesterday, remarkable tributes were paid to Mr. Griffith, the trend of which was that the Free State had lost in him a pillar of strength.

Michael Collins, interviewed today at the field headquarters of the National army termed Arthur Griffith's death a calamity for Ireland and said it was not too late for Emmott De Valera and his followers to honor the passing of a great patriot by accepting the terms the Free State government had offered to achieve the unity of Ireland.

The commander in chief added that he would continue his military work until the trouble was ended.

Lloyd George Sends Regards. London, Aug. 14.—The premier, Mr. Lloyd George, has telegraphed Michael Collins, head of the Irish provisional government, expressing his deep regret on hearing of the death of Arthur Griffith.

The premier also telegraphed his condolences to Mrs. Griffith, saying: "In certain Ireland will always reverence his memory as one of her most loyal, gifted and courageous sons."

THREE RAIDS BY THE INSPECTORS

The local liquor sleuths spent a busy week end. On Saturday afternoon inspectors Crawford and Henderson visited a cellar and found some beer suspected to be overstrength, said to be the property of Henry Doherty. A charge of obstructing the officers in the performance of their duties is now pending against Doherty and he will have to face the additional charge.

On Saturday evening inspectors Killen, Henderson and Journeay called upon a man named Short in Prince Edward street and found six cases of strong ale. Short will be asked to explain their presence there.

On Sunday evening inspectors Killen and Journeay paid a visit to the Empress Hotel, 41 King square, and found a part bottle of Johnny Walker whiskey. The proprietor was expected to be present in the police court this morning in connection with the find but he failed to show.

Death Claims Noted British Journalist

VISCOUNT NORTHCLIFFE PASSES AWAY PEACEFULLY AT 10.12 THIS MORNING

An Outstanding Figure in the Newspaper World—Was Fifty-seven years Old and Had Been in Journalism Since Early Manhood—Figured Prominently in English Politics During World War When He Criticized Kitchener and De-nounced Secrecy—An Interesting Career.

(Canadian Press Cable.) London, Aug. 14.—Viscount Northcliffe, noted British publicist, died this morning.

News of Lord Northcliffe's death was given out by the doctors who have been attending him, in the following bulletin: "Viscount Northcliffe died at 10.12 o'clock. The end was perfectly peaceful."

The death of no official personage could have made a deeper impression in England than that of Lord Northcliffe. The news was not a surprise, as the bulletins issued by the doctors for the last week plainly indicated that his patient was dying.

Lord Northcliffe was by far the greatest figure in British journalism, and the first question on everyone's lips was as to what effect his death would have on the policies of the Times and his other newspapers, which since the end of the war have strongly opposed the Lloyd George administration and its principles, with the notable exception of its dealings with Ireland, which the Northcliffe press supported throughout.

Medical terms used in giving the cause of Lord Northcliffe's death were ulcerative endocarditis, streptococcal septicaemia and terminal ankylosis.

BLOOD POISONING CAUSED DEATH

Later it was stated that the cause of Lord Northcliffe's death was suppuration, or the production of pus within the heart, which was followed by acute blood poisoning.

Sketch of Lord Northcliffe.

Viscount Northcliffe, the son of an Irish barrister, became an editor and publisher of the London Times and Daily Mail, the mould of public opinion, a man of great influence in the making and unmaking of British cabinets and, with David Lloyd George, contributed in a great measure to arousing England to more vigorous action in the world war.

He was created Baron of the Isles of Thanet in 1905 and was a Viscount in 1917, after he had served with distinction as head of the British mission to the United States to consolidate British interests here during the war.

Born in Ireland. Born in Chapelizod, Ireland, July 16, 1865. After Alfred Dreyfus, then, Viscount Northcliffe, started his career as a subordinate editor in a publishing house writing answers to correspondents. This suggested to him a newspaper career which he embarked on (Continued on page 2, fifth column.)

ST. JOHN PEOPLE LAND AT QUEBEC

Mrs. Gray and the Misses Gray Arrive on Victorian—Child Born on Voyage.

Quebec, Aug. 14.—(Special)—The Canadian Pacific steamer Victorian, in command of Captain W. Henderson, formerly of Glasgow, arrived and docked at Quebec on Saturday night at 7 o'clock with 642 passengers.

Among the cabin passengers were: A. L. J. Haskell, inspector of the Bank of Montreal; Lieut. Col. A. W. Jamieson, former commandant of the R. C. G. A. forces in Quebec, who is returning from a trip abroad accompanied by Mrs. Jamieson and who on his arrival, met at the landing by Sir William Price, of Quebec; Mrs. N. Barney, Guelph, Ont.; Sergeant B. A. S. Bennett, who sailed over with the Blenheim, of Ottawa, Ont.; Mrs. Bell, New Glasgow, N. S.; Mrs. D. R. Brodie, of Conquest, Saguenay, M. Campbell, Vancouver, B. C.; Mrs. G. Cartwright, Hamilton, Ont.; Miss D. Cronan, Mrs. Douglas, Miss L. M. Eversall, Mrs. Fitzpatrick, Toronto, Ont.; Dr. D. J. Galloway, of Singapore; Mr. and Mrs. T. Glover and family, Peterboro, Ont.; Mr. C. M. Gauvin, Walkerville, Ont.; Mrs. and Miss K. and Master J. Graham, Edmontan, Alta.; Mrs. Gray and the Misses Gray, St. John, N. B.; Mrs. and Miss Haugland, Timmons, Ont.; Mr. F. A. and Mrs. Pinkhurst, of Montreal.

The third class passengers, 444 British immigrants, including forty domestics who came over under the auspices of the Salvation Army and booked for Toronto, were all landed at Quebec for immigration inspection.

During the voyage a woman in the third class accommodation named Shimmons, from Liverpool, gave birth to a daughter, who was named Victoria Mary. On the arrival of the ship Mrs. Shimmons was placed in an ambulance and with her infant child taken to the Jeffrey Hale Hospital. As she was being carried on the steamer in a stretcher to the hospital ambulance in waiting at the pier, the third class passengers set up a cheer and wished her and her little daughter good luck.

TEN KILLED IN WESTERN WRECK

(C. P. Despatch.) Annandale, Minn., Aug. 14.—Ten persons dead and more than two score injured was the toll of the wreck on the Minneapolis, St. Paul and S. S. railway late yesterday when a west-bound passenger train crashed into a truck and then plowed into a freight standing on a side track.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbourn, "I disturbed a picnic on the beach at Bay Shore the other afternoon. 'Hed you been seen in a boot legger' queried Hiram.

"It was not that kind of a disturbance," said the reporter, "and it was a bird picnic. There were hundreds of them—little fellows who rose in great flocks as I strode along the shore. Some went toward the breakwater and some toward Mahogany Island. Flock after flock rose up, flying low and very fast. I never saw as many birds together at one time. It must have been a convention of some kind. They were about the size of a small snipe, and it was a delight to see them on the wing."

"Look-a-her!" said Hiram. "If you'd sit away from this narrow street and the old office more than see most of the birds an' the fields an' the shore you'd git a lot more out o' life—yes, sir. Jist forget about the grind an' git out into the open for an hour or two every day an' let the scenery soak in. When did you see the stars last?"

"Frankly," said the reporter, "I seldom see 'em, get time to look 'em up."

"No," said Hiram—"you see the stars an' the lights an' the brick work—an' they make you blind to what your friends with the birds an' the trees an' the open road. Then you'll be glad you're alive—by Hen!"

ONE OPPONENT ONLY EXPECTED

Labour Candidate Likely to Contest Election of New Manitoba Premier.

Winnipeg, Aug. 14.—Premier John Bracken, who will run for election in the Manitoba legislature in the Fall, has accepted an invitation from the Manitoba Labour Association to address a public meeting in the constituency in the near future. It is now apparent that Premier Bracken's only opponent in the Labour candidate, who has been in the field for some time.

Hon. Edw. Brown, former provincial treasurer, who represented the P. A. in the last two legislatures, and who prior to the general election was expected to enter the field as Liberal candidate, is not seeking re-election. Instead, according to news received from the northern city he is urging the electors to support Premier Bracken at the next election, as the thing to do in the interest of the northern country.

The date of the election has not yet been set.

TRAFFIC CASES

A. L. Stern was charged this morning with exceeding the speed limit on Douglas avenue August 10. First he pleaded guilty and then changed his plea to one of not guilty as he claimed there were extenuating circumstances. Police man McBrien said he had gone out on the avenue at a speed of twenty-five miles an hour. Stern said he had been taken South Bay and may have exceeded the speed limit. A fine also was imposed. John Russell was reported for speeding in the avenue on Saturday night. McBrien said the car had been going from twenty-two to twenty-five miles an hour. Mr. Russell said he did not know anything about the matter as his brother had been driving the car that night. The case was postponed for further information.

Cases against Harold Mayer and W. G. Co., over which there was considerable discussion as to the matter of distances and the time it would take to travel them, have been dropped.

AN ELOQUENT SPEAKER

Dr. J. E. Watson, of the Waterloo street Baptist church, was conducted yesterday by Rev. P. L. Cosman of New Haven, Conn., who is supplying for the month of August, during the absence of the pastor on his vacation. Rev. Mr. Cosman preached two eloquent sermons yesterday. In the morning he took as his subject, "Wealth and Salvation," and in the evening, "The Old Rugged Cross." At the evening service Miss A. Stevens rendered the solo, "Come Unto Me."

PHILIX AND PHERSIDIAN

Synopsis—The disturbance which passed across the western provinces during the week-end is disappearing over northern Manitoba. The weather has been showery in the west but is now clearing. Elsewhere in Canada it is fine.

IN REMORSE LAD COMMITS SUICIDE

East Madison, Maine, Aug. 14.—Fear that he had injured his younger brother, whom he had hit with a wrench, caused Malcolm Reed, eleven years of age, to commit suicide yesterday afternoon. The body of the boy was found under a barn near his home by his father shortly after a shot was heard by the boy's mother.

AT THE HOSPITAL.

"A little better," was the report from the General Public Hospital this afternoon concerning Edward McNulty, who was seriously injured in an automobile accident on Saturday morning.

PREMIER'S HOPE FOR RELIEF OF LABOR SITUATION

Every Effort to Keep Miners and Railroad Men at Work.

Hon. Mr. King Expresses Appreciation of Stand Taken by Canadian Employes—Correspondence With Officials in Nova Scotia Coal Situation.

Ottawa, Aug. 14.—(Canadian Press.)—The railway labor situation and the situation in the coal fields are being closely watched by the government, and attempts are being made to avert cessation of work in each case, if possible.

The premier, Right Hon. W. L. Mackenzie King, is keeping closely in touch with the situation both on the railways and in the coal fields and with the other members of his government is making every effort to have the men continue at work while arbitration of their disputes with their respective employers is proceeding.

Referring to this phase of the situation, the premier last night expressed gratification that the workers on the Canadian railways and in the Canadian coal fields had thus far continued at work while the government was despatching its representatives to the coal fields and the railway and fuel situation already affecting Canada through the tie up in both rail-roading and coal mining industries in the United States.

The gravity of the situation in the coal mines of Nova Scotia, where the miners were threatening to strike on Tuesday last, was expressed by the premier through a dispatch to the British Empire Steel Corporation, which was employed to communicate with the company and executive officers of the employees in an effort to prevent a cessation of production in the mines. In a dispatch to the British Empire Steel Corporation, J. B. McLachlan, secretary District 28, United Mine Workers of America, and Robert Baxter, president of District 24, the gravity of the situation was explained, and a suggestion was made, which it was hoped by the government, would be accepted by the miners in the event of a failure to agree.

Many visitors.

That the New Brunswick Automobile Association is doing good work in the interests of the province is evidenced by the large number of callers at the office of the secretary, J. C. Berrie, Pugsley building. Last week there were eighty-seven members of other automobile associations at the office. Twenty-eight of these called on Thursday. They were divided as follows: Maine, 21; Massachusetts, 15; Vermont, 12; New York, 9; California, 3; Nova Scotia, 14; Quebec, 12; Ontario, 4. They called for information and were informed to the best of the secretary's ability. This information is given free of charge in pursuance of a working agreement between all automobile associations. In addition to the information given out the secretary gave information to fifteen members of the local association regarding roads of the province. The office is a veritable gold mine of information concerning roads. One visitor from Ontario said that the roads of the province were as good as any he had travelled on. He was given a list of state roads, and better than the ordinary roads in Ontario. One man in Boston writing for information descriptive of road work in best vacation country in North America.

BASEBALL NOTES

Members of St. Peter's baseball team returned home this morning from Moncton where they played two games last Saturday afternoon and evening. They were loud in their praise of the treatment accorded them, both by their opponents and the fans in general. They were met at the station by their friends and were taken to the hotel. They were very much pleased with the evening contest 4-4. Both they said were keenly contested and sensational plays were made by members of both teams. While enroute to Point du Chene yesterday a wheel on one of the automobiles snapped off and the car turned turtle. Some of the players were quite badly shaken up.

The Artillery and the Machine Gun Brigade will play an exhibition game of baseball on the Barrack Green tonight. This will be the final game of the season on these grounds as things are being in shape for the exhibition.

The Magic Jokers will challenge the St. Rose's Juniors to a game on the Nashwagum road direct across the town on Tuesday evening on the North End National diamond.

The Ramblers wish to play an exhibition game with the St. Rose's Juniors on the Nashwagum road direct across the town on Tuesday evening on the North End National diamond.

The Ramblers wish to challenge the St. Rose's Juniors to a game on the Nashwagum road direct across the town on Tuesday evening on the North End National diamond.

Hospital Annex Main.

Commissioner Wignone, of the Water & Sewerage department, announced this morning that he had a conference with Premier Foster last Saturday regarding the proposed extension of a water main to the annex on Sand Cove road. He said that the premier will take the matter up at a meeting of the government. It has been decided that it has practically been decided to run the line from the main on Manawaganish road direct across the field property to the annex and not through Fairville Place as suggested. The expense of the work is to be borne by the government.

EXPECT RUTH TO BE BACK IN THE GAME TOMORROW

New York, Aug. 14.—Babe Ruth's absence from the game because of an abscess on his right leg, caused by a splint which was short lived, his doctors announced today.

The one time home run king was ordered to the hospital Friday for treatment and was dismissed last night. He was told to rest for several days. His wife said that Babe expected to be in the game again tomorrow or Wednesday.

BRAWNY RISHMAN HERO OF EXPLOSION ON THE ADRIATIC

Crawled Into Gas Filled Hold to Rescue "One of My Men."

Seven Men Working in Reserve Coal Pit Were Killed and a Stoker Who was Sleeping on the Hatch—The Cause Not Definitely Known.

(By Canadian Press.) New York, Aug. 14.—On time and almost entirely ship shape despite the explosion that ruptured her bow hold and sent five men to their deaths and injured three others, one fatally, early Friday morning while at sea, one thousand miles from this port, the White Star liner Adriatic docked with her 923 passengers last night.

Officers and the few of the crew brought back a tale of unflinching heroism, performed by a big brawny Irishman, Jim Carrigan, of Liverpool, senior second engineer, who crawled from a bulkhead into the hold, dark with a thick asphyxiating gas, to rescue "one of my men" and put out the fire that menaced the giant liner and its human load.

Several stories of what caused the explosion were told, but Captain David, in a formal statement said that he did not know. Officials of the line explained an underway investigation would be necessary to gain a satisfactory explanation. It happened forward of the bridge in the hold near the keel, almost fifty feet below the main deck, in a pile of coal which had been thrown down by the crew in a fight with a stoker.

Firemen and trimmers were down there in a reserve bunker working the fuel into an adjoining bunker when Leslie Ablett, of Liverpool, an electrician, stepped in. George McLeash of Toronto, and Surrey, England, told reporters that Ablett, before he died, immediately after being carried to the hospital exclaimed: "It's my fault, it's my fault. I lit a match instead of turning on the electric light." This version was not officially accepted. The fire was short lived.

Some stokers were sleeping on the hatches and one was killed. The other seven victims were all from the work pit. One man, Steve McGuinnis, Liverpool, a fireman, was blown into the sea and another was thrown fifty feet sternward. Besides McGuinnis and Ablett, the dead are:

Fireman A. D. Dilley, J. Redmond, who were killed outright, and Fireman John Northan, who died from burns. All were from Liverpool. Robert McCarty, Simon Howley and Edward Donnelly, all Liverpool firemen, were injured and the latter, still unconscious, is not expected to live.

Preparing for the exhibition.

With only three weeks to go until time for the commencement of the St. John Exhibition those in charge are busy getting the grounds and buildings in shape. The stand for the outdoor show will be replaced before the grand stand tomorrow and work will be started on the erection of poles for the electric wire work and special lighting. The big flagpole will be left where it was placed early this season, just outside the enclosure. Owing to the class of acts being shown this year several modifications will be necessary to the platform, and special apparatus will need to be erected. The electricians are busy in all the buildings and about the grounds getting the lighting arrangements into shape. Decorating has been started in the various buildings and will be much the same as last year.

In the art department matters are coming along well. Circular letters have been sent out to different collectors known to have copies of paintings by Charles Ward and the two Miles asking for the loan of their paintings and a timely response has been received. It is thought that there are probably others having these pictures, and it is hoped that they will loan their works to the exhibit.

In the agricultural hall the part which has been used as a dance hall will this year be taken over for a dog show, and the dance hall will be run in the playground building. In the lower part of the hall will be the poultry show, and it is hoped to use the space formerly used for this for football concerts.

S. O. E. FOOTBALL GAME

One of the first games of association football played in the city for some time took place on Rockwood diamond Saturday afternoon when teams from Mariborough and New Brunswick Lodges, S. O. E., met. The former team won by a score of 2-1. The game was thrilling at times and the result was in doubt until play was terminated. T. H. Carter, past supreme president of the Sons of England, officially started the game, following a brief address to the contesting players.

NEW BRUNSWICK BOY DID WELL

Miller Came Second to Record Breaker in Standing High Jump.

Two New Marks at Canadian Track Championships at Calgary—Sussex Entrant Wins the Running High Jump.

(Canadian Press.) Calgary, Alta. Aug. 14.—(Canadian Press)—Two dominion track records were shattered at the Dominion field and track championships held here Saturday. Cyril Coffey, of Winnipeg, jumped the 100 yards in 9.8-5, breaking the old record of 9.4-5 made by Robert Kerr at Toronto in 1908. R. L. Sheppard of Edmonton established a new Canadian record for the standing high jump with a mark of five feet one inch, shattering his old record of 5-8 established at Edmonton in 1918. John Cameron of Vancouver, B. C. won the grand aggregate with three frats and two seconds in the heavy events. More than 3,500 persons witnessed the games.

Manitoba was the most successful province, her representatives amassing a total of 39 points; Alberta was second with 35; British Columbia 32; New Brunswick 5; Saskatchewan 4; United States 3 and Ontario 1.

A. I. Miller of Sussex, N. B. is the new Canadian champion high jumper. He won the title by going over the bar at five feet eight inches. Miller was second in the standing high jump, being beaten only by the new Canadian record set by Sheppard of Edmonton.

At the Dominion day sports at Sussex Miller equaled the maritime record for the high jump, when he cleared the bar at six feet.

Summary of Events.

A summary of the championship events follows:— One mile run—A. Smith, Winnipeg. Time 4:42-4-5.

Putting sixteen pound shot—John Cameron, Vancouver, 92 feet two inches. Half mile run—Harris, Winnipeg. Time 2:00-1-5.

Running board jump—R. Halliburton, Edmonton, 31 feet 6-8 inches.

Throwing sixteen pound hammer—Cameron, Vancouver, 143 feet one inch. One mile relay—Winnipeg. Time 3:37-3-5.

Running high jump—A. I. Miller, Sussex, N. B., 5 feet 8 inches.

Standing high jump—Sheppard, Edmonton, five feet one inch (New Canadian record). Miller, Sussex, N. B., second.

120 yards hurdles—Fraser, Edmonton. Time 16 seconds.

100 yards—Coffey, Winnipeg. Time 9.8-5 second (New Canadian record).

One mile walk—G. A. Rounce, Calgary. Time 23:24-2-5.

Five mile run—T. Brown, Brandon. Time 27:18-3-5.

220 yards dash—Coffey, Winnipeg. Time 2:45 second.

Standing broad jump—Shepard, Edmonton, Ten feet.

In tossing the caber events the caber box, consequently events will not be included in national championships.

Tossing the caber—J. Murdoch, Vancouver, 35 feet 9.2 inches.

Pole vault—Barris, Swarthmore, Penna., Ten feet 5.1-2 inches.

POOR DOCUMENT M O 2 O 3 5

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, AUGUST 14, 1922

BELVEA TO ROW AT HALIFAX ON SEPTEMBER 9

**Canadian Champion, Who
Arrived Home on Saturday,
Will Not go to Duluth—
Will be in Renforth Regatta
on Aug. 26—His Ac-
count of Schuykill Race.**

Looking fit and decidedly cheerful, Hilton Belyea, Canadian champion and association single scull winner at the United States national regatta this year, stepped off the Boston boat on Saturday, accompanied by Mrs. Belyea and his two daughters, Audrey and Florence, and was greeted by a handful of enthusiasts, who shook his hand warmly and welcomed him back to his native town after an absence of nearly a month, during which time he covered himself with honor and brought still further glory to St. John. The smallest of the number of people on the wharf was due to the fact that Hilton did not notify the committee when he was due to arrive and the reason he gives for this action is exactly like Hilton Belyea. "I did not want any fuss," was his smiling comment. Hilton announced that he would not go to Duluth to race Hoover, Hilton's account.

The champion was in the best of spirits when interviewed yesterday. He gave full credit to Paul Costello for rowing a wonderful race. "It was a great race," said Hilton, "and I would have been glad to see Costello win. Thousands lined the bank, while the course was dead calm. It was figured to be twenty seconds slower than it was for the Gold Cup race. No breeze and no stream. I was at the starting point on time and so were Costello and Zoha. The referee, Herra Burke, delayed the race until Walter Hoover and Jack Kelly arrived in a motorboat to follow the race."

Fought For the Lead.
"At the crack, I fought for the lead with Zoha, who had won the championship quarter-mile from Tom Rooney. I figured I could upset their plans and kept up the pace just as fast as I could. I took the middle stream from Zoha, believing I could get a better current but there was no current and I lost ground doing so. Looking back, I can see where that cost me the race. Costello and I edged closer to make it a good race so it should be close so that there would be no bickering about the result. Costello is square and rowed a wonderful race."

"At the point of Peters' Island the race began. To explain, first, this island is exactly one quarter of a mile from the finish and Costello and I were the rest that from that point, it needs just forty strokes to get home. From that point the whole crowd along the banks began to chant, "One," "Two," and so on. It is a regular chant. During that one-quarter mile, I can get in fifty-nine strokes, just nineteen more than Costello."

"As we neared the island, I was leading slightly. Half-way up the channel, Costello began to draw ahead, and as we neared the island, which is one-eighth of a mile in length, I again took the lead. Costello spurted, something which I did not expect, and took the lead and retained it. I was gradually overhauling him when the finish came. Had I had a little more to go, I would have won. It was a question of strength. We both got just so we could not row any more and then waited for our wind. The pistol cracked in rapid succession and many on the banks thought I had won. It was a great race."

Hilton was showered with congratulations after the race and presented with

For a Pic-Nic For a Tea--

A thriller that won't cost much—olive and celery sandwiches. Chop up a half cup each of olives and celery and spread with mayonnaise.

Now the next is just as important. You have to have the best bread for the best sandwiches—Butternut, because Butternut Bread is baked with the prize flours of the west, meadowsweet milk, creamy shortening, and cane sugar—all in such class and generosity as to make it the riches of all breads.

FROM ROBINSON'S KITCHENS

Iced Drinks and Electric Fans will not cool the body that is stuffed with heating foods. Cut out the heavy foods, get rid of that "stuffy" feeling—keep cool and fit by eating

Shredded Wheat

a real whole wheat food that is rich in vitalizing nutriment made digestible by steam-cooking, shredding and baking. Contains the bran that is so useful in stimulating bowel movement, keeping the intestinal canal healthy and clean. The tasty crispness of its oven-baked shreds tempts the appetite on Summer days.

Two Biscuits with milk or cream make a complete, nourishing meal. Eat it for breakfast with sliced bananas or prunes; for lunch with berries; for dinner with sliced peaches, apricots, stewed raisins, or fresh fruits. Ready-cooked, ready-to-eat.

STRIKE CALLED OFF IN N. S. COAL MINES BY NEW PROPOSALS

(Canadian Press Despatch.)

Sydney, Aug. 13—After a conference lasting from 11 o'clock this morning until midnight, a basis of settlement was reported by the British Empire Steel Corporation and the executive of the United Mine Workers of District 26. The executive agreed to recommend the new schedule to the rank and file of the organization and in the meantime to call off the strike set for Tuesday, August 15. The original demand of the miners was for the 1921 rates of pay, retroactive to January 2, 1922, with a minimum daily wage of \$3.80. The schedule accepted by the executive for recommendation to the men reads as follows:

(A) The minimum daily rates shall be \$3.25 per day; this is an increase of forty cents per day, the same to be given to all daily rates, and fifty-two cents at Sydney Mines, in similar manner.

(B) Contract rates to be increased 10 per cent.

(C) Contract to include all classes of workers included in the Montreal agreement of 1921.

(D) Contract to be retroactive to July 1, 1922, and to extend to December 31, 1922.

It is understood that both President Robert Baxter and Secretary J. B. McLachlan of the miners will sign their names to the recommendation asking the union to accept the new contract. The executive was said to be unanimous in undertaking to recommend the new offer to the rank and file of the mine workers.

Elaborate preparations for a possible general strike on Tuesday were made at a mass meeting of the Cape Breton miners this afternoon at Glace Bay. The auditorium was packed to capacity.

The entire membership of the southern Cape Breton area was ordered to meet at midnight on Monday on the beach at Lingan Bar, half way between the towns of Glace Bay and New Waterford, and within easy reach of every colliery in the southern area.

Here a moonlight committee was appointed and a shift of pickets for the different mines arranged. From Lingan Bar the detachments would march to take up picket duty outside the various coal mines. The promoters of this scheme declared it would be the most spectacular labor demonstration ever attempted in the maritime provinces and Sydney people were organizing scores of motor parties to visit the beach and witness the proceedings.

Word was received from trainmen arriving in the city on Saturday evening that Mrs. Sphyrman Seely was killed when she was struck by a freight train while attempting to cross the track near Tracey Station at 12:20 Saturday afternoon.

The accident occurred almost in front of the station and it is believed that Mrs. Seely saw the train, which was traveling toward St. John, approaching, but thought that she could get across the track before the train arrived. An unfortunate woman was seventy-six years of age. She was the widow of Joel Seely, who was killed by a train at the intersection of Tracey Station, with whom she lived, and Milburn, of Woodstock, and one daughter, Mrs. L. H. Phillips, Fredericton.

Miss B. Phillips, granddaughter of Mrs. Seely and daughter of Mrs. L. H. Phillips, of Fredericton, was in the city visiting her college classmate, Miss Zella Parise, daughter of Herbert Parise, of the North End, at the time when the news of her grandmother's death was received. Mr. Parise took Miss Phillips to Tracey by motor immediately.

R. K. Y. C. CRUISE ENDED; ANNUAL SERVICE SUNDAY

The annual cruise of the Royal Yacht Club was ended yesterday morning after the annual service at Sand Point. The service was attended by between 400 and 500 people and was deeply impressive. Besides the boats which had returned from the cruise, there were 100 or more other craft at anchor along the shore. The music was led by the Imperial orchestra, which was accommodated in the opera house at an special platform was erected for the ministers who took part. The service was conducted by the chaplain of the club, Rev. Dr. J. A. Morrison, of the First Presbyterian church, West St. John, who delivered an eloquent sermon. Rev. Craig W. Nichols, chaplain of the St. John Power Boat Club, read the prayers, and Ven. Archdeacon A. H. Crowfoot read the Scripture lessons. The benediction was pronounced by Very Rev. Dean Neales, of Fredericton. Mr. Pearce sang a solo by request, and it was greatly appreciated. A large collection was taken and will be given to the Protestant orphanages.

The cruise was disbanded after the service and the yachtsmen returned to Millidgeville. They were all sorry the trip was over, and their tanned faces were evidence of the healthfulness of their cruise. They all declared it to have been very pleasant, and in point of numbers it was the largest in the last ten years. Twelve sail boats and four motor-boats made the cruise. There was only one rainy day, and on all the sailing days there was a fair wind.

MRS. F. SEELY KILLED BY TRAIN

Was Struck by Freight Train While Attempting to Cross Tracks Near Tracey Station.

Word was received from trainmen arriving in the city on Saturday evening that Mrs. Sphyrman Seely was killed when she was struck by a freight train while attempting to cross the track near Tracey Station at 12:20 Saturday afternoon.

The accident occurred almost in front of the station and it is believed that Mrs. Seely saw the train, which was traveling toward St. John, approaching, but thought that she could get across the track before the train arrived. An unfortunate woman was seventy-six years of age. She was the widow of Joel Seely, who was killed by a train at the intersection of Tracey Station, with whom she lived, and Milburn, of Woodstock, and one daughter, Mrs. L. H. Phillips, Fredericton.

Miss B. Phillips, granddaughter of Mrs. Seely and daughter of Mrs. L. H. Phillips, of Fredericton, was in the city visiting her college classmate, Miss Zella Parise, daughter of Herbert Parise, of the North End, at the time when the news of her grandmother's death was received. Mr. Parise took Miss Phillips to Tracey by motor immediately.

Goods delivered to all parts of the city, East St. John, Glen Falls, Carleton, Fairville and Millford.

ROYALS DEFEAT SUSSEX 7 TO 4

The Royals motored to Sussex on Saturday afternoon and played the Sussex aggregation, defeating them by the score of 7 to 4. The game throughout was close and exciting. Two sensational running catches by Hogan of the Royals and a home run by the same man were features of the game. The splendid work of Nelson, who twirled for the Royals, was favorably commented upon. This placed him in the lead in the batting order. The Royals will try conclusions with the Boston team in a fast track match on Tuesday evening, but on account of the bad weather the game had to be postponed. A good exhibition of ball should be witnessed on Tuesday, as the Boston team have quite a reputation and the local men have shown their prowess in many a hard fought contest.

BIG GAME TONIGHT

It was announced last evening that "Bob" Acheson will umpire the game on the Queen square diamond this evening between Commercial and St. George's in the third round for the amateur championship of the city. Acheson will umpire the remaining games as well. The game this evening should be a luttner as both teams have won one each. Stirling and Kerr will likely be the opposing hurlers.

On Tuesday evening St. George's will play a team of old-timers. On Wednesday the Civics and a team to be selected will play for the benefit of the orphans. On Thursday Commercial and St. George's will meet in the fourth game of the championship series, while on Friday night an intermediate game will be staged.

BAND CONCERT TONIGHT.

This evening the St. John Fusiliers Band will deliver a concert on the King square. The following is the programme:

Oh Canada.
March—Victrol Nelson. W. Zehle
Overture—Le Serment. Auher
Solo—Selected. By Bandman. Croft

THE CASE FOR HYDRO

Sir Adam Beck does not mind words in his refutation of the assertions and conclusions reached in the Murray report on the respective merits and costs of publicly and privately owned and operated electric utilities. The Murray report was prepared at the request of the National Electric Light Association, and made comparisons which were not favorable to publicly owned hydro as in Ontario. This report was hailed with delight by all champions of private corporation control. It was quoted in St. John as a reason why the Musquash current should be handed over to the New Brunswick Power Company. Mr. Murray is an admitted opponent of government ownership, and he was reporting to people who wanted a case against public ownership made out. We have had a somewhat similar experience in St. John. It was not to be expected that Sir Adam Beck would permit the case for publicly owned hydro to be misrepresented or misjudged, and his reply has now been issued. Referring to "His garbling of documentary data;" "His general misrepresentation respecting the operations of the hydro commission;" "His unwarranted statements relating to the concentration of industries, or to the throttling of initiative;" "His puerile dealing with economic subjects;" "His unprofessional treatment of important technical data."

LORD NORTHCLEIFFE

British journalism will not be quite the same without the striking figure of Lord Northcliffe. If his influence had somewhat waned in recent years he was none the less the most remarkable example of individual success in journalism the recent history of Britain presents. He was one of five sons of the late Alfred Harmsworth, barrister of the Middle Temple, three of whom entered journalism, and two of whom, Lord Northcliffe and Lord Rothermere, rose to the peerage. The career of these brothers was sensational in the rapidity of their rise to influence and power, in journalism and in public life. Lord Northcliffe was a man of remarkable executive capacity, a tireless worker and a man stirred by lofty ambitions. He became a force to be reckoned with by governments. Under the guidance of the Harmsworth brothers London journalism entered upon a new phase, and if there were those who regarded their methods as too sensational for the steady going British press, there was no doubt about the influence they exerted on the public mind. The course pursued by Lord Northcliffe during the last few years did not, however, add to his strength in the country, which has so loyally followed the leadership of Mr. Lloyd George. His lordship had won an international fame, and the great journals whose policy he directed will keenly feel the loss of that great personality which dominated them for so many years. Lord Northcliffe understood and appreciated the aspirations of the Dominions overseas. He was a broad imperialist and in that sense served the Empire well. If he was not always right he was always forceful and had a large following. The story of his life would be a book of absorbing interest, both as a narrative of remarkable personal achievement and as a record of great events, involving the careers of the foremost men of the last quarter of a century in English public life.

MR. ARTHUR GRIFFITH

Friends of Ireland everywhere join in the feeling and expression of profound regret at the passing of Mr. Arthur Griffith, the steadfast, silent man whose wise counsel has done so much to make possible the Irish Free State. De Valera and others might pose and seek publicity, but Griffith cared only for his work and its success, and such honors as came to him came unsought. He was a powerful influence for sane conduct of Irish affairs and his death is a great loss to Ireland. There are other able leaders, and the task will be taken up by other hands, but the fame of Griffith will not pass away. His character and high purpose will be an inspiration to his colleagues and to others in Irish public life, and the work of pacification will go on to success. It has been the fate of Ireland to suffer from untoward events at critical moments in her history, and the passing of Mr. Griffith adds another to the list. It cannot be doubted, however, that his mantle will fall upon strong shoulders and his dream of an Irish Free State will not pass away. All through the recent troubled years his steadfast purpose and the quiet dignity of his conduct commanded the respect of all but the bitter extremists on both sides. Irish history will accord him a place of high honor in the nation's annals, and when peace has come a happier Ireland will be his monument.

NOT WORTH \$3,909,000

If the city of St. John agreed to a deal which would guarantee the interest on the first and second preferred stock of the New Brunswick Power Company, those securities would go to par. Any man holding stock guaranteeing five or six per cent interest would not want to sell at less than par, except in a case where he was forced to realize in order to get money. This means that if the city wanted to buy out the property at any time it would have to increase the city debt by \$3,909,000. In the meantime it would have spent another half million or so of its own money to put the plant in repair. Is that good business? Is it worth a good deal over a million dollars to the city to let the New Brunswick Power Company have its way when the city has the whip hand and by competition can force a shrinkage of value of the property to reasonable proportions? We are warned of the terrible things the company may do to us if we have the temerity to compete. There are hints of injunctions, law suits and what not. Is it likely that a company, the value of whose investment depends upon public patronage, would deliberately set itself to the task of antagonizing its patrons? The course the city should pursue is plain. There is no merely passing the buck and evading a duty that is clear because it was made clear by the civic elections. Such a course should not be pursued in the face of a recall which will materially change the personnel of the city council.

YESTERDAY IN CITY CHURCHES

Several distinguished visiting preachers were heard in the city pulpits yesterday and they delivered impressive messages. Rev. Percy R. Hayward, Ph. D., of Toronto, general secretary for Canada of the Religious Education Council, conducted the services in the Ludlow street Baptist church and large congregations were present to give him a cordial welcome. Rev. William Y. Chapman, D. D., of Newark (N. J.), occupied the pulpit of St. David's church and Rev. Frank O. Erb, of Philadelphia, was the preacher at the Central Baptist church. In the Chalmers street Baptist church, Rev. George B. Macdonald, pastor of the West End church, Halifax, conducted the services. Rev. Dr. Percy R. Hayward, general secretary for Canada of the Religious Education Council and formerly pastor of the Fairville Baptist church, was in the city over the week end and was warmly greeted by his many friends. He was staying with Mr. and Mrs. John Sime and left this morning for Digby on his way to Wallace to attend the leaders' training camp there. Dr. Hayward conducted the services in the Ludlow street Baptist church yesterday. He is a native of New Brunswick, having been born near Harland and was a graduate of the University of New Brunswick.

THE MOON LADY.

Sing a song of sundown,
I sat nodding on a stile
And the moon came through.

The moon, she was a lady
With floating silver hair,
Garments all of gossamer
And pearl chains to wear.

She made a sign of silence,
Lips with finger pressed,
For all the little wood-things
Were cuddled on her breast.

Field-mouse and chipmunk,
Bird and butterfly,
She never said a word because
Each asleep did lie.

I got up on tippy-toe
And laid down the bars;
And the lady moon went hrough,
Out to the stars.
—Edna Valentine Trapnell.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis
Formerly Technical Electrical Expert For U. S. Government

Lesson No. 76.
METHODS OF CHARGING STORAGE BATTERIES.

Many radio enthusiasts having electricity in the house for lighting purposes would prefer to charge their storage batteries themselves rather than go to the trouble of removing the battery to a service station.

Lighting circuits are usually at a potential of about 110 volts while the voltage for charging a six-volt storage battery should be only slightly greater than the voltage of the battery. It is therefore necessary to reduce the voltage from 110 volts to a voltage of proper value to charge the battery at the specified rate.

Lighting circuits are fed from either direct current or alternating current sources. Alternating current which reverses its direction in the wires in a way which would alternately charge and discharge the battery cannot be employed without rectifying the current in such a way as to cause it to flow in one direction only. Rectification is accomplished by means of valves which allow the current to flow in one direction but not in the other direction. Two common types of rectifiers are employed in battery charging devices. One makes use of a polarized relay which closes during one half the cycle while the alternating current is flowing in one direction but opens when the current attempts to flow in the other direction. Another type of rectifier makes use of the valve action of a vacuum tube.

The voltage of alternating current lighting circuits may be reduced to a voltage suitable for charging storage batteries by inserting resistance coils in the line or a number of incandescent lamps may be used in place of the resistance coils. Charging low voltage storage batteries from a 110-volt D. C. lighting circuit is a very uneconomical proposition since about only one-tenth of the energy consumed is delivered to the battery, the rest being given off in light and heat. Numerous types and makes of devices have recently appeared on the market for charging batteries from A. C. sources. After the first cost of such a device the battery can be fully charged in from ten to twenty hours at a cost of but a few cents for current.

Another method, employed in service stations in charging large numbers of storage batteries makes use of a motor generator set driven by a D. C. or A. C. motor of suitable size and voltage direct coupled to a low voltage high current D. C. generator.

Figure 1 shows the circuit for charging a battery of six volts from a 110 volt A. C. source employing a tube rectifier. Figure 2 shows the circuit for charging a six-volt storage battery from a 110-volt D. C. source using a number of lamps to reduce the charging current.

This Fast-As-Gas Oil Cook NEW PERFECTION Stove

is the stove you should use for summer cooking. Women everywhere are enthusiastic over this super stove. For the first time it combines gas stove speed with the well-known economy of cooking with kerosene oil, and it sets a new standard for beauty, strength, convenience and all round satisfaction.

Come in and let us demonstrate this latest and greatest addition to the New Perfection family. You will quickly recognize and appreciate the special features of this new range.

AUTOS KILLED
849 LAST YEAR
IN NEW YORK

Traffic Regulations and Closing Streets for Children's Play, However, Made the Ratio Lower.

New York, Aug. 14.—Babies who were too young to realize danger, and old men who couldn't move quickly enough to avoid it, swelled the total of accidental deaths to 849 in New York City last year, as the department reports reveal. This represents a decrease of 400 from the accidental deaths of 1919.

Only 987 of the victims were females, while 2,496 were males. Even among infants the death rate for males was by far the higher, probably, according to the health office, because boy babies often come to grief through inquisitiveness and a natural tendency to seek adventure.

The most important cause of accidental death from a numerical standpoint is the automobile," the report continues. "Last year 849 persons were killed in this city as the result of automobile accidents. This is equivalent to a ratio of almost fifteen per 100,000 of population and represents a net increase of one per cent over 1919.

"We must not lose sight, however, of the fact that the number of fatal street accidents has not kept pace with the increase in the number of vehicles using the streets. If the same ratio between accidents and vehicles obtained today in previous years, the fatalities would be many times greater, so that in reality a big saving in life has been effected through regulation of traffic and the closing of streets for play during certain hours of the day."

Almost twelve persons per 100,000—numbering 694—died in falls, says the report; 103 from scaffolds and buildings, and 188 from fire-escapes and windows.

"Certainly this was a needless loss of life," says the health department. "Almost one-third of these deaths occurred among children under five years of age. In other words, nearly eight children who were allowed to go out on fire-escapes or to lean out of windows.

"Surely this indicates gross negligence and calls for active propaganda to educate parents not to permit little tots to engage in such hazardous forms of play."

Wednesday, August 16th

DOLLAR DAY
St. John's Greatest City Wide
Single Bargain Day

Dollar day is one day set aside by the Retail Merchants' Association whereby the members offer store-wide reductions, not necessarily for one dollar, but at such savings that the dollar goes tremendously in value, and with so many merchants participating, Dollar Day is certainly St. John's Greatest City-Wide Bargain Day.

The Merchants Listed Below Will Offer Many Good Bargains. Call on Them.

VITALITY and HEALTH

New Treatment Brings Them Quickly Strong muscles, a keen eye, the most abundant strength and energy, and a splendid proportioned figure are yours almost for the asking. Just take two tablets of Ironized Yeast three times a day. Everyone knows that yeast is a wonderful builder of health, vitality, strength and good solid flesh and muscle. And the new ironization process enables the yeast to work twice as quickly. Get Ironized Yeast from your dealer today, and become the strong, well-formed athlete you've always wanted to be.

IRONIZED YEAST
Tablets
THE ONLY YEAST THAT IS GENUINELY IRONIZED

are on either side of a long chamber, with a lofty arched roof. Each stable can accommodate scores of animals, but the population of the royal mews has shrunk considerably in recent years. There are now but eighty-five splendid specimens of carriage and riding horses remain as against the normal figure of 105 in pre-war days.

Each horse has his name over his manger, and has his special duty assigned to him on the roll of the Master of the Horse. Here are the state coach horses, the special carriage pairs, the queen's barouche horses, the king's chargers, the horses of the Prince of Wales, Prince Henry and others.

The principal attraction of the coach houses is the great state coach which is used for coronations and a few other very special occasions when royalty is expected to put on all the style it can muster. It weighs four and one half tons, is twenty-four feet long and was built 160 years ago.

In the adjoining harness room are displayed in large glass cases the eight sets of red morocco leather harness overlaid with gold used by the eight horses that draw the great state coach. Each set of trappings is cut from a complete hide so that there is no joint in the leather. Gunmetal overlaid with gold was used for all the metal work, the eight sets costing £15,000.

The Master of the Horse has very little to do with the practical running of the royal stables. That is done by Captain Benbow. He is far too great a personage for work of this kind. He is paid £2,500 a year and must be a peer to be qualified for his position.

FAMOUS BRITISH WARSHIPS NOW USED AS TARGETS

No Profitable Sale for Those Scrapped by Agreement Reached at the Washington Conference.

London, July 26.—(A. P. by mail).—Having found no buyers for the great group of battleships which the Washington conference decreed should be scrapped, Great Britain is using the monitors as targets for the gunners of the royal navy and the bombers of the royal air force. Like the United States and France, this country has a dozen or more specially fine cruisers and monitors, a half tonnage of which must be relegated to the junk pile.

Thunderer, Monarch, Conqueror, Colossus, Agamemnon and Superb, which, like King George V, Princess Royal, Erin and Orion, monsters of 20,000 or more tons, once the pride of the Seven Seas, are all doomed. Costing more than \$15,000,000 originally, junk dealers have offered the government only \$20,000 apiece for them.

The navy is now engaged in a series of target tests on the famous battleships Agamemnon and Superb, which, like their sister ships, are to find their graves in the ocean at the hands of the gunners and jack tars that once manned them. The admiralty is trying by these tests to determine how a direct hit can be prevented from passing from the turret down the ammunition tube.

In the battle of Jutland, Invincible, Indefatigable and Queen Mary blew up because of a flash passing from the ammunition tube to the magazines below. So Superb is now in the English Channel and is being shelled at punishing distances to see whether or not the flash of explosion passes down to the powder and shell magazines under given conditions. Agamemnon, too, may soon need a successor. She is a moving target, more difficult to hit than Superb, which is stationary. She is propelled by steam, her speed as well as her steering apparatus are controlled by wireless in another ship.

The most exciting part of these tests is that played by the sloop Snardragon. She is responsible for taking accurate motion pictures of what happens to the target as the result of the shots. At times she runs the risk of being hit by the monster armor-piercing projectiles as well as being rammed by the 20,000-ton Agamemnon.

The Tilley picnic for the orphans from the various institutions held on Saturday at Seaside Park was a great success. About 150 children were present. A programme of sports and races was carried out as well as other entertainment. A prize of \$2 for the best dressed doll was awarded to Mrs. Daves of West St. John, who promptly presented it to a blind boy from the Silver Falls Orphanage. The tired but happy young stars returned to their institutions about seven o'clock.

hope of coming to the inn before nightfall. A letter written by Stevenson the day before he left for America to be married brought \$150, and an unpublished poem sent to an American collector for \$65.

Hands and Arms Made Surprisingly Beautiful

Girls, Derwillo not only beautifies your complexion, but it is wonderful for the hands and arms. Derwillo comes in three shades, white flesh and brunette. Since short sleeves are in vogue it is necessary to have your hands and arms look their best. A trial of Derwillo for this purpose will astonish you.

NATIONAL COUNCIL ON CHILD WELFARE

(Halifax Echo). The Canadian National Council on Child Welfare will hold its third annual conference in Toronto, opening Monday, September 25. The Mothers' Allowance Commissioners of the provinces, the Canadian Association of Child Protection Officers; the Religious Education Council of Canada; the Canadian National Committee on Mental Hygiene and the Canadian Association for the Prevention of Tuberculosis are all taking an active part in making this conference a success.

The problem of the feeble-minded and their care. This too, will be discussed by experts, and the people of Canada generally are anxious to know just what is the best solution of this and kindred social diseases. The treatment of the neglected and delinquent child naturally comes up in speaking of the feeble-minded class, for the vast majority come from that class. The feeble-minded parent, even though of the highest type of moron, is neither a wise nor a careful parent. The children of men and women are usually neglected and the step from neglect to delinquency is easily taken.

TO WAKE UP A LAZY LIVER

For "fiveness," constipation, biliousness, headache, drowsiness, bad complexion, etc., try drinking before breakfast a little Alikia Sulfates dissolved in hot water. Feel fit as a prize fighter all day.

When you sleep the heart immediately slows down and then the sluggish moving blood deposits greasy and acidulous poisons—toxins—throughout the system. Next morning the blood flows more rapidly again, but cannot flush out all the impurities accumulated overnight. That means a clogged liver and constipation, "the beginning of all diseases."

So poisons are sucked into the blood through thousands of absorbent intestinal glands. You should thoroughly cleanse the whole system by washing out all the poisons in the morning. Then your body acts better, same as a fire burns better with soot cleared from chimneys. In order to cleanse for a few ounces of refined Alikia Sulfates, and take before breakfast and once after the noon or evening meal, a teaspoonful of dissolved in a half tumbler of hot water. The before-breakfast dose promptly washes out all mucus and acidous poisons from the entire intestinal tract, leaving the way clear to receive and properly digest food.

The salinated water reaches the stomach by absorption, thus stimulating that organ and removing any congestion or sluggishness. This remarkable Alikia Sulfates compound is practically tasteless, also harmless as sugar, in any quantity, and it never gripes. Children love it, especially with a little sugar added. It is the greatest solvent and eliminant known to science, and its amazing curative properties will make you a crunk on the subject of internal cleanliness.—C. N. H.

HE SELLS IT AT ABOUT \$1.25 QUART

German Skipper With Whiskey Cargo Off the Swedish Coast. Talks of Business.

Stockholm, July 26.—(A. P. by mail).—Legislation in Sweden against drunkenness and consequent heavy taxation on liquor and beer have resulted in very high prices for alcohol of every kind, so much so that smuggling of drink into Sweden has developed all along the coast.

It is asserted that about 5,000 gallons from the Baltic are landed and sold in Sweden every day. Recently a German ship was said to be anchored outside territorial waters, with a cargo of spirits for sale. In order to establish the truth of this alleged run-running, the correspondent of The Associated Press decided upon a personal investigation. With a friend he embarked on a six-ton cutter for this Sandhamn, and after a pleasant sail in the moonlight came up with the vessel, which was riding at anchor with the usual lights showing.

On halting the vessel we were requested to go aboard and were received cordially by the captain. "Just waiting for somebody else," he said, "but you are very welcome anyhow." Asked down to the cabin, the visitors explained they were neither buyers of alcohol nor in the service of the customs, but only wanted to learn something first hand about selling spirits on the high seas.

The captain was a young German, about thirty years old. "You take me for a smuggler," he said, "or bootlegger, or you are quite mistaken. My name is Ludwig Wolf, formerly of the German navy. I do no business which cannot bear examination, and would not for anything in the world infringe on the privileges of Sweden. I am in international waters, and am entitled to trade here as much as I wish with anybody who wants to do business with me. I can offer you the purest and best whiskey, English and American at about \$1.25 a quart. I have the best Danish schnapps for three krona a bottle, and many thousand bottles of German brandy."

Wolf, referring to himself, explained that he had been paid off from the army when the armistice was declared, and on hearing of the liquor trade with Norway, he decided to join in it. I am not dealing for my own account," he said, "this business is organized in Hamburg by big capitalists. Liquor in Germany is very cheap and Scandinavian currencies very high, so although we sell

our own spirits, we still get a considerable profit from the sale of foreign liquors.

By the way, the government has placed large orders for rolling stock, signaling apparatus, structural steel work for bridges and other reconstruction work. The waterfalls built will apply several millions of kroner toward continued electrification, the construction of power stations, and canal repair work. Under new telegraph cables and construction lines.

Minister of Finance Thorsen, in a recent speech, said that even when Swedish industries reach the 1914 level of activity, there will be about 40,000 superfluous workers for whom employment must be found, chiefly in agriculture. To meet this situation preliminary work is now being done for establishing agricultural colonies for the unemployed, and the back-to-the-soil movement, said, will be one of the main questions for next year's Riksdag to settle.

Our portrait is of Mr. MICHAEL T. ROONEY, of 89, Granville Avenue, Halifax, England, who writes: "Some years ago whilst touring Ireland with 'Sanger's Royal Cures,' I contracted some kind of an irritable skin complaint, which seemed to baffle different treatments in the way of ointments and lotions, all of which utterly failed to give me the slightest relief. Recently at Long Eaton, where I am engaged as Advertising Manager of the Picturehouse, the conductor there begged me to try Sanger's Blood Purifier, which I refused. However, he, knowing its curative powers from experience, made me a present of a bottle, which I began to take. Recognizing a slight improvement in my limbs, I got another bottle, and continued the treatment until it had used four bottles, and now my skin is perfectly healthy again."

Job-Bel
THE WONDER SALVE
(Registered)
"It's great stuff for piles. I had them, bleeding, itching and protruding. The second application stopped the bleeding, and I have had no more since. No pain at all, but it's my own fault. I have felt so good I neglect myself. You can refer anyone to me."—A well known citizen's unsolicited testimony.

Sufferers from Bad Legs, Abscesses, Ulcers, Piles, Rheumatism, Scalds, Burns, Eruptions, Rheumatism, Eczema, Boils, Pimples, Eruptions, Rheumatism, Boils, should realize that lotions and ointments can but give temporary relief—to be sure of complete and lasting benefit, the blood must be thoroughly cleansed of the impure waste matter, the true cause of such troubles. Clarke's Blood Mixture quickly attacks, overcomes, and expels the impurities, that is why so many remarkable recoveries stand to its credit. Pleasant to take, and free from injurious ingredients.

Of all Dealers—see that you get

much cheaper than do registered dealers ashore, the profit for us is nearly 500 percent." He added he expected to get rid of his present cargo within a week and return for more. He made ten trips last year to Norway, and with the same number to Sweden this year he expects to clean up enough for a few years' rest.

THE POTATO CROP.

(Toronto Globe). The early potato crop in Ontario is reported to be a large one, and prices are inclined to be easy on the local fruit and vegetable exchange. So far as has been learned, there is no blight or disease affecting the crop as yet. This, however, cannot be said of the potatoes now growing in the New England States, where considerable blight is reported.

Further west, however, the crop appears to be better, although rain is wanted in spots. In Canada the crop in Prince Edward Island the acreage is considerably increased over last year.

KEEP FIT

Never let your system get run down -- keep fit all the time

As long as you keep yourself strong and healthy, it is almost impossible to contract colds and other contagious diseases. Don't wait until your system becomes weakened, but immediately notice you are not feeling up to the mark, start fortifying your system against disease by taking Carnol.

This remarkable apple specially to children who do not realize the importance of taking proper care of themselves.

Carnol is the ideal preparation for all run down conditions. It is an excellent remedy for anemia, consumption and all diseases of a wasting nature, due to impaired nutrition, poor and insufficient blood supply. Carnol provides food for the nerves and food for the body. It increases weight and builds up the whole system.

Powder is of special value in the treatment of all nervous conditions marked by depression of the vital forces and usually caused by prolonged mental strain, overwork, nervous prostration.

Carnol has proven an excellent remedy in Ricketts, that common disease of ill-nourished children, and in other ailments.

Carnol is composed of that wonderful nerve tonic—glycerophosphate salts. This is common to snow phosphate over as "The Blood Salt." It is the best blood builder and nerve invigorator yet devised. Carnol also contains the soluble nutritive properties of fresh beef which stimulates and nourishes the system.

In addition, there is cod liver's extract with all the mauling, bad-tasting elements removed. Carnol is sold by your druggist, and if you can conscientiously prefer over you have tried it, the druggist's done you any good, return the empty bottle to him and he will refund you money.

MARRIED TYPOS SHUT OUT AT BIG PICNIC

Single Men Win Baseball Game 8 to 0—Feast, Dancing, Sports and a Photographing at Crystal Beach.

The St. John Typographical Union No. 85 held its third annual picnic at Crystal Beach on Saturday. About 150 of the typos, their wives and families and guests went on the trip and everybody had a grand time. The steamer Dream took the party up to Crystal Beach and back, and on the way the picnickers enjoyed some excellent music. A. W. Petch provided a gramophone and a selection of popular records, and the McEachern quartette sang some selections which were greatly appreciated. All the picnickers joined in singing choruses with a good will. Arrived at the picnic grounds the first item on the programme was the taking of a group photograph. Then the sports and races were put on. There were contests for everybody. A baseball match between the married men and the single men resulted in a shut-out for the married men, while the single men ran their score up to eight. Supper was served at 5.30 p.m. and there had been no error, typographical or otherwise, in planning for the feast. It was done full justice, and besides there were fruit, ice cream and candy in plentiful supply for everybody. After supper there was dancing in the pavilion, and A. Treccardis with his accordion provided the accompaniment. Before leaving for home the picnickers gave three cheers and a tiger for the genial proprietor of Crystal Beach, Mr. Palmer, and Mrs. Palmer. The committee in charge of the arrangements for the picnic was as follows:—Chairman, E. H. Toole, and members, F. W. Stanton, H. McEachern, H. T. Campbell, J. M. Thompson, E. Sage, John Fitzpatrick, Miss Long and Mrs. Weir. The prize winners in the various sports and games were as follows:—Air gun, Cecil Gaynor; bean board, ladies, Mrs. Patterson; gentlemen, J. Maxwell; 100 yard dash, L. Thompson; fat men's race, J. Standing; ladies' needle and thread race, Mrs. H. T. Campbell; single ladies' race, Miss M. Treccardis; married ladies' race, first, Mrs. J. Standing; second, Mrs. G. Lake; third, Mrs. E. Hainsay; fat ladies' race, Mrs. E. H. Toole; wheelbarrow race, Harry Barton and E. L. Sage, Jr.; hop, step and jump, L. Thompson; running broad jump, J. Russell; three-legged

MISS ADAMS LEAVES FOR VANCOUVER, B. C.

Miss Marguerite M. Adams left yesterday afternoon for Vancouver where she will take a course at the Normal school before entering on her duties as a teacher in British Columbia. She was accompanied by her mother, Mrs. H. Adams. Miss Adams has been a valued member of the High school staff in the city and has gone to the west to accept a responsible position in her chosen profession of teaching. Miss Adams graduated from the U. N. B., in 1915 with honors in mathematics and physics, and has been a brilliant pupil and teacher. She was a member of the Y. W. C. A. basketball team, the "Byngs" which claimed the girls provincial championship, last season. There was a large

A ST. JOHN GIRL WINS \$100 PRIZE

Miss Kathleen Logan, of this city, who is a student nurse in the Massachusetts General Hospital, Boston, has been awarded a prize of \$100 for leading the first year class in practical and theoretical work. Her sister, Miss Edna Logan, who is also a member of the same class, stood well up in her class. These young women, who are daughters of James T. Logan, were in the city yesterday while on their vacation, and their friends here are very gratified by the fine showing they have made in their studies.

Sunlight is all pure soap, with no adulterants, therefore it is the most economical soap you can buy. LEVER BROTHERS LIMITED, TORONTO, ONT.

BISHOP LEBLANC'S CONFIRMATION TOUR

His lordship Bishop LeBlanc, accompanied by Rev. Raymond McCarthy, has returned from Charlotte county, where he administered the sacrament of confirmation at several places. At the church of the Holy Rosary, St. Stephen, Thursday morning, mass was celebrated by the pastor, Rt. Rev. Mgr. J. M. O'Flaherty, D.P., and a class of about thirty was confirmed. In the evening, at St. Stephen's church, Milltown, Rev. M. T. Murphy, pastor, Monsignor O'Flaherty gave the benediction of the blessed sacrament following a class of about twenty candidates receiving the sacred rite. At St. Andrew's church, St. Andrews, the pastor, Rev. D. S. O'Keefe, celebrated mass on Friday morning, after which his lordship confirmed a class of about twenty candidates. In the afternoon, at Rolling Dam, his lordship confirmed about twenty-five candidates. At each service his lordship made an appropriate address, in which he emphasized the importance and seriousness of the obligations assumed by the confirmands. Fr. McCarthy, whose home is at St. Andrews, also spoke at each service. Bishop LeBlanc will pontificate at the Grand Pre celebration on Wednesday.

No waste with Carnation Milk

Housewives who use Carnation never waste milk, summer or winter. Bought even by the case, it keeps - for several months in the can and for several days when opened. And Carnation Milk can be used as cream, for it is thick and rich. Add water to Carnation Milk for all ordinary uses. For tea and coffee, for fruit and cereals, for whipping, use it undiluted as it comes from the can. Carnation Milk is just pure, cows' milk, brought to you safe and doubly rich. Part of the water is taken out by evaporation and nothing added. It meets all milk needs of every home, and you always have it on hand. Carnation Milk is bought the convenient way - from the grocer. Order several tall (16 oz.) cans or a case of 48 cans with your next grocery order. Send for the Carnation Recipe Book. It's a beautifully illustrated book of more than one hundred recipes which will be sent free to you at your request. All the recipes have been tested by domestic science experts. Write for this book today.

CREAMED CHIPPED BEEF

1/2 teaspoonful salt, 2 tablespoonfuls butter, 1/2 cup Carnation Milk, 1 cup water, 2 tablespoonfuls flour, 1/2 teaspoonful pepper, 1/2 pound of chipped beef. Melt butter, add flour, stirring constantly until thoroughly blended; add the liquid, salt and pepper. Let boil until thickened, stirring occasionally. Add beef and continue cooking until beef is heated through. Turn on to a hot platter and garnish with toast points. This recipe will serve four people.

FALSE BOTTOMS IN MOVING VANS YIELD TREASURE

Ingenious Scheme to Carry Liquor from Montreal is Revealed.

Windsor, Aug. 14.—Concealed from view in cleverly constructed false bottoms on two large covered furniture vans, Scotch whisky and approximately \$7,000 worth of cognac was discovered and confiscated by Provincial police at Sunnyside, a resort on the river front, seven miles below Windsor.

Law Burke and his brother, William Burke, drivers of the vehicles, were arrested. They face three charges: transporting liquor on a public highway in Ontario, having liquor in a place other than private dwellings, and transporting liquor from one province to another.

When provincial men arrived at Sunnyside the two vans, piled high with furniture, were just pulling in, after a four-day direct run from Montreal. Casual inspection of the vehicles revealed nothing.

Then Inspector Putnam and his men took off their coats and pelted out the furniture. It was covered with a thick coating of dust, and apparently had not been touched in some time.

When the last article had been removed, with no sign of any liquor, the rum-hunters were non-plussed, believing they had trailed along wrong tracks. Examination of the bottoms of the vans, however, showed them to be of unusual thickness. Further inspection revealed strongly built false bottoms. In each van were 350 bottles of choice brands of "Scotch." There was a separate compartment for each bottle of precious fluid, and this was carefully padded to prevent rambling or breakage.

WOMAN TO PUBLISH DAILY NEWSPAPER IN JERUSALEM

Jerusalem, July 15.—(Associated Press by Mail)—Jerusalem soon is to have a daily newspaper published in English. It will be owned and edited by an American woman, Mrs. Estlin, of New York, who has spent several months in Palestine studying local conditions. She has paid \$250,000 for a building to be used for her venture. The press and other

AIRCRAFT AND THE CAPITAL SHIP

Question Raised in the House of Lords

Lord Lee Says Policy Unchanged and Great Battle-Ship Regarded as Indispensable—Smoke Screens from Attacking Air Vessels Effective.

London, July 26.—(Associated Press by Mail)—The question of the aircraft menace and the building of the two capital ships sanctioned by the Washington Naval agreement, has been raised in the House of Lords by the Marquis of Linlithgow.

Why, he asked, should it be thought that supremacy in the air would give to the belligerent that obtained it the military advantage belonging to command of the sea?

Also he doubted that the bomb-dropping or torpedo-firing airplane would be able to neutralize the capital ship, against which a stream of "interested propaganda" was being directed.

Lord Lee replied that Britain's naval policy was unchanged and the capital ship was still regarded as indispensable.

"There have been no new developments in connection with either aerial or underwater attack," he said, "which necessitate a reversal of the decision of the government to proceed with these capital ships, or, indeed, any modification in the constructional designs which have been already approved."

"It is the view of the Admiralty and its military advisers," he added, "fortified and based on the experience of the war and by a long series of experiments, that it is possible, both constructionally and financially, to build capital ships which shall be reasonably well protected against any known or likely methods of attack. The necessary designs for that

LOST—WHITE POMERANIAN DOG.—Return 25 Coburg St. Reward—\$16. 7209-8-16

"Unless these two capital ships are proceeded with," Lord Lee concluded, "we shall have to abandon the one power standard and fall to the power of the United States and Japan, in the most vital portion of a fleet. Such a course would be fatal to our prestige and incompatible with government pledges."

Britain still rules the air though she may not quite rule the waves. So she claims the air ministry in a statement. From this it appears that:—The British Navy is better equipped in regard to aircraft than that of any other power.

The number of fighting aircraft available for the navy can be expanded at the briefest notice, and pilots supplied.

Important new types of machines for the use of the navy soon will be adopted.

"Development of the naval wing of flying," said an official of the air ministry, "has been greater in England than in any other country. We claim that the naval side of the air service is the most efficient and up-to-date in the world."

"At any moment we can put 700 or 800 machines into the air, and we have an additional 3,000 machines available."

Secret tests carried out by aircraft attacks on battleships are said to have proved the effectiveness of smoke screens thrown out by aircraft before attacking

LIVERPOOL HEARS OF FIRES IN CORK (C. P. R. Despatch.) Liverpool, Aug. 14.—Persons arriving here from Cork on Saturday said that the government house and other buildings in the city were burning. Others reaching here from Queenstown reported that some of the buildings in that port were on fire. The latest advices received from Cork are to the effect that, with the exception of the postal service, conditions are normal. During the burning of the barracks and other buildings several of the irregular troops were entrapped and had to be rescued by means of ladders. The constant explosion of bombs and the rifle fighting created terror among the residents. Use the Want Ad. Way

MONCTON AND OTHER TOWNS (Moncton Transcript.) One of the features of the last available industrial census of the maritime provinces was the rapid growth of manufacturing in Moncton, while many other manufacturing centres were marking time or going backward. Here are some comparative figures of special interest, showing capital invested in manufacturing and the value of the product: Moncton: Capital Invested, 1917 \$2,452,570, 1918 \$2,452,570, 1919 \$2,452,570. Value of Product, 1917 \$1,243,425, 1918 \$1,243,425, 1919 \$1,243,425. The jump of five million in the value of the manufacturing of Moncton from 1917 to 1919 is rather remarkable, when it is observed that towns like Fredericton and New Glasgow showed a diminution of manufacturing activity, while Amherst only made a slight gain. These figures include the cost of raw material. Detaching the cost of raw material from the total value of the product, we find that the value added by the manufacturing process in Moncton

AQUATIC

Westfield Water Sports. The water sports under the auspices of the Westfield country club were held on Saturday afternoon at Ononette, with about 200 persons competing. Many people from the city and other places attended. Prizes were awarded to the winners of all events, and cups to the highest point winners in the four classes. Eleanor Day captured the girls' division, and Leslie Stratton the boys. In the senior ladies' class, Miss Maggie Chestnut and Miss Gertrude Ewing shared the honors, while A. McAndrews, H. A. Morrison, Donald McLaughlin and Herman Hatfield tied for leadership among the men.

Following are the results of the events: 25 yards swim, boys 13 years and under—1st, Leslie Stratton; 2nd, Gordon Hatfield.

25 yards swim, boys 16 years and under—1st, Douglas McKinley; 2nd, Donald Stratton.

25 yards swim, girls 13 years and under—1st, Margaret McMullen.

25 yards swim, girls 16 years and under—1st, Eleanor Day; 2nd, Maggie Chestnut.

50 yards swim, ladies—1st, Isabel Bahbit; 2nd, Mildred Morrison.

50 yards swim, men—1st, Donald Stratton; 2nd, Gordon Hatfield.

100 yards swim, men—1st, Donald Stratton; 2nd, Herman Hatfield.

100 yards swim, boys 13 years and under—1st, Leslie Stratton; 2nd, Gordon Hatfield.

100 yards swim, boys 16 years and under—1st, Eleanor Day.

100 yards swim, men—1st, Donald McLaughlin; 2nd, Herman Hatfield.

220 yards ladies' doubles canoe race—1st, Maggie Chestnut and Isobel Bahbit; 2nd, Gertrude Ewing and Margaret Day.

440 yards men's doubles canoe race—1st, A. McAndrews and H. Bustin; 2nd, G. Kelley and J. Welsford.

220 yards boys doubles canoe race—1st, Charles Barker and Robert Langstroth; 2nd, Harry Humphrey and Ralph Warwick.

150 yards ladies' singles canoe race—1st, Maggie Chestnut; 2nd, Gertrude Ewing.

220 yards men's singles canoe race—1st, A. McAndrews; 2nd, William McMullen.

220 yards junior mixed doubles canoe race—1st, Eleanor Day and Tom McAvity; 2nd, Betty Neales and Gordon Corbett.

220 yards senior mixed doubles canoe race—1st, Gertrude Ewing and H. A. Morrison; 2nd, Mildred Morrison and G. Kelley.

Junior tilting contest—Won by Cyril McMullen and Donald Stratton.

Ladies' obstacle race—1st, Eleanor Day; 2nd, Frances Ewing.

Senior tilting contest—Won by H. Bustin and A. McAndrews.

Senior hurry-scurry race, swimming and paddling—1st, H. A. Morrison; 2nd, Wilsie Currie.

Dinghy race—Eight dinghies started in the dinghy race at 4 o'clock, which

Why men call it "the Holder that Holds"

THE Williams' stick never gets loose—never wobbles—never breaks off or twists out. It holds. This is because it's held in by metal on metal. A threaded metal collar is put on the soap. The collar screws into the metal base. Neither changing climate nor hot bathrooms can loosen this dead-sure grip.

Williams' HOLDER TOP SHAVING STICK

The J. B. Williams Co., 655 Drolet St., Montreal, Canada

MANAGERS REGRET REFUSAL TO PLAY LAST THURSDAY

The managers of the St. Peter's and St. John's apparently have decided that they both acted too hastily last Thursday when they refused to permit the arbitration board to settle their disputes but tried to argue the matter before the game and then finally refused to play, thus disappointing the crowd that had assembled to witness the contest, as they issued an apology on Saturday night to the baseball fans of this city. They also appear to have realized their mistake and it seems that they have learned their lesson that the baseball field is for the purpose of playing the game and that disputes should be settled by the board appointed for that purpose. The apology is as follows: To the fans of this city: As managers of the two senior baseball teams in St. John we humbly wish to apologize publicly to the baseball fans of this city for the occurrence on St. Peter's Park on Thursday evening last when we refused to play the regular scheduled league game and disappointed several hundred fans. We sincerely regret the incident and we will guarantee that there will be no recurrence of such a scene again. We hope to give the fans some real baseball during the balance of the season.

was won by Harry Heans who finished at 4:36. Cecil Herrington was a very close second, finishing thirty seconds later. E. N. Herrington, who was third, finished at 4:38. Following is the list of the officials: Starter, A. J. Tufts. Referee, Frank White. Judges, Frank L. Peters, George N. Hatfield and A. Hartley Case. Scorer, Ralph W. Stephenson. Water sports committee, chairman, Hammond J. Evans; vice-chairman, Harry R. Dunn; secretary, H. Allister Morrison; assistant secretary, James S. Hoyt.

Hilton Belyea Wins. About 1,000 assembled along the city wharves on Saturday evening to see Hilton Belyea get his second hold on the Wigmore cup. This cup is a handsome trophy, awarded for the St. John harbor championship, and has to be won three times in order to entitle the winner to permanent ownership. Hilton won the cup last year, racing against Bobbie Belyea and Grenville McCavour. This year Belyea's only opponent was young McCavour, but the race was quite thrilling and the finish was a close one. The contestants lined up for the start at the North wharf at about 6:30 o'clock and the race was all over before 7:05 o'clock. McCavour led the whole way and was ahead almost to the last, when Hilton sprinted and passed his opponent, winning by a few feet. Both contestants rowed a good course, but some drift wood interfered at times. Frank White acted as starter. The officials of the race were on the tug Watson, which was anchored off the North wharf.

SACKVILLE TO HAVE NEXT TOURNAMENT. A meeting of the New Brunswick Tennis Association was held on the Rothesay courts on Saturday afternoon with F. R. Taylor, K. C., presiding. Representatives were present from Moncton, Sackville, Fredericton, Westfield, Renforth, Drury Cove and Rothesay. It was decided to hold next year's provincial tournament at Sackville in the week commencing the second Monday in August. A motion was unanimously carried to do away with challenge rounds and to have the champions play right through the tournament. It was decided to adopt a partial seeded draw in place of the blind draw hitherto used. The champion and runner-up each year will be placed in opposite ends of the draw to ensure their not meeting in the early rounds. A motion of thanks was passed to George F. Holly, the secretary-treasurer of the association, for his work throughout the season and at the tournament. The following officers were elected for 1923: W. T. Wood, Sackville, president; F. R. Taylor, Rothesay, vice-president; George F. Holly, Rothesay, secretary-treasurer.

EXPECTED TO PLAN INTER-CITY SERIES FOR CHAMPIONSHIP. (Canadian Press Despatch) Fredericton, Aug. 13.—Representatives of St. Stephen, St. John, Moncton and Fredericton are expected to meet here Monday evening to complete arrangements for a series of baseball games between professional clubs representing the places mentioned, for the championship of New Brunswick. It is expected that the formation of a New Brunswick baseball league for professional teams for 1923 will also be commenced. Locally such a league is highly favored. A. W. Covey Back From Trip. A. W. Covey, president of the M. P. B. A. A. U. of C., arrived back on Saturday from a trip through Nova Scotia. While in that province he investigated the report that the Springhill team was playing semi-pro ball under the guise of amateurs and found that there was absolutely no truth in the rumour. Mr. Covey said last evening that amateur sport was flourishing in the sister province.

BASEBALL. St. Johns Win Twice. The St. Johns handed the speedy Newburyport team a double trimming on Saturday. Parlee pitched two innings of the afternoon game, after Kirkpatrick weakened, and then twirled the whole evening game. The St. Johns were strong with the bat in both games, and the outfield distinguished themselves more than once. Ware played a strong game for the visitors. The score in the afternoon game was 6-2.

Table with 5 columns: Name, A, B, R, H, P, O, A, E. Rows include Ware, Fraser, McCarthy, Dillon, O'Brien, Conley, McNeil, McCourt, White, and Totals.

Score by Innings: Newburyport 000001100-2, St. Johns 40000002-6. Summary: Three-base hit, Kirkpatrick. Two-base hits, Ware, McCarthy, Conley, Marshall and Sterling. Sacrifice hits, Marshall and Fraser. Struck out, by Kirkpatrick, 4; by Parlee, 2; by Conley, 5. Bases on balls, by Kirkpatrick, 3. Stolen bases, McCarthy, Ramsay, Sterling, Conley, McNeil and White.

On the South End diamond on Saturday evening the South End All-Stars defeated the Rocklands by a score of 6 to 3 in a fast and exciting game. The batteries were: For the winners, Sparks and Stone; for the losers, Colan and Jones.

East End Intermediates. The East End Clippers took both ends of a double-header from the Imperials on Saturday afternoon at the East End diamond. In the first game the Clippers had the edge, the final score being 7 to 3. In the second game both teams played air-tight ball except in the fifth inning, when a costly error by Bettle on third with two out gave the Clippers their only run and the game. Batteries were: First game—For the Clippers, the Griffin brothers; for the Imperials, Mullaney and Johnston. Second game: For the Clippers, Ramsey and Griffin; for the Imperials, Rogers and Young.

Table with 5 columns: Name, A, B, R, H, P, O, A, E. Rows include Ware, Fraser, McCarthy, Dillon, O'Brien, Conley, McNeil, McCourt, White, and Totals.

Score by Innings: Newburyport 001010200-6, St. Johns 000002130-8. Summary: Three-base hit, Kirkpatrick. Two-base hits, Ware, McCarthy, Conley, Marshall and Sterling. Sacrifice hits, Marshall and Fraser. Struck out, by Kirkpatrick, 4; by Parlee, 2; by Conley, 5. Bases on balls, by Kirkpatrick, 3. Stolen bases, McCarthy, Ramsay, Sterling, Conley, McNeil and White.

Score by Innings: Newburyport 001010200-6, St. Johns 000002130-8. Summary: Three-base hit, Kirkpatrick. Two-base hits, Ware, McCarthy, Conley, Marshall and Sterling. Sacrifice hits, Marshall and Fraser. Struck out, by Kirkpatrick, 4; by Parlee, 2; by Conley, 5. Bases on balls, by Kirkpatrick, 3. Stolen bases, McCarthy, Ramsay, Sterling, Conley, McNeil and White.

Score by Innings: Newburyport 001010200-6, St. Johns 000002130-8. Summary: Three-base hit, Kirkpatrick. Two-base hits, Ware, McCarthy, Conley, Marshall and Sterling. Sacrifice hits, Marshall and Fraser. Struck out, by Kirkpatrick, 4; by Parlee, 2; by Conley, 5. Bases on balls, by Kirkpatrick, 3. Stolen bases, McCarthy, Ramsay, Sterling, Conley, McNeil and White.

VENETIAN GARDENS TONIGHT "BLACK-WHITE ORCHESTRA".

PAMDENEK WINS. Pandenec won from Drury Cove in an inter-club tennis match played on the Pandenec courts on Saturday afternoon, by taking six of the eleven events. The courts, which were opened a few weeks ago, were in fairly good shape, and a large crowd of enthusiastic spectators were on hand to witness the match. After play had been completed, the Drury Cove players were entertained at tea by the Pandenec Outing Association. The return match will be played on the Drury Cove courts next Saturday. ST. PETERS AND ST. JOHNS WILL PLAY AGAIN TONIGHT. The St. Peters and St. Johns are to meet tonight in a regular league game, starting at seven o'clock sharp, and a keenly-fought contest is anticipated.

LOCAL NEWS

POLICEMAN RETURNS.
Edward Quinlan, who on last Wednesday tendered his resignation as a policeman to the chief of police, was again this morning sworn in by Magistrate Ritchie as a member of the city police force.

NORTH END BAND CONCERT.
As the first gun in the big campaign for the funds for the new health centre, there is to be a band concert this evening in Victoria concert hall. The City Cornet Band, and the Victorian Order Nurses will be on hand to sell ice cream, the proceeds of which will go to swell the tag day total.

PROPERTY SALES.
A property at 20 Marsh street, sold at public auction on Saturday by F. L. Potts, brought \$825, and was bought by Edward A. Farren. A city fire horse was bid in by George Chamberlain for \$60. The Sadleir property at 380 Union street, also put up at auction by Mr. Potts on Saturday, was withdrawn at \$6,400, by the Canada Permanent Trust Company, to whom W. H. B. Sadleir made an assignment recently.

ALL MAY BENEFIT.
If it is asked why people living outside of St. John city should be interested in a tag day for the Health Centre here, the answer is that all may benefit. For example, a mother at Rothesay, Hampton or Westfield could bring her child to a clinic here and have it examined and a course of treatment recommended. Then the training school for public health nurses will be of the greatest value to the whole province. This will be much more than a merely city institution.

REGINA PRESENTS SHIELD.
A shield presented by the mayor and citizens of the City of Regina to the White Star Dominion Line steamer bearing the name of their city has been placed on board the steamer. It occupies the place of honor in the main compartment. The shield proper is of sterling silver and is mounted on solid oak. The crest shows the Royal Crown. On the upper half of the shield is the buffalo, and on the lower half is a sheaf of wheat, in beaten gold. The city's motto, "Regina Floreat," engrossed on the scroll, means "Let Regina Flourish." The coat-of-arms forming part of the common seal of the city is similar to this design.

NO CHANGE AT HAYMARKET SQ.

Proposal to Widen Roadway Defeated in Council—The Matter of Comfort Stations.

At a committee meeting of the common council this morning the proposed extension of the roadway on the southern side of Haymarket Square was dealt with. Mayor McLellan said that after looking over the ground he felt that no changes were necessary with an exception of having the cars running to East St. John and Glen Falls stop further along the square nearer the water fountain. Commissioner Thornton and Wiermelt felt that the change of the roadway parking place would eliminate the existing trouble, but one objection to the side by side used to handle the passengers. Commissioner Bullock was in favor of widening the street by doing away with the walk. He said that now is the proper time to make a change. In order to bring the matter to a head, Commissioner Frink moved the adoption of an amendment to the original plan to provide for widening the roadway at the turn. The motion was put and the amendment to Commissioner Bullock alone supporting it. Commissioner Thornton submitted a communication received from the Canadian National Safety League asking permission to send with the 1923 markers literature to motorists in New Brunswick regarding an educational week, which is proposed to be set aside next year, during which people will be instructed as to safety first methods. The communication was referred to the commissioner of public safety. Commissioner Bullock asked for information as to why the "comfort station" at Market Square was closed up, and advocated that it be put in proper shape or else the leases be cancelled and the buildings demolished, as they are a public menace.

GOOD TIME AT EDITH AVE. PICNIC

One of the most successful outings held by the people of East St. John took place on Saturday afternoon, when more than 100 motored down to Battery Point, Head, an idea spot for a picnic. The members of the Sunday school and their friends enjoyed a fine programme of sports and games, after which a bountiful supper was served by the ladies.

At the close of the programme short addresses were given by the pastor, Rev. Isaac Brindley, Rev. Wm. Lawson and Rev. R. J. Houghton. A. F. Burditt, superintendent of the school, was chairman of the picnic committee, and O. J. Lawson in charge of the sports.

Rev. Isaac Brindley, H. B. Franklin and Rev. Wm. Lawson acted as judges, and Harry Archer as starter. Winners of the races were:—
Boys, 50 yards—E. Chamberlain.
Girls, 50 yards—Meretta Haughton.
Boys, 25 yards—G. Young.
Girls, 25 yards—M. Parker.
Kindergarten race—E. Parlee.
Three-legged race—R. Shillington and W. Davidson.
Broad jump—E. Chamberlain.
Hopping race—Meretta Haughton.
Thread and needle race—E. Chamberlain.
Teachers' race—Mrs. McKenzie.
Walking race—K. Franklin.
Wheelbarrow race—B. Farnham and W. Wilson.
Men's 100 yard—H. Archer.
Special prizes for the juniors were donated by Aleck Taylor.

DELEGATES AWAY TO NEW GLASGOW

Pythians Leave to Attend the Meeting of Grand Lodge—Members of Sisterhood Also to Attend.

About thirty delegates from the four lodges of the Knights of Pythias in the city left on today's train for New Glasgow to attend the sessions of the Grand Lodge of the maritime provinces to be held there commencing tomorrow and continuing until Thursday. There will also be a meeting of the Pythian Sisterhood of the maritime provinces in New Glasgow at the same time, and four delegates will attend from the city temples.

The knights attending the session from the city are:—Union Lodge, Walter Peters, Fred Doig, Fred E. Hanington, R. H. Murray, W. C. Clarke and N. L. Brennan; New Glasgow Lodge, Robert C. Scott, Arthur H. Starkie, W. P. Thompson, J. E. Arthur, Ernest E. Thomas, Charles T. Jones, R. C. Thomas, John N. C. Jones, Reverend Steeves and Howard Mowatt; Carleton Tower Lodge, R. H. Irwin, Frank H. Gardner and Charles Emerson; St. John Lodge, North End, J. A. Mowry, Joseph Irvine, S. W. McMackin, C. C. Green, O. S. Dykeman, A. L. Dykeman, L. D. Munro, and E. S. Waters.

The Pythian Sisters delegation was composed of the following:—Moulton Temple, Mrs. Guy Walters, Mrs. Frank Grieson, Loyall Temple, West Side, Mrs. Charles Green and Mrs. Ellsworth.

The knights had a special car on the Halifax train together with the delegates from Fredericton and St. Stephen and will be joined at Moncton by more knights from that city.

AGED KINGS CO. RESIDENT DEAD

Elkanah Hall Passes Away in Penobscot at Age of 82—Leaves Large Family.

Sussex, Aug. 14.—At 1:30 o'clock this morning Elkanah Hall died at his residence, Penobscot, at the age of eighty-two years and six months. Mr. Hall was one of the oldest and most highly-respected residents of the Parish of Cardwell. As a young man he engaged in lumbering and resided in this village but soon after his marriage he bought the farm where he has since resided, adding to it the Morton Meadows on the one side and the Sags Springs Meadows on the other side, until he owned one of the best farms in the county. Fifty-one years ago he married Carrie Chittick of Angance Ridge, who survives him. He was the father of a family of two sons and nine daughters, all of whom survive him except one daughter who died in childhood. The children are all married except Miss Cora, who lives at home. The other children are: Bryon, who lives at home, Herbert Hall, Lonsdale; Blanche, wife of A. E. Pearson, barrister, Sussex; Gladie, wife of E. A. Nixon, and Sadie, wife of Arthur Gardner, both of Portland, Me.; Annie, wife of William Westcott, Roxbury, Mass.; Catherine, wife of Morley T. Wilshire, Montreal; Edith, wife of Harold Freeze, Penobscot; Gertrude, wife of Harry Allen, Sussex; and Carrie, wife of William Creighton, Sussex Corner. He also leaves eleven grandchildren and three great-grandchildren. The children are expected home for the funeral, which will be held at two o'clock on Wednesday afternoon. Service at his late residence, with interment at Penobscot Lower cemetery.

BOYS HOME AFTER A HAPPY TIME

It was a happy, satisfied and sun-burned group of lads who returned on Saturday afternoon to the city after spending the last two weeks at the first camp of the Y. M. C. I. troops of Boy Scouts. So enjoyable was the time spent on the beautiful grounds at Torryburn that it was with great reluctance that the boys on Saturday morning after breakfast started to strike the tents which had been their homes for the last fortnight.

Everyone of them was enthusiastic over the first venture in this direction and not only indicated his intention of coming to the camp next year, but also of bringing some of his young friends along with him. Rain or shine—it made no difference, the time was well and profitably spent and the fact that no accident or sickness marred the occasion was a source of satisfaction to the boys and their parents.

ROADS TO CITY NAVIGATION

Commissioner Thornton has had a line painted across the pavement on the southern side of King square warning automobile owners and chauffeurs not to park their cars beyond that line. He explained that he did this to avoid crowding at the corners as there were times when it would have been almost impossible for fire apparatus to make a turn there if necessary.

ON A CANOE TRIP

Carleton Observer:—Two young men, Messrs. Hutchinson and Machum of St. John, arrived in town on Saturday with a canoe and camping outfit, on the C. P. R. Mr. Hutchinson was a member of St. Matthew's church, St. John, when Rev. Mr. Hardwick was minister there, and he telephoned to him on Saturday night, and on Sunday morning met him and renewed their acquaintanceship. Five years makes a deal of difference in a growing boy. Then he was a school boy, now he is a student in Tufts College, Mass. They are making their way back to St. John by canoe, camping each night by the river side.

We Have Just Received Direct From France
