TWELVE PAGES—ONE CENT

Makes Appeal To Men of The Unions

Thomas, M. P., Says Keep to Constitutional Lines

THE OLD COUNTRY SITUATION Manufacturers and Union Delegates Hold Conference — All Ireland Meets Calls for 44 Hour Week and Large Wage Increase

London, Feb. 10.—At a big meeting of the railwaymen yesterday, James Henry Thomas, Labor M. P., and secretary of the National Union of Railwaymen, made a strong appeal to the laborites to keep the labor movement on constitutional lines. It was within their union's power, he said, to say at any time to the state, "unless you do this we will paralyze commerce."

Mr. Thomas said that negotiations upon the whole national programme were begun on Feb. 12. He appealed to all railway men to await the outcome of these negotiations and action by parliament.

At a mass meeting of dockworkers yesterday in London, President Cocks of the engineers' union attacked the government, accusing it of issuing "historic statements and gross fabrications for the purpose of concealing from the public the true state of affairs."

Dublin, Feb. 10.—An all-Ireland labor conference, held here on Saturday, adopted a programme calling for a forty-four hour week, and an increase of 150 per cent in wages over pre-war rates, with a absolute minimum of fifty shillings a week.

Hamburg, Feb. 10.—(Havas Agency)—The Frankfurt Gazette announces that the German vessels to be turned over to the Entente for transporting foodstuffs will be composed of nine steamers of the Hamburg-American Line and two ships each from the Oriental Lines, the ocean Line, the Germano-Australian navigation Society, and the Hamburg & South American Line.

HOME FOR BURIAL The body of Mrs. Gordon Snow, who died yesterday from pneumonia, was conveyed to her home in Sandy Cove, Digby, N. S., this morning on a Dighby boat.

Labor Demands At Peace Conference

List Agreed Upon by International Meeting in Session in Berne, Switzerland

Berne, Feb. 9.—Demands for presentation to the Paris peace conference were agreed upon by the International Labor Conference here today. They include an eight-hour day with an uninterrupted rest period of thirty-six hours weekly; insurance against accidents and unemployment; forbidding of night work; all countries for women workers and the employment of children under fifteen years of age, and a six-hour day for youths between fifteen and eighteen years.

The demands will be recommended for incorporation into an international agreement by the peace conference. There are special stipulations in the demands concerning seamen, and it is asked that these stipulations shall be made a part of international law, the carrying out of the provisions to be looked after by special commissions in which the trade unions of the nations shall have equal representation with the employing interests.

Labor Troubles In The United States

New York, Feb. 10.—Union bricklayers and hoisting engineers in 112 cities of the United States employed by the building trades employers association, were ordered to strike today in sympathy with the striking members of the carpenters' union here, according to William Hutchinson, president of the United Brotherhood of Carpenters and Joiners. He said that the number of men affected would be between 500,000 and 400,000. The carpenters demanded a wage increase of \$1 a day.

Lawrence, Mass., Feb. 10.—An increase in the number of operatives reporting for work in the textile mills was announced at the opening hour today, but leaders of the movement for forty-eight hours work with fifty-four hours pay declared the strike still in full effect. The returning workers were largely English-speaking, and it was said that few of the operatives classed as aliens had passed through the mill gates.

Afters the workers had gone into the mills and the gates had been closed, a lively encounter developed between the policemen and strike pickets in the Arlington district. A group of men and women holding a street corner meeting resisted an order from the police to move on and some missiles were thrown. The officers were reinforced, charged the crowd and dispersed it. A man and a woman were arrested.

Film Men Arrive E. Mannie Brown, for some time located in this city as manager of the Superfutures Film concern, now the Exhibitors' Distributing Corporation, arrived from England today by the Allan liner Tunisian. He had been in the old country on film business. Mr. Brown was warmly welcomed by old friends and associates. Charles Stevens, Canadian general manager of the Exhibitors' Distributing Corporation, arrived on the train today from Montreal to join Mr. Brown. Both officials were met by A. E. Donaghey, local manager.

Phelix and Pherinand The following is a list of the New Brunswick boys on the steamer—Com. Sgt. Maj. Douglas B. Griggs of St. John, Sgt. Joseph L. De Grace of New Brunswick, Sgt. Herman H. Lewis of Moncton, Sgt. James McDavid of Campbellton, Pte. Manuel Arsenault of Fredericton, Pte. Vincent A. Beel of Bristol, Pte. Finley Copp of St. John, Pte. Vernon N. Langille of Fredericton, Pte. Coleman C. Spence of Moncton, Major Ernest Stillman Hill of St. Stephen, N. B.

The following is a list of the New Brunswick boys on the steamer—Com. Sgt. Maj. Douglas B. Griggs of St. John, Sgt. Joseph L. De Grace of New Brunswick, Sgt. Herman H. Lewis of Moncton, Sgt. James McDavid of Campbellton, Pte. Manuel Arsenault of Fredericton, Pte. Vincent A. Beel of Bristol, Pte. Finley Copp of St. John, Pte. Vernon N. Langille of Fredericton, Pte. Coleman C. Spence of Moncton, Major Ernest Stillman Hill of St. Stephen, N. B.

Synopsis—The weather has turned quite mild again in the western provinces but from Ontario eastward it is fairly cold. A severe storm is moving northeastward between Bermuda and the American coast.

Fair and Cold. Maritime—North and northeast winds, gales off the coast, mostly fair and cold, some snow south coast of Nova Scotia and Cape Breton; Tuesday, fair and cold. Lower St. Lawrence, Gulf and North Shore—Fair and cold today and Tuesday. New England—Fair tonight and Tuesday, except probably snow tonight in extreme east Maine; slightly warmer Tuesday in Vermont; moderate north winds, except fresh to moderately strong tonight in extreme east Maine.

CANADIAN WAR MEMORIALS

TUNISIAN IN PORT WITH SOME 900

Soldiers' Dependents Majority of the Passengers

HEARTY WELCOME GIVEN Only a Few for This Voyage—List of Those Who Returned to This Province

The C. P. O. S. liner Tunisian arrived in port this morning nine days out from Liverpool. She had 918 passengers, 711 adults, and 207 children under fourteen years of age. Included in the adults were 296 soldiers and thirteen officers. The men who reported a good passage were the "Africans" with very little sickness on board. Nothing eventful happened during the voyage.

When the steamer docked at 10:10 this morning there was little delay owing to the fact that the medical officer had not completed his inspection, but as soon as he finished No. 8 shed was the scene of great activity. The cabin passengers were sent from the steamer to the immigration shed, where they passed inspection, after which they procured their transportation tickets, sleeping accommodations, etc., and early this afternoon the first train left for Montreal. Later two others were due to leave for the west and a fourth for Montreal and intersecting points.

Citizens' Committee The citizens' reception committee accompanied by the "good old" band of the Depot Battalion, were on hand as usual when the ship docked. While the band dispensed inspiring music, the committee distributed their welcome gifts among the returned men. Each man received a pair of socks from the Provincial Red Cross. Inside each pair there were cigarettes, matches, chocolates and a big red apple. The gifts were greatly appreciated by the men. The committee present included S. H. Mayes, A. O. Skinner, W. S. Clawson, R. E. Armstrong, H. C. Rankin, Mrs. James F. Robertson, Mrs. H. A. Powell, Miss Powell, Mrs. G. Ernest Harbour, Mrs. R. McKenzie and Miss Helen Jack. Mrs. Currie of the Halifax welcome committee was present on arrival of the ship to note how the reception work was performed here. She visited the rooms in the immigration building and was greatly interested in our methods of handling the new arrivals.

The steamer had only a small number of soldiers on board. They were from Nova Scotia. Included in the latter was Captain Edgar W. Mingo of Denmark, N. S., who went overseas in the first Canadian contingent and was attached to the 18th Royal Highlanders. He was twice wounded, first at Ypres and again at the Somme, when he was captured by the Germans and was a prisoner of war until after the armistice was signed. He was taken a prisoner of war in October, 1918.

The following is a list of the New Brunswick boys on the steamer—Com. Sgt. Maj. Douglas B. Griggs of St. John, Sgt. Joseph L. De Grace of New Brunswick, Sgt. Herman H. Lewis of Moncton, Sgt. James McDavid of Campbellton, Pte. Manuel Arsenault of Fredericton, Pte. Vincent A. Beel of Bristol, Pte. Finley Copp of St. John, Pte. Vernon N. Langille of Fredericton, Pte. Coleman C. Spence of Moncton, Major Ernest Stillman Hill of St. Stephen, N. B.

EXEMPTION OF SOLDIERS DISCUSSED AT CITY HALL

Officers Heard and Commissioners Express Themselves—Matter Goes Over Till Tuesday—The Rule of The Road

The request of the Great War Veterans' Association that exemption be granted to returned soldiers on incomes up to \$2,000 was considered by the common council in committee this morning when Captain G. E. Logan and Captain E. B. Smith appeared on behalf of the veterans. The commissioners finally decided to let the matter stand over until Tuesday of next week to give them an opportunity for further consideration. A suggestion was made that the mayor should deal with individual cases this year and that the council should meet until all the men have returned before formulating a definite policy, but no action was taken. The matter of appointments for returned soldiers came on and there was something to be said on both sides this evening.

Consent was given to the application of George Carvill for permission to erect a garage in Cliff street, a matter which has been pending for a long time. Settlement of a claim of DeForest & Company for damage to their stock by water in the market building was authorized for \$150. A motion urging upon the provincial department of public works an immediate change in the rules of the road was not seconded, but inquiries will be made. Some further amendments to the schedule of harbor fees were approved.

Mr. Fisher asked if the association wished the exemption extended to all men who had gone overseas or only to those who had been in the front. He suggested that the men who had served in Canada might expect some consideration and asked if it would be fair, if the exemption were limited to those who had volunteered but had not been rejected for no fault of their own. The returned men were being given the preference in matters of employment and were being looked after by the federal and provincial governments.

Mr. Fisher replied that an effort was being made by the authorities and the commissioners were willing to help. He said that the resolution made no distinction between veterans in good financial standing and those who were not. Captain Logan said that the association members, numbering 700, regarded themselves as trustees of the interests of the greater number who had not yet returned and they felt that unless they started to fight the battle of the returned men they would not get their dues. If they did not start now he believed the results would be the same as after others who were the claims of returned soldiers were forgotten. The association was not concerned with those who did not go overseas; that would have to be left to the council, but he did not think that any distinction could be made between those who had gone to France and those who had only reached England. Some of their members had thought that exemption should be granted for twenty years, but they had felt that ten years was a reasonable period and they felt that all men receiving less than \$2,500 should receive consideration.

(Continued on page 2, fourth column)

MOST DECORATED WOMAN IN EUROPE

Halifax, N. S., Feb. 10.—Mrs. H. Wynne, "The Most Decorated Woman in Europe," arrived on the Carmania on return to the United States, after an absence of thirteen months. She comes on a special mission in aid of the re-training and re-establishment of permanently disabled Italian soldiers, but without definite plans as to her movements, pending conferences with her committee in America.

Mrs. Wynne, who was on the Italian front during the later stages of the war, says that the need for immediate assistance in the rehabilitation of permanently disabled Italian soldiers is imperative. "We left Russia to her own resources, and the result is well known," she said. "We must not repeat the experiment in the case of Italy."

Serious Fighting In Berlin Again

Spartacan Disorders Renewed Under the Leadership of Former Police Chief—Outbreak Also in Hamburg

Zurich, Switzerland, Feb. 10.—Grave Spartacan disorders broke out in Berlin on Saturday evening, according to advices received here. Soldiers and sailors, commanded by former Chief of Police Eickhorn, are reported to have occupied Alexander Platz and government troops opened fire upon them. It is said eight persons were killed and forty wounded. German censorship is withholding details of the trouble.

Basel, Feb. 8.—There has been a fresh outbreak of Spartacan activity in Hamburg, where, after a distribution of arms, the Spartacans carried the town hall by storm on Thursday, according to a despatch from Berlin quoting the Frankfurt Gazette.

After capturing the town hall where the government forces had their headquarters, the Spartacans proceeded to the garisons to occupy them and capture the guns there. The results of the fighting, which continued all night, are unknown at present.

Cologne, Feb. 10.—The strike of the official and professional classes at Düsseldorf is ended, the Spartacans having conceded most of the points demanded. Bourgeois delegates imprisoned as hostages have been liberated.

THOUGHT IT WAS WATER, TOOK A DRINK AND FOUND IT LIQUOR

Longshoremen Spat It Out—Sand Point Case Dismissed in Court

David Clark, a longshoreman, while working on the S. S. Montcalm, was arrested last evening by Inspector McAinsh and Serg. Irvine of the C. P. R. police on charge of having liquor in his possession. He was before Magistrate Ritchie this morning. Mr. Votour, of the C. P. R. police, said he saw Clark take a drink out of a can in the hold of the ship, and having before this singled liquor on him, investigated and found that the can contained liquor. He said two casks of wine had been broken in a fall from a sling, and Serg. Irvine corroborated this.

WARSHIP IN STORM

WON — SEES SOME DANGER IN CONDITIONS IN RUSSIA

Paris, Feb. 10.—(By the Associated Press)—"While I have said that the war has been won, it would perhaps be more accurate to say that there is a lull in the storm," said Premier Clemenceau, in the course of an interview with the Associated Press. "At least," he added, "it is as well to face squarely all the possibilities."

Although Germany had been beaten militarily and had been largely dismantled, there still remained, the premier pointed out, "a chaotic but fruitful Russia from which great hope may be drawn by the Ententes." There would be danger, he thought, of "re-opening of the military debate," if it were not for the assurance President Wilson had recently given that whenever France or any other free people were menaced the whole world would be ready to vindicate its liberty.

THE PARKS HOSPITAL

When the ban on further admission to the Parks Epidemic Hospital was imposed this forenoon, as decided at the last monthly meeting of the Board of Health, there were only nine patients in the rooms. Some of these have so far recovered as to be assured of removal to their homes in a very short while. It is therefore expected the hospital will be quite cleared of its occupants by the last of the month.

THE FLIRT BURNED AT SEA

Turks Island, British West Indies, Feb. 10.—(Via Halifax and Bermuda Cable)—The captain and seventeen of the crew of the steamer Flirt have arrived at Grand Turk, having landed at Calicos in the ship's boat, on Feb. 8. The captain reports his vessel totally destroyed by fire fifty miles north of San Juan, Porto Rico, on January 30. Another boat with the chief mate and ten men is missing, but it is thought the men are safe. The Flirt was bound to San Juan from Newport News with coal.

SOLDIERS FROM THE GERMANY REACH HERE

A party of ninety soldiers from the steamer Carmania, at Halifax, passed through the city early this morning and were met by Mrs. L. P. D. Tilley and a group of V. A. D. workers. The men were breakfasted at the depot restaurant and supplied with money. Most of the soldiers were en route to the Fredericton dispersal depot.

WOMEN BURN WILSON IN EFFIGY

Sixty-Five Are Arrested in Front of The White House

Washington, Feb. 10.—Sixty-five members of the National Women's Party were arrested last night by civil and military police after they had burned President Wilson in effigy in front of the White House as a protest against the threatened defeat of the equal suffrage resolution in the senate today. Several thousand persons watched the demonstration, but there was little disorder.

HAS TROTSKY ASPIRATIONS TO BECOME CZAR?

Refugees from Russia Say it Looks Like Imperialism Again or Eise Country to be Engulfed in Nihilism

Warsaw, Friday, Feb. 7.—(By the Associated Press)—"The Bolsheviks are in their critical stage, either turning to imperialism, with perhaps Leon Trotsky, minister of war and marine, as the new emperor, or slipping back to the idea of the old nihilism, with a sort of orderly disorder, the impression being given by many refugees of all nationalities who have arrived here from Russia. The correspondent has talked to some of these people as to what might happen in Russia, if there was no outside interference. One of them was a Bolshevik soldier, who deserted while his contingent was raiding the country west of Minsk. "Our chief characteristic," he said, "is that we are tired—tired of fooling, tired of killing, tired of fighting, and tired of wandering from pillar to post. There is no doubt that Leon Trotsky is attempting to obtain order, and to whip the troops into shape. He is known to be terribly ambitious and possibly he is dreaming of becoming Czar, knowing that Bolshevism has failed."

BAD LIQUOR GIVEN SOLDIERS; TROUBLE AT QUEBEC REPORTED

Quebec, Feb. 10.—"It is all very well to say the soldiers should not be allowed to drink, but if the authorities here permit bootlegging to continue openly, I don't know where this thing is going to end," said Lieut.-Colonel Marriott, O. C. Canadian clearing services, commenting upon the trouble which his staff is having with returned men under the influence of liquor. "The situation is becoming worse all the time," he said, "and last night the C. P. R. refused to pull out the train as nearly half the party of the 350 men were fighting drunk and we had great difficulty in handling them later. Three of the men were so badly drugged from the poisonous liquor they drank that they narrowly pulled through."

JUMPED FROM TRAIN IN MOTION; KILLED

Quebec, Feb. 10.—Edouard Villeneuve, twenty years old, was almost cut in two on Sunday evening here. He was returning from Montreal and jumped off a train while it was still moving at a good speed.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

OPERA HOUSE

Present Bill Last Times Tonight

Features of the New One

There is a splendid vaudeville programme at the Opera House tonight—lots of comedy and laughter, a good trained dog act, some rattling good eccentric dancing, instrumental music—just the kind of a show that everybody likes.

FAMOUS PERFORMER TONIGHT

Some years ago the film trade was started by a new performer named Tim Mix. An obscure cow-puncher on the western prairies, he soon attracted attention of circus owners and eventually this fellow became the king of riders, ropers and dare-devil cowboys.

ETHEL BARRYMORE WEDNESDAY

Ethel Barrymore, the metropolitan star, in the successful play and book, "Our Mrs. McChesney" will be the Imperial's extraordinary feature for Wednesday and Thursday of this week.

"A JAPANESE NIGHTINGALE"

Don't miss this wonderful story at the Star Theatre tonight. It is "Fanny Ward's greatest feature."

"THE EAGLE'S EYE" TONIGHT

Nineteenth chapter of "The Eagle's Eye" will be shown at the Star Theatre tonight in addition to the big feature, "A Japanese Nightingale."

Notice of Births, Marriages and Deaths, 50c.

BIRTHS

GIBSON—On Feb. 10th, 1919, to Mr. and Mrs. A. McNichol Gibson, a son, HODGIN—To Mr. and Mrs. R. N. Hodgins, Bloomfield Station, on Jan. 26, a son, William Nelson, weight 12 lbs.

DEATHS

DRISCOLL—At her residence, 44 Albert street, West End, on the 9th instant, Nellie, beloved wife of James Driscoll, and daughter of the late John and Margaret Shannon, leaving her husband and three children, six brothers and three sisters to mourn.

FREDICTON NEWS

Fredericton, Feb. 10.—The team of N. B. debaters to oppose Mount Allison here on March 21, is to be composed of George T. Mitten, Moncton; Joseph Sears, Barker's Point; and C. M. Burpee, of Fredericton. The subject is "Resolved that our Dominion government should nationalize all our Canadian railways."

THE BOWLERS

In a special match game on Saturday night on Black's alleys between teams from the office and factory of T. S. Simms & Co., Ltd., the office staff won from their opponents 1246 to 1229.

BURIED TODAY

The funeral of Dorothy Earle was held this afternoon from the residence of her parents, Mr. and Mrs. Walter E. Earle, 247 Rockland road. Services at the house and grave were conducted by Rev. H. C. Stanton. Interment took place in Cedar Hill.

FOR THE SOLDIERS

The usual after-service entertainment for the soldiers was held last evening in the St. David's church. About 100 soldiers were present. Robert Reid acted as chairman and Miss Carrie Ballie as accompanist. Refreshments were served.

BEING DEPARTED

Chicago, Feb. 10.—Fifty-four members of the Industrial Workers of the World passed through Chicago last night under heavy guard on the way to an Atlantic port, where, it is said, they will be deported. Forty came direct from Seattle.

IN MEMORIAM

HAYES—In loving remembrance of John F. Hayes, who departed this life on Feb. 10, 1918.

RETURNED SOLDIER

SHOOTS TRURO MAN

Truro, N. S., Feb. 10.—Harry Blair, a clothes cleaner, was severely wounded in his shop here last night by a returned soldier named Lovely, who resented Blair's alleged attentions to his wife. Lovely was arrested.

HER THREE CHILDREN DEAD

Halifax, Feb. 10.—At Musquodoboit Harbor last week Mrs. Charles Wood, whose husband is overseas, left her house for a short time to go on an errand. When she returned she found the youngest of her three children, aged fourteen months, dead, and the two others, aged four and seven years, dying. Some damp kindling wood in the oven had caught fire and the smoke had made its way into a bedroom in which the children were sleeping. The two elder children died two days later.

THE VETERANS AND THE ALIENS IN CANADA

Sydney, N. S., Feb. 10.—An appeal to returned soldiers to go slow in demands for the deportation of aliens is made by Major J. W. Maddin, Nova Scotia president of the C. W. V. A. He says that a vast majority of these aliens are engaged in labor which the average Canadian born citizen considers beneath him, and will not do. He forecasts great industrial expansion in which such low class labor is imperative. He makes an appeal to respect the constituted authorities and to present grievances through the proper channels.

MILITARY NEWS

The S. S. Corsican is expected in St. John tomorrow with from 800 to 400 soldiers.

The S. S. Metagama is expected in St. John on February 17.

Major Pease, inspector of records of Ottawa, was at the military headquarters of district No. 7 on Saturday, inspecting the records. He found everything very satisfactory.

Major-General John Hughes, who is coming to St. John to the annual inspection of military district No. 7, is expected tomorrow on the Montreal train.

MEN, MONEY AND ARMS FROM JAPAN TO END BOLSHEVIKI DIFFICULTIES

Reported That Russian Government Has Accepted Offer

CONCESSION IN RETURN

Anti-Bolshevist Government Firm in Declining to Take Part in Prince's Island Conference

Vladivostok, Feb. 8.—(By W. E. Playfair, Canadian Press Correspondent) Reports from Omak state that the Russian government has accepted a Japanese offer of men, money and arms to settle the Bolsheviki difficulties.

Paris, Feb. 9.—(By the Associated Press) The anti-Bolshevist government in Russia is apparently firm in declining to participate in the Prince's Island conference.

Paris, Feb. 9.—(By the Associated Press) Stephen Pichon, French foreign minister, in a talk to newspaper correspondents, spoke mainly of Russia, particularly on the situation resulting from the Moscow Soviet government's acceptance of the invitation to the Prince's Island conference.

Any attempt to secure an agreement recognize the outstanding Russian debt, M. Pichon contended, could be heralded as establishing the truth of the Soviet contention that the lies were moved only by capitalistic interests.

Pichon said that he did not regard newly created supreme economic cell as limiting Marshall's activity. He thought it would constitute valuable aid to the war council in working it of a great deal of non-military work.

OR FOR Y. M. C. A. BOYS.

A monthly meeting of the boys' committee was held at the Y. M. C. A. building on Saturday evening with president, A. R. Cruikshank, in the chair.

The reports of all the different committees of the work showed the element to be in a very flourishing condition and far ahead of last year's.

Mr. Duval, a West African missionary, gave an interesting account of work at the Tabernacle Baptist church last evening.

BUY W.S. MARSAVINGS STAMPS. I HAD NERVOUS BREAKDOWN

Now Own My Present Health and Strength to Vinol.

Burdett, N. Y.—"I keep house for my family of three, and raise chickens. I had a nervous breakdown, so I was unable to work. The doctor did not seem to help me, and a cousin asked me to try Vinol. It built me up—I now have a good appetite and am well and strong."

There is no secret about Vinol—it owes its success to beef and cod liver peptides, iron and manganese peptonates and glycerophosphate, the oldest and most famous body-building and strength creating tonic.

Wasson's Drug Store, The Ross Drug Co., St. John. Vinol is sold in Fairville by T. H. Wilson, and at the best drug stores in every town and city in the country.

Expect 26th by July

Toronto, Feb. 8.—A special cable to the Telegram from London today says: "I am authorized by Canadian headquarters in England to state that most of the Third division is in England and that the remainder is moving today. The division goes to Brunnshott. The First division is moving down to the French embarkation ports vacated by the Third and Second is following the First division, and the Fourth division is coming behind."

"The Third division should reach Canada sometime in March, with each of the other divisions about two months behind. This would bring the First home in May, the second in July and the Fourth in August."

"Though a general strike is averted, the railways still remain in bad shape. The tubes and most of the underground lines are still idle. The consequent blockade delays the arrival of troops from France."

More Severe Conditions For Germany

Paris, Feb. 9.—(Havas)—The Supreme War Council is reported to have reached a decision at yesterday's meeting that it was necessary to impose more severe conditions upon Germany for the renewal of the armistice because of Germany's attitude toward the fulfillment of her obligations.

Decisions are also said to have been reached for the control of German demobilization and of the production of plants formerly engaged in producing war material.

It is expected that the means for securing the executions of the conditions laid down will be reached at Monday's session of the Council.

BOLSHEVISM IN ST. JOHN.

A threatened outbreak of Bolshevism in the south end of the city appears to have been nipped in the bud by the vigilance of the school authorities.

USE OF SCHOOL BUILDINGS.

A paragraph from the annual report of the deputy minister for education in Manitoba, recently issued, will be of general interest. He says:—

Carmania Brings Back Many St. John Soldiers

Reached Halifax on Saturday and St. John This Morning; Prominent Men on Board

The steamer Carmania arrived in Halifax on Saturday afternoon. Six special trains bearing western and Upper Canadian troops got away on Saturday night and the men of the Brunswick left Halifax last night, arriving in St. John this morning.

RECENT DEATHS

- Mrs. Hazel Snow.
The death of Mrs. Hazel Snow, a well known resident of the West End, occurred yesterday after a week's illness of pneumonia. Mrs. Snow, daughter of the late John and Margaret Shannon. She is survived by her husband, three children, six brothers and three sisters. The children are, Sadie, Kathleen and John. The brothers are John, Thomas, William, Mark, Edward and Joseph, all of this city, and the sisters are, Mrs. Robert Connolly, of Toledo (Ohio), Mrs. Richard McGuire and Miss Katie Shannon, both of this city. The funeral will be held tomorrow afternoon from her late residence, 44 Albert street.
Ernest R. Fraser.
Ernest R. Fraser, a commercial traveler, of Winnipeg, died at the St. John Infirmary yesterday morning after a few days' illness. Circumstances surrounding the case make it very sad. Her husband died only a few months or so ago of pneumonia. Mrs. Snow was well known here. She was twenty-five years of age. Besides her parents, Mr. and Mrs. Ernest R. Fraser, of Sandy Cove (N.S.), two sisters and five brothers survive. One of the latter is in the flying corps.
Miss Mary K. Stanton.
Many indeed will learn with regret of the death of Miss Mary Kathleen Stanton, daughter of Mr. and Mrs. Joseph Stanton, which occurred Saturday evening at her home, 28 Albert street. Miss Stanton was only twenty-two years of age, but she had a distinguished career for her age. Her school career, which she commenced in 1914, was remarkably successful and few students in the local secondary school of St. John's have equalled her record. In 1911 she led the city, county and province in the high school entrance examinations, winning the Corporation Medal, the Parker Silver Medal and the Lieutenant-Governor's Gold Medal. In 1914 she led the graduating class of St. Vincent's High School and in the same year she led the province in the matriculation examinations, winning the medal for the province.
Soon after entering as a teacher at the Normal School she entered St. Vincent's convent and became known as Sister Mary Ellen, and she taught the infant school for some time. After about two years of convent life, however, her health became impaired and she was forced to give it up for a time. Since then she had been living with her parents, 28 Albert street. Her health was poor, but her death was not in the least expected. During the funeral services she was above the house, but about 6 o'clock was stricken and passed away quickly.
Miss Stanton, better known to many as Sister Mary Ellen, was a favorite among her friends in private and in convent life and her sudden death, cutting short such brilliant prospects in store for her, will give cause for general regret.
Besides her sorrowing parents, Miss Stanton leaves two brothers, J. Sydney, who is in the flying corps, and Arthur, Union, and Rev. Arthur Stanton, of the Euclid House at Bathurst, and one sister, Mrs. F. L. Rodrick of this city. The funeral is to be held on Tuesday.

BRITISH CROWN Assurance Corporation Limited of London, England. SECURITY EXCEEDS SIXTY MILLION DOLLARS. C. E. L. JARVIS & SON, GENERAL AGENTS FOR MARITIME PROVINCES.

LOCAL NEWS. R. H. Webster, of Moncton, has been appointed Grand Trunk commercial agent in New Brunswick, succeeding Vivian G. Snell, promoted. Mr. Webster has been traveling freight agent of the Grand Trunk since 1912. Yesterday was the regular Holy Communion Sunday of the men of the Cathedral Holy Name Society. There was an exceptionally large number at the 7 o'clock mass in the morning, and Communion was received in a body. Mass was celebrated by Rev. William Duke, chaplain, who also addressed the men in the evening after vespers at their monthly meeting. Mrs. W. E. Raymond gave a half hour talk to an audience of children in the Free Public Library on Saturday morning. Mrs. Raymond explained to the children the St. John crest and coat of arms. It is expected that the steamer War Funds will go down the bay the latter part of this week for a trial run, during which her machinery will be tested and her speed recorded. The steamer, which is still lying at Reed's Point wharf, has steam up and is practically ready for sea. The members of the Epworth League of the Queens Square Methodist church held a rummage sale at 221 Brussels street, on Saturday. Mrs. E. LeRoy King was in charge, and was assisted by Miss Welford, Mrs. Killem, Mrs. Ery, Mrs. A. Robertson, Mrs. E. R. and Miss R. Eason. The proceeds amounted to \$50. Detective Biddiscombe and Police McNamee took into custody last night the Three Mile House, a man who was acting strangely and took him to Provincial Hospital. He had been released from that institution two weeks ago. FOUR CHILDREN ARE BURNED TO DEATH. Sudbury, Ont., Feb. 10.—Four children of Mr. and Mrs. J. G. Legault, a French Canadian family, were burned to death in their beds early on Friday morning when the home was destroyed. Others escaped.

A Nation's Safety depends upon more than wealth or the power of its mighty guns. It rests in its robust children and in its strong, vigorous manhood. SCOTT'S EMULSION. An ideal constructive tonic food, brings to the system elements easily assimilated and imparts strength and promotes normal growth. Scott's Emulsion builds up the weak and fortifies the strong. Scott & Bowne, Toronto, Ont.

STRIKING FIGURES.

Those citizens who are opposed to prohibition because they think they ought to be permitted to take a drink when they want it are invited to consider the following extract from the annual report of Hon. D. W. McKerchar, judge of the juvenile court in Winnipeg:—

A JUVENILE COURT.

The Juvenile Delinquents Act is in force in the Eastern judicial district of Manitoba, including the city of Winnipeg. The School Attendance Act has been amended so that all truant officers are probation officers. During the year ending June 30, 1918, there were 879 cases before the court. Only seventy-six of these were female delinquents. This is a medical service connected with the court, and the Judge, Hon. D. W. McKerchar, says there is need of a properly equipped psychiatric clinic. The majority of the children dealt with were placed under probationary supervision, and this system has been so improved that the number of "repeaters," from former years brought before the court has been steadily decreasing, and last year was down to 18 per cent. of the total. Thirty-eight boys were sent to work on farms, twenty-seven were committed to Children's Aid Societies, seventeen placed in institutions, and twelve sent to the Industrial School. It is worthy of note that fourteen persons were prosecuted for contributing to delinquency, and fines imposed. A great many boys were placed in situations, and apprenticed to trades, and employment was also found for several delinquent girls. All of these young people are kept away from the atmosphere of the police court and jail, and through the admirable probation and follow-up system the great majority of them are turned from evil ways and become good citizens. Similar results would follow the establishment of a juvenile court in St. John.

ROOSEVELT MEMORIAL IN WESTMINSTER ABBEY

London, Feb. 10.—A representative gathering of American and English filled Westminster Abbey yesterday afternoon to pay tribute to the late Theodore Roosevelt in a memorial service which for the first time in history displaced evensong in the abbey. Paris, Feb. 10.—President Wilson and United States Secretary of State Lansing attended a memorial service in honor of Theodore Roosevelt in the American church in the Rue De Berri yesterday. Henry D. White of the American peace commission, and Arthur J. Balfour, British foreign secretary, also attended a similar memorial service at the American church of the Holy Trinity.

Toronto Glibert—Thousands of aliens are seeking permission to leave Canada, at their own expense, and return to their native places in Europe. That alien problem, so much spoken of nowadays, promises to settle itself to a certain extent. It is to be hoped, though, that in the exodus will be found more of the Bolshevist class than the hardy manual workers.

INSURANCE RATES IN ORDER TO PROVE THE CONTENTION.

One has only to compare the relative insurance rates in order to prove the contention. But to be more explicit, I had occasion at one time during the war, when we feared a great many submarines were to operate on this side of the Atlantic, to investigate the possibilities of every single port on the Atlantic seaboard on the score of adaptability for handling ships of the Aquitania class. As a result of this investigation I found that there were only two ports on the entire Atlantic seaboard out of which the monster ships could be operated with any degree of safety. These ports were New York and Halifax, and of the two, New York is unquestionably superior, chiefly on account of the prevalence of fogs off the Canadian coast. F. A. Sutton, the first man to explode a depth bomb and the inventor of the gun used in their discharge during the latter part of the war was also on the Carmania. With his family he is en route to California where he will permanently reside. Among the better known soldiers aboard the Carmania in General Livingstone, of the Royal Air Force. General Livingstone was stationed at St. Omer, during the years 1914-15 and was largely responsible for the development of the British air force to the state of efficiency reached previous to the signing of the armistice. Discussing the future of aviation, General Livingstone said there was a lot of "monkey-business" going on. There was a great deal more organization to be done before satisfactory aerial services could be placed in operation. The St. John men who arrived on the Carmania are: Sergeant A. J. Newlands, St. John. Private J. S. Blizard, 78 Erin street, St. John. Private W. Brindle, 250 Wentworth street, St. John. Private R. J. Bushfan, 17 St. Andrew street, St. John. Private J. E. Carey, Brussels street, St. John. Private H. O. Clark, 160 Charlotte street, St. John. Private L. C. Gallagher, St. John. Private A. Harris, Charles street, St. John. Private J. T. Henderson, 38 Peters street, St. John. Private J. A. Jeffrey, St. John.

INSURANCE RATES IN ORDER TO PROVE THE CONTENTION.

One has only to compare the relative insurance rates in order to prove the contention. But to be more explicit, I had occasion at one time during the war, when we feared a great many submarines were to operate on this side of the Atlantic, to investigate the possibilities of every single port on the Atlantic seaboard on the score of adaptability for handling ships of the Aquitania class. As a result of this investigation I found that there were only two ports on the entire Atlantic seaboard out of which the monster ships could be operated with any degree of safety. These ports were New York and Halifax, and of the two, New York is unquestionably superior, chiefly on account of the prevalence of fogs off the Canadian coast. F. A. Sutton, the first man to explode a depth bomb and the inventor of the gun used in their discharge during the latter part of the war was also on the Carmania. With his family he is en route to California where he will permanently reside. Among the better known soldiers aboard the Carmania in General Livingstone, of the Royal Air Force. ### EMBARGO NEEDED FOR SELF-PRESERVATION

Sir Robert Balfour, in New York, Speaks of Condition of Industry in England

New York, Feb. 10—Sir Robert Balfour, discussing the recent British embargo ordered upon his arrival here from Liverpool, declared that it was not a matter of free trade or protection in the fiscal sense, but one of self-preservation of British industries which have been disorganized and rendered unproductive by the war.

Sir Robert, who is an officer of the importing firm of Balfour, Williamson and Company of this city, and Balfour and Guthrie member of the British parliament from the Glasgow district, said that the United Kingdom and her dominions had passed through a period of great trial and difficulty.

"They have borne more of the heat and burden of the day," he added, "than any other nation. During that period the country had to scrap many industries and to replace them with the manufacture of munitions of war for its own and its Allies. The war ended suddenly and it was found that a great many industries on which the life of the country depends were not in a productive condition.

"In short," he continued, "the country is faced with the situation of a debtor rather than a creditor. This has placed the country in a less favorable position and

has meant the loss of income. It has adversely affected the position of exchanges, notably American, so that both industrial and financial considerations are involved. This is the underlying cause of the action that has been criticized."

Sir Robert said he regretted the criticism against the embargo contained in several senatorial speeches. "It could well afford," he said, "to be of a friendly character which would be more in line with the proposal of the league of nations that we propose to inaugurate."

### FREE KINDERGARTEN TAG DAY FEB. 18

### NEED NEW ORPHANAGE FOR FIVE HUNDRED

"We dare not neglect the children," said Rev. H. A. Goodwin in Centenary church last evening as in an earnest and forceful sermon he set forth the situation of child welfare as it is today in Canada and in St. John.

Mr. Goodwin viewed the situation from all points; telling first of the love of Christ for children and of His setting the characteristics of childhood as the foundation for a Christian life; he emphasized the national need for giving greater care to children. For the numerical strength of the nation and for the physical development of the race, for

the prevention of crime and illiteracy which breeds crime, immediate action for the protection of children must be taken. Mr. Goodwin declared. Of the local aspect of the question he spoke in no uncertain language calling upon the Protestants of the city to care for the 500 needy children that could be found in one week in the city which has only accommodation for forty children in its Protestant orphanage home.

Mr. Goodwin referred to the mothers' pension scheme and spoke of it as it has been carried into effect in Manitoba and Saskatchewan, telling how Manitoba had provided for more than 500 children for one year at a cost similar to that required to feed a big gun for a few hours. Such money was well invested, he said.

Coming down to the local aspect of the case, Mr. Goodwin said that there were no credit to a city of so much wealth, that the ravages of war and influenza had cast many upon the streets and that there were homes of ruin and misery in the city from which the little ones must be rescued.

He contrasted Roman Catholic and Protestants in the city as regards wealth and number and their care for the orphans of their belief. The Roman Catholics with one-third of the population and only one-eighth of the city's wealth, have several orphanages and are actually

giving shelter to Protestant children while Protestants only support one home for forty children and 500 Protestant children are in need of such shelter.

The duty of St. John Protestants is plain, said Mr. Goodwin. They must band together and establish a home for the children, and it must be an institution that is closely linked with the church to fulfill the will of Christ that not one of His children should perish.

ONE DEAD, OTHERS ILL;  
DRANK WOOD ALCOHOL

Sudbury, Ont., Feb. 10—One man is dead and three are in St. Joseph's Hospital here, while others are sick at a lumber camp near Kashaw from drinking wood alcohol. A foreigner admits taking the liquor into the camp, and he is under arrest. He says he got it in Montreal.

COLONEL GUTHRIE IMPROVING.

Fredricton, Feb. 8—Mrs. P. A. Guthrie received a cablegram from London, last evening, stating that Lieutenant Guthrie had undergone his operation there and had come through it successfully. It is not expected that he will be home before some time in March.

POLICY OF NAVY LEAGUE OF CANADA

Empire Naval Defence - Large Sum Being Sent to England

Victoria, B. C., Feb. 10.-The Dominion convention of the Navy League of Canada on Saturday went on record that the "navy league of Canada is in favor of an equal policy for Canada, which will require the repeal of the entire British Empire and in deciding upon such a policy, political exigencies should be disregarded, and the opinion of the fleet and the navy should be alone considered.

"And the fundamental idea shall be empire defence and that the fleet units may be either acquired or built, and that the dominions shall retain control of their ships, and that there shall be a complete standardization of personnel, equipment and armaments, and that the dominions shall be under one supreme command."

The large sum of \$900,000 will be sent to England in connection with work among the sailors and their dependents. Grants will be made to the dependents of seamen in Canada on the same basis as the men in the Canadian navy. The league will continue paying these until such time as a merchant seaman's pension act is enacted in Canada, funds permitting.

The distribution of the fund collected during 1918 includes: Navy League Home, Halifax, \$75,000; Navy League Home, Sydney, \$25,000; New Brunswick Sailors' Institutes endowment, \$55,000; Institutes at Montreal and Quebec, \$20,000; Prince Edward Island Sailors' Home, \$25,000; relief of Canadian seamen and their dependents, \$700,000.

LIEUT. H. E. BENNETT LL

Moncton, Feb. 9.-Special-Mrs. Clara L. Bennett, Moncton, has received the following official telegram from Ottawa:

"Sincerely regret to inform you, Lieutenant Harry Frederick Bennett, Artillery, officially reported dangerously ill, 90 Casualty Clearing Station, February 5, louchian pneumonia."

Lieutenant Bennett enlisted in St. John with 8th Siege Battery. He held the rank of captain and reverted to Lieutenant in order to proceed overseas. He was active service in France and proceeded to Germany with the army of occupation. He was expected home this month.

POLISH COMMISSION LEAVES FOR WARSAW.

Paris, Feb. 10.-By the Associated Press-The Polish commission, after a study of the complete problem it has undertaken to solve, left Paris on Saturday night for Warsaw. It is learned in addition to ascertaining the economic needs of Poland and Czechoslovakia the commission will give close attention to the military situation on the border between Poland and Germany, leading assistance as may be needed by the former to resist the Germans.

Honor for Salandra.

Paris, Feb. 10.-(Havas Agency)-Signor Salandra, former Italian prime minister, has been elected a foreign member of the French Academy of Moral and Political Sciences.

GONE TO ENGLAND.

H. G. Kelly, the president of the Grand Trunk Railway system, has left for England to consult with the English board of the company.

Finances Of Newfoundland Satisfactory

Minister, Visiting Canada, Speaks of Island's Progress

Prosperous Fishermen Had Placed Almost \$20,000,000 in Banks During Last Few Years - Interest in Investments

(Montreal Gazette.)

Sir Michael Cashin, finance minister of Newfoundland, and acting premier of the colony during the absence of Hon. W. F. Lloyd in England, stated at the Windsor Hotel yesterday that the financial situation could not be better, and that the lowering of money rates would probably be taken advantage of after the house meets in the spring to float another loan, as the money obtained by the colony from the United States, to the amount of \$50,000,000, would fall due this year, the paying-off process also embracing other sections of the public debt, now placed at \$44,000,000.

The finance minister estimates that there is money now in the savings banks to the amount of \$20,000,000, placed there almost exclusively by the fishermen during the last few years, indicating that the country is prosperous and that a loan could also be taken up at home with the same facility as that which characterized the last government transaction, in which two millions were asked for, and five millions were offered. Four million dollars of the public debt of the colony are held in the Dominion, several millions at home and the bulk of the balance in Great Britain.

Surplus of Million.

He said that quite likely the debt would be consolidated one of these days as the three-year American loan was a five per cent operation, while the one negotiated in Canada pays six and a half. He estimated the year's surplus at a round million, although the government is still pursuing a policy of progressive economy. Just now, however, he said, the prosperity prevailing in Newfoundland is unprecedented. Fish, which formerly commanded from \$4 to \$6 a quintal, are now sold at from \$18 to \$16. The increase in freight and passenger receipts on the Reid Newfoundland Railway during ten months was fully 200 per cent, due in a great measure to the prosperous conditions prevailing in the colony.

He said that while the Newfoundland man does not take kindly to mining, he is forced some years ago to work at the ore deposits of Bellis, 4,000 men being employed by the Dominion and Nova Scotia companies, but now so prosperous is the fishing industry that the supply of men at the mines is much below the demand.

Home Securities.

As is the case here in the Dominion, Sir Michael said that the taste for investing in home securities is rapidly taking possession of the fishermen of the island, whose industry embraces eighty per cent at least of the business operations of the country. Never a day passes, he said, that inquiries are not heard in the financial offices of St. John from people who are looking after investments equalling in profit the recent victory loans, and the minister was convinced that this optimistic feeling would prevail in greater intensity as time goes on. The Canadian banks were now doing fine business in Newfoundland and had the entire confidence of the people, while the government savings banks also got a big share. Sir Michael also referred to the crashing of the home banks a good many years since, giving a big scare to the fishermen and other depositors and being the cause of the Canadian financial invasion bringing so much development to the island's business. All this apprehension has, he said, passed away, and the fishermen are as independent of the store-keepers today as they were dependent upon them during the dark days of 1894. And well they may, he said, for many of the fishermen make as much as \$1,000 per season while on the dories. A great many vessels are owned outright by the men of Grand Bank and Fortune, he said. The herring fisheries are also unusually lucrative, as investments during the past season, the Newfoundland product taking the place in great measure of the former supplies from Norway.

THE LEATHER MARKET.

In a circular last week the American Leather Sales Company says of the leather market:

"Raw stock is very scarce. In most things we are looking for lower prices. Things will undoubtedly come true, but it looks, as far as leather is concerned, that it will not come true for a long time. Raw stock is extremely scarce in all kinds of leather. Hides have gone up the last month from one to three cents a foot. There are no goatskins obtainable here, and the new supply cannot be put on the market for at least six months. All goat is very high. Again, foreign agents are in the leather market buying everything in sight and paying good prices."

There are no half way measures on your evening dress proposition. It's either all right or all wrong. Here we give full measure of satisfaction, and you know it before you buy.

No delays, no waiting, no guess work.

Here's your size in newest styles at \$40, \$45, \$50. Also dress accessories.

K. W. EPSTEIN & CO. Optometrists and Opticians 193 UNION STREET BUY WAR STAMPS

METAL AND MACHINERY

In its summary of the iron, steel, metal and machinery markets for week ending Feb. 6, Canadian Machinery and Manufacturing News, Toronto, makes the following comment taken from the price lists during the week indicate that the process is developing that will bring the buyers and sellers nearer to the point where they can proceed and do business. There's a big need for an acceleration of this movement, because in some sections it is quite evident that the buying price is going to be carried to a dangerously long extent. Steel plate is one of the greatest lines imported. In fact, for the fiscal year ended March, 1918, the imports of plates amounted to \$4,569,231. The price has had a wild career during the war period in this country. They reached a point as high as fifteen cents per pound, which is at the rate of \$300 per ton for a short interval, and for some time twelve cents was the prevailing price. Government action placed the figure at ten cents and there it rested at the signing of the armistice. It has declined until now six cents can be stated to be the basic price for plate at Canadian warehouse. This price came from a desire to protect jobbers and dealers against loss of business.

Home Securities.

As is the case here in the Dominion, Sir Michael said that the taste for investing in home securities is rapidly taking possession of the fishermen of the island, whose industry embraces eighty per cent at least of the business operations of the country. Never a day passes, he said, that inquiries are not heard in the financial offices of St. John from people who are looking after investments equalling in profit the recent victory loans, and the minister was convinced that this optimistic feeling would prevail in greater intensity as time goes on. The Canadian banks were now doing fine business in Newfoundland and had the entire confidence of the people, while the government savings banks also got a big share. Sir Michael also referred to the crashing of the home banks a good many years since, giving a big scare to the fishermen and other depositors and being the cause of the Canadian financial invasion bringing so much development to the island's business. All this apprehension has, he said, passed away, and the fishermen are as independent of the store-keepers today as they were dependent upon them during the dark days of 1894. And well they may, he said, for many of the fishermen make as much as \$1,000 per season while on the dories. A great many vessels are owned outright by the men of Grand Bank and Fortune, he said. The herring fisheries are also unusually lucrative, as investments during the past season, the Newfoundland product taking the place in great measure of the former supplies from Norway.

A POST WAR ROMANCE

Holland A Hive Of German Spies

Army of Ten Thousand To Keep Watch on Britain

Had Big Organization

Benefited From Lack of Co-operation Among British Officers—All Kinds and All Classes Were Employed

London, Jan. 21.—(Correspondence)—There were 10,000 known German agents in Holland during the war. A Dutch police inspector explained that to expel them would simply mean that their places would be taken by other and unknown agents.

They drifted into Holland on various pretexts. Some were highly educated men, capable of moving in the best society; others were mere shadowers and spies. They took up all sorts of positions. They took up all sorts of positions. They took up all sorts of positions.

Finally an instance may be given of how the practice of spying has been inherited in the German people. A Dutch family living at Haarlem had a German boy of eleven staying with them in the summer of 1917. They found that the youngster was keeping a note of all that was said in the conversation about Germany.

The chief task of this army of men was, of course, to keep in touch with Great Britain. In the early days of the war there was no more difficulty in this than there was no war. British passports in those days were not worth the paper on which they were produced.

A young journalist who was in Holland but had no passport got out from the local consul (a Dutchman of course) simply on the production of a letter from home. Later on it was rendered very difficult to get a British passport, but curiously enough the previous issues of useless paper was not withdrawn until the war had been in progress for three full years. It need hardly be said that the German secret service made good use of the carelessness.

Dutchmen as Couriers. Again the spies benefited from the lack of co-operation between the different British departments. This in one large town the British community was unofficially warned against patronizing a certain music dealer, who was a known German agent. Yet that man was one of the few Dutch music dealers who had a license for the import of British music.

Dutchmen were largely used as couriers between the German agents in Holland and the spies in Britain. Loose women and night clubs were employed as a means of carrying young men for this purpose.

Another aspect of the activities of these human moles was that of gathering information in Holland. The organization behind them was marvelous. Enormous prices were paid to Dutch telegraphers for copies of Entente code wires passing between the legations and Downing street or the Quay d'Orsay. So rampant

Experience has taught thousands that INSTANT POSTUM is better for the family than tea or coffee

BIG DEMAND FOR WOMEN WORKERS

Million Munition Toolers Rapidly Find New Jobs in England—Many Are Now Clerks

London, Jan. 24.—The demobilization of the million and a half women munition workers is being carried out rapidly and with a minimum of friction. Thousands of women are registering daily at the labor exchanges, and in a steady stream are passing on their way to the places where women's labor is in demand.

So far as present indications show there will be little call upon the unemployment funds for the women workers, for demands of employers for woman labor are nearly equal to the supply. In some of the Lower exchanges the afternoon has seen very few names on the waiting lists, but in a few provincial centres where there are few openings for women's work the applicants have had to be provided with railway passes for other districts where labor is in demand.

In these instances, therefore, there is to be a demand for the unemployment benefit for the period of transition between the two districts. Government Wants Clerks. Labor exchange notice boards announce that hundreds of women are still needed for clerical work in government offices and an appeal for 800 women for light temporary work has not yet been fully filled.

Among the openings for various kinds, post office letter sorters, hammers for saloons, bottle washers, laundry, shop assistants, French polishes, printing hands, and the Women's Royal Air Force is still appealing for women for local work. Domestic servants are wanted urgently, but this employment is not likely to attract women who come from the factories. If they return to domestic service as full-time workers, they will be out as daily workers or as superior charwomen. Very few of the women who have acquired freedom and independence during the war will take posts where they will have to live with their employers.

In anticipation of a failure of the demand for women labor the government has been appealed to for an increase of the present importation of flour, tobacco and other articles which would lead to an increase of the demand for labor.

Clerks Are Transferred. The national service department has released between 500 and 600 women clerks, these have simply transferred their services to the ministry of labor, the department which will deal with the demobilization of both munition workers and the naval and military forces. There are still openings for one thousand women clerks in this department.

Arrangements have been made to deal with any surplus of labor by the education authorities of the country. Providing numbers prove sufficient, for the purpose of training women in different branches of industry will be instituted.

Proprietary medicines capable of being used as beverages to be surrounded by the same safeguards as the sale of alcoholic beverages. Such other provisions as will "destroy every vestige of the beverage liquor traffic throughout the United States and its possessions."

To Make Amendment Effective. Senator Shephard said in Washington the other day that he would introduce a bill to make the prohibition amendment effective.

A proclamation by the president and state department, he said, was not necessary to make the amendment effective on Jan. 16, 1920, but one would probably be issued. He said he was not disturbed over the reports that liquor interests intended to test the validity of the amendment and declared that no loopholes to invalidate the law would be found.

The bill to make the amendment operative, he said, probably would be drawn for the administration by the treasury department internal revenue bureau and would provide heavy fines and imprisonment for importation, manufacture by illicit stills or otherwise of alcoholic beverages. States, he said, would enact their own laws to supplement the federal enforcement statute.

The text of the constitutional amendment that has been adopted is as follows:

Section 1—After one year from the ratification of this article, the manufacture, sale or transportation of intoxicating liquors within, the importation thereof into or the exportation thereof from the United States and all territory subject to the jurisdiction thereof, for beverage purposes is hereby prohibited.

Section 2—The congress and the several states shall have concurrent power to enforce this article by appropriate legislation.

Section 3—This article shall be inoperative unless it shall have been ratified as an amendment to the constitution by the legislatures of the several states, as provided in the constitution, within seven years of the date of the submission hereof to the states by the congress.

Mrs. Horace Parsons of Toronto, the new recording secretary of the Canadian National Council of Women.

RECKLESS WASTE OF HUMAN MATERIAL

The Ringing Challenge of Lloyd George to the English People—Danger to State and Empire

(Premier Lloyd George)

"We have had a ministry of national service set up in this country, and since then we have had the most carefully compiled statistics as to the health of the people, certainly between the ages of eighteen and forty-two. That is the age of fitness and the age of strength. What has it revealed?"

"You have the three grades—your A1, your B2, and your C3—and all I can tell you is this, that the results of these examinations are sufficiently startling—I do not mind using the word appalling. I hardly dare to tell you what it is in some parts of Lancashire. The number of B2 and C3 men throughout the kingdom is prodigious, so much so that we have half suspected the doctors. But there was a re-examination, which did not make very much difference, and

I apologize to the doctors here—for the first time.

"What does it mean? When you look at it, it means this—that we have used our human material in this country, prodigally, foolishly, cruelly. I asked the minister of national service how many men we could have put into the fighting ranks if the health of the country had been properly looked after, and I was staggered at the reply. It was a considerable reply. He said at least one million. If we had only had that number this war would before this have ended triumphantly for us."

"But here we are, coming out essential industries—there are questions as to whether you should put miners back or keep them in the army (a few tens of thousands); whether you should put a few thousands more into munition works. And yet you had one million men who, if the state had taken proper care of the fitness of the people, would have been available for the war. And the vigor and strength of the workers in agriculture have been almost as disappointing as in almost any other industry—a thoroughly healthy occupation of that kind."

"Everywhere a virile race has been wasted by neglect and want of thought for it. It is a danger to the state and to the empire."

"I solemnly warn my fellow countrymen you cannot maintain an A1 empire with a C3 population. "And unless this lesson is learned the war will have been in vain. Our schooling has cost us dear, but if we make the best use of it, I believe it will be worth it all in the end, even in the saving of human life."

"Care for the health of the people is the secret of national efficiency. It is the secret of national recuperation. With our machinery we take the greatest care. It is material. The way we look after it if the steel is defective through badly ventilated or ill-constructed furnaces or insufficient fuel. If the machine is inadequately oiled or looked after or over-worked, if repairs are not done in time and done thoroughly—well, your machinery is of no use."

"And man is the most delicately constructed of all machines. It is bad business not to look after the men, women and—if I may say so—above all, the children."

"Now the most important workshop in this land is the home. And the quality of the steel in the national fabric depends upon the home. If it is unhealthy, ill-supplied, ill-managed, the quality becomes defective and it cannot bear the strain."

"Everywhere a virile race has been wasted by neglect and want of thought

HAVE HONEYMOON AIRPLAN

Will Be Shown at Aeronautical Exhibition in New York.

An airplane named "The Honeymoon Express" by the Dayton-Wright plane Company, its designer and mal has been brought to New York for play at the semi-official aeronaut exhibition which will be held in Madison Square Garden and the Sixty-ninth Regiment Armory from March 1 to March 15. It contains three seats, for the pilot and two for the bride groom. It is lavishly upholstered, contains a heating apparatus for comfort of the passengers. A telegraph between passengers and pilot and wind shield are other features of plane.

"What are the influences that make

Give Your Work-Boots a Chance

WORK-BOOTS have been going up in price. They've been giving too little wear. They've been stiff and heavy.

Give your work-boots a chance. Buy them built on Neolin Soles.

Thousands of workmen now wear every-day shoes equipped with the same long-wearing, comfortable Neolin Soles they have on their Sunday shoes.

These men are saving money on shoes. They have fewer shoe-bills. Their shoes hold in shape longer. That is because of Neolin's long wear.

They're enjoying a new sensation of

shoe-comfort, too. Neolin Soles bend with the foot. They fit snugly and grip the ground. They put a real spring into work boots.

Your dealer has these good work-boots in the styles and at the prices you want. He'll show you children's shoes with Neolin Soles, too—wonderful money-savers through longer wear. Mother will find good solid comfort in a pair of Neolin-soled house shoes.

Take the whole family around to the shoe-store and try on a few pairs of Neolin-soled shoes. But, to be sure it is Neolin, look for the name "Neolin" on the bottom of the sole.

The Goodyear Tire & Rubber Co of Canada, Limited

**POLICE COURT.**  
 Two men were before Magistrate Ritchie this morning charged with drunkenness. They were fined \$5 each.

**DEATH OF CHILD.**  
 Friends of Mr. and Mrs. W. T. Earle, 247 Rockland road, deeply sympathize with them in the death of their only daughter, Dorothy Vivian, aged five years.

**A HINT FOR GARDENERS.**  
 A correspondent writes that now is the time to purchase seeds for the garden and that to be successful "tested seed" only should be secured, to be of sure germination the first planting, which will be about the middle of April, or when the ground is free of ice for a foot in depth.

**MISS MARTHA L. McNEIL.**  
 Relatives and friends in St. John were grieved to learn of the death of Miss Martha Louise, daughter of the late John and Ann McNeill. She leaves two brothers, James, of Moncton, at whose home she died, and Edwin H., of this city; and two sisters, Mrs. F. Mawhinney of St. John and Miss Jane of Moncton. Her death followed a long illness.

**KINDLY WEATHER MAN.**  
 The evenly-tempered weather which has characterized the winter so far in St. John seems to be general throughout the eastern part of the dominion. Even so far as Montreal and Toronto the days are moderately mild and calm with melting conditions as in early spring during the sunny hours. It has given the people in large and small places plenty of opportunity to shake off mental conditions brought about by the long period of war and worry.

**MRS. JAMES T. LOGAN.**  
 A wide circle of relatives and friends learned with deep regret of the death of Lily Augusta, wife of James T. Logan, at her home 81 Orange street, this morning. Mrs. Logan had been in ill health for three years, but bore herself with wonderful patience and cheerfulness to the end. Besides her husband she is survived by one son, Charles P., with Balrd and Peters; and four daughters: Mrs. Stuart, Nell of Fredericton, Miss Lillian of Hartford, and Misses Edna and Kathleen at home.

Mrs. Logan was a daughter of the late Charles H. and Hannah Peters of this city. There are five brothers living, all well known in the business life of the city. They are John, Edwin, Fred A., Charles H. and Frank L. Peters.

The funeral will take place on Wednesday afternoon, with service at the house at half-past two o'clock.

**GOOD SHOOT HELD ON SATURDAY; GUN CLUB BEING FORMED HERE**

Enthusiasm Rising and Interest Developing Among the Marksmen—Some Close Competition

A very successful shoot was held on the range on Saturday afternoon, attended by a large number of competitors. One five bird event, eight ten bird events and two twenty-five bird events were run off and during the afternoon a meeting was held at which it was decided to form a regular gun club, hold periodical shoots and, by starting early, it is hoped that a team can be trained which will qualify for the larger tournaments which are held each season at Montreal and Toronto.

Local matches will be arranged with Farnmouth, Halifax and other clubs. The members subscribed most willingly by those present to defray immediate expenses and a business meeting will soon be called at which all matters which are held each season at Montreal and Toronto.

Special effort will be made to educate new shots and encourage beginners and with this in view the older shots and members of the former St. John Gun Club are asked to come out to the matches and help the younger men along, for it is only by the continual introduction of "new blood" into any sporting organization that it can be kept up, and it has proven true that new shots soon chase the older hands close for prizes and places on important teams, if they are properly coached at the start.

On Saturday a squad of five men who had never before fired at a flying target broke 30 per cent first time up, and 50 per cent the second time, showing decided improvement. Jack Learment of the Dominion Cartridge Company, gave a good exhibition of shooting, winning a match with nine out of a possible ten, and J. W. Andrews of the Remington Company, a St. John boy, did the same in another ten bird match. These men met in a twenty-five bird contest later, along with three amateurs, C. H. Lemesurier of Montreal, O. J. Killam and Herb Dickson of St. John, the latter winning the match, with Andrews, Killam, Lemesurier and Learment in the order named, grouped so closely that only a bird or two separated high and low men. The results follow:

1st event, ten targets—1st, O. J. Killam; 2nd, J. Learment (pro); 3rd, H. Dickson.

2nd event, ten targets—1st, J. W. Andrews (pro); 2nd, H. Payson.

3rd event, ten targets—1st, J. Learment (pro); 2nd, C. H. Lemesurier; 3rd, F. Alchome.

4th event, ten targets—1st, Payson and Learment (tie); 2nd, E. Harrington; 3rd, H. Dickson.

5th event, ten targets (novice)—1st, H. W. Berry; 2nd, Lieut. Rebmann.

6th event, five targets—C. McAvity, R. McAvity, Lieut. Rebmann, Mr. Hamilton, tie.

7th event, ten targets—1st, J. W. Andrews (pro); 2nd, E. Harrington.

8th event, twenty-five targets—1st, H. Dickson; 2nd, J. W. Andrews (pro).

9th event, twenty-five targets—1st, O. J. Killam; 2nd, H. Payson.

**REPLY OF CITY COUNSEL IN POWER COMPANY CASE**

J. A. Sullivan of Boston Deals With Valuations

**CHARGES INCONSISTENCY**

Says Their is Confession of Hollowness in Company's Arguments—He Supports City Valuation and Makes Strong Presentation

Mayor Hayes has just received John A. Sullivan's reply to the Power Company's brief in the matter of the enquiry into rates by the royal commission. At the outset Mr. Sullivan says:—

1. —The Company's claims as to valuation.

The utter insincerity of the company's claims is demonstrated in the brief filed by its counsel. On page 80 three valuations are given for all the tangible and intangible property, including \$50,000 as the alleged cost of the investigation into rates. The figures are \$3,570,806.70—\$4,681,492.88 and \$5,981,492.88. If the company's officials, or its counsel, really believe any one of these figures represented the value of the company's property, that figure would be urged as the rate base and returns would have been computed upon it, at the percentage which the company believes to be fair. On pages 31 and 32 a return of 6 per cent is advocated, and a surplus of 2.5 per cent more seems to be claimed.

The return at 8 per cent on \$5,981,492 would be \$486,519.

The return at 8 per cent on \$4,681,492 would be \$374,519.

The return at 8 per cent on \$3,570,806 would be \$285,664.

With 2-1/2 per cent surplus added \$5,981,492 would yield \$591,806.

With 2-1/2 per cent surplus added \$4,681,492 would yield \$466,206.

With 2-1/2 per cent surplus added \$3,570,806 would yield \$358,516.

Yet in the table on page 40 of the brief the company asks for a return of only 5 1/2 per cent, and in pages 38-39 and page 41 suggests rates only high enough to bring that return! This is the only case known to the city's counsel where a public utility company claimed a certain valuation as the basis of rates and then failed to push the claim to its logical conclusion. This failure is a confession of the hollowness of all the company's arguments on page 2 of its brief respecting the combined capitalization of \$5,179,010 of ten predecessor companies; of the testimony of its expert, Mr. Binckertoff as to a \$4,000,000 valuation; and also of all other claims made by the expert or by counsel in the brief as far as they support a valuation in excess of \$3,100,000. This is so because the returns finally asked for on page 40 are based on the amount of the bonds, \$1,750,000, and the preferred stock, \$1,850,000, a total of \$3,600,000. It is an admission by the company of the truth of the statement of its counsel, Mr. Powell, before the Public Utility Commission, that the \$2,000,000 of common stock was "watered stock," that is, that it represented no property whatever.

Mr. Sullivan says further that when ever it served the company's purpose they accepted Waterman and Sloan's appraisal, but abandoned them for Mr. Binckertoff when he made additions to the costs, and in turn abandoned him when he would not value their water power at more than \$115,600 when they wanted it made \$500,000. The counsel for the city then goes exhaustively into an examination of the company's contentions declaring that their figures and estimates are utterly unreliable. He makes a statement of the city's valuation, which he vigorously supports in deals with the water rights and land, unused property and other claims of the company, cites numerous cases to support the city's contentions, discusses expenditure and income, exemption, and other features of the case. It is a very strong presentation of the whole case for the city. The reply fills twenty-five type-written pages and is quite too long to quote in full.

**SERGEANT LUCK OF GOOD OLD 26TH WINS MILITARY MEDAL**

**SERGEANT A. G. LUCK, M. M.**

The many St. John friends of Sergt. A. G. Luck will be pleased to know that he has been awarded the Military Medal for gallantry on the Cambrai front. Although seriously wounded in three places he continued to direct the firing of his

Sergt. Luck, whose home was in Chatham, England, came to Canada with his brother about five years ago to make his home in this city, but when the war broke out he obeyed the call of King and country and enlisted in the 20th Battalion and went overseas in that unit.

**ANOTHER TAG DAY.**  
 The mayor has received from the secretary of the Royal Standard Chapter, I. O. O. F., a request for permission to hold a tag day in May to raise money for patriotic purposes.
