ALL DAY FIGHT WITH CONVICTS

Armed Prisoners Subdued By Guards, But Some Who Escaped Are Still Free

(Canadian Press) Rawlins, Wyoming, Oct. 14.—Quiet was restored last night in the penitentiary here, where a battle raged all yesterday between armed convicts and the prison guards, whose numbers had been depleted by the sending out of posses in search of prisoners. The convicts were subdued and locked in their cells. Early reports of the killing of several men inside of the penitentiary were not confirmed today. A little before midnight, Marshall Hayes returned to Rawlins after the man burst in the hills, bringing one of the escaped men, whom he shot and wounded. The man was placed in the prison hospital. Two more of twenty who escaped on Saturday were recaptured yesterday, reducing the number of Saturday's fugitives at liberty to nine. The men who escaped yesterday were led by Antoni Pano, a life term murderer, who a few months ago, in the prison dining room, seized a knife and almost disembowelled a fellow prisoner.

BRITISH COLUMBIA MEN HERE TO SEE COMMISSION WORK

Sent Out to Study Methods, They Will Also go South to Galveston

Three members of the British Columbia commission on legislation relating to municipal government arrived in St. John today, drawn here by the fact that St. John was the first city in Canada to adopt the commission form of city government. The city of Vancouver, in a plebiscite recently approved of the principle of commission government but is waiting to learn more about its workings before endeavoring to put the idea into effect. An investigation will be needed for the purpose and other cities and towns in the province are considering the change as a preliminary step. The commission was appointed to investigate thoroughly the operation of the new form of government in other cities and to report to the members of this commission are now on a trip of personal inspection. The chairman, W. H. Keary of New Westminster, is following a different route from the others and will not visit St. John. Those who have arrived here are the secretary, James Morton of Vancouver, A. E. Bill of Vancouver and H. A. McLean of Victoria. They will remain in St. John until tomorrow. The commission spent a month visiting the municipalities of British Columbia to learn what changes and reforms are desired before starting on their travels. Since then they have visited Des Moines, where the commission form of government is in operation and the Canadian cities which have adopted the form of control method. From St. John they will go to Galveston, Texas.

NO CHURCH WEDDING Philadelphia Bride and Groom Are Both Atheists

Philadelphia, Oct. 14.—Declaring belief in any religion, Miss Evelyn Baxter Nasson, a pretty girl of twenty, prominent in local society, insisted on the performance of a civil ceremony when wed to Doctor Jess Lane, an eye specialist of Budapest, Hungary, Mayor Rudolph Blankenburg officiated. "We are both atheists," said Miss Nasson, the daughter of a literary man, "and why should we go through a foolish ritual when neither of us has religious convictions. Besides that, we are going to live in Hungary, where only a civil ceremony is recognized. My view may awaken sleepy and unprogressive Philadelphia, but I can't help that. We believe that a civil marriage will bind us together for life as successfully as a religious ceremony." The pair met when Miss Nasson was studying abroad. The marriage was performed at the home of the bride's parents, No. 4503 Spruce street.

REFEREE RECOMMENDS DIVORCE FROM TOD SLOAN

New York, Oct. 14.—Edward L. Paris, referee, has recommended to the supreme court that a divorce be granted to Julia Sanderson, the actress, from James F. Sloan, better known as "Tod Sloan," once a noted jockey. A large number of local baseball fans who have been in Boston and New York to see the games of the world's series, returned to the city on the Boston train this morning. They all had a good time and are very enthusiastic over the brand of ball they witnessed. Among those who returned today are D. B. Donald, F. Burpee, Alex. Phillips, Norman P. McLeod, C. P. Nixon, W. H. McQuade and Peter Maloney.

THIRTY THOUSAND IN COLUMBUS DAY PARADE IN BOSTON

Boston, Oct. 13.—Boston celebrated its third Columbus Day yesterday with one of the biggest and most cosmopolitan parades the city has ever seen. Thirty thousand people, of many nationalities, were in the long marching line, which started at 11 o'clock and wound its splendid way through Back Bay, down town and South End streets and squares. Chinese, Armenians, Italians, and other foreign born joined with native Americans in honoring the discoverer of America. Even the world's series added Boston's Columbus Day, in spite of the National Baseball Commission's original schedule. Last Wednesday's game at Fenway Park showed the schedule up one day, so that yesterday's game fell to the local grounds instead of Manhattan. This gave managers advertise as an "added feature." And the best part of it was that the baseball game and the big parade did not clash, the latter being in the morning and the former this afternoon. In spite of lowering skies, suburbanites came by thousands to the city to swell the resident population of parade spectators. Brigadier General Charles Platt was chief marshal and Colonel James H. Smyth, inspector general, M. V. M., chief of staff. Governor Foss and staff reviewed the parade from a stand on the Tremont street mall of the Common, midway between West and Boylston streets. Mayor Fitzgerald and the city government reviewed the parade from a stand on the corner of the city hall. The knights of Columbus, Holy Name Society and Spanish War veterans were out in force.

MR. McLELLAN HOME TODAY FROM BOSTON WITH NEW IDEAS

With many new ideas regarding the operation of his department, Commissioner H. R. McLellan returned to the city today after a week spent studying the operations of the police and fire departments and the building laws of Boston. Mr. McLellan intended to visit some of the other New England cities but found enough in Boston to keep him busy from the time he arrived until he left for home. Speaking to a Times reporter, the commissioner said that his strongest impression was regarding the efficiency and discipline of the police and fire departments. He found them headed by the best type of men with organizations under them in a remarkably high state of efficiency. He made a careful study of the use of automobile trucks for fire apparatus and as a result of this is favorably impressed with the idea of their adoption in St. John as soon as the city's funds will permit of the investment. In the police department, Boston, he says, has one of the finest bodies of men

BLAMES GIRL AS FORGER OF PRIVATE CHECKS

Eighteen Year Old Roxey Wells Is Arrested in New Jersey

(Canadian Press) Trenton, N. J., Oct. 14.—Miss Roxey Wells, a winsome eighteen-year-old girl, arrested here in New Jersey on complaint of Frank N. Hoffstad, millionaire banker and prosed steel manufacturer of New York and Pittsburgh, who accuses her of defrauding him out of \$30,000 by forging his signature to a large number of checks. Miss Wells, who is also known as Lola Glazer, lived in and about Pittsburgh for several months and made the acquaintance of wealthy young men of that city. Through them it is believed she obtained a signature of Mr. Hoffstad and began a series of forgeries. All the fraudulent checks were drawn on the German National Bank, Pittsburgh, of which Mr. Hoffstad is president. Sixteen of them were cashed at the bank account, that more than a score of private checks and one or two promissory notes were cashed, and returned to him after cautioning, before he discovered that something was wrong. Many of the checks apparently were verified by him, making it easy to have them cashed. The girl, it is said, was put on the case as soon as Mr. Hoffstad became suspicious. This must have been suspected by Miss Wells as she disappeared from Pittsburgh at about that time. She was not heard of again until last week, when she made an effort to cash a check in a local store. The firm refused the amount, \$37,500, and notified the police. She was caught with all the large stores in the city, notifying them to hold the girl if she appeared. The girl was taken to the station and arrested. The girl was accompanied to this city by a young man, who has dropped from sight. The police have received a pathetic letter from Miss Wells' parents, who did not even know of her existence until a private detective told him she had been using his name to enrich herself. COMMON COUNCIL Reports of the Commissioners To The Meeting This Afternoon

The weekly meeting of the common council was held this afternoon and reports of four of the commissioners, as given below, were dealt with. The commissioner of finance and public affairs recommended that the chamberlain make a revision of city properties, with authority also to incur such expense as necessary and that advertising space for 200 words be engaged in the Canadian and West End. Magazine, at a cost of \$100, which does not include cost of illustration, and that the commissioner make the necessary arrangements to provide funds for payment. The commissioner of harbors, ferries and public lands recommended that he be authorized to have repairs made to the supports of No. 2 Warehouse, Sand Point, under the direction of the city engineers, that all motor vehicles operated by anyone be prohibited from entering any city street, and that all such traffic with Sand Point wharves and warehouses on the west side be confined to the protection street and the platform between No. 2 and 3 sheds, and on South Rodney Wharf to the roadway north of No. 5, 6, 7, and 8, under penalty of \$50 for each offence; and that the tender of No. 5, 6, 7, and 8, under penalty of \$500 be accepted. The commissioner of water and sewerage recommended that the water main in Duke street from Germain to Prince William be removed with an eight inch main, and that tenders be called for the work that the offer of Edward Boyle to pay \$15 to be allowed to tear down and remove what is left of the Ryan barn on the Little River Reservoir grounds, for the purpose of clearing the way to the C. P. R.'s telegraph superintendent for permission to attach the city's poles on the Marsh Road. The commissioner of public works reported having had before him the certificate of the city engineer on the Hiram Paving Company contract for paving the balance of \$1,973.15 withheld from the company be paid and the work accepted subject to the conditions of maintenance required under the contract; that the commissioner had under consideration a communication from Daniel Mullin, a contractor, stating that he had been consulted by Robert Knox, father of Elvin Knox, to call upon the city for damages owing to an accident received by Elvin Knox stepping into a hole in the sidewalk in Water street, West End, and after consulting with the recorder the commissioner is informed that the city is not liable. He recommends that the communication be filed.

SEND IN RUBEN TO CHECK THE RED SOX

Big Southpaw May Be Opposed By Collins in Game Today

(Canadian Press) New York, Oct. 14.—The first crisis in the struggle for the world's baseball championship was reached today when the New York Giants and the Boston Red Sox prepared for the sixth game of the series. A victory today would send the championship to Boston and the perfection of the National League pennant winner went to the Polo grounds to see their favorite pitcher, Babe Ruth, in action. Of the five games played thus far, Boston has won three and needs but one more victory; New York had a single victory and the mixed satisfaction of one tie game and a series of forfeits, every remaining game. Although the sky was overcast this morning, the prediction of the day was fair. There were plenty among the Giants' supporters who expected confidently to see the team embrace the one chance left. "We'll be up here again Wednesday and beat you fellows out in the deciding game," was their refrain. Many of the Giants' fans were just about down and out, and were pointed to as a reason why Boston hopes of ending the series today stood a good chance of being shattered. Boston's own "come back" of 1903 when, with three games gone, the team found itself and took four straight from Pittsburgh was cited as a precedent and a basis for Giant hopes. The attitude of the big delegation of Boston fans here for the game was entirely different. On the basis of results accomplished they believed that this day would see the struggle ended. Sentiments similar to those of the fans were voiced by trial managers. The club has been playing far below its form," said McGraw. "To win three straight, the series looks like a job for me, but I believe, as do the men at the team, that we can do it." The attitude of the Red Sox was naturally in cheerful mood. "Everything is apparently in our favor and of course we expect to win," he said. "The men believe they have the Giants on the run, but even a defeat today would leave us two or three games to play in the championship." Errors Have Hurt Giants. If in their friends, their manager and themselves hoped, the Giants were to take a brace today, there was general agreement that they were due to start

BASEBALL ROW OVER THE MONEY

Boston, Oct. 14.—The money split up by the players is causing much friction. It was said that the players of both teams indirectly requested the commission to give them 60 per cent. of the big gate money taken on Saturday in addition to their share of the four games including the Brown battle on Wednesday. In other words the players cannot understand why they should not have the money out of five games inasmuch as the tie officially counted for nothing. Just what was this request on behalf of the Giants and Red Sox could not be learned, but the fact remains that the commission promptly turned down the proposition. Then the players made another demand, so the story goes. They wanted the right to play an exhibition game after the series either in Cincinnati or Chicago, the receipts to be devoted to a position to make an immediate reply the commission will be denied, it is understood, and should there be an attempt to flout the commission the players will find themselves in serious trouble.

MORDECAI BROWN SOLD TO LOUISVILLE

Chicago, Oct. 14.—Mordecai Brown, the three fingered pitcher who has been one of the strongest assets of the Chicago National League baseball team, has been sold to the Louisville team of the American Association. It was announced today that C. W. Murphy, president of the Chicago National League, has agreed to sell Brown to Louisville. Brown's arm is as good as new, it is said, but he has been sold by Murphy because Brown twisted his knee in a game early this season and the lameness persisted.

"There is no sport in that," Sir Thomas said that if he built another challenger he would name her the Shamrock IV.

A SENSATIONAL VANCOUVER CASE

McGill Graduate of Prominent Family Faces a Charge of Manslaughter in Death of Young Husband

Vancouver, B. C., Oct. 14.—Sensational developments have occurred in the case of Ernest Spindler, one of the best known Indians in the city, who has been allowed out on bail of \$10,000 and will be brought up on Tuesday on a charge of manslaughter. The wife was brought back from Seattle and committed to remain in custody until the trial of McNaughton. McNaughton is a McGill graduate and well known in the east. He declares he did not know of Spindler's death until he heard of the inquest and admits that following an altercation in a downtown hotel, he struck the young husband over the head with his umbrella. Mrs. McNaughton is a school trustee and is a well known charity worker.

30,000 FLAGS IN LAWRENCE PARADE

Monster Procession Marches Three Miles Through Mud as Protest Against I. W. W. Lawrence, Mass., Oct. 13.—Thirty thousand American flags were carried through three miles of muddy streets Saturday by 30,000 men, women and children in a unique demonstration against the Industrial Workers of the world. The city itself was a mass of flags and bunting, and a building being without decorations. Lining the streets through the parade passed men and women stood deep and almost without exception they either waved the stars and stripes over their heads or wore miniature flags on their coats. Representatives of the city government, veterans of the Civil and Spanish wars, and members of church, civic and fraternal organizations were in line. Members of the Grand Army and of the Boy Scouts, and of other boy marching clubs wore the only uniforms displayed except by the musicians. The police took no part in the parade except to keep the crowd back along the sidewalks and side lanes. In Essex street, the line passed beneath a high red, white and blue arch, bearing the inscription: "For God and Country, The Stars and Stripes forever; the red flag never." A protest against the Industrial Workers of the world, its principles and methods. With one accord the marching thousands removed their hats and broke forth into songs and cheers as they approached the arch. At the police station in Common street, there was another demonstration. City Marshal Sullivan stood on the steps with his hat in his hand and as the paraders passed they cheered and dipped their hats. The red flag and other banners displayed by the members of the Industrial workers of the world during a parade incident to the recent Eton-Giovanetti protest strike, were nowhere seen. In one street striking the foreign section, several Italian flags were waving, but in every instance the Stars and Stripes were also displayed. A few Italians were in the parade carrying American flags with the others. "Marching Through Georgia," "The Battle Hymn of the Republic," and "Onward Christian Soldiers" were played almost continually by the many bands and drum and pipe corps in the line, men, women and children singing the songs as they marched. Even the watchers oftentimes joined in the singing and the voices were plainly audible above the beating of the drums and the tramp of feet. A marching club of 90 boys who carried a huge American flag stretched out between them was a feature of the parade which excited unusual enthusiasm. Members of the Industrial Workers of the world gave the police no trouble during the parade. Many of them had left the city early in the day to attend a picnic in Methuen. Leaders of the organization had cautioned the members against making any demonstration on their own account with the result that hardly an I. W. W. button was to be seen in the streets. A flag raising on the common where the parade disbanded was the closing feature of the demonstration. In the outskirts of the crowd 300 girls from St. Mary's school formed a human flag which had been made one of the chief attractions of the parade.

REED'S CASTLE WORK

Arthur M. Irvine, of Montreal, who, with Ernest W. Bolton, is to remodel Reed's Castle for use as a modern apartment house, is in the city today. He is consulting with local contractors regarding the work, but owing to the amount of work already in progress here and the size of his undertaking, Mr. Irvine has found some difficulty in making arrangements for beginning the work. He hopes to have everything ready soon for a start, as they are very anxious to commence this fall in order to have the apartments ready for occupancy by the first of May, 1914.

MEANS THAT GREECE AND TURKEY WILL FIGHT

London, Oct. 14.—The Greek note to Turkey demanding the release of the confiscated Greek vessels is in the nature of an ultimatum which official circles here think it is certain Turkey will promptly refuse to comply with. It therefore means immediate war.

OLD HOME WEEK IN NEWFOUNDLAND

His Grace Archbishop Howley, who was in the city a few days ago, speaking of the proposed reunion of all Newfoundlanders at home and abroad next summer, said that there are nearly 4,000 natives of Newfoundland in Montreal and the enthusiasm of a reunion and national convention to be held in St. John's during next July and August was in great evidence. If the "Old Home Week" will be conducted, as is most likely, His Grace will be one of those to extend a cordial welcome to all and give the extensive grounds in connection with the Cathedral for carrying on the public games and sports.

It is proposed that boat racing teams from eastern Canada will go to Newfoundland to compete with boatmen there, and it is proposed to make the event one of the most successful of the kind ever attempted in this part of the world.

Wall Street Notes

New York, Oct. 14.—Americans in London week 1 to 2.34 points below Friday's close, but not as low as Saturday's.

London says market quiet. The nervous feeling continues, financial market awaiting further developments. Rumors of trouble at the Paris settlement at end of month.

Turkey rejects peace proposals and regrets inability at this time to consider guarantees for reforms.

U. S. Supreme Court to meet today. Important decisions will not be handed down till next Monday.

Interest—Commerce Commission to meet today for first full session of the fall term.

Steel Company has been booking orders at the rate of 55,000 tons daily this month.

Acting bank reserves now \$10,500,000. It would look as if Europe had sold about all its floating securities, Americans at least. Our market has shown ability to absorb them, if this is really so the influence of the war upon our markets should be about over. Money will continue at a high rate.

Our stock market likely to open somewhat lower but will meet support on any decline as great as the foreign prices indicate. We can easily get a rally of several points. Big business is getting to be an old story but foreign demand for our products will be up to the full capacity of transportation. On any such this morning, think market a purchase for a fair term.

The Market

New York, Oct. 14.—The market is moving with remarkable steadiness, considering the sales from abroad and the money situation. There has been no important selling pressure thus far and the most influential people are firm in the theory that the market is bound later on to advance.

Important. With the temporary pressure removed, the great expansion in business and large earnings of railroads must produce renewed activity on the constructive side. A realization of the immense harvest is producing confidence and expansion in business. Bank exchanges last week increased nearly \$800,000,000 or close to 22 per cent over the same week last year.

FREDERICTON NEWS

Fredericton, N. B., Oct. 14.—G. Stanley Farrar, organist of Christ Church Cathedral, who is to remove to New York was a Saturday evening made the recipient of a gold watch by the cathedral congregation.

O. H. Sharpe and family will leave this evening for Ottawa where Mr. Sharpe will take the management of the Bank of British North America. The cathedral sideboard presented to Mr. Sharpe a set of golf sticks and Mrs. Sharpe a silver watch. Several business men waited upon Mr. Sharpe at the Queen hotel this afternoon and presented to him a handsome piece of silverware. Judge Barry made the presentation.

Kenneth McLaggan, of Nashua, subcontractor of Gibson railway, was struck on the head by the boom of a piece of hoisting gear on Saturday and rendered unconscious. He is now on the road to recovery.

Rev. Father Carney conducted an open air service for the congregation of St. Dunstan's church at the Hermitage yesterday.

An auto in which James K. Pinder, M. P. E., and daughter were riding collided with a truck wagon in Queen street this morning. The damage to the car was not serious.

Doctor Carter will represent the board of education at the funeral of Doctor Inch.

THE GIBSON & MINTO Operations on the construction of the proposed spur line of the Gibson & Minto from Lower St. Marys to Marysville will not commence until next spring. Considerable of the work of clearing the right-of-way has already been done and a connection for the spur line with the main line at Lower St. Marys has been put in readiness for an early start in the spring. Last week the property near the cotton mill at Marysville owned by Mrs. Dinmore was purchased by the company as a station site at Marysville. A station building and freight sheds will be erected there and the house will be used as a residence for the station master at Marysville.

McGILL WON. Montreal, Oct. 14.—In Saturday's football game, McGill beat Queen's 15 to 5.

Mrs. Willis Jones, will leave Petitoide on Wednesday for New Westminster, B. C., where she has accepted a position as stenographer for her brother, Percy A. Jones, manager of the Fraser River Pile Driving Co.

RECENT DEATHS

The death of T. Leigh Jewett, aged thirty years, took place in Caribou, Me., Sept. 28. He formerly resided in Fredericton and is survived by his wife and two small children, also his parents, Mr. and Mrs. James A. Jewett, one brother, Harry A., and one sister, Mrs. A. Gregory, who lives in Calgary.

At Mount Whately on Tuesday morning Mrs. Lloyd G. Miner died at the age of thirty years. She was Miss Imogene Maker of Saugus, Me. Besides her husband she leaves two little daughters, two brothers, Robert Maker, of Mount Whately and Fred Lyon, Mass., and two sisters also of Massachusetts.

BAPTIST YOUNG PEOPLE A special committee of the Baptist Young People's Provincial League met yesterday afternoon in the Fairbanks church. Arrangements were made and reports completed for the annual conference to be held in conjunction with the convention of the Maritime Baptists in Moncton from October 19 to 22. Efforts are being made to have a Maritime Young People's League formed and the idea is to be presented at the convention. Those present at the meeting yesterday were Rev. M. F. McCubbin, Rev. F. H. Wentworth, Messrs. B. H. Dandfield, Allan A. McIntyre and W. Edgar Campbell.

THE COAL SITUATION. F. P. Starr, of R. P. & W. F. Starr, has returned to the city after a week spent in New York endeavoring to secure supplies of American anthracite. He says he found the coal still very scarce and prices high, but was successful in looking several cargoes, which will give them enough to keep them going. W. H. Esley, of the City Fuel Company will leave for New York this evening on a similar mission. A cargo of 600 tons, consigned to Gibbon & Co., arrived today from Philadelphia.

At Sussex on Saturday morning Miss Hazel Arnold, daughter of Conductor William L. Broad, was married to John Hugh McLaren, of the I. C. R. office in Moncton. The bride, who was unattended, wore a traveling dress of brown whipcord with hat to match, also a handsome set of mink furs, which were the gift of the groom. The ceremony was performed in the presence of relatives and immediate friends by Rev. Canon Neale, rector of Trinity church, Sussex. Mr. and Mrs. McLaren left on the Boston express for Moncton and left there on the Ocean Limited for a trip through the cities of Upper Canada and United States.

PROTECTION AND PREFERENCE With the apparent purpose of showing that Sir Wilfrid Laurier had declared himself against an increase in the British preference, the Standard on Saturday quoted a statement made by Sir Wilfrid in 1907. Nowhere in the passage quoted does the Liberal leader make any such declaration. He did speak of a mutual preference as a policy that would in his opinion benefit British trade, but pointed out that Canada had no desire and no intention of forcing a policy which Canadians believed in upon the British people if they were not prepared to receive it.

DR. JAMES R. INCH One cannot estimate the value of the influence of a life like that of Dr. James R. Inch. There are men and women in all parts of Canada who have been influenced by his ideas and his example. In his educational work during a long life he was brought into contact with very many minds in the formative stage, and gave direction to their thoughts and ambitions. His was a long and honorable career, and he had the distinction of being associated at different periods with two great educational institutions in this province, as well as of being for another period at the head of the educational affairs of the province at large.

THE TORRES HOLD IT The Dutch have taken Holland. In other words the Tories hold the constituency of Macdonald, in Manitoba. Commenting on this election a week ago the Toronto Globe said: "The importance of the Macdonald election is being considerably exaggerated by both parties. Macdonald has been Conservative for several years, and the whole force of the unscrupulous Manitoba government and the Dominion government, with Bob Rogers in charge, is on the side of the Conservative candidate. The Independent Liberal candidate, Mr. R. J. Richardson, has against him also all the articles he ever published against the Liberal party in his paper."

PRICE WEBBER AT OPERA HOUSE St. John favorites, Price Webber and Edwin Gray, appeared before a local audience for the first time in ten years on Saturday night in the Opera House. They were given an enthusiastic reception by a large audience, in spite of the wet weather and the entertainment offered evidently gave thorough satisfaction to everyone in the house.

CHILD WELFARE At the Canadian conference of charities and corrections in Montreal this week the function of play in the development of the child was discussed. It was pointed out how necessary it is to provide opportunities for play under proper supervision. A speaker from Winnipeg, which city is one of the most progressive in Canada in regard to playgrounds and juvenile courts and the general care of children, declared that greater use should be made of school buildings as social centres. Another speaker declared that school premises should be utilized for every legitimate public interest.

LIGHTER VEIN NONSENSE RHYMES.

The Observer is tuning a series of "Foundling Rhymes," take this one for example: I was playing golf one day When the German landed; All our troops had run away, All our ships were stranded; And the thought of England's shame Almost put me off my game.

KNOTTY SCHEDULE K A wool expert of Boston smiled at an argument over "Schedule K." "The trouble is," he said, "that those disputants don't understand the American sheep industry. They remind me of Smithson's."

GOOD ADVICE Not long ago Lord Kinnaird, who is always actively interested in religious work, paid a surprise visit to a mission school in the East-end of London and told a class of boys the story of Samson. In concluding his narrative he lordship added: "He was strong, became weak and then regained his strength, enabling him to destroy his enemies. Now, boys, if I had an enemy, what would you advise me to do?"

R. over the Pembina river at Entwistle, Joseph Johnstone, structural iron worker, accidentally touched the trigger of the automatic riveter. It rebounded, striking him on the forehead, and he was sent hurtling through the air, a terrible drop of 170 feet to the river below. He struck an out-jutting beam on the lower deck of the bridge, and the fall was deflected from open water on to a raft, upon which he fell, lighting on his head. He was instantly killed.

Secret of Losing Fight Against DESIRE FOR DRINK Helpful Thoughts Based on Judge Ficke's Philosophy "If the fellow who is rated as a drunkard will fight the desire for the first drink he will become a sober man. This is one of the splendid gems of philosophy uttered by Judge Fricke of the Police court of Cincinnati. Desire for drink is what every excessive drinker has to fight. For the great majority, it is a losing fight. Craving desire for liquor in nine cases out of ten overcomes willpower and knocks out good intentions. This gnawing, relentless desire for liquor felt by all victims of the drink habit is caused by the accumulated poison of alcohol which is in their systems---a poison that more drink can but temporarily satisfy. There is one sure way to neutralize and eliminate this alcoholic poison. The Neal Treatment does it and in three brief days. With this poison gone, all desire for drink is gone. This is the happy result no matter how long and firmly fixed the habit. Thousands of con-

A ton of the Pea size of hard coal contains just as many heat units as a ton of Chestnut, stove or egg. Pea hard coal is used extensively for domestic purposes in all the American cities and to a large extent is displacing Chestnut and stove sizes for use in ranges, round stoves and furnaces. In most American cities it is called No. 2 Chestnut. It is the next size smaller than Chestnut. We have 200 tons of Pea hard coal to arrive in a few days. BOY STOLE FOR GIRL OF TEN Twelve Year Old Confesses He Was Burglar to Get Her Gifts

Philadelphia, Oct. 14.—Because of his love for his ten-year-old sweetheart, Caroline Crean of Van Pelt street, the police say that twelve-year-old John Lowery of Indiana avenue has been living a remarkable life of crime.

Lowery told in the juvenile court story of how he robbed the home of William Wagner of York street. He got a diamond ring, valued at \$150, and \$10 in cash, and also some silk stockings, lingerie and other articles of apparel that he sold in old clothes men. He gave the ring to his sweetheart.

Special Officer Eastlack, who was assigned to the case, met the girl and saw her wearing an expensive diamond ring. He shadowed her, saw her meet Lowery and found that the boy gave presents to the girl. When the boy was accused he confessed. He was held in \$500 bail.

GOOD EATERS ARE GOOD FIGHTERS Whether at Work or Play, Endurance Comes From Good Digestion, Always Assured by Stuart's Dyspepsia Tablets

Men and women must have quick wit and good grit to stand the day's battles. A dyspeptic may get away with his work, but is always at woe's point with those around him. A good stomach and a good meal well digested puts us in a goodly fighting mood, the sort that moves down a work and commands the hearty co-operation of our associates.

Stuart's Dyspepsia Tablets as soon as taken into the system go right to work as assistants to the stomach, rendering it an immense amount of help in working out the very complex process of digestion, encouraging it in the performance of its functions, relieving it of a portion of its duties, thereby allowing it a temporary respite, and also toning up, strengthening, revitalizing its secretory glands, mucous membranes, absorbing glands and muscular walls in such a way that the stomach soon recovers its full powers of digestion, motility, assimilation and ultimately does its work as well as ever without outside assistance.

These powerful little tablets contain in a concentrated form, every element necessary to digest all forms of food, whether meats, vegetables, cereals, eggs, fish, etc., and they act equally well in an acid or an alkaline medium. If your stomach is ailing, does not digest as quickly or so thoroughly as it should, and your entire system in consequence is suffering from malnutrition and mal-assimilation, you owe it to yourself to place in the abused stomach assistance to help it out of its present condition.

The solution of your stomach-trouble problem is easy: Go to your druggist at once and secure a package of the tablets one or two after each meal or as required, then note the difference in the way you feel. All druggists sell them. Price 30 cents.

HILL BUYS A BANK

Secures Second National of St. Paul and Makes Offer for First

St. Paul, Oct. 14.—The Second National Bank was informally transferred to James J. Hill at a meeting of the board of directors last week. Two checks totaling \$1,200,000 signed by Mr. Hill completed the transaction. The price per share was \$30. Mr. Hill requested that W. B. Deane remain acting president and the old board of directors remain in tact indefinitely.

The Second National is the first bank here of which Mr. Hill has taken active charge, although he is a member of the board of directors of several others. Among them is the First National, for which he has made an offer of \$25 a share. Mr. Hill would give no intimation of his plans, but Mr. Deane said that it is likely that should the First National be liquidated, the Second National would be liquidated. Bankers here believe Mr. Hill has in mind the formation of a great financial institution of the northwest through which he can transact all branches of his business without the necessity of going to outside banks.

The Second National Bank was established in 1854, and has been in continuous operation for fifty-eight years. The capital, surplus and undivided profits amount to \$900,000, with deposits of \$3,500,000.

HOW DIXIE WAS WRITTEN Seventy Six Year Old Clown Was Chum of Author of Famous Song

Spokane, Wash., Oct. 14.—How the famous song "Dixie" came to be written is explained by Dan Hart, seventy-six year old clown, who is visiting in Spokane. "Daniel Deane Kenmett and I quit Strickland's circus in the south in 1839 and went back to New York, dead broke," says Hart. "We looked around awhile, but there was no engagement in sight. The weather was beginning to get nippy, in sharp contrast to the southern nights we had been experiencing, and Emmett's clothes were threadbare. 'By George,' said Dan one night, 'no engagement, no overcoat. I wish I was in Dixie.'"

The phrase lingered in his mind and that night he went to his room and wrote the words of the now famous "Dixie." A little later he got a lantern-torching company together and went through the south, singing the song to banjo accompaniment. It took like wildfire. When he got to New Orleans he had the first printed copy of the song struck off."

Hart says he has his first copy with him, headed by a crude woodcut reproduction of a dark complexioned 'nigger'.

NURSE BLAMES NERVES Arrested For Stealing and This Is Her Plea

New York, Oct. 14.—A plea that a nervous attack made her steal may save Miss Helen Watson, a nurse now awaiting sentence in the White Plains jail for stealing her employer's jewelry.

She was brought up for sentence before Judge Platt, of the county court, but was remanded until her counsel, Maurice Zuckert, can obtain statements as to her previous good character.

Miss Watson, who is twenty-four years old, came from Chicago three years ago to take charge of the Long Island College Hospital. After she left there she robbed the home of Dr. Kiser, in Brooklyn, and later the home of Frederick Edwards. She was employed as nurse in both places. Afterward she attended Mrs. W. B. Deane in Mammoth, who was seriously ill, and after the patient's death jewelry, clothing and other articles worth several hundred dollars were missed.

Detectives connected Miss Watson with the theft and she was arrested. She pleaded guilty, but explained that she was generally employed at night on tedious cases and that her nerves became overwrought, so she was not responsible for what she did.

Judge Platt's instructions to Miss Watson's counsel were taken to mean that she would show clemency. She is a graduate from a nurses' college, and it is believed that the alumni have interceded for her.

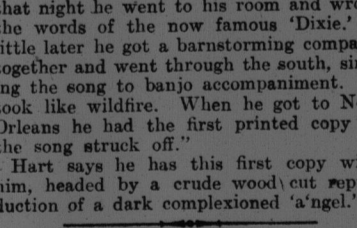

Now Feels Strong and Vigorous

And Fit for Any Amount of Work as the Result of Using Dr. Chase's Nerve Food.

It is so easy to overlook the warning given by headaches, indigestion, falling memory, lack of power to concentrate the mind, irritability and worry over little things, that many a man does not realize his danger until on the verge of breakdown.

Like the writer of the letter quoted below, you can call a halt to the wasting process and restore vigor and energy to the nervous system by using Dr. Chase's Nerve Food. This great food cure has a wonderful record of cures.

Mr. J. Hurlbert, 28 James street, Brantford, Ont., writes: "I was very much run down in health and as a consequence my nervous system was exhausted. Close confinement at my work, I think, brought on the trouble. I started using Dr. Chase's Nerve Food and by the time I had used up one box I felt a great improvement. The continued use of this preparation has thoroughly restored my system and fit for any amount of work. I have also used Dr. Chase's Kidney-Liver Pills and obtained with splendid satisfaction, and recommend them at every opportunity." Dr. Chase's Nerve Food, 50 cents a box, all dealers or Edmondson Bates & Co., Limited, Toronto.

Mr. J. Hurlbert.

Do not suffer another day with itching, discharging piles. No surgical operation required.

MANITOBA BY-ELECTION

Fifty-nine polls out of sixty-two in Macdonald district in Manitoba gave Morrison (Cons.) a majority of 720 in Saturday's by-election. The French half-breeds supported the Conservative while Richardson polled well with the English voters. A comparison with the returns of last year's election shows that a large number of farmers did not vote, being uninterested and also because the polling booths were in some instances ten miles from their homes. The Conservatives have held the seat for years.

SPORT NEWS OF A DAY, HOME AND ABROAD

Athletic

Every Day Club Races. The Every Day Club pulled off the scheduled events, namely, the twenty mile bicycle race and the ten mile road race Saturday afternoon, notwithstanding the rain and muddy roads. In both these events keen interest was displayed but the bicycle race in which only two contestants started proved somewhat of a failure owing to the heavy roads and disagreeable weather. Winchester, of Charlottetown, was thrown from his wheel when he had finished five miles, but owing to the fact that his opponent, O'Brien, of Amherst, took the wrong course, Winchester was awarded the trophy. The running event, however, was brim full of interest and the seven contestants were "neck-to-neck" the whole way over the course. Chambers, the local Y. M. C. A. representative, carried off the honors, and won the race particularly through his great endurance power. His great advantage was in climbing the hills, and in this respect he was superior to any of the other contestants. He led for the greater part of the course. Thornton, of Halifax, who held fourth place over the major part of the race, took a wonderful sprint after passing the Three Mile House, and jumped into second place, which he held to the end. Coward, of Fredericton, won third place, and Peterson, of the Halifax Wanderers, fourth. The time of the bicycle race was 1 hour and 20 minutes, and of the road race fifty-seven minutes and forty-two seconds. The officials were:—C. E. MacMichael, referee; A. W. Robb and Arthur McHugh, starters; A. W. Covey, G. E. Henson, Gerald Stanton, M. Donoghue, and Charles Cromwell, judges; C. S. Humbert, A. W. Covey and A. M. Belding times.

Track Notes

Hans Holmer has arrived in the United States and began training for the professional Marathon that will be held at the Vailburg Motordrome on Sunday, October 20. Among the men who will have to meet are Willie Kohlmann, The Jahnsson, Billy Quail and Jim Crawley. Word has been received from A. B. Toulie, the champion professional sprinter, that he will be unable to visit this country for the proposed series of races this fall. He is booked to forward a series of races with Reggie Walker in Australia, but says that if arrangements can be made he will be in the United States soon after the first of the year.

New Record

Matt McGrath of the Irish-American Athletic Club made a new world's record on Saturday by throwing the sixteen pound hammer 181 feet 4 inches from a nine foot circle. The former record was 179 feet 3 inches, made by John Fitzgibbon.

In a Two Mile Race

Abel Kiviat of the Irish-Americans and James Kohlmann went a dead heat in a 2 mile race.

Football

Fredericton Won. Fredericton High School defeated the St. John High School in the first football match in the Intercollegiate Football League, played in Fredericton on Saturday. The score was 6-0. The field was muddy making good playing almost impossible. C. M. Lawson of the St. John High School staff was referee.

The teams lined up as follows: Fredericton H. S.—Full, Vanwart; halves, Barbour, Dolan, Oldham, Coy; quarters, Drummond, Waring, Gibson; forwards, Gorman, Oram, McGuire, Hickson, White, Callahan, Robinson.

St. John H. S.—Full, McQuaid; halves, Howard, Millidge, Donnelly, Macburn; quarters, Harvey, Edgcombe, Bridges; forwards, Griffiths, Boone, McKnight, Good, Cass, Jewett, Betts.

OPENING GAME OF THE WORLD SERIES

Yerkes of the Boston Red Sox just after hitting the ball in the 7th inning, when his single brought home Wood and Hooper, making the score 4 to 2 and filling with gloom the hearts of the loyal Gotham fans.

THRILLING MOMENT IN OPENING GAME

In the 3rd inning, Devore was passed by Wood and started to steal just as Doyle dropped a two-base hit between Gardner and Lewis. It was a nip and tuck race for 3rd base between Devore and the ball—Devore winning out. The photo

field was muddy, which prevented good playing. The locals were weak in their forward line and in this quarter had to give way to the better trained and heavier men of the visiting team. Mr. Church was referee. The first half proved tight, but the closing half gave the Fredericton team the opportunities. They piled up three touchdowns while the locals scored one. Following was the line-up of the local fifteen: Forwards—Morrissey, Stubbs, Evans, Climo, Marsh, McDonald, Nelson. Quarters—Simms, Gilbert and Jennings. Halves—Brooks, Rev. William Malcolm, Dr. D. Malcolm, Melrose. Full—Aplin.

The line-up of the Fredericton squad was: Forwards—Brewer, Malone, Alexander, Dugay, Jewett, Renault, Cass and Veniot. Quarters—McGibbon, McFadden. Halves—Murray (Capt.), Balkam, Mainman, Murphy. Full—Ott.

London, Oct. 12.—The surprise of the day in the first league was the defeat at home of Everton by Bolton Wanderers. The Tottenham Hotspurs and Notts County match was subsequently abandoned.

They Back up Matty

Christy Mathewson's suggestion, for a players' share in the extra game which is brought about as the result of the tie game battle of Sox and Giants, which is virtually a demand, is now the topic among the players on the Red Sox and Giants team. Mathewson maintains that the players are entitled to share of the receipts of a tie game which is played off.

The Ring

Chicago, Oct. 12.—It's just a case of too much brotherly love on my part," said Jack Johnson, after he had had his brother Charley arrested here, charging him with grand larceny, forgery, obtaining money under false pretenses and a few other counts. "I had him arrested for his own protection," he said. "Isn't that an evidence of brotherly love?"

Johnson's Battles

Jack Johnson has announced that he has accepted the offer of \$55,000 to fight Sam Langford and Sam McVay in Australia. He will fight Langford on Dec. 26, and will leave at the last of the month to train in Australia. The papers are being signed today.

RED SOX NOW HAVE THREE TO CREDIT

Athletic

Boston, Oct. 12.—Overcoming the New York Nationals today by a score of 2 to 1, the Boston, pennant winners of the American League, need but a single victory to attain the world's baseball championship of 1912. The world's series now stand: Boston, three games won; New York, one; one contest a tie.

More than 34,000 people, a record-breaking baseball crowd for Boston, saw a pitching duel in which Hugh Bedient, a young star, sparkled as a new star in the baseball firmament. Three hits were the Giants' portion from Bedient's effective service, but for an error by Gardner, the young hurler would have turned back the New York club to defeat in nine scoreless innings.

Only a shade less brilliant than the box work of Bedient was the skill of the old master, Christy Mathewson, who, except for two long distance drives in the third inning, held the Red Sox helpless by the magic of his curves.

Bedient a Puzzle

Bedient pitched the best ball that has been shown so far in the five games of the world's series. He had not been regarded as a likely choice for mound duty during the championship games and it was not until several innings had passed that the thousands of spectators realized that the Giants were facing a quality of pitching that was most baffling when his meant tallies.

Box score:

Table with columns: A. B. R. H. P. O. A. E. Rows for Devore, Doyle, Spodgrass, Murray, Merkle, Herzog, Meyers, Fletcher, Shaffer, Mathewson.

Score by innings:

Table with columns: New York, Boston. Rows for innings 1 through 9.

Two base hit, Merkle. Three base hit, Hooper, Yerkes. Double play, Wagner, Yerkes and Stahl. Left on bases, New York, 5; Boston, 3. First base on balls, of Bedient, 3. First base on errors, New York, 1; Boston, 1. Struck out by Mathewson, 2; by Bedient, 4. Time, 1:45. Umpires, at plate, O'Loughlin; on bases, Rigler; left field, Klein; right field, Evans.

CORNELL HAS 4,800 STUDENTS

Ithaca, Oct. 14.—An increase of about 200 students at Cornell University is shown by the records this fall. Allowing for late registrations there will be approximately 4,800 students attending the university this year. This does not include the 1,700 who attend the winter courses and the summer school.

Dean Thomas F. Crane, one of the professors who was on the peaching staff during the year during the absence of President Jacob Gould Schurman, who is ambassador to Greece this year.

John Paul Jones has been elected president of the senior class. He is a famous truck athlete and holds the world's record for the mile.

Interests affected should be formed to press the matter. Among other suggestions made W. C. Allison advocated the formation of a Good Roads Association.

It was finally decided to continue the meeting later when committees could be appointed to go into the matter more thoroughly and take what steps might be decided best.

FUNERAL TOMORROW. The funeral of Jeremiah Kealey which was to have taken place tomorrow morning has been postponed until Wednesday morning. A son is coming from the States.

WHO LOST THE COFFEE? A packet of coffee was found in the Red Head Road a few days ago and handed over to Policeman Armstrong for safe-keeping. It contains about twelve pounds. It was likely dropped from some wagon.

POLICE COURT. One prisoner charged with drunkenness was fined \$8 or two months in jail in the police court this morning. Another arrested on a similar charge was fined \$8 or thirty days in jail. Jeremiah Daly was fined \$2 or four months in jail with hard labor for drunkenness and resisting the police.

AT COURTESY BAY. It will be necessary to lay tracks to the place where they are lying to recover the two cars belonging to the Courtesay Construction Company, which ran off the rails and went over a bank on Saturday. As the cars are not urgently needed the work will not be rushed and it may be ten days before they are again ready for service.

THANKS TO MR. PAGE. The Times is indebted to Joe Page for an interesting account of the world's baseball series, received from him this morning. It is a score book containing Mr. Page's record of the games played in Boston and won by the Giants with a score of two to one. The booklet also has pictures and sketches of the Red Sox players.

MR. SCOTT'S INJURIES. Alexander Scott who was injured on Saturday evening by being thrown from No. 5 hose cart in a collision with a car, is confined to his bed. Doctors C. M. Pratt and E. J. Broderick attend him. His injuries are not considered very serious although painful. No bones were broken, but the cords in the leg were strained and his head and chest hurt.

NOVELTY SHOWER. On Friday evening last the young ladies of the operating staff of the N. B. Telephone Company called at the home of their former associate, Mrs. F. C. Jackson, 81 Portland street, and presented to her dainty and useful articles, including refreshments were served and a very pleasant evening was spent with games and music. Mr. and Mrs. Jackson were the principals in a happy event which took place recently.

ST. PETER'S GET TROPHY. The beautiful silver trophy offered by Scribner's sporting goods house, King Square, for the amateur city baseball championship was presented to St. Peter's team, the winners of the series on Saturday evening. The presentation was made by Mr. Scribner and was received on behalf of the team, by the manager J. McGowan. The trophy is of striking design being composed of a silver baseball surmounted by three crossed bats with the figure of a player in pitching position on the top.

NATURAL HISTORY SOCIETY. The ladies of the Natural History Society are to hold their annual meeting this afternoon when the reports for the year will be read and the new officers elected. There is a good deal of business to be transacted and it is expected that the session will be a lengthy one. This evening there will be a meeting of the council to arrange the reports and items of business to be considered at the annual meeting of the society tomorrow evening, when the year's work will be concluded. The officers for the ensuing year will also be elected.

ST. JOHN BOY MARRIES IN WEST

Frank J. Ritchie Weds Miss White in Duncan, B. C.

A pretty wedding was celebrated in St. Joseph's church, Duncan, B. C., on Wednesday morning, Sept. 25, when Miss Kathleen White was united in marriage to Frank J. Ritchie, formerly of St. John, N. B. Nuptial mass was celebrated by Rev. Father Francis. The bride was attended in a pretty gown of pearl brocade, with hat to match, and was attended by Mrs. J. A. Duffie as matron of honor, while the groom was supported by J. A. Duffie, Mr. and Mrs. Ritchie, receiving many present from friends in St. John and the west. The groom is the son of the late Mr. and Mrs. Marmaduke Ritchie.

BULGARIANS HERE STICK TO WORK; NONE GO TO WAR

The Bulgarians who are at work in St. John do not seem to be as deeply stirred by the war in which their native country is engaged with Turkey as did the local Greeks. A large number of Bulgarians are employed by the Courtesay Construction Company at East St. John and others are working on various contracts around the city. So far, however, none of them has been impelled by patriotic motives to throw up the job and start for the scene of battle.

TELEGRAM FROM FATHER DUKE

The congregations at the masses in St. Peter's church yesterday morning were pleased to hear read from the pulpit a telegram from Rev. A. J. Duke, C. S. S. R., former rector of the church, who recently left for the West Indies to which place he had been transferred. The telegram came from New York and read: New York, Saturday, Oct. 12. Dear Father Rector, I said at three o'clock. Recommend me to the good people and dear children of St. Peter's. (Signed) A. J. Duke. It was reported here that Father Duke had taken ill when he arrived in Boston. This, however, is untrue, and the people of St. Peter's were glad to hear from their former rector. After arriving in Boston, he spent a few days there and then went to New York. He left New York by steamer on Saturday and will arrive in his new field about Friday.

BROTHERS HAS G'eat DESIRE TO TALK

Loch Lomond Man's Case in Court—How He Was Arrested

William C. Brothers, who caused some alarm at Loch Lomond a few days ago by going about with a revolver, a knife, and a razor, appeared this morning before Magistrate Ritchie in the police court. He took his seat on the bench and during the whole proceedings of the court kept up a steady line of talk. When he was called, he took the floor and kept up his oratory for nearly five minutes before he could be silenced. He was remanded until tomorrow when witnesses will be brought in from Loch Lomond.

Brothers was arrested on Saturday night on a warrant charging him with threatening the lives of several persons at Loch Lomond. When he was taken to the station it was impossible to keep him from talking, and with the exception of the few hours in which he slept, he either soliloquized or forced a conversation upon some of the policemen who were taking him to St. Stephen's. Stipendiary Magistrate of the parish of Simonde was in the court. It has not yet been decided whether he or Magistrate Ritchie will hear the case.

When the warrant was issued for his arrest Brothers could not be found. A constable was put on the trail, but failed to land him, until he walked right into Mr. McIntyre's house and watched him swear out a warrant for someone's arrest. Then he was nabbed and disarmed. He became inignant and said that he had "paid a license of \$400 for the privilege of carrying a revolver." The constable relieved him of the revolver and a supply of cartridges, and also a knife and razor. When he refused to return them, Brothers, it is said, threatened him and said that he would shoot up the house.

BOSTON MAN WINS ST. JOHN BRIDE

Murray Donohue and Miss Evelyn Kiernan Married in St. Peter's

In St. Peter's church at six o'clock this morning the rector, Rev. Charles McCormick, C. S. S. R., united in marriage, Arthur Murray Donohue of Boston and Miss Evelyn Kiernan, daughter of Mrs. Elizabeth Kiernan of this city. Nuptial high mass was celebrated by Rev. Father Grogan. The marriage ceremony was performed in the presence of friends and relatives. The bride was attended in a handsome dress of cream white cord and wore a black hat decked with yellow plumes. Her traveling suit was a brown Norfolk with hat to match. She was given away by her brother J. P. Kiernan, and was attended by Miss Florence Bradley. The latter wore a black velvet dress with green trimmings and a white beaver hat with gold trimmings. Frank Cunningham, cousin of the groom, was best man. The solemn services were performed by Rev. Charles McCormick, C. S. S. R. The bride, who was given away by her father, was prettily attired in a light blue dress and a grey suit and white hat with black ostrich tips. The groom was supported by J. Newman. After the wedding a wedding breakfast was served at the home of the bride's parents, 9 Chichester street, after which Mr. and Mrs. Reid drove to their future home, 79 Seaside street, St. John West. The bride received many handsome presents, among which were a check from her father and a dinner and tea set combined from her father and mother. The groom's present to his bride was a gold watch and chain and to the bridesmaid a handsome bracelet and to the groomsmen a pipe. Mr. and Mrs. Reid will have the best wishes of many friends for a happy life.

ARGUMENT IN AN INSURANCE CASE

Matter of Policy on Sackville Mill—Jones vs. Burgess

Argument in the civil non-jury case of The Pacific Coast Fire Insurance Company vs. John L. Hicks, tried at the circuit on July 18 is being heard by Mr. Justice White in chambers today. This action was brought to recover back \$2,000 paid by the plaintiff to the defendant following the destruction of the latter's mill at Sackville by fire on April 20, 1911. A condition of the insurance was that no additional insurance should be placed on the property insured without the consent of the plaintiff insurer. The defendant, it was stated, subsequently insured for \$2,500 in each of the Fairmount and Metropolitan insurance companies without the consent of the plaintiff company and also omitted to mention this insurance in his proofs of loss. The defense is that the two American companies were bogus and fraudulent and that therefore no insurance ever actually existed in respect to them. John R. Armstrong, K. C. and Powell & Harrison appeared for the plaintiffs at the trial, and W. G. Teed, K. C. and Geo. R. McCord of Sackville represented the defendants. At this morning's hearing Mr. McCord argued for the defence, and this afternoon the arguments of Mr. Teed and counsel for the plaintiff will be heard. September Circuit.
