MORE IN POSITION TO VOTE

St. John Lists Larger This Year Than Ever Before

FIRST RETURNS IN Guys and Brooks Wards Show Only About One Quarter There Disqualified for Non-payment of Taxes Necessary to Secure Privilege of Vote

The indications are that there will be a larger number of qualified voters this year than ever before in the history of the city.

The lists for Guys and Brooks wards have been completed and they show that only about one-quarter of the number of citizens on the west side are disqualified through non-payment of taxes.

The main reason for the larger number of persons having paid their taxes this year is said to be that the tax collectors had about three months longer in which to work on the bills than they had in other years, owing to the change in the civic year last year.

Desire to vote for a commission government has also spurred on many to pay. In the other wards in the city show the same ratio of qualified voters as Guys and Brooks wards, there should be about 7,500 or 8,000 voters eligible to go to the polls on April 15.

FARMERS' BANK PRESIDENT INDICTED Toronto, Mar. 29—(Canadian Press)—A three bill against Lieut. Col. James Murray of Embro, president of the Farmers' Bank was returned today by the grand jury. The indictment charges Col. Murray with having sent in monthly returns to government indicating falsely the financial position of the bank.

TO RAISE MINK AND MUSKRATS IN ALBERTA

Fur Farm to be Started in June With 500 Mink And 5,000 Rats

Spokane, Wash., March 29—Two thousand acres of land in the lake district, north of Athabasca Landing, in the province of Alberta, has been leased for a term of years by Dr. T. J. Burgen of Spokane and his associates in eastern Washington, who purpose operating a mink and muskrat farm as a commercial enterprise.

"I was over the ground recently and chose the location. We are arranging to place 2,000 rats into the lake, which is well stocked already. Dark rats will be used, as the pelts are of a higher commercial value than the lighter varieties.

"The rats require no food other than what they can get themselves, except in unusual cases. We shall prepare for emergencies by growing carrots, which will be fed to the animals if necessary. The muskrat pelts are worth from 30 cents to \$1 each.

"It is a much more difficult problem to handle mink, as special pens are necessary and the nesting den deep into the ground. They are abundant on our lease. We shall also handle some cattle, horses and dogs in connection with the fur farm."

Dr. Burgen said that expert trappers will be given by the Northwest Mounted Police.

PLAN PROCESSION OF 150,000 AT FIRE VICTIMS' BURIAL

Proposed to Escort Bodies of Most Dead Through New York Streets on Next Monday

New York, March 29—(Canadian Press)—It is proposed to draw the bodies of most of the 143 victims of Saturday's fire through the streets of New York in a great funeral procession, headed by a corps of seventy singers from the Jewish chorists of Union, followed by the 600 surviving employees of the Triangle Waist Company, and as many sympathizing workers as can be induced to join.

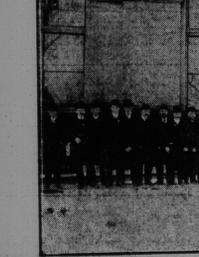

The United Cloak Makers' Union has asked that all its 70,000 members march in the procession, and according to the proposal made to the police a line of 150,000 can easily be formed if the authorities will permit it.

WOMEN HYSTERICAL AS FIRE HORRORS ARE TOLD OF

New York, March 30—(Canadian Press)—Thirty women were removed last night from a memorial mass meeting to the victims of the Washington place fire, in grand Central place, suffering so terribly from hysteria that ambulance surgeons were called to attend them and to remove some to the hospital.

More than 3,000 persons were at the meeting, mostly women, whose nerves were unstrung by the recital which some of the speakers made of Saturday's fire horror. The meeting was under the auspices of the shirt waist dressmakers' union.

Sackville and Port Elgin Men Reported Taking Over the Road

Electric Car Service to Cape Tormentine, Steamer Line to the Island, Iceboats in Winter and a Steamship Service From the Cape to Fort William, Ont

H. R. H. Prince of Wales

(Special To Times) Sackville, N. B., March 29—(The Tribune says today) The New Brunswick and Prince Edward Island Railway, between Sackville and Cape Tormentine is about to change hands and the new owners will be Messrs. Casaria W. Fawcett and Charles Pickard, of Sackville, and M. G. Siddall, of Port Elgin.

These gentlemen, it is understood, have the support of large interests, and their plans, now being prepared, embrace the operation of electric passenger cars between Sackville and Cape Tormentine, the putting on of steamers between Cape Tormentine and Summersville and Cape Tormentine and Charlottetown, with a winter steamship and ice boat service between Cape Tormentine and Travers, and lastly the operation of a steamship service between Cape Tormentine and Port William, Nova Scotia.

"For many years there have been at home or from frequent intervals, rumors of negotiations and possible transfers of the N. B. and P. E. Island railway. One time it was the C. P. R. but the people thought it all have never quite lost hope that sooner or later the road would be made part of the Intercolonial railway. Last fall there was a rumor that the road was going to change hands and the C. P. R. was mentioned as the purchaser.

Deal Reported Precisely Closed Then there was a report that M. G. Siddall, of Port Elgin, had an option on the road and that there was a probability of the transfer being made. This month the report then in circulation has turned out to be true. Mr. Siddall began negotiations for the road some months ago, first obtaining an option for thirty days. At the end of that period the option was extended and now the deal is practically closed.

The plans of Messrs. Fawcett, Pickard and Siddall for the development of the road, for the establishment of a satisfactory service all the year round between Prince Edward Island and the mainland and for the still more ambitious undertaking of running a line of freight steamers to carry stone, staves, etc. between Cape Tormentine and Port William, are fraught with wonderful possibilities and can hardly be overestimated. In fact it is the great scheme, we believe, that has never been launched in Sackville.

It is expected that soon after the transfer is made the new owners will purchase one or more of the Edison Beach storage battery passenger cars which will be run at frequent intervals between Sackville and Cape Tormentine. For many years the famous Edison has been experimenting with storage batteries. He refused to place on the market any storage battery that had not been thoroughly tested and proved. He is now satisfied with his work. His latest storage battery has been found to be eminently satisfactory and especially adapted for running electric cars on roads such as the N. B. and P. E. Island Railway.

The new owners of the Cape road have had interviews with Edison and with Beach, who builds the cars, and it is proposed to make the first test of the cars in the N. B. and P. E. Island railway. The batteries will be stored from the plants of the Eastern Electric and Development Company, Limited, at Sackville and Port Elgin. The operation of electric cars on the Cape railway should certainly be a boon to people living along the line and to the people of Sackville.

Instead of the one slow train a day between Sackville and Cape Tormentine, there will no doubt be two or more trips of the electric cars and one trip of a freight train to be operated by steam in the usual way. The operation of electric cars will mean that Sackville people can spend the night at their summer cottages at the Cape and return in time for business the next morning. It will mean that all points along the line will be brought nearer to Sackville, which will thus be greatly benefited.

Then there is the proposed service between Prince Edward Island and the mainland. For years and years island people have been complaining at the transportation service that has been given them. In the winter time especially these complaints have been very pronounced. One solution has been a tunnel connecting the island with the mainland, but the estimated cost of such a project is so enormous that it has never been seriously attempted to construct it. EXPRESS FROM ST. JOHN HITS A LOG

Fortunately Blow Sends it Clear of Track—Today's News of Moncton

(Special To Times) Moncton, March 29—No. 2 express running from St. John to Halifax yesterday had a narrow escape. About a mile and a half this side of Londonderry, the pilot of the engine struck a large log lying on the track. Fortunately it was thrown clear without any damage. It is supposed the log rolled off a team crossing the railway. The police are still searching for Joseph Doucet.

Maxime Richard of the I. C. R. blacksmith shop, while working the "bull-dog" this morning was caught between a red hot bar of iron and the bed of the machine. Fellow workmen quickly reversed the machine but Richard's leg was badly burned.

H. A. Powell, K. C. of St. John, is in Moncton today. The funeral of Miss Beatrice Porter was held this morning from the residence of her brother-in-law, J. B. Nugent, to St. Bernard's church, where requiem high mass was celebrated by Father Savage, assisted by Father LeBlanc, as deacon, and Father Conway as sub-deacon. The body was taken to Shediac. Floral tributes included some from St. John, Lynn, New Bedford and Moncton.

WOMAN LASSES BARRISTER IN COURT

Widow, Convicted of Murder, Makes Remarkable Scene at Trial in France

Paris, Mar. 29—After a sentence of twenty years' hard labor had been passed on an elderly widow for the murder of her husband, an unprecedented scene was witnessed in the Monthirion assize court. The woman had no sooner heard the words than she drew a hasso out of her dress and flung it with such unerring aim in the direction of the murderer man, that the nose encircled his neck, and as she tightened it, he was pulled to the floor.

Had not several of his colleagues and the gendarmes in the hall hastened to the rescue, the unfortunate man would have been strangled outright. As for the excited and too skillful widow, a tremendous struggle ensued before she could be manacled.

STIPEND FOR MINISTERS OF PRESBYTERIAN CHURCH

Toronto, Mar. 29—(Canadian Press)—The minimum standard of stipend for ministers of the Presbyterian church fixed by the general assembly will be paid this coming year if the augmentation committee is able to raise \$83,000 for the work.

Last year \$46,000 was paid out to supplement the stipends of the ministers. In order to obtain the desired amount the appointment of a field secretary by the general assembly is to be recommended.

HANSARD A MONUMENT TO VANITY

Senator Dandurand Brings in Motion to Cut Down The Speeches

(Canadian Press) Ottawa, Ont., March 29—During a discussion in the senate yesterday on Senator Dandurand's motion to curtail the length of speeches reported in Hansard, Senator Loucheur declared that Hansard was a monument to the vanity of speakers.

Senator Roche of Halifax made an attack on the press. Reporters of the press, he said, were not men of the highest influence, but were chosen rather for the smallness of the salaries they would accept. The attitude of the press on public discussions was indicated by the fact that Ottawa papers would discuss a debate with a brief report and give a page to an account of a hockey game. Electors were entitled to know the sentiment of their representatives and they could not get them accurately except from Hansard. In many cases the press were anxious to preserve the remarks of public men and therefore their remarks should be officially recorded and not left to be garbled by penny liners of the press.

Quebec, March 29—Hon. L. P. Brodeur, minister of marine, has replied to the memorial of the Quebec Board of Trade in regard to the establishment of a navy yard and shipbuilding plant here for the war vessels of the new Canadian navy.

Hon. Mr. Brodeur writes that while there are many advantages set forth by the board of trade, some of the firms which will tender will choose Quebec for the same operations, and he will be very happy to have the choice endorsed.

STICKS TO HIS STORY

Communist Informer Stands Ordeal of Cross-questioning to Break Him Down

(Canadian Press) Viterbo, Italy, Mar. 29—Gennaro Abbatemaggio, the famous cross-examiner at today's session of the court of the assizes which is trying the thirty-six Camorrista for the murder of their treacherous associate Gennaro Cuccolo and his wife.

Most of the questions asked by President Abbatemaggio and the lawyers for the defence concerned matters of secondary importance and were intended to impede the informer. The latter stood the ordeal very well, making many admissions concerning his own evil career but clinging tenaciously to the story of Camorrista crimes which he originally told to the police spy Marshal Capozzani and later submitted in the form of an affidavit to the court.

UNIONS TO HAVE A FINE LABOR TEMPLE

Spokane, Wash., March 30—Four stories high, built of concrete, re-roofed and stone and covering a site 50 by 142 feet, will be the labor temple to be erected this year by the trades unions of Spokane at a cost of \$80,000. The features of the structure will be a gymnasium, reading and lounging rooms, a plating 20 by 100 feet, eleven halls with seating capacity ranging from 150 to 1,200, a large auditorium, twelve office suites and two store rooms. The lighting, heating, water and ventilating systems will be the most modern in practical use.

The money is being raised by selling stock to members of the local unions. David C. Coates, commissioner of public works, acquired the first \$10 share for \$3 at an auction. The Camorrista are now meeting in various parts of the city, paying a total annual rental of \$8,000 for halls and offices. While Spokane cannot be regarded as a strict union city, as the open shop policy is maintained by the largest employers, the various trades are well represented and their relations with employers are cordial.

SUGAR CANE AND BAMBOO IN USE FOR MAKING PAPER

(Canadian Press) Washington, D. C., Mar. 29—Another substance from which paper may be manufactured has been discovered by a manager of a sugar estate in Trinidad, according to the United States consular in that place. The new substance is ground sugar cane, to which is added bamboo fibres. The combination of these two, the discoverer believes, produces a substance of which the fibre is the right length to make a cheap and excellent paper. He has made paper by this process without the use of chemicals. The quality of the paper, according to the report can command the market against any wood paper now being manufactured.

Do your baking with flour made exclusively of the HIGH-GRADE constituents of the HARD-WHEAT berry

Have you ever baked with flour made exclusively of the high-grade constituents of the hard wheat berry? If you haven't, now is the time to try PURITY Flour.

Only the cream of the Manitoba hard wheat—the best wheat in the world—is used for PURITY Flour. More than that, only a portion of the flour milled from this wheat goes into the sacks and barrels branded PURITY.

PURITY Flour consists exclusively of the high-grade constituents or portions of the Manitoba hard wheat berry.

Every wheat berry has both low-grade and high-grade constituents which are separated during our process of milling. So exact is our process that it entirely eliminates all the low-grade portions from the flour which is finally branded PURITY.

The greater strength of PURITY Flour makes it go farther in the baking. With it you can make

more loaves to the sack or barrel than you have ever succeeded in doing before. The loaves will be more nutritious, too, because they contain the high-quality gluten, starch, phosphates and other muscle-building and blood-enriching elements of the hard wheat berry.

Naturally flour that consists exclusively of the high-grade constituents of the best hard wheat has greater strength and nutrient, superior color, more delicate flavor.

If you'll just try to realize that what it means to your cooking, reputation you'll soon be using PURITY Flour.

Of course, PURITY Flour will cost you a few cents more than lower-grade hard wheat flour or soft wheat flour.

But PURITY is very economical because it makes "More bread and better bread." The cost per loaf is no more than when using weaker flour, and the food value is much greater.

Tell your grocer you are in a hurry to try PURITY Flour. He will supply you promptly.

When you see the batch of white snow-white loaves with their soft, evenly-textured crumb and delicate golden-brown crust, you'll be proud of your success with PURITY Flour.

You taste and enjoy the superb flavor of such high-grade bread you'll be proud to say it is yours.

If you don't want to buy a large sack or barrel, you can get a small bag. PURITY is packed in 7, 14, 24, 48 and 96 pound sacks. Also in 5 and 10 lb. tins.

Be certain the PURITY trademark is on the sack or tin you buy, for that is your guide to the strong, reliable, high-quality flour that makes

A WARNING TO MANY

Some Interesting Facts Regarding Health Statistics

Few people realize to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious ailments are sure to follow. According to health statistics, Bright's disease which is an advanced form of kidney trouble, caused nearly ten thousand deaths in the state of New York alone last year.

It behooves us to pay attention to the health of these important organs.

An ideal herbal medicine that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

The mild and healing influence of this preparation is soon realized. It stands the highest for its remarkable record of cures.

If you feel that your kidneys require attention, and wish a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and they will gladly forward it to you absolutely free, by mail. Swamp-Root is sold by every druggist in bottles of two sizes—75c. and \$1.25.

BANK OF BRITISH NORTH AMERICA

The Times prints today the annual balance sheet of the Bank of British North America to December 31, 1910, together with the report of the directors and an account of the proceedings at the annual meeting of the shareholders.

The task of the chairman, in presenting this report, was an agreeable one, for he was able to point to an improved business in all directions, and a steady gain in recent years in the earning power of the bank.

The spirit of enterprise, which prompted the establishment of this institution three-quarters of a century ago, in the then little known colony of Canada, is evidently inherited to the full by the present board of directors.

London board in keeping in close touch with Canadian affairs was immeasurably greater than it is today. The existing facilities for rapid travel and the transatlantic cable have to large extent annihilated time and distance, until now London is in much closer touch with the various parts of the Dominion than Montreal was not many years ago.

That this position assesses many advantages for the directors is obvious, while on the other hand the branches in Canada enjoy the benefit of guidance from London, which is the home of all that is best and soundest in banking practice.

The history of the bank in recent years reflects clearly the benefit of this close intimacy, and the chairman's address shows how closely the affairs, not only of the bank itself, but also of the country at large, are followed in London.

In the last nine years the number of the bank's branches in Canada and the United States has increased from twenty-four to eighty-five, seventeen new ones having been added in the year 1910.

There have been many periods of financial stress and strain in Canada since the bank began business here, but it is safe to say that during the whole period of its existence the bank has enjoyed the unstinted confidence of the public, and it will therefore give pleasure to the Times readers and to the public generally, to learn that the sturdy old institution is keeping step with the general prosperity enjoyed by the Dominion, and that its outlook for the future was never brighter than it is today.

DISTRICT L. O. L. SOCIAL

The St. John District L. O. L. had a largely attended and pleasant social evening last night in the Orange hall, Germain street, when a programme of more than usual merit was presented. The speakers were Col. A. J. Armstrong, whose these were District Lodge Reminiscences, and E. P. Heine, of Moncton. Both of these addresses were followed with great interest by those present.

Most of those on the programme were obliged to respond to exercises and a few had to take the platform three times before the audience was satisfied. The Pythian male quartette was present and sang several selections with great effect. Others who took part were: C. W. Bonnell, W. J. Bambray, S. C. Matthews, G. D. Davidson, Douglas McArthur, Jr., district master, presided.

THE HISTORY OF H. P.

Every popular commodity has a history of paramount interest to somebody. Here is the history of H. P. Sauce—we think it will interest you.

At Birmingham, England, there is a very large malt vinegar brewery, in fact, the largest in the world, and as malt vinegar is the essential foundation of all high-class sauces, the proprietors of the Vinegar brewery are constantly in touch with all kinds of sauces.

Now some time ago, it occurred to them that nearly all the sauces on the market were far too thin and pungent, and too imperfectly blended to be worthy of the name of relishes and that if a rich sauce, of superior quality, flavor, and thick, creamy consistency were produced, and placed on the market at a very moderate price per bottle, its success would be assured.

They forthwith began to experiment very carefully at their great vinegar brewery. The chosen recipe was tried and tried again, and finally a perfect blend was achieved, and the name H. P. (Parliament) was chosen for it.

H. P. does not separate in the bottle, there is no sediment, and it therefore requires no shaking, if served on the edge of the plate it can be taken with the meat, and it is a thoroughly good sauce.

It is made from the best materials, is of pleasing color and piquant flavor, and is every respect a thoroughly good sauce.

COMMUNICATING NEWS OF THE GREEN ROOM

Commencing next week, this theatrical column will be published on Wednesday of each week in future, instead of on Thursdays as has been the custom in the past.

St. John people will be interested in the creation of a new theatre in Haverhill, Mass., because of the fact that its construction is being promoted by a local man, R. W. Mayer, who is manager of the Academy and Orpheum in Haverhill, and will also manage the new house. The new theatre is to be finished in September next and will have a seating capacity of 1200.

Two favorites with St. John theatre goers are leaving for the west. The news of the formation of a stock company in Columbus, Ohio, in which the leading man and actress are respectively Franklyn Ritchie and Sue Van Dusee, both of whom were well received in Harkins' company, is a source of interest.

Harkins' favorite, Harry Stubbs, is the manager and partner with C. D. Willard in the new production of "The Middle of May."

Miss Hite has gone back to musical comedy. Last season she starred in the farce, "A Certain Party," but the farce has been dropped to be replaced by "The Middle of May."

Miss Hite has all the requisites of a musical comedy star—good looks, excellent voice and comely ability. Her return, therefore, to the type of play in which she showed herself worthy of starring is good news.

The matinee was given in order that William Collier, several of whose wisecracks have been incorporated in the piece, might see the opening performance.

Percy Harwell, who made many admirers here a few seasons ago with W. S. Harkins, is touring in the "Cotton States" and playing to good houses. For the first time in his career she appeared in a vaudeville sketch in Baltimore last week.

Wm. Courtleigh, remembered here for some clever work with Harkins, is playing "The Middle of May" in leading theatre touring in the central states, with Robert Hilliard.

The new production, scheduled to follow the two weeks of her engagement at the Lyceum Theatre, New York, will be "The Middle of May."

It is estimated that more than 15,000,000 persons have witnessed performances of "The Middle of May" since its first production in the sixteenth year of its existence. For the sixteenth annual tour the play will have been seen by over 100,000,000 persons.

Louise LeBaron, who made a very favorable impression here in grand opera, is now touring with the Aborn English Opera Co. They received a great ovation last week at Albany, N. Y., and will be in St. John this week in their annual spring engagement.

The performance of "The Servant in the House" is now under rehearsal by a company of amateurs in the city. Among those taking part will be Mr. J. J. Walker, Fred Neil, F. J. Corr, and A. G. Romaine.

Miss Goring, who played the title role in "The Servant in the House," is now touring with the Aborn English Opera Co. They received a great ovation last week at Albany, N. Y., and will be in St. John this week in their annual spring engagement.

Following the announcement that LeBaron was leaving for the west, it was stated that Henri Bernstein is to write a new play that is to be introduced in the English language, and that it is to be played in America before it is staged in France.

Miss Goring, who played the title role in "The Servant in the House," is now touring with the Aborn English Opera Co. They received a great ovation last week at Albany, N. Y., and will be in St. John this week in their annual spring engagement.

That A. Wise, who has another big success in "The Old New Yorker" written by himself and Harrison Rhodes, is deeply interested in the movement to secure justice for stage children at the hands of the law. The idea that stage children are deprived of education and that their little lives are made miserable is perpetuated, said Mr. Wise, recently. "As a matter of fact, the stage is a liberal education for the youngsters. And as for being unhappy, they are among the happiest of children."

Edward Terry, the famous English comedian, has crossed the border, and has been playing with success in the western states.

It is denied officially that Signor Caruso would not sing again during the present season, although the Metropolitan Opera House, New York, reports that the road tone of the company had been changed owing to the tenor's decision to appear no more this season.

Signor Caruso has expressed no intention in regard to his reappearance. Mr. Gatti-Casazza said through his representative, "and it may be that he will come to New York some time and say that we feel well enough. But until he does that we shall not announce him. Not until he announces that he has no objection of not appearing this season, shall we change our plans for the tour of the company."

One of the few "legitimate" tragedians, left in the profession, opened an engagement this week in Seattle, Wash., playing some heavy production. It is about two years since Mr. Griffiths held the boards in the Opera House when he presented some good plays, although with poor support.

The many friends of Edmund Breese in St. John, will be interested to hear that next season he will star, under the management of Joseph Weber, in "The Decider," a new play by Dr. Isaac Loomis of Philadelphia. Ben Johnson and Hans Robert will appear in his support.

Frederick Shipman, who will be remembered as having conducted Melba's Canada tour last season, has entered into

negotiations whereby Albert Chevalier, the great English character actor, may make a Canadian tour next season.

Preparations are going rapidly forward in New York for an Easter Week performance which promises to be most noteworthy ever set upon the stage. This will be a special matinee of Louis N. Parker's play "Tommy and the Girl," by children for children. No such project has been put out before, and the outcome is awaited with much interest.

Mrs. Speyer, who is promoting the scheme, is famous for many charities, among which she numbers St. Mary's Free Hospital for Children. She agreed that no more worthy effort could be made than by clever, healthy, happy children, and she further agreed to see that all her friends in New York society made the affair a money success. Mrs. Speyer herself bought the first box, and within two days she had sold all eight boxes at Waldorf Theatre, at \$50 each and 100 of the theatre seats at \$5 each. Within a week, the entire house had been sold out.

"My Uncle From Japan," is the name of a clever, amusing piece in which Daphne Pollard is playing with much success in the western states. Miss Pollard, who was a prime favorite here with the Lilliputians, has surrounded herself with a strong company, including Edward Kelly, and Julia Wolcott.

"The Gamblers," has reached its twenty-fourth week in the Chicago theatre. It is a play which has been a success since its first production at the Theatre. George Backus, who is remembered through Harkins' connections in this city, plays an important role.

Constance Collier has been invited by Sir Herbert Beerbohm Tree to appear in the leading female roles in his Shakespearean revivals which he will make this spring. Among the plays will be Antony and Cleopatra, The Merchant of Venice, and Miss Collier's most interesting parts. In 1908 she was Cleopatra to Sir Herbert's Antony in his revival of the play at His Majesty's Theatre, and scored an immense success. The Tree revivals, if made, will take place at the Shakespeare Festival, under F. R. Benson's direction, at Stratford-on-Avon, beginning on April 17. If the run of "The Merchant of Venice" is short by the early advent of warm weather, Miss Collier will return to London for the event, otherwise she will have to decline the honor.

Miss Violet Heming and Miss Helen Lashare have been engaged for the leading female roles in "The Fox," the new play to be presented in Chicago next month, in which John Wesley, who played in St. John with Harkins, will enact an important role.

Eddie Foy's ambition to play Shakespearean parts has been blasted for another year by the announcement that A. H. Woods will star in leading theatre in a new musical comedy. Of the musical piece, nothing definite has been made known, but it is hardly possible that excerpts from Shakespeare will be sandwiched in between layers of topical songs, although Hamlet was utilized in some such way three years ago in Mr. Foy's musical piece called Mr. Hamlet of Broadway. The press agent who devised the famous story of Eddie's intense desire to appear in the classics deserves a life pension. His greatest work is done, for he succeeded in establishing the belief that Mr. Foy, the most grotesque comedian in musical comedy, was really striving for Shakespearean laurels.

Joseph Doucet, of Rogersville, who was supposed to have committed suicide a few days ago is alive. He was seen yesterday by Charles Vincent of Shediac.

The body of a female infant was found floating in the Megalloway river near Digby yesterday. The child was clothed in a night dress and had a string tied around her neck. Foul play is suspected. The abandonment was voted down and the resolution unanimously carried.

Only One "BROMO QUININE" that is Laxative Bromo Quinine Cures a Cold in One Day, Grip in 2 Days

Recipe for 16 Ounces of Cough Syrup. No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing two cups of granulated sugar and one cup of water and stir for two minutes. Put 2 1/2 lbs. of sugar in a bottle (fifty cents worth) in a 16 oz. bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It comes up the jaded appetite and is as laxative enough to help in the bowels, and has a pleasant taste. It is a good remedy for bronchial trouble, throat, coughs, colds and asthma, and an unusual remedy for whooping cough.

This recipe for cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime virtue in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in ginseng and all the natural healing pine elements. Other preparations will not work in this recipe.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

Armstrong.

## LARGE VOTE IN YORK COUNTY BUT WEATHER UNFAVORABLE

(Special to Times)

Fredericton, N. B., Mar. 30—Polling in the by-election is taking place here today under adverse weather conditions. Both parties are well organized and are getting out a large vote. The Tory workers are well supplied with the assets of war and are making a determined effort to wipe out the Liberal majority in the city. The undercurrent seems to be with the opposition candidate and many of his supporters are confident that he will win.

Last night N. W. Brown and O. S. Crockett, M. P., addressed a joint meeting in Harvey and although it is a Tory stronghold Brown received an excellent hearing. He called attention to the significant fact that while Crockett was elected by a large majority his own city, which knew him best, pronounced against him on every occasion.

### RENEW DEMAND ON BORDEN TO GIVE UP LEADERSHIP

(Special to Times)

Ottawa, March 30—A delegation from Montreal representing the French-Canadian Conservatives have renewed the demand for the resignation of Mr. Borden. The delegation met George Perley, chief Conservative whip, who expressed the view that Mr. Borden should retire without making any definite suggestion as to his successor. The interview, it is said, was somewhat stormy.

Henri Bourassa is also here, and it is given out that the object of the delegation is to discuss matters of organization of the conservative Nationalist party with Mr. Monk here.

Proceedings of the Seventy-Fifth Yearly General Meeting, on Tuesday, March 7th, 1911.

The Secretary (Mr. A. G. Wallis) having read the notice convening the meeting. The Chairman (Mr. J. H. Mayne Campbell, of Toronto) said: The report and the balance-sheet as at December 31, 1910, being in your hands some days ago, I think we need not read them through at length, and that it will save repetition if we take up the matters dealt with in the report, as we meet them in going through the balance-sheet.

During the last eight and a half years. During the same period, however, the office-comprising branches, sub-branches and agencies have increased from twenty-four to eighty-three, and our premises in some of the older centres have been remodelled, modernized and greatly enlarged.

Other lines of business, merchants, carriers, etc., have been added to the list of our branches, and we have greatly increased our business in these lines.

The packet schooner Shamrock left Matland last night for St. John to take freight.

**NO CHANGE IN ELECTION DAY HERE**

This Bill Dropped at Fredericton and All the Other St. John Measures are Agreed To

Recorder Baxter and the members of the bills and by-laws committee of the common council who have been in Fredericton in connection with the city bills which were sent to the legislature, returned to the city this morning. It is understood that all the city bills have been agreed to with the exception of the one which provides for changing the date of election from the third Tuesday to the third Monday in April. It is stated that this bill will be dropped.

The idea of changing the day from Tuesday to Monday was to afford the commercial travellers an opportunity to vote, as many come to the city to spend Sunday and leave again on Monday. It was claimed by some of the members of the municipalities committee that the travellers did not want the change as they said the only day that would benefit them was Saturday, as they nearly always left the city again early Monday morning. At any rate the bill will get the axe and election day will be held as in the past on the third Tuesday in April, which will make it fall this year on the 18th.

**CHATHAM AND Y.M.C.A. ARE VICTORS**

St. Croix and Woodstock Beaten in the Bowling Tournament This Morning

The crack St. Croix team went down to defeat this morning in the bowling tournament at the hands of the Chatham team by a score of 1338 to 1238. The game was very close and exciting and the result was in doubt until the last ball was rolled. Rutford, of the St. Croix team had the highest string, 111. Both teams rolled an excellent game, the Chatham midgets having slightly the better of the argument. The following are the scores:

St. Croix	Total	Avg.
Murchie	91	79
Trimble	92	80
Bates	77	82
Rutherford	91	111
Moore	87	82

**ELVEN STEAMERS WERE IN THIS PORT TODAY**

Three Get Away and Two More Are Expected Tomorrow—The Empress

With eleven liners in port, the departure of three today and expected arrival of two big ones tomorrow, matters at the winter port are brisk. The facilities have been taxed and it has been puzzling at times to know where to place the steamers.

Allan liner Grampian, Captain Main, sailed about 9:30 this morning for Liverpool. She took away thirty-five cabin and forty stowage passengers.

Donaldson liner Cassandra, Captain Mitchell, sailed for Glasgow early this afternoon with about twelve cabin and twenty-four stowage passengers.

C. P. R. liner Mount Temple, Captain Moore, also sailed early in the afternoon for London and Antwerp with a good sized cargo.

C. P. R. liner Lake Manitoba, Captain Evans will sail late tonight for Liverpool direct with seventy cabin and fifty three stowage passengers.

West India liner Luristan, Captain Davies, arrived this morning from Bermuda and other West Indian ports. She had about 1,000 packages of freight and 1,900 tons of sugar. The steamer docked at the Pettigill wharf.

Allan liner Corsican was reported at noon as being 215 miles east of Halifax early this morning. She was expected to reach there at 3 o'clock tomorrow morning reaching here on Saturday. The steamer has thirty-eight saloons, 431 second cabin and 1184 stowage.

The big C. P. R. liner Empress of Ireland, Captain Foster, was expected to reach Halifax at 8 o'clock this evening, getting here Saturday. According to a Liverpool cable, the largest party of land-seekers that ever left there for Canada sailed on the Empress of Ireland. There are 250 emigrants on the vessel who are bound for the Canadian west. Each emigrant possesses \$2,000 or upwards. A special train will carry the homeseekers from St. John to Alberta.

Manchester liner Manchester Corporation will not get away to Philadelphia before tomorrow, and the Manchester Company may get away to Manchester tonight.

Allan liner Pomeranian, Captain Henderson, which had to dock alongside the Allan liner Victorian, is now in the stream awaiting sailing of steamers before she can get a berth.

Furness liner Kanawha will shift from the I. C. R. deep water terminus to No. 4 berth, Sand Point, to take the place of the Donaldson liner Cassandra.

**SIDE LIGHTS ON THE TRIP TO FREDERICTON**

"We will hear the lion in his den, the Douglas in his hall," cried Timothy Donovan in a burst of eloquence to a car filled with St. John delegates en route to Fredericton yesterday. When the "halls of state" were reached there was a quite delightful exchange of complimentary references between Mr. Donovan and the premier.

Ald McGoldrick provoked a laugh when he concluded his defence of the city council by saying of himself—"It's here I ought to be, instead of in the council."

**CALVIN CHURCH EVENT**

Indications give promise that the Easter sale and tea to be conducted this afternoon and evening by the ladies of Calvin Presbyterian church in the school room will be very successful, and it is expected that in spite of the disagreeable weather a large number of people will attend. The school room has been prettily and tastefully decorated and the tables and booths present an attractive appearance.

The sale will begin at 3 p.m. and supper will be served from 6 to 8 o'clock. H. A. Steele, with the following ladies will have charge of the tea tables: Mesdames Buchanan, Brewer, Mundy, McDonald, Hayward, Scott and Coomb, and Misses Hetherington, Ross, Scuple, Hayward, McHarg, and Campbell. The ice cream booth will be in charge of Mrs. Benn and Mrs. Sempie, while Mrs. W. G. Stratton will attend to the candy table. Mrs. Newson, with Misses McBride, Brownie, Clark, and Mitchell will be in attendance at the fancy table and Mrs. Rosier at the apron table.

**HON. MR. SWEENEY TO SPEAK**

Hon. Frank J. Sweeney, M.P., will address the members of St. Peter's Y. M. C. A. at their annual banquet to be held in the hall, Elm street, on April 29. Mr. Sweeney is known as one of the most entertaining speakers in the province and his presence will add much to the success of the banquet. He will speak on a subject of interest to the members.

**WE'VE THE GREATEST LINE OF Men's Spring Overcoats EVER SHOWN IN SAINT JOHN**

Are you looking for a Spring Overcoat, Sir? Then come here and let us show you the splendid assortment of smart new models.

You can search the merchant tailor shops or anywhere else and you'll not find snappier styles than you'll find here.

The fabrics used in these coats are the same as those used by the best merchant tailors in their most expensive productions. And the tailoring work matches the best custom work.

We've the new button through model and other snappy styles for young men—and we've conservative models for men of quiet taste. In fact we've the right coat for every man.

Snappy rough fabrics in Tansy Grays, Browns, and Oxfords are some of the materials we've used, some of the Coats are silk-lined to the facing, others are silk-lined to the edge.

Buying directly of the maker, which you do when you buy at Oak Hall, means that you save the middleman's profit and get your Coat for about 25 per cent. less than any other store's price.

**SPRING OVERCOATS . . . . . \$7.50 to \$30**  
**SPRING SUITS . . . . . \$5.00 to \$30**
