LONDON TODAY WILL WITNESS GREATEST PAGEANT IN HISTORY

KING GEORGE'S CROWN THE BEARER OF THE CROWN QUEEN MARY'S CROWN

The coronation of King George V and Queen Mary takes place today in the famous Westminster Abbey in London. The ceremony, of great splendor, is performed in a spot replete of history. The services commence with the entry of the King at the west door of the Abbey and his procession to the crossing of the transepts.

Coronation of King George and Queen Mary Will Eclipse All Similar Functions Ever Staged in England--Crowds Spend Night in London's Streets to Secure Places From Which to View Today's Parades--King and Queen Had Busy Day Yesterday But Are Bearing the Strain Well--Indications Point to Fine Weather for the Ceremonials.

London, June 21.—The British nation shows not the slightest sign of diminishing favor toward monarchical government. A half century of quiet life under Queen Victoria, has been succeeded by a stirring decade which has seen a coronation, and two state funerals. Yet the public appetite is unquenched, but rather augmented, in its enthusiasm for royalty and kingly display.

many opportunities to vent enthusiastic spirits. Outside the residence of John Hay, Hammond, the special representative of the president of the United States, thousands gathered to await his return from his audience with Sir Edward Grey, the British Foreign Secretary, and the departure of Mr. and Mrs. Hammond for the banquet. Similar scenes took place around the residences of other special envoys.

Brilliant Illuminations. Other myriads proceeded around the route to watch the brilliant decorations, which were illuminated until long after midnight for the especial distraction of the waiting throngs who thus were enabled to enjoy a magnificent spectacle. Occasionally the sound of bugles announced the approach of troops just arrived in London marching to their camps to snatch a few hours of rest before dawn.

Late at night a strong escort of Life Guards reached Westminster Abbey, conveying a great sealed wagon in which the royal regalia was carried and handed over the historic crowns, sceptres and swords to the dean and canons, who placed them for safe custody in the Jerusalem chamber surrounded by an armed guard of eight tower warders until the arrival of the royal procession.

In preparation for tomorrow's ordeal and after a trying day, King George and Queen Mary passed the evening alone with the Prince of Wales in Buckingham Palace before which great multitudes waited patiently, hoping to obtain a sight of the majesties. From time to time the people sang anthems and other patriotic songs.

Fine Weather Predicted. There had been considerable anxiety concerning the weather, but the clouds gave place at midnight to a beautiful starry sky, and hopes rose for tomorrow's prospects. Dense crowds of people who had retired early, about that time, began to leave their homes and make their way towards the centre of the city. Late trains and street cars poured tens of thousands into the capital until the streets overflowed.

The entire police force came on duty and kept pedestrians in circulation, although they were compelled to stop all vehicular traffic. Numbers of people who had engaged stables took possession at midnight, fearing that they would be unable to reach them in the morning. At the House of Parliament, where the ministers and members are entertaining largely tomorrow, extensive preparations have been made. Large tents have been erected in the palace yard where 3,550 meals will be served during the course of the day.

Long before dawn drums and trumpets gave evidence that 60,000 troops were preparing for their strenuous duties, and the people waited curiously to see them march out. Several regiments encamped in the outlying district, started out tonight for their appointed positions along the route amid the cheering of crowds.

Even outside the limits to which the royal procession is confined, the animation of the people was unprecedented. Everywhere illuminations blazed in many colored designs, and those who later on intended to proceed to the centre of the city pushed their way through the packed streets getting voice to admiration, singing, playing instruments and cheering. Many of them carried bundles of provisions for tomorrow's needs.

A Sailor Prince. The portraits of the King and Queen are displayed on every hand. They called forth cheers and cries of God Save the King. When it was announced that the Prince of Wales had been gazetted a midshipman, thousands took up the song, God Bless the Prince of Wales. The authorities have taken the most careful measures to prevent accident, where the gatherings will be densest, ambulance stations have been located and are fully equipped for day and night service. On many of the principal streets tonight many exhausted women were treated.

The arrangements for conveying the foreign princess and special envoys to Buckingham Palace were changed this evening. The hour for leaving their residences being fixed somewhat earlier than had been originally intended. U. S. Ambassador Hammond will be escorted to the Palace at 7.30 o'clock in the morning by Lord Sandhurst, who drives with him in the procession. The coronation to-morrow with its impressive ceremony of investiture at Westminster Abbey at 2, with its series of spectacular events on a scale of unprecedented grandeur and magnitude, has been planned with the utmost precision of detail under the general direction of the Earl Marshal, the Duke of Norfolk, assisted by Lord Kitchener, Lord Roberts, and many others familiar with events conducted on a prodigious scale. The programme of the day is broadly summed up as follows:

The Day's Programme. 6.30 a. m.: Westminster Abbey opens for royal and official guests and closes at 9 a. m. 9.45 a. m.: Royal procession forms along the route from Buckingham Palace to Westminster Abbey. 10.30 a. m.: King George and Queen Mary, with their lords, ladies and attendants, leave Buckingham Palace for Westminster Abbey. 11 a. m. to 2 p. m.: Coronation ceremony at Westminster Abbey. 2.30 p. m.: Royal procession through the streets of London, from Constitution Hill through Piccadilly, Pall Mall, Trafalgar Square, Strand and Fleet Street, returning by the Mall to Buckingham Palace. Night: Illuminations throughout London; signal fires at hundreds of rocky headlands and ports throughout England, Scotland and Ireland. Dinner at the Foreign Office to the King and Queen and royal and official guests. The Great Feast. The central feature of these elaborate ceremonies will be the Coronation itself, occurring toward noon in the venerable and historic Westminster Abbey.

BOY GIVES HIS LIFE FOR HIS BROTHER. Quebec, June 21.—News of a sad drowning accident was reported here today from Seven Islands, in which the two sons of Horace Demoulin, light-house keeper at Seven Islands, lost their lives. They were found in the bottom of a deep well. It is supposed that one of the boys fell into the well and the other while endeavoring to rescue him, shared the same fate.

MR. BORDEN GREETED IN MOOSEJAW

Ovations For the Opposition Leader.

A BUSY DAY

He Addressed Three Meetings in Saskatchewan Towns — Reiterates His Opposition to Reciprocity.

Moosejaw, Sask., June 21.—R. L. Borden crossed the Manitoba boundary today and visited the Saskatchewan towns of Eyleva, Weyburn and Moosejaw. Today was an arduous one for the leader of the opposition. At Eyleva a delegation of grain growers was received who presented requests along the lines of those proffered by their Manitoba colleagues.

The streets were decorated in Mr. Borden's honor, prominent among the banners being one which read: "We want to hear about reciprocity." Mr. Borden addressed a meeting in the rink and was presented with a civic address of welcome by Mayor King. A similar welcome was accorded at Weyburn. While at Moosejaw, Mr. Borden received another ovation similar to that which was tendered him at Brandon.

The opposition leader at the morning, afternoon and evening meetings addressed himself particularly to the grain growers who have many objections to the platform which he has laid down. Mr. Borden reiterated his declaration that he was unalterably opposed to the reciprocity pact. He favored the building of the Hudson Bay railroad and its operation by an independent commission. He also advocated state aid for the chilled meat industry. The demand that the prairie provinces should control their own lands he strongly endorsed.

Mr. Borden also took occasion to repudiate the charges that manufacturers were supplying his party with funds to fight reciprocity, and stated that the Liberals during the past few years had derived more from manufacturers than had the Conservatives. Regarding the demand for an increase of British preference he stated that many people erroneously thought that it was still on a basis of 33 1/3 per cent, whereas since 1907 preference had been on itemized articles in the tariff.

The appointment of an independent tariff commission and reform in the elevator system were other subjects touched upon.

A SUICIDE IN HALIFAX

Arthur Reid Selected Halifax Common as Suitable Place to End His Life — Drank Carbolic Acid.

Special to The Standard. Halifax, N. S., June 21.—Arthur Reid, a native of Newfoundland, who has been living in Halifax for some time, committed suicide by drinking carbolic acid on the common this afternoon. Reid, who was a cigarette user, lost his wife several weeks ago, and this, coupled with the fact that he had been out of employment for some time, probably caused despondency which prompted him to take his life. Reid's wife's name was Mrs. Reid.

Reid was removed to Victoria General Hospital, where he died half an hour later. He is survived by five children.

BOY GIVES HIS LIFE FOR HIS BROTHER. Quebec, June 21.—News of a sad drowning accident was reported here today from Seven Islands, in which the two sons of Horace Demoulin, light-house keeper at Seven Islands, lost their lives. They were found in the bottom of a deep well. It is supposed that one of the boys fell into the well and the other while endeavoring to rescue him, shared the same fate.

TWO BANK HOLIDAYS

An Announcement Regarding London and the Coronation Festivities. The Prime Minister informed the Rev. Silverster Horne in the House of Commons that the bank holiday in connection with the Coronation would not cover more than the actual day of the Coronation except in the County of London, in which, as a matter of convenience, it was proposed that the day of the Royal progress, Friday, June 23, should be also declared a Bank Holiday.

PRINCESS PATRICIA OF CONNAUGHT

Daughter of the Duke of Connaught. No Children Under Twelve. At a meeting at Buckingham Palace of the organizing committee of the King's Coronation fete for 100,000 children, which is to take place on June 30 at the Crystal Palace, it was decided that all the children must be at least twelve years of age, that an equal number of boys and girls should be chosen, and that every elementary school in the administrative area of the London County Council should be represented, provided that they contain children over the age of twelve.

THE KING'S BIBLE

The Most Valuable Thing That This World Affords. A non-sectarian deputation, headed by the Archbishop of Canterbury, waited upon his Majesty at Buckingham Palace and presented him with an address and a specially bound volume of the Scriptures in commemoration of the completion of the English Authorized Version of the Bible, applying to the address, the King replied: "It is my confident hope—confirmed by the widespread interest your movement has aroused—that my subjects may never cease to cherish their noble inheritance in the English Bible, which in a secular aspect is the first of the national treasures, and is, as you truly say, in its own right, one of the most valuable things that this world affords."

DURBAR AT DELHI

The King's Official Entry Will be on Dec. 7th. In the Legislative Council at Calcutta, Lord Hardinge, the Viceroy, said, His Majesty would arrive in Bombay on Dec. 2, and would make his state entry into Delhi on the 7th. Plans were being prepared to enable 100,000 persons to see the crowning ceremony, on December 12.

THE DIVINE SERVICE

The Archbishop of Canterbury Will be in Charge of it. The Archbishop of Canterbury has been responsible for the Order of Divine Service at the Coronation. The general direction given to his Grace was to make the service as reasonably short as was consistent with the dignity and solemnity of the function, and while these considerations will be found not to have suffered in any way, various and considerable changes will be noticed when the full order is published. It is learned that the Archbishop of Canterbury will crown both the King and the Queen.

CORONATION WEEK

Every Moment Planned Out With Great Care. Every moment of Coronation week will be planned out with scrupulous care. On Monday evening the King and Queen will have the Crown Princes and other Royal representatives at their dinner-table, but there will probably be no toasts. The Royal Household will at the same hour entertain at the Household dinner the foreign suites, and the whole company will afterwards pass into the Royal presence, in order to be presented by their respective chiefs. On this and all other evenings, it may be useful to add the island formed kept free from the sightseeing public, who, however, will be allowed to occupy positions beside the main purpose of watching the arrival of the foreign guests.

THE PRINCE OF WALES

How Edward I. Scored over the Welsh, men. No tradition in Welsh history is so well known as the creation of the first Prince of Wales. The last native Welsh Prince, Llewelyn and David, after a stout resistance, were conquered by King Edward I. in 1277. The victor united the kingdom of Wales with the crown of England, and to appease the national sentiment promised the Welsh people that he would give them a prince without blemish on his honour, a Welshman by birth, and one who could not speak a word of English. The pledge he fulfilled the letter if not in the spirit. Queen Eleanor was sent to Carnarvon Castle, and there the infant Edward of Carnarvon, who became Edward II., was born. The barons and great men have passed since to do homage to their prince, Edward was not at that time the eldest son, but on the death of his brother Alfonso he became heir-apparent, and from that time onwards the title of Prince of Wales has been borne by the eldest son of the Sovereign. More than five centuries have passed since Henry V. became the fifth Prince of Wales, and was invested with that dignity on Oct. 15, 1399. Much of what then took place has been left unrecorded. There is, however, among the Additional MSS. in the British Museum an early order of "Preparation for the Creation of the Prince," which may never cease to cherish their noble inheritance in the English Bible, which in a secular aspect is the first of the national treasures, and is, as you truly say, in its own right, one of the most valuable things that this world affords."

SAINT JOHN, THURSDAY MORNING, JUNE 22, 1911.

## IN THE ABBEY.

The Archbishop, standing before the Altar, shall take the Crown into his hands, and laying it again before him upon the Altar, he shall say:

"O God, the crown of the faithful: Bless we beseech Thee and sanctify this Thy servant George our King; and as Thou dost this day set a Crown of pure gold upon his head, so enrich his royal heart with Thine abundant grace, and crown him with all princely virtues, through the King Eternal Jesus Christ our Lord, Amen."

Then the King sitting down in King Edward's chair, the Archbishop, assisted with other Bishops, shall come from the Altar; the Dean of Westminster shall bring the Crown, and the Archbishop taking it of him shall reverently put it upon the King's head. At the sight whereof the people, with loud and repeated shouts, shall cry, God save the King; the Peers and the Kings of Arms shall put on their coronets; and the trumpets shall sound, and by a signal given, the great guns at the Tower shall be shot off.

The acclamation ceasing, the Archbishop shall go on, and say:  
"God crown you with a crown of glory and righteousness, that by the ministry of this our benediction, having a right faith and manifold fruit of good works, you may obtain the crown of an everlasting kingdom by the gift of Him Whose kingdom endureth for ever, Amen."

Then shall the choir sing:  
"Be strong and play the man; keep the commandments of the Lord thy God, and walk in His ways."

The Presenting of the Holy Bible.  
Then shall the Dean of Westminster take the Holy Bible from off the Altar, and deliver it to the Archbishop, who shall present it to the King, first saying these words to him:

"Our gracious King; we present you with this Book, the most valuable thing that this world affords. 'Tis wisdom; this is the royal Law; these are the lively Oracles of God."

Then shall the King deliver back the Bible to the Archbishop, who shall give it to the Dean of Westminster, to be reverently placed again upon the holy Altar; and the Archbishop of York and the Bishops shall return to their places.

The Benediction.  
And now the King having been thus anointed and crowned, and having received all the ensigns of royalty, the Archbishop shall solemnly bless him; and the Archbishop of York and all the Bishops, with the rest of the Peers, shall follow every part of the Benediction with a loud and hearty Amen.

Then shall the Archbishop turn to the people, and say:

"And the same Lord God Almighty grant that the Clergy and Nobles assembled here for this great and solemn service, and together with them all the people of the land, fearing God, and honouring the King, may by the merciful superintendency of the divine Providence, be the diligent care of our gracious Sovereign, continually enjoy peace, plenty, and prosperity; through Jesus Christ our Lord, to Whom, with the Eternal Father, and God the Holy Ghost, be glory in the Kingdom, world without end. Amen."

The Intronization.  
Then shall the King go to his Throne, and be lifted up into it by the Archbishops and Bishops, and other Peers of the Kingdom; and being Intronized, or placed therein, all the Great Officers, those that bear the Swords and the Sceptres, and the Nobles who carried the other Regalia, shall stand round about the steps of the Throne; and the Archbishop standing before the King, shall say:

"Stand firm, and hold fast from henceforth the seat and state of royal and imperial dignity, which is this day delivered unto you, in the Name and by the authority of Almighty God, and by the hands of us the Bishops and servants of God, though unworthy: And as you see us to approach nearer to God's Altar, so vouchsafe the more graciously to continue to us your royal favor and protection. And the Lord God Almighty, whose ministers we are, and the stewards of His mysteries, establish your Throne in righteousness, that it may stand fast for evermore, like as the sun before Him, and as the faithful witness in heaven. Amen."

The Homage.  
The Exhortation being ended, all the Princes and Peers then present shall do their Homage publicly and solemnly unto the King.  
When the Homage is ended, the drums shall beat, and the trumpets sound, and all the people shout, crying out:  
God save KING GEORGE.  
Long live KING GEORGE.  
May the King live for ever.  
The solemnity of the King's Coronation being thus ended, the Archbishop shall leave the King in his throne.

## BRITAIN'S LEAD IN DREADNOUGHTS.

Great Britain still holds the record for quick naval shipbuilding, and she is also a long way ahead of the other nations in the number of Dreadnoughts. A list of the world's Dreadnoughts, compiled by Mr. Alan Burgoyne, Unionist M. P. for North Kensington, editor of the "Navy League Annual," shows the British Empire to have:

- Twelve such vessels now in commission.
- Four others to be commissioned next year.
- Four more launched and to be commissioned next year.
- Five more to be launched this year.
- Four to be launched next year, and
- Three to be laid down next year.
- Giving a total of 23 Dreadnoughts to be in commission in 1914.

Germany has five Dreadnoughts in commission, four more to be commissioned this year (three during this month), and four each to be commissioned in the three succeeding years, making a total of 21 Dreadnoughts to be in commission in 1914.

The United States now have four Dreadnoughts in commission, and two coming into commission this year.

and in each of the three following years, making a total of 12 to be in commission in 1914.

Japan has two in commission, two coming into commission next year, one in the following year, and three in 1914, when she will have eight in all.

France has six Dreadnoughts of the 1906 programme coming into commission this year, and two each in 1912 and 1914, bringing her total up to eight in 1914.

For other Powers the returns are:

Russia—Four laid down in 1908.  
Austria—Two coming into commission in 1912, one in 1914, and one probably in 1915.  
Italy—One coming into commission next year, two in the following year, and one in 1914, all of which are likely to be delayed.  
Brazil—Two in commission, and one coming into commission next year.  
Spain—One coming into commission next year, one in the following year, and one in 1915.  
Argentina—Two laid down last year, which are likely to be delayed in coming into commission next year.

Chili and Turkey are each credited with the intention of laying down two this year.

In a note Mr. Burgoyne points out that speed in construction is still in favor of the British Empire. The average period from laying down to launching is 9.64 months in Germany, 20.6 months in France, and 22.5 months in Japan. The average period from laying down to completion is in the case of Great Britain 28 months in the United States, 42 months in France, and 65 months in Japan. Britannia still rules the waves.

## DESTRUCTIVE CRITICISM.

There appears to be an unfortunate lack of unanimity on the part of Mr. Pugsley's Reciprocity organs as to the most approved method of criticizing Mr. Borden on his Western tour. We read, for instance, in the Times that "Mr. Borden is wasting time in the West when he thrashes old straw." Turning to the Telegraph we are surprised to learn that "Mr. Borden has found it expedient to adopt new, but not more hopeful, campaign principles in order to give his party a lead." Further on in the same article we are gravely informed that "with the exception of this paragraph concerning a permanent tariff commission, there is in Mr. Borden's speech absolutely no disclosure of policy, and no attempt to break new ground."

Still pursuing its deadly work of analyzing Mr. Borden's sentiments, the Times returned to the subject yesterday and proceeded to scoff at Mr. Borden's reply to the Grain Growers that he would refuse the premier-ship if along with it he had to accept Reciprocity. "Why these solemn assertions on the part of Mr. Borden," asks the Times. "The Standard explains that they show the steadfast character and the unswerving honesty of the man." As much might be said of the veriest fanatic who ever espoused a cause.

Evidently the Times has no use for a fanatic of Mr. Borden's stamp, who through evil report and good report stands firmly by his principles. Mr. Pugsley's organ doubtless has a lively recollection of its own checkered career in the field of politics, and of the record of its friend and benefactor. Of him it has been truthfully recorded: "Sometimes he saved us from the Grits, sometimes from the Tories and once from both." There is no fanaticism about Mr. Pugsley.

## Current Comment

(Ottawa Citizen.)

The child of the slums has every right to demand a brother's help from every citizen. He is a member of the civic family. He has privileges that must be respected. Whatever his parentage or condition, he cannot be reckoned out of the civic circle. His interests are vital to us, because his interests are ours.

It is a member of the civic partnership, and his loss must be the loss of the firm as well. But even though this essential unity of interest is not recognized, there is a call which is imperative in the ears of every man whose faculties are alert to interpret the new calls of the new age.

It is the call to the "big brother" from the small. It is the plea of the weak and helpless to the strong and powerful. It is the cry of the babe to the voter and legislator, in whose hands are the destinies of the little ones of today. The big brothers of Canada are this month sending over the Boy Scouts to the Coronation. It is an excellent evidence of unity and fraternity. But we must do definitely more than that. If the lives of the little ones of Canada are themselves to be crowned with success, we must bestir ourselves today, giving to them our brother aid, and insuring them all our fullest citizen support. It is "big" business. And it is "good" business. Are you in it?

(Toronto Mail and Empire.)

Mr. Borden's speech at Winnipeg will make his country the prouder of him. Though the deliverance of a party leader, it cannot but commend itself to unprejudiced men as a statement of broad Canadian policy. From the beginning to the end is a straightforward, unflinching presentation of his position on questions now before the country. There is not a word of quibbling or of uncertain meaning in it. No statesman could be more frank with the public. His hearers must have been impressed with the contrast between his refreshing candor and the studied ambiguity of Sir Wilfrid Laurier's utterances in the Western tour of last summer.

(Toronto Telegram.)

The North American continent, unified under the Stars and Stripes, would not be as powerful a factor in promoting the world's peace as this continent will be with the American people developing the possibilities of their own nationality in the strength of the republic and our people fulfilling the highest purpose of Canadian nationality in the life and work of the British Empire.

(Peterboro Review.)

Rev. Dr. Teefy, the Roman Catholic priest, who died a few days ago in Toronto, was a man of unusual attainments, yet he never drew in his life more than \$90 per annum and his board. Measured by the world's standard, he was a downright failure, but who can say that of his life?

(Buffalo News.)

Oh, the artfulness of women! When a collector calls on a man, the man makes him all sorts of promises. We ken of one who called on a woman yesterday and she made him fix the door bell. That's the difference; women have more starch in their spine than men by all of a million per cent.

The newest dancing figure in London is the staircase waiter. Judging by its name it should come in as a handy excuse for the husband getting upstairs at two a. m. while wife holds the light on the upper landing.

If Elihu Root succeeds in wiggling that amendment of his through the U. S. senate, his admirers should at least present him with a brush and comb for his hair.

## WEDDINGS.

Martin-King.

In the presence of a large number of relatives and friends, a very pretty wedding took place in St. Peter's church at 9 o'clock yesterday morning when Rev. E. Holland, C. S. S. R., united in marriage Miss Frances A. King, daughter of Mrs. A. King, Main street, to Louis T. Martin, son of Mr. and Mrs. Thomas Martin, High street. The bride was beautifully costumed in white silk, trimmed with duchesse lace and wore a picture hat to match. She carried a white prayer book and a pearl rosary. She was given away by her brother, Edward, of Portland, Maine, who came to attend the ceremony. Miss Blanche King, sister of the bride, acted as bridesmaid. She wore a very pretty gown of white with hat to match and carried a beautiful bouquet of carnations. Frederick Parren was best man. After the ceremony a wedding breakfast was served at the home of the bride. The happy couple left on the American boat by couple left on the American boat by couple left on the American boat.

Coughlan-Connole.

A pretty wedding was solemnized at 5.15 o'clock yesterday morning in St. Peter's church, North End, when the Rev. R. J. Coughlan, brother of the groom, married Miss Mary J. Coughlan, daughter of Daniel Coughlan, Chesley street, to Thomas P. Connole, city marshal, son of the late Sub-Deacon. The bride was very prettily dressed in pink silk with a picture hat, and she carried a bouquet of pink roses. Harold J. Coughlan, brother of the bride, acted as best man. After the wedding a reception was held at the home of the bride's parents, which was prettily decorated with flowers. The happy couple left on the Governor Dingley for a trip to Boston, New York and other American cities. On their return they will reside at 43 Hornfield street. The bride received very numerous and costly, including furniture, silverware, cut glass, etc. The groom's gift to the bride was a substantial cheque.

Horamen-Jones.

Last evening at 5 o'clock, Miss Margaret M. Jones, daughter of Mr. and Mrs. J. Jones, Otter Lake, St. John county was united in marriage to Albert E. Horaman, son of Mr. and Mrs. Thomas W. Horaman, High street, by Rev. Isaac Convey, pastor of the Mission church, Paradise Row. The bride was beautifully gowned in white silk with picture hat to match and carried a bridal bouquet. She was given away by her father. The couple were unattended. Following the ceremony a wedding supper was served at the home of the groom. The happy couple will reside on High street. The bride is the recipient of many very beautiful presents.

Potts-Mitchell.

Alderman and Mrs. Potts, accompanied by their son Roy, and nephew Harry Fleming, left last evening for Eastport to attend an interesting event in which Roy Potts will take a principal part. The bride to be Miss Isabel Lauder Mitchell, daughter of Mr. and Mrs. J. H. Mitchell, who will take up summer residence at Langley.

McKenna-Martin.

The marriage of Joseph Leo McKenna, son of Mr. and Mrs. John McKenna, 24 Barker street, to Miss Marie Ellen Martin, took place in the Church of Our Lady of the Snows, Campbellton, at 8 a. m. yesterday morning. Mr. McKenna is employed with the Harquail Lumber Co., Campbellton.

Thomson-Slipp.

After a trip across the continent to claim his bride, Mrs. C. Thomson, of Vancouver, was wedded last evening to Miss Addie J. Slipp, daughter of Duncan Slipp, of Hampton, N. B. The ceremony was performed at 8 o'clock by Rev. H. H. Munday, of the Victoria street parsonage. Mr. Thomson was a former New Brunswick man and has been engaged as an engineer at Vancouver. He arrived in the city at Sunday morning and after a short trip around the province will leave in about a week with his bride for the return trip to the Pacific coast.

Mullin-McKendry.

At Douglastown yesterday morning, Rev. A. W. Meahon, secretary and treasurer for Gloucester county and manager of the Carquet and Gulf Shore Railway, was married by Rev. P. W. Dixon to Miss Margaret McKendry. They will reside at Bathurst after a wedding tour through upper Canada.

Mack-Greer.

The wedding of R. T. Mack, chemist, of Fredericton, and Miss Constance Jocelyn Greer, daughter of Rev. Wm. Greer, formerly rector of Orontocho took place last evening at St. John's church, Orontocho. The ceremony was performed by Rev. C. K. Wiley, of Fredericton. In the presence of relatives and friends, after a tour through the Maritime Provinces they will reside in Fredericton.

Special to The Standard.

Chatham, June 21.—A brilliant and fashionable wedding ceremony took place in St. Samuel's church, Douglastown at ten o'clock this morning, when Miss Margaret Gertrude McKendry, daughter of the late Dennis McKendry, of Douglastown, and Benedict C. Hilton Mullins, of Bathurst, manager of the Carquet and Gulf Shore Railway, and one of the leading men in the County of Gloucester, were united in the holy bonds of matrimony.

The sacred edifice had been beautifully and tastefully trimmed with white lilacs, potted plants, palms and ferns, the color scheme being in green and white, making the floral decorations a most charming sight. Carpet was stretched from the church steps to the chancel, the design matching the floral decorations in color.

Rev. Father Dixon celebrated nuptial mass, the music, both instrumental and vocal, being particularly beautiful. The organist, Miss Quinn, presided at the organ, while the Ave Maria and other hymns were very sweetly rendered by Miss Morrison.

The bride, who was given away by her brother, Howard McKendry, was most charmingly gowned in a bridal dress of white marquisette and Irish point, with picture hat with black ribbon plumes. Her bouquet was of bridal roses, lilies of the valley and maiden hair fern. The groom's gift to the bride was a beautiful diamond and sapphire ring.

After the ceremony the wedding party, regaled to the home of the bride when at twelve o'clock a dainty luncheon was served, only near relatives of the contracting parties being present, and a reception held.

The floral decorations at the house were very pretty and consisted of white and crimson roses. Mr. and Mrs. Mullins left on the Ocean Limited, and their wedding trip will include St. John, Montreal, Niagara, The Thousand Islands and American cities.

The bride's travelling dress was a smart tailored suit of navy blue, and best wishes of a large circle of friends.

Subjects from All Quarters of the Globe Pay Homage To England's King and Queen at Their Coronation

In the great human maelstrom which surged through the city of London for the coronation, filling its highways and byways, there were hundreds of thousands of types of the men and women who make up the empire upon which the sun never sets.

black men, brown men and yellow men, vast throngs, emphasized the influence of remotest corners of their king. All across the world, while adding a note of color to the island kingdom, which extends to the remotest corners of their king.

plashed by their attendance the hold which England has upon her subjects in the four quarters of the globe.

In the hurrying, scurrying crowds there were many notable figures. There were princes by the hundred, some who, if spared, will cut a wide swath in the affairs of the world; others who, as the titular heads of petty States, will have scarcely caused a ripple in the ocean of life when they pass away.

FINANCIAL WORLD

STOCK MARKET WAS VERY DULL

Trade dullness, June 21.—Extreme dullness and narrowness of movement were the dominant features of today's stock market. The undertone was generally firm, except at the opening and in the final hour when prices manifested a tendency to sag, but operations were so light and professional as to render the net result practically negligible. The total output was only about 192,000 shares, which almost established a low record for any recent full day. The local market was probably affected to a measure by conditions abroad, particularly in London where all things financial had given way to the Coronation festivities. Other European exchanges were featureless aside from some weakness in Paris and Berlin.

Home news was rather meagre and somewhat mixed. The crop situation continued to be the centre of interest. The weekly crop report of the Burlington road was discouraging as to the southern section of Nebraska, while elsewhere in that state, indications were more promising. The government forecast for the middle west during the next two days suggests a continuance of fair and warm weather conditions in South Dakota and Montana.

One of the negative events of the day was the declaration of the regular semi-annual dividend on Lehigh Valley common, despite some recent forebodings. The stock recovered part of its decline of the last few days, and Reading, which has no small interest in Lehigh Valley, stiffened perceptibly. In the steel industry the event of the day was a cut of 22 per cent in the price of wire products by one of the subsidiaries of the Steel Corporation. Steel shares were firm on the statement of that corporation's chief executive that orders thus far this month, have averaged from 28,000 to 30,000 tons per day as against 24,000 tons in the preceding months. Operations of the corporation's mills are given at 68 per cent. of capacity at this time, compared with 62 per cent. last month. Trade reviews speak from the general gossip of betterment in the steel and iron business. In the group of public utilities American Telephone made very slight recovery from its abrupt decline of the previous day.

Private advices from Paris stated that some dissatisfaction was felt there in connection with the proposed \$50,000,000 stock increase authorized by the Telephone Company and that yesterday's transactions in the stock on the Bourse had resulted in some confusion which was later amicably adjusted. The traction was inactive and not at all affected by the adoption of an important amendment to the latest subway plans. Shares of the local banks were in some demand, particularly those of the national city bank, which sold at a price 40 points higher than three weeks ago.

The bond market followed the course of stocks with here and there a reactionary trend, issues of the War and Pittsburgh Terminal Company were sold at marked discounts following the publication of the proposed terms of reorganization. Total sales, par value, \$2,770,000. U. S. government bonds were unchanged on call.

CLOSING STOCK LETTER. By direct private wires to J. C. Mackintosh & Co. New York, June 21.—The stock market was only a repetition of what we have had for a week past. The opening tended to a lower range of prices which later, with a slight degree of activity placed the few stock dealings on a slightly higher level. No importance can be attached to any of the trading, not even London houses participating to any extent. The Coronation exercises at that place absorbed all attention which their market shows and very little time or thought is given to ours. Some effort was made to make capital of a story that the Paris officials were willing to cancel the listing of American Telephone and Telegraph in view of the decline the stock had here yesterday, but this was promptly denied, and the stock took a turn for the better. The fluctuations in any stock were not wide enough to do a profitable trading and market on the whole was a listless and uninteresting affair. Crop news came as usual, but rather mixed in character.

CLOSING COTTON LETTER. By direct private wires to J. C. Mackintosh & Co. New York, June 21.—Market was again governed by weather conditions but there was no disposition to trade. Fluctuations were created by local selling with the help of Southern traders which gave rise to the fact that weather reports showed further improvement. Commission houses were not very active but disposed to buy a little especially houses who are looking for a reaction for higher prices. The coming Liverpool holidays checked business materially and it looks as if this will continue for the rest of the week. JUDSON & CO.

THE CANADIAN LOCOMOTIVE CO.

To keep pace with the unprecedented strides which are being made in Canada by our railroads The Canadian Locomotive Company of Kingston, Ontario have decided to increase their capitalization and enlarge their plant. Their present capacity of seventy-five locomotives per year has been found to be entirely inadequate to supply the demand. Owing to their limited capacity the company have had to refuse large numbers of orders every year. This company has been in operation for more than a century and a half and has built up an enviable reputation as makers of high class locomotives. In expanding their business they are therefore expanding in a new and untried field, but on the contrary are developing an industry which they have brought to near perfection as skilled workmen can make it.

## A HALIFAX BALL TEAM MAY COME

Gordon Inzer, the manager of the Socials base ball club of Halifax, is anxious for an all Halifax team to play in St. John on a couple of days next month. Mr. Inzer was responsible in having the St. John's play two games in Halifax a few weeks ago and the games were the fastest exhibitions seen in the province for a long time. It is his intention to bring an all Halifax team to St. John and it will be the strongest aggregation that the stater city has had together for many years. There is no doubt that the St. John's and Marathons will be accommodating, and the interest in the two games should be very keen.

## "Nap" Lajoie to Return to Game

"Napoleon" Lajoie, the peerless slugger, will return to the game in two weeks. His absence from the Cleveland Blues has been a severe blow to the team and his return will be welcomed.

## ST. JOHNS AND MARATHONS TO PLAY TWO BALL GAMES TODAY

The holiday will be marked with many excellent features, and it is expected that the baseball games between the Marathons and St. John's will prove a popular attraction. While the games will be exhibition games, both teams will lineup with new material and a good exhibition is assured for the fans. The morning game is scheduled for 10:30 o'clock. The St. John team will have a strong lineup. The box artist will be either Ford or Ekey. Both have shown that they can deliver the goods, and with a strong team behind them, can put up a strong argument. A new catcher in the person of one, Lewis, will make his debut with the St. John's this morning. He is a classy player and will, no doubt, be a valuable ally. The Marathons battery will include the recent importations, Winter, who will play shortstop, and Williams, at third. In the game at Woodstock on Tuesday, the boys gave an excellent account of themselves, and local fans will have a chance

## YACHTSMEN WILL HAVE A GRAND DAY

Today will be "Members Day" for the R. K. Y. C. at Millidgeville. The club house will be opened at 10 a. m. when the members will be at liberty to entertain their guests. For the benefit of non-yacht owners motor boats will be provided to make trips to Indian Island and other points. At 2 p. m. there will be a hand concert on the pier. At 2:30, 3:30 and 4 p. m. motor boat races will be started, and at 3 o'clock there will be a race for sailing boats. At 7 p. m. an excellent programme of water sports has been arranged and at 8 p. m. the squadron will make colors and illuminate. This will be followed by dancing, and the music will be furnished by the City Cornet band. During the evening there will be a display of fireworks and bonfires. There will be plenty of teams running from Scott's corner, and the power boat Geneva will run from Indian town hourly from 10:30 a. m. to 10:30 p. m. The committee in charge of the sports have arranged the following list of events to take place between 7 p. m. and 9 p. m.: First, there will be the procession of yacht dingies. There will be about fifty of these, properly dressed, and to be towed around among the fleet. 2. Dingy race. 3. Swimming race. 4. Canoe race. 5. Tilt race. 6. Fat man's rowing race. 7. Four oared race. 8. Small boys' race. The race for Class "H" (salmon boats) will be sailed on the Saturday, June 17, will also be sailed, starting at 2:45 p. m. The boats are very evenly matched, and the race promises to be exciting. The Class "I" sailing boats will sail their first race of the series of five races, starting at 3 p. m. going over

## ROOT OPENS THE DEBATE IN SENATE

He Defends Taft's Negotiations With Laurier And Declares That Reciprocity Will be of Great Value to U. S.

Washington, June 21.—Senator Root of New York formally opened the Canadian reciprocity debate in the senate today. He announced that he favored the agreement and defended President Taft's course in negotiating it, declaring that in no way had he exceeded his authority. Mr. Root also spoke in favor of his amendment to the wood pulp and paper provision of the bill, to which President Taft is opposed on the ground that it might jeopardize the entire agreement. Senator Root was listened to with the greatest attention. He insisted that the president had followed the practice ordinarily followed by the diplomatic and executive officers of the government in giving assurance to other governments that certain things would or would not be done. Mr. Root said he believed the anticipated dangers to the farmers along the northern border had been greatly exaggerated. Reciprocity he said would result immediately in benefit to the country. The senator made a direct reply to Republican farmers who had intimated that the passage of the measure would be followed by reprisals that might result in the pulling down of the protective tariff system. "When those men and their constituents view the subject later, calmly, in the interests of the whole country," said Mr. Root, "they will forget their revenges and vote in accordance with their principles."

## TRIAL OF THE CAMORRISTS

Police Official Testifies That Viterbo Prisoners Are Not Only Camorrista But Criminals of Known Record. Viterbo, June 21.—At the continuation of the Camorrista trial today, Catalano, a police official described how he had discovered the first evidence connecting the defendants with the murder of Genaro Cuccolo Cuccolo's wife. Before the witness said he abandoned the supposed proofs because of intervention of the priest Cirro Vitozzi, who reported that he had learned in the confessional that others than those suspected were the assassins. The witness declared that the prisoners were not only members of the Camorra, but known criminals. This statement aroused a demonstration on the part of the accused who cried out that the police had joined the barabarrisi in an attempt to ruin them. Heretofore it had been charged that the Camorrista were hand in glove with the police and protection could only be secured if all through the operations of the carabinieri.

## STEAMER ASHORE ON NOVA SCOTIA COAST

The Steamer Rosalind Struck Sand Bar Last Evening Below Sydney — Impossible to Get Her Off. Halifax, N. S., June 21.—The steamer Rosalind struck a sand bar below North Sydney breakerwater this evening and was still there at midnight. She was on her way from Montreal to St. John's, Newfoundland, via Charlottetown, with 40 passengers and a big freight. The fog was thick and Captain Williams miscalculated his position. The steamer had put in to Sydney in the forenoon and had sailed to continue her voyage only a couple of hours before she struck. She may float at high tide, but so far it has been impossible to pull her off.

## JUMPED TO DEATH FROM HIGH WINDOW

New York, June 21.—Depressed over unfortunate stock investments, John Armour, a public accountant, calmly opened his office window of the fourteenth floor of a Broadway office building today and threw himself out head first. His body was found on the roof of an adjoining building eleven stories below. Nearly every bone was broken.

## WHERE THE LITTLE PUBLISHERS GO FOR THE LARGE DAILIES

Canadian Press Association Will Invoke Aid of Post Office Department Against Metropolitan Newspapers.

Toronto, June 21.—The Canadian Press Association took a crack at the Metropolitan "dollar daily" this morning when a resolution moved by W. M. O'Brien, of Stratford and seconded by W. J. Taylor, of Woodstock, was carried unanimously. It provided that the press association cooperate with the post office department in the Maritime Provinces and the New York press association in a memorial to the government to have the present special postal rate of half a cent a pound withdrawn from such papers.

## ACCIDENTAL SHOOTING OF A BUSINESS MAN

Chatham, Ont., June 21.—Joseph Hadley, one of the Hadley Lumber Company, and one of Chatham's most prominent business men, was found unconscious in his office this morning with a bullet wound in his head and a revolver by his side. He was rushed to the hospital and is now in a critical condition. It is supposed he accidentally discharged the weapon while examining it.

## SOUTH END LEAGUE

THE WEATHER

MARITIME:—Moderate northwest and west winds, fine, and a little warmer.

Toronto, Ont., June 21.—Showers have occurred today in the Maritime Provinces and in parts of Manitoba, but elsewhere in the Dominion the weather has been fine. The temperature has been a little higher than yesterday in Ontario and in Quebec and somewhat lower in the western and Maritime Provinces.

Table with 2 columns: Location and Temperature (Min. Max.). Locations include Victoria, Vancouver, Calgary, Edmonton, Prince Albert, Moosejaw, Winnipeg, Port Arthur, Parry Sound, London, Toronto, Ottawa, Montreal, Quebec, St. John, Lower St. Lawrence and Gulf.

AROUND THE CITY

Good Catches of Salmon. The Bay fishermen have been making good catches of salmon recently. One boat brought about 400 salmon here yesterday. The fish are very large, and in prime condition.

Coronation Decorations. Although the Treasury Department of the city will have to scrape up over \$1,500 to meet the expenses incurred on account of the Coronation celebration, the officials of the Chamberlain's office have decorated their quarters in honor of the occasion. With small flags in the windows, and paper streamers, they have produced a tasty if modest effect.

A Double Wedding. Rev. Dr. Hutchinson officiated at a double wedding last evening at 41 Douglas avenue, when he united in marriage Judson Dunham and Miss Annie Welsh, both of this city, and Archibald Rankine, of Colborne Island, and Miss Elizabeth Parsons of this city. Both couples were unattended, and after their honeymoon will make their homes in St. John.

S. S. Premier. Steamer Premier is now on the route and persons wishing tickets to points on the Kennebecasis River can procure the same at the I. C. R. ticket office or at the depot. Excursion parties wishing to spend the day on the Kennebecasis can do so by leaving at 9 a. m. and return by making connections with the Boston express at Rothesay. These excursions are run on Wednesday and Saturday.

Game Called Off. The Calais base ball team arrived in the city yesterday morning and were to have played a league match on the Marathon grounds in the afternoon with the St. John's. Rain fell and the grounds were in no condition for a game. There were only about a dozen spectators present and owing to the conditions the team managers called the game off. The Maine players left for the border city on last evening's express.

Power Boat Race Today. The observance of Coronation Day will be suitably celebrated by the St. John Power Boat Club, and will consist of the Coronation race to Oak Point, and the holding at that point on the finish of the race of a field day by the members. The race is appointed to begin at 9 a. m. A start will be made for the return to the club at 5.30 p. m. The race and outing will take place, rain or shine.

Patterson-Thorne. Rev. D. Hutchinson, D. D., was the officiating clergyman at a pretty wedding last evening at the residence of Mr. and Mrs. Thorne, Victoria and Durham streets, when their daughter Miss Sybil Thorne was married to Isaac Patterson. The bride was attended by Miss Hattie P. Watson, and the groomsmen were Walter C. Stevens. Following the ceremony supper was served. They will reside in this city.

Thomson-Slipp. At the Victoria street Baptist parsonage there was a quiet wedding performed by Rev. B. H. Nobles, when Abram C. Thomson, of Vancouver, B. C., was united in marriage to Miss Addie Slipp of Hampstead. Only immediate friends and relatives of the contracting parties were present at the marriage. Mr. Thomson is an engineer in Vancouver, where he has a most reliable position, and arrived here a few days ago to claim his bride. Mr. and Mrs. Thomson leave this morning for a short visit up the St. John river, and in about a week will leave for Vancouver, where they will make their future home.

The Columbian Fair. The ideal weather conditions that prevailed last evening helped to augment the success that has already attended the Columbian Fair. The attendance last night at the fair was larger than on either of the preceding evenings, and the large crowd found plenty of attractions on the grounds and in the building. The pike, which has become a popular item, drew large numbers, and the magic mirrors and other features, of which there are many, furnished amusement in abundance. The 62nd band was in attendance during the evening and discoursed a choice programme of selections. The fair will be in full swing this afternoon and evening. Children will be admitted at half price this afternoon. A light supper will be served by the committee in the supper room at six o'clock, and in the evening an orchestra will furnish music. Saturday afternoon will be Children's Day at the Fair, and half price admission will prevail.

L. O. A. All City Orangemen are requested to assemble at their respective lodge rooms on Thursday, Coronation Day, to time to reach Germain street by 2 p. m. sharp, where the District D. of C. will see that all are placed in their proper positions ready to leave for King St. East by 2.15. By order of the County Master. W. M. CAMPBELL, Rec. Sec. County L.O.L.

WAITED FOR HUSBAND WHO DID NOT ARRIVE

His Non-Appearance at Union Depot Last Night Made a Long Walk a Necessity for An Anxious Woman.

When the Boston express arrived at the Union depot last night there was a lady passenger who was much disturbed. Her home is a few miles in the country and her husband promised to meet her with a horse and carriage. The head of the household was not on hand and a telephone message informed the lady that he had left home over an hour before the time for the arrival of the train for the purpose of welcoming her home. He did not arrive and the telephone line was kept warm until towards midnight in an attempt to locate him and as he did not put in an appearance the woman picked up her baggage and started out in a rain storm to walk to her home in the country.

WILL TAKE ACTION AGAINST HOTELS

Factory Inspector Kenny Will Force Compliance With Law Requiring the Installation of Fire Escapes.

Although the act requiring hotels to provide fire escapes, etc., goes into effect on August 1, very few hotels have yet complied with the provisions of the law. The act which was passed at the last session of the N. B. legislature requires all hotels of over two stories, to provide iron fire escapes with landings at each floor and to have in all sleeping rooms a stout rope applied to an eye-bolt near the window and long enough to reach the ground.

In May last John Kenny, Jr., the factory inspector, sent out copies of the act to 275 hotels in the province, and as only two copies were returned, it is supposed all the others were received by the hotel proprietors. Mr. Kenny recently made a tour of the province and found that no attempt had been made to comply with the provisions of the act.

In St. John there has been a similar lack of initiative, except in the case of the Royal, which has an excellent system of fire escapes. The proprietors of the Royal have offered to place balls on the ropes required to be kept in sleeping rooms, and thus reduce the risks of descending by them. The act fixes the responsibility for installing these improvements upon the owner. In some places during his tour of inspection Mr. Kenny was roundly abused by owners of hotels coming under the act, who objected to installing the safety devices. Some of the proprietors who show a willingness to comply with the act may be allowed a latitude of two or three weeks, but it is likely that action against kickers will be taken immediately after Aug. 1. The act is based on laws obtaining elsewhere in Canada and in the United States.

A ST. JOHN MAN WAS DROWNED IN WINNIPEG

Archibald McNeil Drowned in a Ditch in Which There Was But Few Inches of Water.

Word was received in the city yesterday from Winnipeg of the sad drowning of Archibald McNeil, a former resident of this city, and who is said to have a wife residing here at present. The deceased fell on his face into a ditch and although there was but three or four inches of water in it, he was unable to rise and when found he was dead. While in St. John McNeil was employed in a tannery on Paradise Row.

Other Canadians Who Figure in Coronation Honors Given Out by King George.

London, June 20.—The Canadians, besides those previously mentioned in the Coronation honors are: Honorary Surgeon-General—Sir Frederick W. Borden, minister of militia. Knights Bachelor—Hon. L. M. Jones, president of Massey-Harris Company, of Toronto; Justice Bouthier, of Quebec, retired; William Whyte, vice-president of the Canadian Pacific Railway, Winnipeg; W. Max Aitken, M. P. for Ashton-under-Lyne, of Montreal, B. C.

Companions St. Michael and St. George—James Adam Shortt, civil service commissioner, Ottawa; A. P. Sladen, governor general's secretary, Ottawa. Privy Councillor—Bonar Law, M. P. The Order of Merit is bestowed upon Sir Edward Elgar, musical director at Cambridge University; Sir George Otto Trevelyan, historian of the American revolution and Major Ronald Ross, who first established the relation between the mosquito and malaria.

London papers make many complimentary references to Sir Max Aitken, Montreal Star: To say that the Can-

FURNISHERS LIMITED WILL HAVE WIDE SCOPE

New Company Asks for Authority to Conduct Many Ventures—May Take Over W. E. Earle's Business.

It is said that the promoters of the Furnishers, Limited, who are applying to the government of the province for incorporation with powers to carry on an extraordinary number of enterprises, purpose to take over the business of W. E. Earle. Some of the applicants who approached admitted that this was the intention, though S. B. Bustin, solicitor for the applicants said the plans of the proposed company were not sufficiently advanced to warrant him in saying that there was any intention of taking over Mr. Earle's business.

"The capital of the proposed company would only be \$20,000," he said. "That would not buy out Mr. Earle's business." Mr. Earle when interviewed, would neither confirm or deny the report. When asked why application was being made for power to engage in nearly every kind of enterprise from operating a hydro-electric plant to selling tooth picks, Mr. Bustin said the company was only applying for the powers necessary to carry on a departmental store business.

"The trouble with most companies," he said, "is that they do not get enough powers at the start. This company has an idea that its business may grow and it does not want to be running to the legislature every little while for permission to extend its business." "Do you intend to conduct a general plumbing business, manufacture iron and steel, and lumber and all the other things?" "Our plans have not been developed yet."

"Are you going to build all those mills, stores, wharves, etc., in St. John?" "I don't know that we are going to build at all in St. John. The idea is to carry on a departmental store business." "Are you going to acquire Mr. Earle's business or any other established business?" "I don't think so. I guess you will see Mr. Earle carrying on business after the company is established."

"Are you organizing a branch of some of the big departmental stores in other cities?" "Not at all." "Where will the company do business?" "I can't say," said Mr. Bustin. And that was the substance of his answers to a string of other questions.

The applicants for incorporation are H. P. Robertson, Luella Dunn, W. H. White, H. A. Prebble and S. B. Bustin.

A WELCOME FLAG OVER POLICE STATION DOOR

A Coronation Decoration Which Caused Amusement Last Evening—Evidently Not Intended to Be Taken Seriously.

While all of the prominent buildings in the city are early decorated in honor for the coronation today the police station is one that is causing considerable interest. Among the many flags that are displayed is a streamer over the door bearing the word "Welcome." The magistrate claims that he is not responsible for this part of the decoration, and the chief of police, who is always happy to meet the citizens at his office, says that he is not responsible for the welcome flag.

Many persons who enter the King street east building go there against their wishes and there is a great question whether they are welcome or not. The proprietor of the building did not place the flag over the door as a joke but it was looked on with much amusement last evening.

adian financial world was surprised at the news that W. M. Aitken had been knighted, is putting it mildly. Although a hundred guesses had been made regarding the lucky recipients of Coronation honors, nobody had dreamt that the honor would fall to the Canadian financier.
