GERMAN ARMIES APPARENTLY ARE IN PRECARIOUS POSITION

General Retreat on Seventy Mile Front Between the Aisne and Scheldt Rivers—From Belgium to the Meuse Enemy Forces Are in Jeopardy, Especially Large Army South of Metz—Allies Capture Many Towns and Villages and Thousands of Prisoners—Crisis for Germany at Hand

(By The Associated Press.)

The German armies in Belgium and France are being defeated. Nowhere are they able to stay the attacks of the Allied forces. Ground is being given over wide areas in Belgium and France from the Belgian border to east of the Meuse river.

The British and Belgians in Flanders have dug deeply into enemy-held territory and the enemy is reeling under the assaults. From Valenciennes to the Aisne the British and French are driving the enemy in what seems utter disorder backward toward his border. Greater, perhaps, than all the other strokes, however, is that of the Americans and French in the Meuse river region north and northwest of Verdun, where fast strides are being made northward over a wide front which threaten to cut off the enemy's retreat and bring about a defeat of the Germans on the battlefield.

Germans in Jeopardy.

From Belgium to the Meuse, the Germans are in jeopardy. Especially critical is the situation for them in the great sack from Belgium to the north of Rheims, for with the advance of the Americans and the French northward, and with the important lines of communication under fire, it seems probable that large numbers of them are destined to be cut off and forced to surrender.

Likewise the crossing of the Meuse river by the Americans places in peril the large enemy forces in Lorraine south of Metz. There are indications that operations with a view to overwhelming the enemy in this region are in the making. The German official communication of Tuesday announced that the Americans had made "partial thrusts" west of Moselle river, which runs through Metz.

Many Towns Captured.

Large numbers of towns have been reclaimed by the Allied troops throughout the entire fighting zone, many thousands of Germans have been made prisoner and large numbers of guns and enormous quantities of stores have been captured. In addition the enemy has suffered terrible losses in men killed or wounded.

Judging the situation from the military map, the crisis on the battlefield is at hand. The Germans have come to the realization that the Foch military machine is the master of the German machine. Therefore, they are giving ground everywhere before it—seeking their border line in order to prevent being crushed.

AUSTRIANS MAY MAKE PROTEST

Amsterdam, Nov. 5.—Austria will protest against the interpretation of any clause in the armistice as meaning that enemy armies are entitled to attack Germany through Austria, according to advices from Vienna.

A despatch to the Berlin *Vossische Zeitung* from Vienna says that last Saturday the castle guard mutinied and rushed to the gates of the castle, shouting: "We don't want an emperor."

Officers persuaded some of the guards to return, but others disappeared, according to the despatch.

According to the information received by the *Vossische Zeitung*, panic prevailed in Vienna as a result of a report that the Italian war prisoners had revolted and were marching on the capital.

A SIX MILE ADVANCE BY THE FRENCH

Retreat of the Germans Between the Sambre Canal and the Argonne Gains Impetus—French Capture Town of Guise and 4,000 Prisoners.

Paris, Nov. 5.—The retreat of the Germans between the Sambre Canal and the Argonne gained impetus today, according to the war office announcement. The French troops cleared the enemy out of large sections of territory, making an advance which at certain points reached a depth of more than six miles.

The important town of Guise was captured as well as Marie and Montcornet. Four thousand prisoners were taken and 80 cannon. The statement says:

Retreat Continues.

"Along the whole French front from the Sambre Canal to the Argonne, the retreat of the enemy continued during the day, reaching at certain points a depth of ten kilometres. "Because of the advantages gained by the difficult battle fought Sunday for the crossing of the Sambre Canal the First Army completely defeated six German divisions, which opposed it and took 4,000 prisoners and 60 guns."

"In the first hour Guise was occupied and the advance continued without respite."

"At the end of today we had reached the outskirts of Barry, Esqueharles Lavaqueresse, Grapilly, Malsy, Romery, Wierp-Paty and Colonfay, Sains-Richaumont and Housset, freeing in the occupied villages numerous civilians."

"Further to the right we held Neuville-Housset, Marie and the Marie-Montcornet road as far east as Neuville-Bosmont, Ebouleau, Bussy-Les-Pierrepont and Disy-Le-Gros."

Heavy Fighting.

"In the region to the northwest of Chateau Porcien the severe fighting in the last few days has likewise terminated in a general driving back of the Germans. Our line runs to the north of Walleppe and Honnogne and west of Chaudon and St. Fegroux."

"Henry, Conde-Le-Parry and Chateau Porcien are in our hands. We

MANY MORE TOWNS TAKEN BY HAIG

Germans Lost Thousands in Killed, Wounded and Prisoners.

London, Nov. 5.—The British armies in the sector between the Sambre and the Scheldt have defeated in the battle which began Monday, twenty-five German divisions (more than 300,000 men); Field Marshal Haig reports from headquarters tonight. In addition to capturing many more villages today, the British have passed through the great Normal Forest.

The statement says:

"In the great battle opened by us yesterday between the Sambre and the Scheldt, the troops of the Fourth, Third and First British armies, composed chiefly of men from English towns and counties, engaged heavily and defeated with severe loss in killed, wounded, prisoners, guns and material, no less than twenty-five German divisions."

In Full Retreat.

"The German defence was thus broken on a front of thirty miles. Owing to this brilliant success the enemy today is in retreat on the whole battlefield. "In spite of heavy and continuous rain our troops have pressed the retreating enemy forces closely throughout the day, driving in the rear guard wherever they have sought to oppose our advance and taking a number of prisoners."

"Our troops have passed through the Normal Forest and have reached the general line of Bazy-Grand Fayt, Berlamont, west of Bavay, Roisin and Frenes."

"In the haste of his enforced withdrawal yesterday and today the enemy has abandoned complete batteries and large quantities of material of every description."

LOAN FIGURES.

Toronto, Nov. 5.—"With half time" of the Victory Loan campaign will be in the future, Canada has already exceeded the two hundred million mark. The exact figure as officially reported to W. S. Hodgins, chairman of the Dominion business committee, with returns from 17 of the provinces incomplete are \$201,029,156. In the same period last year the Dominion had subscribed only \$132,726,100.

The Province of Ontario, with returns in from all but a few canvassing districts reports \$107,879,156.

British Columbia \$9,993,870; Alberta \$5,899,800; Saskatchewan \$4,573,900; Manitoba \$3,947,150; Quebec \$5,450,350; New Brunswick \$4,300,000; Nova Scotia \$10,717,950; Prince Edward Island \$557,250.

COMPERS HOME AGAIN.

"In the Argonne our troops have brilliantly carried out a surprise crossing of the Ardennes Canal and the Aisne near Montong and La Chesne. These two places have been passed considerably as well as the outskirts of Mount Dieu Wood."

Republicans Gain 8 Seats in the House

Situation More or Less in Doubt in Respect to Control of House of Representatives—Democrats Retain Senate Probably—Smith, Democrat, Leads for Governor of New York.

New York, Nov. 5.—At midnight the congressional election returns were just a little more than half in, and on the figures then at hand, showed a gain of eight seats in the House and three seats in the Senate for the Republicans.

Up to that hour Acting Chairman Cummings, of the Democratic National Committee, had issued a statement claiming Democratic gains in both houses of congress.

Chairman Hays, of the Republican National Committee had not issued a statement, but said he felt sure the Republicans would control the house.

The turnovers came in New York, Kentucky, Pennsylvania, Maryland and Kansas, but so closely was a Democratic defeat in one district neutralized by a Republican defeat in another that the net results are very close.

The Democratic leaders in congress, Senator Simmons of North Carolina, and Representative Kitchin of North Carolina, were elected, as were the House Republican leader Representative Mann, of Illinois, and the acting Republican leader Representative Gillett, of Massachusetts. Former Speaker Cannon, of Illinois, was re-elected to what will be his twenty-second term in congress, a record of service interrupted by only two defeats.

Democrats Sweep Baltimore.

Baltimore, Nov. 5.—The Democrats swept the city in today's congressional election, returning Representatives Charles P. Coady and J. Charles Linticum, whose districts are entirely in Baltimore, by largely increased pluralities.

Republicans Win Kansas.

Topoka, Kansas, Nov. 5.—Reports from all over the state indicate that the Republicans carried the state, senatorial and congressional have been elected.

From every congressional district reports show the Republican candidates in the lead. The election of Capper for senator, and Allen for governor, by big majorities appears certain.

BERLIN MUST PAY FOR DESTRUCTION

Terms Upon Which Germany May Have Peace Have Been Delivered—Price She Will Have to Pay is Virtually the Price of Absolute Surrender—Claims of Her Great Military Machine to be Drawn.

(By The Associated Press.)

The terms upon which Germany may have peace have been delivered. The element of softness is absent from them. Like the peace given Austria-Hungary, Turkey and Bulgaria, the price Germany will have to pay is virtually the price of absolute surrender.

The claws of the great military machine of Germany are to be drawn; invaded territories must be evacuated and compensation must be made for all damage done to the civilian populations in attacks by land and sea and from the air. Impotency by Germany again to take the field is to be insisted upon.

WOMAN STEALS SON AT POINT OF REVOLVER

Sensational Abduction by Automobile at Upper Sackville—Court Gave Custody of Child to Mother.

Special to The Standard.

Moncton, Nov. 5.—Harold Estabrooks, C. G. R. fireman, complained to Chief Rideout today that his eight year old son, who lived with his grandfather at Upper Sackville, had been abducted yesterday by the lad's mother, Estabrooks' wife. The Estabrooks had been divorced about five years and the son had been left in the custody of his father. Monday morning the mother of the boy visited the home of Estabrooks, senior, at Upper Sackville in an automobile and according to the story told Chief Rideout, carried off her son at the point of a revolver.

When the boy's grandfather attempted to prevent the abduction the mother pulled a revolver and held him at bay until she got the boy into the car. The mother disappeared with her son and no trace can be got of them. The father of the boy believes she has gone to the States.

A woman named Bannister, aged 84 years, who hails from Pollett River, near Salisbury, was found wandering about the streets in a demented state tonight. She was taken charge of by the police.

EMPEROR CHARLES YIELDS COMMAND

Declined to Sign the Armistice Terms and Surrenders Position as Head of Army.

Copenhagen, Nov. 5.—Emperor Charles found the conditions of the armistice offered by the Allies so harsh and considered them dishonorable, that he would not sign them, says a Vienna despatch to the Berlin *Tageblatt*. The emperor declared he no longer wished to exercise his authority as supreme commander of the army. The conditions were finally signed by Field Marshal Arz von Straussenburg, the chief of staff.

The despatch denies rumors that Emperor Charles had abdicated, and was leaving for Switzerland.

Amsterdam, Nov. 5.—Emperor Charles, of Austria, according to a despatch from Vienna, handed over the supreme command of the Austro-Hungarian army to Field Marshal Koenigs on November 2nd.

PREMIER DAVID LLOYD GEORGE ANNOUNCES ARMISTICE TERMS

Germany Can Learn Her Conditions by Applying to Foch.

London, Nov. 5.—The terms of the armistice were announced to the House of Commons today by Premier Lloyd George.

Mr. Lloyd George said that the Supreme War Council had considered the answer they should make to President Wilson regarding Germany's armistice proposals, and had arrived at complete agreement regarding the conditions. They had been transmitted to the president with a request that he inform the German government that if they wished to know these conditions they should apply to Marshal Foch in the usual military form.

Lord observers greeted this announcement by the prime minister.

Continuing, Mr. Lloyd George said that if the application was made it had been decided that the British naval representatives would be associated with Marshal Foch at the conference. Whatever Germany's reply might be the associated powers awaited the issue with perfect confidence.

Another outbreak of cheering marked

Washington, Nov. 5.—President Wilson is preparing to despatch a note to the German government informing it that if it desires to know the terms of the armistice prepared by the Supreme War Council at Versailles application should be made to Marshal Foch. The president's note will be made public this afternoon, Secretary Lansing said. The text of Secretary Lansing's note follows:

"I have the honor to request you to transmit the following communication to the German government:

"In my note of October 23, 1918, I advised you that the president had transmitted his correspondence with the German authorities to the governments with which the government of the United States is associated as a belligerent, with the suggestion that if those governments were disposed to accept terms upon the terms and conditions indicated, their military advisers and the military advisers of the United States be asked to submit to the governments associated with Germany the necessary terms of such an armistice as would fully protect the interests of the peoples involved and ensure to the associated governments unrestricted power to safeguard and enforce the details of the peace to which the German government has agreed, provided they deem such an armistice possible from the military point of view."

Agree With Wilson.

"The president is now in receipt of a memo of observations by the Allied governments in this correspondence, which is as follows:

"The Allied governments have given careful consideration to the correspondence which has passed between the president of the United States and the German government. Subject to the qualifications, which follow, they declare their willingness to make peace with the government of Germany on the terms of peace laid down in the president's address to congress of January 8, 1918, and the principles of settlement enunciated in his subsequent addresses. They must point out, however, that clause two relating to what is usually described as the freedom of the seas is open to various interpretations, some of which they could not accept. They must therefore reserve to themselves complete freedom on this subject when they enter the peace conference."

"Further, in the conditions of peace laid down in the address to congress of January 8, 1918, the president declared that invaded territories must be restored as well as evacuated, and freed, the Allied governments feel that no doubt ought to be allowed to exist as to what this provision implies."

"By it they understand that compensation will be made by Germany for all damage done to the civilian population of the Allies and their property by the aggression of Germany by land, by sea and from the air."

"I am instructed by the president that he is in agreement with the interpretation set forth in the last paragraph of the memorandum above quoted."

"I am further instructed by the president to request you to notify the German government that Marshal Foch has been authorized by the government of the United States and the Allied governments to receive proposals by accredited representatives of the German government and to communicate to them terms of an armistice."

"Accept, Sir, the renewed assurances of my highest consideration."

Washington, Nov. 5.—President Wilson is preparing to despatch a note to the German government informing it that if it desires to know the terms of the armistice prepared by the Supreme War Council at Versailles application should be made to Marshal Foch. The president's note will be made public this afternoon, Secretary Lansing said. The text of Secretary Lansing's note follows:

"I have the honor to request you to transmit the following communication to the German government:

"In my note of October 23, 1918, I advised you that the president had transmitted his correspondence with the German authorities to the governments with which the government of the United States is associated as a belligerent, with the suggestion that if those governments were disposed to accept terms upon the terms and conditions indicated, their military advisers and the military advisers of the United States be asked to submit to the governments associated with Germany the necessary terms of such an armistice as would fully protect the interests of the peoples involved and ensure to the associated governments unrestricted power to safeguard and enforce the details of the peace to which the German government has agreed, provided they deem such an armistice possible from the military point of view."

Agree With Wilson.

"The president is now in receipt of a memo of observations by the Allied governments in this correspondence, which is as follows:

"The Allied governments have given careful consideration to the correspondence which has passed between the president of the United States and the German government. Subject to the qualifications, which follow, they declare their willingness to make peace with the government of Germany on the terms of peace laid down in the president's address to congress of January 8, 1918, and the principles of settlement enunciated in his subsequent addresses. They must point out, however, that clause two relating to what is usually described as the freedom of the seas is open to various interpretations, some of which they could not accept. They must therefore reserve to themselves complete freedom on this subject when they enter the peace conference."

"Further, in the conditions of peace laid down in the address to congress of January 8, 1918, the president declared that invaded territories must be restored as well as evacuated, and freed, the Allied governments feel that no doubt ought to be allowed to exist as to what this provision implies."

"By it they understand that compensation will be made by Germany for all damage done to the civilian population of the Allies and their property by the aggression of Germany by land, by sea and from the air."

"I am instructed by the president that he is in agreement with the interpretation set forth in the last paragraph of the memorandum above quoted."

"I am further instructed by the president to request you to notify the German government that Marshal Foch has been authorized by the government of the United States and the Allied governments to receive proposals by accredited representatives of the German government and to communicate to them terms of an armistice."

"Accept, Sir, the renewed assurances of my highest consideration."

IF GERMANY ACCEPTS

Before this is in type Germany may have accepted the Allies' terms of armistice.

But, would not mean that the Victory Loan would not be needed.

Canada will still need the Victory Loan when fighting ceases, just as she has needed the money to carry on the war.

After fighting ceases it will cost hundreds of millions of dollars to maintain Canada's soldiers until they can be demobilized.

Canada may have to keep her quota of men in occupied enemy territory.

Canada will have to transport her army home.

For some time to come Canada must continue to finance the supply of foodstuffs for Britain and her allies on credit.

War or no war Canada must continue to finance her shipbuilding programme to replace lost tonnage and to establish and maintain her proper place in the sea-carrying commerce of the world.

All this will have to be financed through the Victory Loan, 1918.

So, whether or not Germany accepts the Allies' terms the Victory Loan, 1918, must be subscribed and over-subscribed.

Nothing less than this will enable Canada to complete her war effort and to maintain her agricultural and industrial prosperity.

And, remember, this may be your last chance to buy Canadian Government Bonds bearing five and one-half per cent. interest.

PREMIER CLEMENCEAU GETS AN UPROARIOUS GREETING

Loudly Acclaimed by Deputies When He Tells of Armistice.

WILL PREVENT HUNS RENEWING THE WAR

Peace May Not be so Near as Some Might Think, He States.

Paris, Nov. 5.—M. Clemenceau, the premier, was accorded a wonderful ovation in the chamber of deputies today as he read to the deputies the terms of the armistice with Austria-Hungary. He also said terms had been submitted to Germany.

"The terms to Germany," said the premier, "are what President Wilson himself recommended to us for the security of our troops, the maintenance of our military superiority, and the disarmament of the enemy, insofar as that is necessary to prevent a resumption of hostilities."

M. Clemenceau declared that peace might not be so near as some might think but that he could, however, assure the chamber that "the fate of the peoples henceforth was fixed."

Prolonged Cheering.

There was prolonged cheering when the premier announced that the Allies had obtained the use of all means of transport in Austria-Hungary.

M. Clemenceau was hailed as the "father of victory" as he mounted the tribune to announce the armistice to the Austrian aristocracy. The deputies all stood. The ovation lasted several minutes. During an address following the reading of the armistice terms there was intermittent cheering, especially when the premier spoke of the approach of full victory, the defeat of Austria-Hungary and the complete glory of France. The usual Socialist interruptions occurred, but the aged premier remained unperturbed, defiantly smothering the taunts of the opposition. The chamber passed a resolution providing that the speech of M. Clemenceau should be posted throughout France.

France's Glory.

"What I have done," said M. Clemenceau, "is France that has done it. I have only made the best use I could of the instruments France has given me. The supreme council at Versailles has drawn up the terms of an armistice with Germany. These were sent yesterday to President Wilson, who, if he approves them, will make them known to the Imperial and Democratic government."

At this point the house burst into laughter. "It will not be time enough for Germany to address herself to Foch," the premier added.

It was here that the premier declared that the terms of the armistice, as were those imposed upon Austria, to prevent a resumption of hostilities in case Germany should break her word.

Praises Allies.

"Without Allies in this war we should not have triumphed," said the premier.

"None of the Allies would have triumphed. Our ancestral enemies, the English, have become our indestructible friends."

Before the premier read the armistice terms, Paul Deschanel, president of the chamber, paid an eloquent tribute to the victorious Allied armies.

"After Bulgaria, Turkey, Austria, Austria," said M. Deschanel, "the Franco-American armies are delivering the Argentine, Anglo-Belgian armies are delivering the Finns; the Italians are at Trent and Trieste."

The whole chamber then rose and turned toward the Italian ambassador sitting in the diplomatic gallery, and the ambassador stood and bowed his acknowledgments. A similar scene was enacted when M. Deschanel referred to the Serbians.

REPUBLICANS GAIN 8 SEATS

Congress.

New York, Nov. 5.—At 11 o'clock tonight the congressional returns still barely half complete, showed a gain of four seats for the Republicans in the House.

The senatorial returns less than one-third complete, showed a gain of one seat for the Republicans by the defeat of Senator Thompson of Kansas by Governor Capper.

At 9 o'clock, with less than half the congressional returns at hand, there was only one turnover recorded. It was the defeat of Representative Sherley, of Kentucky, Democratic chairman of the House Appropriation Committee. The returns at that hour showed the re-election of the Democratic House and Senate leaders, Representative Kitchin, of North Carolina, and Senator Martin, of Virginia.

ed away soldiers, saying, "We serve as the men fitted with artificial arms or legs at Roshampton Hospital have returned to their old trades or businesses."

The power of suggestion is universal, recognized as being of great importance in these cases. Military discipline is gone with it. "Do this, and die with it." Compulsion is to be avoided, and something more gentle and persuasive takes its place. The individual case should be studied in apparently casual interviews. The potency of example is employed. At Roshampton, in the suburbs of London, where the new artificial limbs are fitted and tried out, a corps of men is kept who have proved to be adept in the dexterous use of artificial limbs. These men stimulate the desire and will of the patient to equal or surpass some other man, and to approach the extraordinary skill and dexterity of the special corps itself. There you may see men with their right arms off at the shoulder playing golf with a sure aim, or chopping wood. Men with both arms off ride on bicycles. Men with both legs off have no difficulty in going up and down stairs. One such rides a bicycle.

GREAT PROBLEM IN AIDING DISABLED MEN WHO FOUGHT

(By J. W. MacMillan, in Journal of Commerce.)
A number of matters of general interest were discussed at the second annual Inter-Allied Conference on the After-care of Disabled Men held recently in England. Fourteen countries were represented and while no unity of practice could have been expected among countries differing as widely as Spain and Belgium, or Italy and Newfoundland, there were still many points in which the agreement was close. Leaving to one side technical matters which will require to be dealt with by the medical and educational experts, we may note some of the facts which the average man may bear to his advantage, if he is to be a friend and comrade to the victims of the great war.

Prominent all through the conference was the importance of a just psychology of the wounded. The old-fashioned therapy, which viewed a patient as a deranged physical mechanism, is discredited. As Pascal said, he is a man that thinks, and if he is to be rehabilitated his mental processes must be reckoned with. It is especially important to remember this, for the very multitude of the disabled and the necessity of haste in recruiting them to the ranks of the producer is apt to bring about a cold mechanical efficiency of medical and pedagogical treatment which will fail because it overlooks the essential quality of the material it deals with. The organism of a mutilated or enfeebled man is not simply an assemblage of lungs, legs and liver, but rather a complex of emotions, intelligence and will. His hopes, his fears, his joys, his self-respect and individuality require more subtle and discerning skill than do his slightest eyes or his truncated arm.

The first critical moment arrives when the man in the base hospital becomes returned to his natural color "carry on" as a whole human being. The surgeons who are familiar with him at that early stage of his disablement must not be permitted to become discouraged. They must take an interest in his future too soon, lest the seed of despair be lodged in his heart. They would anticipate the full realization which will come returning strength, that he is no more to be the man he was, and the giving up of hope that he may again ever take his place as a man among men in the battle of life. Those who deal with him at this time should have developed in the highest degree the faculty of making vital individual contacts with their charges. This is doubly necessary for men who have passed their youth for the twenties as a more hopeful age than the later thirties and forties. With the older soldiers in hospital the utmost care must be exercised.

Then succeeds the period of convalescence in hospitals. He is then in a peculiarly impressionable state of mind and must not be permitted to become depressed and hopeless by being left in idleness. Hence occupational work is furnished him, the immediate object being to keep him occupied rather than to prepare him for future employment. Yet it is frequently found that his choice of a future vocation is influenced by the task with which he fills the hours of recovery. Some latent ability in him, hitherto unsuspected, may be disclosed. Or, his wishes may become bent towards some new occupation. Here vocational guidance is required, for it is often found that the man's choice, if he is left to himself, is quite an unsuitable one. Very many men, when they become disabled, develop a repugnance to their former occupations. They think upon the intimate unpleasantness of their old trades. Some far-off industry seems fair and desirable. The moulder who has seen the well-dressed clerks in the office of the plant where he used to work thinks he should like to become a bookkeeper, so that he can wear good clothes and work in neat surroundings. He forgets how impossible it is now to acquire the schooling he missed when he was a boy. A wise and trusted friend is needed who will point out to him the advantage of using as much as possible of the skill and knowledge he possesses, and the wisdom of keeping as close as may be to his former occupation rather than flying from it to something where he has all to learn. This is the constant policy of the vocational adviser, and his success is shown in the fact that forty-six per cent.

Augusta, Me., Nov. 4.—Dr. Leverett E. Bristol, state health commissioner, states that the epidemic of Spanish influenza seems to be greatly subsiding in Maine except in Northern Arrostook and in that part of the state the disease appears to be on the decline.

The disease raged quite strongly particularly along the Canadian border, the towns most affected being Port Kent, Grand Isle, St. Agatha, Limestone, Eagle Lake and Presque Isle with some cases in Houlton. Thirty-five trained nurses were sent up in that locality by the state department of health.

The closing ban is still on at Calais where the disease made quite a headway but it has been removed in most other places in the state. With fair weather for a few days, Dr. Bristol believes that the end of the epidemic will come.

Newcastle, Nov. 5.—The influenza situation in this county appears to be clearing up. The Chief Health Officer for the district reports that in the towns and in the districts where influenza first appeared the number of new cases has fallen off by 50 per cent. The report for the county for the past week is: New cases 491, including 51 of pneumonia. There were 23 deaths. The new cases of the previous week were 703.

Since the beginning of the epidemic, this county has had 2,313 cases of influenza reported. Of these 156 developed into pneumonia, and the deaths total 59.

In Restigouche County, except Campbellton, and the line of the International Railway, there were 679 new cases last week, with 7 deaths, and six cases of pneumonia that are still dangerous.

David Sickness, of Douglastown was taken to Newcastle Hospital suffering with influenza. Robert Kirkpatrick, Miss Bella Sickness, Thomas Vye and George Cassie of the same place, and Walter McEwen of Ferry Road, also have the same trouble.

Mrs. Davis Howe, of Nordin, who lost her son Clifford a few days ago, is very ill with pneumonia.

Mr. Paulin, of Nelson, was brought to Newcastle hospital with pneumonia.

While Frank Paulin, of Chatham Head is very low with pneumonia in Newcastle hospital, there are no other cases reported from Newcastle, Nelson, Millerton or Douglastown, and all the cases in Millerton and Douglastown are reported improving.

Riverside, Nov. 5.—There have been no new cases of influenza in either Riverside or Albert for six days, and it would seem that the worst is over. Those ill are on the road to recovery. There are three or four families in Harvey that are now having an attack. Hopewell Hill has been singularly fortunate in having only two mild cases, and such care and precautions were used that the disease did not spread. But unfortunately on Saturday the cook in Downey's mill and lumber camp, situated on the Memel road, about three miles from Hopewell Hill corner, was stricken with the disease. There are about 35 employees in the camp, and it is feared they may spread the disease in parts of the county not yet affected.

GERMAN ARMY IN FULL RETREAT ON A FRONT OF SEVENTY MILES

Enemy Forces Fall Back All Along Line Between Scheldt and Aisne.

THE FRANCO-BELGIAN BORDER IS CROSSED

Allies Within Two Miles of Bay and Lose Touch With Enemy Body.

London, Nov. 5.—(By The Associated Press)—The Germans are retreating on a seventy-five mile front from the River Scheldt to the River Aisne.

In the face of the German retreat the situation changes so rapidly hour by hour that it is impossible to give a definite idea of the Allied advance.

Roughly the Allies have crossed the Franco-Belgian frontier between Valenciennes and Bay, which is eight miles west of the fortress of Maubeuge. The Allies are within two miles of Bay. They have captured the whole of Mormal Forest except the eastern edge.

Then the line runs from Marolles to the western edge of Nouvron Forest, two miles east of Guise, two miles south of Marle and along the Serre river to Clermont river and then in a straight line to Chateau Porcien.

Owing to the bad weather the Allied pursuit has lost touch with the enemy's main body.

French troops have crossed the Ardennes Canal on both sides of Le Chesne and have advanced for a distance of about a mile.

The Americans have crossed the bridgehead south of Dun, on the River Meuse, but have not yet occupied Dun.

Day War Summary.

(By The Associated Press).

From the Dutch frontier to east of the Meuse, the two hundred mile battle line is again today as the British, French, Americans and Belgians crush the resistance of the enemy and push on for important gains.

Everywhere on the long line the Allies are progressing and on the French sectors between the Oise and the Aisne the Germans are withdrawing.

Fraser Pulp Mill Commences Operations—New Dam and Bridge Progressing—Influenza Situation Improves—Sixty Dead.

Edmundston, Nov. 5.—A sad fatality occurred at Fraser pulp mill this afternoon when Patrick Lang while walking up a staging with a plank was struck on the head by an iron safe and instantly killed. The safe in some manner became detached from its place and struck the unfortunate man. He came here a couple of months ago from the River and purchased a home. He leaves a wife and seven children. The eldest boy is on the staff of the Provincial Bank.

The Fraser pulp mill has commenced turning out pulp, having started on Monday and will commence shipping in a few weeks. Work is rapidly proceeding with the new traffic bridge over the Madawaska River being built in connection with the new dam for Fraser's power house.

Both the Fraser pulp mill and the bridge over the Madawaska River will be completed by the last of this month.

The influenza epidemic is being brought under control and very few deaths are now taking place. In all sixty persons have died here since the outbreak. It is still very serious at St. David's, Me., across the river. Churches and picture houses will reopen the latter part of this week here.

Louise Theresa Piers vs. George Herbert Bryden Piers. The parties belong to Kingston, Kings County, the plaintiff before marriage being Louise Theresa Mabee. The marriage was solemnized in 1917 by the Rev. H. S. Walwright, rector of Trinity Church, Kingston. Mr. and Mrs. Piers lived together till 1905, and in the meantime two children were born to them.

Plaintiff seeks divorce on usual statutory grounds and asks for alimony. She names as co-respondent one, Celia Pickett, with whom she says her husband is now living.

Charles Howe vs. Annie May Howe. Parties belong to Fredericton, the defendant being formerly Miss Waters. They were married in 1908 by Rev. Geo. B. Payson, Methodist, and after living together a year, the plaintiff alleges his wife left him and married a H. S. Skinner, with whom she lived in Halifax. One child was the issue of marriage. Divorce is asked on the usual statutory grounds.

Bessie Irene McManimin vs. Stephen Basil McManimin. Plaintiff formerly, Miss Bubar, now resides in Marysville, and the defendant in Fredericton. They were married in St. John in 1909 by the Rev. J. W. Kierstead, Baptist. During most of their married life they have lived in Fredericton, and two children were born to them. The plaintiff is now an employee in the Marysville cotton mills. She asks for a divorce "a mensa et thoro" on the ground of neglect, cruelty, and non-support.

Joseph Seymour Moore vs. May Hattie Moore. Plaintiff in his libel alleges that he married May Hattie White in St. John in May, 1915, the Rev. E. B. Hooper, Episcopal, performing the ceremony, and one child was the result of marriage. In September, 1915, he enlisted in the 140th Battalion, and went overseas. Being wounded, he returned in February, 1916, when he learned that his wife in the meantime had been living in Halifax with one George Campbell, and after his return, and while he was in the hospital, she went to Sydney, N.S., with a Captain Joseph A. Raymond, where she registered with him at an hotel as his wife. The plaintiff seeks divorce on the usual grounds.

PROVINCIAL DIVORCE COURT ADJOURNS UNTIL NEXT FRIDAY

Special to The Standard.

Fredericton, Nov. 5.—The provincial divorce court adjourned this afternoon until Friday when the case of Charles Howe vs. Annie May Howe will be taken up. Several other cases are before the court at this session, including the famous Fitzrandolph case which has attracted much public attention since early in the present year. The case promises to be again appealed to the full bench.

The case of Louise Theresa Piers vs. Geo. Herbert Piers was allowed to stand for the present.

The suit of John Mallory vs. Albert Best Mallory was proceeded with, in this undefended action, in which Kenneth A. Wilson filed the record, evidence was presented at the previous sitting of the court, but His Honor Judge Crockett decided that he wanted further corroborative evidence on the question of adultery. This afternoon a witness named Vickford was placed upon the stand, who gave evidence which satisfied His Honor that there had been infidelity on the part of defendant.

Burton vs. Burton. In the suit of Annie Gertrude Burton vs. James Burton, J. H. F. Teed appeared for the plaintiff. This case came over from the previous sitting. Three witnesses were called this afternoon. R. W. L. Tibbits, deputy provincial secretary, gave evidence relative to the right of the clergyman who officiated at the marriage of the parties concerned, to solemnize marriages. The plaintiff herself and Wm. Edmundson also went on the stand and gave evidence relative to acts of infidelity on the part of the defendant. His Honor stated at the conclusion of the evidence that he desired further corroborative evidence with regard to alleged unfaithfulness, and permitted the case to remain open until such evidence had been presented.

Logan vs. Logan.

In the suit of Louise Logan vs. Robert A. Logan the registrar, H. G. Fonesty stated that no instructions concerning the action had been received and the case was struck from

Americans Drive on.

American troops on a front of fifteen miles along the Meuse from Brioules northward to Pouilly are successfully forcing their way across the river. At Brioules the river has been crossed in bitter fighting and the Americans also have reached the east bank at Clery, Le-Petit. Where the Meuse curves in the region of Pouilly the Americans have crossed the river and taken the village of Pouilly, after driving the enemy from the Janinay Wood.

The Americans on the west bank of the Meuse north of Sedan are within four miles of the German main communication line from Sedan to Metz at a point northwest of Chateaufort. The successful crossing of the Meuse outflanks the German positions east of the Meuse toward the Moselle, which protect the important bridge and supply lines in the regions of Montmedy and Conflans. From the Meuse west to the Aisne the Americans and French maintain their pressure against the Germans defending the Mesieres-Sedan railway line, ten miles to the north.

TWO CHATHAM SOLDIERS DEAD

Flags at Half-Mast for Howard Vanstone and Clinton Burke—Latter Enlisted in St. John.

Special to The Standard.
Chatham, Nov. 4.—The town flag was at half mast today out of respect for two of our fallen heroes, Howard Vanstone and Clinton Burke. The former is a son of Mr. and Mrs. James Vanstone. He had been reported missing, but afterwards the report was cancelled. A telegram today stated that he had been killed on Sept. 30. This sets all doubt aside.

Clinton Burke enlisted in St. John about a year ago, coming from the States to do so. He could have joined the American forces, but preferred to fight under his own flag. He was about 27 years old and is one of three brothers who answered the call, the others being Albert, now over there, and Walter A., returned hero, who was badly wounded in the head. They are sons of Mr. and Mrs. Edward Burke.

G. WM. SHAUGHNESSY DIES OF INFLUENZA

St. Stephen Man Was Overseas, But Returned Because of Physical Disability—His Wife Ill.

Special to The Standard.
St. Stephen, Nov. 4.—The fourth death from the prevailing influenza in St. Stephen occurred Sunday night when G. William Shaughnessy passed away at his home on George street. He was 37 years of age and is survived by his wife, who was Miss Rose Coughlin, of Milltown, and who is now recovering from the same disease. He went overseas with the company of commercial men of the 10th Battalion under Col. Fowler but was returned from England because of physical disability. He was well known throughout the province and was very highly esteemed. He was a son of John Shaughnessy, now a retired customs officer in St. Stephen, and has one brother and two sisters.

The funeral will be held Tuesday morning and will be conducted by Father O'Flaherty of the Church of the Holy Rosary. Very sincere sympathy is extended to the young wife and other relatives of the deceased.

BARK SUNK.

Turks Island, B.W.I., Nov. 4, via Halifax, Nov. 5.—Reporting the capture of their ship in latitude 37.30, longitude 58.30, by a German submarine on October 13, the captain and seven men of the Norwegian bark Stindler, New York to Freemantle, arrived here last night in a pitiable condition following their twenty-one days' exposure in an open boat with little or no food. A second boat containing the remaining eleven members of the crew became separated from the captain's boat a few days away from the ship.

New York, Nov. 5.—The arrival of the captain and seven men of the Norwegian bark Stindler at Turks Island accounts for the entire crew of the vessel. The others reached New York last week after being picked up by a United States naval ship. They reported that the crew of a German submarine had abandoned the Stindler's men to their fate, after having boarded the bark and placed bombs on her.

CABINET CHANGES.

London, Nov. 5.—Sir Auckland Geddes has been appointed president of the local government board. He will remain head of the ministry of national service.
William Hayes Fisher, who was president of the local government board, has been appointed chancellor of the Duchy of Lancaster, a post previously held by Lord Beaverbrook, who resigned recently on account of ill health. Mr. Fisher will receive a peerage.

WON'T NEED THEM.

London, Nov. 5.—Emperor William has ordered that eighty imperial palaces, including the famous palace of Sans Souci, be converted into hospitals and recreation homes for invalids, according to a Copenhagen despatch to the Exchange Telegraph Company.
The palace of Sans Souci mentioned in the foregoing despatch stands in the park of Sans Souci at Potsdam. The building was erected in 1745-47 for Frederick the Great.

Had Hacking Cough Couldn't Sleep Nights.

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in an irritated and inflamed condition.
Don't neglect the hacking cough. You can get rid of it with a few doses of Dr. Wood's Norway Pine Syrup; the most prompt, pleasant and perfect cough remedy known.
Miss Catherine M. McLean, Craik, Sask., writes: "Last winter I caught a heavy cold and was laid up for some time. I had such a hacking cough I couldn't sleep at night. I didn't think I would get over it. One day a friend dropped in to see me and was surprised to see how bad my cough was. She advised me to try Dr. Wood's Norway Pine Syrup. The next day I sent for a bottle, and I soon got relief, and by the time I had taken two bottles, my cough was all gone, and now I am able to do my work again. I don't think there is anything to equal it."
There are plenty of "pine" preparations on the market trying to live on the reputation of "Dr. Wood's." The genuine is put up in a yellow wrapper, three plus trees trade mark, price 50c. Put up only by The T. Milburn Co., Limited, Toronto.

MUCH PROGRESS IN THE FIGHTING

Probably Decisive Engagement Being Waged in Two Sections—Dangerous Wedges Being Driven into German Lines.

Paris, Nov. 5.—A battle which is believed here to be decisive is now going on. It is being waged in two sections. In the north the blow delivered by the British armies of Generals Horne, Byng and Rawlinson and by the French, under General Debenay, is a threat levelled at one of the flanks of the west pocket formed by the German lines from Holland to Metz.

The object of this offensive is to drive dangerous wedges either north of the Sambre in the direction of Mons or south of the river in the direction of Avesnes and Maubeuge. The result may be a compromise retreat of the German armies in Belgium or those still between the Oise and the Aisne.

Excellent results have been realized so far. The Sambre river and canal has been crossed. This was the last line of resistance west of the frontier, which may be soon reached in that region. According to latest information, the Allied advance continues, notwithstanding desperate resistance by the enemy.

The second section of the attack is being conducted by Generals Gouraud and Liggett on the Meuse. This is the great strategic offensive which the Germans have always feared and which they sought to make impossible by storming Verdun in 1916.

JOHN McALLISTER DIES SUDDENLY

Campbellton, Nov. 5.—John McAllister, former M. P. for Restigouche county, died here very suddenly yesterday. He had been out for his usual morning walk and upon returning complained of feeling unwell. His sister went to his side and he expired in a few minutes. He represented Restigouche for two terms, 1892 and 1896. Funeral Wednesday at New Mills.

John McAllister, Q. C., was the son of the late John McAllister and Catherine Murchie, who emigrated from Scotland to New Brunswick in 1836. He was born in Durham, Restigouche county, July 27, 1842, was educated at the common schools there and at the Presbyterian Academy, Chatham. He taught school for several years in Restigouche and the city of St. John, and was well known in this city during his subsequent political career. He was called to the Bar in 1879 and appointed Queen's Counsel in 1895. He was the first mayor of Campbellton, was Swedish and Norwegian Consul in 1888-89 and United States Consular Agent in 1888-91. Mr. McAllister was elected to the House of Commons as a Conservative at the general elections, 1891 and 1896. He was defeated by James Reid, Liberal, in 1900. He was a Conservative and unmarried.

REDS WANT PEACE.

London, Nov. 5.—The Bolshevik government of Russia, it is reported from Petrograd, has handed the neutral ministers a note for transmission to the Entente nations, asking for the opening of peace negotiations in order that hostilities between the Allies and the Soviet Government may be ended, says an Exchange Telegraph despatch from Copenhagen.
The note asks the Allies to decide upon the time and place for the holding of the negotiations.

REDS STOLE GOLD.

New York, Nov. 5.—Russian gold valued at 800,000,000 rubles, taken from Petrograd by the Bolsheviks, has been saved at Kazan by the Omsk government, generally recognized as a foundation for the re-organization of Russia. A. J. Sack, director of the Russian information bureau, announced here on authority of the Russian embassy at Washington.

TRENTINO TAKEN.

Rome, Nov. 5.—Trent, the chief city of the Trentino, was entered at 3.15 o'clock on Sunday afternoon by Italian cavalry, Alpine and artillery, according to a semi-official note issued today giving details of the swift advance of the first army on that city. More than 20,000 Austrians, including the commander of the 10th Schauben Division, were captured.
The Italian flag was hoisted over the castle of Buon Consiglio amid enthusiastic outbursts by the population.

MONCTON

Moncton, Nov. 4.—Mr. J. L. McDonald, manager of the Atlantic U. S. Co., has returned from a business trip to New York.

BANGOR SHERIFF GETS IN TROUBLE

Heartless Wretch Seizes Wet Goods Destined for Houlton Folks Who Declare War.

Houlton, Me., Nov. 5.—Great excitement prevails in this quiet hamlet and hundreds of indignant citizens are threatening to form an army to invade Bangor to capture the tons of grip preventatives held by Sheriff Thayer, which they had ordered for medicinal purposes, and were plainly marked to prominent local people.

The seized liquor were all ordered on physicians' prescriptions. This afternoon the doctors sent a protest to Governor Milliken about the liquor seized by the Penobscot county sheriff. A large number of cases of liquor were for families who are now dangerously ill of influenza.

DRINKING BOUT ENDS IN MURDER

Weedon, Que., Man Held on Charge of Killing Landlord With Axe.

Sherbrooke, Que., Nov. 5.—Francis Mace was arraigned before Judge Mulvany today on a charge of having murdered Paul Morin at his home in Weedon. He was remanded until Thursday afternoon for further hearing. The accused boarded with Morin, and during a drinking bout the men quarrelled over the action of Morin, giving one of his little children liquor to drink.

The men struggled for some time on the floor and finally Mace left the room. He returned shortly afterwards with an axe, and struck Morin on the head, splitting it almost in two. Morin died almost immediately.

THE BIG LEAGUE PLAYERS IN ARMY

Fifty-Five Per Cent. of American League Players Have Signed up With Uncle Sam—Detroit Club Leads.

Chicago, Nov. 5.—Fifty-five per cent. of the 264 players under contract of reservation to the eight clubs in the American League are in the army or naval service, according to figures made public here today. The total number is 144, and more than three-fourths of them are in the army.

The Detroit club leads with 25 players, while Boston and Philadelphia are second with 20, Chicago and Cleveland have 19 each, New York and Washington clubs 14 each and St. Louis 13.

The Bad Man of Europe is groggy. The hell-hounds he loosed in Belgium are backing away, cringing, snarling, scared.

We've got him going.

But he lives—4,000,000 strong on the Western front alone—and in his perverted brain lives the ambition to destroy and to enslave.

Now, while his legions totter; while his only hope is to dodge, to retreat, to evade the knockout blow that he knows must fall, now is the time to strike and to put everything we have behind the blow.

If you were planning to buy a \$100 Victory Bond you can surely hit harder. Make it \$200 or \$500.

If you were thinking of a \$500 Bond, can't you strike a \$1,000 blow?

The full weight of Canada's fighting strength must go into that crushing stroke—our great resources, our industries, our agriculture, our fisheries, our surplus wealth, every dollar we can spare, every dollar we can rake and scrape.

For this is the knockout—the blow that must strike the demon down and send his broken war hordes hurtling back across the Rhine.

Hit him again!

HIT HIM AGAIN!!

Sergeant Brown Was Hard to Satisfy

Four machine gun crews to his credit was a pretty fair record for one day's work. But why leave a perfectly good trench half filled with Germans? Brown didn't.

The hail of machine gun bullets could not stop him. He was not thinking of them. Shrapnel was bursting all around him. He did not heed. His rifle was so hot he couldn't touch

it, so he laid it in the hollow of his arm and kept on firing; the Huns kept on yelling "Kamerad!" and throwing down their guns. Brown forgot danger and death, he forgot that he was alone against a hundred and fifty Germans. He forgot everything but his job—Victory. And he walked proudly into camp with one hundred and fifty prisoners.

We've got a big job over here, too. We must see that never again will it be possible for such a war to be thrown upon civilization and that the last spark of militarism is completely extinguished. Now more than ever is a solid front needed at home and we ensure this by the greatest weapons in all history—**VICTORY BONDS**: Let's do our job as Brown did his—fearlessly, persistently, joyously.

ST. JOHN, N. B., WEDNESDAY, NOVEMBER 6, 1918.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—M. M. The King. TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

THE WAR SITUATION.

There is, as yet, no indication as to what answer Berlin will return to the terms upon which the Allies will grant an armistice, although by this time the German government is probably aware of their nature. That they will be severe is assured, but the severity will be justified. The prevailing opinion is that the armistice will be promptly accepted and that fighting will cease, although the Premier of France is authority for the opinion that peace may not be as near as is generally believed.

At any rate the Allied armies are not resting pending official word from the enemy. A battle, expected to prove most decisive, is in progress along the northern portion of the western line, and the Germans are in full retreat on a front approximating seventy miles. Already the Allies have progressed more than one-third of the way through Belgium, and the enemy, while fighting to the best of his ability, has made no determined stand at any point.

Great developments may be expected from the eastern front if Germany does not yield unconditionally before they can be worked out. One of the conditions of the Austrian armistice is that the River Danube shall be kept open for the use of the Allies. The Danube is navigable for steamers for almost 1,500 miles of its length, or up to the Havanian border. With the ships of the Allies permitted to pass through the Dardanelles, they can pass into the Black Sea and up the Danube to Germany's back door, while land operations can be conducted through Bohemia by railway communication that will bring the invading forces within 125 miles of Berlin itself.

If Germany persists in fighting, which is not believed to be probable, German soil will speedily tremble under the tramp of an advancing enemy, and before the snow flies the Germans will be called upon to defend their own homes. Then they may gain by bitter experience some idea of what France and Belgium had to suffer—but it is almost impossible that Germany will resist to that point.

THE UNITED STATES ELECTIONS.

As far as can be indicated from returns received up to one o'clock this morning, yesterday's elections in the United States will not change the political complexion of the next Congress, and President Wilson will still control. In states where reports are at hand at the time of writing, the count has been very close, but not enough turnovers have been recorded to indicate that the general result will be changed. Yesterday's election in New York State was the first occasion on which women have enjoyed the suffrage, and it will be interesting to learn later how they voted. After all, it is the women of the country who have been most affected by this war, and who have displayed the highest form of patriotism. Information as to the manner in which the American women with votes regarded President Wilson's appeal for a Democratic Congress will be of interest.

Even should later returns elect a Republican Senate and House of Representatives, which at the moment is likely, the change is not expected to interfere with the war programme of the American nation. The effect such a change may have upon the political future of the President is another question and, relatively, an unimportant one. Political futures have already been made, and lost, since the outbreak of the world conflict, and will continue to be made and lost in the period of reconstruction to follow the end of hostilities. But it is not believed the President of the United States will have cause to regard yesterday's result with regret. Democratic control of both Houses of Congress will probably be assured when all the returns are in.

THEY MUST BE PUNISHED.

Recent cables indicate that, although Germany stands alone facing complete defeat and probable disaster, German soldiers, presumably on the order of those in authority, continue to practice the cruelties and barbarities with which the name of Germany has come to be synonymous. A cable received on Sunday night told how Germans, before retiring from a town, had connected the church altar with powerful bombs in the hope that if the Allied troops attempted to worship in that edifice the explosion that would come when the altar was used would wreck the church and kill the worshippers. Yesterday's despatches told of other Hun troops who turned

loosed upon defenceless civilians seeking shelter behind the Allied lines. And while such cruelties are being planned and perpetrated the men who plot and execute them hope for an armistice that will save their own country from reprisals. The Germans are fighting desperately, but without the slightest chance of success. Their complete surrender cannot be more than a matter of days as they cannot hope to much longer with stand the power of the Allied armies arrayed against them. There will be general agreement in any course that may be adopted to end the war as it should be ended, but the most drastic punishment should be visited upon the human fiends who, for four years, have indulged in every form of cruelty a devilish ingenuity could suggest.

NEW BRUNSWICK WILL BE IN LINE.

Reports from all portions of the country are to the effect that Canadians are going "over the top" in the 1918 Victory Loan campaign with a willingness and enthusiasm that will break all former records. The campaign in the city and province is progressing well. Several centres have already won their flags and crowns, and the outlook in St. John is most encouraging. There is scarcely a man in this city who has not profited to some extent by the prosperity due to the impetus given to all industries by the war. It is the duty of those men to subscribe liberally to the loan, which promises to secure for Canada, during the reconstruction period, a continuance of the business success this country has enjoyed during the past four years. It is noticeable that in the cities and towns of Canada this idea has taken hold, and the result is that subscriptions from such centres are already in excess of those reported for a corresponding portion of the 1917 campaign.

But the increase should not come alone from urban centres. The farmers, too, have every reason to subscribe to the limit of their ability. This is the fight of the whole country and prosperity that comes to the cities will correspondingly benefit those in rural communities. The Canadian Government, during the past four years, has made generous advances for the purchase of the wheat, butter, eggs, beef and other food products of the country, and prevailing good prices are due in no small degree to the fact that public finance has helped to buy the food supplies required for war purposes. If these prices are to continue for the coming year it is evident that the money necessary to finance the sale of such products must largely come through the success of the Victory Loan.

THE INFLUENZA SITUATION.

A statement from the Minister of Health to last evening's newspapers is to the effect that the influenza situation in St. John City and County is improving and that the past two days have seen a considerable decline in the number of cases reported. The question may be asked if the Minister and the Board of Health authorities are in a position to say definitely that all cases are reported, or is it true, as currently rumored, that some cases have not been so reported and officially listed? If the epidemic is really abating to the extent indicated by the Minister, the resumption of public meetings, the reopening of the schools, churches and places of amusement may be expected within a reasonable time, but no such action should be taken until the situation is safe.

Outside of this city and county the reports are not so encouraging. From the headquarters of the St. John River the report comes, unofficially but reliably, that the situation is very bad. A continuance of fine weather such as we have enjoyed for the past couple of days should have a most beneficial effect, as it has been the experience elsewhere that the epidemic makes its greatest strides during a pro-

A BIT OF VERSE

BACKWARD, TURN BACKWARD.

(As Sung by Wilhelm of Potadam.)
Backward, turn backward, Oh time, in your flight,
Bring 1914 again just for tonight.
The thought of the small scrap of paper I tore
And the awful mistake I made troubles me sore.
Help me to plan for world conquest again,
So my next efforts will not be in vain.

Securely in silence my dark secrets keep.

Rock me to sleep, Hindy, rock me to sleep.
Send out my agents like snakes in the grass,
Give me a weapon that's viler than gas,
Infernal machines place o'er the land and the sea,
Starvation and murder's too gentle for me.
With Zeppelins and aeroplanes cover the world,
Let the black flag of piracy never be furled.
Till millions of submarines menace the deep,
Rock me to sleep, Tirpiti, rock me to sleep.

Oh, had I the years to live over again.

I wouldn't ask Gott to strafe England in vain.
I'd show him I didn't require his aid,
I'd do it myself in one murderous raid.
I'd bribe all her traitors throughout the broad land
To agitate discord on every hand.
So until I can make her great tears of blood weep,
Rock me to sleep, Roger, rock me to sleep.

Uncle Sam has committed a terrible sin.

I had no idea that he would hit in;
But to their assistance he suddenly did lend.
When I thought he was winking both eyes at the game,
Until I am better prepared for the day,
Lay all his murderous outfit away,
While o'er the world's movements a sharp watch you keep,
Rock me to sleep, Bernhard, rock me to sleep.

A BIT OF FUN

A Compromise.

A vacationist, just returned, relates having overheard this bit of bucolic dicker:
"Hiram, when are you going to pay me the ten dollars for pasturin' your heifer? I've had her now for about ten weeks."
"Why, Sam, the critter ain't worth no ten dollars."
"Well, s'posin' I keep her for what you owe me?"
"Not by a jugful! Tell you what I'll do, though—keep her two weeks more an you kin have her."

What Bill Lost by War.

The charitably inclined lady was paying a visit to Mrs. Atkins, whose husband was away fighting at the front. The visitor found the soldier's wife in a paroxysm of grief.
"Whatever is the matter?" exclaimed the visitor.
"An' yer heart!" was the sobbing reply. "Bill's in 'ospital with both his arms off."
The lady was obviously shocked. With a view of easing the grief, however, she said:
"But the government will be sure to provide for you."
"That ain't it," was the tearful response. "Who is agoin' to turn the mangle for me on washin' days now, I'd like to know?"—Exchange.

NEW BUILDINGS NEAR COMPLETION

Inspected by Gen. Macdonnell Yesterday—Engineers Leave for St. Johns—Men Reporting for Duty—Other Military Notes.

Brigadier-General Macdonnell, G. O. C. military district No. 7, paid a visit yesterday to the site of building activities on Barrack square, and found everything in good working condition. The work is being pushed to completion, so as to harbor the men before the cold weather sets in. The contract for the renovation of the Ford plant at Coldbrook is yet open. Many applications have been received but before the contract was let to an applicant Ottawa officials were notified and an answer is expected today, so that the contractor may be announced tomorrow.

Lieutenant Hammond, of the Engineers' Depot, took a detachment of 54 men to St. Johns, Quebec, last evening on the Moncton express. These men are under the command of the St. Johns from the local engineers' depot. Lieut. Hammond and three non-commissioned men will remain in a few days to the city. It is rumored that the contractor for a draft from a local unit is proceeding to another field of more interest than formerly in about thirteen days time. Evidently in spite of the good war news the land of the Maple Leaf is taking no further chances, and is yet behind the boys at the front in men as well as "Victory bonds."

Few men are reporting for duty at present, the men coming being only those who had received word from the registrar, but further notice not to report during the present epidemic had not reached them before departing for the city. However, those few now reporting are being subject to close medical examination and all fears of contraction of the influenza may be regarded with little gravity.

Among the number of men stationed in the city are a few members of the Siberian contingent who at the time of the departure of their unit were laid up in hospital on account of the grippe. These were then taken into the Depot Battalion, but are awaiting word to rejoin their unit in a western center. Of this number a few local boys are stationed therein who believe word may reach them to rejoin their unit immediately after the influenza ban is lifted in the province.

Every person imprisoned during the war for seditious utterances against the state and the conduct of the war, and for high treason and rebellion will be released, it is officially announced in Vienna according to a Central News despatch from Amsterdam today.

INSPECTED BUILDINGS.

Brigadier-General Macdonnell, in company with Major Victor Heron, inspected the work being done on the military buildings in the exhibition grounds yesterday morning. The work is progressing very favorably.

HOW BOYS OF THE 26TH FOUGHT IN THE FAMOUS BATTLE OF CAMBRAI

Interesting Letters Telling of the Struggle for the Canal Bridges—Canadian Girls as Nurses—Shocking Incident of Hun Barbarism.

Three interesting letters from Sgt. Harris A. McGinley, of the 26th Battalion, recently reported wounded in action have been received by his mother, Mrs. W. A. McGinley, of 76 Mechenburg Street, in the first letter, written the day before he was wounded...

The next letter, written on October 11th, is in part as follows: Dear Mother—'Was unlucky enough to get hit during the fighting around Cambrai, and am now in hospital awaiting transportation to Blighty. I was one of a small party holding a bridge over a canal. We were protecting an engineering party which was cutting wires connected to bombs which the Germans planned to blow up the bridge, and thus stop our passage of the canal. Luckily we were able to hold them off until the job was done, and the boys got across. Then I went back and reported my injury to the company officer. I was hit in the right arm above the elbow with a steel rivet head blown from the bridge by enemy machine gun fire. I had the piece cut out in the operating room last night. I am going on finely, but will probably be out of the show for the winter as the doctors tell me it will take many months that long to heal. However, don't worry for it is all right. Will write you again when I make my first hospital objective in England.'

In an English Hospital. Sgt. McGinley's third letter is as follows: B2 Ward, Mill Road Military Hospital, Liverpool, England, Oct. 15, 1916. Dear Mother—As you see by the heading I've got mine at last, though not before we had a lot of fun and made it interesting for the Hun at the end of the second canal bridge past Cambrai. The Hun had a Hindenburg defied the Canadians to take, but they took it and we had a share in the job.

I got my stripes in August after the battle of Amiens, and was acting as a machine gunner when the Hun came on the night before the Cambrai scrap. A storming party was selected to take and hold two bridges crossing the canal. I was behind Cambrai, and Capt. Moore, our company commander, told me I was to be in it. I thanked him for the honor but just the same I saw 'naapoo, finis,' and a little wooden cross staring me in the face. However, there wasn't anything to do but go at it, and at it we went when the word was given.

A Lively Scrap. 'We made the first bridge, which Fritz had partially demolished with a mine, protected the engineers while they repaired the gap. We then started for the second bridge, 200 yards ahead, but almost ran into our own barrage, and had to drop back until it lifted. Then we went on. When we reached the end of the bridge, the Germans were running for

the other end to blow their mine, but we got there first and had a dandy scrap for about half an hour. It was in that fight that I got hit in the left arm above the elbow. Sgt. Stevens of No. 1 platoon came up then with more men, and the two sections managed to beat back three attempts of the Hun to retake the bridge. An hour after I was hit I was able to go back to Captain Moore and report that the bridges were safe, the wires out and all ready for the passage of 'A' Company. He then asked me if I could take a party into the town and bomb out any of the enemy lurking about alleys and buildings, but I told him my arm was too stiff and sore and he gave me permission to evacuate. Then I beat it for a dressing station. I saw Willard (Lieut. W. G. McGinley) at our horse lines as I was coming out. He was not in this first battle of Cambrai and I was glad of it for we lost a lot of men. I was admitted to hospital on October 8th, and sent to the base, where I was x-rayed and operated on.

Shot With a Rivet Head. 'I met Miss Magee, daughter of Dr. J. M. Magee, of Wellington Row, and had a pleasant chat with her. She is in St. John's Red Cross Hospital at Etaples, France, as a V.A.D. in the hands of the Red Cross people through whose stations I passed. The boys cannot speak too highly of the efficiency and dispatch of that branch of the work. As nurses, the English and Canadian girls are world beaters. They should all be decorated for their work after this war is over.

'I reached this hospital about eleven o'clock at night on October 14th, after an uneventful trip from France. I am doing fine, and have already put in nearly twenty-four hours in this hospitable place in bed, in a real bed, with white sheets. A mighty agreeable contrast to sleeping in a funk-hole dug in a muddy trench wall. Guess I'm here for the winter, and I'm not a bit sorry, for I shall never forget the first winter I spent in trench mud in France. Love to all. HARRY.'

MILK QUESTION BEFORE COUNCIL. Commissioner Fisher Considers Producers and Dealers Committed Offence by Raising Price Before Obtaining Permission.

The common council in committee yesterday morning dealt with the coming increase in the price of milk and named a fair price committee whose duty it shall be to investigate the matter and report.

Commissioner Fisher said he considered the producers and dealers both committed an offence by raising the price before obtaining permission from the Food Board, and had laid themselves open to a fine of \$5,000 and a term of imprisonment, and moved the matter be investigated.

COMMON COUNCIL REGULAR MEETING HELD YESTERDAY

T. T. Lantulum and James Collins Appointed Assessors for S. A. Sewell and Clifford Price — Harbor Schedule Laid Over.

At the meeting of the common council held yesterday afternoon, Messrs. T. T. Lantulum and James Collins were appointed assessors at a salary of \$1,200 per year; Samuel Sewell, superintendent of the water and sewerage department, and Clifford Price, superintendent of streets, were each given an increase of \$200 per year; the proposed harbor schedule was laid over and tenders for granite paving blocks were opened and referred to the commissioner of public works and the city engineer.

Mayor Hayes presided and Commissioner McLellan, Bullock, Hilyard and Fisher were present. After the reading of the minutes Commissioner Fisher wanted to know when the matter of providing a right of way for the street car tracks across the lot owned by W. E. Scully was to be taken up. It was decided to take this up on Thursday.

The commissioner of finance and public affairs recommended that payment of the following departmental accounts as certified by the comptroller be authorized: Public Safety Dept., \$2,250.32; Water and Sewerage Dept., 2,566.05; Harbors, Ferries and Public Lands, 3,597.01; Treasury, 1,519.90.

He also reported payments for the month of October amounting to \$138,771.83. The committee of the whole recommended that commencing November 1 S. A. Sewell, superintendent of water and sewerage, and Clifford Price, street superintendent, be each granted an increase of \$200 per year in their salary; that the time for the completion of the Lake Fitzgerald water works be extended until December 15. These were adopted.

The commissioner of harbors, ferries and public lands recommended that the fee simple in lot No. 13, Protection street, Brooks ward, be accepted and that the said lot be conveyed to her under the common seal upon payment to the chamberlain of the purchase money; that the license to use and occupy the lot near the ferry toll house, Rodney Wharf, Guys Ward, be renewed to Peter Chagnar for one year from the first day of December next at annual rental of \$210, payable monthly.

In connection with the first section Commissioner McLellan questioned whether this was the time when the harbor was about going into commission to sell any of the lands adjacent to the harbor, and if so, whether it would be easier for the government to do business with the city than with private individuals. This section was referred back and the second adopted.

Commissioner Bullock suggested that the harbor schedule be laid over as he intended to take up with merchants the items on the schedule, and hoped to have a report to present at the next meeting which would be satisfactory to all hands.

The appointment of a board of assessors was brought up by Mayor Hayes. An application was read from D. L. Nobles for a position on the board and the mayor stated that an application had been received from Joseph Taylor.

Commissioner McLellan moved that the board of assessors be composed of E. Murray Olive, chairman; T. T. Lantulum, James Collins; the chairman to have special jurisdiction over the income and stocks in trade tax. The salaries to be for the chairman, \$2,500 per year, and for the other two members of the board \$1,200 per year. This was seconded by Commissioner Hilyard.

Commissioner Fisher said he wanted to ask Mr. Olive some questions before voting on the matter and the council went into committee and Mr. Olive was sent for.

When Mr. Olive arrived Commissioner Fisher asked what the increased duties of the assessors would be, and was informed that these would principally be in connection with the work formerly done by the chairman.

Commissioner McLellan asked if Mr. Olive recommended the appointment of Mr. Rose, to which Mr. Olive replied that he did not.

Commissioner Fisher then wanted to know why returned soldiers were not appointed district commissioners. Mr. Fisher explained that he wanted experienced men for this work and had picked out what he considered the best men for the job. There would likely have to be another clerk appointed and he would consider an application from a returned soldier for that position.

The committee then rose and resolved itself into council. Commissioner Fisher said he thought the board of assessors should be strengthened and a special man appointed for the purpose of looking after the income tax.

NEW BRUNSWICK HAS RAISED OVER SIX MILLION DOLLARS

Total Funds for Victory Loan St. John District \$2,728,050.

\$100,000 FROM ANGUS McLEAN OF BATHURST

Canterbury, Marysville, Grand Falls and Lincoln Earn the Flags.

Kings Ward was the first of the city subdivisions to go over the top and make its objective in the Victory Loan campaign. Outside points which made their objective and are entitled to a flag are Canterbury, York County, which went over the top on Monday; Marysville, Grand Falls, the Parish of Lincoln, Sunbury County, and the Parishes of St. James and St. Stephen, Charlotte County, which went over the top on Tuesday.

Mr. McLean's \$100,000. Last night the report reached headquarters from Bathurst that Angus McLean had subscribed for \$100,000 of the loan and this was received with cheers from the workers.

S. E. Elkin, chairman of the central committee, pointed out again last night the importance of wearing the button and showing the window card. This division is out to make a record in the way of per capita subscribers and last night wired general headquarters to know whether a flag would be given to the division making the best record in this respect. The committee want at least 20,000 subscribers for this division and a window card in every home. This week will wind up the ward canvass. The third week a corps of commercial men and about two hundred young ladies will be on the job and will be after every person who is not wearing a button. Mr. Elkin stated last night that from present indications at least a million dollars would be subscribed in the St. John district of the campaign if this district was to make its quota.

St. Andrew's S. S. The executive of St. Andrew's Sunday school has arranged for the appeal of the forward movement committee of the Presbyterian church by purchasing in the name of St. Andrew's Sunday school and young people \$1,000 worth of Victory Bonds.

As no Sunday school or young people's meetings can be held, the executive with commendable faith in the benevolent and patriotic spirit of the school has arranged for the purchase of these bonds, and as soon as possible arrangements will be made for the St. Andrew's boys and girls and young people to pay for them and present them to the Presbyterian church in Canada as a memorial to those whose names are on the honor roll, and to be used for the education of the children of Canada, Trinidad and British Guiana. There are about 100 names on the honor roll, so there is \$10 for each name.

It was the purpose of the school to observe the 100th anniversary of the founding of the Sunday school this month but the suspension of all meetings has prevented the carrying out of any preparations for that event.

The executive feels that in presenting to the church \$10 for each and every year of its history is a very fitting way to observe its centenary.

If our men and women have been willing to serve and if necessary lay down their lives in France and Flanders for the protection of all that is best in our civilization, our boys and girls and young people here will eagerly devote their dollars to the promotion of the blessings of the gospel of Christ among the foreign children of our own and other lands.

You Can Pay High for Shoes —or You Can Buy Wisely

There doesn't seem any limit to the price you can pay for shoes nowadays if you are willing to pay it. But it isn't necessary.

For example, we have a splendid line of Black and Brown Shoes for Women that are priced not so very much higher than they were before the war.

Black Kid Boots, Low or Cuban Heels, \$3.85 to \$6.50. Black Calf Boots, same heels, \$4.85 to \$6.50. Brown Kid and Calf Boots, Cuban or Low Heels, \$6.00, \$6.50 and \$6.95.

Some of these have Neolin soles, others are leather. Yes, you can keep shoe expenses down if you really want to.

ALLIES AND U. S. MUST SEND FOOD

People of Bulgaria, Austria and Turkey in Need of Relief—War Council to Assist.

Washington, Nov. 5.—America and the Allies are planning to co-operate in making available as far as possible food and other supplies necessary for the lives of the demoralized civilian populations in once enemy countries. This became known tonight through the publication of a message from Col. E. M. House at Paris to President Wilson saying the supreme war council at Versailles had adopted a resolution announcing its desire to co-operate with Austria, Bulgaria and Turkey in furnishing the necessities of life for the suffering peoples of those nations. This announcement is expected to have far-reaching effect in Germany where, from all accounts, the food situation is only a little less serious than it is in the countries until recently allied with Germany in the war. Conditions are reported as particularly serious in Austria-Hungary, where food riots have been frequent.

LONE ROBBER OF TRAIN CAUGHT

Detectives Charge Jack Lett of Barrie, Ont., With Holding up Messenger and Taking \$20,000.

Toronto, Nov. 5.—Dressed in the uniform of a Canadian infantryman Jack Lett was taken into custody today by Superintendent Campbell of the Thiel detective service, Provincial Inspector Miller and Detectives Mitchell, Mr. Connell and Nicolls and charged with holding up the express messengers on the Buffalo express on October 31st last. As a result of this daring crime it is stated, that Lett got away with \$20,000. His brother, Walter, the owner of the military uniform, was arrested by the same officers this morning at the same hotel in Toronto, charged with being an accessory with his brother. With these two men in custody the police claim they have recovered \$4,000 more of the stolen money. Nine thousand dollars is still to be recovered. The Letts came from Barrie, Ont.

U. S. PUTS EMBARGO ON P. E. I. FOXES

Charlottetown, Nov. 4.—The United States government has put an embargo on foxes from Canada owing to a report that an epidemic of contagious disease exists in the province. Premier Aeneas has taken up the matter with the Secretary of State at Ottawa and also with the Conservation Commission which also interests itself in the fox industry. The Premier likewise communicated with Dr. Trotter, Medical Director Live Stock Branch, Department of Agriculture, with a view to having the embargo removed. There is no contagious disease among the foxes here. Some deaths were investigated by an officer from Ottawa, some time ago and his report showed that they were not due to any infectious or contagious disease.

ITALIANS ESCAPE

Amsterdam, Nov. 5.—Twelve hundred Italian officers and twelve thousand men having overpowered their guards in the prisoners' camp three miles from Vienna, have left the camp and are marching in the direction of Storn, forty-six miles northwest of the capital, according to a despatch from Vienna to the Dusseldorf Nachrichten.

NEW POLISH NATION

Amsterdam, Nov. 5.—All the members of the Polish cabinet have signed a manifesto, according to a despatch from Warsaw, declaring that a national government will be formed, its majority consisting of representatives of the working classes. The national government will take over undivided authority until the construction of a legislative body.

SORTING OUT WAR AND PEACE STOCKS

Wall Street Engaged at Present Time in Getting Squared Away for Post-War Business.

New York, Nov. 5.—Aside from the restriction against loans, some effect was felt in the market through the reduction of the extra dividend on Steel from 3 per cent. to 2 per cent., leaving the total dividend at the rate of 13 per cent. per annum, instead of 17 per cent. This was construed in some quarters as a harbinger of what might happen generally. But this action was not, in fact, due to falling earnings. The actual earnings of the Steel Corporation for the quarter were (before deducting taxes) larger than a year ago. They amounted in round figures to \$145,000,000, compared with \$132,000,000 for the corresponding quarter in 1917. The corporation conservatively set aside for taxes \$102,000,000, a buffer against whatever might happen in the new tax bill. Under the present law the taxes would have been \$57,000,000. It is impossible, of course, to determine whether or not the new bill will swallow all of this extra provision. Last year the Treasury took \$80,000,000 less than the Steel Corporation had provided for taxes. The great shipbuilding operations of the corporation will, it is estimated, earn 5 per cent. for the common stock alone—operations which are bound to continue after peace.

The market fluctuations in prices still indicate an endeavor to sort out war stocks from peace stocks. The fact is, however, that few of the stocks listed are essentially war stocks. The decline in prices this week must be regarded as largely due to artificial measures, and the resultant figures cannot be relied upon as representing real values, which is a function of the Stock Exchange, and a most important one at this time, because the New York Stock Exchange is today the only free securities market in the world. It is important that it maintain this free position, which will make it, after the war, the great world center for such business. J. S. BACHE & CO.

TELEPHONE RATES FIGHT IS OPENED

Bell Co. Wants Higher Rates, But Canadian Municipalities Oppose the Application—Company Must Open Its Books.

Ottawa, Nov. 5.—The first round in the fight of the Canadian municipalities against the application of the Bell Telephone Company for a general increase in all rates, opened today before the railway commissioners. The hearing was based upon the application of the City of Toronto for an order giving Messrs. Clarke, Gordon and Dilworth, chartered accountants, access to the books of the company as to whether the requested increases in rates is warranted. Representatives of the municipalities in conference here this morning, however, decided to shift their ground of attack on the score that the proposed investigation by accountants might prove to be too cumbersome, and suggested instead that the Bell Telephone Company should be requested to furnish the municipalities with the facts upon which they base their application for increased tolls.

Sir Henry Drayton, chief commissioner, in giving judgment on the conclusion of the argument, granted the applications preferred by the municipalities. He stated that he would have an order issued without delay, instructing the Bell Telephone Company to furnish the municipalities with facts and statistics upon which they base their claim for increased tolls, and appointing auditors who will be authorized to examine the books of the company.

BELGIAN RELIEF FUND

Perhaps the child has wasted away with consumption, or has been twisted into a mockery of happy childhood by Rickets, but starvation is at the root of the tragedy. What else can be expected for a growing child whose daily ration is the bowl of soup and two pieces of bread provided by the United States loans to the Belgian Government?

The only hope for the destitute children of Belgium is that we who can afford three meals a day will be moved to pity and send help immediately. Even a small contribution will help to take some child, sinking under its load of trouble, over to Holland, where with good milk, nutritious food, medical care and loving treatment, he or she may regain health, strength and the wish to live.

BANKER'S BODY IS FOUND IN WATER

Ralph W. Albee of Eastern Trust Co., Machias, Had Physical Breakdown.

Machias, Me., Nov. 5.—The body of Ralph W. Albee, assistant manager of the Machias branch of the Eastern Trust and Banking Co., was found in the river yesterday by men who were searching in a boat, about 150 yards below the dam, in an eddy. Mr. Albee ended his life, believed due to temporary derangement and nervous breakdown caused by overwork, when he jumped into the river above the dam, leaving his hat and coat on the boom, late last Thursday night. His death caused a profound shock in the community, which loses one of its most useful members in many lines of activity. Mr. Albee's fiancée, Miss Dora Owen, formerly of Machias, now a teacher in Springfield, Mass., arrived today accompanied by a friend, Miss Grace H. Merriam.

WILL PUNISH THE BRUTAL TEUTONS

London, Nov. 5.—(Canadian Press despatch from Reuters Limited)—Sir George Caye, the home secretary, announced in the House of Commons today that the names of all enemy army corps commanders or other persons who are known to have been guilty of or have encouraged cruelty to war prisoners or have acquiesced in actual cruelty by subordinates would be included in the list of persons whose trial and punishment would be demanded by the Allies. The French government had been requested to bring to account the commander of the camp at Philippopolis, who was distinguished for his ill-treatment of British prisoners.

COAL COMPANIES IN N. S. DISPUTE

Trouble Over Getting Fuel Under Sydney Harbor—Meanwhile the Public Needs It.

Ottawa, Nov. 5.—A dispute between the Dominion Steel Company and the Nova Scotia Coal Company regarding the mining of coal under Sydney harbor, is being brought to a head by Mr. C. A. Magrath, Canadian fuel controller. Representatives of the conflicting interests appeared before Mr. Magrath at the fuel controller's office today. Fuel Controller's Magrath's purpose in calling the inquiry was to endeavor to get the companies to agree on a method of mining the coal in the quickest possible way for the public benefit. The Dominion Company protested that the Nova Scotia Company was not mining its present property to full capacity and that proper equipment of Nova Scotia Company production could be greatly increased.

A Business Proposition

CANADA looks to YOU for help in making this great Victory Loan a success.

Canada needs your MONEY.

Ours is a country whose individual citizens are more prosperous than those of any other country in the world.

Canada has come to YOU---her citizens---with a straight business proposition.

That proposition in a nutshell is this:

"I need Three Hundred Million Dollars to help finish up my business over in Europe. Lend me the money for a short time at 5 1-2 per cent. interest, payable half-yearly, and I pledge the return of every cent of your loan."

Plan to take all the Bonds you can possibly pay for. The payments are as follows:

- 10 per cent. on application.
- 20 per cent. December 6th, 1918.
- 20 per cent. January 6th, 1919.
- 20 per cent. February 6th, 1919.
- 31.16 per cent. March 6th, 1919.

NEWS OF SPECIAL INTEREST

LET'S TALK IT OVER.

A PLEA FOR JUSTICE

"Oh, you can't believe anything you see in the papers." This is an expression very commonly heard, and like very many other common expressions is far from being the truth.

Those who are responsible for the news in a newspaper do not sit at their typewriters making up things to be printed by the printing press. Each item as it comes in for the paper is carefully sifted and as far as possible vouched for by the one who wrote it. If the news "story" is a rumor every effort is made to get in touch with the persons named or those who are in charge of the matter, and the report is either confirmed or denied. If it is impossible to find out the exact truth either the story is left until the facts can be ascertained or else the news goes into the sheet as merely a rumor.

As to the foreign despatches you will notice how often they are stated to be either official or the words "It is said" or "It is reported" may be found showing that the highly paid correspondents are as careful in their search after the truth as anyone may desire.

While we are on the subject of newspapers, let me say that many of the criticisms leveled at these valuable means of spreading knowledge are the result of ignorance as to the workings of a large plant. It would be considered unreasonable to go into a store and ask a merchant to give you a large piece from a valuable bale of silk or a jeweler to hand you over a pearl or two for patriotic purposes, and yet it is deemed selfish and unpatriotic if all the space asked for in a newspaper (usually an unreasonable amount) is not handed over for some worthy cause. Probably writers on the paper have faithfully tried to get news of the appeal set forth to the general public, editorials have been given on the subject, the staff have contributed personally, but let some request for a long notice be denied and immediately you are placed on the list of those who do not know their duty to their country.

Later when the appeal is on, all the work done beforehand is forgotten and your reporter may cool his heels outside some meeting for hours waiting for the result, and if he gets the news it is in some form which takes him a long time to rewrite.

This is the other side which does not always enter into the thoughts of those who criticize the papers, all of which have given, it will be found, as liberally as any other business houses, to the needs of their country.

In a recent government publication the following tribute will be found: "The aid journalists have given is immeasurably useful. To keep on giving it predicated a high patriotism of the type which holds to the end, but the man who knows what newspapers have done since the war assumes their patriotism."

So isn't it better not to criticize too quickly, but to stop and consider whether your faultfinding is justified. What do you think about it?

London, Nov. 5.—(Canadian Press despatch from Reuters, Limited)—The general election will take place in Great Britain on December 7, it is expected. This information was given out at a meeting of whips to settle plans for the campaign.

TENACITY OF BRITISH BEAT LUDENDORFF

Sangford of Foch Also Great Factor, Says Berlin Correspondent.

Amsterdam, Nov. 4.—(Canadian Press despatch from Reuters, Limited)—The *Neiwe Rotterdamse Courant's* Berlin correspondent attributes the failure of General Ludendorff's great offensive to "the tenacity of the British soldiers, who refused to be panic-stricken by any defeat, and the sangfroid of Marshal Foch, who spared his troops and reserved to the utmost. It is often said, and I am able to confirm it, that the resistance of the British on March 27 near Arras caused the failure of the German campaign."

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. GAVE AN ORDER FOR HIS BOARD

Veteran Gave Hotel Proprietor an Order on Military Department for an Amount.

A veteran of the great war spent a few days in the city lately at a local hotel, and upon leaving was unable to pay his bill, but presented the proprietor with an order, so that he might draw the required sum from the Militia Department. The proprietor of the hotel took the order at a favor to the customer, and after the departure of the man asked a few questions in the hotel if they believed that the military authorities would honor the order. It then grew into a question of argument, when some contended that the order was subject to the honor of the militia, while others believed the contrary, according to a recent proclamation in the press, to the effect that the militia was not responsible for any debts contracted by soldiers. The man in question is not however, in uniform at the present and gave the order to the proprietor that he might draw on his pension money.

FUNERALS.

The funeral took place at 2:30 o'clock yesterday afternoon of Mrs. William Henry at the Parkside epidemic hospital on Sunday afternoon, from her late residence, Rev. Taylor McKim officiating. Interment at Fernhill cemetery.

The funeral of Michael Cole and John Gough, sailors, who died in the epidemic hospital, took place at 2:30 o'clock yesterday afternoon, Rev. Taylor McKim officiating. Interment in the sailors' plot at Fernhill cemetery.

The body of Miss Julia S. Chandler, who died at her late residence, 240 Duke Street, was taken yesterday morning on the 7.10 train to Moncton for interment.

The funeral of Leo Tolan took place yesterday afternoon from his late residence, Rockland Road. Services were conducted by Rev. J. J. Walsh, V.G. Interment was made in the Holy Cross cemetery.

The funeral of Walter Winter took place yesterday afternoon from his late residence, 65 St. Patrick Street. Interment was made in Cedar Hill cemetery.

Keep the Bowels Regular

And You Won't Be Sick.

If the bowels do not move regularly, they will, sooner or later, become constipated, and constipation is productive of more ill-health than almost any other trouble.

The sole cause of constipation is an inactive liver, and unless the liver is kept active, you may be sure that headaches, piles, heartburn, biliousness, jaundice, floating specks before the eyes, and many other troubles will follow the wrong action of this, one of the most important organs of the body.

Milburn's Laxa-Liver Pills will regulate the bowels so that you will have a free and easy motion every day, and you will be a healthier man in the long run.

They do this by acting directly on the liver and making the bile pass through the bowels instead of allowing it to get into the blood, thus causing many stomach and bowel troubles.

Mrs. Jos. Labrec, Louise Apts., Calgary, Alta., writes: "I have been troubled with constipation for the last two years. I have tried numerous treatments, but have never been relieved by anything until I used Milburn's Laxa-Liver Pills which are helping me wonderfully."

We do not claim that Milburn's Laxa-Liver Pills are a "cure-all," but we do claim that there is nothing better for a sluggish liver.

Price 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

HEAD STUFFED FROM CATARRH OR A COLD

Eye Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, sneezing, blowing, headache, dizziness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

Nuxated Iron Should Be Prescribed By Every Physician

SAYS FORMER HEALTH COMMISSIONER WILLIAM R. KERR

Attributes his own great physical activity today at over 60 years of age, largely to his personal use of Nuxated Iron.

It will increase the strength and endurance of delicate, nervous, run-down folks in two weeks' time, in many instances.

Investigation shows that the advice of Commissioner Kerr is being followed by many physicians and it is conservatively estimated that over three million people annually, in this country alone, are now taking Nuxated Iron as a tonic, strength and blood builder.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out-door Dept.), New York, and the Westchester County Hospital, says: "Commissioner Kerr is to be commended on handing out this statement on Nuxated Iron for public print. I have strongly emphasized the great necessity of physicians making blood examinations of their work-anemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red blood corpuscles, without ever realizing the real and true cause of their trouble. Without iron in your blood your food merely passes through the body, somewhat like corn through an old mill with rollers so wide apart that the mill can't grind. In my opinion, there is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping to increase the strength and endurance of men and women who burn up too rapidly, their nervous energy in the strenuous strain of the great business competition of the day."

"As Health Commissioner of the City of Chicago, I have imported many times to recommend different medicines, mineral waters, etc. Never yet have I gone on record as favoring any particular remedy, but I feel that in Nuxated Iron an exception should be made to the rule. I have taken Nuxated Iron myself and experienced its health-giving, strength-building effect, and in the interests of the public welfare, I feel it my duty to make known the results of its use. I am well past my three score years and want to say that I believe my own great physical activity is due largely today to my use of Nuxated Iron, and if my endorsement shall induce anemic, nervous, run-down men and women to take Nuxated Iron and receive the wonderful tonic benefits which I have received, I shall feel greatly gratified that I made an exception to my life-long rule in recommending it. From my own experience with Nuxated Iron I feel that it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country."

strengthening the muscles and correcting digestive disorders. The manufacturers are to be congratulated in having given to the public a long long wait, a true tonic, supplying iron in an easily digested and assimilable form. A true health builder in every sense of the word."

It is surprising how many suffer from iron deficiency and do not know it. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Many an athlete and prize-fighter has won the day simply because he knew the secret of great strength and endurance which comes from having plenty of iron in the blood, while many another has gone down to inglorious defeat simply for lack of iron.

Dr. Schuyler C. Jacques, formerly Visiting Surgeon of St. Elizabeth's Hospital, New York, was also asked what he thought of Nuxated Iron. In reply, Dr. Jacques said: "I have never before given out any medical information or advice for publication as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel I would be remiss in my duty not to mention it. I have taken it myself and have given it to my patients with most surprising and satisfactory results. And cry falls and they often become weak, nervous, irritable, despondent and melancholy. When the iron goes from the body of women, the roses go from their cheeks."

I have used Nuxated Iron widely in my own practice in most severe, aggravated conditions with unfailing results. I have induced many other recommended above by physicians, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make black nor upset the stomach. The manufacturers guarantee successful and entirely iron said: "This remedy has proven, through my own tests of it, to excel in any remedy I have ever used, for creating red blood, building up the nerves, Drug Store and other druggists.

Dr. Ferdinand King, a New York physician and Medical Author, says: "There can be no sturdier iron than Nuxated Iron. Pallor means anemia, anemic means iron deficiency. The skin of anemic men and women is pale—the flesh flabby. The muscles lack tone, the brain fags, and the memory fails and they often become weak, nervous, irritable, despondent and melancholy. When the iron goes from the body of women, the roses go from their cheeks."

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to Flush Kidneys if bladder bothers you.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

"The moment your back hurts or kidneys aren't acting right or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then be fine. This famous 'salts' is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders."

Jad Salts cannot injure anyone; makes a delightful effervescent lithia water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney diseases.

OBITUARY.

Mrs. J. W. Gungster.
Mrs. J. W. Gungster, wife of Dr. Gungster, Backville, died Friday, Nov. 5, 1918, at Backville. She was a member of the Baptist church and of the W. C. T. U., took an active part in church work before she was confined to her bed. She leaves also two daughters and one son, Mrs. J. E. Fowler, of Backville; Miss Hattie, a trained nurse, formerly in the States, but recently residing in Backville and her son, Dr. Gungster, barrister at Windsor, N. B. Laurence Jereid.

Paris, Nov. 5.—Announcement is made of the death of Laurence Jereid, the correspondent of the London Daily Telegraph here, and the dean of the English correspondents in Paris. His death was due to pneumonia, following an attack of influenza.

Howard Phillips.
Howard Phillips, late of Cumberland Bay, died at Minio Saturday, of influenza and pneumonia. Mr. Phillips was a successful farmer and was well liked by all who knew him.

Miss Dorothy Grant.
Waterborough, Q. C., Nov. 5.—Miss Dorothy Grant, with her fiancé Mr. Vincent, adopted son of the late Mrs. Starkey, who lives near Young's Cove Road Station, were on a visit to Mrs. Starkey. When she arrived she was taken ill with the influenza and pneumonia, but she was so ill that she could do nothing but complications set in and death came Saturday night. Miss Grant was from Halifax, and was the only daughter of Mrs. Starkey. She was 23 years of age. The sad part of it is that her parents didn't know of her illness until they received a telegram of their daughter's death.

George H. Marsh.
Fredericton, Nov. 5.—George H. Marsh, formerly of Fredericton, died this morning at Bellefleur Station, Quebec, aged 23 years. His only son and one sister survive. There also are four brothers, of whom one is Bombardier Charles Marsh, now at St. John, with the 9th Siege Battery, and three sisters.

Commodore Plant.
New York, Nov. 5.—Commodore Morton P. Plant, U.S.N., retired financier and yachtsman, died of pneumonia at his home here last night. Although he was at one time head of the plant system of railroads and steamships now a part of the Atlantic coast line, Mr. Plant was perhaps best known as a yachting enthusiast. He was born in 1852.

Rev. Ernest Albert.
Newcastle, Nov. 4.—Rev. Ernest Albert died Saturday evening and was buried in St. Mary's Cemetery here on Sunday afternoon. The young priest, who fell a victim to the influenza scourge, came in obedience to the orders of his bishop, to Newcastle on October 17, as assistant to Rev. Father Dixon and successor to Rev. Father Trudel. During his illness he was watched over by the Rev. Father Dixon, who died at Chatham, Father Albert was born at Carleton on December 28, 1892, being one of ten children.

George E. Marsh.
Fredericton, Nov. 5.—George E. Marsh, formerly of Fredericton, died this morning at Bellefleur Station, Quebec. He was in his twenty-ninth year. His wife and one son survive. There also are four brothers, of whom one is Bombardier Charles Marsh, now at St. John, with the 9th Siege Battery, and three sisters.

Hazen J. Burton.
St. Andrews, Nov. 5.—Hazen J. Burton, a well known merchant, passed away at his mother's home here on Saturday morning after a short illness of double pneumonia. He was a most active worker in town and church matters, always ready to help in patriotic or charitable causes. He was considered the most enterprising of the younger business men. His young wife, who was Miss Jessie Dyer, of Elmville, predeceased him by three weeks.

Miss Alice Belyea.
Fredericton, Nov. 5.—Alice Belyea, aged 20, died in the Victoria Hospital last night of pneumonia, following an influenza. This is the twenty-first death in the epidemic here. Miss Belyea had been a student nurse at the Victoria Hospital for a year. She was a daughter of Mr. and Mrs. Harold Belyea, and is survived by her parents and two brothers, John and William, all of Fredericton.

Laurence V. McGill.
Mrs. T. M. Burns, of Exmouth St., received word yesterday of the death of her brother, Laurence V. McGill, of Rochester, N.H., which occurred on Monday evening. He was a native of St. John and a son of the late Laurence and Mary McGill. He left here about thirty years ago and took up the practice of law in the States. At the time of his death he was a municipal judge in Rochester. Besides his wife, he is survived by one brother, Rev. H. J. McGill, of Sanford, Maine, and two sisters, Mrs. Thomas Lundrigan, of Bath, Me., and Mrs. T. M. Burns of this city.

Harrison Spencer.
The body of Harrison Spencer, chief engineer of the C. P. R. steamer Princess Victoria, passed through the city yesterday en route to the late home of deceased in Bay Roberts, Newfoundland, where he was working in British Columbia.

Mrs. Mary Lynch.
The death occurred in the Home for Incurables yesterday morning of Mrs. Mary Lynch. She leaves four sons, Walter, Daniel, Harry and Edward, over 40 years of age. Her sisters, Mrs. Leighton, Mrs. Reed, Mrs. J. Henderson and Mrs. Affolte. The funeral will take place this afternoon.

Miss Nellie Griffin.
The death took place yesterday afternoon from pneumonia of Miss Nellie Griffin, at the residence of her sister, Mrs. John Cogger, Haymarket Square. Besides Mrs. Cogger, the deceased is survived by three other sisters, Rev. Sister M. Adair, Superior of Mater Misericordiae Home, Sydney Street, Mrs. M. Norris, Queens

Workmen's Compensation Act, 1918

NOTICE TO EMPLOYERS OF LABOR

Every Employer shall, on or before the 15th day of November, cause to be furnished to the Workmen's Compensation Board at the City of St. John, an estimate or estimates of the probable amount of the payroll of each of his industries within the scope of Part I of the Act, together with such further information as may be required by the Board for the purpose of assigning such industry to the proper class or classes, and of making the assessment hereunder.

And Further Notice that any Employer neglecting or refusing to furnish such estimate or information is liable to a penalty not exceeding \$20.00 per day for each day of such default, and is further liable for damages, as provided by Part II. of said Act, in respect of any injury to any workman in his employ during the period of such default.

Around the City

FAIR AND COOL

ONLY TWO PATIENTS. Only two small pox patients are in the Isolation Hospital, no others being reported.

NO CELEBRATION. Owing to the ban on public gatherings there was no celebration of Guy Fawkes' Day yesterday.

ARE BUSY NURSING. From seven to ten Salvation Army officers in the city are engaged nursing influenza patients, and their work is being sorely appreciated.

DISTRICT COMMISSIONERS. The new district commissioners under the assessment law began operations yesterday morning for the first time under the new system.

GONE TO SIBERIA. Captain Herbert Statham, R. C. D., who, after his return from France in 1916, was on the staff at St. John, N. B., as G. S. O. New Brunswick troops, has gone to Siberia with the machine gun company of the Canadian Siberian Expeditionary Force.

PATIENTS IMPROVING. Frank L. O'Regan, at present a patient in the infirmary on account of a bad attack of the grippe, was reported greatly improved last evening. Reverend Fathers Carleton and Coughlan were reported to be progressing rapidly.

HIS SON DEAD. Murray W. Shaw, Memramcook, N.B., reached the city last evening on the McAdam express. Mr. Shaw lost a son a few weeks ago, who succumbed to pneumonia after a short illness. A second son, Murray, is now in Toronto, a member of the Royal Flying Corps.

DIED IN BOSTON. Captain J. C. Doore of the Canadian Army Dental Corps received word yesterday of the death in Boston of his sister, Mrs. Mary Tappe. The deceased lady had undergone a serious operation, from which death resulted. The body will be brought to St. Stephen, her former home, for interment. Capt. Doore left for Boston last night to bring the remains home.

A SOLDIER REMEMBERED. Wilnot and Nelson Dean, with Eugene McDonald, conducted a patriotic sale on Mr. Dean's grounds, Victoria street, last Saturday afternoon at which they made \$875 for the purpose of sending a box of good things to George H. Noble, a popular North End painter and decorator, who is also a South African veteran. Mr. Noble has been in France for the past two years, and he will no doubt be surprised, and will appreciate the thoughtfulness of his young friends.

SMALL BOY WAS STRUCK BY TRUCK

Fatal Accident Averted by Auto Driver's Quick Work—Boy Slightly Injured and His Bicycle Damaged.

A large motor truck turning from Canterbury Street into King Street yesterday afternoon at 4 o'clock, hit a small boy who was riding a bicycle. The lad was slightly bruised in the fall, but suffered no serious injuries. The truck was proceeding up King Street, and met the lad coming down who misjudged the distance of the truck from the bicycle and collided. The wheel of the bicycle suffered a few broken spokes, and the mud guard was broken. However the driver brought his car up before it passed over the boy, and thereby averted an accident which for a time seemed imminent, with perhaps fatal results.

NEW YORK'S FASHIONABLE CAPES OF EXCEPTIONAL CHARM. New modes, beautiful and uncommon. Exquisite new color Nuances. They bring with them the atmosphere of New York, almost exclusive ateliers. Their loveliness is developed in kitten's ear Velour and Duval-Delaine.

Describing one Coat in drab flecked kitten's ear Velour, three circles of shirring forms the shoulder and collar, two panels extend from the collar to the knee, finished with a deep corded fringe. The lining is of exquisite beauty, being a B. Inch striped satin in Titartan. Another Cape of Belgian Blue. Still another in Grass Green with deep cuffs and collar of Gray Fox. In all, this exquisite group consists of five capes. The price is from \$52.50 to \$100.00. Our large show window is devoted to this display today. DREEMAN'S.

CAPT. WALSH WILL ARRANGE BERTHS

Will Have Conference With Commissioner Bullock This Morning Regarding Winter Traffic.

Capt. Walsh, of the C.F.O.S., arrived in the city yesterday from New York, and will this morning have a conference with Commissioner Bullock in regard to the allocation of berths for the coming winter season.

When seen last night at the Royal, Capt. Walsh was seen in connection with the matter of traffic for this winter, but did say he thought there would be no lack of business for the port. At the present time it was hard to say just what would be the outcome of the peace negotiations, and if peace were declared it might make a difference in the volume of trade carried, although he was inclined to think it would not. He was to see the Commissioner of Harbors and have a talk with him in regard to berth accommodation, and hopes to make satisfactory arrangements with that official. Other than the berthing of the C.F.O.S., he has usual for the small boats, Capt. Walsh said he preferred not to state just what they were asking the commissioner to grant in the way of berths.

AMPUTATED HAND WHILE DEMENTED

William Murray Procured Axe at Home Near Petitediac and Severed Hand from Wrist—Is Now in Hospital.

William Murray, aged 50 years, residing at, or near, Petitediac, while in a demented state of mind, procured an axe last Friday and completely severed his right hand from the wrist. The unfortunate man is subject to fits of insanity. As soon as the deed was discovered the unfortunate man was conveyed with all haste to this city by an automobile, and taken to the General Public Hospital, where the wound was dressed. Later he was conveyed to the Provincial Hospital, Lancaster.

About sixteen years ago Mr. Murray was admitted to the institution, but recovered, and was allowed his freedom. Eight years afterwards he was readmitted as an occurrence of his former state of mind again evidenced itself. He soon resumed his proper frame of mind, and returned to his home. Lately he has been much interested in reading, and had taken a special delight in reading the Scriptures, and, happening to read a phrase to the effect that "if the right hand offend thee, sever it, lest it lead thee to greater temptation," became actuated by it, and is believed to have procured an axe and did the rash deed. Enquiries at the institution discovered the unfortunate man was resting very comfortably, in spite of the self-inflicted wound.

MIDNIGHT FIRE ON UNION STREET

Some Damage Done the Building Occupied by Emery Brothers and the Acadia Box Company.

Shortly after last midnight fire was discovered on the upper floor of the building at 240-244 Union Street, occupied by Emery Brothers, wholesale confectioners, and dealers in wrapping paper, as well as the Acadia Box Company. An alarm was sent in from Box 12 and the fire department quickly responded.

The fire started on the top floor ceiling, which section of the building is occupied by the Box Company, and it had quite a start before it was discovered. The fire, which is supposed to have started from wires, was quickly under control, and was confined to the section where it started. Very little water was put in the building and the damage thus caused was among some of the boxes and wrapping paper, and is not looked on as being very serious. The sheathing and beams for a short space on the top floor, as well as a small part of the roof, was damaged, but all the loss is well covered by insurance.

MANY CASES IN POLICE COURT

Storekeeper Fined for Selling Cigarettes to a Minor—George Feltham Charged With Stealing—Liquor Cases Dealt With.

One drunk appeared in the Police Court yesterday morning, pleaded guilty, and was fined \$5.

W. R. Woods, store keeper, St. Patrick's Street, was fined \$10 for selling cigarettes to boys under the age limit. The magistrate in striking his fine, stated that the boys were liable to a fine also, according to the federal enactment, which was the effect of a reprimand for the first offence, second offence a fine of \$1, and third a fine of \$2. All three boys were allowed to go. It is understood that the boys bought the cigarettes from a military officer, and did not intend using them himself.

Three small boys were brought in by Detective Biddiscombe, charged with stealing knives, etc. from the 5, 10 and 15 cent stores, also with stealing keys from doors on Waterloo Street. They were all remanded until further evidence is brought in.

George Feltham, an employe of Bransford Henderson Company, appeared in the afternoon on a charge of having taken money from his employer's cash box. The employe gave evidence, telling of the cash box containing about \$95. On Oct. 4th, when he went to the store in the morning the defendant told him that he found the shop broken into, and the cash box rifled. Witness investigated, and phoned to police headquarters at once. Detective Biddiscombe arrived, and found the place broken into. Detective Biddiscombe gave evidence that on his arrival he found that a break was made into the shop, apparently through a side window facing an alleyway. Investigation showed he found the catch on the lower window sash gone, and the window showed marks of having been tampered with from the inside. Witness then asked the defendant how he found the premises on his arrival at work, and was told that he found the latch of the window, the window raised about 10 inches, and the door of the vault open. Witness then searched the premises and found no latch, but later the cash box was found on a beam in the attic of the shop. He placed defendant under arrest later on the suspicion of stealing the money. Witness then drew from his pockets a number of bills in \$5 and \$10 denominations, drawn on the Royal Bank of Canada. Some of these were marked by the number which contained in the number which the detective held. These were found in Hornbrook and Company's store on King Street. The case was then postponed as several postponed liquor cases were coming up which would occupy the court for the session.

An employe of Cedar Hill Cemetery appeared charged with having liquor in his possession on the 2nd of October. Inspector McAlush, called, stated that on the night in question he had suspicions of a certain house on Carmarthen Street, and went to the corner of Duke Street, and went nearby and waited behind a fence. He saw defendant come across the street, ring the door bell three times and gain admittance. On leaving he saw him apparently being handed a bottle of liquor. He followed defendant up the street and searched him, finding a bottle of whisky. Witness asked him where he got the liquor, and was told from a man who boarded at the house he went into. He then placed the defendant under arrest. The man who furnished defendant with the liquor was fined \$200. Defendant's counsel pleaded that by Section 7 of the Act his client had a right to transfer any liquor from his friend's house, as by the same section a man may treat his friend on his own premises, which did not necessarily mean treating him drunk, and the same prevailed with the defendant who was not drunk, but was only taking the liquor for his own private use. His Honor contended that by the Act, if one is caught with liquor in his possession, he is liable to prosecution, and the act serves to take away all pre-prohibitory rights, and adds that any liquor in his or her possession is liable to a fine of not less than \$50 or not exceeding \$200. But in view of the fact that the defendant was not a drinking man, and was mentioned as a good citizen by many well known persons, both to him and the liquor inspector, he felt that the minimum fine would be sufficient, and added that in the course of eight days he would give judgment, which promised the minimum penalty. Both defendants were allowed to go.

Wm. Speight, charged with having liquor on his premises, Main Street, contrary to the law, was given a further hearing. The case was not settled, but His Honor allowed Speight to a fine on his own private use. He stated in view of the fact that Speight had not the least knowledge that the liquor was in his shop at the time he was ill, and not in the shop, His Honor believed that the minimum fine should be struck, and stated the same to Inspector Wilson, who agreed. Speight will be given judgment in a few days.

The case of a City Road man did not come up, but was further postponed on account of the absence of three women as witnesses, who will appear today.

WAS SEVERELY INJURED.

Last Saturday evening a young lady was knocked down by an automobile as she stepped off an uptown sidewalk to the street. She was quite severely injured, and was picked up by the automobilist, who was in no manner to blame for the accident. She was conveyed to her home, and the car owner procured the services of a doctor and is paying all expenses in connection with the young lady's injuries.

TWENTY-FOUR NEW INFLUENZA CASES IN ST. JOHN CITY

Thirteen House Released from Quarantine—Two Doctors and Medicine Being Sent to Shippegan, Where Population Prostrated.

Twenty-four new cases of influenza were reported to the local Board of Health yesterday, and thirteen houses were released from quarantine. Locally the situation seems to be much improved, and the health authorities are much encouraged, and feel that the worst of the epidemic is over. Today the new district health officer, Dr. J. P. Brown, of Woodstock, will arrive in the city, and place his services at the disposal of the local board until the epidemic has been wiped out.

At the V. A. D. Diet Kitchen, Mrs. Girvan reports a large increase in the calls for food and nurses. Nurses are especially needed, and some of the cases described are indeed pitiful. Now that many of the earlier patients are becoming convalescent, there is a demand for more solid food and the doctors say that here is where the Diet Kitchen can continue its splendid work, as these patients require good nourishing food, well prepared, to assist them to get back their strength and be enabled to make a quick recovery without any bad after effects.

Citizens Generous.

The generosity of the citizens continues and all that is needed and more can be used. More automobiles are required, and it is felt that no one would enjoy using their cars when it is known that those cars might be employed taking food to suffering people. Last night word was received from Rev. W. Robinson, who went to Victoria County to assist in the shelter for men sick in the lumber camps. He reports that Rev. Fr. Ryan is accompanying him and at the time of writing they were setting out on a forty mile tramp through the woods with medicine, etc. for the sufferers. About two hundred men are sick and they expect to reach the last camp on their itinerary on Sunday afternoon next.

Last night the Minister of Health, Hon. Dr. Roberts, informed The Standard that he had been able to secure a supply of medicine for Shippegan, and this was being sent forward by J. F. D. McKenzie, of Chatham. The O. C. troops for the province of Quebec has granted a three weeks' leave of absence to Capt. Parlin, and he will go from Carleton to Shippegan and General Macdonnell has loaned the services of Capt. Comeau to the department and he will leave this morning for Shippegan.

Hampstead Hospital.

From Hampstead comes the report that the Temperance Hall has been turned into a hospital, and the Indians suffering from pneumonia are now quarantined there. Yesterday morning Mrs. Kuhring and Miss Burditt went to Hampstead, and in the afternoon Mrs. Kuhring telephoned down a list of supplies needed. These will go forward this morning. Another nurse is badly needed, and Dr. Roberts would be glad to have some one volunteer to assist in the work there.

Dr. Roberts has received word from Dr. Melvin that at Grand Falls the epidemic is under control, and the emergency hospital is doing splendid work.

VITAGRAPH MAN IS WELCOMED

Edward Auger, Eastern District Manager, Says His Company Will Remove With Others from Here if Necessary.

Edward Auger, of New York, Eastern District Manager of the Vitagraph V.L.S.E., is in St. John for a few days. Mr. Auger, who has many friends in the city who are glad to welcome him, states that regarding the removal of the Vitagraph from St. John, his company will fall in line with the others if it is necessary to do so. At the time the move was decided upon by the Motion Picture Board of Trade in Toronto, the Vitagraph Company was not a member of that body (in fact Mr. Auger was in New Orleans at the time), but the company have since joined the Board of Trade, and Mr. Auger describes it as "a solid organization based upon the same lines as the New York association."

If the new tax is enforced it may make it necessary for the Vitagraph, along with other exchanges, to seek new quarters. This tax, Mr. Auger states, establishes a precedent which, if followed, the exchanges would be unable to bear. Moncton and Truro have both offered inducements to the exchanges to locate at those places.

News was received from New York yesterday by Mr. Auger that the Vitagraph Company now numbers among its stars those favorites of Movie fans, Francis Bushman and Beverley Bayne.

HALLOWEEN FRANKS.

The K-Unit Building, Fredericton, was the site of the Halloween pranks of the witches on Thursday night last, when a bunch of U. N. B. students painted in letters which are visible a mile away, the following inscription: "U. N. B.—Small, but mighty." The inscription is a source of much laughter and comment at the naughty U. N. B. boys have again put something over.
