PREMIER TO MEET MINERS EARLY TODAY

Insists There Shall Be No Negotiations Until All Pumps Are Started.

CONDITIONS LOOKING MORE FAVORABLE

In Meantime Transportation and Railroad Workers Are Delaying Action.

London, April 6.—A day of great excitement, which looked as though it was leading to amicable negotiations to find an issue to the wages dispute in the coal crisis, closed with still another hitch owing to insistence on the part of the government that resumption of pumping operations at the mines must be preliminary to any negotiations.

The first meeting of the government with the miners and mine owners had been set for eleven o'clock tomorrow morning at the Board of Trade, and meantime all questions of action by the railwaymen and transport workers, who together with the miners form the Triple Alliance, had been temporarily suspended.

Must Keep Pumps Going

Then the Prime Minister made the announcement in the House of Commons that the Miners' Federation had informed him that it was unable to see its way clear to instruct the pump men to resume work during the negotiations. Mr. Lloyd George added that the negotiations could not proceed unless this obstacle was overcome.

Whether the hitch is as serious as appears from the Prime Minister's statement is not quite certain. Frank Hodges, one of the leaders of the miners, referring to the matter to-night, said he did not see any hope less the question of negotiations. Another favorable indication is that the Prime Minister has written to the miners' executive asking them to meet him early tomorrow morning at his Downing Street residence.

Expect a Solution

Mr. Hodges who was seen before this meeting, expressed the opinion that these preliminary discussions may enable the Board of Trade to proceed as usual.

The miners' feeling is that the trouble about pumping is due to suspicions harbored by both sides, but that it is not serious enough to prove a permanent obstacle to negotiations. There is no cessation of the precautionary measures taken by the government, however, or by the miners, transport workers and other labor bodies to be prepared for all emergencies.

TWO KILLED IN TRAIN WRECK

Several More Injured in Smash-up of Royal Palm Limited in South.

Lexington, Ky., April 6.—Two persons were killed and several injured in a wreck on the Royal Palm Limited, below Somerset, Ky., about 2:30 o'clock, when the train, carrying 100 passengers, was struck by a freight train. The train was bound from Jacksonville, Fla., to Chicago.

Frost Hits Raisin Crop Severe Blow

Twenty Per Cent. Loss in Estimate of California Growers.

Fresno, Cal., April 6.—Twenty per cent. of the 1921 raisin crop or about 40,000 tons were destroyed by the frost that hit the raisin section of the San Joaquin Valley Monday and yesterday, according to a statement issued by W. M. Gillen, president of the California Associated Raisin Company. Gillen estimates that the money loss to growers will be in the neighborhood of \$10,000,000.

Ex-Emperor Charles Back In Switzerland

Buchs, Switzerland, April 6.—Former Emperor Charles of Austria-Hungary, is back in Switzerland after his unsuccessful attempt to re-assert himself upon the Hungarian throne. He crossed the Austrian-Swiss frontier on his return journey from Hungary at five o'clock this afternoon. His train left on the way to Lucerne within a half hour after reaching here.

MARGARET LONG REMANDED. Fredericton, N. B., April 6.—Margaret Long, of St. John's, charged with complicity in the murder of a baby boy alleged to have been born to her at Madam on March 19th, appeared before police magistrate Limerick in the police court here today and was remanded until April 15th, when her preliminary examination will be held.

Great Fire Rages Now In Tokio City

Already 1,700 Houses Have Been Destroyed and Many People Injured.

Tokio, April 6.—Fire which broke out in the Asakusa section of Tokio at 4:30 o'clock this morning was still spreading at two o'clock this morning. Fifty persons have been injured, while 1700 houses have been destroyed, among them eight temples, a school house and a police station.

TIED ROCKS TO NEGROES BEFORE DROWNING PAIR

Appalling Tale Told by Alleged Associate of Georgia "Slave" Worker.

HANDS BOUND BEFORE SINKING

Living Men Hurled to Awful Death in Yellow River Water.

Covington, Ga., April 6.—Two negro farm laborers, Lindsey Peterson and Willis Preston, were thrown into the Yellow River bound and chained to a hundred pounds of rock, according to testimony today of Clyde Manning, negro farm foreman in the trial of John S. Williams, Jasper county plantation owner, for the murder of Peterson.

Williams drove the machine that carried the negroes from his farm to the river bridge, helped get the bound men into the car and ordered them thrown into the water, the witness said. Manning said he and Charles Chisholm, another negro, hid throw the laborers over with chains around their necks and wires fastening their hands.

Rolled them into Water

"They were stubborn and begging," Manning said in a cool tone, "and me and Charlie rolled them over the banister into the river."

Earlier in the day evidence of Department of Justice agents as to penance conditions at the Williams plantation was presented by the State to establish a motive for the alleged murders.

After Peterson and Preston had been disposed of, the witness said, "we got in the car and drove me over to a third farm hand, to South River."

Made Them Go Over

"All right, boys, get out," Manning quoted Williams as ordering, "Harry Price, he got out," continued Manning, and says "I threw me over. I got over," and he says, "Lord have mercy," and went over."

Price fell into about the middle of the river from the bridge. Manning said—with a sack of rocks, chained to his neck.

"I held the weight off his neck while he got out of the car," Manning said. Manning said the three negroes were lured away from the farm by being told they were to be taken to a train.

Saskatchewan May Have June Election

Dozen Members of the Martin Government Have Been Nominated Already.

Regina, Sask., April 6.—While no official announcement has been made by the provincial government all signs point to a provincial election this year, probably in June. In anticipation of going to the country, political meetings are now being held in all parts of the province. Already about a dozen members and supporters of the Martin Government have been nominated including Hon. C. A. Dunning, provincial treasurer. While there has been considerable talk of opposition bringing out candidates in the form of Conservatives, non-partisan and independents.

Sir Thomas White Quits The Commons

Resignation of Former Finance Minister is in the Hands of the Speaker.

Ottawa, April 6.—Speaker Rhodes informed the House this afternoon that he had received the resignation of Sir Thomas White, Leeds, as a member of the House of Commons.

The resignation of Sir Thomas White adds another to the list of vacancies in the House, as follows:—York, Ontario, N. B.; York West, Ont.; Yamaska, Que.; Messelme, Alta.; Stanshore, Montreal, and finally Leeds. Out of four the vacancies were caused by the death of the sitting member, while in the remaining two cases, those of St. Antoin and Leeds, the members resigned in order to postulate for other work.

AMERICA HAS PEACE RIGHT, NOTE CLAIMS

Messages from Washington to Allies Claim No Rights Sacrificed.

FAILURE TO RATIFY TREATY NO BARRIER

Even Out of League United States Must be Consulted is View.

Washington, April 6.—Failure of the United States to ratify the Treaty of Versailles will not be allowed to detract from that country's right to participate in peace settlements, Secretary Hughes declared in notes addressed to Great Britain, France, Italy and Japan.

The note to Japan differed from the other three in that it referred more specifically to the Japanese mandate over the island of Yap. All four of them reiterated the contention that the United States had sacrificed no rights in the peace settlement by reason of its unwillingness to join the League of Nations.

HIGH FREIGHTS SEND CANADIAN CROP FROM C.N.R.

Senator Complains That Dominion's Wheat is Hauled by U. S. Lines.

MARINE INSURANCE ALSO TOO DEAR

New Brunswick Senators Think Government Should Consider the Situation.

Ottawa, April 6.—The Senate today discussed the National Trans-Continental Railway and the diversion of Canadian grain through American ports. Although no definite action was taken in the latter regard, there was general approval of the necessity of immediate investigation into such diversion.

The subject arose in continued debate on the export trade of Quebec. Senator L'Esperance said that in 1917 he had expressed the hope that the completion of the National Trans-continental would be followed by an increase in Quebec's grain export trade. He had, however, been disappointed.

Where Fault Lies.

The fault was not with the people of Quebec, but was in completing the terminals in that city according to contract.

Senator Lorne Webster said the Trans-continental had reduced the distance between Quebec and Winnipeg by 200 miles, and also reduced the grades. Since 1916, however, not a bushel of grain had come over the Trans-continental to Quebec.

New York Rate Cheaper

The water and rail rate from Winnipeg to New York was 33.56 cents per bushel and all rail from Winnipeg to Quebec was 35 cents. There had been a bushel of grain had come over the Trans-continental to Quebec.

Discrimination in marine insurance, Senator Webster claimed, also hurt trade through Canadian ports.

N. B. Senators

Senator Daniel favored an inquiry by the government into the discrimination against Canadian ports in the matter of marine insurance.

Senator Fowler said that the complaint of Quebec was largely due to the failure of parliament in 1904 to stipulate that freight carried by the National Trans-continental and G.T.P. should go through Canadian ports.

On motion of Senator Fowler a committee was appointed to inquire into the possibilities of developing oil, shale, iron ore, coal and fuel deposits in Canada.

Jobless Increase in United States

March Report Shows More Men Than Ever Out of Employment.

Washington, April 6.—In spite of renewed activity in automobile plants and a resumption of operations in three or four other industries, industrial unemployment in the United States continued to increase during March, according to labor department statistics. From all sections, however, increased employment on farms was indicated in the verbal returns made by Federal agents, though the actual number of men so engaged was not susceptible of statistical presentation.

WORLD NEWS TODAY

CANADA. Sir Thomas White has resigned his seat in the House of Commons. Nearly 400 delegates protest at Fredericton, N. B., against any further extension of time to power company.

Senators declare high freight and marine insurance rates are sending Canadian grain to the seaboard by United States lines.

UNITED STATES.

FRENCH REBUILD WAR DEVASTATED AREAS RAPIDLY

Former Premier Ribot Resents Wail of Germans That Little is Being Done.

STATEMENT MADE FOR WORLD NEWS

Germans Seek to Influence Neutrals by Alleged Failure of France.

Paris, April 6.—Former Premier Ribot, during the course of the debate in the Senate today, protested against the terms of the German note to the United States as regarded the devastated regions of France. In reply Premier Briand gave figures and facts which he declared, it was necessary to desire to return. Whereas the population of these regions was 4,700,000 in 1914 and 1,900,000 at the time of the armistice, at present it is 4,100,000.

He said that it is to see these French people, who suffered so severely returning to their native soil with the will to work.

A Word from Germany

"Germany pretends we have done nothing in the way of reconstruction whereas, thus far on a soil practically a wilderness our peasants have operated 95 per cent. of the land broken up the ground and reclaimed 80 per cent. of it for agriculture. Fifty per cent. of the industries and mills already are in operation, 20 1/2 per cent. of the destroyed railways have been repaired and 30 per cent. of the art works have been restored. The German Government is aware of this fact but nevertheless has the audacity to spread insinuations throughout a nation friendly to France that the latter country makes capital of her disasters in order to perpetrate fraud in the world. Such action does not even deserve notice."

The premier was loudly applauded at the conclusion of his remarks.

PULP COMPANIES ACTIVE.

Sydney, N. S., April 6.—Cape Breton Pulp Companies are preparing for the biggest season's cut of many years. It is stated today. Cheaper water freight rates have created an American demand for Cape Breton pulp in preference to Quebec and New Brunswick pulp, which has to be handled by rail.

SPIDERS HAD NO CHARM FOR THE CUSTOMS MEN

Boston, April 6.—Several hundred tarantula spiders and twice as many tropical butterflies, destined for Dartmouth College, arrived here yesterday with Professor William Patten of Dartmouth, who with Mrs. Patten, has been making a collection of the rare specimens in the tropics.

As about half the tarantulas were alive, customs officials confiscated them along with a few butterflies. Patten and his wife shortly before sailing northward after an exploring tour through Central America.

LAST OFFER FOR CONTEST IS ANNOUNCED

Last Vote Schedule of Contest is Quadruple—Four Times Regular Number.

END OF CONTEST IS IN SIGHT NOW

Maxwell Offer Ends This Coming Monday—Contest Ends Following Monday.

In yesterday's issue in announcing the continuation of the Quadruple Vote Offer until the close of the contest (said offer being given at the request of contestants), a mistake was made in figuring out the quadruple schedule. Only three times the regular number of votes was listed instead of four times.

The regular vote schedule for this week and next week is as follows:—

| | |
|----------|---------------|
| 6 months | 5,000 votes |
| 1 year | 20,000 votes |
| 2 years | 50,000 votes |
| 3 years | 90,000 votes |
| 4 years | 135,000 votes |
| 5 years | 180,000 votes |

The Quadruple vote schedule for the two weeks is as follows:—

| | |
|----------|---------------|
| 6 months | 20,000 votes |
| 1 year | 80,000 votes |
| 2 years | 200,000 votes |
| 3 years | 360,000 votes |
| 4 years | 540,000 votes |
| 5 years | 720,000 votes |

Therefore, votes will be given in these proportions instead of by the schedule published yesterday.

The Quadruple scheme given above lasts for the remainder of the contest. There will be no changes or alterations.

Make This Week A Big One.

The Maxwell offer ends at 6 o'clock Monday evening, April 12th. All subscriptions turned in this week and Monday will, therefore, count towards the special Maxwell offer as well as towards the Quadruple vote offer.

BOMB BARRACKS OF POLICEMEN

Flying Squads of Sinn Feiners Active in County Tyrone Again.

Belfast, Ireland, April 6.—Flying squads of Sinn Feiners have been operating in County Tyrone, and to their activities, officials here attribute a series of attacks which occurred late last night and early today.

Attacks were made early this morning on the Mount Field barracks. The barracks in Coal Island were attacked with bombs, rifles and revolvers, but reinforcements arrived and drove off the attackers. The Dromaa barracks were bombed and a constable seriously wounded.

A police patrol was fired on at Carrickmore and two constables were wounded. A patrol was attacked at Drumnaford and two constables wounded. All the attacks occurred within a period of twelve hours.

Grand Trunk Must Hasten Negotiations

Gov't Warns Line That Only Conditionally Can It Grant Any Time Extension.

Ottawa, April 6.—Warning to Sir Alfred Smithers, Chairman of the Board of Directors of the Grand Trunk Railway Company, that consideration of the application of the company to the government for extension of time in the arbitration proceedings and for further advances must be conditional on the government obtaining possession and control of the railway, was given by Hon. Arthur Meighen, Prime Minister of Canada, in a cable to London, dated March 31. This cable was included in the correspondence between the government and the Grand Trunk directors tabled in the House this afternoon by the Premier.

NO TRADE FROM BELGIUM.

Montreal, April 6.—That Canada had done absolutely nothing toward the industrial reconstruction of Belgium and so had lost the opportunity to capture the Belgian market, was the statement of Geoffrey Langlois, agent general of the Province of Quebec in that country, speaking before the Chambre de Commerce this afternoon.

Sinn Feiners Getting Munitions From America

Powder Boxes in Underground "Dump" Came from Massachusetts it is Claimed.

London, April 6.—Methods by which the Sinn Feiners are receiving arms and ammunition have been disclosed by the discovery of an underground dump in Dublin, says the Evening Standard today. Ammunition boxes found there, it declares, bear the stamp of a powder works in Massachusetts. The boxes, the newspaper asserts, were shipped by Irish-American sympathizers who had established wireless communication between "gun runners" on the West Coast of Ireland and in the United States.

WHISKEY CAR IN TRANSIT LEAKED AT EVERY DELAY

CUSTOMS COLLECTOR GOT THE REMAINDER

Potatoes Used to Camouflage Shipment of Canadian Goods to Bangor.

Special to The Standard

Bangor, Me., April 6.—A carload of whiskey may start from northern border all right, bound to Bangor or "points west," but there is no telling how far it will get. An Aroostook deputy sheriff may get it, or maybe a custom officer, while in rare instances the stuff falls prey to a prohibition agent, but things have reached such a stage that most anybody is likely to make a grab as the car passes down the line.

That's what happened to Maine Central car No. 65,221, which started from northern Aroostook with a lot of Canadian Club whiskey tucked away in the depths of its cargo of 375 sacks of potatoes. Although billed to Putnam, Conn., it is said that the car made several stops between Aroostook and Northern Maine Junction to distribute cheer to friends of the consignee—or maybe they were just plain rum customers.

Part of Load Gone

Anyway, when the car reached Northern Maine Junction Monday it had been considerably lightened. Then someone, worked the wireless to Bangor, and late at night a flock of public motor cars raced to the junction, where their drivers lit on the hooch car like flies on a sugar barrel.

Nobody knew and apparently nobody cared who owned the stuff. Finding is keeping in the rum game in Maine and the motor cars sagged with their booze burdens as they rolled back to town. Residents of the Junction also got enough to stand off the April chills for a while.

Load is Seized

Before the car could get off it all, Deputy Collector of Customs Costly by heard what was going on, and on Tuesday, accompanied by H. M. Ors and S. F. Burnham of his staff, went out and grabbed what remained—about 75 cases. They escorted the car to Bangor, and last night liquor was carted to the Custom House vaults, while Capt. Phillips and Georgetown Constables kept back the clamoring crowd.

Extend Time For N. B. Railroad

Ottawa, April 6.—A resolution extending the time for the completion of the St. John and Quebec Railway between Centreville, Carleton County, N. B. and Andover, Victoria County, N. B. from December 31, 1921, to December 31, 1923, was adopted in the House this afternoon.

Hon. Mr. Biggs Denies Graft Tale

Never Promised Any Commission in Motor Truck Deal He Declares.

Toronto, April 6.—Hon. F. C. Biggs, minister of public works in the Ontario U. P. O. Labor Government today before the public accounts committee of the legislature declared emphatically that he had not received any commission in connection with the sale of \$11,900 worth of motor trucks to the province. Mr. Biggs said he had never been promised a commission by anyone, and nothing had ever been suggested to him along that line.

LAPOINTE IS AFTER SCALP OF ROBERTSON

Declares Minister of Labor Should be Dismissed by the Premier.

CATHOLIC UNIONS CAUSE OF ATTACK

Alleges Minister Took Employers' Sides in the Winnipeg Strike.

Ottawa, April 6.—Demands for the resignation of Hon. G. D. Robertson, minister of labor, were made today during a debate on the subject of Catholic National Unions, precipitated in the Commons on a motion to go into supply, by Ernest Lapointe member for Quebec East.

Mr. Lapointe declared that the minister of labor had been unfair in his treatment of the delegates from the national unions and that he had discriminated against them and in favor of the International.

Denies Religious Taint

The National Union had asked for representation in the forthcoming building trades conference and not only had that been refused, but the deputation had been informed by the minister that their unions were dangerous and were liable to cause racial and religious strife. Mr. Lapointe declared that he was just as good a friend of labor as was Senator Robertson.

White Senator Robertson was in Winnipeg openly siding with the employers and sending frantic appeals to Samuel Gompers for help. He (Mr. Lapointe) was on the floor of Commons defending the right of labor to collective bargaining.

Premier's Statement

The prime minister, replying, declared that Mr. Lapointe had "irritably confused the issue with a long statement of utterly impregnable principles, all the time assuming that one or other of these had been violated by the minister." The building trades conference was between employers and labor in the building trades. These two parties had asked for the conference and the National Union was not eligible for representation. The minister had not appointed the delegates. He merely made it convenient for the parties to the conference to get together in Ottawa. The premier paid a warm compliment to the disinterested work of Senator Robertson in the interests of labor for many years.

Fire The Minister!

Mr. J. B. Fontaine (Hull) declared that the government ought to dismiss the minister of labor. According to Edmund Proulx (Prescott) the minister was under the domination of Tom Moore.

ATTACK CHOICE OF LORD TALBOT

Sinn Fein Claims Government Will Use Name and Faith for Propaganda Work.

Dublin, April 6.—The Sinn Fein today issued an official statement declaring that Lord Edmund Bernard Talbot has been appointed vicarary of Ireland because the government hoped to turn his name and religion to successful propagandist use in foreign countries and create division among Irish Catholics.

The statement asserted the present state of Irish opinion was destitute of sectarian spirit and called attention to the fact that some of the Catholic bishops have favored a settlement on lines not acceptable to the majority of Sinn Feiners, and have disapproved of armed resistance to aggression. Were the national movement sectarian, those views, the statement declared, would naturally influence the character of the national demand, but had not done so.

Grand Trunk Must Hasten Negotiations

Gov't Warns Line That Only Conditionally Can It Grant Any Time Extension.

Ottawa, April 6.—Warning to Sir Alfred Smithers, Chairman of the Board of Directors of the Grand Trunk Railway Company, that consideration of the application of the company to the government for extension of time in the arbitration proceedings and for further advances must be conditional on the government obtaining possession and control of the railway, was given by Hon. Arthur Meighen, Prime Minister of Canada, in a cable to London, dated March 31. This cable was included in the correspondence between the government and the Grand Trunk directors tabled in the House this afternoon by the Premier.

Urges Lloyd George To Withdraw Troops

London, April 6.—Cardinal Bourne, Archbishop of Westminster, in a letter to Mr. Lloyd George, says the Roman Catholic bishops at their annual meeting expressed the conviction that restoration of law and order in Ireland would be greatly promoted "were the auxiliary troops withdrawn without delay."

STARVATION FACES MANY IN ALASKA

Governor Refers Appeal to
Marshal, and He Disclaims
Responsibility.

RED CROSS HAS TAKEN ACTION

Money Sent to Unga for Relief
of 115 Children Said to
be Starving.

(Copyright 1921, By Public Ledger.)
By THOMAS R. DRAVTON
Seward, Alaska, April 6.—One hundred and fifteen children are starving in Unga, two-thirds of the number white children. A wire received from Charles McCallum, deputy U. S. marshal, says immediate relief is imperative to prevent fatalities. In answer the Seward branch of the Red Cross has just wired McCallum for the purchase of canned milk and other food necessary to save the lives of the women and children, and directed him to send statement of further requirements. Governor Riggs had first been applied to for aid, but wired that help could only be distributed through U. S. Marshal Brennan, after certain formalities. In answer to local wires Brennan disclaims responsibility until other forms have first been obtained. The Red Cross then stepped into the breach.

A suggestion that the Alaska officials of the United States Bureau of Education be applied to was instantly turned down at the local relief conference on the ground that any participation of that bureau would hopelessly muddle and delay the situation, result in nothing but excuses for its delinquency, and probably add to the distress of the suffering children. The Bureau of Education is charged by law with the care of the natives, consulting about one-third of the sufferers, but if it has ever performed a useful or generous function in Alaska in any case of acute need it is unknown to citizens well-versed in Alaska activities of all kinds. It is professed and willing in excuse alone.

The Lack of Fuel Causes School.
Even the bureau's Indian school at Unga has been closed for six weeks due to an absence of fuel. Just why Allied Komadai, who runs a large general store at Unga, and has on hand a normal stock of coal, refuse to supply the school is unknown at this writing. He does sell Miss Yarnell, the teacher, one sack of coal a week for her private use, and that she divides as far as it will go. Edward Wilson, the other trader at Unga, has on hand seven tons of coal, but refuses to sell any of it even for cash; saying the needs of his polo ball, in connection with the store, will exhaust his supply before he can obtain from British Columbia. Alaska coal is not available, being reserved from development under conservation laws.

Both of these Unga dealers, Komadai and Wilson, have large stocks on hand of all other necessary food and supplies, but nobody has any cash with which to buy. The local Red Cross in Seward has determined to supply the cash, but is sending an ultimatum to both Komadai and Wilson that the price of canned milk, sugar and such ingredients must not be more than 100 per cent above prices advertised for like commodities in Seattle, Portland and San Francisco.

Captures Still On Long Island Farm

Glennon Also Gets 200 Gallons of Booze and Bogus Labels.

New York, April 6.—Two hundred cases of "the vilest liquor in existence," as District Attorney Edward Glennon described it, a fifty gallon still and labels of many popular whiskeys and cocktails were seized yesterday afternoon by Mr. Glennon and Assistant District Attorneys Oliver and Chapman.

The liquor manufactory was found in a greenhouse and other outhouses of one of the least known sections of The Bronx, Old Perry Point, on the Long Island Sound just below Port Schuyler. In locating it District Attorney Glennon believes he has hit upon the centre of the Italian bootlegging.

The whiskey, still and labels, however, are not, in his opinion, the most important captures. After the three officers had located the still on a truck farm, part of an old country estate, now operated by Tony Crispola, the truck farmer was interviewed. He explained he was a garden track man and handled nothing else, but that he looked "unobtrusively" to Sylvester Caselara, District Attorney Glennon secured Mr. Caselara's telephone number and told him to come up to the farm, as a customer was waiting. Caselara came and although he protested his innocence and insisted he was a painter who handled all brands but nose paint, he was arrested.

Investigation by Mr. Glennon led to the belief the business transacted was a flourishing one, for not only was the fifty gallon still equipped with copper apparatus, an underground system and other improvements but there were indications the stuff was shipped by motor truck and possibly by motor boat through the Sound.

The District Attorney intimated that although Caselara is under arrest for violation of the Volstead act and will be turned over to the Federal authorities, he himself will endeavor to trace back deaths from whiskey alcohol to the Old Perry plant. Caselara was not arrested.

Storm Damage \$160,000

Vancouver, B. C., April 6.—Damage to the extent of \$160,000 in the provincial forest reserves in the Nitinat Valley on Vancouver Island resulted from the recent severe storm in that district, according to a report made by C. L. Armstrong, of the provincial forestry department. More than three thousand acres of timber were destroyed by the storm, it is stated.

INJURED HIS HAND.

Moncton, N. B., April 6.—Mr. Othmar James, a resident of Sunny Beach, was injured last night by having his hand badly lacerated by a washing machine. After Mr. James had sought medical examination, his daughter, Miss Ethel James, attempted to fix the machine and she, as her father, had her left hand lacerated.

SHAREHOLDERS LOSE MONEY.

Fredericton, N. B., April 6.—Shareholders in Fredericton Co-operative Limited, the company sponsored by labor men who recently assigned after carrying on a co-operative grocery business for about a year, will not receive any return from their investments, but will lose all the money put into the enterprise, it was intimated today.

Slight Chance of Saving Oil Tanker

Hull Pierced by Ledges and
Efforts to Pull Steamer off
Failed.

J. C. Chesley, agent for Marine and Steamship, reports that the Government steamer Aberdeen, sent to the aid of the stranded tanker Impoco was unable to pull the steamer from the Blonde Rock ledges where she struck Tuesday morning. Every effort was made to get the oil tanker off on Tuesday night's tide, but every effort failed. Finding that the Aberdeen could render no further aid, and knowing that two of the Imperial Oil Company's steamers were standing by the distressed tanker, Mr. Chesley ordered the Aberdeen about its work but notified the commander to keep in touch with the ship.

Failed to Order Tugs.
The segment Marine and Fisheries suggested to the Imperial Oil Company that two powerful tugs be sent to the assistance of the Impoco yesterday, but so far as he knows, this was not done. Mr. Chesley was informed that one tug was piercing the hull of the Impoco, and with the heavy seas and tides running then, he thought it doubtful if the steamer could be saved. Reports received here stated that the Blonde Rock gas buoy was in its proper position and that was not the cause of the wreck of the oil tanker. It is thought the strong tides and currents set the ship to the northward of her course which brought her upon the ledges.

Latest reports received last night said the engine room bulkheads were showing signs of weakening and that water was beginning to show in the engine room.
The heavy southerly gale prevailing yesterday interfered with the transferring of the crew and at last accounts all were aboard ship.

Radicals Parade At Funeral of Leader

Ten Thousand Follow Hearse
in Berlin When Dead
Striker is Buried.

Berlin, April 6.—Ten thousand Communists marched today behind the hearse bearing the body of Wilhelm Syll, the strike leader, who was killed last week as he was attempting to escape from the Berlin police. As the funeral passed through the principal streets the people sang "The Internationale" and waved red flags. Cross-street traffic was halted while the funeral procession was passing. Those in the procession at intervals gave three cheers for Syll and for the "Moscow" Internationale. Many women and girls were among the demonstrators.

Radical Funeral Speech.

At the graveside a number of radicals delivered brief speeches in which they compared Syll to Dr. Karl Liebknecht and Rosa Luxemburg in carrying out the aims of the proletariat. The Rote Fahne, the radical organ, in an editorial today dealing with the funeral of Syll said: "Down with the white terror, the bourgeoisie, down with all murder organizations! There were no untoward demonstrations during the funeral of Syll."

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind-Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep. Four Hundred Delegates at Capital to Protest Against Any Extension of the Time Given Company to Develop Power There—Financial Interests Plead Unsettled State of Money Market as Reason for Delay.

Special to The Standard
Fredericton, N. B., April 6.—The legislature was crowded—the galleries, as well as the floors of the House resembling a "packed" day, when the Grand Falls Power bill was taken up before the corporation committee in the assembly chamber this afternoon.

The delegation representative of points along the river from St. Leonard to Woodstock, comprised between three and four hundred people; they came in a special train of six cars by C. P. R., arriving in Fredericton at eight o'clock this evening.

Discussion Very Wide
There was a general discussion of the Grand Falls project before the committee, representatives of the various organizations interested in the opposition to the bill to extend the rights speaking or reading resolutions that had been passed at public meetings held in the district affected, but there was such a noticeable lack of constructive criticism that before the delegation had finished talking some of their own speakers commented on the fact. The company's position was set forth by P. T. Dodge, of New York, president of the International Paper Company, who definitely declared that it was the company's hope and intention to have the development of the Grand Falls actually under way by the two-year period of extension now requested is completed.

After hearing the delegation, the committee adjourned to meet in private session at a later date for consideration of the bill.

The Official Report
Fredericton, N. B., April 6.—The corporations committee at 2:30 this afternoon in the Assembly Chamber took up consideration of the bill relating to the Grand Falls Power Company Limited. A delegation of 400 persons, including residents of Grand Falls and nearby towns and villages, was in attendance. Peter J. Hughes, appeared as counsel for the promoters of the bill, and John M. Stevens, K. C. and H. M. McMonagle were present in the interests of the town of Grand Falls.

Mr. Hughes said that the object of the promoters of the bill was to secure an extension of time for the purpose of undertaking the development of the water power at Grand Falls. The extension was granted in 1911, was backed by strong financial interests both in Canada and United States. After its organization the company started to gather in important interests of private parties, and also rights held by the Federal government.

lines presented itself, and it was found that they would cost between \$5,000 and \$10,000 per mile and in some cases \$15,000. For a straight line to St. John alone the cost would be approximately \$2,000,000. So far they had been unable to discover any demand for the power if it should be developed. Advertisements placed in a number of newspapers had brought only three replies. Should they erect a power mill with a capacity of 200 tons a day, it would consume 20,000 horse power, which would leave 25,000 horse power still to be disposed of. By the use of storage dams, it would be possible to develop 75,000 horse power. Engineers had stated that in order to get proper results there would have to be a dam ten feet in height, which would back up the water for ten or fifteen miles.

Cannot Get Cash
He was in touch with financiers in New York who had told him that under present conditions it was absolutely impossible to secure financial support for a proposition of that magnitude. To raise between eight and nine million dollars for such an undertaking at the present time was simply out of the question, and for that reason rather than for any other reason, the two-year period of extension should be granted. He did not think there should be any prejudice against his company because they had more than \$20,000,000 invested in Canada.

John M. Stevens, K. C. said that the Grand Falls Power question had been before the public for many years, but practically nothing had been done in the way of development. The property had been tied up for twenty-five years.

If the statements made by Mr. Dodge regarding the enormous cost of development and the limited revenue to be derived from the sale of power, rather looked as if the value of the set which the province possessed in the Grand Falls was worth nothing. It seemed to him that the company acted on the supposition that it owned the property and could do as it liked with it. No business concern owning such a property would be willing to having it tied up for a period of years, and in an unproductive state as regards revenue. He did not think that even the International Paper Company would agree to such an arrangement in the conduct of its own business.

Should Revoke Order
He took the ground that having failed to keep their agreement, their rights at Grand Falls should now be taken from them. They acquired those rights with the hope of gain, and having failed down, why should the province of New Brunswick reimburse them for a loss in speculation? No business concern would do that, and the province should not do it. The other property which they had acquired would be of no value without the water power at Grand Falls. The people now asked that the company be deprived of their rights at Grand Falls and their deposit forfeited. He had no doubt that if granted an extension they would return at the end of two years for another renewal. They talked about advertising for consumers of power, but it was a fact that towns and villages along the river were now importing electrical power from the United States.

Many Anti-Resolutions
Resolutions passed by the citizens of Grand Falls, the Andover Board of Trade and the Woodstock Board of Trade, protesting against a further extension of the company's charter, were presented.

Company probably be ready to turn it over to them. He did not think there should be an extension without a guarantee that something would be done within two years.

Could Not Pay Dividend
Mr. Dodge said no one was ready to finance the Grand Falls development. If all the towns represented in the delegation were supplied with current from Grand Falls they would not pay dividends of 5 per cent. on the total output. He knew that rates as high as ten and fifteen per cent. with bonus were being paid for power for industrial development in populous communities. Grand Falls was situated in a wild country with a sparse population. Bankers simply laughed in the faces of the promoters when they were asked to finance.

Wants a Guarantee
Hon. Mr. Baxter referred to the development which had been made by the company at Three Rivers, and wanted to know if they were prepared to give a guarantee as to what they were prepared to do at Grand Falls within the next two years.

How to Determine Value
Mr. Dodge said that he would suggest that in the event of any such transfer, the value of property be determined by four judges as had been provided in the old bill.

Mr. Baxter said that the books of the company were open for inspection. He would like to point out that there was a strong doubt of the work being completed within two years.

pledge himself and associates to undertake the work.
Hon. Mr. Foster said that it would be better to continue the consideration of this bill in private session. The committee then adjourned.

In the Evening
When the legislature met this evening, A. C. Fawcett gave notice of a bill relating to the Town of Marysville.

Municipal Troubles
Hon. Mr. Veniot said the municipalities committee had gone thoroughly into the bill if Marysville should succeed in reducing its area, numerous small towns throughout the province would attempt to do the same.

Bad Roads in City
Hon. Mr. Veniot said that within the limits of the City of Fredericton were four miles of the worst highway in the province. His department had refused to improve it, and this year the city was undertaking the improvement itself.

St. John Case
The committee took up consideration of a bill respecting the paving and opening of public streets in the City of St. John.

Mr. Scully said that the bill had been inspired by the paving of Douglas Avenue. The city did not want that pavement torn up, sufficient notice was given interested parties, and if they did tear the pavement up they should pay for the replacement.

quity for next Friday as to whether the salary of the registrar of deeds for Westmorland had been increased, and whether any protest had been received from the Westmorland County Council in reference to the matter.

Dr. Curran introduced a measure with reference to fire protection in the Parish of Lancaster.

Hon. Mr. Byrne introduced a bill to amend the act regulating the issue of shares and securities by public utility.

Hon. Mr. Veniot introduced a bill to amend the act to provide for the funding of motor vehicle fees.

Hon. Mr. Byrne introduced a bill to amend the Probate Court Act. He explained that it gave power to the probate judge in cases where a claim was filed against an estate and the claimant or his advocate failed to appear and to dismiss that claim and proceed with the passing of accounts as if such claim had not been filed.

Hon. Mr. Hetherington introduced a bill to incorporate the Queenstown Public Hall Company, and Hon. Mr. Michaelson one to amend an act relating to the Town of Edmundston.

The House went into committee, with Mr. McManus in the chair, and took up consideration of a bill to amend the Schools Act, and a bill to amend an act respecting Victoria Public Hospital, which were agreed to.

Mr. Young said he had not had an opportunity of going before the Municipalities Committee when the bill was under consideration before that body, but he was surprised that the committee had seen fit to strike out the first section, which provided for a change of boundaries. The town when originally incorporated, included a considerable farming area, and now desired to have the area reduced. There was a length of highway within the town limits about three quarters of a mile in length, from which no benefit was derived. The purpose of the change in boundaries was to place this highway under the Public Works Department.

Hon. Mr. Veniot said the municipalities committee had gone thoroughly into the bill if Marysville should succeed in reducing its area, numerous small towns throughout the province would attempt to do the same.

Mr. Scully said that the bill had been inspired by the paving of Douglas Avenue. The city did not want that pavement torn up, sufficient notice was given interested parties, and if they did tear the pavement up they should pay for the replacement.

PAIR CANADIAN MOOSE PLACED IN BOSTON ZOO

Captured in New Brunswick and Shipped to Franklin Park.

YEAR OLD CALVES CAUGHT BY GUIDES

Attempt Will be Made to Rear Them in Captivity—Seem to Like Quarters.

Boston, April 6.—What are believed to be the only pair of year-old moose in captivity arrived at the Franklin Park Zoo Saturday.

Head Animal Keeper Daniel J. Harkins brought them from New Brunswick and one is a year-old bull calf and the other a female of the same age.

For years it has been maintained that the moose is one animal that cannot be kept alive in captivity, and soon throughout the entire country have tried the experiment and failed in all but one case, according to reports. Out at the Chicago Zoo there is an adult cow moose in apparent good health.

Three-Day Trip.

The moose were captured in New Brunswick some time ago and have had a trying three-day trip from Oxbow, N. B. to Boston. They were crated in narrow wooden crates, which were so small that they were unable to turn round or lie down, but they withstood the hardships of the journey in excellent shape and when their crates were opened at the zoo yesterday they walked with a quiet dignity into their new quarters, where they will be given the opportunity to prove to the world that Carator Morse is correct in his idea that they can be raised.

Jock is the name of the female and Jimmy is that of the bull. Apparently they were pleased with the quarters provided for them, for they celebrated their arrival by a full meal of tips and bark that had been brought down from the wilds expressly for them. Preparations are under way for a home as near like the wilds as possible, and they will have a fine gunny and slough to walk in, and their daily diet will consist of buds, bark, twigs, grass, roots and lily bulbs fresh from the forests of northern New England.

Strictly Vegetarian.

The moose is a strict vegetarian and he is known to be exceedingly discriminating as to his diet at different times of the year. Even this discrimination will be looked to at the zoo in an attempt to rear the pair of animals. Considerable difficulty was encountered when Curator Morse decided upon securing two moose calves, and he turned to Henry and Jock Ogilvy, known as Ogilvy brothers of Oxbow, N. B. and commissioned them to get the calves.

One of the calves, the female, was found last spring by a Tobique native. It was alone, and had either strayed from its mother or had been deserted. It was captured without trouble, and the native took it home and cared for it. But the capture of the bull calf, big for his age, required a considerable period of time, to say nothing of trial and hardship.

In January, when the snow still lay nearly five feet deep in the New Brunswick forests, Henry Ogilvy, 20 miles from Trouers Lake and 20 miles by tote-road from Gubquo Lodge, the Ogilvy brothers' main camp on the Tobique. By stealthy observation he located a handsome bull calf which fitted the bill. The snow was yet too deep, however, to attempt the capture which was postponed until March.

On the 14th of last month Henry and Jock, accompanied by Egan McCarty, one of their guides, set out to bring home the calf, which was a member of a colony of about 14 moose. After several unsuccessful attempts, a moose was thrown over the calf's head and while two of them healed it forcibly out of the yard, a third stood on guard against any possible hostile move on the part of the

Rain Drives Many To Married Bliss

Couples Like to Get Together Then, Says Cupid's Clerk.

Chicago, April 6.—"Night's the time for wooing, oh!" said a well-known Scotch authority.

But L. C. Legner, in charge of the Cook county marriage license bureau, has another version.

"When it's rainy and the fog settles down over the old town, why people just naturally get lonely," said Legner, "and they dream of cozy flats and fireplaces, slippers and bonnets—something they want to love and hold hands."

"So on rainy days, we issue many more marriage licenses than when the sun is brightly shining." Legner said. "Cupid is still as active as ever this year, but marriage licenses are falling off, according to Legner. High rents, the employment situation, or 'something else' is the cause. Legner doesn't quite know.

Last year 42,663 couples were married in Cook county. The A. E. P. got married in 1920. But now most of the war romances have gone on the rocks or the participants are married. But 1921 is going to be a bad year for weddings.

Dispatches here from other cities of United States reflect a similar condition. People are putting off their weddings until the jobs look safer.

mother, who, however, made no attempt to defend her young.

Pulls Jock Ogilvy Six Miles.

It is characteristic of the young of moose and deer that after you get your hands on them they quickly become more manageable; so the little bull led well until they reached the tote-road, three miles distant from the yard.

There he decided to make his getaway and started off full tilt, but fortunately in the direction of the home camp, 17 miles away. Jock Ogilvy happened to be on the end of the rope when this occurred, and either had to hang on or let the animal escape. Jock decided he would "hang" and go along.

At the first jump the young bull, which stands five feet at the shoulders and weighs probably between three and four hundred pounds, jerked Jock out from under his hat and dragged him for six long New Brunswick miles before the bull became sufficiently tired to let the man behind get a half-inch around a tree!

In speaking of this endurance race Jock said at the finish the bull's tongue was hanging out about a foot—and he guessed his was too! This was the last flurry, however. After that the bull quieted down and travelled steadily the remaining miles to camp, where he was turned in with his smaller mate. They immediately became "friends" and have been inseparable since.

After being banged around in their tracks on horse-drawn trucks, auto trucks and railroad trains, the pair seemed almost overjoyed at being released at the zoo and immediately made themselves at home and made short work of the big meal awaiting them.

Strength Compels Admiration

A Man is just as Young and Strong as his Blood
No man can fight the battles of life and hold his own if his blood is not pure, for rich red blood is what strength is based upon. When you see a strong, vigorous man, who never knows when he is licked, you may wonder that such a man has coursing through his veins rich, red blood. Many people have thin, pale blood. They are weak, tire easily, become discouraged quickly, and sometimes feel like giving up the struggle. Such folks need Dr. Pierce's Golden Medical Discovery, which is sold by druggists in liquid or tablet form. Contains no alcohol.

CHERRILL BRYCE, CLARK.—"I have used Dr. Pierce's Medical Discovery for a number of years, and am pleased to recommend it as blood purifier. I know it has no equal, as I used it for my boy. My neighbors and friends were surprised with the results; in fact, I do not think he would be alive today had it not been for the 'Medical Discovery.' I also keep it on hand for coughs, as it differs so from other cough medicines, instead of upsetting the stomach, as most cough syrups do, it is good for the stomach. I only wish I had known about Dr. Pierce's medicine sooner.—Mrs. F. WOOD.

Hillsboro Church Elects Officers

Anglican Church Reports a Good Year for 1920—Mission Obligations Met.

Special to The Standard. Hillsboro, N. B., April 6.—The annual meeting of St. Mary's Church, Hillsboro, was held on Monday evening, April 4th. Rev. A. J. Langlois, the rector, presiding. The various reports presented were very satisfactory and showed that stipend and mission obligations had been fully met. The following officers were elected:—

Wardens—Hon. C. J. Osman and Dr. B. J. Dash.
Vestryman—B. W. Gavey, Norman Evans, Wm. Hargrave, G. E. Dawes and C. A. Peck.
Lay Delegate to Synod—Hon. C. J. Osman.
Substitute—Dr. B. J. Dash.
Vestry Clerk—Wm. Hargrave.

A hearty vote of thanks was extended to both the organist and sexton for their services during the year.

Bicycle Race To Prove Fitness

Mutilated Ex-Soldiers to Demonstrate Their Capability for Work.

(Copyright 1921, By Public Ledger.) Paris, April 6.—In order to convince employers of labor that mutilated ex-soldiers are not necessarily unfit for work requiring physical endurance, more than 130 contestants will take part in a marathon bicycle race tomorrow at Saint Germain. Men have lost a whole leg must cover a twenty six mile course, but those who have lost only part of a leg or a foot or part of an arm must cover twice that distance. There were many applicants with both hands lost, but the minister of pensions ruled them out.

Mother Found Her Baby Smothered

Face of Four Months Old Infant Had Been Covered by Parent.

Montreal, April 6.—Covered over the face in a bed to keep him warm, Michael Goudreau four-month-old child of Ralph Goudreau, of 125 Borfar street, was found dead by his mother yesterday morning. Mrs. Goudreau had arisen early yesterday to prepare her husband's breakfast and returned to bed at 8 o'clock. She carried the baby and laid it in bed alongside of her. When she arose again at 8 o'clock she looked at the child and as it appeared to be sleeping, she covered it once more and went to attend to her household work. Some time later, thinking the child might need nourishment, she went to pick it up, but discovered it was dead. A verdict of accidental death was returned by Coroner McMahon.

Girl Holds Man She Says Is Pickpocket

Held His Coattails Until Police Came — Believed to Have Criminal Record.

Chester, Pa., April 6.—Eugene O'Brien, whom the Chester police think has a criminal record that may prove him to be a "valuable catch," was arrested at the Chester station of the Pennsylvania Railroad Company this morning, when Miss Mary Clark, 20 years old, pointed him out in a crowd of waiting passengers, that he had picked her pocket. The girl clung to O'Brien's coattails, crying for some

one to arrest him. O'Brien's efforts to shake the girl off were unavailing. Clarence Mahoney, a young man, grabbed O'Brien and held him until the arrival of a policeman, who took the man to the city jail. At a hearing in police court this morning, O'Brien was held by Magistrate Elliott for further investigation. In the meantime, the New York police department will be requested to see if O'Brien has a police record in that city.

71st Anniversary of S. O. T. Division

Golden Rule Lodge Celebrates Casino at Hopewell Cape Being Erected.

Special to The Standard. Hopewell Hill, April 6.—The 71st anniversary of Golden Rule Division was held in the Temperance Hall on Tuesday evening at 8 p. m. A fine programme was carried out, consisting of speeches, music and readings. The Worthy Patriarch, J. G. Moore gave a historical account re-

fering fealously to the charter members as pioneers in the temperance cause. A fitting tribute was also paid to their late member, Miss Evelyn Robinson, whose death occurred quite recently. The Rev. George Selzer and Rev. I. B. Colwell were present and gave short addresses. The foundation for the new Casino at Hopewell Cape Rocks is being laid. This will be one of the finest summer resorts in the province. The Rocks are a wonderful sight, formed by the washing of the tide. Thousands of tourists come to view them every summer.

The maximum length of a horse-drawn R. F. D. route is fixed by law at 38 miles. The minimum length of a motor rural mail route is 15 miles.

Drew Sentenced To Life Imprisonment

Nearn Got Four Years With Eight Lashes — Drew Protested His Innocence.

Two severe sentences were imposed yesterday morning by Mr. Justice Crockett in the circuit court upon George Drew, found guilty on a charge of rape, and William Nearn, found guilty on a charge of attempting to know carnally a girl under the age of fourteen years and guilty on his own admission on a similar charge with another child. Life imprisonment was the sentence given Drew, and four years with one whipping, consisting of eight strokes of the lash, was the sentence awarded Nearn.

Nearn was quiet. Nearn took his sentence very quietly, saying nothing to say, but Drew protested his innocence and cast reflections upon the court and upon the conduct of his trial. He was at last ordered to remain quiet, and his obedience to this command saved his being removed from the court room before his honor passed sentence upon Nearn. Judge Crockett said to Drew that he had been convicted of a most heinous and brutal crime. He had very grave doubts, much mistaking in fact, since the finding of the jury, as to whether or not he should sentence the prisoner to the maximum penalty allowed—death, but after much deliberation he had decided that the ends of justice would be served and it would be a lesson and example to others by a life sentence in Dorchester penitentiary.

Protests Innocence. When asked if he had anything to say as to why sentence should not be passed upon him, Drew stood boldly before the court with both hands in his trousers pockets, no sign of emotion upon his countenance, and strenuously protested that he was innocent of the crime. When sentence was pronounced he said he would sooner be hanged than take the imprisonment for life. To Nearn, also, His Honor spoke of the odious nature of the crimes in which he was involved. He did not think the sentence allowed by law was quite severe enough. The nature of the evidence given in his case was most degrading. He had come to the conclusion that he would give as many years as the law allowed, two in each case, and would also instruct that the prisoner be once whipped, the whipping to consist of eight strokes of the lash. There was a very large crowd in the court room and a squad of policemen took extra precautions against a hostile demonstration as the prisoners were being taken back to jail in the patrol wagon.

IN THE EDITOR'S MAIL

Fairville, N. B., April 6, 1921. Editor of The St. John Standard, St. John, N. B.

Dear Sir:—In your editorial of the 4th inst. you say in reference to my letter of the 3rd inst. that I must be aware that the remedy I suggested, stopping the sale of game, was tried in 1918, when Dr. Smith was Minister of Lands and Mines, and that it was found to be a failure.

Really I wonder, was it a failure? Can you, Sir, or anyone in N. B. tell me why it was a failure? I would like to know the reason why. Was it really a failure to protect the game, or was it a failure to protect something before the season opens? Why prohibit the sale of partridge, or trout, or in fact anything if it fails to protect?

Why is the sale of game prohibited in the United States and most of Canada if it fails to protect the game? Moose meat has a habit of appearing on the St. John market in a surprising short time after the season opens. I have hunted moose for many years and consider I know a little about it, but these young hunters have beat a mile when it comes to getting a moose. Get him out of the woods and on the market, and of course these moose before the season opens, the law forbids it, and when the cool weather sets in, these gentlemen don't get one or two more for house consumption, because the law only allows you one moose, well again I wonder.

Your contention that game would be in the woods to rot would hold good some years ago, but not today. The man who is lucky enough to get one, sees to it that it gets out, it is valuable now, and it is sold. Moose were hunted mostly for their antlers, today there is not much antler to hunt, and meat is the object. Also if moose could not be sold until the weather permitted the saving of that meat. And the market hunter makes his big drive when the season is young and prices good. When the market is glutted, and prices decline, there is the house market.

Like the Hun in his rush on Paris, male, female and child goes down in the push, all is meat in the pot, the younger the better. In conclusion I claim that the law of 1918 prohibiting the sale of moose and deer meat, was not a failure, that it did, while in force protect the game, and I think it should be made a law to come out in the public press, and over his own name, and address, to prove otherwise, to prove that this law did not protect the game and why not.

Thanking you, Mr. Editor, I am yours very truly, CHARLES RAYNES, Fairville, N. B.

Charged With Robbing Kelley

Kennedy and Nickerson Remanded — Liquor Cases Dealt With in Police Court.

In the police court yesterday morning Arthur Kennedy and John Nickerson were charged with suspicion of acting together and robbing John Kelly on Hilyard street on Tuesday night. As Kelly was not present to press the charge, they were remanded. Judgment was rendered in the case of Charles Duffy, charged with unlawfully selling liquor. He was fined \$300. The case against E. Levine, charged with having liquor unlawfully in his possession, was resumed. Defendant admitted having the liquor, but for his own use. One bottle of the amount seized, he said, was given him by the Rabbi. He admitted going to inspect or Crawford's house early yesterday morning and telling the inspector some men were after him, and if they didn't get some money they would "squeal." He paid \$3 a bottle. He denied saying to Inspector Crawford when ordered to appear in court, "Don't take me to court. It won't happen again."

The inspector swore that accused did say the words in question. A case was postponed until Friday, E. S. Ritchie for the defence. Charged with trespassing on C. N. R. property, Frank Minson, pleaded not guilty. Policeman Borden testified that he found the accused with two other men in a box car, which had been converted into a shack. The other two had run as soon as he entered. The defendant was sent to jail, but will be examined regarding his physical condition by Dr. Dunlop. Three drunks pleaded guilty and were remanded. A juvenile charged with hauling down a street awning of M. R. A.'s on Tuesday afternoon was warned and set go.

When Baby Comes
WHAT a joy to mother's heart when baby comes! What a relief after months of anxiety and nerve strain! Mother is happy and expects soon to be strong and well again. But frequently reaction sets in, and when the excitement is over she is left weak and limp and does not seem to build up the way she should. Fortunate the mother who has at hand the kindly nurse or attentive friend to tell her how Dr. Chase's Nerve Food will help her at this critical time. Now more than ever the mother requires the assistance of a blood-forming, tissue-building, nerve-invigorating treatment, and these requirements are admirably met by Dr. Chase's Nerve Food. Mrs. Wm. Woods, Coldwater, Ont., writes: "After the birth of my baby I was run down, nervous and could not eat or sleep, jumping at the least noise. Dr. Chase's Nerve Food built me up and made me strong and well again." Mrs. David Logan, Thornburn, N.S., writes: "A friend of mine whom I went to see after baby was born told me she used Dr. Chase's Nerve Food all through the expectant period and attributed her good condition and splendid baby to its use." Dr. Chase's Nerve Food, 50 cents a box. All dealers, or Edmanston, Bates & Co., Ltd., Toronto. Look for portrait and signature of A. W. FUNERALS.
The funeral of Miss Margaret H. Morrison was held yesterday afternoon at her residence, 196 Lettister street, to Fernhill. Service was conducted by Rev. J. A. MacKellan.

The funeral of Rev. R. J. Colpitts took place yesterday afternoon at 2 o'clock from the Hampton Village Baptist Church and many friends and associates attended to pay their last respects to one who was beloved and respected by all who knew him. A short service was conducted at his late residence by Rev. W. H. Johnson after which the body was conducted to the church where the funeral was conducted. The body will be taken to Sussex on the evening train and interment made in the Baptist cemetery there. Assisting Rev. Mr. Johnson in the service were Rev. N. A. MacNeill of Salisbury, representative of the New Brunswick Baptist Association, and the Home Mission Board; Rev. John A. Glendinning of India, representing foreign missions; Rev. C. W. Corey of Millidgeville, and Rev. E. H. Colrane of Moncton, representing the Eastern Association, and Rev. Dr. D. Hutcheson of St. John, representing the ministers of the convention. Among beautiful floral tributes received were tributes from the Hampton Station and the Hampton Village Baptist churches; the Grand Bay Sunday school, and also the grades in the Hampton school which the late Rev. Mr. Colpitts' children attend.

OIL CASE CONTINUED.
The case concerning the landing of two barrels of olive oil from one of the steamers in the harbor without the formality of passing them through the customs, was continued before Collector C. B. Lookhart yesterday morning. The captain and some members of the crew of the steamer and the man who received the oil, were examined. The case will likely be concluded today.

Also Itchy Scalp, Hair Fell Out, Face Disfigured.

"My head began to itch and there were scales on my scalp. My hair came out badly when combed and it became very dry and thin. I also had pimples and blackheads all over my face. The pimples were hard, large, and red, and caused me to scratch and irritate them, and my face was disfigured. "This trouble lasted about two months and I began using Cuticura Soap and Ointment. After I had used two cakes of Soap and two boxes of Ointment I was completely healed." (Signed) Miss Zona Jackson, R. 3, Goldenale, Wash.

SUPPLY

The discussion of the various items of supply is providing some interesting reading. From it the public learns that pretty nearly all the officials of the Agricultural and Public Works Departments are provided with automobiles in which to make their jaunts about the country. The cost of up to \$1000 apparently, for dotted all over the Comptroller-General's report are items for repairs which amount to such a large figure in the whole that it is deemed advisable to distribute them under various heads, where they are not so liable to be noticed. Here are a few of the items—all for "Car Repairs"—Phillips & Pringle \$496.80, do \$202.92, Kings Co. Garage, \$239.40, Felix Charette \$195.40, W. H. Humphrey & Son \$253.71, Northumberland Garage \$953.20, Phillips & Pringle \$421.18, Strong & Strong \$250.85, Victoria Garage \$120.08, J. Clarke & Son \$163.83, W. E. Vaughan \$682.29, Wright & Inman \$121.89. The foregoing are for the Agricultural Department only, and exclusive of accounts under \$50 of which there are a large number. A perusal of the detailed expenditure in the Public Works Department reveals a similar condition of affairs. Whether all the other Departments are running cars, but the Crown Land Department appears to have some, although with the exception of one item of \$206.75 for oil, gas and repairs the cost of upkeep does not seem to have been very large.

Then again it is not just clear why it should be necessary to supply members of agricultural societies with a farming paper at half price. The farming community are not so badly off these days that \$1.00 a year would be more than they can afford. Mr. Veniot's contention is that to withhold a farming paper from the farmers was depriving them of information, but the Government is under no obligation to educate any section of the community for 50 cents, when the persons designed to be benefited can get and are able to pay for the same education themselves for \$1.00. The fact that such large quantities just for the two months around election time, compared with the less than a year's worth of the paper, is a strong argument in favor of the agricultural community and to get its votes. The Maritime Farmer is not usually looked upon as a political journal, but its advent into a farmer's home would no doubt be appreciated for its own sake, and is certainly worth the dollar a year that the publishers ask for it.

The Government displays considerable courage in bringing in a bill to increase the amount to be contributed by the municipalities for the maintenance of paper licenses from \$1 per week to \$2.50. Conn. Vanderbeck will probably be heard from on this matter, unless his views on the subject have become considerably modified since he took to sitting on the Government side of the House. Some of his remarks when the late Government first imposed the \$1 contribution were decidedly pungent; but time and circumstances sometimes make wonderful changes in a man's outlook.

GERMANY GOING "RED"?

Germany is suffering from a dose of the Bolshevik poison it injected into Russia. It is even claimed that the revolutionary movement is inspired and financed by Lenin, which is likely true. Generally still come home to roost.

While the chief agitators are aiming at a "general strike," in some of the industrial centres of Saxony Communist mobs have been fighting pitched battles with specially recruited police forces. It does not improve the outlook for peace that the police are Prussians. The Saxons and Prussians have never liked each other, not even pretended that they did. That Saxony troops are brought in to suppress Saxony uprisings will hardly heal the breach, and may lead to something from race riots to civil war.

The outside world is not much given to sympathy at news of troubles, present or prospective, on Germany's programme; least of all the Allied nations. But in the circumstances the Allies are bound to take a keen and decidedly hostile view of the developments. It may serve Fritz right that the Red menace should invade Germany; but that cannot occur at the present time without more or less impairing the Allies' chances of collecting the reparations bill. And those chances are not any too good as things stand.

Germany declares that it cannot pay the same demanded. No doubt the estimate of productive capacity of the country is grossly over-estimated. But, making allowances for Berlin's ingrained habit of outwitting the facts to fit its arguments, \$100,000,000,000 is a good deal to ask.

BRITAIN'S RISING PROSPERITY

Great Britain had a surplus of \$200,000,000 as between income and expense for the fiscal year just ended. Out of this she was able to reduce her floating debt by \$41,083,000 and to apply the remainder on capital account. This excellent financial result has been accompanied by the most gratifying growth in trade. Exports for 1920 increased by \$240,000,000, and showed gains in 85 out of 98 markets, exclusive of overseas colonies. India was her best customer, with France next, and the United States third. Trade with India was doubled during the year. These facts give the very best assurance of Britain's strong place in the commercial world, and of her power to rehabilitate herself after the long and severe trials of the war. In that strength and innate virility all the units of the Empire are concerned.—Ottawa Journal.

One of the best known Canadian cattle breeders, whose opinion is normally based on knowledge of the cattle business, thinks that the shipment of live cattle to Britain will be given up, and replaced by the shipment of dressed meat. There are a good many reasons to warrant the view. A live animal takes up more space on a vessel than the amount of marketable meat it carries. And Canada produces vast quantities of grain and roughage which can be most easily and profitably marketed by fattening cattle—and hogs.

The Turk having been kicked out of Europe, the Greeks are doing what they can to kick him out of their corner of Asia Minor, thus far with seeming success. The Turk, however, is a party who can stand a lot of kicking. He is used to it. And he usually comes back. It is too early yet to start celebrating the Greek victory in the war, much as those who are acquainted with the Turk's history would like to see him get the worst of it. Reproach that he is, he can fight, and he is fighting in his own back yard.

A Catholic priest in Massachusetts has issued a notice that women who wear short skirts, or low-necked dresses, or drape themselves in transparencies, will not be allowed to attend service at his church. This ruling may work all right; but around these parts it is to be feared that a regulation of that kind would leave some congregations thinner than the garments.

Premier Lloyd George mid in a speech the other evening that the Socialist is the chief enemy of the country; and some of the London papers condemned him for it next morning. The Englishman has apparently taken the measure of the "nationalists." Perhaps he has been watching what the "national" operation of railways did to the United States and is doing to Canada.

JOHN COMPANY'S SHIPS.

John Company's ships they sailed the sea—
 The Merchant's Hope and the Trade's
 Increase in public control. This seems a terribly high price to pay for inoculation against "the virus of public ownership."

The argument made for private ownership is usually based on economy and efficiency. The people of the United States appear to have had an economy and efficiency for ten months which has cost them nearly a billion dollars more than the waste and inefficiency they suffered under public control during the previous year.—Winnipeg Tribune.

John Company's ships they were slow; Their topsails came in when it started to blow; For their hulls were roomy and round and wide, And they were big in the side, And they loaded them deep and they crammed them full With the cargoes they brought from the Great Mogul, But they held their own when it came to a scrap With a Barbary rover or any such chap, And many a pirate and privateer That had smacked his lip as the prize drew near Lipped home with his wounds at the John Company's ships could fight as well.

John Company's ships they went their way; They cleared and they sailed for Dead Men's Bay, With captains gallant in blue and gold And bawling bosuns seamen bold, Bows all splendid with gilt and glitter, Pennants streaming and pipes a-twitter—snow— They went their way; and the gulls on London's river, by old Blackwall, And the winds they blow and the lilies they run the same today as they're always done; But they are gone like a tale that's told, John Company's ships of the days of old.

THE LAUGH LINE

First Maid—Your fiance stutters quite a bit, doesn't he?
 Second Maid—Yes; but it doesn't matter. After we are married he won't have a thing to say, anyway.

The Real Reason.
 Bobby was telling at the breakfast table how he had fallen out of bed.
 "That was because you slept too near where you got in," said his sister.
 "Wasn't either," he retorted with scorn. "It was because I slept too near where I fell out."

A Mystery.
 The little one had been teaching her grandfather with an excellent command of questions during the evening and had still one more question to ask before she went to bed. "Grand-

One For Toronto's Nob.
 "There is nothing wild or woolly in Mr. Orvar's appearance or his message," declares the Toronto Globe. The Globe's apparent surprise is based on the parochial idea that everything west of the Great Lakes is wild and woolly. The west has resigned all right and title to those adjectives to the sock-fighting and boot-legging area that extends from the heart of Toronto to the Detroit river.—Calgary Herald.

President Harding's Golf.
 A despatch states that President Harding plays better golf than either of his predecessors, President Wilson or President Taft. He usually plays the 18 holes in about 92, and his despatch says he easily drives 300 yards. If President Harding could drive a ball as far as that from the tee he ought to make the round in about 68. The chances are that whenever he drives a ball 300 yards he is so pleased that he leaves his fountain pen stuck in the ground to mark the spot where it came to rest.—Toronto Star.

Public Versus Private Ownership.
 In 1918 the operating expenses of all the Class I railroads in the United States were \$1,129,888,750 under Government control. In 1920 with the roads under private control for ten months, these expenses were \$5,310,970,821, a difference of \$1,381,000,000.

The Labor Board granted wage increases in June which were retroactive to the first of May. They were in effect eight months of the year. The highest estimate of their effect upon the operating expenses was \$60,000,000 a month or \$480,000,000 for the year.

Labor authorities declare this estimate was by no means reached. Nobody alleges that it was exceeded. It leaves a sum of \$311,000,000 which is unaccounted for in the increase of operating expenses.

Apparently private ownership has been nearly one billion dollars more expensive than public control. This seems a terribly high price to pay for inoculation against "the virus of public ownership."

The argument made for private ownership is usually based on economy and efficiency. The people of the United States appear to have had an economy and efficiency for ten months which has cost them nearly a billion dollars more than the waste and inefficiency they suffered under public control during the previous year.—Winnipeg Tribune.

Benny's Note Book

I wasn't allowed out this afternoon on account of some of my aches, and I was up in my room feeling bum about it and I could hear the fellows yelling and playing outside, and all of a sudden I thart, G, I know was ill do, ill make a rope out of sheets and things like they do in books and escape out the window.

With I started to do, and I tied my sheets and pillow case together, without making very long of a rope, so I went over to my sister Gladie's room and Gladie was in there powdering her nose and trying to look as if she thart she was bewtill, me saying, Hay Gladie, do me a favor, will you?

I doubt it, wad do you want? sed Gladie, and I sed, Loan me your sheets and bolster case for a wile, will you?

I thart it would be something sensible like that, sed Gladie, and I sed, Well will you, Gladie?

Gwell chance, sed Gladie. Meening she wouidnt, and I went down in ma's room and nobody wasnt there and I quick pulled the sheets from underneath the covers and took them up to my room and tied them on, making pritty long of a rope, and I hung it out the window to see the effect, thinking, Holy smoke, G, I guess maybe I went, wats the use?

And I pulled it back in agen and jest then I herd ma say, Well for goodness sake wat happened to my bed? Properly looking kind of difrent on account of me pulling the sheets out, and I quick called down, Are you looking for your sheets, ma?

O, so thats it, is it? have you gone krazy? sed ma.

No man, ill throw them rite down, I sed. Thinking it would be safer to throw them than take them, ony ma dident wait, coming running up before I had them half undid, and she gave me a cupple of farse cracks and undid them herself and then gave me a cupple of farse more.

"Are there any trout up there?" questioned one of the friends.

"Trout? Thousands of 'em," replied the other enthusiastically.

"Will they bite?"

"Will they?" reiterated Jones.

"Why, they're absolutely vicious! A man has to hide behind a tree to bait his hook!"

When the bowels are allowed to get some constipation, the stomach gets out of order, and the liver does not do its work properly on account of holding back the bile so that it does not pass through the bowels, but is allowed to get into the blood, thus causing a poisoning of the whole system.

If you would escape constipation, sick and bilious headaches, heartburn, flouting specks before the eyes, cost of tongue, foul breath; the nasty irritating, bleeding itching and protruding piles, you should keep your liver stirred up by the use of Miller's Laxative Liver Pills.

These pills, being purely vegetable, keep your liver working actively, helping it to remove its proper functions, and thereby removing the bile that is circulating in the blood and poisoning the whole system.

Hangs Himself After Seeing Movie of Mark Twain

SISTER FOUND BOY IN HIS BED

Visit of Children from Ford, Conn., Leads to of Lad Seeking He

New York, April 6.—The boy, 15, and his sister Catherine, 12, and his sister Catherine, 10, were shown a movie of Mark Twain's "The Millionaire" after seeing a picture of the same name in a New York City theatre.

Thomas and his sister heavily wept while waiting for the movie to be shown at the home of Mrs. Sarah Chatterton street, a friend of the boy's. The boy was delighted as his own bedroom on floor of the old fashioned brick house. The room had roof, rafters and other old furniture.

Had A Fine Time. During the days that the boy's sights were viewed steadily by Thomas and Catherine and friends took the the Woodworth Building. The boy's trip was intended to divert him as possible. BOY ENDS LIFE AFTER MANNER SHOWN IN FILM

Hangs Himself in Bedroom After Seeing Movie Version of Mark Twain Book.

SISTER FOUND BODY IN HIS BEDROOM

Visit of Children from Hartford, Conn., Leads to Death of Lad Seeking Health.

New York, April 6.—Thomas Hopkins, 18, and his sister Catherine, 12, said goodbye to their father and mother, Dr. and Mrs. Thos. N. Hopkins of 879 Laurel street, Hartford, Conn., four days ago and came to New York city to see the sights.

Thomas and his sister found a heavy welcome waiting for them at the home of Mrs. Sarah Towl, 314 Charter street, a friend of the family. The boy was delighted to have as his own a bedroom on the third floor of the old-fashioned little row brick house. The room had a sloping roof, rafters and other old time apertures.

Had A Fine Time.

During the days that followed the city's sights were viewed enthusiastically by Thomas and Catherine. Relatives and friends took them around, and they saw the metropolis and the surrounding towns from the tower of the Woodworth Building. Thomas was a nervous, high-strung boy, and the trip was intended to divert him as much as possible. His temperament had made it necessary to take him from school several times, but on his visit here Thomas was in high spirits.

At 10 o'clock Thomas and his sister went to bed. At 9 o'clock yesterday morning his sister went to his door to call "sleepyhead." She knocked with mock displeasure at his inauspiciously; then in alarm, she tried the door. It was locked. She called Mrs. Towl, who found the door open.

The body of Thomas was hanging from a rafter, suspended by a rope of sheeting, one end of which was tied to the bedpost. Catherine's terrified eyes noted that the boy had followed closely the manner of the hanging in the moving picture. The usual despatching, despatching measures were tried, the police summoned and Dr. Tandy called from St. Vincent's Hospital. He said the boy had been dead four or five hours.

The body will be cremated.

SUFFERED DAY AND NIGHT

The Tortures of Dyspepsia Relieved By "Fruit-a-tives."

Little Bras D'or C. E. "I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, a friend told me to try "Fruit-a-tives." In a week the Constipation was corrected and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous."

ROBERT NEWTON.

HERRICK TO PARIS.

Washington, April 6.—Myron T. Herrick has decided to accept appointment as United States ambassador to France, a post he filled under President Taft and which he occupied at the beginning of the war.

great old days were three hangings. These were produced vividly in the screen version.

The sight gave the boy what his sister described as "the horrors," but after a struggle he appeared to recover and plunged into sightseeing and other fun with great zest. On Saturday night friends and relatives gathered at the home on Charter street for a little music. Thomas, in high spirits, joined in with his banjo.

River Mystery Is Cleared Up

Body Found in Lake St. Francis Identified — Missing Since Last December.

Corwall, April 6.—The body of the man found by an Indian in a boat at the head of Cat Island, in Lake St. Francis, has been identified by Mrs. Catherine Jones of Massena, as that of her son, Norman Henry, as well as by Henry's wife. Henry had been missing since the night of December 31st last, when he and Lorne McMullan of Millie Roches, left the latter place to row across the Little River to Barnhart's Island. McMullan's body was recovered a couple of weeks ago and the finding of Henry clears the mystery up completely.

When discovered by the Indian, the body lay face downward in the boat and the black fur coat which Henry wore was on the body, fully buttoned and the collar turned up. A rubber boot was on one foot, but the other foot was bare, both the boot and sock being missing. This circumstance has not been accounted for. The boat was a flat-bottomed, pointed punt, and was nearly filled with water. In the inside coat pocket on the dead man was found \$25 in Canadian and \$13 in American currency.

The boat was towed to Fraser's Point and Coroner C. J. Hamilton, of Corwall, was notified, but did not deem an inquest necessary. The body was taken to Massena for interment. Henry is survived by his wife and four children, the oldest eleven years and the youngest six months, also by his mother and one sister. He was a son of the late Addison Henry and was born in Antwerp, Ont. He was 34 years of age.

BARNARD GIRLS GAVE A DANCE IN THE CHURCH

Ritualistic Interpretation of Annunciation Given in St. Mark's-in-the-Bowwerie.

RECTOR DEFENDS THE PERFORMANCE

Declares Performance Holy—Dancers, Barefooted, Wear White Satin Draperies.

New York, April 6.—Before six barefooted young women appeared in the Protestant Episcopal church of St. Mark's-in-the-Bowwerie Sunday afternoon in the ritual dance of the Delta Robbia Annunciation, Dr. Wm. N. Guthrie, the rector, asked the congregation to serve five months in jail in Cincinnati, was pardoned by President Harding today and is now on his way home.

Zerby, who is said to be a bad physical condition, was released from prison recently to serve the remainder of his term in a hospital.

Wore Satin Draperies.

Those who saw the dances and included in this number were newspaper reporters who had been especially invited to "see for themselves" and not get their information from hearsay—made no criticism of it as a violation of the sanctity of the church. The dancers wore barefooted, but not barelegged. The young women wore simple white satin draperies, but their costumes were not diaphanous.

Before the dance the sanctuary was veiled with curtains which harmonized in tone with the date upon which the dance was given. The dolls were directly in front of the first pews, and the dance could be seen from every seat in the church. As the sanctuary was veiled the organ played "Ave Marie," and as it was unveiled after the dance Handel's Largo was played on the harp.

The dance was inspired by the Delta

Harding Pardons Zerby in Hospital

March Chumak, Pa., April 6.—John E. Zerby, of Summit Hill, who was convicted several months ago in the United States district court of conspiracy in the shipment of liquor into Ohio, and sentenced to serve five months in jail in Cincinnati, was pardoned by President Harding today and is now on his way home.

Negro's Efforts To Save Life Failed

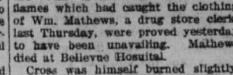

New York, April 6.—The heroic efforts of James Cross, negro porter of the Winter Garden Drug Store, at Broadway and Fifth street, who at the risk of his own life beat out flames which had caught the clothing of Wm. Mathews, a drug store clerk, last Thursday, were proved yesterday to have been unavailing. Mathews died at Bellevue Hospital.

PALESTINE STAMP IS A CURIOSITY

Legend Will be Tri-Lingual—First of Its Kind in the World.

RECALLS EARLY HISTORY OF LAND

Hebrew Comes Into His Own After Many Years of Banishment.

The "mandate for Palestine" otherwise the British official scheme for the government of the ancient home of the Jews—provides for what will certainly be a curiosity in postage stamps—namely, a stamp upon which the descriptive statement will be printed or engraved in three languages. There are already stamps on which words are found in English and in Arabic, Turkish and certain Indian tongues, and doubtless other bilingual stamps; but as yet none, we believe, in which the legend is tri-lingual. But one requirement of the Palestine mandate is as follows: "English, Arabic and Hebrew will be the official languages of Palestine; any statement or inscription in Arabic on stamps or money in Palestine shall be repeated in Hebrew, and any statement or inscription in Hebrew shall be repeated in Arabic." Inasmuch as a British protectorate will scarcely employ stamps which are not first of all marked in English, we may look forward to a Palestine stamp which will be inscribed first of all in the ancient tongue of Israel, then in the imperial language of England, and finally in the tongue of the sons of the desert, who have come in to occupy the fields that once flourished and fruited only for the subjects of King David.

Had Bad Cough For Three Years.

The constant hacking, racking, persistent cough that sticks to you in spite of everything you have done to get rid of it, is the kind that is dangerous.

The longer the cough sticks, the more serious menace it becomes to your health.

There is no remedy that will relieve cough—except the one that will cure it. Dr. Wood's Norway Pine Syrup.

It has a healing and soothing action on the air passages, and of the same kind as a disinfectant of the respiratory tract, destroying the germs that produce serious lung complications.

Mr. John Miller, had cough for three years. "I went to several doctors and used several different cough medicines, but nothing seemed to help me. One day a friend told me about Dr. Wood's Norway Pine Syrup, and after using a few bottles it became completely better. I always keep a bottle in the house, and also recommend it to my friends."

Dr. Wood's Norway Pine Syrup has been successfully used for over 50 years, and no great loss has been its expense, it is only natural that a genuine cough remedy should be so successful.

Dr. Wood's Norway Pine Syrup is a powerful cough remedy, and you can buy it in any drug store, or by mail from Dr. Wood's Dispensary, 100 West Broadway, New York, N. Y.

Robbed Six Months Ago, Recognizes Negro

Woman Grapples With Alleged Thief on Trolley Car.

Philadelphia, April 6.—That man robbed me of \$600 in my grocery store six months ago.

With this exclamation and with her finger pointing towards a negro passenger in a southbound Eighth street trolley, Miss Rebecca Levy, Eighth street near Poplar, grabbed the alleged robber by the coat and dragged him from the car to the street, at Eighth and Callowhill streets, yesterday afternoon.

Alonso O'Neil, negro Turner street near Susquehanna, the alleged thief, merely grinned when Miss Levy grabbed him and made no effort to resist. As Miss Levy dragged him to the street, Sergeant Barry and Policeman Sloop, of the Tenth and Buttonwood streets station, who were nearby, went to her assistance and arrested the negro. He will be given a hearing this morning.

BOXING AT MONTREAL

Montreal, April 6.—Harry Greb, light heavyweight, easily outpointed Jack Remant in a ten round bout here tonight. Remant weighed 132 pounds and Greb 167 at the ringside.

Ed Sherman, local featherweight, knocked out Young Jack Sharkey, of Buffalo, in the third round of a scheduled ten round bout.

Tommy Conroy, lightweight, of Syracuse, outpointed Sammy Morris, the Californian, in a ten round bout. Morris struck Conroy two in the eighth round and the Syracuse fighter was unable to finish the fight. He went through the remainder of the bout on the defensive.

FINANCE BOARD'S WORK

Ottawa, April 6.—Replying to Hon. W. S. Fielding in the House today, Sir Henry Drayton, minister of finance, stated that the committee of bankers handling Canadian Government bonds had purchased bonds to the par value of \$70,329,650 between January 22, 1918, and January 20, 1919, when the committee was disbanded for the first time. From Aug. 28, 1919, when the committee was revived, until November 20, 1920, when it was again discontinued, the committee purchased bonds to the par value of \$22,200,000.

DRUG TRADE WITH MEXICO

Montreal, April 6.—That Canada had been put on a par with Mexico by the United States in respect of the importation of illicit drugs into the latter country, was the statement made today by F. W. Cowan, of Ottawa, who has to do with the enforcement of the federal opium and drug act, in addressing a gathering of the Pharmaceutical Association of the Province of Quebec here.

WARSHIP SAVED CHILD

London, April 6.—The great battleship Queen Elizabeth, Admiral Beatty's flagship of the Grand Fleet, saved the life of a tiny babe of the same name in the Bay of Biscay this week by answering a call from the steaming Venetian, which was bound for the coast of France. The Venetian, which was bound for the coast of France, was bound for the coast of France, was bound for the coast of France.

SAVED AT FALL'S BRINK

Owen Sound, Ont., April 6.—By the collapse of a bridge over the Sydenham River, only a few feet above Inglis Falls, a high surge of water fell about two and a half miles south of this city, shortly after noon today, a team of horses with a wagon loaded with flour, on which were Frank Morris and Edna Rolfe, was thrown into the rushing water. Morris, stranded by the fall, was only saved from a horrible death on the rugged rocks by the heroism and quick action of his companion who, at great personal risk, swam to his assistance and literally pulled him back from the brink.

BOMB MILITARY LORRY

Dublin, April 6.—A military lorry was bombed today while passing the Harcourt street station. Two civilians were killed and several were wounded. One officer was wounded.

ROBBED OF \$21,000

Newark, N. J., April 6.—Three masked burglars held up Harry Heyman, member of the firm of Heyman Brothers, manufacturing jewelers in his place of business here tonight and escaped with diamonds and jewelry valued at \$21,000.

Three Basketball Games On Friday

Moncton Aberdeens Play Y. M. C. I. Y. W. C. A. and Y. M. C. I. School Girls.

The Y. M. C. I. have prepared an attractive evening for the basketball fans of the city on Friday when the Moncton Aberdeens High School basketball team is to play the Y. M. C. I. Intermediates a return game, the Y. W. C. A. High School Girls are to meet the High School team of the Y. M. C. I. Girls, and the Orioles and Sharks of the Y. M. C. A. are to play.

Keen Competition.

The three games should provide lots of competition and afford good exhibitions of the sport. Though the Y. M. C. I. boys were defeated when they played the Monctonians in the railway city, they have developed considerably since then, and with a number of victories to their credit since that date have acquired a morale which should stand them in good stead in the coming game played as it will be on their home floor.

Use "Tiz" For Sore, Tired, Aching Feet

No more puffed-up, burning, sweaty, calloused feet or corns.

Just take your shoes off and then put these weary, sore-cried, aching, burning, corn-pestered, bunions-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand for your feet. Your feet will be glad you put them in "Tiz" and then they'll take another dive in that "Tiz" bath.

Get a box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

RAISE URBAN AREAS TO 2,500 RESIDENTS

Recommendation Designed to Give More Electors to Decide All Local Questions.

Ottawa, April 6.—Unincorporated areas having a population of at least 2,500 are to be considered as "urban areas," if the recommendation of the parliamentary committee on privileges and elections carries through the House. Power will also be vested in the chief electoral officer to treat as urban any areas which, while not of the required 2,500 population, have visiting teams a social time, along with the Y. M. C. I. High School Girls, and all the teams.

MACDONALD'S CUT BRIER

MACDONALD'S "BRIER" has become a Canadian institution. Smoked by the men who made history. In the bush, on the trail, in mining camps, prospectors' huts, factory yards, on trains, steamships, in the luxurious homes and downtown clubs of our Canadian cities—Macdonald's has always been recognized as the smoke.

MACDONALD'S CUT "BRIER"—the same tobacco but in new form—maintains every Macdonald tradition since 1858, and gives to smokers—more tobacco for the money.

Honorably Acquitted
Plaintiff Had to Pay Costs in
Case—Prompt Action Pre-
vented Fire—Potatoes Low

Special to The Standard.
Gaspown, N. B., April 6.—The case of Frank Godin, of Cole's Island, accused of threatening a neighbor, Joseph Kierstead, was taken up before Magistrate Thos. Allingham in the office of P. S. O'Neill, who conducted the trial. The case has occasioned considerable interest here, the plaintiff being a returned man of the famous Iliad Battalion, settled on a little farm near Cole's Island. The court acquitted the prisoner, and ordered Kierstead to pay the costs, \$75.

When Godin arrived here, on March 31, with Sheriff Bold, he was badly out and bruised about the face, and his clothing so torn it was necessary to get him a specially new outfit, as a result of the handling which he had received from Kierstead, who had succeeded in having a complaint against Godin for detaining him.

When released, local veterans and other friends offered Godin financial assistance and hospitality, but his first thought was to get home as soon as possible to his wife, whom he married in England, and his three little children. He was able to leave by motor boat soon after the trial. Owing to not understanding how to make out his papers, he has never received his post-discharge pay, and this will also be extended to him here.

Goldin visited in 1914, and went overseas with the famous 22nd Battalion, with which he saw heavy fighting. For eight months he was in hospital suffering from shell shock, the effects of which have not yet left him. Since his return, he has been attempting along on a little Soldier Settlement farm near Cole's Island.

Quick Action Prevented Fire.
Prompt and cool action on the part of fire and police saved the church from possible destruction by fire on Sunday evening, when one of the large hanging lamps in the body of the church, threatened to explode. Shortly after the evening service, as the sexton, J. H. DeVeber, was putting on the lights, one of the large brass lamps hanging from the ceiling caught fire. The sexton, Rev. S. T. Blackland, quickly ran and detached the burning lamp, and Mr. DeVeber carried it into the churchyard, where it burned for half an hour. Had the lamp exploded inside the church, serious damage, if not the loss of the building, would have resulted.

This time last year, potatoes were selling in this vicinity as high as \$18 and \$12 a barrel, and \$8 was considered as scant for a barrel of these precious tubers was concerned. Last summer many farmers planted largely in expectation of similar conditions this season. Last week a local buyer in Upper Gagetown, who has been purchasing potatoes by the car for the St. John market, was paying 75 cents to \$1.35 a barrel for them; but prices are said to be somewhat better this week.

AGAIN POSTPONED.

Fredericton, N. B., April 6.—The organization meeting of the prohibition commission, who will handle the transportation and wholesale distribution of liquor in New Brunswick, which was set for this city today, has been further postponed because Hon. J. F. Tweeddale, the chairman, was unable to come here from his home at Arturville.

A few weeks ago Hon. Mr. Tweeddale suffered a fractured skull when he fell on the ice near his home and he has not since recovered sufficiently to be able to attend to his duties here and take up active work. Premier Foster said this afternoon that he had been advised that Mr. Tweeddale expected to be here on the week end and the organization meeting of the commission has been postponed until that time.

Mrs. Annie E. Taylor, the first person, and the only woman to go over Niagara Falls and live, is now at the Niagara county infirmary in Lockport, N. Y. She is 75 years old and

THE WEATHER

Toronto, April 6.—The most marked feature of today's weather has been the continued development of high pressure in the lower St. Lawrence Valley accompanied by pronounced cold weather, with west of Montreal summer temperatures have prevailed. The weather continued very cold in the Western Provinces with light snow falls.

Forecast: Maritime—Fresh north and east winds, mostly cloudy and cold.

AROUND THE CITY

EASTERN STEAMSHIP CO. It was stated yesterday that the Eastern Steamship Co. service will be resumed on May 23 between Boston and St. John, with stops at Lunenburg and Eastport, Me.

VPRES CELEBRATION The committee of Great War Veterans who had charge of the Ypres dinner last year are now at work making similar arrangements for a banquet to take place on Friday night, April 22.

POPULAR PRESENTATION. James Strling Jr., has resigned his position with the Eastern Electric Company, Ltd., and was remembered by fellow employees who presented him with a valuable ring and scarf pin.

BOY WAS HURT. William Ryder, aged 13, a son of Richard Ryder, 37 Magazine street, truckman, sustained a fractured jaw yesterday morning while crossing the C. N. R. tracks near the Union Depot. He was taken to the General Hospital, where an X-ray is being made of his injury.

GRANTED LICENSES. On the recommendation of Chief Inspector Hawthorne, a retail license under the intoxicating liquor act, has been granted to William H. Walker & Sons, St. John, and E. R. W. Ingraham, West St. John.

DE MONTS CHAPTER MEETS. The monthly meeting of De Monts' Chapter, I. O. D. E., was held yesterday morning, the regent, Mrs. W. E. Foster, in the chair. The sum of \$100 was voted to the war memorial fund, and \$10 to the Red Cross mission.

WOMAN ARRESTED. Mrs. Louis Reardon was arrested yesterday by Detective Donahue, charged with testifying \$600 in New Glasgow. Arrest was made on request contained in a telegram from Chief Francis, New Glasgow. An officer is expected to arrive from New Glasgow today when the prisoner will be taken back to the Nova Scotia town to stand trial.

THE EDMONTON COUPLE. J. P. Lanney, assistant immigration Agent had no information to give out yesterday concerning Mr. and Mrs. Joseph Mallard, of Edmonton, Alta., whom, according to a dispatch, were being held here for deportation. It is stated, however, that the couple are being held for investigation and would not necessarily be deported and the final decision rests with the Ottawa officials.

NEW SERVICE. A second phone has been placed in position for the deskman at the central police station. The second instrument is connected with the ambulance station, and in the event of a call being unanswered there because of the absence of the ambulance, the police phone will ring, and the police patrol will be dispatched on the second call. The new service will be much appreciated by the general public.

NARROW ESCAPE FROM DEATH. Mrs. Sarah Senior of Manawagonish Road had a narrow escape from death early yesterday morning when the house which she occupied was destroyed. Two men who were driving past noticed the flames and investigated to find it was occupied. They awakened Mrs. Senior, who was sound asleep and she left the building, which was totally destroyed. The loss will be about \$250, partially covered by insurance. The furniture of Albert Haycock, who lived in part of the house, was almost all burned. Mr. and Mrs. Haycock have been living in the city for some weeks on account of the illness of Mrs. Haycock.

EMMA FISKE FUND. A letter from the French Consul General at Montreal to Mr. W. P. Hatheway at St. John, congratulates him upon being the chairman of the Emma Fisker Fiske memorial fund committee. The French Consul General offers to communicate with the "L'Alliance Francaise" in the hope of getting further support for this movement, the sum of which is to give a prize of \$50 for each of the next ten years to that pupil who obtains the highest mark in the French grade of our city high school. Many French gentlemen, both in Nova Scotia and Ottawa, have expressed themselves very favorably towards this effort to get the English speaking people to become better acquainted with the French language.

Cottage Pillagers Are Again At Work

Summer Homes on Sandy Point Road, Fairvale and Rothesay, Robbed.

Summer cottages on the Sandy Point road, at Fair Vale and Rothesay have been broken into during the last two days, property of value carried away, furniture destroyed and efforts made to wreck the buildings. Not only have summer cottages been entered but, other places occupied have not been overlooked by the pillagers.

Tuesday night a team was stolen at Rothesay and the robbers rode in the stolen rig to Fair Vale where they began their work of pillaging cottages. The gang was again operating at Fair Vale yesterday and broke into Mr. Izzi's cottage where they did considerable damage, taking whatever they could find of value and carrying same away.

Forced to Run. They made an attempt to rob an occupied house Tuesday evening. The inmates were aroused and the head of the house gave the thieves chase. In their hurry to get away they dropped a grip which was full of valuables, plunder taken from some of the cottages entered. There are three men operating in the gang, and one of them at least is armed, as he began firing a revolver when pursued Tuesday night.

Arrests Reported. Officers were on the trail of the marauders last night when they left the Fair Vale, after a second visit during the day, and started in the direction of Norton. It was reported late last night, but the report could not be confirmed, that the officers had arrested at Quispamsis three young men who answered to the description given of the men seen about the cottages plundered, and two of them are said to resemble two of the men who were engaged in the Westfield break a few weeks ago, and were given their freedom by the court.

Quarantine May Be Lifted Next Week

Small Colony on Partridge Island Well Supplied With Games and Literature.

Yesterday was an uneventful one on Partridge Island for the small colony of one hundred and fifty souls who comprise the one hundred and ten passengers of the Scandinavian mail and the stewards and stewardesses of the same boat in quarantine for smallpox. The one case of the disease being treated, a young man, native of Southern Russia, is practically recovered. There have been but two cases since the quarantine was established, the other patient died and was buried on the island Tuesday. His name was Hicks and he was a middle-aged farmer who was returning to the west with his wife and children, after a visit to friends in Europe.

Dr. Brown, the quarantine officer, stated last night that if no further cases developed the quarantine would be lifted the 16th or 18th of April, probably on the latter date, in view of the fact that the former fell on a Saturday.

The Recreation. Yesterday's raw weather forced the majority of those in quarantine to pass the day indoors, where they developed their time to reading and playing games. Through the kindness of the Y. M. C. A., who collected all the back numbers of illustrated magazines, which the news agencies of the town generously contributed, the passengers were well supplied with literature. The Jewish members of the little community had their wants attended to by the local Hebrew Association who supplied a quantity of Hebrew literature. In addition to the recreation afforded by reading, there were checkers and dominoes and cards to be played, and music, too, in the shape of a gramophone and a piano to while away the hours. But all the little colony were anxiously looking forward to more fine weather so that football and outdoor sports may be resorted to again.

The raw weather resulted in a few cases of sore throat and tonsillitis, but none of a serious class.

ENJOYABLE DANCE PARTY AT G. W. V. A.

Over Hundred Dancers Present for the Programme of Sixteen Numbers.

A very successful dance was conducted at the G. W. V. A. hall last evening under the joint auspices of the Entertainment Committee and House Committee of the Association. President W. J. Brown, V. P. Dr. Corbett, W. A. Cooper and the Secretary of the Association had the affair in charge. The dance was under the patronage of His Worship Mayor Schofield, Mrs. Schofield and Mrs. Corbett were chaperones.

There were over a hundred dancers present who thoroughly enjoyed the programme of sixteen dances for which delightful music was provided by Mrs. Kinsman's orchestra of four pieces. The proceeds of the dance will be added to the fund being raised for repairs to the building.

AT POLICE HEADQUARTERS. Post one arrest was made by the police yesterday, Pascale Gallant was arrested at 2:15 yesterday afternoon for furiously riding a horse on Douglas Avenue. The station was not, despite the rather raw weather, patronized by any protectionists. This may be taken to indicate in some measure that labor conditions are picking up generally throughout the city and the number of unemployed are being reduced to a minimum.

Extra Police Sent To Nail Works Plant

Second Demonstration Occurred Last Night When Thousands Gathered.

The demonstration in front of the Maritime Nail Company's plant last night at six o'clock, the knocking off time, when the men quit their labors for the day and go to their homes. A crowd as large as that which gathered Tuesday afternoon was present. Among those gathered were men and women who have quit their employment with various industrial concerns of the City because of some dissatisfaction, they tried to see if "anything was going to happen." There were many kids in the crowd and they were kept busy with shouts and jeers as the workmen came out. Mr. Marvyn, President of the Company was subjected to remarks of an insulting nature when he left the plant to go to his home.

Extra Police on Duty. The Commissioner of Public Safety had twenty uniformed policemen at the scene prepared to act if occasion required that drastic measures be adopted. Aside from the annoying "fibes" of the crowd, intended to disturb the peace of mind of the employees going to their work, nothing happened that could be construed as inciting to a riot.

Criminal Code Section. The Commissioner of Public Safety calls attention to sections from the Criminal Code which have to do with their application, to such demonstrations as have been going on.

UNLAWFUL ASSEMBLIES AND RIOTS. 87. Unlawful Assembly. — An unlawful assembly is an assembly of three or more persons who, with intent to carry out any common purpose, assemble in such a manner or so conduct themselves when assembled as to cause persons in the neighborhood of such assembly to fear, on reasonable grounds, that the persons so assembled will disturb the peace tumultuously, or will by such assembly needlessly and without reasonable occasion provoke other persons to disturb the peace tumultuously.

89. Punishment of Unlawful Assembly.—Every member of an unlawful assembly is guilty of an indictable offence and liable to a year's imprisonment. 55-56 V. c. 23, s. 81.

It was stated last night by one in authority that a list of names of those who applied for office in the demonstration would be filed with the Magistrate and proceedings started against them under provisions of the Code above given.

Central Baptist Quarterly Meeting

Encouraging Reports from Officers and Committees Received.

The quarterly business meeting of Central Baptist Church was held last evening and well attended, the Pastor, Rev. F. H. Bone presiding.

Encouraging reports were received from different officers and committees showing excellent progress in all departments. The parsonage committee reported the amount received in collections and subscriptions approximately \$5,000 in cash for the past quarter.

The treasurer showed the quarterly receipts at \$5,063.49. Expenses \$2,283.15, leaving a balance on hand of \$2,780.34.

The Sunday school report showed the membership to be 501, making an increase of 47 new members. The average attendance was 295. Receipts for school, \$378.67, expenses \$280.11, leaving a balance on hand of \$97.56.

CITY PRESENTED WINTRY APPEARANCE

Light Fall of Snow for About Four Hours and Temperature 28 Degrees.

A moderate wind blowing from the eastward tended to make yesterday's temperature of a rawness most unpleasant to those who are dreaming of green fields and summer sophistry. The maximum temperature yesterday was thirty-four degrees, and the minimum twenty-eight. A light fall of snow which began at 4:30 in the afternoon and continued to fall lightly up till nine o'clock, soon covered the ground, and gave a wintry appearance to the landscape.

H. M. HOPPER STARTS NEW BUSINESS

An electrical supply retail and jobbing establishment is being located on Duck street by H. M. Hopper, who for many years has acted as general manager of the New Brunswick Power Co. Mr. Hopper has acquired the quarters formerly occupied by the Nelson Clothing Co., who have moved to Montreal, and carpenters and painters are busily engaged in remodeling the premises to meet the needs of the new firm. Mr. Hopper's many friends will wish him all success in the enterprise in which he has embarked.

B. S. TUNISIAN.

It is announced that the S. S. Tunisian of the C. P. O. S. is to come here from Glasgow after having been off the service for several months.

Free For All Fight Follows Dance

Red Liquor and Dancing Didn't Mix at Cooper's Corner Social Function.

A dancing party at Cooper's Corner near Marsh Bridge developed into a knock-down and carry-out affair with music by the band, early Wednesday morning. With plenty of red liquor flowing and everybody lit up, bad blood began to show itself at about midnight. The dancing and the art of self defence gave a demonstration of their ability to give and take. Badly Battered.

Some of the performers were badly "messed up," and their faces were adorned with bruises and cuts that didn't add to the attractiveness of their make-ups. A hurry-up call was sent to the police and they hurried to the scene in the patrol. When they arrived the dancing had broken up and the fighters disappeared. Complaints have been lodged against those who participated in the free for all and arrests are expected to be made today.

Non-Commissioned Officers' Banquet

N. C. O.'s of 62nd St. John Fusiliers Enjoyed Annual Spread at Bond's Last Night

The non-commissioned officers of the 62nd St. John Fusiliers held their annual banquet at Bond's, the entertainment being proceeded by a theatre party. Lieut.-Col. Alex McMillan, D.S.O. and O. C. of the Fusiliers; Major J. A. Leonard, in command, and adjutant, Captain Ashford, were the guests of the evening.

Retire to Dug-Out. After the "show" was out, the company retired to their dug-out at Bond's, where a graceful ration party brought up the ration and served them to the troops. An attractive menu card was in position at the place of each member. It bore the coat of arms of the regiment, and on one page was the picture of the king and queen, while on the other "Old Bill and Alf" headed the top of the page in Balmstater's sketch of the serving of rations in the front line trenches.

The Rations. Then came the rations:—"Paroo of tomato (from Tom-Ato to Tommy Atkins)" "Vimy" stuffed olives, celery in "Bally Leonard" "Blighty" lobster patties, "Ypres" cream sauce (McMillan's special) roast chicken, dressing and brown gravy (officers only), mashed "Witchy" potatoes, "Radio-Stock" peas, raspberry jelly, whipped cream (the kind that Kearns likes), pineapple shortcake (Ashford's special), layer of ice cream (Leonard's own), Canadian cheese (not any)—blancets (not hard-tack)—confectionery, "Serg. Major's" coffee.

The Toast List. Sergt.-Major Logan, D.C.M., was chairman and toastmaster. Following the onslaught on the delectable assortment of viands, the following programme of toasts was carried out:—"The King" was proposed by C. S. M. Barret and duly honored. Captain Ashford proposed "The 62nd Fusiliers" and Colonel McMillan responded. "The Ladies" was proposed by Major Leonard, and responded to by Head Waitress Black. "Our Dead Comrades" was proposed by Sergt. Hennessey and responded to by Sergt. Leonard. "The 62nd Fusiliers" was proposed by C. Q. M. Quinn, Corporal Murray and Scott.

A vote of thanks to the entertainers was extended on behalf of the "The King" by Sergt. Watson and responded to by C. Q. M. Quinn. The very pleasant evening was brought to a close by the singing of the national anthem.

Halifax Hikers Together Again

Charles Burkman and the Behans Reached Port Arthur Yesterday.

Charles Burkman, John Behan and Clifford Behan, who left Halifax in January to walk across the continent, reached Port Arthur, Ont., yesterday. A few miles west of that city they will be half way on their journey to Vancouver, which they expect to reach about July 1st. When they go to the double tracks west, they will separate and race the remainder of the distance.

Emerson & Fisher, Limited 25 GERMAIN STREET

ESTABLISHED THE YEAR BEFORE CONFEDERATION. House of Manchester, Robertson, Allison, Limited, Founded in 1866, Though Attaining the Dignity of Over Half a Century of Growth and Strength, Has Lost None of the Enthusiasm and Vigor of Youth.

Over half a century of activity in the business life of St. John; a rise from a small beginning to a position of commanding influence, and a business which today ranks as one of the leaders among the bigger Canadian houses, wholesale and retail. Such is the record of the firm of Manchester, Robertson Allison, Limited, which now is celebrating its Fifty-fifth Anniversary. Fifty-five years ago in 1866, one year before Confederation, a modest store with a thirteen foot frontage was opened in Prince William Street. An equally modest sign in the front window informed the passing citizen that three young men, who were already known as men of experience in the dry goods business, had embarked on a venture of their own and were prepared to provide their customers with merchandise of the highest quality. This was the inception of a business which, during the last fifty-five years, has grown to such proportions that the firm's name is a household word throughout Eastern Canada, for the three young men who on that day opened their first store were James Manchester, James F. Robertson and Joseph Allison. So well did the firm prosper that in a short time it was decided necessary to move into more commodious quarters, and larger premises were secured in Market Square. A business in which expansion seemed to be the order of the day soon demanded even more space and a more commanding location, and so it was that a third move was made and the firm entered the principal retail business district on King street, and took over what is still the main building of their establishment. FIRE OF 1877 STOPPED NEAR BY. The great fire of 1877, which wiped out nearly the entire city, was stopped but a few yards to the south of the M. R. A. Limited establishment, and their business was one of the few which was able to keep going, thus preserving their record of uninterrupted progress. The demands of a continually growing business soon made more room necessary. A large building in Germain Street, connecting in the rear, was taken over and remodelled for the Carpet and Rug department and, later, the adjoining building was added for the use of one of the whole sale departments. Furniture was added to their stock, and for this a large building in the Market Square was purchased. Warehouses accommodations became a necessity, and a building on Prince William Street was taken over. The Retail Departments also kept calling for more room and the large building two doors above the main entrance, so well-known in earlier days as housing the T. B. Barker drug business was secured and incorporated in the establishment. Very soon after the building on King Street which for many years had been occupied by C. Flood & Sons was purchased and remodelled to suit their purposes, being connected in the rear with the other buildings. Another addition was made by the construction of a very large building, fronting on Chipman Hill, which contains offices and most of the shipping and packing departments, greatly facilitating the handling of goods and giving practically an unbroken connection from Germain Street to Prince William Street. CUSTOMERS' SEMI-ANNUAL VISITS. The record of the firm has been one of continual progress. The house has grown with the city. In the old days of sailing vessels, and when railway communication was still undeveloped, goods were slow in arriving and country customers would pay a visit to the store but twice a year. The facilities gained by the extension of railways and, later, the founding of the winter port, with the consequent development of water transportation in all directions, have benefited none more than Manchester Robertson Allison Limited, in the extension of their trade. It is well known that imported goods can be delivered at St. John at less cost than at any other port on the Atlantic, and this has proved an advantage. INVESTED IN LOCAL INDUSTRIES. Other causes than these, however, have contributed to give the big mercantile house the prominent and almost unique position it occupies today in the Maritime Provinces. The man who founded it, by his sterling character, industry and sound business methods, won the confidence of the public and this has proved one of their greatest assets. This attitude has been mutual, and as the firm prospered they invested heavily in local industries, in this way helping to build up the province which has made their business. The house has always been to the front in all good works for the uplift and benefit of the community. Today the name of M. R. A. Limited, is a household word throughout the Lower Provinces and the business stands as one of the city's finest monuments to the value of clean business methods and the soundness of the principle of the square deal. About thirty years ago, when the business was incorporated, the senior partner, James Manchester, retired from the firm, and at that time a few of the older employees were given an interest in the business. To have arrived in 1916 at the Golden Anniversary of the founding of the business with the three original members of the firm still alive, and two of them still actively engaged in the management of its affairs, was a record most unusual and probably without parallel in the history of the mercantile life of the Dominion. Only within the past few weeks the passing away of one of the founders, Mr. James F. Robertson, brought about the first break in the almost lifelong association of the three men who, as young clerks fifty-five years ago, starting in such a modest way, and eventually won their way to a place of such eminence in the business life of Canada.
