It is found a great promoter of health, when taken in the spring, to expel the humors that rankle in the system at this season of the year. Many complaints have their origin in the spring, and in the causes above mentioned, for which no better remedy has ever been devised. Ly its use multitudes can spare themselves from the endurance of foul eruptions and ulterous sores; through which the system strives to rid itself by corruptions, if not assisted to do this through the natural channels of rhe body by an alterative medicine. Cleanse out the viitated blood whenever you find its impurities bursing through the skin in pimple, eruptions, or wores; cleanse it when you find it is obstructed and sluggish in the yeins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, pe-ple en joy better health, and live longer, for cleansing the blood. Keep the blood healthy, and alt is well; but with this pabulum of life disordered, there can be no lasting health. Prepared by Dr. J. C. AYER & CU.,
